Westview Plans Witness Mission

Elroy Wisian Sr. of Springlake will lead a team of 30 lay witnesses in a Lay Witness Mission at Westview Baptist Church April 13-15. He is an active member of his own church in Springlake and for the last several years has led other churches in Texas, New Mexico and Oklahoma in successful missions. The youth leader for this mission is Bob Shelton of Lubbock. These witnesses will come from as far away as Clovis and Abilene and as near as Lubbock. General chairman of the mission is A. D. Howard.

The witnesses, who travel at their own expense, will begin arriving on Friday the 13th at 5 p.m. and the events and activities will start with an all-church supper served in fellowship hall at 6:30 p.m. The visiting witnesses will stay in the homes of members Friday and Saturday nights, with the program ending on Sunday.

On Saturday, men and women and youth will separate at noon, with the women meeting for a salad luncheon and program in fellowship hall, the men meeting for a luncheon and program at the First Methodist Church fellowship hall, and the youth having a hamburger cookout and program at the park. Saturday morning there will be nine coffee groups in homes for men and women, and the youth will have a coke party in fellowship hall.

Another church-wide meal is planned at 6:30 p.m. Saturday the 14th, with witnesses speaking afterwards.

Visiting laymen will speak in Sunday School classes and the general coordinator and youth coordinator will be the principal speakers at the morning worship hour. A pot-luck meal will be served in fellowship hall at noon on Sunday and the visiting witnesses will leave for home. Sunday evening at 6 p.m. the members of the church will be asked to give personal and individual evaluations of the entire weekend.

The nursery will be open for children up to 3 years of age at all time during the activities. Other children up through the 5th grade will be provided for at each session of the mission.

The First United Methodist Church had a successful mission March 16-18. Another Lay Witness Mission is scheduled in Slaton May 4-6

when First Baptist Church will be host. Eldon Davis of Mile-shoe will coordinate the mission, and Earl Bartley has been selected as the general chairman. More information on this mission is expected soon.

Landreth, Spears, Crandall Win

John Landreth, 70-year-old retired Santa Fe executive, was named as new mayor of the City of Slaton in voting Tuesday, winning a clear majority over two other candidates. And voters also chose two new city commissioners, J. P. Spears and B. H. Crandall, both also retired railroaders.

Landreth polled 347 votes Tuesday, to 139 for Wesley Meyer and 16 for Tommy Brunson. In the only other opposed race, Crandall garnered 112 votes in Ward 1 for the commission seat from that precinct, with Johnny Mack McCormick getting 28 votes, Spears, unopposed in Ward 3,

had 78 votes. Meyer carried Ward 4 in the mayor's race, getting 60 votes there, to 21 for Landreth and two for Brunson. Mayor vote totals in the other wards were: Ward 1 -- Landreth 122, Meyer 25, Brunson 2. Ward 2 -- Landreth 145, Meyer 21, Brunson 2. Ward 3 -- Landreth 59, Meyer 33, Brunson 10. Total vote was 502. The new mayor and commissioners will be sworn in at a special meeting at 3 p.m. today. They will succeed Bland Tomlinson, mayor, and Ward 1 commissioner J. S. Edwards Jr. and Ward 3 commissioner R. J. Clark. None of the incumbents were on the ballot for re-election.

9-10 YEAR OLD ALL-STARS -- The recently chosen all-stars of Slaton's 9-10 year old Little Dribblers shown with their all-star plaques, are Coach Larry Johnston, Toby Pickens, Ricky Housden, Robert Gordon, Troy Moses, Charles Phoenix, Scott Rose, (front) Shane Kennison, Johnny Gatica, Tommy Burrows, Brent Aycock, Michael Voigt and Kevin Daniels. They play a Lubbock team in a tournament at Idalou at 5:30 p.m. Thursday.

Consolidation Plan Is Rejected; Southland Calls Bond Election

Voters in the Southland School District Saturday gave a definite "no" to a proposal to consolidate Southland and Slaton School districts, and on Monday the board of education of the Southland school called an expected \$500,000 bond election to build

a new school. Petitions for consolidation of the two districts had brought about Saturday's election in both districts, with the laws regarding consolidation specifying that the issue must pass in both districts before merger can be effected. At Southland, where an estimated 205 votes could be expected from the entire district, the consolidation plan was rejected 126-49, almost a three to one majority.

Slaton voters, however, showed they wanted the merger by an even heavier ratio, voting 191 to 15 for consolidation.

Voters in the Southland district will mark ballots on the bond proposal on April 28. The district, in trouble with the state accreditation people, must build a new school or remodel the existing plant to meet specifications.

Voting will be at the Southland school.

Wilson Vote Set

The City Election for the City of Wilson will be held at the City Office, Saturday, April 7 from 8 a.m. to 8 p.m. Victor Steinhauer is up for

Lions Queen Contest Set

Slaton Lions Club will have its annual queen contest at 7:30 p.m. Saturday, April 14 at the high school auditorium. The contest committee now is in the process of enrolling candidates for the event.

The current queen is Loretta Dillon, who went on to win the district Lions queen contest also.

Slaton Lions Monday named Juanell Wood, SHS sophomore, as Lions Club Sweetheart and pianist for the weekly meetings.

Fund is Established For Charles McAneer

A fund for Charles McAneer, Slaton resident who has been critically ill for some time, has been established, and anyone wishing to contribute to the heavy medical expenses incurred by the family is urged to send or take donations to the fund at the Citizens State Bank in Slaton.

McAneer is a patient at West Texas Hospital, Lubbock.

Re-election as Mayor, and three places are open for Councilmen. Four candidates filing for the three places are Jackie Bishop, Jim Coleman, Don Schneider and Robert Lamb.

Two Burglaries Reported In City

Two break-ins, a wreck and one theft report headed the list of police activities on record during the past week in Slaton.

On Tuesday Evans Day Care Center, Geneva and New Mexico, reported a burglary, apparently by someone planning an unusual stew. Missing were a package of pork chops, package of wieners, one butcher knife, five pounds of chili meat and two packages of light bulbs. Entry was gained through a window.

Burglars at Stephen F. Austin School Saturday also gained entry through a window, did about \$200 worth of damage to various items and took \$150 in change.

On Sunday a 1962 car driven by Johnny Martinez, 630 S. Collins, ran off the roadway and overturned at the U. S. 84 Industrial overpass. Damage to the vehicle was heavy, and the driver was treated for injuries at Mercy Hospital.

Wheel covers valued at \$30.32 and an antenna valued at \$5 were stolen from the rear of a new station wagon on the Smith Ford lot Wednesday.

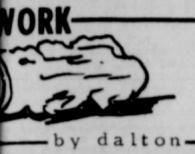

FORREST L. KEENER

Revival Planned At Bible Baptist

Forrest L. Keener of Lawton, Okla., will be the evangelist for a week-long revival at Bible Baptist Church, 505 W. Panhandle, starting Sunday. Rev. Keener is pastor of Bethel Baptist Church in Lawton.

