Remodeling VS Construction Debate Is Heart Of Bond Issue

Discussion of the pros and cons of the bond issue to be voted on here April 7th is centering on the question "Why tear down the old facilities when they might be remodeled?"

Those asking this question believe that such a course would result in a reduction of the money necessary to provide first class education for the area's children.

The entire school board is convinced that such a step would result in only temporary "patch-work" educational facilities, which would eventually actually cost the tax payers more money.

Let's discuss the present plan part by part.

The heart of the Mary DeShazo plans are the replacement of the two old existing buildings with a new 24 unit school at a cost of about \$419,000.

Why is it necessary to destroy the existing buildings and rebuild completely? (Exception is the gym and cafeteria, which will be retained and incorporated into the new facility.)

Safety is the primary factor in this recommendation by the board.

The heating facilities at Mary DeShazo are an engineer's nightmare. During cold or windy weather it is impossible to heat the entire second floor and the rooms on the first floor located on the Northeast and Northwest sides of the building.

All fire escapes are sub-standard and the possibility of a major disaster exists. Because of the layout of the building escape routes are almost nil.

The West building is 38 years old. The east building is 41 years old. Both are showing their ages badly.

Plumbing throughout the buildings is totally sub-standard. Most of the time one-third to one-half of the plumbing is not operating.

Al Cassidy Funeral Rite Held Today

Service for Al Cassidy, 75, will be at 3 p.m. today in the First Methodist Church with the Rev. Carrell Jones, Midland, officiating. Assisting will be the Rev. T. G. Craft, minister of the YL Methodist Church. Burial will be in Bailey County Memorial Park by Singleton Funeral Home.

Cassidy, a retired farmer and resident of the YL Community northeast of Muleshoe since 1945, died at 8:45 a.m. Friday in Clovis Memorial Hospital. Survivors include two daughters, Mrs. Kenneth Precure, Muleshoe, and Mrs. W. A. McWilliams, Lake Jackson; a sister, Mrs. W. O. Smart, Frederick, Okla.; three brothers, Carl, John and Ed, all of Frederick, and seven grandchildren.

Constant maintenance costs are extremely high and getting higher each year as more and more fixtures just die of old age.

Gas and water lines are unsafe because of age and size. Not long ago an electric conduit pipe was found to have been used to carry gas into the East building. Electric conduit is not designed to carry gas. In fact it is extremely dangerous. This particular piece had rotted out over a 20 foot area allowing gas fumes to accumulate in and about the building. Someone smelled the gas and the pipe was dug up, but what else exists that has not been discovered?

The second reason given by the board is "A very poor educational environment."

When De Shazo is compared with other schools in Muleshoe and surrounding counties one wonders what's the matter. Newcomers to Muleshoe check the schools, and then make sure they settle out of the DeShazo school district, if they have children.

The children themselves compare school and wonder why they must attend a substandard school like DeShazo.

New Building VS Remodeling. A well known rule of the architects and plant consultants working with the Texas State Education Agency is "If it costs 40 percent or more of the cost of a new building to remodel an old

building, it is better to build a new one." (See County Page 5)

Group Raising Funds For Church Addition

Another sign of the Muleshoe area's constant solid growth pattern cropped up this week when the congregation of the First Methodist Church voted to build additions to the present facility.

To cost the group about \$100,000, the additions will include new classrooms, a new kitchen, parlor, fellowship hall and basement which will be used for visual aids work, Boy Scout meetings, etc.

The new Fellowship Hall will seat about 350 persons, according to Rev. J. Frank Peery, pastor of the church.

Presently the church has about \$32,000 in its building fund. The congregation has voted to underwrite another \$125,000. That \$46,000. Pledging will continue until October.

Rev. Peery states that by the time details are ironed out and plans drawn the cash building fund will have grown to about \$46,000. Pledging will continue until October.

Actual construction is expected to begin in mid-summer, according to present plans. The addition is expected to be completed by Christmas.

Come one... Come All... Eat Chicken. Come one, come all... enjoy the chicken. It's hard on the chicken population, but man, oh man it's wonderful for the wallet. The price of frozen chickens in local stores has skidded from about 45 cents a pound to its current 19 cents this week. Two major Muleshoe stores are involved, and there's no telling how low or how long it will last. As we said — it's hard on the chickens, but —

Muleshoe Annual Budget Higher By \$5.91 Per Resident In 1964

County Commission Purchases 3 Right-A-Ways; 67 Left To Go

Although the Bailey County Commissioners' Court has purchased three pieces of land for the Highway 70 right-of-way, the actuality of the new four-lane is as far away as ever.

All together there are 70 separate parcels of land which it is necessary the county purchase for right-a-way, before the state can begin any construction.

To date the county has been able to purchase three right-a-ways. They are a 30 foot deep section of Bailey County Memorial Park at \$7,000. An 80 foot deep section of land from Ross Goodman at \$1,195 and a 80 foot deep piece from H. M. Sheets at \$1,904.

The difference between the 30 foot right-a-way purchased from the cemetery and the 80 feet demanded by the state is explained by the fact that no more than 30 feet could be sold without disturbing graves. So the highway will narrow as it passes the cemetery.

In addition to the three right of ways purchased by the county so far, the group is presently attempting to purchase 12 more, according to Judge Glen Williams.

The county can not proceed with purchases of the remaining 55 parcels because the state, which must approve land evaluations, will not approve the original evaluations made by Dan MacNaughton, a professional appraiser, was the first of three appraisers involved in determining the value of lands involved. He was hired by the county and his appraisals approved by the commissioners.

However, his figures did not agree with those of an appraiser (See Issue Page 5)

Cotton Promotion Planned By Business

Muleshoe Chamber of Commerce laid ground work plans to hold a "Buy Cotton" promotion in the area sometime this summer. The action came at a meeting of the chambers retail committee Thursday.

No details of what form the promotion will take or just what it will entail were decided at the meeting. However, Coot Arnold, owner of Arnold's Department Store in Levelland was a guest at the meeting and described Levelland's recent successful promotion.

The group voted to investigate the details of the plan with the intent of starting it in this area. Arnold was introduced by Opal Thompson, owner of the Fashion Shop, one of Muleshoe's finer (See Cotton Page 5)

New Cost Of Operation Tops \$278,000; Budget Approved

Any housewife will tell you it costs more today to raise a family. Any businessman will tell you it costs more today to operate. That the same holds true for the city was proven today when it was revealed that next year's operational budget has been pegged at \$278,798.

Last year it cost the city approximately \$249,245 to provide about the same amount of services it will provide next year.

The dollar increase is \$29,553 or about \$5.91 per Muleshoe resident.

The additional cost does not lay in any one single service or area, but rather must be attributed to an overall increase in all operating costs.

However, according to City Manager Albert Fields present tax revenue will cover the additional costs and no tax raise will be necessary.

Total tax revenues anticipated next year are \$239,205. Total available funds will be about \$363,630.

Expenditures are: General operational \$119,679. General Capital Outlay \$11,240. General \$3.30.

Water & Sewer Operational \$61,525. Water and Sewer Capital, \$17,083. Water and Sewer Contingencies, \$3,400. General Debt Service, \$36,825. Revenue Bond requirements, \$26,696.

If these figures hold true throughout the April 31st to March 1st city year, the city's ending balance will be about \$84,000.

A breakdown of where the money will go is \$133,619 into the general fund, \$36,825 into the general interest and sinking fund, \$108,354 into the water and sewer fund.

The Muleshoe Journal will carry a complete and detailed breakdown of the city budget Thursday.

Head-On Collision Injures 3 Persons

Three Muleshoe residents were injured in a high speed automobile collision at Lariat this week. They are: Mrs. Jessie Jenkins, Ray Wrinkle, Derrell Kennemer.

The accident occurred in front of the Lariat Post Office at about 5:30 p.m. Thursday when the cars smashed into one another head-on.

The force of the collision threw both cars about 25 feet from the road and completely demolished them. Mrs. Jenkins was driving one car, a Buick, and Derrell Kennemer was driving the second car. Roy Wrinkle was a passenger in the Kennemer car.

Mrs. Jenkins suffered seven broken ribs on the right side, a skull injury and abrasions and contusions. Kennemer suffered a broken right leg when thrown from the car as well as lacerations of the throat. The extent of Wrinkle's injuries was not known at press time.

The extent of Wrinkle's injuries was not known at press time.

Car in which Roy Wrinkle and Darrell Kennemer were injured.

MULESHOE LIBRARY DAY BARGAINS — building, 114 E. Ash. Articles ranging from fine art and antiques to kitchen utensils are flowing into the building from individuals, merchants and clubs from all sections of the county.

Mrs. Richard (Marilyn) Engelking Lazbudie socialite helping sort the first donation to the huge Muleshoe Library Benefit Day Bargain Bonanza, which is scheduled to open at 9:30 a.m. Wednesday in the new library

Sentenced Under New Check Law

This week a Muleshoe man became the first area resident to be sentenced under the new worthless check law, which went into affect recently.

M. Jay Mills plead guilty to passing a worthless check and was fined \$15 and sentenced to 30 days in jail. The new law states that 3 days in jail is the minimum mandatory in the case of a second conviction.

Mills had a prior conviction here, according to County Attorney Roger Gorrell.

