## Wrong Tigers Win Last Game

By DALTON WOOD  
The Tigers won, but it was a different breed of cats from the ones favored to win, as Frenship upended Slaton 14-0 last Friday night in the final game of the season.

Slaton, in the unaccustomed role of favorite, failed to generate anything like the offense it had shown in the three previous weeks and got no closer than the Frenship 41-yard line during the game. Otherwise, the red and black Tigers did a good job of holding the blue and gold ones, with the main exceptions being two long runs for touchdowns.

Slaton wound up Coach Eddie Cook's first season as head man with a 3-7-0 record. Friday night's game was a disappointing finish for Slaton players, coaches and fans, but the season mark still was the best for Slaton since 1971.

Slaton had only 6 first downs and only 79 yards total offense. Slaton's top scorer and runner, junior Bill McClesky, gained 80 yards on 17 carries, winding up the season with 916 yards, 84 short of the 1,000-yard plateau. He scored 11 touchdowns.

The Frenship defense and loss of four fumbles kept the Tigers from generating much steam in the final game. Frenship scored early in the first period as Eddy Prather ran down the left side for 69 yards and Brent Drennan kicked the point.

In the second period, McClesky ran for what appeared to be a 76-yard touchdown, but he had stepped out of bounds back at the Slaton 43, and on the next play, Slaton lost another fumble. The third period also was scoreless, with Slaton losing some more fumbles, and with the Slaton defense holding Frenship well.

On the first play of the fourth period, Jimmy Henry ran 53 yards for a touchdown and Drennan kicked again. Slaton tried to go to the air, and QB Mike Tumlinson did hit Gary Aycock on one 17-yarder, but for the most part, pass protection was poor and Tumlinson was sacked for losses five times.

On defense, Aycock had 10 tackles and John T. Basinger 11. Others doing good work on defense included Ronnie Valadez, Geron Stricklin and Greg Basinger.

Frenship wound up the year at 6-4.

**TIGER STOMP** — Frenship's Jimmy Henry (21) makes like he's stomping a snake as he is met by an unidentified Slaton tackler, with Ronnie Valadez (74) close behind. Other Slaton players are Mike Tumlinson (10), Alan Moates (80) and Greg Basinger (64). Frenship's No. 10 is Mark Wilson. (SLATONITE PHOTO By Juanell Wood)

## Youth Rally Scheduled In Slaton

Ron DePriest, former member of the infamous Hell's Angels motorcycle gang, will speak to teenagers three times this week-end at the Steve Bourn Memorial Youth Center on 20th St. There will be no charge for admission, and every teenager is urged to hear him.

DePriest, 250-pound former Black Belt champion of California and Arizona, was known as "Loco" when he rode with the gangs. In May of 1971 his life was changed and he became a minister.

DePriest will speak Friday and Saturday at 7 p.m. and Sunday at 2 p.m., and he has invited all to hear him: "Everyone is welcome; old, young and in-between; males, females, Catholics, Jews, Protestants and anything else. God is not particular about what we call ourselves, only what we are," he said.

**SLIPPERY BALL** — Keith Bumpass of Slaton just couldn't quite find the handle on this pass during last Friday's game won by Frenship 14-0. For Frenship, 22 is Louis Garza and 40 is Roy Turnbow. (SLATONITE PHOTO)

## Wampler Wins Final Football Contest Of Year

V. L. Wampler, 1300 W. Crosby, won the Slatonite's final football contest of the season, but who knows — Michael Ray Calahan might have won first if he had made a guess on the tie-breaker score.

Others missing five, and their tie-breaker scores were Rafael Medrano, 28; Todd Taylor, 30; and Paul R. Mercer, 31.

Pete not only came in third in the money event, but also continued his comfortable lead in the Fearless Forecasters competition with a season mark of 89 right, 42 wrong, six games ahead of second place Dalton Wood. Bill Ball remains in third at 82-49 for the year, and Joe Sparkman moved out of the cellar one game ahead of J. W. Holt, who slipped to 79-52 after having his choices made for him by an impartial committee (one of the other contestants) when he became too engrossed in the banking business to devote proper attention to the contest. (In fact, he thinks when the quarterback pitches the ball to another player behind him, it's a collateral pass).

The Fearless Forecasters are guessing again this week, and will have one more week of guessing to determine whether Holt, Sparkman or Ball winds up last and buys the steaks this year.

## City Election Called Jan. 4

The Slaton City Commission met in a special called session Wednesday afternoon and voted to hold a special election Jan. 4, 1975, to fill the position of city commissioner for Ward IV.

