Number 8

A WEEK AT A TIME

by J. M. RANKIN

A SCHOLAR'S ASSES

This writer has a deep feeling of personal loss in the death of Dr. A. L. Carter for twelve years head of the English Department of Texas Technological College, who died unexpectedly Wednesday night. We knew and admired Dr. Carter as a friend and guide in our field of common interest, the English Language and Literature. He was learned, but never stilted, he was tolerant and broad-minded. He recognized the native values in the speech of any people and the divine quality of language. He never sought to impose on people of this section of the country the provincial speech of any other section of any country, but was content to call the speech of this people good when used by a scholar. Not easily will a worthy successor to Dr. Carter be found.

DESERVES ATTENTION

The empty Santa Fe yards where there have been for too long a lot of empty box cars are a good indication for any town, but especially for a railroad town. There was a time when car loadings were the most important measure of prosperity, and there is no guarantee that those times are gone. The Santa Fe announces also that \$21,000,000 will be spent for rails, fastenings, new equipment, repairs and improved trackage as rapidly as the purchases can be installed. More than three thousand new cars will be built and 2,500 will be rebuilt. The whole program will create more than seven million man hours of labor. Such an industry deserves the attention of everybody who likes to see money spent where it will do some good.

NO BLACK ART

The meeting of the Panhandle Medical Society at Lubbock this week will bring together many famous surgeons and physicians of the Southwest. The kind of men who attend that kind of meeting is an index to the tremendous changes that have come about in the past half-century in the practice of medicine. It is not beyond the memory of all of us now living when it would be noted about that a certain doctor had a secret formula for the treatment of certain diseases. Today a doctor who should make any such claim would be immediately discredited. For it is a part of the philosophy of the profession that any discovery of any member becomes, as soon as adequately proved, the property of the entire medical profession, and thus is available to all the world. Medicine is not a black art, but a scientific profession carried on, for the most part, by men of the most honorable convictions and meticulous training.

CIVILIANS WILL BEAR THE BRUNT

German officials must be more childish than we believe if they thought Hitler's offers of a peace of present status would be accepted by England and France. The Invasion of Poland was the immediate cause of the entry of those two nations into war with Germany. To think they would retire as soon as Poland is overrun and again partitioned would be a strain on the imagination. Germany has not moved against England and France did not declare war without extensive consideration and preparation. Russia is complicating matters not only for the Western Powers but for Germany as well. Prospects are for a long struggle wherein civilians will bear the brunt of the suffering.

AGREEMENT IN SIGHT

Some of the irreconcilables in Congress last spring declared there would be no war in Europe, and

Drouth Is Severe In Middle West

Agricultural conditions reported by the Santa Fe Department of Public Relations indicate the drouth of the late summer extended over a great part of the Santa Fe Territory. Corn though suffering severely in some areas is only slightly under that of 1938. Wheat prospects are very poor at present, but cotton got along pretty well before the drouth had done its worst.

Some lines from the October 1 report are given: "Kansas is undergoing a severe drouth and wheat growers are confronted with one of the worst situations in many years." "A very serious drouth condition exists throughout Oklahoma... late feed and pastures are burned up, cotton is deteriorating and wheat planting is virtually at a standstill." "North, Central and East Texas—Weather conditions in Texas during September for the most part were cloudy and unsettled with light and scattered rains... and enabled farmers in localities where it was not too dry to prepare their land for fall grain planting. Without more rain, however, planting will be late." "North and Northwest Texas—continuous hot and dry weather has caused cotton to deteriorate, decreasing the outlook 15 to 20 per cent since the first of September. A large part of the wheat land has been prepared... but most of it is too dry for planting at this time." "The situation in New Mexico has changed little during the past month. After a fair start, wheat planting is being delayed by dry weather." "Dry weather and lack of water for irrigation purposes have combined to hold down the crop production in Colorado. Grain, feed and hay crops are considerably smaller than last year." "California crops in general suffered from a record-breaking heat wave during the latter part of September. Temperatures over the 100-degree mark lasted for more than a week, with an undetermined amount of damage to field crops, vegetables, walnuts and citrus fruits." "Since Nebraska has received practically no rain for a month or more, late corn and feed crops have been damaged, pastures are brown, and wheat planting is delayed." "Although late corn was damaged by hot dry weather during September, fortunately most of Missouri's corn crop had already matured. Pastures are very dry." "Iowa and Illinois: Fall planting is delayed owing to lack of moisture."

Mrs. Davis Reports Floral Convention

"Units B and C of Florist Telegraph Delivery Florists of Texas met in El Paso, last week in a school of designing. Viggo Larsen Biltmore florist of Los Angeles, California was schoolmaster, and designers from several other cities in Texas gave demonstrations of the latest in floral design," said Mrs. W. L. Davis of Slaton Floral on her return from the western city. "The two units have dissolved their union and will meet separately in the future, Unit B of this area will meet in Lubbock in January," Mrs. Davis said.

Let our Want Ads do your work.

the need for any consideration of an embargo lifting would never appear. The disproof of these statements by prevailing facts has made a tremendous change in the attitude of most of the members of the national law making body. The proposal last week for Congress to recess to allow the President to act as mediator in Europe's troubles is an indication of the changed spirit. The confidence of administration leaders and non-party observers that the embargo will be lifted are still more forceful evidences of a changed point of view among many. The exact nature of new neutrality legislation is certainly speculative, but prospects are that it will be very much along the lines proposed by the administration.

Tigers Vs. Tahoka In Conf. Go Tonite Locals Are Underdog But Determined

Slaton's oft-scored on Tigers will go tonight to Tahoka for the first conference game of the season. The past three games have been only practice games, and the Tigers have mostly had practice in defending and receiving after the opposition had scored.

But this game tonight is not a practice game. All the boys have had a fair amount of seasoning—along with the practice, and they are ready to try out themselves on a team that is touted as a fairly strong string of ball toters. Coach Hamilton said Thursday, "We are ready for this game. We are the underdog, according to past records, but we are going to try to put Tahoka under." We are not underestimating the strength of our neighbor, but win or lose, we will have no alibi." A strong delegation of Slaton fans is expected to go across the country to see the contest which promises to be the best one of the season so far for both teams. No direct word has been received from the Tahoka camp, but it is rumored they are confident the Slaton game will be victory number two for their season.

American Legion Met Monday

Luther Powers Post of the American Legion met in regular session at Legion Hall Monday evening. In the absence of Commander Arthur Dennis, Senior vice-commander M. J. Nelson presided. Principal Roy Boyd of Slaton High School was presented and addressed the group briefly. Announcement was made of the beginning of the membership drive for the coming year and a lapel insignia for early payment of 1940 dues was announced. Announcement was also made of a bi-district meeting at Plainview Thursday night to which all Legion members and their families were invited. State Commander, Lou Roberts, will be at the meeting as will other high ranking state Legionaires.

Lubbock Co. Teachers To Meet October 27

Joe E. Webb, Slaton Superintendent and Publicity Chairman of the Lubbock County Teachers Association Tuesday announced the proceedings of the Executive Committee of the county organization in a recent meeting. A program was adopted for the annual meeting and time and place were set. The time is October 27 at eight p. m.; the place Lubbock High School auditorium. Main speaker for the program was not selected, but Mrs. Mary Harlan Fry of Slaton will appear on the program. Besides Webb, there were present Irvin Tate, President, R. W. Mathews, Mrs. Robert Elbert.

Miss Weatherford Marries In Reno

The marriage of Miss Queva Weatherford, daughter of Mr. and Mrs. Jack Weatherford of 1620 Broadway, Lubbock, to Toy Dial of San Francisco, son of Mr. and Mrs. G. H. Dial of Slaton, took place Saturday, September 30th at 4:30 o'clock in Reno, Nev., at the home of the officiating minister, Rev. Brewster Adams.

The bride wore a black frock with bustle, a black hat with suede accessories and her corsage was of pink rosebuds for her wedding ensemble. She is a graduate of Pasodene Junior College and a former student at Texas Technological college. Mr. Dial is a former Tech student and is employed with the Bethlehem Steel company in San Francisco where the couple will make their home.