BULLETIN

Gwen Johnson, a Hilltop Elementary School sixth grade pupil won first place at the annual Muleshoe Journal Spelling Bee held Friday. Another Hilltop pupil, Bonnie Sue Hill took second place. Third place was won by Kathy Kemp, Richland Hills School.

Candlelight Ceremony Unites Miss Davy Jean Anderson, Lt. Denison

A double ring ceremony performed March 21 at 8 p.m. united in marriage Miss Davy Jean Anderson, daughter of Mr. and Mrs. David S. Anderson, 504 West 7th, Muleshoe, and Jim Swayne Denison, Jr., son of Mr. and Mrs. Jim S. Denison, Sr., Pleasanton, Texas. The bride is the granddaughter of Mr. and Mrs. J. W. Haney, also of Muleshoe.

The Rev. J. Frank Peery, minister of the First Methodist Church, officiated. Preceding the ceremony, Kerry Moore read "How Do I Love Thee?" by Browning. Mrs. Robert R. Calkins, Schertz, was organist and Mrs. Lindall Murray and Paul Durham presented the nuptial selections, "One Hand, One Heart," and Mrs. Murray

sang "The Wedding Prayer." Mrs. Calkins played a nuptial prelude, processional and recessional marches. Vows were exchanged before an altar centered with a superb arrangement of pink calla lilies. The altar was flanked with pink tapers along the altar rail. The pews and windows were marked with satin bows and candles. The candles were lighted by Suzanne Denison, sister of the groom, and Mark Edwards, cousin of the bride. Teresa Pierson, Lubbock, cousin of the bride, was flower girl. Jeff Johnson, son of Mr. and Mrs. Roald Johnson, served as ring bearer.

The couple left immediately following the reception for Baltimore, Maryland where he is presently attending the U. S. Army Intelligence School at Fort Hialeah where they will make their home until May 4, when Lt. and Mrs. Denison will leave for Bad Tola, Germany, where he has been assigned to the 13th Special Force, 1st Airborne Group.

MRS. JIM SWAYNE DENISON, JR.

Maid of honor was Miss Jan McVicker, and bridesmaids were Misses Nell Denison, San Antonio, sister of the groom, Sue Williams and Karen Jones of El Paso. The attendants were attired in formal-length gowns of rose peau de soie. The back interest featured tiny covered buttons and chiffon panels flowing from the empire waists. Nose veils of rose tulle were attached to open crown pillbox hats. The attendants carried muffs of English Ivy and Happiness roses.

Robert R. Calkins, Schertz, served as best man and groomsmen were Danny Williams, Lawton, Okla.; Tommy McKinney, Abilene, and Hal Anderson, brother of the bride. Ushers were Horace T. Edwards, Gary Edwards and William Pierson, Lubbock, cousins of the bride.

The bride was escorted to the altar by her father. Her bridal gown was of ivory silk taffeta designed with the A-line silhouette. The empire bodice with a wide bateau neckline, was outlined with appliques of Alencon lace and had long tapering sleeves. Two waist panels, elaborately appliqued in three dimensional Alencon lace flowers, enhanced the back of the gown and flowed into a chapel length train. A bouffant veil of silk illusion cascaded from a satin-rolled rose, encrusted with pearls. She wore a single strand of pearls belonging to her mother which were a gift from her father before their wedding. Her bridal bouquet was of Calla lilies.

A reception followed the ceremony. Mrs. Horace T. Edwards, cousin of the bride, registered guests. The serving table was covered with an ivory taffeta and maline, floor length cloth

Mission Study Held At Church

WMS of the Longview Baptist Church met Tuesday for Mission Study from 2 until 5 p.m. at the church.

The Home Mission Book, "Apogee" was studied, using the relay method of presenting the book. Teaching were Maxine Carter, Nell Cooper, Nova Darsey, Naomi Clem and Pearl Dunlap. The meeting was opened by Nova Darsey, president, and the call to prayer by Naomi Clem. Maxine Carter gave the devotional.

A film "Sharing Christ with the World" was shown to the group. Nine women were present. They were Pearl Dunlap, Maxine Carter, Nell Cooper, Betty Yeates, Pearl Killingsworth, Karen George, Nova Darsey, Naomi Clem, and Mildred Slayden.

Refreshments were served. The Sunbeam Band also met at the same time with eight present. They studied the book, Blue Flowers. The two leaders meeting with them were Pauline Griffin and Florence Lackey. They were entertained with an Easter Egg Hunt after their study of the book.

TOWN HOSTESSES — An idea was born during last year's Golden Jubilee when members of the Friendship Club acted as town hostesses. The Club members are forming the foundation of the Muleshoe Chamber of Commerce organized Hospitality and Welcome Committee.

Muleshoe Hospitality And Welcome Committee Formed

Newcomers to the Muleshoe area can henceforth expect to be greeted with the warmth and friendliness becoming to a community such as ours. This will become a reality through the newly organized Hospitality and Welcome Committee.

In considering a program of work for the present year for the Muleshoe Chamber of Commerce, Roger Albertson president and his planners felt that the creation of such a committee would be of great value to new citizens in acquainting them with people of the area, and in turn acquainting the people with the newcomers which could only lead to a closer relationship making the Muleshoe area a better place to come to, and a better place in which to remain.

The idea was born during the 1963 Golden Jubilee celebration when members of the Friendship Club appeared, dressed after the fashion of pioneer women, to assist the Chamber of Commerce with a hospitality coffee stop on all approach routes leading into Muleshoe. At that time, hundreds

and hundreds of travelers were extended warm welcomes and supplied with information about Muleshoe and the Golden Jubilee as well as being given certificates entitling them to free refreshments at local Coffee Shops, Drive-Ins, drug stores, and restaurants.

Later, these same women carrying parasols and wearing high button shoes, long dress, and bonnets, strolled the streets, serving as "Town hostesses" the day of the Pioneer Reception, held July 3, in Crow Chevrolet showroom.

Realizing that Muleshoe had grown 1000 percent in the last 30 years, and showing an even more rapid growth in recent years, Albertson devised a plan to get newcomers into the mainstream of community life as soon as possible and to make them feel as truly welcome as they are.

"Muleshoe area people have always been known as friendly people, and to protect that priceless reputation, we must give more careful attention to making these people feel at home,"

Albertson said. In putting this plan into action, Albertson and Roy Davis, manager of the Chamber of Commerce, met with the Friendship Club, explaining the growing need for such a committee and ask members of the club to become members of this new Chamber of Commerce function: the Hospitality and Welcome Committee.

The 26 members of the Club accepted the challenge and are on the brink of launching the first all-out effort to show those who chose this area for their new home, that area citizens appreciate their choice.

Envisioned at this time are three major activities. They are: 1. To greet newcomers to the area through personal contacts, visiting new established residents' homes in a team of two. 2. To have monthly "get-acquainted" social which will be attended by couples who are new to the area and oldtimers. 3. To be present, for the purpose of extending hospitality on behalf of the community, on all special occasions where strangers and citizens gather.

Mrs. Cecil Tate, president of the Friendship Club has been named as chairman of the Hospitality and Welcome Committee. Other officers of the Friendship Club are: Mrs. Ray Preure, vice-president; Mrs. Mae Schuster, secretary; Mrs. A. J. Shafer, treasurer; Mrs. Ray Griffiths, program chairman; Mrs. W. E. Young, reporter and Mrs. H. B. Mathis, assistant secretary.

Members other than the above named officers are: Mrs. W. T. Andrews, Adelle Beaty, Frankie Black, Lola Bryant, Mrs. Clinton Bristow, Mae Busbico, Ida Colburn, Mrs. Joe Damron, Minnie Dunn, Mrs. A. J. Dutton, Mrs. Ed Johnson, Mrs. N. C. Moore, Inez Kennedy, Mrs. C. M. King, Mrs. O. D. Ray, Mrs. Tye Young, Mrs. Beryl Wingo, Mrs. Webb Watts and Mrs. Wilson Witherspoon.

Friendship Club was organized in January 1963 for the purpose of promoting friendship and fellowship in the community, which is their theme. Their motto is: "The only way to have a friend is to be one."

The first community get-acquainted meeting has been set for 7:30 P.M., March 31, and will be held in the Bailey County Electric Cooperative Community room. Entertainment will be provided and refreshments served. Both husbands and wives of oldtimers are invited to be on hand to greet and acquaint themselves with newcomer couples. Mrs. Tate has extended invitations to all area clubs, both social and civic, to participate in this important function of a growing community, by assuming the

responsibility of sponsoring one the year.

Clubs who have responded to the invitation are: Epsilon Sigma Alpha, Llano Estacado Civic Club, Progress Home Demonstration Club and Muleshoe Art Association. Others wishing to participate in this vital project may do so by calling Mrs. Tate, Roger Albertson, Chamber of Commerce office, or any member of the Friendship Club which is comprising the Hospitality and Welcome Committee foundation.

Homemakers Host Salad Supper For Lazbuddie FHA

Lazbuddie Young Homemakers met Monday night in the school cafeteria with the FHA girls as guests for a Salad Supper.

A majority of the salads brought were recipes taken from the Salad Cookbook the FHA girls had on sale now.

After the 27 varieties of salad were enjoyed by the group of 23 girls and 11 members of the Young Homemakers, everyone went to the gym for a round robin team play of volleyball. The next social will be a Tacky Party to be held April 18 in the Lazbuddie gym.

