

Tigers Face Tough Foe In Opener Friday Night

week in a scrimmage with Class AAA Littlefield, a team that scored only once on the Canyon grid.

Coach Jeep Webb of the Eagles has 10 boys returning with ample experience from last year. The lone newcomer to the team is a sophomore, Donald Britling, who will be a regular at defensive linebacker.

The Tigers, however, will field a rugged group of boys, in spite of their lack of ex-

perience.

Injury has hurt in regard to Billy Williams, who will not be able to play Friday night, and to fullback Kelly Mac Bowns, who hurt a shoulder in Friday night's scrimmage with Petersburg. Bowns will probably be able to start, although partially hampered by the sore shoulder.

Head Coach M. W. Kerr stated that the Tigers had showed good

hustle, spirit, and hard hitting, and should make a good accounting of themselves. Principally needed now are a few games to allow the boys the experience they need.

Probable starters for the opener, according to Kerr, will be Jim Chrisman at center; Paul Dubbs at left guard; John George at right guard; Billy Patterson at left tackle; Tommy Simmons at right tackle; Ronnie

Edwards at left end; Gregg Nowlin at right end; Ronnie Jones at quarterback; Webber Teffertiller at left halfback; Steve Ball at right halfback; and Kelly Bowns at fullback.

In regard to the mentioned inexperience, four linemen will start the first game of their high school careers at Canyon. These are Dubbs, George, Edwards, Chrisman, who all show

promise to be outstanding boys. Another lineman, Nowlin, is short on experience although he broke into the defensive regular unit toward the end of the past season.

In the backfield, Jones will be a newcomer to the starter list at quarterback. Virtually the only old hands on the field will be Teffertiller, Ball and Bowns in the backfield, and Simmons and Patterson in the

line.

Future hopes look bright for the Tigers, however, in the fact that only one senior, Patterson, will be on the starting lineup. There will be nine juniors and one sophomore, Chrisman.

Following the Canyon tussle, the Tigers will stage their home opener the following Friday night with Idalou in Tiger Field at 8 p.m.

Deadline Set For Petitions On New Assessment Paving

October 1st Last Date For Receiving Signatures

The closing date for receiving paving petitions under the new assessment plan was set for October 1st, it was announced following the regular meeting of the City Commission Monday night.

On July 10th, the commission voted to instigate the assessment paving, which requires property owners to sign petitions and deliver them to the city secretary's office to obtain the paving not available before.

To date only a few of the petitions have been signed and returned. The closing date for receiving the petitions was set due to the fact that after all have been received, 30 days must expire in the calling of a bond issue.

For this reason, all Slaton residents who plan to sign, circulate and return petitions for the paving should do so immediately, in order to meet the October 1st deadline.

Petitions may be picked up at the city secretary's office.

Also at the meeting, bids were discussed for the sanitation department's need for an additional packer-type body and truck suitable for mounting.

After discussion, the commission voted to purchase a Hyd-Pak body, with a 2-ton Ford Truck Chassis. The new truck and packer will be in service in the near future.

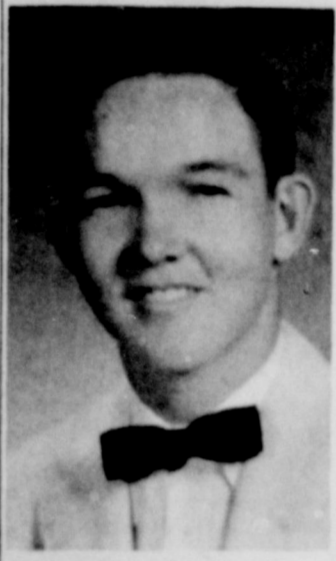

G. L. Elder, Street and Sanitation Superintendent, was present and advised that the air compressor at the shop was too small to handle airing of all equipment tires and recommended that it be traded to O. D. Kenney Parts Co. for a larger compressor for a difference of \$100.00. On motion by Mr. Stokes and second by Mr. Eckert the Commission voted unanimously to accept this recommendation.

City Attorney Claude S. Cravens was present and presented resolutions and ordinances that had been requested by the Commission. These documents handled in the following manner:

On motion by Mr. Walker and second by Mr. Eckert the Commission voted unanimously to pass resolution authorizing Mayor Lemon to sign a five year lease agreement with Mr. and Mrs. Marvin Bell for a portion of City land that the drive-in-theatre is situated on. This lease to pay \$50.00 per month.

On motion by Mr. Walker and second by Mr. Stokes that Commission voted unanimously to pass a resolution to authorize Mayor Lemon to sign a five year lease agreement with five year option for a portion of the city land on which to erect

(Continued on page 8.)

J. VERNON STEWART

Vernon Stewart New Slatonite Advertising Mgr.

Vernon Stewart was named Advertising Manager for The Slatonite last week, according to an announcement made today by Joel R. Combs, publisher.

Stewart will be remembered here by many as he once served on The Slatonite editorial staff while attending Texas Tech as a Journalism major.

He comes to Slaton from La Marque, where he was editor of a bi-weekly publication. He has also served tenures as editor and advertising manager of the Friona Star and the Four-County News at Anton, a newspaper he subsequently purchased and then sold last year before taking the post at Friona.