Special music will be provided for each service under the leadership of Henry Goodson of Lubbock, according to the pastor, Rev. H. E. Summar. Revival services will be on Sunday at 11 a.m. and 6:30 p.m. and during the week at 7:30 p.m.

School Election To Be Saturday

Voters in Slaton Independent School district will return to the ballot boxes again Saturday to choose three school board members from a list of six candidates. School board elections also are scheduled at Southland, Wilson, Roosevelt and Cooper Saturday.

In Slaton district, Steve Ruiz, Johnny Mack McCormick and J. Martin Basinger are candidates, as are the three current members whose terms expire, Clark Self Jr., Joe Gamble and Rev. Emilio Abeyta. The top three vote-getters in the election will get the jobs.

Clean-Up Month Slated Here

A group of 22 interested citizens, representing several clubs and churches, met March 26 at the Chamber of Commerce board room and made plans to start a city-wide clean-up campaign to run through the month of April.

This campaign is headed by the Chamber of Commerce Beautification Committee Chairman, Ansil O'Neal, assisted by Nolan Pierce, pastor of First Christian Church. Every citizen is urged to clean up his place of all trash, box the trash or put it in the trash container in the alley for the garbage collectors. Each person is asked to act as a committee for his neighborhood so that the city will be clean for the summer months. There are some plans to enter Slaton in the State-wide "Clean City" contest.

Another meeting has been scheduled Monday night at 7:30 at the Chamber of Commerce office for interested persons, when more definite plans will be available on the project.

ELROY WISIAN

Lubbock Plant Slated For Texas Instruments

Texas Instruments Incorporated has announced plans to manufacture semiconductor products in Lubbock beginning in June in a 39,000-sq ft building on a five-acre site at Loop 289 and 12th Street. The company also announced it has an option to purchase a 200-acre site in north Lubbock at Loop 289 and University Avenue to accommodate longer-range manufacturing plans.

The two-phase program for Lubbock was outlined by TI Executive Vice President J. Fred Bucy Jr., in a luncheon meeting sponsored by the Lubbock Chamber of Commerce.

Earl Bartley and J. W. Holt of Slaton Chamber of Commerce attended a meeting in Lubbock Thursday regarding the announcement of the new plant.

The company will employ in excess of 2,000 persons when it reaches capacity. TI will begin job interviews April 30. Temporary location will be on Loop 289, a building which was previously the Bibb plant, on east side of Lubbock.

By Sept. 1, they expect to be running three shifts in the temporary location and employ in excess of 500 persons.

TI has an option to purchase 200 acres in north Lubbock,

between Clovis Road and N. University.

Bucy, executive vice president of TI, was reared at Tahoka, and his mother-in-law lives in Slaton.

Bucy said a 400-sq ft cafeteria will be added to the existing 35,000-sq ft building formerly occupied by the Bibb Company at the 12th Street site. Other modifications to the facility were started this week.

Except for a cadre of experienced technical and supervisory personnel with special skills to be transferred to Lubbock, all positions for the new plant will be filled from local applicants, he said.

Integrated circuits, one of the

products to be made in Lubbock, are complete electronic circuits formed with tiny chips of silicon material typically one-tenth of an inch square. They were invented by Texas Instruments in 1958 and now account for industry sales of over one billion dollars annually on a world-wide basis. The type integrated circuits to be made by TI in Lubbock are used in such products as television sets, computers, and automotive electronics.

Optoelectronic devices represent another major product line to be manufactured in Lubbock. The devices use materials that emit or detect visible or invisible light. The visible light emitting types are used in numerical displays for industrial instruments and calculators, for example. The invisible light emitting and sensing types are used typically in pairs as tiny "electric eyes" to read the holes in computer punch cards or tapes. TI is recognized as an industry leader in this technology.

Bucy said considerations involved in the selection of Lubbock for a new TI manufacturing site included the availability of highly motivated people, a nearby major airport facility, and

Texas Tech University, which will be an important source of

technical and administrative talent.

TAKE A PEEK, MR. FROG IS FAST ASLEEP

FOOT NOTES

BY MARGRET BARTLEY

I hope everyone enjoyed their "Spring break". Sometimes I wonder just what that means. I know... it is a little vacation from school to break the monotony, right? But, with spring break coming at a time when the adults have no break, the family usually stays at home. Now, what does this do for mothers? . . .

I heard one mother (of four students) say, that the only thing that broke was her back. The kids decided that it was vacation from school and everything else too. They stayed at home, made messes, ate thirteen meals a day, rolled on the beds, dug in closets, built a doghouse on the back porch, and dug out all the cut-off jeans and sweat shirts from last summer. Since it rained, they also tracked in a lot of mud and slush, and piled up three extra loads of laundry.

Not so at my house. All my little ones went away for a long-awaited visit, and left me with just my own messes to clean up. (Just think of the lazy evenings with no supper to fix, no homework to insist on, no baths to force and no flood to mop up from the bathroom floor after the baths.) I've got to be kidding! I started cleaning closets, packing boxes and painting a new house to move into before the kids got home (hopefully). It didn't turn out that way, but I did have time to clean out some of the old broke toys and "good junk". The only times they see it is when we move or clean closets, but they just can't stand for it to be thrown away. (I bet the first time they miss any of it will be when they find out that they can now shut the closet doors).

My daughter always wanted a room of her own, and here was the chance for her to have it in the new house. I plan, buy the materials, and get everything set, the kids come home, and my "big" boy has a fit because he always wanted a room of his own, so he could get away from the little one! Anyone know of a ten room house for rent? Looks like that's what I need to please everyone. (Give them an inch and they want a mile!)

Mrs. Hall Hosts Civic-Culture Club

The Civic and Culture Club met in the home of Mrs. R. C. Hall Wednesday afternoon with Mrs. R. L. Smith serving as co-hostess.

Mrs. R. E. Switzer, president, called the meeting and the club collect was read in unison.

Mrs. J. A. Elliott presented a program on Winslow Homer, American Artist. He was the founder of art in the United States. From a family of New Englanders, most of his paintings were of the sea and outdoors. Some of his paintings hang in large museums. He said, "All life is lovely outside of my house, and inside of my house and myself." He died in 1909 at the age of 73.

Refreshments were served to Mmes. H. E. Anderson, J. D. Barry, J. B. Brooks, M. L. German, Raymond Johnson, T. C. Martin, H. T. Scurlock, H. V. Wheeler, Switzer, Elliott, Smith and Hall.

Betsy Bryant Is Shower Honoree

Miss Betsy Bryant, bride-elect of John Roof, was honored with a bridal shower Sunday, March 25, in the home of Mrs. Harold Wilson.

Hostesses included Mmes. Bland Tomlinson, Earl Tomlinson, J. M. Breland, Oscar Hamer, Carlton Jones, Walter Smith, Pete Rhoads, L. D. McCullough, George Privett, Joe Belote and Tommy Wallace.

