Lubbock County voters gave George Bush a close margin in the U.S. Senate race, but Slaton voters went with winner Lloyd Bentsen and voted against liquor-by-the-drink by more than a 2-1 margin.

Democrats Bentsen and Gov. Preston Smith won with comparative ease in the statewide race that drew more than 2 million votes. The Demos won with more ease in the secondary state offices.

The controversial liquor-by-the-drink amendment trailed until strong votes from the big cities were tabulated to push the plan ahead.

The "liquor" amendment was defeated in Lubbock County by 19,927 to 14,236. The three Slaton boxes all went against the issue by a total vote of 743 to 355. No. 3 was also defeated in the county, and the other five amendments were favored.

The three Slaton boxes drew 1,385 voters, and about 50 absentee votes pushed the count over the 1,400 mark. Records were set all around the area for voter turnout on a non-Presidential election. Slaton had a vote total of 2,209 in the 1968 Presidential election. Slaton gave 825 votes to Bentsen in the hot Senate race, while Bush drew 541 votes. The vote turnout showed 400 at the Clubhouse (36), 556 at West Ward (37) and 429 at S.F. Austin (38).

The count on the liquor-by-the-drink vote in Slaton boxes: Clubhouse -- 104 for, 285 against; W. Ward -- 157 for, 328 against; Austin -- 94 for, 130 against. Bentsen carried all three boxes here.

The Lubbock County vote totaled 35,395. Bush had the county margin with 17,998 votes compared to 16, 632 for Bentsen. On the statewide results Wednesday morning, Bentsen was reported with 1,093,305 and Bush had 956,215.

Five of the amendments appeared to be approved by voters. Falling on the state count were No. 3 -- assessing farm and ranch lands on productive capability, and No. 5 -- authorizing counties to issue more road bonds on majority vote.

### SUSPECTS NABBED ATTEMPTING AIRPLANE GET-AWAY

## Trio Charged In Bank Robbery Plot

A plot to rob the Wilson State Bank -- including a well-planned get-away by airplane, was foiled Tuesday morning when various law enforcement officers moved in to arrest three heavily armed men in theatrical makeup.

Arrested on charges of conspiring to rob the bank were two Lubbock men -- Herschel Hiram McKnight, 42, and Jimmy Huel Young, 33 -- and a Waco man, Mearl Dwayne Sornmude, 29. Bonds were set at \$100,000 each.

Officers had been alerted Monday by a telephone call that a bank robbery was planned Tuesday morning in the Lubbock area.

Police Chief Walter Head of Slaton said he met with FBI, Texas Rangers, DPS officials and Sheriff Norvell (Booger) Redwine of Tahoka Monday after receiving notification of a plot.

Banks were under surveillance in Slaton, Wilson and Tahoka. Bank officials were also notified.

Police said a blue Buick drove past the Wilson bank at 9:35 a.m. Tuesday, circled the block and parked in front of the bank. The three men inside the car wore "Navy-type" toboggans, pancake makeup and false mustaches, officers reported later. The car remained in front of the bank "probably less than a minute", no one got out and the car drove away.

A DPS helicopter crew spotted the car, which had a white "X" marked on top with adhesive tape, and it was followed to a point on a dirt road about 8 1/2 miles southeast of Wilson. There the car rendezvoused with a single-engine aircraft.

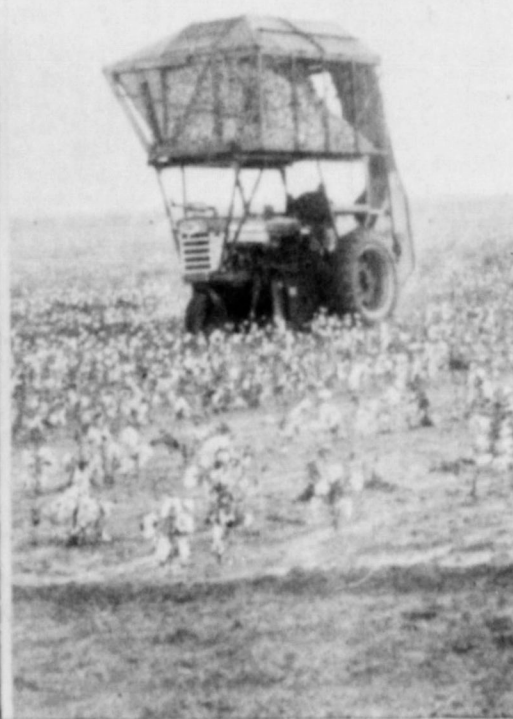

The helicopter swooped down above the plane as the three tried to board it, and other officers arrived by car to apprehend the trio without incident. The men had pistols stuck in their belts.

A search of the vehicle, which was reported stolen in Lubbock Tuesday morning, revealed a

HARVEST, OLD AND NEW--The cotton harvest was in full swing in the Slaton area this week, and two methods are reflected in these photos. The news pictures were made just down the road from each other, northwest of Slaton on the Lubbock Highway Tuesday. More than 11,000 bales had been ginned in the Slaton area, a survey showed Wednesday. (SLATONITE PHOTOS)

### 'Upsets' Upset Grid Guessers

There were some tough games and some upsets in the weekly Slatonite Football Contest, but two entrants missed only 3 of 25 games last week.

Joe Gamble took the \$10 first place by picking 22 winners and coming nearer on the tie-breaker total score. Barry Wilson also missed three games, and won the \$5 second prize. Both missed the Lamesa - Estacado tie, while Gamble missed the Hereford - Plainview and Crosbyton - Hale Center games. Wilson missed the Post-Idolou and Brownfield-Dunbar games.

The third-place prize of \$2 went to Steve Louder, who was among 10 entrants to miss four games. Louder guessed 20 points on the total score of the Slaton - Tahoka game, while the other nine entrants all guessed higher.

Others who missed just four games were Tom Mosser, Kelly Bounds, Kendon Wheeler, Don Heinrich, Bobby King, Harley Martin, Thomas Heinrich, Earl Rowan and Richard Salder. Another 16 entrants missed five games, and 29 missed six games.

The weekly football contest, sponsored by Slaton merchants and firms, can be found inside this issue. Join in the fun this week--you could be a cash winner! Follow the easy rules on the page and get your entry turned in by 5 p.m. Friday.

## Veterans Day Parade, Program Set In Slaton

Slaton's annual Veterans Day observance, featuring the appearance of Major Gen. Ross Ayers, Adjutant General of Texas, is scheduled next Wednesday.

The traditional parade -- with a theme of "For God and Country" -- will start the observance at 10 a.m. Gen. Ayers will deliver the Veterans Day address in the City Park immediately after the parade--about 11 a.m.

The event is sponsored by Slaton Chamber of Commerce, American Legion Post 438, and VFW Post 6721 of Slaton. They will host a public reception for Gen. Ayers in the Legion Hall between 11:30 and noon. Serving on the Veterans Day

committee are Coy Evans, general chairman; Bud England, parade; Bill Ball, downtown activities, and O. G. Nieman, reception.

A large number of groups and organizations have been invited to participate in the parade, and a complete list was not available this week. The Slaton High School Band is scheduled to lead the way. The South Plains Maid of Cotton, Wendy Woolley of Roosevelt, will have a feature spot in the parade. State Rep. R. B. McAllister and other officials are also expected.

The Freshship and Lubbock Christian High School bands are also scheduled to participate.

Groups slated to appear include: American Legion Auxiliary, Tex Anns, Las Senoritas De Las Rosas, Slaton Lions Club, Athenian Study Club, Slaton Art Club, U. S. Army Recruiting Station, First Baptist Church, U. S. Marine Corps Color Guard, Texas Tech ROTC Counter guerrilla unit, U.S.A.F. Recruiting Office, U. S. Navy Recruiting, Slaton Young Homemakers, Daughters of Pioneer Study Club, Slaton FHA, Texas National Guard units, Saddle Pals Riding Club, Reese AFB color guard, 2nd and 3rd grade Brownies, 4th and 5th grade

### Flags For Sale

The American Legion Auxiliary have American Flags for sale now. The 3 by 5 ft. flag comes with a six foot pole with a gold eagle on top, and a bracket to attach it to the house.

The flags sell for \$5.00 and numbers to call to order one are 828-3774 and 828-3252.

### Bourn Scholarship Fund Is Growing

The fund is growing for the Steve Bourn Memorial Scholarship. Contributions are being accepted at Citizen State Bank.

An advisory committee has been chosen to administer the funds. Serving on the committee are J. C. McCleskey, J. W. Hoyt, Bill Ball, Ernie Davis, M. W. Kerr and Jack Schuette.

### THREE FILE IN WARD 4

The special election set in Ward 4 of Slaton has drawn three candidates for the vacant City Commissioner's seat. Filing on the deadline day last Friday were Willie B. Mims, George Quintero, and Steve Ruiz.

Voters in Ward 4, the southeast part of town, will choose between the three candidates in a special election scheduled Tuesday, Dec. 1. The winner will fill out the unexpired term of Rev. F. D. Conright, who moved from the city.

Absentee voting for the election will start Tuesday, Nov. 10, in the City Hall. Absentee balloting will end Nov. 27. The election on Dec. 1 will also have the polls at City Hall.

