No newspaper of its size in this area does a better job of covering the Lubbock area than the Slatonite. The A-J covers 19 sports teams from no other schools. We are perfectly feeling of many fans of these schools. We are perfectly feeling of many fans of these schools. We are perfectly feeling of many fans of these schools.

We've thrown them a couple of punches. One has to do with the other with Dirk West.

Continuing debate going on about West does the Aggies an in-way he lampoons them. Most of the cartoons have been funny to including Aggies. Some have been among A&M graduates. An Aggie, it really doesn't hurt me, but I think he somewhat. The most recent example was the Tech game, which the Aggie, and West's cartoon said that the Aggies stinking. This taste to me, but in defense of them sometimes to know where to without offending someone. I mean it in print a few times, meaning to. And I still think the funniest sports cartoonist

Headlines are concerned, something heads (as we call them in the sports pages at the A-J is hard to be clever in the head-straining is far too obvious, that the reader gets a little bit to figure out what the headlines are driving at. For example, headlines from a single issue today morning):

## Veterans Day Crowd Hears Laney Address

"We should be thankful for our armed services and teach our children that it is not a disgrace to stand up for our

country," James E. (Pete) Laney, state representative for this district, told a Slaton Veterans Day crowd on the

square Monday.

Laney, newly-elected to serve District 76, was principal speaker for the event, which included a parade of bands and floats prior to the address.

Noting that there is much emphasis on ecology and preservation of endangered species, Laney said he would like to talk about a "vanishing species -- the American patriot."

"We're teaching social living, adjustment to society and how to be one big happy family," he said. "But we haven't emphasized what's going on in the world."

State Rep. R. B. McAllister gave the invocation.

First place float in the parade was one by the Junior ROTC unit here. Second place was won by the VFW Auxiliary.

Cooper High School band was judged first in the band division, and Wilson second. Slaton High School band, which also participated in the parade, did not enter competition. Other bands in the parade were from New Deal and Lubbock Christian high schools.

The American Legion, Veterans of Foreign Wars, and local post auxiliaries were represented on the speaker's platform.

The Legion Auxiliary caravan included the colors, Gold Star members, junior auxiliary and Girls State representatives, Miss Poppy, fifth grade Girl Scouts, Post Cmdr. Delmer Tucker and Unit President Mrs. Ellis P. Schmid.

Also in the parade were units from Mariens, Air Force and Army reserves, individual participants and floats, the Senoritas from Odessa College and Tex-Anns from South Plains College, Miss South Plains and Rural Electric Co-op, and the South Plains Maid of Cotton.

## Commission Votes For Annexation

Slaton City commission voted Tuesday night to annex an area on the north side of town which includes two businesses--Red Barn Chemical and G&H Castings--which previously had been outside the city limits.

Representatives of Red Barn present to protest the commission's action were Bill Warlick, Pete Pettit and Ford Rinne. However, after the commissioners heard them out, they passed on first reading the ordinance to annex the area.

Joe Bob Bednarz was awarded a one-year lease on farm land owned by the City of Slaton. Bednarz already had the farm leased for this year. One other person bid on the lease.

Proposals on hospitalization and life insurance for city employees were presented by three companies, including Crown Life, the current insurer. Presenting the Blue Cross plan was Elliot Jones, and presenting proposals of Travelers Insurance Co. was Don Kendrick. After hearing all three plans, the commission decided to de-

fer action to a later date.

A new tractor-shredder for the city will be purchased from Montgomery & Schnell Implement Co. here, the commission voted. The new Minneapolis-Moline G350 tractor is a 41.5 horsepower diesel machine. It and the Bush Hog 266 cutter will cost a total of \$4,220.

Mayor Bland Tomlinson reported on a recent trip in which

he checked on garbage disposal operation similar to one the city is considering, where a private firm contracts to pick up the garbage.

The commission also discussed the possibility of amending the city charter to allow a city manager form of government.

## Rain Continues To Fall In Area

Slaton and surrounding area had rainfall totaling 2.51 last Thursday, Friday and Saturday, bringing the year's total rainfall up to 30.28--definitely a wet year.

During all of 1971, the total was only 25.45. Slaton had 22.12 through August, and another 5.65 inches in September.

Temperature plunged to a low of 33 on Thursday night and Friday, but there was no freeze. Highest reading during the last week was 66 recorded on Sunday.

## New Police Officers Hired

Three new patrolmen have been hired by Slaton Police Dept., and former patrolman Wayne Smith has been promoted to sergeant, Police Chief Fred Clark said this week.

New officers in the department are Adolph Rubio, 32, formerly with Seagraves Police Dept.; Billy Wayne Campbell, 25, of Crosbyton; and David S. Turner, 24, of Lubbock, who now is enrolled in the law enforcement program at South Plains College.

