Prepares Christmas

Christmas is fast approaching and shopping days left on the calendar. The delight of the season comes to Slaton with the beautiful remembrance of Christmas is all about.

Businessmen and residents were all themselves swept up in the spirit of another festive Yule season as Santa Claus made his first appearance last night.

The square has already taken on a glow, and homes around the community are beginning to put on a happy, holiday glow.

There is no place like home for the Slaton merchants as well prepared to the tradition that Christmas means. They have gifts for the hard-earned persons "who have everything", and are eager to serve.

The Slaton Chamber of Commerce is also having a chance to win prizes to be given away by local merchants on Fridays in front of the Chamber for three weeks.

The Chamber is also planning a "Boss of the Year" award program, and to see how the merchants have for Christmas.

Legion Slates Coon Supper Here Saturday

Gil Moody, state department commander, American Legion, will be honored guest when Luther Powers Post 438 of Slaton holds its annual "Coon Supper" Saturday night.

The unique supper, sponsored by the Slaton post for several years, has drawn statewide recognition. The supper is scheduled for 7:30 p.m. Saturday in the Legion Hall.

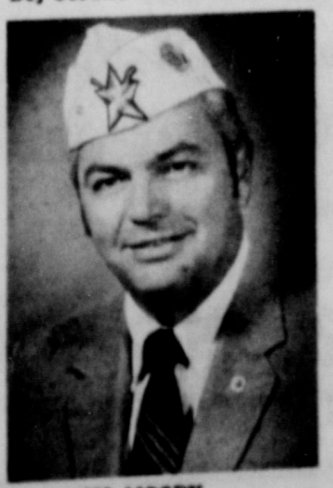

All Legion members and their wives are invited to attend the supper. For those who don't relish the taste of raccoon, other meats will be available, officials of the Post reported.

Other distinguished guests scheduled to attend include Harold Boston, 19th District commander from Brownfield, and C. G. McKenzie, department vice commander from Lubbock.

Moody, the state chief, is also from Lubbock where he is vice president of Citizens National Bank. A native of Wellington, Moody served in the U. S. Marine Corps and was a gunnery sergeant when he received an honorable discharge in 1951.

The Department Commander has served on many Legion committees, and has been a member of Posts at Houston, El Paso and Roswell -- where he was also an officer. He has also held several district, state and national appointments with the Legion.

Moody is active in civic affairs in Lubbock with the Lions, Chamber of Commerce, and Boy Scouts. He is also a Shriner.

'Have Mercy, Keep Mercy' Is Slogan For Hospital Campaign

The drive to keep Mercy Hospital formally gets underway Tuesday night when the business solicitation committee holds a kickoff meeting at the Chamber of Commerce office, it was announced Wednesday by campaign chairman Robert H. Davis.

Slaton Hospital Memorial Foundation, a community, non-profit corporation formed to take over operation of the hospital, had previously announced plans for a financial drive to assure needed repairs and modernization of the Mercy Hospital facility.

Goal of the drive is \$70,000 and the entire month of December will be set aside for the campaign. Slogan for the funding drive will be "Have mercy, keep Mercy!", it was announced by Davis.

The drive will be worked in sections, with volunteer contributions being solicited from all parts of the community. The kickoff meeting Tuesday at 7 p.m. will be for business leaders who have been asked to solicit donations from business, professional and industrial firms and institutions.

Davis said pledge cards would be provided for firms who wish to pay their donations out over several months. All donations will be tax deductible to the non-profit foundation.

The Foundation's board of governors, headed by Bill Sewell, has been making plans to take over the hospital from the Sisters of Mercy. The proposal for the community to operate the hospital was initiated by the Sisters, who reluctantly announced they could no longer make the commitment to the community.

'Newspaper' Pictures In Slatonite Window

A window display of pictures made by 8th grade language arts students using bits of newspaper can now be viewed in the window of THE SLATONITE building.

Students designed and produced the pictures using bits of newspaper and paste.

Pupils were told of this assignment to be at the first of the school year; then they were given a 10-day notice of due date. Many pupils decided early on their pictures and the colors to use and saved carefully for those colors from the newspaper.

Planning, care, imagination -- these are as important to a good foundation in language arts as "plain spelling and writing", according to teachers, Mrs. William A. Carnes and Mrs. Willard V. Childers.

The volunteer financial drive is planned to cover all segments of the community, including rural areas surrounding Slaton. The vital need for a hospital -- both for humanitarian and economic reasons -- will be stressed during the campaign.

JAYCEES PLAN ELECTION, CHRISTMAS TREE PROJECT

The formation of a new Jaycee chapter in Slaton will take a giant step forward tonight when the fledgling club elects officers and votes on a constitution and bylaws.

The meeting is scheduled for 7:30 p.m. in the Slaton C of C meeting room, according to Jim Newhouse, organization chairman. Eleven young men attended a briefing session held here by the Lubbock Jaycees last week, and men ages 21-35 interested in being charter members are invited and urged to attend the meeting tonight.

The club is already planning to sell Christmas trees as a fund-raising project. It was announced by Terry Niemeyer, projects chairman. If the trees can be obtained, the Jaycees will start the Christmas tree sales this weekend on the south side of the Post Office.

Organization of the club was initiated by the Lubbock Jaycees as an extension project. George Gandy, president of the Lubbock chapter, and John Lipski, extension chairman, were two of the men at the briefing session last week.

A new wintry chill, accompanied by drizzling rain and sleet, blanketed Slaton and the South Plains region Tuesday and Wednesday and interrupted the cotton harvest just as it started to gain momentum.

The mercury climbed to only 32 degrees here Tuesday, according to a report from the Pioneer Natural Gas Co. office, after a low of 30 early Tuesday morning. Light rain and some sleet was recorded both Tuesday and Wednesday, and the possibility of snow was forecast for Wednesday night.

The temperature had climbed to 74 degrees Friday, but then the cool trend set in fast. High Saturday was 59, dipping to 46 on Sunday and Monday. A dense fog accompanied the wintry weather here Tuesday night, while snow fell on north in the Panhandle.

The chilly blast put a real damper on farming activities,

coming just at a time when cotton growers were beginning to put the harvest into high gear. Farmers were hoping for clearing conditions so that the cotton harvest might resume as soon as possible.

The four U.S.D.A. Classing Offices at Lubbock, Brownfield, Lamesa and Levelland classed only 24,700 samples during the week ending Friday, November 26th. A large part of this cotton was harvested during the previous week. Total classed this season was only 55,000 through Friday, compared to 813,000 at this date last year.

The current crop is two to three weeks later than normal due to unfavorable weather conditions during the spring and summer months.

Low Middling Light Spotted was the predominant grade at Lubbock last week with 32 per cent of all cotton classed. Strict Low Middling Light Spotted made up 31 per cent, Strict Low Middling 10 per cent and Low Middling 16 per cent.

Staples were predominantly 30 to 33. Nineteen per cent had a staple length of 30, 31 per cent stapled 31, 25 per cent was 32 and 12 per cent was 33.

Thirteen per cent of the cotton "miked" in the Lubbock office was in the premium range of 3.5 to 4.9, 11 per cent "miked" 3.3 and 3.4, 36 per cent 3.0 through 3.2, 29 per cent was 2.7 through 2.9 and 11 per cent was 2.6 and below.

The Consumer and Marketing Service of the U.S.D.A. reported increased trading in the new crop cotton. Prices were higher for cotton with micronaire of 3.0 and better and slightly lower for cotton with micronaire of 2.9 and below.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Low Middling 31 - 26.80, Low Middling 32 - 26.90, Strict Low Middling Light Spotted 31 - 27.00, Strict Low Middling Light Spotted 32 - 27.20, Low Middling Light Spotted 31 - 26.65 and Low Middling Light Spotted 32 - 26.70.

Prices paid farmers for cottonseed ranged from \$44 to \$70 per ton with most prices in the \$48 to \$53 range.

C of C Plans Home Lighting Yule Contest

The beautification committee of Slaton Chamber of Commerce has announced plans for another Christmas Home Lighting contest, with two prizes to be awarded in each city ward.

Ten dollars will go to the first-place winner in each ward, and \$5 will be awarded to second place. Each ward had a committee to select "Yards of the Month" during the summer, and these groups will pick the Christmas decoration winners.

