

UNDER FHA PROGRAM SPONSORED BY FIRST CHRISTIAN CHURCH

Plans Revealed for Huge Housing Project

A plan to build some 50 homes in Slaton under the Federal Housing Administration's 235 program--an interest subsidy plan--was announced this week by First Christian Church of Slaton, sponsoring agent.

The Rev. Johnnie Moore said FHA had given approval to the program here and that "an option on 23 lots has been obtained."

Moore explained the 235 program is primarily for "middle to lower-middle income" groups. He said the MI Casita office of Slaton is open at present on Tuesday and Thursday afternoons from 1:30 to 6:30 p.m. to take applications. It is located in the Community Center building of Slaton.

Without doubt, if the program leads to the construction of 50 new homes, it would be the largest single project of this type ever initiated in Slaton. Under the program, the applicant pays for the principal, insurance, and taxes and pays an interest rate based on the adjusted income of the husband and wife. The government subsidizes the difference in the interest rate.

As an example, Moore gave this theoretical case, if a house cost \$12,500 and the full monthly payment totalled \$127.50, the applicant might have a payment ranging from that amount down to some \$68 -- depending on family adjusted income. This would be in an income range of approximately \$5,400 to \$4,900.

Anyone who qualifies for the 235 program must agree to participate in two counseling programs. The first is an 18-hour formalized class which teaches house and yard care, how to bank, buy insurance, manage family money, foodbuying and other family planning factors.

In the second part of the counseling, a member of the sponsoring agent takes one or more families and assists them in the purchase, planning and loan signing. This "guide" is assigned to the family until they have been home residents for six months. In order to qualify, the family must also maintain the house as a one-family dwelling.

Under the 235 program, a real estate agent is not involved in the home purchase, rather the sponsoring local agency counsels and assists the family in the program. The sponsoring agency must be a non-profit organization, also.

FATAL CRASH SCENE--This photo was taken minutes after a car crashed near Union Cross in Slaton early Saturday morning, killing a teenage Lubbock girl and injuring five other youth. The accident occurred about 12:45 a.m. Saturday and, at last report, two of the youth were still in critical condition. Police said the car was apparently travelling at a high rate of speed and failed to make the curve at the end of N. 9th street. (SLATONITE PHOTO)

City Crash Kills Lubbock Teenager

A grinding one-car collision on the north end of 9th street, in front of Union Cross, resulted in the death of a 15-year-old Lubbock girl and injuries to five other teenagers here early Saturday morning. Investigating officers said there were eight teenagers in the vehicle, which was reported travelling at a high rate of speed. All the Negro youth listed Lubbock addresses.

Lorraine Degreat, 14, was pronounced dead at the scene of the accident by Mrs. Frank Lawrence, Justice of the Peace. Police said the 1963 vehicle was coming into Slaton on Industrial Drive and apparently failed to make the curve onto N. 9th Street. The car went off the roadway on the east side, struck a telephone pole, travelled about 30 more feet and bounced off a big tree, then spun around and hit another tree broadside about 100 feet further south. The utility pole was completely broken in half and a portion knocked down the road near the place where the car came to rest.

Public Hearing On City Budget Is Set Monday

A public budget hearing has been scheduled for 7 p.m. Monday by Slaton City Commission, with interested citizens invited to appear for comments or questions. The commission will also hold a regular monthly meeting following the budget hearing. George Quintero, newly-elected commission from Ward 4, is expected to be present after receiving the oath of office from Mayor David Hughes early Friday morning. The proposed budget, which commissioners have been studying and have given tentative approval, apparently will call for expenditures of about \$480,888.

Although no formal budget was approved last year, the new budget appears to be about \$34,000 under the 1969-70 total. Last year's budget was slightly over the \$500,000 mark, while the approved budget in 1968-69 totalled \$499,000. The proposed budget calls for the same tax rate--\$1.75 per \$100 valuation, with the city's taxable value set at \$10.5 million. Estimated funds available from all taxes is \$171,975.

Anticipated revenues for the year include \$171,375 from all taxes, \$181,525 from the water and sewer department, and \$145,542 from the general fund. The general fund receipts include \$50,000 from the one percent city sales tax, \$33,000 from sanitation fees, \$28,000 from corporation court fines, and \$18,000 from franchise taxes. No general salary increases are called for in the budget.