Rubio and Sgt. Smith Monday arrested a University of Texas student, John Randall Graves, 19, of Buckholts, who

was later charged with possession of a dangerous drug. Graves had been checked out while hitchhiking.

Five illegal aliens were arrested here and later turned over to the Border patrol. They were in a vehicle stopped on a traffic incident.

A man and wife were arrested at a motel here and held for officers from Waco.

Intruders at Evans Day Care Center Tuesday night took two pounds of sausage, three packages of Fritos and some sugar.

A wreck on Industrial Drive last Friday involved a 1967 car driven by Betty Jane Brassell of Lubbock and a 1969 car driven

by Vicki Dulaney Shugart of Plainview. Damage was about \$200.

Another wreck Friday on the high school parking lot involved a 1964 car driven by Teresa Gali Laurence, 1155 W. Fisher, and a 1969 car driven by Kenneth Wayne Moore, 255 N. 4th. Total damage was \$365.

The Veterans of Foreign Wars post here complained of theft of five U. S. flags which had been placed along Division between 16th and 19th Sts. in observance of Veterans Day Monday.

And three persons were notified of violation of city

## From Where I Stand

By Merle King

Summer slowly fades away. Temperatures drop. Leaves change colors and fall to the ground. And, once again the Neiman - Marcus Christmas Book arrives in the mail.

This publication of exclusive gifts is always exciting to me and the new '72 edition is no exception. I have "shopped" vicariously through its pages for a number of years.

I never linger long in the precious jewels collection, although there are some brilliant ideas displayed here. For instance, a necklace of 67 graduated black opals clasped by a large diamond. Possibly the finest assemblage of black opals in the world today. This necklace, three decades in the making, is priced \$90,000! A pear shaped diamond and emerald ring is quiet handsome for \$12,500 and a unique "love" pin-spelled out clearly in diamonds—is \$975.

For the flight-minded the book suggests the Caproni Jet/Sailplane. This is the dream-ship come true for power-pilots and sailplane pilots alike. The most sophisticated soaring machine in the world sells for \$32,000.

There is a treasury of crystal with brandy glasses, a dinner bell, sculptured squirrel and an elegant champagne bucket for only \$170.

The food section is always appealing with crocks of cheese, giant pecans from Georgia and wooden barrels filled with the finest peaches soaked in brandy. There is a confection of fruit and nuts that is baked in the shape of a dove—the gift that epitomizes this festive and peace-loving season. And, if you choose, there are Australian glacéed dessert apricots which arrive at its destination in a wooden crate.

Available to the Western World again for many years is the Red Dragon Court Robe. Dating from the Mandarin Court of the Hsien Feng era, (1851-1861,) this is a magnificent gift from the past for evenings of the present. It is from a collection and priced at \$1500. Grouped with this are Ching Wo Chinese tea, table-tennis set from China, a hexagonal garden seat in fine porcelain, (circa 1840,) priced at \$1,000. A plaited silk necklace supports a pendant consisting of three exquisite jade pieces—each over 100 years old, \$2,000 will purchase this incomparable accessory and unique conversation piece!

For the person who has everything, you might select antique carousel horses from India. A pair of carved wooden horses with intricate brass accoutrements, circa 1850, is only \$2500.

HIS and HER miniature aviaries from Japan is a new idea. These finely decorated metal and lacquered wood bird cages each come with a rare Pope Cardinal, alive and colorful.

And, if you're searching for rarities in objet d'art, there are snuff bottles with a past, ivory carved from the late 19th century. Each bottle is only one of its kind and these, at only \$35, each should make super stocking stuffers.

The toy section is one of my favorites, probably because I've never really grown up! New this year is the great N & M Railway Express, for train-buffs both young and old. It is constructed of high grade iron, aluminum and wood and runs on 250 ft. of 7 1/2 gauge steel track. The engine is gas powered, headlight and horn operate from an included battery. Engine, flat car and caboose are on a scale of 1/8

full size and will safely transport up to six children. \$2500 will allow you to own your own railroad.

I keep going back to the inspiring presentation of HIS and HER gifts for 1972. As any one knows, the most per-

sonal possible present is YOU. So how about in full dimension, a life-size reasonable facsimile of you or your favorite OTHER PERSON? These constantly pleasant companions are programmed to laugh as long as you like at your jokes, or say "yes" in any language you choose and all at the touch of a remote control button. You might let him (or her) take your place at long meetings, dull parties or simply keep your spouse company in your absence! Now think about that! The fun possibilities are limitless, particularly with a replica of your favorite OTHER PERSON! I wonder to what perfection they might create a ruggedly handsome male that could sing a lot like Dean Martin? Hmmmm. . . for only \$3,000. . . . Have fun doing your Christmas shopping!