He also worked while a Tech student on the Bovina Blade. Stewart is married and the couple lives at 445 W. Garza. He is a member of the Church of Christ. Stewart is a talented newspaperman and his performance has been lauded in quarterly magazine publications of both the West Texas Press Association and the Texas Press Association.

He invites all members of The Slatonite advertising family to call on him for aid in preparation of advertising copy or the planning of an ad campaign. All facilities of The Slatonite are also available at all times for Slaton's better businesses.

Masters Degree Received By Two Slatonites

Two persons from Slaton were among 92 persons receiving master's degrees at summer commencement exercises held at Texas Tech Saturday evening in Lubbock Municipal auditorium.

Martha Lane Brown, a history major, received a degree of Master of Arts in Teaching, and Charles Frank Griffin received a Master of Science.

Griffin's thesis title for his degree was "The Internal Conversion Coefficient of the 14.4 KEV Transition of Co 57."

Principal speaker at the ceremonies was Dr. Lloyd V. Berkner, president of the new Graduate Research Center of the Southwest, to be located in Dallas.

JC's Help In Grain Sorghum For Boys Ranch

The Slaton Junior Chamber of Commerce, along with all Jaycee clubs in this region, are helping in a project to raise grain sorghum to feed the herds at Boys Ranch.

Farmers can help in the project by donating a portion of each or any load of grain. Bob Ayers at Ray C. Ayers and Son has donated the storage for the grain collected so farmers can tell them to cut out a part of their load when they bring it to the Ayers elevator.

READY FOR LABOR DAY DRIVE - Pictured above are two of the Texas Highway Patrolmen who will be covering the Slaton area over the Labor Day week-end in a concerted effort to reduce highway fatalities. At left is Max Knox and at right is Henry Hardin. Receiving the early warning is Miss Pat Shelby. The drive for safety over the weekend is a state-wide effort to prevent the annual loss of life that occurs over the vacation period.

Final Plans Being Made For Farmers And Merchants Night

Final plans are now being made for Slaton's annual "Farmers and Merchants Night," gala affair that brings together the business men and the agriculture men of the city's trade territory.

The banquet has been scheduled for Tuesday, September 12, to begin at 6:30 p.m. in the Little League Ball Park. Should

inclement weather prohibit the event on the 12th, the alternate date will be the following Tuesday, September 19.

In honoring the farmers of the area, the merchants and business men of Slaton provide for cash awards for the owners of the first three bales ginned in the area.

To the owner of the first bale

ginned will go a prize of \$150.00 with the owner of the second bale being awarded \$100.00, and the owner of the third receiving \$50.00.

At the meeting of the area ginners Monday night, the guest tickets were given out, and will be distributed by the ginners to the farmers. All farmers receive the guest tickets free, and corresponding host tickets are purchased by the merchants and business men.

In addition to the prizes for the first three bales, door prizes will be given away, donated by merchants.

According to the past year's events, an expected 1200 persons will attend the banquet, which is strictly an informal affair.

Host tickets may be purchased from the Chamber of Commerce office.

More details on the program will be given later.

Ice Cream Supper Held By SS Class

Friendship Sunday School Class of the First Methodist Church had an ice cream supper recently. For recreation, a table tennis tournament was held.

Dr. Lee Vardy is teacher of the adult class.

AND THE HOBO FOUND A BED

Lubbock Law Dog Tracks Down Burglar Suspect Here

One of Lubbock's highly touted police dogs proved himself on a loan-out in Slaton recently by making the trip down and then cornering a burglar suspect for local patrolmen.

On the night of August 24th, city patrolmen Don Carpenter, Joe Martin, and Kenneth Goldman spotted a man on the dock of the Phillips 66 warehouse on North 9th. When the man spotted the patrolmen, he jumped off the dock and ran into bushes behind the building.

Upon being called, a Lubbock officer brought one of the dogs over. The dog picked up the track and a few minutes later delivered officers to the man, who was hiding about 3/4 of a mile from the building.

As circumstances had it, the man was a hobo who was almost as worried about a place to sleep as about anything to steal.

Never-the-less, the dog delivered hastily and with little wasted time, and the hobo found himself a bed after all -- in jail.

Officers report that since Lubbock took over the trained dogs, that they have led to an enormous amount of arrests, at times tracking the suspect miles.

And the deterrent effect is also noticeable, in that the knowledge of the relentless noses of the canine lawmen have made many potential law breakers reconsider before they attempt break-ins or burglaries.

Thirty Five Slaton Youngsters To Enter Colleges In Fall Term

A total of 35 students (providing we didn't miss any) from Slaton will be entering eight different colleges this fall, with enrollment at Texas Tech far exceeding that of any other school.

Sixteen Slaton youngsters will be in Tech when the term opens, and second favorite is West Texas, with six local students planning to attend.

Scheduled to be enrolled in Tech are: Pam Henry, Carolyn Rhoades, Judy Dunn, Howard Hoffman, Bob Biven, Joe Amos Milcher, Harriett Foster, Katie Wicker, Judy Kitten, James Synder, Sailor Maples, Danny Stewart, Tommy Claiborne, Steffen Johnson, Arthur Sumrall and Bill Wheeler.

