Highway Dept. Says I-27 Extension Is Necessary

FLUTTERY — Downtown Slaton streets looked more like rivers during a fast fall last Wednesday afternoon. This picture was made at the intersection of 9th and 10th streets. (SLATONITE PHOTO)

ROUTE IS BIG QUESTION

AUSTIN — A southerly extension of Interstate Highway 27 to IH 20 and 10 is feasible and necessary, a report prepared by the Texas Highway Department has determined.

Not only that, the extension is wanted.

The report, released Friday, said seven public meetings were held during the study period with a total attendance of 1,725 persons.

"It is most interesting to note that although hundreds of people attended the various meetings, not one word of opposition to the proposed project was voiced," the report said.

In fact, the report said the key question is not "Should this highway be built?" but "Where should it be built?"

1973 Act

The study was undertaken as a result of special provisions included by Congress in the 1973 Federal-Aid Highway Act. Ten proposed additions to the IH system nationwide were singled out for study in the act. Only the IH 27 extension had no special route prescribed by Congress.

In all, 23 routes were proposed by various members of the regional communities in a broad area of Texas. The Highway Department study said examination of all the routes indicated that any of the routes would be feasible. The various proposed routes intersect with IH 10 at points ranging from Ozona

in West Texas to Houston on the Gulf Coast.

"The 23 proposed routes are spread across many miles of the midriff of the state, but all routes would serve a large area," the report stated. "In the final analysis, the people at the meetings were in agreement that more important than the location was the need for the project."

Notes Advantages

The extension would serve many needs. The Panhandle-Plains and Central Texas are among the most important areas in the production of beef, cotton, grain sorghums and oil and gas products, the reports said.

Since beef, cotton and grain are among the most

TOUCHDOWN MACHINE — Bill McClesky, running with the ball here, scored four touchdowns against Tahoka Friday night to run his season total to 48 points. McClesky had lots of blocking help, and here Darrell Bednarz is down to block Tahoka's David Glenn. (SLATONITE PHOTO)

Slaton Tigers Blank Tahoka 28-0

By DALTON WOOD

Tailback Bill McClesky ran for four touchdowns and had two others called back Friday night as the Slaton Tigers won their second game of the season in beating Tahoka 28-0, and the strong Tiger defense did a good job of stopping any Bulldog offense.

With their first district victory in two years in the record books, the Tigers play host this week to Cooper, a team Slaton has never beaten, having lost both previous games with the Pirates.

The Pirates will bring to Slaton an up-and-down team which has played very well at times and not so well at others. Cooper beat Littlefield, which wiped out Slaton 29-0, and the Pirates lost to Denver City by just 6-0. But Tahoka upset Cooper, and last week Roosevelt whammed them 49-0. Cooper now is 3-5 for the year, and Slaton is 2-6.

Good Blocking

McClesky ran his season total points to 48 as he followed some good blocking for four TDs Friday, and gained 155 yards in 17 carries.

The Tigers came out early looking good Friday night. After a short 20-yard kick by Tahoka which gave Slaton the ball on the visitors' 29, the Tigers moved to a TD midway of the first period as McClesky turned right end 13 yards,

with backs Gary Aycock and Gaylon Buxkemper and end Jesse Smith leading the way. Tackle Ricky Denzer kicked the first of his four extra points for the night and it was 7-0.

McClesky ran for apparent touchdowns three more times in the first quarter before another one counted. The 182-pound junior ran 18 and 29 yards across the goal line, but holding penalties rubbed out both. Finally, after Guard Tip Culver recovered a fumbled pitch-out on the Tahoka 17, McClesky ran 17 around the right side to score, and

Denzer kicked again, making it 14-0 with just 38 seconds left in the first period.

Eblen Almost Scores

Freshman Brad Eblen took a punt back 40 yards to the Tahoka 4-yard line midway of the second quarter and from there McClesky scored through the middle, and Denzer again kicked. After the kickoff, Tahoka made its initial first down of the night as Fullback Richard Lopez broke loose for 38 yards before being overhauled by defensive back Kenneth

Scott at the Slaton 37. Tahoka then moved to a first down at the Slaton 12, the Bulldogs' deepest penetration of the game, but an interception by Scott in the end zone killed that threat.

At halftime, Rhonda Moseley, daughter of Mr. and Mrs. Ed Moseley, was recognized as homecoming queen. She is a senior, elected by the football team.

The second half was a sorry spectacle of flaring tempers, yellow flags and brawling by both teams. Giving up on football, the two teams decided to fight it out, with at least one player ejected for each team. Slaton was penalized 11 times for a total of 145 yards, with 110 of this coming in the second half. Tahoka drew 9 penalties for 75 yards.

Coach Eddie Cook said Monday he was proud of the team for winning, but that he had reprimanded some of the boys for their conduct in the second half. He also commented that the Slaton player who committed the most flagrant violation had voluntarily gone to the Tahoka player involved and apologized after the game.

"I had planned to ask him to write a letter, but I was pleased that he already had taken this action on his own," Cook said.

Long Run

Slaton made only one first down in the last half, and that was on McClesky's nifty 72-yard run for a touchdown in the fourth quarter. Even on this play there was personal foul called, but it occurred after the TD, which meant Slaton kicked off from its own 25 after Denzer again had kicked point.

Tiger defender Ronnie Valadez almost realized the dream of scoring as he intercepted a pass and raced 60 yards across the

School To Start, End Early Nov. 6

School will begin at 8 a.m. on all four campuses Wednesday, Nov. 6, and dismiss at 1:30 p.m. that day in order that teachers will have time to work on the self-evaluation program which the Texas Education Agency has stipulated Slaton schools must complete.

Buses will run an hour earlier in the morning, and will run as soon as school is out at 1:30 p.m.

MORE RAIN

More rain drenched the area this week, dumping 1.40 here last Wednesday afternoon, and another .25 Sunday. This brings the year's total to 22.38.

Collisions, Thefts Are Investigated

Thefts and minor collisions were investigated by Slaton Police Dept. during the last week, and several arrests were made for drunkenness.

Mann's Garage, 225 W. Edwards, reported theft of a 6-volt battery from a tractor parked at that address Monday. The battery was valued at \$20.

Wayne Latham, 1050 W. Dickens, Friday reported theft of a boys 27-inch, 10-speed bicycle from that address. Value was set at \$125.

