## OLD CANNON IN NEW FIGHT

**FROM THE FRIGATE CONSTITUTION TO DEFEND OUR CONSTITUTION**

BOSTON—This cannon of the historic Frigate "Constitution," being inspected here by two American sailors, will speak again in defense of the country soon. It was one of the prize items sold at auction recently on historic Boston Common during the "Salvage for Victory" day. More than 50 Civil and World War I cannons were contributed by Veteran organizations to scrap drive.

## Slaton Makes Good Showing As Second War Bond Drive Nears End

An accurate account of War Bond sales for the past week in Slaton territory had not been tabulated, but Kirby Scudder and W. R. Sewell of the Citizen State Bank report that estimates show that Slaton will have done more than her share of the quota set for Lubbock County.

The Citizens State Bank has made a request for \$100,000.00 in Bonds in the new series that has just been made available for Banks over the nation, however, this will not be credited to the 2nd War Loan Drive as the purchases made by Banks are not permitted to be included in the Drive.

The local purchases of Bonds for the last week of the drive has been active and the Victory Bond Committee hope to end up the month and the drive with a creditable showing.

With the sale of almost \$13 Billion of U. S. Treasury securities already assured in the first two weeks of the 2nd War Loan Drive, Mr. J. R. Gilbert, President of the Federal Reserve Bank of Dallas and Chairman of the War Finance Committee for the Eleventh Federal Reserve District, is profuse in his praise of the 25,000 volunteers who are doing such a fine selling job in the district.

Indicative of what a great sales job already has been done in the 311 counties in the Eleventh Federal Reserve District, he said that at the close of business Saturday, April 24, this district had already passed its \$200 Millions quota of War Bond sales to non-bank buyers, and that indications are that by the end of the 2nd War Loan Drive the district's non-bank quota would be exceeded substantially.

Mr. Gilbert specifically complimented the unity of effort which the War Savings Staff organizations and the Victory Fund groups have achieved through perfect teamwork in each community where the two organizations exist. He mentioned how groups accustomed to selling bonds to employees on a pay-roll deduction basis have done an outstanding job by continuing this effort while selling additional bonds outright as part of the 2nd War Loan Drive; and said that this applies also to those who have been and are conducting stamp-selling campaigns in schools and at other meeting places. He lauded insurance company folks; building and loan people; cashiers, accountants and salespeople from every business institution who find their own time and have made a splendid effort, without any monetary compensation, to perform this vital sales job as volunteers; and he also said that labor groups and women's organizations have done great work.

## Santa Fe Course Being Repaired

After all, the golfers of this section are not going to be deprived of a good golf course to play on. Under the direction of Chick Garland, the Santa Fe Course is being put in excellent shape and it is expected that within a few weeks the course will again be one of the best grass greens in West Texas.

## THIS WEEK'S WAR MOVES

One of the greatest air battles in history was won by Allied fighters near Cape Bon, Tunisia, when they shot down 74 Axis planes and damaged 30 more. Fifty-eight Junkers-52 were among the planes brought down. The total of Axis planes destroyed during one day was 96, and in three days 112. Only eleven Allied planes were lost to the Axis 96.

The British Eighth Army continued its two-pronged drive against Rommel's defenses which are known to include strongly fortified positions farther back in the hills. The British repulsed a number of desperate counter-attacks and forced the enemy to meet them at two points. Takrouma, Djebel Garci, and Enfidaville were captured.

United Nations now hold complete air mastery over the enemy in the Northwest Africa theater of war, according to Lieut. General Carl A. Spaatz. Since March 20, when the battle of the Mareth Line began, 519 Axis planes have been shot down by Allied fliers, and another 1,000 Axis planes have been destroyed or damaged on the ground. This activity has cost the

## MEN'S STRAW HATS TO BUD OUT TOMORROW

## Hackberry Doing Her Part In The War Effort

The Hackberry Unit of the Red Cross, in a period of ten weeks, has made the following garments: 57 pairs of pajamas, 24 shirts, 44 blouses, 7 Red Cross sweaters, 7 Army helmets, 11 Army sweaters, 6 mufflers, 4 Navy sweaters, and 5 pairs of Army gloves.

One of the rooms of the community club house was equipped and qualified as a center for the making of surgical dressings in February, and since that time the women of the community have made 8150 dressings.

Forty-seven dollars was raised at a "pie supper" the past week and this money will be used to buy more chairs, another large table and pay the electric bill of the club house for a year in advance—so that monthly "chore" will be out of the way.

The Hackberry Unit meets twice a week—on Monday afternoons and all day on Thursdays, when a covered dish luncheon is served. On Thursday of last week 1125 surgical dressings were made, making a total of 1525 for the week.

Mrs. Heywood Basinger and Mrs. Clyde Haire are supervisors for this unit.

## SCHOOL CHILDREN MAKING ANOTHER DRIVE FOR SALVAGE

### Mrs. Bailey Now School Secretary

Harry Stokes, President of the Slaton Independent School District, reported this week that Mrs. R. H. Bailey has been appointed Secretary to the local schools. Mrs. Bailey will take over the work tomorrow morning.

F. A. Drewry, who has held the position for the past several years, will remain in Slaton, having accepted a position with a local business institution.

Mrs. Bailey, who is well known in Slaton, has resigned her position with the Lubbock County Draft Board in order to take over her new work. She is an experienced business woman, having been employed both in newspaper and clerical work. She has three sons in the service, two of whom have been reported missing.

Allies only 175 planes and they have retained the offensive consistently. In England it was acknowledged that the Allies have air superiority, though not domination in the Western war theater, but it was believed that the Nazis were building up their fighter strength to protect Germany proper.

The Soviets reported the destruction of 302 Axis planes in one week and admitted the loss of 103 of their own aircraft. German attempts to halt the Russians in the Kuban area of the Western Caucasus were unsuccessful, the Germans left 1,400 dead in counter-attacks on one hill. An unexpected statement from England said that the British Government had received numerous reports that the Nazis were getting ready to use poison gas against the Russians. Britain repeated her promise to retaliate immediately and fully against Germany itself if poison gas were used anywhere by the Germans.

## ABOUT SLATON Women in the Service

Tomorrow is Straw Hat Day in Slaton and the men's stores of the town are all set to usher in the day with a wide variety of straw toppers for the customers to choose from.

The styles will be very much the same as last year's, in keeping with the war time restrictions, featuring straws and other light weight materials in soft tans, grays and off whites. Fancy hat bands are popular, as well as combinations of colors of straw. In fact, paw will put on a contest with maw in hat colorings, but he does not have a chance when it comes to queer shapes and cock-eyed ways of wearing a new straw hat, but just the same, the men will do their best tomorrow to look handsome in a new straw katy.

## J. W. Walkers Have Family Reunion

It was a happy time last week for Mr. and Mrs. J. W. Walker as they have all of their children with them, the first time they were all together in 32 years.

Those attending the reunion were, their daughters, Mrs. W. S. Parks, Breckenridge, Texas, Mrs. Elmer York, San Angelo, Texas, Miss Sue Walker, Denver, Colorado, and their son and his wife, Mr. and Mrs. A. C. Walker, of Prescott, Arizona.

Contrary to the general belief, the Salvage campaign is by no means discontinued nor are the blast furnaces overloaded with scrap metals.

In answer to an appeal by the Salvage Committee, the Slaton School children are again making a drive to collect all scrap metals and rubber, a good quantity of which has been collected on the High School grounds.

"It is surprising how much scrap metal is still available," said School Superintendent Kavanaugh, "and we will appreciate any donations of old car bodies, old farm machinery or anything made of scarce metal. The school children will call for anything that is available and the men in the armed forces in Lubbock will make trips down here to get it when the mills are ready to receive it."

All of the revenue from the scrap will be added to the money that was taken in on the former scrap drive, which amounted to over \$400.00, and when the war is over it is planned to invest it in a Public Address system for the Slaton Public Schools.

A phone call to the High School will bring a school boy in a car to get any scrap metal.

## Slaton Rancher's Mother Passes Away Sunday

Funeral services for Mrs. Hardy Morgan, 64, of Lamesa, who died Sunday in Ashland, Oregon, were held Thursday afternoon at 4 p. m. in Lamesa.

Mrs. Morgan had helped her husband, a foreman for the famed Col. C. C. Slaughter cattle empire, build a small stake in Dawson County into a well improved ranch. Later they expanded their holdings to include farm lands around Sparenburg, where they built their home, and a ranch south of Big Spring.

