

MOUNTAINS OF SCRAP WILL SAVE THOUSANDS OF LIVES!

Big Spring Goes To War Monday -- To Get In The Scrap

Big Spring literally goes to war Monday.

It swings into a desperately needed action on the home front—that of collecting scrap metal which is needed by the steel mills to make munitions—in a three-hour campaign that shapes up as the greatest coordinated community effort ever put forth.

From 1 to 4 p. m., every business activity except the most essential services will be completely halted; schools will be closed; recreation centers will be "out of bounds;" and every man, woman, boy and girl in this city will be combing houses and garages, cellars and attics, gutters and alleys, vacant lots and business buildings for the all-valuable scrap.

The city fire siren will blow at 1 p. m. That's the 'zero hour.' Workers in places of business will get their scrap out there, then will go to their homes to get more scrap. And the school children will be out looking, too.

Trucks—100 of them and more—will assemble at the city hall at 1:30. They'll be given designated territories to work. And they'll contact every store, every house, every place of business and residence.

You're asked—in the name of Victory—to get your scrap out Monday afternoon. Have it in FRONT of your place. If your load is too big to handle, call No. 4 and special arrangements will be made for you. If you want to sell it to the junk dealer, call him.

The scrap challenge is here for Big Spring—Monday, 1 to 4—Let's make this a smashing victory!

IF YOU FAIL, SOME BOY WILL DIE

If You Can Donate A Truck, Have It At
The City Hall At 1:30 P. M. Monday

POINTS TO REMEMBER

In Monday's SCRAP BLITZKRIEG

1. When the fire siren blows at 1 p. m. Monday, close your place of business.
2. Have that place completely raked for every available piece of scrap.
3. Then GO HOME AND SEND YOUR EMPLOYEES HOME to search their residential places. A business blackout nets nothing if the time is not put in digging up scrap.
4. Place all your scrap at the FRONT of the house, at the curb.
5. Scour your alleys, the adjacent vacant lots; look everywhere for the scrap. Three hours in hunting it is not too much to ask for the war effort.
6. If your neighbor has some scrap he hasn't moved, suggest that he get it out, and offer to help him. This is war.
7. Don't worry about the school children. They're getting off from classes Monday afternoon, too—and they'll be out scouting for scrap. They're already doing it.
8. Trucks—scores of them—are going to tour the entire town, beginning at 3 o'clock. Have your scrap out, and they'll get it. If you're missed, call No. 4. If you have too much to be handled in a load, call the same number. Special attention will be given to your problem.
9. The money from this scrap pick up goes to local war agencies. But if you want to sell your scrap to a junk dealer, go to it. The object is to GET THE SCRAP IN, HEAD-ED FOR THE STEEL MILLS.
10. Trucks will gather at 1:30 p. m. Monday at the city hall. They will be given territory designations there. If you are POSITIVE ALL SCRAP has been gotten from your place, you might be on hand to help man a truck.
11. If you find some business place that is loath to close shop for this emergency, you might remind the operator that this is HIS WAR TOO.

Highest Tax Rates In History Approved By Senate Vote

COMMUNITIES

News Notes From The Oil Field

Margaret Jackson, typing and English teacher in the Forsan school, is to leave the first of the week for a government position in Washington.

Mr. and Mrs. C. M. Adams spent Friday at their farm in the Moore community.

Mrs. Jimmie Hager and Donna Sue of Fort Stockton are guests of the R. C. Corveys.

E. B. Blackburn is in Waco for the weekend.

Mr. and Mrs. Millard Brent are visiting in Bonham this weekend.

John Lane is recuperating from a recent tonsillotomy.

Mrs. W. E. Rucker of Westbrook and son, Sgt. Bill Rucker of Hammer Field, Calif., visited friends in Forsan Wednesday.

Joe Marting is doing nicely in a Dallas hospital. He recently underwent surgery.

Gladys Cardwell is the new stenographer at the Continental office.

Mrs. Ben Worth and Mr. and Mrs. J. T. Rodas of Roscoe visited the John Lanes this week.

Mrs. Eddie Lett and a son Markie of Oklaheema visited the Mark Harworths this week.

Mrs. Tommie McMillan and baby have returned from a visit in Ardmore, Okla.

Exports of merchandise from the United States during the first seven months of this year were valued at \$4,025,698,000, an increase of 64 per cent compared with the same period of 1941, the department of commerce reports.

Scale Ranges From 19 To 88 Pct., Plus A 'Victory' Levy

WASHINGTON, Oct. 10 (AP)—In record breaking times, the senate today passed the record breaking new tax bill changing the highest rates in history upon the incomes of individuals and corporations.

The vote was unanimous, 77 to 0.

The measure would impose a tax of 19 per cent on the first taxable dollar of every citizen, and add to that a five per cent victory tax on every penny he receives in excess of \$24 annually, or \$21 weekly. All the other end of the tax ladder it would tax income in excess of \$4,000-500 at 88 per cent.

The married man with two dependent children who earns \$700 in a year would pay the government \$1.13 including the Victory tax. On an income of \$1,000, his tax would be \$12.51. On one of \$2,000, he would pay \$28.22. The tax on \$5,000 would be \$221; on \$4,500 it would total \$414.23, on \$5,000 it would be \$522. On \$6,000, he would pay \$4,048.38.

Corporations would pay 24 per cent on incomes up to \$25,000, 46 per cent on the next \$25,000, and corporations with incomes of more than \$50,000 would pay 60 per cent on the full amount. All corporations would hand over to the treasury 90 per cent of their excess profits, in excess of \$5,000. Excess profits are determined by complicated formula with the aim being to take in taxes virtually all profits beyond a fair return on investment.

The purpose of the new and higher rates, is of course, to finance in part the stupendously costly war effort, and to remove from the people an excess of purchasing power, which has threatened to produce inflationary prices.

In all, Chairman George (D-Ga) of the senate finance committee estimated it would increase the treasury's revenues by \$7,900,000,000 a year. The treasury disagreed with this figure, however, and estimated the increased yield at \$6,851,700,000. By comparison the bill as passed by the house would add \$6,291,000,000 to the treasury's receipts. Existing levies are expected to bring in about \$17,000,000,000 a year.

The total as the treasury estimated it was well below what it had asked for. In fact treasury recommendations took a beating all along the way. To compensate for this, Secretary Morgenthau announced a few days ago that as soon as the bill was out of the way, a new revenue bill yielding \$6,000,000,000 would be requested.

In all the senate spent five days discussing and passing a bill which itself filled 575 pages. It teemed with technicalities and complexities. The senate was for the most part, however, content to follow the lead of George and the finance committee, and excepting one point—the taxation of future issues of state and municipal bonds, which the committee had recommended—generally enacted its recommendations.

The next step in the measure's consideration is a conference of agents of both house and senate for the purpose of reconciling conflicting rates and language in the differing tax bills passed by the two branches.

