

Baptist Revival Begins Sunday

Next Sunday morning at 11 o'clock a series of revival services begin at the Baptist church here. Rev. Ross A. Smith, Baptist pastor at Lamesa, will do the preaching in this revival campaign. Song services will be directed by Mr. L. A. Wilson, pastor's assistant, of the local church.

Each morning at 10 o'clock, through the week days, preaching services will be conducted. Evening services will begin with twenty minute prayer meetings held in four different sections, beginning promptly each evening at 8 o'clock. These prayer meetings will disband and assemble in church service ready for the song services to begin promptly at 8:30 each evening.

Prayer meetings will be scheduled as follows: Boys and girls, juniors, up to 12 years will meet together, led by Mrs. E. C. Foster and Mrs. L. A. Wilson; young people, intermediates and seniors, boys and girls, will meet together, led by Rev. Ross A. Smith and L. A. Wilson; women's prayer service will be led by Mrs. Jno. P. Hardesty, assisted by those she may appoint. The adult men will be led in their prayer services by the pastor, Rev. Hardesty.

It is hoped that we may all make the very most of these prayer meetings from day to day. Come to them promptly at 8 o'clock each evening.

Rev. Smith, in writing about the meeting says, "Let's make the meeting very intensive. Above all, let us stress the incomparable importance of prayer."

The preacher, Bro. Smith, is a very strong speaker. He will keep you interested all the time. Remember, there will be good preaching and good singing all the time. Don't miss it. We want YOU to have a part in each service. Everybody invited to attend.

Reporter.

REV. ROSS A. SMITH, of Lamesa who will conduct the Slaton Baptist Revival which begins next Sunday.

County Health Club Meets

On Friday, July 10, at 3:30 p. m. the County Health club committee met at Lubbock with a very good representation.

Miss Alma K. Hagquist of Austin, state nurse, was with us, and gave some suggestions for the P. T. A. to work out to get our first grades all 100 per cent.

She also said that Nurse Mae Mathes, colored, employed by Child Hygiene, State Board of Health, will be out to Lubbock county to do some very much needed work among our colored people.

This is her first visit out west and we are fortunate to have her. Hope many will hear her when she comes. Mrs. Buckner will let the colored people know when she can come.

Reporter.

ENJOYING VACATION

Portsmouth, Va., July 8.—Dear Mrs. Donald: We arrived here yesterday. Spent nine days in South Hill, Virginia, with my uncle. This is a very beautiful place. We are just across the Elizabeth river from Norfolk. We are going to the beach today at Ocean View, twenty miles from here. Well, Tell everyone hello, and that mama and I are having a grand time. We are going to Washington Friday.

MAE DRIVER.

LOST TO TAHOKA

In a ten-inning game Tuesday afternoon, on the Tahoka grounds, that team defeated the Slaton Tigers by a close score of 11 to 10.

Timely Rains Come To Slaton

Last Saturday evening, following several quite sultry days, the Slaton country was drenched with nearly two inches of rain. The rain was most timely and was not accompanied with hail, the farmers' dread.

This precipitation was just the thing for feed crops. Cotton has been standing up well, so Slaton farmers report, but maize, kaffir, corn and sudan, watermelon patches and gardens were beginning to suffer. Pasture lands, too, will soon be showing the effects of the downpour, although the rains of April and May had put the ranges in pretty fine shape.

At this time prospects for bumper crops for the Slaton country and the whole South Plains region were never brighter. There is a large acreage planted. Slaton gins will probably gin this fall 18,000 bales of cotton and Posey gin, in Slaton's trade territory, will gin between two and three thousand bales.

The rains of last Saturday have assured bountiful grain yields that will beyond doubt leave a large surplus for shipment.

Come to Slaton!

First Chrysler Four Attracts Much Attention

The new Chrysler Four, a brand new product of the Chrysler Motor corporation, is causing considerable and favorable comment among users and admirers of motor vehicles.

One of these cars is now in Slaton, owned by Guy Reese of the Santa Fe, and it was secured for Mr. Reese after much effort on the part of L. F. Piwonka, local Chrysler dealer. It is of the touring type, and was unloaded at Lubbock by the dealers of that city, who have some twelve or fourteen prospective customers waiting for the car.

Previous to its arrival in Lubbock, however, Mr. Piwonka had gotten a promise of this car, providing he had a customer wanting it, so when he showed the Lubbock dealers Mr. Reese's check in full payment for the new Chrysler Four, the machine was turned over to him.

It is a very beautiful little car and is being admired by many.

City Drug Store Has Made Improvements

The City Drug store, on Texas avenue, has this week completed noticeable improvements in the way of a very attractive and neat ice cream parlor being added in the rear of the store. The new parlor is well lighted, furnished with electric fans and the City Drug Store's popular automatic entertainer, and it is indeed an inviting place for cold drink service.

ROYAL ARCH MASONS

All Royal Arch Masons are urged to be present at the regular meeting of Slaton Chapter Tuesday night, July 21st. This is important, as special matters are to come up in both the Chapter and Council.

LOOKS LIKE PROGRESS

This week, J. W. Elrod, furniture dealer, has moved his old frame building from his lots just east of the Slaton Motor company's garage. This looks to the Slatonite very favorable of having a new brick building under construction there very soon.

John Smithee of Amarillo was in the city Wednesday looking after the interests of the estate of S. S. Smithee, deceased.

Henry Jarman and wife have returned from an extended visit in East Texas and Oklahoma.

Misses Lois and Evelyn Stallings, who have been attending the Teachers' college at Denton, have returned home.

Mr. and Mrs. E. B. Wiley and daughter, Billie Rue, spent Wednesday in the home of the Warrens of Post. Mr. Wiley is conducting the contest for The Slatonite.

Mr. and Mrs. Dick Pointer and little daughter, Mary, visited a few days with the sister of the former, Mrs. Gladys Whitehead.

Dr. and Mrs. W. A. Wood left Sunday for their home in Waco, after a few days' visit here with their son, J. K. Wood, and family.

Last Count of Votes Before the Close of The Slatonite's Big Auto Cash Campaign

NAME	ADDRESS	VOTES
Mrs. G. M. Ayres,	Slaton	231,000
Mrs. Ivey Moore,	Slaton	227,000
Miss Melva Bourland,	Slaton	224,000
Miss Viola Guy	Wilson	216,000

Success or Failure—Which?

Every day—every hour—in the short time that remains should be utilized to the full extent by the earnest hustlers who really want to take advantage of what may prove to be one of the greatest events in their lives. It's SUCCESS OR FAILURE these next few days of the big campaign which is to terminate this Saturday night, July 18th.

Opportunity Days Are Here

Truly these days are opportunity days. Candidates, too, should bear in mind that the difference in value between the extreme in prize cash values amounts to over \$500.

And candidates can win her choice of these mammoth prizes with a little real effort as close as the race now stands. In fact, each individual candidate's success or failure—gold or glory, the congratulations and commendations of all this section of Texas everything depends upon what each candidate is able to accomplish in these next few days.

Watch them go in the next few days that are left. It will be interesting indeed, to see which candidates will be able to get to the top and stay there. The wide-awake candidate can, in this vote period, pile up such an enormous amount of votes that it cannot be overcome. It's better to be safe than sorry, better to win by a few million votes than to lose by a few hundred thousand.

Loafing Season Over

Now that the loafing season is over, the more ambitious candidates are preparing to go after the business of securing votes in dead earnest. And frankly, that is what any candidate will have to do if they expect to win one of the big cash prizes in this campaign. The most important part of

the campaign is now at hand and that is these next few days, ending Saturday night, July 18th, at 8:30.

Two More Days

These words have a mighty big meaning when we consider the importance of the results of The Slatonite's big cash campaign which is nearing its conclusion.

The last of the campaign will undoubtedly be the deciding factor in determining the winners of the splendid array of cash prizes which have dazzled the eyes of the entire community because of their exceptional value.

Over-confidence is the biggest handicap under which a candidate can work. This unwelcome handicap causes more regrets than anything else in a campaign of this kind. The only way to be sure of winning is to spend every minute scouring for subscriptions. Perseverance is the only winning quality.

Final Instructions

As a matter of caution and to guard against the possibility of loss to candidates through misunderstanding during the last few days of the campaign herewith are appended the final instructions that should be observed. All candidates, and particularly those residing in outside districts, should read and weigh every line carefully.

Each candidate is to take her last week's work, place same in an envelope and after writing her name on the envelope, deposit same in ballot box. Positively no personal checks will be accepted, as only currency, cashier's checks and postoffice money orders will be accepted in payment of subscriptions during the last few days of the contest.

WAKE UP! ACT NOW!

