Local People Attended Dedication of Boy Scout Park; Report 4,000 Present

The C. W. Post Memorial Boy Scout Park, located near Post, was dedicated by J. P. Fitch, regional executive of Oklahoma, Texas and New Mexico, before a crowd of four thousand people on June 29. The affair was staged as an all day celebration in the formal acceptance and dedication of the Park.

Senator W. H. Bledsoe, President E. K. Eldridge of the South Plains area council, Mrs. Phoebe K. Warner and others made splendid speeches during the day. In the afternoon, Troop 4 of Lubbock gave a demonstration of actual Scouting in practice.

A mammoth barbecue and stew was prepared for the host of people and through the efficiency of the Scout executives was served to the entire group in less than thirty minutes.

Among those present from Slaton were R. A. and Zeke Baldwin, Sam E. Staggs, J. T. Overby, John and Odie Hood, M. A. Pember and Claude Miller.

Announce House Numbering Is Completed

Harvey is through. The house number, new and shiny, now glisten from above the door of every residence and every business house in Slaton, but the cash drawer in the city hall does not jingle as it should. Some of us have been a bit negligent about calling by the City Secretary's office and leaving the fifty cents that our wife did not have when Mr. Austin called to place the number over our door.

All of us intend to pay the city; most of us will do it within the next week. We are so glad to have the town numbered, at last, that we would pay four or five times fifty cents to have the number up. Let's pay the city at once. Harvey says they are going to deduct it from his salary, if we don't hustle along with it.

If any houses have been missed, it will be appreciated by the city secretary if you will notify him about it and he will furnish you with numbers at once.

Urge Prompt Action In Making Donations To Camp Fund for Boy Scouts

"Now is the time," says R. J. Murray, chairman in charge of raising \$5,000.00 for the construction of the necessary improvements on the C. W. Post Memorial Boy Scout Park near Post, Texas, that was recently donated to the boys of the South Plains by the heirs of the Post estate.

"We have received a number of handsome donations, for which we are very thankful; but we have not received as many of the hundred dollar donations as we had hoped to, said Mr. Murray. "We know that there will be no trouble in raising this money, but those who expect to contribute must take into consideration that fact that we must have the money at once, if we are to continue the work on the improvements.

"The dam has been started that is to create the great lake for swimming and fishing purposes for the scouts. The old Curry Comb ranch house has been reconditioned and is now ready for use by the Scouts. We have plans drawn up for the mess hall and hope to start work on it in the next few days.

"If the boys are to use the new park as a camp for this year, we must work very rapidly to have the place in readiness for them in August. Unless we receive additional finances, it will be impossible to complete the work. Should we fail, a thousand boys over the South Plains will experience a cutting disappointment, for their whole hearts are set on camping there in August. With the realization that we have failed will come a bit of doubt of Dad, and these other guys who pretend that they are a fellow's friend, in the mind of every boy."

Catholics Will Erect School Building Here

Last Monday The Slatonite was informed by Rev. M. G. French, rector of St. Joseph's Catholic Church, that plans were passed upon by the church Sunday which call for the erection of a four room school building on the church property, construction to start within a very short time. The building will likely be of stucco, and will be finished in time for the fall opening of school.

Every modern feature of school buildings as provided under state laws will be incorporated in the new building, said Rev. French. Three teachers of first class rating will be employed to begin their work in the school when the fall term begins.

Recent rumors to the effect that an academy would be opened and that very extensive plans for a large school situated here would be carried out, is a mistake, according to Rev. French. He stated, however, that sometime in the future an academy might be opened here, but that such is not included in the present plans.

In addition to the new school building, the church plans to add two rooms to the home for the Sisters, and to make improvements that will provide greater comfort and convenience there.

Health of Slaton's Mayor Is Improving

Letters recently received from Mayor S. F. King, who went to Gregory, Texas, a few days ago for the benefit of his health, state that he is feeling much better already.

The Mayor's many friends here are hoping that he will so fully recover that he will be able to return here to make Slaton his permanent home. In the meantime, during his absence, Jno. T. Lokey continues to serve as mayor pro tem.

Mrs. Baxter Laid to Rest Last Friday

Following her death at 6:30 p. m. Wednesday, June 23, the body of Mrs. E. J. Baxter, mother of Mrs. E. C. Foster, was carried to Whit, Parker County, on Thursday, and the funeral services were conducted there at 11 a. m. Friday, Rev. McQuerry, pastor of the Baptist church at Whit, being in charge of the services. Mrs. C. V. Young and D. F. Alcorn, friends of the Foster family, accompanied her on their sad journey to the last resting place of the deceased. The funeral party returned here Saturday.