In one very important respect, however, there was no disagree-

Forsan Pupils Pile Up Huge Scrap Pile

FORSAN, Oct. 10—The Forsan schoolyard is a sight that Hitler and Hirohito wouldn't want to see, for it's a veritable acreage of scrap metal which is going into American munitions to be aimed at those dictators.

Forsan school youngsters have been enthusiastic and highly effective in their part of the Texas scrap drive—and they'll take a half day off from classes Monday to climax their search in successful fashion. There's a surprising variety of salvage articles, ranging from truck and car bodies, stoves and water heaters, to cable and plow points.

The grade school is leading in total metal collected and the 8th grade has highest room honors.

A community "antique" was among the first items on the scrap heap—a 450-pound barber pole which has stood before the long-ago-closed shop operated by C. V. Wash, Bobby and Charles Wash brought it in. These two lads have led in scrap poundage thus far, being partners in 2,000 pounds. Bobby also is a partner with Bobby Baker in an additional 3,000 pounds. The two are in the 8th grade.

Others with high totals include Haroldine West, 900 pounds; Billy White, 800; J. B. Hicks and Joanne Lewis, 1,200; Hoyt McClintock, 700. Many other children grouped their collections and these are yet to be weighed out.

Peanut Parity Changes Don't Affect County

Peanut parity price increases announced Thursday from Washington will not affect returns on the Howard county crop as except might accrue from indirectly produced market fluctuations.

This was the word Friday from M. Weaver, county ACA administrative assistant. The parity price is only on quota peanuts and affects growers who have allotments for regular commercial peanut production. Howard and most West Texas counties this year are growing peanuts on excess acreage, which is not deducted from the cotton acreage allotment as it is in the peanut belt where quotas are given.

Parity on Spanish peanuts, mostly the type grown here, was upped from \$133 to \$141, but the \$2 calling on the same peanut grown on excess acreage was still the same. Quota produced peanuts may go for food purposes, whereas those produced here and in most of this area will go to crushers for oil purposes.

Under the emergency program, only one authorized dealer may purchase peanuts for the market. In Big Spring W. R. Puckett is that dealer. Arrangements have been made whereby he will be able to draw a draft on the Southwestern Peanut Growers association for payment just as soon as the peanuts have been graded, weighed, delivered and accepted by him. The average price should figure out around \$1.20 a bushel. Threshers may not take peanuts for part or all of the toll, for they will be penalized on the resale price.

If Howard county harvests 25,000 bushels as almost all observers believe (25 bushels per acre on 2,000 acres), that will mean around \$61,500 for the crop. If the crop should be better and hit 30 bushels to the acre as some few hope, the return would be \$73,500. This would be just about net, for it is estimated the value of peanut hay gathered will about offset expenses of harvesting.

HITLER'S Dream Of World Conquest Shattered by Bible Prophecy

You Will Do Well To Cancel All Other Engagements To Hear This Oct. 11 — 8 p. m.

SUNDAY
Oct. 11, 8 p. m.

Voice Of Prophecy
Auditorium

605 East 2nd — Just 1/2 Block East Of Municipal Auditorium

Mayor G. C. Dunham of Big Spring will also speak before the Evening Address.

Program: Tune in KBBT, Sun, Tues., and Thurs., 5:45 p. m. Monday, Oct. 12, 8 p. m. "Why World War II?"

Tuesday, Oct. 13, 8 p. m. "Life After Death, Where and in What Form?"

Wednesday, Oct. 14, 8 p. m. "What and Where is Heaven?"

Thursday, Oct. 15, 8 p. m. "Fascinating Scenes Beyond the Veil."

Friday, Oct. 16, 8 p. m. "The Greatest Wonder in the World."

General Evangelistic Meetings nightly except Saturday. Those desiring for Christ may unite with the church of their own choice.

More Tires To Be Provided, With Strict Control

Scout Drive At Colorado Set Oct. 15

COLORADO CITY, Oct. 10—The date for the one-day intensive drive for the Boy Scout fund in Colorado City has been announced by John Pratt, chairman, for Oct. 15. Breakfast for the committee-men at a local cafe will start the day. District Attorney Trustett Barber will deliver a brief address.

The town has been divided into districts and each group of workers will be assigned a portion of the business district to canvass following the breakfast. In addition to the three range bosses previously announced, Clarence Cook, G. D. Foster, and Jerold Rfordan, foreman and hands have been named to complete the working roster.

County Shows Fine Record On Bond Purchases

Howard county was far over the top in its subscription of war bonds for the month of September, a final report received by County Chairman Ira Thurman showed Saturday.

Figures from State Director Frank Scofield credited this county with \$133,599.25 in bonds, as compared with a quota of \$99,800. The total was larger even than had been tabulated here, since some salary deductions made by companies with headquarters elsewhere cannot be checked in Big Spring.

The county was moving along nicely on its October purchases, too. With another quota of \$99,800, sales through Saturday, with only ten days of the month gone, had amounted to more than \$83,000.

Speed, Gas Usage, Sharing Of Cars Will Be Checked

WASHINGTON, Oct. 10 (AP)—Price Administrator Leon Henderson today announced the government's plan to provide tires to keep every passenger car "rolling for essential mileage" throughout the war.

The announcement—setting forth strict controls over mileage, speed, rubber, gasoline, tire cars and car-sharing—was the first official indication that the Office of Price Administration construed the recent Baruch committee report as calling for tires for every driver.

Robert W. Horton, deputy director of OPA in charge of information, confirmed this interpretation when questioned by saying:

"The Baruch committee, after a long and careful study, said that everybody could get tires. This is our plan, to try and get tires to everybody."

Simultaneously, Rubber Director William M. Jeffers announced that 15 Latin-American countries and British colonies had agreed to sell exclusively to the United States all crude rubber produced over their own essential needs. Henderson's plan would authorize

Is he overseas?

ize tire replacements in the form of recaps, used tires or new tires of various quality grades. In every case, the replacement will be the "minimum grade of tire that will serve for the mileage granted in the gasoline ration book," he stated.

"The government's undertaking to keep tires on all passenger cars with driving reduced to essential mileage," his statement cautioned, "is a goal which can be reached only if driving is brought within the 5,000-mile a year average recommended by the Baruch report, and if there is strict adherence to the 35-mile-an-hour speed limit."

"Any failure to accomplish the mileage limit or speed cut will result in stricter curtailments to prevent excessive drain on the national rubber resources."

The five steps in the government plan follow:

1. Rationing of used tires and tubes and recaps, and new tires now in stock, to provide as far as possible the minimum essential mileage to each of the nation's passenger cars.
2. Actual control of each car's mileage through the rationing of gasoline to prevent unnecessary driving and to hold the national average down to 5,000 miles per car per year.
3. Compulsory periodic inspection of all tires to guard against abuse and to prevent wear beyond the point where they can be recapped.
4. Denial of gasoline and of tire replacements to cars whose drivers persistently violate the national 35-mile-an-hour speed limit.
5. Capacity use, through car-sharing, of every car on every trip so far as possible.