The post was vacated earlier this month by the death of Commissioner Eugene Mask.

Candidates have 30 days to file, and the deadline is Dec. 19. Candidates must file with the city secretary, Alex Webb, in the city hall. The new commissioner will serve until April 1977.

## Tigers Beat Cats To Open Cage Season

Tigers and the state champion Frenship opened the cage season at Littlefield with victories over the Pussycats and Pussey. Coach Jim Bales' 6-35 and Coach

Gay Benson's girls won 64-52. John Whaley scored 12 points to lead the boys, as Littlefield's top scorer was Parker. In the girls' game, Rosemary Scott, only returning

starter from the state championship team, had 26 points for Slaton, and Toni Gardner, who is the defending state Class AA singles champion in girls tennis, scored 26 for Littlefield.

Slaton boys will play Grady at 8:30 p.m. today (Thursday) in one of the opening games of the Slaton Tiger Club tournament. Fluvanna plays Shallowater at 11:30 a.m., Bledsoe plays Crosbyton at 2:30 and Tahoka meets McAdoo at 3:30.

Tigerettes play Grady at 7

p.m. tonight. Shallowater and McAdoo girls meet at 10 a.m., Abernathy plays Tahoka at 4 p.m., following a 1 p.m. game between Bledsoe and Crosbyton girls. Girls finals will be at 7 p.m. Saturday and boys finals at 8:30 p.m.

## Gins Showing Signs Of Life

Cotton gins in the Slaton area began to crank up with more vigor during the last week, going from the previous week's total of 78 bales ginned to 1,249. Still a far cry from last year's 40,000 or more at this time, it nevertheless shows there will be cotton ginned this season.

Gins reporting, and their totals: Slaton Co-Op, 350 bales; Acuff Co-Op 150, McClung Co-Op 420, Union Co-Op 219, Farmers Gin 10, Hackberry 3, Wilson Co-Op 71, Wayside 26. Four gins in the area still had ginned no bales as of Tuesday.

## Early Paper Next Week

Next week's edition of the Slatonite will be published one day earlier than usual, going to subscribers on Wednesday, so the Slatonite will be closed Thursday and Friday for Thanksgiving. Deadline for all copy to be used in next week's paper is Monday afternoon. Most Slaton businesses will be closed next Thursday and some also will close Friday.

## Sign Now For European Trip And Get Free Flight Bag

More area residents are signing up and making deposits for the Slatonite-sponsored nine-day tour of Europe, and everyone who signs up between now and Thanksgiving will receive a free flight bag.

Bob Hildreth, Wholesale Tours International representative, spoke to 25 persons Tuesday night at a travel party in the Chamber of Commerce board room. At the time, he and Dalton Wood, publisher of the Slatonite, announced that flight bags would be available to those making a deposit before Thanksgiving.

### Bargain Price

A minimum of \$25 is required for a deposit, which assures the traveler a reservation and booking for the tour. The cost of the tour, \$628, includes round trip jet flight from Lubbock to Amsterdam, hotel accommodations, two light meals per day and a personal escort.

The tour goes through Holland, Belgium, Germany, Switzerland and France. Hildreth presented a color film Tuesday night entitled "Holland, the other season," and answered questions from the group.

Hildreth also spoke about Wholesale Tours and explained how they can offer tours for such a low price. "We really just cut out the middle man. We have a very low overhead, and that's why we can offer you

tours at lower prices."

### No Shots Needed

Hildreth outlined the process for getting a passport, which includes obtaining an application and having a picture made. Wood announced to the group that applications will be available in the Slatonite office by Monday. He also said the paper would take the passport pictures at no charge. The cost of the passport itself is \$13.

One fact which seemed to please the crowd is that no shots are required for those traveling to Europe. A round of sighs greeted

Hildreth's statement that no immunizations are needed for the tour.

Several other questions were answered and the party ended with refreshments.

Anyone wishing more information on the tour should contact Sandy Martin at the Slatonite. She will be glad to answer questions.

Remember, a free flight bag is available to those making a deposit before Thanksgiving. Come in now and take the first step that will lead to a nine-day dream trip of Europe.

### SCHOOL BOARD OKAYS AUDIT, COMMITTEE

Approval of the 1973-74 audit report and of the textbook committee highlighted Tuesday night's meeting of Slaton school board. The group also discussed the financial condition of the school.

