## Mini,Midi,Maxi Engagement Announcements

SPECIAL - Around 55 B.C., Julius Caesar was heard to say, "Veni, Vidi, Vici!" (I came, I saw, I conquered!) But in the now Age of Aquarius, the more familiar cry is a question, "Mini, Midi, Maxi?"

With fashions in a transitional stage, young women are looking for help in deciding how to spend their clothing dollar. Over 350,000 of them are getting the help they need by participating in the national 4-H dress revue program.

Extension Service personnel emphasize that the program provides more than ideas of what to wear. It teaches fashion awareness, gives tips on good grooming, hair style, makeup, choosing the right accessories and how to acquire poise and self-confidence.

Simplicity Pattern Co. Inc. is national donor in the program and offers support and assistance in numerous ways. One of the company's recent aids to decision - making is a sample wardrobe called "Computer Fashions - Fall '70." Using the language of EDP, the wardrobe shows how materials and proper length can be used to the best advantage -- be it mini, midi, maxi or even "Maxi" length.

Simplicity's 4-H stylists provide fashion consultation and technical assistance at local, county and state dress revues. Girls participating in dress revue not only learn what's right for them in today's fashions but are eligible for county and state recognition awards provided by the company. Last year 25,000 teenagers received county medals of honor.

State winners receive an expense - paid trip to the National 4-H Congress being held in Chicago Nov. 29 through Dec. 3 where they will model in the National 4-H Dress Revue. Theme of this year's national revue is "Fashion EXPLO!" Accent colors will be red, white and sharp yellow, the colors forecast to dominate the spring 1971 fashion picture.

During the National Dress Revue, six national winners of \$600 scholarships will be announced.

For more information about this program or any of the numerous other 4-H activities contact your county extension agent who supervises the 4-H program locally.

## Nursing Home Newsletter

BY BOBBIE GREER

Well, another week is gone. They pass so fast I can hardly keep up with them. Not much news today.

I would like to say that we have a very lovely young lady helping us with crafts now. She is Brenda Cain, and she has been helping us twice a week. We appreciate young people who are interested in our home. Brenda adds a new glow. Thanks, Brenda.

We have a new Sunday School Class started here by Brother J. L. Cartrite and Murry Vise. We believe this will be good for our home.

Rev. and Mrs. Vernon Baggerly came out Friday for their weekly devotional. Rev. Bruce Parks came for the Sunday afternoon service. Thanks to all the preachers who care enough for our people to come to our home for the devotional, Bible School and Sunday worship services.

Those still in the hospital are Edith Lewis and Mary Ehler.

We are sorry to hear of the passing of Ulen Gossett and Lydia Butler. They had been residents for a long time and we miss them. Our sympathy goes to the families of these nice people.

## Sanders Pant & Top 'The Pant Corner'

720 South 6th, Slaton

Summer has gone and it's time to light furnaces, replenish the wood pile, and put the air conditioner in storage. It's kind nice to get in to warm suits, coats and "long handles" for a change.

What with football, cool weather, and busy school schedules, everyone's thoughts are turning to wardrobes for evaluation and replacement of necessary items. If you are considering the Boot-Goucho look we have something that will interest you.

"Our Goucho pants, skirts, and suits are being put on a rack at very special prices, all colors, styles, and sizes are being reduced to sell in order to make room for holiday merchandise."

Bierner & Son has designed an "Afro-Robe" that is the greatest in scarf silk at a very moderate price. Comfort and style are combined in flowing elegance in this creation. This is a must for your lounging hours.

Pants suits from the "Corner" are priced just right for adding dash to your fall image. Our jewelry will lend the finished look and make you feel like a fashion queen throughout the season.

The free-thinking females of 1970 will wear what she likes rather than what designers dictate. So have fun selecting items for your wardrobe and make it easy on your budget at the "Pants Corner".

**Cotton Harvest Hints Suggested**

Dry, high quality cotton at harvesting time is more than luck.

According to B.G. Reeves, Extension agricultural engineer, cotton should not be harvested with a moisture content of more than eight percent. Otherwise, the extra cleaning and drying required in ginning can lower the value.

Cotton should not be harvested before dew has dried from the lint. This means producers should usually wait until about 9:30 a.m. before getting into their fields. At about 6:00 p.m. the lint moisture will begin to rise and stripping or picking should be delayed until the next day, the cotton ginning and mechanization specialist points out.