A national stockpile of "all the idle passenger car tires in the country" must be created if the plan is to work, Henderson said, adding that the details of the stock-piling program would be announced within three or four days.

The complete mileage rationing program will go into operation, he said, when coupon rationing of gasoline on a nationwide basis begins November 22.

Associates of Henderson disclosed that the stockpile of used and unused idle tires would be built up through an appeal for voluntary sales by motorists of all tires owned by them in excess of five for each car.

The Rubber Reserve Corporation, owned by the government, will purchase the tires at prices fixed by OPA.

if you want him to get his Christmas package ON TIME

Mail it Now!

Christmas Packages and Christmas Cards for Service Men Overseas Must be Mailed Before November 1st . . . the Earlier the Better. There are definite requirements you must observe in the addressing and wrapping of Christmas packages for the boys overseas. For your convenience, we have had these printed in simplified form. FAIR WARNING

Our nation's war production has first call on all raw materials and factories. This has curtailed production for civilian use . . . a sacrifice we are all glad to make for victory. This Fall, on some of the items in our great Ward Week sale, we may have to limit quantities sold to any one person. Ward Week values will be as great as ever . . . but, please, buy only the things you need.

Ward Week is a nation-wide sale, planned months in advance by all of the 650 Montgomery Ward stores throughout the country. By working far ahead, by combining their orders, these Montgomery Ward stores are able to secure quality merchandise at tremendous savings. That's why millions of Americans wait for Ward Week every year to buy their Fall and Winter needs. This year, we are happy to offer once again the values which have made Ward Week America's Greatest Sale. Throughout our store, prices are cut far below the "ceilings" established by the government. Join the crowds . . . see these values yourself. Shop and save in Ward Week.

WARD WEEK starts Wednesday at MONTGOMERY WARD

Shaw, Pioneer Credit Jeweler, Has Anniversary

Twenty-eight years ago Joseph H. Shaw put into practice a notion of his that men and women—ordinary wage earners—want and would buy jewelry and the finer things of life if credit could be supplied them. That was the beginning of the first Shaw store.

Today the system covers two states and is still growing.

"It is with a spirit of appreciation in mind for loyalty shown by our friends and customers that we are launching our big 28th anniversary sale," said Joe Blum, manager of Shaw Jewelry store here. "We are offering these values at a time when purchases can be made in anticipation of Christmas as well as to meet regular desires."

From the first day the original store opened in Dallas, quality merchandise and the credit system have been two foundation stones of the company's business.

"Once only the rich could buy luxuries such as we sell," commented Blum, "but under Shaw's theory the ordinary person may buy as well out of their incomes."

Shaw has had a store here for the past three years and his local manager has been with the company since 1923. Assisting him in operation of the store are Lloyd McKelva, in the watch department, and Mrs. Blum in the sales division.

Attend Funeral Of Lubbock Child

Mr. and Mrs. Dalton Mitchell returned Saturday from Lubbock where they attended rites for Rita Carolyn, 12, daughter of Mr. and Mrs. Jimmy Yates. The father is well known here, particularly among life underwriters. He was associated with Mitchell as a district supervisor for a time and on occasions had addressed the Big Spring Life Underwriters association. The daughter succumbed Wednesday and was buried Thursday.

Thundering Drama Of Marine Courage Told In Ritz Theatre's 'Wake Island'

The dramatization of one of the most spectacular battles of this war will be on view with the showing at the Ritz theatre today and Monday of Paramount's "Wake Island."

The gripping reenactment of the epic stand of a handful of courageous Marines who staved off Jap invasion for fourteen days, features a great cast headed by Brian Donlevy, Robert Preston and MacDonald Carey. Also included in the roster of players are Albert Dekker, Walter Abel, Barbara Britton and William Bendix. Insuring authenticity of detail, "Wake Island" was filmed with the cooperation of the United States Marine Corps. John Farrow, distinguished Hollywood director and himself a lieutenant commander in the British navy until recently invalided out of service, directed the new film drama.

It is throbbing, vital drama that the new picture promises as entertainment plus the essential meaning of this war and what it entails. The subject should never be forgotten, and "Wake Island," telling, as it does, the story in terms of human, dramatic events will help see to it that it never

Stirring moments abound in "Wake Island," moving action drama based on the heroic stand of American Marines in that Pacific center of war. The picture is at the Ritz theatre today and Monday with a cast headed by Brian Donlevy, Robert Preston, MacDonald Carey and Albert Dekker.

shall happen again. "Wake Island" brings to the screen a mighty piece of screen entertainment, and what with the able hands that have fashioned it, it must perform up to the immense task it must perform—to make plain its vital message and to be a picture of exceptional entertainment worth. From all accounts it is.

Certainly it has the qualities of really great screen fare. Its theme is unexcelled for stirring human drama. On that Pacific isle men outnumbered and outstripped in planes and guns fought on against hopeless odds. Yet so fierce were their convictions and so great the inspiration of their loved ones, left behind somewhere, that they resisted the enemy for fourteen glorious, thunderous days.

"Wake Island" recapitulates in its story the whole stand, the sinking of a Jap cruiser by our aircraft, the many times invasion attempts were repelled, the emotions experienced by Marines and civilians as the battle was being fought.

"Wake Island" is definitely the picture of our times.

At The Lyric—Humphrey Bogart, able player of gangster roles, is said to hit a new high in his latest portrayal, in "The Big Shot," which is at the Lyric today and Monday. Lovely Irene Manning has the leading role opposite him.

Bogart Stars In Drama Of A 'Big Shot'

"The Big Shot," Warner Bros. new film which is featured at the Lyric theatre today and Monday, has a story and star combination that makes for sure-fire screen entertainment. It has an action-packed story which stars Humphrey Bogart as a one-time big shot gangster who is caught between two fires. He can't go straight because no honest person wants to bother with a guy who has been up the river three times. And he can't get into any more trouble because the next time it's his life.

Hounded by his lawyer's wife by fellow gangsters as a has-been, Bogart is driven to distraction. Finally (after all, a guy has to do something to make some dough) he consents to act as the "brains" for an armored car stickup. And anyhow, the boys convinced him that nothing could go wrong because one of the underworld's cleverest mouthpieces (a role played by Stanley Ridges) was backing them. But plenty could go wrong, especially if the lawyer's wife happened to be your former sweetheart before you did your third stretch.

Irene Manning, an alluring newcomer to the screen, plays the top feminine role and advances opinion says that she is headed for a successful screen career. As Ridges'

wife, she explains to Bogart, that she had to marry because she was financially desperate, but now that he is back everything will be all right, if he would only promise not to return to his career of crime.

On the night of the stickup, Irene prevents Bogart from going through with the job by keeping him in his room at the point of a gun. Despite this, a befuddled witness identifies him as the person who used her as a shield in making his getaway from the pursuing police after the holdup.