To enroll in West Texas State in Canyon are: Kenneth Arm-

strong, Marilyn Gilmore, Linda Hogue, Alvin Ford, Jerry Williamson, and Doyle Tucker.

Planning to attend North Texas State in Denton are: Fonda Patterson, Don Edwards, Diane Heinrich, and Ann Haddock.

To attend Lubbock Christian College in Lubbock are: Kay Short, Sue Delaney, and George Jameson.

Recent graduates now in the armed forces are Roger Kitten and John Shelby.

Revival Held at Church

Rev. Love, pastor of City of God Church, will hold a youth revival beginning September 3, and ending September 10, beginning at 7:45 p.m. Rev. Bowden just returned from a revival in Los Angeles.

Revival will be featured with music for each

Bill Smith New Member Of Auto Association

Mr. Bill H. Smith of Slaton, Texas has been appointed an Associate Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by TADA President C. C. Gunn of San Antonio.

Rites Held For Mr. R.F. Overbeck

Funeral services for Ralph F. Overbeck, 63, who died about midnight Friday, August 25, while visiting relatives in Acuff, were at 2:30 p.m. Sunday August 27, in Williams Funeral Home Chapel.

The Rev. H. E. Summar, pastor of Bible Baptist Church in Slaton officiated. Burial was in Englewood Cemetery.

Letters to the Editor

The Honorable Editor,
With due respect I humbly beg you to publish my letter in your newspaper. I am a young Nigerian boy. I would like to write to any American.

I prefer ladies between 13 years upward and men from 14 years upward. I am 15 years of age and my interest is to swap things such as handbags which are made of snake skins; snake and crocodile skins; wallets, belts, pictureque wall plaques, ebony carvings in the shape of human beings, and slippers which are used for ladies and gentlemen.

Animal skins, such as tiger, leopard, antelope, monkey, zebra skin, etc. In return for this are sport shirts, Tee shirts, pants, yankee belts, wallets, coats,

cameras, jean pants, sweaters, jackets, etc.

I will appreciate letters from anyone regardless of age or sex. Thanks in advance. May God be with you all (Amen).

Yours faithfully,
Tamiyu Lawal

My address is:

Tamiyu Lawal

Sports

SCRIMMAGE TOUCHDOWN - Pictured above is the Slaton team, in dark shirts, as they scored against Petersburg in last Monday's scrimmage. Carrying the ball is Steve Ball, left foreground, escaping from the last tackler. The Tigers open this Friday night with Canyon there in a road game to start at 8 p.m. in Buffalo Stadium.

New Teachers Needed In Wilson School

Wilson needs two new teachers, states Supt. LeRoy Scott, who is new there this year, succeeding Johnny Clark.

These teachers are needed to replace Richard Gilmore, assistant coach, and Mrs. Gilmore, Junior High English teacher, who resigned last week to move to Sundown.

New high school Principal at Wilson, succeeding Bill Vardeman, who also moved to Sundown, is D. H. Koeninger, B.A. and M.E., from Texas Tech, who comes from Post.

Claude Bond from Texas Tech, who was at New Deal last year, is the new band director succeeding Melvin Delaney.

Other new teachers are: Travis Mullana from West Texas State, math, and science; Mrs. Betty Allsup, at Three Way last year, English; and Mrs. Lela Knapp, succeeding Nancy Tuttle as teacher of second, third, and fourth grade Latin-Americans.

Wilson schools have gone on the 8-4 plan, Mr. Scott says, and eliminated the Junior High principal's job since the resignation of Mr. and Mrs. Jones.

Officers Named In Kart Club

New Officers were elected for the Slaton Kart Club, at a meeting held Monday night at the Kart track.

Named as president of the organization was Don Bourn, with Leo Henzler Sr. to serve as vice president. Bobby Gass was named secretary-treasurer.

The group meets every other Monday night at the Slaton Kart track.

Slaton Drivers To Compete In Bottomless Lake Road Race

Several Slaton Go-Kart drivers will participate in the annual Bottomless Lakes Road Race, soon to be held near Roswell, N.M.

Going to the race will be Don Bourn, Gordon Gass, Leo Henzler Jr., Joe Gibson, David White, possibly Gerald Heinrich, and probably several

others of the Slaton Kart Club.

This is the second year for the race to be held, which includes 96 miles in 12 laps around an 8-mile course. The race is similar to the event held at Buffalo Lakes last April.

A careless guy may smoke away his tools, his job, and his payday.

Donald Shelby is home on a 14-day leave from the Army.

He is visiting his grandmother, Mrs. H. T. Shelby; his uncle, Jim Shelby; and his sister, Pat Shelby.

Mr. and Mrs. Charles Palm of Amarillo spent last weekend here visiting with her sister, Mrs. Clifford M. Simmons.

Pam Henry Is Hostess To Hawaiian Luau Party

The home of Dr. and Mrs. John C. Locke of 705 W. Garza was the scene of a back-to-school Hawaiian Luau, given by Mrs. Lock's sister, Miss Pam Henry, Friday night August 25.