A collision on United parking lot Friday involved a 1972 car driven by Vickie Purdue Abshire of Rt. 2, Post, and a 1965 auto driven by Vivian Ineth Williams, 300 S. 2nd, Slaton, with damage estimated at a total of \$125.

Also on Friday, a 1963 car driven by Michael Scott

Stafford, 605 S. 15th, and a parked 1971 auto owned by David Earl Stanley of Rt. 3, Post, were involved in a collision on a parking lot at 13th and Panhandle.

Kirksey Gulf, 9th and Dickens, reported a front door glass broken, and valued the damage at \$30.

Gary Douglas Harger of Lubbock, a Texas Tech student, has been hired as a dispatcher at the Slaton Police Dept.

Commission Raises Police Salaries

Although the Slaton City Commission voted an across the board pay hike for all city policemen during a special called meeting Monday, the department is still plagued by problems.

According to Police Chief Fred Clark, Sgt. Jerry Edwards and patrolmen Gary Gilbert and Bobby Pack have resigned. Joe Saldivar, who is currently involved in a controversy stemming from the September arrest

of prominent Slaton farmer Kenneth Erle Davies, is limited by the commission to dispatch and administrative functions.

Chief Clark said he would move Bill Casey from midnight dispatch to patrol and thus have five men on patrol. When the commission voted to raise police salaries, they also authorized a personnel cut, leaving the department with only five patrolmen.

The increases in pay raises the patrolman's salary from \$550 a month to \$600. The sergeant's pay rose from \$600 to \$650, and the chief's salary was boosted from \$750 a month to \$800.

The low pay of patrolmen was cited as one of the reasons for the several resignations. Chief Clark appeared before the commission and said, "What I'm trying to do is get salaries up where my people can live."

The cut in the authorized number of officers leaves the department with a force that according to Chief Clark, "we can function with." He said he needs six officers to do the job as it should be done, but he can function with five.

The raise in salaries for the police was the only change made in the \$530,737 city budget which was temporarily approved Monday. The final approval will be given at the next regular meeting, Nov. 12.

POLES: One young father said the pain gained during the night when the changed just meant another hour for to cry. He figures the time to have a hour would have been during the hours. . . It's sure great to win games for a change, but it's not so see some of our own players do things reflect poorly on the team, the school community. . . Coming up right away between and the general election. Some way want to combine them and write in sustain for governor. . . There are only 45 or 46 more shopping days until Christmas, which comes on a Wednesday this year. Tuna suddenly doesn't appeal to us late or not, there must be something satisfying for lunch than a rat hair

LITTLE OLD LADY on Lubbock St. is wonderful how the service station know just where to set up their pumps the gas.

SMAN: "This machine will do half the work." "That's fine. I'll take two."

HOMEING QUEEN — Rhonda Moseley, second from left, reigned as queen of the Slaton High School Homecoming at the football game against Tahoka Friday. Her court members are Dianne Dunlap at left, Kimmy Cooper at right and La Donna Jones. (SLATONITE PHOTO)

CO-CHAIRMEN — Johnny and Connie McCormick, eighth grade students at Slaton Junior High, are the co-chairmen for the eighth grade's drive to collect Campbell soup and bean labels. Wilson Elementary School needs 10,000 labels in order to purchase audio-visual equipment, and the students of SJHS have decided to help them collect the labels. A contest between sixth, seventh and eighth grade students is in progress to see which class can collect the most labels. (SLATONITE PHOTO)

Savings and Loan To Open New Branch

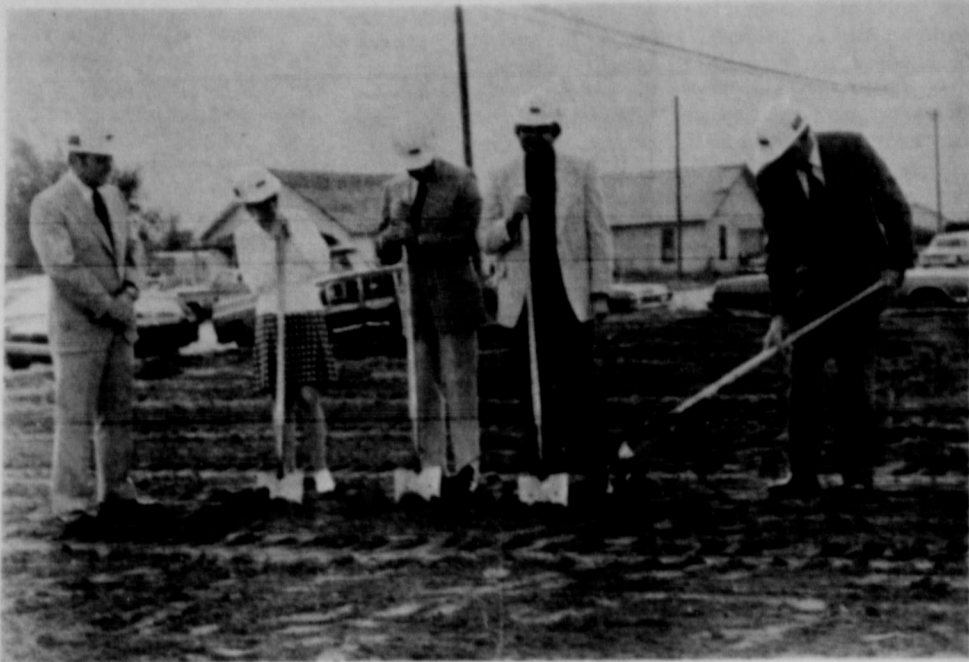

Approximately fifty people attended the ground breaking ceremonies Friday in Tahoka for the Lynn County Branch of Slaton Savings and Loan Association.

Fred Meyers, executive vice president of the association, said, "The Lynn County Branch will be a great asset to the local community as well as to the Slaton Savings and Loan Association."

The new branch, to be located at 1900 Lockwood, is proposed to open Feb. 1, 1975. An official of the association said a temporary facility probably will be open by Dec. 1, 1974.

The new building will contain a community room which may be utilized by the public for various community affairs. A drive in window will also be available.

Branches of the Slaton Savings and Loan are now located in Post and Tahoka.

Slaton Man Graduates

George H. Hubert of Slaton was among 14 graduates of the Heavy Equipment Operators Instructor Training Course at Texas A&M University.

The course is conducted by the Texas Engineering Extension Service for Texas Highway Department employees.

