

U. S. Moves On Japs In Aleutians

In Review For FDR—Army training planes behind and above them, aviation cadets stand in review at Kelly Field, Texas, as the presidential party drives slowly down a concrete apron in front of one of the hangars. The president watches the review, seated in his car with high-ranking army officers. Center (nearest camera) is Maj. Gen. Hubert H. Harman, commanding officer of the Gulf Coast Air Force training center. Gov. Coke Stevenson of Texas is in the rear seat at the right. (Official U. S. Navy Photo.)

Enemy Bases Are Attacked From The Air

Advance Means Shorter Trips For Bombing Expeditions

WASHINGTON, Oct. 3. (AP)—American army forces in the Aleutian islands have advanced 250 nautical miles nearer Japanese bases in the North Pacific, the navy announced today, and already have undertaken strong aerial operations against the enemy from their new positions.

The advance—first in the North Pacific since the Japanese occupied islands in the westernmost Aleutians in early June—was covered and supported by naval units and accomplished without enemy opposition. It carried American forces a long stride west of Dutch Harbor, heretofore regarded as the main U. S. base for all operations against the Japanese-held islands of Kiska, Attu and Agatu.

The new islands occupied—the navy did not identify them specifically—are in the Andreanof group, mountainous segment of the Aleutians stretching about 240 miles between Segum Pass on the east and Amchitka Pass on the west.

The effect of the advance, in the first instance, will be to cut valuable hours of flying time off the round trip bombing expeditions against the main Japanese base at Kiska which army planes have been pounding steadily for many weeks. This reduction in time means the planes can carry greater bomb loads and operate with even better fighting protection than they have had.

Whether, beyond that advantage, the new advance positions may be used as jumping off points for an actual amphibious invasion of the Japanese-held Aleutians is a possibility on which the navy offered no comment. It was obvious, however, that even without invasion of Kiska and the other enemy islands, the Japs are now in a rather precarious position in the Aleutians, with American planes able to make heavier and more frequent attacks on them and with the onset of bitter winter weather characteristic of that region at hand.

The Japanese already have lost heavily in ships in their efforts to keep their Aleutian bases supplied and protected against attack. Today's navy communiqué which reported the American advance also said that on September 30, the army's four-engine Consolidated Liberator bombers had attacked and sunk or damaged in the Aleutians 28, made up of 12 vessels sunk, three probably sunk and 21 damaged.

The successful attack of the transport raised the number of ships which the Japanese have had sunk or damaged in the Aleutians to 28, made up of 12 vessels sunk, three probably sunk and 21 damaged.

With him at the time of his death were Mrs. Scharbauer, their son, Clarence, Jr.; his sisters, Mrs. George Elliott, Sr., Odessa, and Mrs. R. E. Rankin, Abilene; his aunt, Mrs. Phil Scharbauer, and a long-time friend, Millard Eldson, Lovington, N. M.

The body will lie in state at the First Baptist church in Midland from 12:30 p. m. until time for the services. Dr. W. R. White, president of Hardin-Stimmons, will officiate, assisted by the Rev. Vernon Yearby, pastor. Burial will be in Fairview cemetery.

ENGINEER KILLED—STEPHENS, Ark., Oct. 3. (AP)—Robert O. Bridges, about 65, Texas-born engineer for the Cotton Belt railroad, was killed today when a northbound freight train plowed into a string of freight cars three miles north of here near the Ogemaw switch.

German Offensive Claimed Broken In Northwest Sector

By HENRY C. CASSIDY MOSCOW, Sunday, Oct. 4. (AP)—Resurgent Soviet counter-drives inside Stalingrad and to the northwest and south of the Volga city broke German offensive power and regained position after position, the Soviet information bureau announced today, but in one sector north of the city the Nazis hammered their way into a populated place.

In the vast and confused battle, now in its third day, in which cannon belled on all sides of the city and bombs crashed among the stones of its shattered masonry, German and Russian salients were interlaced until it seemed impossible to paint a clear picture of the situation from the official dispatches.

The midnight communiqué said, however, that to the northwest the Soviet counteroffensive, which has been gaining power now for several days, succeeded in "overcoming the enemy's resistance, forged ahead and occupied some valuable positions."

In the city itself, among the broad, shattered boulevards and apartment blocks, the Russians said they "cleared the Germans from several streets and part of the workers' settlement." To the south, they repulsed several German attacks and then charged and succeeded in retaking positions which they had lost the previous day. In this battle, a three-day engagement, 25 German tanks were destroyed and a battalion of enemy infantry wiped out, the Russians said, while 10 guns and other booty were captured.

Thus it appeared that the Russians were grasping desperately, and in some places successfully, for the initiative in the great battle.

Their offensive northwest of the steel city on the broad 40-mile front between the Don and the Volga appeared to be definitely menaced the German flanks thrust into Stalingrad. The defenders were winning back the city, street by street, where the Germans had gained a foothold, and were slicing away at the German salients which menaced the city from the south.

But somewhere to the north—the city stretches for 15 miles north and south along the west bank of the Volga in a comparatively narrow band—the Germans were able to summon sufficient power in one sector to drive through to one settlement, perhaps one of the industrial suburbs.

In the Caucasus, however, where the Germans are heading for the Grozny oil fields, the invaders succeeded in breaking into the outskirts of a populated place in the Moxdok area. The Russians did not give up the settlement and the fight continued.

RAF Follows Yanks In Raid

LONDON, Oct. 3. (AP)—A strong force of British bombers attacked a Rhineland target which the Germans said was Krefeld last night starting many fires but bad flying weather over the continent kept the U. S. daylight raiders at home today.

Krefeld is a textile center and also the site of heavy industries which have been targets of 21 other RAF attacks, the last of which was Aug. 11. The Germans acknowledged casualties and damage to buildings. The British air ministry did not identify the target.

There was no announcement that U. S. flying fortresses, smaller bombers and fighters had renewed their operations today after one of the greatest allied air offensives of the war Friday.

The fortresses now have raided German positions in Europe 13 times and only two have fallen prey to Hitler's best fighters.

U. S. pilots, declaring the Germans hadn't yet found out a way to stop the four-motored bombers, said the enemy usually concentrated on the "tail end Charles" of the formations, having gained healthy respect for the concentrated fire of the lead and middle planes.

Local Woman's Kinsman Shot

Mrs. C. O. Nalley left Friday evening for Aspermont on learning of the fatal shooting of her brother-in-law, Henry Walker, Aspermont constable. Walker, according to reports, was shot four times while attempting to serve warrants for speeding on a resident. He died almost instantly.

The Nalley funeral home here was in charge of arrangements and the body was to be taken to Goldthwaite for last rites at 4 p. m. today and burial there in the family plot.

Japs Kept In Retreat On N. Guinea Mountain Trails

GEN. MACARTHUR'S HEADQUARTERS, AUSTRALIA, Sunday, Oct. 4. (AP)—Scrambling in aggressive pursuit of the Japanese along the upward trail of the Owen Stanley Range, Australian bush soldiers scored a six-mile advance up a precipitous 1,500-foot ridge and have reached Efofi, only seven miles from the entrance to the gap through the mountain backbone, it was announced today.

Functioning this reversal of Japanese fortunes in which they have been thrust backward 20 miles from their farthest advance upon Port Moresby in New Guinea during a week-long Australian offensive, allied torpedo bombers lashed out at a naval concentration surprised at anchor in the Solomon and probably registered close-range hits upon three cruisers and two merchant ships, said a communiqué from Gen. Douglas MacArthur's headquarters.

Action burst about the ears of the Japanese in yet a third sector, at Mubo, 12 miles south of Salamaua on the New Guinea northeast coast, where allied outpost forces conducted a daring raid on Japanese positions, killing and wounding at least 25 of the enemy.

Perhaps stronger than has been suspected, allied forces in this quarter have carried out numerous irritating strikes in the very backyard of Japanese-occupied parts of New Guinea.

The torpedo plane raid was made at dawn at Bula on the southwest tip of Bougainville Island in the northern Solomons, the communiqué said, and although hits were believed scored the viability was too poor to determine results definitely.

Allied fighters and bombers pounded hard up and down the Buna-Efofi track, strafing a warehouse at Buna, the Japanese base on the coast, again blasting the tottering Walropi bridge, the Japanese supply bottleneck, with three bombs, and cooperating with the advancing ground forces by strafing areas north of Efofi and about the Myola lakes.

The communiqué did not make clear whether Efofi actually had been captured. It said forward elements had pushed that far and had captured some enemy ordnance stores and equipment.

Govt. After All Bundists

WASHINGTON, Oct. 3. (AP)—The justice department, officially designating the German-American Bund as the "official spearhead of the Nazi fifth column in America," started today a nationwide drive to revoke the citizenship of all naturalized persons who were active in the organization, class them as enemy aliens and intern them.

Attorney General Biddle, in announcing the action, said that "we are moving at once to clean out this source of danger to our national security." Although the bund announced its "voluntary" dissolution shortly after Pearl Harbor, Biddle said, "its spirit and functions continue up to the present day behind the innocent mask of cultural societies, singing and athletic clubs. The bund, in reality, is far from dead."

WOMEN TO WORK—PONCA CITY, Okla., Oct. 3. (AP)—Effective this month women will replace men in Continental Oil company testing and chemical laboratories, L. L. Davis, process division supervisor, said today.

Wish everybody had the same spirit of a soldier to whom we talked last week. As an ammunition carrier, he wasn't concerned with his own safety, but wanted to do his job well so that his squad, depending upon his efforts, would not be wiped out. Die for his country? "Sure," he said almost apologetically. "I guess you'd call me sort of patriotic or something."

Cotton Parley Set At Lamesa

Details of a new cotton program variation will be outlined at a meeting set for Wednesday at Lamesa, agricultural leaders here have been informed.

The meeting will have to do with explanation of one-variety communities, counties, or just gains and of payments to be made available to those who cooperate in such arrangements.

Reason for the new stress on one-variety set-ups is a revolutionary step in cotton marketing. Instead of buying on grade and staple, purchases may be made by breeds for the tensile strength of fiber has been found to count more than staple for most purposes.

This means a certain breed will have a spinning rating established and that established price of that grade will be paid irrespective of staple within reasonable limits. But whatever the breed, cotton ginners for a particular locality or for certain patrons would have to handle it alone to insure purity.

Buyers would find it a comparatively easy matter to send the lint to the right spinners according to staple. As it now stands, many farmers mix their cotton and make it almost impossible to use at mills. In cases where much of mixed cotton is milled, claims kick back to the buyer.

And he kicks it back to the producer in lower price.

Program Slated On Truck Sharing

DALLAS, Oct. 3. (AP)—Oklahoma and Louisiana OPA directors have started preliminary work on a share-truck programs for those states, Regional OPA Administrator Max McCullough said today.

He called attention to such a plan developed in Texas and said he had recommended that other states in the Dallas OPA region adopt the plan as a rubber conservation measure.

In a plan developed in Ellis County, Tex., and explained in sectional meetings by State OPA Director Mark McGehee, farmers are grouped for pooling purposes according to the number of acres they till.

If They Match Their Own Weight, There's A Holiday—Students Start Scrap Drive Monday

Cooperating in the Newspapers Scrap drive, school children will collect waste metal from homes, vacant lots and anywhere else and take it to their respective schoolyards. There, the piles will grow, to be picked up and sent on its way to the mill.

CLARENCE SCHARBAUER

Scharbauer Rites Today

Funeral for Clarence Scharbauer, 63, outstanding civic leader and co-treasurer of the Don and the Volga, will be held at the First Baptist church in Midland at 3 p. m. today.

Scharbauer succumbed in the penthouse apartment of Hotel Scharbauer in Midland Friday with near relatives at his side. He had been ill since August.

He came to Midland as a youth and became one of the most influential persons in West Texas. His ranch holdings covered five counties in West Texas and two in New Mexico, and tremendous oil developments touched the Scharbauer lands.

Although he was president of the Scharbauer Cattle Co., the First National bank of Midland, the Midland Fair, Inc., and owner of radio station KRLH and the hotel which bore his name, he spent little time in his office. Rather, he preferred to be riding on his ranches. One of his greatest interests was in promoting the Midland rodeo.

Scharbauer was a member of the First Baptist church, the Midland Rotary club and was a former president of the Midland chamber of commerce and a director since it was organized. He had served as a member of the board of trustees for Hardin-Stimmons University since 1922.

With him at the time of his death were Mrs. Scharbauer, their son, Clarence, Jr.; his sisters, Mrs. George Elliott, Sr., Odessa, and Mrs. R. E. Rankin, Abilene; his aunt, Mrs. Phil Scharbauer, and a long-time friend, Millard Eldson, Lovington, N. M.

The body will lie in state at the First Baptist church in Midland from 12:30 p. m. until time for the services. Dr. W. R. White, president of Hardin-Stimmons, will officiate, assisted by the Rev. Vernon Yearby, pastor. Burial will be in Fairview cemetery.

Guardsmen Training Work Completed

CAMP BULLIS, Oct. 3. (AP)—Back home go the last of 1,000 Texas defense guardsmen this week-end, possessed of new abilities in combatting invaders, saboteurs or anyone else who would disturb the internal security of Texas.

There were four classes each of about 250 guardsmen from all parts of Texas. Each class sweat and toiled for a week under expert instruction.

Now that they have gone home—these part-time soldiers who otherwise are business and professional men—their job is to pass on to 17,000 enlisted personnel the techniques they have learned.

BYRNES QUILTS COURT TO BE DIRECTOR OF ECONOMIC CONTROLS

WASHINGTON, Oct. 3. (AP)—President Roosevelt ordered wages, salaries, most food prices and all rents tightly stabilized at about their present levels today and appointed Associate Justice James F. Byrnes of the supreme court to lead the battle against inflation. Byrnes resigned from the court to assume the post of director of economic stabilization.

Within two hours, Price Administrator Leon Henderson, who will work in conjunction with Byrnes, fixed emergency ceiling prices for butter, eggs, poultry and virtually every other previously uncontrolled food item. The order is effective for 60 days, after which a permanent, and probably lower ceiling will be imposed. The prices of such commodities were frozen at their highest level of the last five days—September 28 to October 2.

Moreover, Henderson announced, he will take action within three days to control the rents paid for every apartment, residence or other dwelling unit in the country. The White House made public two letters to Henderson directing him to act immediately on both food prices and rents.

At the same time Mr. Roosevelt issued an executive order covering Byrnes' sphere of activity under which:

Wage rate may not rise above the level at which they stood Sept. 15 nor drop below the highest point they reached between Jan. 1 and Sept. 15—unless the war labor board approves exceptions to correct gross maladjustments or further the war effort.

Salaries of more than \$5,000 annually may not be increased except in the case of promotions to more difficult or responsible work, until Byrnes "determines otherwise." And no salaries may be reduced except to correct gross inequities or to prosecute the war more efficiently.

A qualified limitation of \$25,000 was imposed upon salaries after the payment of taxes. This is to be elastic to the extent that previous insurance commitments and fixed obligations shall be taken into account in applying the limitation.

Supplementally, it was said in authoritative quarters that the limitation would probably be applied to salaries received after some future date, perhaps after December or January. Whether the limitation shall be applied to present salaries was left for Byrnes to decide.

Mr. Roosevelt lost no time in making the new price control law effective. It received final congressional action last evening. The president signed it at 10:15 p. m., and then issued his executive order and dispatched his letters to Henderson today.

He also issued a statement saying that with the legislation, congress "has done its part in helping substantially to stabilize the cost of living." He continued:

"The new legislation removes the exemption of certain foods, agricultural commodities and related products from the price controls of the emergency price control act, with the result that I have today taken action to stabilize ninety per cent of the country's food bill. It leaves the parity principle unimpaired. It reaffirms the powers of the executive over wages and salaries. It establishes a floor for wages and for farm prices."

"I am certain that from now on this substantial stabilization of the cost of living will assist greatly in bringing the war to a successful conclusion, will make the transition to peace conditions easier after the war, and will receive the wholehearted approval of farmers, workers and housewives in every part of the country."

How Byrnes' new salary would compare with the \$20,000 a year for life-members of the supreme court was not disclosed, but the president said his "patriotic action in accepting this appointment deserves the praise and commendation of all our citizens."

Byrnes, 63 years old, served for years in the senate as an active and highly effective lieutenant of the president. Although never titularly part of the administration:

New Price Lid To Cover Nearly All Food Items

WASHINGTON, Oct. 3. (AP)—Price Administrator Leon Henderson today spread his price ceiling over 90 per cent of the foods on grocery shelves and set in motion machinery to extend rent ceilings over the 80,000,000 Americans not already covered.

A 60-day price order—to be followed by permanent ceilings—takes effect Monday on food retailers, wholesalers, manufacturers and processors. Each dealer's price is frozen at the highest level charged in the last five days—Sept. 28 to Oct. 3—inclusive. The permanent ceilings later may entail some price reductions, the administrator said.

"These actions definitely mean that this country won't have a runaway inflation," Henderson said. The temporary order affects 30 per cent of the items in the average family food budget, only 40 per cent of which were covered by the so-called "universal" price ceiling. But it does not cover farm prices, except on products sold directly to consumers by farmers whose sales of that type exceeded \$75 in the preceding month.

JAMES F. BYRNES

tion leadership, his influence was apparent in every major controversy.

"Justice Byrnes is one of the foremost authorities in governmental administration in the United States," Mr. Roosevelt said today. "He knows the economic problems of this country whether they concern labor, the farmer, the consumer, the small retail store, or the manufacturer. I would never have asked him to resign from the supreme court were it not for the fact that this job is one of the most important positions in this country. I know the American people can be sure that in keeping down the cost of living he will be fair to everyone."

Instructor, Cadet Killed In Crash

CHEICKASHA, Oct. 3. (AP)—An instructor and an aviation cadet from a field here were killed today when their training plane crashed near Verden, 10 miles west of here.

Capt. Fenton D. Lamb, public relations officer, said those killed were E. R. Haymaker, instructor from Caney, Kan., and Cadet Horace L. Markland, Jr., 21, of Waco, Texas.

Gloria Vanderbilt Moving To El Paso

MANHATTAN, Kas., Oct. 3. (AP)—Gloria Vanderbilt DiCiccio who for four months has lived the quiet life of the wife of an army private will leave Sunday to join her husband, Pvt. Pat DiCiccio who has been transferred to Fort Bliss, Tex.

The New York heiress will board a plane at Kansas City. She will live in El Paso, Tex.

23 Texans Take Part In Successful Raid On Nazi Bases

Shortage Here Of Cured Meats

Grocers and butchers in Big Spring state that they are experiencing difficulty in obtaining cured meats such as ham and bacon but that fresh meats are easily obtained and that pork, particularly, is in abundance.

None of the grocers anticipate a shortage in fresh meats but most of them believe cured meats will be scarce for the duration of the war.

The U. S. government recently asked farm agencies to aid an effort to produce two-million extra pounds of chicken yearly to offset an expected shortage of beef and pork.

Farmers, generally, rallied to the cause, and the noticeable increase in the number of chickens being raised in Howard county indicates efforts farmers are making to relieve any shortage of meat that might now exist or might exist as the war continues.

