dudes and hands and chicks who about the proposed new state but who don't have time to down to Austin to scope it out can back, because we're gonna scope it

actually, it probably will be several copy down this column before we get talking about the constitution, now hit you with that dynamic opening because some explanation of all the terms is needed, at least for over 30.

hard to keep abreast of all the language used by the teen-age-to set, but in our office we are (I guess) to have a young woman on who, being single and in her early runs in the crowds who speak the

er day when someone suggested fresh tomatoes, her comment was which, we were told, refers to son, or just plain old throwing up. which sounds quite similar, means entirely different, as we discovered commented that she "scarfed up on during the weekend. This meant she lot of it, presumably because one of raders had it on special.

we had noticed a lot of this new language from Sandy (shouldn't be, but the last name is Martin) from me, but the whole thing was brought me a week or so ago when she asked would "boogie on into the darkroom out the enlarger" (which had been some problems).

tain some of the terms in that very graph: Dudes are males, and so are except they are cowboy types. Chicks females (the logical conclusion from be that older females are hens, but not be the case), feeling "tense" just to be this week's phrase, and doesn't mean much of anything. boogie, you evidently move with ple energy, and to scope out means to figure it out. Also we that when a teenager is laid back, is just drifting along with the tide, all of society's hassles (and, by, its responsibilities).

ET BACK to the vote next Tuesday on proposals regarding the constitution. difficult to make any recommendations to vote, except that I feel everyone. The normal tendency when people understand something is to either pass opportunity to vote or to vote against I feel that we need a new constitution. one is very long and outdated in many and difficult to understand. The new one would be shorter and just as difficult to

on my desk this week a pile of papers group groups either for or against the new constitution, or against some propositions on the ballot Tuesday.

Sept. 11 and Sept. 18 issues of this included the wording of all eight ons as they will be listed on the ballot plus some explanation of each one. supporters of the new constitution will give the state the tools it needs to the Texas tradition of independence also give the people the guarantees to exercise their freedoms and rights. claim the adoption would cost the lot more in taxes. They relate the cost to the proposed revision as the areas of higher costs of annual sessions, more appeals courts, ment of statewide standards of tax, and other things.

ate Bar of Texas favors all of the ents; this in itself is enough to make spect. But judges generally oppose on 2 relating to the judiciary. A group Citizens for the Texas Constitution is Robert Calvert) favors all the ons. A group called Citizens to the Texas Constitution (State Sen. McKnight is chairman) is against all of Gov. ## Suspects In Bomb Call Nabbed Here

Slaton Police Dept. had a busy week as 10 traffic accidents were investigated, including some with injuries, two fake \$20 bills were passed in the city and officers arrested two teenage boys for calling in a bomb threat to the high school.

The two bogus twenties were passed at the Dairy Queen and at a Pioneer Oil Co. station on S. 9th. In each instance, a black male passed the bill, which had the corners of a \$20 bill pasted over the corners of a \$5 bill.

Police Tuesday, with the

cooperation of Southwestern Bell Telephone Co., arrested two 16-year-old boys after a bomb threat had been called in to the high school office that morning. The caller had told Mrs. Patti Mitchell:

"Listen, there's a bomb in that school and I promise you it's going off between now and 4 p.m. You'd better get everybody out of there."

The call was traced, and the boys nabbed. They were released in custody of their parents, but the cases will be referred to the juvenile authorities, according to

Chief Larry Williams.

### Car Mix-up

A 1965 Ford Fairlane 4-door was reported as stolen. The owner, Truett Bownds, told police he had loaned the car to a customer. The customer reportedly parked at the school business office, came out and mistakenly took a 1968 Ford LTD which Nelse Secrett had parked at Forrest Lumber Co. Secrett reported his car as stolen, and it was not until a few days later that it was discovered that Bownds' customer had driven off the wrong vehicle. Secrett got his car back, but in the meantime, Bownds' car had been stolen.

On Saturday, Jack Berkeley, Industrial Dr., reported a citizens band radio valued at \$99.50 stolen from his 1966 truck parked near his home. Also Saturday, a CB radio valued at \$195 was stolen from a 1969 Lincoln owned by L. H. King, 1155 W. Lynn St.

An 18-year-old Mexican man was arrested after a shotgun blast was fired at a residence here Sunday. Also on report Sunday was a burglary of a wood frame house on W. Edwards, with heavy damage to a door, but nothing appeared to be missing.

A \$300 Armstrong flute was reported stolen from (See POLICE, Page 4)

## Brooms Made By Blind On Sale Here Tuesday

Brooms, mops, dishtowels and such made by the Lighthouse for the Blind will be sold by Slaton Lions Club members Tuesday, with most of the proceeds going to the blind persons who make the products. The portion of proceeds earned by the local Lions Club will be used for Girlstown and crippled children's projects supported by Slaton Lions Club.

The truck with the brooms and other items will be at the south side of the square next to Lasater-

Hoffman Hardware from 9 a.m. to about 9 p.m. Tuesday, according to project chairman Don Kendrick, who urged local residents to stop by and buy the products.

Lions Club members also will canvass businesses and residences in the city during the day—mostly in the evening—to give everyone opportunity to buy. However, those persons missed at their homes are requested to go to the truck up to 9 p.m. downtown and pick out what they want.

## Vote On Constitution Scheduled Tuesday

Slaton and area voters will go to the polls Tuesday to join other Texans in voting on a new constitution for the state of Texas, looking at eight separate propositions on the ballot.

In Slaton, voters will ballot at the usual places, from 7 a.m. to 7 p.m. Precinct 36 will vote at the Slaton clubhouse. Box 37 will vote at West Ward school, and Box 38 will vote at Stephen F. Austin school.

Just how good a turnout will result, and just how the state's voters will decide on the eight propositions appeared uncertain. Considerable controversy has surfaced regarding several of the propositions, with a lot of talk both for and against the changes being heard in

recent days.

James E. (Pete) Laney, state representative for Slaton (District 76), was contacted by The Slatonite this week regarding the upcoming election.

"I'm just hopeful that people will analyze it and interpret it for themselves and go vote...reactions to the various proposals definitely will differ with the individual."

Laney did express support for the finance article (Proposition 5), saying that assessment of land on the basis of productivity would be advantageous to this agricultural area. He also added, in regard to the overall vote on the constitution, that "There's something in there that will

affect every person in the state, for years to come."

Kent Hance, state senator of the 28th district, including Slaton, commented:

"The main one (of the eight proposals) I'm against is No. 1, which calls for annual sessions of the legislature." He indicated that he does support some of the propositions on the ballot.

If voters should approve all eight of the articles, Texas would have virtually a new constitution. However, if any of the articles are approved, they will become part of the constitution, replacing the corresponding portion of the old constitution.

ONE OF MANY — This 1973 Ford was driven by Phil Tumlinson of Slaton when it was involved in a collision Monday with a car driven by a Smyer resident. The accident at 20th and Industrial was one of 10 traffic accidents investigated by Slaton police during the last week. Two persons were slightly hurt in this wreck. (SLATONITE PHOTO)

## Tigers Cuff Dogs For Third Straight Win, 21-7

By DALTON WOOD

It's now three wins in a row for the Slaton Tigers, all in district play, as Slaton overcame Tahoka 21-7 last Friday in a game which was played rather sloppily at times by both teams. Each team lost four fumbles and drew numerous penalties, but the Tigers did play well at times both on offense and defense, and methodically scored enough to win the contest.

With the season record now evened up at 4-4 and the district mark standing at 3-1, the heart-breaking 10-6 loss to Denver City now looms bigger and bigger, but about all the Tigers can do is go on and work to win the remaining two games, hoping that someone will beat DC. It could happen this week, as Post and the Mustangs hook up at Post.

### Cooper Comes Close

Slaton goes to Cooper this week to face a Pirate team that has not won a game all season, but which has shown marked improvement in the last two ball games, losing last week to Roosevelt 21-19. If Cooper can stay

fired up and win the last two games of the season, the Tigers will still have a chance at representing district if someone beats DC, and will finish with the best record of any Slaton Tiger football team since 1967 (a 7-2 mark that year).

John T. and Greg Basinger, Loran Roberts and Geron Stricklin continued to smack people down all over the field Friday as the defense all along the line and in the secondary did what it had to against Tahoka. Offensively, Bill McClesky went over 1,000

yards for the season, gaining 113 yards in 22 carries to bring his total to 1,029. Tahoka's defense, however, led by Cole Brecheen, contained McClesky pretty well, with 10 yards being his longest gain of the night from scrimmage.

Mike Tumlinson, on the

other hand, gained 54 yards in 11 carries, including a 19-yard scamper the first time he kept the ball, and Ernest Gipson had a 16-yard run included in his 33 yards gained in just six carries. Gary Aycock ran three times for 16 yards, intercepted two passes, returning one for a touchdown, and separated receivers from the ball a couple of times with hard, well-timed tackles in the secondary.