FHA girls attending were: Jenny Steinbock, Colleen Hoya, Jan Nowell, Johnnie Ivy, Marjanna Gammon, Bobby Jones, Sherry Robison, Cynthia Harvey, Judy Koelzer, Linda Monk, Carolyn Morris, Terri Sue Mohrey, Cathy Wilson, Joy Williams, Myra Morris, Marquita Seaton, Gayla Seaton, Kay Ann Smith, Linda Gleason, Pat Chitwood, Marsella Mayfield, Jody Brown, Roman Espinosa, Marsha Addulle and Katie Blackstone.

Young Homemakers present were: Sherry White, Marilyn Engleking, Mitti Jo Morre, Adell Treider, Nealy Moore, Bonnie Hartley, Sue Windham, Jeanel Smith, Becky Stroud, Dean Broyles and Frances Walton, advisor.

Student Speaks On College Plan

Claude Dollins, assistant director of the student senate, Hardin-Simmons University, spoke to the Muleshoe High School student body Wednesday.

His subject concerned planning of college education. He stressed the importance of preparing for the future by study and excellence in all school activities.

Americans each use about 400 pounds of paper a year.

MRS. ODELL LOGAN

Mrs. Odell Logan Feted At Coffee

Mrs. Odell Logan was honored with a farewell coffee in the home of Mrs. Irvin St. Clair from 9:30 to 11 a.m. Friday morning. The Logan family will be moving to Amarillo soon.

The serving table was covered with a red embossed cloth and centered with a candleabra holding nine white tapers. The candleabra base was entwined with white chrysanthemums and red carnations. Fruit was arranged on a bed of red, crushed ice.

Hostesses were Mrs. T. R. White, Mrs. H. A. Douglass, Jr., Mrs. Sherman Sweetman, Mrs. H. L. Barbour, Mrs. Clyde Hill, Mrs. Houston Hart, Mrs. J. Pat Wagoner and Mrs. Woodrow Lambert.

JUNE WEDDING - The engagement of Lou Ann Donley to Senn Slemmons is being announced by her parents, Mr. and Mrs. J. H. Donley, 2012 Ave. M., Lubbock. Senn is the son of Mrs. T. M. Slemmons and the late Dr. Slemmons. Vows will be exchanged June 13, at 8 p.m. in Asbury Methodist Church, Lubbock, with Rev. Clarence Collins officiating. Both are Texas Tech students where he is a Horticulture and Park Administration major and the bride-to-be is an art major. The future bridegroom graduated from Muleshoe High School in 1957. She was a 1959 Lubbock High School graduate.

Father, Daughter Banquet Given By Cadette Troop 70

Cadette Girl Scout Troop 70 held a father and daughter banquet recently in Fellowship Hall. The hall was decorated with large heart cupid and sweetheart roses and centerpieces.

As each girl introduced her father, she gave him a red carnation boutonniere.

Grace was sung and the meal was served by committee mothers. The girls entertained their fathers with a song, "Let Me Call You Sweetheart" and were accompanied by Jean Haskins.

Druella Damron gave a reading entitled "My Dad." The group enjoyed playing Tic-Tack-Toe.

Those attending were: Roy Dyer and Rene; R. J. Parks and Karen; Kenneth Buck and Pam; Carl Ellington and Carla; George Haskins and Jean; Sam Damron and Druella; Ray Hardy and Gerri; Bill Hennexon and Vickie; Joe Langer and Penny; and C. W. Calhoun and Glenda.

Bill Bickle Is Teacher Of Month

Muleshoe High School's Student Council named Bill Bickle as "Teacher of the Month" for March. Bickle is the vocational agricultural instruction and Future Farmers of America Advisor at Muleshoe High School. He also holds classes for area farmers that wish to learn new farming methods.

Bickle graduated from Muleshoe High School in 1946 and before entering college at Texas Tech, served as radar and radio technician in the Air Force for 3 years.

He obtained his B. S. in agriculture from Tech in 1953 and received his M. S. in 1959. He was named honorary Lone Star Farmer in 1959.

Bill was married in 1948 and has four children. A member of the First Baptist Church, he serves as superintendent of the Young People's Department and is a member of the choir.

If a recipe calls for a pound of cooked meat, you are safe in using two firmly packed cups.

Chemists believe the Great Salt Lake is one of the nation's richest potential sources of magnesium.

New Officers Named By Richland Hills P-TA: Panel Speaks To Group

New officers of Richland Hills P-TA for 1964-65 were announced at the Monday afternoon meeting.

They are Mrs. Clarence Mason, president; Mrs. Joe Wheeler, first vice-president; Mrs. Owen Jones, second vice-president; Mrs. Allen Haley, secretary; Mrs. Benny Pena, treasurer; Mrs. Melvin Seymore, historian; and Mrs. Gordon Doss, parliamentarian.

An installation ceremony has been scheduled for the April 13 meeting.

During the business meeting, an auditing committee was appointed. The committee is composed of Mrs. Joe Costen, Mrs. Herbert Griffiths and Mrs. David Stovall, Jr.

Delegates were appointed to attend the spring convention to be held April 21 in Plainview. The entire slate of above officers were named delegates.

A procedure course will be held April 6 for all incoming officers and other interested members. The course is to start at 9 a.m. and will be held in Mary De Shazo.

The group voted to give \$25. to the Richland Hills Cub Scout Pack.

Mrs. Owen Jones presided during the meeting which was opened with the invocation by Mrs. Ray Hodges.

Supt. Neal Dillman spoke on the upcoming school bond election and the needs of the school system.

A panel consisting of Gordon Doss, Harmon Elliott and Alex Williams, gave an informative insight of the subject "Master or Servant of Finance."

Lena Hawkins was program director.

Room count was won by Mrs. R. E. Everett's second grade room.

TIPS... FROM THE OFFICE OF HOME DEMONSTRATION AGENT

One of the important steps in sewing is to have a pattern that fits correctly. Before cutting out a garment press the pattern and pin it together with the seam lines on top of each other. Try it on over the foundation garments you plan to wear with the finished dress. Check to see if the center front and center back on the pattern are in the right location on the body. Check bust darts to see if the points are one inch from the fullest part of the bust. If they are not unless the pattern specifies another location for these darts they should be redrawn on the pattern before marking the garment.

The first meeting of the advanced dressmaking workshop was held March 9, with 25 attending to learn what pattern and fabric to choose. The second meeting was held March 15, with Mrs. Harold Mardis, Mrs. Jesse Gray, Mrs. Mel Evans, and Mrs. Gordon Murrah fitting the patterns on 14 women and demonstrating the correct way to lay a pattern on fabric and how to cut it out.

The next meeting will be in the Bailey Co. Electric Building, Thursday, March 19, at 9:30 a.m.

The Keltons also visited Mary Clary, Hobbs.

Kay Killingsworth spent Friday night with Carolyn Tiller.

Mrs. Thomas Trammell, Lubbock, is spending several days with her daughter, Mrs. Bobby Lacey and Kyle.

Orville Lackey, I. L. Kitchens, and O. G. Killingsworth are spending a few days in Old Mexico.

Jim Griggs is spending several days in Amarillo with Mike Bahn.

Those on the sick list this week were: Mrs. J. U. Dawson and Mrs. W. F. Ragland, Jr.

Mr. and Mrs. W. B. Killingsworth have returned from a week's visit with friends and relatives in Checotah, Oklahoma.

James Thomson On Tech Honor List

James Edward Thomson, son of Mr. and Mrs. John W. Thomson, Route 2, Muleshoe, has been named to the Dean's honor list at Texas Technological College.

To be eligible for this honor, a student must attain at least a 3.0 grade point average in all courses taken during a semester.

James is a Freshman Accounting Major at Texas Tech. He is a member of the Texas Tech Accounting Society, the Texas Tech Band, the E. Y. Lee Chapter, Order of DeMolay, and is an active member of the United States Naval Reserve Surface Division 8-87, of Lubbock.

CIVIL RIGHTS BILL

Views on the Civil Rights bill, now being debated in the Senate, were presented by Mrs. W. B. Kittrell and Mrs. Morris McKilip to various classes at Muleshoe High School Friday.

The main points discussed were the public accommodations, voting rights and employment liberties.

To provide the supplies United States farmers need, 6 million persons work at various jobs.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — For the first time in history, Texas Republicans will have an opportunity to express their preferences for the GOP presidential nomination in a statewide straw poll.

Republican Executive Committee voted to hold the presidential referendum on the May 2 primary ballot. The opinion sampling has no binding effect. Principal purpose is to boost the stock of Barry Goldwater and to lure restless conservative Democrats into the GOP primary.

Democratic Executive Committee offered no special voter bonus to keep their own partisans in the fold.

Leaders of both parties, in simultaneous meetings in Austin, declined to submit requested referendums on sale of liquor by the drink and curtailment of Mexican nationals' commuting to jobs in Texas.

Names of Goldwater, Nelson Rockefeller, Margaret Chase Smith and Harold Stassen will appear on the GOP ballot. Originally the names of Richard Nixon, William Scranton, George Romney and Henry Cabot Lodge were included, but they were asked to be omitted. Rockefeller wanted off. He was told he had to stay since he already had announced.

Democrats responded warmly to Gov. John Connally's call for all-out support of President Johnson in Party conventions. But they squabbled at length before accepting Dallas as the site of their September 15th state convention. Dallas finally won, 33-18 over Corpus Christi.

Connally made clear in a ringing speech urging Johnson support that as governor he plans to keep control of the state party.