Hero—One of the highest honors that may be conferred by the government of the Netherlands has been presented to Lt. Col. W. T. Bolt, Jr., son of Mr. and Mrs. W. T. Bolt of Big Spring. Recently he was awarded the Silver Honorary Medal by Lt. Col. Max Van Hasselen, commander of the Royal Dutch Flying School at Fort Leavenworth, Kas. On June 21, Lt. Bolt led a rescue force into the flood-swollen Missouri river to bring out two Dutch aviators who had crossed. In so doing, he had to swim a mile and wade in mud and mire a long distance, helping his men carry out the wounded aviators on stretchers. Lt. Bolt, the U.S. officer in charge at the school, was cited for bravery "beyond the line of duty" and as "one who has jeopardized his own life to save another."

Building Lead Held By Corpus Christi

By The Associated Press
Corpus Christi forged ahead again in weekly building permits reported by Texas cities during the past week.

The coastal city issued \$101,823 in permits during the week, bringing the year's total to \$9,297,453.

Seymour Banker Taken By Death

SEYMOUR, Oct. 3. (AP)—R. E. Baskin, 59, president of the Farmers National bank and a director of the Brazos Valley Conservation district, died yesterday in a Wichita Falls hospital after a two week's illness.

He was chairman of the seventh district bankers organization and a West Texas civic leader.

Much as they are unlike in appearance and taste, potatoes and tomatoes are both members of the nightshade family of plants.

Fortresses Back Without Single Loss

By The Associated Press
Fighting airmen from Texas—23 of them—rode flying fortresses which bombed a Nazi airplane plant and airdrome in northern France Friday, and shot down 13 crack German fighting planes to return to English bases without a loss.

The Texans (there were plenty of Texans on that Tokyo raid with General Doolittle, too, remember!) were in a flight led by Col. Ronald Walker of Spokane, Wash.

They mixed in an air battle which broke out all over the sky before the planes reach their goal, and continued until they were back over the English channel.

From Texas on the raid were Maj. Martin Crabtree, Decatur; Lieutenants William K. Benson, Sinton; Duke D. Cummings, Lubbock; Ed G. Jordan, Mason; Guy H. McMurry, Dublin; Frank M. Looney, Paris; James M. Hair, Gatesville; Emmet E. Cook, Fort Worth; Will S. Arnett, Madison; Edward M. Slack, Marfa; Otis E. Allison, Warren; Daniel F. Derrick, Roston; William H. Diesel, Dallas; Fred A. Bidelspach, Waco; Morton K. Meester, Kendall; Claude H. Bridges, Iowa Park; James Montgomery, San Angelo; Sergeants Ray O. Weeks, Waco; Robert S. Prothro, Wichita Falls; Harold B. Dunlavy, San Antonio; Elmer J. Garcia, McAllen; John I. Fisher, Fort Worth; and Edwin L. Welch, Lubbock.

Col. Walker was graduated from the University of Kansas and is a native of Newkirk, Okla. He entered the air service on graduation from Kansas and was graduated from the army flying school in 1928. He is now 40. His parents live in Spokane.

Lt. Claude H. Bridges Jr., pilot of one of the bombers, is the son of Mr. and Mrs. Claude H. Bridges of Kamey, Wichita county. His first training was in the civilian pilot training program at Wichita Falls while he was a student at Hardin Junior college. He enlisted in November last year, took military training at Taft, Gardner, and Stockton Fields in California, and at Albuquerque, N. M.

Radio technician, Sgt. Robert S. Prothro, was an ambulance driver for a Wichita Falls undertaking firm for nine years before joining the air force January 1, 1942. He came to Wichita Falls from Santa Monica, Calif. His training was at Spokane, Wash., San Diego, Calif., and Westover Field, Mass.

Public Records

Marriage Licenses:
Bill E. C. Dooley and Joyce Elaine Russell, both of San Antonio.

Cadets Now—The photographer was on hand for an impressive ceremony last week, as the first class of bombardier cadets was sworn in at the local Army Air Forces Bomber school, by Captain S. W. Bradstreet, Jr., commandant of cadets. The young men took an oath of defense of their country, and also a special oath to protect the death of the secrecy of American bombights. The formality marked the active start of training operations at the Big Spring school.

Bomber Crash Is Fatal To Three

OKLAHOMA CITY, Oct. 3. (AP)—Three Will Rogers airbase flyers were killed this afternoon when their medium bomber crashed into a field three miles north of the airbase here. Two other occupants of the plane parachuted to safety.

Officers at the airbase said the names of those killed would be released as soon as the next of kin have been notified. Names of

the two men who escaped injury will be announced at the same time.

The bomber was on a routine training flight at the time of the crash, cause of which is unknown, it was announced. A board of officers will investigate the accident.

Cadet Falls From Plane, Is Killed

MIAMI, Okla., Oct. 3. (AP)—An RAF cadet was killed today as he fell from a plane on a takeoff

from an air field six miles southwest of here.

Flight Lieut. E. C. Pittman of the RAF said the name of the cadet would not be released until next of kin is notified.

GETS PROMOTION
COLORADO CITY, Oct. 3.—From somewhere in the South Pacific Mr. and Mrs. E. E. Smith of Colorado City received a letter this week from their son, Ernest Jr., relating his recent promotion to the rank of private first class, United States Marine Corps. Pfc. Smith enlisted last January.

Herriott Is Detained By Vichy Govt.

VICHY, Oct. 3. (AP)—Belatedly breaking its silence after the news had been published abroad, Vichy announced today that Edouard Herriot, a potent figure of the republic, had been placed under residential surveillance by national police because the government did not like his "attitude."

An official statement said the reports abroad that Herriot had been "arrested" were inexact, and then explained that he simply had been "invited to reside on his property in the country because of his attitude and the political agitation in which he engaged."

The detention of Herriot, who once conducted a one-man fight for paying the French war debt to the United States and who since the 1940 armistice has outspokenly favored continued friendship with Britain and America, leaves at large only two leading political figures of the last days of the third republic.

They are Jules Jeanneney, president of the former French senate, and Albert Lebrun, former president of the republic. Herriot, three premier of France, was president of the chamber of deputies when it voted to give dictatorial powers to Marshal Petain after the 1940 armistice.

The Berlin radio in a broadcast heard in London said Herriot had been removed from his home and placed in a concentration camp at Valles-Bains.

Over 4,000 Acres In Conservation Unit's Program

The U. S. Soil Conservation office in Big Spring announced Saturday that their progress report showed that 16 plans have been worked out representing 4,414 acres. The work, all in the Martin-Howard district, embodies all types of water and soil conservation, according to D. T. Mann, local agent.

Renewed interest in the planning of terraces is being evidenced by farmers in this area, Mann said, and many applications for planning are on file.

STEAKS LUNCHES
DONALD'S Drive-Inn
BUTTER TOASTED SANDWICHES
Corner San Angelo Highway and Park Road

If you're tired of taking it... DISH IT OUT WITH THE NAVY

Let's give the Japs their half of the ocean—the bottom half! Talking won't stop the Japs. These Navy guns will! But they need men to man them—red-blooded Americans from 17 to 50 who aren't going to let any Nazi or Jap tell them where to get off. Read this message and find out what you can do about it—right now!

WE'RE GETTING the ships. We're getting the planes. We're getting the guns. What we need now is some more red-blooded men.

All over the world Navy men—Americans just like you—are performing the sort of deeds that make history, deeds that make you proud to be their countrymen. They're out there day and night—on the Atlantic, on the Pacific. They're fighting for you—for your home, your family, your freedom, your country. They need your help. How about it? Are you going to stand by and let them do your fighting for you... or are you going to jump in and help them finish this job of cleaning up the Nazis and Japs?

Sooner or later, you're going to be in this war. So why not be fair to yourself? Why not look into the Navy now? Get the facts so you can

make up your mind while you still have the chance to choose.

The Navy offers you a man-size job that carries a man's reward. It offers you a rugged, healthy, outdoor life. It offers you action, adventure, travel. It offers you the chance of a lifetime to become an expert in the trade of your choice.

Free training in a trade

Radio, aviation, electricity, engineering—these are but a few of 49 skilled trades in which the Navy may give you free training. Training that will fit you to do a better fighting job right now—fit you to land a better peacetime job later.

You get good pay in the Navy. Your first increase comes in approximately two months, upon completion of recruit training. By the end of your first enlistment, you can be making up to \$188 a

month, plus allowances. Promotion is rapid. More than 50% of Navy men are Petty Officers. You can be one of them!

The Navy gives you \$133 worth of uniforms; three good meals a day, clean, comfortable quarters, the finest of medical and dental care—all free. And it gives you responsibility. You play an important part on a team where every man is important.

If you are 17 to 50 and in normal health, don't waste another day. Choose while there is still time. Have a friendly talk with your nearest Navy Recruiting Officer at once. Ask him for your copy of the book that tells the whole exciting story—"Men Make the Navy." And then join the thousands who have stopped talking about it and have started to do their part to keep America free.

Look what the Navy offers you

1. A chance to serve your country.
2. Clean, healthy life.
3. Good food—and plenty of it.
4. Good pay—up to \$138 a month.
5. Free clothing—\$133 worth.
6. Free medical and dental care.
7. Travel... adventure... thrills.
8. Opportunity to be an Officer.
9. Training in nearly 50 trades.
10. Future success in civil life.

Anything That Looks Like Waste Metal Grabbed Up In Texas

From Keys To Fences, Scrap Material Going To U. S. War Effort

By The Associated Press

The prodigious ton of steel, the casually-discarded key, all the bits and chunks of waste metal that have been tossed aside by spendthrift hands for decades are making their weight felt this week in Texas' drive for anti-axis scrap.

Anything that looked like non-essential metal was in jeopardy of the thousands of children, men and women dedicated to collecting this raw material vital to America's war-making steel mills.

Sixty miles of fencing was thrown into the scales. A youngster's five-year collection of keys, weighing 25 pounds, were given up.

Even the fisherman and hunters were given a cue on how they could help swell the mountain of steel the U. S. must have to keep its bullet-and arms-makers going.

The fish and game department at A. & M. college urged such sportsmen to cooperate with land owners in uncovering scrap iron, tin, steel, rubber and other materials. The department suggests that if each of 300,000 fishermen and hunters bring back one pound of scrap from their outings the returns will be worth while.

Army ordnance and engineers at the Bluebonnet ordnance plant near McGregor were toiling up 60 miles of fencing around the site.

The fence used to bound cattle-grazing land.

An organized campaign at the plant has in addition collected some 20 tons of other scrap.

Other scrap scraps:

FORT WORTH—Jaak Reams, Jr., 15, contributed the 25 pounds of keys he has been saving five years. One of them was a three-pounder to Fort Worth's old city jail.

W. L. Stewart, Jr., 14, dismantled his backyard gym set and donated it.

SAN ANTONIO—WPA workers at the state have been picking up scrap at the rate of 2,000,000 pounds a week, says W. H. Beazley, WPA state director of the engineering and construction division. The collection totals 12,000,000 pounds.

AUSTIN—Lambda Chi pledges of the University of Texas sledgehammered a hitching post anchor ed in front of the fraternity house

To Uncle Sam—Uncle Sam has \$3,462,36 more in the till for his war program, thanks to Labor Day wage contributions by workers—nearly 100 pct.—attached to various phases of construction and supervision of the Big Spring air base. Labor Day pay of all employees and laborers totaled this sum, and a check was forwarded to President Roosevelt by John W. Sergeant, engineer in charge. Shown here are representatives of various groups presenting the check to Sergeant (seated). They are, (l. to r.) Mrs. Don Burke (then with the U.S. Engineers), George E. Smith, carpenter; Gene Lee, laborer; G. L. Gafford, plumber; H. A. Sherman, office manager for Brown & Bellows; H. A. Knox, architects-engineers.

Colorado Sailor Home On Leave, Saw Action In Three Major Engagements

By RUTH COFFEY

COLORADO CITY, Oct. 3—He doesn't like to talk about the three major sea battles that he has come through. When the conversation steers toward those encounters in the Pacific his grin grows wary. "You can say that our crew has been in nineteen separate engagements with the enemy," he'll speak carefully. "And that when we left—er—where we were last—everything was under control."

And that's as far as Harold Lambeth, fireman first class of the United States Navy, will sail with answers to questions. He is the son of Mr. and Mrs. O. Lambeth of Colorado City and he is in his hometown on 30-day leave, his first home leave in fourteen months.

"Home has changed," he decides, "I didn't even know about no measure the school children had two other incentives: They have been inducted as junior rangers by the state of Texas. And they will be contending for the honor of naming a new liberty ship. From each of the two schools which do the best collecting job in Texas a student will be sent to a shipyard to break a bottle of champagne across the ship's bow.

... no cuffs, no sugar. You see the first nine months of the war we were in port just 53 days in all and were allowed one shore leave in four days—9 a. m. to 5 p. m. leave. You can't do much keeping up in that length of time."

Lambeth, a 1937 graduate of Lamesa high school, enlisted Oct. 9, 1940. He attended Texas Tech several terms after high school. On December 7th he was 48 hours out at sea. "We pulled out of Pearl Harbor the Friday before. We got the news pretty fast. 'What kind of a drill is this?' we kept asking ourselves. Then it sank in. We had been attacked. We were at war. We were cruising and had to miss it that time."

Since that time Lambeth and his shipmates have seen plenty of action. "Only I don't exactly see the action," he explains. "My battle station is aft-of-fore—that is below. We hear the encounter. First the big guns, then coming closer, the smaller guns. Then all the guns at once. The suspense is something!"

Lambeth played guard for three years at Lamesa high. "It's like blocking for the ball carrier to be below during battle," he muses. "But in the Navy you do what you've been trained to do. Later you've been trained to break a bottle of champagne across the ship's bow. Somebody asks the lad if his

ship has been bombed from the air during any encounters. "Bombed 'at'!" he laughs. "There's a difference. It's pretty thrilling when they hit the water."

He's willing to talk about the war in general. Naturally we'll win but "it's not gonna be a breeze." He'll tell you how much a batch of mail means to a crew who have been out at sea for some time. "Boy, it picks 'em up!"

He'll tell you he'd like to meet a WAVE. That people think Texas owns the Navy because Texans talk about their state so much. That people at home still underestimate the Japanese.

He'll look you in the eye and tell you that he's ready to mix it again when he gets back to San Francisco and is assigned "new construction." He has been transferred since the latest action in which his ship took part. "Sure I want to get back. We can't win it sittin' down!"

Navy 'E' Award Goes To Angelo

Lt. L. H. Rideout, Jr., in charge of the navy recruiting station at Dallas, announced Saturday that the coveted navy "E" award was presented to the San Angelo district for the third consecutive month.

The San Angelo district far exceeded its quota for September, Lt. Rideout said.

Urges Care In Keeping Down Grass Fires

With the advent of fire-prevention week, D. T. Mann, local manager of the U. S. Soil Conservation Service issued a warning to farmers Saturday to help reduce grass

fires. "Fire guards should be along all highways," he said, "and large pastures should have fire guards at intervals of every one or two miles."

"While we are not certain," Mann continued, "whether or not fire weakens the strength of soil, we do know that grasses do not grow as well after a fire. And," he remarked, "every acre of grass burned represents the destruction of just that much feed for beef which is badly needed in these times and burned ground erodes much faster than soil covered with

vegetation." Mann said that farmers should be on the constant outlook for trespassers and hunters who might, through carelessness, start fires with tossed away cigarettes or un-extinguished camp fires.

Mr. and Mrs. Cleo Wilson were Dallas visitors the past weekend. Mr. and Mrs. James Madding left Thursday for Illinois to visit relatives.

The Galapagos Islands have been known for centuries as "The Enchanted Isles."

County's Gin Output Up To 7,000 Bales

Howard county had ginned 7,000 bales of the 1942 crop Saturday evening.

This was the conclusion to be drawn from gin total of five Big Spring ginners, which normally gin in the neighborhood of half of the county's total. Saturday they had turned out 4,555 bales.

Showers over the area late Friday all but halted gin receipts Saturday, but many had their saws still humming into the night to clear out reserves on gin houses. Because of the rain's localized nature, producers on the southern county line and those along the central northern county line were able to resume movement of the crop to gins late Saturday.

Prices were off a little during the week, but average for cotton was around 18 cents. Comparatively little was being sold outright, and yet there was only a small percentage going into the loan. Most farmers were just holding their lint to see what the market will do.

Seed advanced \$1.70 on the ton according to the government basis for the week, amounting now to \$48.70. Given fair weather this week, the harvest should hit peak stride. Perhaps 5,000 bales will be handled during the week if nothing interferes.

Lamesa Club Is Offering Prizes On Scrap Pickup

LAMESA, Oct. 3.—The Lamesa Lions club is lending a hand in a big way toward the school children's scrap metal drive which begins in this county October 5. A prize of \$18.25 in defense stamps is being offered as first prize for the school bringing in the largest amount of scrap, and a second prize of \$7.25.

Leslie Pratt is president of the Lamesa club. The gift of the prize in defense stamps is part of the club's program to buying bonds and stamps as a major project this year.

District Court Term Closed With A Spurt Of Activity

Seventieth district court closed out its September term here Saturday with a last minute spurt of activity that included some unexpected litigation.

Cases in which action was taken the last week of the court term included:

Viola Mitchell granted a divorce from Venus Le Roy Mitchell and custody of minor child with defendant ordered to pay \$10 monthly to child's support; Ben Anderson versus B. B. Parkway Food Stores, suit for damages, remanded to Taylor county on a plea of privilege; Richard T. Smith versus Federal Underwriters Exchange, suit for damages, continued on motion of plaintiff.

T. W. Plummer granted a divorce from Mabel Plummer and she restored her maiden name of Cases; Rubie Baker versus Gulf Casualty Co., suit for damage, agreed judgment for plaintiff in amount of \$400 plus cost of suit; Annie Max Anderson versus H. D. Anderson, divorce granted plaintiff; Nina Carter versus L. R. (Roy) Carter, divorce granted plaintiff.

Mrs. Mattie Jones and E. O. Jones versus W. A. Farrar and Elmer Birkhead, suit for conversion involving land transaction, dismissed on motion of plaintiff with prejudice; Bertha Davis versus George Davis, divorce granted; Marvis Shortes versus M. L. Hamlin, suit for damages, dismissed on motion of plaintiff with prejudice.

Marshall Wiswell versus Jewell Wiswell, divorce granted plaintiff; Frankell Webb versus Evelyn Webb, divorce granted; M. M. Barrington versus Howard County Refining Co., suit for damages, plaintiff awarded \$300; Ruby Tyler versus Dock Tyler, divorce granted plaintiff and custody of minor child.

Requirements of a great man on the bench: courage, intellectual integrity, and a knowledge of the law. Mrs. Douthit responded briefly to the talks, expressing appreciation for the honor shown her father. Others who spoke concerning the career of Judge Kennedy here were Mrs. V. Van Gleason and Miss Gertrude McIntyre.

The occasion was a regular meeting of the 70th district bar association, and members from Midland and Odessa joined those from Big Spring in attendance.

Judge Kennedy, native of Camden, S. C., was educated at the University of South Carolina and Columbia, came to Texas in 1866, at the age of 23. He was married in Brazoria county, and moved to Colorado City to practice law in 1882. He was named to the 32nd bench when the district was created, and served until his death in 1897. His district reached from Taylor and Runnels counties westward to the Pecos river.

Other tributes to the memory of the jurist were paid by Robert T. Neal of San Angelo, whose father once practiced law with Judge Kennedy in Colorado City; and Ellis Douthit, who described the judge as one meeting the essential

Recruiting Offices Here Stay Busy

Local army and navy recruiting stations "went to town" in a big way over the weekend by enlisting 22 men for the armed services of the United States.