Cotton Harvest Near Completion

The cotton harvest in the Slaton area was in the final stages this week as favorable weather continued to cooperate with the rapid harvest. No bale count was made by The Slatonite this week, but the total last week had reached 69,625 at a dozen local areas, and the harvest was estimated to be about 90 to 95 percent completed. A record high of 82 degrees was registered here Tuesday by Pioneer Natural Gas Co. The mercury was expected to be in the high 70's again Wednesday. Low the past week came early Sunday morning with a reading of 26 degrees. Low Tuesday morning was only 38 degrees.

The South Plains cotton harvest neared completion as farmers had approximately 95 percent of the crop out of the fields, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Samples from 1,239,000 bales of cotton had been received by the Lubbock, Brownfield, Lamesa and Levelland offices through Friday, December 4th. Samples from 258,000 bales were classed at the four area classing offices during the week ending Friday, December 4th. This brought the total classed this season to 1,115,000, compared to 652,000 at this time last year. Strict Low Middling was the predominant grade at Lubbock last week with 28 per cent of all cotton classed. Middling Light Spotted made up 19 per cent.

School Plans 'Shuttle' Bus System Soon

Slaton School Board, in regular session Tuesday night, heard a report on the physical education program from athletic director Ernie Davis, approved employment of a new teacher, heard the superintendent's report and discussed other routine matters. Trustees also briefly discussed implementation of a shuttle bus operation between Evans, Austin and West Ward schools. It is expected to be started in the near future. The board approved the shuttle bus at a recent special meeting. Only those students in grades 1 through 5 who live more than 3/4 of a mile from the school of their attendance will be eligible to ride the bus. The policy was approved after a group of citizens in southeast Slaton had appeared at a board meeting to request transportation for students in that area. Coach Davis presented a brief report on a guideline for physical education programs in the schools for grades 1 through 10. He said Slaton rated well on its PE program with schools of comparable size. Supt. J. C. McClesky was authorized to employ a new choral director for high school and junior high. He will replace Mrs. JoAnn Joiner, who will be moving the next semester. The board also approved a textbook committee, composed of teachers recommended by the superintendent. Monthly bills and accounts were approved for the month. An attendance report showed a total of 1,905 students enrolled in the Slaton schools. All members of the board were present for the meeting.

Area Couple Recently Wed

Miss Brenda Kay Brasfield and Larry Dean Lockridge were married Nov. 20 at the home of Mr. and Mrs. Donald Foard in Lubbock. Rev. G. W. Burton officiated for the double ring ceremony.

Parents of the couple are Mr. and Mrs. O. W. Brasfield of Slaton and Mr. and Mrs. C. W. Lockridge of Post.

The bride, given in marriage by her father, wore a full length gown featuring an empire waistline, lace covered bodice and long lace sleeves. An overlay of lace covered the A-line skirt. She carried a white rose corsage on a white Bible with satin streamers.

Mrs. Donald R. Foard served as matron of honor. She wore a long floral brocade gown with a natural waistline, and carried a bouquet of yellow carnations.

Gary Lester served as best man.

A reception followed in the home.

Mrs. Lockridge is a 1970 graduate of Slaton High School. Her husband is a graduate of Southland High School, and is employed by Supreme Feed Mills in Slaton.

It's a woman's WHIRL

BY LAVON NIEMAN

A husband is a curious person who buys his football tickets in June and his wife's Christmas present on Dec. 24.

More and more homes in Slaton are getting "dressed up" for the holiday season. The tin pans have begun to rattle on West Crosby Street and looks like the street will be another big attraction this year.

The Slaton Chamber of Commerce is sponsoring a lighting contest again this year with winners to be named in each of the four wards in the city. If you would like to compete for \$10 for first place and \$5 for second place prize money in your ward, then you must leave your lights on until at least 10 p.m. next Monday night, Dec. 14.

All yards will be considered by the four committees. Jonas Cain, chairman of the beautification committee of the C of C, is chairman of the contest.

Lions Club Ladies Night this week was most enjoyable. We had the opportunity of viewing Dr. and Mrs. J. Davis Armistead's slides on their recent trip to Russia.