## Tigers Go To Ralls For District Clash

Slaton's Tigers, currently holding down second place in the District 4-AA standings, shoot for their fourth win in a row as they travel to Ralls Friday night for a league battle with the Jackrabbits.

The win streak was tough to come by, however, as the Tigers have had trouble crossing the enemy goal lines. With that in mind, Coach Ernie Davis plans a few offensive changes for the Friday clash.

Three changes are tabbed on the offensive line, and a fourth is up for grabs. Allen Walters, senior defensive end, is scheduled to open on offense also, replacing Allen Sanders. Junior tackle Bobby Hopper will start in place of Tommy Hargraves, and senior tackle Allen Howard may win the nod over Willie

Freeman. Guard Gary Cook is also scheduled to split time with Ollie Rainwater on offense. Davis also reported that Rainwater and Sanders had been slowed by strained knees, and Hargraves sustained a broken finger in the Tahoka game last week. Only "minor bruises" have been reported for other team members.

Junior quarterback Darrell Eastman, who went all the way on offense last week, is scheduled to split time with senior signal-caller Terry Mosser. Davis reported. He also said halfback Bruce Schuette would probably start ahead of Donnie Rogers. Schuette has been doing a better job blocking, the coach added.

Davis doesn't figure to change (See TIGERS, Page 5)

### 11,604 BALES GINNED IN AREA

## First Bale Count Made

The harvest of King Cotton was in full stride around the Slaton area this week, reflected by a bale count of 11,604 reported to THE SLATONITE Wednesday at noon.

Harvesting conditions have been good, with clear, sunny days and cool nights. The temperatures dropped below the

freezing mark the first three days of this week. A low of 26 was recorded here Wednesday morning.

A survey of area gins Wednesday, to determine how many bales of cotton had been ginned, revealed these totals: Slaton Co-Op 3,000; Farmers Gin 950; Posey Gin 680;

Acuff Co-Op 950; McClung Gin 1,000; Wilson Co-Op 1,350; Union Co-Op 1,150; Banger Gin 384; Hackberry Gin 840; Gatzki Gin 400; Wayside Gin 900. The South Plains cotton harvest continued to gain momentum during the past week. (See COTTON, Page 5)

### Vet Newsman Joins Slatonite

A veteran newspaper man has joined THE SLATONITE staff and will serve as advertising manager. It was announced this week by publisher - editor O.G. Nieman.

Newest member of the staff is Ed Piel, who joined the paper on Oct. 5. He is a former resident of Kansas, where he had ownership in a weekly newspaper in Emporia and a daily in Neodesha. Both papers were sold early this year.

Piel worked briefly in Lubbock before coming to Slaton. He and his wife have four sons at home and two at school in Kansas. He plans on moving his family to Slaton at the end of the school term.

Born and raised in Portland, Ore., Piel attended the University of Southern California and is a U.S. Marine Corps veteran --having seen action in the Korean War.

Piel started his newspaper career in Southern California 15 years ago and, since that time, has worked in all phases of the newspaper field.

FLAME CANDIDATES--Pictured above are representatives voted by each class for Mr. and Mrs. Flame at Slaton High School. The winners will light the bonfire set for tonight at 7 p.m. near Tiger Stadium. The freshman and junior varsity football teams will play Lamesa here at 5:30 and 7 p.m. Left to right, front row, are Jerry Hopper, Cindy Locke, sophomores; Angela Kitten and Greg Sokora, freshmen; back row, Ted Dixon and Gloria Silva, seniors; and Eugenia Sokora and Dennis Hamer, juniors. ## Thanksgiving Fete Tonight

The Bluebonnet Club will hold a Thanksgiving banquet tonight at 6 p.m. in the Slaton Club House. Plans were made at the regular meeting held last Wednesday in the home of Mrs. L. C. Odom. Eleven members attended.

Mrs. Floyd Boyd, president, conducted the business meeting. Refreshments were served and games were played. The group planned a Christmas party to be held Dec. 9 at 1 p.m.

## Hair Styles Accent Elegance

Very important for the new look is a style supporting permanent wave, individually prescribed for the particular styles you wish to wear, and to give your hair the needed texture and substance, as well as ease of wear in between salon visits.

Hair coloring, too, requires individual professional care to blend compatible shades desired, so that the lightest tones give a soft aura of gentleness around the face, with deepest shades at the nape area. This is a highly natural and flattering look.

For hair lengths, the front hair varied according to the fashion look desired, as well as individual needs. Crown hair blended generally in length from the front to the lower crown where it was usually about four-and-a-half to five-and-a-half inches. The hair from the lower crown to the nape varied from about three to four inches.

From a side view, the new styles have a particularly luxurious look of opulence formed by an extra volume of hair just below the crown. This "more head" look with short hair lengths has to be proportioned to give a graceful silhouette and balance to the head. It is not so large, however, that the extra volume can be seen from the front.

This extra volume at the back crown can be arranged with one's own hair, shaped, conditioned and illuminated with flattering hair color. Or, it can be achieved with the use of hairpieces, embellished with loops, braids and small and large swirls of curving hair.

Braids of all sizes were shown. One large braid created the extra volume at the crown all by itself, and falls were used to flow from the crown in every length, from a demure mini to a longuette of romantic locks.

In make-up, two general directions will be popular: the romantic heroine's look of radiant pallor, and the open-air brightened look of heightened color around the eyes and at the cheeks, while the lips make a focal point with a vivid splash of color.

Teeth of the Tyrannosaurus rex were serrated and six inches long.

## Ansil O'Neal Home Is Setting For Wedding

Miss Barbara Kay Horner became the bride of Joe D. Armstrong in a double ring ceremony at 6 p.m. Friday in the home of the bride's uncle, Ansil O'Neal.

The bride is the daughter of Mrs. Margaret Horner, 2616 37th St., Lubbock, and Willie Horner of Seagraves. She is a

secondary education and English major at Texas Tech and is employed by Southwestern Bell Telephone Co.

Armstrong is the son of Mrs. D. R. Armstrong of Pecos. He is a graduate student at Tech, where he is a teaching assistant in the English department.

Given in marriage by her brother, Terry Horner, the bride wore a street-length sheath dress of white nylon lace.

Matron of honor was Mrs. Fremman Sansom of Lubbock, sister of the bride. She wore a blue nylon sheath identical in design to the bridal dress.

Serving as best man was Gail Armstrong of Austin, brother of the bridegroom.

Following a reception in the O'Neal home, the couple traveled to Ruidoso, N.M., on a wedding trip. They will reside at 1922 5th St., Lubbock.

## Ex-Student Registration At Wilson Begins Friday, 6 p.m.

Ex-student registration at the Wilson Homecoming will begin at 6 p.m. Friday evening in the school cafeteria, when the classes of 1944-45 and 46 will be honored.

Class of 46 - Francis White, Theo Campbell, Betty Jo Willburn, Wanda Love Taylor, Ann Rhoades Walton, Bernice Limmer, Anna Dell Kelley, Lorene Taylor, and Walter Ray Steen.

## Servicemen's Club Needs Help

The Lynn County Servicemen's Club needs the names and addresses of Lynn County men who are in the armed services. The group, made up of parents, wives, and friends of servicemen, work to get packages to all the county men at Christmas, along with cards and letters during the year.

This is only possible with the help of the people of the county, who supply the names and addresses. If you know a county serviceman, please mail his name and address to Mrs. T. R. Riddle, Box 754, Taboka, 79373, who is in charge of the

club's mailing list. Contributions of money, as well as fudge, peanut brittle, fruit cakes, or other solid-type cakes without frosting, small cans of nuts and other suitable articles, are welcome. Approximately 100 men are expected to be on the list this year, and any kind of help you can give will be appreciated. Nov. 21 has been set as the date for wrapping the packages.

A list of the servicemen's names and addresses, along with a list of donors will be published.

## Sudden Death in Infants

Each year in America, some 7,500 to 10,000 apparently healthy infants lose their lives suddenly and without apparent cause. Parents feel responsible for the unexplained deaths; doctors don't understand them.

The parent usually finds the baby dead in its crib, often only hours after a doctor has pronounced it in good physical health. It was once thought that the babies had suffocated, but scientists now dispute this and are looking for other possible explanations.

The sudden infant death syndrome, also called "crib death" is a leading cause of death in children under one year old, killing as many children as lung cancer does adults. Yet how or why it so suddenly snuffs out life is not understood.

Doctors usually agree on one thing, however, and that is that the parents are not responsible for the deaths. The infants die so suddenly and unexpectedly that parents—or even doctors—probably could not save them.

Scientists are considering many theories to explain the cause of crib deaths. They can't predict them, however, so study is confined to autopsy findings. These are often so general that a cause of death cannot be reasonably defined. Many states do not record "crib deaths," as such, attributing the deaths to "pneumonia," choking, and the like, instead. This practice makes it difficult to determine the actual number of infant deaths from no apparent cause.

It was first thought that an

undetected virus was responsible for crib deaths. Research supported by the Federal Government has not found a specific virus that causes these deaths. Another theory receiving serious attention is that sudden infant deaths result from the inability of an incompletely developed immune response mechanism to cope with bacterial and viral infections, non-human milk, etc.

Upsets in the body's metabolism are another possible cause under exploration. Scientists are pursuing the possibility that more than one factor can be responsible for crib deaths.