Survivors include her husband; four sons, John Hardy Morgan, Slaton, Paul and Lloyd Morgan of the armed forces in Florida, and Ken Morgan, Big Spring, and one daughter, Mrs. T. F. Vaughn, Lamesa.

Slaton friends attending the funeral were Mr. and Mrs. Sog Robertson, Mr. and Mrs. Gus Robertson, and Mrs. Raymond Champion.

FORT DES MOINES, Ia.—Wanda Iris Cruse of 615 S. 12th St., Slaton, Texas, has been transferred from the First Women's Army Auxiliary Corps Training Center here, and ordered to Recruiting duty in the Fourth Service Command.

She will report to the Commanding General at Atlanta, Ga., and will then be assigned to a particular station in the Service Command territory to work as a WAAC recruiter.

WAAC Recruiting stations have been set up all over the country, manned by WAAC Officers and enrolled members whose responsibility it is to enroll the woman-power of the nation in the Corps.

## No New Homes Are Being Built; Others Are Moved

At the meeting of the Slaton Chamber of Commerce last Tuesday night, the directors discussed the problem of houses being moved from Slaton to other towns. The housing problem is a serious one in Slaton now and with more and more houses being moved to farms and to other towns, Slaton will soon have very few homes to rent to the railroad employees who are coming here in ever increasing numbers.

The directors held no blame for the condition against the owners of the homes, who have made the sales, but brought the problem up for discussion. In connection with the housing problem, those present discussed the possibility of having Slaton designated as a Defense Area, so that those who wished to make investments in new homes for rental purposes could have the work done and get materials to build. Director William R. Sewell was requested to contact the proper authorities for this district in this connection.

The control of dogs that run promiscuously over the town, was brought up for attention and Briggs Robertson was instructed to take up the matter with the City Commission and the Mayor, with the suggestion that dogs running loose be impounded and all dogs be inoculated against rabies. The poisoning of dogs was also brought up for discussion and the fact pointed out that distribution of strychnine over the town is most dangerous to poultry, swine and other animals that are valuable as meat producers.

The possibility of securing a dehydrating plant for this section was discussed, but no action was taken by the body, as the development of truck gardening in this section has never been fully pioneered, although the directors believed all of the necessary natural resources, including shallow water, are here to make this one of the most productive sections in the state for many of the crops that are being dehydrated for military use.

## USO GETS PIANO

The request made through the Slatonite last week by the directors of the U. S. O., for a piano, brought immediate results, according to Mrs. S. A. Peavy, who said Mrs. Carl Evans supplied an excellent instrument last Friday morning and now the strains of Sweet Adeline and Black Magic are heavy around the U. S. O. center.

## WINDOW DISPLAY

The past week the following articles have been shipped to armed forces overseas: 16 knitted sweaters, 4 knitted mufflers, 1 pair knitted gloves, and 2 kit bags.

The chairmen for next week will be: Monday, Mrs. Turner, Mrs. Turnbow; Tuesday, Mrs. Teague, Mrs. Pack; Wednesday, Mrs. Kirkpatrick and Mrs. Farschon.

The public is urged to see the Red Cross Display in the window of Bill's Shoe Shop this week. These garments are made out of old shirts and old trousers and it's worth anyone's time to see this worth while exhibit and to realize what your local Red Cross is doing.

Pvt. Teddy Aaron Melugin, son of Mrs. A. C. Melugin, arrived last week to spend a ten day furlough here. He is in the Tank Division at Fort Benning, Georgia.

Mrs. R. H. Bailey has received word from her son, Bobby, who is in the Marine Corps, that he is doing fine. He left the Solomon Islands in February, but cannot tell where he is now. He writes that it is a very beautiful place and that when the war is over he is going to take his mother there.

Maurice Middleton, son of Mr. and Mrs. G. B. Middleton, left Saturday for Virginia, where he will begin training in the Sea Bees.

Mr. and Mrs. B. W. Jones have received a letter from their son, B. W. Jr., who is in the Navy, stationed at San Diego. He writes that he likes the Navy very much and that he is now a Seaman 2-c.

Tech. Sgt. J. B. Ward and wife, from Goodfellow Field, San Angelo and Staff Sgt. P. W. Reed and wife of Concho Field, San Angelo, were Easter guests of relatives and friends here in Slaton.

South Plains Army Flying School, April 26.—In case it ever becomes necessary to use gas in chemical warfare, men at SPAFS will be well trained, both offensively and defensively.

Climaxing a series of chemical warfare classes attended by all military personnel on the field, a series of gas "alerts" are being held on the field. During the alerts all men must wear their gas masks. Penalties are imposed on those who do not observe the rules or who fail to wear their masks properly. It is only a penalty now. Later it might be fatal; chemical warfare officers point out. There seldom is "another chance" in a battle zone when gas is used. The "alerts" will continue on into the summer, gradually being increased from minutes to hours.

SPAFS, April 26.—Mrs. Norman B. Olsen, wife of the commanding officer at SPAFS, had a \$12,800 idea at a dance at the officer's club.

She suggested to Colonel Olsen that he auction off a \$25 war bond at 25 cents a chance. The first bond went fast. Before he finished, the Colonel had sold \$12,800 worth of bonds.

SPAFS, April 26.—It actually happened here: The one about the officer who asked for foreign service and decided to watch an operation or two at the post hospital so he would be used to the sight of blood.

At the half-inch incision for an appendectomy, he passed out cold.

SPAFS, April 26.—An Easter service replete with special music was conducted in the post chapel Easter morning at a special service.

Staff Sergeant Walter Reed, chapel musical director, was in charge of the special songs and other numbers were furnished by soldiers from the post and by a quartet of men on the field.

SPAFS, April 26.—Determined that the West Texas area will fill their quota of the salvage scrap campaign, Lieut. Frederick A. Franke, quartermaster officer at SPAFS, renewed his request for unneeded metal.

All persons in the 15-county area who have scrap that can be donated that will not require replacement were urged to get in touch with Lieut. Col. Franke at the quartermaster's office. He can be reached at the field by telephone extension 363.

BIG SPRING.—A recent announcement from the office of Colonel Robert W. Warren, commanding officer of the Big Spring Bombardier School, tells of the promotion of Pfc. Thomas D. Johnson, whose home was formerly in Slaton, to the grade of Corporal.

Cpl. Johnson graduated from Slaton High School, where he played football and basketball. His civilian occupation was bookkeeper for Union Compress & Warehouse Co., at Slaton. A brother, Frank Johnson, is in the Signal Corps.

As a member of the 817th Bombardier Training Squadron here at this big bombardier school, he is one of the boys who help "keep 'em flying".

## PAUL BUNYAN'S OVERSHOE?

The Broude brothers, Joe, Harry and Dave, operators of a general merchandise store in Minneapolis, added this huge rubber overshoe to that city's rubber collection. It's 36 inches from heel to toe, weighs nearly 13 pounds, and has been in the store for 30 years. The youngster on display is Gaylor Valenta, Jr., 11 months old, of Minneapolis.

## PLANE TALK

by  
the Observer

Just as we were prepared to forget all about those pesky Gremlins—and their relatives—this story came in.

Army Air Force Cadet Bombardiers reporting to a Texas base are handed copies of a publication entitled "Cadet Bombardier," designed to orient them with activities at the base, and offering suggestions which may prove helpful.

Among other things the publication introduces cadets to the "Bombii," which is described thusly:

"The RAF has its Gremlins which cause its fighter pilots all kinds of trouble, but when AAF bombs fail to hit the mark at this bombardier college, it is the fault of the Bombii.

"Bombii are different from Gremlins in that they are qualified bombardiers and understand the complicated mechanism of the famed secret bombsight.

"According to cadets at this field, they were spawned by Satan and use bomb shackles for teeth-rings. Being natives of the West Texas cattle country, they can ride a falling bomb to a standstill. They can make a bomb turn handspings, and, to the despair of the bombardier, land it far from the target."

In fact any ill-fortune which befalls a bombardier is attributed to the Bombii, not to the cadet—which probably is as it should be.

### NEW TACTICS

How an American airplane knocked a Japanese fighter out of the skies in recent Guadalcanal fighting by ramming it in mid-air was recently revealed by Rear Admiral John S. McCain, Chief of the Navy Bureau of Aeronautics.

Admiral McCain described the incident in a message to the employees of the company which built the fighter.

"A Jap and I," Admiral McCain quoted the pilot as saying, "both continued in our head-on runs and delayed pullouts so long we crashed in mid-air, my right wing hitting both of his right wings head-on. Finding that my plane was still controllable, I turned and saw the Jap plane below me, apparently having trouble."