### Passes To Bourn

McClesky scored touchdowns on runs of 6 and 4 yards and set up the first score with a surprise forward pass of 41 yards to End Tim Bourn.

It took Slaton just five plays to score at the first of the game after taking the opening kickoff, with McClesky following up Bourn's catch with a 6-yard run for the TD. Loran Roberts kicked his first of three extra points and it was 7-0 at 10:03.

Tahoka's Ernest Bailey broke loose on Tahoka's first possession for a 45-yard scamper, which turned out to be the longest run of

the game for anybody, with the touchdown saved by Aycock's tackle at the Slaton 27. Bailey gained 107 yards in 14 carries for the Bulldogs, most of it on that run and another of 43 yards late in the game. But the Slaton defense held the rest of the Tahoka rushing attack to a minus 32 yards, primarily on tackling the quarterback as he attempted to pass.

Slaton's second TD came after Greg Basinger recovered a fumble at the Tahoka 22. McClesky ran 10 yards to the 12, 8 more to the 4, and then went over (See FOOTBALL, Page 4)

WHAT'S HAPPENING? — Apparently everybody just decided to fall down in all different directions, but more than that undoubtedly was going on. This is action from the Slaton-Tahoka game, and Slaton appears to be on defense, but we don't know who has the ball. (SLATONITE PHOTO)

# Piwonka-Kitten Vows Solemnized In Slaton

Wedding vows between Sharla Catherine Piwonka and Lloyd Thomas Kitten were solemnized Oct. 25 at 3 p.m. in St. Joseph Church of Slaton.

Monsignor Peter Morsch officiated at the double ring ceremony for the daughter of Mr. and Mrs. J.L. Piwonka, Rt. 1, Slaton, and for the son of Mrs. Ada May Kitten, also of Slaton.

Given in marriage by her father, the bride wore a formal gown of white miramist styled with a V neck bodice and long sheer sleeves. Scattered imported beaded lace motifs accented the A line skirt which

featured a flounced hemline ruffle which extended into a chapel length train. The gown's bodice was also accented with lace motifs.

The bride wore a headpiece designed by her mother, styled along Juliet lines and accented with beaded lace motifs. Her veil fell to fingertip length. She carried a cascade of white feathered gladioli and mums with hints of burgundy and pink entwined with the bride's rosary.

Matron of honor was Gretta Kitten, sister-in-law of the groom. Cassie Kitten, the groom's cousin, was maid of honor.

Bridesmaids were Dianne Denzer, Judy Jarzombek and Terry Hamilton, all cousins of the bride.

The attendants wore long dresses of miramist styled with puffed sleeves, scooped necklines and ties in back. They were trimmed in white lace. The matron of honor and flower girl wore pink dresses and the other attendants wore burgundy colored gowns. They all carried carnations with pink and burgundy bows and streamers.

Floyd Kitten served his brother as best man. Groomsmen were Clyde Kitten, the groom's cousin,

Tom Roche, Michael Piwonka, the bride's brother, and Wesley Kitten, a nephew of the groom.

Ushers were Roger and David Kitten, brothers of the groom; Gayland Davis, brother-in-law of the groom; and Randy and Leroy Moezyemba, both uncles of the bride.

Candlelighters were Kim and Brenda Kitten, nieces of the groom. Flower girl was Kimberly Piwonka, the bride's sister.

Craig Kitten, nephew of the groom, was ring bearer. Providing organ music as Mrs. Franklin Heinrich, who also accompanied Mrs.

James Tye, soloist. A soloist in St. Joseph's Hall followed the ceremony. A supper and dance was later at Vann's Catering. Following a wedding trip to Colorado, the couple will make their home in Slaton. The bride attended Slaton High School.

Kitten is a 1972 graduate of SHS and is now employed at Kitten Machine and Supply here in the city.

## Seamstress To Introduce Pattern

Pat Daley, teacher, professional seamstress and lecturer, will be in Slaton Nov. 11 to introduce the newly developed Sunburst Pattern Making System.

Many seamstresses, being self-taught, are always conscious of a "homemade" appearance in their garments. Too often professional sewing and pattern alteration instruction of a highly technical nature is needed to give the home sewer the tailored look. Pat Daley and her husband took a long look at eastern Pennsylvania and decided to open the "Stitch It Fabrics" shop in Scranton. Their total concept was not just the sale of fabric, but in teaching ladies how to handle fabric through proper sewing instruction and proper pattern fit.

Having spent 18 years in the garment industry, Mrs. Daley is a qualified instructor of the most modern tailoring and sewing techniques used in working with sweater knits, bathing suits, conventional knit fabric applications, fake fur, and lingerie. In her shop, her

classes included not only basic sewing, but crocheting, knitting, hobby crafts, and tailoring coats, blazers, trousers, shirts, and menswear. She also made custom designed clothes and costumes for the public as well as costumes for professionals in show business.

She was aware that too much time is spent on

altering a pattern out a good fit, professionally sew is nothing better ill-fitting ready-made for this reason. Daley was so with the Sunburst Making System of first presented to professional design.

Mrs. Daley has her introduction with her own ing the alteration of patterns and the entire program, Tuesday, the Fellowship Christian Church times begin at 7 p.m.

## HD CLUB

The Home Demonstration Club met last Wednesday in the Clubhouse.

Mrs. Ralph Gage led the group in a game of "etiquette."

Roll Call was answered by "My favorite magazine."

Mrs. Alton Meeke gave the THDA Luncheon report, and Mrs. Eldon Allison gave the HD State Convention report.

The program was cantastic flowers by Mrs. Joe Klattenhoff. The group made daisies, zinnias and sunflowers out of aluminum cans.

Eight members and six guests were present for the meeting hosted by Mrs. Allison and Mrs. Norma Pike. Slaton guests were Peggy Enloe, Jeri Lincoln and Minnie Penick.

The next meeting will be Nov. 5 in the Clubhouse at 1:30 p.m., with Mrs. Gage presenting a program on making draperies.

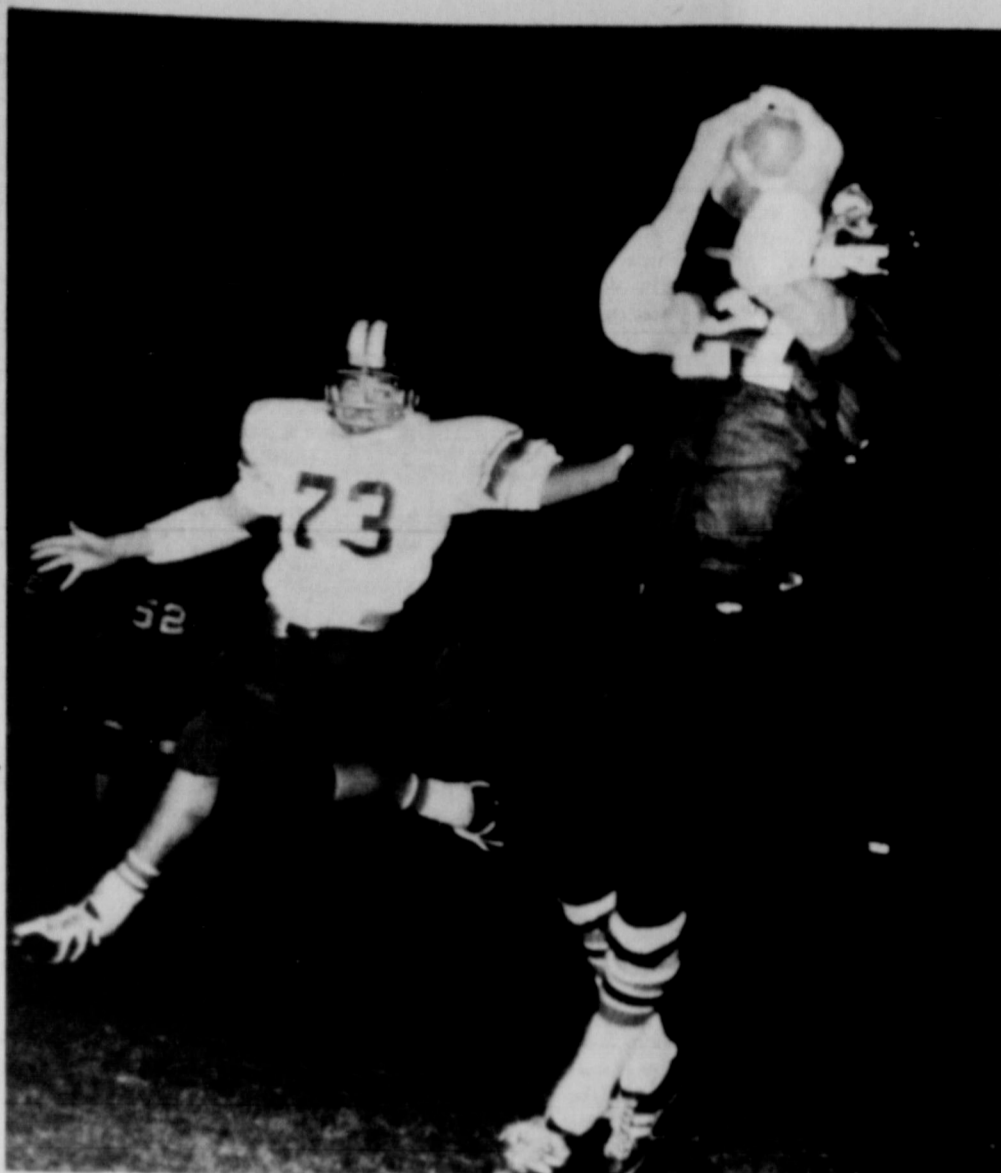

## ATHENIANS

Fifteen members of the Athenian Study Club met at the Robin White home last Tuesday.

