If You Have Faith In Your Country Show It Next Tuesday -- Flag Day

Tuesday, June 14th, will be Flag Day and all Slaton Citizens and all people in this community are being urged to display a United States Flag in some prominent place at their homes and places of business.

It is needless to call the attention of all Patriotic Citizens to the fact that never has the Flag meant so much to us all, but it is not out of place to point out that your faith in your nation is most vital to keeping up the morale of this community and that the flag is one way of showing your devotion to the principles for which our Flag stands.

OUR BOYS WITH THE COLORS

SGT. CLAUDE W. YOUNG, JR.

Sgt. Claude W. Young, Jr., who has been stationed in Hawaii for 3 years and 4 months, was married Monday, June 7, to Miss Geneva Maxey, daughter of Mr. and Mrs. H. A. Maxey.

Mr. Pat Appling, Bryan Field, is home on furlough. He is visiting his parents, Mr. and Mrs. P. H. Appling.

Mr. and Mrs. T. A. Turner have received word from their son, Joe, who has recently been inducted into the Armed Forces, that he is liking his work very much. He is stationed in New Orleans, La.

Sgt. Don Shelby, son of Mrs. R. T. Shelby, has been commissioned 2nd Lieutenant. He is serving in the Armed Forces somewhere in North Africa.

Mr. G. H. Middleton received a telephone call from her son, Maurice, who is in the C. B.'s stationed at Williamsburg, Virginia, from Washington, D. C. He was on a

62 hour leave. Maurice is a Yeoman 2c.

LT. WILEY H. MUDGETT
Lt. W. H. Mudgett, son of Mr. and Mrs. Jerry Mudgett, is spending several days here. He is stationed at Columbus, Georgia in the Air Corps.

TECH. SERGEANT J. R. WARD

Tech. Sgt. and Mrs. J. B. Ward left Friday, after spending several days with Mr. and Mrs. J. W. Ward. He is stationed at Good-

SEED SHORTAGE IS PROBLEM

Slaton Man's Leg Fractured

J. B. Riney, who had his leg broken in an accident last Tuesday, was taken to the Santa Fe Hospital in San Angelo last Wednesday.

Mr. Riney has been an employee of the Santa Fe since 1940, and is the son of J. J. Riney. His condition was reported as better than expected, and under favorable conditions, he should recover rapidly.

MERCHANTS TO SECURE INCREASE IN SUGAR

Retailers may secure their second temporary increase in sugar allowable inventory by calling at the ration office. This additional increase will be cancelled automatically on August 31, 1943.

Merchants who do not have enough sugar stock to take care of canning are to call at the ration board office.

State Guard News

The local unit of Texas State Guard will hold a field exercise Sunday afternoon. This exercise will stress the value of the use of the sub-machine gun. The troops will be given target practice, as well as extended order maneuvers. This training is in line with the training program for the State Guards as set out by the War Department for the month of June.

On Wednesday evening, June 16th, the local Company will hold "open house" for the purpose of demonstrating to the public the type of work that is now being done by the Texas State Guard and the type of valuable military training that is being given each man in the Company. This demonstration will be held under the lights on the Company drill field in County Park. The demonstration will begin promptly at 9 p. m. and the public is cordially invited to attend. In addition to the local Company, the Headquarters Detachment of the 39th Battalion will be present to give demonstrations in first aid and communications.

Officers of the local Company have received instructions to build up the enlisted personnel and they appeal to all citizens between the ages of 16 and 65 to avail themselves of this training. Drill periods are held each week from 8:30 to 10:30 p. m.

At the regular meeting of Non-Commissioned Officers of Company C, 39th Battalion, Texas State Guard, held Tuesday evening instruction was given in extended combat formations. Non-Commissioned Officers will pass this instruction on to the enlisted personnel.

Each week there will appear in the Slatonite a column of State Guard News for the information of those interested in this phase of our War Effort.

Flag Day Talk To Be Made Today

The 166th anniversary of the American Flag, on June 14, will furnish the theme for the 31st in a series of "Speak Up For Democracy" talks to be heard over Station KFYO at 4:15 p. m., Friday, June 11, under the sponsorship of Lubbock Post No. 2466, Veterans of Foreign Wars of the U. S.

Radio listeners in this area will hear this Flag Day address delivered by Briggs Robertson, representing Post No. 2466. On the same day other V. F. W. speakers will be heard on 478 radio stations from coast to coast. This series of Americanism talks was inaugurated by the V. F. W. in December.

Storm Damage Also Serious Here

Due to the cloudbursts and hailstorms that wrought thousands of dollars in damage to crops and property in a number of sections of this part of Lubbock County, a large number of the farms must be replanted if cotton seed can be secured to do the work.

"There is a serious shortage of cotton seed for planting," said J. S. Edward, "and anyone who has seed for sale will find a ready market to the farmers south and east of Slaton. Briggs Robertson, manager of the Slaton Chamber of Commerce, has volunteered to keep a record of those who have seed for sale and anyone who wishes to sell cotton can do so by writing or phoning Mr. Robertson."

Farmers wishing to buy seed should contact Mr. Robertson.

The crops were damaged not only by hail, but also by rains that ranged anywhere from 5 to 12 inches. The water did more damage than the hail that fell in all sections where the storm raged. The rains fell last Friday night and last Sunday.

The worst damage reported was at Pleasant Valley, where approximately 12 inches fell and washed up practically all of the cotton and other crops. Southland was also visited by very heavy rains and some hail, where most of the crops were a total loss. The New Lynn community reports damage similar to that at Southland.

Midway and Robertson, east of Slaton, reported severe damage by both hail and rain and many of the farms will have to be replanted.

Unless cotton seed can be secured promptly, many farmers are planning on putting their ground to peanuts.

The rain and hail fell in scattered spots and some farms had only part of the crops so seriously damaged that replanting will have to be done.

ABOUT SLATON

Women in the Service

Naomia E. Duff, of Slaton, was among a group of 20 women leaving Lubbock this week for Fort Oglethorpe, Ga., and active duty with the Women's Army Auxiliary Corps.

Fort Oglethorpe, in its rich setting of historic beauty, is rapidly becoming a stirring part of the history and legend which surround this famous and delightful vicinity. Here for the next four weeks the auxiliaries will be given their basic training, after which some of them will go into specialists' schools and some to officers' candidate school.

Lieut. Rose Smothers Howlett, senior WAAC officer for the West Texas district with headquarters in Lubbock, declared that the group of which Auxiliary Duff was a member was one of the finest and most representative groups ever recruited in this area. "We are exceptionally proud of these girls and know they will make a fine record for themselves in the women's army," she said.

To be qualified for service in the WAAC, a woman must be between the ages of 21 and 45, have at least two years of high school education, no dependents and no children under 14. Further details may be obtained by writing the Lubbock office or contacting the nearest Army recruiting station.

SLATON TO GET FEDERAL LABOR RECORDER FOR COTTON SEASON

W. P. B. Rules Now Available

LUBBOCK, June 7.—All the people of the area surrounding Lubbock will now be able to secure direct, definite and official information in this city on all War Production Board rules and regulations dealing with controlled and restricted materials and equipment, at regular and stated periods.

Norvell W. Harris, Priorities Analyst from the El Paso WPB District Office, will be stationed in Lubbock on the first three business days—Monday, Tuesday and Wednesday—of the second and fourth weeks in each month. He will maintain his office in Room 206 in the Lubbock National Bank Building—with the Office of Emergency Management of the United States Government.

All persons desiring to file applications for WPB approval of any of the many different things which are under government control will be welcomed by Mr. Harris, on the days he is here. He will give official information on the rules and provide explanation of the proper way to fill out all application forms.