Jonas Cain is overall chairman of the beautification committee, and the four ward chairmen are Mmes. O. B. Allen, Bill Smith, E. C. Davidson, and J. S. Edwards.

Miss Basinger Honored

Miss Nancy Basinger, bride-elect of Dicky Wallace, was honored with two showers the past week.

A surprise lingerie shower was given for her Friday afternoon in the party room at Citizens State Bank. The shower was given and attended by women employed by the bank. Individual gifts were given the honoree.

Miss Toni Melcher honored Miss Basinger with a spice and rice shower in her home Saturday.

A special guest was the honoree's mother, Mrs. Virgil Smith. Miss Basinger was presented with a spice rack and recipe box.

Nursing Home Gift, Local Project

Christmas will be a happier holiday for the residents of Slaton Nursing Home if they get their new stereo - radio for the lobby.

Area and local residents have started a project to purchase the unit from Wendel T.V. and Radio in Slaton. It has been chosen, and may be seen at Wendel's.

Donations toward the purchase will be accepted at the store, at the Nursing Home, or by Mrs. Arlene Heck at Wilson. Anyone wishing to apply to the purchase may leave their money there.

The peau de sole bodice was enhanced with a yoke of chiffon and venise lace. The high collar and fitted sleeves of venise lace were accented with satin. Her elbow-length veil of bridal illusion fell from an arrangement of peau de sole loops with fabric daisies.

The detachable train flowed from the empire waistline to chapel length, and was accented with chiffon and lace. She carried a cascade of white carnations surrounded by yellow daisy pom poms with yellow and green streamers.

Donna Moerbe served her sister as maid of honor. Bridesmaids were Darcy Williams, Karen Moerbe, and Barbara Talkmitt.

FOOT NOTES

BY MARGRET BARTLEY

Have you got your Christmas tree up yet? We couldn't let the stores get set up for Christmas without doing our own decorating, such as it is. I am brow beat by three kids, two with very strong opinions on the subject, and one who will go along with them on anything. So, we now have our Christmas tree in place, with a lonely little manger scene nestled in the "snow".

The four bulbs broken during the decorating were replaced with bright plastic angles, snowmen, and Santas. I also found out how much fun it is to take a broken bulb, and finish smashing it into little pieces.

In the first place, everyone is so anxious to put up the tree, then they end up arguing because the other one is doing it all wrong. Bud strings the tinsel wrong, Sissy doesn't have enough ornament hangers, and Pigtail hangs seven bulbs on the same branch.

I think each one should have their own special tree to decorate as they please. Me too! Then everyone would be happy I guess.

Of course, when the tree is up, presents are supposed to appear under it. That's only natural. So, out with the few "early" presents, which of course have to be wrapped by "the group". The end results of that, I am embarrassed to put under the tree, but it must be done. It does add to the holiday look, and I have one consolation. I know the two year old will probably have the wrappings torn and soiled before giving time, and I will have a chance to re-wrap things.

Of course, I learned a long time ago that breakable gifts do NOT go under the tree. Also, you do not put a gift under the tree for one of the children until you have one apiece under there. If there's one without a name, they first question, then nag, then DEMAND to know who gets the goodie!

Here is another idea for children's gifts. No matter what the gifts are, wrap them in boxes approximately the same size. It really hurts the pride for someone else to have a present bigger than yours. What the gift is doesn't matter until opening time comes, but how BIG it is, matters during the waiting period.

I heard a kid, with more experience than mine, telling them how to handle the "want list". In stead of telling Santa Clause all the things you want, just tell him the big things. Then when Grandma happens to ask what you want, tell her something else on your list. The same goes for the other grandparents, uncles, aunts, etc.; tell them each a specific gift you just can't live without. It comes out better that way, he says. You know Santa will just bring some of the stuff, and everyone else will pick out what they want to get for you. But if you give them a definite "I want", they are more liable to get something from your list. He called it his "system".

We are made more aware now of how time flies these days. Instead of having "Only 23 more shopping days until Christmas", now we have "Only 4 more Saturdays until Christmas". Doesn't that make it seem close? I To the kids, that's a long time, but for me, four Saturdays pass pretty fast!

One of these days, we will get up on the other side of the bed and wake up with the Christmas Spirit. I think it would help, amidst the hustle and bustle of holiday shopping, if we would try shopping with the real meaning of Christmas in our minds.

When you see someone grabbing and shoving in the rush, do you believe their warm friendly greeting sent in the Christmas card?

"The real Christmas feeling, That warm friendly glow, Comes from greeting the people We're happy we know!"
"To wish you many blessings at Christmas time and throughout the coming year". "May this Joyous Season and the Coming Year bring you Peace and Contentment".

Let's try to bring this feeling into our shopping and other holiday preparations this year. I think it's worth a try. If no one else notices, YOU will still know, and I hope, feel better for your attitude!

JOY AND HAPPINESS!

COTTON PICKIN' TREE--Mrs. Roy Saage, Rt. 2, Slaton, is shown with her Christmas tree made of cotton bolls. She got the idea from her sister-in-law, Mrs. A. L. Norman of Crossland. The tree is made up of a styrofoam cone wrapped with twinkle-lights, then covered with the green painted cotton bolls.

MR. and MRS. ERNIE DAVIS and children spent the Thanksgiving holidays visiting his mother, MRS. J. C. BEAVER of Breckenridge and his brother and family, the DONALD DAVISES in Abilene.

CHRISTMAS ANGELS---Mrs. Joyce Peak has completed three angels for Christmas decorations to be used in her home. She is still working on two more that will be finished soon. The angels bodies are made of plastic bottles filled with dirt, the faces are styrofoam balls decorated with gold scratchers for hair. The robes are made of white felt. (SLATONITE PHOTO)

ITEM: Women, shopping alone, made up 42% of a supermarket's customers. When two women shopped together, they spent 88 cents more than when they shopped alone, a recent study revealed.

ITEM: The rate of increase in agricultural productivity in the last decade outdistanced nonfarm industry. Output per man-hour of work in agriculture increased 73 per cent, while in nonfarm industry the increase was 31 per cent.

Prime Time For Crime

Since the three wise men came bearing gifts to the Christ child, the Yuletide season has been observed as a time of generosity. For most people, it exemplifies the spirit of giving.

But for some it has more to do with the spirit of taking.

With Christmas shopping in full swing, money flows more freely. People carry more cash and tend to guard it with less care. Opportunities for the criminal are greater.

A loosely guarded purse in a grocery cart, a pile of packages in the seat of a car, or around the Christmas tree in almost ANY house, provide the target during this "prime time for crime."

You can protect your property from the purse snatcher or the thief by taking a few simple precautions:

Take with you shopping no more cash than you actually need. Keep a firm grip on your purse at all times; keep your wallet in an inside pocket.

When packages are left in your car, lock them in the trunk, out of sight of the car burglar.

Keep your house locked; leave a light on inside when you are away at night.

And help protect your neighborhood by being alert to suspicious persons or circumstances that may signal a crime about to happen. Don't be crime's silent partner; report all offenses and suspicions promptly to police.

RIBBON TRICK

This is the time of year the "string savers" come into their own. If you carefully unwrapped Christmas gifts last year, then folded papers and rolled up ribbons, now's the time to look over your savings. You can make ribbons look and feel like new, even tie like new, with spray sizing. Magic sizing, sprayed on as you press, turns last year's limp loot into "like new" trimmings for this year's gifts.

Big Waste? Farm animals in the United States create some two billion tons of waste a year.

CHRISTMAS, CHRISTMAS TIME IS NEAR---What kind of home to two-year old Tammy Gickhorn as Christmas around the corner? Tammy is the daughter of Mr. and Mrs. Gickhorn of Wilson.

Wrap Makes Register Ring

Register bells are throughout America to the tune of an \$750 million spent on Christmas gift wrapping.

ITEM: Leftovers, when assigned a specific place in the refrigerator, are more likely to be used. Place them in glass containers or plastic bags as visual reminders of good food to be used, thus saving the cost of buying other foods.

Boys' And Girls' Divisions

Tourney Starts Today

The annual Slaton Invitational Basketball Tourney most gets underway at noon today and continues through Saturday, with champs to be determined in both boys and girls' divisions. The Tigerettes of Slaton will

be seeking their fifth straight title in the tourney. Brownfield won the boys' title last year, and the Tigers were runners-up.

