Number 46

# Independence Day

Tomorrow marks the one hundred and sixty-sixth anniversary of the Declaration of Independence . . . our forefathers fought to establish these principles and we are fighting to hold them today and to allow the other people of the earth the right to live in a world free of oppressions.

Never has Independence Day meant more than it will tomorrow. Hundreds of our Slaton young men are on the battle lines, on ships, in the air and in training to defend the principles laid down in the Declaration of Independence and as we take stock of what confronts each and every one of us today we should band together in every patriotic enterprise, in every war effort, in every sacrifice to give our fighting men every ounce of help that we are capable of giving.

The Fourth of July of 1942 is one of the most important in the history of our nation and of the world . . . we face great dangers and we must accomplish great feats to be able to continue to live as free men. We are only individuals in a big nation, but each and every one of us here in Slaton can do our part and your part must be done if Victory is to be ours.

## 80 Young Men Register Here For New Draft

J. H. Brewer, who directed the registration of all young men from 18 to 20 in this section of Lubbock County reported that 80 young men were listed here last Tuesday.

"A large number of eligible men were expected to register, but it is evident that many of our younger men have either entered the armed forces or have gone into defense work in some other part of the nation," said Mr. Brewer.

As in the previous registrations the volunteer help was most accurate and greatly appreciated by those in charge of the work. Mr. Brewer stated that the use of type writers furnished by the schools as well as the help of the high school typists was of great help. The work of Miss Dorris Clifton was especially appreciated for securing the typists and arranging for many of the details.

## BUSINESS FIRMS IN SLATON TO CLOSE ALL DAY 4TH OF JULY

### TO INSTALL OFFICERS

The new officers for the coming year will be installed at a called meeting of the organization to be made by its new Grand Knight as soon as District Deputy Joe Moore of Lubbock can meet with them to officiate.

Mr. Moore's district covers Slaton, Nazareth, Hereford and UMBARGER.

The new officers of the Knights of Columbus were elected in June. They are: Father T. D. O'Brien, chaplain; Florence Strube, Grand Knight; M. Verkamp, chancellor; Fabian Stahl, recording secretary; M. F. Braden, financial secretary; Paul Buxkemper, treasurer; Gilbert Verkamp, warden; Erwin Ehler, advocate; Edwin Verkamp, inside guard; Bill Siderman, outside guard.

A. E. Hlavarty was elected as a new trustee to serve with the hold over trustees Joe Grabber and Burnett Nesbitt. A lecturer will be appointed.

## BICYCLE RIDERS TO FIRES IN GREAT DANGER SAYS CHIEF

In a warning to parents of children who have bicycles, Chief of Police Yeats says that unless the youngsters are stopped from riding their bicycles to fires that a heart-breaking tragedy will occur.

The danger to children was demonstrated last Monday evening when the fire department was called to the Driver residence on East Panhandle to extinguish a grass blaze. The streets were so clogged with young children riding bicycles that the fire trucks were compelled to stop several times before reaching the Driver home.

Not only is such practice by the children most dangerous, but it also is a great hindrance to the Fire Department in doing their duty.

The Chief of Police also reported that a large number of cars interfered with the fire trucks. Such practice by car owners is against the City laws and is a grave danger to the occupants of the cars, to the Firemen and to the public safety. Mayor Teague asks that both the drivers of cars and the parents of children cooperate with the City in making the duties of the fire department less hazardous.

## Tech Teachers Go Into Army

LUBBOCK, June 1.—Four Texas Tech faculty members have resigned recently to enter military service and defense work.

John Harding, assistant professor of economic and business administration, has been commissioned a second lieutenant in the Army Air Corps and has entered service at the Lubbock Army Flying School.

Dr. Benjamin Bock, instructor in government, has been commissioned a second lieutenant, and is on duty at the Lubbock Army Flying School.

Casey Fine, assistant professor of animal industry, has been ordered to report July 2 for training at the U. S. Naval Reserve Midshipman's School in New York.

Robert P. Vail, assistant professor of mechanical engineering and co-ordinator of civilian pilot training at the college, has accepted a place with a war production plant in Amarillo.

In today's paper we are publishing one of a series of advertisements that were prepared by the Defense Savings Staff of the Treasury Department. There will be six messages to come to you telling of the importance of the messages was prepared to dramatize the war and its effect upon you as an individual. The subject matter is interesting, the art work effective and the message of vital interest to every citizen of the United States.

These messages are brought to you through the cooperation of West Texas Cotton Oil Co., J. H. Teague Jr., J. H. Brewer Agency, Davis Gin, Kessel Department Store, Berkley & Haddock, Pembers Insurance Agency, Johns Dairy, Union Compress and Warehouse Co.

### THE WAR MUST BE WON SAYS ALLRED

James V. Allred, under whose administration as Governor the social security program in Texas was started, warned Texans that preservation of social gains depended upon the successful prosecution of the war against the dictators.

"If we don't win this war, there won't be any pensions for the old people of Texas and there will be no security for any of us," the candidate for United States Senate said.

"Any threat from the isolationist bunglers who would slow the war program of President Roosevelt is a threat to the security of every old person in Texas, because if we lose the war, we lose everything."

### SLATON STILL HIGH IN WAR BOND SALES

With a \$20,000 War Bond quota for June recorded purchases at the Post Office and at the Citizens State Bank showed a total purchase here of \$18,100.00 which is \$2000.00 short of the amount set. Purchases at the Post Office showed a total of \$11,800 and at the Bank for \$6,250 for the month of June. To date Slaton has gone over the total quotas for the year and if the salary deductions for the railroad employees for Bonds is taken in account then Slaton more than bought its share of Bonds in June although June was one of the poorest months so far for war bond purchases since the first of the year.

### BOYS SODALITY TO HAVE DANCE TOMORROW NITE

The Boys Sodality of St. Joseph's Catholic Church are sponsoring a dance tomorrow night at the Legion Hall. The public is invited to attend. Dancing will start at 9 o'clock and will continue until everyone leaves.

### Window Peepers Reported Here

Chief of Police Austin Yeats has had six complaints this week from homes in Slaton of window peepers. Whether it is one man or more has not been discovered, but the description from all six indicate that it is one and the same person.

So far, no thefts have been reported. Mr. Yeats says an early report to him will help in tracing down the trespasser.

### SLATON BOY MADE SERGEANT

FORT SILL, OKLA.—Technician 4th Grade Julian H. Hodges Jr., Battery C, 27th Battalion, Field Artillery Replacement Training Center, son of Mrs. Anna J. Hodges, Slaton, has been promoted to the rank of sergeant.

## THIS WEEK'S WAR MOVES

U. S. production of planes has reached the level of "nearly 5,000 a month," and by next year we will have reached the President's goal of 10,000 a month, the Senate Appropriations Committee announced. Army Air Forces Commander Arnold congratulated the Vega Aircraft Corporation at Burbank, California, on being six months ahead of schedule on production. WPB Chairman Nelson, after a tour of the automotive industry in Detroit, said American industry could "more than double present production by 1944." He also said the Government Synthetic Rubber Program would be able to take care of "all war production and essential civilian needs" by 1944. Despite the fact that almost twice as many light arms are required per man since the development of parachute troops, the Army has enough weapons to arm every soldier in the U. S., and all it can send abroad under present shipping conditions, War Under-

(Continued to back page)

### Last Rites Read For Henry Dreyer

Funeral services for Henry Dreyer, 81, resident of Slaton for 16 years, were conducted at the First Methodist Church yesterday afternoon at 3 o'clock with the Rev. Herber, Lutheran minister from Wilson officiating.