Someone tips off Ridges as to what's been going on between his wife and Bogart and as a result he lets Humphrey take a lifetime rap for a crime he never committed. But Bogart plans a revenge that makes an exciting climax.

"The Big Shot" has a fine supporting cast made up of Richard Travis, Susan Peters, Chick Chandler, Howard da Silva and many more.

Abbott-Costello Fun Hit Plays At State

One of the big successes of that outstandingly successful pair, "Keep 'Em Flying," with Abbott and Costello starred, is the State theatre's principal attraction for today and Monday. This hilarious piece has a cast which includes Martha Raye, Carol Bruce, William Gargan and Dick Foran. The picture, produced on a lavish scale, is backgrounded against Uncle Sam's efforts to annually train an additional 50,000 officers for the Army Air Corps.

Merging riotous hilarity with romance, songs and aviation thrills, the offering boasts of a big and brilliant supporting cast headed by Charles Lang and the Six Hits. Made with the full cooperation of the War Department, most of the scenes were photographed at Cal-Aero Academy, Ontario, Calif., one of 30 privately-operated flying schools now under contract to the government.

Abbott and Costello portray air school "grease monkeys," while Misses Bruce and Raye are seen as singing hostesses in a USO clubhouse. Gargan characterizes a civilian flying instructor, while

Foran appears as a circus stunt flyer who enrolls in the school in order to be near Miss Bruce. Charles Lang portrays Miss Bruce's brother, a flying cadet. William Davidson is operator of the amusement park that figures in the opening scenes.

Four hundred screen extras and other players are included in the roster of "Keep 'Em Flying," which is further augmented by 460 'real' life cadets, who appear in the school sequences. More than 175 Army airplanes, plus six private stunt ships, were used during the filming of the exciting aerial scenes.

Jimmy Ahern Promoted To Rank Of Sergeant

Mr. and Mrs. Thomas Ahern have received word from their son, James Thomas (Jimmy) Ahern, of his promotion from the rank of corporal to that of sergeant. He has been sent, along with several other sergeants, to Camp Bullis to instruct 900 new recruits in the army routine.

'Birdmen'—Your old friends, Abbott and Costello, try mixing it with the air force—with some hilarious results in their comedy success, "Keep 'Em Flying," which is at the State theatre today and Monday. In the cast of the hit farce are Martha Raye, Carol Bruce, William Gargan and Dick Foran.

War Industries Class Here Has Top Reputation

Trainees from Big Spring's war industries classes are establishing a reputation as outstanding workers in plants on the west coast. The evidence is that foremen are asking for Big Spring-trained men, and are ready to put them to work.

Lloyd Henson, one of those who took a welding course here, writes about the situation in a letter to A. B. Greer, instructor. He said in part:

"The welding superintendent has asked me to write you and see if you could send all your men out here. I was lucky and passed a No. 2 welders' test when I went to work and he thinks you are a hot instructor. He said he was going to write you, and if any of the boys come out, send them to him. x x x There are three boys here from the Big Spring school and the foreman thinks they are all good. Every time he hires a new man now he asks him if he is from Big Spring and if he is he will go on the assembly line instead of tacking, so you see what they think of the school. x x x They are hiring lots of women welders and burners."

Quick Push For Scout Funds To Be Made Here Tuesday

Plans were all set Saturday for a quick round up Tuesday of contributors to the Boy Scout movement here so that Big Spring may join with other towns subscribing to its quota in the Buffalo

KARCHER

Trail council area. Range bosses have been named from the four service clubs, to serve under Elmo Wasson, finance chairman and boss of the financial round up. In turn, the range bosses will line up several wranglers so that the job can be attacked vigorously and completed quickly.

"Chuck" will be served to workers at a breakfast set for 7:30 a. m. Tuesday at the Settles and cards will be distributed at that time so that men working for the boys will be able to get an early start.

A. V. Karcher has been assisting Wasson in organizational plans and H. D. Norris, field scout executive, is completing detail preparations for the campaign. To further acquaint the public with the nature of the campaign and the type of work it will make possible, Wasson and Norris will be heard in a brief radio program over KBST at 7:35 p. m. Monday.

Knott Children Work On Scrap Collection

KNOTT, Oct. 9. (Spl.)—The Garner P-T. A. met Wednesday afternoon at the gymnasium for its first afternoon session. The program, including a play, reading and songs, was given by the pupils of the fourth grade, directed by the teacher, Miss Marjorie Smith. In the business meeting, the program committee presented the plan for the year's program, which was adopted.

Committees for the annual Halloween carnival and naming of the high school queen were announced.

Present were Mrs. Shirley Fryar, Mrs. E. Brown, Mrs. Morris Gay, Mrs. Nixon McGinnis, Mrs. J. Z. Gay, Mrs. Clarence Fryar, Mrs. Oscar Smith, Mrs. J. W. Phillips Jr., Mrs. Lela Goin, Lilla Castle, Laura Ferch, Iris Dunlop, Marjorie Smith, Lorene Brumley, Mrs. J. D. McGregor, Mrs. Herschel Smith, Mrs. Don Raspberry, Mrs. R. C. Ray and Mrs. S. T. Johnson.

Stamps sales at Garner Wednesday were as follows: first grade, \$13.85; second, \$13; third, \$8.25; fourth, \$21.75; fifth, \$8.85; sixth, \$4.45; seventh, \$11.70; eighth, \$58.95; ninth, \$6; tenth, \$8.05; eleventh, \$8.70; and twelfth, \$2.

In line with the school's Texas Ranger scrap drive a sizable amount already has been collected on the school yard with more coming in every day by car, truck, wagon and trailer. Every child from first graders through seniors are working diligently.

Mr. and Mrs. T. J. Brown and Mrs. S. T. Johnson were in Lubbock over the weekend visiting with the Browns' daughter, Margaret, who is attending Texas Tech, and Mrs. Johnson's uncle, H. W. Petty.

Relatives of Billy Free, 15, who was gravely injured over the weekend when thrown by a horse, reported some improvement in the boy's condition today. He has been attending Garner school while making his home with his grandparents, Mr. and Mrs. C. B. Horland. His parents, Mr. and Mrs. T. L. Free, reside at Tarzan.

Mr. and Mrs. Lem Roberts moved from the Shockley farm to East Knott Wednesday.

Mrs. Garner Trout and children of Fort Worth are visiting here with her parents, Mr. and Mrs. Claude Horland.

Ed Traillor and son, Eddie Van, of Fannin county visited at Knott Monday.

W. L. Petty, brother of Mrs. S. T. Johnson, left Monday for Norfolk, Va. where he will be stationed for naval construction work.

Pre-Fabrication Program Used On Local Residences

Construction is now underway on a battery of residences to be erected by C. C. Broyles in the

Park Hill addition.