"Even on the smallest farms a hygrometer can be important in preserving the quality of the product. For about \$15 a cotton producer can get a hygrometer and set it in the field on a stake to observe the relative humidity," Reeves continues.

The instrument, set at about boll height, will give the humidity in the field and will usually correlate directly with the moisture content of the lint in open bolls. Within a humidity range of 60 percent or less, fiber moisture will be eight percent or less, he says.

Taking the reading at boll height in the field is necessary, says Reeves, because factors such as wind direction, wind velocity, soil moisture level, stalk size and condition of the cotton itself govern the humidity level in the field and in the fiber moisture.

**4-H NEWS**

**SPECIAL** - Mother Nature is generous indeed. And this year she is showering her bounty on 187,000 4-H'ers enrolled in the national 4-H horticultural program.

The young people grow fruits and vegetables, plan and plant their home grounds and care for ornamental plants for the house, yard and garden. And they learn from practical experience and educational materials provided by the Cooperative Extension Service.

Horticultural pursuits are for all seasons, but perhaps, late summer and early fall are the most colorful and fruitful times of the year. It also is the time when 4-H members find they can reap a double harvest. Not only do they use and enjoy what they have grown, but many of them earn recognition for their good work.

Teaming up with Mother Nature in the bountiful harvest is Allis-Chalmers, sponsor of the 4-H horticultural program for a quarter of a century. The company provides top 4-H achievers with awards at county, state and national levels.

Topping the list are eight \$600 national scholarships. The state winner receives an expense-paid trip to National 4-H Congress in Chicago. The 1970 Congress is scheduled Nov. 29 - Dec. 3. County awards are medals of honor and this year more than 6,500 young horticulturists are expected to receive such recognition.

Among the 4-H members who enjoyed a double harvest last year is Roger Dieterle of Kief, N.D. And his \$600 scholarship is being put to good use at North Dakota State University where he is preparing for a career in horticulture.

In announcing the awards given by Allis-Chalmers, the National 4-H Service Committee notes that all young people from 9-19 years of age are eligible to participate in the 4-H horticultural program. Enrollments are being accepted at county extension offices across the country.

One of the more popular units taught in Texas schools turns out to be Internal Revenue Service's "Teaching Taxes" course. This course teaches the students to prepare a simple Form 1040 and in many cases helps the student get back a refund of most of the taxes that he paid in to his employer during the year.

Over 300,000 Texas students received this important training last year, and nationwide over 4,000,000 students were enrolled. Maybe you can caution Junior or Sis to make sure they learn enough in the income tax course to help Mom and Dad.

The Slaton High School library is open to students third, fourth, fifth, and sixth periods. The library has been enlarged to provide study room.

New book orders and new library tables have been ordered. New reference books include Biographical Reference Books, Contemporary Authors, 54-volume Science Books, Short Story Index, Lincoln Library, and Abridged Reader's Guide.

Mrs. Raymond Wood is the librarian. Student assistants are Allan Sanders, third period; Dick Davis, fifth; and Brad Powell, sixth. Juniors and seniors are needed to work in the library first and second periods so the library can be open all day.

**Cartrite Heads Tiger Band**

Officers for the SHS Tiger Band were elected Sept. 15. They are as follows: president -- Terry Cartrite, vice-president -- Tommy Walters, secretary -- Tyra Martin, and treasurer -- Randy Barkley.

Candy Townsend will head the band as drum majorette. Twirlers are Melissa Holloman, Vicki Milliken, Dru Ann Beard, and Patricia Green. Bill Townsend is director of the band.

**New Gimmick For Selling Newspaper**

A "new thing" has been started this year by one of Slaton High's very own! When selling newspapers in the rain, Goria Gass goes out with her umbrella.

If the person buys a paper, he or she has the privilege of being walked to the school building by Goria and her umbrella. If they do not buy a paper, Goria lets them walk in the rain. Maybe the paper selling business will pick up this year with such an idea as this.

**NOTICE**

Senior interviews will start in the Slatonite in the near future. Pictures will not appear with the interviews, to conserve space, but will appear in the senior issue in May.

ITEM: The electric hairsetter has jumped from a new item on the market to one of the most sought. Nearly 6.7 million units were sold last year.