He died at his home, 450 West Lynn, at about 1 p. m. Tuesday. He was born August 7, 1860.

Henry Dreyer is survived by his wife, two sons, Reinhard Dreyer of Wilson and Robert Dreyer of Shiner, Texas, and six daughters, Mrs. Will Bruchner, Mrs. John Sanders, Mrs. Anton Ahrens, Mrs. Rudy Maeker, Mrs. Bill Kloes, and Mrs. Elbert Gum, all of Wilson.

Body was prepared for burial at the Williams Funeral Home. Interment was held at Englewood Cemetery.

### 5000 POUNDS RUBBER COLLECTED AT UNION

Approximately 5000 pounds of scrap rubber was turned in by the Union Community according to Mrs. W. A. Johnson and Mr. R. M. Cade, community Victory Leaders. About 60 homes were visited in a house to house canvass and the response was 100 per cent. To the children of the community should go the credit for collecting the rubber and the money was used by most of them to buy War Stamps.

### SLATON MAN PROMOTED

John G. Roaten, son of Mr. and Mrs. Shelley Roaten, 402 S. Ninth St., and now stationed at Goodfellow Field, Army Air Corps basic flying school at San Angelo, Texas, recently was promoted from the rank of private first class to the rank of technician fourth grade.

Technician Roaten is attached to the Medical Detachment.

## Slaton Firms And Individuals Present Treasury Department Graphic Patriotic Appeal

### Farm Loan Rates To Remain Low

Waco—Interest rates on federal land bank and commissioner loans will remain at 3½ percent for an additional two years if legislation supported by the American Farm Bureau Federation is approved, according to information received this week by J. Walter Hammond, president of the Texas Farm Bureau.

"The House of Representatives has already passed the Pierce Bill (H.R. 6315), extending the 3½ percent interest rate on farm loans for two more years," Mr. Hammond said. "The Senate has passed the Bankhead Bill which extends the authority to make commissioner loans for four more years. The Farm Bureau has supported both of these measures."

### SLATON MAN CATCHES 32 POUND CAT FISH

Joe Bob Stevens returned last Saturday from Buchanan lake with two fingers lacerated and the back end of his car filled with large fish. The largest one weighed 32 pounds. Most of the fish he caught were yellow cat and he received the cuts when the fish finned him.

### Revival Starts At Church Of God

Sister Storks, missionary from Africa, will speak at the Church of God, 820 South 5th street, on Sunday and Monday, July 5 and 6. A revival meeting will begin on the above date and the Rev. Jack Gilbert will conduct the services. Preaching begins at 8:45 every night. The public is invited to attend.

Mrs. Lee Green, manager of the Retail Merchants Association, says that a decision by practically all of the business firms was made this week to close all day Saturday, July 4th. The Drug stores and service stations will probably be open for business, but a canvass of most all other lines revealed that business would be suspended, even if the 4th does come on Saturday. Supplies for over the week end should be made today.

### 1100 Get New Motor Stamps

Up until six o'clock Tuesday, June 30 eleven hundred Federal tax automobile tax stamps had been issued to motorists at the Slaton Post Office.

This is short of the number of cars in this section but many have been secured at out of city localities. All cars and trucks are required by Federal law to have the stamps on their cars or trucks now.

### MORE WOMEN NEEDED FOR RED CROSS WORK

"We wish to urge that more women aid in the Red Cross sewing projects. Up to the present we have not received much cooperation and any woman who sews is needed to help us," said Mrs. Dick Odom, Publicity Chairman.

Women in charge of the Red Cross sewing room are: Mrs. T. A. Turner and Mrs. M. L. Turnbow on Monday; Mrs. C. L. Pack and Mrs. J. H. Teague, Jr. on Tuesday; Mrs. W. H. Dawson and Mrs. C. L. Tanner on Wednesday.

Sewing rooms are open from 9 to 12 a. m. each Monday, Tuesday and Wednesday and as many as 10 ladies can sew at one time.

The Sewing Room is located on the floor above Teague's Drug Store.

In order to introduce the candidates for County, Precinct, District and State to the voters of this section a gathering will be held on the City Hall Park next Saturday July 11 at which time Lubbock County Democratic Chairman L. C. Ellis will introduce the aspirants to those present.

The meeting will start at 4 p. m. and the public is invited to be present.

Invitations have been issued by Mayor J. H. Teague to Governor Coke Stevenson, Dan Moody, W. Leo Daniels and Jimmy Allred to make addresses. While definite arrangements have not yet been completed as to how many candidates will be here Mr. Ellie stated that he felt sure that a large number would be glad to come to Slaton and to be introduced to the voters of this territory.

Many of the most prominent men in state and national political circles as well as those interested in local and county offices are expected.

Feeling that the public is greatly interested in political issues and the conduct of public business Mayor Teague and Mr. Ellis feel that a meeting of this kind would be most appreciated by the voters of this part of the Plains Country and one of the largest crowds to attend any kind of meeting in Slaton in years is expected. Fuller details will be announced in next week's Slatonite.

### Word Received From Swaggerty

Mrs. F. L. Swaggerty has received a letter from her son, Thomas F. Swaggerty, postmarked in the Philippines, written on Easter Sunday, three days after the fall of Bataan. She has been receiving his monthly salary allotments from Washington, and no adverse word has been received from the War department.

Young Swaggerty was a bomber-plane pilot, presumably with the rank of lieutenant, at the time when the letter was written. He entered service at San Diego on January 1, 1939 and in June, 1940, was sent on to the Philippines.

Thomas F. Swaggerty finished public school at Slaton. Later he finished a diesel engineering course at Los Angeles. He also is a graduate of the engineering school of the University of Hawaii.

### Rain Helps Crops

From all available reports the rain that fell in Slaton Wednesday night and most of Thursday was general over the South Plains. Farmers and business men are optimistic over crop prospects both for cotton and grain as the moisture comes at a time that will benefit both.

The cotton that has not been hailed out has been at a stand still for the past week but should show fast growth from the rain and the cotton that has been replanted because of hail, will be greatly benefited.

**"CHIEF" TOPICS**  
by the SCOUT

A privation which the traveling public is enduring with forbearance these days is the limiting of patrons on trains to one cup of coffee at each meal. Rationing does not apply to members of the armed forces in uniform.

The reason for this situation is an increase in dining car patronage coupled with the current coffee shortage which resulted in the War Production Board's order limiting the quota of wholesale coffee receivers (in excess of 2,000 pounds) to 75 per cent of the coffee they accepted in the corresponding month last year.

The Santa Fe's net railway operating income for May was \$5,385,557, according to a statement released by President E. J. Engel today. This is an increase of \$2,519,834 compared with May, 1941.

Gross for the System was \$27,526,434, an increase over May, 1941, of \$9,649,167, or 53.97 per cent.

Operating expenses were \$16,277,862, an increase of \$3,407,571, or 26.48 per cent over the same month of 1942. Railway tax accruals were \$5,422,109, an increase of \$3,277,744, or 152.85 per cent over the same month last year.

	1942	1941	1940
May Gross	\$ 27,526,434	\$17,877,267	\$13,073,473
May Net Ry. Opr. Income	5,385,557	2,865,723	635,637
5 Mos. Gross	120,357,834	77,548,325	61,204,942
5 Mos. Net Ry. Opr. Income	21,439,685	10,501,201	2,846,736

Railway tax accruals for five months ending May 31, 1942, include \$15,729,000 federal income tax compared with \$1,870,000 federal income tax in 1941.

The appointment of Warren W. Kelly, general purchasing agent of the Santa Fe System at Chicago, to the position of associate director of the Office of Defense Transportation's Section of Materials and Equipment, aroused widespread commendation among his legion of friends.