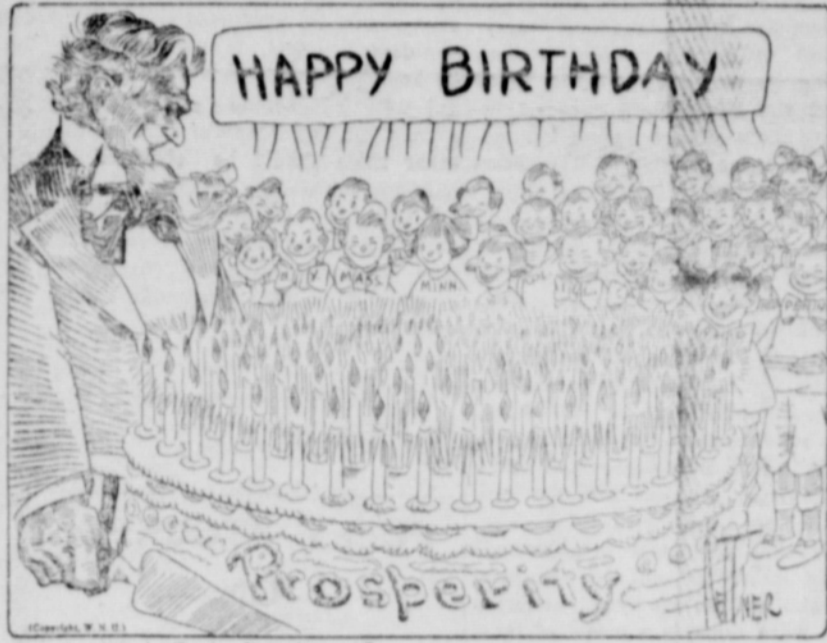

Mrs. E. J. Baxter was born in Jasper County, Miss., Nov. 23, 1843. She was married to W. A. Baxter in 1860, and moved to Tennessee. She and her family moved to Parker County, Texas, in 1886. Here her husband died in 1910. Since 1918, she has lived here with her daughter, Mrs. Foster.

Five children survive their mother and father, and one child is dead. Mrs. J. S. Owen, S. A. and J. M. Baxter, Mrs. E. C. Foster, and a son whose whereabouts are unknown are the surviving children. The first four were with their mother when she died, and accompanied the remains to Whit for the funeral.

Mrs. Baxter was converted when a small girl, but did not unite with any church until 1912 when she joined the Baptist church.

Since making her home in Slaton Mrs. Baxter formed a large circle of friends who grieve at her passing, and the many friends of Dr. and Mrs. Foster and the rest of the family sympathize with them deeply in their loss.

His Hundred and Fiftieth Birthday

Methodists To Launch Evangelistic Campaign Sunday; Services In Open

The big revival campaign of the Methodist church starts Sunday morning. Plans have almost been completed in every detail, and a large attendance is expected at every service beginning with the first.

Night meetings will be held in the open air on the vacant lawn back of the church building where a large platform has been arranged for the choir, and comfortable seats are being provided for the congregation.

Rev. J. F. Michael, well known evangelist and a preacher of rare ability and power, is to do the preaching. The music will be under the direction of the Bonney Workers—Mr. and Mrs. G. E. Bonney—who are recognized as leaders in their field. They are also reputed to be distinctly capable personal workers and leaders of young people's activities. Their presence in the evangelistic party will mean much for the success of the revival campaign.

A great meeting is looked for by the church and pastor, and the entire town is invited to attend the services and have a part in the meeting. Singers are urged to co-operate in the work of the choir under the capable direction of the Bonney Workers.

Services are to be held daily at 10 a. m. and 8:30 p. m.

City and School Tax Assessments Complete

The work of assessing city and school taxes has just about been finished, according to Harvey Austin and J. W. Buchanan, who have been engaged in this work for some time. They state that they have made every effort to see all the taxpayers, but that likely some few have been overlooked. Those who have been missed should report the matter to the City Secretary's office at the city hall, or their property will go on the unrendered list, according to the assessors' statements.

Spending Vacation At Colorado Springs

Mr. and Mrs. G. M. Ayres and Mr. and Mrs. Oran McWilliams are away on a week's vacation trip, having left here last Sunday. They have gone to Colorado Springs, and are expected to return next Sunday.

In their absence from their places of duty, Mr. and Mrs. Ayres were fortunate to secure the services of the former's brother, C. E. Ayres, of Lockney, and Mrs. Charles Whalen, of this city, to take their places in the Jones Dry Goods store this week.

NOTICE ALL MERCHANTS

Will close their places of business on Saturday night, July 3rd, and will remain closed until Tuesday morning, July 6th, except grocerymen will open Monday morning and remain open until ten o'clock. Now that all merchants have agreed on the above, each one alike, will conform to this agreement as it is unjust and

not right for anyone to take the advantage of his competitor. This will give all business men a chance to take a two days' outing.

The Slatonite 13 Years
of Ago

The following items are copied from the Slatonite of thirteen years ago. Many of our old timers here may be able to recall things mentioned here in from week to week, and doubtless it will be very interesting to them, as well as to others who will be glad to learn something of the early history of Slaton:

The Trade's Day last Saturday was a highly successful event, and the farmers appreciated the many prizes awarded them as well as the splendid entertainment provided.

J. W. Patterson becomes manager of the Alfalfa Lumber Company, taking the place of R. A. Baldwin who has resigned to devote his full time to his law practice.

The following people are on the program to be given at the ice cream social which the Methodist ladies are planning: Mrs. R. A. Blanton, Miss Susie Talley, Edith Edwards, L. P. Loomis, Mrs. A. E. Robertson, Jr., Edna Wadsworth, Dorothy Blanton, Ruth Smith, Miss Viola Talley, Mrs. Joe Smith, and Miss Bertie Proctor.