At the regular meeting of the Chamber of Commerce last Tuesday night, the directors discussed the possibility of having two or three big signs on the outskirts of Slaton to let travelers know that this is Slaton and to give them a few details concerning the town and the surrounding territory. It was called to the attention of those present that travelers who come through the town have no way of identifying what town it is. Manager Robertson was instructed by the Board to secure estimates on the cost of constructing signs that would attract favorable attention.

Mr. Robertson told the Directors that he had been notified by Mr. Ben Hawkins of the International Revenue Department that he would be in Slaton all day today to assist anyone who needs assistance in making out income, Victory or social security tax returns. He will be at the Post Office.

The manager of the Chamber of Commerce also informed the Directors that arrangements are being completed for a Federal Government man to aid the farmers in this section to secure adequate help during the cotton chopping and the cotton picking seasons. The plan as outlined at a meeting in Lubbock is to have a man located here who will keep records on all the farmers who need help and at the same time to keep tabs on all the laborers who are available. The man who will be put in charge of this work will have his office in the City Hall and will be here until the cotton gathering season is over.

Colored Revival To Be Held At Southland

Rev. C. W. Henderson has been secured to begin a revival in the Dunn Bldg., on North Main Wednesday night, June 16, to continue through the following Sunday.

Brother Henderson is the Baptist pastor at Slaton and Leveland. The negroes invite all white people and Mexicans to attend their services.

Three Instructors Chosen For Slaton Independent Schools

CARD OF THANKS.

To our friends who have been so thoughtful and kind to us during the illness and recent death of our husband, father and brother, L. Johnson, we wish to express our sincere thanks, and to all those who sent floral offerings, we wish to express our sincere appreciation.

Mrs. L. Johnson, Eugene, Vern and Benny Johnson, Mr. and Mrs. B. W. Johnson, Mr. and Mrs. Max Mitchell, Mr. and Mrs. Al Grimes, Mr. and Mrs. Loyd Grimes.

At the regular meeting of the Slaton Independent School District Board members this week Professor Earl Brasfield was elected as Principal of the High School to fill the vacancy left open by K. S. McKinnon. Mr. Brasfield is a son of L. E. Brasfield of Slaton and is well known in this section. He has been teaching in the Southland Schools.

Miss Mildred Holt of Lubbock was elected to fill a vacancy in the West Ward 6th grade and Mrs. Edith Brooks of Trusdale, Oklahoma, was given a place in the primary department in the East Ward. This leaves only one place to be filled.

Canada's Guns are Heard 'Round the World

THE roar of Canada's guns is being heard today all around the world, on land, on sea and in the air. Foreign to Canadian industry before the war, gun manufacture is now being carried out in scores of plants from coast to coast.

Heaviest land gun built in the Dominion is the mighty 8.7 inch sea-coast gun. Many of these are defending England's coasts and cities from Axis air attacks.

Canada is now manufacturing more than 1,000,000 shells every month, together with great quantities of aerial bombs, trench mortar bombs, and anti-tank mines. Production of shells comprises 26 types of 15 different calibres. A great variety and quantity of shell components are also made. In production are 500-lb. aerial bombs, practice bombs, depth charges, anti-tank mines, grenades, pyrotechnics, etc. Canadian factories turned

out their 2,000,000,000th round of small arms ammunition during February.

Small arms ammunition now produced is of 22 types of nine calibres. This ammunition is made for every type of small arms being produced in the Dominion. Both go to more than 50 different destinations in every part of the world for the many battlefields of this global war.

The energy and productive facilities engaged in the production of small arms ammunition may be gauged from the fact that one of these calibres alone—the .303—takes more than 50 separate operations to complete.

Before the war 500 persons were employed making small arms ammunition in one plant. There are now 30,000 workers in two government arsenals and plants being operated for the government by private industry.

SOUTH PLAINS BUSINESS AND INDUSTRIAL GUIDE

Can You Do This?

TO PERFORM this trick "you gotta know how!" It's one of the 35 games and stunts included in AT EASE, a set of games recently introduced for men in our Armed Forces by Reginald S. Leister, of Toledo, Ohio. Balance opposite each other two nickels on the rim of a Libbey Safedge tumbler. Now can you remove them with one hand? You can try it on your friends, but practice it first yourself. The secret of removing the coins is shown in the illustration. With your right hand, contact coins with thumb and index finger, slipping them over the outer rim and drawing them along the sides of the glass—toward you. When you meet, pinch them together and remove them from the glass. Easy, isn't it?

New Awnings Are Featured

Have you been admiring the attractive redwood awnings in front of the Loveless Clinic in Slaton? They were constructed and installed by the Lubbock Venetian Blind Company and are something new in the way of awnings.

This company has many designs in this kind of awnings, as well as many kinds of Venetian Blinds for the interior of the home. Their blinds and awnings are made in their own factory and can be made to fit any window or to go over any home or business entrance.

The Lubbock Venetian Blind Company serves all of the South Plains and one of their representatives will be glad to call upon anyone in Slaton. A postcard or letter will get full information, if addressed to the Lubbock Venetian Blind Co.

Some Auto Parts Still Available

There are a great many repairs that a mechanically minded farmer can make on his tractor himself, says O. D. Kenney, who operates the O. D. Kenney Auto Parts. A few suggestions on how to install new parts by an experienced mechanic and the ordinary tractor can be put in good running order, says Mr. Kenney, and he says that he is always glad to help in any way he can. They carry parts for all makes of tractors, as well as for all makes of automobiles and do cylinder grinding.

There are many things still available in the way of automobile accessories at the O. D. Kenney Auto Parts that are not available at other places and will not be in stock anywhere very long. Mr. Kenney says that he has a great many visitors who like to look around at the many gadgets that they have and he says he is always glad to have such visitors and welcomes anyone who is mechanically minded. He says not to give up finding anything in the automobile or tractor line until you have checked his stock.

MANY VEGETABLES BEING PRODUCED

COLLEGE STATION, June 10.—Human effort and favorable weather conditions are working together to bring about an all-time high in vegetable food production in Texas.

According to J. F. Rosborough, horticulturist for the A. and M. College Extension Service, Victory gardens throughout the state have reached the point of quantity production of food. Lettuce, mustard, spinach and other salad crops were the principal products available from early season gardens. But vegetables coming into production now generally are those which were planted on a large scale to supply family needs around the calendar year. The largest planting of white potatoes in the history of Texas gardens

Massage Cures Many Ailments

Science has discovered many things that affect health of the individual and among them is the effect of massage. There are a very limited number of people who know how to apply this science, but when it is done right, it cures many ailments of long standing.

Among the few who do know how to apply the science of the masseur is R. Z. Abell of Lubbock, who operates the Abell Sanatorium at 1641 Broadway. He is a pupil of the famous Milling Sanatorium of Mineral Wells and knows how to treat many chronic conditions that will not respond to the treatments that other methods provide. The Sanatorium is large and roomy, with all the most modern conveniences. Mr. Abell is always glad to have visitors and will be glad to give his advice as to whether he can be of assistance to any sufferer.

Keep 'Em Neat Keep 'Em Rolling

It is not good business to go around with a droopy automobile fender or a banged in door, says Hoyt Meador, who operates Hoyt's Fender and Body Shop. It is not good business because it is as sloppy as going around with a suit that needs pressing, or a dress that is not neat, and cars with bent fenders and banged in doors often use more gasoline because the wheels are dragging or the body is out of line.

Most of the work that is done in the shop costs the motorists very little money and all of them go away feeling that they have just put on a new suit or dress, says Hoyt. Hoyt is also in a position to do repair jobs on all kinds of automobiles and can do it in any color desired. All his work is guaranteed.

was made this year, with yields of one to ten bushels per garden, commonplace. If the crop can be stored successfully, Rosborough says, there should be little need for out-of-state shipments at any time of the year.