Chief instructor Al Jones said the function of the course is to "train personnel currently employed as operators on several types of heavy equipment in order that they may return to their districts and serve as instructors for other Texas Highway Department employees."

"Originally emphasis was placed on the correct operator techniques and maintenance responsibility of each trainee," Jones explained. "Training will be conducted on motor grader, crawler tractors, loaders, draglines and gradalls."

"Most of the participants are reasonably well grounded in some of the above mentioned categories," he pointed out. "When such skills are demonstrated to the staff, emphasis on other machinery will be presented."

"In each case, the objectives will be to provide skills necessary for successful operation and to provide the individual with ability to teach that skill," Jones noted. "During one week of the program the trainees are given instructor training courses so they can organize and successfully conduct training programs in their districts."

HIGHWAY (continued from Page 1) important of Texas' exports, the need for economical and safe highway transportation is apparent.

The report said the route would better serve important military installations as well as educational institutions throughout the region. It would also benefit the growing tourist industry in Texas.

Each of the 23 proposed routes was studied in detail. Included were route lengths and an analysis of facilities along the routes which might be incorporated to some extent in an interstate-type highway, as well as facilities along the present routes which are deficient for present traffic. The analyses also include estimated costs.

"Initial review has revealed no adverse or detrimental impact of the proposed project," the report said. "The impact of extending Interstate 27 should be beneficial to residents of the entire regional community."

TIGERS (continued from Page 1) goal line, but a clipping penalty — which occurred far back downfield after Valadez already was long gone — rubbed out that one.

Slaton sophomore quarterback Mike Tumlinson did a good job of handling the ball, but had trouble passing, and Slaton had only one completion, a 5-yarder. Defensive standouts included Alan Moates at end, Loran Roberts, Valadez and linebacker John T. Basinger. For Tahoka, linebacker Trent Leverett did a good job.

It was good to see Brenda Payton up and about with the aid of crutches.

Thelma and Herman Dabbs are back from a six week trip to England and other European countries. They crossed the Atlantic on the Queen Elizabeth II. The on-board activities were many and constant.

They visited with their son Travis and his family in England, then joined a tour of 39 others to France, Italy, Switzerland, Germany and Austria. It was rather cold in some places because of a law forbidding the people to turn on their heating before a certain date.

In Paris the people were busy cleaning and painting, in order to pass a government inspection in 1976.

"It was all wonderful but the best thing was to know that we are Americans and we're happy to be home," said Mrs. Dabbs.

Don and Dale Dabbs were anxious for their grandparents to return home. The boys attend Texas Tech University, and are the sons of Travis. The Dabbs are expecting another son, David, and his family for a visit this weekend. They live in Houston where David works at the Co-Op Bank.

Thelma also said that Charlie Dabbs of Lubbock was doing well after his

severe heart attack six weeks ago.

Get well wishes are extended to Mrs. Martin Edmunds. She broke her knee while visiting relatives in Nebraska.

Mr. and Mrs. Jack Pearson of Amarillo and Mr. and Mrs. Marvin Phelps and daughter of Lubbock were visiting the Alva Albrights. Edmund and Tommie Wilke are home from Arizona where they reported that Larry expects to go home from the hospital tomorrow. Martha has her casts off and is doing fine.

Ruby and J. B. Rackler have just returned from a three week vacation to Nashville, Tenn. Mrs. Virgie Roper, Wilson, accompanied them. They visited Beverly and Woody Follis in Wilson, Sunday. Mrs. Rackler said it was the most beautiful time of the year in Tennessee and the forest was alive with color.

Accent on Health

Texas restaurant owners, operators and supervisors are going back to school and the end result will be higher quality service and food for the restaurant goer, says the State Health Department.

Anyone who has suffered through the agony of "food poisoning" can attest to the effects of improper sanitation.

The Texas Restaurant Association is kept aware of breakdowns in the food handling chain. As a move to forestall such future occurrences and to keep abreast of current needs of the food industry, the Texas Restaurant Association is offering a new 12-hour course on sanitation, safety and food service productivity.

The first course was held in Abilene and followed by one in Victoria. After a third course later this month, the TRA will survey results of the first three training sessions and schedule others.

"We're shooting first for owners, managers and supervisors," said W. H. (Buckshot) Price, executive vice president of the TRA. "However," he added, "anyone connected with the food service industry is welcome to the free training courses — scheduled three hours a day for four days."

Objective of the course is to train high-echelon personnel to teach others. "We've got to train them before they can instruct others," said Price.

With 5,000 TRA members in 21 chapters (zones) in Texas, TRA is biting off a big chunk of training. But by getting core people in each chapter to provide training, Price thinks the job can get done.

James M. Doughty Jr., director of the State Health Department's Food and Drug Division, says, "I'm enthused with the interest shown by the Restaurant Association in its training program and think it is a good approach. It is an excellent way to reach more people in the food service industry."

Food hygiene has long been a concern of health officials. Training programs for food service personnel formerly were carried out statewide from the State Health Department's Austin headquarters. But with recent activation of Health Department regions, active courses for food handlers and others are given regionally or at the local level by trained sanitarians.

Customers, the federal government and state and local health departments have renewed their demands for better food service, says Giles Spillar, the Restaurant Association's educational director.

Sugar Demand Is Up

"Why the big increase in sugar prices?" is a frequently asked question these days.

Although there is no one answer, one consumer marketing information specialist suggests that the biggest reason for the jump in the cost of sugar is the same reason that has upped many other food prices — demand has increased.

"As people around the world are becoming more prosperous, they are buying and using more sugar," Mrs. Gwendolyne Clyatt pointed out this week.

Supplies are not keeping up with the demand. The sugar industry has not been an expanding business. Historically, sugar has always had a small profit margin, and investors are not anxious to put their money into sugar mills and refineries when other investments promise greater financial returns, she explained.

"This, along with tripled building costs, does not suggest any immediate increase in the building of sugar mills and refinery facilities."

"Another deterrent to building new facilities is the uncertainty of the supply of raw product. The largest part of our sugar comes from sugarcane, with nearly one-third of our domestic supply produced in Hawaii, Louisiana, Florida, Puerto Rico, and the Virgin Islands," she said.

Sugarcane production has decreased about 10 per cent in the last decade. Expansions of sugarcane production is not a speedy process as it takes nearly two years for sugarcane to get into commercial production.