"I observed the Jap go off into a spin and another pilot reported that he crashed. I proceeded to Henderson Field and landed."

## Movie Reporter.

Authentic scenes of the evacuation of Paris, when thousands of refugees streamed from the city ahead of the advancing Nazi armies, are incorporated in M-G-M's new starring production, "Reunion in France," which stars Joan Crawford, Philip Dorn and John Wayne and which comes to the Palace Theatre Saturday night preview, Sunday and Monday.

The scenes, sent from France just after the fall of Paris, were taken by American and French camera men and flown to England from airports yet untraced by the advancing Germans.

"Reunion in France," is a story of occupied Paris immediately following the fall of the city. Miss Crawford will be seen as a rich and socially prominent French girl who loses her possessions when the city is occupied and who then finds employment in an exclusive gown shop.

If you can't join the Army... join the Bumsteads... in a roaring battle of laughs! Blondie enlists for the duration... in the timeliest, gayest and most delightful of all the "Blondie" adventures.

I found pieces of fabric (including the Rising Sun) on the leading edge of my plane."

### DIESELS IN SLUMP?

Apparently gasoline engines for aircraft are here to stay despite recurring talk about the use of diesel motors.

One prominent aviation research man said the other day that the Germans not only aren't using diesels now, but weren't terribly enthusiastic about the test models put into operation four years ago. He said he was in Germany in 1939 where he saw engineers putting diesel engines into bombers. One of them remarked he wished he had some "good American air-cooled engines to put into the bombers."

Our expert admits that diesels get pretty good fuel consumption, but points out that they still are too heavy and that power output per-pound-of-engine is still too low. He added that, to his knowledge, not a single Nazi plane powered by a diesel had yet been shot down in this war.

### "DONT'S" HAVE IT

They are developing a lot of stoc women in the Consolidated Vultee plant at Downey, Calif.—but it's for their own protection. Here are a few of the "dons'ts" aimed at women workers:

They must not wear open-toed shoes, to prevent stubbing of toes and picking up steel splinters; they must wear nets or caps completely covering their hair, to protect them from whirling drills and other moving machinery; slacks are in order—women not in slacks must not enter the plant; heels without nails must be worn in the paint shop to prevent sparks from igniting highly inflammable liquids; low heels must be worn at all times; no gloves to protect pretty hands may be worn near moving machinery; no jewelry, bracelets, rings—except wedding rings—can be worn near moving machinery; no smoking is permitted in the factory area; women must not attempt to lift anything weighing 25 pounds or more.

Forty percent of the plant's employees are women. And women enjoy frills. But these war workers don't seem to mind the "dons'ts."

In Columbia's new comedy, based upon Chic Young's cartoon strip characters, Blondie has Dagwood in splints and the nation in stitches! "Blondie for Victory," opens Tuesday at the Palace Theatre, with Penny Singleton again to be seen as Blondie, with Arthur Lake continuing as Dagwood and Larry Simms as "Baby Damppling" Alexander. Stuart Erwin tops the stellar supporting cast.

Frank R. Strayer directed the comedy, twelfth in the sensational screen series, and Robert Sparks produced.

## ON THE HOME FRONT

The first suspension order prohibiting gasoline deliveries to a service station was issued by the Petroleum Administration for War for violation of the 72-hour per week sales regulation. The station affected, located in Wichita, Kansas, was charged with staying open more than the prescribed 72 hours a week and refusing to post the hours during which gasoline was to be sold. Under the PAW order, gasoline deliveries to the station will be suspended for four months.

Point values of all canned and bottled soups have been reduced by OPA from 8 to 6 points, with a cut to 4 points for tomato soup. Point value reductions for all frozen fruits and vegetables also were announced. Black-eyed peas were removed from the list of rationed dry beans and peas and now may

## Ferocious Fish Ready To Fight Lures At Buffalo

The demonstration which was held yesterday of an amphibian jeep put an edge on the bass fishermen's desires, when a large crowd watched the new army half breed boat and automobile take off into the water at Buffalo Lakes.

As a preliminary to the opening tomorrow of the lakes for fishing and for the formal opening of the Buffalo Lakes resort for the season, the occasion was not only a novelty, but brought home to those who were there the fact that war is affecting every business and every person.

"If weather conditions are right, we expect the biggest year in the history of Buffalo Lakes," said Mr. W. H. Rogers, manager of the Lakes. "There are more lakeside summer houses being put in shape than at any time since they were constructed, the lake is better stocked with fish, as there have been no overflows to wash them down stream; all of the accommodations such as dance hall, boat

houses, motor and row boats have all been put in good repair and we have some additional good riding horses for those who go in for horseback riding.

"With gasoline rationing in full swing and vacations being cancelled, or reduced in time, most of the people on the South Plains will find Buffalo Lakes the most convenient place to come for a week end or for a short or long vacation. People from Lubbock and Slaton can drive out on A Cards and still have plenty of gasoline left for ordinary use. Under present war time conditions, people need a place like Buffalo Lakes more than ever and we have worked hard, under adverse conditions, to make this resort modern in every way. Those who come this summer will find Buffalo Lakes everything they could ask for in a place in which to forget their troubles. The fishing season opens tomorrow and we expect some whoppin' big fish or some whoppin' big stories before the day ends."

be bought point-free.

Price control for linseed oil meal, cake and pellets was established by OPA as an aid to the nation's food-freedom program. Specific dollars-and-cents ceilings on these animal feeds were set below current levels to reduce farmers' operating costs.

School busses must be kept on the same job unless special approval is obtained from the Office of Defense Transportation. School superintendents in Texas, Oklahoma, Louisiana, Arkansas and N. M. were notified this week to remind bus operators whose contracts expire at the end of this term that all such vehicles were frozen in service by a recent order.

There is positively no reason for spoilage of crops this year because of a lack of canning sugar, OPA officials say. All local Boards have been instructed to issue certificates for allotments of sugar for home-canning under the same regulations as last year until they are notified of a change in procedure. Sugar certificates can be issued quickly in any community as the canning season arrives. Application dates are set by local Boards.

Edible soya products—the high protein foods soon to have an important place in both military and civilian diets, are expected to reach 1.1-2 billion pounds annually. The quantity available for civilians will be many times as large as in the past year. Soya products have already played a significant wartime role. Rich in valuable proteins, minerals and vitamins, they are readily adaptable to large scale use as a human food to supplement meat, milk and eggs.

In an intensive drive to stamp out black markets in poultry, 116 court actions have been started by OPA against violators of poultry price ceilings in 21 days. Moreover, 31 other dealers have been warned to stop over-the-ceiling sales or face suspension of their

A name FOR GIRLS to remember! Discover its 2-Way Help! **CARDUI** See Directions on Label

A vast assortment of war materials is being assembled in a great marshalling yard of the Canadian National Railways "Somewhere in Canada" for movement to a Canadian port. Giant traveling cranes swing the huge cases on to flat cars which are hauled directly to ship's side for transfer into freighters.

licenses. Sweeping changes in poultry price ceilings were recently announced as part of the campaign to stop illegal sales, with prices reduced from 1 cent to 10 cents per pound on expensive birds and raised 1 or 2 cents per pound for cheaper poultry. Revised prices are expected to effect substantial savings to consumers.

After May 1st there will be no restrictions on the number of certificates that may be issued for recapping truck tires. Because recapping takes only one-sixth as much rubber as a new tire, the OPA has removed quota restrictions so that the tires will not be driven beyond the recapping point.

"Play" shoes not ordinarily used for street wear that are manu-

factured, packaged or shipped after April 15, 1943, go back on the rationed list. Such shoes, if they left a factory before April 15, remain non-rationed, even though they may reach a consumer long after that date.

Farm fencing and peanut pickers are no longer rationed; quota controls on milking machines, grain and forage flowers, portable and stationary elevators have been removed; and pressure cookers have been placed under rationing, the U. S. Department of Agriculture has announced. The 150,000 pressure cookers which will be produced in 1943 will be rationed by county farm rationing committees, to users showing greatest need for them. Community organizations composed of several families who

agree to use a pressure cooker jointly will get first consideration. Information can be had at County War Boards.

Farmers will be interested in two recent Department of Agriculture discoveries. Poultry nutrition specialists have found that soybean meal properly cooked is a promising substitute for meat scrap and other protein foods of animal origin. Another discovery is that good quality home-grown legume hays, formerly considered too bulky for hog feed, may be used to reduce the amount of concentrates required in rations for growing and fattening pigs. Of three legumes tested, ground soybean hay gave the best results, when used for five to ten percent of the total ration.