L. A. WILSON, of Slaton, who will be in charge of the song service during the Baptist Revival.

Local Chevrolet Dealer Attends Amarillo Meet

J. V. Spikes, local Chevrolet dealer, was in Amarillo last Saturday attending the last day of a session of Texas Panhandle Chevrolet dealers and distributors. Chevrolet factory representatives were also in attendance.

A very interesting meeting was had, but all dealers, Mr. Spikes says, were complaining of not being able to get cars fast enough for their trade. This handicap will soon be overcome, factory representatives assured them, by the greatly increased output capacity.

Slaton Farmers Get Farm Bureau Checks

Checks from the Texas Farm Bureau Cotton association totaling more than twenty-five thousand dollars, were received by farmers of the Slaton territory this week, according to information given The Slatonite by local bank officials.

Mrs. Art Green and children visited in Dow this week with Mrs. Cal Doherty.

New Machinery Tested At Slaton Compress

The additional press and other new machinery, which was recently installed at the Slaton Compress, was given a thorough test Tuesday of this week and everything was found to be in line and in perfect condition for the coming cotton crop, according to Manager R. H. McCurdy.

The additional press will give the Slaton compress a capacity of about 150 bales per hour increase over its previous capacity, according to Mr. McCurdy.

Palace of Sweets Has Additional Equipment

This week the Palace of Sweets, on Ninth street, installed a new Frigidaire system, which greatly increases the service and convenience of their fountain.

In the very near future the Palace of Sweets will add to their line a complete stock of soaps, toilet articles, etc., according to the managers, Messrs. Snider & Petty.

President R. Q. Lee Makes Official Visit

Wednesday afternoon at the city hall auditorium, R. Q. Lee, president of the West Texas Chamber of Commerce, addressed a large number of Slaton community citizens.

Mr. Lee is making an official tour of West Texas, looking over and studying the problems of the different sections. In his address to citizens of this section, Mr. Lee very forcibly stressed the importance of diversified farming, thorough cultivation and the raising of poultry. He gave some very interesting figures, and offered some timely suggestions.

Preceding Mr. Lee's address, Manager Porter A. Whaley of the W. T. C. of C., in his efficient manner, talked to those present on the advantages to be derived from chambers of commerce in every community.

The meeting was presided over by W. H. Smith, president of the Slaton Chamber of Commerce.

The party, which was composed of President Lee, Mrs. Lee, Manager Whaley and County Agent Eaton of Lubbock county, arrived in Slaton at noon and were guests for luncheon at the Harvey House, of President Smith and W. H. McKirahan of the board of directors of the Slaton Chamber of Commerce.

FIRST CHRISTIAN CHURCH

—CITY HALL

Rev. L. Farris Powell, minister, is now with us, coming from a great work of ministry to A. & M. College. So impressed is he with this great field that regardless of many other offers, he decided God called him here. Well can we be proud of a man so highly commended. He has had much experience, a broad vision, a consecrated man of God, with a burning desire to save souls for the kingdom.

Mrs. Powell is a most charming and consecrated Christian, a great help to the cause of Christ, a talented musician, both vocal and instrumental. To know her is to love her. The whole community will be made better by this consecrated Christian family.

Services each Lord's Day morning. No services in the evening while different revivals are being conducted in the city. Every member is urged to cooperate and support the different revivals.

July 19th, our first services. An urgent call to every member to be there to welcome our new pastor.

Bible school at 9:45 a. m. Service and communion at 11 a. m. Everybody welcome.

INSTALLS FRIGIDAIRE

The Postoffice Confectionery, of which Mr. and Mrs. A. H. Suiter are proprietors, has just installed a large Frigidaire as an addition to their cold drink fountain. This machine takes the place of a smaller one which was installed some time ago, but which has been found to be of too small capacity for the business.

To Play Midgets a Return Game

Again it is going to be necessary to show them. The Junior Midgets, of Springfield, Missouri, are scheduled to be in Slaton for a return game with the Tigers next Tuesday afternoon, July 21. Everybody should see this game. The boys are real ball players and play a clean, interesting game.

Preacher in Baptist Revival Is Big Man

Rev. Ross A. Smith, Lamesa Baptist pastor, who is to begin preaching in the Baptist revival meeting starting here Sunday morning, is a "big" man. He is at least six feet tall, and weighs about 180 pounds.

And, it is predicted by many that before he has been here three days he will have convinced the people by his sermons that he is a big preacher in other ways than physical. However, his sermons are not of the type that strive to show personal ability. Rather the contrary. He depends strongly upon prayer for best results in a revival.

Come hear him. All people of the town and community are given a warm invitation.

Mr. and Mrs. Bert Whitehead of El Paso spent a few days with the latter's brother, W. B. Montague. They are en route to Dallas.

Work on Slaton Hotel To Begin Very Soon

That the new hotel for Slaton, which has been under consideration for several months, is now assured, was brought to light at a banquet Wednesday by the stockholders and others who are interested in seeing Slaton put over the hotel program.

A banquet at the Busy Bee cafe was enjoyed by many of Slaton's business men, after which a meeting was held, over which J. W. Hood, manager for the Panhandle Lumber company, presided.

Mr. Hood, speaking for the stockholders in the Robertson building, who are himself, J. S. Edwards, L. J. Robertson and E. N. Twaddle, made the hotel stockholders a proposition. The Slatonite is informed, whereby the present owners of the building and real estate would put this property into the hotel company at \$15,000, and with the stock already subscribed for the erection of a hotel, would raise the remaining capital necessary to build a second story on to this building, and make all necessary alterations for a hotel modern in every detail.

The building will be completed at a cost of approximately \$50,000, Mr. Hood says, and will be erected at the lowest possible cost.

All stockholders present at the meeting expressed themselves very much pleased with this proposition, and heartily endorsed the plans as laid out by Mr. Hood, who assured them that material would be enroute within a very short time, probably within 48 hours from the time of this meeting.

So actual construction work on a modern hotel for Slaton is expected to begin within the very near future.

J. K. Wood, vice president of the Slaton State bank, was elected secretary-treasurer for the hotel company, and will have charge of the collection and expending of funds.

Hot Battle Scheduled By Slaton Tigers

The warmest one of the season, some of the boys think, has been scheduled for Friday afternoon, when the Post all-salaried baseball club will come up for their formal introduction to a clean defeat on the local grounds.

In a fast game Sunday Post defeated the Slaton Tigers, but this could be called a hard-luck game, some of the local fans say, as most every man on the Tiger team pulled a bone, some making errors too numerous to mention.

But the Tigers are all set for the Friday game, and every baseball fan in Slaton is urged to go out to Tiger park, east of town, and witness the clean-sweep.

Misses Florence and Virginia Pitman of Amarillo accompanied their uncle, Mr. Smithee, to Slaton and will visit among friends here.

Studio Will Open on Ninth Street

Doss & Doss, El Paso photographers, will soon open a studio in Slaton, according to an announcement this week of J. Lambert, who has come here to make necessary arrangements. The studio will be located on Ninth street, in the rooms formerly occupied by the Daniels studios, Manager Lambert says.

General Lumber Yard Will Soon Open

An additional lumber yard for Slaton will soon be open for business, according to F. A. Keefe, who recently came here from the East and purchased land on the Santa Fe siding just west of the Slaton Wholesale Grocer company's office and warehouse.

Construction work on the buildings is already well under way, and Mr. Keefe announces that stock will soon begin to arrive by the carload. The new yard will handle a general line of lumber, fencing and builders' hardware. The Slatonite is informed.

Mr. Keefe is an old timer at the lumbering industry, having been associated in business in the Eastern states, also in California, and he has already expressed an invitation to the public to visit his new business in Slaton and get acquainted.

In conversation with Mr. Keefe he expressed his intention to, in the very near future, open yards in other West Texas towns.

SLATON MOTOR CO.,
WILL DEMONSTRATE
FORD TRUCK

The coming week has been designated as National Ford Truck Week and Slaton Motor Company, local authorized dealer, has arranged for a complete showing of Ford built truck bodies.

Entrance of the Ford Motor Company into the manufacture of commercial bodies indicates a new and important advancement in this division of motor transportation since it shows that Ford is bringing into delivery and hauling services the same low cost and high value that has made the Ford passenger car the most popular in the world. The Ford truck chassis has long held the lead among

light commercial vehicles and at present approximately 75 per cent of the one-ton trucks in use are Fords.

The business man or farmer who is interested in reducing hauling cost will have the opportunity this week of becoming fully acquainted with those Ford built truck bodies which, because of the economies of Ford quantity production, are offered at low prices.

Arrangements have been made by the Slaton Motor Company to keep show rooms open every evening during the week so that all may have an opportunity of inspecting the trucks and as an opening feature a truck parade will be held through the business streets Monday morning, July 13 beginning at 10 o'clock.

More important, however, Slaton

Motor Company will be prepared to give demonstrations of any of these units and those interested are invited to enter their requests for the demonstration as early as possible.

