NUMBER FORTY-THREE

TOMORROW IS THE DAY OF DAYS IN SLATON!

Everyone To Celebrate Our Frontier Day

While no full agreement has been made among the business firms as to closing hours for the Slaton Frontier Day Celebration it is presumed that the same plan that was followed last year on Slaton's Birthday will be in effect. Most of the business houses closed their doors while the parade was in progress while some firms closed the entire day.

In commenting on the closing hours Mrs. Lee Green, Manager and Secretary for the Retail Merchants Association, said that to ask all of the merchants to close all day on Saturday would be too much of a sacrifice and that the Retail Merchants Directors consider the best idea is to leave it up to each firm to do as they see fit. "There is going to be very little business transacted in Slaton during the time that the parade is in progress anyway," said Mrs. Green.

The Slaton Frontier Day Celebration will get underway in Slaton Saturday morning with a gigantic parade which will be headed by the Reese Air Force band and will be followed by several Sheriff's posse, floats, entered by civic and service clubs, decorated automobiles, bicycles and pedestrians. The parade is scheduled to begin at 10. Participants should be at West Ward School by 9:30.

A prize of \$50 will be awarded to the Sheriff's posse making the best showing and a \$25 award for the posse placing second. Other prizes include \$75 for first place float; \$50 for second place, and \$25 for third. Six \$10 prizes each for the most typically dressed cowboy and cowgirl; man and woman living in the Slaton territory; the longest and the man and woman dressed as most typical pioneers, making a total of \$285 which will be given away as prizes to qualifying groups and individuals.

Morning session will be concluded with a free lunch to visitors entering the parade, including the bands and posse, at the West Ward cafeteria on West Lubbock street.

The afternoon session of the celebration will commence at 1:30 o'clock with a 30 minute concert by the Reese Air Force band concert orchestra to be followed by the address of welcome by Mayor Lee B. Wootton, after which prizes will be awarded.

Registration for an opportunity to win a shetland pony complete with saddle, blanket and bridles will be conducted at a booth provided for that purpose. Children of 12 years or younger are eligible to win.

Wiley and Gene of Oklahoma City will entertain during the afternoon for two hours. These entertainers are well known in this area, having performed over KFYO and other radio stations several years. They now conduct a television show in Oklahoma City. The Circle B Bar Ranch string orchestra will provide music immediately preceding the annual outdoor square dance.

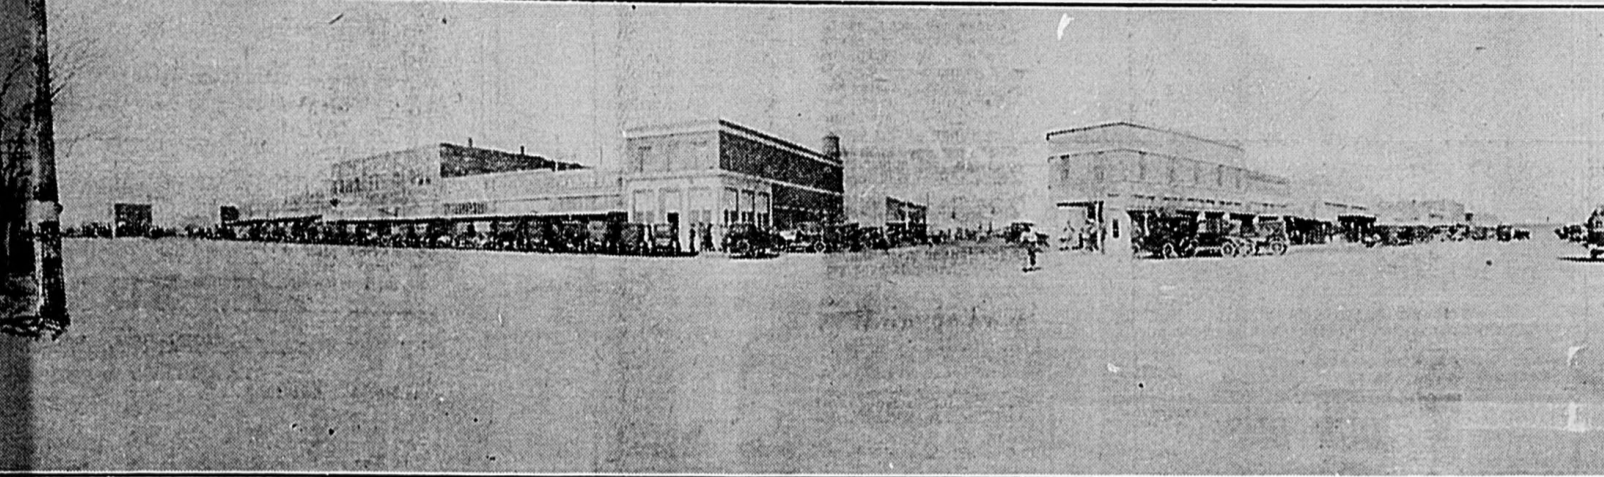

The night session will be the annual outdoor square dance of the Westerners Square Dance association. This promises to be a better and bigger affair than the one last year.

Some of the best callers in West Texas will be present. Among those who have indicated that they will perform are Anson Oden, president of the square dance association of Brownwood; W. T. (Bill) Howard of San Angelo; Cecil Gartin of Abertown; Bill Ingram of McCombs; Dallas Whaley and C. C. Lindsey of Lubbock. M. L. Van Arsdell of Amarillo; Felix Dooley, James and John L. Henson, all of Roscoe; the Waring brothers, John and Joe, of Comanche; Lloyd Brame of Lorraine, and Jack Formy of Sweetwater.

The Cosden Play Boys of Big Spring will furnish the music for the square dance.

PARADE ROUTE

The parade is scheduled to assemble in front of West Ward School and west on Lubbock St. The band will lead the parade down Lubbock to South 8th, north on 8th to Texas Avenue, going one block on Texas, turning west on Lynn and going to 9th street, turning back south on 9th to Garza, where it will turn west and back opposite the West Ward School where it will break up.

New Regulations To Control All Sewer, Water And Gas Connections

Publication of a new ordinance in booklet form was ordered by the City Commission this week and when the new laws are put into effect, the Slaton regulations concerning water, sewer and gas connections will be practically the same as those of Lubbock and will conform to the regulations that are set by the State Department of Health.

The new regulations will take the place of one now in effect that do not apply to appliance dealers.

The new ordinance will go into effect as soon as the booklets are available and when it is put into operation all appliance dealers who make connections for gas, water or sewer will have to make bond, have a permit to make the connections and when the connections are made the work will have to be inspected by the City Water Superintendent.

City Water Superintendent, Forrest C. Davis reports that when the new regulations are put in effect that Slaton will then have laws that will protect the citizen of the town against many fire hazards, reduce the danger of asphyxiation from escaping gas, and reduce the danger of disease that poor sewer connections can cause.

The booklets are in the course of being printed at the Slatonite office and will be available to all plumbers, concerns selling appliances and to any one who might need them.

Colored Folks To Meet On Friday

A meeting of the colored people of Slaton has been called for Friday night at 8:00 p.m. at the K&P. Hall in the southeast section of town. The meeting will be for the purpose of deciding whether some kind of observance of June 19th, Emancipation Day, will be held in Slaton.

If the special day has the same effect this year that it has in the past there will be a good many jobs left vacant next week.

Week's Question

Childhood Ambitions Revealed By Slatonites In Answer To Question

The men and women of today are the children of yesterday, and almost every child fixes a dream in his young mind of a great future. Usually a child's ambitions don't stop with one goal. He may aspire to be a doctor one day and when the circus comes to town he decides that his calling is to be an animal trainer. This sudden change of ambition is familiar to all of us, for every person goes through it when he is growing up. For this week's question we pried into the childhood of some local people with the inquiry "What was your greatest ambition as a child?"

Slaton Was Like Desert In 1911

Slaton looked "just like a desert" to Mrs. Joe Teague, Sr. when she came here in 1911 and was a witness to the founding of the town on June 15 of that year. There was nothing green growing, and the only apparent vegetation was a few small mesquite trees which had been practically destroyed by worms. Some of the families who settled in Slaton lived in shacks or tents. There were several buildings at that time but not many homes had been constructed. Mrs. Teague has lived in Slaton continuously since 1911. She was born in Bedias, Texas, and moved to Slaton from Big Spring. Her husband, the late Joe Teague, served six years as mayor of Slaton, from 1939 until 1945.

James Marsh Is Wounded In Korea

Mr. and Mrs. H. L. Marsh, 205 North 5th Street, were notified, by telegram, from Marine Headquarters in Korea, that their son, USM Second Lieutenant James Marsh, was wounded in action, June 3, 1951, on the Korean front. The telegram said that the extent of the injury could not be given but that details would be given at a later date.

Water Loading Rack Installed In Town

Forrest Davis, water superintendent, has announced that a water loading rack is being installed at 7th and Crosby streets. The rack is for the benefit of people who buy water by the truck loads, such as state workers, contractors, and farmers. Formerly these people got water from fire hydrants in town.

Recreation Is Scheduled For Local Boys Club

Summer recreation for the local Boys Club will begin this week-end with registration at the Youth Center today (Friday) at 9 in the morning and 2 o'clock in the afternoon. Later in the summer the recreation meetings will be held at the High School gym and playground.

MacKenzie Park swimming pool will be reserved for the boys, girls, men and women of Slaton each Thursday night in collaboration with the recreation program. There will be no charge, and the girls will be well chaperoned. Buses will leave the city square at 7:00 p.m. for Lubbock and will return about 10:00. Life guards will be on duty at the pool, and plans are being made to instruct beginners in swimming. The first Slaton night will be Thursday, June 21, and everyone interested in swimming is urged to go. Other sports will include baseball, softball, basketball, tennis, tumbling, and various other sports in which the boys may show an interest. Equipment is available for almost all kinds of sports.

The recreation program is sponsored by the Chamber of Commerce.

Lutherans Plan Church Building

Slaton members of the Lutheran Church are making plans to build a church here which will cost around \$200,000 dollars in its entirety. The first unit, on which construction will begin some time this summer, will be a simple nave onto which the remainder of the units will be built. This unit will cost about \$25,000 according to Pastor Lowell C. Green. Other units to be added will be a parish house, educational building and the parsonage. Plans have been completed and bids will be taken next month so that work can begin soon after. Location of the new church will be at the corner of 15th and Jean Streets.

At present the Lutheran people are meeting in the Southland Lutheran Church building which has been moved to Slaton, so that the two churches, Southland and Slaton are united.

Children's Movies Sponsored By PTA And Local Theatre

Films for children will be shown at the Slaton Theatre each Wednesday morning at 9 o'clock this summer. The first one was shown last Wednesday with about 200 children attending to see "The Wizard of Oz." An admission price of 9c is being charged for children through high school age. The program is sponsored by the Elementary PTA and the Slaton Theatres. Movies to be shown are selected from the Film Library for Children. They are pictures that have been made by the studios and have been approved for children.

Mr. and Mrs. Dale Butter of Whittier, Calif., were house guests of Mr. and Mrs. Allen Ferrell last week. Big dance at the American Legion Hall, Saturday night June 15, 8:30. Music by Circle B Ranch Boys. Everyone come.