The bride traveled in an imported tweed suit with burnt sugar accessories.

Mr. and Mrs. D. Howry of Crane, were guests last week of Mr. and Mrs. J. L. Howry.

Thumbnail Sketches J. E. Elliott Utilities Head

J. E. Elliott grew up in the utilities business. He also grew up with Slaton. He has been in the utilities business more than thirty years, beginning at Waco and Mart. From those assignments he went to Groesbeck and

from there came to Slaton in 1920.

He was part owner of the first light plant in Slaton and stayed in the business until it was purchased by the Texas Utilities company, at which time he was made manager of the Slaton District and has served as such ever since. From a small local plant, giving a few hours of uncertain service each day into a vast, state-wide system giving service that can be depended on at any minute of the day is the growth Mr. Elliott has helped in advancing during his stay in Slaton.

He is ready at all times to hear criticism of the service that is his business. He can show exactly why certain things are done in a certain way and is always glad to explain to any critic, whether favorable or unfavorable, why the best interests of the community at large are served by the policy his company follows.

As a leader in the business activities of the community, Mr. Elliott is deeply concerned for the civic welfare of the town and his interest is reflected in the responsibilities and honors he has enjoyed. He is called on to serve on important committees, and was for years a member of the Board of Directors of the Chamber of Commerce. A year as president of the Rotary Club of Slaton gave opportunity for service that is done for the joy of the service rather than the credit and publicity that results. A lighter, brighter town, cleaner in streets and alleys, and cleaner in the thoughts and hearts of the people is his wish for Slaton.

A. B. Griffith Real Estate, Ins.

Though a comparative new comer in Slaton, A. B. Griffith, insurance and realty man has made a wide acquaintance in the town and country surrounding. He has had a varied experience in public

life that gives him an address that is not to be found in every business man. He is a native born Texan, and was educated in Texas colleges

Wide Open Spaces Are Insistent War Conditions Cause Shipping Boom

The wide open spaces are insistent if you go out on the north side of the Santa Fe Station and look across the yards. Where were the hundreds of empty freight cars, now can be seen only miles of visibility. First time this reporter noticed it, Agent Bill Cherry threw out his chest and said, "We're busy here now." Later, Charles Taylor, Chief Clerk to the Superintendent, excused the blank spots by saying, "Those cars are full of freight somewhere, and the shops are much occupied keeping all cars possible in condition for loading."

War conditions are partly responsible for the strong demand for transportation. Not that America is shipping much to Europe, but South America has opened up for North American goods. The Central Powers, Germany chiefly, were doing a big business in South America. Now bottled up by the Allied fleets, German merchantmen can not deliver merchandise to the Americas, so the United States is letting them have it. The Santa Fe is getting business in a fall that looked thin a month ago due to the southwestern drouth.

W. T. Teachers Plan Conference Would Amend Pres- ent Constitution

Plans were completed this week for the Annual Meeting of the West Texas Teachers Association, March 8-9, to be held at Plainview. The theme of the Conference will be "Measuring and Evaluating Educational Methods in Texas."

A constitutional amendment will be voted on at the meeting which will read, "That Section 8, article 3, be redesignated as section 9, article 3, and that a new Section 8 be adopted as follows: 'It shall be the duty of the officers of this Association as the Executive Committee to determine the time and place of the annual convention on the Association within 90 days after the adjournment of the previous convention!'"

Equalization Board Is In Session

The Equalization Board is sitting this week in the Mayor's office to study equalization of tax values for both city and school district. S. C. Marrs, O. N. Alcorn and J. D. Norris make the Board.

Mrs. J. H. Teague spent last week-end visiting her son and family at Plainview. He is attending five of them. He has been a newspaper editor, was bank director and cashier for four years, and was the youngest sheriff in Texas when he served as chief law enforcement officer of Lipscomb County.

His hobby of gardening and landscaping has enabled him to plan many gardens and yards in Slaton, and the evidence of his work is always to be seen about his attractive residence and office on South Ninth Street.

Mr. Griffith is deeply interested in the progress of his home community, studying the various elements that go into the building of a city, and making comparisons that should lead to definite conclusions about improvements. His studies of the contributions roads make to city building make him think Slaton's most pressing need is for more farm-to-market roads, and particularly an east-west paved road.

He has a philosophy of life embodied in the statement, "The whole purpose of life is to perfect life." A slogan for economic ills: "The discovery and the utilization of silent forces of the unseen realm about us and the development of new industries." A belief: "Regardless of appearances, all things are being guided to a perfect conclusion by a divine and universal Mind."

Please Don't Go Fireman's Plea

Please don't go to the fires is the petition of the firemen, the city officials, and the people who have fire in their homes. The city ordinance covering the matter makes it a misdemeanor for automobiles to follow immediately the fire trucks. This ordinance has not recently been enforced, but city officials are about to the point when they must issue tickets for violators. The people on whose premises the fires break out have suffered more from spectators than from the fires. When some five hundred enthusiastic spectators crowd on a small city lot to see about a fire that destroys one overstuffed chair, the lawns are trampled, shrubs are broken down and flowers are crushed into the garden. Some spectators even take the occasion as an open house and go through the premises inspecting the losses and what might have been losses more carefully than the insurance inspectors.

Unless you are a member of the fire force or a city official, please don't go to the next fire.

Tech Will Fight For Even Score

Lubbock, Tex.—Texas Tech's fighting gridiron stalwarts will endeavor to balance their 1939 football ledger here Saturday night at 8:30 o'clock when they encounter the Arizona State Lumberjacks from Flagstaff. In their three games played this season the Red Raiders have dropped two and won one.

Coaches Pete Cawthon and "Dutchy" Smith were far from being downcast after last week's 6 to 0 loss to the Gonzaga Bulldogs:

"We took a physical battering in the Gonzaga game but learned very much," Cawthon said. "Ty Bain, our quarterback, has a pretty bad arm and Rafe Nabors, one of our regular tackles, has a bum knee. My boys looked much better that at any other time this season but our green backs made too many mistakes to win a game. The line still looks fine and strong. The Raiders gained enough ground to win ordinary game but didn't have their goal line punch clicking. The Raiders fought their hearts out against Gonzaga and cried like babies in the club house following the game. When they take defeats that way, no criticism can be made. I am satisfied with the spirit they have that they will keep on showing improvement and that Tech will get on the right side of the win column before long."

Olton Mustangs Win Over Slaton Tigers

In the game last Friday night the Olton Mustangs swirled all over the Slaton gridiron to win a 25-0 victory. The Slaton fans, though disappointed, are hopeful that the coming games will help the Tigers and that the experience will be valuable.

The Hedges twins from Olton did most of the scoring, Willard Hedges, making the first touchdown on a 32-yard run in the first quarter, and another in the second quarter. In the fourth quarter Williams made a touchdown on the nine yard line with a pass. Givens kicking goal for extra point. Willard Hedges returned a kick fifty-five yards for the final touchdown making a final score of twenty-five.

Hudgins for Olton intercepted a pass and Gentry and Stotts intercepted passes for Slaton. Outstanding men for Slaton were Blasingsame and Collier.

PEANUT HARVEST BEGUN YIELD AND PRICE LOW

Peanuts are being harvested from the crop planted around Slaton. The yield is reported as somewhat disappointing. Little of the crop has been sold, 82c being offered and growers asking 87. None of the hay will likely be sold off the farms, considering the general shortage of feed due to the summer drouth.

Job Printing Neatly Done.

Drouth Broken After 60 Days Three Inches Relieve Discouraging Outlook

Breaking a drouth that has prevailed since August 12, almost three inches of rain fell in Slaton and vicinity Saturday night and Sunday. Saturday afternoon gave only promise of a duster preceding a norther with possibly a shower of mud from the clouds gathering in the Northwest. But the front of the cloud passed over, and while late attendants at the show and ball game were getting home, rain began falling that measured slightly less than one inch.

At ten o'clock Sunday morning, threatening clouds precipitated a downpour that was intermittent until five o'clock in the afternoon. Final measurement was 2.95 inches. The fall was gentle and without any great wind, so crops in the fields will not suffer greatly. No cotton was knocked from the bolls and the staining will not be serious.