Tomato plantings were made on a large scale with the idea of having a sufficient supply for daily use and a surplus for canning. In South Texas, housewives are using pressure cooker tomatoes and green beans.

An equally large increase in green corn planting, and cream and black-eyed peas was made. Harvesting and processing of these vegetables are under way.

Timely rainfall throughout the sweet potato producing section enabled growers to expand planting from vine cuttings. High-priced potato slips thus were multiplied without additional cost. In many localities harvesting of early white potatoes was succeeded by planting of sweet potatoes from vines.

Band Instruments At S. P. Music Co.

Do you like to keep up with the latest music and hear the newest records of both classical or popular pieces? Do you like to hear the world's greatest stars sing? Then you will enjoy a visit to the South Plains Music Company, where all of these things are there for you to hear.

The South Plains Music Company has an immense stock of sheet music and keeps a steady stream of new records coming in to their stock at all times. They keep a trained piano tuner at all times and can make out of town trips upon request. Their stock of reconditioned musical instruments includes many marvelous values in pianos and they also carry many band instruments. If you are interested in anything in the musical line, you will probably find it at the South Plains Music Company in Lubbock.

Estimates Given On Stonework

For many years the South Plains Monument Company has been installing monuments all over this section of Texas. They are not only one of the oldest concerns of this kind in West Texas, but they are still one of the largest due to the fact that they buy their materials only in large quantities and get lowest possible prices on the finest stone on the market and sell direct to their customers and do not have commission men.

This company is always glad to give estimates on any kind of decorative stone work and is always glad to have visitors. They are located conveniently and will be glad to have you call, or if you do not have time to call, they will be glad to answer any letter or postcard.

City Drug Offers Gift Suggestions

Father's Day is coming soon and Mrs. McWilliams, at the City Drug Store, says that the men of this section have not been overlooked there. Although cigars and tobaccos are hard to keep in stock, they have most of the popular brands of cigars and all of the best known cigarettes; they have pipes, lighters and ash trays. For the men who like to write personal letters, they have a wide variety of stationery and many styles in leather billfolds. All of the popular shaving lotions and shaving sets and many, many other items that men would appreciate as gifts on Father's Day.

Mrs. McWilliams invites the mothers and those who wish to remember Dad on June 20th to come in and see the many things she can suggest.

The City Drug Store is receiving much new merchandise and can fill drug store needs promptly and efficiently and is catering

Roofing Co. Is Well Equipped

It's the time of the year when most anything can happen in the way of weather and it is the kind of weather that is hard on roofs. The sudden wind storms rip off small particles at first and the damage grows greater with each succeeding storm and the roof is soon almost a total loss unless repairs are made as soon as possible.

The Texas Roofing Company in Lubbock is one of the oldest and to those who enjoy the best in fountain service.

Home A Very Dangerous Place

AUSTIN.—The general opinion prevails in America that home is about the safest place there is. However, the facts prove that, far from being the safest, it is often quite the opposite.

In commenting on the urgent need for the protection of life and limb in the American home, Dr. Geo. W. Cox, State Health Officer, declared that accidents in the home are the cause of more deaths than diphtheria, scarlet fever, whooping cough, and measles combined; of more than appendicitis; of nearly as many as diabetes; of over two-

thirds as many as automobile accidents; and of over a third as many deaths as tuberculosis.

"Slippery floor surfaces, lack of handrails on cellar steps, absence of protective gates at the top of stairs in home where there are small children, toys left on stairs, unanchored small rugs on polished floors, poisons in medicine cabinets accessible to children, and the careless storage of sharp tools and firearms are some of the more prominent hazards resulting in home accidents," Dr. Cox said.

"However," he added, "in the last analysis, the problem boils down to one of reasonable individual caution. We cannot view complacently the more than 30,000 deaths annually due to home acci-

dents. These deaths, chargeable to remediable carelessness, can and should be reduced."

Dr. Cox declared that such a needless and profitless loss of life should be deplored at any time, but to permit such a condition to persist in 1943, in view of our national crisis, is a neglect that cannot be condoned, and one which can seriously cripple our war effort.

Weekly Sermon - -

VICTORY GARDENS
By the Rev. Warren Filkin, Ph. D., Member of Faculty Moody Bible Institute, Chicago

The other day I saw a window display advertising victory gardens, with the reminder, "Take up the battle in your own backyard."

After I passed that sign I wondered if this was not what the Lord Jesus had reference to when He said, "But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth" (Acts 1:8). The expression, "Ye shall be witnesses unto me in Jerusalem," was the one that this window display brought to my mind. "Take up the battle in your own backyard." Jerusalem was the backyard for the disciples, and wherever we live is our backyard for witnessing for Christ.

We are to begin at home to witness for the Lord Jesus. What is good for us is good for our loved ones.

What is good for us is good for our neighbors, for the grocery clerk in the store on the corner, for the druggist, for the filling station attendant. We are to be Exhibit A regarding the power of the gospel, to those who know us best.

There are many people who would like to witness for Christ in Africa, or at least in some distant part of the United States, who have been fearful or unwilling to pay the price of witnessing for Christ in their own backyard. Could it be, people in your block

know you too well to believe that the power of the gospel is operating in your life? Is there one of us who should not be willing to witness for a loving, merciful, gracious Savior, the Son of God? He went all the way to Calvary for us? Is there someone in your backyard who is waiting for you to speak the Word of Life to him? I like that stanza of the song we sing:

"Living for Jesus who died in my place,
Bearing on Calvary my sin and disgrace;
Such love constrains me to answer His call,
Follow His leading and give Him my all."

Women Go Into Paper Hanging

COLLEGE STATION, June 7.—Home demonstration club members of the Brown Club, Martin County, have found a way to help the labor shortage and at the same time swell the club treasury. They have become expert paper hangers and have had so many calls for work that they could paper indefinitely if their home work and farm jobs did not claim first attention, according to Fern Hodge, county home demonstration agent.

The Brown Club first started paper hanging when members of the club needed help in papering rooms in their own homes. In 1942, the club was short of funds and Mrs. R. C. Stocks, president, suggested that the club bid on the job of papering the school teacherage. The group got the job and has been busy ever since.

Early this year the women learned of an apartment in Big Spring that needed papering. When the job was completed, word of the club's work spread and the women received other jobs, including the papering of a six-room house. The treasury boasts \$60 as a result.

The women, who guarantee their work, go about the task systematically, dividing the group into trimmers and cutters, "pasters," and hangers. One member puts on all the final touches. They are so expert now that the six-room house was papered in nine hours and the ceiling paper was hung in the last two rooms in 35 minutes per room.

Right now, with food preservation work in full swing, Brown Club members have discontinued their papering except in their own homes, but as soon as canning season is over they probably will be ready to gather their paste buckets, ladders and scissors for more paper hanging jobs.

Workers in a Michigan refinery fixed up a very low, false door leading to the pay office. On it is inscribed, "You will learn to duck lower if you don't Buy a Ford."

From Jam Jar to Jam Bar

DIP into the breakfast jam jar. If you would make a cookie confection that stays fresh for a long time. Only three-fourths of a cup of jam is required to make two dozen Jam Bars, ideal for the lunch box, for mailing to camp, or just between-meal munching. Ingredients are:

1-2 cup shortening	1 teaspoon baking powder
1-2 teaspoon almond flavoring	1-2 teaspoon salt
1-2 teaspoon vanilla flavoring	1-2 teaspoon cinnamon
1-2 cup light syrup	1-4 teaspoon cloves
1 1-2 cups enriched flour	1 egg
3-4 cup jam, any flavor	

Cream together shortening and flavoring. Add syrup slowly, beating well. Sift flour, measure and sift again with all dry ingredients. Add dry ingredients to creamed mixture and mix until crumbly. Add well beaten egg. Spread half the dough in bottom of a greased 9 x 9 inch pan. Spread jam over dough. Cover with remaining dough. Bake in a hot oven (400 deg. F.) for 25 minutes. Cut into 1 x 2 inch bars. Dust with confectioners' sugar if desired.

