## Rabbit Processing Industry Wants To Locate Plant Here

A rabbit processing plant which in four years would have a projected annual payroll of nearly three-quarters of a million dollars paid to 119 employees has been proposed for Slaton, with the group planning the operation making a definite offer to Slaton Industrial Foundation, Chamber of Commerce and city commissioners last Thursday.

Representatives of a group called Rabbit Industries, Inc., including a dentist, veterinarian, dietician and three medical doctors met with the Slaton group and detailed the tremendous potential which they believe a plant for processing rabbit meat would have.

"Slaton could become the rabbit capital of the world," one man commented, after it was noted that there are no rabbit processing operations in Texas, and that there is great demand for rabbit meat, for rabbit furs, for rabbit feet and for a medical substance which is derived from the brain of a rabbit.

Rabbit Industries, Inc., proposed to lease 38 acres of land owned by the Industrial Foundation and fronting on FM 400 on which the plant would be located, with expansion planned in two phases.

Bill Casey of Allied Consultants, the company which prepared a feasibility study on the entire project, presented detailed brochures to those present last Thursday, showing what the corporation plans to do, cost figures, all kinds of statistics on the planned operation and maps showing where buildings would be located.

During the first three years of operation, it is proposed to hire a total of 59 employees, at an annual payroll of \$374,636, with 12 production houses capable of handling 600 does each would be constructed.

These figures at the end of Phase II (four years) would be increased to 119 employees and payroll of \$773,562, 20 production houses, a dressing and freeze plant. These 20 houses would produce 686,400 four-pound fryers a year, plus 60,000 laboratory and breeding animals. From the dressing and freeze plant would come 1.8 million pounds of frozen rabbit meat a year, 790,400 tanned pelts, 80,000 pints of blood plasma, 395,200 ounces of frozen brain culture, more than three million rabbit feet for good luck charms and 592,800 pounds of catfish food.

Casey explained that the operation of the plant would include:

Raising of meat rabbits, breeding stock for sale to other rabbit raisers, raising laboratory rabbits, buying and dressing rabbits from other producers, selling feed, supplies and equipment to other producers, and sales of frozen meat, pelts and fur, blood plasma and brain culture material.

Casey said retail food chains

already had expressed keen interest in plans for a large-scale rabbit processing plant, and the demand for rabbit meat is high.

"Domestic farm-raised rabbit meat is all white meat, extremely low in calories and

cholesterol and very high in protein content," he said. "Because it is easily digestible it is excellent for special diets. These qualities of rabbit meat have created a tremendous demand in hospitals, and weight watchers programs. Be-

cause of the fine flavor, ease of preparation and modest price the market demand is even greater than the special diet group."

"When you talk about raising rabbits and processing them for sale, people around here usually

start snickering," Casey commented. "But, gentlemen, this operation is backed by a group of very responsible professional men from Lubbock who are quite serious about the undertaking, and it's going to be a big business."

The new plant would include construction of its own sewer system, so there would be no need for the city to extend (See RABBIT, Page 10)

MOP ON HIS MAP -- Terry Niemeier gets a mop in his hand from Steve Smith as the two Lions Club members prepare for the annual broom and mop sale scheduled next Thursday, Aug. 30. Lions Club members will be selling the articles made by the blind all day Thursday.

(SLATONITE PHOTO)

### Broom Sale Set Aug. 30

The Slaton Lions Club will conduct an all-out drive on Aug. 30, to sell quality blind-made products to residents and local businesses, according to an announcement made today by publicity chairman, Terry Niemeier. The articles are all manufactured by blind workers in the Lighthouses for the Blind which are located throughout the state of Texas. The Lions Club's earnings from this sale will be used for the Crippled Children's Camp at Kerrville.

The entire membership of the Lions Club has been organized to supply friends and neighbors with this merchandise delivered right to their homes.

Sales of blind-made products held by the Slaton Lions Club in previous years have been successful and project chairman Steve Smith and Mack Lasater expressed confidence in another successful sale this year.

The sale next Friday will be held downtown in front of L&H Hardware beginning at noon. Advance sales chairmen include Jim Lulin and Glen Akin, who plan to contact all gas and warehouses, and Tom Lewis and Carl Zybach who will cover the downtown area.

Orders may be placed by contacting any Lions Club member.

### Auto Firm Will Move To Loop

Bill Adams Olds-Pontiac-GMC will move to a new location on U. S. 84 bypass, across from Shamrock, it was reported this week as preliminary work on the site began.

Adams said he would construct a steel-type building on the 4-acre site, expanding his dealership, and moving all the operations from the downtown location. No target date for completion of the project has been announced.

### SCRIMMAGE SCHEDULED HERE FRIDAY

## Tigers Look To Better Football Season

By DALTON WOOD  
Slaton High School football fans will get their first hint of who's going to do what Friday night as the 1973 team of grid tigers has its first scrimmage here against Levelland.

Coach Bill Curry and his charges, including 12 lettermen from last season, are confident they'll improve considerably over last year's 2-8 record, and that they will finish higher than tabbed by two football magazines.

Top-O-Texas has Slaton figured for 6th place in the 7-school district and Texas Football has the Tigers in 4th place, ahead of Frenship, Tahoka and Post. Both publications pick Denver City to win the district. Denver City, in fact, is figured to be the top Class AA team in all of Northwest Texas.

Top-O-Texas rates Denver City, Littlefield and Roosevelt in that order as the three top Class AA teams in this area, and Slaton plays all three in the first seven games, after opening the season against a couple of tough Class AAA teams. The Tigers' first game is at home against Brownfield.

Class AAA Levelland, with 18 lettermen and under a new and highly successful coach, Colie Huffman, should provide plenty of test for the Tigers. The scrimmage will begin a-

bout 7:30 p.m. between junior varsities, followed by the varsity head-knocking about 8:30.

Last year's young squad which started out with just four lettermen earned the respect of Tiger fans despite repeated losses, as the young players continued to play tough throughout every game, often coming back strong in the last half to put points on the board. Most of those players return this year, and the 12 lettermen are bolstered by some fine sophomore prospects off a freshman team which lost only one game and some other players who have matured enough to be lots of help.

The Tigers lost a couple of quarterbacks, both lettermen, as last year's starter, Eddie Jones, moved to Memphis, Tenn., and Frank Love moved to Amarillo. Right now it appears that sophomore Gary Aycock, 130-pounder, has the inside track, but junior Keith Bumpass, 140, and Angelo Gonzales, 130, also are in contention.

Lettermen returning for the Tigers this year are led by 180-pound Greg Sokora at tailback, expected to be one of the area's premier Class AA running backs. Other lettermen are Bobby Breedlove, 170, who'll play at fullback on offense and in the front four on defense; Phillip Payne, 150, running back; Ray Lynn Ba-

singer, 160, running back; ends Craig Mann, 160, and Joe Alspaugh, 145; center Ricky Denzer, 160; guards Thomas Heinrich, 190, and Chris Williams, 190; tackles Dwayne Mosser, 160, and Ronnie Valadez, 180, and running back Clarence Trotty, 140. All except Trotty, Denzer, Valadez and Williams are seniors.

Coach Curry said that a tentative offensive lineup at this point would include Ricky Denzer at center, Williams at right and Heinrich at left guards; Dwayne Mosser at right and either Valadez or Gaylon Buxkemper at left tackle, Andy Holt at left and Bill McCleskey at right offensive end.

In the backfield, it shapes up with Aycock at quarterback, Sokora at tailback, either Payne or Breedlove at fullback and either John Denzer, 140-pound senior, or Kenneth Riddle, 140-pound junior, at wingback.

Also expected to see lots

of action at tailback, according to Curry, are Ray Basinger, Charlie Haynes, 140-pound sophomore, and Trotty.

On defense, the front four should include Breedlove, Valadez, Williams and Mosser, all experienced hands. Linebackers are Sokora in the middle, flanked by McCleskey, a 180-pound soph, and Ricky Denzer. Making strong bids for the starting linebacker posts also are sophomores Buxkemper and Darrell Bedarz, and Sokora is being pushed by junior Tony Leake, 145, for the middle linebacker spot.

In the secondary will be Ray Basinger and Johnny Denzer at cornerback, Alspaugh at deep safety with either Mann or Riddle as the other defensive back.

"We're going to try to work it where only four boys have to play both ways," Curry said. "And we're shooting for a winning season."