LONG ago I heard a guy on radio about how flowers respond to various things. It was Melvin Munn, the voice of Freedom Talks' sponsored by the H.L. organization and one story he told about which was hooked up to a polygraph (or) was fascinating.

plant in question was a philodendron, I don't know if I'll get around to telling about that fascinating experiment, but just considering the name of that plant, or whatever it is, sends me a new thought pattern.

ever heard of a philodendron, I must thought of it as some kind of prehistoric now extinct. But they're still around, unless they must be flowers.

aw a little bit less than nothing about and plants. Some time back, when I saw a lawnmower that worked, I used to mow flowers and tomato plants here and because they looked like weeds to me. I plants that don't have colored things about of them don't look pretty to me, I have considered them as flowers. I was advised otherwise by my usually too late to avoid a brief period of tension.

proofreading one of our wedding one day (I don't read them very often, almost nothing in them makes sense) and I read that the bride was wearing a Bible covered with baby's breath. It didn't sound right to me, so I with one of the girls in the office, who of course that's right it is a commonly flower in weddings and where had I been ever heard of it. Well, I never had, but lower. Still, I'll bet that Latin term for "allotria" is "allotria".

are a lot of other flowers I never so I can't say anything about them. names I can remember offhand are chrysanthemums, orchids, hibiscus (hibiscus?), roses and sunflowers. Roses, and orchids I recognize on sight, otherwise bluebonnets. All of these are the others are just hard to say or spell.

I know why somebody figured that a flower a jawbreaker of a name would smell any better.

back to the philodendron, another wouldn't recognize if I stumbled over regarding to Lifeline (the Hunt-Munn), six students drew lots to choose one would kill a philodendron plant. Only the drew the killer lot was to know his. He or she was to kill the plant with the knowledge of the others, entering laboratory at night and pulling the plant bit by bit. The dastardly deed was done.

next morning a lie detector expert drew a polygraph to an adjoining and on plant to test its reaction. The revealed no emotional changes in that until the real killer of the other plant in the room. When that person came in, I registered intense agitation. The admitted it was he who did the job.

the bloomingest thing I ever heard

## Commissioners Approve Budget, Farm Contract

Slaton City Commissioners J. P. Spears, Byron Crandall and Mayor Pro Tem Otis Neill voted on seven items during a special called meeting Friday which lasted less than an hour.

Agenda items were disposed of quickly with Spears making most of the motions which were seconded by Crandall. Neill abstained from voting.

The two commissioners unanimously approved the 1974-75 budget for the city, accepted a \$1477.51 bid for a tractor for the cemetery, accepted a \$1775 bid for a dump truck and bed, approved the closing of the alley behind United Supermarkets and the easement of utilities, voted to continue the airport farm contract with Joe Bob Bednarz, approved the purchase of two riot guns and locks for the Police Department and approved the bills for the month of October.

The commission discussed and tabled a motion to abolish the office of city attorney and hire a city attorney on a contract basis.

### No Change

City Secretary Alex Webb explained that the move would not change the ser-

vices or prices of the city attorney, but it would do away with the stipulation that the city attorney, as an employee of the city, must live in Slaton.

City Attorney Harvey Morton, who was not at the meeting, has also accepted the position as city attorney for Post. At that time, his position there was challenged because he was not a resident of Post.

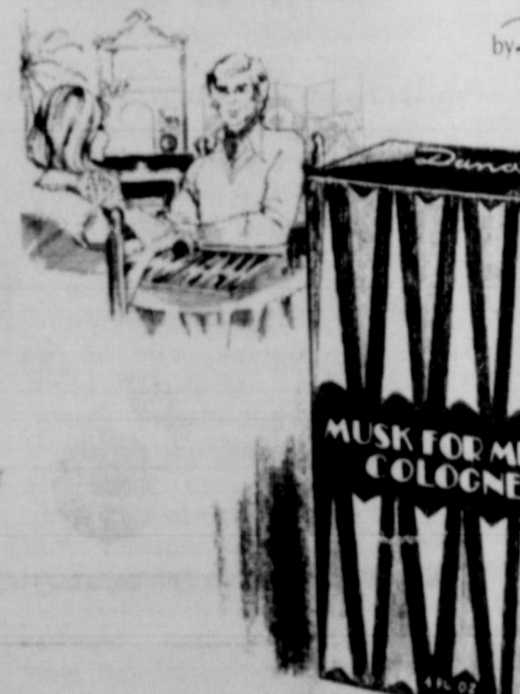

Because of the absence of Mayor John Landreth the

motion was tabled to be considered at a later date.