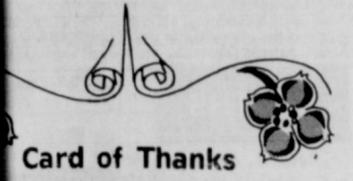

Others were Mmes. Robert Bredlove, Augusta Brasfield, C. F. Bradford, Richard Brush, Willie Nesbitt, Alex Webb, Rita Mayo, Wayne Sartor, Coy Evans, Leon Vaughn and Genevieve Kahlich.

The serving table was covered with white linen and held an epergne of yellow daisies and green candles.

Forty-five guests were registered by Mrs. Carlton Jones, including Mrs. Dennis McKensie of Cloris, N. M., and Miss Patsy Bryant of Lubbock, both sisters of the honoree.

A set of cooking ware and an iron were gifts from the hostesses.

Rough Game!
The flying wedge was outlawed in football when President Theodore Roosevelt threatened to ban the game by executive edict unless players quit being so rough.

Card of Thanks

I wish to express our heartfelt thanks to friends and loved ones for expressions of sympathy. The wonderful food, beautiful flowers, and especially your prayers are appreciated. And special thanks to Bud and family, Cartrite. Bobbie would have been so sad. And without all of your prayers and love would have been so much harder to bear. God bless each of you we love so much. Library Week Is April 9-14

National Library Week is being celebrated this year from April 9-14. The week is an annual focus for continuing efforts by librarians, authors, teachers, scholars, and readers to encourage lifetime reading habits and promote the wider use and fuller development of all types of libraries.

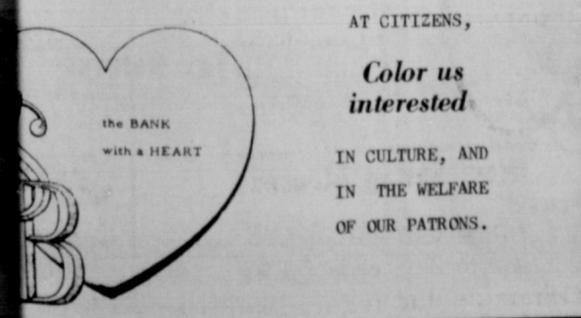

these paintings...

LASATER VIEWS "318 SHERIDAN" BY PAT KRAHN OF LUBBOCK, AND "GIRL IN PAINT SUN" BY CONNY MARTIN OF LUBBOCK.

And others now on display in the lobby of Citizens State Bank.

Paintings selected for this circuit showing by the Fine Arts Assn. are drawing lots of attention in our lobby. We invite everyone to come in and browse around. These works are by Texas artists, and they are very fine.

Library staff has prepared lists of books available for home use on these subjects.

On Friday, April 13, at 3 p.m., there will be a program about the life and times of the cowboy in the old West. Tanner Laine, well known writer for the Avalanche Journal and author of Campfire Stories and Cow Country, will tell tales of the older days and cowboys. The Texas Tech Red Readers will present "The Necktie Story" with guitar accompaniment. This is a dramatic story about cattle rustlers.

Travel and the study of the culture of the various areas enlarges our perspectives and with this in mind two far away states, Alaska and Hawaii, and one of our neighboring countries, Canada, have been selected for special treatment. Attractive booklets have been prepared; pictures from these areas will be on display and also an exhibit of native crafts.

Many citizens do not think of their library as a source of information for sports, careers, and craft projects so the

PRaise THE LORD

By LENDA WOOL
 "The joy of the Lord is your strength." (Neh. 8:10)
 Why do you have joy in your home? Probably most people would answer, "because we love each other." If there's not much joy in your home, I believe we could say there's not much love. Some might say, "How do you whip up a batch of joy?" Can you whip up real joy like you can turn on a smile?
 I remember when we were kids I had a brother (and still do) about five years younger than me. He and I fought like cats and dogs. He was red headed and hot tempered (and no telling what he tells on me). But one quick way I could get him to flash on a smile, even right in the middle of a "knock down, drag out" was to run get the camera and say, alright now, I'm going to take your picture! He'd just wipe off that mad look and put on a grin so quickly. Then as soon as he realized I was only kidding, then he'd go back to being mad again. (I'm so thankful that the Lord has forgiven all the sins of our youth!)
 Sometimes we put on a "front" when we're among our friends (just like we tend to put on a smile when in front of a camera), and can wear a nice smile -- then when we get home and let down at the end of the day, man, that smile can't be found!
 Well, how do you get this "joy of the Lord" and how do we get any of our needs met? When we turn to our Source-- Jesus--rather than being intent on what we need, then is when He begins to meet our needs. (Not that we shouldn't ask Him to supply our needs -- but after we've asked Him, and given

Area Men In Service

Jerry Pricer

HONOLULU -- U. S. Air Force Staff Sergeant Jerry M. Pricer, son of Mr. and Mrs. Herman F. Pricer of 405 S. Third St., Slaton, has been named one of the top 15 per cent in his Air Force specialty. He will receive a Superior Performance Pay bonus for six months as a result of his selection.

Sergeant Pricer, a communications specialist, was chosen for his leadership, exemplary conduct, technical skill and duty performance in competition with all other airmen in his grade and specialty.

He is presently serving at Hickam AFB, Hawaii, with a unit of the Air Force Communications Service.

The sergeant, who has served 12 months combat duty in Vietnam, attended Slaton Senior High School and completed requirements for his diploma after entering the Air Force.

Thank You

I want to thank the citizens of Slaton and my backers for their support during the campaign for mayor. I was not elected, but I do appreciate your consideration.

VACCINE FOR CALF Scours-- A new vaccine is now available to reduce newborn calf losses resulting from a form of diarrhea caused by a reo-virus. The reo-viral calf diarrhea vaccine has been licensed by the U. S. Department of Agriculture and is available through local veterinarians, says a veterinarian for the Texas Agricultural Extension Service. To be effective, the vaccine should be administered to calves as soon as possible after birth.

New officers and directors installed were: Mrs. Paul Buchanan, president; Greeley Sanders, vice president; Mrs. S. H. Jaynes, secretary; Mrs. Ted Melugin, reporter; and Mrs. W. C. Gilmore remained as treasurer.

New directors installed were Mrs. R. C. Hall, Jr., and Mrs. E. R. Legg, hold-over Mrs. E. R. Legg. Hold-over directors are Mrs. B. H. Crandall, Mrs. Glen Payne, Mrs. Virgie Hunter and Mrs. Tim Bourn. Mrs. R. C. Hall, Jr. remained as chairman of Storytime Hour.

Order of business was a dismissal this year for a special membership drive. It was voted upon to launch a drive for new members at a later date, only if the need arises for additional funds. Also, all present Friends Club members for this year are automatically renewed. Anyone wishing to become a new member of the Friends are urged to receive their membership card, at the Slaton Branch Library, for a donation of \$1.00 per individual or \$5 per family membership. Funds help promote the local library and sponsor the Storytime Hour for children, each first Saturday of the month. Plans were made for first and fourth grade students of Slaton schools to make their annual tours during the month of April. First grade students began visiting the library this week. They receive library cards, and learn about library procedures. Fourth grade students will learn about the catalog system. Film-strips and stories will be given for students' entertainment.