### Tiger Club To Meet

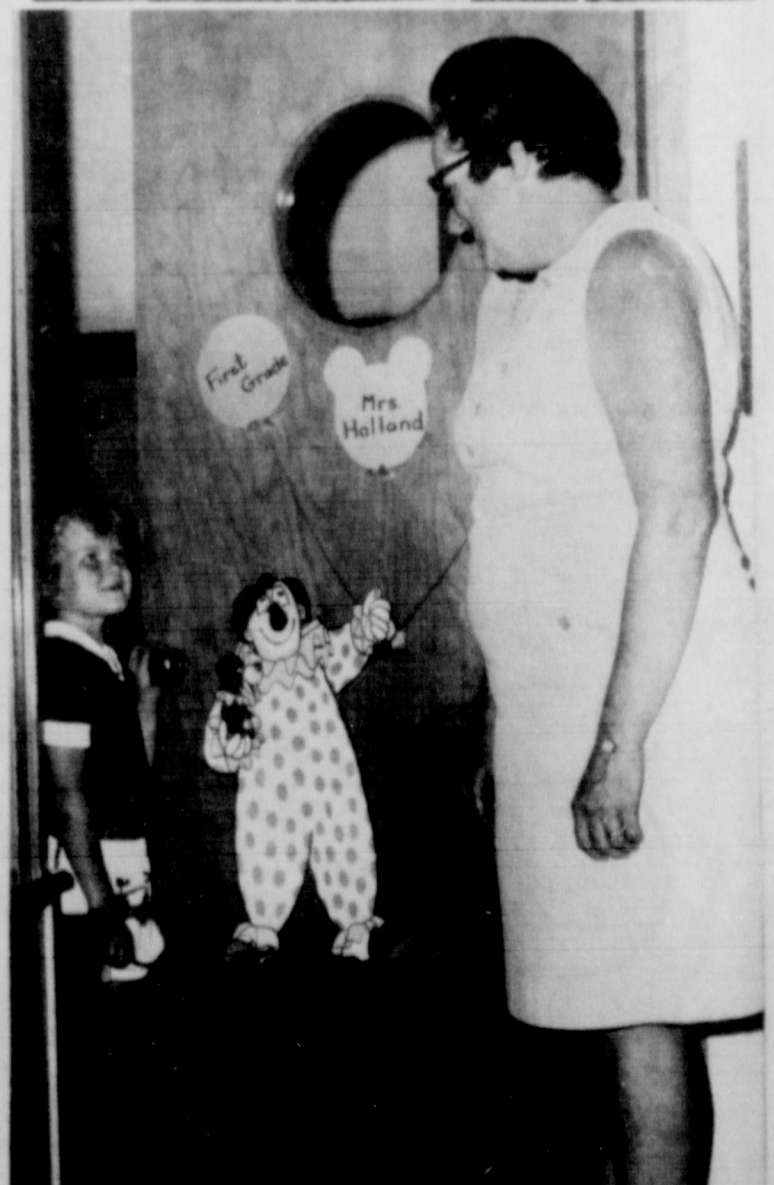

Slaton Tiger Club will meet at 7:30 p.m. today in the Chamber of Commerce building, with all high school athletic boosters urged to attend.

Pete Williams, president, said the coaches, including the new ones, will be present.

SCHOOL IS SO EXHAUSTING -- Mrs. Pauline Mason and her first grade students take a break as they work out the "first day nerves" for both students and teachers.

(SLATONITE PHOTO)

ARE YOU MY TEACHER? -- Kim Payne, daughter of Mrs. Linda Payne, questions Mrs. Melba Holland as she stands at the door of her first grade classroom to welcome new students at West Ward.

### Miss Fain Is Shower Honoree

Miss Kelley Fain, bride-elect of Don Jackson, was recently honored with a miscellaneous shower at the Roosevelt Clubhouse.

Special guests were Mrs. J. Fain of Littlefield and Mrs. Max Jackson of Earth, mothers of the engaged couple and Margaret Fain, twin sister of the honoree.

Decorations were in blue and white, bride-elect's chosen colors. Hostess gifts included cookware, a toaster and linens. Sixty guests were registered.

Hostesses were: Mines. Ben Davis, C. E. McCoy, Buddy Hoffman, B. B. Green, Roy Saage, Virgil Smith, Buford Martin, Russel Degan, Thel Partain, Carl Crossland, Jimmie Davis, Earl Hammett, Harvey Hancock, Wesley Hancock,

H. L. Martin, J. E. Mimms, Charles Miller, O. A. Oats, Walter Morgan, Edgar Reynolds, Tom Ed Reynolds, Arlen Stennett, J. H. Thomas, G. M. Winniford, Cleve Woolley, Ray Dickey, C. J. Melcher and Clarence Stewart.

### Joyce Thomas Hosch Receives Biology Degree

Mrs. Joyce Hosch, daughter of Mr. and Mrs. Troy Thomas of Slaton, was one of 180 seniors graduated from Tarleton State University Aug. 19. The Commencement exercises were held in Wisdom Gymnasium.

Mrs. Hosch received her Bachelor of Science Degree in biology. She is the wife of Pascal J. Hosch.

MRS. DERELL WAYNE COGBURN  
Norma Rae Kincheloe

### Cogburn, Wanda Kincheloe Wed

Norma Kincheloe became the bride of Wayne Cogburn Aug. 6 in a ceremony in the home of Rev. H. E. Summar. Rev. Summar officiated for the double ring ceremony.

Parents of the couple are Mr. and Mrs. Willie Cogburn of Rt. 5, Tahoka, Mrs. Dorothy L. Kincheloe of Slaton and the late Robert Kincheloe.

Given in marriage by her brother, Robert Kincheloe, the bride wore a formal gown of white tulle overlaid with illusion, featuring sheer full sleeves, an empire waistline, and controlled A-line skirt. Wide lace accented the cut of the skirt. She carried a bouquet of white feathered carnations tied with streamers and love knots.

Lara Cogburn of Tahoka served her brother's bride as maid of honor. Robert Kin-

chelo of Slaton served as best man.

A reception followed the ceremony in the home of the bride's mother.

The couple is making their home in Tahoka.

### 300 Attend Basinger Fete

Over three hundred guests registered Sunday at an open house honoring Mr. and Mrs. Haywood Basinger on their fiftieth wedding anniversary. Guests were present from Rock Springs, Wyo., Tulsa, Durant, and Frederick, Okla., Ruidosa and Santa Fe, N.M., twenty-two Texas cities, and included a host of local friends.

The couple also received numerous phone calls and telegrams of congratulations from as far away as Joplin, Mo. Mr. and Mrs. Basinger have five children, 12 grandchildren and one great-grandchild.

### HD Club

The Texas Home Demonstration Association Family Life Committee met Wed. Aug. 15 at 10 a.m. in the Slaton Clubhouse.

Packets were prepared to be given to delegates from each county in the State at the State Convention. Helen Meeks served cookies and coffee to the following: Carolyn Haley, acting county extension agent, Lynn Co. Mildred Patterson, county extension agent, Lubbock Co. Bettie Hensley, apprentice agent, Lubbock; Jean Martin, county extension agent, Plains; Wyvon Mayes, county extension agent, Plainview; Vallie Hughes, county extension agent, Lamesa; Erma Lambright, family life committee chairman, Slaton; Karen Irvin, visitor, Oklahoma City, Okla.

The Texas State Home Demo. Association convention will be Sept. 19-20 in Waco.

Delegates from Lubbock Co. are Janie Hallet and Sandra Cantrell of Lubbock and Helen Meeks of Slaton. Meeks is also serving on the State Family Life Committee.

The Slaton H. D. Club will meet Wed. Aug. 29 at 2 p.m. in the home of Anna Hardesty to plan the programs for the coming year.

The next regular meeting will be Sept. 4 at 1:30 p.m. in the clubhouse. Visitors are welcome.

### Mosser Visitors

Guests of Mrs. Louis Mosser during the summer included Alvin Mosser, El Cajon, Calif.; Al Mosser and Johnny of Temple City, Calif.; Mr. and Mrs. Joe B. Shelton, Carlsbad, N.M.; Mr. and Mrs. James Mosser and family of Denver City, Mr. and Mrs. Walter Mosser and family of Amarillo, Mrs. Bob Halenack and children of Childress.

A Mosser family reunion was held at Lindsey on Aug. 11, and Slaton residents attending included Mr. and Mrs. Hugo Mosser and family, Mr. and Mrs. Cecil Mosser and family, Mr. and Mrs. Paul Mosser, and Mrs. Louis Mosser.

### 'Breath of Life' Campaign To Begin Here Today

"Our goals are simple: to find a control or cure for the inherited disease - cystic fibrosis, while improving diagnosis and treatment of children suffering all serious lung-damaging diseases," said Mrs. Carolyn Davis, chairman of the Breath of Life Campaign in Slaton.

"We have dedicated volunteers, a national organization, renowned scientists and researchers, and over 100 diagnostic and treatment Centers," said Mrs. Davis. "What we don't have is enough money. That is why the North Texas Chapter, National Cystic Fibrosis Research Foundation, is appealing for financial support to expand research and care programs through the Breath of Life Campaign."

Funds raised in the annual campaign help support the C/F care, teaching and research Centers across the U. S., where children with lung diseases are diagnosed and treated with the most modern techniques and equipment.

Although cystic fibrosis, the most serious lung-damaging disease, is still incurable, the average life expectancy of children affected has been increased from infancy to the teen years, and many patients now live into young adulthood. These giant strides of progress are due to earlier diagnosis and improved methods of treatment, which have developed from a better understanding of the disease.

In addition, the treatment programs which aid C/F patients are proving very effective in alleviating the suffering and often curing children with severe asthma, chronic bronchitis, bronchiectasis and a condition sometimes called "childhood emphysema."

"Naturally, we know more today than we ever have before, but we still have a long way to go before we've conquered C/F," said Mrs. Davis. "Every dollar raised for the Breath of Life Campaign means better health and a brighter future for youngsters struggling for the 'breath of life'."

The Breath of Life Campaign will take place in Slaton beginning today, Aug. 23. Contributions may also be sent directly to the chapter office at 1819 Hemphill, Fort Worth, Texas 76110.