After hearing them tell that most families live in a one room apartment sharing a bathroom and kitchen with four other families, I reaffirmed my feelings about the good 'ole U.S.A. We gripe about high taxes, welfare, politics, and many other things. . . but I don't know of one of us so fed up we're ready to leave.

Virgie Hunter has plans for a "Red Dress Tea" again this year, but she's in the same "too-much-to-do-and-not-enough-time-to-do-it" condition that some more of us are in. Anyway, the tea is to be Sunday, Dec. 20, from 2 to 6 p.m. in her home and all you ladies with red dresses who have attended during the past years are all invited again. Virgie will be looking for you!

The most joyous season of the entire year is approaching. Christmas gives us the opportunity to express the love and concern we feel for others by giving and by caring. One way of helping those less fortunate than us is by contributing to "Operation Yuletide", which has been launched by the Slaton Lions Club. Contributions of cash, toys or other items may be taken to the Chamber of Commerce office, The Slatonite or KCAS Radio.

No one is immune to the feeling of pride that results from knowing a child was not forgotten at Christmas. Christmas is the time for following the highest example ever set for mankind, giving because you can, caring because you are there, and loving because you are you. I hope you won't let this opportunity slip by. . . because the blessing will most surely be YOURS.

LETTERS to EDITOR

Dear Speedy,
I have worked for several law enforcement agencies in the state of Texas, and I know many men in local, county and state departments. I can say—without fear of contradiction—that Slaton is fortunate to have two of the most qualified law officers in the state.

Chief Walter B. Head and assistant chief Glen Farmer, truly, exemplify the police profession. By no means are they perfect, we all have our faults. These men are dedicated to law enforcement, and are totally professional.

Today's law enforcement officials, of necessity, must be highly skilled. He has to know the law thoroughly; he has to have a working knowledge of emergency first aid; he has to be a psychologist, a diplomat and, at times, even a little bit of a preacher.

There is a dire need for good qualified men, but as long as they are subject to low salaries, poor and out-dated equipment, and constant abuse from the very people for which they work, few will enter this rewarding field.

Of the numerous departments I have come in contact with, the Slaton Police Department is one of the best organized and most efficient. If one could only see what other cities have to "live with", he would be thankful for the police department that Slaton has.

It's a sad commentary on Slaton to have a turnover of 12 patrolmen in 11 months. Without a doubt, some were not qualified. But, of those who were qualified, most apparently left due to low salaries. There are many good people in Slaton, and I wish I could have been able to stay and work in the community.

There are three professions which I believe are most abused and underpaid, and all three of the greatest importance to mankind. First, our ministers; second, educators, and third, policemen.

Personally, I am proud to be a police officer. I hope that some day the general public will see the "Cop" as a true professional.

Sincerely,
Gene Noble
Huntsville, Tex.

Dear Mrs. Nieman:
Just a note to tell you that I enjoyed your Thanksgiving article in "It's A Woman's Whirl," very much. It was a timely article.
Sincerely,
Delwin L. Jones

Dear Mr. Editor:
In our city, we find our city officials continuously advocate how they are spending public money in improving the conditions in our city; but I have yet to find a member of this group losing any sleep about the inadequacy of our Police Department or the pay of its members. We must remember, when danger threatens any of our families or our property, our first thought is to call our Police.

We have no quarrel with the improvements the officials advocate, for we are sure they are all good, but we do feel that our funds should not be used for those purposes to the exclusion of more necessary ones.

It seems that after some of these other improvements are made, the governing body finds itself faced with a situation where some budgets must be reduced or taxes, be raised, which is an unwise move politically.

When the search begins for places to cut; we need not tell you that the first to feel the axe is the Police Department, and this should not be unexpected for the policeman to save himself from being charged with disloyalty and biting the hand that feeds him, must support the administration regardless.

In the meantime the criminal goes smiling on his way, resting secure in the knowledge that his chance of being arrested and punished has been greatly reduced by such action.

It is our opinion that, regardless of whether any demand is made for it or not, the City Commission who allows the public money to be used for other purposes, however worthy, is being derelict in its primary duty to the city, unless they at the same time make provisions for a "full-manned" and "adequately paid" police department.

editorially speaking A People System

By this time, we should have learned that where the affairs of people are concerned inflexible plans and systems have a way of going astray. Yet, planners persist in treating people like so much inert putty. The field of medicine presents a classic case of attempting to mechanize one of the most sensitive areas in human existence—health care.