The final act of the commission was resolution which tribute to former Mayor Eugene Mask Nov. 11. The reads in part:

"Now there resolved by the Slaton that Eugene hereby recognize biting Public Service devotion to public during his tenure Commissioner of Four, City of Slaton the present City sion does hereby tribute to their friend."

## Jewelry, Bead Collection Shown to Garden Club

Displaying a collection of Indian jewelry and rare trade beads, Mrs. Willard Kirkpatrick of Post presented one of the most fascinating programs of the year to the Slaton Garden Club, which met in the home of Mrs. L. A. Harral.

Calling herself "an Indian trader," Mrs. Kirkpatrick related numerous amusing stories of how she acquired many of her beads. She started her collection of Venetian glass beads when as a young girl she made her first trip to Europe.

She bought her first string of fancy beads because she thought they were pretty, and her collection was on its way.

ing this pattern is a jealously guarded secret of the Indians. Names of other trade beads are Star, Fancy and Kitty Fisher Eyes. Each bead and its name has a story of its own.

Chief Kunkel, a well known Boy Scout leader and recognized authority on Indian lore, has been instrumental in helping Mrs. Kirkpatrick acquire some of her rarest beads.

The Hubell bead is a bead of imitation turquoise, made by a man named Don Lorenzo Hubell, who let the Navajos pawn their valuable turquoise ceremonial beads for the imitation ones. These beads now are as rare and valuable as the genuine turquoise.

Trade beads were used by the Europeans in the 1770s to trade to Indians of the Northwest Coast for their furs. The Star Chevron, known as the king of trade beads, is comprised of three, four and sometimes as many as six layers of glass which forms a twelve point star at each end of the bead. ## Nursing Home News

By MARY ANN RESCH  
We are glad this week to welcome three new residents, Santiago Barrera, from Tahoka; Horace Walker, and John Steffens, from Slaton. I'm sure they would like for their friends and neighbors to drop by to see them.

This brings our total resident to 80 and we are beginning to fill the new wing. If you haven't been to visit us since the new addition we would like to have you come by to see us.

With the Christmas season coming up we have been very busy with crafts and everyone seems to enjoy all of the pretty things very much.

We would like to say "Thank You" to all of the many people who have brought in fresh garden food to our kitchen, the residents have really enjoyed these favors.

Sunday afternoon Mrs. Maude Morris was honored by her family with a special birthday party in honor of her 84th birthday.

Tuesday this week all of the residents shared a party honoring five ladies who celebrate birthdays during

November. Many of the families were present to help celebrate with us.

Tuesday night at 6:30 the residents will be honored with a Thanksgiving Party, and we would like to invite the friends and families to come.

## Cydney Cook Is Honoree

Cydney Cook, bride-elect of Paul Bradley Payne, was honored with a reception Saturday afternoon at the home of Mrs. Joe S. Walker, Jr.

A tiered arrangement of fresh fruit and flowers in shades of red centered the table which was covered with a white and silver cloth. Other appointments were of silver.

On a round table at the register the wedding date was revealed in a gold oval frame with embroidered linen on an antique bible stand. The couple will exchange vows on Dec. 21 at the Colonial Baptist Church in Dallas.

Special guests were mothers of the engaged couple, Mrs. Cecil Cook of Dallas, Mrs. Glen Payne, and their grandmothers, Mrs. Jack Cook and Mrs. Anna Higgins.

Hostess gift was of silver. There were 17 hostesses.

**BRIDAL SHOWER**  
Carol Sport, bride-elect of Scott Harris, was honored with a linen shower last Saturday afternoon.  
Karen Gary was hostess. Hostess gift was a towel set.

Nineteen members attended, including two new members, Mrs. M. M. Schlueter and Mrs. Harley Martin.  
Mrs. R. D. Hickman, Mary Frances Browning and Mrs. Lorene Berry were guests.  
Assisting with the hospitalities were Mmes. S. G. Wilson and E. R. Legg.

other materials. They are strung and worn by Indian hunters who thought the Fetish contained some magical power to help them snare their prey.

Mrs. Kirkpatrick's vast collection of silver and turquoise includes the currently popular squash blossom necklace showing various interests of the Indians such as the papoose, humming bird, needlepoint, in-laid and others.

Mrs. J. E. Parker, also of Post, assisted Mrs. Kirkpatrick and introduced her by giving a short history of her parents, Mr. and Mrs. Kay Stoker, well known Garza County ranchers.