The Ford built body combinations for the famous one-ton Truck chassis include the open express type, the express type with either screen sides and canopy top or with top alone, and the stake and platform body. This latter body also is of particular interest to the farmer and truck gardener, for it is adaptable to every agricultural hauling requirement as it may be used with either grain or cattle sides. With stakes it provides unusual space for carting garden produce.

A closed cab adaptable for use with any of these bodies, also is provided and has grown greatly in popularity since its introduction. It is of all-steel construction, roomy, with removable panels in the back and provides complete protection for the driver in inclement weather, with ample ventilating facilities.

The displays also will include the new pick-up body, which is mounted on the rear of the Ford runabout, providing a light delivery car which meets a variety of requirements where quick delivery is an important factor.

Mr. and Mrs. W. E. Pollard and family of Alvarado, Texas, have been visiting in the home of J. E. Waldrop and family.

Mr. and Mrs. Ben F. Smith, Mr. and Mrs. Albert G. Smith and Mrs. Sproules spent Saturday night and Sunday on a visit with relatives in Lockney.

The poppy blazes in the sunshine, the grain fields are ripening into golden splendor, and the butterflies and humming birds seemed to have gathered the gorgeousness of nature's loveliest hues and imprisoned them within their folded wings.

SUBSTANTIAL SALADS

During the sultry days we require less food, but should have everything served invitingly arranged to appeal to a flagging appetite.

Good salad dressings are a great aid when preparing a salad. If they are ready it saves much time in preparation.

It is a good plan, when serving a salad or two daily, to keep a pint of good boiled dressing as well as the same amount of mayonnaise on hand. French dressing, using one part of vinegar to three of oil, adding salt and cayenne to taste, may be kept already mixed in a mason jar, and, when needed, a vigorous shaking will blend the ingredients.

Any of these dressings may be reddened with catsup, chili sauce; made green with parsley, chopped pickle or pepper; given flavor with the adding of a clove of garlic or onion juice. By the addition of various seasonings and sauces, as well as chopped vegetables, they are transformed into many foreign sauces. A hearty potato salad finds place in any day's menu.

Molded Potato Salad.—Chop fine eight cold boiled potatoes; chop one green pepper, a small cooked beet, a hard-cooked egg, four small cucumber pickles, half of a small onion, one-quarter cupful of nut meats, preferably pecans. Blend the ingredients; moisten well with boiled dressing and press into small cups or bowls. Place on ice to chill. Turn out on lettuce and mask with mounds of dressing. Garnish with rosettes of heart leaves of lettuce.

Roast Beef and Potato Salad.—Free the meat from gristle and bone; mix with an equal quantity of potato, both chopped fine; add a teaspoonful of chopped onion and parsley, or three stuffed olives, chopped. Moisten well with any dressing desired. Half of a teaspoonful of mustard or horseradish mixed with French dressing provides a tasty dressing for this salad.

Dates, figs and prunes stuffed with marshmallows, finely minced, make a good confection.

Nellie Maxwell

MISSIONARY SOCIETY

The Ladies' Missionary society of the First Christian church met on Monday, July 6th, at the home of Mrs. J. A. Klansner.

Eleven members were present and after an interesting program refreshments of ice cream and cake were served by the hostess.

On Monday, August 3, we will meet with Mrs. Schumann. Every member should try and be present. We need you. Visitors are welcome.

—Reporter.

CARD OF THANKS

Our Creator has seen best to take from our family the our beloved son, grandson and brother, D. D. Cooper; also our sister, daughter and aunt, Mrs. E. C. Clark. We want to take this humble way of trying to express our appreciation for the assistance rendered by our many friends during our recent bereavement; also for the many floral offerings, and especially the shop employees, and may the richest blessings of our Creator be bestowed on each person.

**B. H. COOPER AND FAMILY,
DAVID COOPER AND WIFE.**

Harry McGee of Amarillo spent Saturday and Sunday in Slaton, visiting with his sister, Mrs. Lee Green, and family.

Lonnie Lively, recently an employe of the Sanitary grocery, has accepted a position with the "M" System store.

Mrs. Luther Rankin and baby are visiting with relatives at Big Spring.

FOOD FOR CHILDREN WHO TRAVEL

Many times, and especially during the summer months, mothers are forced to take their children on trips with them. During these trips, the parent is forced to contend with that ever-present and serious problem of food for the child.

As in almost every other case, the chief source of worry, during these periods, is the milk supply, its source, its purity and its food value. It is not always convenient to get market milk of dependable quality for, in many sections of the country, adequate facilities for its care are not provided. To meet the needs of mothers in these trying situations, science has provided a form of milk, conveniently carried and easily prepared. The cans are in two sizes, the one containing six ounces and the other sixteen.

Evaporated milk is just pure cows' milk with more than half of the water removed. None of its food value is lessened; in fact its digestibility is improved. It is easily mixed with water and is, undoubtedly, the most practical form of milk for use as a food for children. Some of the country's leading pediatricians recommend its use, employing the following formula:

From Sixth Week to Third Month.

Milk, evaporated 6 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Boiled water 24 ounces
Seven feedings in twenty-four hours; 4 to 5 ounces at three-hour intervals during the day and four-hour intervals at night.

From Third Month to Fifth Month.

Milk, evaporated 7 1/2 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Boiled water 29 1/2 ounces
Six feedings in twenty-four hours; 5 to 6 ounces at three-hour intervals during the day and a feeding at 10 p. m.

From Fifth to Seventh Month.

Milk, evaporated 10 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Boiled water 29 ounces
Five feedings in twenty-four hours; 6 to 7 ounces at three-hour intervals during the day and a feeding at 10 p. m.

From Seventh to Ninth Month.

Milk, evaporated 11 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Boiled water 23 ounces
5 to 9 ounces at four-hour intervals during the day. Last feeding at ten at night.

From Ninth to Twelfth Month.

Milk, evaporated 12 ounces
Lime water 3 ounces
Milk sugar 2 ounces
Barley water 24 ounces
8 to 9 ounces at four-hour intervals during day. Last feeding at ten at night.

On account of a break in some of the machinery The Slatonite is somewhat late this week and some contributed articles have been unavoidably left out, but will appear in our issue of next week.

LOCAL NEWS

Miss Virginia McGee of Amarillo, who has just returned from Chicago, where she attended school, is visiting in Slaton, the guest of her aunt, Mrs. Lee Green.

Mr. and Mrs. L. R. Cyfert spent the 4th in Abilene, going from there to Merkel, where they visited relatives, then to the Dallas market.

O. Z. Ball and family have returned from a few days' visit with Mrs. Ball's relatives at Channing.

Orlin Stark and wife of Quitaque spent Friday night and Saturday visiting with Mr. and Mrs. G. M. Ayres. Mrs. Ayres and Mrs. Stark are sisters. Messrs. and Mesdamee Ayres and Stark and Mrs. Oran McWilliams spent Sunday in Lockney on a visit with relatives and friends.

Mr. and Mrs. G. W. Bennett of Oklahoma are visiting Mr. and Mrs. R. G. Shankle. Mrs. Bennett and Mrs. Shankle are sisters.

W. H. Clark left for Amarillo Wednesday morning to attend the laundrymen's convention.

Mr. and Mrs. C. E. Thompson and little daughter, Mary Frances, passed through Slaton Sunday afternoon enroute to their home in Lamesa, after spending the 4th in Lockney. While in Slaton they visited with R. W. Collier, Jr., and family.

Mrs. F. T. Swafford of Ballinger, a sister of Mr. Clifford Simmons, is a guest in the home of Mr. and Mrs. Simmons.

Miss Evelyn Swainert came home Wednesday from a week's visit in Plainview. Miss Swainert has as her guest Miss Lucile Goodman, who returned with her for an indefinite stay.

Last Thursday evening Mrs. George Samson, Mrs. W. R. Graeber, Mrs. Presson of Post and Miss Helen Nicholson of Oklahoma City, visited in the home of Mrs. W. H. Clark.

NO PREMIUMS

On account of the big tent meeting there will be no premiums distributed on Saturday, trades day in Slaton.

L. O. O. F.

Tuesday night of this week District Deputy Grand Master L. B. Hagerman and District Deputy President J. A. Staggs of this city installed officers for the ensuing year for Lubbock I. O. O. F. lodge, and J. A. Staggs installed officers of Lubbock Rebekah lodge, No. 393.

A number of the members of Slaton Rebekah lodge No. 46 were present and helped to carry out this work, and A. H. Suter assisted District Deputy L. B. Hagerman.

After installation of officers cream and cake were served to a large attendance and the entire meeting was a very enjoyable affair for all.

