## PLAINS BEST LIVESTOCK TO BE SHOWN

### 2nd Annual Show Here April Tenth

With Slaton offering the only livestock show in this part of the State, the Lubbock County Calf, Hog and Lamb Show, that is to be held here April 10th, is expected to attract the largest crowd that has been in Slaton in several years. The show that is sponsored by the Slaton Chamber of Commerce and the F.F.A. boys of this County, will bring together many of the finest animals that have been raised on the South Plains. Cash, War Bonds and ribbons will be awarded to the animals, the 5 best calves, the five best hogs and the five best lambs. The judging will be done by a man who is an expert in animal husbandry. In addition to the above awards, the Kiwanis Club of Lubbock will award three \$25.00 War Bonds to Grand Champions in all three kinds of animals that are to be shown. The show is under the direction of A. C. Strickland, who was the

director of the showing made last year. This is the second annual Calf, Hog and Lamb Show for this County, and if the weather permits, it will be even better than the one held last year. The show grounds will be the same as last year, on the East Side of the Square. No admission charges will be made and everyone interested in prize livestock will be welcome. Particular credit should be given the F.F.A. boys who have been working all year on raising animals to show here. The young people who belong to the F.F.A. have promised to have all of their best livestock here. The program and list of prizes are being printed this week and will be ready for distribution by Monday. Those interested in entering animals in the show should get in touch with Mr. A. C. Strickland.

### APRIL 4-10 TO BE STATE WIDE HEALTH AND CLEANUP WEEK

#### Special Service To Be Held At Baptist Church

CAPTAIN AUBREY C. HALSELL

Next Sunday, April 4th, there will be a very special service held at the First Baptist Church. Captain Aubrey C. Halsell, Post Chaplain of the Lubbock Army Flying School, will preach at both the morning and evening services. Captain Halsell is one of the outstanding young preachers in Southern Baptist ranks. You will hear him with great profit and pleasure. He comes to us very highly recommended by those who have heard him. Before entering the Army as Chaplain, he held pastorates in Kentucky, Arkansas, and at present is pastor at Union City, Tennessee, a church of some 1,500 members. He is a graduate of Southern Baptist Seminary at Louisville, Kentucky, and in the past ten years he has conducted 99 Revival Meetings in 8 different states; so he is widely recognized as not only a pastor, but also an evangelist. I would urge you to hear Captain Halsell, who is supplying during the absence of the pastor, who is engaged in a Revival Meeting at Hereford, Texas.

The Mayor of Slaton, J. H. Teague, the Fire Marshal, Elbert Wilson, the City Health Officer, Dr. W. E. Payne and all of the members of Slaton's Fire Department are giving their support to the Campaign of Governor Coke R. Stevenson for a Clean-up Week to be observed from April 4th to April 10th. "We who are directing your city's government are doing everything possible to keep Slaton a clean city. This is being made doubly difficult under present war time conditions and it is only with the co-operation of every citizen of Slaton that we can guard our people against the threat of disease and disastrous fires. To the appeals of the Governor and other civic spirited officials, I add my appeal to all Slaton people to clean up our town. "That there is a constant danger of contagions and disease in accumulated trash and debris, cannot be overstressed," said Dr. W. E. Payne, "and with spring and summer coming on, all stagnant water should be drained or oiled. Accumulations of trash and dead weeds and tree limbs should be burned and all garbage cans kept tightly closed. Now, as never before." (Continued on page 4)

Some of the 50 old buildings on the campus of the Oklahoma Agricultural and Mechanical College at Stillwater where many Service men and women are in training.

#### OUR BOYS WITH THE COLORS

Staff Sgt. Melvin Burrell, from Camp McCoy, Wisconsin, is visiting his two sisters, Mrs. J. F. Bell and Mrs. Olin Terry Gordon.

Corporal Gilbert Strube and mother, Mrs. A. W. Strube of Abilene, have been visiting in the home of Mr. and Mrs. L. J. Strube. Corporal Gilbert Strube is an instructor in the Army Air Corps.

Hyden Edmondson of Slaton stopped here this week enroute to a Camp.

Among the Slaton boys who were inducted into the Armed Service and left April 1 are: W. H. Vermillion, George Green, J. E. Eckert, Jack Clark, Van Smith, Everett Robertson, Cletus Tucker, Fred Potthast, Joe Lloyd Ward, and Charles Kelly.

Sgt. Jack Cleveland has been transferred from the West Coast to Sioux City, Iowa.

Warren Gene Tabor, who has been in active duty in Guadalcanal, is now convalescing in a "rest" camp.

From San Diego, California, Billy Bob Tibbs writes that Navy life is great. He is looking forward to coming home when he finishes radio school in July.

Pvt. Bill Lord is stationed at Fort Belvoir, Virginia. He will finish OCS April 14. His wife is the former Miss Billie Fae Wicker.

Truman F. Shelton, who directed the Slaton High School Band last year and is now with the band at the Army Flying School, directed the 2288 musicians in the opening half of their weekly broadcast over KFYO on Wednesday evening.

#### COMMITTEE CHAIRMAN

Paul Stevens returned Wednesday from Dallas, where he attended a meeting of the Docket Committee of the Synod of the Texas Presbyterian Churches. He will return to Dallas Saturday to meet with Reverend Arthur H. Limouze of New York City, to plan Church Work in Texas for 1943-44. Reverend Stevens is the Chairman of a Committee on United Promotion of Church Work in the Presbyterian Churches in Texas.

#### Slaton Store Is Improved

"It has been a hard job, but we have finally gotten it done," says Allan Payne, as he shows folks around his Department Store that has been enlarged and improved. Much more cabinet space has been added and more display tables arranged to care for the larger stocks and lines of merchandise that this firm is now carrying. The shoe department and the piece goods department have both been greatly enlarged and the arrangement shows off the merchandise much better.

#### ABOUT SLATON

#### Women in the Service

FORT DES MOINES, Ia.—Auxiliary Marie Belle Saage of Slaton, Tex., has completed basic training at the First Women's Army Auxiliary Corps Training Center here, and has been selected for specialist training in Administrative School. She will receive additional training in a specialized field preparatory to taking over an important behind-the-lines Army job, releasing a soldier for combat duty. There are now more than 100 jobs listed by the Army replacing soldiers with WAACs. Among them are: Aircraft Warning personnel; bakers and cooks, camera technicians, chauffeurs, classification specialists, clerks, draftsmen, librarians, machine record operators, truck drivers, typists, bomb-sight repairmen, weather observers, and link trainer and glider instructors. Auxiliary Jessie Faye Dunlap, who left Slaton on Feb. 7, to attend the WAAC Basic School at Fort Des Moines, Iowa, has just completed training and is now stationed at Fort Belvoir, Virginia, with the 50th WAAC Headquarters Company. She is assigned to the Signal Corps. Aux. Dunlap, 24, is the daughter of Mrs. Emma E. Dunlap, 225 West Crosby, and before entering the service, she was employed by Southwestern Bell Tel. Co. She attended Slaton High School. Her brother, S/Sgt. Kirby R. Dunlap, is serving in the Air Corps and is stationed at Bryan, Texas.