But what can consumers do?

"Sugar can be decreased or omitted altogether in canning and freezing. Ripe fruits may be canned in water, fruit juice, or a light syrup instead of a medium or heavy syrup," Mrs. Clyatt suggested.

Small fruits such as berries can be frozen whole on trays without sugar and then packed into freezer containers.

But the specialist noted that we can't eliminate sugar in jams and jellies because sugar is essential for a high quality product which keeps

well.

"Also, with obesity a major nutritional problem in this country, many of us could well afford to cut out some of the sugar in our diets. Many times we add sugar out of habit to foods that really don't need any additional sweetening such as ripe berries and grapefruit."

Another way to reduce the use of sugar is to serve custard, pudding, fresh fruit and other less sweet desserts to replace pies, cakes and cookies, the specialist suggested.

Whiteface Downs Wilson

The Whiteface Antelope struggled to a 6-0 victory over the punchless Wilson Mustangs. The Mustangs were unable to capitalize on two blocked punts and fumbled away the ball three times in Antelope territory to lower their record to 4-4 and Whiteface raised their record to 4-2-2.

Wilson could muster only 65 yards rushing and eight yards passing to Whiteface's 239 yards rushing and zero yards passing. Wilson turned the ball over five times and Whiteface two times.

Whiteface dominated the game on 61 offensive plays to Wilson's 40 offensive plays.

The only score came with

1:57 gone in the first quarter after Wilson had fumbled on its first offensive play. Whiteface recovered the Wilson fumble on Wilson's 29 yard line and five plays later Kim Rudhardt scored from eight yards out. From this point on the game was a defensive battle.

Linebacker Mark Brieger had an outstanding defensive game with 23 tackles followed by tackles Doug Savell and Johnny Arellano with 19 tackles each with 19 tackles each.

Wilson and New Home square off this Friday night as the Leopards play Wilson for their homecoming game. Game time is 7:30 at New Home.

Texas Tech Indoor Rodeo Set For This Weekend

LUBBOCK—Riding, roping and all the thrills and spills of Texas Tech University's "world's largest indoor collegiate rodeo" will take place Oct. 31, Nov. 1-2, in the Lubbock Municipal Coliseum.

The best collegiate rodeo contestants from 13 schools in Texas and New Mexico will work professional rodeo stock for the National Intercollegiate Rodeo Association (N.I.R.A.) rodeo. This year's performance is the 28th annual N.I.R.A. Rodeo

at Texas Tech. Joel Ham, former Slaton resident now a student at Western Texas College, will be in the roping competition.

Country-western entertainer Leroy Van Dyke will perform Oct. 31 during the rodeo and at a dance in the National Guard Armory after the rodeo. David Houston will perform Nov. 1 and 2 at the rodeo and at dances each night.

Rodeo stock will be provided by Harry Void Rodeo Company. Quail Dobbs and Bob Romer will be clowns for all performances. Hadley Barrett will be the announcer.

Jackie Bob Riggs, Miss Rodeo Texas, will be queen of the rodeo.

Contestants in the Texas Tech and other collegiate rodeos earn competition points which will make them eligible to compete in the N.I.R.A. national finals in Bozeman, Mont. during the summer.

Tickets for the rodeo are available at Lubbock western stores and at the ticket booth in the Texas Tech University Center. Ticket prices are \$4, \$3.50 and \$3 for reserved seats. General admission tickets are \$2.

DISCUSSING THEFT — Slaton Chamber of Commerce Manager Tom Roy, left, and assistant criminal district attorney Tommy Turner discussed retail theft at the two hour seminar on hot check and shop lifting. Turner was available to answer questions following each film. He explained the process for filing on a bad check and urged Slaton merchants to seek action on hot checks. (SLATONITE PHOTO)

Shoplifting, Hot Checks Topic Of Seminar Here

Approximately 30 local businessmen and women were on hand Tuesday night for a special two hour seminar dealing with controlling retail theft. Co-sponsored by the Slaton Chamber of Commerce and the Small Business Administration, the seminar focused on shoplifting and hot check writing. Tommy Turner, assistant criminal district attorney, R. J. Jennings, a representa-

tive of the SBA, and Slaton Police Chief Fred Clark were present to answer questions following the showing of two color films. The first film, "The Shoplifter," was a half hour examination of the habits and techniques of the amateur and professional shoplifter. Throughout the film, it was stressed that a merchant's best deterrent to a shoplifter is alert sales personnel. The FBI estimates that between \$4 and \$5 billion are lost annually to shoplifters.

The professional shoplifter usually uses one of several techniques and can walk out of a store with as much as \$1,000 worth of merchandise. Amateur shoplifters, housewives and juveniles, are more the type who pick up something on impulse, for the thrill of an illegal act. "Paperhangers," the second film, dealt with hot check writers. Paperhangers is the police term for hot check artists, and the film examined the hows and whys of hot checks.

Hot checking is the most prominent crime in America and millions are lost annually on bad checks. To prevent hot checking, the film advised merchants to have a firm and sound

check cashing policy and to not deviate from it.

Turner answered several questions after the film and explained that hot check writers are now prosecuted under a general theft statute rather than a hot check law. He explained the procedure for filing on a hot check, and he left an outline of it with Tom Roy, chamber manager.

You who think you know it all are very annoying to those of us who do.

Missionary Conference Set By Methodists

Slaton First United Methodist Church will host its second annual Missionary Conference Nov. 8-10, when missionaries to Japan and Brazil will be present, along with former missionaries to China, Chili, Cuba and Costa Rica.

A goal of \$10,000 to be used in mission support from members of the Slaton church has been set, according to Mrs. Gregg Nowlin, chairman of the conference. This amount would support missions in one year, over and above the normal giving of the

church members.

The Rev. Merriel Abbott, pastor, said the program would begin at 5:30 p.m. Friday, Nov. 8, followed by a main service at 7:30 p.m. in sanctuary.

On Saturday, a men's breakfast at 6:30 a.m. would be followed by coffees in homes at 10 a.m. At noon a ladies luncheon is scheduled in Fellowship Hall, a youth hamburger lunch, a children's hamburger lunch (grades 1-5), and sack lunches for nursery age children. Again the main service will be at 7:30 p.m. in the sanctuary.

On Sunday there will be an assembly in the sanctuary at 9:45 a.m. instead of the normal Sunday School classes for adults. At the same time, youth will assemble in the chapel and children in Fellowship Hall.