The format will be changed this year in the boy's division, where a round-robin event is scheduled for the five teams. Each team has four games, going against the other four schools entered, and the winner is determined by the best win-loss record. Competing will be Roosevelt, Post, Littlefield, Colorado City, and host Slaton. A regular bracket-type tourney will be played in the girls' division, where six schools are entered -- Tahoka, Roosevelt, Abernathy, Post, Lorenzo and host Slaton.

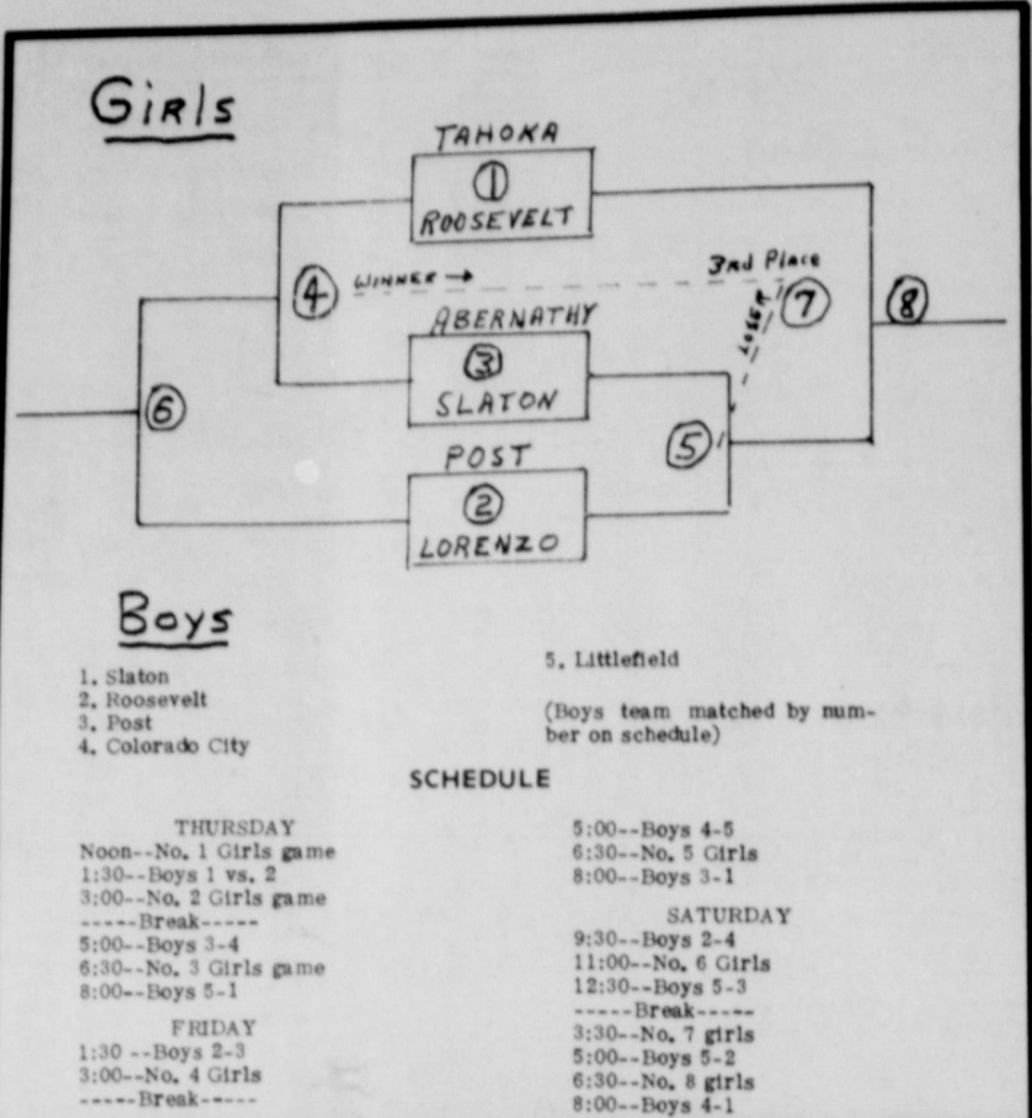

Games will start at 1:30 p.m. Friday and 9:30 a.m. Saturday.

Pairings for today: Noon -- Tahoka vs. Roosevelt (girls), 1:30 -- Slaton vs. Roosevelt (boys), 3:00 -- Post vs. Lorenzo (girls), 5:00 -- Post vs. Colorado City (boys), 6:30 -- Abernathy vs. Slaton (girls), 8:00 -- Littlefield vs. Slaton (boys). Check the accompanying bracket and schedule for the tourney games. The boys' teams are numbered, and games can be determined by checking the number of the team. The girls' games are numbered in the tourney bracket.

Championship and runner-up trophies will be presented Saturday night, and an all-tourney team is to be selected.

STOPPING A BULLDOG--Wilson had to stop Alvin Williams (31) to capture the bi-district title over Anton last week, and Mustangs Arturo Vergara (20) and David Savell (50) were on the scene for the tackle in this action photo. The Mustangs scored a 36-23 victory over the previously unbeaten Bulldogs.

TWO FOR TIGERETTES--Jan Davis (44) puts in a handed book shot for Slaton in action from the Saturday night win over the Tulla girls. The Tigerettes have cut out six wins against just one loss this season, and are out to defend their title in the Slaton Tourney this week. (SLATONITE PHOTO)

Lyndon Maeker Still Bowling

Lyndon Maeker, son of Mr. and Mrs. Ed Maeker of Rt. 2, Slaton, was featured in a magazine published by the company he is employed by, Rockwell Manufacturing Co. in Houston. Two pictures of Maeker are used in the article, one when he lived in Slaton and one now. In both pictures he is bowling. The first picture taken and published in The Slatonite in November of 1961 tells that he had bowled three perfect games, all during one year's time. He was one of the five "Smoothies" to place second out of 12,000 teams in a National Tournament held in Iowa. In 1971, the company photographer took his picture when he was bowling an average of 195.

Newman was second with an 8-4 reading, Ball and Dee Bowler only 6-6 marks, still four games out front of Newhouse for the season, and Nieman is five back of the runner-up. Some of the playoff games are tough to pick, as reflected by only a 7-5 mark for the consensus column last week. Post Exes Win Benefit Game For Bourn Fund

The Post Exes scored a 20-0 win over Slaton Exes in the Steve Bourn Scholarship Bowl here Saturday night, avenging a 13-6 loss to Slaton in a benefit game played a week earlier in Post.

The Slaton game grossed \$308, and the proceeds will go to the Bourn Scholarship fund.

Post was presented with the travelling "Bourn Scholarship Trophy", and the exes will vie for possession of the award again next year.

Anthony Altman of Post was named as the outstanding offensive player Saturday night, while Dale Wimmer of the Slaton team drew the outstanding

defensive award.

Members of the exes team extended their thanks to M. W. Kerr, Coach Ernie Davis and the Slaton School system for helping make the benefit game possible. Appreciation was also expressed to KCAS Radio, The Slatonite, and the fans who attended the game.

BENEFIT GAME ACTION--Slaton's David Westbrook (25) is chopped down by a Post tackler in action from Saturday night's Steve Bourn Scholarship Bowl game at Tiger Stadium. Bruce Schuette (33) is in the background. Post exes won the benefit tilt here, 20-0, after Slaton had won a match at Post the week before, 13-6. Proceeds from the game here went to the Bourn Scholarship fund. (SLATONITE PHOTO)

Tigers Surge to 4-1 Record, Girls Win First 4-AA Contest

The Slaton Tigers lost their first game of the season at Colorado City Tuesday night, while the Tigerettes started District 4-AA play with a decisive victory over Post.

The Tigers won two of three games played the past week to run their record to 4-1, and the girls won three to put their won-loss mark at 6-1.

Both teams will be hosts in the annual Slaton Invitational Tournament this weekend. The Tigerettes are defending champions in the girls' division. Monday the Tigers will host Littlefield in A and B games, while the girls play a B game. Tuesday the Tigers host Colorado City and the Tigerettes host Coahoma. Both varsity teams are in the Tullia Tourney Dec. 9-11.