Some investigators report that more males than females are stricken; and that lower income families show a higher incidence than those in the middle and higher income groups. These possibilities are being tested by other researchers.

When possible, families of the stricken babies are carefully examined with a view to determining if physical, environmental or a combination of these factors might be involved.

Research into crib deaths is supported primarily by funds from the National Institute of Child Health and Human Development, a component of the National Institutes of Health. In February, 1969, the Institute sponsored the Second International Conference on Causes of Sudden Death in Infants. The discussion of research results and new concepts that took place will quite likely stimulate research efforts in several directions.

HALLOWEEN PARTY ENTERTAINERS at Slaton Nursing Home Thursday night included Sadie Creswell, Cliff Weaver, Bobbie Hogue, Mrs. C. A. Porter, Bobbie Greer and Vera Johnson, along with a host of others. They presented a program of old-time entertainment and recitations.

## Friends Entertain At Nursing Home Halloween Party

Thursday night was a real fun night at Slaton Nursing Home. A group of friends provided a program of old-time entertainment, in costume for the Halloween Party.

Vera Johnson gave a recitation of "Monkey", while dressed like a monkey and pushing a buggy with twin monkeys in it.

Bobbie Hogue was cowboy "Willie Joe" and Sadie Creswell was "Betsy Ann" a cute country girl. They sang several songs, including "Ole Cowhand", "Betsy", "Let the Rest of the World Go by" and "Drink My Java".

"PooElla" (Mrs. C. A. Porter), played the french harp, accompanied on the piano by "Minnie Pearl" Johnson. They played several songs, including "Turkey in the Straw", "Little Liza Jane", and "Tennessee Waltz".

Next came "String Bean" Weaver with his fiddle, accompanied by "Minnie Pearl" Johnson on the piano. They played "The Waltz you saved for me", "Just Because", "Put Your Little Foot", "Red Wings", and "Four Leaf Clover". Next, everyone sang

"Till we meet Again". Two young ladies assisted with crafts Tuesday and three helped Thursday to decorate for the Halloween Party.

The SUNBEAMS from First Baptist Church brought Halloween candy and visited with the home residents Monday night. Visiting were: DeAnn and Denise Dodson, Doug and Debra Chapman, Ward Kelly, Jeff Pullig and Jennie Milliken, Mrs. Bob Milliken and Mrs. Sally Pullig came with the children.

Sunday morning Bob Rose and Murry Vise brought the Bible Study program, Rev. J. L. Cartrite brought the Sunday afternoon worship service. Mrs. Charlene Webb and Gladys Brock from Wilson sang for the group in the afternoon.

Rev. Vernon Hagar and his family are on vacation. We hope they are having a wonderful time on their trip.

Eyes, Broomsticks and Bats Juice, Witches Rump, Bats Nests, Ghosts Thins, Jack-O-Lanterns, and Witches' Brew.

Margie Green won the prize for the best costume and Corlie Carpenter won the prize for staying in the musical game the longest. Each person passed a cup from one to the other, when the music stopped the one holding the cup, drew a silly thing to do.

Margie Green won the word contest. She came up with 51 words in ten minutes, using only the letters in Halloween.

Leuna Taylor and Helen Meeks won the prizes for the Cross Questions and Crooked Answers game. (Game: Divide into two sides, one side draws from the questions and the other side for the answers. Partners ask and answer three times without laughing or go to the end of the line. The first couple not to laugh wins.)

Dorothy McCormick won the grab bag gift by losing the most weight.

Helen Meeks and Margie Green furnished the games.

Wanda Hurst won the Pie Bingo. (Game: Draw a round circle and divide into 8 pieces. Put a name of a pie in each piece, then play as regular Bingo.)

Secret Pals were revealed and gifts exchanged. We drew for new secret pals and phone pals. If you fall to phone your pal during the week, and she gains, you have to pay her Pig Fine.

We also drew for sides for the next Salad supper, which will be our Christmas Party. The side having earned the most points will be fed by the losing side.

## Sla-Ton Tops Club

The Sla-Ton Tops Club held its annual Halloween Party Thursday night in the home of Billie West.

Thirteen members and two guests, Mrs. L. A. Hancock and Mrs. Corrine Leake, were present.

Irene McCormick won the Menu game by guessing the most foods we were going to eat. The Menu consisted of: Cat

## "DRUGS" To Be PTA Program

Captain Cox of the Lubbock Police Department will speak on "Drugs and Youth" in a program Monday night before the Westward PTA. Everyone interested is invited to attend, and everyone with children should be interested.

The program will include points on the parents preparation to meet the problem in their own children, as well as the effects of the drugs, how they are obtained by the young people, and signs that may signal the use of drugs.

The program will begin at 7:30 Monday night in Westward cafeteria. Can you afford NOT to be there?

## Sanders Pant & Top 'The Pant Corner'

720 South 6th, Slaton  
It's just a few weeks to Christmas and shopping time will be gone before you know it. Our pre-Christmas sale will be starting as you read this column. One special group of blouses, pants, and pant suits will go on the Sale Rack Friday, Nov. 6.

Our Sebastian sweater coats have arrived along with the "wet look" coats and bags. Holiday jump suits, gouchos and ponchos are featured items at "The Pants Corner", also. Keep in mind the "Discount Gift Certificates". It's an ideal way to shop for "special" people.

Spring market was alive with spun polyester and dacron, heading the spring review because of complete washability and easy care.

Come by "The Pants Corner" and browse in a "home" atmosphere. We are bad about "just visiting" here on "The Corner".

### Story Time Hour Set For Saturday

Saturday will be Storytime Hour at the Slaton Branch Library. Between the 10:30 a.m. and 11 a.m., film strips, stories and games will be presented to children from preschool through elementary grade levels. Storytime Hour is sponsored by Friends of the Library, with Mrs. R. C. Hall Jr., chairman, in charge of activities. It is held the first Saturday of each month. All children are urged to attend this free service.

New books have been arriving at the local branch from Lubbock, regularly. A few of the newest arriving are: Worlds Greatest Letters, Stories of Great Operas, two large type editions of Mister Roberts, Rembrandt, Love Story, Korean social life and studies, The Human Story, Sandy Shows Mystery, America's First World War, Animals that Hide, Bluff and Imitate, and Old Mac - Donald Had an Apartment House.

Record albums and books may be circulated for a three week period, art prints are circulated for two month period. Remember that National Book Week is Nov. 15 through Nov. 21st. Special book markers will

be given at this time. Several first grade students visited the local library last week and were excited over receiving their first library cards. No library card is required by teen-agers and adults, according to Mrs. Ted Melton, librarian. Books are photographed with names and addresses, and date due, by a regiscope device, which makes for faster checkouts. Library hours are 11 a.m. to 6 p.m. weekdays and 9 a.m. to 4:30 p.m. on Saturdays.

Craig of Levelland; a sister, Mrs. Lillie Singleton of Fort Worth; eight grandchildren and 12 great-grandchildren.

### Choir Project Is Cancelled

Conflicts of the Christmas season, along with lack of interest, have caused cancellation of a project to form a "Community Choir" here, it was announced this week by Bob Kern.

Idea for the community choir for the Christmas season was originated at a Chamber of Commerce directors' meeting, and Kern was named to guide the program. However, two called meetings failed to turn up enough choir members. "Of the people interested in the program, many were already committed for cantatas at their churches," Kern reported.

Crowded schedules during the holiday season also discouraged some potential members, he added.

### GOLDEN TOUCH OF HOSPITALITY BY JANE ASHLEY

Dress Broccoli with Cheese Sauce

To serve Broccoli with Cheese Sauce, begin by cooking the broccoli in a manner to seal in all the flavor, color and vitamins. Then top it with a creamy cheese sauce. To cook the broccoli, trim, wash and drain but do not dry. Place 1 tablespoon margarine, and desired seasonings in a saucepan with a tight fitting cover. Add broccoli and 1 tablespoon of water. Cook over medium to low heat 8 to 16 minutes or just until vegetable is tender, shaking the pan several times to prevent sticking and adding more water if necessary.

### Creamy Cheese Sauce

- 2 tablespoons margarine
  - 1 tablespoon corn starch
  - 1/2 teaspoon salt
  - 1/2 teaspoon pepper
  - 1 cup milk
  - 1/4 cup finely shredded cheddar cheese
- Melt margarine in saucepan. Mix in corn starch, salt and pepper. Remove pan from heat. Gradually add milk, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens, comes to a boil and boils one minute. Mix in cheddar cheese, stirring until cheese is melted. Makes about 1 1/2 cups.

**SMALL BUSINESS**

AS HEARD BY HEARD

**Light In the Grove**  
In discussing at length the problem of the welfare of independent enterprise under current conditions, Dr. Harmon propounds what he calls the "RUT" theory.

"R" stands for regulations from government; "U" is for harassment from unions; and "T" is for taxes.

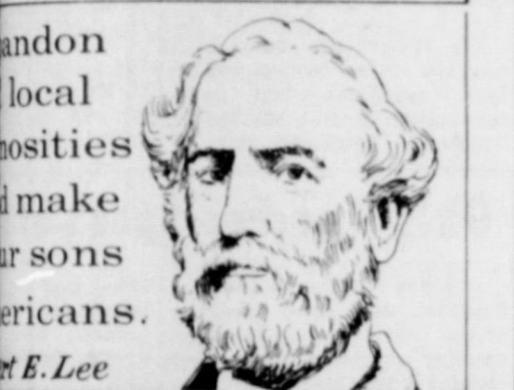

Pressures from these three parts of "RUT" he claims, is working to the detriment of small business.