Extra Copies Of The Slatonite Are Available

A limited number of extra copies of this issue of the Slatonite have been published and are being held in reserve at the Slatonite office for those who wish to send them to friends and relatives, due to the fact that there are a number of historic old engravings and stories of Slaton's past in this issue that might be of interest to folks who do not live in this area.

Those who wish extra copies can pay the Slatonite office 10c and the paper will be mailed to anyone in the United States, to men in the service outside of the United States, or the paper may be bought for 5c at the Slatonite office.

First Building Erected Here By Tudor Brothers

Fred Tudor claims that he "was the first person to move to Slaton." He and his brother, R. H. of Lubbock, came here with a load of lumber in 1910 and built the first "shack" in the town. It was a little two room box-shack on 9th street, and used for the Post Office and general store. Mrs. Annie Higby was post mistress.

Several other buildings were erected by the Tudor brothers, carpenters, before the opening day of the town on June 15, 1911. Most of them were on Texas Ave. which was the main street at that time. The Santa Fe had not yet constructed any buildings here but were grading the ground to set the tracks. A few business men came here before the opening of the town and established business firms.

Mr. Tudor does not recall what the population of Slaton was on its birthday, but says there were quite a few people already living here then. Tudor has a gin at Posey now, and has been in that line of business several years.

Rain At Last!

The Slaton area received .85 inch of rain Wednesday evening. Farmers in the immediate area report that it was not enough to damage the cotton but that it will keep the young plants alive and will likely be of considerable benefit.

Dr. Jaynes Named McSween Associate

Dr. M. Jay McSween has announced the association of Dr. S. H. Jaynes with the McSween Clinic. Dr. Jaynes will be in general practice here. A graduate in 1943 of Texas University, Dr. Jaynes practiced in Galveston for several years. After receiving his degree from T. U. he served for a time with the armed forces during World War II.

Dr. and Mrs. Jaynes live at 1140 W. Crosby. Their two children are Diane Claire, 14 months, and David Charles, who will be four in July. Mr. and Mrs. V. W. Prince of Ft. Worth were guests of Mr. and Mrs. Don Crow last week-end.

Wild Bill Englund And His Men Riding The Range For Outlaws

First Slaton C. - C. Organized In '23

The first Chamber of Commerce of Slaton was organized in 1923, with A. J. Payne as president. Directors of the Chamber were J. H. Brewer, Banking & Investments; Sam E. Staggs, Insurance & Real Estate; W. R. Wilson, Farming & Investments; C. C. Hoffman, Sr., Insurance & Real Estate; J. E. Frye, Gasoline & Accessories; W. H. Smith, Transportation (Rail); Alex DeLong, Mens Wear & Tailoring; H. D. Talley, County Commissioner; R. J. Murray, Banking & Investments; J. W. Nesbitt, Real Estate; J. T. Overby, Real Estate & Development; J. C. Stewart, Insurance & Undertaker, and G. R. Briggs, Secretary of the Chamber of Commerce.

Of the original Chamber of Commerce directors only three still live in Slaton. They are A. J. Payne, J. H. Brewer, and W. R. Wilson. Payne served as president through 1924 and was replaced by W. H. Smith in 1925.

Abernathys Visit Son-In-Law In Abilene Hospital

James Hubbard, son-in-law of Mr. and Mrs. M. L. Abernathy, is in Hendricks Memorial Hospital, Abilene following a serious accident on an oil rig near Santa Anna, Texas. Hubbard was helping to lower the rig with a winch truck when the winch slipped causing a heavy pipe to fall against his legs. His right leg has a compound fracture between the knee and hip and his right ankle is fractured. The accident occurred about 6 p.m. Friday.

Mr. and Mrs. Abernathy went to Abilene Saturday night after learning of the accident. They were there Sunday evening when the terrific storm hit the north part of the town, causing serious damage to the hospital where Hubbard is confined. They returned to Slaton Sunday night.

Bible School At Lutheran Church Will End June 22

The Lutheran Vacation Bible School began last Monday at the East Ward School and will continue through Friday, June 22. The enrollment in the school is 60. Material for the two week's program is on the Lord's Prayer.

Pastor Lowell C. Green is superintendent and teachers are Mrs. Edwin Meyer and Mrs. A. C. Walter, Kindergarten; Mrs. Willie Becker, Mrs. Fred Klesel, and Mrs. R. O. Hayes, grades 1-3; Mrs. Arthur Stolle and Mrs. C. M. McPherson, grades 4-6, and Mrs. R. L. Camden, grades 7-9.

A closing picnic will be held Friday noon, June 22. All children of the community are welcome to attend the Bible School.

Elsie Edwards, daughter of Mr. and Mrs. Jack Edwards of Roswell, N. M., spent last week visiting with her grandparents, Mr. and Mrs. B. G. Guinn. While here Elsie was a patient in Lubbock Memorial Hospital where she took several tests for an infection.

Wild Bill Englund and his henchmen have been running helter skelter over Slaton for the past four days and the men and women who have broken the unwritten law requiring the wearing of Western regalia, have been suffering the tortures of the guilty by having to sit out a sentence with hand cuffs on.

Sheriff pro tem Englund and his men have put the chill of fear in many a heart and the bench with handcuffed prisoners has been crowded a good part of the time. This preliminary law enforcing is nothing compared with what will be done tomorrow, Saturday, June 16, says the Sheriff, and Slaton folks and those who live in the Slaton area, will be given full treatment on tomorrow if they appear in duds not befitting a tender foot cowboy or cow girl.

Some of the women over town thought that they would be exempt but they have been taken into custody along with the men offenders and the law enforcement officers say that no mercy will be shown.

Better get wild, wooly and western today and tomorrow, or prepare to spend most of your time with hand cuffs on your hands and gloom in your mind.

Should The Stores Close At 5 P.M.?

"Some of the merchants and business men of Slaton have been discussing the advisability of closing at five o'clock in the evening on week days during the summer months," said Mrs. Lee Green, Manager of the Retail Merchants Association.

Not only do the merchants and business firms in Lubbock close at five p.m., in the summer time, but the same plan is being followed in Post and a number of smaller towns over the South Plains. Mrs. Green also said that there has been some discussion among the business firms concerning the opening at night for one night each week to accommodate people who find it impossible to do their shopping in the day time.

A number of firms in Dallas, Fort Worth and other big cities have special night for men shoppers and nights when they invite the house wives to come down and inspect home appliances. While Mrs. Green does not wish to sponsor any of these ideas, she said that if the members of the Retail Merchants want to inaugurate closing at five, closing on Saturday evenings, or staying open on certain nights each week that she would cooperate in every way possible.

Soft-Ball Team To Be Organized Here

An attempt is being made to organize a soft-ball team in Slaton. All men and high school boys interested are requested to attend a meeting at Donaldson and Gray service station tonight (Friday) at 8 p.m. The station is located at 850 S. 9th St. Plans are being made to get into a league already organized, but if arrangements cannot be completed a new league will be organized with several other towns in this territory.

The remark by Mr. Ellis can be applied to social... E. H. WARD

**First Mass Said Here In December, 1911 For
Two Catholic Families Living In Territory**

FORMER CATHOLIC CHURCH IN SLATON. A lot of fine folks have been married and baptized in this church. This picture will likely bring back many fond memories to a great many folks who have worshiped in the building. The Catholics have expanded considerably since this church was torn down, having built the Mercy Hospital, a home for Father O'Brien and the Knights of Columbus Hall.

**PALACE BARBER
and BEAUTY SHOP**

In the first year of Slaton's history there were only two Catholic families in this territory. The first mass was said here on December 8, 1911 by Father Joseph Reisdorff.

In contrast, the present St. Joseph's church has more than 1500 members.

The present St. Joseph's church building was erected in March of 1932. There had been three churches prior to the building of the present one since the founding of Slaton. Plans now are underway to construct "number five" The new building will be a large brick church, 155 ft. by 72 ft. which will seat 1000 people. The contract has been let to West Texas Building Co. The proposed

**CECAL COCCIDIOSIS
A MAJOR THREAT**

Cecal coccidiosis—an acute infection caused by one-cell organisms called coccidia—attacks chicks and growing birds on a nationwide scale at this time of year. It most frequently occurs during spring or early summer.

Coccidiosis usually strikes when chicks are between two weeks and three months old. Because climatic conditions have an influence on a coccidiosis outbreak, wet, warm, changeable weather is particularly favorable for a siege.

Symptoms

The acute form of coccidiosis appears in the flock suddenly. Affected birds may lose appetite, appear listless, huddle where it is warm, and show other general symptoms of infection. The first positive symptom of cecal coccidiosis is usually bloody droppings. These come from hemorrhaging of the ceca (blind intestinal sacs), where the infection localizes.

Coccidiosis has its beginning when the one-celled animals called coccidia are picked up and swallowed by birds. These coccidia multiply rapidly in their intestines. By passing off these additional coccidia, infected birds soon spread the disease to others.

Treatments

Cecal coccidiosis may spread swiftly through the flock. In the event of an outbreak, the flockowner should act immediately to check the spread. This may be accomplished by giving the flock certain arsenic compounds (such as 3-nitro 4-hydroxy phenylarsonic acid) or certain sulfas. Both of these families of drugs have proven effective in controlling cecal coccidiosis.

Sanitary precautions also are highly important in controlling outbreaks of cecal coccidiosis, as well as in preventing them. In either case, the poultry house or yard should be kept as clean and dry as possible.

Water founts and feed hoppers should be kept clean and sanitary. During an outbreak, disinfect them at least once daily. And stir up litter of the house.

Through careful sanitation and management the poultry raiser can contribute greatly to the control of this damaging disease.

Union News
MRS. M. D. GAMBLE

Louise Evans returned home Saturday from a week's visit with her uncle and aunt, Mr. and Mrs. Woosley of Seminole.

Mr. and Mrs. Leslie Greene went to Clovis last week to attend the funeral of Mrs. Greene's little nephew.

Joyce Gamble spent the week-end with Angela Presley.

Mrs. R. M. Cade attended the assembly at McMurry College at Abilene last week.

Mr. and Mrs. Jimmie Lowder of Wichita Falls visited his grandmother, Mrs. J. G. Hampton Sunday on their way home.

Mr. and Mrs. Amos Sedgwick and children of Morton spent the week-end with Mrs. Sedgwick's parents, Mr. and Mrs. B. B. Jones and a'l the Jones family enjoyed a picnic at MacKenzie Park Sunday night.

Dinah Mae and Sue Cade visited Mary Ann Smith one afternoon last week.

Pfc. Clarence Kitten spent the week-end at home before sailing this week from Galveston to Florida, and from there to Germany. He is in the 2nd Armored Division and his division was to meet the 4th Armored in Florida. A social was given in the home of Mr. and Mrs. August Kitten Saturday night for their son before he left.

Don Presley of Abernathy spent the week-end with Mac Gamble.

Mr. and Mrs. Bobbie Jones had as their guests Sunday, Mr. and Mrs. L. D. Bruce and Mr. Bruce's brother and family, of Brownwood, Texas.