No two individuals are alike, nor are their health needs. It is preposterous to think that these needs can ever be met by a master plan directed by a single, centralized authority. Probably, this is one of the reasons why doctors, as a whole, instinctively oppose the ironhanded, bureaucratic conformity that must necessarily accompany the kind of federal national health care advocated by self-styled liberals who see people, not as individuals, but as masses of voters.

Representatives of the American Medical Association have stressed the need for plurality in the medical care field. They have described various plans now

in operation, which include private practice and other prepaid health plans; government and private joint government and private agency ties, and numerous other meeting medical needs. They emphasize... the AMA would like to go forward as being clearly and unequivocally in favor of pluralistic approach the pluralistic health care problem our society." They point out that should be flexible in outlook and... that those who know most about the subject—medical... should be primary consultants.

Up until now, much has been said by critics of the doctors to the effect that there is no medical "system" in the United States. True, there is no system such as the socialist system of national health care, under which sent and progress are stifled. In we have a plurality of methods... ing within the philosophy of voluntarism. Doctors call it the American medical system. It is suited to the needs of individuals rather than to the requirements of single - package plans.

THE FAMILY LAWYER

Tree in Dispute

Watson had a special affection for the old shade tree growing on the boundary line of his property. But Jenks, the man next door, considered it an eyesore. One day Jenks announced he was going to cut away half of the tree, trunk and all.

Watson hastened into court for a stop order. But at the hearing, Jenks stood firm.

"I own everything up to the boundary line," he said, "includ-

ing half of the tree. If his half cannot survive on its own, that is his problem—not mine."

Nevertheless, the court ordered

Jenks to leave the tree alone. The judge said the tree was owned not in two separate halves but jointly, with neither owner entitled to de-

stroy the property of another.

This is the law, and it points toward natural justice. What pens to be located on a boundary line. Based on common sense and equity, the rule generally applies only to trees but to some other trees. Still, the rule may be circumstances. Take this case:

A boundary line hedge between two homes began to become chippy heavy. One of the owners, who had rented an electric saw, had known the hedge down for some time, but he promptly filed suit for \$5,000, 194 ages, accusing the neighbor of property without permission or favor.

But the court, unable to do any damage, turned to the neighbor's claim. The court ruled out that the hedge, if down, was actually in both people's interest than it had been by her.

Occasionally even a "wash out" structure by one of the owners may be justified. In another case, the roots of an old poplar tree had split the foundation of one of the adjacent houses. The owner of the branches had grown damaged by brittle. Lopping of the roots, FT, branches, according to a court report, could well result in a Council tree to topple, even if it was a normal home.

This time, a court rule the tree could be destroyed. The court said the tree was a nuisance because of a nuisance has the right to abate it—and this tree is about fairly be classified as a nuisance.

People who cook with pride cook with GAS. Mrs. S. M. Smith

Some of the world's best cooks are found in the kitchens of America and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Smith and nine out of 10 professional cooks agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Smith's favorite recipes:

RICE WITH QUAIL OR DOVE CASSE
Mrs. S. M. Smith, 1300 Runnels, Big Spring, Texas

- 5 cups cooked rice (as directed on package)
- 4 sticks celery diced
- 4 diced pimientos
- 2 cans mushroom soup (undiluted)
- 1 small onion—grated
- 1 cup grated cheese
- 1 green pepper cut very fine
- 4 or 5 cups cooked quail or chicken (cut in cubes)

Place 6 or 7 birds in a baking pan. Cover with water, add 2 sticks salt, pepper, 1 bay leaf, a sprinkle of rosemary. Place in oven at 350 degrees for about an hour and a half or until tender. Cook in buttered casserole—rice, quail, pepper, onion, and pimientos. Top with undiluted mushroom soup over mixture. Top with grated cheese in uncovered dish for about 45 minutes at 300 degrees. Serve (chicken or turkey may be used).

Two New Scout Units Organized In Community

A gain of 1,551 members of the Boy Scouts of America in the past three months has been announced by Col. Haynes M. Baumgardner, Lubbock, Scout Commissioner of the 20 county area South Plains Council. In addition, 24 new Scouting units have been organized.