FOOT NOTES  
BY MARGRET BARTLEY

The Sidewalk Sale and Flea Market nearly fizzled in the misty rain and downpours here Saturday. Some business carried on like troopers, and it seems like a lot of excitement went on at the Radio station as they carried on their 'talent find'.

It was nice to see the sunshine for the Veterans Day Parade Monday. It was a sight to see as the biggest parade in Slaton's history lined the streets for the mid-morning event. One of my favorites was the little Girl Scout who kept losing her shoe, running back to get it and running ahead to catch up. Nothing goes off perfectly!

The more we hear of the dangers of 'trick or treating', the more it sounds like a good idea to take the kids to the Halloween Carnival at West Ward School on Halloween night. Even in our small and friendly community, someone could have their head set to cause trouble. When we read of the dangerous items and even drugs that have been placed in "treats" in the past, we realize that it could happen here. If your children do go out with the spooks, the best bet is to let them visit only homes you know, and check all 'goodies' before you let the children eat them. Better safe than sorry.

The community of Wilson will all be pitching in Friday evening as they get together to have a benefit barbecue supper for the Sam Crowson family. To be held before the Wilson-New Home football game, serving will begin at 5:30 and continue until game time. Mr. Crowson has been seriously ill for several months, and in the small community, all the friends and neighbors want to help. So, if you can, come to their barbecue supper in the school cafeteria, and help them help!

The Ladies Altar Society of St. Joseph's Catholic Church will hold their annual Turkey Dinner and Sausage Feast Nov. 5 in the Parrish Hall. Serving will be from 11:30 a.m. to 2 p.m., then again from 4 p.m. to 6 p.m. In conjunction with the event, the Catholic Daughters will hold their annual bazaar from 1 to 7 p.m. with lots of good stuff to choose from. Don't forget. That is a week from Sunday.

Guess who is coming to Lubbock in November? Elvis Presley! Things may have changed a lot in these (seems like only a few) years since I was in high school, but I don't think the charm of Elvis has changed. I think that is being proven by the clamor for tickets at the box office. His style has changed, including haircut, actions and music, but so have tastes. I don't think he has much trouble pleasing the public.

Sunny days. . . . .

Ransom Notes

Lake Ransom Canyon residents wish good luck to Vern and Nelda Reddell who are moving to Racine, Wis., where Vern has taken a position with J. I. Case Co. Nelda reports she and the children are not anxious to leave their beautiful lakeside home and move to the cold Wisconsin country.

We welcome back Mrs. Lee Phenix, director of nurses at Highland Hospital in Lubbock. High fever had her hospitalized for a week, but Emily is feeling much better now, convalescing at their home.

Dick and June Walker had house guests from Keenewick, Wash., over the long Armed Services Day weekend. June's

sister and her husband, Mr. and Mrs. Wilton Green were in Lubbock for the Gifford-Hill convention. Last Sunday, the Greens' presence prompted a family reunion with 27 relatives present.

A car rolled over four times last week on the "S" curve on East 50th St. (Lake Ransom Rd.) Luckily Darlene Shavor, wife of John Shavor, was only shaken up. Mrs. Shavor swerved to avoid hitting a stray dog, causing the right wheels to go on the gravel shoulder, where she lost control of the vehicle. Another Lake Ransom Canyon resident drove by a few minutes later to find Mrs. Shavor walking home.

Nursing Home News  
by Bobbie Hogue

The Ladies Auxiliary met last week and made final plans for the Halloween Party. The next meeting will be Dec. 7, at 2:30 p.m. The Christmas party will be planned at that meeting.

We welcome a new resident, Mrs. Emma Schum, the mother of Mrs. W. J. Shafer of Slaton. Mrs. Edith Drewery and Mrs. Annie Peterson still remain in Mercy. These two ladies do not reside in our Nursing Home any longer, but we do love them and still feel

that they are one of us. Marsha Dee Davis won the hearts of our folks last week. She did a wonderful job of singing and tap dancing for our residents. Speaking of young folks, we have a G. A. Group from the Westview Baptist Church who came out and gave Halloween decorations to some of our folks. These youngsters are going to be helping some of our residents out in many ways. We certainly appreciate these young people and their interest.

We have a new Pastor who will be helping us out in our morning devotionals, Bro. Pierce, of The First Christian Church, Bro. Prentice will not be with us this week. He is in Utah visiting his son and family. Our administrator, Bobbie Greer has been in Minnesota all week attending the Administrators Convention.

With no other news I close with this thought. "God writes with a pen that never blots, speaks with a tongue that never slips, and acts with a hand that never falls."