Adopting some of the pre-fabrication methods proven so effective in shipbuilding, Broyles has been having a great amount of frame work made on the ground. Monday carpenters will start installing these pre-fabricated sec-

tions and in getting up frame work. Broyles has taken permits out for 12 houses and indicated that he may build several others. In addition to a large amount of material on the ground, another carload was on siding Saturday.

11 More Signed For Army Service

COLORADO CITY, Oct. 10 — Enlistment of five more Mitchell county men as air corps specialists was announced from the West

Texas recruiting office at Lubbock this week. The five new volunteers are Davida Lawrence McDowell, Edwin Lee Brown, Earl Vaughan Jorda and John Thomas Reagan.

H. D. Women Plan To Have An Achievement Exhibition Soon

The Howard County Home Demonstration Council voted to have an achievement exhibition sometime in November, the exact date and place to be announced later at session Saturday in the county agent's office.

Council voted to change the meeting time from 2 to 3 o'clock, having committee meetings from 2 to 3 o'clock, and to have achievement day programs in each club instead of county-wide.

A nomination committee composed of Mrs. Ross Hill, Mrs. W. H. Ward and Mrs. Walter Barbee

was elected to nominate officers for the coming year.

Attending were Mrs. Ed Simpson, Mrs. Carl McKee, Mrs. Bert Massingill, Vealmoor; Mrs. Shirley Fryar and Mrs. Don Rasberry, Hiway; Mrs. W. H. Ward and Mrs. Jessie Henderson, Fairview; Mrs. O. D. O'Daniel and Mrs. K. G. Blalock, Coahoma; Mrs. Walter Barbee and Mrs. Hart Phillips, Jr., Overton; Mrs. W. F. Heckler, R-Bar; Mrs. W. A. Burchell, Mrs. Herschel Smith and Mrs. Paul Adams, Knott; and Miss Pontilla Johnson, home demonstration agent.

USO Center Completes First Week Of Activity Under Club Operation

Beta Sigma Phi In Charge Of Hall Today

Activities of the temporary USO at First and Rannels passed the first week Saturday with a full attendance recorded throughout the seven days that the center has been in operation.

A million unexpected troubles bobbed up during the week as clubs fulfilled the responsibility of keeping hostesses on hand and the center open, but the soldier crowd was still pleased with the spot.

Saturday afternoon and evening the Airport Widows and Musto Study club again took their turn at the center and Sunday the Beta Sigma Phi sorority is due to take over the hall.

Refreshments were served Saturday from 5 o'clock to 6 o'clock and during the evening from 9 o'clock to 10 o'clock. Sunday the

sorority members planned to serve at 4 o'clock and again at 9 o'clock.

Clubs responsible for keeping the center each day were calling on many local townswomen for assistance as hostesses and many other women were dropping in during spare time to help with entertainment.

Vice Versa Dance Given By Girls Club

Girls staged and girls tagged at the High Heel Slipper club Vice Versa dance Friday night following the Odessa-Big Spring football game.

The dance was given in room 1 at the Settles hotel with a nickel-odeon furnishing the music. Approximately 100 persons attended.

Boys were escorted to the dance by the girls who "footed" the bill for the night. Chaperones were Mrs. Clyde Thomas, Jr., sponsor, Mr. and Mrs. R. E. Blount, W. C. Blankenship, Mrs. J. Y. Robb and Mrs. M. H. Bennett.

Club members who acted as hostesses were Barbara Lawwell, Marjorie Lawwell, Jonna McLaren, Betty Bob Diltz, Celia Westerman, Jo Ann Switzer, Doris Nell Tompkins, Betty Jo Pool, Billie Frances Shaffer, Bertie Mary Smith.

Fledges attending were Marilyn Keaton, Margaret John McElhannon, Eva Jane Darby, Billie Regdale, Wanda Rose Bobb, Nancy Thompson.

Salary-Aid Schools To Be Inspected This Week

An inspection of salary-aid schools in Howard will be made this week by E. H. Boulter, deputy superintendent of public instruction, it is announced by County Superintendent Anne Martin.

Boulter will call at eight schools on Tuesday and Wednesday, following this schedule:

Tuesday—Morgan, 9 a. m.; Gay Hill, 10:30 a. m.; Richland, 1 p. m.; Centerpoint, 2:30 p. m.; Wednesday—Lomax, 9 a. m.; Cauble, 10:30 a. m.; Moore, 1:15 p. m.; Garner, 3 p. m.

Cosden Chatter-

By TOMMIE MCCRARY

In the interest of the scrap collection campaign in Big Spring, the office will be closed Monday, October 12, at 12 noon. To date, Cosden has shipped approximately 3,000,000 pounds of scrap iron and steel to points in Ohio and Pennsylvania. Our motto—"Get in the scrap by getting in the scrap!"

Quite a number of the employees will participate in the Boy Scout campaign for funds Tuesday. Cosden employees are well represented in all of the service clubs who have charge of this drive. A. V. Karcher, secretary and treasurer of the company, is very active in organizing this effort.

This has surely been one full week for the Cosdenites. The program has been something like this: the travelogue lecture on Alaska, the book review of "Shine Phillips" "Big Spring," football game, Cosden party, B&PW dance, etc. It seems as though it all comes at once.

Fred Mitchell is ready, willing, able, AND WAITING to answer the call of the Army Air Corps.

Marvin Miller of Graham, vice president, was a visitor in the office last week.

S. K. Whaley was in Pecos and Pyote last week on company business.

Would like to introduce you to our new process chemist, W. P. Cecil, formerly with Shell Petroleum corporation. Cecil and family arrived here last week from New Orleans, La.

Had quite a few visitors in the office this week, namely—L. O. Bell of Fort Worth was in the office Friday and Saturday. Mr. and Mrs. Jim Willingham of Hobbs, N. M. Willingham is manager of our bulk plant at Hobbs, and Mrs. Willingham is bulk plant manager at Monument. Hugh Dryer and "Pop" Cole of Dryer & Lee of Lubbock. Dryer will be leaving for the army soon. R. E. Holman of the Union Pacific Railroad company of Dallas visited Douglas Orme Friday.

L. E. Dix of the Texas & Pacific Ry. company of Dallas spent some time in our offices this week.

Ed Fink of the credit department will be leaving us this week to volunteer his services to the U. S. army.

Mary Elizabeth Glass, daughter of Velva Glass, is making her home in Big Spring now. "Libby" is employed at the Big Spring Boarding School.

Douglas Orme and E. A. Gabriel were in Houston Monday where they attended a tank car committee meeting in connection with tank car sales and operations.

W. E. Gibson will return to the office Monday from a business trip to Pecos and points west.

Announcement has been received of the approaching marriage of Dale Knight to Miss Nadine Mann of Tulsa, Okla.

The weekly Cosden obituary sponsored this week by Mr. and Mrs. T. J. Dunlap, was a huge success. The country club was packed to capacity with the largest group of employees and guests yet to attend this affair.