The record growth came as a result of the recruiting effort throughout the area in September, October, and November. A final effort will be made in

December to push the number over the 2,200 mark, thus bringing to 8,800 the total number of Cub Scouts, Boy Scouts, and Explorers registered in the South Plains Council on Dec. 31.

Dubbed the "Touchdown Roundup", the recruiting effort is designed to bring eligible boys into all levels of the Scouting program. Cub Scouting is for 8, 9, and 10 year old boys; Boy Scouting serves

the 11-15 year age group; and Exploring is designed for high school age boys and girls in special interest areas.

As a part of the effort, 24 new Scouting units have been organized in the South Plains Council. These include two units in Slaton—Cub Scout Pack 123, sponsored by First Christian Church, and Boy Scout Troop 108, sponsored by Slaton Lions Club.

Thought For Food

Low calorie lunches are always in good taste but don't always taste good. For a calorie scant salad that does, toss weiner circles with lettuce greens, grated carrot and chopped celery. Simplest way to crush potato chips is to put them in a sturdy plastic bag, squeeze out all the air inside and close open end with a wire twist. Roll, and roll with a rolling pin until crumbs are as fine as you want.

This is the season for pumpkin pie spice—a judicious mingling

of cinnamon, nutmeg, cloves and ginger. Some grinders add orange rind. To replace the usual individual spices in a pumpkin pie, total the number of spoonfuls and use that amount of pumpkin pie spice. One and a half to two table-spoonfuls of this blend makes a richly spiced filling for a nine-inch pumpkin pie.

Sandwiches offer variety to between-meal snacks. A package of cream cheese mixed with one cup of spicy apple butter makes a tasty spread for brown bread or fruit bread open-faced sandwiches.

To keep potato chips fresh and crisp, they should be stored in

an air-tight can until ready to eat. This keeps the humidity out and the crispness in.

For a spicy float, combine 3 cups chilled cranberry juice cocktail or apple cider with 1 teaspoon cinnamon, ¼ teaspoon nutmeg and 1 pint vanilla ice cream; blend until smooth. Pour into 6 tall chilled glasses. Top with scoop of vanilla ice cream. Place a cinnamon stick in each if desired.

Stir 1 can condensed Cheddar cheese soup until smooth. Gradually blend in ¼ cup milk. Add 1 hard-cooked egg, chopped, and ¼ teaspoon prepared mustard. Heat,

stir often. Serve over French toast.

For an apple delight, combine ¼ cup unsweetened applesauce, 1 tablespoon raisins, 1/8 teaspoon grated melon rind, and dash cinnamon. Heat; stir often. Serve warm; sprinkle with 1 teaspoon chopped walnuts.

Bond Sales Reported

Savings Bond sales for the month of October totaled \$1,227,327 which is 100 percent of the county's goal. Chairman Holder stated, "The County Bond Committee and I would like to remind everyone that Savings Bonds make wonderful Christmas gifts. In case there is someone special on your Christmas list, let us suggest that you go to your bank and buy 'the gift that keeps on giving' -- United States Savings Bonds. Special gift envelopes are available, without cost, at your bank."

GIVE THOUGHTFULNESS FOR CHRISTMAS

Give thoughtfulness for Christmas this year. Treat your V.I.P.s to unusual, appropriate, colorful, inexpensive gifts! The V.I.P.s? A very important person is your neighbor who turned baby sitter in an emergency, the butcher who added dog bones to your meat order without charge, the child next door who ran errands with a smile. You don't have to think hard to recall the mail man who

paid the postage due on your letter when you weren't home, the man across the street who cut the grass when your husband was ill, the paper boy who makes sure every morning that your newspaper is dry. And the gifts? What's brand new, useful for everyone and doesn't break the holiday budget? El Marko, the new permanent ink marker by Flair, fits the description perfectly. In eight vivid

colors -- black, blue, red, green, yellow, brown, purple and orange -- the broad-tip marker is waterproof and smearproof. It marks on any surface, squeak-free and without unpleasant odors. And it won't wear down or get fuzzy after long use. Each V.I.P. on your list will find different uses for this marker. The neighbor will write her shopping list, mark packages for her freezer and label gift parcels with hers. The man receiving the marker can mark their workshop tools for easy identification. They'll mark