For Dr. Harmon sets forth the following: "The typical small business owner is the political backbone of our nation. He must take an interest in his community—he has no alternative. He cannot hire this done. He must do it himself. He cannot get good employees to come there to live if it does not have good schools, a good hospital, police force, garbage departments, fire departments and church. He knows his property values vary with the community reputation. He is sensitive to laws regarding employment, taxes, zoning, immigration, conservation, and a long list of subjects. He knows the agony and expense of having incompetent people in public office."

In these days when there is so much drive to give Washington more and more power, it is interesting to note this point of light from the often shaded groves of Academe.

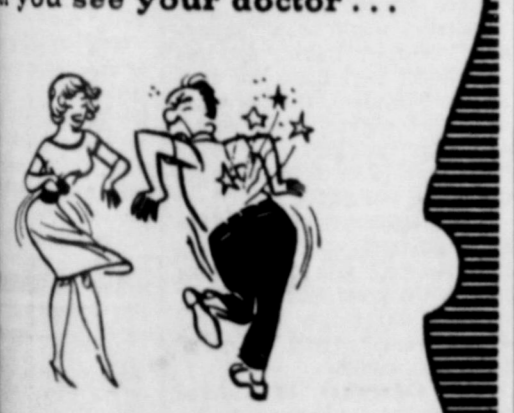

And that point is that preservation of freedom begins at home.

as stripping operations increased in all counties, according to W. K. Palmer, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This was reflected in the increase of cotton samples received at the U.S.D.A.'s Lubbock, Brownfield, Lamesa and Levelland offices.

The four classing offices classed 28,000 samples during the week ending Friday, October 30th. This brought the total classed this season to 40,000. Through October 30th last year only 10,000 samples of the 1969 crop had been classed.

Quality has been very good on these early harvested bales. Strict Low Middling was the predominant grade at Lubbock last week with 45 per cent of all cotton classed, Low Middling made up 13 per cent, Middling Light Spotted 15 per cent and Strict Low Middling Light Spotted 14 per cent.

Staple length averaged 31/32, fifty - four per cent stapled 31/32 and longer.

Ninety - six per cent of all cotton classed at the Lubbock office last week had micronaire readings in the premium range of 3.5 to 4.9.

Ninety - nine percent of the cotton classed at Lubbock last week had Pressley readings of 80,000 pounds and higher. Pressley is an indication of fiber strength and the most desirable Pressley reading is 80,000 pounds and above.

Trading increased on the Lubbock market and prices were higher.

his defensive team much -- they've given up only 17 points in five games and offensive miscues preceded each of the enemy scoring drives. Junior halfback Randy Davis is slated to replace Schuette on defense, with the senior moving to offense.

Slaton is 3-1-1 in district play and 4-2-2 on the season. Ralls is 3-4-1 and 2-3.

The Jackrabbits, coached by Tech-ex David Baugh, have a big and experienced team after moving up from Class A. Ralls lost only three lettermen from last season and has a tough line with guards and tackles hitting close to the 200-mark.

Norman Royce, 165, and little Kirt Wyrick, 135, spark the Ralls offense. The Jackrabbits opened league action with 18-0 and 19-7 wins over Post and Idalou, then lost a close 13-7 decision to Frenship. Denver City scored a 32-0 win, and last week the explosive Roosevelt team won a close 14-0 triumph.

Ralls lost to Floydada (41-0), beat Kress (20-15) and tied Crosbyton (6-6) before starting district play.

Statistics for Slaton's eight games show Rogers and fullback Alan Fondy a close 1-2 in rushing. Rogers had piked up 442 yards on 81 carries.

**FFA Chapter Citrus Project Underway Here**

The Slaton High School FFA Chapter started its local Citrus Project Sales this week, it was announced by Don Mitchell, vocational agricultural teacher.

The sale of selected oranges and grapefruit proved so popular last year that the chapter decided to use it again, said Mitchell. It is the club's only local fund-raising project.

The Texas "Ruby Red" oranges or grapefruit sell for \$5.50 for a 3/4 bushel carton (about 40 pounds). If one of the FFA members does not contact you, an order can be placed with Don Mitchell or Paul Johnson, FFA sponsors. Orders will be taken and the deliveries made on or before Dec. 15.

Mitchell said all fruit is "guaranteed to be first quality." FFA boys will compete for honors in selling the fruit.

Authorities would not disclose the name of the pilot. They said he apparently had no knowledge of a planned bank robbery. He was questioned but was not held in custody. Investigators quoted the pilot as saying he had been hired to meet the men on the dirt road.

McKnight, Young and Sornrude were named in complaints filed before U. S. Commissioner Frank R. Murray that charged them with conspiring "to rob the Wilson State Bank, a bank the deposits of which are insured by an agency of the U. S. Government, to wit, the Federal Deposit Insurance Corporation, by driving up to the door of the Wilson State Bank, wearing makeup, mustaches, costumes and disguises and armed with pistols."

The airplane which officers thought was to be used in the

get-away was rented. A Texas Ranger flew it back to a Lubbock airport. The "X" had been marked on the roof of the car so that it could easily be spotted from the air, officers theorized.

One officer said the suspects apparently did not go into the bank because they sensed that "everything was not right."

A team of officers -- including the FBI, Texas Rangers and Department of Public Safety -- were apparently well prepared for the robbery attempt. Two highway patrolmen and an FBI agent were huddled in a camper on the back of a pickup across from the bank. Other officers were down the street, and all roads were under surveillance going from Wilson.

Slaton Police Chief Head said Wednesday it was the "most efficient and organized police effort" he had ever been associated with.

# Defense, Sanders' Toe Gets Tigers by Tahoka, 3-0

A tough Tiger defense and a clutch 24-yard field goal by senior end Allen Sanders enabled Slaton to score a close 3-0 victory over the Tahoka Bulldogs here Friday night in a 4-AA contest.

The winning points came when Sanders booted the ball high and straight through the goalposts with only 15 seconds remaining in the game.

The Tigers had missed a scoring opportunity about two minutes earlier, but a fourth-down gamble by Tahoka was stopped by the Slaton defense and gave the Tigers another shot at the field goal.

The victory was Slaton's third straight in district play following a loss and a tie, Tahoka is now 2-3 in the 4-AA standings.

Defense was the name of the game Friday night, and the Tigers have proven themselves about the best in the league at that. Both teams spend much of the time between the 30-yard lines. Tahoka got the Slaton 24-yard line one time, but the Tigers pushed the Bulldogs back and took over on the 34. Tahoka also had drives as far as the Slaton 26 and 33.

Slaton drove to the Tahoka 5 and faced a 4th-and-4 situation with 2:25 left in the game. The Tigers set up for a field-goal attempt, but something went wrong on the snap and holder Alan Fondy attempted a pass that failed.

Tahoka moved out to the 14 in three plays and faced 4th down and less than a yard with 25 seconds left. The Bulldogs went for the first down, but the Tiger line stopped quarterback Cliff Gardner in his tracks for no gain.

Taking over on the 14, the Tigers drove it back to the 5 and went for the field goal on a 3rd-and-1 situation and no time outs left. This time the snap was handled smoothly, and Sanders left no doubts about the kick as he boomed it through with plenty to spare.

Tahoka had time for only two pass plays after the ensuing

kickoff, and the jubilant Tigers averted their third tie game of the season. Sanders had kicked a 30-yard field goal to help the Tigers score an 18-18 tie at Kermit, and last week converted a 37-yard field goal in the Lidalou victory.

Slaton's front defensive wall turned in another fine effort in the Tiger triumph, and it would be hard to choose a standout from ends Allen Walters and Paul Payne, tackles Dick Davis and Charlie Geer, guards Erad Winchester and Ish Ledesma, and linebackers Glen Akin Jr. and Ted Dixon.

The defensive secondary also turned in key efforts in holding the Bulldogs. Frank Self and Terry Mosser made crucial tackles from the safety position; Bruce Schuette intercepted a pass that launched a drive to the Tahoka 5, and Dub Simmons also gave strong support from his defensive half-back post.

Coach Ernie Davis went with junior quarterback Darrell Eastman all the way on offense. Eastman -- the southpaw passer -- hit on 4 of 8 passes for 45 yards, with five of his tosses coming in the last quarter. Fondy missed on two passing attempts -- one the desperation toss when the field-goal attempt misfired.

The Tigers rushed for 147 yards with Self and Donnie Rogers registering 54 and 51 yards, respectively. Fondy had 34 yards as the trio accounted for all but 8 yards on the rushing total.

Payne made two great catches and wound up with three receptions for 39 yards for the Tigers. Fondy caught the other aerial for 6 steps. Both teams punted five times and Fondy had a fine 35-yard average on his kicks.

Tahoka took the opening kickoff, and both teams ran three plays and kicked on their first possessions. Each team then

chalked up one first down each on their next possessions.

Slaton put together two first downs just as the second period got underway, moving to

the Tahoka 47 before a fumble stopped them. Tahoka hit two passes and moved to the Slaton 26 before a fumble was grabbed out of the air by Geer and returned several yards back to the Tiger 26.