E. N. Twaddle has returned from a business trip to eastern New Mexico.

Five and seven-eighths inches of rain fell here Sunday and Sunday night.

The Slaton Sunday schools are having a big picnic in the canyon today. A large number from the town and the country are attending.

Rotarians Hear Report Of Denver Convention

The program period of the weekly luncheon of the Slaton Rotary Club was occupied last Friday noon by Pres. Floyd C. Rector in rendering a report to the members of the doings of the great international convention of Rotary held in Denver on June 14-18. Mr. Rector attended as the official delegate from the Slaton Club.

Delegates and their families to the number of nearly ten thousand were present in Denver, coming from 35 nations of the globe, and from points as distant as Australia. It was truly an international gathering, and according to Pres. Rector's report, problems of vital and far reaching importance were discussed during the five days program.

Pres. Rector's talk proved interesting in the extreme, but the time at his disposal was all too short to enable him adequately to cover the

Home Laundry Installs Hard Water Softener

Fred Vaughn, manager of the Home Laundry, announces that he has just completed the installation of a Butler hard water softener in his laundry plant. The work of installing was completed Tuesday of this week.

The new machinery is so contrived that a one and one-half inch stream of water is constantly pouring through it and being softened in the process. When the water passes from the softener to the washing machines, it has been changed from its hard state until it is really softer than rain water.

With this new equipment, Mr. Vaughn says, much better work can be done on all pieces of clothing, and especially is it valuable in achieving good results on dainty fabrics.

The expense of installing the new machinery was considerable, but it is in line with their policy to make regular and constant improvement in their service to their customers, Mr. Vaughn stated.

It's the Same the World Over; What Say, Boys?

Husbands are all right if their place but they don't amount to a tinker's something-or-other on the Navajo Indian reservation in Arizona.

The wife there is the whole show and when friend husband fails to behave as his better half thinks he should, she throws him right out of the house. She rules the roost exactly as she sees fit and when there is material trouble and the husband is given his walking orders his only recourse is to get friends to intercede for him with his wife.

A henpecked Navajo husband is shown in "The Vanishing American," Zane Grey's epic of the American Indian which comes to the Palace Theatre Thursday, Friday and Saturday, July 1, 2 and 3.

Second Annual Session Post Baptist Encampment Opens Mon. at Two-Draw

The slogan of the Baptists of the South Plains for all next week will be "On to Two-Draw," for at that lake near Post, a six-day session of the Post Baptist Encampment will be held beginning Monday, July 5. The meetings will be held regularly each day through the week, closing Sunday, July 11.

The main speaker for the Encampment will be Dr. M. T. Andrews, pastor of the First Baptist church of Texarkana. He will address the meeting twice daily, morning and night. Other prominent speakers include, Dr. F. S. Groner, secretary of the state executive board; Dr. W. F. Fry, of Abilene, Dr. J. C. Hardy, president of Baylor College for women, Belton; Dr. J. B. Tidwell, of Baylor University; Dr. S. P. Eriks, president of Wayland College; T. C. Gardner, state B. Y. P. U. secretary, and W. A. Harrell, representing the state Sunday school department. Y. P. Kuhn, of Simmons University, will have charge of athletic sports. J. E. Payne, of Lubbock, will direct the music, and Miss Weakley, of Post, will preside as one of the pianists for the encampment.

A strong program, covering a widely varied number of subjects, has been arranged, and will be a much better program than was had last year. This being the second session of the encampment, it is expected that much larger attendance will be had than was had last year.

Invitations to others besides Baptists are extended by those in charge of the arrangements for the encampment. Regardless of denominational affiliation, you are invited to attend the session and enjoy any or every feature of it.

Announce Bathing Pool Ready for Public

Messrs. T. H. Turner and John Adams state that their bathing pool located in southwest Slaton is in readiness for summer patronage by Slaton people. The pool is drained and cleaned regularly, and pure, fresh water is kept therein at all times, according to these gentlemen.

Each Tuesday has been designated as an exclusive day in the week for ladies. No others are admitted on those days. Suits are obtainable at the pool or may be furnished by the individual.

Last Friday, the Slaton City Commission signed a franchise giving A. J. McMahan, Geo. R. Brownwell, and R. A. Tipton the right to use the streets and alleys of Slaton for the laying of gas mains. In short, Slaton is to have natural gas. W. W. Graves, speaking for McMahan, says that actual construction on the hundred and fifty mile main from the Amarillo field to Slaton will be started by August 1. The gas is to be in Slaton ready to burn by January 1, 1927.

The Slaton franchise was signed tentatively on the signature of other towns along the route that would make the gas line a surety. If the line is not built, the Slaton franchise will be revoked and the city will be free to consider any other party or parties that may seek admission to sell gas from any other section.

According to the franchise granted by the city, gas will be sold here at the same rate it is sold in Dallas and other Texas cities. It has been estimated that gas at 62½ cents per thousand feet, will reduce the fuel bills of those who use it to almost one-half the price that must be paid for the same amount of coal.

Slaton is fast coming into the big city class, and should congratulate herself that we are soon to have the convenience of natural gas. It is hoped that the plans for the line's construction to this section will go through without a hitch, and that we shall be using gas for fuel by the first day of the coming year.