At the regular 10:45 a.m. service, at which Harry Burton-Lewis, missionary to Japan, will be speaker, the "Faith Promises" will be received. This will be a time when members will make promises of mission giving on faith—not on what they know they can give now, according to the Rev. Abbott.

There will be an all-church covered dish family dinner at 12:15 p.m., and final receiving of faith promises will be at the 6 p.m. service, when Raymond Noah, on furlough from missionary service in Brazil, will speak.

Also speaking at the conference will be the Rev. Kenneth B. McIntosh, former missionary to Hong Kong, and Mrs. Herb Tannenr, former missionary to Chili, Cuba, Brazil and Costa Rica. She is the wife of the minister of the Idalou United Methodist Church.

Read Matthew 10:37-42

He who finds his life will lose it, and he who loses his life for my sake will find it. (Matthew 10:39)

As I was driving home from attending a church meeting recently, I was thinking about our program that morning. The leader had asked each person to illustrate with a drawing what our church women's group meant to us, or what we would like for it to mean.

Almost everyone drew a circle of women holding hands; facing inward, with the church as a smaller circle, and God as its center. Somehow, this represented to me a tight, little clique — befriendng and loving only those in the circle. Something was missing.

Suddenly, I saw myself standing on a beach casting a pebble into the water. The circle of waves went out — out in all directions.

Then I asked myself, "Shouldn't our church circles be facing OUT, reaching to those outside the church? The direction of the waves of the Christian love and fellowship would then be outward — spreading throughout the world."

Prayer: Father, make us sensitive to the needs of others around us. Give us the incentive to befriend people and draw them to Your kingdom. Amen.

Thought for the day: The outward reach is the proper direction for the church.

Nursing Home News

By MARY ANN RESCH
We'd like to share this short poem with our readers. It seems so fitting for our residents, and a decoupage plaque of the beatitudes has brought a smile to many in our home.

BEATTITUDES FOR FRIENDS OF THE AGED
"Blessed are they who understand my faltering step and palsied hand.

Blessed are they who know that my ears today must strain to catch the things they say.

Blessed are they who seem to know that my eyes

are dim and my wits are slow.

Blessed are they that looked away when coffee spilled at the table today.

Blessed are they with a cheery smile who stop to chat for a little while.

Blessed are they who never say "you've told that story twice today."

Blessed are they who know the ways to bring back memories of yesterday.

Blessed are they who make it known that I'm

loved, respected and not

alone.

Blessed are they who know I'm at a loss to find the strength to carry the Cross.

Blessed are those who ease the days on my journey Home in loving ways."

By Ester Mary Walker

We would also like to welcome back to the home Mrs. Leah Ann Reasoner and Mrs. Exie Felty, who have been in the hospital.

CARD OF THANKS

We wish to express our gratitude to everyone, especially to Dr. Jaynes and all the nurses at Mercy Hospital, and our loved ones and friends who helped in the time of our sorrow in the death of our darling husband and father, Andy, and all who brought food and all who served it.

THOUGHTS

From The Living Bible

But although he made the world, the world didn't recognize him when he came. Even in his own land and among his own people, the Jews, he was not accepted. Only a few would welcome and receive him. But to all who received him, he gave the right to become children of God. All they needed to do was to trust him to save them. All those who believe this are reborn!—not a physical rebirth resulting from human passion or plan—but from the will of God.

Roosevelt Crushes Cooper 49-0

By BILL AYRES
Cooper Sports Information Director

The Roosevelt Eagles dealt the Cooper Pirates the worst defeat in the three years the Pirates have been in District 5-AA last Friday night. The Eagles took command of the game and by the time the clock ran out, the score showed the Eagles ahead 49-0.

The first score came midway into the first quarter, when Lowell Bridges broke through the Pirate line and sprinted 50 yards for the score. The attempt for the extra point by Raymond Frizzell was no good to put the Eagles ahead 6-0.

Stay in Hole

The Pirates fell victim to the Eagle defense, who held the Pirates to little or no yardage, forcing them to punt. During the entire first quarter, the Pirates were forced to start their drives from deep in their own territory.

Roosevelt's second score came in the closing minutes of the first quarter. Quarterback Jeff Anderson carried the ball on a sweep around the left end from three yards out for the score. Rodney Jackson took the ball around the right end for the 2-point conversion, to put the Eagles out in front 14-0.

The Eagles scored again early in the second quarter, when after a long drive, Jackson took the ball toward the left end and dove over for the score. The kick for the extra point was good, moving the Eagles ahead 21-0.

Score Adds Up

A pass by Anderson to End Glenn Campbell led to another touchdown. The 18-yard pass came with 6:59 left in the quarter. The kick by PTA will be in the old gym tonight from 6:30 to 9 p.m.

SCHOOL MENU

Monday — Cubed beef, gravy, buttered potatoes, broccoli, rolls, butter, milk and brownie.

Tuesday — Hot dogs with chili, pinto beans, french fries, peach cobbler and milk.

Wednesday — Chicken, blackeyed peas, mashed potatoes, rolls, butter, apple goodie and milk.

Thursday — Sandwiches, corn, potato chips, pineapple goodie and milk.

Friday — Hamburgers, french fries, baked beans, tomato slices, lettuce, ice cream and milk.

STOCK WINNERS

Marty Mimms, son of Mr. and Mrs. Jerry Mimms, Rt. 1, Lorenzo, won Reserve Champion Hereford in the heavyweight division at the State Fair in Dallas.

Mike Ragland, son of Mr. and Mrs. G. H. Ragland, Rt. 2, Slaton, won the middle weight division with his Hereford steer.

Both boys are juniors at Roosevelt High School, and will exhibit their steers in the upcoming Odessa Stock Show.

by Frizzell was good to put Roosevelt farther in the lead, 28-0.

A little over four minutes later, the Eagles were within range of scoring again. With 2:15 left in the half, Tommy Sansom carried the ball four yards on a left end sweep to score. Frizzell kicked the extra point, adding seven more points to the Eagles' score, which now stood at 35-0.

The Pirates tried to come back, but saw the chance slip away. With 1:50 left in the half, the Pirates fumbled the ball, which the Eagles recovered.

With 1:06 remaining, Sansom again carried the ball on a sweep to score from six yards out. The kick by Frizzell was good, putting the Eagles ahead 42-0 as the half came to a close.