The Tigers' first defeat was an 87-82 decision at Colorado City Tuesday night. Tommy Taylor and Lloyd Kitten led the Slaton attack with 22 points each. Jerome Hopkins hit 35 for the winners. Slaton won the JV game with T. W. Whitfield tallying 22 and Steve Nieman 16.

The Tigerettes rolled over Post by 69-32 for a district win Tuesday at Post. Karla Kitten and Dru Beard sparked the triumph with 27 and 25 points, respectively. Jackie Moore hit 15 for Post. Slaton led by 33-14 at halftime. Goria Gass, Elnora Moore and Patsy Gamble were tops on defense.

The girls' JV won a 55-25 victory at Post with Elaine Boyle, Cindy Kenney and Doris Meurer hitting 16, 15 and 14 points.

In games here Saturday, the Tigers downed Tullia by 75-65 and the Tigerettes scored a 48-25 triumph. Kitten and James Conwright led the Tigers with 20 points each while Darrell Eastman and Jim Melton hit double figures, too, with 14 and 12 points. Conwright led the rebounding with 13.

The girls rolled to a 48-25 win over Tullia with Karla Kitten and Gretta Stricklin leading the way on 13 and 11-point outputs. The Tigerettes led by 28-13 at halftime and hit on 14 of 25 free shots. The JV girls won a 33-22 decision with Boyle scoring 15 for individual honors.

In two other games last week, the Tigers downed Crosbyton by 82-63 and the Tigerettes defeated Coahoma by 43-34. Both junior varsity teams also won.

The Tigers had five players in double figures in the Crosbyton triumph. Kitten hit 29, followed by Taylor with 13, Conwright 11, and Eastman and Melton 10 each. Taylor was top rebounder with 13 to his credit. The JV scored a 54-

34 win with Whitfield and George Whaley tallying 12 each. At Coahoma, Kitten and Stricklin hit 19 and 15 points, respectively, to lead the 43-34 win. Slaton led by 31-14 at halftime. The JV won an easy 63-42 triumph with three girls scoring in double figures -- Boyle 21, Kenney 20, and Meurer 19.

The freshmen girls won a close 33-31 victory over Post here Monday night as Rosemary Scott led Slaton with 16 points. The girls won a 36-15 decision at Frenship last week with Scott and Darla Shackelford leading the scoring.

The freshmen Tigers won a 40-35 victory at Post Monday night. Billy Thomas and Glen Heinrich led the scoring for Slaton.

Roosevelt Success Story Ends In 14-6 Regional Grid Defeat

State title hopes for Roosevelt were dashed Friday night at the 14-6 loss to Childress in the Class AA playoff game.

Roosevelt's success story in the playoffs ended Friday night at the 14-6 loss to Childress in the Class AA playoff game. The Eagles managed only 26 yards rushing, but wound up with 122 passing. Childress ground out 258 yards rushing and netted 44 on passing. The Cats had 18 first downs to only 7 for Roosevelt.

Roosevelt's score came on a pass play from Ricky Hightower to David Hammett, but David Vasquez and two Childress players also figured in the play. Hightower's pass went off Vasquez's hands and was tipped by a Bobcat defender, then the alert Hammett grabbed the ball out of the air and dashed the remaining 40 yards for a touchdown. The play started from the Eagle 26.

Childress had marched 58 yards for the first score, with Larry Johnson covering the final 25 yards on a touchdown run. Johnson was the rushing leader in the tilt, slamming through the Roosevelt line for 167 yards.

The Bobcat score came on the first play of the second quarter, then Roosevelt bounced back with the "bomb" with 5:39 left in the first half. Jim Matsler's kick was ruled off the mark, and the Cats still led by 7-6.

Hammett picked off a Bobcat pass to kill a Childress threat before the halftime rest came. Childress came back to control the ball in the third period, giving Roosevelt only four plays during the period.

Childress drove 74 yards for the insurance touchdown, using 14 plays in the drive. Roosevelt almost stopped the drive at the 16, where the Cats faced a fourth-and-four, but a Childress back slipped a tackle behind the line and got 8 yards.

Johnson was stopped for no gain by Mann, but quarterback Turk Nelson fired a pass to end Danny Lancaster for a touchdown from the 8. David

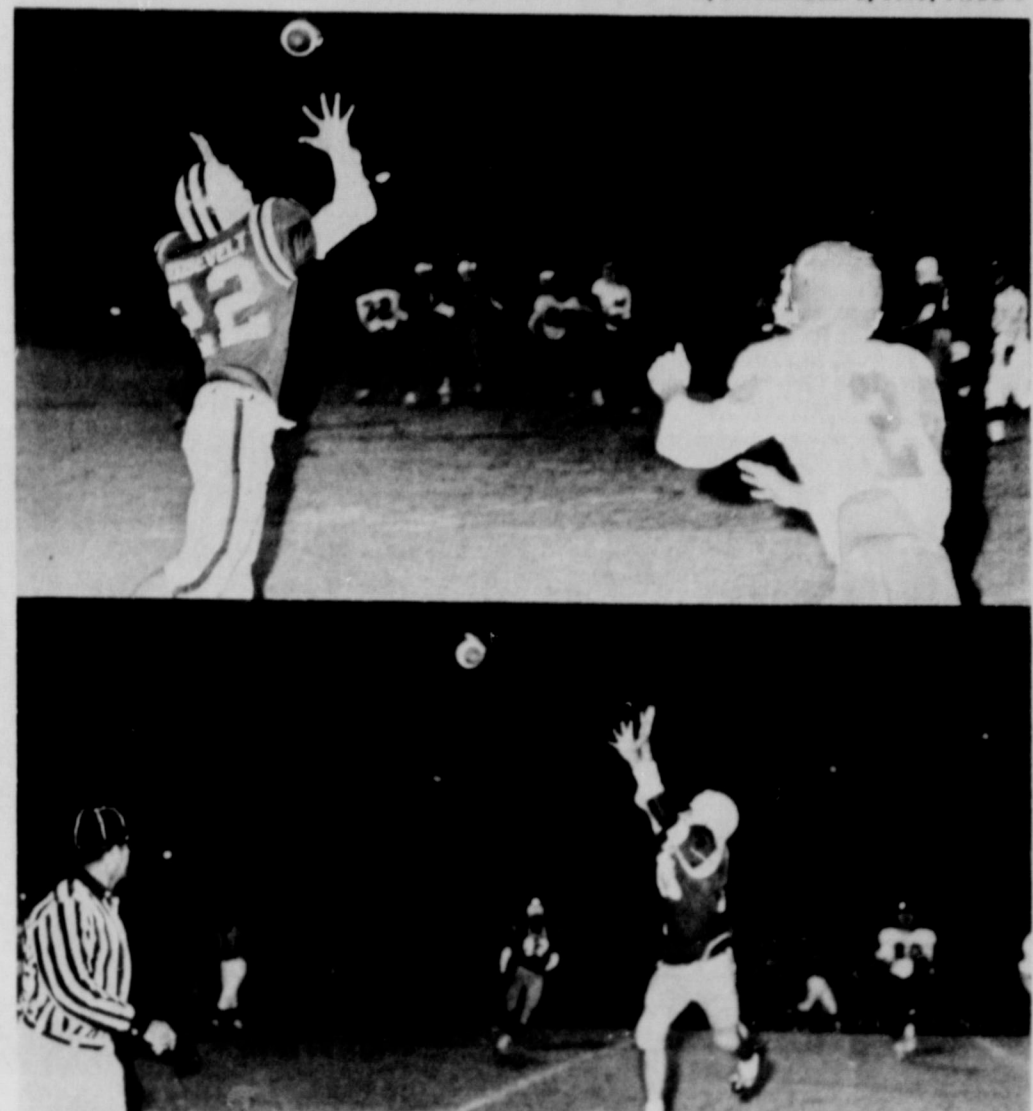

Bradford added his second extra-point kick. The play came as the third period ended, and the Eagles couldn't get past the midfield stripe the rest of the way.

A fumble killed the best threat by Roosevelt. Don Jackson, who alternated with Hightower at quarterback, hit end Mike Trammel with an 8-yard pass but he fumbled when hit near first-down territory. The Bobcats recovered with 2:02 left in the game.

Hightower and Jackson combined to connect on 7 of 17 pass attempts, and each team intercepted one aerial. Each team also lost one fumble.