Seven guests also attended the meeting which featured a program given by Cheryl and Calvin Kitten.

The Kittens are with Chez La Femme in Lubbock, and they spoke on the scientific approach to beauty. A question and answer period followed the session.

Refreshments were served to the group.

# Southland Ties Game

A cold wind was blowing Friday night when Southland and Patton Springs met on the football field, but the breeze didn't chill the spirits of the SHS homecoming crowd or the Eagles as they tied the visiting Rangers 22-22.

Patton Springs experienced bus trouble, which delayed the kick off for about 30 minutes. When the game did start, Patton Springs immediately began a scoring drive after receiving the ball.

Several plays into the game, Patton Springs scored and set the pace for a quick first half. They ran the PAT and jumped ahead 8-0.

The Eagles played steady, determined ball, and eventually marched the football down to the four yard line.

Junior Buxkempe, a 140 lb. 5'9" back, ran the ball for the touchdown, and seconds later ran the PAT.

Southland's first touchdown evened the score for the first time that night.

The Eagles scored again in the first quarter, this time on a keeper by quarterback Kendon Wheeler. Wheeler crossed the goal line from three yards out. The PAT failed.

In the second quarter, Paul Eckert, a 105 lb. 5'6" back, scored on an eight yard pass from Wheeler. Buxkemper ran the extra points, bringing the Eagles to a 22-16 lead over Patton Springs.

The Rangers scored only twice during the first half of the game, running into a staunch Eagle defense which repelled their scoring attempts.

The second half of the game was marked by interceptions on both teams.

Patton Springs scored again, evening the total at 22-22 when the Eagle defense stopped their extra point attempt.

Several minutes into the third quarter, Eagle senior Ricky Cardona intercepted a Ranger pass deep in Patton Springs territory. Although the Eagles capitalized on

the interception, they were unable to score.

With only minutes remaining in the game, Patton Springs intercepted a Wheeler pass and began a drive to the goal line.

The Eagle defense held the advancing Rangers and when the game ended, Patton Springs was still on the 15 yard line.

Buxkemper turned in an outstanding game both offensively and defensively. In addition to scoring a touchdown and four extra points, Buxkemper netted 12 tackles and seven assists. He was the leading rusher with 73 yards, approximately 56 per cent of the team's total. He also chalked up 32 yards on pass receptions.

Other outstanding defense players for the night were Junior Vasquez with 12 tackles and four assists, Kendon Wheeler with nine and three and Bobby Flores with 11 and two.

This Friday, the Eagles will take on Smyer, a long standing rival, Halloween night in Southland.

## LETTER TO THE EDITOR

Oct. 28, 1975

Dear Mr. Wood:

We want to take this opportunity to express our appreciation to one of your fine reporters, Sandy Martin. Last Friday night Sandy came out to the Southland Homecoming to cover the game and take pictures. Not only did she do this, but she followed our team up and down the sideline, cheering the team on. She was yelling louder than anyone else at times! We want to thank Sandy for this gesture of support.

We also appreciate the fine stories she has written in your paper despite our losing season. We would just like to say that you or Sandy are welcome anytime to come see us play, or just to come by the school and visit.

Sincerely,

THE SOUTHLAND EAGLES:  
Jay Callaway, Edward Davila, John Sertuche, Steve Cisneros, Bobby Flores, Paul Eckert, Junior Buxkemper, James J. Thomason, Jerry Hahn, Ricky Cordona, Curt Wheeler, Ysidro Vasquez Jr., Frankie Valdez, John Chaffin, Nathan Wheeler and Kendon Wheeler.

# Operation Identification Slows Burglary Rate

Burglary is as American as apple pie. And in this day and time the problem is one that only continues to grow. Approximately half of all crimes in the U.S. today are burglaries. Burglary prevention is one of the areas in which citizen participation and cooperation with the law enforcement agencies can help.

One method of slowing down the rising burglary rate is Operation Identification. The program is a nation-wide effort toward citizen participation in marking valuables with a personalized "brand" to discourage theft.

Operation Identification entails marking valuables with a driver's license number and then displaying a sticker on the outside of your home, office or car that tells the burglar that anything he might steal will be hard or impossible to sell, and that getting caught with it in his possession would be asking for a jail sentence. Marking enhances the owner's chances of retrieving stolen property because it provides a positive identification number to reclaim items once recovered.

When Operation Identification was conceived, the initial question was to find a common marking method. The driver's license was chosen because of accessibility through inter-state agencies and because the identity of the license and identity of the licensee

and his current address is available to any law enforcement agency on an instant retrieval basis.

Manufacturers of such items as office machines, typewriters, guns, appliances, etc., have assisted by attaching a serial number to each unit produced. Law enforcement agencies, insurance companies and others have encouraged individuals to list these numbers and preserve them for ready reference in case of theft. This has been of assistance where the items stolen had a serial number, the individual did make such a list, and when, after the offense was reported, the authorities to whom the report was made were able to arrest the suspect while in possession of the stolen items.

Law enforcement agencies found that these events rarely coincided and that they had to find an easier method of identification for themselves and owners. This is the concept behind Operation Identification.

On numerous occasions suspects are stopped by law enforcement officers because of suspicious actions or items of value found in their possession. Often mere suspicion that the items are stolen is insufficient cause for arrest, and unless the suspect has committed some crime in the officer's presence, or admits that he has stolen the items, he generally must be released.

If the engraved identification number appears on the suspicious items, then the officer can check its ownership in a matter of minutes.

The Operation Identification mark clearly and readily identifies the owner of the valuables and helps in the apprehension of burglars.

The Slaton Police Department not only endorses citizen participation in Operation Identification but promotes it. Individuals are encouraged to obtain an engraving pen free from the Slaton Police Department.

# Remodeling Underway At Citizens State Bank

Remodeling of the Citizens State Bank facilities is now in progress and is slated for completion by January of next year. The remodeling was prompted by a need for more space for the growing bank. CSB president J.W. Holt said. "We kicked around the idea of building

a new building in another part of town, but we decided to go ahead and remodel here." He also added, "Hopefully, sometime in the near future, we can change the appearance of the outside of the building also." CSB is 17 years old, and according to Holt, this is the

first extensive work that has ever been done on the building. He said the projected cost of the remodeling is "in excess of \$100,000." Every level of the bank will undergo remodeling, and only the vault and safe deposit boxes will remain in the same place.

Work is now underway in the basement of the building, which is being turned into the bookkeeping department. Previously, the basement was used only for storage.

Workmen are now installing a drop ceiling in the basement and are covering the walls with acoustical tile. The tile is being installed only half way up the wall. The bottom half of the wall will be carpeted, to help cut down on the sound.

Once the work is finished, the posting machines and the proof machine will be moved down to the basement.

Upstairs, the wall which separates the bookkeeping department from the front lobby will be removed.

## FOOTBALL (continued from Page 1)

from there on the first play of the second period.

**Defense Tough**  
Bailey caught a pass of 25 yards down to Slaton's 26 midway of the second quarter, but on the next play Roberts sacked the quarterback for a loss of 11. Slaton held, fumbled the ball over to Tahoka at the 26 again. Tahoka fumbled it back on the next play and Stricklin recovered. Later in the period, Tahoka got to the Slaton 20 on a personal foul penalty against the Tigers, but Avcock intercepted to halt that bid, and it remained 14-0 at halftime.

The third quarter was another exchange of fumbles and penalties, ending with Slaton at the Tahoka 10. With fourth down and three at the 7, something weird occurred as Slaton was called for illegal procedure and Tahoka took over on downs, although most spectators didn't know the play had ever been started. Anyway, two plays later, Tahoka tried a quick pass over the line and Avcock intercepted and ran in from 12 yards out. Later in the quarter Slaton drove to the 13, but a holding penalty and another fumble stopped that. Bailey then streaked 45 yards to the Slaton 1, then scored with just 28 seconds left. Joseph Bailey kicked the extra point to make it 21-7.