"It is important... to choose people (as convention delegates) who will be as strong for Connally in September as they are for Johnson in June," the Governor stated.

Without dissent the Democrats agreed in Houston as the site of their June 16 state convention to pick national presidential nominating convention delegates. The state party platform will be written and a new SDEC selected at the September meeting.

Republicans will hold their June

convention in Dallas and their September convention in Austin.

SDEC Chairman Eugene M. Locke of Dallas resigned at the Democratic meeting and was replaced by Frank Erwin Jr. of Austin. He had served as secretary.

Republicans adopted a resolution calling for a special legislative session on congressional redistricting, and decided to admit registered voters who did not pay their poll taxes (under new federal constitutional authority) to party conventions.

Both committees also got around to their required business: certifying state-wide candidates for the primary ballot and selection of a place (Austin) for their May 12 election returns.

HOSPITALS LOSING DOCTORS — Texas salaries aren't good enough to keep top doctors on the job at state hospitals, Dr. James M. Schless, director of tuberculosis hospitals, told the hospital board at a recent meeting here.

He cited resignations of doctors at Harlingen State Hospital, East Texas Tuberculosis Hospital and San Antonio State Hospital and possibility of the McKnight State Hospital clinical director's taking a job in another state.

Key medical jobs in the state institutions pay \$14,000 to \$15,000 a year, plus housing. Schless said the next Legislature will be asked to raise that to \$19,500.

Executive Director Raymond W. Vowell offered the Board of Hospitals and Special Schools a more cheering note: with completion of new facilities for the mentally retarded (which now house 9,813), the present waiting list of 1,800 may be trimmed to 500 by fall.

Schless also had an encouraging report: average hospitalization period of tuberculosis patients is shorter, and fewer are leaving the hospitals against medical advice. New and improved drugs are offering better hope of quick cure.

STUDY HEARINGS PLANNED — The Governor's Committee on Education Beyond the High School will take its preliminary recommendations before college officials and state legislative groups during late May

and June. Chairman H. B. Zachry, still fighting a running battle with the capital press over secret sessions of the 25-member committee announced the hearings. He said members will reach a tentative decision on recommendations at a meeting here April 17-18.

Committee has balked at telling reporters anything it has agreed on to date except a coordinating committee for all colleges and junior colleges.

A sub-committee on junior colleges reported a list of specific proposals, however, including a recommendation that no more junior colleges be elevated to four-year status. They also recommended that the state pay all instruction costs of the 33 existing and future publicly-supported junior colleges.

Zachry indicated the Committee will propose a "stair-step" or easy-stages approach to achieving a first class system of college and universities. He hinted the Committee will make specific recommendations for financing the proposed upgrading program.

APPOINTMENTS MADE — Governor Connally announced appointments of O. E. Bevers of Lakeview and C. C. Broughton and Russell Jones, both of Childress, to the board of directors of the Upper Red River Flood Control and Irrigation District (Hall, Briscoe and Childress Counties). Bevers and Broughton are reappointments. Jones succeeds the late Dr. Roy H. Barr.

Connally reappointed Ben F. Shipley of Beaumont and Neal D. Rader of Port Arthur to the Pilot Commission for the Sabine Bar, Pass and Tributaries. He also named to the commission Lee Wheat of Beaumont, Bill Sexton of Orange and W. F. Fredeman of Port Arthur.

COMMITTEES MEET — The new steering committee of the governor's Committee on Aging, headed by Sen. Walter Richter of Gonzales, held its initial meeting, as did the governor's 14-member committee studying electronic data processing equipment in use by the state.

TOURIST PROGRAM IN HIGH GEAR — The Texas Tourist Development Agency reports that national advertising is scheduled for summer issues of the New York Times and Chicago Tribune travel sections and for issues of Sunset, Redbook and Reader's Digest magazines. Some 36 travel writers from other states and Canada are due to take a week-long tour of the state in April to gather material for their columns.

COURTS SPEAK — State Supreme Court has agreed with lower courts that a state tax on gas pipelines is unconstitutional. Decision upheld earlier opinions

that the dedicated reserve tax cannot be applied to pipelines. Chairman H. B. Zachry, still fighting a running battle with the capital press over secret sessions of the 25-member committee announced the hearings. He said members will reach a tentative decision on recommendations at a meeting here April 17-18.

High court permitted filing of three mandamus petitions involving election controversies. It also heard arguments on former Fort Worth Councilman Doyle Willie's suit to get on the May 2 Democratic primary ballot as a senate candidate.

In addition, it scheduled hearings on a suit to keep former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate. Both are challenged under a ruling that holders of paid office are ineligible to run for the Legislature during the term to which they were elected or appointed. Both Willis and Jorrie now are out of their old offices.

Another argument was set on a suit to prevent Robert F. Bartlett of Van Zandt County from running for county and district attorney. J. Alton Mills, another candidate for the Van Zandt, post, claims Bartlett has not met residence requirements.

For the second time, the Court of Criminal Appeals affirmed the swindling conviction and eight-year prison sentence of Billie Sol Estes.

BACKTAGGING — The "backtagging" of culls and dry cows may be used to solve the growing problem of certifying all Texas counties for brucellosis eradication. Dr. R. G. Garrett, executive director of the Texas Animal Health Commission, and Dr. John Wilbur, veterinarian in charge of the U. S. animal disease eradication division in Texas, say the backtagging market testing program is in force in several northwestern states.

Under this program, culls and dry cows headed through concentration pens on their way to slaughter are marked so that the state, county and herd from which the cow came can be identified.

When the cow goes to slaughter, a blood sample is taken and the results of a brucellosis test is recorded.

As Dr. Wilbur says, "Brucellosis being what it is, if older female animals are free of the disease, it is pretty certain the herd is free. In this way, about 97 per cent of the testing could be eliminated."

Dr. Garrett says backtagging could eliminate "down-the-road" testing by between 90 and 97 per cent in a given county. The animal health officials announced that Texas has reported its third month without a reported case of screwworms.

SHORT SNORTS — As interest bloomed in Texas bluebonnets, the State Highway Department published instruction on their care and feeding. . . . Attorney

General ruled that out-of-state manufacturers offering fireworks for sale in Texas must be licensed. . . . A travel information desk operated by the State Highway Department will be open in the State Capitol seven days a week. . . . Texas housewives' chances of buying inedible eggs are only one in 200 today compared to four in 100 five years ago as a result of Texas Egg Law standards and inspection, says C. White. . . . Texas Savings and Loan Department set a March 31 hearing on the application for charter of Kendall Savings Association at Boerne. . . . March is the peak month of the tornado season in Texas, U. S. Weather Bureau warns. . . . Texas Water Commission has set a hearing for April 7 on an application by the South Texas Electric Cooperative Inc. to take 223,400 acre feet of water annually from the Guadalupe River in Victoria County.

WON SECOND AND \$200 — The Farmers Aerial Spraying Service bowling team ranked second in the Bi-County Invitational Tourney held Feb. 15 at Friona, Feb. 22 at Muleshoe, and Feb. 28 at Farwell. Here Randall Riley, City Association secretary, presents the team with a \$200 check. Mem-

bers of the team are Cliff Daves, G. R. Howell, Jack Beddingfield, Jerry Roberts, and Gid Howell. First place and \$300 went to the Odd Balls of Farwell and third place and \$100 went to Farwell Motors. There were 24 teams in the competition.

Today's Meditation THE PURSUIT OF PEACE

"Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: Romans 5:1.

We live in a day when much is said from every area of our organized society about the attainment of complete peace. The political party which happens to be seeking office will loudly announce its intentions toward peace among all nations. The party in power never ceases to remind us of the steps it has taken in behalf of peace. Foreign nations, friend or foe, take opportunity to declare to the world their efforts for peace, and many people are gullible enough to believe that men can bring about peace. In I Thessalonians 5:3, writing about the last days, Paul says, "For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape." This, along with many other passages of scriptures teaches that to expect peace among men is folly, it will not be a reality in this age. The peace that God holds in store for men in this age is peace with God through faith in Jesus Christ. Christ is declared to be the "Prince of Peace". The peace which He brings today is of a spiritual nature. It brings about peace with God and grants the individual believer the "peace of

Lazbuddie News

By MRS. C. A. WATSON

Mr. and Mrs. T. L. Byrd went to Clovis to visit their son and family the Edgar Byrds, Saturday. Their grandchildren Carl and Mabelle Byrd returned with them to spend the day Sunday.

Mrs. Lena Menefee and Mrs. Laura Treider caught the five o'clock bus Monday a. m. to go to Corpus for a few days visit. Mrs. Menefee will visit her son and family, the Joe Scott Menefees and Mrs. Treider will visit the E. M. Mahefky family. Mrs. Mahefky is Mrs. Treider's daughter.

Mrs. O. G. York, Muleshoe visited the Jack Temple family Sunday.

Bobby Blackburn, Ft. Sill, Oklahoma flew to Lubbock Saturday, his sister, Mrs. Raymond Lester picked him up at the airport then the Raymond Lester family and Bobby came to Lazbuddie to be with his and Mrs. Lester's parents the Claud Blackburns. Bobby left Sunday p. m. in his car. He was back on duty Monday a. m. at Ft. Sill.

Sylester Bass, Littlefield visited God". If you are living in the PURSUIT OF PEACE, you can readily find it through personal faith in Jesus Christ.