## What Is Liver Health?

Sedentary workers and those who are forced by occupation to a bodily position that cramps and stiffens the lower portion of the back bone are frequent and persistent sufferers from liver and bowel complaints.

The commonest truth of life is that the organs and cells of the body do not need to be forced or stimulated, but will always act gladly and freely in the direction of health when they receive their full amount of functioning power from the transmitting nerves.

The cause of liver weakness or disease is lack of nerve power. When there is liver weakness there is liver nerve pressure at the backbone opening for the spinal nerve, and liver strength and health returns when by adjusting the joints to proper alignment the pressure upon the nerve is lifted.

Ruth Gentry

Mr. and Mrs. H. D. Carroll and son of San Angelo were visitors in the home of Mr. and Mrs. M. P. Gentry last week.

Visitors in the M. P., W. T., and S. N. Gentry homes this week end were Mrs. Charles W. Hastings of Huntsville, Mr. Chan Hastings of Houston, and Lt. Charles W. Hastings, who has been in foreign service, but has been transferred back to the United States for training soldiers.

Mr. and Mrs. Ernest Boyce and son were visitors in the home of Mr. and Mrs. M. P. Gentry Sunday. They reside in Lubbock.

Visitors in the W. T. Gentry home Sunday were: Mr. and Mrs. Odie Williams and children, Mr. and Mrs. Horace Rodgers and Don Ray, and Mr. and Mrs. Melvin Johnson and daughter, all of Lubbock.

Mr. Bud Johnson left Sunday night for Austin, where he will enter Y. M. C. A. training. He formerly had been employed at the Santa Fe Railroad in Lubbock. He is the son of Mr. and Mrs. T. A. Johnson.

Pvt. Lesley Rodgers, son of Mr. and Mrs. Horace Rodgers, has been transferred from Sheppard Field to Oklahoma City.

Visitors in the L. B. Kitten home for the past week were: Cpl. Arvel Kitten of Macon, Georgia, and Audry and Arline Kitten of Fort Worth.

Mr. and Mrs. Marcus Burns and children of Clovis were visitors in the home of his parents, Mr. and Mrs. W. E. Burns, over the week end.

A nice crowd attended the singing at the school house Sunday night. Mr. Chan Hastings of Houston was a visitor. The next regular singing night, which is supposed to be held May 9, will probably be postponed because of the baccalaureate service at Slaton.

Pauline Lokey of Amarillo was a visitor in the home of Mrs. O. R. Patterson over the week end.

Next Sunday will be regular preaching day for Rev. O. M. Addison. Everyone is invited to come and hear him.

Howard Johnson has been ill the past few days, but is recovering nicely.

Mr. J. L. Stallings and daughter, Lucille, of Denton have been visiting his niece, Mrs. O. R. Patterson.

A group of young people met at the Posey school house Sunday and went to Buffalo for an Easter hunt. Those attending were: Bennie Moeller, Clifford Behlen, Betty Ross Maeker, Vaughn and Vernell Campbell, Phyllis Williams, Irene, Ruth, Imogene, Louise, Guy and Charles Gentry, Bud and Earl Johnson, Neva Ruth Belcher, and the sponsors, Mr. and Mrs. Carl Miller and son.

**THE 2ND WAR LOAN DRIVE IS ON!**

**It's Ten Minutes to Midnight!**

**Wake Up, Americans...  
Your Country's Most Fateful Hour Is Near**

**T**HE hour when the final die is cast, when decisive victory hangs in the balance. The hour which will decide the future of you and your children... a future of joyous freedom or a future of endless serfdom.

Yes, it is ten minutes to midnight. And when the first stroke of that fateful hour begins to sound, it will be too late to throw your weight into the fight. The time to do that is NOW.

Now, when your dollars can keep the production lines humming. Now, when your dollars can buy the tanks and guns and planes and ships our soldiers need to fight a winning war... the only kind of a war we can afford to fight. Now, while there are still ten minutes before midnight.

Your country is asking you to lend your dollars in greater amount than ever before. It is asking for 13 billions of dollars extra this month... 13 billions for the weapons of war to make sure that it is our side which dictates the peace.

If we do not win, the money you fail to lend now will be worse than useless to you. If we win, as we must, the money you lend now will be returned with interest... for you to spend on the good things of life... for you to enjoy in a free and safe world.

So dig down, Americans. Answer the challenge by buying War Loan securities this month with every idle dollar you have except what you need for the barest necessities of life.

Don't wait for the War Loan Volunteer. Beat the gun by going to your bank, investment dealer, broker, Post Office, or bond booth today.

Have your money in your fist... the fist that can deliver the knockout blow to the Axis. But hurry...

For it is ten minutes to midnight...

The hour that can strike the knell of doom—or the blessed song of freedom.

Your dollars can call the tune.

There are 7 different types of U.S. Government securities—choose the ones best suited for you:

**United States War Savings Bonds—Series E:** The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

**2 1/2% Treasury Bonds of 1964-1969:** Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000 and \$1,000,000. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Price: par and accrued interest.

**Other Securities:** Series "C" Tax Notes; 3/8% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

### Personals

Mrs. O. T. Hoover and daughter, Geraldine, of Morton, spent Monday with her mother, Mrs. O. C. Tucker.

Donna Kay Gillespie, of Las Vegas, New Mexico, is visiting her aunt, Mrs. F. L. Barton. She will remain until school is out.

Mr. and Mrs. George Gentry and daughter, Sandra Lee, of Los Angeles, are visiting his parents, Mr. and Mrs. E. A. Gentry.

Miss Betty Lou Turner left Monday for Dallas, where she will undergo an operation on her shoulder. Her mother accompanied her.

Mrs. Allen Ferrell and nephew, Tony Wolfskill, spent Easter in Plainview with relatives.

Mrs. L. W. Pittman, of Seattle, Washington, was a week end guest of Mrs. Bill Barry.

Mr. and Mrs. R. P. Weathers and daughter, Nancy, of Tahoka, are visiting Mr. and Mrs. Wm. R. Sewell.

Max Arrants left today for North Carolina to visit his brother, who is in the Armed Forces.

Dr. and Mrs. H. E. Howard have returned from Ft. Worth where they attended the State Dental Convention.

Jimmie Cherry is back in school after being in the hospital with pneumonia.

Dickie Ragsdale and Pat Baker from Texas Tech, spent Easter with Dickie's parents, Mr. and Mrs. R. W. Ragsdale.

Easter guests in the L. B. Johnson home were Mr. Johnson's father, I. C. Johnson of Clovis; his brother and family, Mr. and Mrs. Byrle Johnson, Doris of Clovis and Sgt. Dale Johnson of Albuquerque; their daughter, Mrs. Mark Phillips and two children, Diane and Carolyn.

Sgt. and Mrs. Harold Gallimore, formerly of Alice, Texas, and son, Gary, were guests in the J. M. Hannah home over the week-end. Sgt. Gallimore, Mrs. Hannah's nephew, is stationed at SPAFS, but his wife and son will reside in Slaton.

Miss Phyllis McReynolds, of Tech, visited her parents this week end.

Mr. and Mrs. Raymond Johns were Easter guests of Mr. and

### How To Care For Vacuum Cleaners

COLLEGE STATION — Housewives fortunate enough to have a pre-war vacuum cleaner or carpet sweeper will want to know how to keep these appliances in good running order for the coming spring house cleaning which imposes extra heavy duty on these cleaning tools which must last for the duration.

Your vacuum cleaner will last longer and serve you better if you know the type of cleaner you have and how it cleans, says Mrs. Bernice Claytor, specialist in home improvement of the A & M College Extension Service. It makes a difference whether your cleaner does its work by suction alone, or whether it has a sweeping and beating action too. The main thing to watch in a straight-suction cleaner—and an important feature in any cleaner is that the nozzle makes a good connection with the rug. For best results, clean rugs often, operate the cleaner slowly, keep the dirt container empty and the brushes free from hair and thread. Be sure that the brush tips extend below the nozzle. If the cleaner needs repairs, or a check up, take it to a reliable service man.

When the cleaner is put away, the rubber belt that turns the rotating roll should be taken off the fan shaft if the manufacturer recommends it, Mrs. Claytor says. Since pins, hairpins, or other stray bits of metal can cut the belt and nick or bend the fan, the housewife should not expect the cleaner to pick up these articles and since string winds around the rotating roll it should not be taken up by the cleaner.