**TEXAS TALK**  
By FRED MYERS

One good reason for the upturn in the economy and the strengthening of the dollar is the efficiency of the American farmer. While a lot of segments of the economy remained stagnant during the past year the farmer was working . . . working to produce a new all time high in productivity for agriculture . . . working to produce a record harvest . . . working to bring more dollars into this country than went out. Record keepers in Washington now tell us that for this year the farmer's output was seven percent above 1974. American farmers provided this kind of efficiency in one of the worst possible atmospheres . . . prices were low . . . prospects dim. But the farmer didn't quit. Work went on. Records were broken and a chain of business started which boosted employment and sales throughout the agribusiness sector. This in turn has had a positive economic effect for the entire nation. Well done farmers.

# Females Win Three Prizes In Weekly Contest

The women showed up the men in the weekly football contest in the Slatonite last weekend, with Connie Lewis of 950 S. 21st St. missing only three games in the contest to take first prize of \$10. Second place and \$5 goes to Gladys Gickhorn of Wilson, who missed four games, and third to Janece Jensen, 820 S. 20th, who also missed four. Mrs. Gickhorn had a tiebreaker guess of 27 (one point off the actual 28) and Miss Jensen had 31. Sixteen other contestants had five games.

Because of some technicalities of the rules of the contest, the contest was declared void. It shouldn't count in the standings. The vote was 1-0, since the only member of the committee. Had results counted, would have missed the 13 games. Man, Pete Williams, J.W. Holt five of yes—and Dalt would have missed. If the results were counted, Ball first, where he doesn't belong. back. Williams got third, Wood dropped fourth and Holt but just one game Wood.

**CARD OF THANKS**  
Words cannot express what our hearts are feeling at this time, but to each and everyone who sent food, flowers, cards and other acts of kindness, we would like to extend our sincere appreciation.

now the back door to CSB will be turned into a secondary entrance. "This door is actually closer to where the tellers will be than is the front door," he said. When the teller area is completed, there will be room for one more teller and a bookkeeping window. Holt said he felt that the remodeling will not be too great of an inconvenience to the bank's customers. "We're hoping to work in such a way that there is a minimum of problems for our clients," said Holt. "It may be a little noisy when work begins in the front area, but we will try to make the remodeling as pleasant as possible."

diagnosis ever done before. In addition, the computer's manufacturers say it can process EKGs 24 hours a day without lapse or error owing to fatigue.

**Records Impulses**  
When an EKG machine does its record a heartbeat's electrical impulses. The computer is programmed to translate these impulses into a picture of a patient's heart condition. They also developed the equipment to make the system work. Their Compu-Console is a machine that utilizes the latest solid state technology. Compact and mobile, the console is wheeled to bedside where 10 electrodes are attached to the patient. The attending nurse or technician enters patient identification and clinical information about the patient into the console; age, height, weight, sex, medical history, medication presently used, etc., all of which will be taken into consideration by the computer when it makes its EKG interpretation.

Like conventional electro-

cardiographic machines, the console furnishes an on-the-spot graphic tracing of heartbeats. In addition, it also automatically records the same EKG data and the patient's clinical information on its built-in magnetic tape recorder.

To get an analysis of the recorded EKG, the nurse or technician then plugs a telephone into the Compu-Console, dials the Cro-Med Computer Center, turns on the tape recorder, and transmits the EKG data to the computer center.

**Fast Work**  
The information is sent in analog—or tonal—form, like the musical sounds heard on a Touch-Tone telephone. It is received directly by another automated unit, called an interface, which reproduces an exact copy of the original graphic tracing taken at the patient's bedside, and simultaneously converts the analog data into digital (numerical) form.

This information is then automatically fed into the computer. In a fraction of the time it would take the most able cardiologist, the computer produces a detailed printed analysis of the EKG, plus a summary suitable for transmission to the hospital via teletype or telephone.

Telephone transmittal from bedside is primarily an emergency measure. In normal use, the hospital or medical clinic telephones the computer center at a scheduled time each day, sending the whole day's EKG's in one batch. Turn-around time, when batch processing, takes approximately two hours, including a review by one of the supervising cardiologists on duty at the computer center.

Mercy Hospital administrator, Arnold Ingraham, said, "Having this system puts us on the same level in cardiac care as the largest metropolitan hospital. This service is at our disposal 24 hours a day, seven days a week. For the physician, it is like having a consulting cardiologist right at his elbow whenever needed."

According to Ingraham, Mercy Hospital now does approximately 50 EKGs a month. It usually takes about four days for the EKG to be taken to Lubbock, looked at by a cardiologist and the results returned to Mercy. Four days is a long time for a patient with heart problems.

Last month, the cost for EKGs ran Mercy Hospital \$550. The cost of the Compu-Gram is a \$250 a month rental fee, and a \$4 charge per EKG. "As you can see, we'll be spending

about the same amount, but with much, much better service," said Ingraham.

The hospital is training two persons on each shift to administer the EKGs. "This way," said Ingraham, "we'll be able to give one any time, day or night."

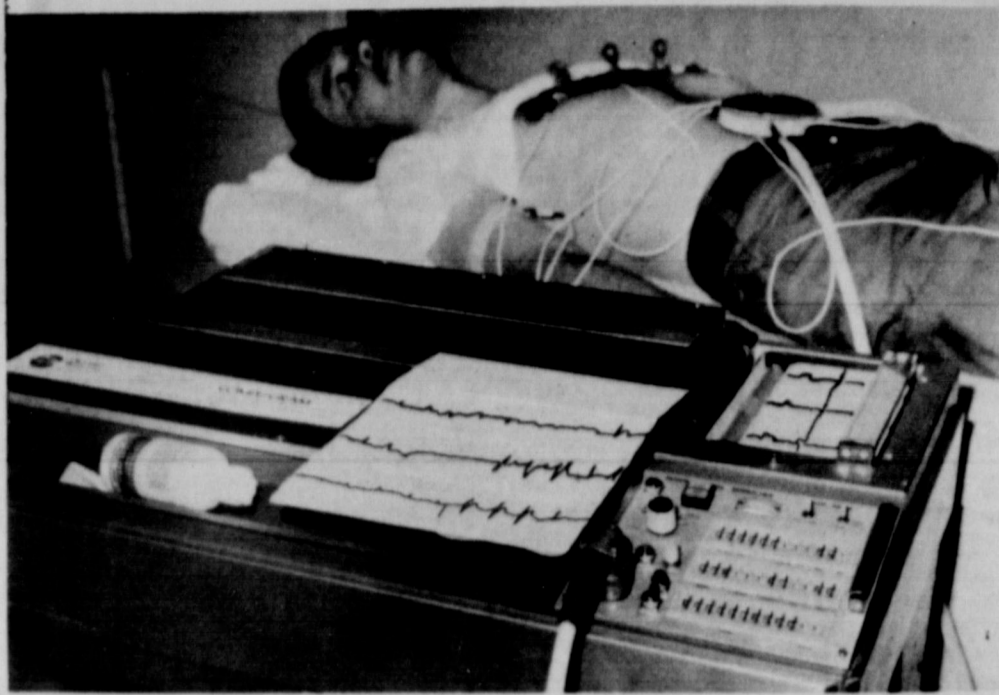

**Availability**  
Perhaps the best advantage of the system is that local people no longer need to go to Lubbock for EKGs, the latest development in heart testing is available right here in Slaton.

According to experts at Compu-Gram, a small hospital such as Mercy is an excellent place for the computerized EKG. Since the hospital does not have a team of trained cardiologists, the Compu-Gram system allows them to benefit from specialists

thousands of miles away, in only a matter of minutes.

Ingraham saw an ad for the system in a medical journal, and he wrote for more information. The company sent him a brochure, and later Ingraham and a representative of the company met to discuss the Compu-Gram. Ingraham met with the city's physicians and the Board of Trustees of the Hospital, and received approval and enthusiastic support of the system.

"One of the great values of this system," said Ingraham, "is that the computer never gets tired or goes on vacation. There is no room for human error. It is ready to work for us at any time of the day or night, quickly, accurately and consistently."

**COMPUTERIZED EKG** — A highly sophisticated and complicated machine shown as a Compu-Gram, a computerized EKG by telephone wires to a center in New York, and Mercy receives the results by teletype. Charles Shaw, a representative of Cro-Med Bionics, developer of the computer, is the "patient" demonstrating the machine.

## News And Views Of St. Joseph's

This week the first graders at St. Joseph's School are starting to read the second story in their reader entitled "Ted". They are to read the second story are able to recognize and understand such words as look, go, run, see, I and Mother. Reading is a lot of fun for them and all are anxious to get on to the next story.