### STORM PROOF COTTON RAISED LOCALLY MAY SOLVE LABOR-WEATHER PROBLEMS, FARMERS

A number of farmers of this section have been experimenting for several years with a breed of cotton, developed by a Mr. Maeker who lives near Slaton, that is said to be storm proof.

Efforts on the part of Slatonite representatives to get in touch with Mr. Maeker have been unsuccessful, but some information concerning the cotton has been secured from farmers who have raised the cotton, among them Mr. G. M. Smallwood, who lives near Southland.

Mr. Smallwood reports that two years ago he and several other farmers in the Southland community secured a limited quantity of the seed and that they have found it unusually well adapted to this country.

According to Mr. Smallwood, the storm proof cotton is very difficult to pull from the bolls and will remain in the bolls almost indefinitely. High winds and water have very little effect upon the storm proof cotton and even hail storms do not affect it unless the hail is unusually large and the storm of long duration. While the cotton is very difficult to pick, as it is done in many parts of the state, it can be gathered with a slide. Due to the fact that the cotton will remain in the bolls almost indefinitely, it can be all gathered at once and with a minimum of labor. Mr. Smallwood also says it can be pulled by hand as easily as any other kind of cotton. He believes that this kind of cotton will be particularly valuable this year as labor (Continued To Back Page)

#### Masons Confer Degrees On Three

Slaton Chapter No. 387, R. A. M. conferred the Royal Arch degree on a trio of candidates Tuesday night, March 30. At this convocation, the Most Excellent High Priest designated Tuesday night, April 6th, for work in the Mark and Past Master's degree, and all members and visiting Companions are invited to attend, at 8:00 p. m.

#### COTTON GINNING REPORT

Census report shows that 84,400 bales of cotton were ginned in Lubbock County, Texas, from the crop of 1942, as compared with 85,321 bales for the crop of 1941. Andy L. King, Special Agent.

#### Court Meets To Talk Terracing

At a call meeting of the County Commissioners' Court, called for the purpose of interviewing the AAA, the Soil Conservation, and the County Agent relative to the continuation of terracing in Lubbock County, there being present the entire County Commissioners' Court, and Mr. Walter J. Wells, representative of the AAA; and C. C. Burkshire, Assistant County Agent; and one of the representatives of the Soil Conservation program for Lubbock County. After the matter of paying for what terracing has already been done by the use of County machinery, the County Commissioners' Court was informed and advised that it was impossible to carry on the program as formerly outlined, and it was agreed by the County Commissioners' Court that they and each of them would recall their machinery, and that whatever other terracing was done in the County would be done by them at \$3.50 per hour; it being agreed by the County Commissioners' Court that the reason for the advance in terracing was because of the fact that the County machinery was becoming deplete by wear, and because of the fact that labor conditions forced them to pay more for hands to run the machinery.

G. V. PARDUE, County Judge. P. B. PENNEY, Com. Precinct No. 1. BEN MANSKER, Com. Precinct No. 2. T. L. HOLT, Com. Precinct No. 3. NEWTON STOKES, Com. Precinct No. 4.

#### Officers Training Courses To Start In Slaton School

DALLAS, April 1.—V-12, the Navy's new long range officer training program for young men 17 through 19 years, will be put in motion Friday, April 2. At 9 a. m., thousands of Texas high school and preparatory school seniors and college undergraduates (Continued on page 4)

#### Slaton TDG Unit At Full Strength

Reports from the Slaton Unit of the Texas Defense Guard are that interest in its work has increased greatly in the last few weeks due to rifle range practice, and to the scouting and patrolling maneuvers. Many new recruits have joined the Unit and it is now up to full strength. Much new equipment has been received and better instruction is now available. Advice from Brigadier General Knickerbocker, Texas State Adjutant General, is that all Texas Defense Guard Units will receive coordinating training in order to give them all the best instructions on internal security. Texas now ranks at the top of the list in State Guard work and the Slaton Unit is going into intensive training to keep up its record in the State.

#### Slaton Man Goes To Lamesa Firm

The announcement was made this week of the appointment of Ray Reed as the manager of the Feed Division of Henningsen-Lamesa Incorporated and of the purchase of the White Grain Company of Lamesa by the Henningsen-Lamesa Incorporated.

Mr. Reed and his family have moved from Slaton to Lamesa and Mr. Reed has taken over the duties of his new position. Mr. Reed is a graduate of A & M in animal husbandry and has been in the feed and grain business, both here and in Lubbock before going to Lamesa.

"It was with regret that I left Slaton," said Mr. Reed, "My business association and social contacts were most pleasant while I lived in Slaton and I hope to keep close contact with my associates there."

### M. V. VERKAMP WAR CASUALTY

A telegram from the war department to H. J. Verkamp, dated March 26th, stated that Martin V. Verkamp has been reported killed in a truck accident somewhere in the Pacific area. Martin was inducted into the Field Artillery in July, 1942, and was sent overseas in January. His father, H. J. Verkamp, has not received full particulars of his son's death, but was informed in the telegram that a letter would follow. A requiem High Mass Service will be held next Monday at 8 a. m. for Gilbert Verkamp.

#### PROCLAMATION BY THE Governor Of The State Of Texas No. 6271

TO ALL TO WHOM THESE PRESENTS SHALL COME: WHEREAS, America stands at the crossroads in the most critical hour in its history, engaged in a supreme effort to maintain high standards fundamental to a free people; and WHEREAS, every loss of food, supplies, production facilities, property and life weakens the resources of this nation; and WHEREAS, the preservation of the health of our citizens and the preservation of property from destruction by fire is of vital importance to the support of our men engaged in the battles of a global war; and WHEREAS, the Texas State Health Department and the State Fire Insurance Department have, for a number of years, sponsored an annual Clean-up campaign in the interest of better health and fire prevention; NOW, THEREFORE, I, Coke Stevenson, Governor of the State of Texas, designate the week of April 4-10, 1943, as HEALTH AND CLEAN-UP WEEK in Texas, and most respectfully call upon municipal officials, public health authorities, fire departments, civilian defense units, schools, clubs, civic organizations, the press, the radio and citizens individually to take an active part in the observance of Health and Clean-up Week. IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, Texas, this the twentieth day of March, A. D. 1943. COKE R. STEVENSON, Governor Of Texas.

BY THE GOVERNOR: SIDNEY LATHAM, Secretary of State.

**Honors for Cotton Maid**

New honors are being heaped upon Bonnie Beth Byler, 1943 Maid of Cotton, as her tour of the nation as cotton's goodwill ambassador continues. At top, Miss Byler is shown inspecting one of the planes at the Army Air Forces Southeast Training Center, Greenwood, Miss., where she was a guest of honor for two days. Below, Miss Byler receives a corsage and the best wishes of her native state, Arkansas, from Robert W. Griffith, Speaker of the House of Representatives. Miss Byler was queen for two days at the Army Air Field, with both cadets and enlisted men competing to see who would be her escort for dinners and a dance. At Little Rock, capital of the State of Arkansas, she received a commission as an "Arkansas Traveler" from Governor Homer M. Adkins and appeared before the state's General Assembly. (Photo at top by Army Air Forces.)