Anyone willing to volunteer for the Cystic Fibrosis door-to-door campaign should contact Mrs. Davis or one of the following Area Captains for Slaton:

- Gay Benson, 1520 W. Lynn, 828-3998.
- Alene Latham, 1040 W. Dickens, 828-6995.
- Liz Bourn, 1440 W. Lynn, 828-6302.
- Almarine Childers, 140 N. 5th, 828-3685.
- Ora Mae Cox, 940 S. Collins, 828-6358.
- Mamie Perez, 900 S. 8th, 828-6172.
- Rose Eakin, 1235 S. 12th, 828-5282.
- Melba Foerster, 650 S. 17th, 828-6044.
- Martha Basinger, 1020 W. Garza, 828-5155.
- Sue Davis, 410 W. Garza, 828-3388.
- Brenda Miles, 828-5437.

"BREATH OF LIFE" VOLUNTEERS -- Mayor John Landreth signs the proclamation designating this as "Breath of Life" week in Slaton. Volunteer area captains look on include Liz Bourn, Brenda Miles, Rose Eakin, Sue Davis, Gay Benson, Mamie Perez, Almarine Childers, Ora Mae Cox, Martha Basinger and Alene Latham. Not pictured is Melba Foerster. Volunteers are still needed in the door to door campaign is to begin today. (SLATONITE FILE)

### Proclamation

WHEREAS, respiratory diseases represent almost half of the chronic illness children and account for as much as 85 percent of the time spent by pediatric treatment, and WHEREAS, lung-damaging diseases affect more than 6 million children in the United States, and WHEREAS, the most tragic respiratory disease in children is cystic fibrosis, an inherited biochemical disorder which occurs once in approximately every fifteen hundred births, and WHEREAS, at this time there is no control, advances in treatment, for this inherited lung disease, and WHEREAS, the National Cystic Fibrosis Research Foundation is supporting research to find a control, cystic fibrosis and improved care for all children with lung-damaging diseases, WHEREAS, the week of Aug. 23 has been designated as Breath of Life Week in City of Slaton to enlist public support in the fight against cystic fibrosis and serious lung diseases in children, BE IT THEREFORE RESOLVED, that I, Mayor Landreth, acting under and by virtue of the authority vested in me by the Constitution and Laws of this city hereby proclaim the week of Aug. 23 as Breath of Life and urge the citizens of our community to join with the National Cystic Fibrosis Research Foundation in its humanitarian task.

/s/ J. N. LANDRETH, MAYOR

### Smith Develops Englund Graduates With Honors Cancer Detector

Mike Smith, grandson of Mr. and Mrs. R. L. Smith of 700 S. 8th, is attending a meeting of the Texas Division of the American Cancer Society. The son of Mr. and Mrs. T. W. Smith, former Slaton residents, Mike won second place in the regional Science Fair with a Nuclear Magnetic Resonance, which is a cancer detector. He then took first place in the special award program sponsored by the Cancer Society. For his project, he received a scholarship to Angelo State University and the trip to Houston for the Cancer meeting. His conclusive theory was to

Darwin W. ("Dubbin") Englund was among those recognized as having graduated with scholastic honors from Dallas Institute of Mortuary Science. Science has found that the most efficient means of human transportation is riding a bicycle. Walking a four miles an hour consumes about 1 horsepower of energy while bicycling two-and-a-half times as fast uses only .15 horsepower.

create a super-magnet designed so that patients can step into a chamber and a probe will scan the body with the results going into a computer and coming out with a 100 per cent certainty of whether cancer is present or not.

Science. Commencement exercises were held Friday, Aug. 17, 1973, at 10:30 a.m. in the Gaston Avenue Baptist Church of Dallas. The principal speaker was Ben F. Brown of Irving, President of Texas Funeral Directors Association and a graduate of the Institute seventeen years ago.

A special awards banquet for the graduates and their families held Thursday night was attended by H. M. Englund who graduated from the school twenty-five years ago. Mr. and Mrs. D. W. Englund have moved back to Slaton where she is teaching in the Slaton Junior High, and he is associated with the family owned and operated business.

## FOOT NOTES

BY MARGRET CRISPIN

Schooltime finally got here! Your reaction to that may be varied, according to your circumstances. Right now, I would say that most mothers are torn between happiness for a few free hours a week and grumbling over the work required to keep school clothes up to par, make all the necessary traveling arrangements for school meetings, practices, and doing all the "regular stuff" that must be done in any household.

On the first day of school, I met one mother with a five year old and a six year old. The older youngster didn't attend kindergarten last year, so this year, both her babies started to school at the same time. She couldn't decide whether to leave them at school or stay with them, "just in case". (That means, just in case mother started to cry I think.)

Another mother said, "Thank goodness, I thought summer would never end." Like I read in the little joke, "During the summer, parents find out what teachers have known for nine months."

We see that 25 cases of hepatitis have been reported at Reese AFB recently but have been assured by health authorities that it has not spread to the civilian community.

August 10 was "Conserve Energy Day" for all federally controlled space, in an effort to reduce energy consumption by 7 percent in 12 months. Trying to lead the way for the general public to follow, the federal agencies were given instructions to cut down on energy in several forms, including: removing light bulbs except in actual work areas; using daytime janitors to save night lighting; purchasing smaller vehicles with smaller engines for federal government use; and reducing driving speeds to save fuel. In helping conserve energy in your country, you will also be conserving money in your pocketbook, so you might try to give some thought to what you can save. It looks like we're all going to have to cut it somewhere if we plan to keep on eating three meals a day. With prices going up, something's gotta go!

For folks who worry about high cholesterol, here is a new find. Hens that lay a lot of eggs produce eggs with less cholesterol. Therefore the high production commercial flocks have a lower percentage than your homegrown barnyard chicks that produce 3-7 eggs a week.

### Coke Party Fetes Sorority

The Slaton Chapter of Kappa Kappa Gamma met for a coke party Friday afternoon at 4:00. Members had refreshments and discussed business for the coming year. The first scheduled meeting will be held Sept. 6. Vickie Hart, president of the conclave, presided at the meeting. Members present were Melba Holland, Ardell Reasoner, Betty Knight, Aileen McClesky, Sue Davis, Jackie McElfresh, Elizabeth Thompson, Beryl Gunter, Vickie Hart, Jean Bingham, Mickey Miles, Mickey Benson, Gladys Morgan, Velma O'Neal, Pauline Mason, Mabelle Kern, Chloe Gibson, and Ruth Longtin.

### Garden Is Scene of Neill Nuptials

Miss Loree Peek and James Leroy Neill exchanged wedding vows at 7 p.m. Friday in the home garden of Mrs. Helen McElwee of Lubbock, aunt of the bride. Floyd Stumbo, Superintendent of the Children's Home of Lubbock, officiated the double ring ceremony.

The bride escorted in marriage by her father, wore a formal gown of cotton lace fashioned with an empire bodice and scoop neckline.

Kathy Peek, sister of the bride and J. L. Anderson, attended the couple.

The bride is the daughter of Mr. and Mrs. Lonnie E. Peek of Buffalo Spring Lake. She attended Roosevelt High School.

Neill is the son of Mrs. Marie Pettigar of Monahans and foster son of Mr. and Mrs. Rusty Burns of the Children's Home of Lubbock. A 1973 graduate of Roosevelt High School, he is employed by Parker Drilling Co. of Monahans.

The couple will reside at 402 Colorado, Monahans and the bride will finish her senior year at Monahans High School.

**Miss Eckert To Receive Degree**

DENTON -- The Texas Woman's University held its annual Summer Commencement program Saturday, Aug. 18, awarding bachelor's, master's and doctoral degrees.

Recipients included Josephine Annette Eckert of Slaton, with a B. S. degree in Special Education.

**Finding Security In Retirement**

If you happen to encounter a retired couple carrying on an animated conversation with their flowers and vegetable gardens, do not believe anything except the fact that they are literally "talking" their plants into growth.

So says Joseph P. Sullivan, president of Estech, Inc., the chemicals and industrial products division of Esmark, Inc., a Chicago-based diversified international industrial complex.

"Taking a cue from their children -- or perhaps, their grandchildren -- the senior citizens of the gardening 'cult' are realizing that some tender, loving care and conversation with their plants re-

sults in a profusion of flowers and vegetables," Sullivan explains.

Nearly 8.5 million people over 65 enjoy gardening today, he estimates. Rather than regarding such chores as a burden, senior citizens consider tending their gardens, mowing the lawn, applying the Vigoro and raking the leaves among the most pleasurable aspects of retired life.

"It is balm to tired nerves and jaded appetites," says one couple. "We have looked forward to having plenty of time to enjoy our gardening for almost 40 years."

Another retiree notes that she became interested in the fine art of making things grow after retirement. "My grandchildren coaxed me into taking it up," she explains.

"They were students of a science class at school which held plant life experiments. They actually found that 'talking' to the plants made them grow. Fascinated, I tried the same technique. Now, I'm a confirmed conversational gardener."

**Platform Shoes Fashionable Accident**

AUSTIN -- The rising popularity of platform soled shoes has created a serious accident hazard at work and on the highways, according to Lloyd Palmer, general manager of the Texas Safety Association.

Clogs and platform shoes have resulted in a dramatic upswing in the number of women injured in falls, Palmer said.

New York designer Laura Tosato agrees: "With the speed of life what it is today, clogs are dangerous because they don't hang on."

Palmer explained that foot specialists are warning that the girl in platform shoes runs a much increased risk of a twisted

ankle.