The school nurses were at school Monday and Tuesday to see if the students could dot their "i's" and cross and cross their "t's". As usual, some were asked to check further. Eyes are such a wonderful gift from God that every possible care needs to be given them.

The seventh and eighth graders are studying an interesting chapter in Life Science on reproduction. It is fascinating to learn that organisms have many ways of reproducing both sexually and asexually.

The fifth and sixth graders are busy selling chances each morning for the items they plan to raffle at the Bake Sale. The pumpkin cake is drawing lots of attention and interest. Mrs. Ronald Schilling made and designed the cake as a contribution to the class. Some lucky person will have a very sweet pumpkin come Halloween night!

### Carnival Set For Tonight

Tonight is the night for the annual PTA sponsored Halloween Carnival set to begin at 6 p.m. at West Ward school.

There will be a 10 cent admission at the door.

Inside, there will be such attractions as a cake walk, country store, fishing pond, bean bag throw and others.

In the cafeteria, there will be cakes, pies, hot dogs

# Eagles Survive Pirate Comeback Try

By BILL AYRES  
Cooper S.I.D.

Despite a bitter cold wind and a 15-point lead by the Roosevelt Eagles, the Cooper Pirates put it all together during the second half Friday night. The Pirates held the Eagles scoreless and were able to close the gap to 2 points before time ran out. The 21-19 loss to the Eagles marked the eighth defeat of the season for the Pirates, while Roose-

velt boosted its mark to 4-3. The game started out badly for the Pirates. With four minutes gone in the first quarter, the Pirates were behind 14-0. Both Eagle scores were the result of Pirate fumbles.

The first Eagle score came on a 4-yard run up the middle by Lowell Bridges, Tailback. The kick by Richard Adams was good to make it 7-0. The second touchdown was the result of a 32-yard pass from Eagle quarterback Roger Daniel to split end Lloyd Whetzel. Adams kicked the extra point to put the Eagles ahead 14-0 with nearly seven minutes left in the quarter.

### Tightens Up

The Pirate defense began to come alive after the second Eagle score. The Pirates succeeded in holding the Eagles scoreless the remainder of the quarter. The Pirate offense had little success against the Eagle defense, who held Cooper until the final seconds of the quarter.

Seconds into the second quarter, the Pirates scored their first touchdown. Pirate quarterback Kelly Choban kept the ball, went off tackle and ran 12 yards for the score. Guard Tony Houchin came in to kick the extra point, only to have the ball go wide.

The Pirates had another opportunity to score midway in the quarter. After moving the ball downfield, the Pirate offense was held by the Eagles. Houchin had a 30-yard field goal attempt blocked, ending the Pirates' scoring drives for the half.

With less than two minutes left in the half, the Eagles began to move the ball down field toward the goal. With 13 seconds left, Eagle tailback, Sylvester Jackson took the ball off tackle from just inches out for the score. The kick by Adams was good to put the Eagles ahead 21-6 as the half closed.

The second half began

**COLLISION COURSE** — Cooper End Keith Stone has the ball, but he's on course with this unidentified Roosevelt Eagle. No. 10 for Roosevelt is Ray W. (SLATON)

slowly as each team battled back and forth, neither able to break loose. With less than a minute remaining in the third quarter, the Pirates moved within range to score. The clock showed 2 seconds as Choban carried the ball up the middle from two yards out to score. The Pirates went for the 2-point conversion instead of the P.A.T., but the attempt failed behind the line.

The Pirates' final score came with 3:32 remaining in the fourth quarter. Choban again kept the ball and dove over the middle for the score. The kick by Houchin was good to bring Cooper within 2 points of the Eagles.

Less than a minute later the Pirates had the ball again. They began moving the ball downfield in hopes of getting close enough for Houchin to kick a field goal. With 1:20 left, the Eagles rose up to halt the Pirate drive as they regained the ball on downs on their own 35-yard line. From that point, it was just a matter of the Eagles running out the clock.

This Friday night Cooper will play the Slaton Tigers at the Pirate stadium. The Pirates will be looking for their first win of the season, as the season draws to a rapid close. Roosevelt, now 2-1 in district play, will go to Tahoka.

newspaper. Patti Payton, sponsor, said, "Rather than charging for each issue of the paper when it comes out, it is easier to charge students one fee at the beginning of the year.

The second largest percentage of the fee goes to student council, which gets 20%. This money is used for cakes for the teachers, cards, flowers, and gifts to people in the hospital, and the District and State Student Council dues.

The rest of the money is divided out and given to drama production, 10%, the student handbook, 27.5%, and southern assemblies 6%.

Statistics show that it is cheaper in the long run to pay the fee now instead of paying for each separate thing as it comes.

## Area Athletes Play For WTC

The Western Texas College Dusters will open their season on Nov. 10 in a game with San Angelo State University in San Angelo.

The Homecoming game on Nov. 15 will be the first home contest of the season. It is scheduled for 6 p.m. in the Scurry County coliseum with Clarendon College the opponent. The Western men's team will be playing Texas State Technical Institute at 8 p.m. on Nov. 15, also in the coliseum.

The Dusters, who won the Western Conference championship last year in their first season, will have three returning players. They are Dale Mitchell and Theresa Beal from Coahoma and Marilyn Payton from Cooper.

Playing for the first time this season will be Rosemary Scott, 5'8" former Tigertette All-State forward, and Annie Tillman, 5'10" Eagleette standout from Roosevelt.

The Dusters will begin seasonal play Nov. 10 and will finish the season March 9-13 at the Women's National Tournament.

### Robinson Injured

Jerry Wayne Robinson, 19, of 145 W. Powers, was injured Monday in an industrial accident at the Triangle Mote Plant on east Division.

He was taken by Slaton ambulance to University Hospital in Lubbock where he was reported in satisfactory condition Monday afternoon.

### Miss Martin Is Honoree

Susan Martin, bride-elect of Willie Roy Meyer, was guest of honor at a come and go shower Monday evening in the Slaton Clubhouse.

Special guests were mothers of the couple, Mrs. Joe W. Martin and Mrs. Ernest Meyer, and sister-in-law of the bride-elect, Mrs. Frances Martin.

Her chosen colors of blue and white were featured in the serving table decorations.

Hostesses presented Miss Martin with a blender and a coffee pot.

The couple plans to be married Nov. 25.

## Thinking About Taking A Tour?

It's not too early to think about taking a trip this spring or to consider giving such a tour as a Christmas or graduation gift.

The Slatonite is sponsoring three tours in February and March, and there are several options which may develop on each tour.

The first tour coming up is Mexico. Eight days in Mexico City, Cuernavaca, Taxco and Acapulco for only \$375. The cost includes jet fare from Lubbock, hotels and sightseeing. There are no meals provided on the Mexico tour.

For tennis buffs, there is a tentative option which will allow tennis players to stay in the Princess Hotel in

Acapulco (away from the rest of the tour group) and devote their days to their favorite sport. A tennis professional is scheduled to be on hand also for private instruction.

The Mexico tour is from Feb. 23-March 1.

The European tour, March 20-28, will tour Holland, Belgium, Germany, France and Switzerland. The cost is only \$698. This includes air fare, hotels, sightseeing and two light meals a day.

A possible option on this tour is to cut short time in France and spend an extra day or two in Switzerland. The group that made the European tour last spring

from Slaton seemed to enjoy the country of Switzerland more than any other.

Another option is a garden tour of Europe. Also during spring break, the garden tour would visit the famous and exotic gardens of Europe. More information on this will be available later.

The England tour, also during spring break, visits many of the country's leading cities and seaports. The cost is \$668, including air fare, hotels, sightseeing and two light meals a day.

Start thinking now about taking a trip abroad or to Mexico this spring. For more information, contact Sandy Martin at 828-6201

# SEE HOW MUCH MONEY A PHILCO COLD GUARD REFRIGERATOR CAN SAVE YOU ON ELECTRICITY IN SLATON

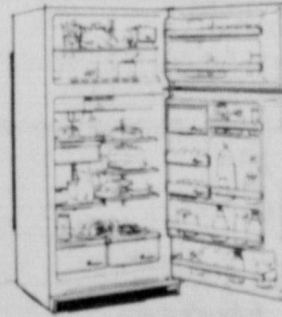

For example, over the average life of a refrigerator (15 years)...

## THIS PHILCO COLD GUARD REFRIGERATOR CAN SAVE YOU

up to

# \$713.17

4¢ PER KWH

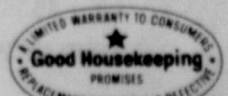

It sounds too good to be true, but it is true. Every Philco COLD GUARD Refrigerator uses less electricity than comparable models from any manufacturer listed in the September 1975 AHAM Directory with their electric anti-condensation heaters on at least 50% of the time. So you'll save money. That's because only Philco Refrigerators were actually re-engineered to give you all three of these important energy saving features: 1. Uni-Wall Liner with no seams or joints (Patented process). 2. Precision placement of insulation 3. Complete non-electric anti-condensation system.