If the belt is very loose or worn, replace it—the old one can be turned in for salvage.

Mr. W. L. Johns, Uncle Sam Needs \$13,000,000,000; YOU HAVE PART OF IT!

**Storing Staples**  
FRESH foods need air, the same as we do. And to allow sufficient breathing space in the refrigerator, foods that do not require low temperatures should be stored outside the refrigerator. Even so, there's nothing by-guess, by-gosh about storing staples.

For best results, keep the following foods in a well-ventilated fruit cellar if possible; otherwise in a room with a temperature of 55°-60°, with fairly high humidity and moderate air circulation: apples, raisins, cabbage, sweet and white potatoes, pumpkin and squash, onions (but for a short time only), unripened tomatoes, maple syrup (in a tightly covered container).

All the fresh foods in that group should be removed from paper bags, inspected carefully, then placed in loosely woven baskets, or better still, on well-ventilated storage racks. Because apples pick up foreign odors and flavors very easily keep them away from po-

tatoes and other odoriferous foods. Take raisins out of paper carton and put in a tightly closed jar. Remove wilted cabbage leaves before storing, and once a cabbage has been partly used, it belongs in the crisper compartment of the refrigerator to prevent needless loss of Vitamin C.

Except for packaged cereals, crackers and bottled beverages, which must be kept where it's perfectly dry, the rest of your staples will fare nicely in any convenient kitchen or pantry cupboard.

**MENU**  
Fish Leaf - Tartar Sauce  
Mashed Potatoes  
Buttered Spinach  
Fresh Fruit Salad  
Refrigerator Rolls - Butter  
Lemon Sponge Cups

2 cups cooked, flaked fish  
2 tbsp. chopped green pepper  
1 tbsp. minced onion  
2 tbsp. butter  
1 cup fine, soft bread crumbs  
1/2 teaspoon salt  
1/2 tsp. pepper  
2 eggs, separated  
1/4 cup milk  
2 teaspoon lemon juice

Drain the fish, add to the bread crumbs and seasonings. Beat the yolks, add milk and add to the fish mixture. Stir in the lemon juice. Fold in the stiffly beaten egg whites. Pour into a greased loaf pan, set in a pan of hot water. Bake for one hour in preheated 350° oven. Serve with Tartar Sauce. Makes 6 servings.

NEXT WEEK: PROPER CARE MEANS LONGER WEAR.

### Bug Killer Getting Scarce

COLLEGE STATION — Victory gardens at home will compete this year with soldiers camps on distant battle fronts for the available supply of some insecticides. The fighting men must have first choice and folks at home must use carefully what they have.

According to Dr. H. G. Johnston, entomologist for the A & M College Extension Service, not as much pyrethrum and rotenone as farmers could use will be available. These mild poisons have become popular because they kill insects without leaving objectionable residues. The army needs millions of pounds of pyrethrum to protect soldiers against mosquitoes and other disease bearing insects. Moreover, imports of pyrethrum and rotenone,

which are not harmful to human beings, are smaller than had been expected.

On that account, Dr. Johnston points out, civilians cannot get pyrethrum for fly sprays in homes nor for use as insecticides on celery and cucumbers or for fruit trees and ornamentals. However, it may be used for farm, home and Victory gardens. Dairy farmers and others can obtain it for sprays for places where dairy products are handled. Truck gardeners can get pyrethrum for crops of the cabbage family, and to control leaf hoppers on beans, potatoes and grapes. Growers can get it for beet crops and to kill the corn ear worm in sweet seed corn.

Dr. Johnston points out that there should be enough pyrethrum for these needs if it is used carefully. On the other hand, he says, there will be more nicotine insecticides than usual, as well as large supplies of arsenicals. The various nicotine materials will come into more extensive use to protect many crops from aphids and other sucking insects. But he cautions new gardeners and others who may be using various dusts and sprays for the first time to talk with county extension agents or garden leaders about materials to use and how to use them safely. Some of them are poisonous to humans.

### Southland News

Virginia King, Correspondent

The Bond Sales here for last week were \$1,530,000.

Congratulations to Mr. and Mrs. Albert Krause. Their 7 lb. 9 1/2 oz. son was born Thursday night. The Krause family lived here for several years before moving to Crosbyton.

Connie Field left Thursday night for a two-day trip to Scottish Rites Memorial Hospital in Dallas.

Tuesday-to-Friday guests of Mrs. Herbert Dunn were her mother, Mrs. J. E. Day, and Mrs. E. R. Wright. These Muleshoe residents were also guests of several other friends here and in Slaton.

Miss Marie Lange of Bartlett spent the week end here with Myrtle Wilke, before continuing her trip to California.

Mrs. August Becker's sister, Mrs. Claude Lewis and daughter of Temple and their brother's wife, Mrs. Max Eckermann of Holland arrived Thursday to spend several days with the Beckers.

Mr. and Mrs. Bill Martin and children of Lubbock were Saturday visitors of his parents the Ed Martins.

Mr. and Mrs. Earney Walker and children spent Sunday afternoon with his parents near Littlefield.

The J. H. Robbins family were back here Saturday. They recently purchased a farm four miles

from Idalou and will move there soon from Lorenzo.

Mrs. Heywood Basinger and Mr. and Mrs. E. M. Basinger left Wednesday to take Mr. Basinger's brother Tom to his home in Frederick, Oklahoma and visit friends and relatives for several days.

Sunday guests of the E. F. Parker's were their daughters, Mrs. Jack Bolen and family of Big Springs, and Mrs. C. E. Jonson and husband of Abilene.

Mr. and Mrs. J. V. Young attended church at Pleasant Valley Sunday night with Mr. and Mrs. B. A. Martin of Hackberry.

Sunday dinner guests of Mr. and Mrs. G. D. Ellis were her brother Bill Spikes and family and their mother of Lubbock and the J. V. Youngs.

Hershel Hamilton, who volunteered three weeks ago for the Navy is worried because of no word from his parents since he has been at Willingsberg, Virginia.

Pvt. Benne Voigt returned Wednesday from Atlantic City Hospital with a medical discharge. He has already made plans to resume farming.

Pvt. Billy Corbell of SPAFS, Lubbock, spent the week end with his parents the L. L. Corbells of Hackberry.

Thirteen Future Homemakers of Texas and their teacher, Miss Francis Coffey went hiking to a nearby lake Monday evening for

a picnic. Those attending were Wilma Wheeler, Anna Mae Voigt, Doris and Mildred Nelson, Olive Davis, Lois Howell, Ella Mae Stolle, Janey Morris, Doris Becker, Bonnie Reed, Melba Greer, Doris Wilke and Virginia King.

### To Hasten Victory

No American wants this war to go on one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Section War Loan. There is an investment to it every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

# Buxkemper - Meurer Wedding Solemnized At St. Joseph's Church

Miss Delta Buxkemper, daughter of Mr. and Mrs. A. J. Buxkemper, became the bride of Allan Meurer, son of W. L. Meurer, Tuesday morning, April 27, at 8:00 o'clock in St. Joseph's Church, with Rev. T. D. O'Brien officiating.

The music was furnished by C. V. Kitten and the Sodalay Choir. The bride, given in marriage by her father, wore a lustrous white satin dress with full length sleeves and sweetest neckline edged with lace and tulle. Her long veil of lace and tulle fell from a satin coronet. She carried a bridal bouquet of calla lilies tied with white satin ribbon. A locket was her only ornament.

Miss Adeline Gully, of Rowena, was maid of honor and Miss Lenora Kahlich was bridesmaid. Miss Gully's gown was orchid taffeta and Miss Kahlich's was of peach taffeta. They carried arm bouquets of calla lilies.

The bridegroom was attended by Clifford Buxkemper and Leonard Kahlich.

An all day reception was held at the home of the bride's parents, Mr. and Mrs. A. J. Buxkemper. In the evening a dance was held at the American Legion Hall, with Olen Lee's Orchestra, Lubbock, furnishing the music.

Out of town guests for the wedding included Adeline and Quentin Gully, Rowena; Cpl. and Mrs. Victor Buxkemper, El Paso; Mr. and Mrs. Ben Book, San Angelo, and Sgt. Albin Kahlich, Bryan.

## MRS. HOLT IS HOSTESS TO BLUEBONNET CLUB

The Bluebonnet Club met in the home of Mrs. J. D. Holt, 810 South Tenth, Wednesday, April 28, for a short business session and social hour.

Refreshments were served to members present.