One leading orthopedic surgeon in Texas noted that most platform shoes are not as dangerous as the "spike heels" of the 1950's because they have a broader base of support.

He was quick to add however, that stability and sensitivity are diminished by platform shoes and clogs--indicators that the shoes can contribute to falls.

"The higher the soles of the shoes get, the more likely you are to misgauge your step. It is kind of like having a new pair of bi-focals," he said.

The doctor said also that platform shoes with soles that slope sharply upward at the toe are a particular danger. Dr. Robert Morris of Irving, President, Texas Podiatry Association, supported that opinion, explaining the force with which the off-balance feeling such shoes create can be compounded.

"When we walk, our feet strike the floor with four times our weight. So, a 150 pound person makes a 600 pound impact on his foot with each step," said Dr. Morris.

Palmer cited the latest in fashion footwear as a hazard to the driver also. The thicker soles make it more difficult to place the foot smoothly on the clutch, the brake or the accelerator. In an emergency, an error in switching from the accelerator to the brake could be particularly disastrous.

In addition, decreased sensitivity can make applying the brakes and accelerator "a guessing game," Palmer said.

One Pennsylvania safety expert may have found an answer to the problem.

"If car manufacturers must recall their autos for safety defects, it would seem logical for fashion designer to be similarly responsible," said Roy D. Hanshaw, Safety Director of the Keystone Auto Club of Philadelphia.

A more likely solution, according to Palmer, is to choose shoes to fit the wearer's activities, remembering stability and sensitivity problems of platform shoes.

Considering the recent increase in men's fashion footwear, males should recognize trouble afoot too, he noted.

"Then, if people must wear four or five inch soles, Texas Safety Association urges them to carry driving shoes to avoid an elevated accident potential on the road," Palmer said.

**Crime Decrease Is First In 17 Years**

Serious crime in the United States declined two percent in 1972, the first actual decrease in crime in 17 years, Attorney General Elliot L. Richardson announced today in disclosing final FBI crime statistics for the year.

The 1972 downturn in crime followed a 7 percent increase in 1971, which was the smallest rate of increase in six years.

Suburban areas reported an average increase in serious crime of 2 percent, while rural areas had a 4 percent rise.

In 1972, there were 2,829 serious crimes for each 100,000 inhabitants in the United States, a 3 percent decline in the crime rate or victim risk rate from 1971. The risk of becoming a victim of a serious crime has increased 47 percent since 1967.

An estimated 374,560 robberies occurred in the United States during 1972 and burglary offenses totaled 2,345,000 during the year.

An estimated 4,101,900 thefts were reported to the police during 1972. The total larceny loss amounted to \$475 million. Automobile thefts totaled 881,000.

Nationwide, law enforcement agencies solved 21 percent of the offenses which came to their attention during 1972. This is a slight increase from the 1971 level of 20 percent.

During 1972, law enforcement agencies made 8.7 million arrests for all criminal acts, excluding traffic offenses, which was an increase of about one percent compared to 1971.

In 1972 there were 2.4 police employees per 1,000 inhabitants in the United States. One hundred twelve law enforcement officers were killed due to criminal action during 1972. One hundred twenty-six law enforcement officers were slain in 1971, 100 officers in 1970, 86 officers in 1969, 64 officers were killed in 1968, and 76 in 1967.

**Mrs. Clemens Takes Degree**

Mrs. Eula Clemens recently received the degree of Science and Education from Lubbock College. She has been teaching Kindergarten at Wick Elementary School.

Mrs. Clemens is a graduate of Slaton High School.

**Mrs. Rogers Quilting Ho**

The home of Mrs. Lois Rogers was the site of a gathering of the Jolly Quilting Club. Mrs. Rogers was invited for the annual home and ice cream party.

Present were Mrs. Mmes. Kenneth Davis, Rogers, Jack Richey, Phillips, Charlie Cook, Hill, Nestor Kuntz, Stansell, Cletus Kuntz, and guests, Carol and Heinrich, and Mr. Joe Miller.

The next regular meeting will be held Sept. 4 at the home of Mrs. Lou Walton.

## Wilkins' Attend Tane Seminar

Mr. and Mrs. Raymon Wilkins speakers from Slaton attended the Fifteenth Annual Drug Abuse Education and Prevention Seminar at Baylor University in Waco August 1-5.

The Seminar was sponsored by Texas Department of Mental Health and Mental Retardation. Featured speaker at the seminar was Joseph C. Schooler, M.D. Ph.D., Director of Texas Research Institute of Mental Sciences in Houston.

Those attending the seminar saw films to acquaint them with the world of the drug abuser and then participated in small group workshops.

Teachers, school administrators, counsellors, nurses, pastors, Church workers, and policemen from over the state attended the seminar, which is held each August at Baylor.

## VFW Auxiliary News Report

The Ladies Auxiliary to the VFW Post #6721 met in regular session Monday night at 8 p.m. with 14 members present.

President Louise Corson led the meeting.

Mrs. Alberta Wolf recently moved to Lorenzo, and transferred her membership to the Slaton Auxiliary #6721 from Tucumcari, N.M.

Membership chairman, Brooksneil Davidson, hospital chairman, Loraine Merriman, kitchen chairman, Ann Foster, and chaplain Ruby Wheatley gave their reports. Mrs. Merriman reported that items to be taken to the Veterans in Big Spring are coming in slow, and asked that anyone wishing to donate any items should have them in by Aug. 22. The Post and Auxiliary will make the trip to the VA Hospital Aug. 23.

District #7 Commander, Dave Cheshire, died Friday Aug. 10, and was buried in Post, Sunday.

President Louise Corson will leave Aug. 16 to attend the VFW National Convention to be held in New Orleans Aug. 17-24.

loan obligation," Johnson explained.

He noted VA is required by law to determine if the contemplated terms of repayment bear a proper relation to the veteran's anticipated income and expenses before approving a loan.

The spouse's income has always been considered for this purpose, but in the past, local rules which had the effect of discounting the young wife's income were often imposed. Under the new policy, no such local rules will be imposed and the wife's income will be given full consideration.

VA guarantees 60 percent of home loans (maximum \$12,500) private lenders make to servicemen, veterans and eligible widows of World War II, Korean and Post-Korean conflicts and the Vietnam era.

## Ruth Ellis To Receive Degree

IOWA CITY, IOWA -- An estimated 894 students are candidates for July degrees at The University of Iowa. University-wide commencement exercises are not held in July, but several U of I colleges and programs held brief recognition ceremonies for their graduates.

Among candidates for degrees from the Slaton area is Ruth Ellis, 710 S. 12, Master of Science.

## Slaton American Legion To Sponsor Scouts

Since 1919 American Legion Posts all across the country have actively supported and sponsored the program of the Boy Scouts of America.

The Luther Powers Legion Post of Slaton presently sponsors Scout Troop 123. Their goal for this fall is to expand the troop by bringing new boys and parents into the program.

Scouting has always been a patriotic movement. Where the Character, Duty to God and Country are taught in an atmosphere of outdoor fun and adventure.

All boys who are eleven years old or in the sixth grade are urged to join--The fall organizational meeting for new Scouts

and their Dads will be held on August 31, 7:30 p.m. at the American Legion Hall.

The purposes and methods of Scouting will be explained, and new boys will be able to join. The Legion will serve refreshments to all who attend.

For more information on Scouting and the American Legion, please contact Mr. Greely Sanders, Post Commander, Ellis Schmid, Committeeman, H. M. "Bud" Englund, Institutional Representative, Weldon Self, Scoutmaster or the South Plains Council Service Center, 747-2631.

In Scouting, Every Boy Makes the Team.

A family is a close personal blending of physical and mental togetherness -- in privacy, intimacy, sharing, belonging and caring -- with honesty, understanding, patience and forgiveness, says Jane Fleischer, specialist in family life education, Texas Agricultural Extension Service.

## BOOSTER CLUB MEETS

The Roosevelt Booster Club met Monday night for the election of five new directors. The meeting time was changed to the second Monday of each month instead of the first Monday except through football season there will be a meeting every Monday night with the showing of the film of the previous football game. The next meeting will be held Sept. 10 at 8 p.m.

The Booster Club Directors met following the regular meeting to elect new officers. Elected were W. D. Killian Jr., president; Glen Maloney, vice-president; August Patschke, secretary; and Dub Marshall, treasurer.

## NEWS BRIEFS

The Roosevelt Young Homemakers and the Young Farmers and their families enjoyed a picnic at Ribble Park last Friday night. Anyone who is missing a broiler pan, a knife and pancake turner from this picnic contact Dee Schroeder at 842-3544.

Visiting with Mr. and Mrs. Bobby Schroeder and Karen Sunday were Mrs. Schroeder's parents, Mr. and Mrs. Clyde Latimer of Lubbock and her aunts and uncle, Mr. and Mrs. Ralph Bloomer and Mrs. Perry Hill of Marietta, Okla.

The varsity football team will play a scrimmage game at Lorenzo Friday at 7:15 and the Junior Varsity will play Anton at Roosevelt at 5:15 Friday.

The varsity football team elected captains last week and they are John Blackwell, Chris Marshall, Kenny Perry, and Michael Patschke.

Mr. and Mrs. A. J. Gickhorn of Wilson, Mr. and Mrs. Leroy Zieschang of Slaton and Mrs. Herman Lorenz and Carrie of New Deal were visitors in the Patschke home Friday night.