# Casting? That's Something G&H Does A Lot Of

**MOLTEN METAL** — When melted iron is poured from the furnace, it is at a temperature of 2900 degrees. The furnace melts 600 pounds of iron in only 15 minutes, operating on the same principle as a microwave oven.

**Sand Mixture**  
In order to use the sands for molds, it is necessary to add several ingredients. One such ingredient is seacoal, a very, very fine coal. "This gives the sand its black color and also gives the mold a chance to expand. When the molten metal is poured in," said Bridges, "the walls of the sand actually fuse together. But the coal turns to ash and allows the mold to breathe."

A giant machine called a sand muller mixes the sand and other ingredients and dispenses it. "It's really like a giant mixer," said Bridges. After the mold is made, the next step is to pour in the molten metal. "We take scrap iron and add carbon, silicon, magnesium, and melt it together," said Bridges. "We pour iron at 2800 degrees and it freezes or solidifies at 1400 degrees."

G&H uses an induction furnace to melt the metal. "The furnace works on the same principal as a microwave oven," Bridges said. "We can cook a turkey in seven minutes," he said with a laugh. "But it takes about 15 minutes to bring 600 pounds of steel to the molten state." Once the metal is poured into the mold, it is left to freeze. The sand acts as insulation, allowing the heat to disperse slowly.

**Cleaning Process**  
Because of the intense heat of the metal, some of the mold's sand has fused to the casting. To clean it,

States today. Following the end of World War I, there were 14,000 foundries in operation.

"We are a jobbing foundry," explained Bridges. "That is, we make different types of castings. A production or captive foundry is one like General Motors that turns out motor blocks all day long and does nothing else."

The nearest comparable foundry, according to Bridges, is in Wichita Falls.

G&H's record-breaking sales are due to an increased demand. "Demands on our products have grown tenfold," said Bridges. "We're now shipping three times as many castings as we did two years ago. At that time, we were melting eight hours a day and now we melt 24 hours a day. And now, we're running molds 16 hours a day."

Bridges described the casting industry as "the basic industry of the world." He said that castings would be the last business to be affected by inflation. "Inflation affects first the things people buy off the top of their heads, the luxuries. But today, when car sales are way down, the casting industry is enjoying an increase in production."

**Oldest Industry**  
In addition to being the basic industry of the world, casting is also the oldest. According to Bridges, "Casting had its beginning in the iron and bronze ages before Christ, 3,000 years before Christ."

Castings in Slaton began in 1967 when M. L. Earsley began Modern Castings Corp. At the time, the Slaton Industrial Foundation, which was newly founded, was seeking new industries for Slaton. The Small Business Association agreed to loan \$350,000 if the SIF would put up 20 per cent. The combined loans enabled Modern to buy 5.4 acres of land and to build its building. The company provided its own working capital.

When Modern opened for business in 1968, it employed 21 people and had a \$10,000 monthly payroll. In the spring of 1972, Modern was sold to Goulds Pumps Inc. and Hall Foundries and Manufacturing Company Inc. In its two years of operation as G&H, the corporation has grown from less than half a million dollars annual sales to the \$1.5 million record this year.

Plans are now being finalized for a five-year growth plan to culminate in 1976 with \$9 million in sales, more than 200 employees and an annual payroll of more than two million dollars. So, the mystery of the blue and white building is solved. G&H Casting is involved in the oldest and the most basic industry of the world. While the corporation helps keep cranks turning, it is also expanding and adding to the economy and growth of Slaton.

**FILLING MOLDS** — Richard Zapata, left, and Tony Martinez, right, are filling molds with molten metal. The sand molds allow the heat to disperse slowly until the iron solidifies at 1400. After solidifying, the castings are put through a machine which cleans away particles of sand which fused to the casting.

**LAST STEP** — Grinding away the rough edges is the final step before castings are ready for shipping. Peter Cantu is using a high speed grinder to smooth grooves of a casting.

**FINAL PRODUCT** — Shown here are several different castings which will be shipped to customers throughout the United States. G&H is one of 3,000 foundries in the nation.

**Dr. Hatchett Awarded Dentistry Fellowship**

Seventeen Texas dentists were awarded the Fellowship in the Academy of General Dentistry last week at its 12th annual Convocation in Washington, D.C. The Academy of General Dentistry with some 13,000 members, is the second largest dental organization in the nation. Its primary concern is continuing education of the general dental

practitioner, to keep current with new techniques and treatment. Fellowship is awarded only after dentists have been members of the Academy for five years and have participated in 500 hours of continuing education courses. The dentists receiving the Fellowship included Dr. Don Hatchett of Slaton.