Kelly, who for many years headquartered in Amarillo, Tex., created an outstanding record as chief engineer of the Santa Fe Western Lines, which position he held from September, 1929, to July, 1938, when he was made general purchasing agent for the entire System.

**DELIVERY RESTRICTION WILL RESULT IN SAVINGS**

Washington, D. C.—New and more extensive savings of tires, gasoline and other materials and equipment will result from an office of Defense Transportation ruling blanketing thousands of so-called producer-distributors under

the restrictions already applying to milk distribution.

Producer-distributors are dairy farmers maintaining one or more milk routes to nearby communities. The milk industry generally began restricting deliveries June 1st in accordance with the ODT orders. The status of the thousands of producer-distributors was questioned as many were continuing unrestricted deliveries in areas where curtailed delivery plans are in effect.

Solely as a producer of milk the dairy farmer would be exempt from the orders calling for delivery restrictions. Operations involving retail distribution of milk, however, said the federal agency, must comply with O.D.T. general orders 5 and 6 calling for elimination of special deliveries and 25 per cent reduction in mileage.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

### COOPER NEWS

Kathryn Robertson, Correspondent

Mrs. George Hindman was chosen president of the Slide Home Demonstration club at a meeting held recently with Mrs. O. R. Copeland. Mrs. C. L. Strickland was chosen vice president and program chairman.

Miss Clara Pratt, county home demonstration agent, told the members that any garden seat should offer a real and enjoy a pleasing view. She told the group how to make table chairs and other furniture for the yard.

Mrs. Lee Roy Ashby was a visitor. Mrs. Ralph Fleasher was a new member. Others present were James W. A. Reiger, Lee Reiger, C. L. Strickland, Kathryn Robertson and Jessal Jones. Mrs. Reiger will be hostess at the next meeting.

Mr. and Mrs. V. H. Boetick are proud parents of a 6 pound, 8 ounce daughter born last Wednesday morning in Lubbock General hospital.

The R. L. Cummins family entertained with a slumber party given in their home Friday night. Those present were: Nellie Jones, Alice Slater, Earnestine Fieldings, Althea Siefert, Barbara Jean Evans Mrs. Erik Eklund, Fay, Frankie and Lorene Cummins.

John Lewis Goode who is in the Navy at Lake Field, Ill., spent four days in the Cooper community visiting his parents, Mr. and Mrs. R. L. Goode and friends here.

Miss Frankie Cummins spent the weekend in the home of Alice Marie Slater.

Glen Barrett and Glen McDaniel, who have been working in California, returned home Thursday.

Miss Euton Stephenson, daughter of Mr. and Mrs. B. E. Stephenson, and Joe Gamble, son of Mrs. M. D. Gamble were united in marriage Thursday afternoon at Wilson.

The Rev. E. A. Todd, pastor of the Methodist church of Union Wilson officiated.

The bride wore a blue alpaca frock with navy and white accessories. Mr. and Mrs. Charles Hampton of Slaton were attendants.

The bride is a 1942 graduate of Cooper high school.

Mr. B. B. Jones visited friends

and relatives in Knox county last week.

Dayton Cowart returned home from California Thursday.

Bobby Nelson Durham, son of Mr. and Mrs. J. M. Durham visited relatives at Lovington, New Mex. last weekend.

Cloy Presley, who is in the army returned home Saturday evening, and is visiting his mother, Mrs. S. J. Prealey and sister, Joy.

Jack Cade, son of Mr. and Mrs. H. M. Cade, visited his parents a few days last week.

Mrs. H. M. Cade was honored on her birthday, Monday night with a picnic at McKenzie State park at Lubbock. Those attending were:

Mr. and Mrs. V. L. Cade and family of Carlisle, Mrs. A. M. Cade and daughter of Tahoka, Mrs. Lou Davidson of Lubbock, Mr. and Mrs. R. M. Cade and sons, Mr. and Mrs. H. M. Cade and family, Althea Siefert, Caldwell, Autry Coston, Mr. and Mrs. Clifford Young and family and Kathryn Robertson.

### JOHN'S DAIRY IS NOW BORDEN DEALER HERE

Mr. W. L. Johns, who has operated a dairy here in Slaton for a number of years has decided to distribute Borden's Fine Dairy Products here. Although Mr. Johns is operating an exceptionally clean raw milk dairy and has many satisfied customers, the demand for Pasteurized Dairy Products is continuously increasing. For this reason, and due to the very heavy investment necessary to properly pasteurize milk and cream, he has completed a long contemplated trade with the Borden Company of Lubbock whereby he can fill the demand for pasteurized milk.

He started distribution of Borden's Fine Dairy Products here last Friday and he states that the reception of pasteurized products has been very favorable. He has been highly complemented and encouraged from Slaton's medical doctors in his move to protect the health of Slaton consumers. Pasteurized dairy products are safer than even the very best raw milk. The armed forces use nothing but pasteurized milk. With the increasing demand here in Slaton especially from mothers with small babies, for pasteurized milk, Mr. Johns feels like it is his duty to fill the need.

The Borden Company was established in 1857—eighty-five years ago—by a Texas pioneer—Gail Borden.

Borden's brought the South Plains a new product in milk just this week and it is available from Johns Dairy here in Slaton. It is Borden's New Homogenized Vitamin D Milk. Homogenization consists of putting the regular pasteurized milk through a machine called a homogenizer that forces the milk and cream under 2500 pounds of pressure per square inch. This process breaks each cream or fat globule into 200 tiny particles and to the resultant product Vitamin D is added. The new milk is easier to digest and is richer tasting—and it is rich in Sunshine Vitamin D needed to build, nourish and protect bones and teeth.

We, on the staff of the Slatonite, extend congratulations to Mr. Johns in his new venture and hope he finds his new venture both profitable and pleasant. We happen to know that The Borden Company at Lubbock is exceptionally glad to have Mr. Johns distribute Borden's Fine Dairy Products in Slaton and that "If It's Borden's It's Got To Be Good."

en's Fine Dairy Products here last

Be Good."

All of our neighboring towns—Tahoka, Brownfield, Levelland, Sundown—have had pasteurized milk for some time and it's time Slaton had it too.

### BETTER SAVE FATS OR YOU'LL BE SORRY

Conserving kitchen fats and oils is a wartime "must" for every housewife, says Hazel Phipps, specialist in food preparation of the A. and M. College Extension Service. "Don't waste fats and spoil foods cooked in fats with too much heat."

When fat starts to smoke it starts to break down chemically. Food cooked in smoking fat will be harder to digest and may be irritating to the digestive tract. Once fat reaches the smoking stage it gets rancid more quickly if saved for future use. Many fats may be saved and reused. For example, fat used for deep fat frying may be saved and used several times afterward if it is strained each time before being put away. For this purpose several thicknesses of cheesecloth or other clean white cloth are suitable.

Miss Phipps advises using fats while fresh. But she cautions against adding fat on top of fat continuously and letting that poured up first (on the bottom of the can) get rancid.

"Every bit of surplus fat, unless it is too strong in flavor or has been scorched, may be used for cooking," Miss Phipps says. "Fats which have objectionable odors, tastes and colors easily may be clarified at home. To do this, melt the fat with an equal volume of water, heating at moderate temperature for a short time, stirring occasionally, and then cooling until

congealed. The fat then can be

lifted from the water surface."

All fats should be stored in closely covered containers in a dark place and away from strong-flavored foods. Table fats should be

kept very cool, in a refrigerator if possible.