Mr. and Mrs. Terry Hayes, Teri Jo and Michael spent their

vacation visiting Terry's folks, Mr. and Mrs. Kenneth Hayes, in Knoxville, Iowa.

Mr. and Mrs. Bill Marcy and Gina of Houston visited recently with John Robert Miller.

Mr. and Mrs. Joe EddieSpeed and family of Dallas have been visiting the W. L. Speed family of Lake Ransom Canyon.

Beverly Miller spent several days in Houston visiting relatives.

Mrs. Hazel Daniel reports she and Early had a very nice trip to Hawaii.

John Robert Miller was

admitted to Highland Hospital Sunday following a motorcycle accident. His right leg and ankle were broken in several places and surgery was required. He's in room 107.

## RODEO

Chris Marshall was a participant in the Tri State High School rodeo at Muleshoe last Saturday and won a belt buckle for first place in Ribbon roping.

He also won a wind breaker for first place and a second place ribbon in Ribbon roping at Guthrie recently.

Brooks Marshall received a third place ribbon in Ribbon roping at the Guthrie rodeo.

## Woodward Accepts Scouting Post

United States District Judge Halbert O. Woodward of Lubbock has accepted chairmanship of the "Together Plan" for organizing 59 new packs, troops and posts in the South Plains Council of Boy Scouts of America.

The announcement was made by J. C. Chambers, Council Organization Chairman.

The "Together Plan" is designed to secure sponsoring institutions for units in all phases of Scouting. Sponsors are needed throughout the twenty county South Plains Council for Cub packs, Scout Troops and Explorer Posts.

"The sponsoring institutions", said Judge Woodward, "can be churches, PTA's, Civic Clubs, Businesses or any other group which has an interest in serving today's youth".

Each of the eight districts within the Council has established a steering committee to seek potential sponsors.

On October 4th at the Together Dinner, the Council wide new unit effort will officially kick off at Reese Air

Force Base Officers Club. All potential sponsors will be invited to the 7:00 p.m. dinner. The District Together Chairman of the Mackenzie Trail District is Kenneth Hobbs, 2306 59th, Lubbock.

## Railway Underpass Is Approved For Hub City

The Texas Highway Commission recently approved the construction of a railroad underpass in Lubbock, subject to conditions.

The city of Lubbock had requested assistance in the construction of a railroad underpass and approaches across the Atchison, Topeka and Santa Fe Railroad, connecting Ave. H and Texas Avenue.

The project has been tentatively accepted by the City of Lubbock for customary maintenance and construction responsibilities required of local governments by the Highway Department.

Upon acceptance by the city, the Department was directed to

## Santa Fe Retirement Club Meets

The Santa Fe Retired employees met Tuesday in regular session with President R. J. Clark in charge. Twenty-seven members attended.

Rev. Merriell Abbott, pastor of First United Methodist Church, brought the devotional. His subject was "The Flag Pole or the Pillar." He made comparisons of the unfaithful Christians to a flag pole, that is of no strength or support to the building, while a pillar, or faithful Christian supports and strengthens the church, not to be seen, but for the glory of God.

## Earthquake Zone?

More than 1,000 earthquakes east of the Mississippi have been reported since 1700.

proceed with construction at an estimated cost of \$1.2 million. It is subject to eligibility for partial financing with federal metropolitan highway funds.

J. T. CRUMLEY, Vocational Agriculture teacher of the year, was presented the distinguished service award and a lapel pin by Sidney Long of Gail, President of the Vocational Agriculture teachers association of Texas. The award was presented at the annual awards program for his service to vocational agriculture education in Texas.

### Pioneer Gas Co. Dividend Lower Than '72 Quarter

AMARILLO -- At their quarterly meeting held today, the board of directors of Pioneer Natural Gas Company declared a regular quarterly dividend of 21 cents per share to be paid Sept. 5, 1973, to stockholders of record on Aug. 23, according to an announcement by K. Bert (Tex) Watson, company president.

Consolidated net income for Pioneer and subsidiaries for the second quarter amounted to \$1,841,792. For the first six months of 1973, the consolidated net income was \$5,970,399 compared to \$5,817,647 for 1972. Earnings per share for the second quarter amounted to 25¢ on the 7,470,190 average number of shares outstanding during the period. For the same period last year, earnings per share amounted to 34¢ on the 7,468,132 average shares outstanding during the same period. For the first six months of 1973, earnings per share are 80¢ compared to 78¢ per share in 1972.

In making the earnings announcement, Watson said that a decrease in gas sales for irrigation brought on by the unusually heavy precipitation which occurred during the previous six months was largely responsible for the reduced earnings in the second quarter.

### Freezing Hints Are Given

Have good fresh tasting vegetables next winter--by freezing them now, Mrs. Jena Cobb, Lubbock county Extension agent, said.

Almost any vegetable can be frozen, from asparagus to zucchini. And it doesn't take much time or a lot of equipment.

All you really need is a big kettle of hot water for blanching, a wire basket, cold water for cooling and packaging containers.

Despite the simplicity, some people have problems with frozen food being of poor quality. First use young and tender vegetables. Then freeze them immediately. Leaving them in the garden even a day too long can mean the difference between tough and tender condition next winter.

After washing and preparing the vegetables comes blanching--the most important step. This brief plunge into boiling water is the big secret to successful home freezing. Its whole purpose is to stop the action of enzymes. Needed for the living plant's growth, these enzymes continue to work--even in the freezer--unless stopped by blanching. Their action results in off-flavor, toughness or mushiness and off-colors. Fortunately, blanching is easy.

All that's needed is a gallon of rapidly boiling water in a kettle, about a pint of vegetables and a wire basket. Put the vegetables in the wire basket and plunge them into the water. Cover the kettle and start timing immediately. Exact timing is important. Too much or too little will hamper the quality. For recommended times on each vegetable, consult a cookbook or freezing manual.

The third key to successful freezing is quick cooling. A pan of ice water or even cold running water will do the job. Check a cookbook or freezing manual for exact times. But generally it takes about as long or longer to cool as it does to blanch. Next, drain the vegetables and pack in airtight containers. Milk, ice cream or cottage cheese can be used only if the vegetables are first sealed in plastic freeze bags. Then, quickly set the containers in the freezer, making sure it is set at zero degrees F. or lower to maintain quality. Follow these four main steps and use recommended blanching and cooling times for better quality vegetables.

### Language Courses Scheduled

SNYDER -- The foreign language department of Western Texas College will offer conversational courses from 6:30 - 9:30 p.m. this fall in Spanish, German, Russian and French.

The weekly schedule is as follows: Monday evening - Beginning Spanish and Russian; Tuesday evening - German and French; Thursday evening - Advanced Spanish.

Two levels of Spanish will be taught. The advanced Spanish course is for students who have had previous experience in Spanish. The beginning Spanish course is designed for those who have had no formal exposure to the language.

Conversational German will feature the acclaimed T.V. instructional film series "Guten Tag." The class will be opened periodically to the public in order that interested individuals may also view and discuss the films.

Last fall students commuted from several area towns for the conversational classes, and additional classes have been added this fall because of popular demand. Anyone with questions about the courses should call or write the foreign language department at Western Texas College. The phone number is 573-8511.

## Area Men In Service

Samuel Clemons

SAN ANTONIO -- Airman Samuel L. Clemons, son of Mrs. Robert Johnson of 1020 S. Flint, Slaton, has been assigned to George AFB, Calif., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to a unit of the Air Force Communications Service for further training and duty in the wire maintenance field.

Airman Clemons attended Slaton High School.

### Jerry Pricer

HONOLULU -- Jerry M. Pricer, son of Mr. and Mrs. H. F. Pricer, 405 S. Third, Slaton, has been promoted to technical sergeant in the U. S. Air Force.

Sergeant Pricer, a communications supervisor at Hickam AFB, Hawaii, is assigned to a unit of the Air Force Communications Service.

The sergeant, who attended Slaton High School, has completed a tour of combat duty in Vietnam.

His wife is the former Yukiko Takahashi.

## Judge Dalby On TCA Council

Garza County Judge Giles W. Dalby of Post has been appointed to the State Advisory Council on Alcoholism to the Texas Commission of Alcoholism (TCA) for 1973-74. Judge Dalby has been appointed to serve as the representative of the 15 County South Plains Planning Region served by the South Plains Association of Governments (SPAG).

Judge Dalby also serves as Chairman of the Alcoholism Advisory Committee to the SPAG Board of Directors. SPAG was designated as one of the 24 Regional Alcoholism Services Planning Authorities within Texas by TCA in 1972. As a planning authority, SPAG is charged with the responsibility of assuring the orderly development of a network of services designed to combat alcohol abuse and alcoholism.

In addition to his ranching and business interests, Judge Dalby served on the Post Independent School District Board of Directors from 1961 to 1973 and served on the Board of Directors of the Post Chamber of Commerce from 1967 to 1973. Other activities of Judge Dalby include Directorship of the West Texas Boys' Ranch and the First National Bank of Post.

Other committee membership include the President's Council at Texas Tech University, City of Lubbock Regional Manpower Advisory Committee and the SPAG Comprehensive Health Advisory Council.

Judge Dalby is married to the former Nelda Floyd of Post and they reside with their four children, Elizabeth, Rebecca, Charlie, and Giles, Jr., on the Cross H Ranch six miles east of Post, Texas.

Watch for deterioration when buying fruits and vegetables. Even with the most modern handling methods, quality of some products declines rapidly, points out Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System.