SANTA FE SAFETY MEETING

The Santa Fe Railway Company held the regular monthly Safety First Meeting at the reading room in Slaton, Tuesday afternoon, with J. W. Walters, trainmaster, presiding and L. C. Whitney as secretary. Mr. A. R. Tilman the newly appointed safety agent met with the committee of the Slaton division for the first time and made a splendid talk complimenting the employees of the Slaton division for their interest in the safety movement. Mr. Tilman is a conductor on the New Mexico division with headquarters at Los Vegas, New Mexico.

Rev. Dodson spoke in behalf of safety, followed by a good safety talk by Chas. Walsh, general baggage agent, from Amarillo. The employees of Slaton division were in attendance in large numbers and report a pleasant and profitable meeting.

CARD OF THANKS

We wish to thank our many friends for the kindness and sympathy shown us during the illness and death of our baby. Also for the beautiful floral offerings.

MR. AND MRS. L. H. O'BANION.

A GOOD CLEANING

Every so often prolongs the life of a suit. And especially now, men, when you subject that suit to harder wear than at perhaps any other time of year. Indeed, a dollar or two spent now for Cleaning it may save you the cost of a new one. For the summer's far from being over.

Phone No. 235, and we'll call for the Suit, and in a day or two, have it back to you looking as clean and new as it did the day you bought it.

EVANS & SILER

Churchism, Christianity Crime and Clemency

W. P. Florence.
It seems that the four most prominent words in the minds of the people all begin with "C".
Church meant originally any congregation of people called together for a common purpose. The church of God was any assembly for the purpose of worshipping God or promoting His cause. Moses first organized God's church into the Temple and Synagogue system in charge of priests of a particular tribe. This church must have served God's purpose for a time for He seemed to bless it.

But as it was in charge of human beings it soon went the way of all human beings from Father Adam to the present day. The holy purpose of the church to be a spiritual haven to the world was over-shadowed by human desires to make the institution more powerful over human affairs and a stronger instrument for promoting the prosperity of the priests.

So that when the Lord of the church came to earth in person, He found the church so full of hypocrites serving God with their lips while their hearts were far from Him. That He preferred the company of publicans and sinners to the church. Instead of promoting godliness the church was promoting the institution or machinery of the church. The church leaders delighted in rigidly enforcing the letter of the law against unfortunate violators without mercy or clemency in other words. That is characteristic lights in upholding law but regards compassion toward the unfortunate violator that may be extended in clemency of more importance than law enforcement. This was illustrated when a crowd of church leaders brought before Christ a woman taken in the act of shameful law violation for which stoning to death was the penalty. When He said "let the one without sin cast the first stone" her accusers sneaked away. The Christ said "neither do I accuse thee. Go thy way and sin no more."

For the purpose of promoting true godliness the Lord saw fit to reorganize the church on more democratic principles. This organization is called the Christian church. We would naturally expect that the Christian church in the light of past experiences would not go wrong, especially with the abundance of pure democracy and true godliness now known as Christianity, upon which it was founded. But for some all-wise purpose we cannot fathom, the Lord left human beings in charge of the Christian church, so far as it is related to the world, and the same story was soon repeated.

The church leaders soon became more concerned for the advancement of their worldly institution and in strengthening its temporal hold on men. That is, they have tended all along to promote churchism instead of Christianity. The Christian church started out as a pure democracy but soon became an autocracy and then a monarchy and a despotism. There have all along been dissenters, some of them forming new organizations, but the churchism spirit soon begins to show in all of them.

The lesson for us is that we should distinguish between churchism and Christianity and always guard against the tendency to churchism.

Crime has been rampant ever since Cain murdered Abel. It cannot be proved worse now than at any other time. The only remedy is the promotion of true Christianity, not churchism. The Christian church is God's instrument with which He saves the world, but churchism tends to destroy the savor of the church. The hard-boiled tendency of church leaders to enforce law without compassion is un-Christlike and does not win true Christians. About the most ungodly expression heard in modern times was from a preacher as follows: "When persuasion fails we should proceed to flog the love of God into a man's heart." A manifestation of that kind of spirit has tended to drive people from the church.

Undermining Constitutional Government

As to the possibility of reducing the overhead cost of the federal government in years to come, President Coolidge made the following clearcut statement:

"Unfortunately the federal government has strayed far afield from its legitimate business. It has trespassed upon fields where there should be no trespass. If we could confine our federal expenditures to the legitimate obligations and functions of the federal government a material reduction would be apparent. But far more important than this would be its effect upon the fabric of our constitutional form of government, which tends to be gradually weakened and undermined by this encroachment."

No weightier, no wiser words have come from the White House in many years.

Rail Committee Buying Lands

O. L. Slaton, chairman of the railroad committee of the Lubbock Chamber of Commerce, together with the other members of the committee, are busy working out details for securing a line of the Burlington into Lubbock.

A land purchasing committee composed of J. H. Hankins, Pink L. Paris and John Rouch has been authorized to purchase property for the committee to be turned over to the Burlington for use in running its line into Lubbock, and the committee has succeeded in buying a great deal of property and in busy interviewing property owners and securing contracts of sale from them.

The hearing before the railroad commission that will be held at Plainview July 20th is being looked forward to with much anticipation by those interested in the road, those being in close touch with the situation feeling that the Burlington will be granted a permit to build a line of the Fort Worth & Denver City railway out of a point near Childress to Lubbock via Lockney and Petersburg as planned.—Lubbock Avalanche.

Chrysler First To Use Purolator System

"One of the things that shortens the life of a fine automobile engine is wear due to grit that gets into the lubricating oil," says J. E. Fields, vice president in charge of sales of the Chrysler Sales corporation.

"This was one of the very first things guarded against by Chrysler engineers and more than 18 months ago, when the Chrysler Six was introduced, it was fitted with a filter that purifies the oil while the engine runs. It is due to foresight in providing such features as this that Chrysler Six engines can go on delivering the remarkable service that they do with a minimum of trouble."

"Chrysler was the pioneer amongst builders of motor cars in the adoption of the Purolator, as the oil purifying system is known."

"The leadership of Chrysler engineering methods is now once more apparent as the example of including an oil filtering device is now being generally followed."

Mr. and Mrs. Harvey Little have returned home from a visit with Erath county relatives.

Boys and Girls To Gather in Lubbock

Between seventy-five and one hundred boys and girls, members of farm clubs of Lubbock and six outlying counties, will be here Friday, July 17, for an all day training course in stock, grain and poultry judging, according to information given out by D. F. Eaton, county farm agent, and Miss Lela B. DeBose, county home demonstrator, yesterday. In addition to Miss DuBose and Mr. Eaton, farm and demonstration agents from nearby counties and John T. Egan, B. L. Crawford, experts from the state agricultural and mechanical college, and J. D. Tinsley, general agricultural agent for the Santa Fe railway, will help carry on the extended program. District Demonstrator Myrtle Murray will also be here.

Counties which will probably be represented, in addition to Lubbock county, are Hale, Crosby, Floyd, Dickens, Dawson and Garza. There will be approximately ten boys and girls from each county and the meet is being held to train them in various events before they enter the state-wide meet, to be held in conjunction with the annual farmers' short course at the agricultural and mechanical college the week following.

Luncheon To Be Served
At noon a luncheon, consisting of sandwiches, drinks and dessert will be served the visitors, courtesy of the Lubbock Chamber of Commerce. All of the training classes, as well as the luncheon, will be held at the county recreational park. Livestock and grain judging, under the direction of Mr. Eaton, will be begun at 8 o'clock in the morning, while poultry work, directed by Miss DuBose, will get under way at 10.

Lubbock county will send approximately ten boys and four girls to the state meet and plans are under way for raising the money to take them to College Station for the annual event.—Plains Journal.

Hot weather is bad on teething babies. They suffer the combined misery of heat, pain and stomach disorder. McGee's Baby Elixir helps the little sufferer through the trying period by correcting the stomach and bowels. Price, 35c and 60c. Sold by CITY DRUG STORE, John Dabney & Son, Props.

I: Slaton its the Slaton Slatonite.

Rotarians Enjoy Good Program

Slaton Rotary club enjoyed a pleasing program at its weekly luncheon in the basement of the Methodist church.

Rotarian John W. Hood had charge of the program, and called on various members to recount how and why they came to engage in their present business or profession. Dr. Sam W. Ball told of the love of the dental profession. Roy H. McCurdy, either having important business or something to conceal, was absent when called on. Alex DeLong told an interesting story (probably true) of how he happened to come to Slaton, when it developed that he came entirely without coercion and of his own sweet will, and how happy he was that he had come, with a large capital and much stock in the

bank of determination, and had made a success in the tailoring business, while following baseball as a side line. Jim K. Wood was called on to explain how he got started in the banking business, but his modesty failed him and he "passed the buck" to his father, Dr. Wood of Waco, a guest of the club. Dr. Wood made a most pleasing and enjoyable talk. Rotarian Frank Miller began back among the ancients and traced to the present day his reasons for becoming a physician, and manifested a masterly acquaintance with history as well as with the science of rolling pills. The novelty of the program was appreciated by all.