### CHURCH NOTES:—

Elder Ariel West of Thornton, Arkansas, will preach at the Club House in Slaton, Thursday, July

9th, at 8 o'clock p. m. (CWT). Elder West is an unusually gifted young man of the Primitive Baptist Church. The general public is invited to attend this service.

For writing last line to this **EASY VEGETOLE JINGLE**

Since Star Lard and shortening in tin are gone till the Axis gives in—Vegetole I'll be buying. For all baking and frying.

SEE FREE ENTRY BLANK BELOW. CONTEST CLOSING JULY 12, 1942

**PURPOSE OF CONTEST:** To induce you to discover Texturated VEGETOLE, the only shortening that comes in the economical self-measuring carton!

**EASY RULES**

- Simply write or print your last line on the entry blank or on any ordinary sheet of paper. Use sufficient words to complete the jingle and make sure the last word in your last line rhymes with "tin". Print your name and address and the name of dealer from whom you purchased Vegetole on your entry.
- Mail to Vegetole Judges, P.O. Box 6310-A, Chicago, Illinois. Your entry must be postmarked before midnight, July 12, 1942. Send as many entries as you wish with each send the "Money-back Guarantee" seal from a Vegetole tin.
- Entries will be judged for uniqueness, suitability and aptness. Decisions of the judges will be final. Duplicate prizes in case of ties. No entries returned. Entries, contents and seals therein become property of Armour and Company.
- Any resident of the continental United States may compete, except employees of Armour and Company, its subsidiaries, its advertising agency and their families. Contest subject to federal, state and local regulations.
- All prize winners will be notified by mail approximately 2 weeks after this contest closes. Complete list of all winners will be sent on request after August 1.

**HOW TO WIN A \$1000 BOND!** Think of the thrill of owning a \$1000 U.S. War Bond! ... your chance for real security ... money that's piling up interest for you and helping Uncle Sam at the same time! *It may be yours this easy way!* ...

**EASY TO WIN . . .** Get your whole family in on this big Vegetole Jingle Contest. Even a child may win. All you do for a try at the \$1000 War Bond and the 141 other prizes is to write a last line to the jingle above. It's easy, it's fun, it only takes a few minutes!

**ONCE YOU'VE TRIED VEGETOLE,** you'll find last lines come easy. Vegetole not only makes wonderful cakes and deep fried foods—it makes prize-winning pies and biscuits! And Vegetole is the only shortening that comes in a self-measuring carton. You just slice yourself a cup—or half a cup—without using a measure. Vegetole is Texturated, too—that means it's pre-creamed so it makes finer textured, lighter pastries.

**BUY VEGETOLE . . . AND ENTER NOW!**—Send in as many last lines as you want . . . just be sure each one is accompanied by the "Money-back Guarantee" seal (or facsimile) from a Vegetole carton.

**HINTS ON WRITING LAST LINES!** Read the jingle over several times, then think of all the words you can that rhyme with "tin" and "in". Use one of those words for the last word in your last line. For example: "That will simply delight all my kin."  
Send in all your last lines. . . The one you think can't win may bring you the \$1000 bond. Fill out and send your entry today!

Since Star Lard and shortening in tin are gone till the Axis gives in—Vegetole I'll be buying. For all baking and frying.

(Please print your last line here)

**THE STATE OF TEXAS**  
TO: S. G. Courtwright Defendant, Greetings:

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of July A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 2nd day of June A. D. 1942, in this cause numbered 10177 on the docket of said court and styled Johnnie M. Courtwright Plaintiff, vs. S. G. Courtwright Defendant.

A brief statement of the nature of this suit is as follows to wit: Plaintiff is a resident of Lubbock County, Texas, where she has resided regularly and continuously for more than twelve months, defendant's residence and place of abode is unknown to plaintiff. On August 17, 1938, plaintiff and defendant were lawfully married at Belen, New Mexico, and continued to live together as husband and wife until October 22, 1938, at which time they separated and have not since resumed their marital relationship. Shortly after they were married defendant began a course of harsh, unkind treatment cursing and abusing plaintiff, rendering their living together impossible and such conduct continued from the date of their marriage until their final separation. No children were born unto said marriage and no community property was accumulated as a result thereof. Plaintiff prays for a divorce and for such other legal and equitable relief as she may show herself entitled to as is more fully shown by Plaintiff's Petition on file in this suit.

## The Movie Reporter

Joan Bennett and Franchot Tone are the comedy co-stars of Columbia's hectic new funfest "The Wife Takes a Flyer," which opens at the Palace Theatre, Friday and Saturday, July 3 and 4. Miss Bennett is the "wife" of the title; Tone the flyer. "The Wife Takes a Flyer" is reported by Hollywood to be an intrigue-laden, action-filled romantic comedy, with emphasis on the latter. Comedy and romance are said to dominate this story of the Yankee daredevil in the RAF who lands in Holland and in the arms of the little Dutch girl with whom he falls in love! Miss Bennett's comedic talents are well known and she appears to perfection as the loveliest saboteur that ever led a lovelorn enemy into danger. Tone is said to go completely and delightfully berserk. The cast also includes Allyn Joslyn, as the Nazi major, Cecil Cunningham, as a shrewd and cynical old lady, and Roger Clark, as a British agent. Don't fail to see "The Wife Takes a Flyer" at the Palace.

Hold on to your hearts boys, Rita's back in town! Yes, it's Rita Hayworth, America's Inspiration Girl, whose picture starts Sunday and Monday at the Palace Theatre in the technicolor musical "My Gal Sal." And an inspiration she certainly is! Rita's starred with Victor Mature, John Sutton, and Carole Landis, in this gay and up-to-the-minute story of the life of Paul Dresser, famous composer of "My Gal Sal" and a hundred and one other hit tunes. The picture has been lavishly mounted with nothing spared to make it an outstanding film musical. A cast of excellent supporting players including James Gleason, Phil Silvers, and Mona Maris round out the huge cast. The story deals with the trials of Dresser during his struggle to get his songs published and played. His inspiration is Rita, and what better inspiration does

## Political Announcements

Royal Ferguson, Clerk,  
99th Dist. Court, Lubbock County, Texas.  
(Seal) By Elmo Payne, Deputy.  
4tc46

any man need. See Rita in "My Gal Sal" at the Palace.

A tender romance wreathed in gaiety... a joyous picture warmed by the touch of "heart" that makes love stories memorable... a love story that tells in a thrilling new way the things Adam told Eve! "They All Kissed the Bride" is a gay comedy of love... of a girl with a career who preferred a caress... and a guy who needed a shave! With Joan Crawford and Melvin Douglas starred, the new comedy opens Tuesday, Wednesday and Thursday at the Palace Theatre. Miss Crawford, as the female iceberg who melts a little under the influence of a male volcano like Melvin, manages in the hectic course of events to annex Allen Jenkins as her partner in a jitterbugging contest. They win it due less to her ability as a dancer as to her inability to retain her feet. Supporting players include Rolan Young, Billie Burke, Helen Parish and Roger Clark. See "They All Kissed the Bride" for the jitterbugging sequence alone, it's a scream!

## Southland News

Virginia King, Correspondent

Mr. and Mrs. C. W. Dean received word Thursday afternoon that their son, Dr. Vernon Dean, had died as a result of a throat infection.

Miss Ann Russell spent last week in Lubbock visiting Miss Ruthell Gilliland.

Sunday guests of Mr. and Mrs. M. E. Morris were: Mrs. Mae Morris and children of Lubbock, Mrs. Mande Holliday of Bowie, his father, M. L. Morris and sister Mrs. Esma Cash and family of Post, and another sister, Mrs. B. L. Cogdill and family of Lubbock. Maurice Morris who is employed in Roswell, New Mexico spent the weekend with his parents.