R. L. Tollett returned to the office Tuesday from Dallas. He was in Abilene Thursday on company business.

Mrs. John H. Stewart of Texarkana is visiting with her parents, Mr. and Mrs. T. A. Rogers, and sister, Wills Nell Rogers.

Eugene Peters, son of Mr. and Mrs. Otto Peters, Sr., has been promoted to the rank of sergeant, and transferred to Battery "A" as chief of the "Height Finder" section of the coast artillery. Sgt. Peters is stationed in Camden, N. J.

Reports from the bird hunters of the organization (we won't mention any names, but Luke LeBlanc, Jack Smith and Stoney Henry do a lot of hunting) indicate that in some sections the birds are becoming scarce, but there are still some who insist that they get their limit every time they go out. Of course, any similarity between these hunting stories with some of the fishing yarns we have heard about the place, is purely coincidental.

Here's a good one to end this week's Chatter with: The Navy lost the medical record of Willie Whorton, and he learned last week that he will again be put in quarantine, and will have to go through the same procedure, shots, etc., as he did when he enlisted. Whorton was in the hospital two months recovering from the first experience.

Sunflower Girl Scouts Plan Halloween Party

The Sunflower Girl Scout troop met Thursday afternoon at the First Presbyterian church for the regular business meeting and made plans for a Halloween party to be held the night of October 31 at the home of Ann Blankenship.

The troop decided to meet every other Thursday afternoon. Mrs. Florence McNew, leader, and twenty-three girls were present.

Evangelistic Series To Be Opened Here This Evening By Rev. Delafield

EVANGELIST R. E. DELAFIELD AND FAMILY

"Hitler's Dream of World Conquest Shattered by Bible Prophecy" will be the subject for the opening free lecture at 8 p. m. Sunday when Evangelist R. E. Delafield starts a series of meetings at the "Voice of Prophecy" hall at 406 E. 3rd street, just east of the municipal auditorium.

Mayor G. C. Dunham is to speak on the initial program.

Delafield, who has spoken to large numbers in Texas cities, will speak over KBBT three times this week—Sunday, Tuesday and Thursday. Tuesday and Thursday broadcasts come at 5:45 while the Sunday one at 6 p. m. immediately precedes the coast-to-coast religious broadcast, "The Voice of Prophecy," with which Delafield is affiliated.

In the city-wide revival, Delafield will have Evangelist William H. Grother of Iowa and Mrs. Grother, a talented pianist, as well as Mrs. Delafield. Meetings will be held nightly except for Saturday and those making a decision for Christ may affiliate with the church of their own choice, said Delafield.

Parents Of Son

Mr. and Mrs. R. B. Shive of Brownwood, formerly of Big Spring, are the parents of a son, Billy Carroll, born October 1.

Bride—Mrs. M. E. Tate

Mrs. M. E. Tate, who before her marriage here last Saturday was Mary Wasson, is on a honeymoon trip to Tennessee with her husband, Sgt. Marlin E. Tate of the Midland Army Flying School. They were married in rites solemnized by the Rev. P. D. O'Brien, First Baptist pastor. Mrs. Tate wore soldier blue with black accessories and was attended by Mrs. C. C. Rumpf. She is the daughter of Mr. and Mrs. J. W. Wasson, a graduate of the Big Spring high school and the Big Spring Business College. Sgt. Tate is the son of Mr. and Mrs. U. J. Tate of Shelbyville, Tenn., and is a graduate of Morgan Prep School.

Marigolds Decorate Home At Pioneer Bridge Club Party

FORBAN, Oct. 10 (Sp1)—Marigolds were decorations when Mrs. G. B. McNallen was hostess to the Pioneer Bridge club Thursday.

Mrs. Paul Johnson won high score, and bingo awards were presented to Mrs. M. M. Hines, Mrs. W. O. Scuddy and Mrs. C. M. Adams.

Others present were Mrs. Bill Conger, Mrs. J. D. Leonard, Mrs. M. H. Dubrow, Mrs. Cleo Wilson, Mrs. A. D. Barton, Mrs. W. E. McNallen and Mrs. Earl Carter, the latter two of Big Spring.

Central Ward Study Club To Meet Tuesday

Central Ward Parent-Teacher association study club will meet at 9:30 o'clock Tuesday, October 13th at the administration building, Mrs. Harwood Keith will be in charge of the topic, "The Family Takes a Job." Study hours will be from 9:30 o'clock to 10:45 o'clock.

PENNEY'S VICTORY SAVINGS!

Let Penney's Help With Your Wartime Problems

To average American families, living by daily earnings, the Penney Company is a standby; it has always saved them money on the things that make up the American way of life.

And now that we must win a war to preserve that way of life, we must all help.

Investing 10% of our earnings in War Bonds and Stamps is the least we can do—and to do that, we must plan well and buy well—good, durable merchandise, the kind you know you always get at Penney's!

Lint Harvest Hurt By Lack Of Pickers

For the first time since the season really got underway, Howard county felt the effects of a picker shortage last week.

A check Saturday evening showed only about 2,500 bales ginned, which was about half of what was anticipated considering the weather was generally good for picking all week.

This put the total for the season to an estimated 9,600 bales, based on the 4,795 bales handled here by five local gins which handle nearly half the volume for the county.

Ginners reported an abnormally slow movement at the first of the week and said that the volume did not pick up perceptibly until Wednesday. They attributed it to a mass shifting of pickers. Some moved on to fields to the north while others took a day or so to shift around to new places.

Seed gained slightly on the week's offerings and commanded \$49 on the ton. Average price for cotton was still around 18 cents although the market was weaker for a time after the one cent increase in loan base was announced. This may have the effect of luring a big per centage of the crop into the loan.

There was comparatively trafficking in feed. A few scattered quotations were for \$10 to \$12 on new and old maize. Bundle stuff was being quoted at the old standard prices.

Stanton Church Dedication Set For Tonight

STANTON, Oct. 10.—The \$20,000 Stanton Methodist church building will be dedicated here Sunday at 8 p. m.

However, Sunday has been proclaimed homecoming day for the church. The Rev. J. B. McReynolds, under whose pastorate the church building was started in 1929, will preach at the morning hour. He is superintendent of the Perryton district now.

After lunch in the church basement, there will be preaching with the Rev. Jim Sharp, a former pastor, as the guest speaker. Bishop Holt will be assisted in the dedication service by Dr. C. A. Long, district superintendent, who also will conduct the fourth quarterly conference at the close of the service.

Contributions of \$9,000 were made when the church was erected in 1929, and the balance borrowed. In June of this year, a check for \$2,543.20 was sent to the extension board in final payment of the loan. Pastor of the church is the Rev. Arthur Kendall. On the board of stewards are Joe Poindexter, George Blocker, H. B. Burnam, Horace Blocker, G. W. Alsop, Bill Clements, W. C. Houston, James Jones, Mrs. Inez Woody and S. D. McWhorter. Trustees are B. T. Hill, J. E. Mashburn, R. H. Kelly, McWhorter, W. C. Houston, W. T. Colwell and J. F. Willingham. J. S. Lamar is Sunday school superintendent and Mrs. G. W. Alsop head of the women's society.