Actual savings may vary depending upon climatic conditions, individual usage and electric rate changes. Savings shown are based on estimated 1975 residential electricity rates and consumption for the locality. In high or low humidity areas actual savings may be more or less.

The above savings represent maximum economies available on current performance of Philco COLD GUARD Refrigerator-Freezer Model RD19FB Code 120 as compared with the energy consumption of comparable size and type models of three leading brands as listed in the September 1975 Directory of Certified Refrigerators and Freezers published by the Association of Home Appliance Manufacturers (AHAM). Actual comparisons show that Model RD19FB uses 31% to 45% less electricity—comparisons for competitive models with electric anti-condensation heaters are based on the average of maximum/minimum energy consumption. In areas of high or low humidity, actual savings may be more or less. Save electricity—save money, make your next refrigerator...

## THE HIGHER MORALITY

In his great "Sermon on the Mount" (Matt. 5), Jesus spoke on the issue of religion of the heart, hearers who were used to the minimal requirements of the "carnal commandment" (Heb. 7:16) of the Testament law. Jesus asserted: "But I say unto you..."  
The higher morality of Christ's teaching demands not only refraining from murder, adultery, revenge, but also the rejection of anger, lust, hatred (Matt. 5:22, 28, 39). Love for neighbor, hatred of enemies can no longer satisfy the demands of hearty submission to God (Matt. 5:44). To do it is the thought, as well as the deed, that matters (Matt. 15:18-20).  
True Christianity as reaffirmed by Paul consists in "obedience from the heart" (Rom. 6:17).

A sincere welcome is yours at every service of the church of Christ:

### Moore Pictured In A-J Item

Kim Moore, the father of Merle King, a Slaton resident, was featured in Monday's Face of a Cowboy column in the Avalanche-Journal.

The A-J said Moore is now retired and living at La Junta, Colo., but comes to the area now and then to visit his daughter.

Moore started working cattle at age 17 for the Buffalo Springs outfit, which was the north division of the famous XII ranch.

He also cowboied for Springer Ranch & Cattle Co., Bell Ranch and Joyce Land and Cattle Co., all of New Mexico.

He also worked for the UC Cattle Co. in Nevada, which he described as "a big outfit that ran 25,000 head of cattle and never pulled the wagon winter or summer."

Moore said of his cowboy days, "all were good outfits and I wish I would start all over again and repeat it all."

# Junior High Marks Record Enrollment

Ernie Davis, principal of Slaton Junior High School, said this week that the school reached a record enrollment of approximately 520 students.

"Last year at this time we had about 450 students," he said. "Now, we're way above that, and new students keep coming in each week."

Davis said that each Monday, an average of three or four students have been checking into the school. Also, the rate of losing students is below that of previous years. "This year has been the slowest for checking out that we've ever had," said Davis. "We're just not losing kids like we have in years past."

Both the increased enrollment and the decreased checking out have combined for some overcrowding in the junior high.

Teachers are handling the overcrowding by special scheduling for some students.

According to Davis, in

federally funded classes, 15 students is the maximum per classroom. Ideally, 35 students per class per teacher is the maximum for other classes.

The junior high has increased by 45 students just since the school year began.

Davis attributes the growth to the economic situation. "There are more work opportunities in Slaton, so more people are moving here to work."

Migrant season is almost here, and that will mean more students for the schools. Davis feels that

migrant season won't affect junior high too much.

"Usually, we only have three or four students who are added to the classes here during migrant season. I can't see where this will cause any problems," he said.

Mr. Carter — We will be studying rocks and minerals.

Mrs. Wright — We will be talking about juvenile law.

Mr. Dixon — We will be talking about cells.

We are proud to say that these girls made the basketball team: Cherie Smith, Sherry Carlton, Betty Beavers, Debbie Stafford, Jenny Alford, Carla Basinger, Jill Basinger, Lisa Bumpass, Lavonda Byrd, Debbie Bradford, Deborah Culver, Angie Estrada, Jackie Fox, Jana Haire, Janet Haynes, Lisa Meurer, Glenna Montgomery, Delia Montoya, Cynthia Robinson, Linda Romero, Donna Tumlinson, Esoleta

Whaley, Patti White and Terrie Dee Wright. We want to congratulate these girls.

The two girls who work in the office second period are Charlotte Castle and Nora Torres. When we asked Nora how she liked her job, she replied, "I think it's interesting and fun." Office workers do such things as pick up attendance cards, answer the telephone, and run errands.

Those students who won the theme contest were: first place, Jeff Driver; second, Marcie Royce; and third, Steve Perez. The honorable mention winners were Kevin Bales, Chad Sikes, Debbie Bradford, Linda Morris, Greg Johnson, Terrie Wright and Mike Gordon.

We asked these people how good a chance they think the basketball girls have for winning the championship this year. Their responses were:

Cherie Smith — Red-hot chance.

Betty Beavers — Super, man.

Mike Gordon — Pretty good.

The sixth, seventh and eighth graders are collecting labels to earn money to help the school. The Junior High students appreciate it very much if you would save the following labels: Ajax All Purpose Cleaner, Ajax Cleanser, Ajax for Dishes, Axion Laundry Pre-soak and Detergent Booster, Baggies, Cold Power Laundry Detergent, Curad Plastic Bandages, Dymano Laundry Detergent, Handiwipes, Irish Spring Deodorant Soap, Palmolive Crystal Clear, Wash 'N Dri. If you have any of these labels, you may call any of the junior high students and they will be glad to pick them up.

In art the seventh graders have completed their weaving samplers and are now starting their weaving projects.

Some eighth graders are finishing great sculptures. They have designed sculptures of people and pets, and have done a very good job.

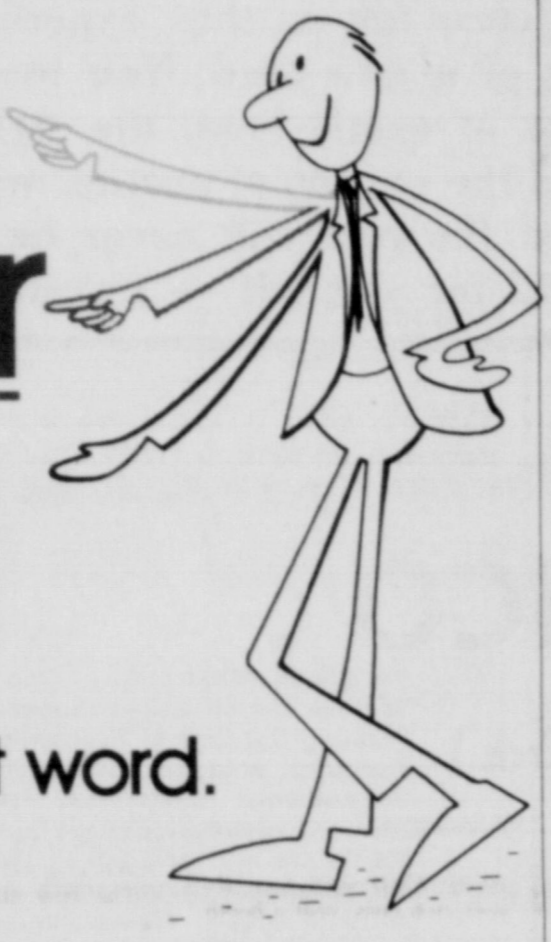

By Sabrina Allison and Charlotte Castle

We have seven new students. They are: eighth grade, Debbie Shannon, Jessie Shannon and Steve Curb; and sixth grade, Donna Lemons and Ed Simmons. We are proud to have them here.

We asked these teachers what they would be working on this week, and their responses were:

Good  
Better  
Best

We're the last word.

Good: as in "as good as can be expected." That's good if that's all you expect.  
Better: as in "better than most." That's better but that's not the best.  
The Best: as in "the best of all possible banks" is in our bank. People, ideas and services at work to maintain this rating. Why do we go to so much trouble? Because we understand. And because we know that it's only human for you to want the best.  
A good bank has more answers than questions.

# RAs Tie For First In S Divi

The Slaton First Baptist Church RAs finished their regular season in a three way tie for first place in the south division of the Lubbock Baptist Association six man football league.

This made it necessary for the three teams to play each other to determine the first, second and third place teams.

Slaton met Highland Baptist Sunday afternoon with

Slaton coming from behind in the last 20 seconds to win 18-16.

In the first half of the game, Joe Mercer intercepted a pass and ran 65 yards for a Slaton touchdown. The PAT failed.