Mr. and Mrs. Hub Haire returned Saturday after spending two weeks in California.

Mrs. Heywood Basinger returned Friday from Roswell, N. M.

Mrs. W. H. Gilliland and boys left Thursday for Paris, where her husband is employed.

Mr. and Mrs. Roy Williams and son Billy Roy, left Saturday morning for Weatherford to visit her parents, Mr. and Mrs. R. W. Taylor. Her brother who is stationed at Pine Camp was home on a furlough and Mrs. Taylor expected most of her other children.

Mrs. Ed King and Mr. and Mrs. Grady King and son attended the reunion of her brother's family in Brownfield last Friday.

G. W. and Clarence Basinger visited relatives in Oklahoma last week.

Mrs. Ovis Huff of Post is visiting relatives and friends here.

The W. M. U. had an all-day quilting Wednesday at the home of Mrs. A. F. Davies. A covered luncheon was served at noon.

The Barney Walkers left Sunday for their vacation.

Miss Mary Green is moving to Lubbock Friday and Mrs. S. W. Gregory is returning home with her daughter for a visit in Sweetwater.

Those attending a surprise shower given for Mr. C. W. Dean were: Mr. and Mrs. O. R. Cook of Grassland, Mr. and Mrs. Sam Martin and sons, Blanton and Harley, Mr. and Mrs. W. A. Hamilton and daughter, Mrs. Novice Dee Ming and children, Mr. and Mrs. Hubert Taylor and daughter and Harlan Dean and family.

Summer home economic teacher, Miss Mary Green, and girls: Marlee Crisp, Ella Mae Stoolie, Idilla Crosley, Doris and Virginia King attended a skating party at the

roller rink in Slaton Wednesday night.

## Wheat Insurance Paying Off

Insured wheat farmers are offsetting crop failures by collecting insurance on this year's crop.

Already, 342,000 bushels of indemnity wheat have been paid on 1,917 claims with majority of wheat placed under government loan. Present loan rate is approximately 15 cents per bushel more than market price.

All claims paid represent 100 percent crop failure and none have been paid to producers who have harvested any wheat, E. R. Duke, state wheat insurance supervisor, announced.

Under the 1942 wheat insurance program, production on approximately 11,451 Texas wheat farms was insured. Wheat insurance provides 50 to 75 per cent coverage, with a majority of farmers signing for 75 percent coverage, Duke said.

Adding machine paper that adds up right at the Slaton Slatonite. Carbon paper that makes clear duplicates at the Slaton Slatonite.

## GIRLS! WOMEN! TRY THIS IF YOU'RE NERVOUS

On "Certain Days" of the Month

Do functional monthly disturbances make you nervous, restless, highstrung, cranky and blue—at such times?

Then try famous Lydia E. Pinkham's Vegetable Compound. It's made especially for women to help relieve monthly cramps, backache and nervousness—due to this cause. And in such a sensible way! With nature's own beneficial roots and herbs. No harmful opiates.

Taken regularly throughout the month—Lydia Pinkham's Compound helps build up resistance against such symptoms. Thousands upon thousands of girls and women have reported benefit. Follow label directions. Worth trying!

## Civilian Supply

The WPB reported more than 400,000 scrapped automobiles from auto graveyards yielded 350,000 tons of scrap metal during April, approximately 200,000 tons more than the average monthly yield for 1941. The Board said American motorists have in the tires and the works of their automobiles a rubber reserve of about 1,200,000 tons.

## Peeping at the Public

by MAXINE

It is really good to see Mrs. Wiley Martin "holding court" and entertaining guests again after spending several weeks in the hospital. A "victory bob" is more flattering to June Scott than anyone else. Stay Ayers has been muttering in his beard and trying to convince himself that he is glad he will no longer have to support his daughter, Patsy; Mr. J. H. Brewer never misses a chance to kid a person, does he? Pearl Farschon is really one of the prettiest women in Slaton; if everyone would be as sweet as Mrs. W. H. Proctor as they grow older, it would be okay, wouldn't it? Sally Peavy has informed us that she is now a professional dictator of shorthand and is soliciting some pupils; it is our opinion that Mrs. R. H. Todd is one of the most admirable mothers in Slaton; Marcia and Celia Pember really got a "kick" out of the wedding and parties given for Patsy Ayers; never have we seen anyone with

## Endeavor Groups Elect Officers

The two Christian Endeavor groups of the First Christian Church have elected annual officers.

The senior officers are: president, Virginia Nell Smith; vice president, Ollie Ray Tucker; secretary and treasurer, Geraldine Prickett; program committee, Zerva Smith, Rawden McCormick and Pauline Kenney; social committee, Treva Fay Shelton, Lannon Smith and Truman Shelton; attendance committee, Emma Euiene Young, Bobby Edmondson and Billy Gentry; and music committee, Lauri Ann Young and Bobby Tucker.

The Endeavor will treat these officers to a watermelon supper Sunday night after the regular meeting.

The Junior Christian Endeavor will meet Sunday evening at the home of Mrs. J. G. Wilhite, 905 South eleventh street. Junior Endeavor officers are: president, Everett Kenny; vice president, Carl Lewis Jr.; secretary, Betty Jo Gentry; treasurer, Velma Gentry and reporter, Wayne Kenny.

The Endeavor sponsors are: Mr. J. G. Wilhite for the seniors and Mrs. J. G. Wilhite for the juniors. Both Endeavors meet each Sunday evening at 7:00 p. m.

## BACK YARDS RIVAL MOUNTAINS AND SEASHORE THIS SUMMER

Vacationing out in the back yard is no joke now. It has really gotten to be a thing of the moment and it's fun, too. Rubber may be scarce, but the American knack for having fun certainly can't be rationed.

If you don't have a good oven, you'll be surprised at the success you will have by just cooking on a camp fire in the back yard. Dig a shallow hole and build it up on two sides with bricks, lay your grill across the bricks and that's all there is to it. Invite your friends over and it's as good as camping out, at least, you get nearly as many insects.

Ice cream parties are a pleasure these hot days and not much trouble if you can inveigle the children into freezing the cream for you. Move your tables out on the lawn, get the dominoes or cards, bring out the portable radio and have your vacation.

The important thing is to use your yard. A few of the lucky ones may be able to go to the mountains or the seashore or to the dude ranches, but you and I can rival them in fun staying right here at home. Of course we won't catch a great number of fish out of a bucket, but when these elite fishermen are eating smoked fish, you and I will be enjoying thick steaks and tender fried chicken at a table centered with an arrangement of flowers.

## WSCS To Have Joint Meeting

The three circles of the Women's Society of Christian Service will meet together next Monday afternoon at the home of Mrs. E. R. Legg at 5 o'clock.

Circle Number one will have charge of the Bible Study, "Our Time".

"We urge all members to be present, because a matter of great importance is to be discussed and voted on," said Ms. H. C. Gordon.

Eighteen members attended the Circle meetings last week.

## ME League Has Bicycle Party

Nine members of the Epworth League attended a bicycle party Monday night.

Those attending were: Fern Wheatley, Joe Miles, Odie Sims, Oleta Brake, Marie Doherty, Thelma Jo Felton, Margarette Porsch, Walter Porsch and Gene Gordon.

The League went to the drug store for refreshments.

## Art Club Elects Officers At Sunrise Breakfast Tuesday

At a sunrise breakfast Tuesday morning, the Slaton Art Club elected officers for the ensuing year. Mrs. Arthur Dennis was elected president; Mrs. J. D. Barry, vice president; Mrs. Miller, secretary; and Mrs. Bud Woolever, treasurer. Ms. D. L. Kent, retiring president, presided at the meeting.