While there are few winter crops in this area of Lubbock County, a vast relief is notable in the attitude of everybody. The driest September in more than a quarter century had left many fearful that it might be succeeded by other dry months and possibly a complete failure of crops in 1940. Three inches of rain at this date guarantees nothing for next year except the opportunity to list land this fall and leave it rough so it will not blow away and will if contoured hold any winter moisture that may fall.

City Officials Out Of The Mud

Slaton City officials are out of the mud from now on as a result of the paving completed this week on the driveways through the square. No particular smoothness is noticeable in the demeanor of the officials, but rather a humble gratitude that an improvement needed these twenty-five years is done at last. The paving is of the same type as that done in other parts of the city; that is, caliche base, watered and compacted, with two courses of crushed rock and asphalt.

Bednarz Has Seen Farming Change

R. J. Bednarz, Slaton Pioneer and prominent farmer of three miles west of town, was in the city Tuesday. Talking of changing conditions, Mr. Bednarz told how he had seen this country change from a cow country to a cotton and feed producer that has amazed the older sections of the United States.

While a tractor farmer himself, Mr. Bednarz realizes the injury done to many individual farmers who have been displaced from their farms because machine operation is so much less expensive and requires so much less man power than the mule and horse farming of ten years ago.

Boy Scout Drive Completed Tues.

John Jenkins, Fagan Genn, Webster Williams and L. A. Harral completed the drive Tuesday afternoon which was started to raise \$139.58 for the Slaton Boy Scouts. \$93.00 was made which was not far below the quota set for these troops. Seventy-one scouts and thirteen Scouters are registered in Troops 28, 29 and 30.

A cub organization is being planned for boys ages nine, ten, and eleven, however no leader has been selected at this date, said H. F. Gilley, field executive. Mr. Welch, general chairman, and Mr. Jenkins, chairman of the drive, will continue with the scout work, although the main drive was completed Tuesday afternoon.

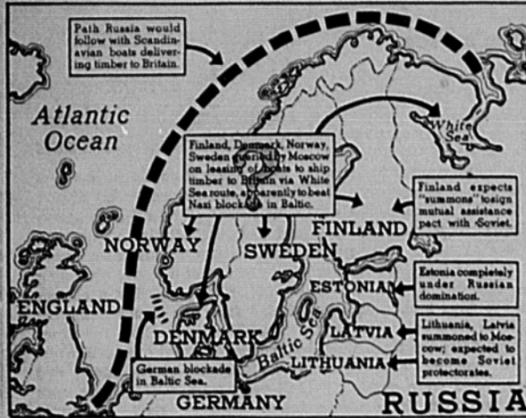

THE WEEK AT THE PALACE

Friday and Saturday, Pacific Liner. Saturday Prevue, Sunday and Monday, Beau Geste. Tuesday Only, Those Glamour Girls. Wednesday and Thursday, Good Girls Go to Paris.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Expanding Soviet Domination Presents Threat to Germany; Afghanistan Drive Predicted

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

RUSSIAN ACTIVITY IN THE BALTIC
Why, if not to stymie German ambitions?

RUSSIA: Kiss of Death?

A welter of confused comment came sharp on the heels of Russo-German partition of Poland, trade agreement and promise to cooperate for European peace. Even Japan, long friendly to Germany, attacked the Reich in its press. Sum total of comment was that Russia's Dictator Josef Stalin is interested only in himself, and that Germany must eventually discover it has kissed death.

Baltic. Heavy was the activity here (see map). The Russian bear's big red paw reached into Estonia and made it a virtual protectorate harboring Soviet naval and air bases. Next it reached into Latvia for the same purpose, so unexpectedly that Foreign Minister Vilhelms Munters scooted off to Moscow and signed a treaty. Next it side-swiped Lithuania, nominally within Germany's sphere of influence, appropriating transit privileges from the Baltic seacoast to inner Russia. No commentator needed to stretch his imagination to see the reason: Russia, not trusting her Nazi accomplice, is merely strengthening her Baltic position.

VILHELMS MUNTERS

Two Balkan question marks were left. First, Finland wondered whether she would be called to Moscow, like her Baltic neighbors. Second, the Soviet made arrangements to rent Finnish, Danish, Norwegian and Swedish boats to haul timber from the White sea to Britain in defiance of the Nazi blockade.

Balkans. Having intended to stay in Moscow only three days, the Turkish delegation headed by Foreign Minister Sukru Saracoglu remained two weeks, apparently representing all Balkan states. Anybody could guess what was in the air, but many observers believed Russia sought to neutralize the Black sea, control the strategic Dardanelles and thus assure herself a free hand to move against Afghanistan and thence to India, both within Britain's sphere of influence.

THE WAR: No Peace

Consigned to the inside pages of U. S. newspapers were reports of actual knife-to-knife combat in Europe's war. Germany laughed over a British claim that bombers had "raided" Berlin with propaganda leaflets. German troops were beaten back a bit in the Saar, one engagement featuring point-blank shelling between tanks. The long-missing pocket cruiser Admiral Scheer popped up off Brazil to sink a British freighter; a German submarine sank a Finnish boat; a British mine outpointed a Norwegian steamer off Singapore.

But this was merely one side of war. As customary in the war of 1939, most news came from state council chambers or from the speakers' rostrum.

Armed with his "kiss of death" pact with Russia (see above), Adolf Hitler proposed to force peace upon the allies, proposed further that the mediation should come through his erstwhile friend to the south, Benito Mussolini.

To Berlin went Italy's Foreign Minister Count Galeazzo Ciano for what was reputed to be a stormy conference in which the Reich was charged with introducing the Soviet threat into Europe and thereby causing Italy to lose faith in the axis.

Meanwhile, Der Fuehrer got the answer to his speech in advance. Prime Minister Neville Chamberlain told the house of commons the "war must go on until Hitlerism is crushed. No one expected anything new in

the reichstag speech. Word got around that Hitler would end the war on terms including: (1) removal of international trade restrictions; (2) creation of some form of Polish state under German supervision, and readjustment of the Czechs' status; (3) general disarmament. But the speech itself was far less specific. There was a plea for armistice and a conference: "Since this problem must be solved it would be reasonable to start . . . before millions . . . have sacrificed their lives."

There was no capitulation over Poland. In substance: Poland's future will be determined by Germany and Soviet Russia alone. A Polish state may be created, also a separate regime for Jews.

In toto, the 90-minute harrangue offered nothing new. On the western front, French soldiers merely tightened their belts and sighed. There would be no peace.

At Sea

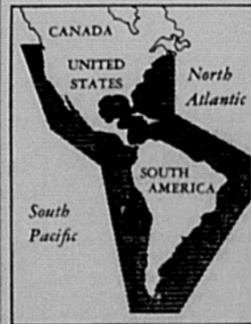

Never has Germany accepted responsibility for sinking the Athenia, British vessel sunk mysteriously off Ireland's coast the day Britain declared war on Germany. The German charge: That Britain herself sank the boat, hoping to drown its American passengers, pin the blame on Germany and thus draw the U. S. into Europe's war.

A month later Germany's Grand Admiral Raeder did a strange thing. Through the U. S. naval attaché at Berlin he sent word that the Iroquois, Caribbean vessel chartered to bring refugees home from Britain, would be sunk with her 584 American passengers in the same manner as the Athenia.

PAN AMERICA: Insulation?

This month, for the first time in its century-old existence, the Monroe doctrine grows water wings. Biggest accomplishment of Panama City's recent conference of 21 American nations was the 300-mile "safety belt" around both northern and southern continents, inside which Europe's belligerents are denied activity on land, sea or in the air (See Map).

Immediate reaction of wizened seamen and diplomats was to brand the "safety belt" impractical. First,

'NO TRESPASSING' ZONE
Insulation is expensive stuff.

each American nation may decide for itself whether to refuel belligerent submarines. (Argentina will, thus inviting violation.) Second, most of the patrol responsibility fell on generous Uncle Sam, who there-by found himself minus ships to safeguard his own waters. Third, shippers decided the safety zone would permit German ships now havened in American ports to continue their inter-American trade.