The army enrolled 15 men in the army air specialist corps. Those accepted are: Frank H. Stasey, Big Spring; Weldon D. McMillan, Odessa; Malcolm C. Stewart, Stanton; Hubert L. Simons, Lamesa; Dawson S. Jeter, Lamesa; Joe E. Adams, Big Spring; Waldemar A. Jehring, Lamesa; Victor D. Wood, Big Spring; Joe E. Barnes, Brownwood; Felbert T. Cook, Coahoma; Oscar H. Miller, Snyder; Edmund Melihuse, Lamesa; Walter E. Schultz, Big Spring; Joseph C. Goodlett, Colorado City, and Albert Pittland, Stanton.

Four out of seven recruits in the navy chose the construction battalion. R. T. Molder, Big Spring; J. V. Beard, Odessa; H. H. Murdock, Big Spring; and R. W. Harvel, Odessa, chose this branch of the service while M. C. Thompson, Midland; C. E. Phillips, Big Spring, enlisted as apprentice seamen V-6.

Recruiting Sergeant Edwin R. Turner and Private J. M. Wright spent Saturday in Lamesa and Colorado City in a drive for recruits.

Weather Forecast

BIG SPRING AND VICINITY: Continued warm Sunday morning, quite warm Sunday afternoon.

WEST TEXAS: Colder Panhandle and South Plains. Continued quite warm elsewhere Sunday morning. Quite warm Sunday afternoon.

EAST TEXAS: Scattered showers in northeast and central portions Sunday, not quite so warm in the interior.

Job Placing By The USES Hits A Peak

Both agricultural and other job placements during September rocketed over the levels of a year ago, records of O. R. Rodden, manager of the Big Spring district office for United States Employment Service, showed Saturday.

Agricultural placements for the month totaled 4,426 as against 2,900 for the same period a year ago. Private placements stood at 239 against 136 for September of 1941.

During the month, however, the USES office received 208 new job applications and had 158 case cards renewed. Most were unskilled laborers, and the supposition was that they would either quickly find work here or move on to some construction job.

Rodden said Saturday that the picker labor problem was nearer solution. Enough hands have been here to handle the local situation, he said, except that not all farmers can use the abnormally large crews operating this year.

E. C. Whipple, working with the USES in South Texas, arrived Saturday to assist in agricultural placements and was dispatched to Lamesa. That gave USES two men at that point and two here on farm placements in addition to Rodden.

In another employment development, the number asking for referral cards to the Kaiser Shipyard at Portland, Ore., had increased during the week. The company had an employment representative here a week ago.

A deposit of 42,000,000 cubic feet of peat exists in Juniper swamp in the borough of Queens, New York.

USES in South Texas, arrived Saturday to assist in agricultural placements and was dispatched to Lamesa. That gave USES two men at that point and two here on farm placements in addition to Rodden.

R. E. Bowden Starting Fourth Year As Pastor In B'Spring

The Rev. R. E. Bowden today will observe the occasion of beginning his fourth year with the Main Street Church of God as its pastor with a special anniversary service. He speaks at 11 a. m. on "The Vision that Builds and Preserves." There will be an installation service following the Sunday School and communion will be held as a part of the morning worship. Following young people's hour at 7:30 p. m., the pastor will bring an evangelistic sermon at 8 p. m.

Installation of all teachers and officers of the Sunday school will be held at the First Methodist church Sunday morning and ceremonies will be broadcast over KESB.

Claude Miller, new superintendent of the Sunday school, announced that attendance count will be held in the new membership drive.

Wanda McQuain will have the solo part of the anthem, "Lift Up Your Heads" at the morning hour. Evening service will be on the sermon topic, "The Pearl of Great Price."

Morning sermon at the First Baptist church will be "The Soul's Communion With God" taken from John 15:4 given by the pastor, the Rev. P. D. O'Brien.

Special music will be the choir, "Break Thou the Bread of Life," by Sherwood. The Lord's Supper will also be observed.

Evening sermon will be "Conquest of Fear" taken from Revelations 1:17.

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 4.

The Golden Text is: "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Galatians 6:8).

Among the citations which comprise the Lesson Sermon is the following from the Bible: "Love not the world, neither the things that are in the world. If any man love the world, the love of the

Father is not in him. . . . And the world passeth away, and the lust thereof; but he that doeth the will of God abideth for ever" (I John 2:15, 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man walks in the direction toward which he looks, and where his treasures lie, there will his heart be also. If our hopes and affections are spiritual, they come from above, not from beneath, and they bear us up of old the fruits of the Spirit" (page 451).

50 Calves To Be Fed By FFA Boys At Colorado City

COLORADO CITY, Oct. 3.—Under the supervision of their vocational agriculture teacher, F. C. Shillingburg, 33 members of the FFA organization of Colorado City high school will feed a total of 50 calves to be exhibited for prizes at the annual calf show next April.

Boys participating in the feeding program include Mack Allen who has two calves; Joe Byrum with one; Jimmie Henderson, one; F. W. Merket, two; Henry Pond, two; Billy Roach, two; J. M. Rogers, one; N. A. Rogers, Jr., two; Goodwin Simpson, two; Linden Solomon, one; Ross Strain, two; Bert Terry, two; Raymond Watlington, one; Francis Winn, three; and Glen Womack, one.

Eugene Wood will feed two; Bobby Fee, two; Boyd Hall, one; D. W. Hall, one; Glen Hamilton, three; Jimmie Hammond, two; Weldon Hardgree, one; Myrl Hart, one; Romey Jameson, one; Robert McMillan, two; Bo Merket, one; James Miles, one; Wortham Strain, one; C. N. Stubbinsfield, one; Bob Vardy, two; Kenneth Womack, one; Willey Olley, three, and Wallace Hestand (high man in prizes at the 1942 show) will feed three.

Denny C. Ivey Is Named Officer At Navy Diesel School

COLUMBIA, Mo., Oct. 3.—Ensign Denny C. Ivey, former assistant petroleum engineer for the U. S. geographic survey, has been appointed to the officer's staff of the new naval training school for Diesel at the University of Missouri campus here.

Ivey will serve as first lieutenant at the school, in which 1,000 sailors are taking an intensive, 8-weeks course in operation and repair of the oil-burning engines used by the navy's fighting ships. In his position on the staff, Ivey will handle disciplinary duties for the men, who are housed and fed on the campus, and whose class and ship's motor shop work are being offered in the university's buildings under a navy contract. Ivey is a graduate of the University of Oklahoma, and is well-known in the field of oil and petroleum mining because of his published articles regarding this work. His home address is 714 Johnson street, Big Spring, where he was city construction superintendent prior to his commissioning in the navy in June.

Two Sets Of Twins On Wichita Team

WICHITA FALLS, Oct. 3 (CP)—Teams meeting the Wichita Falls high school football team, defending state schoolboy champions, think they are seeing double—twice.

It was bad enough with the Smith twins, Bobby Lee and Bobbie Dee, starting as passers, punters, receivers and blockers. It's even worse now. Coach Tad Jefferies has added the Bolin twins, Bobby and Bill.

AWAITING CALL
CALORADO CITY, Oct. 3.—Bob Battle of Colorado City is awaiting orders to report for training as a naval reserve officer. He passed all requirements and was accepted for training this week. When called he will be sent to Notre Dame for a four months course before being commissioned an ensign in the naval reserve.

It's No Cinch We Will Have Food A-Plenty

WASHINGTON, Oct. 3 (CP)—Drafting a report of their findings in a six-months investigation of the general farm situation, members of the House agriculture committee were inclined to disagree today with testimony by Donald M. Nelson that Americans may not get fat during the war but they certainly will not starve.

Chairman Fulmer (D-S.C.) said he had discussed the situation with other committee members after the hearings ended, and all were convinced that there "absolutely will be a food shortage in the near future unless something is done about the inability of farmers to get labor and equipment to produce enough food for the United States."

"This committee is cognizant of the fact that wars are won with men and military equipment," he added. "But men can't fight with the best of equipment if they don't have enough food. It's time we recognized that fact and did something about it."

War Production chief Nelson, testifying yesterday as the committee's last witness, stuck to a statement he made at the American Legion convention last month in Kansas City to the effect that there will be no food shortage. While it may become necessary to discontinue the production of "luxury" foods for the duration, Nelson said, "I say definitely there will be enough food to eat."

Fulmer said the committee probably would make public its findings next week and possibly might recommend enactment of legislation to meet the growing manpower shortage. He did not know, he said, what form the legislation could take, but some members have expressed favor for national food rationing legislation to make every able-bodied person work or fight.

TYLEERTOWN, Miss., Oct. 3. (CP)—Secretary of Agriculture Wickard said here today agriculture in wartime must be limited to "producing only the farm products which are absolutely essential" and predicted the time "when the lot of farmers will seem hard—much harder than it is now."

Inaugurating a food-for-freedom harvest observance program here, Wickard declared in a prepared speech that the 1942 farm production, a near record one, might not be exceeded for years, great though the need, and that future production might not be sufficient for all needs at home and abroad.

"We must increase our reserves of food," he said. "The wartime requirements of American food will continue to grow larger. Next year we will need a farm production even greater than this year's. I must tell you, though, that I am not at all sure that total production will be even as large. This year of 1942 may stand as a record for a long time."

USO Center Opened For Soldier Use

By sheer determination, the doors of the temporary USO center at First and Runnels streets opened Saturday at 9 o'clock for soldier use—thanks to some hard work on the part of a few workers who labored long and hard Friday and Saturday morning to make the spot usable.

Two rooms of the building are equipped. In one room are a ping pong table, desks complete with pen and ink and writing paper, a radio, card tables and chairs and a large round table for card games. The adjoining room of the center has a piano with some sheet music, a record player, divans and easy chairs and an improvised kitchen where coffee and cookies are prepared and served. A blue and white screen separates the kitchen from the room.

Windows of the building have been painted blue half way up and numerous magazines fill the deep window ledges.

Around the walls of the center are placards for every state in the union to be used as a register by the visiting soldiers in order that friends may contact each other. Saturday afternoon and evening the Airport Widows and the Music Study club members provided hostesses and refreshments.

The center will be open again Sunday afternoon at 1 o'clock when the Business and Professional Woman's club will take charge and serve refreshments at 4 o'clock in the afternoon and at 10 o'clock in the evening.

The center will be open each day and evening for Big Spring soldiers and other men in the armed services. The temporary set up will operate under auspices of local clubs, churches, and civic groups until some time the last of November when a USO body headed by the YMCA is expected to take over operations here.

Gifts To Axis—Here are some slot machines which won't be taking war-stamp money out of the pockets of Americans any more. Instead, they'll be delivered to the axis, in the form of munitions from the scrap iron to which they've been reduced. The picture was made last week as army men smashed up about 60 machines which had been confiscated by authorities here, and were ordered destroyed by county court order. (Kelsey Photo).

'Bargain Ticket' Campaign For Entertainment Series To Be Stepped Up This Week

Seeking to secure the required number of memberships, so that the series may open here on Wednesday, the Lions club was due to turn on down-stretch power for its season ticket campaign Monday for eight varied entertainments.

Heavy Fines Paid In The City Court

Big Spring corporation court collected a total of \$110 in fines during the past two days. Friday the court assessed a fine of \$50 for dangerously driving plus three fines of \$15 each for affrays and drunkenness; Saturday six drunks were fined \$15 each and one man was given a fine of \$15 for vagrancy.

Willkie No Good With Chopsticks

CHUNGKING, Oct. 3. (CP)—Luckily knives and forks were provided at the 15-course luncheon given for Wendell Willkie today or he might have gone hungry.

Willkie first tried to use the chopsticks, but soon gave up. One of the courses was a whole roast pig.

Crash Kills Officer From Midland Field

MIDLAND, Oct. 3 (CP)—First Lieut. Robert A. Strauch, 25, assistant technical inspector at the army air force bombardier school here, was killed last night when the single engine airplane he was piloting crashed 17 miles west of Oklahoma City.

Lieut. Strauch was a son-in-law of Brig. Gen. Isaiah Davies, commanding officer of the bombardier college.

The flight was being made in connection with a ferrying assignment in which both Lieut. Strauch and Lieut. Barton L. Hunt, assistant operations officer here, were ordered to ferry two planes from the army air base at Oklahoma City to Lamesa, Tex.

A board of officers was appointed to investigate and determine the cause of the crash.

Lieut. Strauch was married last April 4 to Miss Virginia Davies, daughter of Gen. and Mrs. Davies,

a marriage which was one of the leading social events of Midland. Son of Mr. and Mrs. Bernard A. Strauch of Champaign, Ill., Lieut. Strauch was graduated from the University of Illinois in 1938. He entered aviation cadet training in 1941 and completed his pilot training at Kelly Field, Tex., where he was commissioned Nov. 1, 1941. The body will be sent to Champaign for services and interment.

Dawson 4-H Boys Feeding Calves For Spring Show

LAMESA, Oct. 3—Five 4-H club boys of Dawson county have recently put their baby heaves on feed for the spring calf show, B. J. Baskin, county agent, has announced.

J. C. Freeman has put a fine Hereford calf on the winter feeding demonstration program. His calf weighed in at 505 pounds at purchase. Don Phipps, a winner in last spring's calf show, has recently purchased a 550-pound Hereford calf, and has put it on winter feed.

S. L. Stephens has bought three calves. They weighed in at 460, 510 and 540 pounds. A member of the Klondike 4-H club, Stephens already has plans for having the grand champ of the spring show.

L. D. and Norman Langham, two club boys of Key, bought two Hereford calves last week in New Mexico, and have put them on feed.

Baskin expects even more boys to commence a fall feeding program, and anticipates a good year in 4-H club work.

Meet The Bombardiers

Sketches Of Cadets Stationed At BSAFAFS

The bombardier school is just crawling with Texans. Long ones, lean ones, tough ones—all over the place. Just to keep some semblance of order in this introductory sketch of our cadets, we'll have to arrange these Texas lads alphabetically by city. So here comes...

AUSTIN
Saba Balagis is a butter and egg man who played football and basketball at St. Edwards high school. He later worked his way up to assistant manager of a large dairy products emporium, so that "butter and egg" angle is not just a gag.

From Austin high school and the University of Texas comes Tony Tracy. Tony was captain of his high school track team, and played on their football team in '37 and '38. Then he worked his way through two years at the university as an elevator operator, and still found time to run fast enough to become one of their best track men.

BURLINGTON
Erwin Wied is a bank clerk. Erwin graduated from Rosebud high school where he majored in football, basketball and track. His favorite hobby is making money, and his favorite sport is counting it.

DALLAS
The Dallas fire department is represented by one of its very best "fire extinguishers." His name is Bill Archer, but it's no use, girls—he's married. And he's got a cute little baby girl just two and a half years old. Bill is a graduate of the North Dallas high school football team, and developed such an affinity for the pigskin that he later wound up on the all-city and all-star teams.

Bob Burnett from the same city was a buyer for a life insurance firm. He wouldn't tell us exactly what it was that he bought, but it's a relief to know that he's one insurance man who isn't on the selling end. Bob is a graduate of Vickery high school, and tells us that he didn't go in for anything but schoolwork. Probably spent all his spare time bargain hunting.

AAA Payments To Be Speeded Up In Storm Sections

SAN ANTONIO, Oct. 3 (AP)—Taking cognizance of post-storm conditions in South Texas, the United States department of agriculture has assured the South Texas chamber of commerce that AAA payments to farmers of this region "will be made as soon as possible after their performance with the 1942 programs has been determined."

The regional chamber recently requested that, in view of losses experienced by South Texas farmers in the August hurricanes and the needs of some of them as a result of the storm, the AAA checks be released now instead of waiting until Jan. 1.

Bonus Checks Are Distributed To R&R Employees

An unexpected autumn-season bonus was welcome news to employees of the R&R theatres here Saturday. Checks were distributed to all workers here, in keeping with a policy of the entire R&R circuit. Theatre workers with from six months to one year service were given one week's pay; those employed from one to three years received two weeks' pay; from three to five years, three weeks' pay; and all over five years, four weeks' pay.

2 Doors East Of Crawford Hotel - Phone 730

There's Joe Cannon, a graduate of Austin high school, who fought his way through as a boxer, and later developed into an aggressive salesman. Then we have Tommy Craig who attended the South Texas School of Law for three years and left school to go into the exporting business.

EL PASO
In this corner we have Charlie Blackwell and Jack Dennis—two strong boys. Charlie is a Texas A. & M. lad who spent his spare time hunting, fishing and reading "The Battalion" when he wasn't building airplanes for the Lockheed people in Burbank, Calif. And Jack is a football player from Central high school in Muskogee, Okla., who likes his music hot and his women cold. Jack is a traveling salesman.

FORT WORTH
Al Balcher is a Texas Christian lad who goes in for golf and swimming. Al wouldn't tell us much about himself. Just said that he was an adjuster in civilian life. Wouldn't even tell us what he adjusted.

HOUSTON
Houston gives us three boys.

stamp collecting on the side. Tells us he has quite a collection of stamps—but would consider swapping 'em for a few good telephone numbers.

MEXIA
Henry Copeland is a Texas A. & M. student who turned into a printer. Henry's favorite hobby is photography, and his weakness is beautiful women. So if Henry should stop any of you gals on the street and ask you to pose for him—you're beautiful!

MIDLAND
From this neighboring bombardier-town we have Ben Westerman. Ben is a University of Texas boy who likes to hunt and fish. He was a laboratory assistant for the Shell Oil company before Uncle Sam beckoned.

SAN ANTONIO
We even have a bus driver. He's Tommy Dempsey, and starred in basketball at the Thomas Jefferson high school. Tommy thinks the army is okay, but he'd like it better if they'd observe union rules. He thinks an eight hour day and a five day week, with a

breakfast-in-bed and sleep-til-noon program would be just dandy. We'll speak to the Colonel about that, Tommy.

SAN SABA
Ken Sterner was a clothing salesman who sold everything from sport suits with repp pleats to form-fitting burlap bags. He's a Cameron College boy who tells us he went in for basketball, baseball, football, tennis and track; he was the jack of all sports who held up every team he played on. He was always the man at the bottom.

WELLS
Bill Wisener earned his bread and crust as a teacher and coach. He's a former student from

Aggies Back In Form To Smash Tech

COLLEGE STATION, Oct. 3 (AP)—The mighty Texas Aggies, humiliated by defeat last week at the hands of Louisiana State, surged back today with a three-touchdown attack in the first half and then coasted in with a 19 to 0 victory over the Texas Tech Red Raiders.

Leo Daniels scored after two minutes of play when he ran back a punt for 55 yards behind fine blocking by Bill Henderson and Felix Buckle. In the second period the Aggies started a march from their own 26-yard line, where J. R. Callahan had punted out of bounds, that finally paid off with a 6-yard pass from Daniels to Willie Zapalac.

The next touchdown came after a march that ended with Otto Payne plunging over from the one-yard line. In the two drives Daniels completed four passes to Henderson. Zapalac missed two of the tries for conversion but Bobby Williams, subbing for Jake Webster, made the long extra point. Webster was out of the game with an injured leg.

Tech threatened late in the game when the Aggies were being driven back by a third stringer, but each time they got a good drive under way penalties set them back more than they could make up and they had to punt out of trouble. At no time did they get inside the Aggie 20-yard line.

Tulsa Licks Sooners 23-0

TULSA, Okla., Oct. 3 (AP)—Tulsa's Golden Hurricane crushed the Oklahoma Sooners, 23-0, with a brilliant passing attack today and took its place among the outstanding football teams of the southwest.