Guests present were Evangelist Jimmy Smith and Singer Rex Moon, guests of Rotarian Arch Owen, and Dr. W. A. Wood of Waco and W. M. Wood of Corsicana, father and brother

of Rotarian Jim Wood. Rotarian A. J. Payne will have charge of the program at the luncheon tomorrow, Friday, July 17.

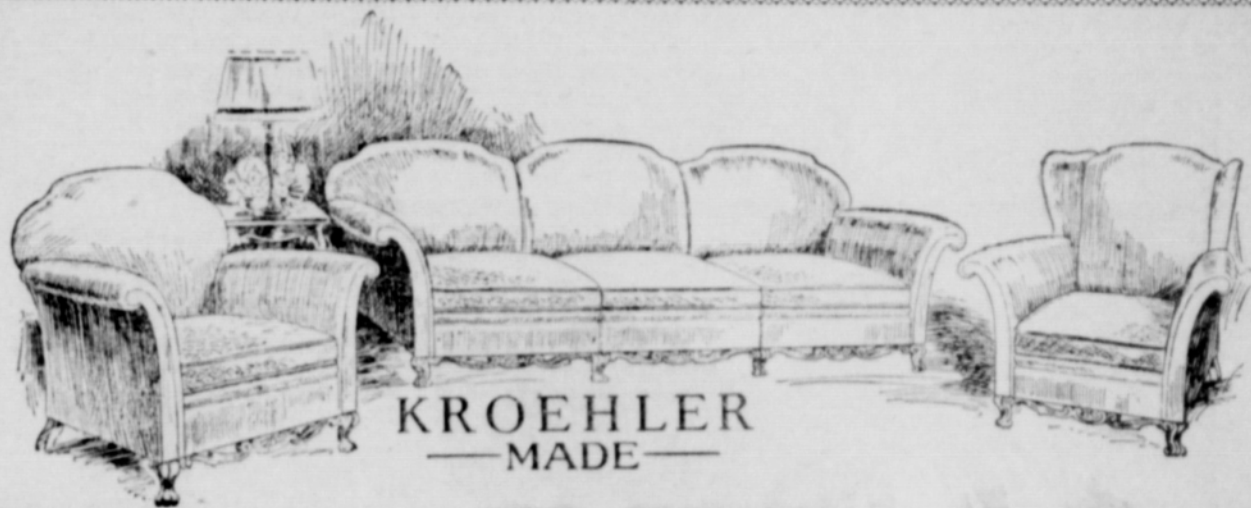

Mr. and Mrs. William Phelps and daughter were the Sunday guests of Sam Tate, and family near Southland.

American Beauty

WINS!

At the Texas State Fair baking contest in 1924, American Beauty Flour won one hundred and twenty-three prizes.

Practically every brand of flour milled in Texas, Oklahoma, Kansas and Missouri was used by some of the contestants, but the prizes were WON by those who used American Beauty.

It will be easy to understand why after using a sack of this flour.

SLATON SLATONITE

ISSUED WEEKLY

Slaton, Lubbock County, Texas.

Mrs. W. Donald, Publisher and Owner
R. W. Collier, Jr., Editor

Subscription, per year ----- \$2.04

Entered as second-class mail matter at the postoffice at Slaton, Texas.

SLATON'S PAVING

Many business men set aside a given amount each year for advertising purposes and included in this is sign boards on roads leading into their home towns. Much of this sign board money is wasted and aside from bearing their names serves no purpose in the way of telling of bargains, and besides they have become so numerous that they are anything but ornamental to the approaches of the towns. These sign boards have become such nuisances that the State Highway department has issued a warning that all commercial signs must be removed from designated state highways within the next thirty days, in accordance with a new law passed in the last meeting of the legislature. It is said members of the highway department in the various districts will remove the signs if they are not otherwise removed.

MONKEY BUSINESS

The farce that is being enacted at Dayton, Tennessee, in the trial of a professor for teaching evolution, in violation of a law enacted by the last legislature is, within itself, an argument in favor of evolution. Indeed it looks as if some of the principal characters of the comedy themselves are fast reverting to the alleged original monkey type, and with just a little more time for publicists, liberals, feminists, birth-controlists and the like, to get in their work, a lot of those fellows will be hanging by their tails in the Tennessee woods in true monkey style.

"THE MOVIES"

Man puts forth his greatest effort in the battle for bread, and secondly in the pursuit of pleasure. Many times the former is neglected to achieve the latter. The world is pleasure mad and oftentimes in the headlong rush for it moral effects and moral values are lost sight of, if, indeed, they are in most instances considered at all. One of the most accessible sources of pleasure is the moving picture show. The movie is here in response to a definite want of the people and it is quite certain to remain. Some condemn it and say its influence is for evil; others praise it and say it is in reality an educational institution; others just take it for granted and think nothing about it except as a source of entertainment. It is evident that any institution so gigantic as the movie can be either a force for good or a force for evil. It is not likely to have an indifferent influence. If it is evil that can be only because the men back of it are evil, or, in their desire for financial gain, surrender to a popular clamor for improper pictures. The remedy is to begin at the source. The forces of righteousness have an equal opportunity to make good use of this popular amusement that has been assumed by any forces of evil. The fact is that the movies are here, and will remain, and that the people will patronize them. They are both good and evil, and what their future will be depends on whether the future church will grasp its opportunity and carry its message to the many by way of the silver screen. Perhaps the masses can be reached in that way better than in any other. Should the church go into the moving picture business, its accomplishments for good could not be imagined or estimated.

Being served with coffee in a cracked or "chipped" cup in downtown cafes is almost enough to make a fellow want to quit the stimulant. We wonder, sometimes, why the law, which is destined to protect the public against the spread of disease, isn't more rigidly enforced.

When Jimmie Sozgaes, proprietor of the Busy Bee cafe, was a boy he was proprietor of a popcorn and peanut roaster. Jimmie says business was always good when his whistle blew, but when his whistle was out of commission retail sales dropped off considerably. Let's blow our whistle.

One would not think the automobile was interfering with the transportation business, judging from the efforts of some railroad promoters to extend their lines in Texas, and particularly in the Plains country.

Since it rains on the unjust as well as the just, we are not surprised that it rained in Slaton.

A wise man in Slaton is the man who knows what not to say and never says it.

PHILOSOPHER'S COLUMN

IN SMALL DOSES

I love the world of toil and strife with all its petty notions and find a kick in this old life despite its dire commotions. The babbling voices on the street engaged in idle chatter, the steady tramp of busy feet and traffic's constant clatter join in the music of the spheres in endless notes discordant, but still 'tis music in my ears a spritely tuneful mordent; for with the passing of my days, and I am older growing, there comes in most mysterious ways a richer inward knowing that things I see and feel and know and things at which I wonder all come of some gigantic law—they're not a mighty byrnder. When I grow tired of toil and strife and weary with the din, I like to wander 'neath the stars, apart from pain and sin, and fix my gaze on other worlds, with just my thoughts and me, and ponder on the things that are and things that are to be. The things that cause me dire distress in life's dull daily grind are soon forgotten in the peace that 'mong the stars I find. While gazing at those shining orbs, serene and calm and grand, somehow 'tis then I come to know that up and down the land the cause of strife and pain and woe that mocks our mortal band is all because in daily life we do not understand. I creep to bed in sweet repose determined on this plan, that with tomorrow's rising sun I'll love my fellow man!

An Arkansas newspaper records an instance where it required three surgeons to get a needle out of a girl's hand. It is reported that in other places a whole community has failed to get a needle in some girls' hands.

Men's lives eventually conform to the opinion the world holds concerning their characters.

Courage and self confidence never make hypocrisy a partner in the game of life.

Life is an arena, but the champion is not always the victor.

If you want to be big, the best plan is to cease being little.

Owe yourself no debt and society can never hold any claim against you.

Friendship is a luxury few people can enjoy and survive.

When you become satisfied with yourself you begin to die.

Pleasant memories are the richest, sweetest, most satisfactory rewards of noble living.

I have seen people who were the most perfectly angelic devils imaginable.

You cannot afford to gain your point at the price of infidelity. Infidelity is unpardonable even in a dog.

In the book of one's life it seems a thing decreed by Fate that every time the world desires to read it, the volume will open at the page one would most wish to conceal, if such a page it might perchance contain.

The most pitiable man in the world is the man who has not the ability to smile.

There is some time in every man's life when someone will, with evil purpose, assail his character.

Not until after our worrying and despondency is all over do we realize how utterly foolish and unnecessary it all was.