Meanwhile, the U. S. planned to make hay in South America. For more than a month business men have waxed enthusiastic over new trade possibilities below the equator now that European factories are busy making cannon. To his press conference, President Roosevelt indicated he will ask congress to increase the Export-Import bank's credit authorization from \$100,000,000 to \$500,000,000 next January.

Germany Took Deep Breath; See What Happened!

Post-war Germany, minus territory lost to France, Belgium, Poland, Danzig, Denmark and Czechoslovakia, but still a large nation.

Saar basin (see arrow) joined the Reich in 1935 by plebiscite. On March 12, 1938, Hitler entered Austria "to restore peace."

Six months later Sudetenland, the rim of Czechoslovakia, was added following the Munich conference which averted war.

Moravia and Bohemia became a "protectorate" on March 15 this year; Slovakia was taken the next day. This ended Czechoslovakia.

The next month the Memel territory was handed over by Lithuania after a plebiscite; the territory was predominantly German.

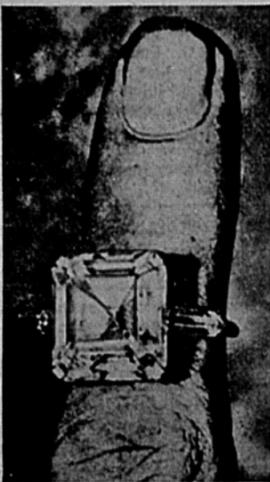

In September of this year, after the lightning war in Poland, Germany took a lion's share of the spoils; Russia got the rest.

Germany's population is now more than twice that of France proper; almost three times Italy's, and considerably more than the British Isles, Canada and Australia combined. Only Russia and the United States, of western countries, have greater populations, and in Europe only Russia has more territory.

Moral: Don't Throw Your Jewels in the Garbage

When Mrs. Robert Stranahan visited a New York stylist to get her hair fixed, she placed her \$25,000 square-cut diamond ring in a paper cup. A few hours later police were making a thorough search of garbage trucks. P. S.—The ring was found.

Her Brother's Keeper, and Good One!

Charged with being the alleged lookout for two other boys involved in a store robbery, 17-year-old Patrick Lynch of New York was placed in legal custody of his 13-year-old sister, Nora, while awaiting sentence. Two months later Nora delivered such a well-disciplined brother to the court that Pat got a suspended sentence.

No Arms Embargo Repeal for Them!

Four of the United States senate's most doctory isolationists pose at a foreign relations committee hearing. Top row, left to right: Sen. Hiram Johnson of California and Sen. William E. Borah of Idaho. Bottom row, left to right: Sen. Arthur Vandenberg of Michigan and Sen. Robert La Follette of Wisconsin.

Prelate Succumbs

George Cardinal Mundelein, head of the Roman Catholic archdiocese of Chicago, strenuous foe of Hitlerism and the only cardinal ever appointed in this country west of the Atlantic seaboard, pictured in Chicago shortly before his recent death.

Bergdoll's Mother

Mrs. Emma Bergdoll, mother of Grover Cleveland Bergdoll, notorious World War draft dodger who came back from German exile to "face the music," is shown at her son's trial in New York.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Dean of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for October 15

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission. THE TEMPTATION OF JESUS LESSON TEXT—Matthew 4:1-11. GOLDEN TEXT—For we have not an high, which cannot be touched with the fever of our infirmities; but was in all points tempted like as we are, yet without sin.—Hebrews 4:15.

Temptation is the common lot of all mankind (I Cor. 10:13). The strongest and most noble of men are subject to it; angels were tempted, and our scripture reveals that even Jesus was tempted. We recognize that Jesus was tempted as the Messiah (vv. 3, 6) and as one without sin (Heb. 4:15), but it is also true that He was tempted in all points as we are, apart from sin, and that we may learn from His temptation how we may meet and be the victors over temptation.

I. What Is Temptation? "Temptation is seduction to evil, solicitation to wrong. It stands distinguished from trial thus: trial tests, seeks to discover the man's moral qualities or character; but temptation persuades to evil, deludes, that it may ruin. God tries; Satan tempts" (A. M. Fairbairn). Temptation is not sin, but yielding to temptation is sin. Luther said, "We cannot keep the birds from flying over our heads, but we can keep them from building nests in our hair." Temptation comes from within, that is, from our own lusts (James 1:13, 14). Satan also tempts us (Eph. 6:11). God may permit temptation as a means of proving our faith (James 1:2, 3).

II. How Temptation Works. It is significant that the temptations of Jesus were along the threefold line of the temptations of Adam and Eve (Gen. 3:6) and the general threefold temptation of all men, namely, the lust of the flesh, the pride of life, and the lust of the eyes (I John 2:16). These three temptations really exhaust Satan's bag of tricks, but he can dress up these three fundamental temptations with almost endless variety. He works

1. By appealing to the flesh (vv. 2, 3). He observes the normal appetites and desires of a man's body, excites them to a high degree, and then suggests an improper method of satisfying them. Hunger is normal and a sign of good health. Jesus had fasted forty days and Satan took advantage of that fact to suggest the use of His divine power to satisfy His hunger. This would involve a denial of His entire mission on earth, namely, the redemption of man by a divine person who had become a real man.

2. By appealing to pride (vv. 5, 6). Satan misapplied Scripture to tempt Jesus to presumption on the assumption that He was exercising faith. God had promised to keep Him "in all his ways" (Ps. 91:11). To cast himself down from the temple was not one of the ways in which Christ was called to walk. Satan comes to us with the same kind of temptation. If He cannot get us to forsake faith, he tempts us to become fanatic and to proudly substitute presumption for faith.

3. By appealing to the eyes (vv. 8, 9). By showing Christ the kingdoms of the world and offering them to Him by the short-cut of a brief act of worship rather than by the way of the cross, Satan tempted Him again. Here the devil showed his true desire that man should worship him rather than God.

III. How to Meet Temptation (vv. 4, 7, 10).

1. By the right use of Scripture. If Jesus needed that weapon, how can we do without it? How can we use Scripture if we do not study it and hide it in our hearts?

2. By dependence on God. Every Scripture used by Jesus honored God. We cannot fight Satan in our own strength. To attempt to do so is to fall utterly. The real victory for the Christian is to bring Satan back to the cross where Christ won a decisive victory over him.

3. By denouncing Satan. Jesus sent him on his way. We may do the same in Jesus' name. It is always a serious error to try to argue with Satan or to engage in any discussion with him. Let us meet him with Scripture and with a "Get thee hence."

IV. The Result.

Satan left and angels came to minister to Christ. The overcoming of temptation results in peace, victory, and blessing. This is ever so in the life of the believer. Temptation overcome makes us stronger to meet the next temptation, and also enables us to help our weaker brethren.

Framing Our Lives

Religion does not consist in the performance of certain ceremonial acts at specified times, outside which acts and times it has no place; but consists in framing our whole life, and all our acts, upon a distinct view of our position as created beings, charged by the fact of our creation, with duties both to our fellow creatures and to our Creator.—Edward Denison.

New Chevrolet Showing Sat.

First showing of the New 1940 Chevrolet will be made Saturday, in the showroom of the Crow-Harrel Chevrolet company, 120 N. 9th, in conjunction with the initial nationwide display of this popular low-priced car.

Mr. Crow, in commenting on the new car said, "Car buyers everywhere are going to get a real surprise when they see this New Chevrolet. It's an unbelievable value. The car is four and one-quarter inches longer than last year's model—bigger inside as well as outside. It's the most beautiful low-priced car ever designed."

A cordial invitation is given by Crow-Harrel Chevrolet company to everyone in Slaton and vicinity, to come in Saturday and see this remarkable new car.

"From every desirable motor car quality, including Beauty, Performance, Economy of operation, and Safety, the careful automobile buyer will find the New 1940 Chevrolet entirely to his liking," Mr. Crow concluded.

Crow-Harrel Chevrolet Company's showrooms, specially decorated for the Announcement Day showing, will be open tomorrow from 8 a.m., until 6 p.m.

ON DISPLAY OCT. 14

Meet the New Chevrolet for '40!