The Senior class returned home last week and reported a wonderful trip which included places of interest in and around Canon City, Colorado Springs, Denver, and Pueblo, Colorado. Sponsors on the tour with the 19 seniors were Meslames L. D. Box, W. E. Pate, W. W. Allen, E. McWhiter, and Mr. M. H. Holems.

Visiting in the home of Mr. and Mrs. Leslie Greene Sunday afternoon were Mr. and Mrs. Alvin Shambek, and Miss Martha Strud of Lubbock, and Mr. and Mrs. Joe Gamble.

Thelma Cassetty and Glenda Nyans returned last week from Sherman where they spent a week with Thelma's sister.

Joe and George Gamble went to R. D. Presley's Monday and helped him plant his cotton crop, which was laid out last week. Presley has had 10 inches of rain in the last month.

Mr. and Mrs. E. E. Derrick and son, Billy from La Marque, Texas, were visitors in the Roy Murphy home last week. Also, guests of the Murphys were Mrs. Murphy's mother, Mrs. A. A. Fredrick and son, Bobby from Hobbs, N. M., Mr. Murphy's parents, Mr. and Mrs. Bill Ingram of McCamey will be here this week end for the Frontier Celebration. Mr. Ingram is to be one of the guest callers for the Square Dance.

Rev. and Mrs. Andy Burks and two daughters plan to leave Saturday for Austin, Houston, Galveston and San Antonio. They will stop enroute to fish at every "tempting stream".

Mrs. Otis Neill and Suzanne have returned from a ten day visit with relatives in Kentucky.

Tommy Davis had an emergency appendectomy last week-end, but was getting along all right at last report.

church will cost \$150,000 including furniture. Construction will begin as soon as a permit is granted.

Since the beginning of the church 40 years ago four pastors have been in charge here. Father Reisdorff was the first pastor, serving from 1911 until 1918. Father Keller served from 1918 until 1922; Father French, 1922-1927, and Father O'Brien the present pastor, has been here since 1927.

Mercy Hospital was erected in 1929 by the Sisters of Mercy. St. Joseph's School was established in 1926.

HERE IS AN OLD TIMER that will be remembered by the pioneer railroad men of Slaton. It should bring back the odor of coal smoke and the feel of cinders in their eyes. It is the old coal elevator that used to be down near the round house. It was torn down many years ago, but was a landmark in the early days of Slaton.

Pictured above is the first home of the First State Bank of Slaton, taken in July, 1911, shortly after the founding of the town. A letter from A. B. Ellis of Lubbock identifies the men in the picture as H. D. Talley and J. S. Edwards standing in the rear door at the left. "Shorty" Helm by the window, unidentified salesman for bank supplies under the sign, and A. B. Ellis, assistant cashier, and P. E. Jordan, cashier. Mr. Ellis believes that he and Mr. Jordan, who now lives at Portales, N. M., are the only ones in the picture who are still living.

**Western Dinner
Attended By 170
Working Girls**

About 170 working girls in Slaton attended the Chuck Wagon Dinner on the city hall lawn Wednesday noon. The meal was served from the "old chuck wagon" which was borrowed from the Lubbock Sheriff's Posse, by the Catholic Daughters Association.

During the dinner Miss Betty and Novella Cheak entertained with a duet, and Betty Childress sang a hill-billy solo. They were accompanied by Mrs. R. A. Thompson on an old pump organ belonging to J. C. and Helen Champion.

Geneva Ward and Jean Dickson gave a shooting exhibition with balloons as their targets. Each shot fired found its mark with a little aid from a pin in the hand of the person holding the balloon.

Mrs. Virgie Hunter acted as mistress of ceremonies, and gave a "Western Thriller in Dialogue." She also led the group in singing western songs.

Mrs. Frances Sargent, Cora Sealy, Mrs. Lee Green, Mrs. Fred Schmidt, and Geneva Ward were in charge of making arrangements for the dinner. Dub Williams was responsible for securing the chuck wagon.

Mr. and Mrs. Arthur Dennis returned recently from a 30 day trip to Oregon and California. They visited their son, H. D. Turner in Portland, Ore. while there, and also visited friends in Oregon and California.

Mr. and Mrs. S. J. Lovell and Jan are spending the first six weeks of summer school with Mrs. Virgie Hunter. Mr. Lovell is industrial arts instructor at Kermit. Mrs. Lovell and Mrs. Hunter are cousins.

Mr. and Mrs. Ray Talbot and Mrs. Virgie Hunter were guests of Mr. and Mrs. E. S. Cummings of Abilene, at Possum Kingdom Dam last week end.

Mr. and Mrs. A. L. Brannon were in Amarillo Thursday on a business and pleasure trip. They visited her sister, Mrs. Stella G. Cooper and Mrs. Jessie M. Swan.

Rev. and Mrs. Lloyd Mayhew were called back to Sweetwater Saturday for a funeral.

Mrs. W. T. Davis, John Frank and Judy are visiting her parents in Collinsville.

Mrs. Adrian Snyder, guest of Mr. and Mrs. W. R. Lovett, left Sunday for her home at San Bernardino, Calif. She will visit enroute at Syracuse, Kans., Kansas City, Mo. and Topeka. Mr. and Mrs. Lovett went as far as Amarillo with her, returning Monday.

Card Of Thanks

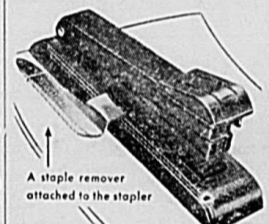

We wish to express our sincere thanks and appreciation to our friends for the beautiful floral offering and other kindnesses shown us during the recent death of our son and brother, Melvin Ray Henderson. May God bless you.

Featured Weekly**

"I Want A Mother" — The moving story of how thousands of European orphans are looking hopefully to childless parents in the United States for homes. Would you like to brighten some unfortunate child's life? For details read this timely article in The American Weekly, that great Magazine distributed with next Sunday's Los Angeles Examiner.

"King Ferdinand And The Tailor's Daughter" — Read the fascinating story of Elsie Hensler, the tailor's daughter who became a great opera singer and married a King! Learn how she provided in her will for 100 poor American singers who are to be chosen in 1955. This heartwarming story will appear in The American Weekly, that great Magazine distributed with next Sunday's Los Angeles Examiner.

Mrs. T. R. Keane and Mrs. Lora Wicker left Thursday for Galveston. Their mother will return with them when they come back to Slaton.

Bible Baptist Church

Revival services began Sunday night at 8 o'clock, one block east of the square. The revival will continue through June 24 with Rev. C. T. Warren conducting the services.

Society Clubs

HERE ARE SOME OF THE FIRST HOMES BUILT IN SLATON. Notice the wind mill. Most all Slaton homes had wind mills in those days, and many of them were still in use for lawns and gardens until a few years ago. On a windy day travelers could hear the wind mills grinding and squeaking a long time before the town could be sighted.

Robby Edmondson Birthday Honoree

Mrs. Bobby Edmondson entertained her son, Robby, on his fourth birthday, June 9, with a party in her home. A "cowboy" theme was carried out in decorations and refreshments. The birthday cake was decorated with cowboys, horses and Indians. Individual cake squares of bright colors and ice cream cones were served to the guests. Attending the party were Cynthia Lynch of Plainview, Cindy Clark, Tommy Jochetz, Andy Wilkerson, Larry Moeller, Bobby and Judy Watson, Debra DeMoss, Carol Sue Walston, Ray Madison Ayers, Grant Lee Phiffer, Johnny and Cherry Patton, Olivia Sanders, Tela Fitzgerald, Jan Scott, Allen Miles, Wayne Reasoner, Ruth and Martha Ellis, Syc Fields, Hyden Edmondson, and the honoree, and Mesdames Richard Wilkerson, Benny Moeller, Robert Phiffer, D. W. Walston, Milton Fields, Bob Reasoner, Woodie Fitzgerald, Joe Miles, and H. H. Edmondson, Jr.

Whipple - Crawford Wedding Vows Read

Miss Virginia Whipple of Slaton, became the bride of Donald Crawford, formerly of Odell, Texas, in an impressive single ring ceremony in the Pentecostal Church recently. Rev. Dalton Pate read the ceremony. The bride wore a blue taffeta dress with white accessories and carried a white Bible with white ribbon streamers. Her corsage was of white carnations. Miss Jolene Tucker was maid of honor, and Bobby Crawford was his brother's best man. Mr. and Mrs. Crawford will reside at 255-B S. 12th in Slaton.

SENIOR PIANO RECITAL GIVEN BY MISS PORTER

Kay Porter was presented in her Senior piano recital June 7 at the Howard Hoffman home, at 4 o'clock. Miss Porter is a student of Mrs. J. A. Wright. Her program consisted of Group I: Bourree by Bach and Rondo I K. 485 by Mozart; Group II: Noveltette in B Minor Op. 99, No. 3 by Schumann; March Of the Dwarfs Op. 54, No. 3 by Grieg; and The Butterfly Op. 43, No. 1 by Grieg; and Group III: Rustles of Spring Op. 32, No. 3 by Sinding, and Golliwogg's Cake Walk by Debussy.

Guests in the Guy L. Brown home last week were their daughter and family, Mr. and Mrs. W. O. Hubbard and children of San Angelo, Mr. and Mrs. Walter Bedford of Iowa Park visited them over the week end.

J. R. Wellborn has returned home from Mercy Hospital after an appendectomy.

Son Of Local Store Owner - Levelland Girl Exchange Vows

Double ring wedding vows were read Friday night, June 8 for Miss Lea Paxton of Levelland and Bob Salem of Sudan, in the home of the bridegroom's grandparents, Mr. and Mrs. Newt Harkney of Littlefield. Rev. U. S. Sherrill of Sudan was the officiating minister. The young couple will be at home in Dallas after July. Mrs. Salem will be employed in a Dallas school this fall and her bridegroom will attend Southwestern Medical School. Salem is the son of Mr. and Mrs. Joe T. Salem, owners of the Salem Dry Goods Store in Slaton.

Quilting Club Has All Day Meeting

The Jolly Twelve Quilting Club met Tuesday for an all day meeting and covered dish luncheon in the home of Mrs. Jess Burton. Two new members were welcomed to the club.

Members present were Mesdames H. H. Bonu, Arno Albright, E. M. Lott, J. E. Waldrup, Clyde McGinley, J. W. Scott, J. F. Richey, and Jess Burton. Visitors were Mrs. Carrie Jarmon, Mrs. Bertha Stottlemire, Mrs. Irby Smith, Mrs. Will Cook, Mrs. Emma Wallace, and Mrs. Jack Cooper.

The next meeting will be July 3 in the home of Mrs. Waldrup. Mrs. P. D. Burns and Mrs. Nell Gorman, of Fort Lauderdale, Florida, are expected to arrive in Slaton today to visit Mrs. Burns' father, Allen Payne. They have been vacationing at Hot Springs, Ark.

Methodist Pastor And Family Honored At Reception Sunday

Rev. and Mrs. Lloyd Mayhew, Charlene and J. L. were honored Sunday afternoon with a reception at the Methodist parsonage. The Mayhews came here recently from Sweetwater. Special guests beside the new pastor and family were Rev. and Mrs. J. E. Shewbert and daughter of Lubbock. Rev. Shewbert is the new district superintendent of the Lubbock district of the Methodist church.