**Tranquilizer Gun Stolen; Reward Offered**

A \$25 reward with no questions asked was announced this week for return of the animal warden's tranquilizer gun stolen from the dog catcher's truck Tuesday.

"This gun only shoots tranquilizer shells, and is dangerous to the operator if any other ammunition is shot from it," said Chief Fred Clark. The gun, stolen from the truck about 3:30 p.m. Tuesday while it was parked at the police station, is manufactured by Palmer Chemical Co. and carries a serial number of AH307487. Smith Ford reported loss of a 12-volt battery and mag-type wheels valued at \$120.95 during the week, stolen from pickups.

L.A. Enloe of Slaton said vandals cut four cables on two motorcycles at his home.

On Monday at 18th and Crosby, a 1968 car driven by Bessie Mada Strain of Slaton and a 1974 motorcycle operated by Lowell Craig Belt of Rt. 1, collided. On Friday at FM400 and U.S. 84 a 1971 car driven by Mary Young David of Bryan and a 1974 truck tractor driven by William Madison Farr of Lubbock, collided. Another collision Friday, involved a 1972 auto driven by John Snow of Pagosa Springs, Colo., and a 1972 car belonging to Dennis Earl Gary of 105 N. 6th. This occurred at Shamrock Cafe.

Mrs. George Payne, 350 N. 4th, told police last Wednesday she saw a black youth leaving her home, went inside and found her purse open on a table. Only papers were missing. On Sunday, Marie Emberlee Woodfork, 885 Collins, told police \$90 was missing from her purse after a window had been broken to make entry into her home.

**WHAT IS THE PROBLEM?**  
"For what is the hope of the hypocrite, though he hath gained, when God taketh away his soul?" (Psalm 72:8)  
A while back I talked with a man who took pessimistic attitude toward the church and the world in general. He was not a Christian and the suggestion that he could never be a preacher said he had observed the lack of Christianity in congregations and come to the conclusion that will not accept simple Bible teaching. Particularly critical of the selfishness and ungodliness many who were prominent church members.  
Of course it comes with little grace for one who refuses to obey God's word to criticize anyone but at the same time, I wonder as to the motives many religious persons who absolutely refuse to be the Lord faithfully. What can be their reason for any pretence of faith? What do they hope to gain?  
On the other hand, I thank God for the consecrated and devoted Christians whose very lives are lost in His service.  
Where do you fit into this picture?

# Band To March For World Record

**WT MARCHERS** — Preparing to march 20 miles with the West Texas State University band are three local girls. From left are Sylvia Trevino, Wilson; Donna Moerbe, Wilson; and Barbara McCain, Slaton. The band is marching in an effort to be listed in the Guinness Book of World Records and to earn money to send the symphonic band to California.

The trophy will be awarded by Travelers Motor Club, to the student selected by a special committee of Larry Koslan, Kendon Wheeler, Donna Shelton, Nathan Wheeler, Mark Maeker, Randy Thomas, Henry Hunter and Windham.

## Shower Honors Mrs. Hammond

A miscellaneous shower for Mrs. Todd Hammond, nee Angela Kitten, took place Thursday in the home of Mrs. W. T. Davis Jr. Her chosen colors of burgundy and pink were used in the appointments and decorations. Hostess gift was a vacuum cleaner.

## SHANKLES GRADUATES

Navy Seaman Apprentice Kyle D. Shankles, son of Mrs. Christine Shankles of Southland, graduated from recruit training at the Naval Training Center, Orlando, Fla. He is scheduled to report to Radioman School, San Diego. The training included instruction in seamanship, military regulations, fire fighting, close order drill, first aid and Navy history.

# Piggly Wiggly Stores To Hold Down Prices

Effective last Sunday, all Piggly Wiggly supermarkets in Texas, New Mexico and Oklahoma operated by Shop Rite Foods, Inc. began waging their WIN, "Whip Inflation Now" campaign to hold down prices for the benefit of the consumer.

Major complaints from consumers in regard to food prices have been that many times the prices on items throughout the supermarkets will be changed and raised several times before the consumer has a chance to make the initial purchase.

Under the WIN program being put into effect by working for Smith Ford. Mr. and Mrs. David Elder come here from Seminole. He is employed with Piggly Wiggly. Dr. and Mrs. Michael Evans are from Dallas, and he is a dentist here.