It's the biggest, most beautiful, most brilliantly performing car ever produced by the nation's leading builder of automobiles... first again in quality and value... just as Chevrolet has been first in sales for eight out of the last nine years!

"Chevrolet's FIRST Again"

Eye it **Try it** **Buy it**

Look at the greatly increased size and luxury of this car with new longer wheelbase and stunning new "Royal Clipper" styling... And then you will know it's the streamlined beauty leader of the low-price field and the biggest value money can buy!

Tune into gear with Chevrolet's New Exclusive Vacuum-Power Shift... Test its matchless combination of power, acceleration, smoothness and economy... And then you will know it's the best-driving, best-riding and best-performing low-priced car!

Only Chevrolet gives such high quality at such low cost... Low Prices... Low Operating Costs... Low upkeep.

No other motor car can match its all-round value

Only Chevrolet has all these quality features

NEW "ROYAL CLIPPER" STYLING • BIGGER INSIDE AND OUTSIDE • NEW FULL-VISION BODIES BY FISHER
NEW EXCLUSIVE VACUUM-POWER SHIFT • "THE RIDE ROYAL"—Chevrolet's Perfected Knee-Action Riding System • SUPER-SILENT VALVE-IN-HEAD ENGINE • ALL-SILENT SYNCRO-MESH TRANSMISSION
Chevrolet has more than 175 important modern features.

Crow-Harrel Chevrolet Company

Miss Marguerite Blanton, daughter of Mrs. Mary Blanton of Slaton is now taking a complete stenographic course in Draughon's Business college of Lubbock.

CHURCHES

The Loyal Workers Class of the First Methodist Church met in the home of Mrs. C. L. Suit Wednesday with Mrs. Charles Walton, co-hostess.

Those on program were as follows: Mrs. E. F. Tiffs gave the devotional; Mrs. O. W. Ray and Mrs. P. M. Wheatley gave talks; Mrs. W. H. Proctor led in prayer and Mrs. Walton led in recreation.

Members present were Mesdames E. F. Tiffs, O. W. Ray, P. M. Wheatley, W. H. Proctor, J. T. Jones, O. W. Lemon, Joe Johnson, C. A. Porter, R. Baker, R. Tunnel, M. Hodges, Holt, Simmon, L. L. Frazier, E. G. Robertson, A. N. Galloway, Hancock, D. Smith, and the hostesses, Mesdames Suit and Walton.

The Presbyterian Auxiliary met Monday afternoon, October 9, in the home of Mrs. P. T. Gentry, 230 West Panhandle, at 3 o'clock.

Mrs. James Rayburn gave the devotional and Mrs. H. R. McKee gave a lecture on Alaska, showing pictures she had taken when she visited there several years ago.

The next meeting will be Monday, October 23 in the home of Mrs. C. N. Lane.

The Lockett Circle of the First Baptist Church will meet Monday, October 16, in the home of Mrs. Fred England at 3 o'clock.

SOCIAL

The County Federation will meet at the Cooper School, formerly the Woodrow school, and now consolidated, for an all day meeting Saturday, October 21 beginning at 10 A. M. until 3 P. M. All clubs are urged to send a representative with a written report of their club's plans for the ensuing year.

As the State is making library appropriations, the County Federated Club has selected Library Work as its project for the 1939-40 year, and will work with all the schools in the county.

There will be a 12 o'clock luncheon during the noon hour and in the afternoon a program concerning county libraries will be discussed. This meeting was formerly planned for Saturday, October 14, but has been changed until October 21, and all members and clubs are urged to attend in groups or send representatives.

The Pioneer Study Club had a call meeting Tuesday evening at 7 o'clock in the home of Mrs. Edwin H. Haddock, 220 West Floyd St.

Those present were Mesdames: Herschel Crawford, C. L. Heaton, Raymond Johns, Edwin Haddock, Earl Reasoner and Misses Joan Drewry, Lea Beth Drewry, Myrtle Teague and Docia Tucker.

The Blue Bonnet Club met Wednesday afternoon at 3 o'clock in the home of Mrs. B. A. Hannah, 120 North 6th Street. After the program, plans for the annual Thanksgiving banquet were discussed. Plans were also made for buying the fall wardrobe of an orphan the club has clothed for the past year.

Besides the members attending, Mrs. Cummings from Oklahoma

and Mrs. L. B. Hagerman were special guests.

The next meeting will be in the home of Mrs. R. C. Sanner, 830 W. Lubbock Street, October 25.

The Sun Shine Club met Thursday, October 12, at 2 o'clock in the home of Mrs. Clark Self with the regular members attending.

Dues were collected and after a short business meeting, refreshments were served to the members present.

The Junior Civic and Culture Club had its regular meeting, Tuesday, October 10 in the home of Miss Faye Coltharp, 400 South 10th Street.

The President, Mrs. J. B. Stevens had charge of the business meetings, and plans were discussed concerning Guest Day which will be held at the last meeting in October.

Mrs. Vaskar Browning gave a talk on "America's Foremost Stage and Screen Actresses"; Miss Ruby Waller reviewed "The American Way," by Kaufman and Hart, and Mrs. J. B. Stevens gave a review of the author's lives.

Members attending were Mesdames Vaskar Browning, Walter Hord, Dayton Eckert, George S. Lemon, Otis Neill, Ode Porter, George Sells, Jack Shepard, J. B. Stevens, Robert Collins, and Misses Ruby Lee Waller, Ura Mae Haggart, Gertrude King, Addie Lea Morrison, 4 new members, Misses Julia Austin, Lilac Yates, Phyllis Drake, Mrs. Charles Walton and the hostess, Miss Coltharp.

The Tuesday Luncheon Club met Tuesday at the Harvey House for lunch, with Mrs. S. A. Peavy, 325

Mr. and Mrs. W. E. Grimes, jr., Kansas City, Kansas are parents of an eight pound son, Robert William, September 29, at St. Luke's hospital, Kansas City. Mrs. Grimes is the former Miss Margaret Smith of Slaton, daughter of Mrs. R. L. Smith.

Have your prescriptions filled at **TEAGUE DRUG STORE** by a Registered Pharmacist

Lester Berry of Quanah, a former resident of Slaton, was a visitor the first of this week with his sister, Mrs. T. O. Petty.

N. R. Carter, manager of Sherrod Bros. & Carter went Tuesday to Dallas on a business trip.

Miss Doris Minor, Texas Tech senior, spent the week-end visiting her parents, Mr. and Mrs. Percy Minor, 355 West Garza.

Mr. and Mrs. J. V. Davis and daughter, Jane, spent the week-end in the home of Mr. and Mrs. W. T. West Garza, as hostess. After the luncheon, the members went to the home of Mrs. Peavy. The members attending were Mesdames: R. W. Ragsdale, Claude Porter, Royce Pember, Carl Meriwether, O. D. Groshart, G. W. Shanks, one guest, Mrs. Lester and the hostess Mrs. Peavy.

Members attending were Mesdames Vaskar Browning, Walter Hord, Dayton Eckert, George S. Lemon, Otis Neill, Ode Porter, George Sells, Jack Shepard, J. B. Stevens, Robert Collins, and Misses Ruby Lee Waller, Ura Mae Haggart, Gertrude King, Addie Lea Morrison, 4 new members, Misses Julia Austin, Lilac Yates, Phyllis Drake, Mrs. Charles Walton and the hostess, Miss Coltharp.

The Tuesday Luncheon Club met Tuesday at the Harvey House for lunch, with Mrs. S. A. Peavy, 325

Headaches, biliousness, bad breath often warn of faulty elimination. Neglect of these signs may cause a host of constipation's other discomforts: sour stomach, belching, no appetite or energy. Don't delay. Take spicy all vegetable **BLACK-DRAUGHT**. This intestinal tonic-laxative imparts tone to lazy bowel muscles; by simple directions, cleanses gently, thoroughly. Millions of packages used.

Does Pyorrhea Threaten? Druggists will return your money in the first bottle of "LETO'S" fails to satisfy. City Drug Store

FOR CHILLS AND FEVER

And Other Malaria Misery!