Slaton then registered three first downs in moving to the Tahoka 37. There, however, the Tigers faced 4th-and-9 and Fondy punted to the Bulldog 5.

On the second play following the third-quarter kickoff, Rogers fumbled and Tahoka recovered on the Tiger 39. Three plays later, the Bulldogs was pushed back to the 50 and had to punt.

Tahoka started one of its best drives late in the third period from their own 42. They kept it 12 plays and drove to the Slaton 28 before the quarterback was trapped for a loss to the Tiger 34.

Slaton chalked up a couple of first downs, then punted out. Tahoka made one first down, then Schuette picked off a pass at his own 45.

A short Eastman pass was tipped and went up for grabs, with Payne winning the battle for the reception. Eastman fol-

lowed with another pass that was tipped by Sanders and wound up in Payne's arms for a 15-yard gain.

Fondy got 10 yards on a draw play that carried to the Tahoka 16, then Rogers picked up 9 yards in two trips. Slaton stalled at the 5 on fourth down, however, and the first field-goal try didn't come off.

Tahoka picked up 9 1/2 yards in three plays, then came the fourth-down gamble with Slaton holding and taking over. Fondy got four yards, then Eastman ran a quarterback sneak off to the right side to get the ball in front of the goalposts.

Sanders calmly kicked it through and it was all over but the celebrating for Slaton.

STOPPING THE BULLDOGS--Tahoka's Robert Montemayor (21) got by the tough Tiger line for one of the few times Friday night, but Slaton halfback Dub Simmons steps over a blocker to stop the run. The scoreboard in the background shows the situation as being 0-0 with 3:46 left in the period. Slaton finally got 3 points when Allen Sanders booted a field goal with 15 seconds left in the game.

The 8th graders have scored 234 points this season. Tom Mosser and a two-point conversion by Bill McClesky. Coach Joe Sparkman said he was "real pleased with the effort, except for our defense."

## AT TECH TONIGHT Shrine Bowl Slated

Lubbock (Special)--The Texas Tech Picadors return to action Thursday night as they host the Texas A&M Fish in the fourth annual Khiva Shrine Bowl.

The game will pit the undefeated Picadors against a winless Fish team. Tech has beaten New Mexico Military, 55-7, Arkansas, 24-6, and Oklahoma 18-10. The Fish have lost to TCU, 31-7, Baylor, 12-7, and Rice, 31-8.

The game will be the eighth between the two frosh teams, with the Picadors down in the series, 4-3. In last year's game, Texas A&M's Vance Kerbow flashed for 200 yards rushing to lead the Fish to a 35-0 blanking of the Picadors. Tech's last win came in 1967 when they pulled out a 21-20 heart-stopper.

Last year's Shrine Bowl proved to be one of the most exciting football games to be played in Jones Stadium. It pitted the Pica against a fine Arkansas team led by Joe Ferguson. The Shoats won 23-22 with Tech kicker Dickiegram just missing a 53 yard field goal with not much left showing on the scoreboard clock.

This year's contest will see two of the finest former schoolboy quarterbacks in Texas facing each other for the second time. Tech's Jimmy Carmichael and A&M's Tim Trimmer looked up against each other in the Texas High School Coaches

Association All-Star game this summer with Trimmer and the South coming out on top, 35-19.

Starting in the backfield with Carmichael will be running backs James Mosley and Joe Barnes. Mosley is the team's leading rusher with 226 yards. Barnes has 207. Also slated for duty at the runningback spots will be John Garner and Benjie Reed. Calvin Jones is the flanker.

Trimmer will split time with Mike Rigby and Mark Green at quarterback. Dwight LaBaue, Pat Herring and Bobby Merren will round out the Fish backfield.

The kickoff is scheduled for 7:30 with Shriner's pre-game activities to begin at 7 p.m. Admission for adults is \$2.50 and for students \$1. All proceeds above cost will go to the Shrine Crippled Children's Hospitals and Burns Institutions.

Tech students will be admitted on their IDs.

## Junior Varsity, Freshmen Host Lamesa Tonight

Slaton's Junior Varsity and the Tiger freshmen are scheduled to host Lamesa Tornado teams here at 5:30 and 7 p.m. today.

The freshman game will serve as the first game of the two-night doubleheader of football action. The JV contest will follow about 7 p.m.

The Tiger JV will be seeking its fifth win in a row. The team has a 4-1-1 record and has scored 127 points this season to only 27 for the opposition. Last week's scheduled game with the Coronado sophos was cancelled. Bill Shaha is the JV coach with Doc Mize assisting.

The Slaton freshmen are still seeking their first win of the season after six games. Lamesa, however, has one of the stronger freshman squads in the area.

## Junior High Teams Capture 7th in Row

Slaton's Junior High football teams continued their quest for undefeated seasons Tuesday at Ralls, scoring 28-0 and 14-0 triumphs in the 8th and 7th grade contests.

The games marked the seventh victories in a row for the junior high graders. The Slaton teams close out their regular season against Roosevelt Junior High teams here Tuesday, with the first game set for

5:30 p.m. There is a possibility the teams may make up a game with Tahoka.

Bobby Hightower scored two touchdowns in the second period to give Slaton's 8th graders a 14-0 jump at Ralls Tuesday. The second touchdown came with seven seconds left in the first half. Lupe Valderaz ran for two points after the second score.

J. D. Moore intercepted a pass to set up a 15-yard scor-

ing run by Valderaz in the third period. Ronnie Smith ended the scoring with a 7-yard run in the final period, and Moore kicked two points. Coach R. G. Copeland reported that both teams fumbled the ball away on a number of occasions.

The 7th graders took a 14-0 decision on two touchdowns by Tom Mosser and a two-point conversion by Bill McClesky. Coach Joe Sparkman said he

was "real pleased with the effort, except for our defense."

Heading up the line during play were Ricky Lopez, Culver, McClesky and Mike Charlie Haynes was a star on offense, also.

The 8th graders have scored 234 points this season. Tom Mosser and a two-point conversion by Bill McClesky. Coach Joe Sparkman said he was "real pleased with the effort, except for our defense."

## CALLAWAY WINS CITY TITLE Golf Champ Named

Rod Callaway, basketball coach at Southland, captured the championship of the annual Slaton City Golf Tournament this past week by defeating Ronnie Henry in the finals.

The annual tourney had been played over several weeks with players in four flights competing once a week. Dr. Don Hatcher was consolation winner in the championship flight.

Callaway replaces Carroll McDonald as the city champ. McDonald did not defend the

title, since he has moved to Hereford. Deanie Hatchett won the crown three times in a row before McDonald.

Other winners: First flight--Shorty Donaldson def. J. W. Holt, Allen Ferrell consolation; Second Flight -- Sam Ellis def. Ronney Jones, Johnny Haire consolation; Third Flight -- Bill Devers def. Harley Martin, Pete Lancaster, consolation; Fourth Flight -- Jackie Haire def. Wardell Owens, Robert Lee Mock, consolation.

## IN 20-13 CONTEST Pirates Edge Jal

The Cooper Pirates knocked off the highly-regarded Jal Panthers from New Mexico in a non-district grid battle at Woodrow Friday night.

The victory was the seventh of the season for Cooper against only one loss. The Pirates resume District 5-A action Friday night when they go to Plains for a contest with the Cowboys. The Pirates are 2-0 in district play.

Cooper built up a 20-7 lead in the fourth period to hang on for the 20-13 win over Jal. The speedy Panthers broke on two long-distance scoring plays.

Jal scored first when half-back Wendell New broke up the

middle on an 88-yard scoring jaunt. Charles Wallace kicked the point.

Cooper bounced back to grab a 7-7 tie before halftime when Nathan Griffin plunged over from the 1-yard line. Kerry Crutcher converted. Fullback Johnny Aleman smashed two yards in the third period to give Cooper a 14-7 advantage, then he capped another drive by going over from the three in the final quarter.

Jal got another score on a 62-yard run by Dale Cates, and Crutcher blocked the extra-point kick. Fine defensive play by the Pirates preserved the victory.

## Girls' Coaches Speak at Lions

Coaches Gay Benson and Bing Bingham were guest speakers at the regular weekly luncheon meeting of Slaton Lions Club Monday in the Community Clubhouse.

Coach Benson gave a preview of team prospects for the girls' high school basketball program, and Coach Bingham reported on the junior high girls' basketball teams.

Coach Benson reported the Tigerettes would miss "superstar" Marilyn Davis, who was a standout performer for four years. She also said the team would be shorter than usual, with only one girl over 5-7. "We hope to be fast and aggressive," she added.

The Tigerettes will be in the same district with the Tigers this season, with both teams playing the same school on most nights. Denver City is the only 4-AA team without a girls' basketball squad.

The Tigerettes have three tournaments -- playing at Tulsa, in the Slaton Invitational (boys and girls), and in the West Texas Invitational for girls which is being launched by Slaton Chamber of Commerce this year.

The Tigerettes play New Deal here next Tuesday at 8 p.m., and play Canyon here Nov. 17 at 8 p.m. The Slaton tourney is scheduled Dec. 3-5, and the West Texas Girls Invitational is scheduled here Dec. 28-31. The junior high girls were scheduled to play their first games Monday night.