Storytime Hour is scheduled for this Saturday at 10 a.m. in the local library, with Mrs. R. C. Hall, Jr., in charge of activities, which include filmstrips. Mrs. Tim Bourn also helps with Storytime Hour. National Library Week will be observed April 8-16. Theme this year is "Widen your world, read and get ahead, read." Library hours are 11:30 a.m. to 6 p.m. weekdays, and 9 a.m. to 4:30 p.m. Saturdays.

REDUCE COTTON DISEASES--
The two keys to reduce disease losses in cotton are to purchase high quality acid-delinted seed treated with a fungicide and to plant early, says a plant pathologist for the Texas Agricultural Extension Service. Early planting is important where cotton root rot is a problem. Three new cotton varieties--TAMCOT SP-21, 23 and 37--have been developed by the Texas Agricultural Experiment Station and are multiple disease resistant and can be planted earlier than standard varieties.

Rev. Shepherd Begins Wilson Ministry Again

E. K. Shepherd has returned to Wilson to pastor the First Baptist Church here. He began his ministry on April 1. Rev. Shepherd first pastored the Wilson Congregation from January 1946 to August 1947.
He comes to the Wilson Church from the First Southern Baptist Church of Great Falls, Montana. He formerly pastored at Snyder, Muleshoe and Broomfield, Colorado.
Bro. and Mrs. Shepherd are the parents of 3 boys, David and family of Nashville, Tenn.; James and family of San Antonio, Tex.; and Paul and family of Bedford, Texas.
Your ability to hear is a precious, God-given gift, and if that ability is once lost it often can never be regained.

Meat Price Lid Draws Criticism

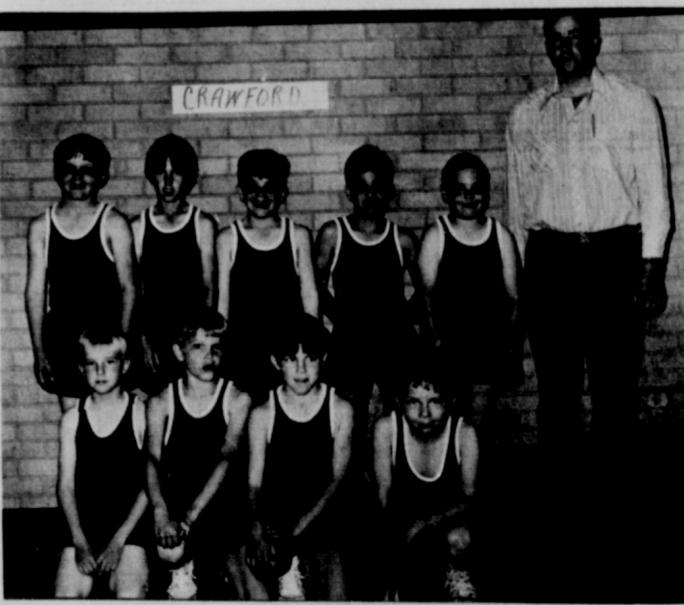

WACO -- Texas Farm Bureau President J. T. (Red) Woodson said Friday, March 30, that President Nixon's decision to impose a ceiling on beef, pork and lamb prices was ill-advised.

The head of the state's largest general farm organization said that although the ceiling was not placed directly on the farm animal, it had the same effect.

"We believe that letting supply and demand work would have been the best way to assure the housewives of adequate supplies of meat at reasonable prices," the farm leader said.

585 Order of ... held their ... March 27 when ... Worthy Ma- ... over the confer- ... ring of Degrees for Mrs. A. L. (Bonnie) Paschall, R. L. Smith served as Worthy Patron. J. A. Smith, secretary, presented the new member a ritual from the chapter and a star point book and OES vase was given by the Worthy Matron. The regular business meeting was held following the initiation. Plans were made to attend the school of instruction in Lubbock April 7. All members were urged to attend the meeting as Lubbock Chapter 76 hosts the Worthy Grand Matron, Mrs. Katherine Harbour and Worthy Grand Patron Bill Holmes. The school was to be held in Yellowhouse Masonic Hall. Next stated meeting for the Slaton OES is Friday, April 9 and all members are urged to attend.

Area Men In Service

Richard Landers

Navy Petty Officer Second Class Richard C. Landers, husband of the former Sunny Jones of Slaton, has reported for duty at Naval Development and Training Center, San Diego. He will be assigned to duties as a Hull Maintenance Technician Second Class. Hull Maintenance Technicians plan, supervise and perform work necessary in the repair and installation of all types of shipboard structures, plumbing and piping systems. A 1968 graduate of Westwood High School, Palestine, he joined the Navy in February.

Senior Citizens Club Meets

The Senior Citizens met Friday in Slaton Club House, as Rev. Linam Prentice, pastor of the Evangelical Methodist Church brought the devotional message for the day. Thirty-three members were present. Mrs. Alice Stephenson was reported to be ill at her home with the flu. Rev. and Mrs. Prentice joined the group for lunch and an afternoon of games. The musical service was led by H. B. Sexton with Mrs. Virgie Hunter at the piano.

Keep garages well lit, and provide light switches near the doors, advises Patricia A. Bradshaw, housing and home furnishings specialist.

DEATHS

Ray Odum

Services for Ray Odum, 71, were held Friday at 2 p.m. in Westview Baptist Church with Rev. Clinton Eastman officiating. Burial was in Englewood Cemetery under the direction of Englands. Odum died at 9 p.m. Wednesday in Mercy Hospital. He was a farmer before moving to Slaton in 1948. He worked for the city here in several capacities.

Survivors include his wife, Alta; three sons, Layne and Wayne, both of Slaton, and Dick, of Woodrow; a daughter, Mrs. Margaret King of Cary, N.M.; a brother, Earl of Levelland; three sisters, Mrs. Grace Norman of Grassland, Mrs. Mable Smith of Tahoka and Mrs. Ruby Martin of Brownfield; 12 grandchildren and a great-grandchild.

Mrs. Mattie Beaver

Mrs. J. C. (Mattie Bea) Beaver, of Breckenridge, mother of Ernie Davis of Slaton, died March 23 in a Stamford hospital after a long illness. She was a former longtime Stamford resident.

Services were held March 25 in Stamford with Rev. Don Timberlake, pastor of Oak Ridge Baptist Church in Colorado City, officiating.

Survivors include her husband, J. C.; one daughter, Mrs. Rena Tatum of Riveria, Ariz.; four sons, Ernie Davis of Slaton, Paul Davis of El Paso, Charlie Davis of Rotan and Donald Davis of Abilene; five sisters, one brother, 11 grandchildren and two great-grandchildren.