Eleven members and six guests attended. The members attending were: Mesdames Barry, Kent, M. L. Turnbow, Harvey Tunnell, W. H. Dawson, Margaret Bradshaw, C. L. Tanner, Miller, T. K. Martin, J. R. McAtee and C. F. Anderson.

Two special guests were Miss Marjorie Anderson, from Portales, New Mexico and Mrs. Dan Liles.

The Art club will meet each Thursday during the summer in all day meetings and will paint. Members will bring covered dishes. Meeting yesterday was in the home of Mrs. J. R. McAtee.

## Jolly Quilt Club Has Call Meeting

The Jolly Ten Quilting Club met in the home of Mrs. Emma Wallace last Tuesday in a call meeting. A covered dish luncheon was served to the following members: Mesdames C. C. Wicker, A. L. Collins, Emma Wallace, J. M. Burton, H. H. Edmondson, E. G. Wilson and J. W. Ward.

Next meeting of the Quilt club will be in the home of Mrs. J. W. Ward on July 7.

## CARD OF THANKS

We wish to take this opportunity to thank our many friends for their many deeds of kindness and beautiful floral offerings in the loss of our dear one, A. C. Melugin. May God bless each of you in our prayer.

Mrs. A. C. Melugin and children  
Mr. and Mrs. C. S. Melugin and brothers, Rob, B. Q., Bob and Edward.

## BIBLE STUDY

The Forrest Bible Study will meet 3:30 p. m. Tuesday at the Methodist Church.

Lesson: Studies in the Book of Exodus.

1. What New Testament authority have we for saying that Moses wrote Exodus? (Lu. 24:44) and others.
2. Name four general types of Christ in Exodus.
3. Name two human types of Christ in Exodus.

4. In the symbolism explained on page 2, under Paragraph VI, for what does Egypt stand, The Wilderness?—Canaan?

5. What great changes had taken place in the condition of Abraham's descendants since the close of Genesis?

Mrs. L. R. Tibbs

## Win One Class Has All-Day Quilting

Seventeen members of the Win One Class of the First Methodist Church attended an all-day quilting at the Club House last Friday.

Two quilts for the Methodist Orphan's Home in Waco were completed. After the business meeting the group sang "America" and Mrs. J. T. Pinkston, teacher of the class, led the prayer.

Those attending were: Mesdames Leslie Smith, Bob Rhodes, Hord, George Taylor, J. T. Pinkston, H. E. Cavenar, C. E. Brown, Paul Houston, E. W. Smith, Joe Walker, Nan Tudor, H. C. Gordon, M. L. Elliott, P. W. Appling, E. V. Woolever and J. T. Pinkston.

Three visitors were: Mrs. Tom Abel from Lubbock, Mary Ellen Brown and her grandmother, from Justiceberg.

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

Miss Fern Wheatley, daughter of Mr. and Mrs. P. M. Wheatley, began Wednesday as a stenographer for the Federal Farm and Loan Co., in Lubbock.

more pep and vitality than Alice Jean Meading; Mrs. Levi Self (still Juanita Hancock to some of us) gets prettier all the time; Mary Beth and Howard Hoffman make a plenty cute couple, don't they?; we've heard several comments on how beautiful Mary Ellen Brown's eyes are; Mrs. A. M. Jackson's choice recipe of the week is:

Lemon Ice Cream

2 eggs  
1/2 cup sugar  
1/2 cup cornsyrup  
pinch salt  
1 1/2 cups milk  
1/2 cup whipping cream  
1/4 cup lemon juice  
1 teaspoon grated lemon rind

Beat eggs until light, add sugar gradually, beating until mixture is thick. Combine with corn syrup, milk, whipped cream, salt, lemon juice and rind.

Pour into freezing tray. Stir several times.

## Club Met June 24 In E. R. Legg Home

Bluebonnet Club met in the home of Mrs. E. R. Legg Wednesday, June 24. After the business meeting, 42 and sewing were enjoyed by sixteen members.

One new member, Mrs. S. T. Ferguson, was present.

Others attending were: Mesdames George Culwell, H. S. Crews, J. D. Barry, Dan Liles, A. L. Clifton, H. V. Jarman, H. H. Edmondson, L. R. Tibbs, F. B. Tudor, C. F. Stanford, L. T. Garland, Wallace King, Carl Evans, W. B. Shelton and the hostess.

Mrs. C. F. Stanford will be hostess to the club at the next meeting, July 8.

Bryant Dobson, who has been assistant manager for the three theatres in Brownwood, was transferred to Roswell, New Mexico July 1.

## A DAB A DAY KEEPS PO AWAY

New cream positively stops underarm Perspiration Odor

1. Not stiff, not messy—Yodora spreads just like vanishing cream! Dab it on—odor gone!
2. Actually soothing—Yodora can be used right after shaving.
3. Won't rot delicate fabrics.
4. Keeps soft! Yodora does not dry in jar. No waste; goes far.

Yet hot climate tests—made by nurses—prove this daintier deodorant keeps underarms immaculately sweet—under the most severe conditions. Try Yodora! In tubes or jars—10¢, 25¢, 50¢. McKesson & Robbins, Inc., Bridgeport, Connecticut.

Bill Layne phoned me last week and he was excited because Noah's ark had been found sitting on top of Mount Ararat. At least it is supposed to be Noah's Ark. When Bill phoned me I immediately began making plans as to how the ark could be used as a transport ship in the American Navy but it gave me the headache and Mr. Leg called me and wanted some order blanks printed, then Lewis Bros came and griped because he had not received his paper, Miss Mae Murfee put up a howl because her candidate cards were not ready for delivery, and the outcome is that Noah's Ark is still sitting on top of

Mount Ararat waiting for the second flood.

My occupational questionnaire arrived last week and after looking it over carefully I came to the conclusion that my life has been wasted.

Of the several hundred kinds of labors and professions that a man could work at to help in the war effort, they do not have any use for a three-fingered typist, a befogged word slinger, or a discouraged advertising salesman. Down at the bottom of the page they ask which one of the professions listed would I be best fitted to do, the second best and the third best. My first choice was fireman as I figure that I could sit around the Fire Station and play dominoes, but I'm stumped on the second and third qualifications and may have to use the same strategy as the negro who wrote across his questionnaire, "Ise ready when you is" . . . I'll probably see the end of the war sitting on a bucket in the back of some army camp peeling potatoes.

And while we're on the subject of labor and professions it has always interested me to watch a mechanic at work. They go at it just like a woman making a dress, just take a squint at the repair work to be done, close both eyes and start hammering and slashing away and sure enough it comes out O. K. A woman makes a dress by dreaming a few minutes then with a pair of scissors they slash into the goods, have a nervous breakdown and end up with a piece of wearing apparel that brings out their best points, here and there.

The ants, flies and chiggers will go on short rations over the 4th as the Post Office will not close and Teas Bruner will not get to go on his all day picnic.

Now the doctors are telling us that a vitamin has been discovered that will restore gray hair to its original color and the women are buying it by the ton with the men not so far behind.

If the scientist would get busy and find a vitamin that would restore hair regardless of its color and one that would take the stiffness out of my joints and put romance back in my heart then I would buy me a sleek suit and start life over again, but I'm not in the market for just one vitamin that would bring back the color to the few straggling hairs I have left, in fact I never did particularly like the original color of my hair to start with.

Perhaps there are some good reasons why the new credit regulations were put into effect but I've still got an idea that if Mrs. Regdale were put in charge of all bad credit accounts that the Regulation "W" would be useless.