 Thoma Gryder and Kathryn Crowder have accepted jobs in Lubbock.  
 J. F. Telfer have gone to the Plains Division for temporary locomotive engineer service.  
 Engine 1012 is back in service after its recent experiences.

**Movie Reporter**

Bing Crosby and Bob Hope, each of whom has absolutely no trouble at all carrying a picture alone, are only two of more than forty famous stars in Paramount's all-star musical comedy, "Star Spangled Rhythm," which comes Tuesday to the Palace Theatre. Some of their illustrious companions are Fred McMurray, Franchot Tone, Ray Milland, Victor Moore, Dorothy Lamour, Paulette Goddard, Vera Zorina, Mary Martin, Dick Powell, Betty Hutton, Eddie Bracken, Veronica Lake, Alan Ladd and Rochester, just to mention a few.  
 Bing and Bob, who are seen as themselves in the picture, just as are many of the other stars, do not appear as a team this time. As a matter of fact, Betty Hutton, who has one of the few character parts in the film, gets them both to appear in a big Navy show by cleverly playing one against the other. With their well-known friendly rivalry, each of them falls for Betty's flattery-bait, hook, line and sinker.  
 When Betty invades Bing's portable dressing room and finds him a little reluctant to agree to her plans, all she says is that she has Hope lined up but, of course, what's Hope without Crosby? Bing replies, "Oh, you must have seen 'My Favorite Blondie'! I sure put Hope over in that one!" From that point on, Betty's battle is won.  
 "Star Spangled Rhythm" takes place inside the Paramount Studio so fans will have a guided tour of the place, plus the time of their movie lives.  
 Bringing together three of Hollywood's brightest stars, Paulette Goddard, Fred McMurray and Susan Hayward, Paramount's fiery Technicolor saga of the tall timberlands, "The Forest Rangers," will open Preview Saturday night, Sunday and Monday at the Palace Theatre. The supporting cast includes Lynn Overman, Albert Dekker, Regis Toomey, Eugene Pallette and Rod Cameron. George Marshall directed.  
 Preview critics have acclaimed this swiftly moving romantic drama as one of the season's most exciting films. Its locale is the scenic wonderland of the high California timber country where Rangers of the U. S. Forest Service wage ceaseless battle against raging forest fires.  
 "The Forest Rangers," made with the full cooperation of the United States Forest Service, is based on a Cosmopolitan Magazine story by Thelma Strabel, who authored that great sea epic, "Reap the Wild Wind."  
 Added to its side-splitting comedy, romance, and spine-tingling thrills, the picture contains several of the year's hit songs as well. The hit parade number, "Jingle Jangle Jingle," is from this film. So is "Tall Grows the Timber."

Don't put your fur coats and bloomers in the mothballs yet, ladies, for I am absolutely certain that a hard freeze will be here in a very few days, if it has not arrived by the time this paper is printed.

While giving details about the weather is punishable by confinement in the penitentiary or shooting at sunrise, I am going to make the discouraging prediction and bet a pound of rationed pigs feet against a pound of extra rot-

and besides he said that people who get sick with malaria and diseases that flies bring on, always get sick in the middle of the night.

According to my idea, it is just mighty careless business for a Doctor to go around promoting clean-up campaigns, for some day some of the folks are going to listen to the advice about cleaning up and the Doctors will be going around with droopy pants and wishing they had kept quiet.

The following supposed to be jokes were clipped from the Rotary Magazine. The Rotary swiped them from other publications and you may do what you think best with them.

A woman is someone who will need new drapes to go with the upholstery she has in mind to match the drapes.—The Ro-ta-tor, Cisco, Texas.

Tact—making your company feel at home when you wish they were.—The Rotator, Abilene, Tex.

The teen-age girl approached her mother one day looking very serious. "Mother," she said, "how do you talk to boys?"

"How do you mean?" questioned her mother.

"Well, when my boy friend comes over, I say, 'Hello, Butch,' and he says, 'Hiya, Stinky. What's cookin'?' And then I don't know what to say next."—Rotary Club Bulletin, Brenham, Texas.

The fisherman who used to catch old brass beds and tires can hardly wait until Spring.—The New Zizzer, Plainview, Texas.

Not long ago Ray Hickman called my hand, and unless the Allies can get Hitler licked by the first of the year, I am going to have to buy Ray one of O. Z. Ball's best hats. I'm getting mighty little consolation from the folks I talk to, but I've still got hopes that either O. Z. Ball will be sold out of hats by that time or that the Allies will turn our boys from Texas loose on Hitler and get the war over with.

War conditions play some queer tricks on us and should make us realize what a wasteful people we are here in the

United States. Things that I used to pitch in the garbage have become most valuable, and I have recently been considering saving my finger nail clippings, falling hair and dandruff, in case they might come in handy in repairing the mattress or to help hold my garden hose together in some way.

Stray rubber bands now give me a bigger thrill than finding a forgotten dime in an old pair of pants, and an old leaky toothpaste tube that used to squirt goo all over my fingers and drip onto my shoe shine, is like finding a pocketbook full of dollar bills with no one's name or address in the little compartment in the back.

Little pieces of string, wire and old boxes with the ends all caved in have gotten to be an obsession and my office and home are bulging to the walls with things I have no use for and probably never will be able to use, but if the worst comes to the worst I may have to eat the boxes; but if I do not get rid of the other stuff I am going to have to rent another house and quit business and use my office for a store room and there is also danger of my wife quitting me to go to work in a defense area as she says she is getting tired of defending herself against my queer ways.

Two women, who were all dressed up and parked in a car at 3 p. m. one day this week, stopped me one day this week stopped me that the sales talk about the terrible physical and mental strain of housekeeping is all overplayed.

Both of these women put on a very downhearted look and moaned so loud that a couple of men who went by hesitated and looked as if they might

come over and crack me across the cranium. Mrs. W. R. Wilson, who has been unfortunate enough to have worked on a newspaper, even said that I am all wrong about women being on the slow and lazy side and that housework is most trying, but I still maintain that women have the best end of the deal and are acting very foolish in horning into the business field—they should let us fool men go ahead and be beasts of burden. If the women want my advice, although none have come to me confidentially and asked for it, I say keep moaning and groaning, girls, it is fooling no one, but it is done in the right spirit.

... - V . . . -

THIS WEEK'S LESSON. "Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 4.

The Golden Text is: "What is the chaff to the wheat? saith the Lord" (Jeremiah 23:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not?"

hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness." (Isaiah 55:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Moral courage is requisite to meet the wrong and to proclaim the right." (page 327).

that my hard freeze arrive. I have planted everything that a Victory Garden should have in it and if a frost does not come, then I am such luckier man than I thought I could be.