Later in the half Brent Aycock threw a pass to Mercer for another TD with the PAT failing again.

At the half, Slaton led 12-0, but the lead was short

lived as High back and scored downs and ran extra points to 16-12.

With 20 seconds left in the game Slaton ball on the 40 yard line. Calling time, the RAs clock and play strategy.

Glenn Cuhler, quarterback and pass to Gary B... end zone, square Highland 18-16.

Slaton will play Carlisle Baptist championship of division.

Also playing Doug Chapman, Keck, Shawn M... Busby, Lance B... Taylor and Scott...

## Scout Awards Given Here

Numerous scouts received awards last Thursday night in Pack #123 had awards given in the American Legion Hall.

The Arrow of Light award, which is the highest award a Cub Scout can earn, went to Jeffery Ferguson, Bobby Barry, Skipper Martin, Mark Degan, Danny Singleton and Alfred Gonzales. These boys also won the citizen activity badge.

Webelo ribbons went to Elmer Jones, Ricky Mayo, Mike Hirscheta, Rudy Ruiz, David Blisard, Barry Partain, Hector Pena, Anglo Garza and Ben Diaz.

It was reported that the club made approximately \$100 on the mum sale during homecoming.

the scholar award and the outdoorsman award.

Earning first year pins were Larry Ruiz, Hirscheta, Ruiz, Mayo, Odum, Partain, Bentencourt, Ashley Cardenas, Roland Seranil, Johnny Cruz and Jones.

Second year pins went to Steven Moore, Brant Holt, Scott Moore, Billy Barry, Brian Rainey, Townsend, Chris Adams, Shawn Murphy and James Chance.

Ferguson and Martin received third year pins.

Recruiting badges went to Townsend, Martin, Chance, Rainey, Brant Smith, Pena and Ferguson.

LESSIA CLARY

## Clary Is FHA Girl OF Month

Lessia Clary has been chosen as FHAer of the month for October for the Wilson FHA chapter. Lessia is president of the group this year.

In other action of a regular meeting, each girl selected her secret granny. Secret grannies who need to contact their secret granddaughter can do so through Wilson Homemaking Department, Box 9, Wilson, Texas 79381.

It was reported that the club made approximately \$100 on the mum sale during homecoming.

## Teachers Given Recognition

In a recent newsletter distributed by TSTA District 17 Instructional Services Committee, seven Slaton teachers were recognized for 11 of 46 ideas for improved instruction.

Briefly, the items included: Mrs. Sharon Bingham—5th grade, behavior modification by use of funny/sad faces; Mrs. Opal Rose—4th grade, English with use of hand puppets, math with a jumping rope to reinforce learning of multiplication facts; Mrs. Cynthia Jackson—4th grade, a Backyard Science Lab; Mrs. Lois Daye—4th grade, playing store with newspaper and pictures and paper money to

learn math facts.

Also Mrs. Margaret Thaxton—5th grade, teaching math money facts by figuring best buys for a shopping list using full-page newspaper grocery ads; Mrs. Jeannette Moore—4th grade, handwriting instruction through personal poetry collections; Mrs. Evelyn Ball, Mrs. Gladys Morgan, Mrs. Moore, and Mrs. Rose—ideas for correlating the Bicentennial with teaching objectives.

More detailed information about these may be acquired by contacting Mr. Bingham, principal of Stephen F. Austin school.

## Baugh To Have More Training

PFC Richard Alan Baugh of Eustis, Fla., a former resident of Slaton, graduated from Parris Island, N.C. Marine Boot Camp July 7, 1975.

He was then sent to Camp Pendleton, Calif., for further training as a recon ranger in special weapons and tactics. After passing the required tests, he received his paratrooper wings.

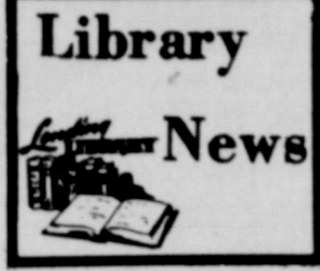

Baugh now has his quota to become a corporal. He is

PFC. RICHARD BAUGH

now going to Okinawa to spend a year in more special training. He has received his expert marksmanship medal as a machine gunner. He also has guarded the South Vietnamese stationed at Camp Pendleton, which is located at San Clemente, Calif.

Baugh is the grandson of Mr. and Mrs. W.H. Bartlett of Slaton. He attended Slaton schools until 1968.

Library News

Saturday, Oct. 18, the movie entitled: "Doughnuts From Homer Price" was shown at the Slaton Branch Library's Storyhour. Fifty-seven boys and girls attended the free program, sponsored by the Friends Club.

Halloween taffy candy was given to each child. Mrs. Lisa Nowlin read the story: "The Pumpkin Giant", and Mrs. Polly Melugin read, "Hattie The Backstage Bat". The next storyhour with a movie will be Saturday, Nov. 1st.

Some of the best sellers arriving recently are: "Curtain" by Christie, "Circus" by MacLean, Sylvia Porter's MONEY BOOK, and "Best American Short Stories, '75," by Foley.

The Slaton Branch Library was closed Monday, Oct. 27, for Veteran's Day holiday. Library Hours: 11:30 a.m. - 6 p.m. weekdays, 9 a.m. - 4:30 p.m. Saturdays. Bookdrop located in rear of building.

# This weekend, call any other state\* and talk five minutes for 86¢ or less... usually less!

\*Except Alaska and Hawaii

Our weekend One-Plus rates are so low that you can talk awhile and still spend less than a dollar. For instance, a five-minute coast-to-coast Long Distance call dialed direct all Saturday and Sunday until 5 p.m. is only 86¢. An out-of-state call spanning fewer miles costs even less. If you can't wait till the weekend these same low rates are in effect every night from 11 p.m. to 8 a.m.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, coin, hotel-guest, credit card or collect calls, or calls charged to another number.

**NEW LOOK** — The Slaton Police Department took on a new look this week as the force was outfitted with new uniforms. Displaying their dark navy blue uniforms are from left, Bren Slaton, Joe Hester, Lyman Heacock, George Furguson and Mike Whitley. Mayor John Landreth and Police Chief Larry Williams are also pictured. (SLATONITE PHOTO)

## Police Receive New Uniforms

A new slogan, a new look and a new attitude are the characteristics of the Slaton Police Department. The slogan is "To Protect and To Serve" and may be seen on the trunks of the Slaton PD units. The new look is a different style uniform for the officers. The uniforms, which are an almost black colored navy blue, are sharply tailored and rather military in style. The long sleeve shirts are 100 per cent polyester and feature twin front pockets and silver buttons. A matching tie is worn with the winter uniforms. Cut with a slight flare in the legs, the uniform pants are accented with a thin gold stripe on the outside of each leg. A silver SPD pin on each collar, the officer's silver badge, and a sleeve patch complete the uniform. The sleeve patches are inverted triangles with an American eagle design bordered with the words Slaton, Texas on the sides and POLICE across the top. The new attitude of the department is that of crime prevention. An extensive crime prevention is now underway in the community, directed by officers Joe Hester, Mike Whitley and Chief Larry Williams.

## Slaton Girls Pledge Clubs

Two Slaton girls were pledged to social clubs at Lubbock Christian College this fall. Kimra Milner, daughter of Mr. and Mrs. Jimmy H. Milner, was chosen as a member of Kappa Phi Kappa. She is a 1974 graduate of Muleshoe High and is enrolled as a sophomore secretarial science major. Annette Reznik, whose guardians are Mr. and Mrs. D.D. Davis of Rt. 2 Slaton, was selected as a member of Alpha Epsilon Chi. She is a 1974 graduate of Friona High School and is a sophomore liberal arts major. Lubbock Christian College is a fully accredited senior liberal arts college.