Hawaiian decorations for the party, given on the patio, included a miniature waterfall, torch lights, Japanese lanterns, a straw bird cage with orange blossoms and oranges, and hurricane lamps.

Hawaiian punch was served from a table decorated with green leaves and zenias. The other serving table, laid with a green cloth, was centered with a miniature Hawaiian girl. Punch, sandwiches, crackers with spread, canapes in canaloep, fritos and onion dip, sliced tomatoes, and watermelon, canaloep, and grape balls, were served to those attending.

Favors of Hawaiian leis were given guests including Patsy Pettigrew, Ann Haddock, Billy

Balmanno, Dianne Heinrich, Joe Wood, Tommy Claiborne, Linda Hogue, Fonda Patterson, Carolyn Jo Rhoads, Kay Castleberry, Gall Johnson, Sherry Burgamy of Friendship, Ann Brown of Shallowater, Tommie McCall, Doug Corley, Bobby Sokoll, Ronnie Bagby, Bob Bivens, Don Edwards, Richard Edwards, Gene Talbert, Johnny Morris, Howard Hoffman, Glen White, Steve Smith, Joe Melcher, Butch Dodson, and Bill Wheeler.

MISS ROSE MARIE SMITH

Daughter Of Residents In Bible School

Rose Marie Smith, daughter of Mr. and Mrs. T. S. Newman of 1205 1/2 Garza, left Monday for Apostolic Bible School in St. Paul, Minn.

Miss Smith graduated from Fountain City High School in Cochran, Wis., this spring.

Edmunds Hold Family Supper

The Edmunds family met in Slaton City Park for a family picnic supper Tuesday of last week.

Those attending were Mr. and Mrs. Martin Edmunds and son, Dale, Mr. and Mrs. Don Edmunds and children, all of Rt. 2, Post; Mr. and Mrs. Glen Edmunds and daughter, Slaton; Mr. and Mrs. Merwin Edmunds, Lubbock; Mr. and Mrs. Ivar Johns and son, Ronnie of Harzard, Neb.

Catholic Chapel Scene Of Ceremony

The chapel of Our Lady of Mercy provincialate, juniorate, and noviciate, Frontenac, St. Louis, Mo., was the scene of ceremonies held August 16. Among those making profession of final vows was Sister Mary Joleen Schilling of Slaton. She is the daughter of Mr. and Mrs. Herman Schilling of Slaton.

Those present were Mrs. Herman Schilling, Slaton; Mr. and Mrs. Leon Schilling and son of Bovina; Mr. and Mrs. Walter Schilling and family of Dimmit; and Mr. and Mrs. Edward Schilling and family of Friona. Also attending were twenty-five Catholic girls, including sixteen from Slaton, who were sponsored by the church and who were accompanied on the trip by Sister Mary Regina, Sister Agelita, Mrs. Robert Huser, and Mrs. Hubert Schwetner. Sister Mary Joleen will teach the fifth and sixth grades in St. Joseph's Catholic School, Slaton.

Miss Deana Ward Gets Tech Degree

Miss Deana Ward of Wilson will receive her bachelor degree with a major in English and a minor in government from Texas Technological College Saturday, Aug. 26, at 7:15 p.m.

Miss Ward, who graduated from Wilson High School in 1956, took an airline course in communications at Omaha, Neb., immediately after graduation. Upon completing this course, she went to work at San Francisco International Airport for Pan American World Airways. After working about 16 months she enrolled at Tech in January of 1958.

Wesleyan Guild Meets Recently

The Wesleyan Service Guild of the First Methodist Church met on Thursday evening, August 24, in the home of Mrs. W. C. Gilmore with Mrs. J.B. Caldwell sharing hostess duties.

Following a brief business meeting, Mrs. H. H. White led the devotional. A program on "The Holy Spirit" was presented by Mrs. Bill Layne and Mrs. J. B. Brooks reported

on recent news of modern religious movements. Refreshments were served to nine members.

Husband: "Well, I finally got the car fixed. Now it will start."
Wife: "How much did it cost?"
Husband: "Only two dollars."
Wife: "That's not bad, what was wrong with it?"
Husband: "It needed gas."

MRS. BYRON KENT McCULLOUGH

Jo Ann Wily Is Married To Byron Kent McCullough

In a double ring ceremony at 6 p.m. Friday, August 25, Miss Jo Ann Wily became the bride of Byron Kent McCullough. Dwight E. Lusk, minister of the Westview Baptist Church, read the wedding service.

Parents of the couple are Mr. and Mrs. Fred Wily of 1055 S. 15th, Slaton, and Mr. and Mrs. L. D. McCullough, also of Slaton.

The bride wore a white brocade satin ballerina length dress, with a fitted bodice. It was accented with a pink and white carnation corsage. The bride's headpiece was a fingertip veil of illusion cascading

from a tiara encrusted with seed pearls. For her bridal bouquet, she carried a white Bible topped with white carnations.

Miss Billie Merle Underwood served as maid of honor. The honor attendant wore a pink dress with a white carnation corsage.