Guests calling during the afternoon to welcome the newcomers were greeted at the door by Joe Walker, Sr. and Mrs. W. E. McCain, president of the W.S.C.S. W. C. Womack introduced the guests.

Many old timers of the church were included in the house party. The house was decorated throughout with summer flowers. The serving table was covered with a lace cloth, with an arrangement of summer flowers as the center piece. Mrs. Joe Walker, Jr., Mrs. Cecil Scott, Mrs. J. S. Edwards, Jr., and Mrs. J. H. Brewer assisted in serving refreshments. Mrs. Leonard Harral, Mrs. Webber Williams, and Miss Charlene Mayhew furnished music throughout the afternoon.

Slaton Women Give Their Favorite Tested Recipes

Housewives are constantly searching for quick and easy ways to prepare meals for their families during the hot summer months. Mrs. Joe Miles suggests her Tuna Casserole as a solution to getting a quick meal for your family. Her recipe calls for 1 can tuna 1 can mushroom soup 1 small onion, minced 1 small package potato chips Heat the soup in a sauce pan. Line a baking dish with crumbled potato chips. Add tuna, soup, onion and potato chips in layers until all ingredients have been used. Heat in hot oven until brown. Mrs. Miles says her family especially enjoys this recipe, and she enjoys preparing it. It is very good with a salad and hot rolls. "It's really a meal within itself," she said. Mrs. Miles is an "old timer" in Slaton, having lived here since she was about two years old. Before her marriage she was Miss Billie Allen. Mrs. Miles is a member of the Athenian Study Club and will serve as its treasurer next season. She is also a member of the Methodist Church. Mr. Miles is Trainmaster's clerk for the Santa Fe. He has lived in Slaton about 11 years. The Miles have one son, Allen, who is almost three. They live at 955 S. 11th St.

Couple Weds In Home Ceremony

A pretty home wedding united Miss Mary Jo Meeks and Richard Becker in marriage last Saturday evening at 7 o'clock in the home of the bride's parents, Mr. and Mrs. Boyd Meeks, 235 S. 4th St. The bridegroom is the son of Mr. and Mrs. August Becker of Southland. Rev. Lowell Green, Lutheran pastor, performed the double ring ceremony. The bride, a 1951 graduate of Slaton High School, wore a white street length dress of linen, with navy accessories. Her corsage was of pink carnations. Miss Sally Buchanan, the bride's only attendant, wore a green dress with white accessories. Weldon Becker was his cousin's best man. After a brief wedding trip the young couple will live in Lubbock where he is employed with an oil company.

Mrs. Francis Reuss, 78, 2004 Sixteenth, Lubbock, was taken to Lubbock Memorial hospital by McDonald ambulance at 11:50 a. m. Tuesday after she fractured her hip in a fall at her home. She was reported in good condition by attendants late Tuesday. Mrs. Reuss is the mother of Mrs. L. B. Kitten of Slaton.

Audrey and Rusty Kitten, daughters of Mr. and Mrs. L. B. Kitten returned this week from attending the University of Colorado. They came home via Ponca City, Okla. and visited their sister, Mrs. Clark Shultz. Mr. and Mrs. Shultz have a new baby, born May 15. Mrs. Shultz is the former Arline Kitten.

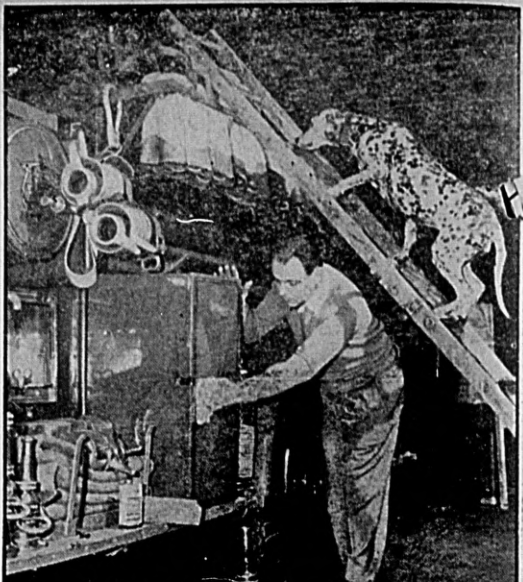

Funeral Held For Mr. E. E. Williams

Mr. E. E. Williams, who lived one mile south of Slaton, died at 6:40 p. m. Thursday, May 3 after a long illness. Mr. Williams was born in Marysville, Missouri and came to Texas with his parents. He moved to Slaton in 1937 from Petersburg. He was 81 at the time of his death. Mr. Williams was sick two years and four months. He bore his sickness, suffering, and pain with patience and always had a smile for everyone. He is survived by his wife and five children and many good friends and neighbors.

Mr. and Mrs. H. G. Stokes visited their daughter and family, Lt. and Mrs. W. H. Mudgett, in San Antonio from Saturday through Wednesday.

MRS. PRICE HOSTESS TO SEW AND STITCH CLUB

The Sew and Stitch Club met recently in the home of Mrs. Keith Price at 250 S. 7th. Gifts were exchanged. Members present were Mesdames David Hawk, James Cole, James Bollier, Roy Hodges, D. R. Reed, Ira McCarver, Ray Miller, and Claude Kimbell. Mrs. Vincent Grochowsky of Newton, Kans., was a guest. The next meeting will be in the home of Mrs. James Cole, 385 E. Panhandle. Glyndon Dawson and Carl Lewis have returned from a week-end fishing trip near Brownwood.

DOG 'N' LADDER ACT—Nedgo, a Dalmatian hot dog, fire fighter first class, auxiliary siren, and general equipment guard for the Dobbs Ferry, N. Y., fire department, scrambles up the ladder to her favorite perch atop the fire truck. Assistant Fire Chief Herman Meyer spends a few minutes polishing the truck while Nedgo reenacts a scene which takes place every time the alarm sounds.

Bill Layne Is Top Honor Student In Aeronautics School

Mr. and Mrs. Bill Layne have received word that their son, Bill, has tied for top honors in his class at the Spartan School of Aeronautics at Tulsa, Okla. He has completed one phase of a one year course and will finish the second part in September. Bill is expected to arrive in Slaton next week end to spend a two weeks vacation before continuing his work in Tulsa.

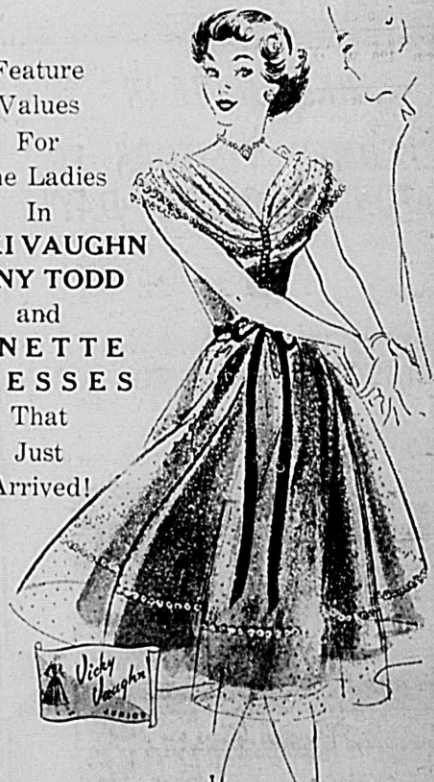

Joe Holloman, who has accepted a position as pharmacist in Socorro, N. M., left Tuesday after a five day visit with her parents, Mr. and Mrs. W. L. Holloman.

Zona Gene Wollard, 7 years old, was bitten on the lip by a dog last week while visiting with Mrs. C. H. Lavender. Ten stitches were taken in the wound.

Mrs. R. M. Woods and daughter, Pauline, of Huntsville were week-end guests in the home of her niece, Mrs. W. H. Eanes and family.

 Born on June 11 to Mr. and Mrs. E. A. Stelzer, Box 591, Post, in Mercy Hospital, a girl weighing 6 lbs., 1 oz.

MISS CAMPBELL PRESENTS SENIOR PIANO RECITAL
 Mary Frances Campbell was presented in her Senior Piano Re-cital, June 11, at 8 p.m. in the First Baptist Church. Miss Camp-bell is a pupil of Mrs. John T. Sims. She was assisted in the pro-gram by Shirley Bartley.
 The program consisted of 10 solos by Miss Campbell and three piano duets by Miss Campbell and Miss Bartley.

Mrs. G. W. Sharp of Gilroy, Calif. Mrs. Patsy Lawson of Min-eral Wells, and Mrs. Madeline Burnett of Brownfield spent last week-end with Mrs. J. B. Butler.

Mr. and Mrs. S. C. Wilson and Terry, were guests of Mr. and Mrs. M. W. Abernathy last Fri-day and Saturday. They were en-route from their home in Dallas to Los Angeles.

Punsters
 "Any four-year-old is capable of making puns." It would seem a good idea to pass along this "important fact of life" to all adult punsters who exercise their misplaced sense of humor at the expense of other people.

Get a new Smith-Corona, Rem-ington-Rand or Underwood Per-table Typewriter at the Slatonite before the supply becomes scarce.

Home Furniture Company
 "Furnisher Of Your Home's Furniture"

Howdy Neighbors:

Tomorrow Slaton celebrates its 40th birthday anniversary and we hope you'll be able to be on hand for the festivities.

Since Slaton Frontier Day of 1950, Home Furniture has undergone a complete transformation. We built us a new and much larger building in a new location.

And we've stocked it with the largest and finest selection of furniture in town. You'll find bed-room suites, living room suites, dining room pieces, lamps, tables, odd chairs, floor covering and a miscell-aneous assortment of just about everything.

We've made it a special point to have at least two of every piece of furniture in the store so that you have a choice to choose from.

Of special interest at this time of the year is our supply of evaporative coolers. For as little as 20c a day you can air-condition your home for this summer and many more to come. You can choose from Mathes, Lawson, Squirrel Cage air coolers in every size and price range. We'll install it in your home at no addi-tional charge.

See them tomorrow when you're in town for the celebration. And remember you're always welcome at the friendly Home Furniture Company.

Bert and Bland Tomlinson

P. S. Father's Day Gift suggestions: Hassocks, Smok-ers, Lounge Chairs, many other suitable gifts at Home.

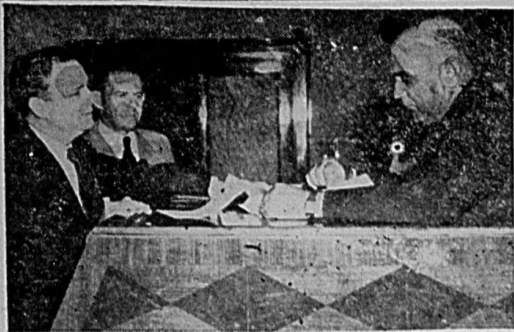

WELCOME EVERYONE
TO
SLATON'S FRONTIER CELEBRATION!

New Appointments Announced By Paymaster Feeds

ABILENE, TEXAS, June 15—Appointment of Allen A. Heidebrecht as chief nutritionist and Mylan E. Ross as head of the market research division of Paymaster Feeds has been announced by Western Cotton Oil Co., of Abilene, manufacturers of Paymaster.