Pirates Hold

The third quarter was one of desperation for the Pirates. Each time Cooper tried to start a drive, the Eagle defense held the Pirates to short yardage. The Pirate defense returned the favor by stopping each of the Eagle drives.

With 2:15 left in the quarter, the Eagles broke through the Pirate defense. A pass from Anderson to Sansom for 78 yards led to the Eagles final score. Frizzell kicked the extra

point, making the score 49-0 for the Eagles.

The fourth quarter was another battle for the defensive units of both teams. The Pirates held the Eagles, keeping them from raising the score any higher. However, the Eagles held the

Pirates, closing the door on Cooper.

Anderson, Eagle quarterback, completed 5 of 9 passes for 154 yards, including two touchdowns. Anderson also carried the ball six times for 13 yards, once three yards for a score. Kelly Choban, Pirate quarterback, completed one of 10 passes for two yards. Choban had one interception that was picked off by Rodney Jackson, of Roosevelt.

Bates were the outstanding defensive players for Cooper. Each was credited with five tackles. Dickie Dunson, Lon Pierce, Jace Parchman and John Cenicieres were the outstanding defensive players of the Eagles. These four each averaged six tackles.

This Friday, the Cooper Pirates will take a short trip to Slaton. The Pirates will meet the Slaton Tigers, who beat the Tahoka Bulldogs 28-0 last week.

Post Entrant Wins Grid Guessing Contest Again

Charles Didway of Post repeated as winner of the top prize in the weekly Slatonite football contest, missing just four games as did the two other money winners for the week.

Didway put down 31 points as the tie-breaker total, which actually was 28, while the second prize winner, Carol Baker, 925 S. 16th, had 36, and the third place contestant, Quinton Farley of 350 N. 20th, set down 42. Didway wins \$10, second prize is \$5 and third is \$2.

Pete Williams had his greatest day as a Fearless Forecaster and moved into undisputed first place after missing only one game — and that was the Plainview-Montevie tie. Pete now has 65 right, 30 wrong for the year, putting him three full games ahead of Dalton Wood, who missed four after Oklahoma State stupidly fumbled the ball on Nebraska's one yard line.

Tied one game behind Wood are Bill Ball and J. W. Holt, who missed three games each, as did Joe Sparkman, jealously hanging on to his last-place spot. Ball and Holt are 61-34 and Sparkman 57-38, in the steak-buying position.

Another contest is presented on the last page of this issue of the Slatonite.

SWPS Honors Men

Two Slaton residents were among 92 southern division employees of Southwestern Public Service Company honored last Wednesday night in Lubbock at an awards dinner. Members of the group were honored for periods of service ranging from five to 40 years.

Roy Tolk, chairman and president of the electric company presented Hugh Alexander Jr. and Bill C. Warren with 10 year service emblems.

This was the second of four service award dinners to be held throughout the company's territory. The longest period of service recognized this year was 45 years, with Lynis S. Cotter, Amarillo, the senior honoree.

DE? WHAT IS IT?

No! It's not driver's education and it's not physical, but it's Distributive Education. This class gives responsible and well-rounded students the opportunity to learn jobs in retailing, wholesaling, and service selling.

There are two DE classes at Cooper this year. Twenty-one students work at their various jobs in the afternoon. Eight students are also in the pre-employment lab where they are trained in a variety of fields for career exploration. This lab is to guide them to find the area of work in which they are the most capable.

DE is not an open door for those students who want to work after graduating from high school. This program is very beneficial for those planning to attend college who need to work part time. DE can train and have a student placed in a good job and prepared to start college without the worry of finding a steady part-time job.

Competition is a big item when it comes to business and DE. The area contest, which will be in Wichita Falls this year, provides students the chance to win competitively in areas such as advertisement, public speaking, job interviews, and sales demonstration. Students in this contest are chosen from those who win first place in the local competition at Cooper. Local lawyers and principals conduct the interviews and judging.

Distributive Education Clubs of America is a club that is part of the DE program. DECA is best known for its school supplies. It carries supplies for purchasing by all students; at the time, DE students are being instructed in the area of free enterprise which is one of DE's main objectives. Last year, over \$1,000

profit was made for the Tom Wyatt kits, an annual money raising project. With this money, an electric typewriter and a tape recorder were bought for the DE room. DE also pays all the expenses for students going to Area and State contests.

Even though the DE program has only been at Cooper three years, Mrs. Graves commented that she felt the program was improving every year and opening more doors to the business world of today and preparing young adults for the business world of tomorrow.

MIGRANT PROGRAM

Giving individualized help to young students can be a great asset to their social and academic standing as they mature into adults. The government sponsored migrant program gives much individualized help to each student. These classes are for students who have moved in from outside the school district or whose parents work in jobs for food processing or some phase of agriculture. Such jobs include farmers, hired farmhands, truck drivers and waitresses.

Mrs. Sue Mote and Mrs. Eddie Hickman instruct several classes consisting of kindergarten through eighth grade. Each class meets 30 to 35 minutes a day. A student in the migrant program is not necessarily a slow student. Mrs. Mote commented that there have been many bright and intelligent students in her classes. The students of these classes are taught to socialize and communicate.

A large portion of the teaching is devoted to linguistics, which is the study of languages. Many fluent Spanish-speaking students are taught to read Spanish while at the same time English-speaking students are taught simple, informal Spanish to break

communication gaps. Using their ABC cards, they identify pictures beginning with each letter of the alphabet not only in English but in Spanish as well.

Behind the scene, the teachers' aids, Diane Salas, and Dora Fierre, are assisting Mrs. Mote.

COFFEE

Lubbock County Women's Cotton Promotion Association is having a membership coffee Nov. 6, from 9:30 to 11:30 a.m. in the home of Mrs. Melba Thompson Jr. The Cooper and Frenship communities will be involved in the program.

Mrs. Thompson lives at the intersection of FM 1585 and the Hayloft Road, or three miles west of Slide Road on FM 1585. Everyone interested in cotton promotion is invited to attend.