After a hard-fought first quarter, 12,000 fans saw the young Tulsa team launch an aerial offensive that scored three touchdowns and forced the Sooners to make three desperate stands inside the five-yard line.

N. A. "Mole" Keithley took charge of the Tulsa attack late in the second period and in three plays the little triple-threat tailback led the Hurricane 55 yards to a touchdown. The scoring thrust was a 10-yard pass from Keithley to Saxon Judd.

California Bows To Oregon State

CORVALLIS, Ore., Oct. 3 (AP)—Oregon State's defending Pacific Coast conference football champions pounded along the victory trail today with a 13-0 victory over the University of California as Everett Smith crowned a brilliant passing attack with a winning touchdown plunge from the one-half yard line in the final 10 seconds.

AMARILLO, Oct. 3 (AP)—Amarillo's Golden Sandies, rolling as they did in their championship days, beat Temple's highly rated Wildcats 13-0 here today to become an outstanding contender for the state title.

It was the top schoolboy game of the week, matching sectional powers.

Amarillo Gains In Prestige With 13-0 Win Over Temple

AMARILLO, Oct. 3 (AP)—Amarillo's Golden Sandies, rolling as they did in their championship days, beat Temple's highly rated Wildcats 13-0 here today to become an outstanding contender for the state title.

It was the top schoolboy game of the week, matching sectional powers.

Nix Leads Frogs To Win Over Porkers

FORT WORTH, Oct. 3 (AP)—Emery (Ice Water) Nix pulled another one out of the fire today for the Texas Christian university, running and passing to a dramatic fourth-quarter touchdown that gave the Horned Frogs a 13-6 victory over Arkansas in the southwest conference football opener.

With four and one-half minutes to go, the shunkey-blond fellow, nicknamed Ice Water because he wouldn't get excited, elected president, led a frog march from the 15-yard line that swished through the fighting Razorbacks like the wind.

The score was tied and Arkansas was giving TCU just about all it wanted at every turn when

Texas Beaten By Field Goal; Panthers Swarm Over Ponies; Rice Whips LSU In Thriller

Northwestern Turns Trick Late In Game

EVANSTON, Ill., Oct. 3 (AP)—Al Pick, an obscure guard on Northwestern's bench two years, had his big moment today. With the Wildcats and Texas Longhorns in a scoreless deadlock for 3 1-2 periods the West Bend, Wis., senior came in to kick a field goal from the 19 yard line and bring Northwestern a 3 to 0 triumph before 43,000 limp spectators in Dwyer Stadium.

Up to the time Pick made his 10-second appearance midway in the final period the inter-sectional rivals had chased up and down the field in a fruitless search for touchdowns via their famed running and passing attacks.

The big break of the game came when Texas punted out of bounds on Northwestern's 40. Otto Graham, the Wildcats' dangerous passer and runner, rapped away to the Longhorns' 24. Nick Vodic picked up three yards and Graham raced first to the 18, then to the 13. Here the vaunted Texans, unscathed in two previous games this year, held tightly.

Lynn Waldorf, Northwestern's coach, beckoned Graham to the bench and sent out Pick in his spotless white uniform. With Quarterback Dud Kean kneeling on the 19, Al Pick waited for the ball to be snapped. When it came he swung his foot truly and the ball went in a great arc over the crossbars 29 yards distant. That was the ball game and the Texans knew it.

In fact the Southwestern powerhouse nearly yielded two more points to the audacious Wildcats before the game was over. Johnny Petrovich drew back an edge in the first half but failed to get right on the goal line. The officials ruled the ball down a scant half foot inside the playing area.

Although the well-regarded Texans had Northwestern worried badly on numerous occasions, the Wildcats actually had an edge in 10 important statistics, rolling up 10 first downs to their opponents' eight, completing seven passes to the Longhorns' six and gaining 72 yards via the air to Texas' 30. The visitors did hold a three yard margin in yards by rushing, 146 to 143.

The Longhorns outplayed the Wildcats in the first half but failed to run home several scoring chances. For instance they nailed a Northwestern fumble in the second period on the Wildcat 20, only to fumble themselves one play later. They got the ball back in two plays when Northwestern fumbled, and jammed up to the eight yard line for a first down.

Turning to passes, with Roy McKay throwing, they got two into the hands of receivers only to have the catchers either out of bounds or beyond the end zone both times.

SMU Makes A Pass Good For Score

PITTSBURGH, Oct. 3 (AP)—Pitt's Golden Panthers, flashing the old Pitt power at times, surprised even Panther partisans by trouncing Southern Methodist 20-7 today before a crowd of but 15,000.

Sparked by Bill Dutton, a piston-legged halfback, the Panthers took the play from the favored Mustangs almost completely as they snapped back from a humiliating defeat by Minnesota last week. They scored in the first three minutes and clinched the decision with a two-touchdown explosion in the third quarter.

Pitt kept the Mustangs' famed "flying circus" pretty well grounded, except in the closing period when Fullback Howard Maley, Dallas, Texas, shot a 49-yard pass to his fellow townsman, Halfback Jack Moncrief on the Pitt 5 to set up the Texans' only score. Another pass, a left-handed toss from Sophomore Halfback Wayne Shaw, of Athens, Texas, to end Kelly Simpson, of Dallas, produced the touchdown.

Southern Methodist threatened again a few minutes later on a 39-yard pass from Maley to Simpson, which brought SMU to the Pitt 34, but the Mustangs' running attack bogged down on the Panther 12.

The Panthers thrilled the fans—about one third as many as the 41,000 who witnessed the last game between the two teams here in 1940—with a 93-yard touchdown drive as the game opened. Quarterback Walt West, raced the kickoff 57 yards to the SMU 36. Dutton and Fullback Frank Saksa punched it to the SMU 5, where Dutton went over.

With Dutton racing off tackle for long gains, the Panthers drove 80 yards in the second period to the SFU one-yard line, but they lost the ball on Dutton's fumble after a five-yard penalty for backfield in motion.

Opening up an overhead game of their own in the third, the Panthers scored on Dutton's 15 yard toss to Saksa. Then Halfback Tony Dimatteo, Pitt's running star of the Minnesota game, who substituted for Dutton, carried the ball 28 yards in three plays for the Panthers' final touchdown.

Owls Combine Strong Ground, Air Attack

HOUSTON, Oct. 3 (AP)—The Rice Owls firmly established their bid for national football recognition today with a thrilling 27-14 win over powerful Louisiana State before 20,000 spectators.

A marvelous ground attack, perfectly executed and implemented with crisp blocking, and a baffling aerial game gave the Owls their victory.

If the 1942 Rice team has a weakness it's in lack of reserve strength, but as long as the first team is operating any opponent will have trouble.

Just when the sweltering crowd was reconciled to a 14-14 tie midway in the fourth quarter, Rice opened up.

Virgil Eikenberg, the plane-legged sophomore tailback completed a marvelous pass to Williams, an end, on the LSU 46. Don Stephens tore through a gaping hole in center for 20 yards, then hit the same spot for 10 more. Eikenberg calmly faded, threw to Lindsey Bowen, a tackle, for a touchdown. Bowen had shifted to end on the play. Bowen's kick was blocked.

A few minutes later Rice took over on downs on the LSU 25. Eikenberg ran around right end and after taking a lateral to the 10, Fullback Dick Dwellie hit center for 8, then Eikenberg went over. Bowen converted to make the score 27-14.

Although his last period surge was the climax and left the crowd hoarse, the first three quarters produced plenty of fireworks.

Shortly after the opening kickoff, Rice showed it meant business, rolling off two first downs before a fumble nullified their efforts. Shortly after, however, the Owls were plugging again and drove 61 yards for the day's first touchdown. The payoff came when Dwellie lateraled to Dickson on the LSU 10 for a touchdown. Bowen converted.

LSU, stunned and determined to meet this assault, got his ball on Rice's 30. Fullback Walter Gorinski, a battering ram from Mutual, Pa. tore the Rice line to shreds and advanced to the 9. Harris circled right end for a touchdown then converted, to make it 7-7.

Rice took the lead in the third period on a 29-yard pass from Dwellie to Williams, who carried to the three-yard line, and Eikenberg hit tackle for the touchdown. Bowen converted.

The Tigers tied it up early in the fourth when Alvin Dark, a sophomore passer, shot three aerials that advanced deep into Rice territory. Gorinski went over from the 2 and Harris converted to tie it up at 14-14.

After that it was all Rice in one of the most thrilling last period rallies ever witnessed in this stadium.

St. Mary's Navy Team Victorious

LOS ANGELES, Oct. 3 (AP)—The Navy's pre-flight football team from St. Mary's College, starring ex-all-America heroes Frankie Albert of Stanford and Vic Botari of California, packed too much power and deception today and defeated UCLA 18 to 7, before 20,000 in Memorial coliseum.

The Tigers tied it up early in the fourth when Alvin Dark, a sophomore passer, shot three aerials that advanced deep into Rice territory. Gorinski went over from the 2 and Harris converted to tie it up at 14-14.

After that it was all Rice in one of the most thrilling last period rallies ever witnessed in this stadium.

Tulane's Power Fades Before Auburn Rush

NEW ORLEANS, Oct. 3 (AP)—A great Auburn team ripped the glitter off Tulane here this afternoon, forced them into constant goal line defense, and wound up victor 27 to 13 before 30,000 spectators.

After a slow start aided by fumbles and pass interceptions Auburn forced Tulane back to its goal line through much of the second period.

Following two unsuccessful Tulane attempts to kick out of danger Auburn took over on the Wave 30 from where Reynolds and Clayton smashed Tulane's ragged line and Reynolds went over.

Tulane came back fast when Grush took a low Thomas pass 38 yards to Auburn's 29. A tricky passing play, a forward from Franko to Thomas, then a lateral from Thomas to Grush was the payoff, Grush scoring from the Auburn 15.

In the third, Auburn blocked Brignac's kick and took over on the Tulane 12. On the third play, Clayton slammed over six yards for the touchdown.

The Galapagos Islands, new Pacific base for the U. S., is less than 1,000 miles from Panama Canal.

Bierman Comes Home To Whip His Old Team

MINNEAPOLIS, Oct. 3 (AP)—The old football master, Lt. Col. Bernie Bierman, came back home today to teach his star pupil, Dr. George Hauser, one more lesson, but it was only by the narrowest of margins that he did so as the Iowa Sea Hawks triumphed over Minnesota 7 to 6, before a crowd of 37,500.

In fact, the teaching lesson was almost reversed when the Gophers carried the ball to the one yard line in the last minute, but a fumble ended the drive there and Minnesota's consecutive win streak of 18 was snapped. Minnesota's last defeat was the next to the last game of the 1939 season.

While the Gopher victory string was ended, Bierman's personal victory record went up one notch to 20 straight. He engineered Minnesota through its 17-straight record up to this year and his Seahawks have won all three of their games this year. Bierman left the Gophers last winter to enter the marines and was assigned to the pre-flight training school at the Iowa city.

Ohio State Tops Hoosiers In Free Scoring Contest

COLUMBUS, O., Oct. 3 (AP)—In a free-scoring ball game, Ohio State counted 13 points in the final period today to beat Indiana 32 to 21 in their Western conference football opener before 48,227 fans. A sophomore fullback, Gene Fekete, paced the Bucks' scoring parade with three touchdowns and he kicked two extra points.

West Pointers Win Over Lafayette

WEST POINT, Oct. 3 (AP)—Scoring in the second quarter on a 72-yard sprint by Ralph Hill and again in the fourth period when Hank Masur went over from the three-yard line to climax a 39-yard march, the Army football team defeated Lafayette 14 to 0 today. A crowd of 7,900 saw the game.

Favorites Get Tripped In Day Of Dizzy Doings

NEW YORK, Oct. 3 (AP)—The roof fell in on the football paladins today and confirmed snow pre-season convictions that there will be no such thing as form this disney-war-time campaign.

Minnesota's string of 15 straight ended; Notre Dame, Duke, Texas and Fordham all beaten; Princeton whipped by Williams' small-college army, Southern Methodist smothered by Pitt's supposedly tame Panthers; Louisiana State, conqueror of Texas A. and M., trounced by Rice—these were just a few of the day's all but incredible developments.

Although their long winning streak finally came to an end, Minnesota's Gophers had no need to feel embarrassed. They were

whipped by a one-point margin, 7-6, by the Iowa Naval Pre-Flight outfit coached by Lt. Col. Bernis Bierman, former Gopher coach.

Notre Dame, picked in advance as a certain national contender, was smashed into defeat, 15-6, by Georgia Tech's Engineers who scored their second triumph over the Irish in 13 games.

It had been known previously that Duke, a Rose Bowl team last January, had lost much strength, but few were prepared for the 20-7 defeat the Blue Devils were forced to accept from Wake Forest, first victory for the Deacons over Duke since 1926.

Texas invaded Evanston and dropped a tough 3-0 decision to Northwestern when Al Pick, sub guard, boosted a field goal from

the 19-yard line. Fordham, off the opening victory over Purdue, led a strong favorite over Tennessee but the Volunteers, who had been tied by South Carolina last week, rolled up an amazing 40-14 count on the New Yorkers.

Pitt, swamped by Minnesota a week ago, rose up in its wrath and whipped Southern Methodist, 20-7, while Louisiana State was shelled by Rice, 27-14. Princeton, presumably tuning up against Williams, found itself outplayed and outscored by the "Little Three" representative, 19-6.

The day's most spectacular scoring duel took place at Columbus where Ohio State, led by Sophomore Gene Fekete, pushed over two fourth-period touchdowns and whipped Indiana, 32-21. Iowa was badly beaten by Great Lakes Naval Station, 25-0. Wisconsin and Michigan performed up to expectations, however, the former routing Marquette, 35-7, while Michigan was halting an old rival, Michigan State, 20-0. Purdue was swamped by Vanderbilt at Nashville, 25-0.

In the Big Six, Nebraska halted Iowa State, 28-0, in a conference test as Missouri, the 1941 title-holder, defeated Colorado of the Big Seven, 26-13. Oklahoma was no match for Tulsa, and was beaten, 23-0.

Alabama handed Mississippi State its first Southeastern Conference defeat since 1939 in rolling to a 21-6 triumph. Tulane, surprise victor over Southern California a week ago, was itself surprised by Auburn, 27-13.

The eastern program, by and large, pretty well conformed to expectations. Army and Navy both chalked up decisive victories, the former beating Lafayette, 14-0, as Navy trounced Virginia, 25-0. Cornell, losing its star back, Wally Kreis in the first few minutes, was no match for Colgate which earned an 18-6 decision. Boston College uncovered real power in routing West Virginia, 33-0, and Duquesne rolled over Holy Cross, 25-0, for its 15th straight victory. Penn won about as expected from Harvard, 19-7, and Yale, after a slow start, looked good in a 33-6 rout of Lehigh.

North Carolina State, winning its second Southern Conference start, beat Clemson, 7-6, for the first time in 10 years, and North Carolina upset South Carolina, 18-6. William & Mary easily topped Virginia Tech, 21-7. Furman was just a romp for the Southeastern Conference power, Georgia, and was trounced, 40-7.

Texas Christian won a Southwest Conference tussle from Arkansas, 13-6 as Texas A. and M. halted non-conference Texas Tech, 19-0.

In the Far West, Oregon State, the Rose Bowl champion, defeated California, 13-0. Southern California promptly wove his way across the double stripe. James Hughes drop-kicked the extra point. Bird ran for Water Valley's extra point. Officials were Sonny Chapman and W. C. Hadley.

Whirlaway Comes Back To Defeat Alsab, Run Purses Over \$500,000

NEW YORK, Oct. 3 (AP)—Whirlaway had his horse laugh on the Alsab cheering and chowder society today.

Getting revenge for the half-nose defeat he was handed by Alsab in their match race two weeks ago, little Mr. Big Tail trounced the Sab by three quarters of a length in the 23rd running of the Jockey Club Gold Cup at Belmont Park, picked up an \$18,350 paycheck and became the first horse in all turf history to win more than half a million dollars.

What's more, he did it under a classy ride by George (The Iceman) Woolf, who was partly blamed for the match race defeat. As a matter of fact, Woolf not only got even but with the victory he rounded out what was probably this year's top gold-flied "double."

For, only about an hour after he hit the jack-pot with Whirlaway, the Iceman sat in the saddle as John March's Occupation waited to a five-length victory in the \$57,280 Belmont Futurity, richest of all races for two year olds. This win, in which the mid-western colt completely outclassed Count Fleet and Slide Rule stamped Occupation as the year's top candidate for the championship of the juveniles.

Garner Trounced By Water Valley

Water Valley plastered Garner's six-man football team in a non-conference tilt Friday at Knott, 37-8.

Despite the margin, Water Valley only held a 6-0 lead at the half on the strength of a pass caught for a touchdown late in the second quarter by Jack Groff.

But in the third James Bird went wild. He ran across three touchdowns. Following suit, Scooter Glespie intercepted a pass for a score, and then Vandevanter, Water Valley center, snagged an aerial and scampered away for a counter.

Garner rallied in the final minute of play. When Water Valley fumbled on its own 10, Garner made the recovery and E. J. Roman promptly wove his way across the double stripe. James Hughes drop-kicked the extra point. Bird ran for Water Valley's extra point. Officials were Sonny Chapman and W. C. Hadley.

Lubbock's Rushing Game Overpowers Steers, 18-6

Locals Garner Tally With An Early Pass

BIG SPRING		LUBBOCK	
7	First Downs	10	239
50	Yards Gained Rushing	22	21
51	Yards Gained Passing	3	5
123	Yards Lost	5	5
5 of 18	Passes Completed	5 for 137	5 for 45
5 for 275	Punts—No. and Yardage		
3 for 50	Penalties—No. and Yardage		

Featuring a fast-charging line and two shifty ball carriers, the Lubbock Westerners gave Big Spring's Steers their first taste of defeat for 1945 Friday night in Steer Stadium by an 18-6 score. Coach Goerber Keyes' eleven, led by fullback Robert Brewer and Douglas "Primo" McCurry, halfback, piled up 10 first downs and 239 yards rushing against the Steers. Big Spring's only score was made by Doyle "Hunka" Stewart on a pass from Earnest Bostick.

The Steers took the lead early in the first quarter when a Big Spring player recovered Lubbock's fumble on the Westerners' 30-yard line, and Bostick showed passes to Blount and Stewart for the remaining yardage. Standing on Lubbock's 12, Bostick tossed to Stewart in the left flat for the Steer tally. Stewart missed the attempted conversion.

Big Spring's lead was nullified on the next series of plays with Brewer and McCurry lugging the pigskin from their own 42-yard marker to the double-stripe. In exactly eleven plays the Westerners evened the score, Robert Brewer going over from the 4-yard line on a sweep around left end. Wayne Odam, left half, missed the try for extra point.

Lubbock added another score to their half of the ledger in the second quarter. Again, it was Brewer and McCurry carrying the ball—moving from the Steer 31-yard marker on a sustained drive to make the score 12-6. On a quick opening play from the 14, fullback Brewer found a hole in the Big Spring line and scampered over the goal line. Odam again missed the try for point after touchdown.

The Westerners final touchdown was made in the third period by Jim Hieger, left end, who was waiting in the end zone for halfback John Raley's pass. Lubbock's third touchdown drive, spiked by Odam and McCurry, started from the Steer 40-yard marker. The scoring play originated on Lubbock's 8-yard line. Attempted conversion was missed by Odam.