### NEWS ABOUT '71 OLDSMOBILE

The new 1971 Oldsmobiles are more extensively restyled and incorporate more important engineering advancements than any models in the division's modern history, John B. Beltz, general manager, said today.

He explained that "the sporty appearance of Oldsmobile's Cutlass models has been enhanced, the full-size 88's and 98's are completely new, and the Toronado—which is changed in both styling and concept—becomes a car of unique and unmistakable elegance.

"While retaining all the advantages of front wheel drive," Beltz continued, "the Toronado is also designed to be the most beautiful, the most striking automobile in America. I believe it will have great impact on the luxury, personal car market."

The Toronado wheelbase of 122 inches is three inches longer than previous models. It is a roomier automobile, particularly in front and rear seat shoulder room where measurements are increased over five inches.

Exclusive to the new Toronado are high level auxiliary signal lamps built into the rear of the car to more effectively signal stops and turns to following drivers.

Beltz also revealed that Oldsmobile in 1971 will offer one of the widest selections of station wagons in the industry.

"For the first time since 1964," Beltz added, "Oldsmobile will market a full-size wagon, the Custom Cruiser. With its addition, our fleet of wagons is expanded to five models. They include the Cutlass Cruiser, the highly popular Vista Cruiser, and the new Custom Cruiser. The latter two are available in 2- or 3-seat versions, with the third seat forward facing."

"The 88's and 98's for 1971 are built with new bodies on a new chassis," Beltz said. "Their sleek new shape is

"The interiors of all 1971 Oldsmobiles, from the Cutlass models on through the 88's, 98's and the Toronado,

are flawless in detail, and are succeeding more luxuriously and beautiful," Beltz added.

Beltz said that suspension improvements in the 1971 Oldsmobiles will result in the most impressive ride in the industry.

Bumpers on the new full-size Oldsmobiles are of heavier stock for increased protection and greater resistance to parking lot damage. Oldsmobile will offer a total of 28 body styles compared to 29 in 1970.

## Phone Programs Presented Here

Selects  
Sweethearts  
Cage Staff

Jerry Sachse, manager of Southwestern Bell Telephone, presented two programs on Direct Distance Dialing here last week to the Lions and Rotary clubs.

The timely programs were presented to the two clubs after Slaton converted to DDD on Sept. 13. Slaton customers can now dial their own station-to-station telephone calls anywhere in the United States.

Sachse pointed out that use of DDD is simple. First, dial "1" to gain access to the DDD network. Then, dial the Area Code (except 806). Finally, dial the seven digit number you are calling.

"It is not necessary to dial the 806 Area Code because the equipment is engineered to recognize numbers in that Area Code," Sachse said.

He emphasized, however, that all other area codes must be dialed.

Calls such as person-to-person, credit card, or billed to another number still must

go through an operator. DDD calls are billed automatically, Sachse noted. He said a machine records the time each call is placed, the calling number, the called number, and the time the called party answers. The disconnect time also is recorded.

This information is used for billing.

A recent visitor in the home of Mrs. G. R. Evans was her son, Harry Evans of Atlanta, Ga.

ITEM: Air bubbles in varnish makes it almost impossible to obtain a smooth finish. Here's how to avoid the bubbles. Don't stir the varnish. When loading the brush, do not drag bristles across the rim of the can to remove excess varnish. This will cause tiny air bubbles to form under the tips of the bristles. Instead, tap the bristles lightly against the inside of the container just above the surface of the varnish.

If a called number does not answer, the call is not billed. If a customer reaches a wrong number on a DDD call, he should find out the number and city he has reached, and then immediately call the operator.

# All that's new for 1971- from Oldsmobile!

Toronado. The Unmistakable One takes on grand new proportions. It is a full five inches longer, and every inch adds to its elegance. Even its trunk is more spacious this year. The new interiors are roomier and far

more sumptuous. The front floor is flat from door to door with no hump to get in the way. Toronado's unique front drive and the

totally new ride system deliver greater smoothness, improved traction and sure handling. Add a responsive Olds Rocket 455 V-8,

power steering, power front disc brakes. Turbo Hydra-matic—all standard on the front drive Toronado.

Delta 88. Warmest welcome ever to the big-car world. Power steering is standard. So are power front

disc brakes. And an impressive 124-inch wheelbase. It's all topped off with Delta

88's remarkable new "G-Ride" System.