When a man becomes in dead earnest in his desire to amount to something, he will then leave off his meanness, dissipation and extravagant habits.

YOU KNOW THE BREED

There is no mistaking a pessimist—you can recognize one as soon as you see him. His countenance is shrouded in gloom so thick that a smile has no chance of escaping. If he has a slight toothache, he is as solicitous of his jaw as a man is of his first automobile. If he has a slight touch of lumbago, he walks as if he had one foot in the grave. If he is afflicted with indigestion, as most of his kind are, he never loses an opportunity to tell his friends about it. If there is nothing wrong physically, which is rare, he fancies in the dark recesses of his imagination that the world is going to the eternal how-ows. All models of pessimists are the same. That's the reason you will have no difficulty in recognizing one. Curing them is unquestionable. Those in the last stages are beyond hope, but a little persuasion used on those who are not too far gone may lead to a conversion and add another good citizen to the community.

OUR NEIGHBORS

Interesting Happenings in Adjoining Counties.

The Hart Oil company of Fort Worth will within the next few days begin the drilling of a wildcat well, hopeful of finding oil, on their leases about seven miles west of Tahoka, probably on the Tahoka-Brownfield highway, according to the Lynn County News.

Rapid progress is being made on the erection of a fine Baptist church building in Plainview. Services by the Baptists of that city are being held in the city auditorium while the building is under construction.

A new national bank is soon to open its doors for business over in Littlefield, with E. L. Maxey as cashier. The bank will be located in the Yellow House building, formerly occupied by the Littlefield State bank.

Outlaw & Blackshearer is the title of a new law firm over at Ralls. The firm is composed of N. C. Outlaw and Roy Blackshearer, recently from Baylor University, according to an exchange.

H. F. Underwood of Athens, Texas, and associates are soon to begin the erection of a cotton compress at Ralls, according to Mr. Underwood, who states that material for this enterprise is already in transit.

Over at O'Donnell a 20-piece band has recently been organized, and citizens of that vicinity are now quite frequently treated to some splendid music.

Progressive citizens of Garza county are making preparations for one of the biggest county fairs ever held in that county, according to newspapers

published in Soughtland and Post.

On Tuesday of this week the Panhandle Baptist assembly opened its fifth annual ten-day session at Ceta Canyon, 20 miles southeast of Canyon. Hundreds of Baptists from over the Panhandle were in attendance.

Hays and Guadalupe county fairs, scheduled for the coming fall, have been called off on account of the drouth in those sections. Citizens of those counties, however, are already making plans for a big fair next year. Come to Lubbock county.

Weeds in the business section of the town are being cut by city prisoners under the direction of Chief Selman. This was a splendid stunt, and many unsightly weed patches have been destroyed.

"The House of Service"

Half a Loaf is Better Than No Loaf at All!

YOU know, of course, that it is a costly proposition to leave implements out in the open. Well, if you want to protect your equipment, but feel you can't afford a good implement shed, here is something which will serve the purpose that you CAN afford.

A skeleton porch built out from the south side of your barn (about 8 ft. wide and 30 ft. long) will protect your implements, shelter your stock and serve many other purposes. Upper braces can be used as resting places for ladders, detached tongues.

Later you can box this porch in and make a real shed of it. Can be built without help of carpenter. Materials cost very little. Let us tell you more.

LONE STAR

TEXAS PORTLAND CEMENT CO. DALLAS - HOUSTON

PORTLAND CEMENT

Bread Baking and Cement Making

These facts every woman knows from experience— That proper proportions of rich, pure ingredients are only the first step in making a fine loaf of bread,— That you cannot properly mix these materials dry,— That without milk and water it is impossible to uniformly coat each particle of flour with exactly the right amount of yeast, salt and sugar.

Cement making is much the same. Uniform quality depends on perfect mixing of the proper materials.

Twenty years' experience in cement making combined with years of painstaking research has resulted in the perfection of the famous International Wet Blending Process. This process is used in the mills of the Texas Portland Cement Company.

Their product, LONE STAR Cement, is a super-grade cement that actually runs over 50% above the U.S. Standard Specifications. Yet it costs no more.

It carries our unqualified endorsement.

STATE OF TEXAS,) We, S. F. King, mayor, Harvey Austin, city secre- City of Slaton,) tary, tax assessor and collector of the City of Slaton, County of Lubbock.) do hereby certify that the above and foregoing is, to the best of our knowledge and belief, a full, true and correct list of the property returned for delinquent taxes to said City of Slaton for year 1924, together with penalty and advertising now placed thereon. Witness our hands at City of Slaton, Texas, this 2nd day of July A. D. 1925. S. A. KING, Mayor. HARVEY AUSTIN, City Secretary, Tax Assessor, Collector.

NOTICE OF SALE THE STATE OF TEXAS,) County of Lubbock.) In the District Court of Lubbock County, Texas. J. R. Bean, Plaintiff, vs. Mrs. Ella Lackey et al, Defendants. Whereas, by virtue of an order of sale issued out of the District Court of Lubbock county, Texas, on a judgment rendered in said court on the 2nd day of June, A. D. 1925, in favor of the said J. R. Bean and against Mrs. Ella Lackey and her husband, J. W. Lackey, for the sum of \$2896.00, principal, interest and attorney's fees owing on the vendor's lien notes sued on, and against Mrs. Ella Lackey and her husband, J. W. Lackey, and R. S. Whitehead, C. L. Kirkland and J. H. Robertson, foreclosing the vendor's lien on the property hereinafter described, in Cause No. 2181 on the docket of said court, I did, on the 2nd day of July, A. D. 1925, at 10 o'clock a. m., levy upon the following described real estate and parcel of land situated in the county of Lubbock, State of Texas, and belonging to the said Mrs. Ella Lackey, to-wit: The west one-half of tract No. ten (10) of the subdivision of survey No. Forty-two (42) in block "S", and containing 18 1/2 acres of land; and on the 4th day of August, A. D. 1925, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the courthouse door of said Lubbock county, in Lubbock, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Mrs. Ella Lackey and her husband, J. W. Lackey, and R. S. Whitehead, C. L. Kirkland and J. H. Robertson in and to said property. Dated at Slaton, Texas, this 2nd day of July, A. D. 1925. H. L. JOHNSTON, Sheriff, Lubbock County, Texas. By O. R. Patterson, Deputy. 36

Interest Grows in Big Gospel Crusade

The city-wide campaign being conducted in our city by Evangelist Jimmie Smith, is attracting attention from over the country and will come to a close next Sunday night. The services throughout the past two weeks have been well attended and as the third week opened up, larger crowds attended and an increased activity was seen along all lines of Christian work. Rev. Smith has won the respect and admiration of his hearers with his sledge hammer blows on sin. He fearlessly speaks the truth and the power of God has been clearly demonstrated in his services. Hundreds of men and women and large numbers of young people have re-consecrated their lives in the service of the Lord and old-time manifestations of spiritual power resulting in the salvation of sinners and the uplift of saints. During one of his recent sermons, when Jimmie Smith was dwelling upon a subject that he thought would draw some disagreement with his theology on this point, he turned to the preachers and said, "Now, I do not expect you fellows to agree with everything I say. I just ask for your cooperation. You ho! 'em and I'll s!n 'em." And he then proceeded to take the hide off. But there were a good many of his audience that decided that Jimmie could hold 'em and skin 'em at the same time without the assistance of anyone. The things that Rev. Smith has advocated that people leave out of their lives can but make them a finer and better people is a conceded fact. Rev. Smith declared one night that the "Hit Dog Always Howls" and that the people who were anxious about doing the right thing before God and man would thank him for preaching the truth and on the other hand, those who wanted to excuse themselves for the sin of their own lives and to continue in the same would set up a howl of protest against him and the teaching of the gospel that he has preached. Last Sunday night the largest crowd to date was present to hear the evangelist. It was estimated that there were more than two thousand people seated under the mammoth tent. "The Chickens Will Come Home To Roost" was the theme for the evening. The revivalist greeted the immense throng by saying, "As has been announced and advertised, tonight I am going to preach on "The Chickens Come Home to Roost," and I am glad to see that you have all come, roosters, hens, pullets, young fr!ers, baby chicks and all' 'tis brought forth a roar of laughter from the audience. The ocean of faces was eagerly upturned to the evangelist, ready to hear him speak on the interesting subject I had before him and they were not disappointed. The chickens proved to be the peoples' sins that would surely find them out. It seemed that the finest Jimmie named and attacked every sin in the category of human transgressions. The evangelist's hot shots of denunciation were mercilessly poured out upon low-down, contemptible bootleggers, cussing daddies, cigarette-smoking and drinking women. This dancing business, which he said was professional hugging set to music, and the card playing church member came in for their part of what he had to say. One by one the campaign general picked out his victims and then rained fire and brimstone down upon them. The human galling gun kept the crowd on their toes from the start of his sermon until the last prayer was said. There were roars of laughter, frequent clapping of the hands, shouts of "amen" and other expressions of agreement with what he said. After an hour of the most strenuous preaching it was evident that the evangelist was worn out. Yet he gave a call to the church members who would quit their sinning and take a stand for better and cleaner things in Slaton, to come forward and shake his hand. The response was immediate. Many people came forward from all parts of the spacious meeting place to assure the gospel exponent of their forward step in righteousness. The music of the revival, under the direction of Rex J. Moon, continues to be inspiring and helpful, and under his direction the great choir is rendering real soul-winning music every night. The well-trained choir was at its best last Sunday night. The large junior choir is one of the special attractions and they add greatly to the singing. The work that Mr. Moon has directed among the young people has been second to none and has resulted in the consecration of many of their beautiful young lives. This work will live on in their hearts in the years to come and the results will never be known, for this is a work that eternity alone will tell. The work among the women is splendidly organized under the direction of Mrs. Jimmie Smith with her corps of helpers and each day brings