A drizzling rain kept both teams scoreless in the fourth quarter. Lubbock's well-balanced line and

Stasey Giving Up Baseball For Army

Pat Stasey's promising baseball career will have to take moratorium come next spring for he has more pressing business.

Pat enlisted Saturday in the U. S. army with recommendation that he be assigned to the Big Spring Army Air Force Advanced Flying school for his on-the-job aircraft mechanical training.

Had it not been for the war, the former Big Spring slugger had a swell chance to really get going next season. With the Minneapolis Millers the past season, he only got to play part of the time with three ex-major leaguers for competition. Many of his appearances at bat were in the role of pinch-hitter—but even at that Stasey finished the season with .308 which was 12th place for players in the American Association and was second highest for any of the Miller players.

The big reason he got to play no more than he did for Minneapolis were: Hub Walker, who was five years with Cincinnati; Al Wright, who pounded the ball hard for Pittsburgh; and Joe Vosmik, who bulwarkeed for Cleveland for years and had hitches at Boston and Brooklyn.

Stasey captured the fancy of fans during the season. Given good advance plugs for his terrific spring training hitting, he broke into the opening game with Kansas City and started a ninth-inning rally with a double. Minneapolis took heart, pushed across four runs to tie the count and went on to win in the 10th.

At one time during the season Stasey was in second place in American association batting. He was named on a weekly all-star team for the class AA league, was presented with a certificate for outstanding playing for getting seven hits in nine trips in two games and drew a radio interview. Sports writers gave him a good build-up, gently chided the manager for not letting him play more, and praised his throwing arm as one of the best in the league, and pinned such handles on him as "handsome" and "the Big Spring Swing."

He went to Jersey City near the

Odessa And Angelo Take Dist. Games

It's a good deal like the boys have been saying—Odessa looks mighty classy in the 3-AA school-boy circuit. And there's something the boys didn't say much about—the San Angelo Bobcats.

Those two clubs went into conference play this week and each emerged with a victory. At Odessa, the Bobcats didn't attempt to use their passing attack, but poured the power on to overturn the Lamson eleven, 23-0.

San Angelo staged just as impressive a performance in the other league game in trampling the Midland Bulldogs 33-7 in a game at Midland. The Angelos have a lead by the name of Milton Railbone who can run and who can pitch, and he served notice at Midland that he's one to watch.

Neither Midland nor Lamson could put up any scoring threat against their foes.

On the other side of the circuit, the Sweetwater Mustangs keep on rolling along, just like Old Man River. Their Friday night victim was Graham, and the final score was 27-7. The Graham lads fought stubbornly for the first half—even held a 7-4 lead at the intermission—but the Mustangs got down to business in the final frame, using both ground and aerial attacks to bring the tallies.

Abilene's Eagles came from behind to rack up a 7-7 tie with the Breckenridge Buckaroos. It was a stiff fight, and the Buckies had the upper hand for most of the contest with the exception of the third quarter. Breckenridge gained 163 yards rushing to 79 for the Abileneans.

Colorado's Wolves were the third 3-AA squad to fall before a classy Brownfield team out of the Class A circuit, Midland and Lamson having been the other two. The Wolves were no match for a hard-running Brownfield team led by Devereille Lewis, who appears to be an all-stater in anybody's language, and were completely snowed under 58-0. Not once did the Wolves threaten, while Brownfield scored practically at will.

The news has been told that Big Spring fell under the advance of the Lubbock Westerners, 18-6.

close of the season in the Van Mungo deal and hit well until sent to Knoxville to play regularly the balance of the year. He averaged two hits a game there. Next season Stasey was to have gone back to the Millers, but—

Well, maybe he'll get to play some baseball in the army.

Cards Zoom Ahead In Series By Blanking Yankees, 2-0

Spectacular Fielding Backs Up Ernie White's Great Twirling

YANKEE STADIUM, NEW YORK, Oct. 3 (Sp)—The walloping St. Louis Cardinals tore into the New York Yankees again today for a 2 to 0 victory behind the magnificent pitching of Lefty Ernie White who shut out the mighty sluggers for the first time in a world series since 1905 and put the Redbirds ahead two games to one in the current classic.

While the largest crowd in world series history, 65,123, sat stunned at first by the slight of their Bronx Bombers being smothered, and then later welled up into great cheers for the spectacular fielding of the visiting National leaguers, the Cardinals took control with a run off Spud Chandler in the third inning and scored another off Merv Brewer in the ninth after Chandler had been removed for a pinch hitter.

It was a stormy struggle with the beleaguered and possibly bewildered Yankees arguing time after time with umpires on close decisions at the bases, on balls and strikes at the plate and on the fact that Ernie White early in the game was getting his signals from Catcher Walker Cooper before stepping onto the rubber.

Although the two teams transferred the series scene here from St. Louis today all even in the standings, the pressure throughout the contest was definitely on the Yankees and the Redbirds kept pouring it on.

Their victory, besides being the first whitewashing administered to the Yanks since Jess Timmes pitched a 4 to 0 shutout for the 1926 Cardinals, also was the first time since that year that New York had trailed in a world series except for the temporary advantage Carl Hubbell gave the Giants by winning the opening game in 1938.

As in the second game at St. Louis which the Cards won 4 to 3, they were outbait by the Yankees today. But they did much more with their five blows than the staggering world champions could accomplish on six.

White, a good-looking 26-year-old sophomore from Paoclet, S. C., struck out five batters in the first three frames, also fanned pinch-hitter Red Kuffner in the eighth and never gave a base on balls during the entire game.

It was a walk which started Chandler to defeat, just as a pass by Ernie Bonham had whipped him in St. Louis. In the third inning today George (Whitey) Kurovski waited out a free ticket to first and Marty Marion tried to sacrifice him.

The play was completed, but the Yanks protested that Marion had hit the ball twice, the second time while he was not in the box which would have made him out. But the four umpires conferred on the infield grass and decided to rule the play a foul ball, calling Marion back to bat. He again bunted and this time beat Chandler's throw to first for a single. Then White sacrificed and Kurovski scored from third as Jimmy Brown grounded out.

Except for that miscarrage Chandler, winner of 15 games against five losses this season, pitched impressively till he gave way for a pinchhitter in the eighth. A single by Stan Musial in the fourth and another scratch hit by Kurovski in the eighth were the only other hits he allowed.

The Yanks never were able to get two hits in any inning, but White had the help of some of the most spectacular fielding in series history. In the sixth inning Roy Cullenbine singled with two out and the crowd cheered as DIMaggio came to bat. He hit a tremendous fly into left centerfield only to have Moore catch it while criss-crossing directly in front of Musial, who fell down and somersaulted.

In the seventh inning Musial leaped his back against the low wall to catch a 400-foot fly by Joe Gordon and on the next play Slaughter leaped high into the air

Second Guessers Arise Late, So Next Meeting Will Be At Noon

Grandstand quarterbacks may blast plenty on Friday evenings while the game is going on, but they don't get up early Saturday.

Coach John Dibrell and Assistant Tommy Beene were sure of this after the first meeting of the Quarterbacks Club—a noble collection of rabid fans—produced almost no turnout. Bill Tata, holding up both his and Obie Bristow's (Captain Bristow now) and of rooting this autumn, was there with plenty of questions.

So to accommodate the late risers, the next Saturday meeting will be held at noon on the Settles mezzanine and will hold on just as long as fans want to explain about bad plays, demand gratifications for this and that and otherwise castigate or praise 1) the coach, 2) the players and 3) things in general.

There's no admission charge—just a lively, healthy interest in football. The shoulders of Dibrell and of Beene are broad.

Had a bunch showed up Saturday morning, Dibrell probably would have explained many weaknesses revealed in the game Friday against Lubbock. The Steers showed glaring faults in the line, on blocking, and sheer astonishment at the force and speed with which Lubbock men ran and tackled.

But, the coach was convinced his boys had learned a lot—more than perhaps all season. They were battling back at the ball and hadn't given up. They had demonstrated a scoring punch at first, and best of all, in the dressing room there was not the slightest semblance of gloom.

"Boy, oh boy," they yelled, "We'll get Odessa next week!"

Georgia Tech Bests Irish

SOUTH BEND, Ind., Oct. 3 (AP)—Georgia Tech, sending out a group of speedy backs, one a freshman, pushed the Irish in the Notre Dame line and filled the air with passes to win 13 to 6 today.

It was the first Irish defeat in 11 games and the second Tech victory over Notre Dame in 13 games. Fullback Ralph Plaster scored first for the Engineers in the third period, squirming over from the one yard line after a recovered Notre Dame fumble set the scoring fuse. Freshman Clint Castleberry speared Pat McHugh with an eight yard in the Notre Dame line at the start of the fourth period and Tech cruised into a 13 to 0 lead.

Notre Dame, with accurate Angelo Bertelli hurried by fast charging forwards and unable to make an appreciable showing with his aerials, took to the ground to register its only touchdown early in the last quarter.

Lights Go Out, Game Is Called

PAMPA, Oct. 3 (AP)—A football game last night between the Childress Bobcats and the Pampa Harvesters was called at the end of the first half on account of darkness.

Vapor heated floodlamps burst in a heavy rain and the game was called with Pampa leading, 20-0. An additional feature of the "game" was a touchdown in the first ten seconds of play by Pampa on their own kickoff.

Forsan Whipped By Sterling, 32-0

FORSAN, Oct. 3—Still looking like the favorites to repeat as champion of the Pioneer Athletic association six-man football league, Sterling City moved down the Forsan Buffaloes here Friday, 32-0.

Tom V. Davis and John Dawson were the big guns for Sterling, staging a parade of touchdowns while Fred Mitchell got in two points after the score.

Nebraska Bops Iowa State 26-0

LINCOLN, Neb., Oct. 3 (AP)—With an air attack that had the Iowa State backs completely befuddled, and holding complete control along the forward wall, Nebraska launched its Big Six football title drive today with a 26 to 0 victory.

Playing before about 10,000 spectators, one of the smallest opening game crowds in Nebraska history, the Husker pass defense, riddled a week ago when the University of Iowa took a 0 to 27 win, was rock bound today, leading to three of the touchdowns.

Six of the 11 passes that Iowa State threw were intercepted by the Huskers.

Dale Bradley, Nebraska's all-conference back, launched the Huskers on their victory drive late in the first period when he ran back Royal Lohry's booming 53 yard punt 15 yards to the Nebraska 27.

The Nation's steel mills are running out of scrap. They haven't enough on hand for even 30 days more. When this is gone they may have to shut down—for all new steel is 50% scrap. Get your scrap ready to turn in now!

WHOSE BOY WILL DIE BECAUSE YOU FAILED?

Or maybe you don't care!

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance. So you're going to get that chance!

Next week we're starting the biggest drive you've ever seen, to get in this precious material. And you're going to pitch in, too, because this situation is serious.

Start looking around your place for scrap today. If you've got a son in the service, do it for him. Do it for the neighbor's boy—for those fine young chaps you just passed, out on the street.

Above all do it for your country... and do it now!

THINK about it as revenge—a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men—something you, yourself, can do to bring as many as possible home alive.

But think about it now—for the scrap in homes, farms and factories has got to be moving to stockpiles within the

next few weeks or it may be too late!

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

The Bugler Hasn't Lost His Bugle Yet—

Army Produces A Plastic Trumpet

WASHINGTON, Oct. 3 (AP)—Pressing the middle valve down, the war department west wind and round and the music that came out here today blasted the sweet dreams of soldiers.

been invented which would save 30 ounces of brass per instrument. So instead of scrapping the bugles to save the brass—as the soldiers had hoped—the war department promptly adopted this new super - duper - trooper-

whooper for the army toolsters to toot.

If it's any solace to soldiers, the old news said, this plastic slumber-blaster has a better tone, giving reveille a resonant ring it never had before.

But the war department went on to say that the snazzy new snore-buster is amazingly and startlingly sudden, too. It does its work without even the decent warm-up period the old trumpet required.

The officials called the material cellulose acetate, but the name is not expected to last after Johnny Doughboy learns the news.

To cut bugler casualties, the new trumpet is camouflaged olive drab to blend with uniforms and other equipment.

Besides all that, the war department gleefully noted, the new instrument won't choke up. But there's still the bugler, boys...

THE WAR TODAY: England Due For Renewed Bombing

Wide World War Analyst

British expectation of a winter shift of Nazi air power from Russia against England or to the Egyptian front or both seems well founded although the date for it is not entirely in Hitler's control.

By the wording as well as the implications of his address to the Berlin relief rally he has set the general contour of a winter holding front in southern Russia. Even more definitely "General Winter,"

as Hitler dubbed the advancing Russian season, sets the time for a German halt in northern Russia. Hitler admitted that. He has learned a profound respect for Russian winters.

With a Nazi halt on a winter front in Russia, there is every reason to suppose that much of the Luftwaffe now vital to the active campaign there can be spared. It was primarily lack of adequate air support for the axis forces in Egypt that averted a siege of Alexandria. It is obviously inability to spare the planes from Russia that has hampered German defense in the west against British and American mass bombing.

Rat Poisoning Campaign Makes Little Headway

The county-wide rat poisoning campaign set for this week looked Saturday if it might be a light job at the rodent infestation instead of the knockout blow for which it was conceived.

County Agent O. P. Griffin said that interest in the drive had reached a low ebb toward the end of the week and that comparatively little poisoned bait had been ordered.

The schedule called for pre-baiting Monday and Tuesday, followed by entirely new liberal amounts of poisoned bait Thursday and Friday. The pre-baiting will be of the same base but without the lethal dose and in amounts calculated to whet the appetites of rats.

In demonstrations, Griffin has been doing a lot of gassing and has found this to be a most effective way of disposing of the rats. He has rigged a connection from an old gasoline hose to transmit the fumes from his car into rat holes. The carbon monoxide has a deadly effect.

Most of the poisoning to be done this week will be by community farm leaders who helped organize the campaign, said the agent. The campaign was conceived as a direct frontal attack on an epidemic of types that has plagued this area for nearly a year now.

Alabama Tramples Miss. State, 21-6

TUSCALOOSA, Ala., Oct. 3 (AP)—A great Alabama football team knocked off Mississippi State's Southeastern conference crown today, and kicked it all around Denny stadium, scoring all its points in a hectic third quarter to beat champions, 21-6, before 18,000 fans.

State's powerful team, a pre-season favorite to retain its title, held Alabama scoreless the first half, but it crumbled under sledge hammer blows of Russ Craft, Russ Mosley and Don Salls in the third period, and Craft piled over thrice to score.

Kermit Davis kept State from the ignominy of a shut-out. In the last quarter he snatched a desperate 29-yard pass from Billy Murphy and ran 15 more yards to score.

Here And There

Remember Diddle Young, the round young man who was with the CCC camp here years ago? He's coaching football at Water Valley now and was through here for a brief visit Friday afternoon.

Next meeting of the Big Spring school board, scheduled originally for Monday night of this week has been delayed a week, until October 12, Supt. W. C. Blankenship announced.

The name of the local flying school has been changed—abbreviated to a certain extent. It's now the "Army Air Force Bombardier School" and you can put Big Spring in front of it if you like. "Bombardier" replaces "Advanced Flying."

A meeting of the Civilian Defense Council has been called for Tuesday night, at the chamber of commerce at 8 o'clock, by Co-Chairmen Walton Morrison and Grover Dunham. Membership appointments will come up, and the personnel is due to change considerably because several members have left the city. Council chairmen say that work of the organization is to be streamlined and put on a better operational basis. An OCDC headquarters may be opened in the near future.

A letter mighty pleasing to his parents, Mr. and Mrs. Carl Blomshild, is one received from Harry Blomshild. Stationed at the Brooklyn navy yard, where he is taking specialist training in a gyro-compass school, Harry writes that his work is going A-1, that the officers are a fine bunch. In a word, Harry likes the navy and apparently the navy likes him.

O. L. Bolin, booked on a charge of violating the law of the road, was fined \$25 and costs Saturday by Justice of Peace Walter Grice.

Eugene Long has been added to the staff of the postoffice here, according to Postmaster Nat Shick. Long went in as a substitute in an opening created by enlistment of two postal staff members in the army.

Clyde Allen, negro, who was picked up here June 11 by the sheriff's office on request from Midland officers, was finally delivered into custody of Midland authorities Saturday.

Coffee Rationing May Be Necessary

WASHINGTON, Oct. 3 (AP)—Reports of coffee shortages appearing simultaneously from many parts of the country drew from an office of price administration spokesmen today the statement "that it may be necessary to ration coffee."

"It certainly will be if this buying situation continues," he added, referring to reports that housewives had bought up most of the available stocks in several cities.

St. Louis Gang Nervous No More

NEW YORK, Oct. 3 (AP)—The boisterous, jubilant St. Louis Cardinals, their nervous tension entirely gone, are supremely confident they are on the march, with victory certain, and nothing whatever will stop them.

That was the attitude of Manager Billy Southworth down to the last play as they staged a yipping celebration in their dressing room after blanking the New York Yankees, 2 to 0, in the third game of the series today and moved into a 2 to 1 lead. It was the first time the Yankees had been behind in a series since 1936 when the New York Giants won the opening game with the Yanks coming back to win four straight.

Southworth himself was the authority that the Cards had been relieved of tension. "But, mind you," he explained, "I ain't going to make any predictions. We've still got to win two ball games. The Yankees are tough—there are no tougher and we've got to play to win."

New President For Northwestern U.

GEORGETOWN, Oct. 3 (AP)—Dr. J. N. R. Score will become the 10th president of Northwestern University in ceremonies to be held on the campus Tuesday, Oct. 6, at 10:30 a. m.

Special guests for the occasion will be four bishops of the Methodist church, state government officials and representatives from approximately 100 colleges and universities, more than 50 of them from out of the state.

Illinois Runs Up A Record Score

CHAMPAIGN, Ill., Oct. 3 (AP)—Illinois amassed the greatest number of points ever scored in Memorial stadium today, thoroughly drubbing crippled Butler 67 to 0, before 10,000 fans. Previous high was the 58 to 0 by which the Illini routed another Butler team in 1927.

Dallas Man Dies Of Stab Wounds

BOISE, Idaho, Oct. 3 (AP)—W. L. Goode, 37, of Dallas, Tex., died tonight in a hospital five hours after he was stabbed four times at a motor court on the outskirts of Boise.

County Attorney James Blaine said a new charge was being prepared against T. S. Davidson, operator of the court, who earlier was charged with assault with a deadly weapon and released on \$2,000 bond after a hearing before Justice of the Peace T. M. Roberts.

N'Eastern Howard Wildcat Drilling Below 2585 Feet

Cosden No. 1 Thelma Cole, north-eastern Howard county wildcat located in the southeast quarter of section 14-26, H&TC, drilled ahead below 2,585 feet in lime.

The test was credited with a high solid lime top at 2,585 feet which is 250 feet above sea level, and had a slight odor of gas at 2,920 feet.

C. T. McLaughlin and Cosden Petroleum Corp., No. 1 H. H. Griffin, wildcat in southern Mitchell county on a Shell farmout, was below 2,600 feet in lime. The test, a scheduled 3,000-foot exploration, is located in section 26-23, T-1-S, T&P.

Sturry county's Ordovician test, the Humble Oil and Refining Co. No. 1 Newman, projected for 3,000 feet, was past 6,000 feet in lime and shale. It is located in section 25-97, H&TC.