How to Get Well

PLENTY of sunlight and lots of fun are a good recipe for getting well at any time. Here in the out-patient department of Shriners' Hospital for Crippled Children, San Francisco, brightness receives special attention, sanitary glass blocks being used in the unique new hydrotherapy wing. Children of poor families, no matter what race or religion, receive treatment here.

PERSONALS

E. I. Thornton, of Gallup, N. Mexico, who has been visiting relatives and friends here and at Lubbock and O'Donnell for the past ten days, returned home Monday.

Mr. and Mrs. Arthur Haddock are spending this week in the W. H. Doarks home in Anadarko, Oklahoma.

Mr. and Mrs. Jack Nowlin of Austin are visiting Mrs. Nowlin's parents, Mr. and Mrs. C. C. Wick-er.

Mrs. Earl D. Eblen, Bryan, Texas, is visiting her parents, Mr. and Mrs. L. T. Garland.

Raymond Champion of Clovis, spent last week end with his parents, Mr. and Mrs. R. M. Cham- pion.

Mr. and Mrs. Wayne Smith of Lubbock visited Mr. and Mrs. D. F. Smith last week end.

Mrs. Quenton Wicker, Denver, Colorado, is visiting in the C. C. Wicker home this week.

Mrs. C. W. Wilks fell at the home of her daughter, Mrs. R. L. Smith, Wednesday morning and broke her arm. Last report she was getting along all right.

Miss Nina Ray Hickman is spending the week in Post with Miss Iris Parker.

Mr. and Mrs. R. D. Hickman have returned from Baird, where they attended the funeral of Mrs. Hickman's brother, Dr. G. R. Griggs.

FORREST BIBLE STUDY.

Ora Forrest Bible Study will meet at 3:30 p. m., Tuesday at the Methodist Church. Mem. vs. James 1:26, 27.

Lesson: Studies in the Book of Numbers, Chapters 28-33. Israel at Moab.

1. What is the important lesson to be learned from Chapters 28 and 29? Do you need to learn this lesson?

2. What prophet was killed in the battle with the Midianites?

3. Which tribes request that they may have their inheritance on the east side of the river Jordan?

4. Was this a wise choice? Why?

5. What did God command Israel to do to the inhabitants of Canaan? Why?

Mrs. L. R. Tibbs.

(Continued from Page 1)

field. They also visited Sgt. and Mrs. W. T. Ward in Lubbock and Mr. and Mrs. C. O. Clifton in Albuquerque.

Ensign Milton Kessel, who has been stationed at Norfolk, Va., in the Amphibian Boat service, has sailed for a foreign port.

Pvt. Leroy English, recently inducted into the Armed Forces, is stationed in North Carolina. He writes that he is fine and likes his new life very much.

Mr. and Mrs. W. O. Cleveland received a letter from their son, Pvt. Jack Cleveland, that he has safely arrived at his destination and is "somewhere" in England. He writes that it is the most beautiful country he has ever seen outside of the United States. He was formerly stationed in Sioux City, Iowa.

Gunner's Mate Clyde Doherty writes his mother, Mrs. H. Doherty, that he is fine, but certainly misses the "good old States". He is stationed somewhere in the South Pacific.

Pvt. Jack B. Clark, who is stationed at Camp Roberts, California, has been in the hospital there for treatment of a fractured foot.

Last report from Sgt. A. M. Lindsey he was in North Africa. He is an X-ray technician at the 80 Station Hospital.

Glen C. Hampton, S 2-c, son of Mr. and Mrs. J. S. Hampton of Slaton, was home on furlough during the past week. He entered the Navy last March 29 and is stationed at San Diego, California.

Mrs. L. R. Tibbs held a telephone conversation with her son, Billy Bob, Wednesday. He is in the Navy and is stationed at San Diego, California.

In a letter from Sgt. Jack E. Stallings to Uncle George Marriot, the Sergeant says he does not expect to remain long in North Africa. He describes North Africa as being rugged in topography and green with verdure.

Uncle George reports that he gets frequent letters from the men from Slaton who have gone into the Service and that he does as much letter writing to them as he can find time to do.

Sergeant Henry B. Thorn, who is assistant Crew Chief on a B-24, writes Briggs Robertson that he

You are a Soldier in THE BATTLE OF TRANSPORTATION

Every unnecessary mile you drive is a contribution to our Axis enemies.

Every bit of rubber and gasoline you save on the home front is a contribution to the combat needs of our fighting men on every battle front.

You can help hasten the day of victory by confining your driving to a patriotic minimum. Use your car only for going to and from work... for needed shopping... for war-time activities like vegetable gardening... for travel to and from places without other transportation facilities.

Remember, your Government asks you to do your part to prevent a trans-

portation breakdown, asks you to Care For Your Car—For Your Country.

Visit your Phillips 66 Service Man at least once a week. His tire-saving service includes checking air pressures, inspecting for cuts and bruises, crisscrossing with the spare every 3,000 miles. His car-saving service includes inspection of battery, air filter, and radiator; lubrication of every point specified by the maker of your car.

Add Phillips 66 Poly Gas, and Phillips 66 Motor Oil... and you have a complete treatment that perks up weary automobiles... a treatment that makes your money, your tires, and your car go farther.

FOR VICTORY... Buy U.S. War Bonds and Stamps

expects to be in action before long. Sergeant Thorn enclosed a clipping from a Denver paper, showing an illustration of a camouflaged airplane on the ground. The plane is that of Colonel Julian Joplin of this community. It is credited with having knocked down more than two Japanese Zero fighters.

Mrs. J. B. Butler reports several letters received from her son, Sgt. Shirley Butler, who is in North Africa, in one of which he states that the Officers are taking the very best of care of the men, not "even letting a mosquito bite them".

South Plains Army Air Field.—"Johnny" got another Zero, and he's sending home the pieces to prove it. Tech. 3rd Grade Garland Browning has received a unique bracelet at South Plains Army Air

Field from his brother, W. L. Browning, petty officer second class, in the South Pacific.

The bracelet was made from aluminum from a Jap Zero. His

brother thought the island might want a souvenir of the diminishing power of T-ys. "He told me there was plenty where that came from," Sgt. Browning laughed. The Browning home is in Sweetwater.

Miss Josephine Kempf Weds Emrich Kolodziejczyk Wednesday

In a beautiful twilight service in St. Joseph's Catholic Church, Wednesday evening, June 2, Josephine Kempf became the bride of Emrich Kolodziejczyk.

Rev. Thomas D. O'Brien officiated at the single ring ceremony. Mrs. John J. Cosgrove played "The Rosary" (Nevin) as a preliminary solo and played the processional and recessional. During the ceremony she played "Ave Maria" (Schubert).

The bride wore a wide double-skirt white taffeta and net gown, made basque, with sweetheart neckline and short puffed sleeves. Her long veil of tulle fell from a lace coronet. She wore a shoulder corsage of gardenias.

The bride's only attendant was Merle Cosgrove. Her dress of pink marquisette, was fashioned with bouffant skirt, fitted waist and short sleeves. She wore a colonial hat of natural flowers and satin. Her corsage was pink roses.

Clifford Hilbers was best man. Mrs. Kolodziejczyk, the youngest daughter of Mr. and Mrs. I. J. Kempf, was a member of the 1943 graduation class of the Slaton High School.