The next meeting will be May 12 in the home of Mrs. Carl Evans, 905 South Fourteenth.

## BUFFET LUNCHEON IS GIVEN FOR SUB-DEBS

After attending the Methodist Church Easter morning, members of the Delta Sigma Sub-Deb Club were guests of Miss Billie Jean Jarman at a buffet luncheon given at her home.

The menu consisted of: fried chicken, stuffed eggs, potato salad, pickles, olives, potato chips, ambrosia, cookies and iced tea.

Those attending were: Misses Melba Ruth Appling, Mary Mann Sargent, Dorris Clifton, Dorothy Lee Jones, Alice Gene Meading, Emma Young, Dorothy Jean Sledge, Wilma Faulkner, Verna Wilson, Marian Wilson, Billie Jean English, Marion Bain, Glynn Williams, Nina Ray Hickman, Martha Ann Gunter, Billie Louise Brown, Doris Caldwell, Billie Ruth Sledge, Ruth Austin, Gwendolyn Hanna, Wilma DeBusk, and the hostess. Guests were Misses Peggy Lou Sargent and Connie Henry.

## Auxiliary Meets In Hickman Home

Mrs. R. D. Hickman was hostess to the Presbyterian Auxiliary at her home Monday, April 26, with the new president, Mrs. Gus Clevenger, presiding over the meeting.

Mrs. C. L. Pack led the Devotional on the "Art of Forgetting". Mrs. Paul Stevens also gave a report of the Presbyterial.

About ten members enjoyed the social hour held after the business meeting.

The next meeting will be May 10 in the home of Mrs. W. S. Bradshaw.

## Book Review Is Well Attended

The book review, "The Robe", sponsored by the Jr. Civic and Culture Club Tuesday night was very much of a success.

Rev. J. Paul Stevens reviewed the book to an appreciative audience of about one hundred people. The Club will donate part of the proceeds to the Red Cross.

## PERSONALS

M. G. Davis visited his parents, Mr. and Mrs. W. T. Davis, Easter. He is attending John Tarleton College in Stephenville.

Mr. and Mrs. Royce Pember and daughters, of Portales, New Mexico, spent the Easter holidays in the M. A. Pember home.

Mrs. P. S. Nickel and sons, Phil, Jr., and Tommy Neal, left Wednesday for San Angelo, where they will spend a week visiting relatives and friends.

Miss Maurine Janet Tudor, of Plainview, visited her brother, Bill Tudor, and grandparents, Mr. and Mrs. A. L. Tudor, over the week end.

Mr. A. L. Tudor visited his mother, this week, in Gyron, Oklahoma.

Austin Yeats, former Chief of Police here, but now of Plainview, visited his son, Austin, Jr., for a few days.

Mrs. G. W. Nickel has been visiting the past few days in Tahoka in the home of her son, Emmet Nickel, and family.

Miriam Meading, of Lubbock, spent several days with her mother, Mrs. P. G. Meading, this week.

Mrs. Dan Tarpley and son, Dan, Jr., are visiting with her parents, Mr. and Mrs. J. D. Norris. They are enroute to Miami Beach, Florida, where Lt. Tarpley is stationed in the Air Corps.

## Mrs. J. B. Stevens Home Is Scene Of Easter Coffee Sunday Morning

Indian paint brush, roses, tulips, locust blossom and Rose of Sharon provided a springtime background for the Easter Coffee given Sunday morning from 9 to 11 by the Junior Civic and Culture Club in the home of Mrs. J. B. Stevens.

In the house party were Mesdames Stevens, Jack Sheppard, Vasker Browning, Roy Boyd, E. B. Morgan and Otis Neill. Misses Vera Pearl Ross, Helen Argo and Elizabeth Bostick presided at the guest register.

The dining table was laid with a Madiera linen cloth, centered with the traditional Easter basket tied with pastel streamers. Mrs. Charles Walton presided at the silver service. She was assisted by Mrs. Yates Key and Miss Gertrude King. On the buffet was an elaborate arrangement of snap dragons flanked with yellow tapers in crystal holders.

Approximately 70 guests called and each one was presented a corsage.

## CONGRATULATIONS

Congratulations to Mr. and Mrs. Robert N. Scott, formerly of Slaton, but now of Richmond, California, on the birth of a daughter, weighing seven and a quarter pounds, Saturday, April 24. Mrs. Scott is the former Miss Margaret Kirkland, daughter of Mr. and Mrs. A. O. Kirkland.

## CONGRATULATIONS TO:

Mr. and Mrs. J. G. Harper, Jr., Slaton, on the birth of a son weighing 6 lbs., 9 oz.

Mr. and Mrs. Enrique Gasco, Slaton, on the birth of a daughter weighing 6 lbs., 6 oz.

Mr. and Mrs. Glenn Edwards, Post, on the birth of a daughter, weighing 6 lbs., 10 1/2 oz.

Mr. and Mrs. Roy Holt, Southland, on the birth of a son, weighing 9 lbs., 6 oz.

## TEXAS DAY PROGRAM GIVEN BY 1940 CLUB

Mrs. R. H. Bailey entertained the 1940 Study Club April 22nd at 6 p. m. After the usual business meeting, Mrs. Bailey gave an introductory talk and was leader of the program.

Roll Call was answered with "Texas Heroes".

Members taking part and their subjects were, Mrs. C. E. Willis, "Texas Heroes"; Mrs. L. B. Johnson, "Texas Resources"; Mrs. F. L. Barton, "Historical Points in Texas"; Mrs. L. B. Hagerman, "Texas Composers".

Bluebonnets, the Texas flower, were used as decorations, carrying out the "Texas" Day theme. Refreshments were served to about nine members.

Next meeting will be with Mrs. Tom McCall, May 20.

## PAINTINGS EXHIBITED AT ART CLUB MEETING

Before the regular business meeting of the Art Club, which met in the home of Mrs. Claudia Anderson Tuesday, April 27, an exhibit of paintings was held and criticized by Mrs. C. L. Adams, a Club guest. Miss Claudia Anderson played several piano selections during the exhibit.

Mrs. T. K. Martin gave a very interesting talk on "Expressing Yourself in Art". A pianologue of the Club poem, "L'Envoiy", was rendered by Miss Claudia Anderson.

A mock court was held, in which Mrs. J. R. McAtee was Prosecuting Attorney, Mrs. W. S. Bradshaw, defending, and Mr. D. L. Kent, Judge. The "court" was trying Mrs. T. K. Martin for copying pictures.

A salad plate was served to members attending.

Mrs. M. L. Turnbow, 1205 S. 12, will be hostess at the next meeting, May 25.

## Civic And Culture Club Has Spanish Lesson In Adams Home

Civic and Culture Club met April 24 in the home of Mrs. S. H. Adams. Easter lilies, yellow roses, and purple iris lent color throughout the house. A big Easter bunny on a nest of colored eggs was surrounded by small baskets which were given as plate favors.

The program was a Spanish lesson conducted by Mrs. Bates.

The Easter theme was combined with the Spanish idea in the refreshment plate of chicken salad, hot rolls, Spanish punch, bunuelos and honey. Bunuelos is a Spanish dish that is made during the watch hours before great holidays, such as Christmas and Easter. Women vie in making this leavened bread, the ones making the largest and thinnest have the greatest love.

Miss Barbara Bates and Miss Billie Jean Tucker assisted in serving.

## MERCY HOSPITAL REPORT. CONGRATULATIONS

Mr. and Mrs. C. R. Campbell, Orange, on the birth of a daughter, weighing 6 lbs., 13 oz.

Mr. and Mrs. D. B. Nash, Slaton, on the birth of a son, weighing 6 lbs., 11 1/2 oz.

Mr. and Mrs. Carl J. Jones, Slaton, on the birth of a son, weighing 8 lbs., 6 oz.

MAJOR SURGERY: Mrs. F. G. Griffin, Slaton, Rt. 1. H. T. Duff, Slaton, Rt. 2.

## Junior Civic And Culture Meets In Key Home

The Junior Civic and Culture Club met Tuesday night in the home of Mrs. Yates Key. The house was beautifully decorated with sweetpeas and iris.

Club members agreed to meet each Thursday night at the Red Cross work room to make bandages, and final plans were completed to buy a full length mirror for the Club House. Plans for the covered dish dinner and final meeting of the year at the Club House on May 4th were discussed and the menu announced.