Richard Dix, Lois Wilson, Noah Beery and Malcolm McGregor have featured roles in the picture. The cast also includes 19,900 Indians.

PROCLAMATION BY THE GOVERNOR OF TEXAS

To the Citizens of Texas:
In an effort to decrease the hazard of collision between trains and automobiles upon grade crossings, the railroads of the United States have, for the fifth consecutive year, set aside the period June 1st to September 30th as a "no accident" period and will, by all means at their command, endeavor to add to the education of the public in a campaign which has for its watchword or slogan "Cross Crossings Cautiously."
Mindful of the fact that many of our people are killed and injured upon railroad grade crossings within the State because of collisions between trains and automobiles, and realizing that the majority of the accidents could have been averted by a greater caution, and many tragic disasters prevented, by the exercise of greater care; and further appreciating that only in the education of our drivers to the extreme hazard of the grade crossing, can we hope to secure a greater freedom from these unfortunate accidents.
I am therefore urged by the dictates of common humanity to make

On Wednesday, June 16, the Philathea class of the Baptist Sunday school had a business and social meeting, assembling at the home of Mrs. H. C. Burrus. Mrs. Lies and Mrs. Clotton were assistant hostesses.

During a short business meeting, Mrs. Hardesty resigned as teacher of the class, and the committee appointed to recommend a study course for the class, reported, suggesting that we study "Winning to Christ." The report was adopted and the study will begin in September.

A two-course luncheon was served, and various games and contests were engaged in by the guests.

cause with the railroads in their efforts to save life and limb, and would call upon the people of Texas to make the period June 1 to September 30, a period which shall give happy testimony of their adherence to a primal law of nature—that of self preservation of those dear to each of them. Let caution be your guide, and thought, destroy a hazard that carelessness is certain to engender. The automobile has become one of the potent influences of our existence. Let us make it a greater and more permanent blessing by robbing it of part of its capacity for harm, and in the complete education of the driver find some sort of panacea for an evil that we cannot disregard. Life is worth every possible protection, and a minute lost at the grade crossing is surely a small price to pay for safety.

Therefore, I, Miriam A. Ferguson, Governor of Texas, do proclaim and set aside the period from June 1st to September 30th as "No Accident" period and urge the people of Texas to help to lessen the hazards of the grade crossing.

A SANE FOURTH

As we approach the anniversary of American independence again, it will be mighty fine if we remember to exercise the proper care in our department—the kind that will prevent injuries to ourselves and to our children. Of course the boys will want the usual thrills from the use of fireworks. And, many will stop their ears to prevent getting the full benefit from the loud reports giant torpedoes will make.

This little fellow is entirely too close, and he knows it. Unless his daddy or his mother or some brother, or sister or friend comes to his rescue, he's going to be in real danger on the fourth. Many little boys and older people, too, are going to need watching or else some kind of accident will overtake them during the holiday season.

While the fourth comes on Sunday this year, those who have conscientious scruples against celebrating on that day will do so on Saturday preceding or on Monday following—maybe both. It's no joke that we should try to make it a safe and sane fourth, for every year lives are snuffed out by the scores by careless pranks on July the Fourth.

Play safe. Make this fourth a sane one.

A busy man never has time to grouch because his competitor "gets on his nerves" when he puts it over him regularly, consistently and fairly.

Our girl is so dumb she thinks the Woolworth building could be bought for fifteen cents.

Its time to call a halt, when the lawyers flip a coin to decide whether to plead insanity or self-defense.

Its none of our business, but why is it that everytime the clock strikes the young man jumps but never leaves?

What has become of the old fashioned girl that blushed when bathing was mentioned?

We saw in one paper a few days ago that "a busy man never has time to foot his own hern." On the same page that same paper tooted itself to the skies and back. Sorry the editor ran out of anything to do.

Durwood Bradley Addresses Large Crowd

Last Saturday afternoon Durwood H. Bradley, candidate for District Attorney in the 72nd Judicial District, composed of the Counties of Lubbock, Crosby, Hockley and Cochran, spoke to an audience of more than 1,000 people on the city hall lawn in Slaton. The speaker was frequently interrupted with cheering and it was evident that it was a Bradley crowd.

Mr. Bradley was introduced by W. F. Kelley, an attorney of Fort Worth, who was visiting in Slaton, and who knew Mr. Bradley as a member of the Tarrant County Bar. He lauded Mr. Bradley, both as a man and as a lawyer, in glowing terms, assuring the people that, while he knew neither of the other candidates, they could make no mistake in electing Durwood Bradley, because he was clean, fearless, able and conscientious.

Mr. Bradley spoke for more than an hour, and the longer he spoke the larger his audience grew. There were two outstanding qualifications a district attorney should possess, he said. He must be well grounded in the law, and he must be honest in office and willing to do his full duty. He promised, if elected, to prosecute every law violator without fear or favor. Particularly caustic was the speaker in his denunciation of the bootlegger and expressed his determination to prosecute this class of offenders unremittingly.