Why they are calling all the Victory Gardens is a little to me. The slogan should be a garden or grow thin. I have worked too hard my Dutchman's goitre up to present prominence to let the men whip me down, and if potatoes, potatoes and string beans will keep up my prestige, I am going to do all I can to have them in my backyard, but I'll admit that I like T-Bone steak the best.

Another thing, I am bowing low to my farmer friends and acquaintances and listening mighty close for them to say come out and have dinner with me most any time you are out my way, and I am figuring on being out their way within a week or two when my meat rationing card gets all frayed out around the edges.

Bill Layne reports that a prominent railroad man went in a local restaurant this week and offered to trade suspenders with one of the waitresses who had equipped herself with an abbreviated pair.

Bill says the young lady took the railroad man up on the proposition and that the railroad man went home with both hands in his pants pockets.

All of which brings us the thought that if the women are going to cheat us out of our suspenders, it is going to leave us without any means of support at all.

And Doctor Payne must be getting lazy. He came into my office and requested that we give the State wide Clean-up Campaign as much publicity as possible, when it seems to me that a Doctor should encourage as much ill health as possible and I suggested that he go around planting wiggle tails in all the stagnant water he could find, but he said that he is slap out of wiggle tails

and besides he said that people who get sick with malaria and diseases that flies bring on, always get sick in the middle of the night.

According to my idea, it is just mighty careless business for a Doctor to go around promoting clean-up campaigns, for some day some of the folks are going to listen to the advice about cleaning up and the Doctors will be going around with droopy pants and wishing they had kept quiet.

The following supposed to be jokes were clipped from the Rotary Magazine. The Rotary swiped them from other publications and you may do what you think best with them.

A woman is someone who will need new drapes to go with the upholstery she has in mind to match the drapes.—The Ro-ta-tor, Cisco, Texas.

Tact—making your company feel at home when you wish they were.—The Rotator, Abilene, Tex.

The teen-age girl approached her mother one day looking very serious. "Mother," she said, "how do you talk to boys?"

"How do you mean?" questioned her mother.

"Well, when my boy friend comes over, I say, 'Hello, Butch,' and he says, 'Hiya, Stinky. What's cookin'?' And then I don't know what to say next."—Rotary Club Bulletin, Brenham, Texas.

The fisherman who used to catch old brass beds and tires can hardly wait until Spring.—The New Zizzer, Plainview, Texas.

Not long ago Ray Hickman called my hand, and unless the Allies can get Hitler licked by the first of the year, I am going to have to buy Ray one of O. Z. Ball's best hats. I'm getting mighty little consolation from the folks I talk to, but I've still got hopes that either O. Z. Ball will be sold out of hats by that time or that the Allies will turn our boys from Texas loose on Hitler and get the war over with.

War conditions play some queer tricks on us and should make us realize what a wasteful people we are here in the

United States. Things that I used to pitch in the garbage have become most valuable, and I have recently been considering saving my finger nail clippings, falling hair and dandruff, in case they might come in handy in repairing the mattress or to help hold my garden hose together in some way.

Stray rubber bands now give me a bigger thrill than finding a forgotten dime in an old pair of pants, and an old leaky toothpaste tube that used to squirt goo all over my fingers and drip onto my shoe shine, is like finding a pocketbook full of dollar bills with no one's name or address in the little compartment in the back.

Little pieces of string, wire and old boxes with the ends all caved in have gotten to be an obsession and my office and home are bulging to the walls with things I have no use for and probably never will be able to use, but if the worst comes to the worst I may have to eat the boxes; but if I do not get rid of the other stuff I am going to have to rent another house and quit business and use my office for a store room and there is also danger of my wife quitting me to go to work in a defense area as she says she is getting tired of defending herself against my queer ways.

Two women, who were all dressed up and parked in a car at 3 p. m. one day this week, stopped me one day this week stopped me that the sales talk about the terrible physical and mental strain of housekeeping is all overplayed.

Both of these women put on a very downhearted look and moaned so loud that a couple of men who went by hesitated and looked as if they might

come over and crack me across the cranium. Mrs. W. R. Wilson, who has been unfortunate enough to have worked on a newspaper, even said that I am all wrong about women being on the slow and lazy side and that housework is most trying, but I still maintain that women have the best end of the deal and are acting very foolish in horning into the business field—they should let us fool men go ahead and be beasts of burden. If the women want my advice, although none have come to me confidentially and asked for it, I say keep moaning and groaning, girls, it is fooling no one, but it is done in the right spirit.

... - V . . . -

THIS WEEK'S LESSON. "Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 4.

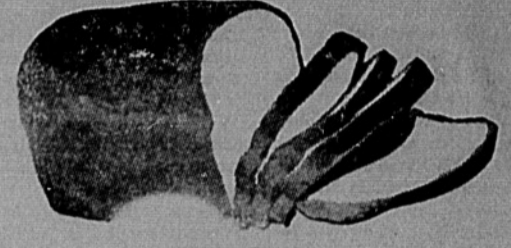

The Golden Text is: "What is the chaff to the wheat? saith the Lord" (Jeremiah 23:28).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not?"

hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness." (Isaiah 55:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Moral courage is requisite to meet the wrong and to proclaim the right." (page 327).

MRS. M. D. GAMBLE

Miss Gladys Lorene Cummings, daughter of Mr. and Mrs. R. L. Cummings, and Claude Wagner Sooter of Shallowater, were united in marriage Saturday night at the Church of Christ in Slaton. The bride is a 1942 graduate of Cooper Rural High School.

Church and Sunday School were well attended Sunday. Rev. Clinton filled his regular appointment at the Baptist Church.

Dick Cade of Texas Tech visited his parents, Mr. and Mrs. R. M. Cade, the last week end.

Glenn C. Hampton left Monday for the Navy.

Mrs. T. L. Peterson and daughters, Virginia and Lula Mae, have been visiting their daughter and sister, Mrs. McRhea, in California, who is ill. Virginia remained with her.

Mr. and Mrs. C. L. Griffin returned from a visit with their son, Clester, who is in the Navy.

Mrs. D. J. Speed, who has been seriously ill in the Littlefield Hospital was removed last week to the home of her sister, Mrs. R. D. Presley, near Shallowater and is slowly improving.

Mrs. M. D. Gamble, George and Mrs. J. G. Hampton visited in the R. D. Presley home Sunday.

A family reunion was held in the W. D. Meyers home last week, when they had the pleasure of having all eight of their children home at the same time. Their son, Charlie, who was injured while in Service, returned on a furlough and is reported doing fine.

Mrs. J. G. Hampton spent ten days with her daughter, Mrs. V. L. Cade of Lubbock.

Mr. and Mrs. B. E. Stephenson spent the week-end with their daughter and family, Mr. and Mrs. D. D. Stacy of Whiteface.

Mr. and Mrs. C. D. Young attended church at Union Sunday.