The "G-Ride" System. An Olds exclusive—a combination of advances in chassis,

suspension, steering and all-new Super-shocks. You ride smoother, corner bet-

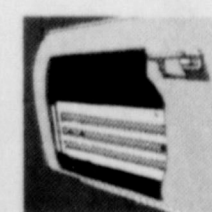

ter, are less affected by stiff crosswinds. It's featured in every 1971 Olds Delta 88.

Pollution fighters. Every Olds engine is designed to cut emissions, run efficiently on no-lead, low-lead or regular fuel.

Double comfort. New Fio-Thru Ventilation features both upper and lower outlets for greater control, better air circulation.

Solid security. Side-guard beams are welded into the doors for protection. One of many Olds safety features for 1971.

Cutlass Supreme. Oldsmobile's "little limousine" places all-out elegance within

the reach of nearly every new car buyer! And does it so beautifully—with a classic profile outside,

deep comfort and luxurious appointments inside. If you're longing for elegance—and economy—you and Cutlass Supreme are made for each other.

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

great game to inspire the defensive unit.

**Agricultural Survey Booklet Available**

Texas Agriculture Commissioner John C. White has announced the publication of "Texas County Statistics," a booklet published for the second time which includes a comprehensive agricultural survey of each of the state's 254 counties.

It devotes a single page to each county.

In addition to livestock re-

ports (including beef, dairy, hogs, sheep and lambs), the compilations list vegetables, fruits, pecans, small grains, field crops, cotton, poultry, government payments and cash receipts received from marketing during the last two years.

The last session of the Texas Legislature made this project possible by authorizing funds for the Texas Department of Agriculture to conduct its annual county - data operation.

Gathering of the information is a joint effort of the Texas Department of Agriculture and the Statistical Reporting Service of the United States Department of Agriculture.

Commissioner White, in the book's foreword, expressed special thanks to the more than 60,000 farmer and ranchers who helped supply reporters with the details that make up "Texas County Statistics."

# Roosevelt Opens 4-AA Action Against Idalou

Roosevelt Eagles, under three non-conference games, open their first District 4-AA Friday night game against Idalou.

Roosevelt led in the first half, but Idalou exploded for 34 points in the second half. Spur tallied on a 54-yard punt return by Dalvin Alexander in the first period, then scored again in the second quarter on a 42-yard pass interception return by Benny Ball. The fired-up Eagles turned the tables in the second half, however, Steve Maines banged over from 1 yard out in the third period to start the scoring parade. Quarterback Don Jackson dashed 23 yards for another score in the third, Hosea Brown, a 150-pounder,

scored twice on three-yard runs in the fourth period, and Danny Poyner climaxed the scoring with a 14-yard run. While Roosevelt was scoring its third straight triumph, the Bulldogs were tasting defeat for the third time. # Texas 4-H Week Is Proclaimed

COLLEGE STATION--White and green, the symbolic 4-H colors, are likely to be noted with regularity during the week of October 4-10, 4-H Club members in Texas and the nation during this period will be observing National 4-H Club Week.

Governor Preston Smith in proclaiming 4-H Week said, "The purpose of 4-H Club work is to give equal training to the Head, Heart, Hands and Health of Texas young people and to help prepare them to be better leaders and citizens who will fit into the society where their life's work may take them. '4-H' is a part of the educational program of the Texas A&M University Cooperative Extension Service and is supervised at the local level by county Extension agents along with the help of 16,000 local volunteer 4-H leaders who are outstanding men and women in the local community."

"Texas 4-H members working with more than 202,500 educational learn - by - doing projects, apply the latest research and scientific information to their work, keeping records, arranging exhibits and giving demonstrations to pass this information to others. "The leadership and citizenship training which 4-H members receive in this program is a valuable asset to our democratic way of life.