Louise Gene McCullough, brother of the bridegroom, served as best man. Wedding music was provided by Mrs. Dwight E. Lusk.

A reception followed the exchanging vows in the church Fellowship Hall. Mrs. L. O. Lemon and Mrs. N. R. Boyce presided at the refreshment table, and Miss Doris Patterson registered the guests.

Mr. and Mrs. McCullough are living in Slaton after a short wedding trip to Ruidoso, N.M.

Mrs. McCullough will be a senior in Slaton High School and her husband, a 1959 graduate of Slaton High School, is a Fireman for the Santa Fe R.R.

HOSPITAL NOTES...

DISMISSED:

Those dismissed from Mercy Hospital this week include Mrs. Arnulfo Valdez and baby girl, Slaton, and Mrs. E. W. Kroil of Slaton, both on August 24.

August 25, Ben Everett, Slaton; Mrs. Katherine Conner and baby son, Slaton; and Pauline Vladez, Slaton.

August 26, Mrs. Dometila Salaz, Slaton; Mrs. Roy Lynn Wells and baby son, Slaton; and M. B. Tate, Slaton.

August 27, Mrs. Rotha Johnson, Slaton; Mrs. Jackie Burleson and baby son, Slaton; and Mrs. Dewey Engle and baby son of Tahoka.

August 28, Leo Dillon of Lubbock and Mrs. James Ferguson and baby daughter of Slaton.

Wife: "Why did you tear the back pages out of that new book?"

Absent-minded doctor: "I'm sorry, dear. That section was labeled 'appendix' and I took it out without thinking."

MISS NANCY SUE TRACY December Date Announced

Nancy Sue Tracy and her brother Tracy Crawford have announced their wedding date. The couple will be married on December 29, as their parents have decided.

Mr. Crawford is the grandson of Mr. and Mrs. J. W. Crawford of 115 N. 5th, Slaton, and Mr. and Mrs. C. L. Garrigues of 215 N. 4th, Slaton.

Doc: "I've examined you thoroughly. All you need is a rest."

Woman: "Why, doctor I need medicine. Look at my tongue."

Doc: "That needs a rest, too."

Mother: "How would you like your castor oil?"

Billy: "On a fork."

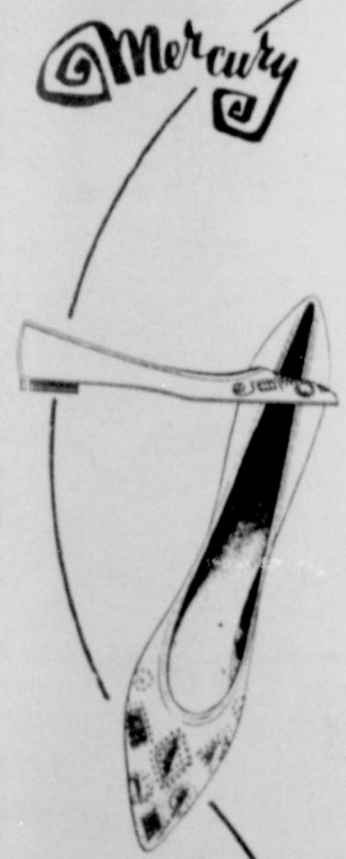

Pat: "Why is a lollipop like a horse?"

Mike: "Because the faster you lick it, the faster it goes."

Navy Wave Home On Leave

Betty Jean Clark, daughter of Mr. and Mrs. W. W. Clark, of 617 South 9th, Slaton, is at home on 14 days leave after completing 10 week basic training at the Recruit Training Center in Bainbridge, Maryland.

Seaman Apprentice Clark will report to the Hospital Corpsman School at Great Lakes, Illinois after her leave. The local wave attended Slaton High School and Texas Tech before her enlistment in the Navy Waves in June, 1961.

Betty has studied naval orientation, history, customs and regulations while in basic training. Much time was devoted to military drill and proper military bearing.

MISS DONNA WILKE

Miss Wilke And Mr. Smith Exchange Vows In Clovis

Mr. and Mrs. Willie A. Wilke of Slaton announce the marriage of their daughter, Donna, to Mr. Bill Ross Smith, son of Mr. and Mrs. Ross Smith of Tahoka.

Wedding vows were exchanged in the Kingswood Methodist Church of Clovis, N. M., Saturday August 26, with the Rev. Jimmie Wayne officiating.

Mrs. Smith is a 1960 graduate of Slaton High School and her husband is a graduate of Tahoka High School.

Mr. and Mrs. Smith will attend

Texas Tech this fall and they will be at home at 2405 Broadway, Lubbock.

Mr. and Mrs. Charlie Upham and granddaughter Linda, of Olney, accompanied by Mrs. Joe Nelson were in Lubbock Thursday at Lubbock Municipal Airport to see Mrs. Nelson's daughter and husband, Mr. and Mrs. Estell Williams of Brownfield, off on a vacation trip to Pearl Harbor, Hawaii. While there they will visit his brother, Clyde Williams.

Women's Missionary Union Celebrates 50th Anniversary

The Women's Missionary Union of the First Baptist Church, Slaton, celebrated 50 years of service with a seated tea Sunday afternoon, August 27, in Fellowship Hall.