## DEATHS

### Mrs. Ila Stallings

Mrs. Ila Stallings, resident of Slaton from 1917 until 1941, died Sunday in University Convalescent Home in Lubbock after a lengthy illness. Funeral services were held Monday in Ford Memorial Chapel of First Baptist Church, Lubbock. Burial was Tuesday in Nevada, Texas.

### Edna P. Taylor

Mrs. J. B. (Edna Pearl) Taylor of Slaton, died Sunday in West Texas Hospital in Lubbock. Services were held Tuesday in the Church of God of Slaton with Rev. T. A. Tomlin of Plainview, officiating. Burial was in Englewood Cemetery under the direction of Englands.

Mrs. Taylor was born in Collins County and had lived in Slaton since 1941. She was a member of the Slaton Church of God. She married Bray Taylor Aug. 20, 1918.

Survivors include four daughters, Mrs. E. S. Williams of Slaton, Olga Dunn of Denton, Mrs. Fay Jones of Napa, Calif., and Wanda Ferguson of Garland; five sons, Lloyd of Farmersville, Bee of Santa Cruz, Calif., J. B. of Lubbock, Doyle of Seagraves and Derrell Dean of San Antonio; 55 grandchildren; 90 great-grandchildren and 10 great-great-grandchildren.

Pallbearers were grandsons.

### Mrs. E.D. Payne

Mrs. E. D. Payne, 83, of Taboka, died Thursday in Mercy Hospital in Slaton. Services were held Saturday in the Taboka First Baptist Church.

Mrs. Payne, a native of Arkansas, married Delmer Payne in Oklahoma in 1907. They came to Lynn County in 1917 from Pauls Valley, Okla.

Survivors include three daughters, Mrs. J. D. Martin and Mrs. Ruby Renfro, both of Taboka and Mrs. Robert Rogers of Lubbock; three sons, Ralph of Hobbs, Arfrey of Abilene, and Wilton J. of Taboka; two sisters, Mrs. Ella Collins and Mrs. Lou Moody, both of Pauls Valley; a brother, Art Campbell of Pauls Valley; 15 grandchildren and 36 great-grandchildren.

## E. L. Autry Is 'Resident Farmer' For Children's Home

E. L. Autry looks like any other farmer.

His face is weathered and worn by years in the sun and his khaki britches are faded and torn.

Ever since he sold his cotton and grain farm at Taboka, 29 miles south of Lubbock, he's been chasing a new rainbow. And he's pretty sure he's latched on to one that's big enough, and bright enough, to last him the rest of his days.

"I think I've found what I've been looking for," he drawled, gazing out over a patch of green corn at Coe Memorial Home for Children on old Highway 77 south of Dallas. "In a couple of years, I think we'll be able to grow enough food here to feed all these little

kids."

Autry, who took the job as "resident farmer" at the orphanage early this spring, has turned a barren field around the back of the orphanage into a productive, fertile farm.

"It's miraculous what he's done to this land," said Sister Juanita Hope, administrator at the privately supported orphanage. "When he came here, we didn't even have a garden, much less a corn and grain crop, a flock of chickens and a herd of cattle."

"But look at us now. We're surrounded by growing things. The Lord is answering another one of our prayers."

Asked why he would sell a successful farm of his own to

take over a practically gratuitous job at the orphanage, Autry pushed his faded summer hat back and said, "I felt this was the work of the Lord. The Bible says take care of the poor and the orphans. That's what my wife (Mrs. Autry) cooks for the kids and I am trying to do."

As he talked about his hopes for making the acreage around the home productive enough to feed his new-found family, wide-eyed kids who've never had the pleasure of pulling a plump radish out of the ground, or of watching a baby chick wiggle out of its shell, hung on to him and wondered at his words.

He was teaching and they were learning. It was plain to see they needed each other.

In the short time he's been at the home, he's planted 4 acres of sweet corn, 50 acres of milo grain, 3 acres of vegetables and 50 acres of

## Area's Cotton Growers Are Facing Decision On Irrigation

LUBBOCK -- During the next 2 to 3 weeks, South Plains cotton producers must again make important decisions regarding irrigation. "Many face the decision of whether to apply another summer irrigation, or in the case with June cotton, is it profitable to irrigate this month?" said Dr. Robert Metzger, area cotton agronomist with the Texas Agricultural Ex-

ension Service. Many producers this year's crop early late seedling growth, insect damage, and the excessive vegetative growth of this cotton should be further irrigated," Metzger said.

Even where irrigation is excessive vegetative growth is termed it doubtful whether further irrigation would be profitable, especially in the recent side-sprayed cotton. Many soils contain enough water to support a May planted cotton crop approximately 1 1/2 weeks each week in a cutoff time. "Cotton are Aug. 20 north of Lubbock and Aug. 25 in Slaton," Metzger said.

Non one doubts he will, either. This is just one of the hundred or so ways he pursues happiness.

CENTENNIAL FLAPPER -- Miss Jan Scott, daughter of Mr. and Mrs. Cecil Scott of Slaton, portrayed a "Gay Nineties Flapper" during a program in conjunction with the Bridgeport centennial celebration. Miss Scott is a pharmacist in Bridgeport.

THURSDAY, AUGUST 23, 1973  
Read Matthew 5:14-16

Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven. (Matthew 5:16)

During a power crisis in Britain, I was made much aware that Jesus came to bring us the same qualities that electricity brings:

Jesus brings light--to guide us, to dispel darkness, to warn us of danger, to show us the imperfections in our lives. Jesus brings warmth--the warmth of God's love which sets on fire the hearts of those committed to Him.

Jesus brings energy--the power of the Holy Spirit to transform the lives of those who believe in Him!

God provides a dependable and an abundant source of invisible power. It is our fault if we fail to switch it on.

PRAYER: We rely upon You, O God. For light to guide us. For love to enfold and warm us. For energy to empower us. Thank You, Father, Amen.

### YIELD GRADE STAMPING CHANGE

-- A new procedure in yield grade stamping is now being used to distinguish between meat carcasses with and without pelvic and kidney fats. Carcasses without kidney and pelvic fat are now double stamped with the yield grade on each quarter or primal cut, says a meat specialist for the Texas Agricultural Extension Service. The change was initiated by the Meat Grading Branch of the U. S. Department of Agriculture's Agricultural Marketing Service since some meat packers are now removing the kidney and pelvic fat before carcasses are graded. This materially reduces the yield grade through the amount of outside fat remains the same.

*The Rejection at Nazareth ...*

And he said, Verily I say unto you, no prophet is accepted in his own country.

— Luke 4:24

And all they in the synagogue, when they heard these things, were filled with wrath, and rose up, and thrust him out of the city, and led him unto the brow of the hill whereon their city was built, that they might cast him down headlong.

But he passing through the midst of them went his way.

— Luke 4:28-30

# COTTON TALKS

The cotton program governs the industry from 1974 through 1977, according to a report explained to high school farmers at county meetings at county fairs around the area by the Lubbock-based Cotton Growers, Inc., well known for its "considerably less" program, but if properly implemented, it could be a program with the potential for high yields and high prices.

Provisions of the program comment on the High School Cotton Program as follows:

- 1. A national allotment of 10 million acres, compared with 11.7 million acres in 1972.
- 2. Allotment for counties surrounding the area should be based on the acreage in that county in 1972.
- 3. Allotment for individual farmers will be up to 10 acres.

Support payments will be based on the difference between the national average and the county average. The national average is 12.66 cents a pound, and the county average is 12.66 cents a pound.

Payments will be based on the difference between the national average and the county average. The national average is 12.66 cents a pound, and the county average is 12.66 cents a pound.

disaster which prevents planting, destroys crop or reduces yield below two-thirds of a normal crop, payment will be one-third of the target price (12.66 cents in 1974 and 1975) times projected yield times allotted acres.

Loan is to be set at 90 percent of the three-year average price of American cotton in world markets, based on Middling-Inch cotton. Loan can be adjusted to 90 percent of the current year's world price if 90 percent of the three-year average is above the current world price.

USDA's method of calculating the average price of American cotton in world markets has not been determined. Sale and lease of allotments will be permitted, even to farms with no allotment.

Payments will be limited to \$20,000 per person, total for all crops. Rules for determining whether corporations and their stockholders are to be considered as "persons" will be in accordance with regulations issued December 18, 1970.

Present skip-row rules remain in effect. Authorization for annual transfer of \$10 million from CCC funds to Cotton Incorporated is continued, but use of funds is restricted to research efforts.

In the event the Secretary sees prospects of oversupply he is given authorization to limit planting of cotton beyond base allotments. Provision which prohibits grazing on cotton set-aside during five principal months of growing season under the present program is removed, and the Secretary is specifically authorized to permit hay, triticale, oats, rye, wheat, and feed grains to be planted on cotton set-aside.

A GARDEN POOL. A small pool can give your yard or garden a new dimension, says a landscape horticulturist for the Texas Agricultural Extension Service. Water in the landscape provides a psychological feeling of coolness and tranquility. Use construction materials that will blend naturally into the landscape. Pools having a good balance of fish, plants and water may never have to be drained and cleaned.

## City Picking Up Abandoned Cars After Warning

The city now is picking up abandoned vehicles after proper warning and notification, according to Capt. Wayne Smith of the Police Dept., who noted that owners have a 10-day period in which to act after notification.