**PRaise THE LORD**  
By LENDA WOOD

When I was 15 years old, my parents permitted me to go to Dallas to visit a sister. I went with some other sisters and was to return home alone on the bus. After the visit, I was standing on the street corner in Dallas waiting for the bus, along with several other people, when an old lady walked up to me and said, "Are you a Christian?" This offended me greatly and I just gave a muffled yes and turned away from her. She was not a very well-kept person, and seemed a bit unlovely to me, and I had no desire whatever to talk about Jesus to anyone, and especially to a stranger. I felt like it was none of her business. (This reminds me of what Bob Harrington, the preacher of Bourbon Street, New Orleans, said one time. He had boarded a plane, sat down by a man and tried to start a conversation with him. He asked him, "Are you a Christian?" The man snapped back, "I consider that a personal question." And Harrington replied, "That's the reason I'm personally asking you!") Well, as I look back to that incident, I know that the Lord sent that woman to ask me the question, because I have thought about it millions of times. And immediately after it happened and I turned away, I felt like I really had denied knowing Jesus, as Peter did that night before Jesus' trial. We are known to others by how we live and what we talk about. Rev. 12:11 says that we can overcome the devil by the blood of the Lamb (Jesus) and by the word of our testimony. When a girl is in love with her boyfriend, she certainly talks about him and is excited about him. There's no way you could keep her quiet. It pleases the Lord Jesus Christ for us to talk about Him and be excited about Him. David got so excited and so happy that he even danced before the Lord (II Sam. 6:12-23). But this offended his wife and she "gripped him out". He answered, "I was dancing before the Lord who chose me. . . So I am willing to act like a fool in order to show my joy in the Lord." We are afraid to talk much about the Lord and get happy and joyful because of what He's done for us, because we might offend someone. If we hold back, then we are quenching the spirit, and the Bible says we should not do that (I. Thes. 5:19). If we're worrying about offending someone, we have our eyes on people rather than Jesus. He sets us free, praise the Lord. "If the Son therefore shall make you free, ye shall be free indeed!" (John 8:36). "Talk with each other much about the Lord, quoting psalms and hymns and singing sacred songs, making music in your hearts to the Lord." (Eph. 5:19-20.) How many of us as parents like to have our children tell us they love us? It always pleases us whenever they do. In the same way, only more so, it pleases Jesus for us to tell Him we love Him. He loves you -- have you told Him today that you love Him? Or, are you like the old man who said he told his wife when he married her that he loved her and if he ever changed his mind he'd say so!

## FEATURE TEACHER

Robert C. Dennis has been chosen as Feature Teacher for the week. His wife is Mary Dennis. He is the proud daddy of Tina Len, age 9 and they live at Olton.

Dennis has not attended college, and here is his comment about it: "I'm one of those intelligent people who started to college and then decided I could make it quicker without benefit of a formal education. I am so smart that it has taken me twenty-six years to achieve what other teachers did in only four or five years."

This is the first school he has taught. He teaches Co-ordinated Vocational-Academic Education and General Construction Cluster. His hobbies include woodworking, gardening, and fishing. His comment on CHS is: It runs like a piece of well oiled machinery; no friction. This includes students, faculty, and administration. I am especially impressed with the display of good sportsmanship by not only the participants of the game but also the students and parents at football games. His philosophy of life is: "The most valuable things in this life is PEACE OF MIND; unless it is acquired at the expense of others."

Kelly Field in Tahoka. The teams met in a down pour that made the field and the ball slippery and muddy.

The Pirates had trouble from the first quarter in controlling the ball. Quarterback Bobby Caudle passed four times in the entire game, two completed to Junior Martinez for 22 yards and one interception. Cooper's ground game had difficulty in moving the ball successfully. In the first half, the Pirates rushed for 69 yards while the Bulldogs gained 230 yards rushing. Bobby Caudle was the leading Pirate rusher in the first half with 39 yards in six carries, including a three yard run for Cooper's only score. Pirate fullback, Kevin Jones rushed for 63 yards to be Cooper's only score.

Pirate fullback, Kevin Jones rushed for 63 yards to be Cooper's leading groundgainer. Jones carried the ball 14 times for an average of 4.5 yards a carry.

The Bulldogs got on the board early in the game with a 95-yard run by John Thomas for the score. The kick for the extra point went wide putting Tahoka ahead 6-0 in the first period. Thomas again scored in the second period on a four yard run to put the Bulldogs ahead

12-0. Caudle's score for the Pirates closed the gap, but at the half Tahoka led 12-7.

The second half was dominated by the defense, neither team being able to launch a successful attack. Tahoka held the Pirates to 90 yards while the Pirates held Tahoka to only 50 yards. The rain proved to be a factor in the second half with both teams fumbling the snap. Early in the third period, Tahoka quarterback, Phil McClendon, fumbled the ball three times in a row, but was able to recover each of the fumbles.