**MINUTE MAN FLIES HIGH.**—This is the new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases by their employees or members through a systematic purchase plan. The Minute Man is emblazoned in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions,

and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

gives you that "pay off stare" once caught a nice trout and got there is nothing you can do but dig deep and get the matter cleared up regulation or no regulation.

We are planning to go fishing next week with some friends who live in Fort Worth. They are fine folks but I am looking for trouble. Mr. Wood knows good literature when he sees it and says "Just Talk" is first class "stuff" but Mrs. Wood says she finds no sense in it at all and I'm very sensitive about such things.

As far as fishing trips are concerned, my wife and Mrs. Wood just go along for the ride although they both have to have umbrella size fishing hats, slacks and fishing equipment. Both of them will probably fish thirty minutes and if either of them should catch a fish someone will have to take it off the hook for them. My wife

once caught a nice trout and got so excited that she threw the fish over a pine tree and killed it dead as a hammer.

The wise cracks below were filched from the American Legion magazine —

"My brother, who had not seen me in over a year," writes a young lady, "paid me a surprise visit while on his way to his army camp. The maid seemed interested when she noticed that he sat with his arm around me. After he left I asked: 'May, how did you like my brother?'"

"'Brother'" she exclaimed, "I declare, Miss Kathryn, I thought that man was your pastor!"

Legionaire T. S. Harris of Hettlinger, North Dakota, reports that a Milwaukee grocer has a sign posted for the benefit of his employees: "God gave man two ends: one to think with and one to sit on. Success is determined by which end he uses most. Heads you win; tails you lose."

**Fishing Fine Say Experts**

Austin—During the first 10 days of June fishing license sales showed a gain of approximately 5 percent over those during the same period last year.

Indicating, the Executive Secretary of the Game Department said, that at least so far Texans are going fishin', war or no war.

The war as a matter of fact has increased the desire of the outdoors-loving public to get a little relief from the high tension necessarily brought on by wartime conditions, according to reports from Game Wardens over the State. Many soldiers stationed in Texas find excellent recreation during their off hours at the old fishing hole. And since fishing generally has been good to date it seems that Johnny Bass and Red (Eared) Bream have been trying their best to make the future fighters happy.

Factors other than the desire for recreation have contributed to the increase in fishing, however. Officials pointed out that in Texas this year there is much more fishing water available to the public, the most conspicuous example being the pride of Northwest Texas, huge Pecos-Kingdom Lake located in Palo Pinto, Young, and Stephens counties. Further, many good-sized farm and ranch ponds have recently been completed over the State and stocked with fish, principally by the Game Department.

## Our Weekly Sermon— "The Fourth" and Freedom

By the Rev. John H. Cable, D. D., Member of Faculty Moody Bible Institute, Chicago

July 4, 1776, will ever be a day of great significance. Then was declared that these United States of America are and of a right ought to be free and independent. We are now co-operating with the United Nations in a life and death struggle to determine whether or not those principles of freedom for which our forefathers fought, bled, and died, will be perpetuated among the people of the earth.

From the day the Pilgrims landed on the bleak New England shore and found freedom to worship God, until our own year of 1942, America has continued to be "the land of the free and the home of the brave." Here Jew and Gentile, Protestant and Catholic have lived side by side, and felt constrained to tolerate one another and contend mutually for that larger liberty which is the God given right of every man.

In this atmosphere of liberty the Christian breathes freely. It is his native air. For even his handbook is called the "law of liberty" (James 2:12). The precepts of this Holy Book give directions for life. Christ said, "Ye shall know the truth, and the truth shall make you free" (John 8:32). We rejoice that millions dwelling in our blessed land enjoy that higher life of Christian liberty which may be rightly and scripturally termed "the glorious liberty of the sons of God".

All such appreciate that sublime Declaration of Independence. They know that "whosoever committeth sin is the servant of sin," and so they have sought and found that forgiveness and freedom in which their spirits rejoice. Such citizens constitute the guarantee under God that freedom must reign since free men live.

### EXPERT ADVISES DEFERRED GRAZING.

College Station, June 18 — The controlling idea of deferred grazing is to reserve a small pasture ungrazed from the start of young grass until seed maturity, says Robert R. Lancaster, pasture specialist of the A. & M. College Extension Service. Very little forage is lost by deferred grazing unless rodents are numerous.

Deferred grazing leaves ample reserve of the best grasses, which otherwise might be grazed too heavily. So, it is better to leave all grasses undisturbed on 25 per cent of an acre than leaving an equal amount of less desirable types over the whole area. Deferred grazing increases height, vigor and density of grass, which suppresses weeds, Lancaster explains. It also increases the depth and volume of roots, and reserve plant food is stored for vigorous regrowth the next season. More vegetation catches and holds more water, an important thing on western ranges.

Grass reduces evaporation by its shade, litter and dew, and checks air currents near the ground. Strong grass growth produces more seed stems, more seed head per stem, more seed per head, and seed of greater viability and potency for survival. It protects young, tender seedling from drying winds and intensive heat. It provides a fertile, moist, humus mulch for seedlings.

"A natural thrifty range of fairly uniform type may not warrant the expense and trouble of deferment," Lancaster says. "Properly stocked, however, it would retain all the advantages of a deferred pasture and supply 12 months of ample grazing, and a 25 per cent ungrazed reserve for revegetation. During the growing season of three months stock could not consume more than 20 per cent of available forage thus deferring underfoot 55 percent for adequate grazing the remaining nine months.

### Texas Girl Heads Training School In Washington

Miss Virginia Seay, of Wichita Falls, is glad she is able to apply to her war job in Washington the experience she gained as a teacher in Texas high schools.

Each week Miss Seay takes in tow approximately 75 girls—mostly typists and stenographers—as they begin their duties in the Office for Emergency Management. She is the head of OEM's training center for newly arrived employees. Miss Seay obtained her first

Government employment in Washington by taking a civil service examination for typist which was held in Wichita Falls late in 1939.

Soon after being notified that she had passed the examination, she was offered employment with the Social Security Board in Washington. Here she was assigned to a supervisory position in the "training pool." Later, newly formed OEM needed someone to set up a similar type pool on a larger scale.

Miss Seay was interviewed for the job and received a transfer. She says her present job is one of the most interesting she has ever held.

Examinations such as the one taken by Miss Seay are being held at frequent intervals in 116 Texas cities. The U. S. Civil Service Commission said that it is particularly interested in obtaining eligibles from Texas and other states which are in arrears of the quota of appointments in Washington to which they are entitled under the law providing for the appointment of Federal positions among States according to population.

O.K. TOJO...  
 you asked for it!

You dished it out, with a head start by treachery—now we're going to see how you can take it!

We're ganging up on you, Tojo, in a way you and your Nazi friends don't understand.

Spreading like wildfire from coast to coast and from Canada to Mexico is our Payroll Savings Plan—get that, Tojo? Not confiscation—savings.

By the tens of millions, workers and employees of plants in every state of our country are cooperating with their unions and with management.

Of their own free will they're agreeing to put ten percent—a dime from every dollar—of their earnings in United States WAR BONDS.

Every payday the plant management sets aside this ten percent, then, each time it adds up to \$18.75, the worker gets his Bond.

See, Tojo? Hundreds of millions of good U. S. dollars are going into the planes, the tanks, the guns and the ships to blast you right out of your sandals!

And we're paying for it... the workers and employers... the farmers, doctors, lawyers... all of

us of our own free will, lending it, from our pay.

And—because this is the American way of doing things—we're building our own financial security, too, against the day when the war will be over—when we've shown you what decent, clean, free people can do.