Don't go through the usual Malaria suffering! Don't go on shivering with chills one moment and burning with fever the next. Malaria is relieved by Grove's Tasteless Chill Tonic. Yes, this medicine really works. Made especially for Malaria. Contains tasteless quinine and iron. Grove's Tasteless Chill Tonic actually combats the Malaria infection in the blood. Relieves the wearying chills and fever. Helps you feel better fast. Thousands take Grove's Tasteless Chill Tonic for Malaria and swear by it. Pleasant to take, too. Even children take it without a whimper. Act fast at first sign of Malaria. Take Grove's Tasteless Chill Tonic. At all drugstores. Buy the large size as it gives you much more for your money.

Sure Prescription

To face cheerfully and eagerly the accustomed and ordinary tasks is the simple but sure prescription for enjoyment of life.—John Timothy Stone.

FEEL GOOD

Here is Amazing Relief of Conditions Due to Sluggish Bowels. Nature's Remedy. If you think all laxatives act alike, just try this all vegetable laxative. It's mild, thorough, refreshing, invigorating. Dependable relief from sick headaches, bilious spots, tired feeling, constipation, indigestion, etc. Without Risk. Get a 25c box of NR from your drugist. Make the test—then if not delighted, return the box to us. We will refund the purchase price. That's fair. NR TO-NIGHT. Get NR Tablets today.

As Fortune Gives

Fortune takes least from him to whom she has given least.—Publius Syrus.

FOR BOILS GRAY'S OINTMENT 25¢. A wonderful aid for boils where a drawing agent is indicated. Soothing and comforting. Fine for children and grown-ups. Practical. Economical.

The Greater Deed

To pity distress is but human; to relieve it is Godlike.—Horace Mann.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste. Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

HANDY PRESCRIPTION

Cheerful News

The report that the judges were unable to read the signature of the successful architect for the new Dundee art college recalls the classic story relating to a medical man's prescription: After receiving the medicine, the patient used the prescription for years as a railway pass, twice as an invitation to a dance, once as an invitation to a society wedding, and later as a letter from his employer instructing the cashier to raise his salary. And in the evenings his daughter played it over on the piano.—Edinburgh Dispatch. 'Will That Be All?' Jawsom—You know that pretty girl who works in the bargain basement? Duff—Yes—she's a beauty. Jawsom—Well, I took her home from a party last night and I stole a kiss. Duff—What did she say? Jawsom—She said: "Will that be all?"

Bruckart's Washington Digest

Repeal Bill Would Extend Credit To Belligerents Buying in U. S.

Danger of Getting Into Same Mess Over War Debts That Followed World War; Added Authority Given President in Bill Carries Potential Danger.

By WILLIAM BRUCKART

WNU Service, National Press Bldg., Washington, D. C.

WASHINGTON.—As the full dress debate of the so-called neutrality bill continues in the senate, numerous phases and angles and incidents have cropped up and demanded attention. It is easy for one side to say that the thing must be accepted by the senate and the house and the country, without so much as a crossed "t" or a dotted "i" and it is equally easy for the oppositionists to say that they should have none of it at all. The truth is neither side is completely correct, and Mr. John Q. Public must remember that in forming his own conclusions.

The bill that was reported by the senate committee on foreign relations, I believe, must be accepted as a sincere effort. Sixteen of the twenty-three members of the committee believed it, or believed it should have a chance to be discussed fully and freely. There was no division along the lines of Democrats or Republicans; seven senators voted against sending the bill to the senate because they are opposed to repeal of the embargo against shipments of arms to any belligerent powers, while President Roosevelt and the majority members of the senate committee want to get rid of the embargo.

Publication of the text of the bill, however, shows some provisions that have gone far to load the guns of those who want to keep an arms embargo in force. Some of the members of the group opposing repeal were sufficiently wrought up to accuse the administration—Mr. Roosevelt, Secretary of State Hull and others—of having misled the country in telling what they think ought to be done, by way of legislation, to keep the country out of war. It is a condition of bad temper and it is likely to cause damage all around. Nevertheless, until the senate committee finished writing the bill, all of the discussion was whether to repeal the arms embargo; since publication of the bill, it is shown that not only is repeal of the embargo sought, but permission would be given for extension of credit to those belligerent nations that want to buy here.

Many Object to Giving President Extreme Power
Another section of the bill that was not well advertised in advance is a section giving President Roosevelt additional authority during threats of war. It allows the President to define "combat areas," and to forbid American ships and American citizens from going into those zones. That provision is highly provocative. For there are many who believe no Chief Executive ought to be clothed with such extreme power. I doubt that it ever will be misused or abused, yet it has that possible danger within it. Having such potential danger, the section is being vigorously opposed by men just as anxious to keep the nation out of war as those who say that only repeal of the arms embargo will keep us from being embroiled in Europe's mess.

Debate has made it appear, thus far at least, that the original "cash and carry" sections constitute a strong bulwark against our entanglement. But there surely is ground for objection to that part which was added—that part which will give buying nations 90 days in which to pay. A buying nation can come to our shores, load down many ships and go away with the cargoes within 90 days—and say at the end: "We have not the money to pay." Of course, it will not be as raw as that. The purchasers did that during the World War, also, and we are still waiting for those nations to pay more than \$12,000,000,000 on those debts. I am the only correspondent to report every one of the conferences with foreign nations when the United States tried to get some tangible basis of payment worked out, and since that time I have had little faith in any of their promises. The "cash and carry" section of the current bill, with its 90-day provision, therefore, strikes me as nothing more nor less than a breaking down of the law that Senator Johnson of California forced through the congress some years ago. The Californian fought until he got a statute that barred any nation from getting new credit here if it still owed us money on its World War debt.

So-Called Neutrality Bill Shows Mistakes Can Be Made
It probably is an impossibility to "legislate" a nation into being neutral. It is like legislating people into being good. If they want to be good, or if they want to be bad, they probably will be just that way, regardless of what kind of a law the brain trusters in a legislative body put together. And, in the instance at hand—the so-called neutrality bill—there is ample evidence of mistakes that can be, and are being, made.

Friends of the program of em-

bargo repeal mistakenly assume that substitution of the cash and carry provisions will let us rest in peace. It is perfect, they say. Opposition sentiment can see only hosts of marching men and ships carrying warriors over seas if there is repeal. Therefore, neither side is giving really serious attention to perfecting the cash and carry provision, in event it shall be accepted, eventually, and the bill become law. That is a grave mistake.

That lack of consideration of details of this phase is a great mistake can be proved by the shudders of business interests when sharp eyes and analytical minds discovered what the section, as written by the committee, would do to commerce in this part of the world. Protests filed by shipping and air transport companies serve as an example. Actually, as originally presented, the cash and carry sections would have kept many businesses from dealing further with British and French possessions in the Caribbean sea. They would have halted buying and selling in some quarters of South America, like the Guianas; air lines from the United States could not have stopped there; regular North and South American ship schedules would have been disrupted. Well, the committee made hasty changes, but it remains to be seen whether even these will work in practice.

The trouble is that no one man or group of men can visualize all of the possible contingencies and consequences of a piece of far-reaching and rigid legislation. None ought to claim that it has been done, but claims to that effect are being advanced and ballyhooed.

Monroe Doctrine Must Be Given Consideration

Now, it might be said that these phases of the problem are matters that concern only "business interests," and big business interests, at that. Such, unfortunately, is not the case. Since every one of those points of difficulty lie in the western hemisphere, consideration must be given to the application of the Monroe Doctrine. Our trade with nations and possessions in the western hemisphere, therefore, is considerably different than with Great Britain and France, themselves. Yet, with all of the close commercial ties with those possessions, with due recollection of the principles of the Monroe Doctrine, there remains the fact that congress, under the urge of the administration, is seeking to legislate neutrality, a neutrality that works one way with the parent nation and another way with the colonies—the children—of the belligerent nation. It is quite evident, indeed, that whatever law is finally enacted will contain many imperfections, some loopholes and some dangerous principles.

It should be said to President Roosevelt's credit that, thus far, he has not openly put the pressure on his congressional leaders for passage of the bill without changes. Membership of the two parties in congress is widely split. Perhaps that is why White House force cannot be used effectively. True, some of the anti-administration Democrats have predicted that the President will get both feet into the situation before action is had, but that has not happened, yet.