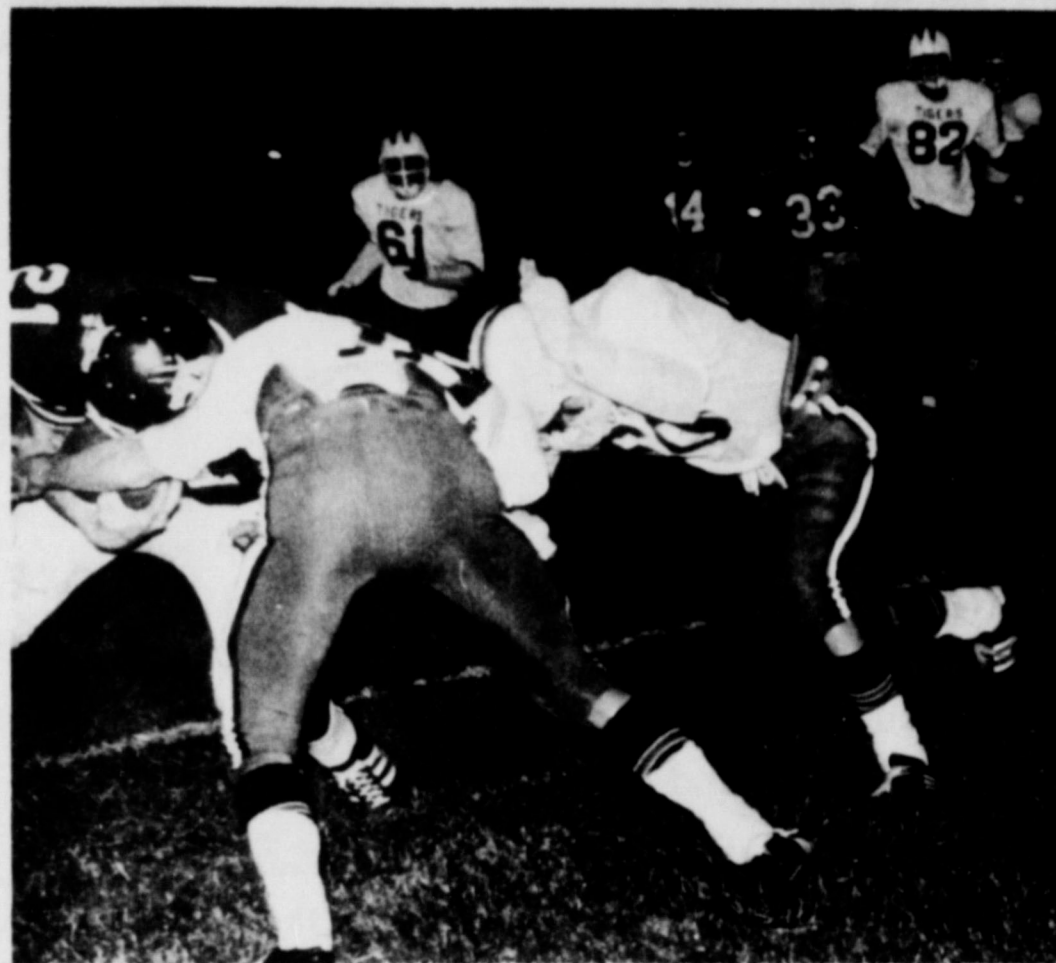

"Therefore, I, as Governor of Texas, do hereby designate the period of October 4-10 as 4-H Club Week in Texas, and urge all of our citizens to support and encourage the work of this organization which has as its motto, 'To Make the Best Better.'"

According to the State 4-H Leaders, observances are being planned throughout the state, either on the local community or county basis. A primary objective, they say, is to acquaint youth who are not now 4-H members with programs and activities available to them through 4-H. Also to acquaint the general public with the work the members are doing and their plans for future events and activities. Local county Extension agents and adult leaders can supply information on all phases of 4-H Club work.

ITEM: Ground beef may contain fresh ground beef and up to 30 per cent fat, in some states. However, ground chuck must be fresh meat from the chuck and cannot contain more fatty tissue than normally expected in the meat from which it was prepared. Most ground beef is from trimmings plus frozen boneless beef that may be domestic cow beef or imported beef. Many consumers could not afford ground beef if it had to be entirely from steer beef.

SET FOR HOMECOMING---Roosevelt cheerleaders will add a lot to the homecoming festivities Friday night by leading the yells for the Eagles. Pictured left to right are Brenda Rowan, Angie Davidson, Janice Thornton, Vicky Parks and Becky Barnett.

SLATON'S DUB SIMMONS and Ted Dixon stopped a crucial play in the Tigers' tussle at Littlefield Friday night. The play was a fourth-down pass to Ralph Funk, and he lacked inches of making the first down. Tigers Brad Winchester (61) and Paul Payne (82) are in background.