Tahoka's final score of the game came on a misplayed punt. The Pirates punted on their 20-yardline and downed the ball on the Tahoka 45-yard line. The whistle had not blown and John Thomas reached down, picked up the ball and dashed 55-yards for the score. The Pirates, protesting the play, did not try to intercept Thomas until he was nearly at the goal line. The kick was no good and Tahoka led 18-7 in the closing seconds of the third period.

The Pirates attempted to come back in the fourth period only to have the ball knocked from Martin Aleman and picked up by Clifford Laws for Tahoka. From that point, Cooper could

# Natural Gas Firms Are Planning Merger

The managements of Pioneer Natural Gas Company, of Amarillo and Houston Natural Gas Corporation, of Houston, have agreed in principle on a merger of Pioneer Natural Gas Company into Houston Natural.

Burton P. Smith, President of Pioneer Natural Gas Company and Robert R. Herring, President of Houston Natural

Gas, said that the proposed terms of the merger called for the exchange of one share of Houston Natural common stock for each 2.25 shares of Pioneer common stock. They said that the merger, which could be consummated as early as January 1973, would be subject to satisfactory mutual investigations, the approvals of the directors and stockholders of both companies, and other conditions.

Pioneer has 7,468,132 common shares outstanding and Houston Natural has outstanding 6,767,031 common shares and 748,472 convertible preference shares. The stocks of both companies are listed on the New York Stock Exchange.

Pioneer is engaged principally in intrastate transmission and distribution of natural gas in the Texas Panhandle and West Texas. The company serves 235,000 customers in 69 communities including Amarillo and Lubbock, and operates 9,824 miles of transmission and gathering lines. Houston Natural's primary business also is natural gas. It serves more than 345,000 customers in Houston and 116 other Texas Gulf Coast communities and utilizes a 2,300 mile intrastate transmission and gathering system generally paralleling its marketing area. A 50 per cent owned affiliate recently completed a 36-inch pipeline system for the movement of new gas reserves in West Texas some 500 miles to the Gulf Coast. Related activities include oil and gas drilling

and production, and natural gas processing. For the fiscal year ended July 31, Houston Natural Gas revenues and sales were \$277.2 million. Net income of \$20.7 million produced earnings of \$2.68 per common and common equivalent share. Herring said that no personnel changes in the Pioneer organization are contemplated and that Pioneer, after the proposed merger, would continue as a separate entity in its service area.

## Junior High Jottings

BY MIKE TUMLINSON AND TONY VILLA

Well, nine week tests are over and everybody is getting ready for another nine weeks. Everybody is very eager to see his report cards ("sigh"). Well, maybe not everybody.

The 7th and 8th grade football teams traveled to Roosevelt last Tuesday with both teams coming out on top, the 7th grade 20-12 and the 8th grade 19-8. Both teams are undefeated and were to play Taboka here Tuesday. Tuesday was "Best Taboka Day" and everybody was supposed to wear red and black to show school spirit in the spirit contest.

Slaton Jr. High is proud to have three new students, Lupe Garcia and Estella Hernandez both coming from Hamler, Ohio, and Gilbert Zavala from Driscoll, Texas. We're sorry to see three students have checked out. They are: Stacy Jones, Robert Fuson, and Booker T. Dobbins.

Friday school will be out because of an all day teacher's meeting.

BIG CAT -- M. J. Stanley of Slaton, right, is shown with S. D. Wink, of Brownwood, with the 36-lb. Catfish he caught at Brownwood recently. He and Mrs. Stanley spent about 4 days there and caught about 65 pounds of fish.

## Flame Retardance Breakthrough Scored By Cotton Incorporated

NEW YORK -- Cotton Incorporated researchers have achieved a major breakthrough in their quest for flame retardant clothing.

Pure cotton garments made from woven or knit fabrics treated with a newly perfected process will surpass the recently imposed federal flame retardance standard for children's sleepwear.

The process -- bearing the Cotton Incorporated registered trademark "Fire-Stop Cotton" -- makes 100 per cent cotton garments virtually fireproof, with no significant loss in strength and no appreciable change in the feel of the fabric. The flame retardant properties persist beyond the 50 home launderings required by government regulations.

The process was perfected by United Merchants scientists, working in cooperation with Cotton Incorporated, which carries out research financed by cotton growers through their dollar-per-bale program.

J. Duks Wooters, Jr., Cotton Incorporated's president and chief executive officer, said "Fire-Stop Cotton" works better, costs less, and retains more of cotton's natural comfort than any other flame retardance treatment that can bring children's sleepwear up to the federal standard.

The process will work on any pure cotton fabric, Marx said -- woven or knit. Research so far has perfected commercial application to cotton flannelette, cotton terry, broadcloth, print cloth, and brushed knits, the fabrics used most extensively in making children's sleepwear through size 14.