Guest speaker was Mrs. J. T. Bolding, Lubbock Association WMU president. She spoke on "Footprints, Past, Present, and Future." A short history of

the Slaton organization was given by Mrs. R. L. Smith, local president.

Solos were sung by Mrs. Floyd Guelker, accompanied by Mrs. J. D. Perkins; and Mrs. Claud Anderson, accompanied by Mrs. Harold Tucker.

Early day pictures of the Slaton organization were on display for the tea and past local pres-

idents were presented. The refreshment table was laden with gold cake, J. C. Smith Jr. and Mrs. Tucker served the tea, and golden fruit past.

Mrs. Garth Hart and E. M. Lott regaled guests who attended.

The Slatonite FARM PAGE

At KCBD

of farm markets and weather have been scheduled for 12:05 p.m. Monday through Friday.

KCBD-Radio, 1590, will offer farm broadcasts from 6 to 6:30 a.m. weekdays, also beginning Sept. 4.

Mrs. Vivian A. Jones and Mrs. Pearl Pinckert spent last week end visiting with their sister, Mrs. F. Foley of Fort Sumner. They also visited in Albuquerque. Mrs. Foley returned to Slaton with her sisters for a visit.

Mrs. Joel R. Combs and daughter, Carla, returned to Slaton Friday after visiting with her parents, Mr. and Mrs. M.J. Warriner, and her husband's parents, Mr. and Mrs. W. R. Combs, all of Lefors.

Southern grown cotton attracted considerable interest at the annual County 4-H Club fair held recently at Mayfair shopping center in Milwaukee, Wis. Carol Anderson (extreme left), Superior, Wis., Alice in Dairyland for 1961, admired some of the award winning dresses with 4-H representatives. Providing a fitting background for the theme of King Cotton is Allis-Chalmers' cotton picker that mechanizes harvesting of this fiber.

HIGHLIGHTS AND SIDELIGHTS From The State Capitol

BLUE LAW CONFUSION -- Under the new Texas "Blue Law," shopping for certain items on Saturday or Sunday may prove a chore.

The law that started out as a device to hit the discount houses operating on Sunday was changed to include Saturday as an alternate because the lawmakers felt a straight Sunday closing law might appear discriminatory to some religious groups who observe the Sabbath on other days.

Included in the list of items merchants are not allowed to sell on one of the two weekend days are lawn mowers, toys, motor vehicles, clothing, furniture, kitchen utensils, air conditioners, home appliances, jewelry, cameras, radios and television sets.

The law has teeth -- a fine of \$100 is provided for the first conviction, going up to \$500 and six months in jail for subsequent convictions.

to contribute information for the commission's industrial surveys. Such information would be kept on file for the use of industrialists considering Texas sites. This would make it possible for industrialists to choose an area without it being known in advance.

ATHLETICS NOT SELF-SUPPORTING -- State college and university athletic programs, with few exceptions, are not self-supporting, says State Auditor C. H. Cavness.

He made the statement in connection with a report on the operations of Sul Ross State College at Alpine where the athletic program showed a \$26,357 loss for the year. Income was \$56,245, while expenditures amounted to \$80,136.

Cavness noted that athletic scholarships and coaching salaries have been paid from educational and general funds.

There will be no open season on redheads, canvasbacks and black belly tree ducks.

Open season on geese will be from sunrise to sunset from November 3 to January 1. Bag limit is five, restricted to one speckled goose and one honker; or two honkers and no specs; plus an aggregate of three snos and/or blue.

LABOR DAY TRAFFIC DANGEROUS -- Governor Daniel has called for an all-out effort to make this Labor Day weekend the safest ever recorded in Texas.

He has issued a special appeal to sheriffs and police chiefs across the state to join with the Texas Department of Public Safety in a special emphasis program.

To Serve Agricultural Progress

New Agricultural Sub-Station Scheduled Opening September 19

The Texas Agricultural Experiment Station, Sub-station No. 8 will show off its new home at the new location, north of Municipal Airport in Lubbock, with dedication ceremonies and a combination Field Day on Sept. 19.

An open house will begin at 1 p.m. and all buildings on the new 320-acre experiment station site will be open to the public. Displays on work in progress will be available, in addition to a tractor driven tour of the station's field crops.

Plans call for a barbeque supper in the evening. Dedication ceremonies will be held at the supper and will feature Earl Rudder, president of Texas A&M College, who will speak briefly on "South Plains Research, Past and Future."

Dr. R. D. Lewis, director of the Texas Agricultural Experiment Station, also of College Station, will serve as master of ceremonies and Dr. R. D. Patterson, vice chancellor of agriculture of the Texas A&M System, will recognize special guests at the open house.

Charles Fisher, superintendent of the Lubbock Station, said the public is invited to visit the new research facilities during the open house. Plans are being

Two From Slaton Receive Degrees From Tech

Joe Neil Sparkman and Donald Birke Marsh were among 475 graduates receiving degrees from Texas Tech in Commencement Exercises held Saturday evening at 7:15 p.m. in Lubbock Municipal Auditorium.