Mr. Bradley vigorously attacked the record of his opponent, and present incumbent in the office, W. C. Witcher. He took up, one by one, the cases that have been handled by his opponent in Lubbock and Crosby counties and explained the disposition of each, declaring that in Lubbock County alone his opponent had caused the dismissal of 96 cases after Lubbock County grand juries had returned indictments, and declared that in the vast majority of cases where his opponent claimed credit for securing convictions the defendants had pleaded guilty.

While the speaker was severe in his criticism of Mr. Witcher's official record, he referred to his other opponent, Owen McWhorter, in complimentary terms and said he was "a gentleman."

Mr. Bradley discussed his war record, saying that he served overseas as a captain in the 36th Division for 27 months, and altogether had 600 men under his command, each and all of whom would speak for him in the highest terms, and he read a number of communications received from his former "buddies" in the late war. The climax of Mr. Bradley's speech was the reading of a telegram from Fort Worth, addressed to Hon. Pink L. Parrish, Mayor of Lubbock, and which was handed to the speaker after he mounted the platform. Mr.

Cross Plains—\$15,000 has been appropriated by the state highway commission for the purpose of improving the corner of Satte Highway number 23 through this county. This gap is the only weak link in the chain from San Angelo to Fort Worth via the Bankhead Highway.

Bilious dull feeling

"MY old stand-by is Thedford's Black-Draught—I have used it off and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.

"I get bilious and have a bad taste in my mouth. My head feels dull. I don't just feel like getting around and doing my work. I know it isn't laziness, but biliousness.

"So I take a few doses of Black-Draught and when it acts well, I get up feeling like new—'full of pep' and ready for any kind of work.

"I can certainly recommend it." In case of biliousness and other disagreeable conditions due to an inactive liver, Black-Draught helps to drive the poisonous impurities out of the system and tends to leave the organs in a state of normal, healthy activity.

Black-Draught is made entirely of pure medicinal roots and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone. Sold everywhere. Price 25c.

The latest in sheets is the "scandal-sheet."

Often a man's idea of harmony is that all other men shall be puppets and he shall be the dictator.

Ignorance is valiant; knowledge is cautious, but only Truth and Wisdom are possessed of genuine courage.

When it comes to steering the old financial bus just most any sort of a driver can run into debt—and most of us are exactly that sort of a driver.

If the heathen could hear both sides we wonder whether he would then be a Modernist of a Fundamentalist.

It is said that the modern girl will stop at nothing. This is a gross misrepresentation. Look at what some of them marry.

Women are so usurping the province of men it has just about gotten so we cannot get a hair cut any more without feeling effeminate

The most inhuman being in the world is a human—just the ordinary, average, stuckup, egotistical, selfish, cold-blooded human.

The path of man's progress is strewn with the bleached bones of his discarded and abandoned beliefs.

One's patriotism is not to be measured by his hatred for some foreign state or alien people, but by the quantity and quality of service he renders to and for his own country, and by his own country we mean that nation or power to which he owes allegiance, either by reason of birth or adoption.

The world has thousands of beliefs, each forming a nucleus about which gather many or few adherents. These beliefs may be roughly divided into two general classes. Those which find their origin in the things man does not know, and those which find their origin in the facts he has discovered. Most beliefs that are current in the world today rest upon pure supposition—they are monuments to man's ignorance, but nevertheless at the same time each affords proof of man's determination to climb from his present lowly estate to a more exalted station.

Lynch Davidson says he is bound to win the governorship because his cause is just; but that even if it were not just, he would win, anyway, because of the tactics of his opponents in fighting him. Lynch, in Lynch's opinion, is just bound to win—just can't help winning!

If one wants to know what the gubernatorial candidates other than Mr. Davidson, are doing and saying, he must look elsewhere than in the Lubbock Avalanche. Maybe the Avalanche doesn't know others are in the race, or maybe it doesn't like any of the others. Who knows?

A newspaper editor has an inalienable right to toot his own horn, even though at the time of doing it he lambasts others for doing that very stunt; but our unalterable position is that whenever an editor starts tooting a tune about his circulation he ought to toot the truth, and thereby save himself embarrassment in the event his hand should be called because of wilfully made false representation, designed and intended to deceive and mislead. Sabel!

Jim Ferguson made such a "bust" at Wichita Falls when he declared the people of Texas do not owe the debts represented by the road bonds they have issued and sold, that it has been necessary to call in Joe Bailey to help him explain that what he said he didn't say and what he didn't say he actually said. Joe and Jim are both good explainers to that class of people who do not know the meaning of ordinary English words. In all others they awaken a sense of humor.

Even though a district attorney can dismiss indictments almost as fast

as grand juries return them, it may be a small matter of consolation that he cannot dismiss them faster than they are returned. But, then, Ma seems to have popularized promiscuous pardoning among a certain class and it may be that the appointee of a pardoning governor has an ambition to out-pardon his pardoning appointor.

MILT GOOD CAUGHT

Over at Antlers, Okla., last Saturday, the officers ran across Mil Good, who escaped from the Huntsville penitentiary last November in a daring prison delivery. Tom Ross went out with him. Both of them were serving long sentences for murder, and their cases are familiar to all West Texans. Good was arrested Saturday and will be carried back to prison. Ross is still at large.

Texans have wondered why Good and Ross were permitted to make their get-away in November, and they are now wondering if the prison will hold Mr. Good within its walls very long again.