J. C. McClesky, superintendent of schools, introduced the speakers. Arvin Stafford pre-

sided over the club meeting, introducing several new guests. He announced the club sold some 500 Halloween candy in a Lions project.

## Spaghetti Feud Set In Ralls

The Eastern Star is sponsoring a spaghetti feud from 5 to 7:30 p.m. at the Slaton-Ralls football field at Ralls Friday night. The invitation has been extended all Slaton fans. Tickets are purchased at the door. The supper will be served at the Ralls High School which is located across the football field.

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat -- you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

# Tax Decision Making Important Now To Farmers

A good knowledge of new Federal income tax laws could save a farmer many dollars in the next three months.

Farmers prefiguring their final tax bill for 1970 shouldn't overlook those 1969 revisions in the Federal tax code, many of which went into effect for the first time this year, Jack E. Jenkins, area farm management specialist with the Texas A&M University Agricultural Extension Service, says.

The Tax Reform Act of 1969 contains nine provisions that deal specifically with reporting income from the farm, as well as numerous other changes that affect all taxpayers.

"Producers would do well to consult the new regulations before deciding whether to buy or sell a particular item between now and December—or whether it would be more advantageous taxwise to wait until 1971," Jenkins said. "The goal of tax management isn't to avoid taxes, but rather, it is to minimize taxes paid, by taking advantage of all the provisions of the tax laws, as they apply to the farmer's particular operation."

Two of the Act's provisions affect the reporting of income from sales of livestock purchased for draft, breeding, sporting or dairy purposes, James L. Mallett, farm management specialist at Texas A&M said. Formerly, all such income could be treated as capital gains, which are taxable at the lower capital gains rate he explained.

"Previously, livestock used in the farm business were specifically exempted from recapture of depreciation," he said. "Depreciation claimed in the past could then be deducted from ordinary income that is taxed at the usual rates."

"Under the new law, the gain on the sale of livestock is to be treated as ordinary income, rather than a capital gain, up to the full value of previous depreciation deductions. This applies to depreciation taken after 1969."

The purpose of this change was to put livestock on the same tax base as other property used in business, depreciation on which is normally recaptured at time of sale, Mallett said.

"A second provision affecting livestock used for draft, breeding, sporting or dairy purposes, extends the holding period for certain animals before they can be sold and qualify for capital gains treatment."

he said. "The old law allowed a 1-year holding period. The new retention period for horses and cattle in these categories is two years for stock acquired after December 31, 1969. The holding period for other livestock remains unchanged."

According to Mallett, the objective of the 2-year provision is to assure that cattle and horses are in fact being held for the purposes specified, rather than for sale in the ordinary course of business.

Another revision in the tax law has to do with taxation of indemnities paid to farmers for crop damage or loss, Mallett said. The old law required farmers who used the cash accounting method to include crop insurance proceeds as a part of the year's income, even though the crop itself might not have been sold until the following year, he explained, adding that in effect, the farmer who customarily marketed his crop in

the year following harvest was paying taxes on two crops in one year.

"The 1969 Tax Reform Act eliminates this hardship by allowing farmers to defer the reporting of indemnities until the year following the loss, if they establish that under their usual practice, income from the damaged or destroyed crops would have been reported in the year following the year of the loss," Mallett said. "This provision

was effective for 1969 and subsequent years."

Other sections of the revised tax law that affect only farmers deal with limitation of farm losses, hobby losses, tax-free exchange of livestock of different sexes, recapture of soil and water conservation expenses and extension of the date for filing tax returns by farmers who do not file tax estimations.

"Year-end tax moves should

be aimed at leveling out income between tax years and avoiding the wide income swings into the higher brackets," he said. "You do this by deferring or accelerating income and deferring or prepaying expenses to fit your particular income situation."

Take a look at your total sales of both ordinary and capital items to date, then subtract all production expenses incurred to date plus all per-

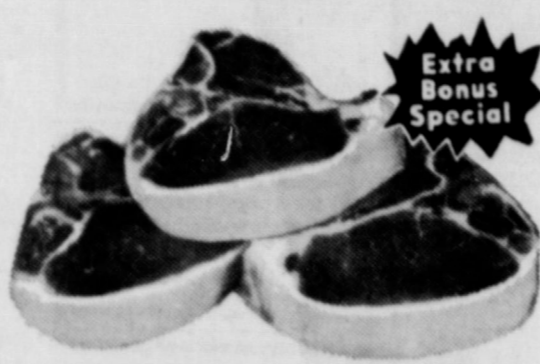

sonal exemptions and expenses plus amount of depreciation taken last year to determine taxable income picture.

"The amount of taxable income will tell you whether you should sell your stock and deduct before year end. If other production income is high, you should do just the opposite," Mallett said.

**TAX MAN SAM SEZ:**

A long time ago Congress decided to change the income tax law by adding the pay-as-you-go provisions. It didn't take most of us very long to find out about pay-as-you-go. Our employer gives us a very effective lesson every pay day.

However, the self-employed taxpayer and the taxpayer with income other than his salary or wages, doesn't always seem to understand that Congress provided the benefits of pay-as-you-go for him as well as the rest of us.

Filing an estimated tax form 1040ES and paying taxes quarterly is a nuisance. However, it is less expensive than the tax and the penalty and the interest that Internal Revenue collects if you don't.

### Curtis Hogue Is In Philippines

Curtis Hogue

AEAN Curtis Hogue, son of Mr. and Mrs. Sam Hogue of Slaton, arrived in the Philippine Islands last week. He reported a very tiring, but exciting trip, with stopovers at Hawaii, Wake Island and Guam.

"So many people live in cardboard houses, and sticks tied together for their homes. The weather is extra warm here in November, compared to our Texas weather," he stated.

Curtis' address is A.E.A.N. Hogue, Curtis D., B-15-24-23 H.C.-7-Cubi Point, P.I. FPO San Francisco, Calif. 96654.

### Mrs. Jones' Rites Will Be Friday

Mrs. Eliza B. Jones, 89 of 340 Arizona St., Slaton, died Monday in the home of her daughter, Mrs. Theresa Rainey, after a lengthy illness.

Mrs. Jones lived in the area for 39 years, moving from Lubbock to Slaton.

Funeral services will be held at 3 p.m. Friday in Trinity Baptist Church in Slaton, with Rev. M. A. Brown officiating. Burial will be in Englewood Cemetery.

Survivors include two daughters, Mrs. Sallie Brown of Lubbock, Mrs. Theresa Rainey of Slaton, one son, Edgar Brenhane, one brother, Wilmer D. Wilson of Lubbock, two grandchildren and eight great-grandchildren.

### Former Resident Dies In Hart

Mrs. A. L. Wilson, a former Slaton resident, was dead on arrival Saturday afternoon at Lubbock Methodist Hospital, following a car truck accident one-half mile west of Hart about 1:40 p.m. Saturday.

Mrs. Wilson's car collided with the rear of a truck loaded with corn.

Services were held at 2:30 Monday in the Sunnyside Baptist Church in the Sunnyside community. Rev. Mack Turner, Rev. W. F. Ferguson and Rev. M. D. Durham officiated at the services.

Burial was in Parklawn Memorial Gardens of Plainview. Mrs. Wilson moved to Hart from Halfway in 1959 after having lived in Slaton four years. She married A. L. Wilson Sept. 20, 1924 in Merkel. She was a member of the Sunnyside Baptist Church.

Survivors include her husband; a son Glenn of Hart; a daughter, Mrs. Harold Morrison of Edmonson; a brother Jack Meeks of Post; three sisters, Mrs. Willie Mae Dye and Mrs. Charlie Brown, both of Post and Mrs. Claude V. Miller of Lubbock.

### W. T. Singers Set Homecoming Here Sunday

The West Texas Singers will hold homecoming at Trinity Evangelical Methodist Church Saturday and Sunday here.

The public is invited to hear various quartets sing Saturday night at 7:30 and again Sunday from 1:30 to 4 p.m.

Halley Richardson of Slaton and Woodson Campbell of Lubbock, presidents, are in charge of the annual event.

### "Change Means Risk" is WSCS Program

Women's Society of Christian Service, United Methodist Church met Monday at 9:30 a.m. in the chapel. The meeting was opened with altar prayer and The Lord's Prayer.

Two hymns, "Love Divine, All Love Excelling" and "Take My Life and Let it Be" were sung by 12 members present.

Mrs. Ronnie Dunn read the scriptures Psalms 104 and Ephesians 4:1-17 and led program "Change Means Risk for Young Adults".

### Jr. Hi Parents Sell Books

The Junior High Parents Club will be selling booklets containing area ZIP codes and Phone Codes for the United States at \$1.00 per copy. Proceeds from their sales will be used to purchase basketball uniforms for the junior high teams.

Everyone is urged to buy as many of the booklets as they can use, and they can be assured that the money will be put to good use.

Anyone interested in the books can contact Melba Holland, president of the club at 828-6110, or Gene Self, at 828-3330 or any junior high student.

### Clinics Set For November 14 In Lubbock

The quarterly session of St. John's United Methodist Church Crippled Children's Clinic will be held from 1 to 5 p.m. on Saturday, Nov. 14, at the church, 15th Street and University Ave., Lubbock.

Conducted quarterly, the clinic is free for crippled children of the South Plains area. Four Orthopedic Surgeons and the sponsors for the clinic, the Fellowship Class of St. John's United Methodist Church, will supervise activities.