Professor Heidebrecht has joined the Paymaster organization upon his resignation from the faculty of Oklahoma A. and M., where he was head of the swine department of the college. He brings to the Paymaster organization the benefits of the most recent experiments in the scientific nutrition of livestock and poultry, with special emphasis on feeding conditions and requirements of this section. His experimental work at the college has gained recognition throughout the Southwest.

Professor Ross joins the Paymaster staff from the faculty of Washington State College, where he has been instructing in marketing, advertising and retailing, and serving as consultant on farm and ranch practices. Prof. Ross, like Prof. Heidebrecht, has an extensive background in the farm and ranch fields, having specialized in agricultural economics and animal husbandry.

What Happened In Slaton Last Year

Taken from the June 16, 1950 issue of the Slatonite:

J. W. Walter of Amarillo, District Engineer for the Santa Fe who laid out the city of Slaton, will be a special guest of the local Chamber of Commerce here Saturday attending the Slaton Frontier Birthday Celebration.

Fire did about \$1,000 damage to the kitchen in O. Z. Ball's home at 156 Garza Street last Monday morning. The fire was caused by grease igniting when the contents of a pot containing a roast overflowed into the flame of the stove.

Slaton's Lions will meet the Levelland Refiners in a single Oil Belt League game here at Lions Park tomorrow afternoon. Game time is 5:30.

Slaton townspeople and neighboring residents have shifted into high gear this week in preparation for the observance of the city's thirty-ninth birthday party which will be celebrated tomorrow in gala frontier fashion.

Funeral services were held at 4 p. m. Tuesday for Edwin May, 47, who died at 7:30 a. m. Monday in a hospital in Lubbock.

Mrs. O. T. Alcorn from Mineral

Wells spent the week-end with Mr. and Mrs. O. N. Alcorn. Mr. and Mrs. H. G. Schuette, Mary Lee, Jo Reta, Dina K. and Dortha have returned from a 10 day trip through South Texas and San Antonio.

Mr. and Mrs. W. A. Marr of Albuquerque, N. M. visited with her sister, Mrs. W. D. Adkins last week. They all visited in Quitaque, Texas with their daughter

and son-in-law, Mr. and Mrs. Travis Melton.

Mr. and Mrs. K. C. Scott have gone to Illinois to visit relatives.

Mr. Delmer Downing, manager, Midland Chamber of Commerce, will present a special talk at the First Methodist Church Monday evening, June 19 at eight o'clock. Mr. Downing's speech is being sponsored by the organization of the Methodist Men of Slaton.

Honoring Mrs. Don Crow, a recent bride, a miscellaneous show-er was given in the home of Mrs. William T. Davis Friday evening, June 9 from 7:30 until 9:00. Mr. and Mrs. J. D. Holt are leaving Friday or Saturday for a vacation in the Ozarks.

Mr. and Mrs. R. D. Hickney and Patsy went to Baird last week-end.

WELCOME EVERYBODY TO Slaton's Frontier DAY June 16

Come See Us.

Brasfield PLUMBING and HEATING

Full-Gospel Youth Singing Is Sunday

The regular meeting of the Full-Gospel Youth Singing Convention will convene at the local Pentecostal Holiness Church, 8th and W. Knox, Sunday, June 17, 2:30 p.m.

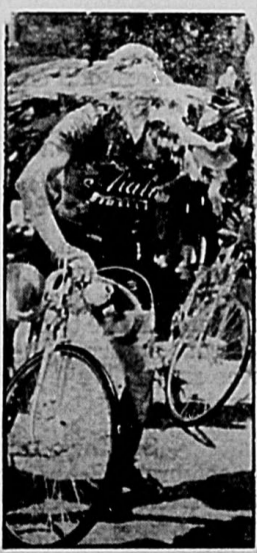

The public is cordially invited to be present and enjoy the singing of Gospel songs. Also some items of business will be taken care of which will be of interest to all.

PRIDE OF WEST POINT—At West Point's graduation exercises this month, top scholastic honors will go to Cadet Gordon E. Danforth of Greenhills, O. The number one man in his class, Danforth won his appointment to West Point while serving with the Air Force in Germany. He will return to the Air Force as a second lieutenant.

DIAMOND DANCE—Sam Chapman of the Cleveland Indians went into this graceful adagio in an attempt to score a run against the Yankees in a recent game in New York. All of Sam's contortions were to no avail. He was tagged out by the New York catcher, Yogi Bera, and the Yanks went on to win the game 1 to 0.

BEING LAPPED—When 97 cyclists from Italy, France, Belgium and Switzerland competing in the 34th annual "Tour of Italy" began to wilt beneath the torrid heat, spectators obligingly doused the riders with water from bottles, buckets and hoses. Near Piano Cinque Miglia, Italy, this pedal pusher took time out to have both face and flask filled.

HORSE AND BUGGY DAYS IN SLATON before Post Office lake was a major hazard in rainy seasons and before the square was paved. There were some high steppers in those days. Some of the awnings on the buildings pictured here are still warding off the sun, but are getting knock-kneed.

Posey Items

R. L. BOYD

The Posey School trustees were to be entertained Monday night by the Slaton trustees at the Slaton High School cafeteria.

Guy Gentry of Camp Carson, Colo. and Cpl. Billy Boyd of Camp Hood, were home for the weekend.

The singing school closed Friday evening with about 200 persons estimated to be present.

Mrs. Joe Moeller of Amarillo has been visiting her mother, Mrs. Julius Stahl, Mrs. Moeller had been at Crosbyton for several days.

Cotton has come up well but growth has been slow because of the lack of moisture.

A new piano and possibly light fixtures may soon be purchased by the community church.

Mrs. Martha Sain has been elected Sunday School pianist to replace Mrs. Splawn who has moved to Lubbock.

The Women's Society of Christian Service will meet Thursday afternoon at 2 p. m. at the church. Charles Gentry of Lubbock was visiting his parents Sunday.

J. W. Boyce says he is leaving in a few days for Colorado to visit his daughter at Denver.

Mr. and Mrs. W. R. Belcher had as Sunday visitors their son-in-law and daughter, of Lubbock.

The young son of Mr. and Mrs. Melvin Havis of Lubbock has been visiting Mr. and Mrs. A. L. Havis.

Rev. and Mrs. Paul Stevens and family have moved from Taos, N. M. to Denton, Texas where he has some district appointment with the Presbyterian Church. Reverend Stevens was a former pastor of the Presbyterian Church in Slaton.

Spending last week end at the Ray Ayers cabin at Lake Texhoma were Dr. and Mrs. Glen Payne, Mr. and Mrs. Bud Englund, Mr. and Mrs. Vern Johnson, Mr. and Mrs. Lewis Hollingsworth, Mr. and Mrs. Robert Hall Davis and Mr. and Mrs. Bob Ayers.

Mr. and Mrs. Herbert Gailther went to Sweetwater recently for the high school graduation exercises, to see their granddaughter, Paula Foutz, receive her diploma.

Maybe There Is Plenty Of Time

Old age is what you make it. At 84, Clara Barton became founder of the American National Association for First Aid. When she was 89, she learned to type.

Benjamin Franklin was 77 when he was sent to Paris to serve his country, at 80, he wrote his famous "Autobiography."

Socrates began to play musical instruments, Plutarch to study Latin, and Cato to master Greek at the age of 80.

At 80, Gladstone campaigned to overthrow the Conservative government, and at 83 became Prime Minister.

Michelangelo executed immortal canvases at 89. Verdi was 85 when he composed "Te Deum," at 87, Goethe finished his work on "Faust." Tennyson wrote "Crossing the Bar" after he was 83.

Between the ages of 70 and 83, Commodore Cornelius Vanderbilt extended his railroads' mileage from 100 to 10,000 miles, making more than 100 million dollars.

All of which adds up quite simply to this—there is no such thing as a "best" age. It's what you make of your age that counts.

Don't Just Salt it... CAREY it!

CAREY'S IODIZED SALT

ARTHRITIS

Hundreds Claim Its Grip Broken!

Dear Friend:
 Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?
 I came upon a simple remedy, that ended my long search and battle to rid myself of Arthritis. I had teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

One of the earliest automobile agencies that operated in Slaton was owned by Briggs Robertson. It is believed that the above is one of his early day ventures and that one of the figures in the picture was Briggs.

New Buildings For State Fair

Construction has started on a new \$125,000 Livestock Judging Pavilion that will be completed in time for the 1951 State Fair of Texas, Oct. 6-21. R. L. Thornton, president of the state fair, said the new pavilion will fill a need long felt by fair officials, livestock exhibitors and fair visitors. "We finally will have a suitable place to show fine livestock," Mr. Thornton said. "It will show cattle and horses in a setting calculated to bring out their best points and will be cool and com-

fortable for the spectators. "It is fitting that the first show to be judged in this fine, big arena will be the Pan-American National Hereford Show, the greatest cattle show the fair has ever had. "And for the first time, we'll be able to put on a real show when we have our Hereford Parade of Champions Oct. 9," he said. The pavilion will have an arena 90 feet wide and 180 feet long. There will be seats for 3,200 spectators. Adjoining the huge \$250,000 cattle barns completed in 1948, the structure will complete facilities for showing and viewing livestock that are unsurpassed in the Southwest, Mr. Thornton said.

THE SLATON SLATONITE

JUST TALK

by A.M.J.

• Proving that it does not pay to endeavor to get free information from Dr. W. E. Payne, my wife asked him whether it is safe for me to drive an automobile, after I had been ripped open in an operation that some Dallas Doctors called "repair work." "That depends," said Dr. Payne, "was it ever safe for Jackson to drive a car?" Which gets us all down to a basic question "is it safe for me, Doctor Payne or anyone else to drive a car?" My wife's question reminded Dr. Payne of another occasion that happened a good many years ago. A workman at the Cotton Oil Co. had the bones on his left hand broken and came to Dr. Payne to have the hand attended to. The doctor splinted the hand and after several weeks the patient came to have the splints taken off. Dr. Payne felt that he had done a mighty fine job, and when the man asked "can I play a piano with this hand now Doctor?" "Sure," said Doctor Payne. "You're a wonder, Doctor," said the patient, "I never could before I broke it."

• Mayor Lee Wootton should get the first prize, a solid silver, brass Mustache cup, for having the most vivid, soul shocking, spine chilling Frontier Day get-up, and I'd like to give J. D. Norris the second prize of an embroidered, lace trimmed dish cloth. The two men were having a sidewalk conference last week in front of the Post Office, as they scrutinized the young ladies who were mailing important correspondence, and Mr. Wootton's tomato red shirt and added egg colored tie made a sharp contrast to the chartreuse shirt that Norris had on. Both men thought that all of the women were giving them the once over but even I had to stop and get my bearings after being stunned by the colorings on Mr. Wootton and Mr. Norris. It was worse than snow blindness.

• Every once in a while some one compliments the Slatonite, but ends up by saying, "we think it's a mighty good little paper." If most of them could come down and help us get out the Slatonite and sweat with us trying to find something half way interesting to publish, to get enough advertising in the paper to make it profitable to publish and to stuff extra sheets into the folded paper, fight the folding machine that works fine some days, and then for no reason whatever goes to chewing up the papers like a mangle in the laundry does your favorite shirts. If some of you folks had to get ink on the back of your neck, under your toe nails and in your ears as we do, you would not be calling the Slatonite a LITTLE paper. It's a major operation, each week, with us.