luggage so it's easy to spot at the airport. They'll label hat bands so there's no mistaken "hat identity" at a restaurant. And the kids? They'll use theirs to paint posters and signs, label their sports equipment and musical instruments and make colorful covers for their books. Your gifts are thoughtful remembrances of the season, hardly expensive! El Marko is available in two sizes: 59 cents and 79 cents. The color of the marker identifies the ink color. And the unique "Click and Seal" cap

prevents dryout. The cap stores nicely in the base of the marker when it's in use. Select an assortment of colors and present gifts to your V.I.P.s. And save a few for yourself... you'll find they've a hundred uses at holiday time. They'll label gifts marked for mailing. They'll make wild, mod gift wraps. They'll even make Christmas tree ornaments and party decorations. "It's the thought that counts" was never more true. Christmas is the time to remember those

who thought of you all year long. Remember them with El Marko the little ink marker with the big Christmas greeting.

The only sure way to test a mattress, says a leading manufacturer, is to kick off your shoes, lie back and stretch out. Your back will tell you more than your hands.

"Therefore, since we are justified by faith, we have peace with God through our Lord, Jesus Christ." —Romans 5:1

This is the time of year when we hear more than usual about the word "peace". As we near observance of the greatest of all holidays, mankind becomes concerned not only with peace for the world, but as well with the thought of peace within the individual heart.

The thinking individual becomes concerned about his relationship with God, and with his friends and neighbors. He seeks, through the practice of faith, to find the greatest possible peace of heart and mind. His footsteps turn more often to the church of his choice.

Slaton Places Five On District Grid Team

Four and Tahoka one. Idalou and Post were not represented on the two units, but had some honorable mention selections.

Steve Viney of Roosevelt made the team on both offense and defense, as did Jake Rogans and Sylvester Gaston of Frenship, and Norman Roye of Ralls.

Others from Roosevelt were quarterback Don Jackson, end Walter Mann and defensive back Ricky Daniels. Viney made it at offensive end and as a defensive back.

The offensive backfield had five running backs due to a tie. Teamed with quarterback Jackson were Fondy, Robert Montemayor of Tahoka, Jimmy Youngblood of Denver City, and

Roye of Ralls.

There were 13 players on the offensive unit, with Denver City claiming four spots and Frenship three. There were 16 on the defensive team with Slaton leading the way with four.

Slaton had three gridders on the honorable mention list. They were offensive center Charlie Geer, defensive end Allen Walters, and defensive tackle Dick Davis.

James Dickey of Roosevelt made honorable mention on both offense and defense. Ross Hughes and Jimmy Matsler were listed on the honorable mention offensive list, and Robby Fletcher was on the defensive roster for the Eagles.

ALL-DISTRICT TIGERS---These five Slaton Tiger gridgers were selected by coaches on the 4-AA All-District football team last week. Left to right are Brad Winchester, Frank Self, Alan Fondy, Ted Dixon and Paul Payne. All are seniors except Winchester, a junior guard. Fondy was named to the offensive team, and the other four on the defensive unit.

Slaton Teams Lose, Tulia Tourney Next

Both the Slaton Tigers and Tigerettes tasted defeat Tuesday night in non-district basketball games at Colorado City and Canyon.

The Tigers lost a close 70-61 decision to the Colorado City Wolves, who had beaten the Tigers earlier this season in Slaton by 8 points. Lloyd Kitten led the Tiger attack as he pumped in 35 points for game scoring honors. Jerome Hopkins hit 24 to lead the Wolves.

The junior varsity Tigers also lost, 61-39. Jim Melton and Steve Nieman led Slaton with 12 and 9 points.

The Tigerettes were also involved in a close contest at Canyon, losing a 42-38 decision to the Eagles. Marilyn Meeks led the Slaton attack with 19 points. The girls had defeated Canyon in a game here previously, 53-43.

The Tigerette JV lost a 46-33 decision at Canyon with Gretta Stricklin leading Slaton with 16 points. Slaton's freshman girls won a close 42-40 decision for the only win on the trip. Jan Davis hit 18 points to spark the triumph.

The Tigers are now even for the season with four wins and four losses. The Tigerettes have a 8-2 record. Both teams are entered in the Tulia Tournament this weekend.