Roosevelt Coach Houston Powell said his Eagles just couldn't seem to "get anything going" against the Bobcats. Two big tackles -- John Holland and Paul Rogers -- spearheaded the Cat defense along with line-backer Tim Lewellen.

The Eagles got good defensive play, too, but Childress dominated the game with ball-control offense.

ROOSEVELT RECEIVERS---Bright spots in Roosevelt's 14-6 loss to Childress in the regional game at Plainview Friday night were passing gains. In photo above, David Vasquez (22) gets set to haul in a pass as a Childress defender comes in to make the stop. In bottom photo, end David Hammett is all alone as a pass nears his outstretched hands. Hammett scored Roosevelt's touchdown on a 74-yard pass play.

Slaton Girl Injured Friday

Roxanne Schuette, 12-year-old daughter of Mr. and Mrs. Jack Schuette, had a lot to be thankful for over the Thanksgiving holiday. After being thrown from a horse Friday, she's lucky to only have two very black eyes, lacerations on her face and ear, and bruises all over her body.

The accident occurred Friday when she and her family and a friend, Regina Williams, were visiting relatives, Mr. and Mrs. Charlie Trefney, near Welmer.

Roxanne's two older brothers, Kenny and Bruce, were lucky enough to bag a buck and a doe each while on a hunting trip there.

'Traveling Store' Comes To Slaton

Goodwill Industries is sponsoring a "traveling store" in Slaton on Friday and Saturday, Dec. 10-11.

The sale is to be held in the VFW Hall from 9 a.m. to 5 p.m. and will feature bargain clothing and shoes.

Goodwill Industries is a service organization employing, training and rehabilitating disabled people in the Lubbock-Slaton area. The funds received in store sales are paid out in wages to the handicapped.

Action For Environment

More than 20 project outlines than can be used by local groups can be obtained from the Soil Conservation Service, Farmers Home Administration and the Extension Service. These personnel are kept informed on environmental problems and can help with planning and development of a project any group decides to start.

Many causes of some of our environmental problems are beyond the reach of a local community group. However, the solutions can begin by the actions taken locally by interested people. Let us all work together for a better America.

The bulletin, "Environmental Thrust, Citizen Projects for a Better America", program aid No. 985, can be obtained at the local Soil Conservation office.

Wilson Upsets Anton, Regional Clash Saturday

The underdog Wilson Mustangs "took the bit in their teeth" and scored a decisive 36-23 win over the previously unbeaten Anton Bulldogs last Thursday night to capture the Class B Bi-District championship.

The Mustangs now advance to the Regional playoffs against the Newcastle Bobcats, with the game to be played at Anson Saturday night starting at 7:30 p.m.

The Bobcats have an 8-2-1 season record, capturing the bi-district title by edging Lefors on penetrations in a 13-13 tie game last Friday. The senior-dominated Newcastle squad is led by quarterback Jack McWhorter, 195, and an offensive line that averages about 170 pounds per man.

THIS TIME--Wilson's Chris Coleman just missed in Thursday's bi-district clash at Wilson, but he catches' worth from John Fields during the night. The catches went for 59 yards and set up a score, earned one touchdown from 5 yards out. Wilson upset in downing Anton for the title, 36-23. (SLATONITE PHOTO)

In the bi-district game at Wilson last week, the Mustangs displayed "true grit" and great determination in avenging a 30-0 defeat at the hands of Anton earlier this season.

Wilson showed plenty of offense in this game, led by Darrow Talkmitt who ripped off 124 yards rushing, and by the passing combination of John Fields to Chris Coleman that racked up 130 yards.

Talkmitt, a fullback-line backer, also led the spirited Mustang defense and made a key tackle to turn the game around in the final period. Talkmitt scored three times on runs of 9, 1 and 35 yards, and missed much of the third period with a leg cramp.

Alvin Williams, Anton's great break-away threat, took in individual rushing honors with 150 yards on 25 carries. Along with Talkmitt, Arturo Vergara, Greg Wied and David Hernandez chalked up good gains behind the offensive line composed of tackles Danny Crowson and Arturo Zuniga, guards Clyde Wilke and Tony Bishop, center David Savell and end Danny Trotter.

Anton got a 2-0 lead in the game after Wilson had stopped

the explosive Bulldogs on the Mustang 23 and 1-yard line early in the contest. The Bulldogs then got Fields for a safety to take a 2-0 lead.

Wilson bounced back on its next possession, moving 75 yards in five plays with Vergara dashing 20 yards for the score. The Mustangs took an 8-2 lead after the first period.

Anton scored again in the second with Williams going the final four yards, pushing the Bulldogs back in front by 9-8.

But two touchdowns by Talkmitt gave Wilson a 20-9 lead at halftime. One score was set up by a Fields-to-Coleman pass for 59 yards.

Anton scored first in the third period on a pass play, cutting the margin to 20-16, then Wilson tallied for 5 yards out by Coleman. Williams came back to score for Anton to cut the gap to 28-23 in Wilson's favor.

With 5:01 left to play, Anton took over after holding Wilson

at the Bulldog 35. Anton gambled on a 4th-and-3 situation, but Talkmitt roared through to nab Williams for a loss. Two plays later, Talkmitt broke several tackles in going 35 yards for the insurance touchdown. The loss was Anton's first of the season after 10 straight victories, while Wilson is now 7-2-2.

Wilson's probable starting lineup in the regional game: Ends -- Danny Trotter and Chris Coleman, tackles -- Le-

land Brieger and Danny Crowson, guards -- Tony Bishop and Clyde Wilke, center -- David Savell, halfbacks -- Greg Wied and Arturo Vergara, fullback -- Darrow Talkmitt, quarterback -- John Fields.

Parents Elect Jerry Hoover New President

The Parents Association of the Slaton High School J.R.O.T.C. met in a special called meeting Tuesday night in the R.O.T.C. building.

The meeting was conducted by vice president, Jerry Hoover. The invocation was given by Robert Ratliff, Brigade Commander and Carla Winn led the pledge of allegiance.

The meeting was called to elect a new president since the Rev. E. R. Baggerly is moving from Slaton and has been serving as president. Vice president Jerry Hoover was elected to move up to president and Ben Scott was elected as the new vice president.

Cindy Scott won the door

prize, a radio. Cynara Gipson gave the closing prayer.

The next regular meeting for the association will be Tuesday, Dec. 7 at 7:30 p.m. in the R.O.T.C. building.

DIFFICULT CHOICE . . . With his friends busy playing football, Lee Jacobsen, 4, of Omaha, Nebr., has his equipment on but has apparently been sidelined by a 3-year-old friend, Brijin Hubbard, of the opposite sex. Brijin, while holding hands with Lee, may be telling him that there are more important things in life than playing football.

20,000 German troops once surrendered to an American photographer, armed only with his camera.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

It would be rare to find a farmer or businessman on the High Plains, or for that matter anywhere in our complex U.S. society, who is not a member of one or more associations. And for each inevitably comes the question, usually at dues - paying time: Is it worth it?

And the president of at least one dues - supported association thinks this a very proper question. Ray Joe Riley of Hart, newly elected president of Plains Cotton Growers, Inc., believes every PCG member should ask it, and that

each is entitled to an answer.

PCG members include cotton producers and allied businessmen in a 25 - county area surrounding Lubbock. Producer dues, 15 cents per bale voluntarily paid on each year's production, make up some 85 per cent of the organization's revenue. The remainder comes from dues paid by ginners, warehousemen, cotton-seed oil mills, banks, suppliers and others whose business depends in large part on cotton production.

Riley answers the question with an emphatic "Yes, and then some," and in doing so he reveals some of his personal feelings toward the organization he heads and association work in general. Noting that the benefits that accrue to association members cannot always be translated immediately into neat profit figures, Riley likens association activities to the downfield blocker in football who clears the field for someone else to score.

"The scoreboard lists no points for the centers, tackles and blocking backs, but they are necessary to the scoring, just as the work of associations is a necessary precedent to the success of businessmen and cotton producers," Riley states.

"For example, in PCG, research often directed and financed either wholly or in part with association money runs ahead of the farmer to find economical ways to control insects, weeds and diseases and to discover new and better varieties. And without these things most of us would find earning a profit much more difficult if not impossible.