Pan-American Conference Does a Worth-While Job

While all of these things have been going on in Washington, the sessions of the conference at Panama City ought not be overlooked. The representatives of our own and our neighbor republics did a good job in arranging for co-operative action to keep the war away from our shores and in Europe, where it started. It always is possible for best intentions to go haywire, but surely there is credit due to Mr. Roosevelt and the department of state for the leadership exerted in getting all of the South and Central American folks around a single table. If nothing more happened than a free discussion of the potential dangers that exist, the meeting would have been worth while. More did happen, however, and the understandings that were reached, stripped of high-sounding words, mean that active governments in the western hemisphere are going to work and act together. Further, the conferences can be said to have produced a feeling that none of the smaller republics and so-called republics need fear any of the others.

In the meantime, however, it is distressing to witness newspapers everywhere relegating important domestic news, facts about our home folks and home problems, to inside pages. One of the Washington papers the other day had seven columns of war news on its front pages. That seems to me to be bringing the war here when we don't want it.

Household News

By Eleanor Howe

Crusty, piping hot bran muffins are family favorites. See Recipes Below.

For a Special Treat Serve Hot Breads

Was there ever a family that didn't adore hot breads? Biscuits that melt in your mouth, muffins that are feather-light and crusty and full of flavor, or a golden corn bread with the tantalizing taste of bacon to make it even more delicious—all these are special treats for a hungry family.

Serve hot muffins or flaky biscuits at the next church supper or the first fall dinner meeting of the guild, and watch them disappear like snowflakes on a warm spring day.

It's easy to achieve success with hot breads if you'll follow just a few basic rules. A tested recipe, good ingredients, accurate measurements, deft handling, and the proper temperature for baking are the factors of success.

If you've had difficulty with quick breads that are coarse textured and full of the long holes called "tunnels" in all probability you've been over-conscious in mixing. Unless otherwise specified, mix lightly and only enough to blend the ingredients.

When you're making baking powder biscuits, remember that a little kneading goes a long way toward making biscuits flaky and light.

A simple recipe for baking powder biscuit is the starting point for a variety of tempting breads. Make "Pinwheels" by rolling out biscuit dough to ¼-inch thickness, brushing with melted butter, and spreading generously with grated cheese, devilled ham, or thick jam. Roll up the dough as for jelly-roll, cut in slices, and bake in a hot oven (425 degrees).

Quick Butterscotch Rolls are made in the same fashion.

Ginger Cheese Muffins.

2 cups cake flour
2 teaspoons baking powder
¼ teaspoon soda
½ teaspoon ginger
½ teaspoon salt
¾ cup cheese (grated)
1 egg (beaten)
½ cup milk
½ cup molasses
½ cup butter (melted)
Mix and sift all dry ingredients. Add grated cheese. Blend egg, milk, molasses, and melted butter. Pour this mixture slowly into the dry ingredients and mix lightly. Fill well greased muffin tins approximately ¾ full and bake in a hot oven (425 degrees) for 12 to 15 minutes.

Old-fashioned Nut and Raisin Bread.

2 tablespoons butter
2 tablespoons granulated sugar
2 cups bread flour
2 teaspoons baking powder
½ teaspoon salt
¾ cup milk
¼ cup seedless raisins
¼ cup nutmeats (broken)
Cream butter and add sugar. Mix and sift all dry ingredients and add alternately with the milk. Mix lightly and fold in the raisins and nuts. Place batter in a well-greased loaf pan, let stand 20 minutes, and then bake in a moderate oven (350 degrees) for approximately one hour.

Quick German Coffee Cake.

(Makes 1 coffee cake)
¼ cup shortening
½ cup sugar
2 eggs (well beaten)
1½ cups and 1 tablespoon flour
½ teaspoon salt
2 teaspoons baking powder
½ cup milk
½ cup brown sugar
½ cup nut meats (chopped)
1 teaspoon cinnamon
1 tablespoon butter
Cream shortening; add sugar slowly while beating constantly. Add eggs and blend. Mix and sift together 1½ cups flour, salt and baking powder and add alternately with

milk. Mix lightly with a fork. Place half of dough in well-greased layer cake pan. Mix together brown sugar, chopped nuts, remaining 1 tablespoon flour, cinnamon and butter. Sprinkle ½ of this mixture over dough. Top with remaining dough; sprinkle with remaining brown sugar mixture. Bake in moderately hot oven (375 degrees) for approximately 30 minutes. Serve while warm.

Refrigerator Parkerhouse Rolls.

(Makes 3 dozen Parkerhouse rolls)
2 cups boiling water
½ cup and 1 teaspoon sugar
1 tablespoon salt
3 tablespoons butter
3 tablespoons lard
2 cakes compressed yeast
¼ cup lukewarm water
2 eggs
8 cups flour
Mix together boiling water, ½ cup sugar, salt, butter and lard. Cool slightly. Dissolve yeast and 1 teaspoon sugar in the lukewarm water and add. Add eggs and one-half of the flour; beat thoroughly. Then add remaining flour. Mix well. Place in refrigerator. When ready to use roll dough about ¼-inch thick and cut in circles. Then cut each circle almost in two. Turn circle of dough so that cut side is on the outside. Spread inside with melted butter and fold. Let rise until doubled in bulk. Then bake in a hot oven (400 degrees) approximately 20 minutes.

Skillet Corn Bread.

(Makes one 9-inch bread)
1½ cups general purpose flour
1½ tablespoons sugar
1 teaspoon salt
1½ tablespoons baking powder
1½ cups yellow corn meal
3 eggs (beaten)
1½ cups milk
Bacon
Sift together the flour, sugar, salt and baking powder. Stir in the corn meal. Combine the eggs and milk, and blend with the dry ingredients. Pour into a greased, 9-inch skillet. Arrange bacon slices, lattice-fashion, over the top. Bake in a moderately hot oven (375 degrees) for 50 to 60 minutes. If necessary, the bread may be placed in the broiler for a few minutes to brown the bacon.

Molasses All-Bran Muffins.

(Makes 1 dozen muffins)
2 cups bran
½ cup molasses
1½ cups milk
1 egg (beaten)
1 cup flour
½ teaspoon salt
1 teaspoon soda
Add bran to molasses and milk and allow to soak for 15 minutes. Beat egg and add to first mixture. Sift flour, salt and soda together and combine with bran mixture. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 degrees) about 20 minutes.

Is it hard to get children (and grown folk, too) out of bed in time to breakfast with the rest of the family? Eleanor Howe next week, suggestions for unusual breakfast dishes which will help you overcome that problem.

This Practical Book.

In her new cook book, "Better Baking," Eleanor Howe gives you her secrets for making delicious hot breads, cakes, cookies and pies. You'll find here over 125 recipe suggestions, too—recipes for "Funny Cake," "Jelly Tuck-A-Ways," "Lemon Sunny Silver Pie," and countless others just as interesting and unusual. Send 10 cents in coin to "Better Baking," care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois, and get your copy of this grand book now. (Released by Western Newspaper Union.)

Strange Facts

Adam's Day
Slow in Anger
Spotted Aristocrats

The world's 250,000,000 Moslems observe Friday as their Sabbath because, according to Mohammed, this was the day Adam was created, the day he entered and was also expelled from Paradise, the day of his death and the day he will be resurrected.

Chameleons are "slow-motion" fighters. When two enemies start a battle, many minutes, even hours, pass between each thrust and parry. Sometimes the only way that one can tell a fight is in progress is by the color of their skins, which have turned black with rage.

Increasing age diminishes attendance at the movies to an astonishing degree. Surveys indicate that the number who no longer attend increases from 50 per cent at the age of forty to 75 per cent at sixty to 98 per cent at eighty.

Although about nine thousand members of Britain's aristocracy and sporting world are admitted to the Royal Enclosure at Ascot, England, at each meeting, thousands are excluded because they are in bankruptcy, involved in a divorce, owe too much money to a bookmaker or have not been presented at a royal court.—Collier's.

ASK ME ANOTHER?