J. B. Greer, Tahoka, is self employed. Mr. and Mrs. Gonzalo Sanchez are from Waxahachie, and he is working for Godbold. Mr. and Mrs. W. D. Sims are from Post, and he is employed by the U. S. Post Office.

Piggly Wiggly, once a price is marked on an item and placed on the shelves for sale, it will not be raised in price. The only time a price change will take place on a shelf stocked item will be if the price goes lower than originally marked.

This program being introduced to the food consumer is in conjunction with the WIN campaign urged by President Ford in an effort to halt the climbing inflation of food prices.

Piggly Wiggly will continue to offer a series of weekly specials as they have in the past. Under the WIN program, sale prices will remain in effect during the course of the sale week.

Once the sale has lapsed, the price of the item will return to the regular retail prices as listed before the sale began.

According to Shop Rite Food management, the company is determined to help the consumer, "now", in the fight against rising prices. It is the goal of Piggly Wiggly to help halt the continuous climbing of food prices and to aid the consumer in holding down prices.

Under the WIN program if the price of the item goes beyond what is marked on the item when placed on the shelves for sale by Piggly Wiggly, the price of the item will not be raised.

**Junior High Jottings**

By DONNA WITT and YVONNE COFIELD

Last week we had a football game at Frenship and the 8th grade lost but the 7th grade won.

The girls basketball team had a game this week here on Monday against Idalou at 5 p.m. The eighth won 30-20, and the seventh won 35-13.

We have one new student this week, Sherry Johnston, 8th grader, from Dallas. Several have checked out, including Irene Diaz, Domingo Gonzales, Pascual Gonzales, Rafael Diaz, Louisa Diaz, Debbie Finnell and Glenn Finnell.

This week in the Campbell's soup contest, the 6th grade is winning with a score of 795, followed by the 8th with 652, and the 7th with 297. Next count will be taken Friday.

The question this week is: What do you want for Christmas?

Marlena Riddle — Two front teeth.

Alexis Owens — A tricycle.

John Lacy — A brain.

Kevin Bales — A pacifier.

Chad Sikes — A rubber ducky.

Mr. Carter — A bus of quiet students.

Mrs. Hinkley — A bunch of quiet 8th graders.

Mr. Davis — The best Jr. High on the South Plains.

Coach Copeland — A toupee.

Everyone is invited to the share group at Junior High from 8:30 to 9 Friday. The speaker will be from "Hell's Angels." He's going to talk to us about the mean things he did, and how God took over his life.

Everyone is urged to attend the home basketball games to cheer the teams.

**SEASON STATS**  
Two and one half months of running, blocking, tackling and punting were laid to rest Nov. 8 as the Pirates rivaled their final opponents, the Frenship Tigers, which resulted in a final season record of 3-7 for the Pirates.

The Pirates offense for the 1974-75 season pulled off 530 plays, gained 88 first downs, held 22 penetrations and punted 36 times, plus they put a few scores on the board to total 90 points this year.

The Pirates tend to rush more often than pass as the statistics show 1139 yards for rushing and 203 for passing, making a grand total of 1342 yards to wind up the Pirate offensive season.

The Pirate defense has some interesting facts to reveal also, as they captured three goal line stands, recovered 12 fumbles, blocked one punt and trapped nine interceptions. The defense scored a total of 18 points for the Pirates.

The Pirates opponents made 24 penetrations, wrestled 27 touchdowns, gained 1663 total offensive yards and scored 187 points against the Pirates.

Kelly Choban, as quarterback, carried the title for the leading scorer with 34 points to his credits. Choban's statistics show that he rushed 185 total yards.

Other top rushers are Scott Armstrong with 274 yards and Steve Garcia with 203 yards.

The top three receivers for the season are Donnie Seale, 11 catches for 159 yards; Clayton Bates, nine catches for 120 yards and Raymond Jones, seven re-

ceptions for 65 yards. Penalties show up very little in the Pirate stats with only 21 penalties for a loss of 263 yards.

**HONOR ROLL**

Fifteen per cent of Cooper High School were listed on the honor roll at the end of the nine weeks.

Those students making all As include Dan Killan, Melinda Ray, Brenda Ward, Jon Feheison, Rita Pilkinton, Gail Walker and Arthur Wuensche.

Students making As and one B include Paul Braziel, Vicki Hughett, Ann Lamb, Lonny Spratlen, James Feheison, Marilyn Gamble, Debbie Pevehouse, Cindy Hagens, Randy Holloway and David Lawson and Debbie Reynolds.