DEATH OF MRS. DAVID AYLES

Slaton people were saddened beyond words at the news of the death of Mrs. David Ayles. Mrs. Ayles had been in splendid health until a few hours before the operation was pronounced necessary. She was the wife of David Ayles of Crosbyton, who is in business there. Mrs. Ayles was taken ill Tuesday morning and was immediately rushed to the sanitarium at Lubbock where an operation was performed for appendicitis. Mrs. Ayles never regained consciousness and passed away at 8:45 that evening. Mrs. Ayles was a lovable character, one whom everybody admired. She was a close friend of the W. H. Smith family and only two weeks ago made them a visit. Mrs. Ayles leaves three adorable children, Logie, aged 7, Francis 5 and a small son, David Edward, 13 months, besides her husband, a father and a brother. The funeral was held at Crosbyton Thursday afternoon and burial at Crosbyton. Those from Slaton who attended the funeral were Mr. and Mrs. W. H. Smith, Mr. and Mrs. Geo. Everline, Mr. and Mrs. K. C. Scott, Miss Edith Smith, Mr. and Mrs. J. B. Moss, Mr. and Mrs. J. K. Woods, Mrs. Chas. Pack, Mrs. J. H. Brewer, Mrs. Odom and Mr. W. H. McKirahan. A teaspoonful of Herbine will produce a copious and purifying bowel movement, improve appetite, restore mental activity and a fine feeling of vigor and cheerfulness. Price, 60c. Sold by CITY DRUG STORE, John Dabrey & Son, Props.

THE STATE OF TEXAS,

To the sheriff or constable of Lubbock county—Greeting: You are hereby commanded to summon Robert Burns by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Lubbock county, to be holden at the court house thereof, in Lubbock, Texas, on the 3rd Monday in August, A. D. 1925, the same being the 17th day of August, A. D. 1925, then and there to answer a petition filed in said court on the 16th day of July, A. D. 1925, in a suit, numbered on the docket of said court No. 2233, wherein Gladys Burns is plaintiff and Robert Burns is defendant, and said petition alleging that it is a suit for divorce on the grounds of abandonment; plaintiff alleging that she and defendant were lawfully married at Lane, Atoka county, Oklahoma, on December 22, 1907, and lived together as husband and wife until May 20, 1921, when defendant abandoned her, since which time she has not known his whereabouts; that during said marriage relation there was born to them a son, Wayman Burns, now about eleven years of age. Whereby, plaintiff prays that upon final hearing she be granted an absolute divorce from the defendant, and for the sole custody, care and control of their child, Wayman Burns, for costs of court, etc. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Lubbock, Texas, this 16th day of July, A. D. 1925. (Seal) LOUIS MOORE, Clerk, District Court, Lubbock County.

a better report of the work being done. Plans are being made to have a permanent organized prayer meeting for the women of the city, so that the revival will go on in their hearts after the campaign has closed. The men's meeting continues each morning from 9:30 to 10 o'clock. The men are urged to cooperate and turn their minds from the confusing things of the world towards God and let Him make of them the finest men that God would have them to be. PALACE OF SWEETS

Confections—Newspapers—Periodicals
On Ninth Street

By Mrs. W. H. McKirahan.

Does the World Owe You a Living?
The world owes you a living?
Are you going to collect the bill
By whining and complaining,
Or just by sitting still?

The world owes you a living?
Well, what do you owe the world?
Has ever the thought of giving
To get, to you occurred?

"Give to get?" I hear you say,
"Tis very odd, indeed."
Perhaps if you only think, sir,
It may be what you need.

Give a smile, and a smile
You will have in return;
Give a frown, and a frown
Is what you earn.

Is it cloudy outside?
Have sunshine of your own crea-
tion.

The brightness in other faces
Will be full of compensation.
Yes, the world owes you a living,

But you must collect the bill;
Go, do it with a merry heart,
Go do it with a will.
—Catherine Zepp.

A Breakfast

Mrs. L. B. Smith gave a breakfast on Saturday morning, honoring her niece, Miss Dorothy Smith, and Miss Marie Gardner of Amarillo, who were house guests of Miss Margaret Smith. The guests, besides the honorees, were Misses Exie, Margaret and Frances Smith.

'23 Class Reunion

Miss Exie Smith entertained at a class reunion at her parents' home on Wednesday evening of last week. The affair is one that is looked forward to with great pleasure, but each year the bunch grows fewer in number.

The evening was delightfully spent in reminiscing and various games.

An ice course was served to the following classmates of '23: Misses Edith Marrs and Exie Smith, Messrs. Gilder Levey, Earl Florence, Chesley Manley, Norman Heffner, Hershel Dawson, C. C. Hoffman.

Santa Fe Notes

Geo. J. Fleisch of Topeka and Geo. F. Parnham of Kansas City, Kansas, were in Slaton Friday and Saturday for the purpose of inspecting the old steel rails that have been taken up on the Lamesa branch. This branch has been relaid with a 90-pound rail. Business in this district demanded a heavier rail for longer trains and larger engines. The laying of this rail was completed Thursday and the surfacing of the track was finished Monday.

E. F. Ward, hauling supply man, from Amarillo, is here this week closing up the commissary cars, stripping the Mexican bunk cars and storing their equipment away.

The Mexican laborers who have been working on the steel gangs will be moved to the Eastern Grand line in Illinois, where the Santa Fe is laying 110-pound steel.

Asst. Gen. Manager F. L. Meyers of Amarillo and Mr. Wm. H. Cleveland, track inspector, with headquarters in Wellington, Kansas, accompanied by Mr. J. N. Walters, went over the Lamsa branch to inspect the new steel rail, which has just been completed.

R. M. Bisbee of Amarillo, steam heating supervisor, has been here on company business.

Supt. J. F. Anton is in Plainview this week on company business.

Mr. C. V. Worley, claim agent, of Amarillo, was in Slaton on Santa Fe business.

A Reunion

Mr. J. L. Cyphers, better known as Grandpa Cyphers, who makes his home with a son, Mr. J. D. Cyphers, in the southern part of town, is celebrating his 79th birthday and his relatives who are all here and expected to come within the next few days are Mrs. Amanda Gilbert from Abilene and Mrs. Molly Keen of Houston, sisters of Mr. Cyphers. The latter sister and Mr. Cyphers have not seen each other in forty years. Mr. J. P. Cyphers and family of Roitan and their two daughters, Mrs. Chrisman and family of Seagraves and Mrs. Mathews and family of Abilene; also Mrs. Scott and family from Amarillo; Mrs. Salyris and Mrs. Eastland and family and son, Mr. J. D. Cyphers. Other relatives are Ed Cyphers and family from Roitan, George Clinton and family from Merkel and W. O. Clinton and son from Stanton;

Misses Mable and Maud Machen of Lubbock and Mr. and Mrs. Hutchins of Sweetwater. This indeed will be a wonderful reunion and one to be long remembered by the children and grand children. Many happy returns of the occasion to this old gentleman.

Personal

Miss Eunice Florence left the first of the week to spend a month with relatives in Rule and various other places.

Master Charles Marriott is spending a week out on Mr. R. E. Hoops' ranch, near Ralls.

Mr. and Mrs. Harry Green have gone on a two-weeks' motor trip through Texas. They will stop at various points, but will spend most of the time in Houston and Galveston.

Mr. and Mrs. Jim Sanders and daughter, of O'Donnell, spent Sunday and Monday with Mr. and Mrs. Frank Lanham and family.

Mrs. J. F. Johnston and daughter, of Miami, Texas, spent last week visiting her sister, Mrs. J. T. Wisely.

Rev. M. G. French has returned from Oklahoma City, where he went on business.

Loney Barton has gone to Chicago to be associated in the business world with his brother, Mr. Don Barton.