"It is also association fiber and fabric testing and spinning tests that go ahead of the farmer to textile mills in this country and abroad, making it much easier for him to score in the marketplace. And of course it takes advertising, direct communication and personal contact to make the results of this work known to cotton customers, all of which comes under the heading 'Promotion'.

"It is the association that goes to Washington and Austin with facts and figures to prove the case against bad farm laws and to promote passage of legislation favorable to association members. This, we call 'Service,'" Riley continues.

"But by the time the farmer plants an improved variety, protects it with effective herbicides and insecticides, collects his indispensable price support payment, and by the time he sells the fruits of his labors in a favorable market - by this time his downfield blocker, the association, has already been there, cleared the field and gone on to prepare for the next challenge.

Thought For Food

Ever wondered how much feed it takes to produce a 10-ounce steak? Here's the answer: approximately 17 pounds of corn, 4 pounds of hay, and 2 pounds of protein supplement.

Beef round steak cooks to tenderness quickly when sliced in strips to braise. Partially freezing the meat enables slicing it into thin strips easily. Cut beef strips 1/4 inch thick or thinner and 3 or 4 inches long. Brown in lard or drippings and season meat with salt, pepper and herbs or spices, if desired. Add a small amount of liquid, such as tomato sauce, soy sauce, bouillon, or water. Cover tightly and cook slowly 30 to 60 minutes depending upon the thickness of the strips. Thicken gravy with flour, if desired. Serve over noodles, rice, mashed potatoes, or on buns.

Smart meat shoppers know that now's the time to be creative with pork. Sausageburgers are one great creation. Simply cook sausage patties and place on the bottom of buns. Add a few onion rings, raw or grilled, and a tomato slice and lettuce, or sauerkraut, if desired, before capping with bun tops.

Lay-Missionary To Congo Will Speak At Methodist Church

of several books. "Appointment: Congo" is a memoir of his father's missionary life. "In 1963 I returned to a personal experience calling me to return to the area with which I was familiar, I began preparing as an agricultural missionary. From my life on the Congo I have learned that I had been blessed with talents and experience which could best be used in agriculture." "Happiness" is a collection of sayings of Christ, and feeling the joy of His love, could be used in any area of life. Where your treasure is, there will your heart be also. —Matthew VI, 21

For parents, there is no greater joy in life than that which is found in the progress and development of the child. We are so proud of every achievement and, perhaps, we magnify the accomplishment. We have that right, because we care so much, because we try so much. The sad thing is when parents do not care so much, when their values are placed elsewhere, when care and attention is toward personal pursuits and self gratification. Know always where your treasure is and where your heart should be.

Side Benefits of Sports

In a recent survey, released by the Board of Education for the New York City public schools and published in the Texas Interscholastic Leaguer, statistics showed two very unusual facts about participating in athletics.

First, the dropout rate is much lower among interscholastic athletes than among non-athletes. After a study on 15 high schools consisting of disadvantaged, middle-class, and some from affluent neighborhoods, it showed that of 7,657 athletes, 96 dropped out, or an average of 1.3 per cent. Dropouts among regular students ranged from 3.5 per cent to more than 2.5 per cent.

The reports of these statistics clearly show that the holding power of interscholastic athletics is worthwhile and helps in preventing dropouts from the high school program.

Second, the effect of the use of drugs. In a recent study of 496 teams, which consisted of 10,840 athletes, it was learned that approximately two of 100 athletes were suspected of using drugs, only one an occasional user and only one of a thousand a known addict. It is to be taken into consideration that among these athletes, there were no known heroin or LSD users reported.

It is believed that these statistics are encouraging to the many athletes who may read this editorial since dropout and drug rates are enormous. Needless to mention, athletes do sometimes use drugs, and do sometimes drop out; but the statistics show an enormous effect that interscholastic athletics hold strong encouragement for athletes to stay in school and away from drugs.

Junior Play Is Big Hit

The junior play, "Aunt Samantha Rules The Roost," a three-act play directed by Marilyn Walker, was presented Monday night, Nov. 15 at 7 o'clock in the high school auditorium. The auditorium was overcrowded, and many people were left standing.

The play became very hilarious when Polly Paine, played by Petra Gipson, put love powders in the lemonade, and then Aunt Samantha, another funny character played by Brenda Harrell, got a taste of it.

Other members who made the play a hit were Serena Simpkins played by Scharla Johnston, Sophie Simpkins played by Debbi Milliken, Annie Ambrose played by Loretta Dillon, Blanche Bowers played by Cathy Riney, Lucien Littlefield played by David Brake, Blair Boswell played by Mike Lewis, Frank Fairfield played by Ron Bartley, Lawrence Lovewell played by Hector Alvarado, and Buddy Baskins played by Vernon Arrant.

After the play was over, the cast presented Mrs. Lin Semetoko, who supervised the play, a very pretty jewelry box.

Election of officers for the 1971-72 school year and selection of Mr. and Miss FTA were the main points covered in the District 17 FTA Convention business meeting held in Leveland Nov. 13, in the Texas Dome Coliseum on the South Plains Junior College campus.

A Slaton student, Marilyn Walker, was selected as Miss FTA of District 17, and she was elected recording secretary.

The Slaton students who attended the meeting were D'Ann Carnes, Gary Ayers, Larry Ayers, Susan Green, Jerrell Tomlin, Ramona Key, Paul Sumrall, Clara Waugh, Charles Waugh, Marilyn Walker, Cindy Walker, Barbara Mc-Cain, and Lynne McCormick.

Don't Read This

Don't fall to stare out the window all during class when you are supposed to be listening so that the teacher will have to pull down and close the blinds.

Don't ever goop and put waste paper in the trash can. Throw it from the last seat in the last row on the far side of the room and make everyone duck.

Don't let anyone forget to wait until the teacher is all ready to give notes, then all get up at once to sharpen a handful of pencils.

Don't bother trying to get all of your homework done because there's always too much to get done anyway; and besides, teachers enjoy making zeros in their black books.

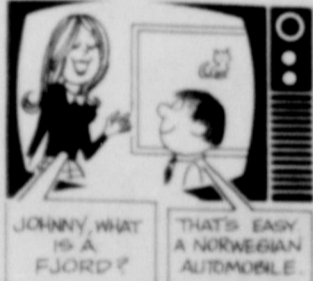

Don't let the teacher find out who has been clicking the ball-point pen all period some-

where in the back corner of the room.

Don't erase the answers to the pop-test that are written on the desk so the guy in the next class can get an "A", too.

ASSEMBLY

An assembly of the Health Career Association will be held at 11:15 Dec. 15 in the high school auditorium.

JROTC Honors Two Students

Two ROTC members were picked as corpette and cadet of the month. They were Julia Johnston and Ronald Ratliff.

Since school started, the ROTC girls have been very busy with projects to raise money for their uniforms. Some of the projects to raise money have been a garage sale, which was very successful; the mega - phone sale, which wasn't quite so good; the bake sale, which was very successful; and the box lunch sale, which was also a successful project.

The girls have all finally received their uniforms just recently. Now the girls and boys are working on a fund-raising project for an indoor rifle range.

The girls have marched at several games, and the entire brigade marched at the parade Nov. 11. They also marched at the Exes game for the Steve Bourn scholarship Nov. 27.

SAYS PRINCIPAL KERR

'Best Game Ever'

The Tigers went on to a final victory over the Roosevelt Eagles, who were defeated in district play, Friday, Nov. 12, with the grand score of 20-14.

Roosevelt was heavily favored to win the game by area papers. Even though Slaton was

chosen as the underdog, they didn't let this affect them. It was the last game of the season, and they wanted to win.

Slaton led the ballgame from the first quarter, in which two of their three touchdowns were made by Ron Bartley and Kenny Schutte. Both extra points were kicked by Brad Lamb. They scored their final touchdown in the second quarter with a four-yard run by Randy Davis. Roosevelt also scored in the second quarter; thus, making the halftime score, 20-7.

Roosevelt scored their final touchdown in the last quarter.

Slaton held the lead in yards rushing with 234 to the Eagles' 180. Slaton threw seven passes, completing only three. Roosevelt threw 19, completing 10.

The Tigers were proud of this victory. This was displayed in an assembly Monday at 12:45 when the students cheered and clapped at the statement by M. W. Kerr, "I believe that the game Friday night was the best I've ever witnessed as a coach, as a principal, as a spectator."