Mr. Kolodziejczyk, son of Mr. and Mrs. D. S. Kolodziejczyk, was graduated from the Wilson High School in 1940. Until his enlistment in the Army Air Corps a few

Maxey - Young Wedding Is Solemnized

Miss Geneta Maxey, daughter of Mr. and Mrs. H. C. Maxey, became the bride of S-Sgt. Claude W. Young, Jr., son of Mr. and Mrs. Claude W. Young, Monday, June 7, at 4:00 at the Church of Christ in Lubbock, with Reverend Odie Gatewood officiating in the single ring ceremony.

The bride wore a white pique street length dress with corresponding accessories. For something borrowed, she wore a string of pearls belonging to Miss Lori Ann Young, and for something blue, she carried a blue handkerchief.

The couple was attended by Lori Ann Young, R. L. DeBusk, Mrs. H. C. Maxey and Mrs. Claude Young, Sr.

S-Sgt. Young has been stationed in Hawaii for three years and four months. He expects to return to Camp Hahn soon, where he will be assigned to a new station.

He was employed as cashier at the Wilson State Bank. He reported to the Army June 4, weeks ago, he was employed as cashier at the Wilson State Bank. He reported to the Army June 4, to begin his cadet training.

Mary Elizabeth Florence Wed To Flight Officer Adam H. Putz

Between Us Girls

BY DONNA SANNER

Here's your chance of a lifetime, girls. THE Army Air Corps is in town. I needn't tell you that, though, because all of you have been aware of the fact for over a week. That blue-eyed Sergeant is surely making a lot of hearts beat faster. Much faster! He's really on the beam. Wonder how many broken hearts he left in Denver? No doubt! A guy with blonde, wavy hair and a personality like his can get along very nicely in this world.

He has a habit of collecting rings and "yours truly" wants her ring back and quick! How about it?

Incidentally, the subject of this write-up is Sergeant Fred Earl Splawn. (Is it Earl or Einstein, Fred?) He's a turret gunner and is stationed at Lowry Field, Denver, Colorado.

You know, I feel sorry for the boys who come home on furlough because the young male population here is very sparse and when a boy comes home he has trouble, not with one girl, but with all of them. He doesn't have to look very far for a date, either. It's too bad things are in such a mess, but it will be different some day. When the boys are home again. Just hide and watch.

Pfe. Pat Appling is another guy who makes the girls' hearts flutter. He acts like he cares very little about girls, but in this town, with the "man shortage", he'll have changed his mind before he leaves. Boys can't run around loose like they used to. Girls are pretty tricky, you know! For that matter, so are the boys and it makes it pretty bad when they get together. You never know who is going to win out on a deal like that. I might add that the girls usually do!

Pat is really a swell guy and lots of fun. One thing a girl admires in a boy is a good sense of humor and, chum, he sure has it! He is in the Army Air Corps and is stationed at Bryan Field, Tex.

YOUNG PEOPLE'S CLASS HAS MEETING SUNDAY

The Young People's Class of the First Methodist Church met Sunday with seven members present and three absent. The subject of the lesson was, "The Christian's Recreation."

Next Sunday's lesson will be, "Ways of Having a Good Time." This will be a very interesting lesson to everyone and absentees and others who should be in the class are cordially invited to be present.

MRS. WICKER HOSTESS TO BLUEBONNET CLUB

The Bluebonnet Club met Wednesday afternoon with Mrs. C. C. Wicker south of town. The afternoon was spent quilting for the Red Cross and they voted to fill four overseas kit bags.

The hostess served a salad plate to the following members: Mesdames J. D. Barry, H. H. Edmondson, L. T. Garland, H. V. Jarman, Wallace King, J. D. Hall, W. P. Shelton, R. C. Sanner, J. H. Teague, Jr., L. R. Tibbs and S. P. Ferguson.

Next meeting will be June 23 in the home of Mrs. L. T. Garland.

JEAN HOLT IS ELECTED PRESIDENT OF CLUB

The H. E. Club met Monday, June 7, at the high school. A brief business meeting was held during which time officers were elected as follows: President, Jean Holt; Vice President, Billie Jean Jarman; Secretary, Emma Young; Reporter, Nina Ray Hickman.

The club members discussed rolling bandages in the Red Cross Room Thursday night.

New Citizen

Janet Sue is the name of the daughter born Wednesday to Mr. and Mrs. S. J. Ellis of Clovis, New Mexico. Both Mr. and Mrs. Ellis are former Slaton residents.

Mr. and Mrs. W. P. Florence of Slaton announce the marriage of their daughter, Mary Elizabeth, to Flight Officer Adam H. Putz, son of Mr. and Mrs. Frank Putz of St. Charles, Illinois.

They were married Tuesday, June 1st, at 8:00 p. m., in Bowman Field Chapel, Louisville, Ky., with the Post Chaplain officiating.

The bride wore an aqua blue silk suit and carried a bouquet of gardenias. Her picture hat was of black lace and she carried black patent accessories. For something old, she wore a gold pin studded with pearls, belonging to her mother.

Attendants at the wedding were Miss Jean Carol Wollard of Louisville, Ky., and Flight Officer Raymond Roberts of Berkeley, California. After the wedding, Flight Officer and Mrs. Putz left for Chicago and St. Charles, Ill., for a few days visit with Officer Putz's mother and father.

They will be at home at 516 Eline Ave., Louisville, Ky. Flight Officer Putz is now stationed with the Air Corps at Bowman Field. He was commissioned and received his wings at the South Plains Army Flying Field, Lubbock.

Before leaving Lubbock, Mrs. Putz was for the past four years, Secretary to County Judge G. V. Pardue. She is a graduate of Slaton High School and also attended Texas Tech at Lubbock.

Kirksey-Koger Marriage Event Of Sunday; May 30

COFFEYVILLE, Kans. — Miss Jean S. Koger, daughter of Mr. and Mrs. Murrill A. Koger, 412 West Eleventh, and Warrant Officer James M. Kirksey of Slaton, Texas, were married Sunday afternoon, May 30, the ceremony taking place in the First Baptist church, with the Rev. E. W. Von Busch officiating in the presence of the family and a group of friends.

Baskets of fern, gladioli and snapdragons decorated the church, the tapers in tall candelabra being lighted by Mrs. John Shaver and Miss Jeanne Ellen Tourney. Miss Helen Ward, organist, played the traditional wedding marches and accompanied Mrs. Richard Heineman who sang, "Because" and "Now and Forever" as the bridal solos.

Attendants were Miss Wilma Maddux and Bennett Green, with Lt. J. C. Fahringer and Leonard Koger, Jr., cousin of the bride, serving as ushers.

The bride was attired in a wedding gown of white embroidered organdy with sweetheart neckline, her full skirt falling into a semi-train and her finger tip veil being held by a coronet with tracery of pearls. Her only ornament was a string of pearls, the gift of the groom. She carried a shower bouquet of white carnations.

Miss Maddux wore an embroidered latiate dress in blue with hat to match and carried an arm bouquet of gladioli.

Following the ceremony, a reception was held in the home of the brides parents, the rooms being decorated with gladioli and spring flowers. The three tier cake adorned with miniature bride and groom, which centered the ta-

ble, was decorated with pink rosebuds and rested on a foundation of pink sweet peas and fern. Pink rosebuds in a crystal bowl and flanking candelabra holding lighted pink tapers completed the decorations. Mrs. Thelma P. O'Bryant assisted in serving.

Mrs. R. L. Kirksey of Slaton, Tex., was an out-of-town guest.

Mrs. Kirksey graduated from Coffeyville High School and attended junior college. She was employed at headquarters at Coffeyville Army Air Field.

Warrant Officer Kirksey also graduated from the Coffeyville schools and junior college, where he was a member of the college debate team in 1940-1941 and attended Baylor university at Waco, Texas.

The young couple left after the reception for Talahasse, Fla., where they will make their home while he is stationed at Camp Gordon, Johnston, Fla.