BOILETICS

A short time back this page lamented that we missed so much publicity because we are not a prize fighter, pointing out that when Jack Dempsey had a boil the news of it was sent broadcast over the world.

State Press in the Dallas News, who gives free, and therefore unappreciated, advice to the love-lorn, to bald heads and to teething babies, gathers up our comment, or lamentation, bodily and sets it down in the heart of the two erudite columns of the editorial page of the second best newspaper in Texas, and in fact the best daily published in this commonwealth, then proceeds to delve into his encyclopedia, his discarded textbook on physiology, and last year's almanac, and writes an exegesis on the subject of Boils.

State Press covers a wide range of titles and sub-titles while groping in the darkness for information pertinent to his central theme of Boiletics. He falls into many errors, many; but that is to be expected, for it is certain that State Press never had a boil, and therefore is out of his element in attempting to dissertate upon them.

It is hinted, if not plainly stated, that Jack gets publicity over a boil when we do not, because Jack is a public institution and we are not. It is further intimated that United News, who broadcast Mr. Dempsey's good fortune did so to aid the cause of better pugilistic champion while he was nursing a large, red, angry-looking, painful, sensitive, petulant, purple excrescence on his neck. From that effusion the erudite S. P. takes a long leap backwards, and consults Brother Job, and in so doing we must admit that he has gone direct to headquarters for information on the subject of boils.

Then S. P. grows highly speculative. He says that in Job's day as in our day, and Jack Dempsey's day, boils were caused from germs. If we were a fundamentalist we would say that dictum is not only old, but it is as yet only a hypothesis, which is even less than theory, and a far cry from an established fact. No germ had anything to do with our boil; leastwise, we saw no germ. But we did not much concern ourselves with causation. There ought to be a law confining boils to pugilists.

There is this difference, summing up the whole situation: A prize fighter is a public institution, whence it follows that a boil on such institution is news; whereas a country editor is small punkin, and what is news on the former is a purple excrescence and a personal affliction on the other. Anyway, we'll say it's personal!

RAIDED

Lubbock officers, city and county, joined in a raid on Mexican town over at Lubbock last Saturday night. Four Mexicans were arrested and nearly a thousand bottles of beer seized. While the officers were making the raid, a number of prominent citizens of Lubbock were said to drive up to purchase their beer supply. However, according to the Lubbock Avalanche, when they saw the officers they changed their orders to cigars.

Among those who arrived while the officers were raiding the Mexican quarters, were said to be several young women in search of their drink.

Not many newspapers in Texas are proud of the fact that they are singled out by Jim Ferguson as special marks for Ferguson favor. Personally, we're glad Jim doesn't think much of us, for we certainly could not return the compliment if he did. But, a few dollars for advertising will tickle the ribs of some editors yet.

Exchange Shots

BOILETICS

The other day when Jack Dempsey had a boil the United News sent the "news" broadcast over the world. And the other day we, too, had a boil, and just think of what we missed by not being a prize fighter.—Slaton Slatonite.

It was important to know that Mr. Dempsey had a boil, because if he had engaged in his profession of fighting while the boil was boiling he must have lost. No man can get hit on his boil, when he has one, and not lose. In such a case the friends of Mr. Dempsey, who might have wagered sums of money on him without knowing he was boily, could have blamed the newspapers for not informing them of their hero's inflammation. Imagine a prize fighter entering the ring with a large, red, angry-looking rising on his neck—and then imagine his antagonist aiming a smashing blow at the purple excrescence! It makes the reader scringe to think of. As for the boil which belonged to the editor of The Slatonite, that may have been as painful and sensitive and petulant as Mr. Dempsey's, but it wasn't a public institution. It was only a personal affliction.

When Job was afflicted with boils it was a matter of such consequence that an entire neighborhood became interested and Job's experience was written up by an historian whose work remains a model of terse but comprehensive reporting down to this day. Job didn't know it, living as he did in an era where medical practice was grounded in superstition, yet it was as true then as now that boils are due to germs and the way to cure a boil is to apply a germicide. The application must be sufficiently strong to destroy the invisible interlopers, yet not strong enough to destroy the sufferer. The doctor is supposed to know what is strong enough and not too strong.—State Press, in Dallas News.

IMPRESSED BY MOODY

Dan Moody is not the impassioned orator-pleader with thunder and lightning effects like Texas has been led to want its candidates to be during the last few years (but he is good material for governor of Texas—probably a change in the type would do us good—is the impression generally of the Floydada supporters of the youthful attorney general, who heard him at one point or another on his swing through the Panhandle last week.

He is cocksure of his points relative to the highway situation, especially with regard to Mr. Ferguson's part in its handling during the first year of his wife's administration, probably because Moody handled the case himself and his first-hand knowledge of the situation. He is also good at epitomizing what has become the campaign issue, confessedly on both sides—Fergusonism.—Floyd County Heeperian.