Fallbearers were Lonnie Bounds of Kaufman, Jack Bounds of Lubbock, Roy Bounds of Stamford, Lewis Davis of Abilene, Joe Davis and John Davis, both of Stamford.

Mrs. Joe Miles

Mrs. Joe Miles, 48, a resident of Slaton since 1926, died about 7:30 a.m. Saturday in

Methodist Hospital in Lubbock after a lengthy illness. Services were held at 2 p.m. Monday in the First United Methodist Church here with Rev. Merriel Abbott, pastor, officiating.

He was assisted by the Rev. Bruce Parks of Denver City and Rev. James Hamilton of Lubbock. Burial was in Englewood Cemetery directed by Englands.

Mrs. Miles was a native of Telephone, Tex.

She had attended school here and was a member of the First United Methodist Church and the Athenian Study Club. Survivors include her husband; two sons, Allen and Stanley, both of Slaton; her mother, Mrs. Eno Caldwell of Bonham; and a sister, Mrs. Mary Lou Jones of Taft, Calif.

Strawberry Cheese Pie

Crust
1 1/2 cups fine graham cracker crumbs
1/2 cup butter or margarine, melted
3 tablespoons sugar

Filling
1 package (8 ounce) cream cheese, room temperature
1/2 cup lemon juice
1 pint fresh strawberries, hulled, washed and drained
2 tablespoons cornstarch

Topping
1/2 cup sugar
1/2 cup water
Red food coloring

Prepare crust. Combine crumbs, butter or margarine and sugar; mix well with pastry blender. Press crumbs evenly over bottom and up sides of 9-inch pie plate. Heat in moderate oven (350 degrees) 5 minutes. Chill well. Prepare filling while crust is chilling. Beat cream cheese until smooth and fluffy. Add condensed milk gradually and beat until smooth. Stir in lemon juice and salt. Pour into crust. Chill until firm. Prepare topping. Cut 1 cup strawberries. Combine sugar and cornstarch in saucepan; mix well. Stir in water and mashed strawberries. Cook, stirring constantly, until clear and thickened. Add red food coloring as desired. Pour over strawberries; chill well. Serve plain or topped with whipped cream. Makes one 9-inch pie, 6 to 8 servings.

Try Sewing For The Men

The way to a man's heart may be through the sewing machine instead of the stomach, especially with today's high clothing prices. Many women and girls have found that stitching up a vest, jacket, trousers, jumpsuit or robe for her man has endeared her to him.

THURSDAY, MARCH 29, 1973
Read II Timothy 1:1-7

I am reminded of your sincere faith. (II Timothy 1:5, RSV) She had undergone many months of intense suffering, and life for her on this earth was drawing to a close. Yet she was alert and concerned for the welfare of her family and friends. Somehow she had received a report of a difficult problem I was facing and mentioned it. I passed it off as lightly as possible.

Then, with great physical exertion due to her weakened condition, she extended her hand to mine and said, "My dear friend, keep the faith." A few hours later she was gone. The days pass one by one and the problems still remain. When I am vexed or impatient, I remember that weakened voice and think to myself that if she could make that great effort to give encouragement, I must keep the faith. It reminds me of Paul's speaking to Timothy, calling to mind Timothy's sincere faith. Because of such trust, I try a bit harder. I am aware that my faith has come to me from other persons and I must persevere it for others to come.

PRAYER: Father, keep us aware of Thy presence in the midst of life and death and in all the experiences in between. For the sake of Christ, our Redeemer, who taught us to pray, "Our Father who art in heaven. . . Amen."

THOUGHT FOR THE DAY
Don't keep the faith--share it.

a weekly message relating the world of today to the lessons of Faith and Church . . .

— For the Lord thy God bringeth thee into a good land, a land of brooks of water, of fountains and depths that spring out of valleys and hills;

— Deuteronomy 8:7

God has truly blessed us with this bountiful land in which we dwell. Our nation contains beauty that stretches from one majestic ocean to the other, from wheat fields and forests, from cool mountain highlands to stark, bleak deserts. Our natural and human resources are some of the finest in the entire world. Yes, God has truly blessed this nation and her people. God only makes one requirement of us — that we are always mindful of Him. Let us express our gratitude to Him, our Heavenly Father.

Organized Crime In Texas

(EDITOR'S NOTE: This is the second in a series of stories on organized crime in Texas. Auto theft, a thriving underworld business, is the topic. Figures used were compiled by the Texas Organized Crime Prevention Council and the Texas Department of Public Safety.)

This is the story of Bill Jones, a hard-working, law-abiding young store clerk with two small children and a salary of less than \$9,000 per year. He and his wife, Beth, saved for four years for enough cash for a new car because the family budget wouldn't allow quick credit or an easy loan. When Bill came home excited one night about an "almost new" auto he had discovered on the recently opened used car lot down the street, his wife went along with the purchase.

They bought the car and for one week were in seventh heaven. Then, Saturday afternoon, a uniformed officer knocked on the door, asking whose auto was sitting in the driveway. "It's mine," said Bill. "I'm sorry," the officer replied, "but that car is a stolen vehicle, and we have to impound it."

Bill and Beth were stunned. They couldn't produce papers because the title, to be mailed, had not yet arrived. A quick check with the used car dealer revealed he, too, was awaiting return of papers from the "original owner."

But that "original owner," it turned out, had used bogus papers and license plates when the automobile was sold to the used car dealer.

Bill and Beth were left holding the bag—their dream exploded—the victims of a sophisticated organized crime car theft ring.

Organized auto theft and theft of personal and household property pours millions of dollars yearly into pockets of Texas mobsters.

Autos and other vehicles head the list, but thieves also make off with everything from television sets to hair brushes from Texans each year.

One officer recalled not long ago "the hardest thing I ever had to do in my life was go into the small home of a low-income family and take away the television set a hard-working mother had finally been able to bring home for the kids. "She bought it from a shady dealer, and it turned out to be stolen goods. It wasn't easy to walk out with all those kids crying for something they had waited for all their lives," he added.

The Texas Organized Crime Prevention Council, co-chaired by Atty. Gen. John Hill and Col. Wilson E. Speir, director of the Department of Public Safety, reports motor vehicles are prime targets for organized thieves.

Using Dallas as an example, criminals stole property valued at \$15.7 million last year. More than \$6 million of that total was cars—although ultimately \$4.4 million worth of autos were recovered.

An end-of-the-year tally for 1971 estimated \$50 million or more worth of motor vehicles were reported stolen in Texas.

That figure represents an estimated 48,323 vehicles stolen in the state during 1971.

Many average Texans conclude the absence of complaints means the absence of organized crime in the car theft racket.

Nothing could be further from the truth.

"At the present time, 80 to 85 percent of all stolen vehicles are recovered," said Col. Speir, "but many of those not recovered are taken by professional thieves and organized theft rings."

Car theft, as a matter of record, often is the "kindergarten" for a young thug.