Personals

Mrs. J. W. Ward has returned from Albuquerque, New Mexico, where she visited her daughter, Mrs. C. O. Clifton.

Ray C. Ayers has returned from a business trip to Ft. Worth.

Mary Leonard Harzal has returned from a week's visit with relatives in Hale Center.

Mrs. Audry Cox Clayton and baby, Tommy, Jr., of Los Angeles, California, have been visiting Mr. and Mrs. Jim Bates and four daughters. Also visiting in the Bates home are Mary and Dorothy Bates from Dallas.

Mrs. Corbin Barton and two children, Ginger and Jimmy, are spending a few days in Waco, Mexia and Ft. Worth visiting relatives and friends.

Jack Brown, son of Mr. and Mrs.

Miss Elizabeth Baldwin Marries In Oklahoma Thursday

Miss Elizabeth Baldwin, daughter of Mrs. R. A. Baldwin, and John Ed Baker, son of Mrs. Blanche Baker, of Lubbock, were married Thursday in Oklahoma.

Both Mr. and Mrs. Baker formerly lived in Slaton. Mrs. Baker is a graduate of Texas Tech and has been holding a responsible position as chemist with Phillips Petroleum Company at Bartlesville, Oklahoma.

Out of town guests for the wedding were Mrs. Bladwin and Florence, from California, and Mr. and Mrs. G. T. Baldwin of Slaton. Mr. G. T. Baldwin gave the bride away.

Mr. and Mrs. Baker will make their home in Long Beach, where Mr. Baker is employed in a Defense plant.

Bob, of Houston and Sammy Gene Mosley of Hillsboro are visiting relatives here this week.

Mrs. Lela Clark visited friends and relatives in Lubbock last week-end.

Those visiting in the L. B. Thornton home Sunday were, Mr. and Mrs. G. K. Taylor and daughters, Margie and Ruth, of Lubbock; Mr. and Mrs. J. R. Thornton of O'Donnell; E. L. Thornton of Gallup, N. Mex.; Mr. and Mrs. W. A. Johnson of Union and Mr. and Mrs. Bert Thornton of Slaton. M. and Mrs. Damon Barry and sons, Ronnie and Billy, of Plainview visited Mr. and Mrs. Jim Allen Sunday.

W. A. Appling, who has been attending school at S. M. U., is visiting his parents, Mr. and Mrs. P. H. Appling.

Mrs. Carl Sartain and Brian have gone to Dallas, where Brian will study voice at the Stamp-Baxter School of Music.

Mrs. Robert H. Strickland of Glendale, California, is visiting her mother, Mrs. R. H. Bailey. Mrs. Strickland is the former Miss Garnetta Bailey.

Mr. and Mrs. K. S. McKinnon left Monday for Olney, Texas, where they will be employed in the school.

Mr. and Mrs. C. R. Marsh and daughter, Patsy, are visiting Mr. and Mrs. T. A. Turner.

Mr. and Mrs. A. T. Lancaster and Audrey Faye are visiting Mrs. Dayton Eckert. Audrey Faye will remain here about a month.

Jerry Forbes, son of Mr. and Mrs. John Forbes, has been visiting his grandmother, Mrs. H. B. Hollowell, in Ralls, for the past three weeks.

Rationing News

SUGAR—Stamp No. 13 valid for five pounds until midnight, August 15.

CANNING SUGAR—Stamps 15 and 16 in Ration Book One valid for 5 pounds of sugar each through Oct. 31, 1943. Those needing additional sugar for canning may apply to local rationing boards.

COFFEE—Stamp No. 24 in Book No. 1 (for those 14 or older on the date the book was issued) valid for 1 pound of coffee beginning May 31, expires on June 30.

SHOES—Stamp No. 17 in Book No. 1 good for 1 pair of shoes through June 15. Stamp No. 18 becomes valid June 16 for 1 pair of shoes.

MEATS, EDIBLE FATS AND OILS, (including butter), **CHEESES, CANNED FISH**—Each holder of Book 2 allowed 16 points per week. Red Stamps J, K, L, M and N expire June 30 and become valid as follows: J, May 23; K, May 30; L, June 6; M, June 13; and N, June 20.

PROCESSED FOODS—Blue G, H and J stamps (48 points) valid through June 7. Blue K, L and M stamps (48 points) valid through July 7.

Mileage Rationing
GASOLINE—Value of each coupon in A, B and C books is 4 gallons. A-6 coupons expire midnight, July 21.

TIRE INSPECTION—All "A" holders must have second official tire inspections by September 30, 1943. Subsequent inspections for A book holders will be once every six months. "B" book holders must have second official tire inspection by August 31, 1943. Next official tire inspection for "T" book holders must be made within 60 days of last inspection or within 5,000 miles, whichever occurs first.

TIRES—If official tire inspection recommends a tire replacement, apply to local ration board for the tire ration certificate. Tire will be rationed to all on the basis of tire inspections and county quotas available with most essential mileage to come first. Recaps can now be secured with-

out rationing certificates. **Other Rationing**
Eligible purchasers needing new automobiles, bicycles, typewriters, rubber footwear and other commodities (except farm machinery and pressure cookers) on which sales might be restricted, should see their local ration boards. Persons interested in securing farm machinery and pressure cookers should see their county USDA War Board.

Movie Reporter.

Paramount's "Aerial Gunner," the exciting action film story of the Air Corps gunners, coming Friday and Saturday to the Palace Theatre, shows the important role the aerial gunners play in flying warfare.

In an action packed scene, Zeros attack a lone bomber, meeting the blazing guns of our Air Corps sharpshooters, who blast them out of the sky.

Chester Morris and Richard Arlen head the cast of the thrilling film, in which Jimmy Lydon, Dick Purcell and Lita Ward are featured.

Comedy, songs and romance are blended in Universal's "Rhythm of the Islands" coming Tuesday, Wednesday and Thursday to the Palace Theatre. Allan Jones and Jane Frazee are co-starred and the supporting cast includes Andy Devine, Mary Wickes and Ernest Truax.

Other entertaining highlights in the new funfilm are presented by the Step Brothers, the celebrated Horton Danegers and Acquainta.

As news scribes, hot on the trail of Axis spies, Bob Hope and Dorothy Lamour have the most exciting roles of their careers in Samuel Goldwyn's "They Got Me Covered", a rip-roaring comedy liberally sprinkled with thrilling suspense, coming to the Palace Saturday night, Sunday and Monday.

Fired as a foreign correspondent for a New York news service because he missed the Nazi invasion of Russia, Hope, with the aid of Miss Lamour, attempts to get an exclusive story on Axis sabo-

Vitamin Salad for Spring Tonic

FOR appetite and eye appeal, you can't beat a crisp vegetable salad with a delicious French-type salad dressing. The makings of Vitamin Salad may be prepared in advance, stored in the refrigerator, and combined just before serving. A little salad oil from your handy bottle, glassed condiments, and spices give this salad dressing an unusual, tangy flavor. To serve 6:

- 2 cups shredded cabbage
- 1 cup shredded carrots
- 2-3 cup shredded green pepper
- 1 small onion cut in rings
- 1-2 cup chopped celery
- 2 tablespoons prepared horseradish
- 2 teaspoons salt
- 1-3 cup vinegar
- 1-2 cup glassed salad oil
- 1-4 cup sugar
- 1-2 teaspoon mustard seed
- 1-2 teaspoon celery seed

Crisp shredded cabbage, carrots and green pepper in ice water. Dry thoroughly and combine with onion rings and celery. Blend together remaining ingredients and when ready to serve pour over chilled vegetables. Mix lightly but thoroughly. Serve very cold in a nest of crisp lettuce leaves.

teur plots in the United States. Everything he plans goes wrong. The girl who takes the story down in shorthand is kidnapped by the enemy spies. Hope is trapped in a beauty salon which is a "front" for the dynamite ring, and only the quick thinking of Miss Lamour saves him from disaster. Hilarious comedy alternates with tense action throughout this RKO Radio release, which was directed by David Butler.