In a demonstration filmed for newsmen, Dr. Leonard Smith,

Cotton Incorporated's manager of flammability research, showed that fabrics treated with "Fire-Stop Cotton" resist determined efforts to ignite them. The scientist used ordinary stick matches -- and a blowtorch.

Smith said evaluations of children's sleepwear garments after they had undergone the federally prescribed flame test show that they consistently exceeded the required flame retardance performance. In fact, he added, tests indicate that the more a treated garment is washed, the better it performs.

The two scientists reported that fabrics treated with "Fire-Stop Cotton" show no loss in tensile strength, whereas other flame retardant finishes now in use cause significant loss.

"This means we can continue to enjoy the cool comfort of lightweight all-cotton sleepwear," said Dr. Smith.

"Fire-Stop Cotton" cannot be detected by touch. Missing from treated fabrics shown by Smith and Allen was the slick, paper-like feel common to fabrics treated with some other flame retardant finishes.

The natural softness of cotton is unaffected by the new process, and the absorbency of treated cotton actually is slightly better than that of untreated cotton. Fabrics treated with "Fire-Stop Cotton" are odor-free, unlike those treated with other finishes, which betray themselves with a tell-tale odor that can be offensive to adults as well as children.

The only factor involving special care with "Fire-Stop Cotton" is home bleaching. Like other flame retardant treatments, the new finish should not be subjected to repeated chlorine bleaching. Chlorine will react with chemicals in the treatment and diminish the flame retardance.

The wording United will use on its "Fire-Stop Cotton" label will state simply:

"Machine wash, tumble dry, using a water softener such as Calgon plus your favorite detergent. Do not use soap or bleach."

"Now mothers can put their children to bed at night, knowing that next to their skin they wear the only fiber that breathes naturally, as the skin does. Moreover, they can also know now that the cotton their children wear is as safe as science can make it -- and even safer than the U. S. government requires it to be.

The first federal regulation on flame retardance went into effect July 29, 1972. It affects children's sleepwear in sizes 6x and below. Garments

### Sidewalk Sale Success, Anyway 4-H Gold Star Boy Monday Night

Slaton's second big sidewalk sale of the year was hurt, but not killed, by the cold, rainy weather Saturday, but the flea market which had been planned around the square was halted by the bad weather.

Some merchants put their specials out on the sidewalk, and reported good response despite the weather. Others just skipped it, and still others had the sale, inside, with good results, it was reported.

The talent find was moved to the studios of KCAS, with five entrants vying for cash prizes totaling \$150. First place and \$75 went to a group called Bob Suggs and the Rangers, second prize of \$50 was won by the Gospel Three Plus One, and third was won by Tom Burns and Dalton Wood.

### Freshmen Beat Roosevelt 20-12

Slaton freshmen beat Roosevelt 20-12 last Thursday with a second half surge breaking a 6-6 halftime tie.

Roosevelt scored first in the first quarter and the extra point was no good. In the second period, Steve Lenke recovered a Roosevelt fumble in the Roosevelt end zone after Tip Culver's hard tackle caused the fumble.

In the third quarter Slaton scored on a pass from Brock Hudson to Charlie Haynes, covering 15 yards. Hudson added a point after touchdown.

In the fourth, Slaton scored again on a 1-yard run by Hill McClesky. The TD was set up when Hudson threw to Eiland Wood on a 40-yard pass to the one. Hudson kicked the PAT. Roosevelt then scored on a 40-yard pass and run. Haynes, Ernest Gipson, Lenke, Chris Hernandez, Lanny Lavender and Gaylon Buskemper all looked good on offense. Outstanding on defense were Wood, Buskemper, McClesky, Culver, John T. Basinger and Gipson.

Slatonite Grid  
Contest Winner**

Donna Miller, Rt. 1, Lubbock, was winner of the Slatonite's grid guessing contest last week, with 21 correct from a possible 29. It was a tough week on the contestants, with lots of unexpected results.

Second place was won by Oneita White of Slaton, a consistent winner this year, and third was a tie between H. H. White, same address, and Brooks Marshall, Route 1, Lorenzo.

Among the Fearless Forecasters, Joe Sparkman almost had a perfect week, missing 11 of the 12 games. Had he picked Arkansas to beat Texas, he would have missed all of the games, and won a scholarship to the Charlie McCarthy School for Dummies.

The other contestants did little better. J. W. Holt, the year's leader, led again last week, but he missed 7 of the 12 games. Pete Williams and Dalton Wood each got 4 right and 8 wrong, and Bill Ball hit on 3 out of 12, about the same as his weather forecasting percentages.

**Letters to the Editor**

Dear Sir:

As Thanksgiving draws near I was just thinking of last year when I was stationed in New Jersey with no prospects of getting to come home to be with my family. It was very depressing, believe me, it was my good fortune, however, to learn of a program the base Chaplain at Ft. Dix had started to get civilian people to take soldiers into their homes for Thanksgiving. I was lucky enough to get invited to a home and it was one of my most memorable occasions.