Sparkman, a physical education major, received a Bachelor of Science degree. He will teach this year in the Slaton schools.

Marsh, an accounting major, received a Bachelor of Business Administration degree.

He appealed to Texas cities

coordinated with county agents and others of the Texas Extension Service to have representatives at the open house from all of the High Plains counties.

John J. Seibert, area farm management specialist of the Texas Agricultural Extension Service in Lubbock, said an evaluation of research and its impact on West Texas agriculture shows the total increased value of research and extension work in the High Plains area is in excess of 106 million dollars since 1950, or an average of some 10 million dollars per year.

Statistics indicate most fatal accidents involve at least one violation of the law, with excessive speed and driving while drinking the leading causative factors.

Col. Homer Garrison Jr., DPS Director, earlier announced that some 150 extra patrolmen from the department's other uniformed services will join the regular Highway Patrol force for the three-day holiday during which, it is predicted, 30 Texans will be killed in traffic crashes.

Mr. and Mrs. Glen Edmunds and baby spent Sunday recently with his parents, Mr. and Mrs. Martin and son, Dale, of Southland.

Mrs. Jack Myers visited in Spur recently with her mother, Mrs. O. M. Hart.

Mr. and Mrs. Don Kendrick and children, Don and Karla, spent a week end recently in Ruidoso, N.M.

NEW ADVERTISER IN WEEKLY PAPERS - Pictured above are two local grocers and a representative of Lucky Strike. At left is Herbert Heinrich and at right is Ben Sokoll, both of the

Drive-In Grocery. In center is regional distributor for Lucky Strike. The company (wisely) had joined in extensive advertising in the Slatonite as well as other weekly papers.

Local, Area Persons Attend Luthor League Convention

Several Slaton and area residents returned recently from attending a Luthor League Convention, held in Miami Beach, Fla., August 15 to 20.

Attending from Slaton were Boatrice and Glen Kiesel, Duane and Willie Mae Walters, Gloria Jean Forester, Ronnie Becker, Jerry Germer, and Pastor and Mrs. Leroy Deans of the Grace Lutheran Church here.

From Wilson were Rodney and Valton Maeker, and Pastor James Burnett of the St. John Lutheran Church there.

Andy Klattenhoff from Posey attended, and Kent Keeton from Lubbock.

The group left Sunday August 13th, on bus from Dallas, and returned Wednesday, August 23rd.

Notable persons speaking during the convention were Dr. Martin Luther King, leading integrationist; Rep. W. H. Moel-

ler, member of committee on Science & Space; Rev. Hans Lilje, bishop of Lutheran Church in Germany; and John O. Nelson, head of the Department of Christian Vocation at Yale University.

BILL SMITH--

service to the motoring public," Gunn said.

TADA has a history of more than 40 years in Texas. Headquarters are located in the Driskill Hotel in Austin, with H. C. Pittman as executive vice president.

DEADLINE--

a radio tower. This lease to pay \$33.34 per month.

Mr. Cravens read ordinance number two hundred two, pertaining to the failure of traffic violators to appear in court at the designated time. On motion by Mr. Stokes and second by Mr. Eckert the Commission voted unanimously to pass on first reading as an emergency measure.

Geo. D. Willis, Water and Sanitation Superintendent, appeared before the Commission with sample blanks and ordinances provided by the Lubbock City-County Health Unit with relation to getting everyone connected to the Sanitary Sewer where it is available to them. Mr. Willis advised that it was recommended that these notices be sent out to the people who had not connected to the sewer giving them ninety days in which to comply with the sanitary ordinance. On motion by Mr. Eckert and second by Mr. Dixon the Commission voted unanimously to accept the form of notice as presented and the time limit as proposed and to authorize this work to proceed. Minutes of regular meeting of the City Commission of the City of Slaton, Texas held in the City Hall at 8:00 p.m. on the 28th day of August, A.D. 1961.

Mr. Willis advised that the Texas Water and Sewerage Association was having a meeting in San Antonio October 15th, through the 18th, and requested permission to attend this meeting. Mr. Willis further stated that as president of the Permian Basin Waterworks and Sewerage Association he had been invited to participate in the formulation of courses of study of the Water and Sewer short school to be held in Texas A & M next summer. This work to be done at the meeting in San Antonio. On motion by Mr. Stokes and second by Mr. Walker the Commission voted unanimously to authorize Mr. Willis to make this trip.

Police Chief Eugene Martin appeared before the Commis-

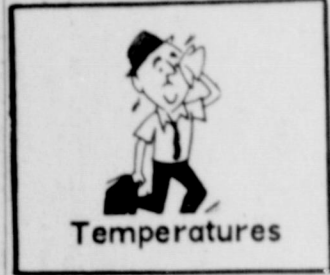

sion and reported that the plumbing was in a bad state of repair at the City Jail and recommended that this be corrected. On motion by Mr. Eckert and second by Mr. Stokes and Commission voted unanimously to authorize the City to install four new commodes in the jail.