20, the courts handed down decisions in 1,495 civil and criminal cases involving 1,676 defendants accused of violating the price and rationing regulations, according to OPA. Of the total, 1,437 cases involving 1,613 defendants were decided in favor of OPA. Only 58 cases involving 63 defendants, or less than 4 percent of the total, were dismissed.

It's okay with Mr. Ickes if the country's arctic fishermen continue their sport but he says, "We still think it's a good idea for them to fish when they can and where they can without extra gasoline." Gasoline for fishing trips won't be available, no matter how productive of food the sport may be.

Farmers who fail to plant 90 per cent of their war crop goals will not suffer the regular agricultural conservation deductions if the weather has interfered with their crop plans. The War Food Administration has relaxed the provisions in all areas where hay and pasture goals have been established. The action is designed to offset the effect of recent unfavorable weather conditions.

Persons renting Class A typewriters (standard size machines made since 1934) will be given until June 30 either to purchase the machines or to return them to their owners, OPA has announced.

Throughout the nation, 479 automatic counters on rural roads in 38 states recorded traffic in April as 56 percent of pre-war normal, according to reports from state motor vehicle administrators.

More than 450,000 pounds of copper and brass scrap were moved to processors for remelting from southwestern yards during the three-week period between May 1 and May 22, according to figures released by Gen. John A. Hulen, WPB regional salvage manager. Dealers' copper scrap inventories on May 22 were shown as 3,633,905 pound compared to 3,099,000 lbs. on February 28 this year.

On The Home Front

According to a new WPB priority regulation, a dealer must furnish farm supplies if the farmer signs a certificate stating: "I certify to the War Production Board that I am a farmer and that the supplies covered by this order are needed now and will be used for the operation of a farm." A total of 140 items are affected by this order. Such certification will enable the farmer to buy up to 25 worth of any of the items on the list, and more if the certificate is approved by his local county farm rationing committee.

A reduction of five to six cents a pound in the retail price of butter will go into effect Thursday, June 10. The OPA intends to effect the roll-back with a minimum of financial loss to the dairy industry, from the farm through the retailer. With the subsidy paid to them by the government, buyers of butterfat will get as much for their butter as before, and will be expected to continue to pay going prices to the farmer. "Butter shall include butter manufactured by a farmer on his farm from milk produced on his farm," according to an amendment to Maximum Price Regulation No. 289 under which maximum prices were established for creamery butter.

In the four months ended April

UNION NEWS

MRS. M. D. GAMBLE

Several farmers are going to have to plant over, due to so much rain and some hail.

W. B. Wright, 19, son of Bill Wright, of 8 miles north of Union, was killed by lightning in the severe electrical storm that came to the area about 8:30 o'clock last Friday night, and his two younger brothers, Billy, 9, and Wayne, 11, were injured.

The three boys were carried to the Lubbock General Hospital by Earl Johnson, a farmer by whom the Wright family was employed. W. B. Wright was pronounced dead on arrival, and the body was taken to Rix Funeral Home. The two other boys remained in the hospital. Wayne was said to be seriously injured. Billy suffered from minor shock.

The three boys were out grazing their cows at the roadside near a high line when the lightning struck. The accident occurred on a farm belonging to Curtis L. Boyd, and of which Mr. Johnson is the tenant.

A sister-in-law of Mrs. T. L. Peterson is visiting with her for a few days. She is from Parnell.

Mr. and Mrs. B. B. Jones and family visited Mr. and Mrs. Earl Peterson of Morton Sunday.

Miss Kathryn Robertson, who became the bride of Pvt. Richard M. Cade today, was honored with a miscellaneous tea shower Thursday at the home of Mrs. Pat Patterson of Union. Mrs. Patterson was assisted by Mrs. G. L. Nelson and Mrs. Otho Doyle. Guests called between the hours of 3 and 5 o'clock.

In the receiving line were Mrs. E. A. Robertson, mother of the bride-elect, the honoree, Mrs. R. M. Cade, mother of Pvt. Cade, Miss Betty Robertson, sister of the honoree.

Mrs. Doyle presided at a table centered with an arrangement of roses and silver tapers. The wedding date was announced on tiny cards bearing the words, "Kat and Dick, June 5." Mrs. Nelson presided at the register, and Mrs. Earl Johnson and Mrs. C. E. Bar-

rett were in charge of the gift room.

Mrs. Cade is a graduate of Cooper High School and attended Texas Technological College.

Pvt. Cade, a graduate of Wilshire High School, completed his second year in Texas Tech before being called into the Army enlisted reserve. The couple were married in Paris, where Pvt. Cade is stationed in Camp Maxey.

Those visiting in the home of Mrs. M. D. Gamble Sunday were: Mr. and Mrs. D. J. Speed and family of Littlefield, Mr. and Mrs. J. W. Eilenberger of Wolforth, Mr. and Mrs. R. D. Presley and Don of Shallowater.

Mr. and Mrs. Floyd Pair of Morgan, visited Mr. and Mrs. A. M. Pair Sunday.

Mr. and Mrs. B. E. Stephenson have gone to visit their daughter, Mrs. D. D. Stacy of Whiteface for a few days.

A Sunday School session was held in the home of Mrs. Gamble Thursday night. Games were played and refreshments served by all. Refreshments were served by all. Refreshments were served by all. Refreshments were served by all.

CLEAN FALSE DENTURE

At last, a simple way to clean false teeth and bridge work. REALIZING that you put your teeth in a glass of water to wash a little quick-soaking denture has been added to the master like speed, discoloration and stains vanish—the original clean denture returns!

Sure missed you for Spring plowing. But everything's going along in good shape. You'd hardly know Jimmie. After you joined up, he figured it was up to him to fill your shoes. He's proved himself a real man. Any day now I expect he'll be trying to shave. That new Conoco No. 1 oil you started using in the tractor and car is a real help, too. The Conoco agent tells me it contains special oil-improvers to cut down cylinder wear and bad acid action. He said acid is worst in a car standing around—not used much. That means us, because we're saving the car and tires, and not wasting time, either. Just tell your buddies that the farmers around your home are busy as the devil, raising all you can eat, and then some. We all send love—and luck. Del—

JUST TALK
by
A.M.J.

There have been reports of phantom golf balls flying through the air at early hours of the morning out on Lubbock Street and foggy voices that sounded like those of Claude Anderson, Chick Garland, Squire Peavy and others, and many of the more sedate residents of this section of town have been shocked by the phantom language that they think they have heard, and many of them are blaming Carl Lewis and his new front lawn, for the unnatural state of things in the neighborhood.

Week before last when the Santa Fe Golf Course grounds were sold, Carl went out and pulled up enough of the bent grass sward to cover his front lawn and in doing so, broke the heart of all the golfers in Slaton and surrounding territory, and at the same time, stirred the curiosity of practically everyone in Slaton, for he ripped up the greens in strips and brought them home and laid them out just like he was putting carpeting on his living room floor. The rolls of grass looked very much like big logs of wood and anything that looks like a log of wood in West Texas will cause a crowd to gather in five minutes.

Whether Carl's idea of moving golf course greens from one part of the County to another will work or not, has yet to be proven, but to say the least, it does prove that people out here will try most anything.