Since Reese Air Force Base is not that far from Slaton and I am sure that there will be airmen that will not be able to get home, this might be a good project for some people in Slaton who either have no family or who would just like to share their day with someone. If this sounds like a feasible idea the Base Chaplain at Reese could be contacted and he in turn could contact the base commander to get some idea of how many men would be willing to participate. Maybe an air force bus could even take the men to Slaton to meet up with the different families. As you can see the possibilities are endless if you and Slaton wanted to pursue them. If anything comes of this I would like to know and if it would help the cause to print this letter in the Slatonite, you have my permission to print this. Lets hope southern hospitality is all it is made up to be.

Thank you,  
/s/ Wallace W. Saage, Jr.

NOT SPACE CREATURES -- Those things hovering over the heads of the Slaton and Roosevelt football players last Friday night aren't visitors from space, but raindrops, on the camera lens and just in front of it. It also looks like a double exposure, but anyway, the whole game, played in a driving rain and won by Roosevelt 28-0, was a mess. (SLATONITE PHOTO BY Juanel (Glub) Wood)

# Roosevelt Blanks Tigers

By DALTON WOOD

It was more like a wet bird playing a drowned cat, but it really was the Roosevelt Eagles and the Slaton Tigers, with the Eagles out-slashing the Slatonites 28-0 in a driving rain at Roosevelt last Friday.

The Eagles showed some good running, particularly early in the game, and proved they were the better mudders. They were better divers, too, as they came up with the ball 10 times after the two teams fumbled 18 times between them.

For Roosevelt, the story was two touchdowns by TB Lee Anderson, on a nifty 21-yard run, and a 56-yard return of an intercepted pass, plus Keith Stone's 62-yard sprint from scrimmage and John Blackwell's 3-yard swim for the other touchdowns. For the most part, the wet turf and fumbles kept the Eagles' ground attack slowed.

For Slaton, the story was one of frustration in the form of nine turnovers, by losing six of 10 fumbles and having three passes intercepted. Still, the Slaton passing game worked on occasion, with nine completions for 65 yards. But the Tigers never did muster a serious scoring threat.

The District 5-AA contest left Roosevelt 2-0 in district and Slaton 1-2. With Taboka's upset of Cooper last Friday, Roosevelt stands atop of the district standings. But the Eagles still have Cooper, Denver City, Taboka and Post to play.

The Tigers will try to regroup against the up-and-down Taboka team, which has blown a couple of good teams off the field, but has lost a couple of games the Bulldogs were expected to win.

Kenny Perry, who played an outstanding game for Roosevelt on defense, recovered a Slaton fumble immediately after the kickoff at Slaton's 36, and a few plays later Anderson raced 21 yards on a sweep for the first score. Split End Joseph Brown kicked the point and it

was 7-0 with less than three minutes gone. Later in the quarter, Stone showed his heels to the crowds by speeding 62 yards for the second TD, and Brown again kicked.

The second quarter was scoreless. It was in this quarter that David Magallanes of Slaton fumbled his first fourth down kicking effort, as the slippery ball dribbled by him. This occurred three times, and on one occasion Slaton lost 31 yards and the ball on fourth down.

The third quarter was a fumbling contest, also. Slaton fumbled the opening kickoff and Roger Bruster recovered for Roosevelt. Roosevelt fumbled twice on next series, and then Slaton held on downs at the 14. Stone intercepted a Slaton pass and returned to the 12, where a penalty gave Roosevelt first and goal at the 6. But Greg Sokora of Slaton, who played a stellar defensive game, recovered a fumble at the 3 to kill that threat.

Early in the fourth quarter Blackwell slid off tackle 3 yards to score, and Brown's kick was no good, making it 20-0 at 11:17 left. The quarter was played in Slaton's end of the field as the Tigers couldn't hang onto the ball, and Roosevelt lost some scoring chances by fumbles, too. Anderson

grabbed one of QB Eddie Jones' aerials and broke several tackles in going 56 for the final TD with the interception. Brown bobbled the snap and ran the ball across for two points to make it 28-0 at 4:27.

Perry of Roosevelt and Sokora of Slaton each was in on 16 tackles to lead their teams in that category. For Slaton other top defenders were Ron Bartley, Bobby Breedlove and Ken Schuette. For the Eagles, Scott Holland, Gilbert Brown and Stone were strong on defense.

Stone averaged 14.7 yards per carry, with the big gainer being his 62-yard jaunt, for a total of 88 yards in 6 carries. Anderson had 39 yards for the Eagles. For Slaton, Bartley gained 83 yards on 16 carries, an average of 5.1. Lupe Valderaz caught five passes for 35 yards.