Post Football UIL Events Coach Quits Set For 4-AA

POST (Special) -- Billy Hahn, who also is serving as a junior high principal, resigned his position as head football coach and athletic director here because "the combined jobs are too much for one man to handle."

Dates for the spring interscholastic League competitions for District 4-AA were announced this week. Slaton will host the literary events competition on Thursday, April 1.

Denver City will play host to track and field events, tennis and volleyball tournaments, on Friday, April 2. First competition will be the one-act play competition at Frenship on Monday, March 29.

Junior high track competition is also scheduled this year.

Bufs End Cooper Dream In Playoffs

The Cooper Pirates' quest for an upset drive to the Class A state grid championship was erased by a tough Petersburg Buffalo team Friday night at Lubbock in a quarter-final contest.

Petersburg wiped out a 7-6 Cooper lead with two quick touchdowns in a matter of seconds in the second stanza, then used all the breaks and a tough defense to down the Pirates by a 41-7 count.

When the Bufs tallied two touchdowns in a matter of 34 seconds, many of the 5,000 fans decided it wasn't the Pirates' night. The vaunted Petersburg defense picked off three passes and recovered three Cooper fumbles to help turn the contest into a one-sided affair.

Cooper lost its top rusher--Nathan Griffin--just before the first period ended, then lost guard and linebacker Gary Schaffner in the third quarter on another injury. Griffin picked up a big 10 yards that carried to the Buff six-inch line when he was injured.

Quarterback Jack White plunged in for the score after that, and Kerry Crutcher's kick gave Cooper a 7-6 lead on the last play of the first quarter. Petersburg had marched 68 yards in the first period to take a 6-0 lead.

The Bufs registered a whopping 400 yards rushing in the game as Jay Thompson led the winners with 148 yards on 21 trips. John White added 93 yards on 15 carries; Larry Martin 75 yards on 14 tries, and Joe Robertson 63 on 16 trips.

Cooper wound up with just 110 yards rushing. Quarterback White -- who hit 112 of 200 passes during the season for 1,177 yards -- was held to only 4 of 16 against the Bufs for 72 yards.

When Petersburg tallied 20 points in the second period, the Pirates could never recover. The Bufs took the kickoff to start the second stanza and marched 65 yards in nine plays. Mike Perry hit Robertson with a 23-yard scoring pass on a fourth-down play, and the Bufs took a 12-7 lead with 8:02 left in the half.

The ensuing kickoff hit like a 9-iron shot, bounced back toward the Bufs and was bobbed

by a Cooper player. Petersburg recovered at the Cooper 20, and Martin got 10 on the first play. White then covered the last 10, and Martin ran for two points. It was suddenly 20-7 for the Bufs with only 34 seconds separating the two Buff scores.

Petersburg drove 77 yards in 11 plays the next time it got the ball, with a roughing-the-punter penalty keeping the Bufs on the attack. Thompson raced 33 yards for the touchdown that put the Bufs on top, 26-7, with 56 seconds left in the half.

The potent Petersburg attack ground out touchdowns in the third and fourth periods while the Bufs limited Cooper to only two first downs in the last three quarters of play.

Robertson climaxed a 42-yard drive in the third period with a 1-yard plunge. The Bufs also got a safety in the third quarter when the Cooper center snapped the ball over the punter's head and out of the end zone. White covered the final nine yards of a Buff drive in the fourth period to finish the scoring.

Petersburg has a 13-0 record and has scored 442 points to only 46 for the opposition this season. The Bufs meet

Cooper Gets 4 On South Plains Football Team

Cooper's Pirates had four gridders on the Class A All-South Plains football team as selected by The Avalanche Journal this week.

Cooper and Seagraves dominated the picks with the Pirates landing four offensive berths and the Eagles three defensive posts.

Pirates named to the team were guard Gary Schaffner, center Ken Ehler, end Gilbert Martinez and quarterback Jack White. All are seniors. Senior tackle Keith North of Cooper also drew honorable mention on offense.

Martinez was the only repeater from last year, and he made it at a different position. He was picked as a defensive safety last year and as a split end this time. The 160-pound senior caught 45 passes for 631 yards and six touchdowns this season.