Your child could have a vision problem and not know it, says the Texas Society for the Prevention of Blindness. Since very young children have no basis for comparison, even if their vision is blurred or distorted in some way, they accept it as normal. Some signs of eye trouble in children are excessive rubbing of the eyes, unusual blinking or irritation at doing close work, squinting and frowning excessively, and inflammation and watering of the eyes. If any of these are present in your youngster, the Society advises you take him for a professional eye examination.

# Pirates Pop Lions In 45-10 Contest

The Cooper Pirates notched victory No. 2 of the season by blasting the New Deal Lions, 45-10, Friday night at Woodrow. Cooper is 2-1 on the season and takes on another 4-A opponent, Hale Center, Friday night. The Pirates travel to Hale Center to play the tough Owls. Cooper is in District 5-A. The Pirates jumped to a 25-3 lead over New Deal in the first half last Friday and rolled to the one-sided victory. Gilbert Martinez opened the scoring on a 60-yard run in the first quarter, and Mike Bermea kicked the extra point. Fullback Johnny Aleman hit paydirt from 3 yards out in the first period as Cooper took a quick 13-0 lead. Quarterback Jack White added a 1-yard TD plunge in the second period, and Martinez scored again on a 5-yard run. New Deal lit up the scoreboard

in the second period with a 20-yard field goal by Ricky Dunn. The Pirates added two more touchdowns in the third period. White passed to Bobby Caudle for 31 yards on one scoring play, and Aleman plunged a yard for another. White also passed to Caudle for two points after one score. The Lions got their first touchdown in the third period when Kelly Sherman combined with Dunn on a 60-yard pass-and-run play. Dunn added the extra point. Reserve quarterback Jay Wimmer ran 15 yards for the final Pirate tally in the fourth period. Cooper had a tough defense to go with the offensive show. Gary Schaffner headed up the defensive crew by blocking two punts and being credited with 14 tackles and six assists.

# Wilson Wins Third in Row

Wilson's Mustangs like the number "40". Friday night the Mustangs scored a 40-12 win over Forsan for their third straight victory, and the third consecutive game to tally 40 points. In two previous non-district games, Wilson posted 40-0 wins over Anton and Lubbock Christian. The Mustangs would like to continue the "40" streak when they travel to Lorenzo Friday night to play the Class A Hornets in a non-district contest. Wilson is a Class B school. Mike Koslan went 34 yards the first time Wilson got the ball last Friday to start the scoring against Forsan. Steve Bednarz also scored in the first period on a 6-yard run as Wilson took a 13-0 lead. Woody Follis plunged a yard and then ran for two extra points as Wilson increased the lead to 21-0 in the second

period. David Wied scored on runs of 7 and 5 yards and John Fields kicked one extra point to give Wilson a 34-0 cushion at halftime. Wied passed 24 yards to Koslan in the fourth period to up the total to 40-0 before the visitors got on the scoreboard. Will Morgan scored on a 1-yard plunge for Forsan, then Phillip Medlin recovered a fumble in the end zone on the final play of the game. Wilson amassed 247 yards rushing in the contest and added 24 through the air. Forsan netted 185 yards rushing and had 43 passing. Follis, Danny Crowson, Richard Savell and Arturo Vergara were defensive standouts for Wilson.

Gift Request The Asmat, New Guinea's former headhunters, seldom send a visitor away empty-handed. To praise an Asmat's property is to request it. The owner must then give it away to avoid seeming stingy.

MRS. TOMMY WILKE

It's Time For the Fair

Hi. Are you going to the Fair this week? Looks like it is going to be a typical week for it. . . .rain! I certainly miss the years that we took our children to the fair when they were small. It is all so exciting to me! Even though my feet would nearly fall off from all that walking, I enjoyed it, don't you? Now that our three chicks are all grown up, we just don't go like we used to. We

are going to try and go this year, so maybe we will see you there. The Southland school closed its doors at 2:00 p.m. Monday so that the kids could go home and get mom and dad all ready to go. Have you heard this one? "One reason why a dog is such a lovable creature is that his tail wags instead of his tongue." Mrs. Frances Lightfoot is spending the week with Mrs.