Tigerettes Top New Deal Lions

The school is very modern and is accommodated with a hospital, drug store, dentist, gymnasium, barber shop, beauty shop, and a store where the students can buy treats.

A guide answered the girls' questions about the school, and the girls may help by being volunteers two or three hours on Saturdays. Mrs. Dwayne Smith and Mrs. Bobby Joe Harlan accompanied the girls to the school along with bus driver, Phil Corona.

Tulia Teams Defeated Here

Last week in roundball action, Slaton teams played five games with Crosbyton and Tulia. The Varsity boys were victorious twice as were the girls. The JV girls played twice and won both of those games. The JV boys played once and won.

The Varsity girls beat the Tulia girls for the second time this year with a score of 48-25. Karla Kitten led the Tigerettes with 13, and Gretta Stricklin was close behind with 11. The JV girls also won 33-22. Elaine Boyle was high point with 15.

The Tigers are undefeated thus far in non-district play. They stand 4-0. The Tigerettes, who started district play with Post Tuesday, hold a 5-1 record.

Two Student Ag Teachers Here

Slaton High has two student teachers; they both are from Texas Tech and are teaching "Ag" under the guidance of Paul Johnson and Don Mitchell. They are required to have 140 hours of college credits and eight weeks of student teaching before becoming vocational agriculture teachers.

Charles Michael Finlay had Ag for three years in high school. He does not think Ag should be made a required subject for boys. His plans after his teaching career is to do some farming and ranching.

George R. Harvick took Ag three years in high school at Throckmorton. Harvick thinks Ag teaches boys a lot about management and also how to work and get along with other people. He would like to teach Ag on the high school level because he enjoys working with young boys.

TIGER'S CORNER

With football season gone and the smell of the gym in the air, the season seems like it has been over for years; but the season won't be forgotten--the disappointment, the thrills, anticipation, the leadership characterized by the seniors, and the last game victory over Roosevelt. These will be held in memories for years to come.

The Tigers turned in the number one offensive unit in district and the number two defensive team. The Tigers' offense finally started clicking against Denver City just in time to salvage a 5-5 season. Appreciation should be shown to the 22 senior members. The senior squad members showed fine leadership and character qualities. A team that had to play on enthusiasm all year were led by some fine leaders. Some credit, though, is due to the fine coaching and a good spring last year.

In past basketball action the freshman girls have won three games in a row downing New Deal, Roosevelt, and Freshship. The girls downed New Deal 45-10 with Darla Shackleford leading with 16 points. They clipped Roosevelt 50-28 with

Junior High Jottings

BY DONNEVA SIKES AND BRENDA JOHNSON

Well, we're back in school again on the rough road toward one hope: The Christmas Holidays.

We all had fun during the Thanksgiving holidays, and as we went around the school on Monday we heard a few "burps".

Lisa Dillard went to Dallas during the holidays, Robin Kerr visited her grandmother in Edmond, Okla., and the Woodfamily went to Abilene, Tex. Cindy Davis went to Breckendridge, Ruby Gonzales went to Fort Worth and Mineral Wells, and Roxanne Schuette was visiting her cousins at Weimer, Tex. when an accident occurred.

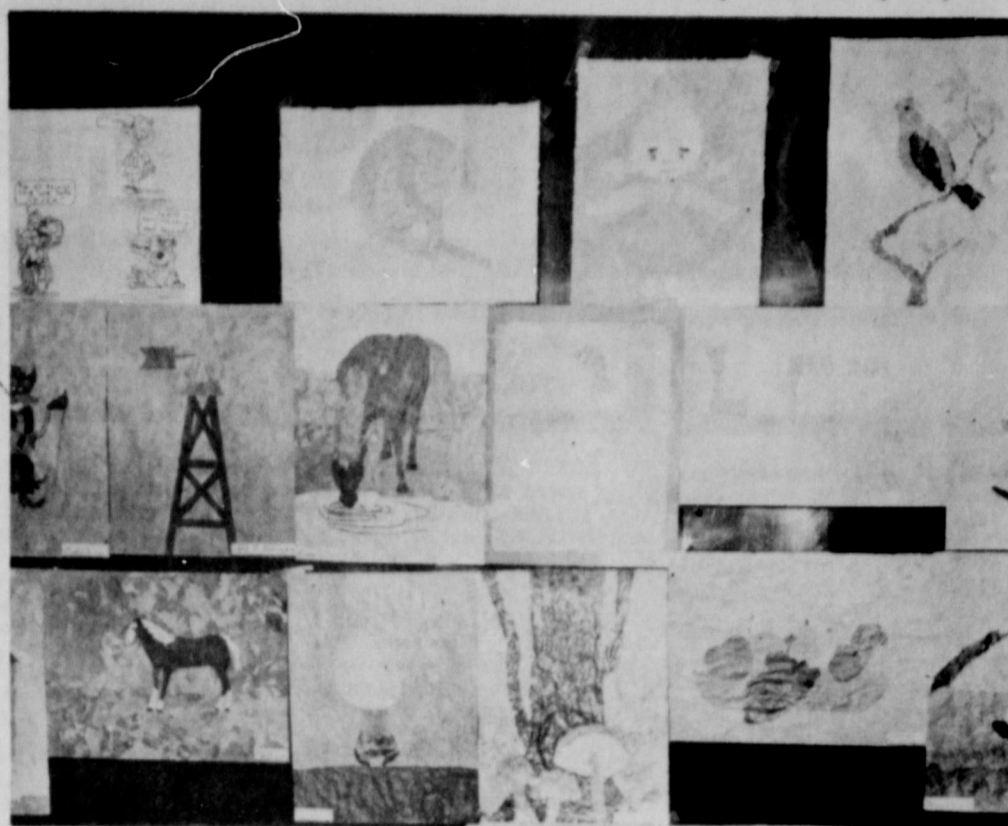

Everyone has heard of the "possum up the gum tree." Well, what about a "Roxanne Schuette up a gum tree?" Roxanne's horse bucked her off into a gum tree, and the results were: 18 stitches, two black eyes, scrapes, cuts, and scratches. We all wish Roxanne a speedy recovery, and remember what Roxanne says, "You ought to see the other tree!"

The girls 7th grade basketball team won another game against Post, Monday with a score of 39-10. The 8th grade girls also won with a score of 25-14. The 7th grade boys team won with a score of 23-13. The 8th grade boys were defeated with a score of 24-23. The 8th grade basketball teams will play in a tournament in Floydada Thursday, Friday and Saturday.

One embarrassing moment of this week was when L. S. couldn't tell the difference between a spider and a thorn. Another one was when D. S. couldn't stay on the bench one second longer. She toppled off and suffered a mild concussion.

The 8th graders have made mosaics entirely from newspaper. These will be on display at the Slatonite.

ITEM: Teen seamstress will discover three pattern sizes geared to the smaller figure. They are: The Miss Petite, the Junior Petite, and the Young Junior Teen.

NEWSPRINT PICTURES---Eighth grade language arts students at Slaton Junior High School made the original mosaic pictures pictured above from small pieces of newspaper and glue. The pictures are on display in The Slatonite window. (SLATONITE PHOTO)

LETTERS to EDITOR

Dear Friends,
Enclosed you will find my check for \$6 to renew my Slatonite for one year. I enjoy the paper very much and always look forward to receiving it each week.

We can't figure out why it arrives late sometimes, for several weeks in a row. Can you tell us the reason for this, or not?

Since Mrs. P. C. Kitchens (Posey news) is again reporting and you are publishing the Posey News column once again after her absence due to illness, it seems more like the same and good old Slatonite. We sure missed her column and are very glad and happy to have her back again.

Sincerely, your friend and subscriber and a member of the Slatonite family.

our week ahead

BY DR. A.W. DAMIS

Forecast Period: December 4 - December 11

Apr. 19 You are inclined to do traffic with a malicious person. Briefly, you will team up with someone who is working against your best interest.

Apr. 20 According to your chart, those surrounding you look upon you as weighing everything on a scale of "what it costs." In other words, most of your conversation is punctuated with - money!

Apr. 21 During this week's cosmic cycle you will be in position to take advantage of a financial opportunity. One problem! You are inclined to divide your interests, foolishly.

Apr. 22 Ever so much is going to depend on a conversation between you and a member of the opposite sex. Apparently, you are heading toward a situation that is contrary to your upbringing.