Physicians will be assisted by city-county health nurses from several area counties.

The clinic is financed through contributions, and clinic personnel arrange for braces and further care when needed.

Braces and appliances have been provided for 285 patients through the clinic. Approximately 720 pairs of shoes have been given to children since the first clinic session was conducted in 1963.

Children going to the clinic for the first time are to be accompanied by a parent or guardian.

## SOUTHLAND NEWS — MRS. TOMMY WILSON

# Basketball Starts A...

Well, I guess the "witches' brew" has all been drunk, and black cats, skeletons, and pumpkins have all been stored in the closet, to be used another year, and now you are eagerly awaiting the next holiday or special day! Let me see—guess Armistice Day will be our next holiday and then Thanksgiving and then Christmas! Wow! This year is nearly gone, but please don't ask me what I have accomplished, because that would be hard to figure out.

Our very dear daughter, Sherri, was home over the week-end. We were very glad to see her and it was a surprise, because we didn't know that she was coming, until Friday at noon. She rode home with Belva Becker, of Slaton, who had come home to attend the funeral of her grandfather, Charles Schaffner, of Slaton. The two girls left at 9:00 a.m. Sunday to return to T.L.C.

**BASKETBALL!** There will be a boys and girls basketball game here at the Southland gym on Friday night, Nov. 6 and they will be playing Union. Let's all go out and support these boys and girls! This will be a practice game.

Mrs. Ed Lieske spent a couple of days last week in Mercy Hospital taking some tests. She is at home now and feeling pretty good.

Mr. and Mrs. Don H. Pennell and Don Matthew visited with the D.D. Pennells on Sunday.

**CONGRATULATIONS to Mr.**

**Seat Belts**  
Failure to wear a car seat belt increases your risk of instant death or severe injury by at least 100 per cent. It boosts the risk of suffering some less severe injury by at least 40 per cent. The figures come from a study of actual accidents and their victims made by the Cornell Aeronautical Laboratory's Automotive Crash Injury Research Program.

and Mrs. Lewis Manuel Flores on birth of their daughter, Vanessa Ann, who came into this world weighing 7 lbs., 3 ozs. Lewis is a 1970 graduate of Southland High School. They are now living at 1120 South 6th, street in Slaton, May God bless this young family.

CALVIN WAYNE KLAUS

Mr. and Mrs. Calvin Klaus came to Southland on Sunday to visit with their parents, Mr. and Mrs. Otto Klaus, and to celebrate Calvin's birthday.

While here, he received a call from his mother, Mrs. Tommie Wilson, from Japan. "Happy Birthday," she said. The grandpa, Mr. Wayne, and the parents, Mr. and Mrs. Klaus, were all with him when he was born. Mrs. Klaus said that they were all happy to hear him real well.

Calvin Wayne has been home from the Navy for 4 years and is quite different, because he left he was only 17 and had just graduated Slaton High School and is a man. Everyone was excited and they are all walking in the house on Sunday with Mrs. Donald Klaus, Mrs. Cindy and Mr. and Mrs. Klaus, all of Wilson.

Mr. G. D. Ellis is patient at Mercy Hospital.

Please send or bring news before next Monday, until then, remember: "Worry never climbed worry never paid a bill worry never dried a tear worry never warmed worry never cooled worry never led a water worry never done a thing think it oughta."

### Do you hate the person next to you?

No? Well, surprise. He doesn't hate you either. Fact is, most of the problems of this world happen because we think others think the worst of us. Break the chain of hate in this world. Love your neighbor.

Break the hate habit: love your neighbor.

### Tasty-Topic

**CLAM AND GREEN PEA CHOWDER**  
1 can (10 1/2 ounces) condensed clam chowder, Manhattan style  
1 can (11 1/4 ounces) condensed green pea soup

### A LETTER TO A YOUNG MAN

To my Grandson, Steve Bourn

Steve, I remember anxiously awaiting your arrival, as you were to be our first grandchild. You were worth waiting for. Through our 15 years together, you have never disappointed me, and we've been close to each other in all those years.

You gave me a lot of reasons for being mighty proud of you. You have been a young man on whom people could depend; you cost me a great many \$1.00 bills for the agreement we had for straight "A" report cards; you looked out for your little brothers. And, I can't remember ever seeing you loose your temper or fall to obey your parents.

I don't presume to take any of the credit for that, for that credit belongs to Tim and Elizabeth, your mother and father. They did a mighty fine job with you.

Finally, Steve, I want to thank you for the lessons you taught me, both in your life and because of your death. I have learned the very important fact that it really is true that the full life, the complete life is not to be measured in the quantity of years but in the quality of that life. I thank you for opening our lives to the further realization of God, as you did with your love and the way you lived to the fullest the few years you had.

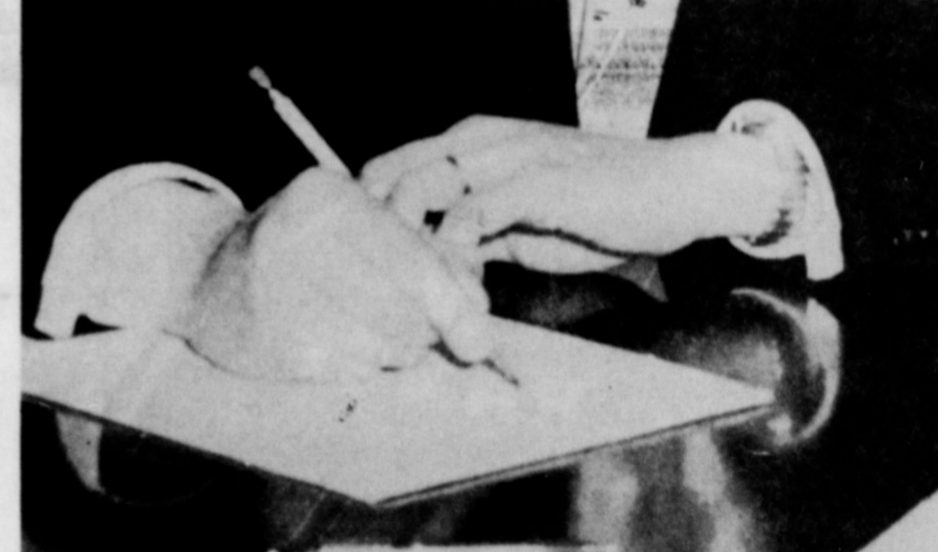

Thank you, Steve, I know heaven is brighter because you are there.

Your loving grandpa,  
Don Bourn

P.S. I hope you'll pardon this Steve, but I need to say a word to some of your friends because of what has happened. To each of you who prayed for Steve's recovery, thank you, and be sure, because of the fact that Steve died, is no reason at all for any of us to lose any of our faith. It is, in fact, all the more reason for our faith. Even though I loved him and miss him so, God knows best, and it is His will that must be done. He, God, didn't cause Steve's injury, or will that he die. That is a possibility and fact that each of us has to face, that of our own death. What God has done and is doing in all this is letting each of us come closer to Him through this experience that we're not strong enough to face alone. You see, "all things (really do) continue to work for good to those who love God."

"Whatever your task, work heartily, as serving the Lord and not men." —Colossians 3:23

There is work—and value—in the simple stroke of a pen. To some individuals, work means physical labor, something to be avoided, if possible. But the destiny of men and nations have been shaped by the stroke of a pen. It requires not a great amount of physical effort to make one's mark upon a scrap of paper. But the signing of a contract, a treaty, or any formal agreement, is much more—it is the conclusion of work, effort, thought and deliberation. It is the result of some kind of work that has been done.

Whatever your task in life, to dig a ditch, build a house, to lead, to instruct, to counsel, to guide—do it well, do it heartily. Make work of it.

## RULES DIFFERENT THIS TIME

# Game Is On: Predicting Effects Of New Government Farm Program

Plains, where the industry is economic well about every business, effects of new programs has all in the wings, this

But Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., points out that the game this year has to be played by different rules. "Moreover," he says, "all the rules haven't yet been made."

Cotton programs of recent years have been fairly simple to analyze. They have been distinct and separate parts of over-

all farm legislation, as were programs for wheat and feed grains. With permissible cotton acreage restricted within a narrow range and with the loan level controlling per-pound prices, from cotton has been largely a matter of arithmetic.

"But this situation will not exist in 1971, 1972 and 1973,"

Johnson notes. "The Act of 1970 is a vastly different approach under which an individual farmer's circumstances and his ability to make the right decisions at the right times will have a far greater impact on his ultimate income than at any time in recent years."

Under the 1970 act farmers will be required to "set aside"

a specified number of acres as a condition to receiving loan and payment benefits under each of the cotton, wheat and feed grain programs.

From that point, each producer will be largely on his own, with freedom to base decisions as to which commodity or commodities he will plant, and in what amounts, on the expected profitability of each under the

conditions that exist on his individual farm. And it is this new freedom of choice that makes farm income projections under the program so difficult.

About the only real means for comparing the old program with the new at this point is by comparing the guaranteed minimum per-pound income under both programs, and that

of course doesn't tell the whole story. The new program assures producers of 35 cents per pound or more for cotton, basis middling - inch, 3.5 to 4.9 micronaire.