"A vehicle must have current license and inspection sticker and be in running condition," Smith said. "However, anyone who wishes to contest designation of his car as a junk vehicle may pick up an appeal form at the police station. The appeal must be made within 48 hours after a vehicle is picked up."

Capt. Smith urged that anyone wishing further information on the matter contact him at the police station. Wrecks, thefts and vandalism again were on report at the police department, and warrants were issued for three persons on failure to appear in traffic cases.

Barbara Townsend, 610 S. 10th, reported theft of a 20-inch bicycle from that address last Wednesday. And a construction worker at Mercy Hospital, David Joureque of Lubbock, reported theft of a wallet containing \$33 Tuesday. Tom Weeks, 800 S. 14th, said someone had broken into his freezer and stolen \$20 worth of food.

Slaton school officials said 36 lights were shot out at the football stadium. The bulbs were valued at \$5 each. On Monday, a 1967 car driven by Willie Schneider of Wilson and a 1971 pickup driven by John Bell of Taboka collided at 9th and Old Post Road, with damage estimated at \$300.

Last Thursday at 14th and Daytona a 1971 pickup driven by Arthur William Schaffler of Slaton and a 1967 car driven by Juanita Hilliard White of 745 W. Powers collided, with damage of \$50.

Isiah Whaley, 18, of Slaton, was in county jail early this week charged with passing a forged instrument by endorsement. Bond was set at \$1,000.

## New Officer Instructs ROTC

New commandant of cadets at Slaton High School is 1st Sgt. Bobby J. Jackson, 43, of Lubbock, who recently retired after 22 years service in the military, Lt. Col. Clifford O. Bowen, director of the ROTC program here, announced.

A veteran of the Korean War who has served in the Army and Marines, Jackson attended Austin College. He and his wife have two married daughters. Jackson and Bowen both reiterated that ROTC students in high school are in no way obligated to military service, that the program "develops leadership traits of individuals, applies to everyday living, increases ability, stresses highest principles and teaches organization and pride in accomplishment."

ROTC students can get one credit per year. Col. Bowen pointed out that students still may change their schedules to participate in the program this year, and urged that any parents desiring further information contact either Sgt. Jackson or Col. Bowen at 828-3168, or principal M. W. Kerr.

## Free Lunch Scale Listed By School

Slaton school officials this week reported income scale determining who can qualify for free school lunches. The scale is as follows:

Family Size	Annual Income
1	\$0 - 2740
2	0 - 3600
3	0 - 4460
4	0 - 5310
5	0 - 6100
6	0 - 6890
7	0 - 7600
8	0 - 8310
9	0 - 8960
10	0 - 9500
11	0 - 10,240
12	0 - 10,880

Each Additional Family Member \$640

## Slaton Man Is Graduated

SAN MARCOS -- A Slaton resident was among the 733 Southwest Texas State University students who applied for degrees awarded Saturday, Aug. 18, in twin summer commencement ceremonies.

The Slaton student receiving a degree from the university's Applied Arts Department was Arthur T. Sumrall, son of Mr. and Mrs. A. W. Sumrall, of Rt. 1, Box 197. He was on the dean's list for the Fall 1972 season, rated as a superior student.

Delivering the keynote commencement addresses were Dr. John C. Stevens, president of Abilene Christian College, and retiring SWTSU education professor Dr. Pat Norwood. Stevens spoke at the Graduate School and College of Arts and Sciences ceremony.

## Citizens

- 8-3-73 -- Mr. and Mrs. Michael Quartaro, of Bellaire, Tex., are the parents of a girl, Kelly, weighing 8 lbs. 11 oz. Grandparents are Mr. and Mrs. H. R. Donaldson of Slaton, and Mr. and Mrs. Vincent Quartaro of Nassau Bay, Tex.
- 8-16-73 -- Mr. and Mrs. Danny Gray of Lubbock are the parents of a son, Brian Christopher, weighing 6 lbs. 13 oz. Mrs. Gray is the former Marilyn Holloman. Grandparents are Mr. and Mrs. Marlee Holloman of Slaton. Grandparents include Mr. and Mrs. F. B. Sexton of Slaton, and Mrs. Frances Holloman of Alaska.
- 8-19-73 -- Mr. and Mrs. Don Settle, Rt. 1, Slaton, on the birth of a son weighing 6 lb. 10 1/2 oz. in St. Mary's Hospital. The father is an electrician for Kuss Electric.
- 8-19-73 -- Mr. and Mrs. Manuel A. Cardenas, Rt. 2, Box 148-A Slaton, a girl, Tomasa, born at 12:35 a.m., weighing 6 lbs 3 ozs.
- 8-19-73 -- Mr. and Mrs. Enrique Espinoza, P. O. Box 678, Slaton, a boy, Steven, born at 3:46 a.m., weighing 7 lbs. 9 ozs.
- 8-21-73 -- Mr. and Mrs. Rusty Zumwalt, Holiday Trailer Park, Slaton, a boy, Dusty Quinn, born at 1:45 p.m., 6 lbs. 9 ozs.

## Sewer Extension Project Ordered

City Commissioners last Thursday approved a bid of Plains Utility Co. of Lubbock for a small extension of sewer line to serve an area in the vicinity of 13th and Crosby streets. Total cost of the project will be \$2,962,300.

Commissioners also approved a request by Bill Adams for extension of water and sewer lines to a site on the west side of U. S. 84 bypass, where Adams is planning to relocate his auto dealership.

Mayor John Landreth and the commission discussed the need for another doctor in the city, preferably one who is bilingual. Mayor Landreth said a crackdown is planned on excessively loud motorcycles, with officers to give tickets for this violation. He observed that many complaints have been received.

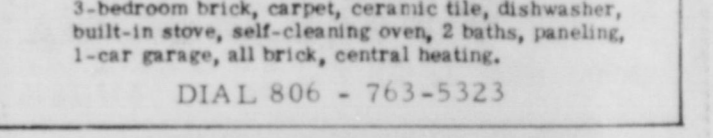

## Gas Firm Asks Rate Change

Pioneer Natural Gas Co. made application today to all incorporated cities and towns served by its West Texas transmission system to change the cost-of-gas adjustment provision of the general service rate, according to an announcement by K. Bert (Tex) Watson, company president.

For the last three years, the general service rate has been adjusted annually in April to reflect increases in the average cost of gas for the prior year. Pioneer's request would allow making this adjustment each month for the current monthly average cost of gas. According to the company, this change would more closely meet the objective of the original adjustment provision.

CLEAN OUT MEDICINE CHESTS REGULARLY!

Drugs can spoil over a period of time -- don't keep old medicines in your medicine chest. Make sure you have containers properly labeled, too... don't "guess" as to ingredients. When in doubt, throw it out!

**ELEN PHARMACY** PHONE 828-6537

**best tire is so good we guarantee first 50,000 miles.**  
Mobil brings you the radial tire.

### Mobil Radial Tire Guarantee

Mobil Radial Tires are guaranteed to give 50,000 miles on the original tread. Guarantee applicable only to original purchaser and to vehicle on which tires originally installed. Tread-wear indicators must be clearly visible, and guarantee certificate registered with Mobil Oil Corporation must be presented.

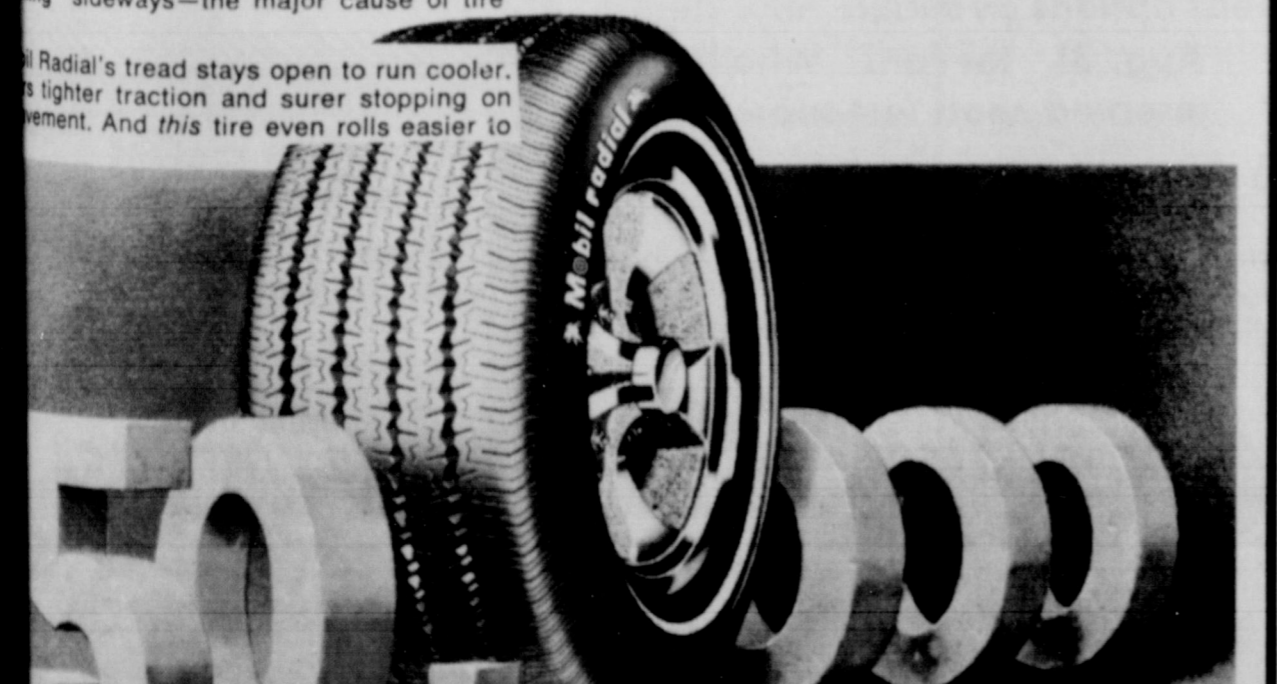

This tire is also guaranteed against defects in materials, workmanship, or normal road hazards (such as blowouts or fabric breaks and cuts which render tire unserviceable), and will be adjusted on tread depth unless Mobil determines defects can be safely repaired.