White passes for more than 1,200 yards during the season while completing 116 of 216 passes. Schaffner, 190, was picked at offensive guard but also was a defensive standout, being credited with being in on 21 tackles per game.

Two Wilson Gridders On Region Team

The Wilson Mustangs landed two berths on the Class B All-South Plains football team as named by The Avalanche Journal this week.

Linebacker Woody Follis, 175-pound senior, and defensive tackle Richard Savell, 240-pound junior, were Wilson's selections on the defensive team. Follis was a repeater from last year.

Sundown coach Bill Dendy, who took his team to the region championship, was picked as Coach of the Year in Class B. Sundown beat Rule, 26-15, in a game at Slaton last week for the Region 1 title.

Sundown landed three spots on the South Plains team, with quarterback Robert Edwards also making it as a defensive back. Center Abel Davalos was the other Sundown selection. Mustang back Steve Bednarz drew honorable mention on both offense and defense, and tackle Wayland Peterson was named to the honorable mention offensive team.

Cotton Specialist Makes Suggestions For Winter Weed Control

Next year's cotton yields can be influenced by soil management and weed control practices during the upcoming winter months. Timely land preparation, says Fred C. Elliott, Extension cotton specialist, is the first step for a successful weed control program.

Uncontrolled winter weeds, he adds, are moisture and plant food robbers, both vital to top

production. In addition to regular land preparation, Elliott lists as major weed control methods those that can be carried out with machinery or through the use of chemicals.

The mechanical methods include bedding and rebedding, bed shaping, Roll N' Cultivator, row disk, hippin' ridger, do-all and in West Texas the bed knifing tool does an excellent job.

Elliott says cotton producers have a wide choice of materi-

als available for chemical weed control. Two are soil incorporated herbicides, Planavin, and Treflan. Many growers, he adds, look with considerable favor on these materials and they can be applied beginning in late November or in December in South Texas. A popular method of application is

with the roto-tiller or roto-vator. They may also be incorporated into the soil by broadcast disking with the tandem disks. These herbicides keep winter weeds under control if conditions are normal until planting time.

Under high moisture conditions, he adds, it is often necessary to treat again just before planting for the control of early Johnsongrass, ISMA alone or in combination with a material such as Karmek is excellent.

For those who do not wish to use soil incorporated herbicides, mechanical methods are recommended. Elliott offers these cautions if fall applied incorporated her-

bicides are used. If lower amounts of water are used, calibrations are very important. Application equipment should be checked daily for nozzle wear and accuracy for pressure gauges. Excellent tools for applying Planavin and Treflan on a band basis are the roto-tiller incorporator used in combination with a bed shaper,

- 1 2 1/2 oz. RealLemon squeeze lemon
 - 1 4 1/2 oz. RealLemon squeeze lemon
 - 2" plastic foam ball
 - 1 yd. small white ball fringe
 - Elmer's glue
 - Scraps of flannel
 - 1 1/3 yd. white moss fringe
 - 1 1" white pom pom
 - Discarded green jar lid (2 1/4 x 3 1/8")
 - Discarded nylon stocking
 - Small jar flat red enamel paint
- Cut piece of nylon stocking and double it. Place plastic foam ball in center, pull nylon up all around and tie with a piece of string.
 - Remove squeeze lemon centers. Cut off extended end of 4 1/2-oz. squeeze lemon. Place base of this container on lid top and run screw through lid and container, first dipping it in glue. Glue circles of cardboard and felt into bottom of lid for added support.

- Measure 1 1/4" down from top of 2 1/2-oz. squeeze lemon and mark with black crayon. Cut off. Use for Santa's hat. The "screw top" forms a base for the 1" pom pom which will decorate the top. Glue hat in place, tilting it back on the head. Secure with two small straight pins.
- When dry, paint body and hat with two coats of flat red, letting it dry between coats.
- When dry, glue row of pom poms around Santa's neck and another around the base. Make hair, beard, and mustache from moss fringe, curving sides up to meet hair line as you glue it on.
- Glue row of white pom poms around edge of hat and 1" pom pom to top.
- Glue 3 1/8" strip of black felt around center of body for belt. Gold felt belt buckle and black felt buttons are glued on next. Two white pom poms make hands.
- Red bead for nose and black sequins for eyes are attached with straight pins. Two circles of pink felt give Santa rosy cheeks.