• Things never do work out right at our house. Several years ago my wife nursed a sprig of a plant called Plumbago that she got when we made a visit to Amarillo. It was very delicate at first, but now we have Plumbago all over the place. Three years ago we got a sprig, or two, of old fashioned lavender, and I got quite a kick out of pulling a leaf or two and handing it to folks who came around. It has a very pungent odor. It almost took over our back yard until we planted the Plumbago, now we have only one or two little sprigs of lavender. The grass is our front yard looks very anemic and has dead areas in it that makes it look as if it had some kind of skin disease while the Bermuda grass in our back alley is six inches tall and as healthy as the women who wear Bikini bathing suits at Buffalo Lakes.

We chopped down some zenias that we thought were weeds and have been cultivating a thing that has had all the appearance of a flower, but has turned out to be a first cousin to a dock weed. The trouble with everything that we plant is that it won't grow at all or if it does the first thing we know it starts growing under the dining room table, in the rose garden or climbs the garage wall.

• Mayor Wootton says that every time I make a big statement in the paper about all the water that is available and quote him on the water situation, something happens to the water supply. One or two of the pumps go haywire, one or two wells that have been doing fine will go dry or something happens to the pipe line. Guess I'm just ole Johah Jackson for the Mayor.

• Everybody has his or her weakness. Mine is shirts. Not long ago my wife counted shirts on me and I had twenty three sport shirts and none of them fit me. They are an accumulation of shirts that have followed me from 160 pounds to 190 pounds and I'm back down to 175 pounds now, and the ones that worked when I was 160 are too tight, the ones that covered my protruding front when I was 190, are too large. Now I've got to go around looking like a weiner or a punctured toy balloon. But still I buy shirts. From now

on I'll have to sneak in with the package and hide them in the bottom drawer, for my wife looked pretty snappy when she announced the number that are folded and dejected in my supposed to be private drawer at home.

• Sandy, that's our reddish cocker, has always had enough fleas to keep him with something to occupy his time when he did not have a bone to work with or a cat to chase, but he has let the flea get out of hand and it takes up most of the day and all of the nights to keep them stirred up and so that they are not eating in one place all the time. His breed of fleas are not the lively kind that go scooting around looking for juicier places to nibble but the little black ones that pick out a good spot and start boring. To date I have used five different kinds of flea powder, two kinds of liquid that smell bad enough to run the Communists out of China and bathed him twice in some stuff that nearly asphyxiated me, but the fleas are still there. Sandy has tried to use both hind legs at the same time to scratch but it's a little unhappy so when I have time I help with a rough brush. It is quite a problem.

SEA TWEED—This latest entry in the dinner jacket field is recommended by New York fashion experts for cruise or resort wear. It is available to the well-dressed seafarer in a nubby weave Donegal or a soft weave check.

Dead Eye for Dust

If you think counting grains of sand at the seashore is impossible, consider a new instrument that counts invisible particles in the air a million billion times smaller than a grain of sand. The "nuclei counter" can spot particles less than a millionth of an inch in diameter. And by comparison, a grain of sand weighs roughly one million billion times more.

Livelihood from Food
 More than 50 per cent of the entire American population derives its income from producing, processing, handling, transporting, and distributing food.

Kitchen Convenience
 A stainless sheet placed in the bottom of the oven will catch overflowing juices which can be removed later by washing in the sink.

LIBRARY AND SANCTUARY—Bookworms in New York City's famous Fifth Avenue and 42nd street library will be able to burrow underground in the event of a bomb raid. Nearing completion in the library's basement is a shelter capable of accommodating 1500 persons and provisions for ten days. Walls of stone and concrete, varying in thickness from three-and-a-half to twelve feet, will provide complete safety and help to maintain the silence that is mandatory in a library.

Great Progress Shown In Slaton Since Beginning Of Town In 1911

A lot of water has run under the bridge since the first official edition of the Slatonite appeared. Published under the name of the Journal during the first year of Slaton's history, 1911, the paper changed hands and became known simply as "The Slatonite," with the first paper being issued on September 6, 1912.

The first edition of the Slatonite carried an interesting article about "A Year's Work" which had been completed since the birth of the town. The editor of the paper, L. P. Loomis, was openly disappointed with the business he had had during that time, but was looking forward to better days. In the article he stated that "... the Santa Fe has already begun to increase their division point forces, and this will mean an increasing pay roll for Slaton, which will again multiply when the Texico cut-off is completed. Ther Slaton will have a pay roll of from 400 to 600 men, and the town will show some indications of what size town it is destined to be."

At that time Slaton had "over 150 residence and business houses" and was "destined to be the largest city in West Texas." The population of the town was about 1000.

In the city directory and railroad guide which appeared frequently in the Slatonite we find that the town already had three established churches. The Methodists had "preaching" every second, third, and fourth Sundays in the month at 11 in the morning and 7:30 in the evening. G. B. Overton was the pastor. The Baptists held preaching services every first and third Sundays at 11:00 and 7:30. J. R. Balch was the pastor. The Presbyterians had services every fourth Sunday, with Rev. Word as pastor.

The second school term of Slaton opened September 9, 1912, with Prof. P. M. Faulkner as superintendent. Miss Frankie Vermillion, Miss Flora Webb and Miss Bertha Webb were elected to teach. Eighty pupils enrolled the first morning and more came in during the first week.

Two banks opened in Slaton during its first years. The First State Bank of Slaton and the Paul Bank. J. S. Edwards was president of the First State and P. E. Jordan was cashier. J. C. Paul was president and J. H. Paul, cashier of the Paul Bank.

Mrs. J. E. Eckert was proprietor of the Modern Cafe and Bakery here in 1912. Her slogan: "The Best the Market Affords ... Cooked as you like it. Try us ..."

A big attraction to the young town was the construction of the Harvey House. Only a few years ago, the Harvey House, which had long been a favorite place in the city, was abandoned and made into the present Santa Fe main offices.

The Jones' Cash Grocery seems

to have been Slaton's leading grocery store in 1912. The S. S. Forest Hardware boasted the sale of "Cotton sacks, knee pads, and cotton scales. School tablets and book satchels for the school children. Also, a shipment of folding drinking cups to arrive in a few days."

September, 1912 was open season on chicken thieves. One account given in the Slatonite read: "A chicken thief invaded the premises of L. J. Sherman Sunday night and lifted the Sacrament chickens. He also missed a full load of No. 4 chilled shot by the narrow margin - of about twenty seconds. Mr. Sherman heard a chicken squawk and took the shotgun to investigate. He happened to choose the wrong door for a look-out while the thief was getting away on the other side of the house."

Coyotes also were very bold according to the following item: "J. S. Edwards surprised a coyote prowling around his premises a few mornings ago by putting four loads of No. 5 shot from a pump gun into his belt before the said coyote stopped running." The week following the publication of the article an item was in the Slatonite cautioning town people to put doors on their chicken coops as coyotes came up from the canyon at night and prowled around the town, and were very fond of nice, fat chickens.

Big news in the November 8, 1912 issue of the Slatonite was "Wilson Elected By Stupendous Majority." Roosevelt split the Republican vote in all states enough to let the Wilson electors win.

The first city election of Slaton was held Wednesday, November 20, with a large vote resulting. "The chief interest centered in the election of five aldermen out of twelve candidates on the ticket. The count gave the election to S. H. Adams, Joe Smith, W. A. Turner, R. W. Parker, and Wm. Allison. For city marshal J. H. Teague, Sr., easily led the field, which lowered down to three men on election day. R. J. Murray had no opposition for mayor, and was unanimously elected.

By January 24, 1913 Jones' Cash Grocery was sold to W. H. Proctor and R. L. Blanton and reopened under the name of Blanton & Proctor.

Tax assessor for the Slaton Independent School District valued the School district in excess of \$650,000.00 on January 31, 1913. "This valuation is possibly larger than any like sized district on the Plains, owing to the fact that the railroad company has a large investment here within the bounds of the school district."

A bold three column headline on February 21, 1913 heralded the beginning of an 18-stall roundhouse in Slaton which would mean a "Big Increase In Payroll." Also, the Slatonite ran almost a complete column advocating the plant-

ing of trees on the square. There was an "urgent need" for beautifying the city.

On January 3, 1913 the Slatonite began to operate under the management of R. C. Edgell. He had previously been advertising manager. L. F. Loomis bought the Red Cross Pharmacy and took over as proprietor.

March 21, 1913, "Governor Colquhoun signed the Slaton Independent School District Bill Monday which was recently passed by the legislature increasing the size of the district from 25 to 85 sections, and the bill has been filed with the Secretary of State at Austin."

A lot of changes and improvements have been made in the city of Slaton since its birth forty years ago. It possesses many modern business houses and hundreds of very nice homes, a population of about 5,000 people, an excellent school system, and a large number of nice churches. Many of the hopes and dreams of the pioneers of Slaton have been met and surpassed during that time, and it is continuing to progress.

Cro-Magnon, Beau Brummel

Cro-Magnon man was the glamour-boy of Europe during the Stone ages. This tall, handsome, and intelligent man lived between about 30,000 and 10,000 B.C. Like most handsome men, the Cro-Magnon man was clothes-conscious. It was he who discovered how to make better garments by cutting pieces of skin and sewing them together.

Naval Reservists Will Be Called

NEW ORLEANS, June 9—Another series of calls to active duty is being made from Headquarters, Eighth Naval District, Naval Reservists in Louisiana, Texas, Oklahoma, New Mexico and Arkansas, an announcement revealed today.

"At least 3,000 Naval Reserve petty officers will be called from the nation in this continuing build-up of strength," stated Rear Admiral W. K. Phillips, District Commandant. "A proportionate number of these will be from the 5-

state area of this command." The quota covers the July-September quarter, and is in accordance with a schedule previously announced, which will bring at least 1,000 trained reservists to active duty each month.

The petty officers will be called from several categories of the Naval Reserve organization. No breakdown was given on totals for the district call-up.

The Navy's policy is to give 30 days minimum advance notice, and in some cases, the notification will be as much as 90 days ahead of the reporting date.

Mrs. John L. Beckwith, jr. of Redwood city, California is visiting Mrs. Dudley Berry and Mrs. L. B. Lyle this week.

Believe it or not, it takes ten Future Homemakers to make five "midgets" in a chorus from Slaton. The chorus appeared at the Chuck Wagon Supper during the State Meeting of the FHA in Fort Worth. The singing and toe tapping act features Betty Golding, Patsy Hickman, Geraldine Maxey, Jerry Short, and Johnette Berkley. Joyce Burns accompanies them on the piano.

THE FIRST BANK BUILDING FOR SLATON—an old box car. There was plenty of room for customers too, for it did not take a great deal of room for the money. Banking in those days was not as complicated as it is today, but there were not as many hot check artists then as there are today. Six guns made it a more dangerous venture.

Everything's Changed But The Quality!

Yes, we still sell the same nationally known brands that you've used and trusted for so many years. But now in a modern and completely equipped store. Stop by and see us when you're in for SLATON'S FRONTIER CELEBRATION.