## National Newspaper Has Christian Perspective

A different kind of national newspaper, explicitly Christian in its perspective, has begun publication, born of a conviction that religious values relate to all events of the world.  
 That dimension has been missing from most modern communications, the founders maintain, leading to a general atmosphere of meaninglessness and confusion in present times.  
 "Our society has tried to separate principles from facts, and practically made ourselves schizophrenic in the process," said Dan Malachuk, publisher of the new biweekly.  
 Called the National Courier, it intends to cover both domestic and international affairs, but in doing so to include the spiritual aspects and religiously based standards involved.  
 "The problem is that modern culture has tried to put spiritual concepts off to one side, to see life as merely technical," Malachuk said. "But it's not the full truth. You can't separate body and spirit. Reality includes both."  
 As an example, he said, commentators, educators and public figures "don't dare quote" such widely revered teachers as Moses, the prophets and Jesus, and "are super-careful not to mention God."  
 "The whole idea of separation of religion from life has given us a hangup about this thing," Malachuk said, a Christian of Orthodox and Baptist background

said in a telephone interview. "But religious values have a bearing on all life and events."  
 "Judicial-Christian principles are interwoven through our civilization, but they've been increasingly denied. We hope to break that syndrome."  
 The new paper uses the slogan, "The News You Can Trust."  
 In an advance profile of the newspaper, it was described as expecting "to bring the mind of Christ to bear on the events of our time," believing He is "Lord of all creation" and is "calling people not only to a fuller understanding of faith, but also to a fuller understanding of this critical time in the history of the church and of the world."  
 Bob Slosser, 46, an Episcopalian and former New York Times assistant editor, is editor of the new publication, being issued from the old plant of the Courier-News in Plainfield, N.J.  
 "We've got to learn as we go along," he said. "We're operating on the foundation that historical, Biblical Christianity is true, and not just an alternative. We aren't going to debate it, but we're going to stand on it, and that's quite a mouthful."  
 "The main thing we'll do is try to reflect the Christian values of fairness, truthfulness and compassion which we feel have been missing from a lot of the national media."  
 "We don't want preach-

## City Receives Tax Rebate

AUSTIN — Comptroller Bob Bullock mailed checks totaling \$14.2 million Thursday to 824 Texas towns and cities for their monthly October city sales tax rebate. Slaton received \$3,253.24.  
 The October payments were smaller than the previous month's, Bullock said this is because the September checks included receipts carried over or coming in late from the last round of quarterly tax payments sent in by merchants.  
 During the first two months of each three-month cycle, he noted, payments are not made to cities whose allocation is less than \$500.  
 Bullock said the monthly rebate program has proven a boon to cities in its first several months of operation.

## Make Halloween Safe

Halloween is just around the corner, and the Texas Safety Association reminds you that it won't be long 'til the little ghosts and goblins celebrate their big night October 31. But too many children—and adults—have found the fun to be short lived because of carelessness or lack of awareness. TSA offers this bit of advice for a happier Halloween.  
 The Great Pumpkin can prove a greater disaster if you're not careful. If you use nature's product, the pumpkin, always instruct children to carve away from — not toward — themselves as they create Jack-O-Lanterns. As far as lighting the will-o-the-wisp is concerned, never use a candle in a plastic or cardboard pumpkin. In fact, lighting or sermonizing, but we want clarification, elaboration and interpretation in the light of the Christian life and Christian history, as it bears on the news."  
 The enterprise was funded initially with \$500,000 raised by Logos International, an inter-denominational Christian organization. The first issue, of about 45 pages in tabloid size, was set for a press run of 500,000.  
 Beginning circulation was to be through a Logos mailing list of 325,000 with other distribution being arranged, such as through grocery stores, drugstores and newsstands.  
 Slosser had a news room staff of nine and about 40 correspondents lined up to supplement religious and secular news services.  
 The National Courier is on sale at The Slatonite and in the Slaton Pharmacy.

a flashlight or other battery-operated light is even best for natural pumpkin — it glows just as well, and is much less a fire hazard.  
 Don't costume your little trick or treaters in flammable outfits. The use of crepe paper is an invitation to trouble, and probably won't survive a walk around the block even if it doesn't catch fire from a candle-powered Jack-O-Lantern. Choose costumes that do not restrict movement, and eliminate masks that obstruct the child's vision.  
 Accompany the small fry when they go a-haunting. Even if you must stay near the street or hide behind a tree, they'll be safer from traffic and the possible sadist who would trick instead of treat the youngsters.  
 Beware of any suspicious treats. Instruct your youngsters to refrain from eating anything until they have arrived home where careful inspection under the light can expose razor blades, glass, or other booby traps not so easily detected in the dark. Watch for unwrapped or tainted candy, fruit, etc. The sick minded can be most proficient at sabotaging a child's happiness.  
 Be a responsible parent. Some children, especially older ones, may think fun consists of pranks alone. Know where they are going and what they plan to do. Be strict in your instructions to respect other's property rather than relating inflated tales of how much fun tricking was when you were young.  
 Protect your own property. Leaving your car unlocked, in the street or

driveway, is a temptation to the soap-wielder. Lock your car in the garage, and anything that could be carried away—garbage cans, lawn furniture and ornaments—should be put away too. Prevention of vandalism is far better than trying to cure it after it happens.  
 If you're in your auto, slow down and watch for the wee Halloweeners. They may be having too much fun to watch for you—and it can spoil it for them or yourself!  
 Texas Safety Association doesn't want Texans to be "scared" of Halloween. The celebration should be fun for everyone—and it can be, if everyone does his part to keep this happy night from turning into a nightmare!

## Rainwater To Serve With TAC

## Texans:

If you are tired of bigger government and higher taxes, vote NO on the proposed new constitution November 4.  
 Don't give future Legislatures a blank check.  
 The Houston Chronicle calls the new constitution "a dangerous document." Governor Dolph Briscoe warns it will "lead us down the road to a state income tax."  
 Governor Briscoe says: "It is my personal view that the current Constitution under which Texas has grown and prospered for a century is preferable to the proposed new constitution. Accordingly, I believe it is in the best interest of Texas that all eight propositions on the ballot be rejected."

# Patschke To Receive American Farmer Degree

**TO RECEIVE DEGREE** — Mike Patschke of the Roosevelt community will receive the coveted American Farmer Degree at the national convention of Future Farmers of America in November. Here he is shown with cotton, one of the crops he grows in a diversified program. (SLATONITE PHOTO)

The 19-year-old president of the Roosevelt Young Farmers organization has been nominated to receive the American Farmer degree, highest degree presented by the National FFA.

Nomination of Mike Patschke, a Roosevelt High School graduate in 1974, and son of Mr. and Mrs. August Patschke of Rt. 2, Slaton, was approved by the National FFA board of directors meeting recently in Alexandria, Va., after having been nominated for the high honor by the Texas FFA association. Patschke will receive the degree in a special ceremony in Kansas City, Mo. on Thursday, Nov. 13, pending a final vote of approval of 119 student delegates who represent FFA members in national convention business sessions.

Patschke is one of only 701 FFA members in the nation nominated for the American Farmer Degree.

Since graduation, Mike has continued his membership in Roosevelt FFA and recently was elected president of the Roosevelt Young Farmers chapter. He farms 320 acres of his own land and also assists his father on the home place. Mike, who plans to farm 400 acres next year, had as his project for the award a diversified farming program. In high school, where his advisor was J.T. Crumley, RHS vocational agriculture teacher, Mike had sows for pig production and pigs for pork production. He no longer is in the pig business, but farms crops including milo and cotton, and even five acres of sunflowers this

year. He harvested about 120 acres of maize this season.

Patschke was Star Greenhand in his freshmen year in FFA, was Star Chapter Farmer in his sophomore year, and later was Star Lone Star Farmer of the Lubbock district, including 20 chapters, as a junior. He then was named Star American Farmer of Area I, including all schools in the Panhandle from Lubbock north. He attended the state FFA convention in Houston in July.

Mike is competent in all phases of farming as it is practiced on the South Plains, including the shop and maintenance and record-keeping phases.

In high school, he also was a talented athlete, and was All-South Plains defensive end. He also was all-District offensive tackle

and defensive end, and was captain of the Roosevelt Eagle football team his senior year.

**INSUR-MATION**

By Bob Kern  
 Pember Insurance  
 828-6251

I am a self-employed male, age 45, with an annual income of \$50,000. How can I use HR-10 to provide myself with a good income at age 65?

With HR-10, the maximum income allowed for computation is \$100,000 and the lesser of 15% of this or \$7,500; however, you can't exceed your actual income. Many choose to use a smaller percentage. For example, a man, 45, with 3 employees has earned income above \$50,000. His 3 employees earn \$21,600 annually. 7% of \$50,000 is \$3,500 and 7% of \$21,600 is \$1,512... a total of \$5,012 off the top of his income. This is a fair and legal application of HR-10, yet 70% of the total contributions go to him. Money, invested at age 45, in a flexible annuity paying 7% will yield a monthly income at 65 of \$1,175.

## Rules of the Game

Teams playing in this week's contest games are listed in the ads and are numbered 1 through 44. Use the entry form at the bottom of the page and circle the numbers of the teams you think will win. To pick a tie, circle both numbers of the teams playing.

Be sure to guess total score on the "tie breaker" game. In case of ties, the entrant nearer to that total score will be the winner. If ties also occurs on total score, prize money will be split between place winners. This also applies to "jackpot" winner.

Have your entry blank signed or stamped by a participating merchant, and get it to The Slatonite office by 5 p.m. Friday before the games are played. Only one entry per person; all persons 12 years old or older are eligible except Slatonite employees and their families. Each entrant eligible for one prize, and prize money must be picked up at the Slatonite office by 5 p.m. on Monday after the winners are announced Thursday. No two members of the same immediate family and living at the same residence may win prizes the same week.