Lynn Stephens, Pastor
Richland Hills Baptist Church

ed his cousin Benny Watson Sunday afternoon, March 15th.

Congratulations to Marsella Mayfield, first; Katie Blackstone 2nd, and Linda Gleason 3rd on their top winning at the Fashion show at the school auditorium Friday night March 6. These were honors for the sewing awards. Mrs. Frances Walton introduced the girls for their outstanding achievements as follows Pat Chitwood, homemaker of the year; Charlotte Seaton, "Co-ed" magazine correspondent, Marsella Mayfield, Pat Chitwood and Linda Gleason will attend area talent show in Amarillo March 21; and Marianna Gammon, Marcia Addudell, and Ramona Espinosa area chorus representatives for the Amarillo show.

Mr. and Mrs. Leon Smith Sr. and Tonie visited Mr. and Mrs. J. V. Bouldin of near Hub Sunday.

Mr. and Mrs. Clyde Fuller and children of Plano, near Dallas visited his brother Albert Fuller and family during the weekend.

Mr. and Mrs. J. B. Jennings are at their ranch at Dekalb for several days visit. The Jennings children are staying with their aunt and uncle Charlie Gustin until their parents return.

Birthday Greetings to; Jeffery Warren, Jerry Barton, Kenneth McGeeve, Brenda Walker, Geradene Broadhurst, Charlotte Davis, Lessie Brown, Kent Seals, Kenneth Hall, Sammie Cox, Maxene Steinbock, Bowerley Johnson, Gaylen Templeton, Ronnie Briggs, Jerry Don Glover, Jimmie Dale Pierce, Judy Brown and Tom San Miguel.

The Lazbuddie Baptist Church announces they are planning a Sunrise Easter service in conjunction with the Earth and Springlake Baptist Churches. The services will be in the Ralph Cox pasture beginning at 6 a. m. Easter Sunday. Further plans will be announced in this column in the next issue.

36 women were present for the teachers training class at the Church of Christ last Thursday. Members from Earth, Springlake, Earth, Bovina, Dimmitt and Friona with Lazbuddie were represented. The class will continue every second Thursday of the month for about five more months. The members of the Lazbuddie Church ask that you try to attend each class if possible but if you missed the first few classes you are still invited to

attend the futur eclasses. A meeting will be held at the Church of Christ March 23 through the 29th, with Bro. Wesley Mickey of Weatherford doing the preaching. The public is invited.

There were 302 present to hear C. L. Kay from Lubbock Sunday evening March 8th. Mr. Kay spoke on "The Moral Breakdown of Today."

Mrs. Don Davidson is visiting this week in Dallas with relatives. Rev. Davidson is at the Kink Manna Methodist Home at Hereford this week helping put out shrubs and helping with the general landscaping of the home.

FRANKLY SPEAKING

By J. Frank Peery

The Glory of Palm Sunday

For many many years, I believed Palm Sunday to be a pleasant but unnecessary intrusion on the last days of the Lord Jesus Christ on earth. It just didn't seem to fit into His true ministry. I couldn't have been more wrong. Jesus did not go through the motions of this day just for the thrill of it — either for himself or the populace. It was not something he was forced into by a holiday crowd. It was something which was incumbent upon him by virtue of His messiahship. THIS was God's will and plan for all mankind.

Simply to have staged the Palm Sunday procession to fulfill the literal requirement of the scriptures would have been as artificial as doing it just to please the world. You see, it is not the prophecy which explains the man but the man who explains the prophecy! Without the witness of

His life beginning with the temptations when the question of the nature of His mission was so clearly put before Him, the pagantry of this day would be pointless. But, given human life and features being unique in devotion and loyalty to God's will, the pagantry speaks profoundly to us: It is an enacted parable of all he did and said. It declares His divine nature and His human nature. It proclaims both His kingship and the nature of God's Kingdom.

Christ's choice of the donkey colt for the ride into the city was quite deliberate. The animal was young and untried and in those days was not considered as a lowly beast. History tells us that the ruling king rode a horse to war; in time of peace, he rode a donkey. Christ undid the peaceful nature of his place in life by riding the donkey.

Palm Sunday was an offer of peace, but not peace at any price. In our kind of world, Good Friday is the inevitable sequel to Palm Sunday for the very announcement of His peace generates conflict. Jesus could not and would not make peace with sin and evil. He could not and would not make peace with temple graft, legalistic rigidity, racial arrogance, and man's inhumanity to man.

Palm Sunday also becomes a time of hope and courage. The day becomes for many a time of inspiration and love. The calm and courageous procession through the streets of Jerusalem was a demonstration of what is intended for us in the journey through life.

Frankly Speaking—in final analysis, the full meaning of Palm Sunday and its peace and joy cannot be defined; it can only be received and experienced. More than this it is a solemn and lasting reminder to us of our mission as members of the Kingdom which is not of this world yet is in this world as well as the next.

Issue--

(continued from Page 1)

one the school board is throwing away the taxpayer's money."

A recent architect's estimate of the cost of remodeling DeShazo totaled \$101,776 for ONLY EIGHT TO TEN CLASSROOMS. The study showed that after the \$101,776 was spent to remodel the school would still have to build an additional 14 to 16 classrooms and some administrative offices at a cost of \$235,376. However, because of the age of the remodeled buildings and the fire danger factors DeShazo would still have one of the highest fire insurance rates in the entire High Plains.

Remodeling would increase maintenance costs in the areas of heating, lighting, cleaning, repairing and insurance.

High School Improvements and Additions.

The present Vo-Ag Building was moved to its present site in 1948 as a temporary structure. Because of its size Muleshoe Vo-Ag courses are severely limited. A definite need exists to expand the number and types of Vo-Ag courses offered to students at the school.

The Vo-Ag program is necessary for the 50 percent of Muleshoe students who will not attend college. With the erection of the new building, courses in auto mechanics, metal working and wood working will be added.

The present plan is to locate the new building along side the present gym building thus utilizing the existing gym wall.

Old Cafeteria — High School. Plans call for remodeling the homemaker, art and distributed cafeteria into classrooms for homemaker, art and distributive education.

The present homemaker classrooms are too small for today's enrollment. A definite need exists for a large art room to accommodate the present 30 students per class. The existing room although used by 30 pupils at a time is actually large enough for about half that number.

Present homemaker rooms will be remodeled into three conventional classrooms which will take care of next year's overflow of students.

Presently all available classrooms are filled to overflowing. In fact two store rooms had to be put into use as classrooms this year.

Addition to Present Jr. High School. Eight new classrooms are needed to house sixth grade students who will have to be moved from present elementary schools. The sixth grade will have to be moved to the Junior High School to make room for this year's huge fifth grade and relieve overcrowded conditions at both elementary schools.

An additional seventh and an eighth grade teacher must be added next year to teach additional pupils flowing into the schools.

New Gym. Health and physical education are required by the state for Junior high students. Presently the students are being transferred by bus to the DeShazo gym. The gym is too small for existing classes. Next year there will be over 500 students taking physical ed.

The new gym will have a seating capacity of enough to handle crowds at varsity games and complete dressing space which the present gym lacks.

New Cafeteria. The present cafeteria has a seating capacity of 312. There are 825 students in both schools new. That figure will shoot to 1,000 next year. Present facilities are just too small.

The new facility would be located behind the auditorium and parallel to the present band hall and will be easily accessible to both Junior and Senior Schools.

In addition the new cafeteria could be used for large community functions. The present parking area will easily serve such functions.

Removing the cafeteria from its present position would allow space for the building of additional classrooms on the west side of the present building and between the band room and gym, when needed.

County--

(continued from Page 1)

hired by the state as a cross-check on the actual land values.

Thus it was necessary for the state to hire a third appraiser to make still another appraisal, which the state will check against the two earlier appraisals.

The state does not necessarily have to accept the third appraisal. It can hire a fourth appraiser, or split all three and come up with an average.

Lawrence McGee, state highway engineer in Lubbock who is in charge of the Highway 84 project, states that in almost all cases three appraisals are sufficient.

If this holds turn in the 84 case, it will be at least another nine weeks before the county can begin purchasing the necessary tracts. According to McGee, the most recent appraiser, Harold Knupp of Plainview, will complete his work in two or three weeks.

After he completes his work the Lubbock division of the highway department must check and approve or disapprove his prices. This will take about two weeks.

The figures and recommendations are then sent to Austin for approval or disapproval there. This will take about four to six weeks.

ing capacity of enough to handle crowds at varsity games and complete dressing space which the present gym lacks.

New Cafeteria. The present cafeteria has a seating capacity of 312. There are 825 students in both schools new. That figure will shoot to 1,000 next year. Present facilities are just too small.

The new facility would be located behind the auditorium and parallel to the present band hall and will be easily accessible to both Junior and Senior Schools.

In addition the new cafeteria could be used for large community functions. The present parking area will easily serve such functions.

Removing the cafeteria from its present position would allow space for the building of additional classrooms on the west side of the present building and between the band room and gym, when needed.

Four of every 1 jobs in private employment are related to agriculture.

FRANCIS IMPLEMENT CO. FORD TRACTOR Muleshoe, Texas

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D. Commissioner of Health

One isn't enough, really, when it comes to feet.

You might say it takes two to tango, climb stairs or perform the majority of a person's ordinary tasks. People who have lost their feet, or at least lost use of them, may learn to compensate, but their words to two footed friends would invariably be "take care of your feet while you have them."