Mrs. Pat Patterson's mother of Post was visiting here Sunday.

Mr. and Mrs. Amos Sidgwick of Littlefield visited in the home of B. B. Jones Sunday.

Mrs. G. M. Harlan visited Mrs. M. D. Gamble and family Saturday.

Mr. and Mrs. Ramond of Wilson attended church at Union Sunday.

(Continued from page 1)

fore, I consider Clean-up Week most important."

Our Governor has designated April 4th to 10th, inclusive, by proclamation as Health and Clean-up Week. This effects each individual citizen in Slaton.

The Fire Marshal and Fire Department appeal to each citizen to co-operate 100% with the Governor's proclamation by removing each fire hazard and unsanitary condition from their homes and surroundings, as well as their places of business.

Please have all combustible rubbish removed and disposed of, and see that all electrical equipment and appliances are in good order, to prevent fires and electrocution. Our country is getting very dry and all materials are more highly combustible in dry weather than in a moist atmosphere.

ELBERT WILSON, Fire Marshal.

**Will Rogers' Humorous Story**

By WILL ROGERS

A KIND of whipped-looking bird went into a doctor's office to find out what was the matter with him. There wasn't anything wrong with

him that the doc could see, except that he was discouraged and kinda beat up a little here and there.

"Well," says the doc, "there ain't any surface indications of anything serious. But we got a machine here that I can see all through with. I'll stick you over there and then I'll look through this thing-a-ma-jig, and maybe I can find something the matter with you."

"How much will that cost, doc?"

"Twenty-five dollars."

"Never mind. It ain't necessary. I got a mother-in-law at home. She's always said she can see right through me, and she swears there ain't nothing the matter with me either. So I'll just save the twenty-five and go back home to mother-

**EMERGENCY RATIONS PERFECTED**

THAT seamen clinging to life rafts might have a better chance of survival, three Canadian naval men have brought out a new "emergency ration container" which has been adopted by the Royal Canadian Navy and bids fair to set the pace in this field for the rest of the Allied Nations.

It culminates seven months of study, laboratory experiments and exacting work by Lt. James Campbell, shown in photo, lower left, biochemist of the Navy's special branch and director of the nutri-

tional section of the Navy's Medical Research unit, Toronto; Surgeon-Lieutenant J. E. deBelle, R.C.N.V.R., in peacetime general superintendent of the Children's Memorial hospital in Montreal; and Lieutenant Reginald W. Millard, technical expert of Naval Stores, of Vancouver.

As a result of their labors they have produced:

(1) A kit no bigger than milady's overnight bag, weighing 17½ pounds, coated with a salt-water resisting paint and costing in the neighborhood of \$7.50.

(2) A water can which holds 16 ounces of water and which has been subjected to temperatures as low as 15 degrees below zero without breaking.

(3) A chocolate ration bar which will stand heat to a temperature of 212 degrees without melting.

(4) A chocolate tablet ration which is 79 per cent whole milk, is palatable.

(5) A small food container only slightly larger than a sardine tin which holds 12 of these tablets, 12 concentrated biscuits and two bars

of chocolate (enough to last a man two days) and which, upon being emptied, becomes a drinking cup with one-ounce and two-ounce measurements on its side. Photo at right shows Lt. Campbell demonstrating use of the drinking cup to an interested WREN.

Photo at top, left, WRENs Frances Alley and Marjorie McKeag are sampling the emergency biscuit rations.

One of the interesting scientific factors about the ration is that all foods have been processed so that

they would stand up to sterilization without spoiling. This in itself entailed months of gruelling laboratory work.

Already 25,000 of the new containers have been ordered. Some have already gone to Canadian ships. It is planned to place four on each 10-man raft and eight on each 20-man raft.

There is only one set of instructions printed on the side of the container: "Eat slowly". High caloric content of the concentrated food makes this imperative.

**OFFICERS TRAINING**

(Continued from page 1)

ates, including the Slaton High School, will assemble at 70 accredited colleges and universities and nearly 700 high schools throughout the state to take qualifying examinations.

Under a joint agreement by the two services, the student will be allowed to express his preference for either Army or Navy service. The age limits for Army candidates are 17 through 21 years.

The Navy program is designed to provide future officers for the Navy, Marine Corps and Coast Guard through military training and study of prescribed courses at colleges under contract to the Navy. It is expected, the Navy said, that the first group under the new program will be called to duty July 1. They will

go to school in uniforms with all expenses met by the government and receive, in addition, the pay of an apprentice seaman.

Students fitted for general duties will receive one and one-third years of college work, divided into four terms of 16 weeks each. Men now studying courses leading to

such specialized fields as medicine, dentistry or engineering will have from six to 12 terms of study.

When their courses have been successfully completed, students will be given further specialized training leading to their commissioning.

Students with Navy preference

**BOY SCOUT REPORT**

Troop 29 of the Boy Scouts of America met at the Scout Hall last Thursday night, March 25, 1943. The Scouts played baseball from 7:30 until 8:15 and then went inside for the meeting.

For the past month plans have been made about putting on a "Fun Night", but no date has yet been set. It is expected a date will be set within the next week. Both troops 29 and 28 will take part in

the boxing. Norman Spears was elected news reporter. There are boys in Slaton who are 12 years of age and older who are not Boy Scouts. Why don't these boys come out to Scout meeting Thursday night at 7:30 and join the Boy Scouts? The boys who are already Scouts must register before April 1st. 75% of them have already registered, so now would be a good time for you boys who are not Scouts to come and join.

who qualify through the test will report at their own expense to the Office of Naval Officer Procurement, 1530 Allen Building, Dallas, or 824 Neils-Esperson Building, Houston. Each student will be advised to which office he should present himself.

## "Let The People Know" Reviewed Former Slaton At W. S. C. S. By Mrs. M. W. Abernathy Girl Honored

### Personals

Mr. and Mrs. Fred Stottlemire left Wednesday afternoon for Wellington, Kansas to attend the funeral of Mr. Stottlemire's father, Mr. W. A. Batson.

Mrs. Alva Burdick and Mrs. Roy Macklin and two children from Wichita, Kansas are visiting Mrs. J. F. Boldin.

Miss Eunice McDonald and mother are visiting Miss Evelyn Campbell in Dallas for a few days this week.

Milton Kessel, who has been stationed in New York and has been taking training in special naval work, has graduated and will be home on a short furlough over the week end. He will go from here to a naval station in Virginia.

W. T. Gillespy, former Slaton business man, was a visitor in town Tuesday and bought \$3,000 in War Bonds while here.

Mrs. L. M. Smith has returned from a Lubbock hospital where she underwent a major operation.

Mrs. G. A. Guthrie of 505 West Garza left Monday for Olney, Texas to visit her daughter indefinitely.

Mrs. Jim Foley of Clovis is in Slaton this week visiting her mother and other relatives.

Mrs. Joe H. Burton and daughter of Los Angeles have been visiting Mrs. Ammie Burton and family. They are enroute to Corpus Christi, where Mr. Burton is in the Navy.