Students making As and two Bs include David Collins, Cinda Ethridge, Karen Tate, Shelley Temple, Bob Cooper, Frances Hernandez, Cassie Kitten, Misty Rainy, Sandra Ehlo, Sherry Hammond, Kandy Jones, Debbie Homes, Kevin Pringle, Sheryl Tyson, and Vickie Madrid.

Students making As and three Bs include Debbie Hayes, David Martinez, Vera Perez, Schuler Trimble, Tina McBride, Diane MacSwain.

Students making As and four Bs include Virginia Cash, Jody Deatherage, Terry Gaines, Mike Lincecum, Jeff Pinkerton, Don Strickland, Helen Hernandez, Carol Angerer, Lycretia Bolding, and Janet Green.

Making As and five Bs was Brenda Mote.

**GOOD TEACHERS**  
Kay Ingram said, "To a small child's way of think-

ing, a school teacher is just someone who is trying to find out what he doesn't know." M. J. Berill said, "A great teacher is not one who imparts knowledge to his students but one who awakens their interest in it and makes them eager to pursue it for themselves. He is a spark plug, not a fuel pipe." Which of the two quotes of a teacher would fit your description of a "good" teacher? Twenty per cent of the student body was questioned over their opinions of the qualities of a "good" school teacher.

To the students, a "good" teacher is one who is equal and fair to all students, able to get along with the students, knows the subject that is being presented, and keeps the subject interesting at all times.

The greatest qualities possessed by a good teacher are a sense of humor, fair and equal treatment to all students, consideration for the students, kindness to everybody. The students feel that a teacher should have respect for, as well as demand respect from, the students. What students expect from a "good" teacher are: to prepare students for their life after school, to learn something from their class, to keep the subject interesting, and to receive less homework. According to the students, a good personality is defined as the teacher being able to communicate with students on any material, possess a sense of humor and give their students a day off every once in a while.

The ideal teacher would have no strict rules, give little homework, be fair and considerate to all the students and be prepared for class. The students rated that most teachers at Cooper High School are "good" teachers.

Twenty per cent of the faculty was also questioned over their opinions of the qualities of a "good" teacher. According to the faculty, a "good" teacher involves the person's whole personality, his knowledge of the subject, and his ability to impart that knowledge. The greatest qualities of a "good" teacher are respect for the students, maturity, and discipline balanced by a sense of humor. A teacher's opinion of the "best" teacher includes the traits of being fair, understanding, treats students as humans, interested in their fields and make their subject relevant.

Students and teachers agreed that being fair, being prepared for class and having a good personality are the ingredients in an "ideal" teacher.

**WEDDING BELLS**

Is someone married at school that you don't know about? The Home and Family Living classes have participated in a mock wedding ceremony enabling them to better understand the significance of the ceremony and the purpose of marriage.

Playing the roles of the brides were Jan Chandler, Debbie Pevehouse, and Misty Rainy. The grooms were played by Scott Armstrong, Clayton Bates, and Ricky Bates. All parts of the wedding including the minister, parents, wedding party and guests were played by the other students in the classes.

For the remainder of the semester, all students will have marriage partners to work with in areas such as financial budgeting, marital conflicts, and child guidance in hopes that they may better understand the role and the responsibility of marriage.

**STORY AWARDS**

"Paul and His Friends," a story about a boy and how he makes friends, won first place in the children's story writing contest. Participants in the contest were librarians in Junior High and High School. Each original story was illustrated. Winners of the contest are as follows:

First place — "Paul and His Friend" — Lydia Louder.

Second place — Misty Rainey.

Third place — "Nancy Gets a Dog" — Karen Speck.

Fourth place — "The Banana" — Stacy Fredenburg.

**EL CIRCULO**

The dance of "Yucatan" was just one of the many dances performed by Fiesta Folklorico in the Municipal Auditorium. The program, presented by UC programs at Texas Tech, was attended by El Circulo Espanol on Thursday. The members saw an array of many colorful and authentic costumes and talented singers and dancers. **"There's nothing I can do. I'm just one person."**

**Do you really think God is going to let you get away with that?**

If you feel one person is too insignificant to help make the world a better place, then work together with others at your local church or synagogue. Example: in Montana, one congregation was disturbed by the lack of adequate housing for senior citizens in the area. Through its perseverance, a non-profit building with 111 homes is now a reality. There are lots of things you can do, too. The God we worship expects more from us than sympathy and good intentions.