Underworld bosses, especially a "fence" (the receiver of stolen goods), often sponsor fledglings in "lower level" crimes such as home burglary, hijackings and auto theft.

By bankrolling prospective employees, whom they are actually training and testing, the organized criminal element is the catalyst for street crime.

As former U. S. Atty. Gen. John Mitchell has said, "When you read of housebreakings, shoplifting and industrial thefts, you should realize that organized crime provides a major network for the disposal of these stolen goods."

The DPS Criminal Law Enforcement Division and local authorities have uncovered evidence on more than 40 auto theft rings. In 34 instances, positive identification of the leader was made and names of members and method of operation discovered. Many arrests have resulted.

Lawmen in North Texas recently disrupted a multi-city car theft ring employing one of the more common methods used to steal a car.

In the raids and resulting arrests, officers recovered 13 stolen cars which had illegally

obtained salvage titles and salvage vehicle identification numbers (VIN) and license tags. Speir explained the thieves get the tags, certificate of title and identification plates from a vehicle which has either been wrecked or totally destroyed. "Then," Col. Speir said, "a member of the gang goes out and steals a car similar to the wrecked one."

After transferring the plates from the salvaged vehicle, the thieves re-register the stolen car and sell it -- usually to an unknowing customer like the used car dealer who sold the car to Bill and Beth Jones.

Last spring, the FBI and agents from the DPS working with the National Auto Theft Bureau (NATB) recovered 24 stolen vehicles believed to be

part of a haul by a nationwide car theft ring.

The late model luxury cars were stolen from Pennsylvania and sold in Houston through two motor companies and a local businessman.

The cars were registered on counterfeit titles and financed through various banks, apparently by innocent buyers, the FBI said.

Another frequently used method is use of a counterfeit title obtained from a non-title state.

Two major investigations in Houston and Dallas in June, 1972, netted 62 recovered stolen vehicles. In one instance, the criminal subjects utilized salvage auto identification plates from Alabama on cars stolen in Tennessee.

The other group specialized in counterfeit Pennsylvania titles and stolen Pennsylvania vehicles.

Department of Public Safety agents and Abilene lawmen cracked down on an auto theft ring found to be operating out of that city. The investigation led to the recovery of 44 stolen vehicles and several conspirators were arrested on auto theft charges.

The thefts cleared in this case involved the use of salvage vehicle identification numbers.

"At the present time, there are indications of other large rings operating in Texas," said Col. Speir, reinforcing the assessment of other Texas lawmen.

Suspected operators of what

the investigating officer described as "quite a large theft ring" were arrested after several months of undercover work by DPS intelligence agents, officers of two coastal counties, and a representative of the NATB.

The investigations showed that car theft rings on the up-percoast steal cars, especially late sport models, and strip them for transmissions, tires, or whatever parts they need.

"Then they'll put some old tires on them and drag them off and leave them," said the lawman.

Throughout the state, farm equipment is a popular target for theft rings. Peace officers in Texas and New Mexico recently seized \$100,000 worth of farm tractors, truck tractors, and a big combine. Authorities believe the confiscated equipment was stolen from points throughout West Texas by a ring headquartered in the Texas Panhandle.

Professional thieves in the Rio Grande Valley appear to specialize in new or nearly new pickup trucks.

Investigators said 30 trucks were stolen in one Valley city in 1972 and apparently taken across the border into Mexico. Less easy to identify and return are valuables stolen in home burglaries. For example, in a medium-sized North Texas city, residents of 481 homes reported being burglarized in 1971. Only 63 got any property back.

Merchandise such as television sets, watches, furniture and stereo sets are usually difficult to identify. They're easy to transport and simple to market but extremely difficult to trace.

Such items find their way into pawn shops or to the "friendly neighborhood fence" -- for the thief, that is -- and are unloaded or resold.

Many homeowners now are using electric pencil devices to mark the more valuable items within their homes.

Of course, the more obvious precautions such as locking your car when you leave it or never leaving the keys in the ignition certainly should be practiced by all motorists.

This may not prevent your car

LIVING- AS YOU LIVE
...and get more from the GOOD YEARS

Unfortunately, many people do not properly plan for the retirement years. Once retired, the starting point for surviving on a reduced income is reevaluation.

First, the present and anticipated income must be figured out. Then the "fixed" expenses must be totaled. Rent, utilities, and food are the big items. Obviously, the only way to reduce rent, if it too high, is to settle for less than you now have. You can make small savings by being conservative with the use of utilities. Food prices are high, but careful and wise shopping can help you save at the supermarket.

One of the most popular complaints of many people is that two people in the same household have not learned to share. Properly prepared, another meal is not a waste of money. Here are some wise food buying values. Always read advertisements and small print for bargains. Buy cash in an special size can of a particular size if it costs the same (ounce or pound sizes). Don't buy your menus and leftovers, be sure you've overlooked on the

while the result was
The result was
The comparison shopper paid \$25.12 for
the same number of similar items for which the other
shopper paid \$36.30.
The comparison shopper
in the above example may
have saved even more money
had she compared costs of the
same items among several
different stores.
According to Consuming

Interest, a consumer news-
paper published by Columbia
University's Graduate School
of Journalism, a family of
four on a \$50 a week budget
could save as much as \$500 a
year by comparing food
prices among several stores.

However, since compar-
ing prices in different stores
is a lot of work for one per-
son, you may want to start
a group project with your
friends for this purpose.
Simply make up a list of the
most frequently purchased
items and have the different
members of your group check
them at different stores. Then
compile the results and shop
the store with the best over-
all prices.

The following are some
other tips to help you in your
comparison shopping:
• Use unit pricing. Replacing
the old shelf label that
just told you the price per
item, a unit pricing label also
tells you the price per ounce,
pound or quart. In this way,
you can determine which is
the best buy from among the
different brands and from
among the different sizes of

each brand.
• Buy in volume when possible. For those items that
cannot spoil or if you have
enough freezer and storage
space, buying in volume can
lead to significant savings.
Take sugar, for instance. A 2-
pound bag costs 19½¢ a
pound while a 10-pound bag
only costs 14½¢ a pound—a
saving of 4 to 5¢ a pound.

• Avoid costly convenience
foods. What you are actually
paying for is somebody else's
labor. Taking the example of
instant oatmeal, you can buy
regular oatmeal that you
have to cook for one minute
for 25¢ a pound. On the other
hand, you can buy instant
oatmeal that you just add hot
water to for 75¢ a pound. The
minute that you save by using
the instant version cost you
50¢ a pound.

• Consider buying store
brands. In a Washington
store, 2 bags of identical
groceries were purchased, but
the bag with the nationally
advertised brands cost \$9.68
while the same items of the
house brand cost \$8.47.

Abortion Seminar Planned

Although the U. S. Supreme
Court has held that the Texas
abortion law is unconstitutional,
there are more questions raised
by the high court's answer
than resolved by it, according
to one of the participants in
the Lubbock Conference on
Abortion scheduled April 14 at
Texas Tech.