Miss Ruby Lee Waller, program chairman, introduced the speakers. Miss Lucille Doherty talked on "Bridgeport Builds Americans," from the current issue of the Reader's Digest. Mrs. Tom Settle gave a travelogue on her trip to Monterey, Mexico, and Charles Walton spoke on her trip to Hot Springs, Arkansas.

After the program, cooling refreshments were served to the sixteen members present.

## JOLLY QUILTING CLUB HAS REGULAR SESSION

During the business meeting of the Jolly Quilting Club, which met with Mrs. H. C. Maxey Tuesday, April 27, each member answered roll call with a household hint. One hint given was: "Soak your cucumbers in water that has a little turpentine in it to prevent honey dew."

A covered dish luncheon was served at noon and the club finished two quilts.

Members attending were: Mesdames W. P. Florence, H. H. Edmondson, Ben Mansker, Emma Wallace, J. W. Ward, E. M. Lott, J. W. Scott, J. M. Burton, E. E. Wilson, and P. M. Wheatley. The club's guests were: Mesdames C. E. Jarman, G. A. Taylor, O. C. Tucker, J. F. Ewing, L. G. Bain, and W. A. Argo.

There will be a called meeting May 18 with Mrs. Emma Wallace.

## Mrs. Sug Robertson Leads Last In Series Of Peace Programs

### H. E. GIRLS ENTERTAIN PRE-SCHOOL CHILDREN

The second year Home Economics girls gave a party for pre-school age children Monday afternoon from 3:30 to 5 at the High School. This was a part of their regular H. E. Course, in order to study the reactions of children of that age.

They were entertained with story telling, games and were given toys. Refreshments of ice cream and cookies were served to the following children: Aley Clara Gartman, Billie Earl Caldwell, Matie Nan Watson, Helen Ann Norris, Janice Kay Lagby, Nancy Jane Moseley, Johanna Clevinger, Katherine Martindale, Mike Haddock, Billy Spitzer, Jeanette Barrell, Curtis Hamilton, Viola Mae Walton and Jeanette Pearson.

### CHRISTIAN ENDEAVOR HAS EASTER EGG HUNT

Twenty-two members of the Christian Endeavor of the First Christian Church attended an Easter egg hunt, April 25, at the roadside park.

Wayne Kenney was given a prize for finding the largest number of eggs.

The Endeavor met at the church Sunday night for a regular meeting. Everett Kenney, president, called the meeting to order and the roll was called by Betty Jo Gentry, secretary.

Pauline Kenney, leader, gave a very interesting talk on the Religion of Palestine. After which the meeting was closed with the League benediction.

Jimmie Jean Guinn, freshman student at S. M. U. in Dallas, spent the week end with her parents, Mr. and Mrs. B. G. Guinn. She was accompanied by Misses Betty Vickers, Smackover, Arkansas, and Margaret Maddox, Poplar Bluffs, Missouri, who are also students there.

The Women's Society of Christian Service met in the home of Mrs. Fred Whitehead Monday afternoon at 3 o'clock, with Mrs. H. C. Gordon, Mrs. Gus Robertson and Mrs. R. H. Todd, assistant hostesses.

Mrs. Sug Robertson was leader for the last in a series of programs on "Peace". Mrs. Allen Marshall gave a piano prelude and Mrs. H. H. Todd gave the opening prayer. This was followed by a vocal solo, "God, The Omnipotent," by Mrs. Ferrell.

The statues of the Four Holy Gospels were given in the form of Scripture by four children.

"Freedom from Want" by Jay Holloman.

"Freedom of Speech" by Mrs. tha Lou Loveless.

"Freedom of Religion" by Miss Harral.

"Freedom from Fear" by Mrs. Porter.

Mrs. Robertson led a special table discussion. As a "Representative Laborer," Mrs. L. E. Johnson made a report. John Fry made a report as a "Divinity Student" from Germany. Mrs. Marvin Bernathy reported as a delegate from the East.

Miss Lorene McClintock sang "Tomorrow's That Sing," a story of a French exile. This was greatly accompanied by music played by Mrs. Ferrell. A medley of patriotic songs was also offered by Mrs. Ferrell.

As a conclusion the group sang, "Onward Christian Soldiers," and Rev. H. C. Gordon gave the closing prayer.

The hostess served ice cream and cake to about 25 members.

Piano selections were offered during the tea hour by Mrs. Ferrell and Miss McClintock.

Dr. William R. Knight, Dr. Maurice Payne Knight and five month old daughter, Bette Cassie, of Madison, Wisconsin, arrived today to spend the month of May with Dr. Knight's parents, Dr. and Mrs. W. E. Payne.

Santa Fe CHIEF TOPICS

L. E. Johnson, who was Master Mechanic of the Slaton Santa Fe Division for the past year and a half, has been transferred to Clovis as Chief Mechanic of that Division.

transferred to Chillicothe, Texas. Lobby Edmondson is now working as a linesman for the Santa Fe.

Chicago, president of the Illinois Bell Telephone Company. The stockholders ratified acquisition by the AT&SF Railway Company, of railway properties of a number of affiliated companies as previously authorized by the Interstate Commerce Commission.

AMARILLO, April 26.—Transfer of master mechanics of the Slaton, Pecos and Western divisions of the Santa Fe Western Lines was announced today by Supts. W. R. Harrison and P. J. Danneberg, following approval of General Manager G. C. Jefferson.

Santa Fe System carloadings for the week ending April 24, 1943, were 22,793 compared with 22,489 for the same week in 1942. Cars received from connections totaled 13,828 compared with 10,225 for the same week in 1942.

COLLEGE STATION — Dr. C. C. Hedges, head of the Chemistry Department of the A & M College of Texas, has announced May 23-28 as the dates for the 14th Firemen's Training School.

These schools are held at the College each year for the benefit of volunteer firemen in small towns or rural areas and not for paid firemen in larger cities where each department has its own method and course of training and instruction.

Wilson News

MRS. C. W. HUTCHESON Mr. and Mrs. Edd Crooks and children, Mr. and Mrs. Jimmie Norris, Mr. and Mrs. Gene Crooks of Union spent Sunday with Mr. and Mrs. Ira Crooks.

Mr. and Mrs. Ralph Milliken spent Sunday with their parents, Mr. and Mrs. Ross Williamson.

Mrs. W. Peterson and Reba visited in Morton over the week-end. Eula Mae Williamson broke her arm while skating Tuesday night.

Mr. and Mrs. Doby and daughter visited in O'Donnell Sunday. James Eriggs of Tech visited his parents, Mr. and Mrs. J. G. Biggs.

TIRE INSPECTION—All "A" book holders must have second official tire inspections by Sept. 30, 1943. Subsequent inspections for A book holders will be once every six months.

C. V. C. IS HIRING BOYS TRAINED IN NYA CENTERS

To meet the demand for more aircraft sheet metal workers, the Fort Worth plant of Consolidated Vultee Corporation is now hiring boys 16 years of age who have been trained in NYA war work centers.

Boys who have either completed high school or who have been out of school for at least six months after finishing the 8th grade are eligible for this training at the NYA centers at Ranger and Burnet.

While training and living together at the centers for periods of around six weeks, the boys receive room and board, work clothes, medical care, laundry and \$15.00 per month in cash. Immediately upon completion of the course they are accepted by Consolidated Vultee to work on special shifts assembling spars, wing bulkheads and doing other types of sheet metal work in the Fort Worth plant, where they are paid 50c per hour for 40 hours a week, plus 75c per hour for 4 hours training per week.

Girls 17 to 24 years of age are also being accepted by the NYA for training in radio, machine work and welding, receiving the same allowance as the boys and living in supervised dormitories at the same centers.

Those interested should write to the NYA Counselor, 1207 13th, Lubbock.

Bound for the main load of Canadian "Ram" tanks is hauling to an "Eastern Canadian port" aboard special Canadian National flat cars for shipment to the far-flung battle fronts of the world.

The Ram tank is in steady production in a Canadian plant which ranks as the second largest tank arsenal on the continent.

Uncle Sam Needs \$13,000,000,000; YOU HAVE PART OF IT!

PROTECT PRICELESS FARM MACHINERY with MAGNOLIA TRACTOR LUBRICANTS AND FUELS! A breakdown on the home-front can mean a let-down at the battlefront. Protect your equipment with the best oil and fuel you can buy—Mobiloil, Mobilgreases, Mobilgases and other high quality Magnolia Products. Call us for immediate delivery.

JUST  
TALK  
by  
A.M.J.