Volunteers Help Salvage Cane Crop

Refreshments at the end of each row were served at a most unusual party at the A. W. Reed farm, eight miles from Big Spring.

Stumped by the problem of labor shortage, Reed was ready to declare a crop of 20 acres of cane a total loss when six fellow employees in the Cosden refinery tank car department offered their assistance.

They donated after-work hours to the cause, and the entire patch was shocked in three hours flat. The six were W. A. Laswell, G. D. Coats, Bob Hobbs, Pat Bolter and J. D. Stuter.

To Be Dedicated Today—Completely free of debt, this virtually new plant of the Wesley Memorial Methodist church will be dedicated in services set for 5 p. m. today. The church was recently so extensively remodeled that it is a new building for all practical purposes. Leading will be Bishop Ivan Lee Holt, left below, assisted by the pastor, the Rev. John English. The church is located at 12th and Owens (Building and Rev. English photos by Kelsey).

Wesley Church Dedication To Be Held Today

Beautiful, permanent and debt free, the virtually new Wesley Memorial Methodist church will be dedicated today to the glory of God and the service of man.

Bishop Ivan Lee Holt, paying his first visit to Big Spring since he presided over the Northwest Texas Methodist conference here nearly a year ago, will lead in the dedication of the building which represents one of the most important milestones in the 12-year history of the church.

The Rev. John English, who has pastored the congregation at Wesley longer than any other minister

assigned to the charge, will preside over the ceremonies.

The remodeled structure, the first bitudobe church to be erected in this section of the state and perhaps anywhere, is conservatively valued at \$16,500. The auditorium, built on open beam lines, has perfect acoustics for the space that seats 200. The "old" auditorium space which is new for all practical purposes, is devoted to the educational department and accommodates around 200. The building has 6,000 square feet floor space and has a basement under both the new and old sections.

Walls of the building are of bitudobe brick, a product manufactured here. Walls are a foot and a half thick, covered with white plaster on laths anchored in the cement mortar.

Mrs. Dora Roberts, who was a heavy contributor to the Salvation Army Citadel a year ago, has been a consistent contributor to the Wesley church through the years, said the pastor, and has been largely responsible for the present building and its furnishings.

Organized in 1930, the church was in a four-point circuit which also included Forsan Cauble and Knott. J. W. Whitley was the first pastor, serving from November of 1930 to March 1931 when he was succeeded by J. H. Crawford, who led in the erection of the first building before leaving in September 1931. M. L. Boyd followed and served until November of that year when James C. Pepper came for a year's service at the charge. Crawford returned in November of 1932 and he and members dug and finished a basement under the original building.

He was succeeded in 1934 by J. E. Peters who stayed until the summer of 1935 when Grady Anderson, now deceased, came on the field. In turn, Ansel Lynn became pastor in November 1937 and was succeeded in 1939 by the Rev. English.

During his pastorate the church has had more than 100 additions, has more than 100 in Sunday school, has a resident membership

Know Your Class? Here Are Selective Service Rankings

Perhaps at no time since institution of the selective service system has the public become so "class conscious."

The realization of the seriousness of war and its demands for announcement that from here on out married men (those without children first) will be drafted, has made the average person more interested in where he stands in the system.

Employers, too, desperate for help and anxious to invest in those who may, for perfectly legitimate reasons, be immune from active service, are becoming intensely interested in classifications.

Still, the average person doesn't know one class from another except that those in 1-A are practically on their way, and those in 3-A may or may not go soon.

Here is a summary of the classes (you might want to clip this) for selective service purposes:

- 1-A Available if acceptable for general military service.
- 1-AO Available for non-combatant service; conscientious objectors.
- 1-B Available for limited military service.
- 1-BO Available for non-combatant limited service; conscientious objectors.
- 1-C Member of the military forces; enlisted men.
- 2-A Necessary civilian activity.
- 2-B Necessary war production activity.
- 3-A Dependents (be called in

order of categories: 3) single men with dependents; 4) married men without children; 4) married men with children.

3-B Dependents, engaged in war production, or necessary civilian production.

4-A Completed service (this class out in war).

4-B Officials deferred by law.

4-C Aliens requesting relief from service and aliens not acceptable.

4-D Minister of religion, or divinity student.

4-E Available for general service in civilian work of national importance, conscientious objectors.

4-ELS Available for limited civilian service of national importance. Conscientious objectors.

4-EH Available for limited civilian work but deferred because of age.

4-F Deferred as either physically, mentally or morally unfit.

Draft Board Finds Two 'Missing' Men

Two men who had neglected to report routine address changes within the city were off the Howard county selective service lists Saturday.

Dalton Archie White got in touch with the board quickly when he saw his name among the list of missing men. In the first group of registrants, he had been here all along. Tommy Samuels, Jr., negro, also hurried to the board to report he still was in Big Spring.

That whittled the number with whom the board has lost contact to nine.

Rat Killing Campaign Gets Good Results

Some 1,500 rats are in the process of departing this vale of tears.

This was the estimate of the number of rodents to fall victim to a series of rat killing demonstrations and mass poisonings on a number of Howard county farms during the past week, according to County Agent O. P. Griffin.

Demonstrations were carried out on 12 farms and 35 other farmers put out poisoned bait Thursday and Friday nights. Based on the consumption of pre-baits, Monday and Tuesday, Griffin figured that the 68 pounds of poisoned would result in destruction of around 1,500 rats. He said that in all but one case, pre-baits were gobbled with relish and saw no reason why the rodents should not do away with the lethal doses.

Because a slow poison was purposely used, it will be Monday or Tuesday before results of the program may be known. However, success has greeted most of the poisoning attempts this year.

The concerted effort to destroy rats over the county was occasioned by a mild but persistent wave of typhus fever, which physicians believe is caused by the bite of a tick which is carried by rats.

Lutherans Will Observe Annual Mission Festival

ance of the annual Mission Festival are scheduled for today by the local Lutheran church, 601 North Gregg. Rev. R. L. Kasper, pastor, has announced a series of meetings, at which visiting ministers will speak.

At 10:30 this morning and at 3 o'clock this afternoon, Rev. W. G. Buchsacher of Waco, former pastor in Big Spring, will preach. His morning topic will be "Ye Shall Be Witnesses," and in the afternoon he will talk on "Christian Loyalty."

At the 8 o'clock evening service, Rev. J. W. Behnken of Eola will bring the message.

Rev. Kasper said lunch will be served at the city park at noon, and a supper at the church in the evening. The public is invited to attend all the services.

A negro choir will present a musical program at 8:15 this evening at the West Side Baptist church.

This church will inaugurate a revival meeting on October 18, with Rev. R. Elmer Dunham, East Fourth Street Baptist pastor, doing the preaching. Members of the church are being urged to attend the county-wide Sunday school course which begins Monday evening at the First Baptist church.