Barn Dance Held Here Friday

Bales of hay were placed around the dance floor at the Country club at the barn dance given Friday night for employes of Cosden and their guests.

Refreshments were served ranch style to over 100 persons present. Guests dressed in aprons and overalls to keep the barn dance theme. Paul Jones and other get-acquainted dances were held. Guests included a group of lieutenants from the Big Spring Flying school, L. M. Miller, D. M. Johnson, M. C. Johnson, H. S. Gorden, L. S. Ross, Willard J. Hall, James B. Freeman, J. E. Beauclair, C. M. Cary, W. D. Sinclair, F. M. Mag-natt, McMichael, and Hoffman. Cpt. J. C. Logan, Col. David Wade, J. M. Stanley, yeoman second class, and D. C. Lehman, seaman first class, T. B. Fulkerson. Special songs were furnished during the evening by Betty Bob Dittz.

Hyperion Club Discusses City County Library

Discussing the possibilities of a city-county library, and hearing plans for assisting at the temporary USO center at First and Runnels streets, the Hyperion club met for luncheon session Saturday at the Settles hotel.

The club voted to meet the first Saturday of each month and to have programs on current events. Mrs. Don Seale was granted a leave of absence and new members were discussed.

Officers for 1942 will hold their posts for the coming year, it was agreed.

Mrs. R. T. Piner is to be next hostess, it was announced, and others present were Mrs. V. Van Gleason, Mrs. J. D. Biles, Mrs. J. T. Brooks, Mrs. George Wilke, Mrs. J. E. Young, Mrs. William Tate, Mrs. J. H. Greene, Mrs. Lee Hanson and Mrs. Seth Parsons.

Big Spring Couple Marry In Reno, Nev.

Word has been received here of the marriage Sunday night, September 27th, at 8 o'clock in Reno, Nev., of Joyce Powell, daughter of Mr. and Mrs. U. G. Powell, and Cecil Edwards Richardson, Jr., son of Dr. and Mrs. C. E. Richardson.

The couple is at home in Richmond, Calif., where he is employed in the shipyards.

The bride was graduated from Big Spring high school in 1942 and was named to the Texas "Who's Who." Richardson was also a student at the Big Spring high school.

Cosden Chatter--

By TOMMY McCABRY
A bouquet to Mr. and Mrs. D. W. Webber, sponsors of the Cosden barn dance held at the country club Friday evening. Everyone seemed to be having a rip-roarin' good time dancing around the bales of hay, etc.

Incidentally, seen at the dance were Mr. and Mrs. Joe Burrell dressed in what might be described as "what the well dressed farmer and farmerette will be wearing this fall." Mrs. Karcher's costume had a lot of class to it, too.

"Cowboy" T. B. Fulkerson of Lamesa attended the party. Also, a group of lieutenants and other officers were guests of the company. Even the navy was there.

Martha Ehlman of the accounting department, and Mrs. H. R. Price of the tax and insurance department, are new members of the Cosden family.

R. L. Tollett left Friday for Fort Worth. He will spend the weekend on Lake Brownwood, returning to the office Tuesday morning.

Marvin Miller of Graham was a visitor in the office this week. Leonard Beckwith attended the Arkansas-T. C. U. game in Fort Worth Saturday.

W. E. Gibson is on a business trip in Abilene and Fort Worth. Sam Hether returned to the office Friday from a business trip to Holbrook, Ariz. "Scotty" Scott will remain in Holbrook several weeks on company business.

E. W. Williams returned this week from a business trip to El Paso and points west.

Fort Worth Bound: Leonard Blackwell, Mr. and Mrs. Lee Harris and daughter, and Ray Compton.

VFW Auxiliary Makes Plans For Joint Meeting

Planning a joint meeting with the post for October 8th at the hall, the VFW Auxiliary met for business session Friday night at 9th and Gollad.

Mrs. Oia Jacobs was named as war work chairman and Mrs. Margaret Barnett was named as honor roll chairman.

Mrs. Elizabeth Wilson of Tucson, Ariz., was present as a guest and others attending were Mrs. Susie Corcoran, Mrs. Jewel Morgan, Mrs. Mary Ehlman, Mrs. Della Hicks, Mrs. Dorothy Hull, Mrs. Jessie Brown, Mrs. Eula Lee, Mrs. Mary Sintell.

Betty Lee Eddy And Lieut. Don Burke Wed Here Saturday Morning

Couple To Be At Home In Roswell

Betty Lee Eddy, daughter of Mr. and Mrs. L. E. Eddy, and Lieut. Don G. Burke, son of Mr. and Mrs. J. H. Burke of Rochelle, Tex., were married at 10 o'clock Saturday morning at the First Methodist church with the pastor, the Rev. H. C. Smith, reading the single ring ceremony.

The ceremony was read before the altar which was flanked with floor baskets of peach and white gladioli and ferns.

The bride wore a dressmaker suit of brown velveteen with brown accessories. She carried a white prayer book topped with a shower of white gardenias.

Mrs. J. H. Kirkpatrick played the traditional wedding marches for the professional and recessional.

Marie Dunham, who was bridesmaid, dressed in a powder blue wool ensemble with a peach gladioli corsage. Lieut. E. H. Anderson of Seattle, Wash., was the bridegroom's attendant.

The couple left after the ceremony for a ten-day trip and on their return will be at home in Roswell, N. M., where Lieut. Burke is an instructor at the Roswell Army Flying school.

Traveling the bride wore a brown gabardine suit with brown accessories.

The bride was graduated from Big Spring high school and has been employed here at the Big Spring Flying school. She was a former member of the Sub. Deb club.

Burke, who was educated in Brady high school, was graduated from A. and M. college and was formerly employed here by Commercial Credit company.

Attending the wedding were Mr. and Mrs. J. H. Burke of Rochelle, Mr. and Mrs. G. C. Dunham, Mrs. W. D. McDonald, Mrs. J. B. Hodges, Mrs. Ed Merrill, Mrs. Don Wallace of Big Lake, Janice Slaughter and Mr. and Mrs. L. E. Eddy.

Former Sub Deb club members entertained for the bride with a Mexican dinner at the Monterey this week and presented her with a gift.

Hostesses were Billie Bess Shiva, Janice Slaughter, Joyce Croft, Kathleen Underwood and Wanda McQuain.

Other guests included Marie Dunham, Mrs. L. D. Chrane, Jr., Mrs. James Edwards, Mrs. J. B. Wheat, Jr., and Emily Stalcup.

Army Buddies Who Wed Same Day Keep Up Unusual Record

Two inseparable buddies, whose lives in the army have run a parallel course since their induction in June, 1940, kept the records straight Friday when they each married on the same day and both couples left on a honeymoon trip to Carlsbad, N. M.

Two Hostesses Give Shower For Mrs. Spain

Pink and blue shower was held for Mrs. Tommy Spain Friday in the home of Mrs. Steve Baker with Mrs. Charles Brewer as co-hostess.

The table was centered with pink roses on a blue background and lighted with tapers.

Refreshments repeated the color scheme. Gifts were presented following the tea. The guest list included Mrs. C. K. Shelton, Mrs. B. E. Rogers, Mrs. R. E. Blount, Mrs. R. L. Bessis, Mrs. J. H. Stiff, Mrs. Ocie Benson, Mrs. Clarence Alvis, Mrs. Harold Newth.

Mrs. Homer Ward, Mrs. Frank Adcock, Mrs. D. M. McKinney, Mrs. Ruth Staba, Mrs. Leo Hayes, Mrs. Bud Petty, Mrs. Vernon Stepp, Mrs. George Thomas, Mrs. Clyde Thomas, Jr., Mrs. J. T. Pittman, Mrs. W. V. Boyles, Mrs. B. E. Freeman, Mrs. H. W. Henley, Mrs. Clyde Angel.

Mrs. Vance Lebkowsky, Mrs. Olive Anderson, Marion Elmore, Mrs. J. W. Anderson, Mrs. Otis Johnson, Mrs. Ed Adams.

VISITS AND VISITORS

Sgt. Paul Drouet left Friday for Will Rogers Field, Okla., after a ten day furlough here with Mrs. Drouet.

Sgt. Doyle Piper of Harlingen, Texas, arrived Saturday for a 15 day furlough here with Mr. and Mrs. A. E. True.

Mr. and Mrs. J. D. Steambridge and Delbert of Gilmer are visiting here with her parents, Mr. and Mrs. W. A. Prescott.

Mr. and Mrs. Lynn Edwards of Lamesa spent Friday visiting here.

Alvin Smith, son of Mrs. H. H. Smith, is now stationed at Camp Robinson, Ark. J. H. Smith is now at officer's candidate school at Miami Beach, Fla.

Lieut. Lowell Taylor, brother of Elton Taylor, spent Saturday here visiting with Mr. and Mrs. Elton Taylor and Mrs. Zack Taylor of Sweetwater. Lieut. Taylor has just completed his training at Fort Warren, Wyo.

Miss Laneous Notes

By MARY WHALEY

There's one thing that's worrying us these days and that is whether school kids study more than they used to or whether it's a lot of propoganda they're putting out.

When we wore our hair in pig-tails it seems to us that we never had much homework to do. If by chance we had to learn some poetry or memorize some history dates, we dragged those books home with us all right, but then the whole family suffered until our job was done.

But the kids we see nowadays look something like pack horses as they stumble home from school.

A notebook the size of an overnight bag, a history or geography book, a family Bible, two or three smaller assorted English books, and an arithmetic, is just a part of the equipment they carry home every night.

If the students really and truly study the contents of those books, there's going to be an awful smart generation coming up. They'll know more than most anybody and maybe that's what's going to happen.

But the unjoyful thought keeps coming to our mind that maybe these books are just a front. Maybe the books are left on the hall table these afternoons and not disturbed until after 8 o'clock the next morning. If so, we think like the way we studied, too, but we didn't bother to bring books home for camouflage.

Diocesan Council Delegates Attend Lubbock Meeting

Delegates to the Diocesan council of Catholic Women held today in Lubbock left Saturday to attend the one day session.

Mrs. W. E. McNallen, president of the diocesan council and Mrs. Frank Smith, president of the local parish council, are attending the meeting along with Mrs. L. L. Freeman, Mrs. Julia Julian, Mrs. Curtis Choate, Mrs. Charles Vines, Mrs. L. D. Jenkins, and Mrs. Eli Duck.

Oversea Kits For Red Cross Made By Clerk's Auxiliary

Making oversea kits for the Red Cross was activity for the Federation of Post Office Clerk's auxiliary in meeting Friday in the home of Mrs. Lindsey Maschanka.

Business was discussed and plans made to meet next time with Mrs. Alden Thomas. Refreshments were served and others present were Mrs. H. H. Smith, Mrs. Glen Poteffah, Mrs. Hugh Potter, Mrs. B. F. Bigony and Mrs. Thomas.

Squadron Has Dance At Hotel

Gold and blue, colors of the army air corps, were used throughout the party decorations when the 514th Squadron entertained Friday night at the Settles hotel ballroom for a dance. Members of the Skyettes club were invited as guests for the event.

Gold and blue streamers hung from the ceiling and were caught at intervals with clusters of balloons. Blue practice bombs were placed around the falls and over the nickelodeon was the name of the squadron. American flags were also used in the decorations.

Hours for the event were from 7:30 o'clock to 11 o'clock and over 125 persons attended the party.

Class Teacher Honored With Gift Shower

Gifts were presented to Mrs. M. E. Harlan, teacher of the First Baptist Homemaker's class, whose members met in the home of Mrs. C. E. Richardson Friday for business and social.

Mrs. R. D. Ulrey presided and prayers were voiced by Mrs. Harlan and Mrs. J. E. Brigham.

Committee reports were given and Mrs. R. K. Snyder had the devotion. Mrs. Harlan was in charge of the program.

Roses were room decoration and refreshments were served. Guests included Mrs. L. E. Hutchinson and Mrs. C. C. Ryan.

Others present were Mrs. T. A. Rogers, Mrs. J. E. Ferrell, Mrs. R. E. Snyder, Mrs. J. L. Haynes, Mrs. W. F. Fuglaar, Mrs. J. E. Nell, Mrs. M. C. Stullings, Mrs. J. C. Redwine, Mrs. E. H. Switzer, Mrs. Tom Roberts, Mrs. G. H. Hayward.

CALENDAR

Laurel-Hardy Put No Limit On Laughter

How much is a movie laugh worth to Stan Laurel and Oliver Hardy? Well, it's worth as much to them—and their producers—as they have to pay. They'll wreck furniture, throw 1,000 pies at us, do any kind of physical torture to get those explosive "belly" laughs in the theatre.

In their current picture, "A Haunting We Will Go," which is at the Lyric theatre today and Monday, 20th Century-Fox has laid out many dollars just for the services of Dante, the acknowledged peer of all magicians. Why? So that Stan and Ollie could become involved in some of his amazing stunts with rather alarming—but hilarious—results.

Studios have spent thousands of dollars to get a few laughs, only to snipe them out of the picture altogether after the gags didn't quite measure up at sneak previews. On the other hand, however, many a great Laurel and Hardy gag has cost the studio nothing. For most of their basic mannerisms are simply evolved. Stan's famous crying expression and Oliver's combustible exasperation, which through the years have become almost their trade marks, were mere improvisations.

Stan and Ollie have a pack of new ones for their followers in "A Haunting We Will Go." The comedy features Sheila Ryan and John Shelton, in the romantic

Desperate—Raymond Massey faces Nazi terrorism in the film, "The Invaders," when Eric Fortman, as the last remaining member of a U-boat crew stranded in Canada, attempts to escape. This is from the stirring realistic drama which is at the Ritz today and Monday on the same program with "The Battle Of Midway," an actual newsreel of the great U.S. victory filmed in Technicolor.

Tough Spot—William Gargan, as that famous sleuth, Ellery Queen, finds himself in a tough spot when confronted by Nazi spies in "Enemy Agents Meet Ellery Queen." This newest of a popular series of episodes is at the Queen theatre today and Monday.

'The Invaders,' Now At The Ritz, Tells How Nazis Fare In Canada

The screen's uncanny stabs at prophecy have produced some startling results in the past, but never has the gift been used so dramatically as in Columbia's "The Invaders," which is offered at the Ritz theatre today and Monday with Laurence Olivier, Leslie Howard, Raymond Massey and Anton Walbrook.

Today's headlines are filled with stories of Nazi submarine raids on North Atlantic coastal shipping. Placed into production more than a year before the first enemy periscope was raised above the choppy waters of our coast line, "The Invaders" tells of a U-boat's depredations in the Gulf of St. Lawrence and Hudson Bay. Visited by what now seems to be second sight, the scenarioists foretold the first German attempts to invade the Western Continent and painted a now well-established picture of savagery of Nazi undersea warfare.

What's Here?—You'll recognize Stan Laurel and Oliver Hardy under the Turkish makeup. And they take time out from laughs in their newest picture, "A-Haunting We Will Go," to pay some romantic attention to Sheila Ryan. The latest Laurel-Hardy funfest is at the Lyric theatre today and Monday.

Popular Pair—Tops with moviegoers are these two talented youngsters, Mickey Rooney and Judy Garland, who are co-starring in a fast-moving musical comedy at the State theatre today and Monday. The picture is "Strike Up the Band," in which other attractions are Paul Whiteman and his orchestra, June Preisler and William Tracy. Judy and Mickey go all out with songs and dances.

Actual Scenes Of Midway Battle Shown On Screen In Technicolor

The Japanese Zero fighters roared in at you and you could see the flaming Red Sun on their fuselages. You draw in your breath sharply and held it. "You could see their bombs drop and you could almost feel the concussion. The noise was like thunder and you thought each moment would be your last. "Dense clouds of smoke from burning oil drifted across your dugout and then the Zero fighters boring in were lost to view. But you could hear them and the explosion of bombs bursting nearby...."

So wrote a noted correspondent upon emerging from a special showing of "The Battle of Midway," the Navy department film which was photographed under fire during the great naval battle. Offered as an extra attraction today and Monday at the Ritz theatre, "The Battle of Midway" is unprecedented.

Commander John Ford, U. S. N. R., the former distinguished Hollywood director who made "The Informer," "Grapes of Wrath," "How Green Was My Valley," and other motion picture epics, not only edited the film, but shot much of the footage while the battle was raging. He was, in fact, wounded as he perched atop a powerhouse, recording for posterity the most extraordinary on-the-scene account of actual battle ever released. A naval officer and an enlisted man took additional sea and air shots. Two others, on Midway Island, had their cameras blown out of their hands by the impact of the concussion from a stick of Japanese bombs.

This great Naval film is released by the War Activities Committee of the Motion Picture Industry. The commentary is spoken by Henry Fonda, Donald Crisp, Irving Pichel and Jane Darwell, and the film is being distributed by 20th Century-Fox.

BIG SPRING

MUNICIPAL AUDITORIUM 8:30 P. M. 55c and 44c Under Auspices Of 1930 Hyperion Club

Philips Book Review Slated For Thursday

No book review ever was in line to draw as much interest in Big Spring as that scheduled for Thursday night of this week, when Miss Evelyn Oppenheimer of Dallas gives her interpretation of one of the new writings of the day.

The simple reason is that Miss Oppenheimer's subject matter will be "Big Spring: Casual Biography of a Prairie Town," written about the home town by one of the home town's foremost citizens, Shine Phillips.

The Big Spring book, now in its third printing, has been warmly praised by Miss Oppenheimer, and she had the Phillips as her guests in Dallas last week when she reviewed it for the first time. Crowds at her program were so large that a repeat engagement was scheduled on the second day.

Miss Oppenheimer herself is an attraction to Big Spring people for she has discussed various novels in previous engagements here. She is regarded as one of the leading figures in the literary circles of the Southwest.

Miss Oppenheimer's appearance here is made possible by the R&R

theatre, and the 1930 Hyperion club is sharing in the proceeds. The review will be at the municipal auditorium beginning at 8:30 p. m. Thursday. Club members have advance tickets on sale at 44 and 55 cents, tax included.

Miss Oppenheimer has scheduled a review of Shine's book at Fort Worth on October 22, to be given at the Worth theatre at noon. Phillips will go to Fort Worth for the event, to be introduced and to autograph copies of his work.

PDC Club To Have Tea This Afternoon

Formal tea from 4 o'clock to 6 o'clock will be held Sunday afternoon at the Settles hotel for members and rushes of the PDC club as the group ends its rush weeks activities. Mothers of members and rushes will be included as guests.

Weekend parties for rushes included attending the football game Friday night and then going to the home of Wilma Jo Taylor for a party followed by a midnight snack and slumber party.

Saturday morning a breakfast was held at Anna Claire Waters' home, assisted by Mrs. Steve Baker, sponsor. Roses and bachelor buttons decorated the table and rooms.

Rushes attending were Carol Conley, Betty Smith and Betty Jean Underwood. Members were Helen Blount, Nellie Mead, Malba Dean Anderson, Anna Claire Waters, Betty Lou McGinnis, Joyce Jones, Bobby Jo Dunlap, D'Aun Corcoran of Lubbock, Mary Nell Cook, Cora Ellen Selkirk, and Wilma Jo Taylor.

Guests at the Friday night party were Jerry Manoli, Hardy Matthews, Jimmy Velvin, Robbie Potts, Don Burnam, Richard Simons, Bud Purser, Troyce Robinson, John Frank Harrison, R. L. Taber and Herbie Johnson.