Feet are composed of the same types of bones, blood vessels, skin that compose the rest of the body. Feet, as easily as other organs of the body, may become diseased. As a matter of fact, some diseases, such as gout, manifest themselves first in the feet.

Proper foot care is essential for general health. And it must be begun early.

A baby's foot grows and develops along with the rest of his body. Not until about age ten is the general structure of the foot completed. Certain details of the formation are not perfected until the twentieth year of life.

Parents who would be horrified at the thought of mashing a child's finger with a hammer, may be contributing — by neglect — to foot disorders.

Common causes of foot defects are short, narrow shoes; improper style of shoes; shoes that are too stiff, run over heels and broken down arches; and short stockings that crowd the toes.

Children's feet grow and change at a rapid pace. Shoes and socks may need to be replaced as often as from four to eight weeks with a larger size.

Both children and adults need to give good daily care to their feet. Keep feet clean. Wash them with mild water and soap and dry the skin carefully. Avoid rubbing them too hard with a coarse towel.

In the case of athlete's foot, ingrown nails or corns consult your physician. The same goes for ulcer, sores or other infection on feet or legs. Women should avoid wearing tight garters or supporters.

And when you buy shoes, make sure they fit. Their purpose is to protect your feet and give you a balanced foundation on which to stand. For this reason, always select the style that's designed for your type of foot.

WASHINGTON NEWSLETTER FROM SENATOR JOHN TOWER

Committee Banking and Currency Labor and Public Welfare

The Senate this week took up the long-awaited Civil Rights bill. In all probability we will be on this subject for many weeks. The Administration has said it is not going to compromise, that the Senate, and the American people, must accept the measure that came out of the House of Representatives a short time ago. So insistent is the Administration on this that they have by-passed normal procedures, not only in the House of Representatives, but in the Senate as well, where they have refused to allow the bill to be considered by a committee of the Senate.

Cotton--

(continued from Page 1)

In other business, Lindall Murray, chairman of the Christmas planning sub-committee, reported plans for next year's holiday season. Highlight of the season's promotion will be a huge drawing for 100 children's bicycles similar to one held about five years ago. The bikes will be bought in quantity, displayed in local stores and given away by drawings Christmas eve.

A highpoint of the promotion will be a bike race down Main St. with local merchants riding them.

It was also voted to purchase color picture postcards to sell through Muleshoe area stores. The cards will be purchased through the chamber in order to obtain the best possible price. No mention was made of what possible scenes might appear on the cards.

Roy Davis, manager, stated that Monday would be Muleshoe Day at the Texas Industrial Meeting in Austin. A six hour session which may assist Muleshoe in obtaining industry will be held. Davis, Roger Albertson and several others will attend.

The girls volleyball team of Three Way School entered in a tournament at Levelland, March 12-14. On Thursday, the girls lost two games of three to Lorenzo, then redeemed themselves with a 2-1 win over Whiteface.

The Eagles returned Saturday for final play-offs. They won over Pettit 2-1 in afternoon games; but were barely defeated by Sudan girls in the evening game, when the "sugar game" went to Sudan by a margin of two points.

Doris Cooper, Ron Corkins, Mrs. Buddy Davis and Mike of Lubbock visited Friday evening with Mr. and Mrs. Arthur Cooper and attended the class play.

The Lions Club met Monday March 9 in the Maple Cafe, with a speaker from Texas Tech, a Mr. Bennett who told of his travels in foreign countries in the interest of American agriculture. About 28 members were present; (two board meetings conflicted with the Club.) The members donated \$150.00 to aid in paying medical bills for a young lady who had been seriously ill.

THREE WAY NEWS

The Goodland Bible Society met recently with Mrs. Buck Ragsdale. About twelve members were present, and two chapters of the book of Ephesians was studied. The next meeting will be with Mrs. W. C. McCelvey.

Kenneth Huff has been in the hospital recently with pneumonia.

Mrs. Joan Anderson of Lubbock

About 28 members were present; (two board meetings conflicted with the Club.) The members donated \$150.00 to aid in paying medical bills for a young lady who had been seriously ill.

The girls volleyball team of Three Way School entered in a tournament at Levelland, March 12-14. On Thursday, the girls lost two games of three to Lorenzo, then redeemed themselves with a 2-1 win over Whiteface.

The Eagles returned Saturday for final play-offs. They won over Pettit 2-1 in afternoon games; but were barely defeated by Sudan girls in the evening game, when the "sugar game" went to Sudan by a margin of two points.

Doris Cooper, Ron Corkins, Mrs. Buddy Davis and Mike of Lubbock visited Friday evening with Mr. and Mrs. Arthur Cooper and attended the class play.

The Lions Club met Monday March 9 in the Maple Cafe, with a speaker from Texas Tech, a Mr. Bennett who told of his travels in foreign countries in the interest of American agriculture. About 28 members were present; (two board meetings conflicted with the Club.) The members donated \$150.00 to aid in paying medical bills for a young lady who had been seriously ill.

I believe before debate on this measure is finished, the American people will be apprised of the contents of this bill. They will be aware of the many provisions of this bill, that I believe would require a virtual police state for strict enforcement. The vast majority of Americans do not know, for instance, that this bill would result in vast extensions of federal power over their daily lives. It would absolutely prevent a businessman from hiring or firing on grounds not condoned by the government.

Or that citizens who rent their property to the public could not, under this bill, decide who they will accept and who they will not accept.

This bill would give the federal government virtually unlimited snooping rights in the lives of anyone suspected of violating the provisions of the measure. Portions of the bill, if enacted into law, would be unconstitutional extensions of federal governmental power over areas which our constitution has reserved to each state and its people; that is, the power to regulate certain borders, through duly elected state legislatures.

The Constitution, I think, is crystal clear as to the power of the federal government in non-federal matters. There is no constitutional power given to the federal government in non-federal matters. One of the principal arguments used in behalf of the Civil Rights bill has been essentially this: If we don't pass a bill like this, we will have meebos on the streets again this summer, and these meebos will be larger and more unruly than those of the past.

I don't think this is the proper atmosphere in which to legislate. I think it means that we give emotional consideration to a measure — that we legislate in an emotional atmosphere, rather than considering the measure on its merits and whether or not it does violence to the Constitution.

I do not believe we ought to legislate under this type pressure. It is not good for the Republic. It is not an orderly process. It gives no thought to the basic rules under which this government is supposed to operate; that is, the Constitution.

It is my intention, as I have told you before, to oppose this measure in its present form, as effectively as I can. I do not oppose all facets of this legislation. I have been fairly described, I believe, as a moderate on the overall subject of civil rights. I supported and voted for the extension of the Civil Rights Commission. I have consistently supported and voted for non-discrimination in federally-assisted program, having myself introduced on various occasions amendments precluding any such discrimination. But the measures I have supported were I believe consistent with our Constitution, and not in violation of it.

One of the basic themes that runs through the Constitution is that while it assures rule by the majority, it also assures protection for the minority. If we are to begin making special concessions to groups that demand legislation, regardless of the Constitutionality of it, it will be at the expense of orderly government in this country.

I might point out that the Constitution has served us well for almost two centuries now. I think that any time we enact legislation, it should be within the letter and the spirit of the Constitution.

Let me say that I believe that discrimination is morally wrong. If I owned a business, I can assure you that I would not discriminate in whom I served or

COMMENTS ON SPORTS

By PETE FRITCHIE WASHINGTON, D. C. — It is more than obvious the United States must do something to send more competitive teams to the winter games of the Olympics.

The fizzle at Innsbruck shows how impossible the present system is. We apply the rule of amateurism strictly and idealistically. That would be fine if the other competitors played the same way. They don't.

Not just the communist countries but many others make it highly attractive for their best athletes to have a fine life and be in training year-round. Some of the hockey stars of non-communist countries, for example, are nationally-known names and enjoy various economic advantages as a result.

Yet some of our hockey players find it hard to get their fare to the Olympic Games. They must stop work for a month or longer and they often encounter problems in leaving their families.

whom I hired. I think that it is wrong for anyone to discriminate in this free land of ours. But there are some matters of discrimination that can't be successfully legislated upon without creating vast federal powers that could be used to accomplish ends that are totally unconnected with civil rights.

I think that if Title II and Title VII, the public accommodations provision and the FEPC provision, could be removed and other improvements could be made in this measure, conceivably I could support it.

lies, perhaps without assured financial support.

There is no national training program, from which one reorganization selects the very best athletes — and helps maintain them, if necessary and justified. Such a program would cost very little. It would probably make the United States preeminent again in the summer games and give the United States winter games team a chance to rank among the top teams.

It is not true that this would be commercialism. And it is true that the communists are achieving considerable propaganda value from their Olympic successes, which seem to advertise to the naive peoples of the world

a superiority in the communist system for youth.

A national Olympic team program would be beneficial for the young people of the country and would be an important counter to the propaganda gains of the communists. It is essential that the AAU and the NCAA get together, or a new organization be formed — or some way found to put the United States in a competitive position.

Pleasant Valley News

By SHERYL STEVENS Mrs. Ethel Montgomery, Morton, spent the week with Mr. and Mrs. B. H. Bickel.

The Lutheran Church held services in the Pleasant Valley Community Center Sunday with Reverend Leo H. Simon, Littlefield, conducting the services.

Mr. J. B. Bottoms visited last week in the home of her daughter and family, the Carl Eads in Amarillo.