A Quiz With Answers Offering Information on Various Subjects

The Questions

1. What are the following: (a) Adam's needle; (b) Adam's peak; (c) Adam's profession?
2. Why is an artesian well so-called?
3. What do the racing clothes including boots of a jockey weigh?
4. Which are the two smallest states in Europe?
5. A gnomon is a person of no importance, a dwarf, Scottish chieftain or a geometrical figure?
6. To what does the song, "Comin' Through the Rye" refer?
7. The unit of current or flow of electricity is called—an ampere, a volt or a watt?
8. Which is the correct idiomatic expression—"If worst comes to worst" or "if worse comes to worst"?
9. What American city was first known as New Amsterdam?
10. What kind of foundations are under the buildings in Venice, Italy?

The Answers

1. (a) Various species of yucca plants; (b) Mountain peak in Ceylon; (c) Gardening.
2. Because such wells were first sunk in Artois (anc. Arte-sium), France.
3. A jockey's outfit seldom weighs more than 70 ounces.
4. Monaco, the smallest state, is 8 square miles, and San Marino, the next smallest state, is 38 square miles.
5. A geometrical figure.
6. A small river.
7. An ampere, named after Andre Ampere, French scientist who established the relationship between electricity and magnetism.
8. Dr. Rossiter Johnson, in "Alphabet of Rhetoric," says—"If worse comes to worst" is often rendered meaningless by being changed to "if worst comes to worst." The original and correct form is evident on a moment's thought. It is essentially a continuation of from "bad to worse—from worse to worst."
9. New York.
10. Mostly piles.

Boring Rain
Joan—On a wet night don't you get tired of hearing the everlasting pitter patter?
"Yes; it never rains but it bores."

To preserve the complexion, apply the oil on retiring.—Beauty hint. Oily to bed, oily to rise.

Not Fussy
Shyly she presented the bank cashier with a check for payment. "I'm sorry, miss!" he said, politely, "but I cannot cash this across the counter."
"Oh, never mind," she said, with an engaging smile. "I'll come round your side."

Well Fixed
"When this vacuum flask is filled it will keep things hot for you indefinitely," remarked the salesman to the tired-looking little man at the counter.
"No thanks," he replied. "I married something like that."

What's wrong with "Annie Laurie" as a hymn tune, is asked. Nothing. Annie got "him."

Down in the Mouth
"My husband was looking for the bicarbonate of soda last night, and took a spoonful of plaster of paris by mistake."
"Well, that ought to settle his hash."

RAYMOND LEE JOHNS, MANAGER

Listen, sportsmen! We have an abundant supply of Texas Game Laws in the office at your disposal. You who plan to hunt the deer next month may want some written information. If so, come in any time and receive your copy free.

Notice to Farmers: We have an abundant supply of farm bulletins on many agricultural subjects which we take special pains to secure for your information. Our files are growing from time to time so that now we have several hundreds of fine bulletins on almost any subject you want to know about. Sometime ago we installed a special bulletin file for your convenience and we appreciate the interest you are showing when you come in and use this service.

No one so far has called for a bulletin that our special service has been unable to supply; however, if you should want to find out about a subject about which we have no information, we can either get a bulletin for you or inform you where you may get one.

Since we have spent considerable time developing this service specially for you, we shall more than appreciate it if every farmer with

in Slaton trade territory will come in to see us every time he needs this aid.

SLATONITES, LET'S GIVE MORE TIME AND THOUGHT TO THE STUDY OF OUR HOME TOWN! What about its industrial life? What about its social life in the church, in the home, in the school, and in its various other organizations? What about its government? What about its business? **WHAT ABOUT ITS NEEDS?** These are generalizations in a way, but just stop a moment and try to find out how much you know about these suggested topics? **THEN THINK ABOUT SLATON!**

Ginnings for four Slaton gins Tuesday afternoon at 2:30 were 4,337 bales as compared to the figures 3,333 at the same period last week. K. N. Clapp of Anderson, Clayton & Co., on August 20, placed an estimate of 375,000 bales for 18 countries. A month later he cut the total to 315,000 bales.

Clapp estimates Lynn county will gin 56,000; Lubbock, 55,000; Lamb, 37,000; Crosby and Daw-

"Beau Geste" Lusty Tale Of Gallantry

A roaring, lusty tale of the indomitable gallantry of three loyal brothers will blaze across the screen of the Palace Theatre when "Beau Geste" is presented at the revue Saturday, and Sunday and Monday to local audiences for the first time.

Gary Cooper, Ray Milland and Robert Preston are starred in this glorious picturization. The superb supporting cast is headed by Brian Donley, Susan Hayward, J. Carrol Naish, Donald O'Connor and James Stephenson.

With Cooper, Milland and Preston cast as the three "Geste" brothers—"Beau," "John" and "Digby," respectively, the picture tells how they gallantly join the French Foreign Legion to avert having the finger of suspicion point at any of them as guilty of the theft of a valuable, sapphire, the "Blue Water," from their guardian. In the legion, there is desperate conflict between the brothers and a mad, brutal sergeant, "Markoff," played by Brian Donley, who, suspecting that one of the brothers has the gem in his possession, determines to get it for himself.

The picture reaches high peaks of adventure when Markoff, having son, 28,000 each; Hockley, 26,000; Terry and Yoakum, 20,000; Hale, 19,000; Bailey, 11,000, and Floyd, 10,000.

Slaton Resident Dies Friday

Mrs. Nancy L. Johnston, Slaton resident, died Friday, October 6, at Sweetwater where she had been ill for some time. She came to Slaton twenty-six years ago and had been active until her illness.

She was born in Delta County, April 2, 1866. She joined the Methodist church in early youth. She was married to H. A. Johnston in 1890 and with her husband came to Slaton in 1913 where they made their home. Mr. Johnston has been dead for several years.

Surviving her are three sons, S. H. Johnston, Slaton, E. S. Johnston, Sweetwater, and W. L. Johnston, Los Angeles, California; three sisters, Mrs. J. N. McReynolds, Slaton, Mrs. Shahan, Abilene, Mrs. Preston Lockhart, Dallas; three grandchildren, Cecil Johnston, Dallas, Misses Nell Catherine and Mary Edna Johnston, Sweetwater. Services were conducted in Slaton at the First Methodist Church Saturday afternoon, October 7, at 3 P. M. with Rev. J. O. Quattlebaum officiating. Interment was in Englewood cemetery.

chosen only Beau and John for duty at an isolated desert fort, Fort Zinderneuf, gains command, and drives the men to mutiny with his savage treatment.

The ultimate fate of the brothers Geste and of the jewel is explained in an exciting flashback in which Digby figures prominently. Although "Beau Geste" is predominantly a great adventure picture, there are many romantic scenes in which Ray Milland and Susan Hayward, cast as the lovely ward of the Geste brothers' guardian, figure prominently.

Band Mothers Met Monday

Band Mothers held a regular meeting Monday evening at the Band House. Routine business was transacted in which it was decided to continue the Rummage Sale, to serve the Rotary Club in November, and to participate in the Welfare organization recently formed for the city. Special thanks were voted to Mr. J. C. Jenkins for the picture shows he has held for the benefit of the rummage sales.

MRS. GARLAND'S BROTHER BURIED AT VAN ALSTYNE

Mrs. L. T. Garland and Otis Gunter of Tahoka left Thursday for Van Alstyne to attend the funeral of their eldest brother O. G. Gunter who died this week after a lingering illness.

ROTARY CLUB

The Rotary Club program for last Thursday was omitted as the members gathered round a radio furnished by Nic Carter and the

second game of the World's Series was listened to with much attention and enthusiasm. Visitors were Alan Payne, who wasn't really a visitor, and Harry Dean of Sweetwater, and D. E. McAllister of Boulder, Colorado.

Announcing THE NEW FORD CARS FOR 1940

22 important improvements, added to fundamental Ford features, represent the most advanced engineering in the low-price field

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety—and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. Finger-Tip Gearshift on the steering post. An improved transmission, unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Softer springs, improved spring suspension and a new ride-stabilizer.*

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay bright longer. They have the famous Ford V-8 engine (85 hp in the De Luxe Ford. Choice of 85 or 60 hp in the Ford) — which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. You'll enjoy the experience!