Every year those War Bonds of ours increase in value, Tojo, until, after ten years, Uncle Sam hands us back TWENTY-FIVE DOLLARS for every \$18.75 we invested in beating you.

Get it, Tojo? It isn't the Jap way, the Nazi way, nor the Fascist way.

It's the free American way!

So, when you see those clouds of planes over your troops, your ships and your factories—when the tanks come at you spitting lead—and our good American boys get you on the run—remember, we're paying for it—Smith, and Harrigan, and Cohen, and Godowsky, and Leblanc, and Havlek, Americans all, in a free country.

So take it, Tojo—you asked for it!

## 5 Reasons Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

**Scrap Metal Collected**

A total of 1,357,000 tons of scrap metal has been collected from American farms, villages and towns through the scrap salvage campaign sponsored by the International Harvester Company and carried out by its 8,500 farm equipment dealers, by company branch house employees and hundreds of local cooperating groups, the company announced today. The campaign has been in progress three months, and was the first of a number of scrap collection campaigns to be sponsored by various industries and trade associations.

This huge collection of scrap was the equivalent of 35,000 railroad carloads.

Obtaining iron and steel scrap in sufficient quantities to keep the steel industry operating at capacity is one of the big problems of war production. The collection of farm scrap was the most difficult part of the scrap problem. It was known that large quantities of scrap were on American farms, but it had been difficult and costly to gather through the ordinary collection channels because it was remote and widely scattered.

**WAR MOVES—**

(Continued from page 1)

Secretary Patterson reported. He said over-optimism regarding production schedules is unwarranted, however, because of rubber, nickel, and copper shortages.

A record total of 58 ships were delivered into service during May, while 65 other ships were launched and keels were laid for 75, the Maritime Commission reported. This compared with 36 delivered and 51 launched in April. The President asked Congress for an appropriation of \$1,100,000,000 for the MSA to acquire and operate merchant vessels to carry American arms.

Federal agencies asked Labor-Management Committees in 800 war production plants to keep American workmen fit and healthy because sick and injured war production workers are now causing a loss of 6,000,000 work days every month.

Chairman Vinson of the House Naval Affairs Committee said approximately 99 more combatant ships will be commissioned during the remainder of 1942. Three more destroyers were launched. The CAA and the Navy completed arrangements to train 20,000 Naval Reservists as pilots at 600 CAA training centers during the coming year, if money is appropriated. U. S. Army training films, especially those showing mechanism and tactical use of U. S. equipment, are being recorded in universal Spanish, Portuguese and Chinese, the War Department said, for exchange with other members of the United Nations.

WPB Materials Director A. I. Henderson said vital materials can no longer be used except for war and maintenance of those things necessary to the war because from now on "it will be a continuous problem to provide materials to meet the needs of our fighting forces." The WPB said preferred applicants for new telephones cannot obtain service unless they prove the service is essential to the discharge of their responsibility for public health, welfare or security. The Board issued an order relieving from restrictions lumber deliveries for more than 100,000 of the most essential housing units now under construction. The FHA authorized its Field Offices to begin insuring to the extent of \$500,000,000 loans of private lending institutions for construction of housing war workers. A Food Requirements Committee, headed by Agriculture Secretary Wickard, was set up to control production and allocation of all civilian and military food supplies.

The Treasury said War Bond sales from May 1 to May 29 totaled \$615 million, while the quota for the month was \$600 million. April sales were \$536 million. The June quota is \$800 million, and the goal will be raised to \$1,000 million in July. The Treasury said 1,000,000 retailers throughout the country are being asked to sell War Bonds and Stamps equaling the value of four percent of total merchandise sales in July, or approximately \$160 million worth.

**Firearms Released**

Some new firearms, including odd-caliber rifles and small shotguns, now may be sold to the general public by dealers and wholesalers, under an amendment to the WPB order which "froze" all new firearms on February 27. Various types of rifles, pistols and shotguns, suitable for protection of essential civilian facilities and war plants, are restricted by the amendment to sale for state, local or federal government use, on orders rated A-1-j or higher, to the Defense Supplies Corporation, lend-lease, or on specific order by the Director of Industry Operations.

**NTSTC GETS WPA GRANT**

Denton—North Texas State Teachers College has received notice of a WPA grant of \$11,525 to be used toward the contribution of a science building on the Denton campus.

The grant supplements a state appropriation of \$250,000 for the building, but the approval is not commitment as to removal of

priority regulations, NTSTC President W. J. McConnell stated.

Last fall plans were under way for the construction of the building when priority regulations made it impossible for contractors to bid on the structure because of lack of steel.

**Personals**

Mr. and Mrs. M. M. Reagan of Tullia, Texas became the proud parents of an 8 lb. girl on June 18. Mrs. Reagan is the daughter of Mrs. L. S. Jefecoat.

Sister M. Frances from Fort Smith, Arkansas, is visiting her parents, Mr. and Mrs. George Auger, at their home one mile west of Slaton. Sister M. will celebrate her silver anniversary as a member of the Saint Benedictine order on July 9, which is also her birthday.

Mrs. C. H. Mellroy returned Sunday from a visit with Dr. Mellroy, who is stationed at the Great Lakes Naval Training school in Chicago. Dr. Mellroy has completed his course of instruction and will probably be transferred shortly.

**Laughing Around the World**

With IRVIN S. COBB

**Advice to the Beleaguered One**

By IRVIN S. COBB

TOM LEWIS, the veteran actor, lives up to the inheritances of his Irish ancestry by being of a witty turn of tongue and mind. Also he loves nothing better than a good pugilistic mill. No fight, of importance, taking place in or around New York would be complete unless Mr. Lewis had wedged his plump form into a ringside seat shortly before the proceedings started.

Last spring, while boxing bouts were still being held in the city armories, two of us accompanied Mr. Lewis for an evening at one of the big brick barracks where the national guard regiments are housed and drilled. The hall was packed with spectators. Outside, a crowd of late comers struggled at the ticket windows. But we bethought ourselves to secure reserved seats in advance so we marched right on in.

The preliminaries were over. The main event of the night got under way—a ten-round go between middleweights. Now, this had been touted beforehand as a set-to where two evenly matched and expert ringsters would show us all they had.

But alas, the trouble was that one of the fisticuffs had nothing to show. From the first moment, it was quite plain that not only was he outclassed but also that he had no stomach for punishment. As his antagonist crowded upon him, slashing, jabbing and punching, he covered up, hiding his distressed face in his gloves and backed away. He scarcely offered any blows in return for the heavy rain of gloved clouts which played upon his ribs and his breadbasket. He just backed and kept on backing.

Above the disappointed murmurs of the multitude rose the deep bass tones of our friend: "That's right, Kid," shouted Lewis, "ignore him! Ignore him!" (American News Features, Inc.)

Miss June Scott, daughter of Mr. and Mrs. K. C. Scott, is visiting Miss Mary Ellen Madden in Lubbock this week.

Mrs. C. C. Young and son, George Edward, returned home Saturday evening from a vacation trip to Los Angeles, Calif., where they visited with Mrs. Young's sister and family. On their return trip they stopped over for a day's visit in Clovis, New Mexico.

Mrs. Lora Wicker is leaving today to visit in Amarillo and Roswell, New Mexico.

Mr. J. C. Jenkins and family are

now living in Garland, Texas, where Mr. Jenkins is working for the Guiberson Diesel Engine Corp.

Mrs. W. E. Tucker left Wednesday for Los Angeles to spend three weeks with her son, Jewel T. Tucker, who is in the armed forces.

Miss Juanell Jones, from Oil Center, New Mexico, and Mr. Rayburn Metcalfe from Lubbock, are