Mr. Moody has made a good impression on his hearers everywhere he has been, according to the newspaper dispatches. More comment, and the favorable kind, is being and has been made upon Mr. Moody as a man and as a candidate than has been upon any other—yes, all the other candidates for governor. This is a pretty good gauge of public sentiment, and if it can be relied upon, Mr. Moody will almost be nominated in the first primary. However, this could hardly be expected. But, there is a real reason why people are liking Mr. Moody. One thing is that they are doggedly tired of Fergusonism, the definition of which is greed, graft, political chicanery, anything personally remunerative regardless of how much the people suffer—and all the time keeping the people fooled, if possible. That's Fergusonism, pure and simple. At least it's simple, but we doubt that there is one drop of purity in all of it. And, that's the reason folks are liking Dan Moody—he's helping the people rid themselves of the deadly disease they have suffered from all too many years—Fergusonism.

WE ARE YOUNG

One hundred and fifty years ago the famous Liberty Bell first clanged on American independence, and in Philadelphia they are celebrating the anniversary with a great exposition.

James T. Montgomery, who for 25 years stood guard over the sacred bell, is dead, on the eve of its 150th anniversary.

America is a young country and to Americans 150 years seems a long time. But not so long when you stop to think that a thing that is as old

as the greatest nation on earth has been watched over by one man for one-sixth of its life.—Amarillo Globe.

Yes, America is about to celebrate the 150th anniversary of her independence. On July fourth the flags will fly and people will "celebrate," but how many will realize what it cost our distinguished ancestors to purchase that freedom so dear to the hearts of all true Americans? And, speaking of the waving of flags on July the Fourth reminds us that some of our people need a few lessons on the proper handling of the flag. For one thing, the flag should never, by any means, be permitted to fly after sun-down. And, it should always be kept clean, and never allowed to get wet. It should not drag the ground on any occasion. These and other rules should be observed in handling the flag. Be sure you treat Old Glory with the proper respect, for that flag is the emblem of independence, freedom, purity and courage, regardless of what bolsheviks think about it.

The Slatonite is a believer in Slaton, and Slaton believes in the Slatonite.

DAN'S WIT

At Longview the other day, Dan Moody, while making a speech before a large crowd of enthusiastic supporters of his candidacy, remarked that one objection he heard with reference to his becoming governor was on ac-

count of his being a young man. "But," said Mr. Moody, "I am daily overcoming that objection."

Pretty good. Not a single other candidate can say the same thing, for all of them are becoming old, and they are not daily overcoming it, either.

SCHOOL AGAIN

A little more than a month of the summer vacation gone and we find ourselves beginning to think of the session of 1926-27.

Our young people are scattered, many of them working at responsible jobs and almost every one doing his best or her best to be helpful at home with the burdens and duties that have been cared for by the parents while they were in school.

We think that our young people are remarkable in that they do not fear work. It used to be said that our educational systems tended to make our young people shirk and shun labor. We deny this and assert that on the contrary those who have the best interest in education make the best workers at any task set for them whether that task be physical or mental.

It would be a great pleasure for us if we had the time and space to tell you what the boys and girls of Slaton High school are doing during this summer vacation. We are sure that it is gratifying to our parents to find that so much appreciation on behalf of their children is being shown.

We notice that the streets are almost without any young men for they are out doing their bit in different lines of work. This is right, and we are glad to be able to note conditions as they are.

But within two months the schools will again open and the process of educating and character building will begin its intensive work. And it is a great work and one in which every one of us may have our part.

The Slaton boys and girls who have gone out as graduates of our schools are making fine records. We shall give to the readers of our papers a list of these names soon and we want their help in locating them and following up their careers.

Do you know that nearly every boy and girl has set a goal for his or her life's work? Talk to them; and you will find that they are looking at life much more seriously than one would suspect. The school and the home must so environ the dear boys and girls that they can and will realize on their ambitions.

We would not have the responsibilities of the future weigh too heavily on these boys and girls but we would have these young friends confident of their own ability to successfully meet the issues of life because they have prepared themselves by God's help to face whatever the future may bring to them.

Now our schools are for the express purpose of helping every boy and girl in our town to find himself and to put him to work on the job of fitting himself to become useful citizen in the community in which he

resides. No time to lose, dear parent! Think how they grow, and how soon they become grown up!

In this small city just in the last four years one hundred and forty-nine have graduated. Do you remember how small they were four years ago?

That small boy of yours, father, will soon become a man. That small daughter, mother, will soon become a woman. What sort will they be? Just what goes into their lives and characters within the next few years.

The schools must resume their responsibilities not mentioned in her care expected to do a great deal and unless we meet these expectations many things will be lost to these boys and girls. Whether we will or not, the lives of our boys and girls are, in a measure, moulded by the personality of our teachers.

Great care has been taken, therefore, in their selection. A great responsibility rests upon us, as a school management, in hunting out and employing the teachers who will give of their very lives the best things for our children. We have asked our teachers, "Do you believe the theory that, 'the teacher assumes moral responsibilities not mentioned in her contract?'" What do we mean? Certainly, we mean that character is built in the school room and that the personality of the teacher and her daily life and example is the strongest factor in the whole process.

We hope and believe that we have secured for your boys and girls a corps of Christian men and women with not only the best of educational training, but who will not measure their efforts merely by the amount of their salaries, but who are willing to earn more than they are paid by helping in the great work of building worth while lives out of the boys and girls who come under their influence.