Prof. Rodrie B. Schoen of
the Tech School of Law sees
more questions than answers.
He is one of two lawyers who
will speak at the conference.
He has a special interest in
Constitutional law and will
direct his comments to "The
Constitutional Question."

Like others invited to
speak, Schoen's interests are
much broader than the
abortion question. He has
served as chairman of the
board of editors of the Natural
Resources Journal and has
published several arti-

cles dealing with public
education, politics, libel and
conduct within the legal
profession.

Other participants include
Preston DeShan, M. D.,
chairman of the department
of obstetrics and gynecology
at the Tech School of
Medicine and Lester Wolcott,
M. D., chairman of the
medical school's departments
of family medicine and
rehabilitation; State Rep.
Sarah Weddington; Dr.
Kenneth Vaux, author and
professor of ethics and
theology at the Institute of
Religion and Human Development
at the Texas Medical
Center; and Isabelle Col-
lora, vice president of the
Texas Conference of
Churches and a board
member of the National
Council of Catholic Laity.

The conference is sponsored
by the Tech School of
Medicine, department of
Biblical literature and

School of Law.

Sessions will take place at
the Law Building at Tech,
with registration starting at
9 a. m. The final session, a
panel of all participants,
will begin at 3:30 p. m. The
registration fee of \$8 in-
cludes a copy of the pro-
ceedings.

In addition to interests re-
lating directly to his work,
Dr. DeShan has served as a
board member of Planned
Parenthood of Lubbock, the
Presbyterian Center in Lub-
bock, the Red Cross and the
American Heart Association.
He is a member of the
American Fertility Society
and the International Society
for the Advancement of
Humanistic Studies in Gynecology.

Dr. Wolcott, too, has special
interests beyond the field
of family practice. His
specialty is in the field of
physical medicine and reha-
bilitation. He has served as
a consultant for the Handi-

capped Student Program at
the University of Missouri,
at the Springfield, Mo., U.S.
Medical Center for Federal
Prisoners and the Rolla,
Mo., regional Diagnostic
Center for Mental Retarda-
tion.

In addition to special
work in his field, Dr. Wolcott
has served as a member
of the Missouri Heart
Association's Stroke Com-
mittee, on the Medical
Advisory Committee of the
Muscular Dystrophy Association
and on the advisory
committee of the Missouri
Crippled Children's Service.

Rep. Weddington argued
the case regarding the Tex-
as abortion law before the
Supreme Court. She was the
first woman appointed to
the American Bar Association's
Joint Conference of
Representatives of the ABA
and the American Medical
Association. She also is the
first woman elected from
Travis County to the Texas
House and serves on the ap-
propriations, insurance and
criminal jurisprudence
committees of the House.
She was active in the for-
mation of the Texas Woman's
Political Caucus.

Dr. Vaux holds his degree
in theology. He was gradu-
ated magna cum laude
from the University of
Hamburg, Germany, and
served as a minister in
Scotland and in several
states before making his
home in Houston. He has
served on the faculty of the
University of Houston Law
School and Baylor College
of Medicine.

"I am interested in the
dialogue between theology
and the scientific disciplines
with particular emphasis on
ethical questions in the life
sciences and technology,"
Vaux said. "Medical ethics
and technology and human
values has been a strong
interest."

Mrs. Collora, at one time
a fashion designer, is chair-
man of Life Matters, Inc.,
of Texas. Her activities, she
said "are all directed to-
ward the same goals—
bringing Christian principles
into society in order to
bring about unity, harmony
and peace."

CARBON MONOXIDE RISK — As a follow-up to recent studies showing carbon monoxide in homes causes some 1,400 deaths and 12,000 injuries a year, a team of HEW environmental health specialists is conducting a nationwide carbon monoxide survey this winter. The team is working with health departments in 26 cities to assess the threat of carbon monoxide gas, usually emitted by unvented heating and cooking appliances.

BETTER FOOD LABELING — HEW's Food and Drug Administration has initiated a program to give consumers better information about the identity, quality and nutritional value of foods by regulating advertising and labeling by food merchandisers. The proposed regulations will put into practice recommendations of the White House Conference on Food, Nutrition and Health. At the same time the new labeling regulations take effect, FDA will launch an education program to tell consumers how to interpret and use the new label information.

GUARD YOUR TEETH FROM PERIO — More than 82 million Americans have a gummy disease called Perio, the major cause of tooth loss in adults, says HEW's National Institutes of Health. NIH says that Perio and other dental problems can be prevented by proper care and regular dental check-ups. A booklet on Perio is available by writing Division of Dental Health, NIH, 9000 Rockville Pike, Bethesda, Maryland 20014.

'Pops Nite' Concert Planned

April 16 will bring to Lubbock a ticket for a short trip back into the Big Band Era as the Lubbock Symphony Orchestra presents its ever popular Pops Nite, under the direction of William A. Harrod. Along with a nostalgic look at the works of the greats such as Glen Miller, Tommy Dorsey, Woody Herman, Duke Ellington, Glen Gray, and Russ Miller, the audience will hear some of the best local talent.

This year's local soloists will include Liz Lawson, Mrs. Norma Lamont, Rick Roach, John Gillas, and Mrs. Gail Barber. Aiding the orchestra in their presentation of the Big Band Sound will be Mark Anthony, Claude Dauster, and Bernie Howell. Gillas and Mrs. Barber are both on the staff at Texas Tech, while

Liz is a student at Monterey High School and Rick is a Tech Junior. Anthony and Dauster are both members of a professional dance orchestra directed by Anthony and Mrs. Lamont is a singer with the Bob Lamont Orchestra. Howell is well known in Lubbock as an organist featured on TV and Radio.

Tickets are priced at \$5.50, and may be purchased at the Stage Door Ticket Agency, 8-19 South Plains Mall, 792-0211 or the Lubbock Symphony Office, 1416 Ave. Q, 762-4707. They will also be available at the Auditorium on the Sunday afternoon before the concert and from 9 a.m. until concert time, 8:15 p.m. on April 16.

Liz Lawson, daughter of Mr. and Mrs. J.R. Lawson of Lubbock, started singing professionally at the age of 12. The 17-year-old high school senior has appeared in an all girl combo, has entertained various civic clubs and organizations, and for the last two years has served as lead singer for the Don Caldwell Quintet.

Currently Liz is attending Monterey High School where she is a member of the National Honor Society, Cantores Choir, and Student Council. As for her future, the attractive singer says that she plans to continue in music but is indefinite as to what capacity. Among alternatives is an offer from the New Christy Minstrels. For the Pops Nite Concert, Miss Lawson will be featured singing a medley of songs including the Grammy Award winner, "The First Time Ever I Saw Your Face."