FRONTIER DAY CELEBRATION

SLATON
CHAMBER of COMMERCE

THIS and THAT
FROM
HERE and THERE

Yours Truly—Two businessmen were talking. "Is your advertising getting results?" inquired the first.
"It sure is!" moaned the second. "Last week we advertised for a night watchman, and the next night we were robbed."
Mr. Priebe down at Priebe's

Service, locked his safe yesterday and can't get it opened. He had the combination written on the wall and just recently repainted the wall. Maybe with this advertising, someone will open it for him tonight.
—*The Wink Bulletin*

Trends—Perhaps we forget, but it does seem that this year's mosquito crop is bigger and bite fiercer than any we have had. We mistook one for a full-grown fly the other night, but our experience must not have been as harrowing as some others we have heard about. Judge W. P. Walker has threatened to use one as his caddy down on the golf course, but he is afraid it might get away from him and he would lose a mighty good set of golf clubs. One would-be cowboy, unable to buy a horse but who already has the saddle, is threatening to try to break one of the mosquitoes. Not feeling up to the job, however, he is waiting for some of these bronc busters to arrive for the Crosbyton Rodeo, when he will try to induce one of them to take on the task.
—*The Crosbyton Review*

Hodge-Podge—Just recently a man said to me: "I don't owe a cent to anybody in this world."
That would be nice, indeed, if it were true, which patently it is not.

That man has worked hard and acquired property, and because he has worked hard and acquired property he is deeper in debt than he knows.

Any man who owns property or who earns a living is deeper in debt than he knows.

The national debt stands as lien against every dollar's worth of property, and against every dollar that is earned in the U. S.

—*The County Wide News*

Editorial—Thirty years ago Woodrow Wilson, a President who was also a distinguished historian and a profound student of government, said: "The history of liberty is the history of the limitation of governmental power, not the increase of it. When we resist the concentration of power, we are resisting the process of death, because concentration of power is what always precedes the destruction of human liberties."
In the ensuing 30 years, we have seen concentrations of power in government beyond anything that Wilson could have conceived. Millions of people have been reduced to slavery. Great nations are ruled by terror. The clock of freedom has been turned back centuries.

We Americans are among the relatively few people who are free.

The first band of Slaton was organized in 1923. Members of the band with their instruments are pictured here.

But we will not remain free unless we strongly and effectively resist the concentration of power in government—and so, in Wilson's fine phrase, resist the process of death.
—*The Morton Tribune*

Editorial Comments—It would seem that the administration is attempting to keep Americans on their several toes by the constant threat of fear.

It was the late FDR who warned that the greatest fear was fear itself. It is HST who seems to believe that fear is a shot in the arm which is needed to keep himself and his administration in the good graces of the people.

As we see the situation, the public is fed up on this epidemic of fear. Americans may be akin to the little boy who was always hollering "wolf, wolf," without any apparent dangers at hand. When the wolf really did come, no one paid him any mind and he was destroyed.

It is possible that Truman will find himself in the same predicament. If he has really big cause for national fear, he should be holding his ammunition for another year when the national election will be a few months off. The people are getting fed up with the constant "fear" that the administration is attempting to feed it.
—*The Canyon News*

Out On A Limb—I'm always

taking a busman's holiday and reading magazines and newspapers for both business and pleasure and darned if I don't come across some radical notions.

This month one magazine devotes 25 pages telling how to make 40 different dresses from the same pattern. Brother, they look it, too. I can't imagine any woman who would want 40 dresses made alike, although it takes no imagination to think of a woman who would want 40 dresses.

Best I can figure out this one-pattern deal, it is all cut in straight pieces or diaper shapes and is probably wrapped around the body. However, the net results pictured, do not look so hot. They are rather skimpy, in fact, and what might be becoming to Ava Gardner just looks like heck on most anybody else.

Nearly every month some magazine comes out with some exercises to improve the figure and the newspapers do it every day. I have heard of some people taking these exercises, but I have not noted any great improvement.
—*The Post Dispatch*

Talk In Print—Now I've seen everything. It's a baby bottle warmer that plugs into the cigarette lighter socket on an automobile.
—*Abernathy Weekly Rev.*

The Passing Parade—Young people should take note of the fact that if they are to reach the top rungs of the ladder, the chance is great that it will be some time in their middle age. Middle age is a hard-working time, but it can be a good time, too. That's when a person is at the peak of his life, his responsibilities. Look for-

ward to it, young men and young women, and be prepared to meet life when you reach that age.
—The Brady Standard

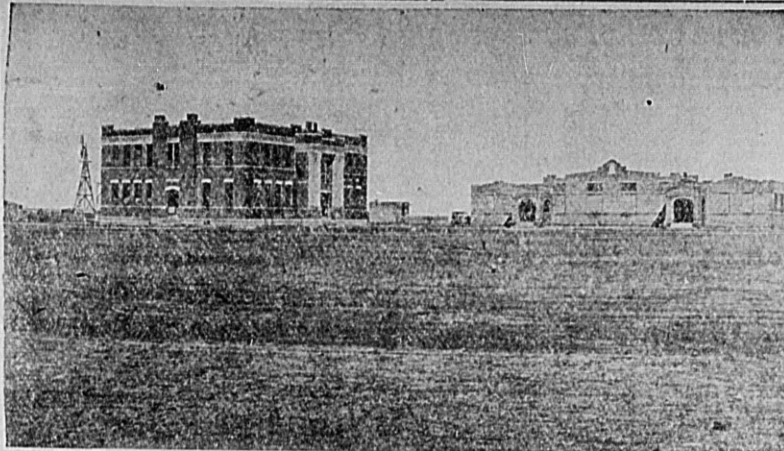

Steel Ingots

Virtually 90 per cent of the wartime steel ingot output came from the plants and furnaces which the industry had prior to the war.

THE TWO STORY BUILDING was the former West Ward School before a tornado, the only tornado that ever struck in Slaton, took the top story off. After the loss the building was remodeled into a one story affair and was used until two years ago when it was torn down. The one story building shown here is in the rear of the new West Ward building and is used as a cafeteria and for other purposes.

Since the earliest days of Slaton the Santa Fe Railway has been a big factor in bringing business and residents to the town. Many locomotives and diesel have been repaired in the roundhouse, pictured above, since it was built in the early history of Slaton, and a great many engines have been turned around on the huge turntables in the building. This roundhouse serves the Slaton division which covers about 1,183 miles. Originally the division extended from Sweetwater to Clovis and Amarillo. San Angelo is the nearest roundhouse to Slaton in this division now.

**Retail Service Rates Must Be
Posted For Public By Today**

All businesses offering retail services to the public—from auto repairs to zither repairs—must file a list of ceiling prices before June 15, the Lubbock district Office of Price Stabilization reminded today. The address is 1202 Texas Avenue, Lubbock, Texas.

On the same date, lists of ceiling prices must be posted where customers can plainly see them, OPS added.

These requirements are called for by Ceiling Price Regulation No. 34.

It applies to all service trades—barbers, dry cleaners, laundries, washeries, shoe repair shops, beauty shops, service stations, parking lots, etc.

Operators of such businesses need only to write down a list of the highest prices charged for each service between December 1950, and January 25, 1951. They must mail one copy to the Lubbock district OPS office at 1202 Texas Avenue, Lubbock, Texas, and display another copy in the place of business.

Any questions regarding this regulation should be addressed to the district OPS.

Meanwhile next Monday, June 18, ceiling prices of beef must be posted for all customers to see in retail meat shops, the district office at Lubbock reminds all butchers and consumers.

At the same time cuts must be displayed with the various grades in separate trays and with tray prices tagged. This is the first of

three price postings. On August 1, retailers, as well as wholesalers and slaughterers, will put into effect lower beef prices. On Oct. 1 still lower beef prices will become effective. Every consumer has the right to see these prices and the right of complaint on any violation.

Price reports required from manufacturers must be sent to the Office of Price Stabilization, Washington, 25, D. C., not to District Offices, OPS has announced.

These reports, made on OPS Public Form No. 8, are now required by July 2 from manufacturers of consumer goods and machinery under ceiling Price Regulations 22 and 30, OPS pointed out.

Mr. and Mrs. Willie Henrich and children returned Wednesday from a three weeks vacation trip to Salem, Oregon. While there they visited Mrs. Henrich's sister and family, Mr. and Mrs. P. E. Clifton. They saw many interesting places on their way to Oregon and also returning home.

Pioneer Railroad Loans

The federal government made loans of bonds to hasten the construction of six pioneer railroads. These were not gifts but were loans, bearing interest at six per cent. The amount loaned totalled \$64,623,512. The amount repaid, principal and interest, was \$167,746,490.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says R. L. Emerson
Traveling Salesman
Cedar Falls, Iowa.

"I travel 60,000-80,000 miles a year. I thank Conoco for oil that lets me operate at such low expense," says Mr. Emerson. "With me it's Conoco Super or none!"

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

You've Gotta Pay Social Security

Old-age and survivors insurance is not optional for self-employed persons, John G. Hutton, manager of the Lubbock Social Security office, pointed out yesterday.

Mr. Hutton said there had been some misunderstanding regarding persons working for themselves in their own trade or business, or as partners in such enterprises. "If you are self-employed and derive as much as \$400 in net profit from your business or businesses in any taxable year after Dec. 31, 1950, your Social Security coverage is compulsory by law," Mr. Hutton said.

He also pointed out that the only exceptions are income derived from practice as a physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect, CPA licensed, registered or full-time practicing public accountant, Christian Science practitioner, professional engineer or funeral director.

Self-employed persons do not report themselves with the employees. This income must be reported annually on income-tax form 1040 Schedule C, especially revised for this purpose. The first such report is due March 15, 1952, covering self-employment income for the taxable year 1951.

Payable along with the report is self-employment Social Security tax. This tax is two and one fourth per cent of the first \$3,600 net business profit. For business partners, the tax is levied on the first \$3,600 of the distributive share of the partnership net profits, whether or not the profits are distributed.

Cotton Oil Firm Names Officers

Announcement was made here Wednesday of the appointment of Roy S. Mack, formerly of Abilene and Slaton, as manager of the Lubbock properties of the Western Cottonoil company.

Under construction at present, the mill here will be the largest in the world upon completion probably in the fall. It is a subsidiary of Anderson-Clayton Company, Inc., of Houston, and will be located on the Slaton highway southwest of the city.

Ben R. Barbee, general manager of the western division of the company, made the announcement of Mack's appointment. At the same time he revealed that G. W. Brassell, jr., of Slaton will be assistant manager.

Other Officers Named
Other new officers of the oil mill include: Bently H. Page, Lubbock, superintendent; F. R. Wilson, Slaton, office manager; Cecil Bridges, Abilene, cashier and Jack Shaw, Slaton, seed buyer.

O. L. Peterman will remain in his present capacity as district manager. Peterman announced that John F. Richey, cashier of Western Cottonoil mill's Slaton branch had been named office manager there. J. R. Wilkerson, Slaton, was promoted to cashier there, Peterman said.

Barbee said the Lubbock mill would handle between 600 and 800 tons of cotton seed daily.

"It will be the largest cotton oil mill in the world upon completion," Barbee said.