Tires used on taxicabs, police vehicles, pick-up trucks, or other commercially used vehicles, or if installed in size other than original equipment specifications; or that have irregular tread-wear pattern due to mechanical conditions; or loss of damage caused by fire, theft, wreck, collision, running flat, cutting by chains, obstruction on vehicle, or any willful abuse, are excluded from this guarantee.

If a Mobil Radial Tire falls under this guarantee, allowance will be made on the purchase of a new Radial Tire based on Mobil's printed "Pre-determined Price for Adjustment" current at the time of adjustment, which price is intended to fairly represent the actual selling price at time of adjustment. Liability is limited to replacement of the Mobil Tire.

That's tough enough to be guaranteed for 50,000 miles. That's about 12,500 round trips to work. Or about 5,000 round trips to work. Or two round trips to Timbuktu from anywhere.

Radials are up to 16% wider than conventional tires, to put more rubber on the road. Mobil radial design keeps the tread from "siding" sideways—the major cause of tire wear.

### The Consumer Alert

by John L. Hill  
Attorney General

AUSTIN -- The credit union plan for saving and borrowing keeps growing in popularity. At present, there are about 780 federal credit unions operating in Texas, in addition to the 540 state-chartered C. U.'s, and memberships in the latter swelled last year from 652,737 to 749,237. Persons who join credit unions organized at their places of work, fraternal organi-

zations, churches or by other groups seem to enjoy the ease with which they can belong to one, as well as the low interest rates available on loans. The federal credit unions are organized and operated under federal law. State-chartered credit unions have been under state supervision for the past 24 years--first under the wing of the State Banking Department, and since

1969, under the regulation of the Credit Union Commission of Texas and its administrator. But the reports last spring of alleged irregularities in the operation of the Amarillo Air Force Base Credit Union provoked shocked awareness that out state laws and regulations and supervision needed strengthening.

As a result, Gov. Dolph Briscoe and myself, the Amarillo district attorney, Tom Curtis; the Credit Union Commission, and Sen. Max Sherman and State Rep. Bryan Poff Jr. and Ben Hynum started working together with the legislative leadership to produce some corrective legislation.

Some of the Attorney General's staff counseled in the drafting of a proposal, and we rendered legal opinions as to problems dealing with constitutionality.

The final product, House Bill 1673, was passed by the Legislature, and became law on June 14.

Basically, this credit union reform act toughened the requirements for creating a new credit union, and provided broader powers and remedies for the credit union commissioner, so he can catch a credit union problem and help cure it, before the organization can get in bad shape.

It was designed to give the Commissioner the tools with which to order an undesirable C. U. official fired, order an errant board resigned, and issue cease and desist orders to curb an improper practice. Before June 14, the Commissioner's normal practice was to try to talk a credit union's management out of a practice which was looked upon as improper, or he could throw the association into liquidation. He lacked the authority, such as that of the banking commissioner, to help restore an association's solvency if it appeared to be in trouble.

One of the reform provisions requires that by July 1, 1975, the C. U. commissioner must promulgate rules requiring that all Texas credit unions provide for deposit insurance for all their members.

### Cotton Growers Meeting Stated

Lynn County cotton producers and agribusinessmen will elect a businessman director to Plains Cotton Growers, Inc. at an 8 p.m. meeting on Tuesday, Aug. 28 in the Lyntegar Meeting Room, Tahoka.

Announcement of the election comes from R. C. Carroll Jr. of O'Donnell, current Lynn County businessman director to the 25-county commodity organization, and Joe D. Unfred, of New Home, producer director. Each of the counties in PCG territory has two directors, one a businessman, usually a cotton grower as well, and the other a cotton producer. They serve two-year terms, with businessmen elected on odd years and producers on even years. Each is eligible for re-election every

### RABBIT (Cont. from Page 1)

sewer lines to the site just north of Montgomery Irrigation. The city would have to extend water lines, however, and see that utilities are brought to the site. The company asked for no tax moratorium, or special concessions.

The Industrial Foundation this week was planning to talk with the RI group further in regard to lease of the property. The Foundation and Chamber of Commerce officials also planned to talk further this week with a group of Japanese textile plant representatives who are proposing to construct a \$22 million plant somewhere in the southwest United States. Since the proposal for such a plant was considered here, the chances of Slaton's attracting the industry reportedly have improved somewhat.

Among the "rabbit facts" offered by Casey were these: A rabbit doe and her offspring will produce more meat in a year than a hereford cow. Rabbit meat is the highest in protein (20.8 per cent), lowest in fat (10.2 per cent), lowest in calories (795 per pound) of all table meats commercially produced. Gestation time of a doe is 30 days; average litter is 9 to 11. It takes 56 days to get a rabbit up to four pounds (fryer size). Up to 98.7 per cent of the rabbit can be used. Domestic rabbits have no communicable diseases injurious to humans. The per capita rabbit meat consumption in France is 34 pounds a year; in the United States it is 17 ounces.

FIRE HITS BARN -- Fire last week destroyed this barn belonging to Pat Patterson a farm south of Union. About \$3,000 worth of tools and equipment reportedly was in the barn. (SLATONITE PHOTO)

### 4 - H Photographers Say It Thru Pictures

"Communicate the sure way--with photographs," advise 102,000 4-H boys and girls in the national 4-H photography program. And they follow their own advice with a double assist from the Cooperative Extension Service and Eastman Kodak Company.

Armed with a camera, these young people are ready to share their thoughts, ideas and creativity with others. They also share their photographic skills with younger 4-H members in meetings and field trips.

Some youths, like Fred Gurley of Jefferson, Ga., are using their photo know-how to help people in their communities learn about 4-H and its activities.

Recognizing that his local newspaper didn't carry much information about 4-H events, he landed a job as a

part-time photographer for the paper. With young Gurley taking pictures of local 4-H

\$1,000 scholarships to national winners in the program, Eastman Kodak Company also provides recognition to outstanding 4-H photographers at the county and state levels. Up to four county winners

receive medals while one winner state receives an expense trip to the National Congress in Chicago, courtesy of Kodak. For more information on 4-H photography, contact county extension

H.R. Donaldson 828-5600

"Say, this is exactly the way you've been treating me!"

An integrated cattle-feeding system could boost profits from \$9 to \$11 a head, according to a study by agricultural economists with the Texas Agricultural Experiment Station. Such a system, in which the whole process from the weaning age calf to slaughtering is pre-arranged, lowers marketing costs and cuts down on the transfers and resulting losses. The idea is to plan and organize for minimizing stress and time in the market channel.

second year. Carroll and Unfred said all interested parties are urged to attend, and that both farmers and businessmen are eligible to vote in the election.

## Dear Consumer High Blood Pressure

By Virginia Knauer  
Special Assistant to the President and Director  
Office of Consumer Affairs

Today I want to talk about saving lives—saving lives through preventive medical care.

Some 23 million Americans suffer from high blood pressure (HBP). Far worse, more than half of them do not even know it because they do not go to their doctors for regular checkups.

These are persons whose illness can be controlled if they receive proper treatment in time. Without treatment, they risk suffering heart attacks, strokes and kidney disease.

In some communities, blood pressure readings will be done in special clinics.

In other communities, mobile clinics will go to neighborhoods, where residents may go to the mobile clinic for a blood pressure reading or where medical personnel will go door to door offering to measure blood pressure in the home.

Whatever local system is used, the blood pressure reading will be free in some cases or for a small fee—perhaps less than \$1. Medical personnel will only advise persons with high blood pressure to see a doctor. Treatment is not expensive. Usually it is a special diet or some medicine. Sometimes, a doctor may prescribe both medicine and a diet plan.

Articles in this newspaper and radio announcements will let you know if the HBP program is being planned for your community. You might want to call your local health office to find out about the program. Since it is such a simple and painless procedure, I'm sure you will want to take advantage of it.

If a program is not being planned where you live, you ought to consider going to a local doctor or clinic for a checkup. Those old ideas about weakness and dizziness being a sign of high blood pressure are not true. There are no signs of high blood pressure, but dizziness or feeling weak may be a sign of another problem—another reason to see a doctor.

For more information about HBP or the HBP program, you should write to High Blood Pressure Information Center, 120/80 National Institutes of Health, Bethesda, Md. 20014.

Today I want to talk about saving lives—saving lives through preventive medical care.

Some 23 million Americans suffer from high blood pressure (HBP). Far worse, more than half of them do not even know it because they do not go to their doctors for regular checkups.

These are persons whose illness can be controlled if they receive proper treatment in time. Without treatment, they risk suffering heart attacks, strokes and kidney disease.