Mrs. J. W. Boles visited the past week in Plainview, looking for a location. Mr. Boles has gone to Plainview to work and Mrs. Boles and two sons will move there as soon as they can find a suitable home.

The friends of Miss Jessie Anderson will be glad to know she is steadily improving. Mrs. Davis of Post, the nurse who has been in attendance, has been discharged.

Mrs. J. L. Hardy, who has spent two months visiting in Chattanooga and Memphis, Tenn.; Cincinnati, Ohio, and Tyler, Texas, has returned home. Mr. Hardy went to Tyler to visit his parents and accompany Mrs. Hardy home.

Miss Thelma McGee of Plainview arrived in Slaton Wednesday to accept a position with the Slaton State bank. Miss McGee will make her home with Mrs. J. K. Rogers.

Mrs. G. F. Forchon and daughter, Miss Pearl, will return Sunday from a month's stay with relatives in Alice and Corpus Christi, Texas.

Mr. R. C. Douglass of Oklahoma City will spend some time next week with his sister, Mrs. J. K. Rogers.

Mr. W. H. Ragsdale and son, Mr. Richard Ragsdale, left Saturday by motor to spend a few days in Fort Worth.

Mrs. Edgar Martin of Big Spring arrived Thursday to make a visit to her sister, Mrs. J. K. Rogers.

Miss Exie Smith has returned to her duties as a nurse in the county hospital at Amarillo, after visiting her parents, Mr. and Mrs. R. L. Smith, for two weeks.

The pretty home of Mr. and Mrs. Jack Calloway was sold last week to Mr. and Mrs. John Hannah, who have already taken possession. The Hannah home was sold to Dr. S. W. Ball and will be occupied by Mr. and Mrs. Calloway.

Miss Jeannette Ramsey stopped over a few hours in Slaton on Tuesday on her way to Amarillo, where she will take some advanced work in the Dunning system.

Your "Dollars Do Double Duty" when Spent at Home

There's only one answer to the question:

"Where can I spend my dollars so that they'll not only benefit me personally by purchasing their full value's worth but where, in the course of time they'll build for a greater community and make me more satisfied with both my neighbors and my surroundings.

It is---

IN SLATON

BECAUSE—Here and here only, can your dollars do "Double Duty."

FIRST—They'll always get you the necessities of life at a lower cost than you could buy them for elsewhere. The personal interest our merchants take in each patron to see that he or she is always satisfied—often sacrificing a profit—makes it possible.

SECONDLY—Not only do your dollars go farthest, but—by trading here and keeping those dollars at home—you're contributing to our fair city's PROGRESS and PROSPERITY.

More schools, more churches, better streets, better lighting systems—in general, a more attractive city—are only possible when every citizen puts his or her "shoulder to the wheel" and "pushes" with their "home spent" dollars.

We, the undersigned business interests, always have and always will be strong for anything that is good for the community. But, remember, we need—YOUR CO-OPERATION

West Texas News Summary.

Industrial Happenings of Interest Over This Great State of Ours

Amberst—Amberst will celebrate its second anniversary on August 1st. This city has grown very rapidly during this time and is some "Husky Colt." A big barbecue and rodeo are being planned to celebrate this occasion.

Albany—Arrangements are under way whereby Albany will have a new modern hotel. Plans call for a two-story structure and possibly a basement. The new hotel will be erected on the site where the old hotel now stands.

Eden—The West Texas Sheriffs' association met here this week. A large number of sheriffs from this district attended, and report a very successful meeting.

Crosbyton—The Texas Panhandle will produce 6,000,000 bushels of wheat this year, according to a statement given out by Walter Barlow of the Great West Grain & Elevator company. This is a considerable increase over last year's crop.

Del Rio—All the field work has been completed in the large Red Bluff Irrigation project on the Pecos river and topographical maps are now being made. This is a federal project and aid will be received from the department at Washington. The cost is estimated at \$3,000,000.

Stamford—Contract has been let here by Drs. Bunkley, Southard & Hudson for a modern nurses' home. It will cost approximately \$28,000.

Comanche—A new modern cold storage plant is being located in the ice plant building here. This plant will be ready for use within six weeks. There will be ample room in this plant to take care of the large turkey crop this season.

Brady—A new railroad to span the gap between Kerrville and Brady is to be built in the near future, according to announcement made here by Senator Robert A. Stuart of Fort Worth. This distance is 85 miles and will connect the Frisco system with the S. A. & A. P., now owned by the Southern Pacific.

Plainview—The Herald Publishing company has let contract to Harrison & Smyth for a new building to be erected on the site of the present Herald building. The new improvements and machinery will represent an expenditure of \$30,000.

Levelland—The Mallet ranch near here has been thrown on the market. This ranch consists of 56,000 acres. This is according to Sales Manager Stanley Watson.

Hereford—A contract has been closed by H. H. Hawkins of the Golden Rule Produce company for a 12,000 egg mammoth Buckeye incubator. This is quite a boost for the rapidly growing poultry industry of this section.

Lamesa—Lamesa is to have a \$45,000 theatre. The contract has been let to Harvey O. Allen and work will begin at once.

Rising Star—The Phillips Petroleum company is erecting a big booster station in the Crosscut field for the purpose of pumping the gas to the plants at and adjacent to Plover. Seventy-five men will begin work immediately.

Midland—Midland has voted to adopt the terms and conditions of the Texas general paving law. The law was passed by a large majority. Bonds will soon be voted for Midland's new paving campaign.

Anton—A contract has been closed school building. Anton is a new town here for the erection of a \$50,000 on the Spade ranch 12 miles east of Littlefield and their new school building will take care of part of the students from the Littlefield district.

Mr. Lee Hamilton, one of our prosperous farmers, residing southwest of town, is putting up a fine up-to-date residence.

IGNORANCE

When ignorance and wealth unite,
The two are in a sorry plight—
For ignorance, maddened by display,
Lets passion have the right away;
While dumb and helpless wealth remains—
It has no power to furnish brains.

When ignorance, by fame, is crowned,
A fool struts on his daily round;
Inflamed by just a few brief cheers,
In wisdom's face he boldly sneers,
And as a drunkard wears his hat,
He tips his crown this way or that.
When ignorance comes into power,
Brief is his reign and brief his hour;
Good sense and reason calmly wait
The day he shall meet his fate;
When ignorance and power unite,
They fuse disastrous dynamite.

Wise men can handle wealth and fame
And power and never come to shame;
Wise men can face temptation strong,
And spurn the lure and scorn the
wrong—

But when a fool grows rich or great,
Then self destruction is his fate.

Legion Keeps Mother and Baby Together

The American Legion believes it is best for little children to have their own mother's care. So, if it can, the legion prevents the separation when a war veteran dies.

The legion did this for Mrs. Peter D. O'Neill. Her story illustrates one phase of legion service for which a national endowment fund is being created. Leading citizens are now working to raise this state's share of the fund, which will provide a permanent income. The money will be used exclusively to help cure disabled veterans and to care for the helpless orphans of former service men.

The legion had a long battle with government agencies before they were finally convinced that the death of Mrs. O'Neill's husband was caused by the war.

O'Neill committed suicide while mentally deranged. He had suffered the disorder since the war, legion officials discovered when the plight of the widow and two babies was investigated. O'Neill had been a hard-

working, thrifty, cheerful workman before he went into the service. When he returned to civilian life he received his old job on the elevated in Chicago. On pay days his money went to his family.

But O'Neill couldn't hold down the job any more. He was sent to the company's doctors. They recommended that he apply for hospitalization by the Veterans' Bureau.

Approximately three years after he was discharged from the army, O'Neill's name went on the folders of the bureau files. His application was approved. He was given a rating of ten per cent disability, dated back 15 months, which means that the government paid him \$150 which he turned over to his wife. He also was given a temporary total disability rating, which means \$100 a month while in the hospital.

Then O'Neill was sent to the U. S. naval hospital at Great Lakes to be treated for psycho-neurosis hysteria. It was ten days later that he eluded the guard and jumped off the naval station pier.

The government said his death was not due to war service and, in effect, the widow and children must shift for themselves.

It was sixteen months before the legion convinced the government agencies that the man would not have

Fire Liability Community Problem

Electricity and the telephone have been the two greatest labor savers and conveniences ever given to mankind.

But now comes the electric refrigerator for the small home and farm. It promises to be the savior of mankind from many ills and losses, with which he has been afflicted because of food either spoiled or improperly cared for previous to eating. The electric refrigerator adds the final touch to modern housekeeping which makes food storage practical and safe, and as satisfactory as the gas or electric range. Electric refrigeration will revolutionize the question of food and produce storage on the farm. Ernest Denny and wife were Lamesa visitors one day last week. They were accompanied home by Mrs. Denny's cousin, Mrs. Alta King, and two daughters.