Trainmen Ladies Hold Initiation For Six Members

Six new members were initiated by the Trainmen Ladies when members met Friday at the W. O. W. Hall for a business meeting. Initiation was held for Mrs. Nathan Mabry, Mrs. D. D. Ausmus, Mrs. L. A. Webb, Mrs. G. W. Hill, Mrs. B. F. McCree, and Mrs. Curtis Hood.

Others present were Mrs. B. N. Ralph, Mrs. L. D. Jenkins, Mrs. G. B. Pittman, Mrs. A. J. Cain, Mrs. Herbert Fox, Mrs. R. O. McClinton, Mrs. D. R. Tullous, Mrs. G. C. Ragsdale, Mrs. C. W. Rogers, Mrs. W. E. Phillips.

Mrs. J. C. Burnam, Mrs. Edith Alken, Mrs. H. J. Petefish, Mrs. R. W. Rogers, Mrs. E. O. Hicks, Mrs. W. O. Wasson, Mrs. L. E. Bender, Mrs. M. C. Knowles, Mrs. W. L. Baker, Mrs. H. W. McCanness, Mrs. C. A. Schull, Mrs. N. R. Smith, Mrs. Albert Smith, Mrs. F. G. Powell, W. E. Clay.

Four New Members Meet With Junior Music Study Club

Four new members were elected to the Junior Music club when members met in Mrs. J. H. Parrott's home for regular Saturday meeting. New members include Robert and Richard O'Brien, Cora Ellen Selkirk and Alyne Brownrigg.

Fatsy Selkirk was elected secretary; Helen Blount, treasurer; and Joe O'Brien, club reporter.

The group will meet with Mrs. Pat Kenney October 10. Members present were Mary Nell Cook, J. Y. Blount, Joe O'Brien, Burton Boyd, Betty Lou McGinnis, Patsy Selkirk, Helen Blount, Mrs. J. H. Parrott and Mrs. Pat Kenney.

Sweetwater Couple Marry At Parsonage

Miss Evelyn Bartel and M. F. Foster were married Friday afternoon in the parsonage of the First Methodist church with the Rev. H. C. Smith reading the ceremony. The bride wore a blue ensemble with black accessories. There were no attendants. The couple is to be at home in Sweetwater.

Texans Opposed To Gasoline Rationing

AUSTIN, Oct. 3. — Texans remain overwhelmingly opposed to gasoline rationing, based on the volume of mail reaching his desk, Governor Coke R. Stevenson asserted today.

Concluding a tour of the nation, President Roosevelt said in Washington yesterday that Texas which had once opposed rationing now was going along as much as Massachusetts with the program.

Stevenson was one of several governors who conferred with the president during the tour but the Texas executive has not discussed details of his meeting with the president.

A. & M. Mothers Club To Meet Tuesday

A & M-12
A. & M. Mothers club will meet at 7:30 o'clock Tuesday night at the First Presbyterian church, Mrs. Albert Fisher, president reminded members Saturday.

New Officers Take Charge Of Susannah Class

New officers took charge of the Susannah Wesley class meeting when members met for luncheon Friday at the First Methodist church. Mrs. R. Lewis Brown presided.

Invocation was said by Mrs. Charles Morris. Reports showed that \$29 had been given by the class to the Red Cross during the year. Members also voted to adopt another orphan at the Methodist Orphan's home in Waco.

Zinnias, roses and white alibella decorated the luncheon tables.

Others present were Mrs. Marion Simms, Mrs. N. W. McCleskey, Mrs. J. L. Terry, Mrs. H. F. Taylor, Mrs. Fred Stagg, Mrs. C. E. Shive, Mrs. H. D. McQuinn, Mrs. W. A. Underwood, Mrs. A. C. Bass, Mrs. R. L. Warren, Mrs. Bernard Lamun, Mrs. H. Clyde Smith, Mrs. E. C. Masters, Mrs. J. A. Myers, Mrs. Alice Riggs, Mrs. Anna Vastina, Mrs. B. E. Winterrowd, Mrs. Arthur Woodall, Mrs. W. A. Miller.

P. T. A. Group To Have Halloween Carnival Oct. 30th

FORSAN, Oct. 3. (Sp.)—The Parent-Teacher association met in the gymnasium with Mrs. E. N. Baker leading the business session.

The group voted to convert the tennis courts into croquet courts to provide community entertainment.

Halloween carnival was set for October 30th with the teachers to be in charge of the booths.

Sunday School Has Picnic At Park

The Senior Sunday school class of the Trinity Baptist church was entertained Thursday night with a picnic at the city park.

Refreshments were served to Mrs. Roland C. King, Roland King, Jr., Joan King, Albert Medlin, Evelyn Loudamy, Robert Morrow, Jessie Pearl Watson, Joe Murdock, Durrell Davis, Paul Etnella, Edith Starke, Gertrude McNew, Mildred Lowe, Phillip Hargrove, Wynelle Todd, Jack Hardy, Billy Hardy, Randle Matlock, Hazel Ruth Hull, Mildred Bennett, Bonnie Billings, Nell Axtens, Jay Ross, Mary Dearing, Brookside Phillips, Betty Jo Hill, Jeanette Mansfield, Lois Mansfield.

New Class In First Aid To Begin Here

New class in standard Red Cross First Aid will get underway on October 9th, according to C. L. Henry, first aid chairman, if sufficient number desire to enroll. Any one interested in taking the class is asked to call Henry, phone 1081.

You Can Eat Well With Less Meat

NEW YORK, Oct. 3. (UP)—Wife, bring a thick soup, a heavy salad, a big helping of baked beans with a side-dish of macaroni and cheese, and a slice of apple pie—please. It's no trick at all to be patriotic on voluntary meat rations, which eat well enough to slip the belt out a few notches, New York hotel chefs said.

Keeping down to a voluntary consumption of not more than two and one-half pounds of beef, pork, lamb, veal, smoked meats and sausage per person each week will be easy, Oscar of the Waldorf said.

"Most people don't consume that much meat in a week when you average up the appetites of women and children against men," he declared.

"And the substitutes for meat meals are unlimited. There are more than 100 ways to prepare delicious macaroni and spaghetti. Eggs benedictine will taste almost as good with a little additional chicken and no ham. And good old Boston baked beans, rich and brown, will always be a treat."

Altar Society To Meet Tuesday Night

St. Thomas Altar Society will meet Tuesday at 7:30 o'clock at the rectory.

Girl Scouts Have Meeting At Church

Muriel Floyd and Lina Jane Wolfe had charge of the opening and closing when the Sunflower Girl Scout troop met at the First Presbyterian church this week. There were 20 members and Mrs. Florence McNew, leader, present.

Midland Couple Wed At Christian Church

Miss Mauricia Thomason and Sgt. Elmer E. Alyford of Midland were married Friday evening at 6 o'clock at the First Christian

church with the pastor, the Rev. J. E. McCoy, reading the single ring ceremony.

The couple will be at home in Midland where Sgt. Alyford is stationed.

Lamesa Girl Joins WAVES This Week

LAMESA, Oct. 3. (Sp.)—Lamesa's first young woman to enter the newly-organized WAVES is

Miss Ann Coleman, daughter of Mr. and Mrs. C. C. Coleman. She will report this week in Northampton, Mass., for training.

The huge python is a docile and easily tamed snake.

Big Spring Joins In Observance Of Fire Prevention Week

Grass, Automobiles, Trash Involved In Most Of Fires

Though Big Spring fire losses have been considerably light in 1943, firemen have had to make 123 calls since the first of the year as against a total of 90 runs during all of 1941.

Most of the calls were for grass fires of which there were 22, automobile fires second with 20, trash fires third with 11. Other of the more frequent causes of fires in 1943 are: nine calls for feed stack blazes, seven fires caused by electric wiring and appliances, gas and oil stove fires accounted for five calls, and cigarettes, 3; grass, 2; torches, 2; cleaning with gasoline, 2.

A tabulation of the most frequent causes of fires in the past five years follows:

1938
Total calls110
FIRE CAUSES—
Trash, 15; gas and oil stoves, 14; automobiles, 22; electric wires and appliances, 7; defective flues, 5; children playing with matches, 3; cigarettes, 3; grass, 2; torches, 2; cleaning with gasoline, 2.

1939
Total calls128
FIRE CAUSES—
Automobiles, 28; electric wires and appliances, 15; gas and oil stoves, 10; trash, 9; grass, 8; cigarettes, 7; cleaning with gasoline, 5; defective flues, 5; hot water heaters, 4; children playing with matches, 3.

1940
Total calls123
FIRE CAUSES—
Automobiles, 28; electric wires and appliances, 15; gas and oil stoves, 10; trash, 9; grass, 8; cigarettes, 7; cleaning with gasoline, 5; defective flues, 5; hot water heaters, 4; children playing with matches, 3.

Grass, 22; automobiles, 20; trash, 11; feed stacks, 9; electric wires and appliances, 7; cigarettes, 4; children playing with matches, 1; torches, 1.

In Wartime, Fires Doubly Expensive

The nation's greatest enemy on the home front is fire—both now and in time of peace. Ten thousand lives—\$300,000,000; that's the annual toll in the United States when the flames have spread destruction. In Canada the record isn't as bad, but there, too, the problem is one deserving the serious attention of every citizen.

Thousands of lives and millions of dollars sacrificed in peacetime represent tragedy in a terrible form. In time of war, they may mean the difference between victory and defeat, between enslavement and freedom. Civilian morale, war production, the military effort—all these are affected by disastrous fires on the home front. We have a war to win right here! And we must start winning it now if we ever expect to win "over there."

It's Time To Refill Fire Extinguisher

National Fire Prevention Week, the week of October 4 to 10 inclusive, is a good time to have home or industrial fire extinguishers checked and refilled. In the past by way of setting an example, the fire departments of three Iowa cities have cooperated in this work. The firemen inspected and refilled free of charge any fire extinguisher used by farmers or villagers in the vicinity of these cities. This practice called to public attention the importance of the extinguishers but enhanced their effectiveness in advance of any emergency.

Carelessness Big Factor In Fires

Carelessness on the part of well-meaning patriots causes most of America's annual fire loss of more than \$300,000,000. It is as dangerous as sabotage. National Fire Prevention Week, which will be held the week of October 4 to 10 inclusive, is dedicated to teaching civilians the careful, fire-safe way to handle such common hazards as matches, cigarettes, waste accumulations, gasoline and electrical appliances.

Heavy Loss Of Life In Many Fires

Here are some fires causing large loss of life which have occurred in the United States in the past few years:

- | Date | Location | Lives Lost |
|----------------|--|------------|
| Jan. 20, 1942 | Apartment house, Lynn, Mass. | 18 |
| Oct. 28, 1941 | Two-family frame house, Montclair, N. J. | 13 |
| Oct. 16, 1941 | Passenger bus, Canton, Ala. | 17 |
| Aug. 18, 1941 | Pier and freight steamer, Brooklyn, N. Y. | 34 |
| June 29, 1941 | Cruiser explosion and fire, Bailey Island, Me. | 37 |
| May 18, 1941 | Excursion boat explosion, at sea. | 39 |
| March 25, 1941 | Oil tanker explosion and fire, at sea. | 19 |
| March 10, 1941 | Theater fire, Brockton, Mass. | 13 |
| Feb. 7, 1941 | Lodginghouse fire, Dallas, Tex. | 13 |
| Feb. 5, 1941 | Cotton quilt plant fire, New Haven, Conn. | 10 |
| Dec. 17, 1941 | Explosion in tenement, Cincinnati, Ohio. | 14 |
| July 31, 1940 | Rail car fire, Cuyahoga Falls, Ohio. | 43 |
| April 23, 1940 | Dance hall fire, Natchez, Miss. | 207 |
| Jan. 3, 1940 | Apartment hotel fire, Minneapolis, Minn. | 19 |

Instruct Children In Fire Safety

In homes throughout the country parents will take advantage of National Fire Prevention Week, the week of October 4 to 10 inclusive, to instruct their children in fire prevention and the roles they are to play if fire should break out despite all precautions. Organized youth groups such as the Boy and Girl Scouts and the 4-H clubs will also lend their assistance to community observance of the week in many American cities.

Essay, Poster Contests For School Pupils

Big Spring joins the rest of the nation this week in bringing new action against the causes of disastrous fire, furthering an educational and safety program in observance of national Fire Prevention Week.

To the school children and to business men the campaign of fire safety will be hammered home, through united efforts of the city administration and the fire department, school leaders, insurance agents and civic leaders.

Representatives of the insurance agencies will appear before all service clubs during the week—and special Fire Prevention contests are being sponsored among all school children. Meanwhile, the program of taking every safeguard against fire will be carried on by press and radio.

J. B. Collins, Bill Tate, Robert Stripling and Roy Reeder make up a special insurance group to appear before the Rotary, Lions, Kiwanis and American Business clubs.

To be put before school children Monday are contests involving essay writing and poster design, and some \$70 in prizes will be paid the winner.

The essay contest is for high school students, and first place winner will receive a \$25 war bond. For second place, the award will be \$8 in war stamps.

A separate poster contest will be held for the eighth grade, with \$3 and \$2 paid as first and second prizes.

In the elementary schools, there will be one grand prize of \$5 for the most effective poster on fire prevention; and in addition, first and second place awards of \$4 and \$2 will be made in each school.

Fire control demonstrations are not scheduled this year, because of shortage of manpower; but the fire department is taking the lead in urging full cooperation of residents in observing the special week by checking all property against fire hazards and removing these.

Fire Prevention A Vital Part Of The War Effort

For the first time in the history of Fire Prevention Week the Federal government will take an active part in that annual safety observance, scheduled for the week of October 4-10, 1942. James M. Landis, director of the Office of Civilian Defense, announced today.

President Roosevelt, in his proclamation setting the date for Fire Prevention Week, said that the wartime emergency makes it "essential that destructive fire be brought under stricter control in order that victory may be achieved at the earliest date," and directed the Office of Civilian Defense to assume, with other appropriate federal agencies, leadership in this year's observance.

"Heretofore Fire Prevention Week has been sponsored by a number of organizations in the fire safety field," Director Landis said. "Now, however, the tremendous damage done by fire is more than ever a national problem, because every loss of life, materials or productive time interferes with the war effort. It is a continuing problem that must be dealt with every week of the year, but Fire Prevention Week should mark the beginning of a more intensive effort."

"Cooperating in this campaign are organizations which have sponsored the Fire Prevention Week observance in other years," Mr. Landis stated, "and the Office of Civilian Defense is grateful for their active support and the benefit of their experience."

The national bodies cooperating with the U. S. Office of Civilian Defense in this campaign are the Chamber of Commerce of the United States, the Federation of Mutual Fire Insurance Companies, International Association of Fire Chiefs, International Association of Fire Fighters, National Board of Fire Underwriters, National Bureau of Industrial Protection, National Fire Protection Association, National Safety Council and the U. S. Junior Chamber of Commerce.

Main Causes Of Fires

The ten most common causes of fire in the last 10 years:

Number	Causes of Fires	Loss
1.	Matches—	
	Smoking	1,388,375 \$174,979,768
	Misuse of electricity	416,966 94,948,985
2.	Exposure (fire originating off premises)	322,696 186,560,287
4.	Sparks on roofs	300,994 70,208,350
5.	Overheated or defective chimneys, flues, etc.	291,181 119,985,311
6.	Lightning	259,591 50,516,178
7.	Stoves, furnaces, boilers, and their pipes	253,382 100,344,879
8.	Open lights	245,512 24,878,160
9.	Petroleum and its products	221,725 77,897,461
10.	Hot ashes and coals—open fires	189,111 26,524,942

Campaign Carried To Farm Homes

One of the primary functions of National Fire Prevention Week, which will be held this year from October 4 to 10 inclusive by official proclamation, is to educate farmers in the means of protecting their vital produce and property against the menace of flames. Farmers are urged to equip their buildings with lightning rods, fire-retardant roofs, fire-fighting equipment, strong new chimneys, and fire-safe heating plants and electrical installations. Under the terms of the Construction Conservation Act the farmer is allowed \$500 in any one year for necessary new construction on his home and \$1,000 for agricultural production buildings.

The first international ski tournament was held in 1908 by Swedish skiers.

Fire Is A Common Enemy

NOW, More Than Ever, Be Alert To

This is Fire Prevention Week—Oct. 4-10—in a time of war—a time when, more than ever, all resources and all facilities must be concentrated on CONSERVING manpower, wealth and materials.

It's patriotic as well as wise to use every precaution against fire. Remove all hazards, make thorough, regular inspections of your property. Fire loss is needless, and CAN BE CUT DOWN. Help your nation in wartime by being constantly alert against costly fires.

BE FULLY INSURED—A positive protection against Fire Tragedy is INSURANCE. Rates are lower now, and the wise property owner will take advantage of this for his own safety. Call your insurance agent this week; let him explain the easiest and least expensive way to insure your home and all your property. Observe Fire Prevention Week by PLAYING SAFER.

THESE BIG SPRING AGENCIES WILL GLADLY HELP YOU WITH YOUR INSURANCE

From **PRESIDENT ROOSEVELT:**
"Any loss of human life, any interference with production, any loss of critical materials hinders and impedes our war effort. Uncontrolled fire, even in normal times, kills or disables thousands of our people and destroys a significant portion of our national wealth each year. Today, when our national wealth is being taxed to its fullest capacity, when our hands are working with unfamiliar tools, and when agents of our enemies are seeking to hinder us by every possible means, it is essential that destructive fire be brought under strict control in order that victory may be achieved at the earliest date. Nothing less than the united vigilance and effort of all the people will suffice to break the grip of this menace. Fire hazards everywhere must be detected at once and eliminated. Loss of life and property from blaze and smoke must be reduced in every state of the union. Prevention of all uncontrolled fires must be our goal."

'Complete Loss'

... a statement repeated in hundreds of cities EVERY DAY ...

It's a statement that should not be repeated, for it's a needless statement. Fires in most cases, can be avoided. The resulting losses can be stopped. The vigilance of every person against fire hazards is the only requirement with continued vigilance to make sure that the hazards do not recur.

This institution is interested in the security of the nation and this community. A major part of that security is close cooperation of all property from needless losses by fire.

City's Loss By Fire Low This Year

Fire losses in Big Spring so far this year have been extremely low. Total losses for 1942 to date

EXPERT VULCANIZING AND TIRE REPAIRING

SEIBERLING TIRES

SHOOK TIRE CO.
203 W. 3rd Phone 101

amount to only \$2,537.10. No business property fires have occurred this year and fire losses have been confined to residential property and household furnishings. Losses to residential property amounted to \$1,197.04 and household contents destroyed totaled \$1,340.04.

Fire damages in 1941 reached a total of \$77,224.23 of which amount nearly \$40,000 was represented by a fire at the Big Spring compass which occurred in March of this year also showed largest fire losses with a total of \$1,700.

Sealskins from the Friblof Islands have yielded more money than the entire purchase price of Alaska.

Scouter—New Boy Scout executive stationed in Big Spring is H. D. Norris (above), who soon will be busy assisting in the Scouts' annual finance drive. Norris is superintendent of schools at Nolan, Tex., and has been active in scout work for several years. He will make his home here with his wife and daughter.

Watch Appliances, Clean Up Trash, Is Plea For Fire Prevention Week

Citizens of Big Spring and vicinity are urged by City Manager Boyd J. McDaniel to exercise the utmost caution in the use of electrical appliances in these war-torn times.