My heart is broken and my stomach badly disappointed and Mrs. John Hardy Morgan may still have a couple of ration stamps left, for I did not get to accept her invitation to come out and have round-up dinner at the Morgan ranch last Tuesday or Wednesday. For the past three years I have been inquiring just when the Round-ups were going to be held, with the hopes that I would be invited to one of the Round-up meals and this year, Mrs. Morgan gave up dodging my inquiries and invited my wife and I to come out, and I sang the choruses of the Last Round-up all day Tuesday at the top of my voice, but I weakened some Wednesday, about 11 a. m., when our linotype machine blew up and went dumb completely, when my left rear tire hissed a couple of times and took on the appearance of a pancake. But just the same, I am still full of the spirit of the West and admire a good T-Bone steak and the people who go through so many hardships to keep them growing. With fond wishes that Mr. and Mrs. Morgan invite us to their next Round-up dinner, I am back on the wait-list and hope that this will be the last round-up so far as we are concerned.

That people all over the United States are clamoring

In June Victory Gardeners Can Have Roses Too

One of the 1943 flower arrangements compactly designed by Horace Head, Artist of the Florists' Telephone Delivery Association which is gay without pretention. Roses, several varieties of chrysanthemums and begonias are accented by richly colored croton leaves.

PRACTICAL gardeners busy with vegetable production this year should also remember that the month of roses as well as green peas—of spinach and delphinium, too.

Suggestions for the cultivation of flowers as well as the care of Victory gardens are contained in the June issue of House Beautiful.

"In your proper pride at the first mess of home grown peas, don't forget those other June flowers, the roses, vegetables, were your greatest pride and joy," says House Beautiful. "Go right out in the Rose garden today and pay your respects to the best bloom of the lot. Why not, indeed, devote the latter part of the month, when the last of the tender Victory vegetables have been planted and before the weeds and bugs get too demanding, to the flower borders. Bloom is at its spring peak now, and a little forethought will avoid a July let-down. A judicious moving around, de-

ploying, and other manipulating of extra annual plants and seedlings will help to keep growth and flowering what it should be in the summer garden. Indulge in a little swapping with your neighbors if necessary. "You know you can do a lot to make an annual the kind of plant you want it to be just by nipping and clipping. Pinch out the top and you make a bushy plant. Pinch off some of the buds and you get bigger flowers from the rest. Crowd plants slightly and they'll reach for the sun. "Summer mulches are real labor savers. Dust, stirred up shallowly,

is fine around the base of any plant. Beat and crushed tobacco stems are ideal to keep Rose roots cool, moist, and weed-free. Half rotted oak leaves protect shallow-rooted Rhododendrons. And salt hay is good in hot weather around Clematis roots, and can be used for Lilium henryi, too, though maybe that's not according to the book. "Speaking of Rhododendrons, be careful, in picking the faded flower clusters, to remove only the clusters. Next year's buds will form just behind them. Same goes for Azaleas. Break off the old bloom heads with your fingers; don't cut."

the river and observed your tenant drowning. I would like to rent the house in which he has been living. "Sorry," replied the landlord, "but I just rented it to the man who pushed him in."

"What the dickens are you doing down there in the cellar?" demanded the rooster. "Well, if it is any of your business," replied the hen frigidly, "I'm laying in a supply of coal."—Run-O-Mine, Fairmont, W. Va.

Standing on a crowded street-car, a stout woman was vainly trying to find a nickel for her fare. All her pockets had been tightly buttoned against pickpockets, and no little commotion resulted. "Please let me pay your fare," said a man, beside her. "Nothing of the kind," she replied, "I've got a nickel here some place." "I'm sure of it," said the man, "but I'd still like to pay your fare—you've unbuttoned my suspenders three times already."—The Tattler, Bellinham, Wash.

As a Victory gardener, I am beginning to feel that I might as well turn it over to the goateads and Jimson weeds, mark off my oversize water bill as a total loss, give my garden hoe to the Red Cross and go down to the grocery store and pay ten cents per carrot for the carrots that I care nothing

for, and call it a day. This discouragement has gradually been coming on me and yesterday, when my wife came back from an inspection trip to Mrs. H. R. McKee's garden, with the report that the broccoli that I had given Mrs. McKee, when it was in its infancy, is about to bloom, then I almost gave up to the temptation to chop mine down, because it does not seem to have any intention of blooming. T. J. Settle invited me to come look over his garden last week and when he showed me tomatoes on his vines that are already larger than those for sale in the grocery stores, I went home and crawled around on the ground and tried to find at least one tomato on my vines, but there is no such thing; Kirby Scudder gave me a piece of onion to eat that came out of his garden and showed me onions growing that are about the size of cantaloupes, but mine are the shape of a WAAC, just straight up and down, with no bulges anywhere. Dr. Loveless told me several days ago that he was having new potatoes from the patch on one of his farms and I went home and dug up one of my most prosperous looking vines. It had a couple of little pimples on its roots, but whether they were potatoes or some potato disease, I do not know. There is just one more thing that I am going to try and that is some little pecan size tomatoes that Mrs. Coke Oliver gave me. She says they are much better to eat than the full size ones. If mine turn out to be little sour things like green grapes I'm going to write my Congressman.

THIS WEEK'S LESSON. "God the Preserver of Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 13.

A 62-Year Record of 2-Way Help FOR WOMEN suggests you try CARDUI

Home Service Suggestions...

ORANGE HONEY BREAD

3 tablespoons shortening	2½ cups sifted, all-purpose flour
1 cup honey	2 teaspoons baking powder
1 egg	½ teaspoon soda
¼ cup milk	½ teaspoon salt
1 orange peel	½ cup chopped nuts, if desired.

Sift flour. Measure. Sift again with baking powder, salt and soda. Put orange peel through food chopper. Cream shortening, add honey gradually. Add beaten egg and orange rind, and nuts if used. Add flour mixture and milk alternately. Turn into a greased bread pan. Preheat oven to 325 degrees F. Bake for one hour and ten to fifteen minutes, or until done.

This is good for making cream cheese sandwiches

Other timely recipes may be obtained each month at our office. These recipes are tested by Miss Mary Alice Crosson, Home Service Director.

West Texas Gas Co.

The Golden Text is: "The name of the Lord is a strong tower; the righteous runneth into it, and is safe" (Proverbs 18:10). Among the citations which comprise the Lesson-Sermon is the following from the Bible "And the Lord said unto Noah, Come thou and all thy house into the ark; for thee have I seen righteous before me in this generation." (Genesis 7:1). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Ark, Safety; the idea, or reflection, of Truth, proved to be as im-mortal as its Principle the under-standing of Spirit, destroying be-fore me in this generation." (page 581).

VITAL ORGANS CONTROLLED Through Nerves

Not until it is understood that every vital organ in the body is connected with and controlled by nerves from the spinal cord and brain, can one fully understand why Chiropractic methods can relieve so many human ailments. It is difficult for many people to understand why the Chiropractor seeks to correct functional and pathological disease in vital organs by adjusting the spine. He adjusts the spine to remove interference between the central nervous system (brain and cord) and the organs, knowing that if vital energy is not properly delivered to these organs they cannot function properly.

No one should feel that he or she is merely destined to be sick all their lives. Everyone is entitled to health. Everyone can have health if nervous energy is normally delivered to their vital organs.

FLAG DAY TALK —

(Continued from Page 1)
ber, 1940.
Emphasizing the theme that the American flag symbolizes the ideal of "liberty and justice for all," Mr. Robertson will stress the significance of this ideal during the present crisis in the nation's history. Pointing out that the American

Flag stands for "one nation indivisible," Mr. Robertson has announced he will discuss the reasons why the unity which prevails among the United Nations must be protected against Axis attacks—and why this unity must be preserved if America hopes to win the peace when the war is over.
"History shows that nations have tried everything but collective security in the vain effort to preserve world peace," declares Mr. Robertson. "Collective security is simply another name for unity. We have nothing to lose and everything to gain if we can employ international unity as a means of winning the peace. If the effort should fail, we can always return to our present system when disputes arise between nations. Let's give the principle of unity the chance it deserves."