Rick Roach, 23, known to many Tech basketball fans as the voice behind the Star Spangled Banner, is a junior accounting major at Texas Tech University. He is a member of Sigma Nu fraternity and resides in Lubbock with Mr. and Mrs. Bill Roach. The 23-year-old student was

raised in Pampa. Rick entered the U.S. Army after his sophomore year in 1969 and was sent to Korea. While serving in the 7th Infantry Division at Camp Casey in Tong Du Chon, he auditioned and was accepted as a member of the 7th Division Bayonet Chorus. The remainder of his tour was spent in entertainment.

During the Pops Nite Concert, Rick will lend his Baritone voice to the popular "People" and "September Song." Things happened fast for St. Louis-born John Gillas soon after he began his musical education at Indiana University. A week after his enrollment, he was given the title role in the American premiere of Benjamin Britten's "Billy Budd."

He has sung with the San Francisco Opera and the New York City Opera, including among his performances with them, the American premieres of "Wise Maiden," and "The Taming of the Shrew." Mrs. Norma Lamont, a native of St. Louis, will make a return performance with the Lubbock Symphony Orchestra during the 1973 Pops Nite. Talented in both voice and dance, Mrs. Lamont studied voice with Carlo Menotti and dance with Marina Svetlova and Anton Dolin.

Professionally she sang with the well known Meyer Davis Society Orchestra, which is considered the top orchestra for social events in the Washington D.C. and New York area. Currently she is singing with the Bob Lamont Orchestra and is on the Board of the Lubbock Civic Ballet.

In her second Pops Nite performance, she will be singing several selections including "The Lady is a Tramp."

Gail Barber, harpist and composer, graduated from the Eastman School of Music with

Highest Distinction and Performer's Certificate in Harp. Mrs. Barber has been a member of the several philharmonic orchestras.

She is presently assistant professor in the Music Department of Texas Tech University, and during the summer she teaches at Rocky Ridge Music Center and performs on the "Music of the Mountains" Concert Series in Estes Park, Colo.

Mrs. Barber will introduce a new facet of harp playing to the Pops Nite audience: The Mod Harp—with a selection in medley form including "Tenderly," "Raindrops Keep Falling on My Head," and "Shangri-La."

[Memo From Mac]

WHAT'S YOUR OPINION? Some of the legislators around here have signed a House Joint Resolution which would extend legislator's terms to four years to make these terms equal with the Governor, Lt. Governor and Senate members. A House Joint Resolution is the vehicle for getting a matter considered at the Constitutional Convention next session. It's still an up-in-the-air subject though, and opinions are welcome.

FOR TEN YEARS Lubbock city dads have been trying to get it done and at long last they've succeeded. Last Friday (March 23) the Texas Tech Board of Regents approved a request that Indiana Avenue be extended north through the Tech campus on over to 4th Street. My House Bill 1599 will, if passed, make it official and then Tech Board of Regents Chairman Bill Collins can give the go-ahead to the State Highway Dept. With the new Medical School, the lengthening of Indiana was a must.

LOOK FOR A BILL creating a diagnostic lab under Texas A&M jurisdiction in Canyon. It'll be before the House soon and some of us are hoping to amend the bill on the House floor to get it under the Texas Tech Medical School. No offense to A&M—we're just anticipating the Vet school that will be created in years to come in Lubbock.

WHO'DA THINK IT! For the first time in recent history the House of Reps is on a 5-day work week schedule. Speaker Daniel says we can expect to work on Saturday and maybe Sunday in latter weeks. Some representatives feel that this is going to be just a little bit of a hardship—not because they don't want or need to work...because they can't get home and touch base with their people during the progress of the session.

Mrs. Rose Maeker went by plane to Houston to visit her son and his wife, Mr. and Mrs. L. Maeker. She plans to be there for several weeks, and will also visit in Corpus Christi with her daughter, Mrs. Betty Ross German, and family. Mrs. German will return home with her for a visit here.

Mrs. Lillie Harper's son, Glen, and his wife, are making their home on the Joe Morrison farm. The farmers are really busy around here since everyone finally got their cottonout, some as late as February and a few in March. Most folks are chiseling and bedding. We have had so much rain, snow, hailstorms and ice storms. It is raining and hailing as this is being written here in Posey today.

Mr. and Mrs. Mert Gentry and daughter, Lillie Harper, visited Sunday with Mert's brother-in-law, Bill Bailey, who is residing in a rest home in Sterling City. Bailey, a retired Santa Fe employee, makes his home in San Angelo now.

The Gentrys also visited Mr. and Mrs. Arthur Standefer at Lamesa. Mrs. Standefer has been bedfast over two years, after suffering a broken hip in a fall.

Visitors in the M. P. Gentry home were Mr. and Mrs. Red Slone of Childress. Mr. and Mrs. George Hayes from Hale Center, former Posey residents, visited with Mrs. Anna Gentry, Mr. and Mrs. Mert Gentry and Mr. and Mrs. Guy Gentry. County Cab Grant Okayed

Gov. Dolph Briscoe today announced his approval of a community action grant of \$46,440 in new federal funds to Community Action Board in Lubbock, Inc. in Lubbock for continuation of the agency's ongoing Administration and General Community Programming programs for six months.

Funded under Title II of the Economic Opportunity Act, the grant is a phase-out grant effective retroactively to March 1, 1973. The grant includes allocations of \$19,536 for Administration and \$26,904 for General Community Programming.

Objectives of the General Community Programming program include providing technical assistance and seed money to eight neighborhood groups for the development of neighborhood projects.

Idalou Hosts Little Dribblers

Idalou will host the Junior Little Dribblers district tournament Thursday through Saturday at the Idalou High School gym. Six teams will compete in the tournament. Lubbock teams are all-stars from the Continental and Texas leagues. Also in the meet are Crosbyton, Cooper, Idalou and Slaton. Action will get underway at 5:30 p.m. Thursday. The champion will be crowned for 8:30 p.m. on Saturday. The winner of which is a district affair, will advance to the National Junior basketball tournament April 12-14 at the Texas Dome.

Water Import Study Results To Be Given

Mississippi water for West Texas and Eastern New Mexico? That question comes into sharp focus next Thursday, April 12, when three federal agencies reveal full details of their more than five years of intensive study at a public briefing in Lubbock. The disclosures come at a 2 p.m. public meeting at the Koko Palace Convention Center, 50th and Ave. Q. Officers and directors of Water, Inc., will host the briefing, expected to attract more than 200 area residents.

Norman Flaigg, Bureau of Reclamation area planning officer, Austin, will direct the presentation. Flaigg directed the Bureau's study in conjunction with the Corps of Engineers and the Mississippi River Commission. He will be joined by representatives of those agencies in the presentation.

Proposals to import water to the High Plains of Texas and New Mexico were undertaken by the three agencies more than five years ago and Congress has provided more than \$7 million to finance the investigation. Periodic engineering reports have been made at various Water, Inc., meetings, however, virtually none of the economic findings have been revealed. Flaigg said the Lubbock briefing will include all facets of the investigation findings. Water, Inc., President A. L.