Mrs. Tommy E. Davis of Sweetwater was a house guest in the Slaton home. Mrs. Davis is the former Miss Corinne Cates of Slaton. After visiting friends in Lubbock she returned to Sweetwater Friday.

Claude Anderson is in Fort Worth this week on business.

Mr. and Mrs. Gilbert Welch, formerly of Slaton and now of Friona, Texas, were in town over the week end.

The third in a series of Peace programs was given at the Methodist Church Monday at 3 p. m. Mrs. Webber Williams gave an organ prelude preceding a short business meeting presided over by Mrs. H. C. Gordon.

Mrs. Abernathy reviewed, "Let The People Know," by Norman Angell. To summarize this book, the author says, "These plain answers to the questions that confuse us are needed in the war today and in the peace tomorrow."

Mrs. J. T. Pinkston brought the Scripture, the 122nd Psalm, and Rev. H. C. Gordon gave the closing prayer.

These programs are timely and beneficial and all denominations are invited to attend.

Honoring Mrs. T. E. Davis of Sweetwater, formerly Corinne Cates, an informal party was given Wednesday night in the home of Donna Sanner.

After presenting gifts to Mrs. Davis, refreshments were served to the following: Billye Francis Lively, Connie Henry, Joni Walsh, Rebecca Wilson, Betty Lou Turner, Mrs. Lloyd Henry, the honoree and the hostess.

### Spanish Lesson Studied By Civic And Culture Club

Mrs. Lee Green was hostess to the Civic and Culture Club Saturday, March 27, at 3 o'clock in the home of Mrs. W. R. Ragsdale, 305 South Eleventh St.

After the regular meeting, Mrs. J. S. Bates taught a lesson in Spanish. Mrs. Green was presented a birthday cake and gifts from the club. Refreshments were served to fifteen members.

The Club will meet with Mrs. O. R. Hayes April 10, at 3 o'clock.

### Ko Shari Club Presents Miss Mary Ann Schmidt

Miss Mary Ann Schmidt was one of 39 pledges presented by Ko Shari Club at their eleventh annual Spring Presentation Dance Saturday night.

Her escort was Ross Hester of Lubbock.

### Parent-Teachers To Conduct School

A Parent-Teacher School of Instruction, to be held at the Club House Monday, April 5, at 1 p. m., has been announced by Mrs. Henry Eldson, secretary of the 14th District Texas Congress of Parents and Teachers.

Mrs. H. G. Stinnett, Jr., President of the 14th District, will conduct the school.

Mrs. Eldson urge that all local P. T. A. members be present, particularly the incoming officers, as this school will be especially instructive.

### Win One Meets With Mrs. Walker

Mrs. Joe Walker of 715 South Seventh Street, was hostess to the meeting of the Win One Class of the First Methodist Church Friday afternoon, with Mrs. W. W. Jones as assistant hostess.

Mrs. G. M. Harlan presided over the business meeting. The class voted to buy a \$50.00 War Bond. Mrs. Lloyd Tibbs brought the devotional from the 37th Psalm and read a poem, "Let Not Your Heart Be Troubled." Mrs. Pinkston closed in prayer. Mrs. L. W. Smith was in charge of the social hour. Sunshine Sisters' names were revealed and gifts were exchanged.

Refreshments, with Easter plate favors, were served to Mesdames J. D. Barry, L. W. Smith, George Taylor, Elbert Wilson, L. B. Johnson, W. R. Wilson, T. P. Hord, J. T. Pinkston, P. W. Houston, A. G. Saage, E. R. Legg, P. H. Appling, J. R. Thompson, G. M. Harlan, J. E. Rucker, W. W. Jones, and two guests, Mrs. J. R. Robertson and Mrs. Lloyd Tibbs.

### MRS. LOTT ENTERTAINS JOLLY QUILTING CLUB

The Jolly Quilters completed one quilt Tuesday when they met for all day in the home of Mrs. E. M. Lott.

At noon a covered dish luncheon was served to the following members: Mesdames P. M. Wheatley, Ben Mansker, W. P. Florence, J. M. Burton, H. C. Maxey, H. H. Edmondson, R. C. Sanner, E. E. Wilson, J. W. Scott, Emma Wallace and two visitors, Mrs. J. F. Jarman and Mrs. J. Ewing.

A regular meeting will be held next Tuesday with Mrs. Burton.

### Luncheon Given In Haliburton Home

Mesdames Wiley Martin, J. F. Collins and J. P. Haliburton were hostesses at a covered dish luncheon for the Intermediate E. T. U., at the home of Mrs. Haliburton, Sunday, March 28. After the luncheon, games were played.

Those present were: Samuel Phillips, W. B. Nesbitt, Harold Culver, John Hall, Glen Scroggins, Raymond Champion, Waylon Ferguson, Evelyn Scroggins, Elizabeth Shaw, Sara Shaw, Billie Burns, Nelda Ward, Ruth Walters, Wenona Peebles, Geane Martin, Billie Tucker, Janice Hall, Charlene Lee, Myrtle Teague, and the hostesses.

### URGENT NEED FOR HELP IS RED CROSS PLEA

Interest in Red Cross work is lagging in Slaton and an appeal is being made to all women to do their part for their country.

Workers are needed to finish the sewing on hand before the new quota of material arrives. All knitting for Army, Navy and War Relief should be finished and turned in by April 15.

Last week Slaton Eastern Star displayed two layettes in the Southwestern Public Service Co. window. They furnished all the material and made these layettes, then presented them to Red Cross.

Mrs. M. L. Turnbow filled one kit bag and Mrs. Tom Turner, two. There are 17 more that must be filled and anyone interested, please get in touch with Mrs. H. R. McKee, production chairman.

Next week's chairmen are: Mrs. Tom Turner and Mrs. M. L. Turnbow, Monday; Mrs. C. L. Pack and Mrs. J. H. Teague, Jr., Tuesday; Mrs. R. G. Kirkpatrick and Mrs. Bill Farschon, Wednesday.

## Weekly Sermon

**The Christian's Individual Responsibility**  
 By the Rev. Kenneth S. Wuest,  
 Member of Faculty, Moody Bible  
 Institute, Chicago.

Text: "And He gave some, apostles;  
 and some, prophets; and some,  
 evangelists; and some, pastors and  
 teachers; for the perfecting of the  
 saints, for the edifying of the body  
 of Christ."—Ephesians 4:11,12.

In verse 11 we are told that God  
 has given these gifted men to the  
 Church as gifts. In verse 12 we are  
 told the purpose for which they  
 were given. The words pastors and  
 teachers are in a construction in  
 the Greek which indicates clearly  
 that one man is spoken of, a pas-  
 tor who is also a teacher, that is,  
 a teaching pastor. When God calls  
 a man to be a pastor, He gives  
 him a teaching gift. He expects  
 him to use it. Therefore a large  
 part of the pastor's sermons will  
 be messages which will instruct  
 the saints. They will explain the  
 meaning of the Word of God to  
 the Christian.