Mrs. E. E. Crow has returned home after visiting her son and family, the Elvin Crows in Pecos.

Miss Geraldine Bonnell of Dallas and Robert Weir were weekend guests in the home of his parents, Rev. and Mrs. Frank Weir. Both are students at McMurry.

Mrs. W. H. Lyle has been confined to a hospital in Littlefield.

Mrs. Hubert Dykes and Mrs. J. A. Graves visited Monday afternoon with Mrs. Hazel Cole in Littlefield.

"Time for Our Schools" was the subject topic for the meeting of the 1935 Study Club when the group met Monday evening in the home of Mrs. Byron Ford.

Mrs. S. D. Hay, program director, gave the motto "I consider an human soul without education like marble still in the quarry."

Roll call was answered with "My favorite subject in school". Appearing on the program were Mrs. C. E. Nichols who discussed "Education and Politics", er who spoke on "Teachers' Problems".

During the business meeting a discussion on the bookmobile was held.

Those in attendance, were two

Farmers Losing 14 Tons Of Top Soil Per Tail Water Acre-Foot

Muddy water. Worst of all is doesn't run out the ends of the rows. Most of it soaks into the ground. How fortunate for us that most of it is soaked up by the furrows at the lower ends of irrigated fields. And mud? Well, mud in this case, is good fertile top soil. When tests were run by the Water District on a series of tailwater samples to determine how much top soil was actually being washed away, the were even rechecked to make certain that there had been no mistakes.

As much as 14 tons of fine West Texas top soil was found to be moving with each acre-foot of tail water. The smallest amount the scientists found was five tons per acre foot of tailwater. Using a nice round 10 tons as an average and multiply that figure by 100 feet, which would be an acre foot of water over 100 acres of land, how much top soil is being removed annually from the irrigated farms of West Texas? It is disturbing.

furrows become almost level when the silt-laden water began dropping its load within a few feet from the ends of the tubes. "Spreading it back out does not worry me nearly as much as having it run off the low side" he remarked.

Conscientious farmers, who that continuous irrigation is not only lowering their water table, but it is gradually removing the layer of rich top soil that has made West Texas Agriculture great, have begun reviewing the situation as an interrelated problem: Water, as well as soil management.

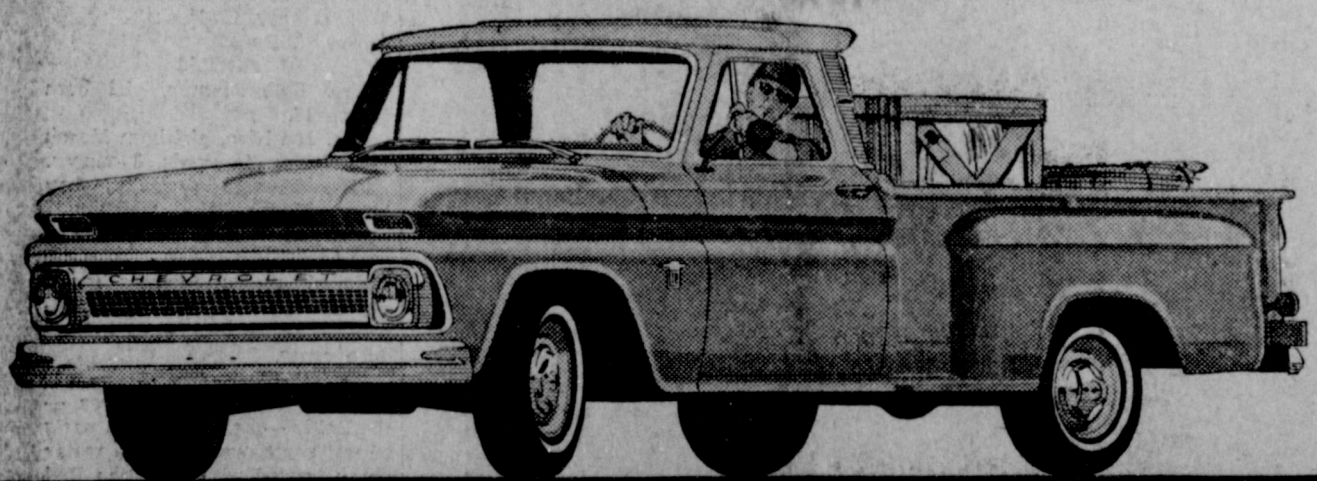

Schoolcraft Participating In Taiwan

(FHTNC) - William M. Schoolcraft, gunner's mate third class, USN, son of Mr. and Mrs. Sward William Schoolcraft of Muleshoe, Tex., is participating with Assault Craft Division 11 in a coordinated U. S. - Nationalist Chinese amphibious exercise called "Operation Backpack" being conducted off the coast of Taiwan.

Backpack is an exercise to test the amphibious capabilities and readiness of the forces of the Seventh Fleet and the Nationalist Chinese Navy. The exercise, with over 40,000 men and 140 units participating, will culminate in an amphibious assault on beaches of southern Taiwan, and will demonstrate the effectiveness of the United States Seventh Fleet to rapidly move a significant combat force to a troubled area in order to assist an ally.

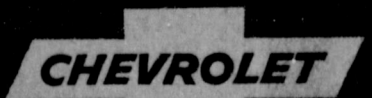

It takes one acre of healthy forest 20 years to grow the lumber for a five-room frame house.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm considers foreign aid from a different angle, his letter this week reveals.

I have never fully or even half-way understood the foreign aid program, except that I notice that whatever candidate is running for President against the man already in is generally in favor of cutting it, until he gets in. Then he's persuaded by somebody, or maybe by the facts, that the future of the free world depends on foreign aid.

At any rate, I noticed in the paper the other day that Washington is now considering dropping foreign aid to 12 countries, and I've been thinking.

Here's a golden opportunity to find out something. What the United States ought to do is hire the Gallup Poll people or some such outfit and station them not only in the 12 countries being cut off from foreign aid but also in 12 other countries still on the aid list.

Their mission would be to find out which countries are the maddest at the United States — those being cut off or those still getting help.

It's a funny thing, but the more you help some people the madder they get at you for not helping still more, and as far as I can tell, if two countries are going to be mad at us, there's not enough, except that the former is cheaper. If I was a banker, I believe I'd just as soon have a man mad at me because I would not let him have any money as one who was mad at me because I wouldn't let him both renew his old note and make out a new one for still more.

On the other hand, there may be more to foreign aid than I understand. It's possible. There is more to nearly anything I can think of than I can understand.

Yours faithfully,
J. A.

Editor's note: The Sandhills Philosopher on his Johnson grass farm defends his farming method in an odd way this week.

Dear editor:
A friend of mine visited out here on this grass farm the other day and looked the place over and then asked:
"Tell me, how come you did not work that field over there last year?"

Contrary to what you may think, if you look hard enough you can tell which fields of mine have been worked and which haven't.
"Why," I said, "it never did get out of committee."
"Out of committee? What do you mean?" he asked.
I could see he was grossly un-

familiar with both Washington and this Johnson grass farm, so I didn't explain to him, with a man like that there's no place to start, but here's the way it works.

I farm on the Congressional level. I don't just get up in the morning and say, I believe I'll do such-and-such today, review the plan, argue it with myself, debate the issue, then vote on it and proceed to act. No sir.

I send it to a committee. But you don't send a matter to a committee this morning and expect to get a decision this afternoon. First you have to check the calendar and see when the committee can consider it. Generally, me and Congress have found, this is at least a month off, sometimes four or five.

Then when it finally gets to a committee this morning and he feels, I'm chairman of all the committees on this farm and there are lots of things that come before me that I have a great distaste for, and the longer I can stall the less I have to plow. Plowing and voting in a rough area are two things a farmer and a Congressman don't want to do as long as they can be put off.

Now some people probably think my fences are down or the roof is leaking or the weeds in season are too thick because I'm lazy, but that's not it at all. Those things are still tied up in committee.

Yet I can hear my friends saying now, if he reads this, "Yeah, but why doesn't he start a year ahead, why doesn't he send next year's farm plans to his committees this year, so he can be ready to plant when the time comes?"

There's no excuse for this type of ignorance. Hasn't he ever read a newspaper or listened to a newscast? He doesn't understand the first thing about Congress. What does he think Congress is doing right now? Why it's arguing about this year's farm bill, and this is March and planting time is already underway in some parts of the country.

Yours faithfully,
J. A.

Goldwater's Campaign

As Senator Barry Goldwater campaigns hard for the Republican nomination, his once-rosy prospects seem diminished.

The Arizona has flashes of professionalism, but overall, there is now an air of uncertainty surrounding him. Goldwater's diminished popularity among Republicans is reflected in the latest Gallup poll. Goldwater was preferred by 46 per cent of the voters, Governor Nelson Rockefeller of New York by 41 per cent. Earlier the Arizona had a 22-point advantage.

Although storm signals are now flying in the Goldwater camp, no one is counting him out of the race.

Goldwater says his position on social security, Cuba, the United Nations, missiles and several other subjects have been distorted. He is eager to clarify his philosophy in the mind of the voters.

That strategy keeps him on the defensive, answering his opponents' charges, and puts him at a disadvantage.

Curbing Lobbyists

A probe by the Senate Foreign Relations Committee last year exposed disturbing loopholes in regulations covering activities of foreign government lobbyists in this country.