Had Slaton Post
The new manager Mack, is a former manager of the Slaton mill. He also lived in Bellinger and for the past few years has been southern district manager of the company. His headquarters have been in Abilene. Mack has been with the company 25 years.

Mack plans to make his family to Lubbock in July. He has purchased a residence at 1919 Thirty-third. An active sportsman Mack is also a member of the Rotary club.

Brassell, assistant manager, has been manager of the Slaton mill for the last five years. He worked in one of the company's South

American branches for 3 years.

The newly appointed superintendent, Page, has been with the company's district here. Wilson, the office manager, is a former cashier of the Slaton mill. More recently he has been in business in Slaton.

Bridges, from the general accounting office of the company in Abilene, is being transferred here as cashier.

Shaw has been seed buyer for the mill at Slaton and is being transferred to Lubbock in the same capacity.

Barbee also announced that W.

D. Watkins, former Lubbock man and assistant general manager from Abilene, and Mike Cavinder, division manager also of Abilene, were in Lubbock Wednesday inspecting the mill's properties.

Door Construction

A bolt or lock on any door should be so constructed that the door may be unlocked from the outside. Doors which give access to closets or other spaces should have handles on both sides. Doors between connecting rooms should be of single section and of a type that can be anchored.

Transfusions for Dogs

Animal hospitals now make wide use of blood banks and blood transfusions in saving the lives of critically sick pets. It is less of a problem to obtain suitable blood for a dog than for a human being, because typing and cross-matching are not necessary. Whereas the human patient requires a specific type of blood that matches his own, the canine patient can be given blood from any healthy dog with practically no risk of undesirable reactions.

26 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

PLENTY DEGREES COOLER INSIDE

THESE folks are enjoying something that's being pioneered by Buick.

It's freedom from the blinding glare of bright summer sunlight.

It's freedom from hot laps—caused by the sun's rays beating down through the broad expanse of windshield.

These freedoms trace to a new feature you may have noticed in '51 Buicks—a new kind of glass with a cool, soft, blue-green tint, in every glass area of the car, front, side and back.

Buick engineers tell us that this "Buick first" reduces glare 18% over conventional glass—cuts sun heat as much as 45%—and Buick engineers are very conservative fellows.

This glare-and-heat-reducing Easy-eye glass is factory-installed at moderate extra charge. It gives you a built-in transparent "sun visor" right in the windshield—and it also dulls the dazzle of oncoming headlights at night.

As we've said, this is something Buick owners were the first to enjoy. It takes

†Optional at extra cost—available on most models. (Not presently available in California and Massachusetts.)

its place with such exclusives as the valve-in-head Fireball Engine—coil springs on all four wheels—the firm power linkage of torque-tube drive—and the magic of Dynaflo.*

As we've also said—rather modestly—"Smart buy's Buick."

Come in soon and find out what an understatement that really is.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Buicks.

No other car provides all this:

- DYNAFLOW DRIVE • FIREBALL ENGINE
- 4-WHEEL COIL SPRINGING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

When better automobiles are built BUICK will build them

FOURTH OF JULY CELEBRATION IN SLATON featuring street parade. The original photograph was taken by Paul Stevens, former Presbyterian minister here who has been located with his family in Taos, New Mexico.

The Stevens family has moved to Denton, Texas, where Reverend Stevens has accepted a district position for the Presbyterian Church. Paul was active in civic work when he and his family were residents of Slaton.

The Gus Robertson ranch home, and scenes on the Robertson Ranch. Sug Robertson, Mrs. Gus Robertson and Mrs. W. H. Sewell are the only members of the Robertson family still living in this immediate vicinity. Sug Robertson and Mrs. Gus Robertson operate the Robertson Ranch and Mrs. Sewell has wide farming interests.

A. B. Robertson, pioneer rancher, business man and financier, was one of the most aggressive promoters of Slaton in its early days, and his influence will be felt in this territory for many generations.

Giant Earthworms
Don't tell your feathered friends, but the worms they get in your neighborhood are mighty slim pickin's compared to those available in parts of Australia and South America. The Giant earthworms of those countries often are an inch thick and about seven feet long; each one a feast for a flock of birds.

Odor-Free Coffee
One sure way to make coffee completely free of foreign odors or taste is to use any one of the enameled coffee makers now on the market. Made of non-porous glass fused onto sturdy steel, such utensils cannot absorb or transfer odors.

DDT-Dusted Orchards
Farmers who dust their orchards with DDT, to kill insects, are advised to keep dogs away from these premises. Veterinarians report that dogs running loose in DDT-dusted orchards may develop difficulty in breathing, watery eyes, and swelling in the head and neck.

Fontana Dam
Fontana Dam, on the boundary of the Great Smoky Mountain national park in North Carolina, is the fourth highest in the world—480 feet. It was visited by a million people in 1949.

Safe Bedroom
For safety be sure the bedroom is arranged to allow a clear passage-way to doors. See that electric fixtures give clear, well-diffused light throughout the room, with three-way switches at doors and within easy reach of the bed.

Swine Erysipelas
Hog producers who have never had swine erysipelas on their farms can do much to keep it out by growing their own breeding gilts and by obtaining boars only from herds known to be free of this disease.

Slatonite Is Not Responsible For Newsboy "Deals"

The Slatonite would like to explain to all those people who buy newspapers from the Slatonite newsboys that we are not responsible for any "deals" which they may make with their customers. When you pay them in advance for copies of the Slatonite we cannot guarantee that you will receive all the papers for which you have

paid. The newsboys are honest, hard working little fellows, but when they get out on the streets with their papers each Thursday they like to sell them as quickly as possible and sometimes forget that some of their customers have paid them in advance.

We appreciate the patronage you have given our newsboys, but we must warn you that we are not responsible in the event that you pay a boy in advance and fail to receive all your copies.

Ahead in Ideas

With 43 "Look Ahead" features, the '51 Ford really steps ahead for the years ahead! You ride in new comfort with Ford's new Automatic Ride Control continually adjusting the ride to the road. You drive with new ease, with Fordomatic* the newest, finest, most flexible of all automatic drives.

Ahead in looks

Styled ahead, too, is this '51 Ford! Its new "Color-Keyed" Fordcraft Fabrics... its beautiful new "Safety-Glow" Control Panel... and its other interior fittings are "Custom-Keyed" to exterior colors. And you'll drive with just-right seat height and angle thanks to new Automatic Posture Control.

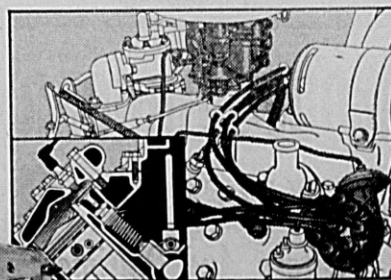

You can pay more but you can't buy better!

Ford

Ahead in savings

V-8 or Six, whichever Ford power plant you pick, you'll find fuel savings galore. Being A Baby Is A Real Hazard

AUSTIN, TEXAS June 15— "Being a baby is a real hazard in either winter or summer but much can be done to avoid or at least lessen some of these hazards that are associated with hot summer days," declared Dr. Geo. W. Cox, State Health Officer. Summer is the season in which death from intestinal disorders has in the

past extracted its greatest toll. "To guard the infant against such danger, care must be taken that his food, especially milk is pure and kept safe. If there is any uncertainty concerning the water supply, the baby should drink only water which has been boiled and cooled and kept covered. The baby and all his food must be protected against flies.

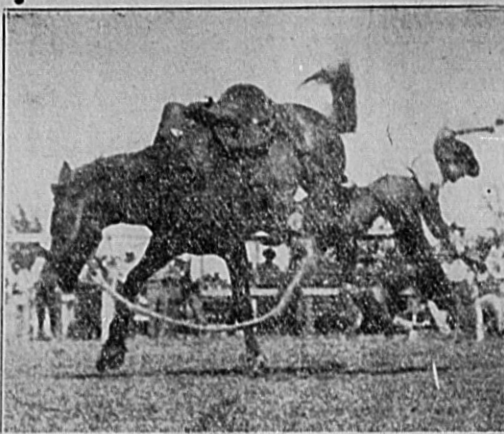

"Baby himself and all the things which he comes in contact with should be kept as clean as possible. Plenty of fresh air and sunshine are essential for the best health of the infant. The baby's

body should be gradually exposed to the direct rays of the sun; begin with exposure of only part of the skin surface for three to five minutes and slowly increase the area of skin and time once or twice daily.

"Care must be taken to keep the baby free from prickly heat by keeping the skin clean and not too warmly dressed or covered. If the baby is comfortable, he will get his usual amount of sleep and will eat and develop normally. In case the child shows symptoms of any abnormal conditions, the family physician should be consulted at once."

Lice in Cattle

Cattle deaths from the effects of lice occasionally occur, but more often losses due to these parasites are shown in the failure of calves to grow at a normal rate and of cows to produce maximum amounts of milk and beef.

Early day rodeos in this part of the country were a source of thrills, chills and snails. The above picture, taken by Paul Stevens, a former Presbyterian minister of Slaton, shows a typical spill taken by a cowpoke at one of Slaton's earliest rodeos.

Local Topics

It is reported that a new automobile agency will open in Slaton at an early date. The building that will house the new agency has been sold to the man who will operate the business.

The Lions athletic park has been very little used this season and the interest in all kinds of athletics seems to have died in Slaton. The Youth's Center has been abandoned although the young folks are still interested in athletics of this kind.

Unless a hail storm hits this immediate area the fruit trees that have been irrigated will bear bountiful crops. Peach and plum trees are heavily laden with fruit and most cherry trees will bear well this year.

A daily paper reports that a doctor found a house wife who is allergic to dish water and ruled that she should not wash or wipe dishes. Her husband bought a big supply of paper plates and insists that every member of the family use the same spoon for stirring coffee, eating breakfast foods and for gobbling desert. There are local reports that a number of women have been getting dish water allergy tests but none have found encouragement. Local grocery stores are standing ready with a plentiful stock of paper plates.

Slaton seems to have its ups and downs. On the plus side there have been more new business firms to go into business here in the past five years than have ever been established since the town was started, however there are reports that the Western Cotton Oil Mill will cut production here and from announcements of the Company it is evident that the Slaton Mill will be a branch of the big one that is being constructed in Lubbock. This will mean a considerable reduction in the pay roll here and the removal of several families to Lubbock. City health physician, W. E.

Payne, said this week that a lot of weeds are beginning to appear in the alleys and on vacant lots. They will be much easier to cut now than when they get large says the health officer and he urges that it be done. He also said that the ordinance concerning the raising of pigs, goats and and live stock in town is being broken and that close inspection and enforcement of the regulation will be made.

The home of the marine corps commandant, built in 1803, is known as the oldest building in Washington, D.C.

Pharmacists for Japan

The overseas branch of the department of the army has announced the urgent need for pharmacists in Japan. Base salaries range from \$2,974.80 to \$3,727.20 per annum, plus a foreign allowance of 10 per cent of base salary and free housing.

Chewing Gum Helps

If a speck of matter falls on a painted surface which is still wet, it can be removed by touching it lightly with a stick of wood tipped with a ball of fairly dry chewing gum. The speck will stick to the gum and the paint will flow together again.