The purpose of this teaching  
 ministry is to perfect Christian be-  
 lievers. The word perfect in the  
 Greek here means to equip some-  
 one so that that person may func-  
 tion in a certain way. This equip-  
 ment given the Christian church  
 member is that he might do the  
 work of the ministry, namely, that  
 he might do ministering work. And  
 this is for the purpose of adding  
 to the Body of Christ and building  
 it up.

Executive Secretary W. W. Melton (extreme left) looks on as Treasurer R. A. Springer (extreme right) gives to Paul Daana (seated) the Convention's check for \$33,000 and receives in return the last note marked "paid in full".

## Excuses Given By Slaton High School Students In One Month

February 15 to March 15. High School only.  
 The tardy bell rang at 9:55. We had a total of 223 tardies in the morning. Excuses are listed in order of the frequency in which they were given.

1. Just did not get up in time.
  2. Clock was slow.
  3. Had to go to town.
  4. Car would not start.
  5. Mother did not get breakfast in time.
  6. Was up too late last night.
  7. Had to go to the beauty parlor.
  8. Had to get a hair cut.
  9. Had to walk.
  10. Had to work before school.
  11. Various other reasons.
- The length of the noon period was one hour and five minutes but we had a total of 51 tardies. Excuses given by the students are listed in the order of their frequency.

The pastor, in the plan of God, is to be a specialist. He is to specialize in instructing his church members in the meaning of the Bible and in methods of Christian work, so that they can teach Bible classes, preach in missions, hold open-air meetings, do hospital visitation, and present the Word of God to prisoners in jails. Thus the pastor multiplies his own efforts. Instead of being the only soul-winner in the church and doing all the teaching and preaching he is putting all his Christians to work for the Lord Jesus. Every Christian has a responsibility to do Christian service, not only the pastor in the pulpit but the Christian in the pew.

## Southland News

Virginia King, Correspondent

Hollie Clifford White died at 8:15 Sunday, after being confined to his bed for 3½ months.

The funeral services were held at 3:30 Monday at the local Baptist Church, with Rev. O. E. McGaw, assisted by Rev. Vic Allen of Wolfforth, Rev. O. J. Harmonson and Rev. E. C. Armstrong, officiating. Interment was in the local cemetery. Pallbearers were: Billy Engle and Le Troy Lester, James Field, Clyde King, Robert Russell and Truman Riddle.

Mr. White was born at Lott, Texas, June 26, 1896. He served in World War I, with the 36th Division, serving in France for six months. He landed in New York, Dec. 31st, 1918, a casualty, wounded and gassed.

He married Iva Lester of Southland on May 22, 1919.

Survivors are his widow and three children, Mrs. Herman Irwin, Pfc. H. C. White, Jr., instructor in the Marine Paratroops, and Billy White; three sisters and two brothers.

Mrs. Cecil Cummings of Lubbock came Wednesday to take care of her mother-in-law, Mrs. B. Cummings, who has the flu. Mrs. Cummings' husband and daughter spent the week end here, before returning to Lubbock.

Tuesday, Mrs. Herman Willis of Carlsbad arrived to visit her mother, Mrs. G. W. Davis. Monday both women left for Portales to visit their son and brother.

Edward H. Ussery, Jr., was ordered by the doctor to stay off of his leg for a month, or have it put in a plaster cast. Two weeks ago Sunday, he was thrown from a horse and tore loose the ligaments in his leg.

Mrs. Clyde Haire was reported doing fine Monday morning. She has undergone a major operation. Misses Ruth Reed and Ben Etta Mining, Seniors who completed their High School work at mid-

10 Various other reasons.  
 Reported by Superintendent.

term, had enrolled for a six weeks training course with the Western Union Telegraph in Springfield, Missouri, and were given work with the same company in Lubbock.

Friday, a son, Talmage Edwin, was born to Mr. and Mrs. Royce Loveless in Slaton's Mercy Hospital. The new arrival weighed six pounds.

Also in Slaton, Friday, a 7 lb. 5 oz. son was born to the W. J. Waltrips of Morton. This grandson of Mr. and Mrs. Ed Lieske was named William Jennings, Jr.

A week ago Sunday, Miss Ruby Edwards, formerly of Southland, and Mr. Donald Bedford, who is stationed in Wellington, N. Carolina, were married at the home of

the bride's sister, Mrs. Dale Calvert. Rev. O. J. Harmonson performed the ceremony.

Recently Herman Willis received 24 V mail letters from his wife in one day. He has been in Australia for several months and is now in New Caledonia.

James R. King, in his work in a Post Office somewhere in England, handled a letter written by Calvin Klaus to his parents here. "Skinny" wrote to Calvin and they planned a week-end together before either of them should be moved.

Cadet Ralph Landers has completed his primary training in Antonio and has been transferred to Red Bluff, Arkansas.

## Santa Fe gives right-of-way to Victory Gardens

Now Santa Fe employees do war work in their hours off duty too! They're grabbing spades and digging fertile stretches near their homes, along their railroad's 13,199 miles of right-of-way. They're raising fresh, vitamin-packed vegetables their nation needs to win a war. Santa Fe—all out to win—gives right-of-way to troops and victory-winning freight... moving millions of men, and tens of millions of tons of vital food, raw

materials and finished products—swiftly and surely to where they're needed now. Santa Fe locomotives, cars, tracks and men are all working in their country's service. And now the Santa Fe right-of-way itself steps into victory uniform! And Santa Fe people—already working hard, and buying war bonds—like this Victory Garden scheme—this chance to do one more thing for victory! Santa Fe goes all the way, for the U.S.A.!

Your local Santa Fe Agent will gladly help with your travel or shipping problems.

## Immense Variety We Have

# BERKLEY and HADDOCK

# WHAT THEY SAY

## We would be glad to hear from you, Too!

...as, Mar. 31, 1943.  
Slatonite, Slaton, Texas.  
...to Slaton parents:  
...Are we raising our children to be freedom loving?  
...Do we teach them to live and let live?  
...Shouldn't a boy be allowed to train his hair in a wave and attain a well groomed look, if he so desires?  
...I'm referring to an incident that took place near the school this week. Some boys took it upon themselves to "chop" off all the waves and curls of the lower classmen, even down to the 5th and even 6th graders.  
...Can we hope for a democracy, if we aren't teaching today's children to respect the rights and privileges of others? They will be tomorrow's citizens and leaders.  
...Great oaks from little acorns grow." If these little acorns are of the finest quality, a fine, sturdy, upright oak will grow.  
...If the little acorn is evil, the oak

will be the opposite.  
...So it is with habits of good character.  
...Might we suggest that every boy, PROVEN guilty of taking any part in this hair cutting, be required to have his hair clipped before he may return to school. If the parents of these boys will cooperate with the teachers in this measure of discipline, this free hair cutting will very soon be stopped.  
...This incident created lots of business for the barbers, but they don't want that kind of business.  
...I expect there were several dollars spent for haircuts that could have gone into war stamps (where all unnecessary expenditures should be going these days). Certainly these dollars were unnecessary expenditures.  
...Doesn't this border on sabotage? Are we raising saboteurs right here in Slaton?  
...Think it over, folks.  
...Parents Of A Victim.  
...Signed: Mr. and Mrs. H. M. Zimmerman, 740 So. 6th St.