The old program on the same grade, staple and micronaire basis, guaranteed 35.43 cents in 1969 and 36.50 cents in 1970. That puts the 1971 mini-

mum 1.2 per cent below 1969 and just less than 4.3 per cent below 1970.

The Secretary is given the authority to permit a farmer to plant all of his acreage, above the required set aside, to cotton, wheat or feed grains without losing his allotments for the other two crops. The feed grains program language says "... no farm feed grain base shall be reduced or lost through failure to plant if the producer elects not to receive payment for such portion of the farm feed grain base not planted."

The cotton provision is more complicated and subject to interpretation. It reads "The Secretary shall, in the event producers of wheat and feed grains are permitted to do so, permit producers of cotton to have acreage devoted to soybeans, wheat or feed grains considered as devoted to the production of cotton to such extent and subject to such terms and conditions as the Secretary determines will not impair the effective operation of the cotton or soybean program."

Johnson singled out this paragraph as an example of the broad authority which rests with the Secretary in administering the program. "In fact," he says, "the Secretary has such a wide range of powers and there are so many unknown factors at this time that it would be possible to visualize anything from a 50 per cent increase to a 50 per cent decrease in the income of a given farm as compared with the same farm for 1970."

The method to be used in determining cotton yields for payment purposes under the new program is one thing PCG

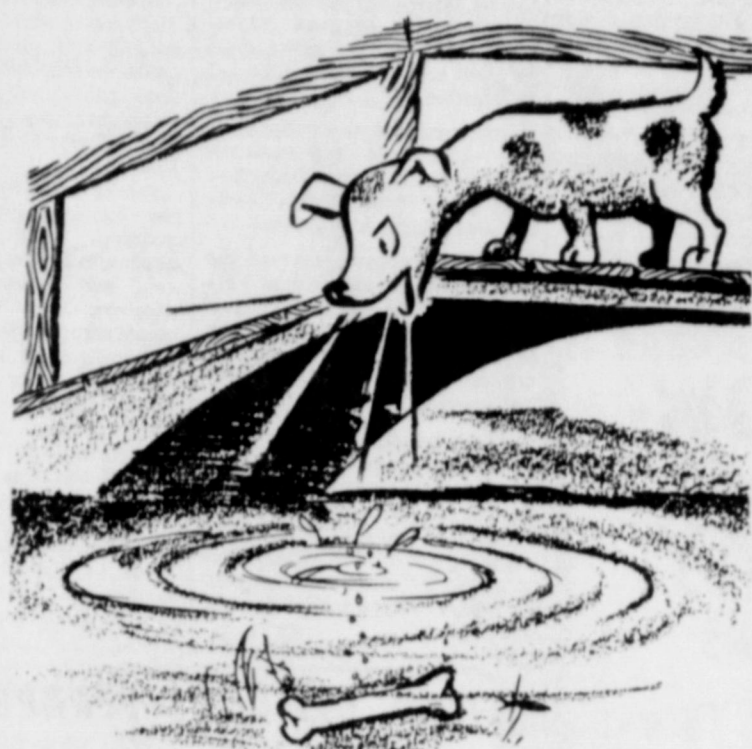

is pointing to with pride. The House version of the bill would have based payment yields on an average of the previous three year's actual production per acre. But PCG, working with other producer groups, was able to get into the law language that will permit producers to use their projected yield for 1970 in the average instead of the actual yields for 1968 and 1969.

Actual yield across the Plains was 492 pounds in 1968 and 349 pounds in 1969, for an average of 420 pounds per acre. The area's projected yield for 1970 is 499 pounds, a difference of 79 pounds per acre. And since in figuring the 1971 payment yield 1968 and 1969 will comprise two thirds of the average for three years, the yield on which producers will be paid in 1971 will be 52 pounds higher than it would have been without the "substitution."

At the minimum payment rate of 15 cents per pound, that comes to \$7.80 per acre, and on the Plains payment base of around 1,800,000 acres, to over \$14 million.

# The Dog and His Bone

AESOP, the well-known fable teller, wrote that story about the little dog . . . who went home one day with a nice bone. On the way he saw what looked like a much juicier one in the bright mirror of a water hole . . . but, in grabbing for it, he lost the bone he already had.

There's a good moral for one and all in this little story. But the educational value of fables must be appreciated. Because this one has been around for 1300 years and people are still risking . . . and often losing some of the good things they have by reaching for something that is more temptingly offered.

Like some of us here in this community . . . who go far and wide in a search for "better deals" and

thereby seriously undermine the economic structure which supports our own businesses and jobs, our fine schools and churches, and all the other elements of our well-ordered American small town life.

• In this community . . . right now . . . we could be enjoying much greater prosperity, much finer social and civic facilities . . . if we had but kept in our local economic bloodstream all of the money we have put into the upkeep and upbuilding of larger cities in years past.

### Agricultural Briefs

An experimental spray rig for applying postemergence herbicides to narrow-row cotton has proved successful in initial tests this past season.

The apparatus was designed and built by USDA Agricultural Engineer Alan Brashears and Weed Scientist Dr. Dudley Smith, both located at the Texas A&M University Agricultural Research and Extension Center at Lubbock. The rig follows the contour of the ground while spraying small emerged weeds in bare areas and under cotton plants.

"This rig is inexpensive, consisting of numerous trailing, angle-iron fingers that float along on the ground," explains Smith. "The fingers are hinged from a bar mounted on a tractor. These fingers are 20 inches apart but the flooding-type nozzle mounted on each one sprays a 40-inch swath horizontally."

With conventional spraying equipment, cotton plants often block part of the spray and some weeds are not killed, points out Smith. Also, some of the larger, heavier equipment tears up cotton planted in narrow-rows.

Roosevelt Tops Ralls By 14-0

The high-flying Roosevelt Eagles scored a 14-0 win over the Ralls Jackrabbits Friday night in a District 4-AA contest, marking the sixth win of the year for the Eagles against only two defeats.

Roosevelt travels to Tahoka Friday for another district battle, hoping to keep its winning ways and finish high in the 4-AA standings.

Quarterback Don Jackson -- leading scorer in the district-tallied one touchdown and passed to Steve Viney for the other in the triumph over Ralls last

week. Jackson climaxed a Roosevelt drive with a 1-yard plunge in the second period as the Eagles took a 7-0 lead at halftime.

After a scoreless third period, Jackson connected with Viney on a 15-yard pass play. Johnny Brown kicked the extra point after both touchdowns.

Jackson and his favorite pass receiver -- Viney -- rank 1-2 in scoring in the district. Both have tallied seven touchdowns. Jackson has run across two conversions to total 46 points, while Viney has one.

The Eagles hold third place in the 4-AA standings behind Denver City (5-0) and Slaton (3-1-1). Frenship is fourth with a 2-2-1 record. The Roosevelt offensive attack is the second best in points scored, registering 171 points this season to 199 for Frenship.

Wilson Romps Over Whiteface, 54-6

The Wilson Mustangs romped to a 54-6 victory over Whiteface's Antelope Friday night to even the Wilson record 1-1 in District 4-B.

The Mustangs, 4-3 on the season, will host the Sundown Roughnecks in an important district game Friday night. It will be homecoming at Wilson.

Arturo Vergara started the Wilson scoring attack last Friday with a 37-yard touchdown run. David Wied passed to John Fields on a 27-yard play as Wilson took a 12-0 lead in the first period.

The Mustangs had their most productive period in the second quarter. Greg Wied dashed 24 yards for a score; David Wied broke on a 77-yard scoring play, and Fields scampered 29 yards for another touchdown as Wilson forged a 30-0 lead at halftime.

Woody Follis returned a punt 80 yards to start scoring in the second half. Greg Wied tallied again on a 25-yard run. Whiteface got its only score in the third quarter on a 20-yard pass from Richie Marshall to Randy Peden.

Stan Meador ran 19 yards in the fourth period to end the scoring. Joe Vergara ran across two conversions for Wilson, and Steve Bednarz got another. Danny Trotter had an outstanding defensive game for Wilson, getting in on 25 tackles.

The Mustangs rolled up 443 yards rushing in the contest and registered 23 first downs. Whiteface had 148 yards rushing. Neither team had much success in the air -- Wilson completing 1 of 11 passes for 29 yards, and Whiteface hitting 3 of 14 for 39 yards. Mark Koslan and Joe Vergara intercepted passes for Wilson.

Mesquite Named Big Villain In Pollution

"We don't hear much about pasture pollution, in contrast to all the hubbalooboo about water and air pollution." So says Walter B. Moore in the November issue of The Texas Farmer - Stockman magazine.

Brush that crowds out grass is costly pollution. More than 88 million acres of Texas land are polluted by noxious brush. Mesquite, prickly pear, saltcedars and other woody plants have created a brush problem on about 8 out of every 10 acres of Texas rangeland.

Mesquite, for instance, is a heavy drinker, as well as displacing grazing. A stand that

shades half of an acre can use as much as 9 inches of water during one month of the growing season.

Mesquite is the worst offender among the useless plants that now consume more than 138 million acre - feet of water yearly in Texas, according to a U.S. Department of Agriculture report. That's about a dozen times the 11,588,000 million acre - feet of water that was used for irrigation in Texas last year, the Soil Conservation Service reports. Mesquite is also using about 10 times the amount of water that the Texas Water De-