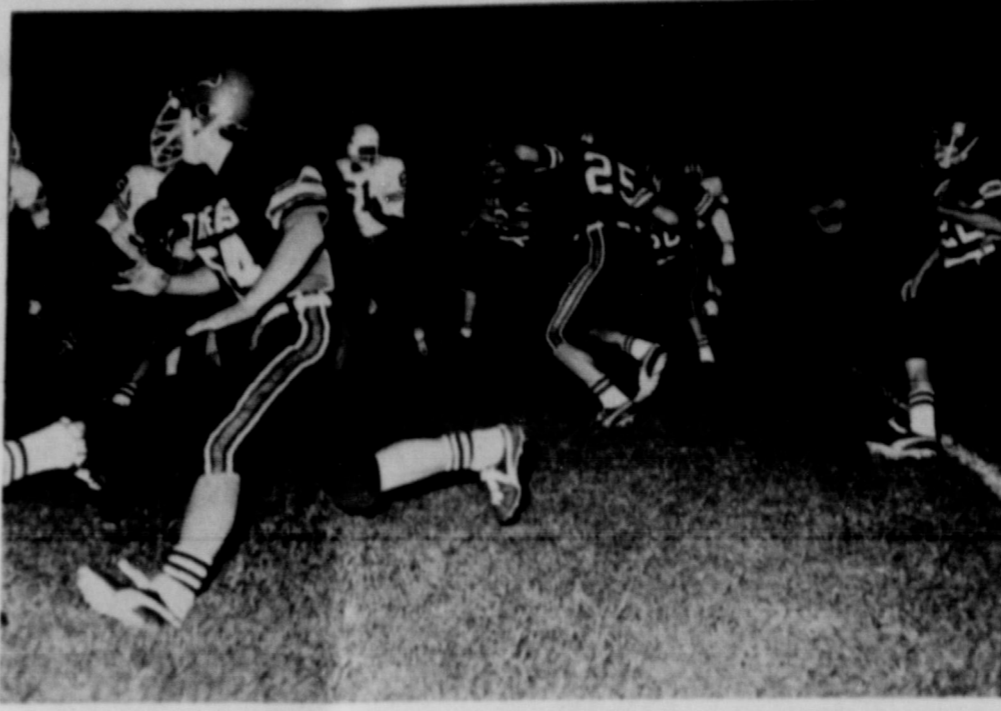

STYLE SHOW

Last Thursday evening the shop known as MiRees hosted a style show in the Cooper High School library. Many members of the Young Homemakers modeled in the show. De Rai Collins, Sandra Enlo, and Lycretia Bolding modeled in the show from Cooper. Refreshments were served by Cooper Young Homemakers.

FHA

The Cooper Senior Chapter held an FHA program on drug abuse. Sgt. Mason of the Lubbock Police Dept. spoke on the effects drugs have on the young people of today. He handed out pamphlets and other various information on the drug problem.

Ricky Bates was named FHA beau. Ricky is the son of Mr. and Mrs. Bates of Rt. 6. He plays center on the Pirate football team. He is also active in student council where he holds the office of vice president. The FHA was very pleased to have Ricky as their beau because he is also in the FHA chapter.

GO, ANGELO! — Angelo Gonzales, far right, returned the opening kickoff to the Slaton 31 Friday night as leading the way were Brad Eblen at left, Alan Moates, center background, Bill McClesky (25), and Tony Leake. Slaton beat Tahoka 28-0, the Tigers second win of the year and biggest victory margin over any team since beating Ralls 55-0 (SLATONITE PHOTO)

Junior High Jottings

By MELA GARCIA AND DEBORAH BROWN

This is going to be a scary week in Junior High. We asked some of our teachers what they were going to do on Halloween night. Here's what they said:

Mrs. Miles said she was going to pass out candies for the kids.

Among other things discussed was the spook house which will be given for the children of the Buckner's Children Home. It will be held on Halloween night and everyone will participate in a costume contest. The children of Buckner's are the project of the FHA chapter.

SPECIAL PROGRAM

A special program on crime prevention was held Monday in the high school auditorium. It was given by Burt StClair of the Lubbock Department of Public Safety. The program included a film strip on how to prevent rape and how to protect yourself as a woman. He also demonstrated the use of guns and how to use them properly.

Mrs. Johnson said she was also going to give candies.

Coach Sahm and Mr. Wood are going to see the football games. Mrs. Wright said she was going to hide under the bed from all spooks.

Mr. Davis said he was going to go to the carnival. Then we asked some students what they were going to do.

Juanita Avila said she was having a party.

Alicia Garcia said she was going to steal candies from little kids.

Brent Peterson is going to

a party.

Cookie Smith is going to the carnival.

Natalie Aguirre is going trick or treating.

Jane' Jensen said she was going to pester people.

Randy Cisneros said he was going egg Herman Hernandez's house.

This week the art work that is displayed on the bulletin board is by Linda Lester, Keith Fox, Paula Forson and Tony Estrada.

The 8th and 7th grade football boys play at Cooper this week.

7TH GRADE SCORE — The official's hands go up signalling a 2-point run for Slaton 7th grade as the Kittens won 28-0 over Cooper Tuesday. (SLATONITE PHOTO)

Jr. Highs Win Again

Seventh grade won 28-0 and eighth grade won 20-6 over Cooper Tuesday.

Coach Morris Dixon praised his offensive line for "an outstanding job" against Cooper 7th graders. Slaton's first TD was scored on a razzle-dazzle pass play, with Glenn Culver throwing the ball to Terry Cook for the score. Other touchdowns were made by Jeff McClanahan, Joe Mercer and Jesse Titus, with Culver and Craig Maberry each running 2-point conversions.

Roddy Smith scored all three touchdowns for the 8th grade, and Sammy Benavides ran for two points. Coach Keith Sahm said Ricky Davis did a good job at quarterback, and he praised the offensive line of Don Patterson, Herman Hernandez, Wayne Heinrich, Daniel Dotella, Vaughn Gentry, Steve Adams and Gary Taylor.

The teams will host Floydada next week.

Robert Ream, from Lubbock, and Loyd Hatfield from Weatherford.

After reading about President Ford's anti-inflation suggestions, 8th grade readers were asked, "What can you, specifically, do to fight inflation and/or conserve energy? Answers included:

Stop buying 2c bubble gum; go places on my bike or afoot instead of having my folks drive me; pick up cans to recycle; cut down on watching TV; turn off my radio when I won't be around; quit spending so much on cokes, candy, etc.; don't waste so much notebook paper — don't do my homework; study in the daytime to save lights at night; don't take so many baths and save water.

Collection centers and chairmen for the Campbell's label-saving contest have been announced. They are:

8th grade — Mrs. Carnes' room, 102; Johnny and Connie McCormick.