Testimony suggested agents in many instances are failing to identify their interests in dealing with Congress, that frequently they operated in blithe disregard of regulations requiring full disclosure of their activities.

Hence there is demonstrated need for tighter enforcement provided under a bill recently adopted by the committee at the behest of Chairman William Fullbright, Arkansas Democrat. It would correct some of the most glaring deficiencies in the present situation.

It gives the Attorney General authority to enjoin agents against operating for their clients unless they file adequate information with the Justice Department. (The present law allows prosecution only after action has been proven against an agent who has failed to register.)

Under the proposed change, an agent would be required to identify foreign clients in communications with U.S. officials, including members of Congress. Finally, it would bar so-called contingency contracts under which an agent securing legislation favorable to that government.

Those reforms can properly be described as basic. The committee deserves credit for drafting them. Congress should speedily pass the bill.

It's Spring

For some Spring is the most welcome season of the year. It ushers in the warmer sunshine and the longer days and the flowers and new life of another year. Spring of 1964 is at the door.

It began on the 20th, or within forty-eight hours of it, when the sun shines exactly half of the twenty-four hour day. This is known as the Spring Equinox. It means the Summer Solstice is only three months away. That is the longest day of the year, and from that day until December 21st, the days will get shorter.

Spring seems to be, as much as any-

thing, a time of hope. It was the time of the Resurrection. It is the time for new life by the plants and flowers and trees. It is the time students and scholars get the "fever," and long to get into the outdoors again.

To those who weary of winter, Spring is a joyful word. To baseball fans, fishermen, athletes, students, and many others, it is something special. Perhaps the over-enthusiastic gardener is the best personification of the lines: "Hope springs eternal in the human breast." Spring ignites him in a frenzy.

Interested in a new discovery?

We call this one Prilled Sulphur. It's 99.5% elemental sulphur made into round little balls. And to a farmer, this is important.

Why? Because the round, clean shape makes it simple to spread with no dust. And its unique size makes it easy to mix. Prilled Sulphur gives even coverage with uniform distribution of plant nutrients in your soil.

Farmers everywhere are learning the importance of sulphur application to their soil. They have found that elemental sulphur neutralizes alkaline soils and makes needed soil nutrients available for profit yields.

Ask your local supplier about this new discovery.

Mrs. Charlie Landers had charge of the program, taken from the monthly program book topic of study, "The Methodist Family". Lesson opened with song "Near To The Heart of God. Followed by Mrs. Read leading in prayer and Mrs. Blackman giving the scripture reading taken from Romans 10: 8-15. Mrs. Jimmy Cannon giving the main part of the lesson on the background or history of the Methodist Church.

All present brought some article on the Methodist Church and its works.

Attending were: Mrs. Paul Young, Mrs. Judy Kirk, Mrs. Bahlman, Mrs. Jimmy Cannon, Mrs. J. W. Read, Mrs. B. L. Blackman, Mrs. W. L. Clawson, Mrs. F. L. Simmons and Mrs. L. H. Medlin.

Whatley On China Coast

USS PROVIDENCE (FHTNC) - George S. Whatley, seaman, USN, son of Mr. and Mrs. R. Q. Whatley of 914 West Second St., Muleshoe, Tex., is participating aboard the light cruiser USS Providence in a coordinated U. S. - Nationalist Chinese amphibious exercise called "Operation Backpack" being conducted off the coast of Taiwan.

Backpack is an exercise to test the amphibious capabilities and readiness of the forces of the Seventh Fleet and the Nationalist Chinese Navy. The exercise, with over 40,000 men and 140 units participating, will culminate in an amphibious assault on beaches of southern Taiwan, and will demonstrate the effectiveness of the United States Seventh Fleet to rapidly move a significant combat force to a troubled area in order to assist an ally.

Group Seeking Beauties To Enter National Maid Of Cotton Contest

Officials of the South Plains Maid of Cotton Selection have begun a search for a young woman who can best represent the South Plains cotton industry at the National Maid of Cotton Selection in late December of this year.

The local election to be conducted April 10-11 will be to choose a potentially good model who is photogenic and exemplifies the young American woman at her best. Officials emphasize the importance of being photogenic stating that for every person who sees her in person, tens of thousands will see her in print and on television. The National Maid will appear on magazine covers, newsreels and in newspapers around the world.

Another important attribute is the Maid's ability as a model. Candidates in the South Plains Selection will be given instruction in the proper use of make-up, to prepare her for the National.

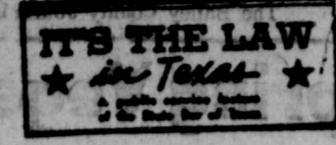

Selection, the South Plains Maid will be featured in fashion shows and will make other public appearances on the South Plains and across Texas from the time of her selection until December.

In summing up, officials said that most important the Maid must exemplify the young American woman at her best. Selection representatives emphasized that the South Plains and National Maid of Cotton Selections are not just beauty contests. The candidates never appear in public in a swim suit.

Qualifications state that candidates must have never been married, not be less than 19 years of age or over 25 as of January 1, 1951, and be at least 5 feet 5 1/2 inches tall without shoes.

Candidates must have been born in a cotton producing state, have her home residence in one of the following South Plains counties: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Deaf Smith, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Motley, Parmer, Swisher, Terry and Yoakum, or be a student in a school or college in one of the afore mentioned counties. She must be a resident of Texas.

The winners of the South Plains

OWNER'S POLICY vs. MORTGAGE POLICY

Three out of four families who buy houses in the \$10,000 to \$15,000 price range jeopardize their investment because they do not protect their cash and ownership with commensurate title insurance.

These financial risks result from insufficient knowledge of the difference between an 'owner's policy' and a 'mortgage policy'.

Selection will receive a \$1000 all-cotton wardrobe, an all expense paid trip for her and a chaperon to the National Selection in Memphis in December. The first alternate will receive a \$200 gift certificate and the second alternate a \$100 gift certificate.

Some 20 young women will be selected as finalists on the basis of their qualifications as stated in an application and photograph. They will be presented for final judging on April 10 and 11 at the Lubbock County Club and at the Maid of Cotton Show in Municipal Auditorium April 11. Application forms are available at the Lubbock Chamber of Commerce, 902 Texas Avenue and at the offices of county agents, news media, and chambers of commerce on the South Plains.

Deadline for filing an application with the Lubbock Chamber of Commerce is 5 p.m., Wednesday, March 25.

ing heirship and apportioning the estate among the rightful claimants.

It may be well to recall that the separate estate of a husband or wife includes property owned by either before marriage, and that which is acquired after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Now, here is a general idea as to how your separate property will be divided if you do not make a will with contrary provisions prior to your death.

If your husband or wife survives and if, in addition, there are surviving children or descendants of previously deceased children, the children and their descendants immediately obtain a full (fee) title in two-thirds of the real estate involved. The surviving spouse receives a life interest in the remaining one-third of the real property, which passes on to the children and their descendants upon the death of the spouse.

The rule for distributing personal property — cash, stocks, bonds, furniture, or any other items not constituting real estate — is different. Here the surviving spouse gets full ownership of one-third, and the children and their descendants inherit the balance.

Now suppose your husband or wife survives, but there are no surviving children or their descendants. In this case the surviving spouse inherits all of the personal property involved.

With regard to real estate, the survivor obtains full title to one-half, and the other half is divided between your mother and father, if both survive, he or she receives only half of this portion, and the other half (or one-fourth of the entire real estate) will be divided among your brothers and sisters (and their descendants) who survive. If there are no surviving brothers and sisters and their descendants, then the one surviving parent inherits the full one-half.

Where no parent survives, but there are brothers and sisters and descendants, the full one-half is divided among these survivors.

And, if there are no parents or brothers and sisters (and their

descendants) surviving, then the surviving husband or wife inherits all of the real estate.

(This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

BELL FERTILIZER, INC.

Where will your fertilizer dollar go the farthest?

At the place where you can get your analysis in terms tailored to fit your needs. We can make any analysis your soil test might call for with any added elements you might want. Then why spend money for materials you do not need to get the analysis desired; also, why waste money on terms you do not need? We do not use credit cards or sign time contracts, but work out your individual needs on an individual basis. Be sure to see us for all your fertilizer needs -- in analysis or dry materials -- before you buy.

SOCIAL SLANTS
 We, in our town have a very up-and-coming Chamber of Commerce, so each business that is not a member should be noted and duly judged according to its works.

The only thing that can equal the speed of light (186,000 M. P. H.) is the little woman getting the kids ready to go out to supper on a sudden invitation from Dad!

right) and 33" or less indicates obesity!

In the spring, a young man's fancy turns to love, an old man's fancy to fishing and the woman's to housecleaning. The girl's fancy stays the same.

If you find time on your hands and you can't afford on the installment plan!

When we are deluged by articles on how to be a "real Wo-

man", when other children are cruel to our own because of the "green-eyed monster", when the telephone line is "busy" and Pa is grippy, it's time to buy a new hat!

Pet peeve of the Week: Grandmothers who carry pictures or cute tales of what grandchild is doing, or both. These are the people who should take the first test run to the moon.

"Motherhood Without Fear" sold many copies and had a very

tranquilizing effect on prospective mothers. Why doesn't someone write a book on "A or H Bombs Without Fear". It might relieve the mass hysteria and quell the fears of just as many souls!

This one we like by Franklin D. Roosevelt: "We have nothing to fear but fear itself."