Apr. 23 Bluntly, you're in for a few problems with someone who is in authority. Also, pending social functions might work against you - it's advisable for you to avoid groups.

Apr. 24 Your's will be a bad case of "fence straddling." Your sign, more than others, will be heading for fuzzy thinking. Clear cut decisions won't come, easily.

Apr. 25 Prepare for a sudden change of plans. Most important be extremely careful of clandestine meetings. Stay in bounds, Libra!

Apr. 26 Pay close attention to the misfortune of a close associate. Why? You will be undergoing the very same situation, as the week ends.

Apr. 27 OK! As your spirit soars during the present cycle - so will your desire to spend. What is more, it seems as though you will blame someone for your own shortcomings.

Apr. 28 Beginning of this stellar cycle might seem somewhat sluggish. But, listen well, Capricorn - you are in for a sudden surge of energy. Oh yes! You will eliminate a chronic problem.

Apr. 29 According to your chart, you are wasting entirely too much time on associates with whom you have very little in common. So, return to those friends who are true blue.

Apr. 30 Hold it, Pisces! It seems as though you might betray a friend's confidence, innocently. Be careful of what you say at large.

strips and overlapped atop the filling to give a braided look. For the finishing touch we brush the pastry with beaten egg and top with cherries - the results are golden!

Our Cranberry Orange Twists are easy - do flaky pastries that will make any coffee event memorable. There's no measuring, no mixing, no kneading involved in making this dough. The short cut - refrigerated orange Danish rolls.

The rolls are unwound into long strips, twisted and coiled. Then, top with a sprinkling of sugar and cranberry orange relish and bake. Before serving drizzle with the packaged icing.

You'll find Choco - Nut Crescent Ring is one of the best breads you've ever tasted. Once again we've shortened our preparation by starting with refrigerated crescent

rolls to form the flaky sunburst pastry. And, you're guaranteed to like the surprise tucked inside - rich, melted chocolate sparkled with almonds, sugar and spice. For the final look, top with perky chocolate curls and sliced almonds.

Flying Airport?

One morning in 1952 citizens of St. Joseph, Missouri, awoke to find that the wandering Missouri River had cut a new channel. Since then their city airport, though still legally Missouri domain, has been on the Kansas side of the stream.

Maryland has the only state flag bearing a coat of arms.

DENNIS HAMER

"I have been planning to attend a trade school," was the reply of Dennis Hamer when asked what he plans to do after graduation. Dennis R. Hamer was born July 23, 1953, in Slaton and has lived here all his life. He is the 18-year-old, hazel-eyed son of Mr. and Mrs. Oscar Hamer.

Some of Dennis's favorites are pastime, Mary; color, orange; car, Road Runner; food, chicken fried steak; singing group, CC Revival and John Lennon; song, "Imagine"; and hobby, working with cars and wood craft. Dennis's school activities have included football four years, Mr. Flame candidate his junior year, ROTC three years, first lieutenant his senior year, and ICT one year.

When asked his most embarrassing moment, Dennis replied, "It was just about three years ago. I went skiing with the church, and when I was skiing, I found out that some of my swimming suit was not there. But if you ask me, I thought it was a drafty moment."

Dennis's pet peeve is the people who talk about the young generation and spread rumors that aren't true. TRECIA OWENS

One of the new students wandering around the halls of SHS is senior Trecia Owens. She is 5 feet tall, has brown hair, blue eyes, and is the daughter of Oscar L. Tillery. She was born April 28, 1953, in Lubbock. Trecia's favorites include colors - olive green, orange, and blue; car - Buck Skylark; recording artists - female - Dolly Barton; male - Bill Anderson and Stonewall Jackson; food - Mexican; pastime-being with Wesley Morris; hobby - writing letters; teachers - all; and subject - bookkeeping.

Her advice to freshmen is get all your credits in then live it up your senior year. When asked her most embarrassing moment, she replied, "knocking over my tea the first time I ever met Wes' parents." Her pet peeve is people who think they are better than others - and prejudiced people. Trecia moved to Slaton from Waco where she was a member of the Contemporary Writing Society, Travelers Club, Future Secretaries Club, and the high school Red Cross. At SHS she is on the Tigers Cage Staff.

Trecia's plans after graduation are to get married and go to business school at Abilene.

Caging The Tigers BY TIGERS CAGE STAFF

LYNNE MC CORMICK If you see a 5-foot 9 1/2-inch girl with dark brown hair and hazel eyes, you'll know it is Lynne McCormick. She is the daughter of Mr. and Mrs. Johnny McCormick. Lynne was born July 2, 1954, in Dallas.

Seeing my faults in other people and seeing people who do nothing but talk about other people and think they are better than everybody was said to be Lynne's pet peeve. Lynne's advice to freshmen is to be kind and have fun, but make your grades because it is the only chance you'll get.

Lynne lists her favorites as color - blue, car - Dodge Challenger and Monte Carlo, singing groups - Association, Crosby, Stills, Nash, and Young; Three Dog Night; Merle and Charlie Prine; food - Italian, pastime - hopping around exciting Slaton and watching "Cowboys" (especially those from Wilson), riding bikes, playing tennis, and dancing; teachers - Mrs. Velma Fieley and Mrs. Maxine Walker; subject - office and photography.

Some of Lynne's achievements include Mixed Choir - one year, Tiger's Cage Staff - one year, Pep Squad - three years, basketball - one year, and manager - one year. Lynne claims that her whole life is just one big embarrassing moment. Lynne plans after graduation are to go to college and to become a medical secretary.

GENE CARPENTER "Girls who think they are so great!" is the pet peeve of Gene Lee Carpenter. Gene is the son of Mr. and Mrs. Gene Carpenter. Gene lists his favorites as pastime - riding around, food - Mexican, car - his pickup, singer - Merle Haggard, teacher - Don Mitchell, song - "Easy Loving," and color - blue. Gene has taken D.E. two years, been parliamentarian one year, and ag three years.

BRAD WINCHESTER When Virgil Bradley Winchester was brought into this world May 8, 1954, he must have had a turnip in his hand smelling it. This is one of Brad's unusual habits - sniffing turnips, nothing stronger!

Brad is blonde haired with blue eyes and stands 5 feet 10 inches tall, weighing 180 pounds. Brad's parents are Mr. and Mrs. A. W. Latham. They live at 1050 West Dickens, Brad has been a Slatonite all his life.

Brad's favorites are pastime - drawing, collecting knives, and watching T.V., color - blue, song - "Big Girls Don't Cry," car - 1972 Malibu, actor - Steve McQueen, actress - "Dingbat" of "All in the Family," sex symbol - Raquel Welch, teacher - Coach Weldon Mize, subject - football, movie - "Billy Jack," and singer - James Taylor.

When asked about his pet peeve, he made a very unusual statement - "His name is Herman, and I've had him a long time." Brad's most embarrassing moment must have been a goody because he couldn't say, so let's not ask again. "I would resign" was Brad's answer to the question - If you were President, what steps would you take?

Brad has been very successful in school with the following achievements: freshman and junior vice president, senior president, Citizen of the Month last year, Citizen of the Month in September, 71, Citizen of the Year last year, All District and All South Plains in football last year, football four years and in Varsity two of the four years, band three years, and Boys' State. Brad's future plans after graduation are to go to college and after college, off to attend the Baptist Seminary to become a preacher. Brad's only advice to freshmen is Good Luck.

NEDRA MOSELEY Born Aug. 20, 1954, under the zodiac sign of Leo, was Nedra Moseley, daughter of Mr. and Mrs. Edward Moseley. Nedra was born in Slaton; she is 17 years old and stands 5 feet 6 inches tall and has brown hair and green eyes.

Nedra's advice to freshman is to keep your grades up all four years of high school instead of trying to bring them to your senior year. Her pet peeve is two-faced people. Nedra lists her favorites as color - orange, car - Monte Carlo, food - Mexican or Italian, singer - Johnny Rivers, pastime - shopping in Lubbock, hobby - reading, teacher - Coach Ernie Davis and subject - English literature.

Her most embarrassing moment was one day in home and family living. Fifth period, we were reading aloud. When it came my turn, I had to read the part on male anatomy; and Gary Dillard kept saying, "Nedra! Don't say that so loud!"