## Small Towns To Change

AUSTIN—The development of commercial air transportation after the war will not by any means be confined to large cities, Dr. John H. Frederick, University of Texas professor of transportation and industry, has predicted.

"Feeder airlines will be required to connect the smaller towns with the trunk lines having stopping points only in large cities," Dr. Frederick explained. "These feeder lines will enable small town citizens to move their products to market and to buy merchandise by air—fastest means of transportation available."

Dr. Frederick predicts many changes in post-war commerce as a result of air transportation. For instance, he believes that all first class mail will move by air, that metropolitan newspapers will be delivered by air; and that shopping habits of small city dwellers will shift either to ordering advertised merchandise by air or to flying to shopping centers themselves.

## Farm Loans Being Paid

HOUSTON.—A steady increase in the number of long-term Land Bank farm mortgage loans paid off in full in Texas this year is reported by the Federal Land Bank of Houston.

Last year one loan out of every ten was paid out completely and the first part of 1943 has brought a doubling number of pay-offs in the same period of 1942.

"Getting farmers and ranchmen out of debt on their land is one of the biggest accomplishments of the Land Bank System," said President Sterling C. Evans. "The Land Bank was established to serve agriculture on a business basis, from a long range viewpoint. It is one of the few farm mortgage institutions which permits a borrower to pay on or before maturity of the debt."

consumption, has contributed still further toward inflation," Dr. Buechel warned.

In Texas the gain from last year in retail department and apparel store sales amounted to 99.2 per cent in February, and to 57.4 per cent for the two months of January and February combined, as compared with similar periods of last year. The increase from January, 1943 to February amounted to 26.4 per cent.

All phases of industry and trade except runs of crude oil to stills, showed similar gains during February over the same month of last year, Dr. Buechel pointed out. The index figure on employment for February was 139.3 as compared with 112.9 a year ago; on payrolls, 210.9 as compared with 149.

The composite business index, with employment, payrolls, miscellaneous freight carloadings, runs of crude oil to stills, department store sales, and electric power consumption as its factors, was 187.9 in February, 1943 as compared with 134.8 in February, 1942 and 178.4 in January of this year.

## POSEY ITEMS

Ruth Gentry

Mr. and Mrs. J. I. Cranfill and Miss Nadine Hart were visitors in the Orville Cranfill home in Lorenzo Sunday.

Mrs. Wesley Gentry, Ruth and Laverne Gentry, Neva Ruth Belcher, Frances Hart, Mrs. Benton Patterson, Mrs. L. K. Hart and Mrs. O. R. Patterson attended the Club Council in the Lubbock Court-house Saturday.

A large crowd attended the singing at the school house Sunday night and everyone present enjoyed it. Mrs. Elzie McGennis of Denver, Colorado was a visitor. The next singing will be on second Sunday night, April 11.

New officers were elected for the Posey Sunday School Sunday. They are: Superintendent, Mr. S. N. Gentry; Secretary, Vernell Campbell; Song Leader, Ruth Gentry; Pianist, Mrs. Red Slone; Adult Teacher, Mr. H. C. Robertson; Young People's Teacher, Mrs. Carl Miller; and Primary Teacher, Mrs. George Hayes. They will hold their offices for the next three months.

Miss Sarah Bell Childress of Slaton was a visitor with Miss Irene Gentry this week end.

Mr. and Mrs. Dorsey Gentry of Lubbock were visitors in the community last Thursday.

Cpl. and Mrs. Ed Walther and Mrs. A. B. Cloninger of Lubbock were visitors in the home of Mr. and Mrs. Wesley Gentry this week end.

Messrs. M. P. and S. N. Gentry attended the County Singing Convention in Lubbock Sunday.

Pvt. Joe Melcher is home on furlough and visiting his parents this week. Pvt. Melcher is stationed at Lubbock City.

## It Is Still Christmas Time

AUSTIN—Retail buying in Texas during the normally quiet months of January and February was comparable to the Christmas buying rush has been reported by Dr. F. A. Buechel, statistician for the University of Texas Bureau of Business Research.

"Wide publicity during the recent months regarding impending scarcities in many lines of food, clothing and other classes of merchandise in everyday use, combined with inadequate controls on

## ELECTRONICS — THE NEW SCIENCE INVISIBLE WORLDS

A WARTIME development, designed to be used in peacetime as a wide scale by doctors in their fight against disease, is a new portable and simplified electron microscope (lower left photo), ten times more powerful than the best light microscope. Developed by General Electric scientists, the new microscope is being produced for essential laboratories engaged in medical and industrial war research.

Developers "invisible worlds" have explored with the new microscope which "shoots" electricity (electrons) through the specimen to be studied and produces a greatly magnified image of the specimen on a small fluorescent screen, like the screen in a television set.

For example, six of these lamps (lower right photo), shown

here magnified 10,000 times by the new microscope, protrude from the tip end of a mosquito's stinger. As they drive into the skin and reach the blood stream, they close in, forming a tube through which the blood is drawn.

Another example of the microscope's power lies in the fact that it can measure accurately particles as small as one millionth of an inch, or one thousandth the diameter of a human hair, according to Dr. C. H. Bachman of the G. E. electronics laboratory.

Today, harnessing the power of the infinitesimal electron, which is part of the atom, science is extending the range of intellect and senses to a degree undreamed of in history.

### STORM PROOF COTTON— (Continued from page 1)

bor will most likely be one of the most serious questions of the farmer.

Mr. Smallwood has planted the cotton for the past two years and says that it showed as good or better staple than half and half.

The storm proof cotton seed are small and come out of the gins free of line. They look like seed from very low grade cotton, says Mr. Smallwood, but he says not to let that fool you.

According to indirect information concerning the origin of storm proof cotton, Mr. Maeker got the idea of developing the breed when he noticed a small part of one of his fields had bolls from which the cotton was very difficult to pull and he left it until late in the season, when it still proved to be difficult to pull from the bolls.

Other farmers who have experimented with the cotton, report the same results and men like E. R. Legg, J. H. Brewer and Charley Austin have made plans to try the new seed.

### COLQUIT WILLIAMS OF COMANCHE PASSES AWAY

Mr. and Mrs. L. C. Odom, accompanied by their daughter, Mrs. P. W. Wood of Austin, returned Tuesday afternoon from Comanche, where they attended the funeral of their nephew and cousin, Colquitt Williams, who died Saturday at John Sealy Hospital in Galveston. Mrs. Odom had been with her nephew in Galveston a week.

Mr. and Mrs. T. S. Whittis of Lubbock, and Mr. J. P. Robertson of Plains, returned with the Odoms.