## Women Receive Service Awards

Mrs. J. H. (Nellie) Taylor and Mrs. Sterling (Estelle) Alderson received gold bracelets in recognition of twenty-five years service with C. R. Anthony Co. in Slaton recently. Both women were employed at the time the store was first opened in Slaton in October of 1947. Ed Blair was manager of the new store.

They served under Olen Griffith, Hoby Trimpa, and have worked ten years under present manager, Dick Hartman. Mrs. Taylor has one daughter, Mrs. Donald Weaver of Slaton, and three grandchildren, Debbie, Donnie and Michael.

Mrs. Alderson has one daughter, Mrs. Bobby Taylor of Silsbee, Tex., three grandsons, Michael, Kenny and Tim, and a new granddaughter born last week.

Manager, Hartman, noted that when the Slaton store opened 25 years ago, it was number 81 for the Anthony's chain, that now stretches to 319. One other founding employee, Mrs. Lois

Conner, died here a few days ago.

As Anthony's has "flourished" in Slaton, member the children of the store's opening bringing their children fitted for school clothes.

**Distinction**--First Lieutenant Doren E. Balls of Lubbock has been named to receive the Pilot Award from the 54th Flying Training Squadron at Fort Worth for turning what might have been a crash into a superbly-executed landing.

## To Receive Honor

... TX. -- First Lieutenant Doren E. Balls of Lubbock has been named to receive the Pilot Award from the 54th Flying Training Squadron at Fort Worth for turning what might have been a crash into a superbly-executed landing.

Standish A. Jones, commander and non-commissioned lieutenant Balls described the event to the instructor.

... 22, Lieutenant Balls returning to Reese Field cross-country T-38 jet aircraft, pilot had just rolled final turn onto the field when the saw a flock of birds in their left engine stopped almost immediately and the right engine was winding down--an extremely hazardous situation in the T-38 as this aircraft has totally hydraulically-powered controls.

"Lieutenant Balls considered ordering an ejection but rejected the idea as it was doubtful whether both men would have been able to successfully eject. He continued his approach and landed the aircraft in the overrun about 150 feet short of the runway. The aircraft rolled out onto the runway. Approximately two seconds after touchdown the aircraft completely lost hydraulic pressure. Because of Lieutenant Balls' accurate analysis of the emergency and his superb flying skills, no further damage was sustained by the aircraft."

The 26-year-old lieutenant is a native of Soda Springs, Idaho, and was graduated from the University of Idaho in 1969 with a bachelor of science degree in mechanical engineering. Lieutenant Balls is the son of Mr. and Mrs. Vernon C. Balls of Soda Springs.

THURSDAY, OCTOBER 26, 1972  
Read Romans 15:1-7

She hath done what she could. (Mark 14:8)

Rather late one evening I accompanied my minister husband on a visit to a parishioner. The young man had just returned from the funeral of his mother. The family was experiencing the grief that one feels upon losing a loved one; however, the air was not heavy with sadness. Rather, there seemed to be a feeling of triumph. Upon hearing the story of this woman's life, we shared this joy with the family.

The son said of his mother: "Her whole life was spent in this small town. I doubt that her name was ever in the newspaper. She never really did anything spectacular. But seldom did a day pass that she did not do some act of kindness for someone. We were strengthened at her funeral as many of the townspeople related to us these deeds." He continued, "There is no need for grief when you recall such a Christian life as she lived."

When we are discouraged because great things are not in our book of life, let us take courage as we think of such persons as this great woman.

**PRAYER:** Our Father, as we live day by day, may we keep in mind the words of our Lord, "As ye have done it unto one of the least of these my brethren, ye have done it unto me," in Jesus' name we pray. Amen

**THE THOUGHT FOR THE DAY:**  
There are no small acts of kindness.

— a weekly message relating the world of today to the lessons of Faith and Church ...

*I will say of the Lord, He is my refuge and my fortress: my God, in Him will I trust.*

—Psalms XCI, 2

For some of us in this modern world, faith is no longer fashionable. We're busy, keeping up with the pace of hurried activity that surrounds us. We think about God, about religion, once a week, if so often. Is it not comforting, then, to know that a church still stands on the corner and that, should the need arise, we can search for solace, for comfort of mind through an always-open door? Go to the church of your choice when you have need of refuge, when you have need of strength.

# FOOTBALL CONTEST

It's so easy. You don't have to be a football expert in order to win. Just select the winners on the handy official blank printed below. No scores. Just check the teams you think will win.

## RULES OF THE GAME:

- ★ Teams playing in this week's contest games are listed in ads and numbered 1 through 48. Use the entry form at the bottom of the page and circle the numbers of the teams you think will win. To pick a tie, circle both numbers of the teams playing.