7th — Mrs. Miles' room, 108; Steve Perez and Greg Johnson.

6th — Mrs. Myers' room, 109; Annette Smith, Doug Chapman, Sarah Matthes and Gary Bourn.

The labels can be from any kind of Campbell's soup or any kind of Campbell's beans.

You know, the worse inflation gets the more we need somebody like Briscoe. He's created a lot of good jobs and he knows how to get things started.

In times like these when the economy is so shaky, I'm going to stay with Governor Briscoe.

It's quite refreshing for me to know that we have a man like Dolph Briscoe... a man who puts integrity before all things....

Dolph Briscoe's proved he has the contacts and the know how to bring new business to the State of Texas. We can't afford to lose him at a critical time like this.

We need new jobs and more income in this state and Governor Briscoe is helping us get them.

Briscoe's kept pace without adding new taxes—I voted Republican in 1972, but I'm voting for Briscoe this time.

They all promised no new taxes; Dolph Briscoe kept his promise.

I think Dolph Briscoe is a Governor you can believe in. I'm looking forward to voting for him in November.

RE-ELECT GOVERNOR BRISCOE

HE KEPT THE PROMISE

THOUGHTS

Mark 10:41-45

From The Living Bible

When the other disciples discovered what James and John had asked, they were very indignant. So Jesus called them to him and said, "As you know, the kings and great men of the earth lord it over the people; but among you it is different. Whoever wants to be great among you must be the slave of all. For even I, the Messiah, am not here to be served, but to help others, and to give my life as a ransom for many."

Hayloft Production Stars Pat Buttram

Television star Pat Buttram arrived in Lubbock last week to start rehearsals for the hilarious Hayloft comedy "Send Me No Flowers." People will remember Buttram as that corn-fed con artist Mr. Haney from the long running TV series "Green Acres." Before that he was side-kick to Gene Autry in TV films and movies.

In 1933 he joined the National Barn Dance over Chicago's WLS with such stars as Gene Autry, Homer and Jethro and a 15 year old guitar playing yodeler who was billed as Little Georgie Gobel. Joining forces with Autry, Buttram remained as the singing

quers and Lambs Clubs when they meet to "roast" one of their members. He has a delightful way of combining a sophisticated, pointed sense of humor with a genuine country boy charm.

cowboys side kick for 15 years, starring in 70 movies and over a hundred TV films.

Pat Buttram lives with his wife and daughter on a small ranch in Southern California. He is a hobbyist and collects among other things button hooks. He is said to have one of the largest collections in the world.

In 1956 when Autry retired from show business, Buttram took stock of his career and entered the wide open circuit of after dinner speakers. He was great and is always busy hosting such things as the Friars, Mas-

The Hayloft is quite honored to secure the special brand of humor Buttram brings to Lubbock and this area in the midst of his demanding schedule of appearances, TV and movies.

The junior high girls were beaten by Fluvanna's junior high 20-16. Top scorers were Katrina Chaffin with 10 points and Camille Wheeler with six points.

A STORY

Mr. Smith hurriedly jumped into his little car. After the little car was started, it moved jerkily backward and forward. Mr. Smith yelled, "Who do you think you are, Herbie Jr.?"

At that instant it reared up like a horse; he was trying to act like Al Unsur. It popped a couple of wheels around the block, and then headed for the square.

On the square Mr. Smith's little car ran into a policeman and from that moment on, he was always running from the cops.

Whenever anyone is looking for Mr. Smith and his little car, if they are not in town, they will be at the Slaton racing strip. At the racing strip Mr. Smith and his little car are always willing to challenge all newcomers. Some newcomers always get mad because at the sound of the horn, wheels are spinning, marks are being left, and it is all done by Mr. Smith and his little car. At the first sound of the horn, Mr. Smith is on his way to another victory.

After the victory the girls all come over and congratulate him on another win. Mr. Smith and his little car, Connie, are still the undefeated champions.

European Tour To Travel Through 4 German Cities

A tour of four German cities, including Cologne, is being organized by the West German houses of Ger-

Cologne is an old Roman city on the Rhine, and it is now an important cultural and commercial center.

Freiburg, another prominent German city, is a university town in the Black Forest. A main attraction there is the Roter Baren, Germany's oldest inn. The Augustinian Museum and the historic "Kaufhaus" on the Cathedral Square are also located in Freiburg.

Heidelberg, another university city, is dominated by the ruins of a famous 14th century castle. The "Giant Cask" in the cellar of the castle holds 48,422 gallons.

Also in the city is the Apothecaries' Museum, church of the Holy Ghost and St. Peter's Church.

Germany is only one of five countries that the nine day tour of Europe will travel through. France, Switzerland, Belgium and Holland are also countries included in the tour. The tour price of \$628 includes round trip jet flight from Lubbock to Amsterdam, hotel accommodations, two light meals per day and a personal escort.

The tour leaves Lubbock on March 22, 1975, which coincides with spring break for the area schools and Texas Tech.

For more information about the tour see Sandy Martin at The Slatonite. She will be happy to answer any questions you may have.

SPEECH TOURNAMENT

Competing against 29 schools from seven states, the West Texas State University Speech team took top honors at the Texas Tech Invitational Speech Tournament on Oct. 11 and 12. The forensics team compiled 156 points to win the sweepstakes award, edging out the United State Air Force Academy and the University of Texas at Austin.

Garrell Forehand, son of Mr. and Mrs. Grandol Forehand, Slaton, was a member of the West Texas team of speakers.

RULES OF THE GAME:

- ★ Teams playing in this week's contest games are listed in the ads and are numbered 1 through 52. Use the entry form at the bottom of the page and circle the numbers of the teams you think will win. To pick a tie, circle both numbers of the teams playing.
- ★ Be sure to guess total score on the "tie breaker" game. In case of ties, the entrant nearer to that total score will be the winner. If tie also occurs on total score, prize money will be split between place winners. This also applies to "jackpot" winner.
- ★ Have your entry blank signed or stamped by a participating merchant, and get it to The Slatonite office by 5 p.m. Friday before the games are played. Only one entry per person; all persons 12 years old or older eligible except Slatonite employees and their families. Each entrant eligible for one prize, and prize money must be picked up at the Slatonite office by 5 p.m. on Monday after the winners are announced Thursday. No two members of the same immediate family and living at the same residence may win prizes the same week.