It has always been my opinion  
that the birth of a baby is about  
as exciting to a Doctor as the  
printing of a single copy of a news-  
paper is to a newspaper man or the  
sale of another hamburger is to a  
man running a hamburger joint,  
but I must be mistaken, for Doctor  
Payne is heralding a visit of his  
grandchild to Slaton and from the  
way he has his chest stuck out  
you would think that he should be  
given a shower, tucked under a silk  
bedcover and whispered to in re-  
vered tones.

When he first told me that  
his grandchild would be here  
in a few days I thought that  
he was letting me in on a se-  
cret, but it turned out that the  
child is several months old and  
that his parents are coming to  
Slaton to visit Dr. Payne.  
Whether it is a boy or girl I  
do not know, but I am glad to  
find out that Doctors are hu-  
man beings just the same as  
folks who have to work for a  
living.

And another thing that convin-  
ces me that I made a terrible mis-  
take in my youth by not going in-  
to the medical profession or some  
of its kindred lines is the luxuri-  
ous way that Doctor Howard is  
fixing up his dental office; walls  
of soothing sea green, Venetian  
blinds, knee deep carpeting and  
shaded lights that take the jitters  
out of a victim the minute he

Precision work by precision workmen is required in turning out naval guns for the fighting  
force of the United Nations. Here is seen a highly skilled Canadian National Railways mechanic  
engaged in the manufacture of a naval gun at a plant of National Railways Munitions, Ltd., in  
Canada, an affiliate of the C. N. R. Canada is now producing 12 types of guns, 16 types of  
mountings and 10 types of small arms being produced for the United Nations.

walks into the building and the  
flashing new awnings in front of  
the Loveless Clinic add splendor to  
the perfect furnishings on the in-  
side, while I have had to hunt and  
scrape to find enough carpet  
tacks to hold the screen together  
on the Slatonite front entrance.

Last Saturday I felt young  
and gay and I wanted to go  
buy myself some marbles and  
a kite. Memories of spinning  
tops, playing foot and a half  
and cutting grass were most  
real as I sat and munched on  
some Easter cookies shaped  
like chickens. Mrs. H. R. Mc-  
Kee sent them to me by my  
wife with the message that  
she was including me in a  
group of little folks for whom  
she had made the cookies.

The buoyant feeling lasted all  
day, but when I tried to get down  
on my knees to plant some seed in  
my garden that evening, I realized  
that Mrs. McKee was either using  
sarcasm or flattery on me. Just  
the same they were darn good  
cookies and I enjoyed my imagin-  
ary childhood games and I thank  
her for them and the trip back to  
when I was a sore toed kid.

The school kids have a play-  
ground back of our home and  
in watching them, I realize  
how much things have chang-  
ed. They play ball, but it is  
soft ball and that is about the  
only game I ever see them at.  
When I went to school we kept  
most of the window lights  
knocked out within three blocks  
of the playgrounds and we  
played real baseball. In the  
fall we played football, where  
we scrambled over the football  
and tore each others' clothes  
off, skinned each other up and  
usually had at least one fight  
per day. In the early spring,  
the youngsters blocked the  
sidewalks playing marbles and  
marked the walks up with cir-  
cles drawing designs for play-  
ing the game.

A modern day school kid would  
not know what to do with a top  
and the merchants keep the few  
sad colored marbles, that they  
stock, back in the rear of their  
stores. I doubt that the 1943  
school kids know what a game of  
one-eyed cat is and I am not sure  
they would know how to play a  
regular game of baseball. It must  
be a very sad thing to be a school  
boy these days.

And another thing, the  
food one gets these days is not  
as good as it used to be. The  
spongy tasteless hominy one  
gets out of a can does not re-  
semble in any way the musty  
flavor of old lye hominy; the  
women no longer make straw-  
berry short cake from biscuit  
dough because they never make  
biscuit any more; there is no  
such thing as a lattice work  
apple pie; olives from a bottle  
taste nothing like those the

grocer used to dip out of a  
barrel and sell in little boats  
at fifteen cents per pint;  
sauerkraut out of a can tastes  
as much like the old kraut out  
of a barrel as excelsior would  
if you poured carbonated wa-  
ter over it. What we are get-  
ting now comes in a lot of  
fancy wrappings and is sup-  
posed to be full of vitamins,  
but if the war lasts as long as  
some of the pessimists hope it  
will, then we will be doing well  
to go back to the days when  
we ate eggs when eggs were  
plentiful and did without them  
when the hens took a vacation,  
and ate strawberries when they  
sold three boxes for a quarter  
and did without them when  
they were a nickel each.

Joe Teague, Jr., has that fish-  
man's look and will drop a sale  
right in the middle, if someone just  
mentions fish. Myrtle is also show-  
ing the effects of spring, for she  
gets out in the Teague, Sr., front  
yard every afternoon all dressed  
up in slacks and holds a hoe in her  
hand while her grandmother pulls  
weeds out of the posies. Last week  
I drove by the Teague mansion  
three times in two hours and Myr-  
tle stood in one place leaning on  
a hoe the entire time. The only  
change in her position during the  
two hours was a shift of the hoe  
from her right hand to her left.

Then There Was The Time —  
"The bravest man I ever knew,"  
said the explorer, "was the chap

Union News

MRS. M. D. GAMBLE

Rev. J. T. Clinton, pastor of Uni-  
on Baptist Church, filled his ap-  
pointment at Union Sunday. Ser-  
vices were attended by several.

A family reunion, honoring Mrs.  
J. G. Hampton, in the home of her  
daughter Mrs. M. D. Gamble Sun-  
day. All the children were present,  
all of the grandchildren except  
one, who is G. C. Hampton. He is  
in the Navy stationed in San Diego  
Cal. All of the great grandchildren  
were present except one who is  
Jimmy Spud. He is visiting his  
grandparents in Athens, Texas.

There were thirty-seven present.  
The children were, Mrs. J. H. Low-  
der and children of Quanah, Mr. and  
Mrs. V. S. Cade and children of  
Lubbock, Mr. and Mrs. J. S. Hamp-  
ton and children of Wilson, Mr.  
and Mrs. S. G. Hampton and chil-  
dren of Goree, and Mrs. M. D.  
Gamble of Slaton. All of Mrs. Gam-  
ble's children attended, they are  
Mr. and Mrs. Elmer Allen and  
children of Carlsbad, N. M., Mr.  
and Mrs. J. W. Ellenberger of Lub-  
bock, Mr. and Mrs. R. D. Presley  
and Don of Sweetwater, Mr. and  
Mrs. D. J. Speed and Billie Lee of  
Littlefield, Mr. and Mrs. Joe Cam-  
ble and George who resides there.

Miss Helen Cade was hon-  
ored by her mother on her 12th

birthday Wednesday evening. All  
of the children were taken to a  
movie in Slaton.

Mr. and Mrs. Amos Sedrick and  
daughter of Littlefield visited in  
the home of her parents last week.

A house in the Uni n Commu-  
nity was destroyed by fire last Thur-  
sday. The house belonged to Mrs.  
J. J. Adams of Slaton. Mr. and  
Mrs. B. J. Jones occupied the  
house. Everything was destroyed ex-  
cept most of their clothing, all  
of the quilts, a washstand, a dresser,  
and a few chairs. The fire depart-  
ment of Slaton came out and saved  
the washstand, and a two room  
house but the big house was be-  
yond control.

Mr. Dick Cade received word  
from the Local Board that he  
would receive further orders for  
induction into the army the twen-  
ty eighth of April.

Mr. and Mrs. Edmond Whitehead  
and daughter visited Mr. and Mrs.  
Howard White Sunday.

Mr. and Mrs. B. E. Stephenson  
attended a family reunion at Am-  
arillo Sunday. All of the Stephe-  
nson's attended.

Mr. W. D. Meyers had the mis-  
fortune of losing some hogs with  
the flu.

The new Superintendent of Crag-  
ger Rural High School is Mr. An-  
thony of Wilson.

Rev. and Mrs. E. D. Tull of  
Wilson visited in the Uni n com-  
munity last week.

Mr. and Mrs. Charles Hampton  
Mr. and Mrs. Howard White, Mr.  
and Mrs. Joe Gamble, Miss Char-  
etta Hampton and Mr. Allen Ed-  
wards attended a picnic at Wal-  
falo Lakes last week.

Mr. and Mrs. Floyd Fair of Wil-  
son visited his parents, Mr. and  
Mrs. A. M. Fair last week.

Mrs. Jack Fair of Canadian vis-  
ited friends and relatives here last  
week.

Mr. E. B. Jones' sister and her  
band of California have been vis-  
iting him the past week.