"We are accustomed to easy replacements of worn-out iron cords, electrical heating units, and other parts of household electrical equipment," he said, "and I fear now that such replacements are practically non-existent people will become careless and, as a result, our fire losses will mount."

McDaniel made this statement when speaking of Fire Prevention Week which starts today. It

would be a good plan, he suggested, if people would set aside Fire Prevention Week to cut weeds in vacant lots and thus reduce the hazards of grass fires which are apt to start again after a few more days of warm, dry weather.

McDaniel expressed pleasure over the low fire losses the city has had this year and said that he would like to remind people that fire hoses, tires, and other essentials for the fire department are either difficult or impossible to replace and that, therefore, the fewer runs required of the fire department meant just that much more saving of equipment.

Costs Money To Make Fire Runs

Few people realize the expense involved in making a single run by the fire department, Big Spring fire chief, Olie Cordill said Saturday.

Remarking that 90 per cent of fires were caused by carelessness and that this negligence on the part of American people costs the nation over one million dollars a day, Chief Cordill pointed out the fact that it costs the City of Big Spring fire department from \$25 to \$50 to answer a grass fire call.

Fire hose, he said, cost from \$1 to \$4 a foot. One truck of the department carries 1,500 feet of hose. Add to this the cost of hoses which averages about \$35 each, fire trucks, ladders, salaries of firemen, etc., and the man in the street can gather some idea what it costs to maintain an efficient department, Cordill added.

T.U. Law School's Enrollment Down
AUSTIN, Oct. 3 (AP)—Hardest hit by the enrollment slump at the University of Texas was the law school, with a decline of 54.8 per cent, the registrar reported today. Smallest decline was in the school of fine arts, 4.3 per cent, where most students are women. Total enrollment as of Sept. 25 was 7,970 compared with 9,411 as of Sept. 30 a year ago.

FIRES COST THE ENTIRE COMMUNITY

A blaze is not only disastrous to the damaged property owner—it is a tremendous cost to the whole community; for insurance charges are based on fire losses and premiums paid.

Big Spring has learned a lesson in the cost of fire; every citizen, young and old, is challenged to help prevent future damaging losses to their city. Your municipal government and your fire department urge your full cooperation during Fire Prevention Week, and every week in the year.

City of Big Spring

Observance Is Urged By Stevenson

AUSTIN, Oct. 3—Gov. Coke Stevenson has formally proclaimed October 4 to 10 as "Fire Prevention Week" in Texas.

Citing the urgent necessity for preventing fires during time of war, Gov. Stevenson said, "x x x the production of materials essential to the prosecution of the war by our nation is taxing the capacity of industrial plants, and curtailment of production because of fire becomes a menace to our own safety. x x x"

The governor called upon Texas citizens and various local organizations to emphasize the danger of fire and to encourage fire prevention.

Commenting on Fire Prevention Week, Marvin Hall, state fire insurance commissioner, suggested that every Texan accept individual responsibility in adopting fire prevention measures at home and at work.

"According to the official proclamation," Hall said, "Fire Prevention Week has special significance this year. The defense of factories, farms and homes against destruction by accidental fires is essential to the war production program and conservation of vital resources."

"There is another reason why we must devote more attention to preventing fires. We are now receiving dividends of lower insurance rates—the result of preventing fires. In order to keep the low fire insurance rates now in effect, it will be necessary for us to prevent fires in the future."

Proclamation By Mayor On Fire Prevention

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, the prevention of fires is of vital importance to the success of the nation's war effort; and

WHEREAS, the production of materials essential to the prosecution of the war by our nation is taxing the capacity of industrial plants, and curtailment of production because of fire becomes a menace to our own safety; and

WHEREAS, war production has made it necessary to stop the manufacture of many lines of civilian goods, including building materials; and

WHEREAS, the city of Big Spring has suffered loss of lives and property due to fire; and

WHEREAS, statistics on fire losses reveal that the cause of fires, to a large extent, can be controlled by intensive education and intelligent fire law enforcement; and

WHEREAS, due to the national emergency during time of war, the safety of human lives, and in the interest of sound economy, it is the patriotic duty of every citizen in Texas to aid in the prevention of fires;

NOW, THEREFORE, I, Grover C. Dunham, mayor of the city of Big Spring, Texas, hereby proclaim the week of October 4 to 10, 1942, as **FIRE PREVENTION WEEK**

In Big Spring, Citizens of our city, particularly civic, school, Civilian Defense, and business organizations, are called upon to emphasize the adoption and enforcement of fire prevention rules and regulations in an effort to lessen the disastrous consequences of fire.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the official seal of the City of Big Spring to be affixed hereto.

(SEAL) GROVER C. DUNHAM Mayor

Gas Hoarding Creates Bad Fire Hazard

AUSTIN, Oct. 3—Civic leaders in the promotion of fire prevention are facing a heavy handicap of increased hazards to overcome during Fire Prevention Week, October 4 to 10, declares Marvin Hall, state fire insurance commissioner.

Innumerable fire hazards were created in a number of Texas cities when unfounded rumors, spreading at an almost unbelievable rate, told of proposals to impose gasoline rationing without notice. Citizens rushed to filling stations to buy gasoline and take it home in any type of container available.

The buying raid on gasoline dealers took place several days before official announcements said nationwide rationing of motor fuel would probably be made effective in November.

"Every person in Texas who is hoarding gasoline has automatically voided fire insurance on his property," Commissioner Hall announced. "Persons foolishly trying to hoard a few gallons of gasoline have done three things:

"First, they have jeopardized their insurance. When gasoline comes into your home, your fire insurance policy goes out. Unless

you have a special permit from your company, the policy simply says that gasoline is a more powerful explosive than dynamite and that, 'I will not stand guard over a house where gasoline is stored—even a small amount.' Your policy literally says this in different words, but that is what it means.

"Second, they endanger the present low insurance rates of Texas—the lowest of all time. Losses affect all insurance rates, and if excessive dwelling fires are caused by careless hoarding of gasoline, then the recent 25 per cent reduction on residence rates could easily be wiped out.

"Third, they also jeopardize their lives and the lives of all members of their families when gasoline is stored on the premises. Gasoline fires are already responsible for the loss of too many lives in this state. During August gasoline caused seven of the 16 fire deaths in Texas.

Wants Revision Of Election Laws

DALLAS, Oct. 3 (AP)—C. K. McDowell of Del Rio, 72-year-old retired rancher, and republican candidate for governor of Texas, wants a complete revision of Texas election laws.

He announced this while here to make campaign arrangements. Among other things he said he wants party conventions, including the democratic, held before the primaries, and wants candidates to be required to comply with at least 90 per cent of the platform plans.

Gunner—A member of the most recent and largest class to graduate from the nation's largest aerial gunnery school, at Harlingen, was James L. Skiles (above), 19, son of Mr. and Mrs. D. M. Taylor, 204 West 5th street, Big Spring. Upon receipt of his diploma, Skiles was promoted to sergeant.

EVERY FIRE IS SABOTAGE TODAY!

FIRE PREVENTION WEEK Oct. 4-10

VICTORY DEMANDS A HALT OF EVERY KIND OF WASTE . . .

And The Biggest Waste Is FIRE

Waste is destruction . . . waste is sabotage . . . waste is treason . . . waste is DEFEAT! When every piece of material, every ounce of effort must be concentrated to the task of winning this war, Americans—all of us—must determine more than ever that waste must be halted.

Biggest of waste is that caused by fire . . . needless fire that can be avoided by caution and forethought. Fire Prevention Week this year is more significant than ever. It fits in with this nation's fight for Victory.

Take this occasion to check your home, your place of business, you, and your car. Remove the hazards, and remove the causes of fire. Every fire, no matter how small, is sabotage today.

We Have Constituted Authority Over City; Let's Not Change It

Since a movement has been instituted here to bring about a change in the method of selecting a chief of police, there may be an inclination at first blush, on the part of some, to say that such an office should be under "direct control of the people."

This is hasty thinking, and The Herald hopes that all citizens of Big Spring will weigh all considerations carefully before reaching such a conclusion.

This city is operating under a special home rule charter which definitely was designed to remove those offices directly connected with municipal operations from the influences of politics, insofar as a democratic government is

able to do that. This was specifically what the leaders of this town had in mind when they framed the city manager form of government; and this is what the people approved when they voted for that charter.

As for "control of the people," all municipal affairs certainly are in their hands. The voters are called upon no less than once a year to exercise their choice of men to run the affairs of the city. They even have the right of recall, if they find reasons to institute such a movement against any member of the commission.

And once the electorate has placed upon the five commission-

ers the responsibility of managing the affairs of the city—including the confirmation of city manager appointments of department heads—it is to be expected that these five can and will function properly and to the interests of the town, within the framework of our charter. Why, indeed, elect commissioners in the first place if we divert from them their proper authority in setting up under them executives over whom they have no control?

We have a business-like form of city government here; it should not be overturned.

Particularly is this an unfortunate time for a city to become con-

cerned over political affairs, when every facility it has should be directed to a much larger national cause. This town has plenty to do toward winning the war; its police department has its hands full in watching after the safety of an increased population and in controlling greater volume of traffic. To plunge that department—or any other, for that matter—into a political turmoil now is distinctly not for the best interests of this town.

The people still will have their say-so. They will have it after the war. Let them stick by what they have by electing commissions and giving those commissions the power to function.

Washington—Draft Hardships On Families Are Held To Minimum

(Second In A Series)

By JACK STINNETT

WASHINGTON — There probably isn't a person who will read these lines who doesn't know of one or more hardship cases as a result of the man of the house being off to the war but never has any nation in any major struggle tried so hard to avoid them.

In the first place, Selective Service has delayed (and still is delaying) the induction of men with families and dependents. Some have already been called; others will be called soon. But it is doubtful if any nation has ever put an Army of more than 4,000,000 men in training in ten months of total war and held injustices to the family to such a minimum.

In the second place, Congress through the Servicemen's Dependents Allowance Act and other measures, has taken considerable precautions to see that the hardship cases are kept from actual want.

For the purposes of the act, dependents are divided into Class A, a wife and child or children; Class B, parents, brothers, sisters and grandchildren who are all or in part dependent upon the enlisted man. Every man in the service in the fourth, fifth, sixth and seventh grades (a new selectee is normally rated seventh grade) has to contribute \$22 allotment from his monthly pay to Class A dependents. Whether he does so to Class B dependents is voluntary. In the case of contributions to dependents in both classes, the allotment may amount to \$37.

To this the government adds an allowance of varying amounts determined by the degree of dependency, so that monthly checks from the government varying from \$27 for a partially dependent brother, sister or grandchild, to more than \$100 in some instances, keep the soldier's family from

A Promise for Tomorrow

By ELEANOR ATTERBURY

CAR Chapter 13

THE MAN IN THE GREEN

Julie was awake shortly after the sunlight broke over the tops of the tall pines. And long before there was any sound of stirring in the household. Restless, disturbed by the strange new twist of developments, she got up, dressed quickly. Smartly tailored tan slacks, a soft yellow sweater, comfortable flat-heeled shoes. She'd take a long walk before breakfast. Maybe the fresh air would clear up her thinking.

But at the patio doorway she met Pete. Each started guiltily. "Goah, you startled me," Pete whispered. "Didn't know anyone else was up."

He finished filling the bowl of his well-waxed pipe, picked up his canvas-wrapped fishing rod and a bait box. "Thought I'd catch some trout for breakfast."

"Can I go with you?" Julie said on impulse and before she had time to reconsider.

"Sure," carelessly. "It's a free country."

Rebuffed, Julie drew back. "Oh, never mind. I haven't a trout rod, anyhow. Some other time I'll—"

He shrugged. "Plenty of rods. I'll find you one," and disappeared

into a huge closet under the stairway, returned a moment later with a pole and reel. "All set."

Then, like a pair of conspirators, they tip-toed out of the house, across the patio, started single-file up the trail.

For a while Julie forgot the strange tangle of events in the glory of the summer morning. Cool, fragrant air brought a glow to her cheeks and sunlight slanting through the spire-like trees touched all the forest greens into light and shadow. And although Pete ignored her completely as he tramped ahead, puffing on his pipe, stopping only occasionally to rest, she was content—for the first time in years.

The trail was unusually well-marked for this early in the season, she thought once as she followed Pete along the narrow path that skirted the canyon where a stream rushed noisily. Almost like an echo, Pete said:

"This trail's been used a lot lately, looks like," and stopped a moment to re-light his pipe. "Funny, too. Season's only been open a couple of weeks." Besides, this is private property."

Separated.

Julie's fears roused themselves, milled ominously. "Maybe the caretaker comes through this way."

Pete shook his head. "Don't think there is one. Kelland said the last three he'd hired left for the shippards. More likely the forest ranger. There's a look-out station back up on the mountain."

A moment later, Pete stopped again. "That's a funny thing to do," and pointed to a deep gash freshly cut in a tall pine.

"And here's another!" Julie called to him not a hundred yards further along the trail.

In all, they found eleven trees so marked—a deep gash in the trunk. Always a large tree. Usually about twenty-five yards apart.

"If they weren't so regular, I'd think these trees had been marked to take out," Pete puzzled, scowling. "But these trees aren't old or rotten."

"They are all perfect and very tall," Julie tipped her head back to look up at the lofty branches pushing skyward.

"Probably Kelland's got some scheme for using them," Pete dismissed it finally and led the way down a steep bank to the stream's edge.

Julie scrambled after him, remembering with a rush of nostalgia, how often she'd "tagged" Pete and her brothers to just such fishing spots. Not always had she been too welcome, either, she smiled now. Nor was she sure that Pete was overjoyed to have her along this morning. Still, just seeing him striding along with his old-cloak step gave her enough to be thankful for.

Julie, trained to independence by two older brothers, baited her own hook, found her own way up and down the stream bank, left Pete free to lash the pools uninterrupted. She'd slipped four beautiful rainbow trout into her creel before she realized that she'd worked her way upstream too far to risk being stranded on some rocky perch. She crossed the stream on a precarious bridge of smooth rocks, started down the other side, fishing each pool as she went. She hadn't seen Pete for an hour.

She added two more trout to her catch before she took heed of the alarm ringing a bell in the back of her mind. She'd come down-stream far enough to have caught up with Pete by now. Surely. She glanced around. There seemed to be no sign of a trail on the bank above. It rose precipitously, a tangle of thick underbrush. She must have taken a wrong fork somewhere.

Carefully she made her way back upstream again. This was certainly stupid, she told herself, holding a tight rein on the panic-like feeling of being lost. She couldn't be far away from Pete.

dire want.

In addition, widows, children and parents of men killed in World War II or in extra-hazardous service before we entered the war, may apply for and receive pensions ranging from \$20 to \$133.

Dependents of a man who dies in service also receive six months' pay of his rank.

There are provisions for burial allowances and for interment in Arlington National Cemetery. Wives of veterans buried in Arlington may be interred in the same grave.

Thus, from induction of a serviceman to a period beyond his discharge or years beyond his death, the government seeks to give his family some economic protection.

Man About Manhattan—

Street Of Employment Agencies Not So Busy

By GEORGE TUCKER

NEW YORK — Sixth avenue, which for years came close to approximating the steaming ghettos of the lower east side, is today a veritable ghost street — knocked cockeyed, spraddle-legged and lonely (empty would be a better word) by the war.

I suppose it's the war. For Sixth avenue used to be a rendezvous of employment agencies, little upstairs rooms where an endless stream of human beings entered and went away, sometimes with a job, sometimes without.

These lines of people aren't there today. They're in factories or in the armed services. You can still see the signs out front. . . . "Cook wanted—\$20" . . . "Handy Man, Sleep on Premises" . . . Signs like that. Hundreds of little jobs offered every day. . . .

Sometimes the people dominated the pavements for a block. . . . If you were in a hurry, it was best to walk in the street. . . . The crowds spilled over into the shooting galleries, where the flea circus carried on with their never-falling audience of gapers, and the short order restaurants where you can get a meal of beans and sausage and bread for fifteen cents.

You can walk from 59th street to 42nd street and find less than a third of the people on 6th that were there, say, six months ago. They aren't in the second-hand book stores, or the little cinema, which shows pictures that are ten years old. They aren't in Bryant park or Central park. It's just one more thumb print of the war on the town.

It takes all kinds, a friend of mine discovered all over again the other day.

He was persuaded to make a talk in the public library at a nearby town, one of those public interviews. And the mistress of ceremonies announced at the outset that questions from the audience would be answered in due course.

A short, elderly gentleman got to his feet. "Have you read the Bible?" he demanded abruptly.

Of the slim trout pole, she crossed the stream again, judged along, her knees quivering with fatigue, her whole body still aware of the fright she'd had. People had been known to wander in these moun-

Hollywood Sights And Sounds—

It Takes All Kinds Of People In Filmland, Too

By ROBBIN COONS

HOLLYWOOD — It takes all kinds of people. It takes Maria Montez, and Victor Mature, and Maxie Baer and Lupe Valer. And it takes Henry Fonda, and Don Ameche, and Fred MacMurray. Lupe and Maria — they're the pair. Hoydens, you know. Shrinking violets. Maria makes entrances. Maria laughs and talks, and makes jokes. Maria kids her press-agents. "Any headlines today? NO!" Only she isn't kidding. Lupe jumps around, Lupe sulks, Lupe laughs and yells. Lupe throws things. Lupe is so hot tamed, but hot, so gay child of nature, si!

Victor, there's the one. Victor is the shy little boy who makes a career of boosting Mature and being insufferably Victor. Only he is so frank about it, he makes such a thing of being "the Genius," he is so aware and joyous about every inch of white paper covered with black ink spelling "Mature"—he's so insufferable he turns out to be likeable, after all.

And Maxie, the Baer. There's the complete extrovert, the fun-loving Rover boy, loud and generous, loud and palmy-walzy. . . . loud.

And then there's Ameche, and Fonda, and MacMurray.

Fonda's the kind of guy who slips down quietly and enlists in the Navy without telling anybody anything about it. The kind of guy who keeps a secret without half-trying — just through long practice. After a couple of years you can sort of ease your way into his confidence a little and he'll let loose a line now and then. Once in Hollywood he got bitten by an irresponsible typewriter and maybe he's never gotten completely over it.

Ameche. "How are you?" he says. "Glad to see you." Pleasant and polite. Yes, he's fine. Yes, the picture looks good. No, he doesn't know anything. No, it isn't true that he's taking a mid-western vacation. No, he doesn't know how that one started. Yes. No. Pleasant, polite and friendly.

And MacMurray, ditto. Heartier about it, though. Not the silent type, he just doesn't wear a subject out.

"What did you do between pictures?" you venture.

"Fished."

"Where did you go?"

"High Sierras."

"Catch anything?"

"Yeah. Just the ordinary."

"Ever do any deep-sea fishing?"

"Makes me sea-sick."

"What about this skeet-shooting? I hear you're a champ."

"Used to be," says Fred, "but I haven't shot in years."

"I'll stay and watch you do a season."

"Fine," says Fred. "Let's have another talk sometime."

PALESTINE, Oct. 3 (AP)—A 45-year-old relic of the logging industry is going to war. The Dilley Machine Shop has sold for scrap a 42-ton shag-gear logging locomotive which had been idle for years.

Blondi

ALEXANDER, DID YOU SPILL THE INK?
HONEST, MAMA, I DIDN'T DO IT

COOKIE, DID YOU SPILL THE INK?
NO-OO

DON'T LOOK AT ME! I DIDN'T DO IT