Fifteen courses will be offered in nightly sessions beginning at 7:15.

Special music has been arranged for both services at the First Christian church. At the morning hour, the choir will sing the anthem, "Thou Wilt Hear Us," and at the 8 p. m. worship, Herschel Summerlin and Marie Dunham will sing as a duet, "Ivory Palaces."

The pastor, Rev. J. E. McCoy, will speak in the morning on "Forgive Us Our Transgressions," and at the evening hour on "The Prodigal Son in the 20th Century."

Evening service at the First Methodist church tonight will be at 8 o'clock in place of 8:30 o'clock. The Rev. J. A. English, pastor of the Wesley Memorial Methodist church, will preach the evening sermon.

Subject by the pastor, the Rev.

Calf Feeding Tests Start This Month

Calves for a new series of feeding tests will be received at the United States Experiment Station here about October 20 from the Sonora station, according to Fred Keating, manager of the farm.

Although the nature of the new tests has not been revealed, Keating stated, they will be revamped entirely from the last cycle of experiments completed in June. The results have not yet been received from chemical analysis experts in Washington.

During the past three years calves on test have been fed identical basic rations with a variation in the intensity of mineral content. Object was to determine what effect, if any, minerals had on quality of carcasses and on culling or preventing urinary calculi, one of the feeders' greatest threats.

50 MILLION AMERICAN WORKERS

Can't be Wrong!

Listen, Adolf, Benito, and Hirohito!
I'm only one out of 50 million, but I'm here to tell you that you've got us workers to reckon with, too. This is our fight as much as it is our soldiers, sailors, and marines. And we aim to win this war.

In any war of machines, you're playing our game. No one can beat us when it comes to doing a quick mass production job on planes, tanks, ships. Not when we set our minds to it.

I head a welding crew, part of America's great shipbuilding program. We're already ahead of schedule, and going faster every day. In 20 years of welding all over the country, I've never seen a gang working as hard or as well. They are inspired to give the last ounce of effort because they know how necessary this is to destroy you and what you represent.

That's why, too, they are willing to save more than they ever did before in order to buy War Bonds. At least 10 percent of their pay every payday goes to smash you once and for all.

Our employer makes it easy for us to buy War Bonds on the Payroll Savings Plan, and every man is signed up. Well, why not? No working man—or any other American—would miss this chance to serve his country and to safeguard his home, his family, and his freedom, now and in the years to come. Because we not only help to win the war by buying Bonds, we get back \$4 for every \$5 we invest, when we hold the Bonds 10 years.

Every man, woman, and child putting every dollar in Bonds, every effort in work—that's the way we're welding America's strength for victory. And that's the way we'll beat you, Adolf, Benito, and Hirohito!

Church Programs Heard Over KBST

Beginning today the Seventh Day Adventist church will present a 15-minute religious program over KBST.

The old fashioned gospel hour, presented by the Trinity Baptist church of Big Spring, will be presented at 7 o'clock instead of 7:15, beginning today.

Claude Miller, who has been reading poems over KBST for several months, will now be heard beginning Sunday at 3 o'clock.

large crowd here. She paid the work some mighty fine compliments, which, boiled down, were to the effect it is a darned good little book and one which has a chance of selling all over the country.

There seems to be more flu going the rounds over the state than in many seasons. Because it is so easy to come down with it and because most everyone is sorely needed where he or she is working today, we think it is doubly important that health habits be watched closely this fall and winter.

Here And There

Directors of the chamber of commerce will gather at the Settlers hotel Monday noon for regular semi-monthly business session.

Regular meeting of the board of directors of the Howard-Glasscock chapter of the American Red Cross is scheduled for Tuesday evening. Meeting place will be at the Red Cross headquarters, the time is 7:30. All directors are urged to be present.

smile, and her knees threatened mutiny. But she managed to walk, not run, to the door, and wait apparently deliberately while Pete paid the check, took an eternity to select a cigar. Julie suppressed a little giggle. Pete never smoked cigars.

"Guess we'd better get gas before we start back," Pete said as they went out. And loud enough for the man behind the newspaper to hear, "Had enough ride for tonight?"

Julie smiled, nodded, not trusting her voice. Pete put an arm around her and they sauntered across the street to the car. Then, with much show of backing and turning, he headed south again, drove to the end of the block, turned left quickly, then again, into an alley and north until they

hit the highway a mile out of town.

"I doubt if that fools anybody," Pete muttered. "Better keep your fingers crossed. That bird doesn't look as if he'd care what happened."

Obediently, Julie crossed her fingers and watched the highway behind them.

Stantonite Gets Let Injury When He Bails Out

STANTON, Oct. 10.—Staff Sgt. Joe Herzog has advised his father, H. J. Herzog of Stanton, that he escaped with a severe leg injury when he bailed out of an ailing bomber at about 500 feet.

In a letter to his father he told how the craft, on a routine mission, had developed engine trouble. The pilot told the men they could jump and Herzog was one of four who parachuted to safety.

Staff Sgt. Herzog enlisted in the air corps several months ago as a mechanic and has been stationed at Sioux City, Iowa. The crash occurred near Wayne, Nebraska, he wrote.

A Home In 30 Minutes

HURRY-UP HOUSE—Knock-down dwelling like this can be erected in a short time. Prefabricated, they can be taken down, moved easily.

By RONALD AUBREY

Wide World Features

MEMPHIS, Tenn.—War-necessitated, comfortable residences for war workers are rolling off assembly lines here just as tanks do at Detroit.

The prefabricated houses, built to house workers can be taken down and reassembled on a new location easily—and everything going into their construction can be salvaged.

They are neat, modern bungalows with hot water heating plants, cooking ranges, shower baths and hot and cold running water. All have heating plants using either oil or electricity—whichever may be more accessible and cheaper.

Made in three sizes—one, two or three bedrooms—each has a kitchen, dining room, bath, screened porch and a world of closet space.

E. L. Bruce Co. is constructing 1,236 buildings on a War Department contract. After the contract was signed, the government asked how many more homes the company could build. And workers are concentrating on a goal of one complete house every 30 minutes.

Far from "shotgun houses," the buildings have prefinished oak flooring; insulated walls, roofs and floors; and outer surfaces of waterproof plywood that has been given the government's 36-hour boiling test.

The homes cost from \$2,600 to \$3,350, the latter figure being for three bedrooms.

Although the houses were being made before the war, the industry—it has about 278 companies in the country—had not operated on such a grand, speedy scale. But after the war, M. H. Carpenter says, business will really boom.

Carpenter, vice-president of Carpenter Houses, Inc., of Baltimore under whose patents the

Bruce company manufactures, predicts:

"They may even develop them to the point where one can buy a prefabricated house like you bought an automobile before the war—trading it in for a larger house when the need arises, or for a new model when improvements appear."