We ask for your confidence in these teachers for your children's sake. Your critical attitude, which might be unfair, could rob your child of some

beautiful service that these teachers are anxious to give them. Please know your teachers. Without this and without your confidence, we cannot do our best.

Do you know that it is possible that we may co-operate in our schools that we could stand far above the average in our work of turning out good students who will make good and useful citizens? At any rate the present management is committed to such a program and we truly feel that every parent and friend in Slaton will lend every influence possible, to such an accomplishment.

We love your boys and girls for we feel that in a very real way they are our boys and girls, also. Nothing shall be left undone that in our judgment will add to their uplift.

Open Air Revival Begins Next Sunday

The open air revival meeting of the local Methodist church will begin next Sunday under the leadership of the Holy Spirit, and those who will assist in the meeting. The night services will be held in the open space on adjoining lot west of the Methodist church, and the morning services, at 10 o'clock, will be held in the church.

Rev. J. F. Michael, of Abernathy, pastor-evangelist and the "Bonney Workers," of Dallas, will be our helpers. The pastor has secured the very best help possible for these meetings. The evangelist, Rev. Michael, spent several years as pastor of different churches of the M. E. Church South, in Colorado, where he has spent most of his ministry. Prior to that time he was pastor of several churches in Missouri, his native state. He is a preacher of unusual and winning pow-

er and ability. He preaches the pure gospel of the Son of God, and depends altogether on the leadership of the Holy Ghost.

The singers, G. M. Bonney and wife, will have charge of the music and chorus work. They sing the old-fashioned Gospel songs, and their solos and duets always reach the hearts of the people. Mr. Bonney is a musician of rare ability, and a great leader in chorus work, a great worker, and soul winner, and also his wife. They are wonderful workers among the young people and children. This is their specialty, and they have had wonderful success in all their meetings in different cities in Texas, where they have been working the past few years during the summer months, and in the east and northeast during the winter months.

Mr. Bonney had charge of the choir in Boston, Mass., of a great church, for a pastor who is now pastor for Mr. Coolidge, in Washington, D. C.

He has also been choir leader for many other large city churches. Also he was once associated with Locket Adair in revival meetings in Texas.

Mrs. Bonney is a woman of wonderful spiritual power, and will have charge of the woman's prayer meetings. The prayer meeting services will be announced next Sunday by Mr. Bonney. Be present at this first service.

At the 11 o'clock service the presiding elder, Rev. D. B. Doak, of Lubbock, will preach. At the night service, which will be held in the open air, the evangelist will be on hand and will preach. Third Quarterly conference at 3 p. m.

We extend a most cordial invitation to all the singers of all the churches to come and assist the Bonney Workers in the large chorus. The platform has been built, and will accommodate all the singers of all the churches in Slaton and community. Be sure and come and fill your place on the platform, and let's have the largest and best chorus to lead the great congregation we have ever had. Gospel songs will be used—familiar songs, soul-stirring songs, songs of Zion, that have been honored of God, in all the churches and have not lost their soul-saving power.

We also extend a most cordial invitation to all the churches to come and heartily co-operate with us in these revival efforts to bring men and women and boys and girls to Christ, and help make the town better—a revival that will be of spiritual power and blessing to every church, and every home in Slaton.

Also a very cordial invitation is extended every person in our town and community who is not a member of any church. Come and enjoy the gospel sermons, the gospel singing, and get the blessings that come from the preaching and singing of Gospel Truth and also the fellowship of God's people.

Yours for a Pentecostal revival,
A. B. DAVIDSON, Pastor.

CITATION BY PUBLICATION

The State of Texas.

To the Sheriff or any Constable of Lubbock County, Greeting:

You are commanded to summon Clifford Chaddick, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court, in and for Lubbock County, to be holden at Lubbock, Texas, in said Lubbock County, on the 16th day of August, A. D. 1926, then and there to answer a petition filed in said Court on the 8th day of June, A. D. 1926, in a suit numbered on the docket of said Court No. 2557, wherein Ura Chaddick, is Plaintiff, and Clifford Chaddick, is Defendant, and said petition alleging that it is a suit for divorce, on the grounds of cruel and inhuman treatment of defendant toward plaintiff; plaintiff alleges that she and defendant were lawfully married on or about Nov. 9, 1921, and continued to live together as husband and wife until in January, 1924, defendant, finally, without cause or justification, left and abandoned plaintiff at Slaton, Texas; that during said marriage relations, plaintiff alleges she was a kind, true and loving wife and helpmate, and at all times managed the household affairs of her said husband with prudence and economy, and in all things kept and performed her marital contract; that about a year or year and a half after said marriage, plaintiff and defendant got along well, but thereafter, defendant began a course of harsh, cruel and inhuman treatment toward defendant, which made their further living together as husband and wife insupportable; that plaintiff's maiden name was Miss Ura Taylor.

Wherefore, plaintiff prays that upon final hearing hereof she be granted an absolute divorce from the defendant; that the maiden name, Ura Taylor, be restored, for all costs of suit, etc.

HEREIN FAIL NOT, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my seal and official signature, at office in Lubbock, Texas, this 8th day of June, A. D. 1926,

LOUIE F. MOORE,
District Clerk, Lubbock County, Texas (SEAL) 43-4