Paul Winterrowd and family. She came up at this time so she could attend the Panhandle South Plains Fair. She likes to see the exhibits, especially the prize-winning livestock. They attended the Ray Stevens show on Tuesday. HONOR PINS Honor Pins for those students having an "A" average the last school year, were given out at assembly on Friday of last

week. Those receiving these pins were: Sherri Wilke, David Mock, Joan Gindorf, Douglas Smallwood, Breonne Winterrowd, Cathy Long and Sue Beyers. Congratulations to all these young students. This is "6-weeks test" time at Southland High! Good luck, kids! My goodness, has it really been six weeks since school started? CAR WASH The Junior Class held a "car-wash" last Saturday, and if you remember, it was COLD, but from all reports, they did very good anyway. Thanks to all that helped. Mr. and Mrs. D. D. Pennell visited in Post on Sunday with the Fergusons and Cederholms. Mr. and Mrs. Cecil Cum-

mings and Mr. and Mrs. Chuck Stahl and families visited with Mr. and Mrs. Carl Wartes on Sunday. CONGRATULATIONS Congratulations to Rev. and Mrs. C. T. Jordan who has a brand-new granddaughter, born on Saturday and weighing 5 lbs. 7 ozs. Mrs. Jordan is in Ft. Worth where she will be for about a week. The Jordans also have a grandson. Little Mark Shane Manor spent the week-end with his grandparents, Mr. and Mrs. P.W. Crawford while his Mom and Dad were at Lake Stamford. Mr. and Mrs. P. W. Crawford visited with Donald Wayne and Judy Crawford in Lubbock Sunday.

RUSSELL DIES We extend our deepest sympathies to the family of Robert Russell, Sr., who died about 11 p.m. on Saturday in the Medical Arts Hospital in Lamesa after a 2 week's illness. Services were held in the Post Calvary Baptist Church with Rev. Dale Dozier, officiating. Burial was in the Terrace Cemetery. He is survived by his wife, Lena, one son, Scott, of Lamesa, 2 daughters, Maurine Hudman of Post and Ann Mahoney of Conroe, 1 brother, 7 grandchildren and 3 great grandchildren. The Russells are former residents of this community, but have been living in Post for quite a few years. May God

comfort this family in their sorrow. Our daughter, Sherri, Belva Becker of Slaton and Sharon Schmidt from San Antonio, all students of T.L.C. spent this past weekend here and in Slaton. Sure was great to see the girls, but hard to see them leave on Sunday morning. After Sherri left for Seguin on Sunday morning, Edmund and I drove to Lake Stamford where we visited with my folks, Mr. and Mrs. A. B. Dozier, an uncle, Mr. and Mrs. Jack Dozier, an aunt, Mrs. Lorene Franklin from LaVerkin, Utah, and a cousin, Mrs. Billy Gene Johnson from Knox City, Texas. We returned to Southland on Sunday night. I was talking with Mrs. Max

Jackson (Mary) about the possibility of having a "football" game held on a Saturday. I think it would be a good idea? How about it? I am sure you are interested in it. Why not get in touch with Exes' President, Ed and talk it over with him? WEDDING Congratulations to Gloria Claster and Dan Turner of Slaton who were married this Sunday. The wedding will be held at the bride-to-be's home. Bless this couple and their new home. Here's a cute little thing for this day. They are pretty well known in this world. Other troubles are not yours, but their are a lot worse!

Free Lunch? No... Somebody has to feed the mamma hog

These piglets are not worried about how comes their sustenance . . . nor are they much concerned about whether it will be there tomorrow . . . until tomorrow comes.

- Yet their welfare depends very much upon how well somebody feeds and cares for the mama hog. They grow fat or they grow lean in proportion. • Even as our individual and collective prosperity depends on the vigor of this Local Economy which furnishes us with jobs, business, stable property val-

ues, and a handy source of emergency and daily needs.

- The difference is . . . we, ourselves, are the caretakers of this economy upon which we depend. It's within our power to feed it by trading at home . . . or to starve it by trading in some other town. • City shopping . . . mail order buying . . . succumbing to the peddler's slick line . . . cutting the community's ration of trade volume by \$3 or \$4 every time \$1 is taken out of local circulation . . . is a good way to dry up the economy that sustains us.

Buy . . . where your trade dollar feeds the economy that sustains you