On motion by Mr. Stokes and second by Mr. Walker the Commission voted unanimously to lease approximately eleven acres of land to the Gunn Estate for a bonus of \$25.00 per acre and \$1.00 per acre annual rental. This lease for oil and mineral rights and to extend five years.

Mayor Lemon brought up the subject of Civil Defense and asked the Commission to consider the appointment of a Civil Defense Director.

Mayor Lemon also reported that the Jaycees were very active in a campaign to eradicate traffic hazards and that they had requested permission to establish a coffee break stand on the City Square over the Labor Day week end. By mutual consent the Commission agreed to this request.

T. L. Blissard appeared before the Commission and reported that the curb and gutter on the radius of 13th, and Scott Streets was causing a traffic hazard. The Commission decided by mutual consent to have the City Engineer check this problem.

The average temperature for the week of August 21 through August 27, was 71.

According to Pioneer Natural Gas Company the temperatures were Monday, 88 and 60; Tuesday, 84 and 62; Wednesday, 82 and 52; Thursday, 85 and 55; Friday, 84 and 59; Saturday, 84 and 64; and Sunday, 86 and 56.

The average maximum temperature was 84, while the average minimum temperature was 58.

For Safety On Labor Day Get The Help Of Everyone

Price Daniel has launched his annual Labor Day
campaign "with high hopes that Labor Day 1961
will be the safest in history on Texas highways."
The Governor's optimism for an improved Labor Day traffic
situation is based on steady improvements in the general
picture thus far this year, but it was tempered
by the fact that the Labor Day weekend has been what he called
"a holiday on which a major success in reducing the
number of deaths has eluded us."

The Governor's campaign started, in conjunction with
law enforcement agencies, citizen support groups
and public communications media, the Texas De-
partment of Public Safety predicted a Labor Day weekend death
total of 177. The official holiday will begin at 12:01 a. m.,
September 2, and closes at 11:59 p. m., Monday,
September 4.

Statistics show that official DPS statistical predictions of the
deaths expected in Texas traffic on the annual three-
day weekends have been remarkably accurate.
In the past ten years, the average estimate has anticipated
the actual number of deaths for this holiday; the actual average number
of deaths has been 31.7.

The Governor's hope that Labor Day traffic fatalities can
be reduced is based principally on the improved 1960 traffic
situation, the July, 1961 improvement, and Statewide
being offered his Labor Day program.

Texas recorded the best traffic safety record
in the nation, with 2,254 traffic deaths recorded despite in-
creased number of registered vehicles, the number of
drivers and the number of vehicular miles driven.
In 1961, the Governor noted what appears to have been
a breakthrough toward traffic safety "when traffic
deaths for the month dropped to 177, lowest for any July in
the state's history."

THE BIGGEST BABY OF 'EM ALL

SUDDENLY WE'RE NOT HUNGRY

Today we're giving you only one guess as to
the Number 1 expense item in the family budget.
You're right. It's taxes.

Remember when food represented the heftiest
outlay? The Grocery Manufacturers of America,
Inc., slips the nasty news to us that food—tradi-
tionally the largest bite in household spending—is
now far outstripped by taxes.

In 1960, the country's tax bill was \$112 bil-
lion—compared to a food bill of \$75½ billion.
This reverses the situation of 1939, when the food
bill was \$15.7 billion and the tax bill came to
only \$12.4 billion—a figure which seems almost
unbelievable today. Now the tax bill is at least
50 per cent greater than the food bill, and the
difference is growing wider.

Tax collectors take at least one dollar out of
every five you fork over at the grocery market.
The buck goes for a variety of taxes—necessar-
ily included in the end price. And to list all these
taxes fully, GMA says, it would take a price tag
the size of the barn door!

The Sounding Board

This week's array of com-
ment from area editors finds
a variation of observation on
the new sales tax, and the
forthcoming school year.

First, comes "Drifting
Sands," by James Roberts in
the Andrews News:

The school of hard knocks
would be more pleasant if there
were a vacation once in a while.

We imagine there is only one
other crew busier than school
teachers and football coaches in
Texas right now . . . and that's
the crew in the office of the
state comptroller.

The comptroller is the feller
who must interpret the new
sales tax law passed in the final
minutes of the special session
of the Texas legislature. He
not only has to figure out what
the legislators intend to do but
didn't, what they intended not
to do but did, and what they
actually wanted to do—and
didn't or did.

And—he has to have it all
figured out and in the hands of
retailers across the state be-
fore September 1st when the
new law goes into effect.

It's quite a chore . . . and
we imagine that it will take
months to iron out all the kinks,
inequalities, omissions, over-
sights, and injustices.

Actually it's much easier to
tell where the money is going
than where it's coming from.

In the past few years, the
population of Texas and the
resulting increase in state
services has grown much faster
than the tax base . . . with a
result that this year the state
wound up \$60 million in the
hole. And a lot of built up de-
mands on the state treasury
have been stymied during the
past four years, while the state
wrestled with a new source for
tax money.

Now that the source has been
decided upon, \$150 million of
the new found tax money will
go for a hike in salary for
public school teachers and their
retirement program. College
professors will get a nice little
hike in salary amounting to \$22 mil-
lion, those on the public wel-
fare roles will slice up a \$17
million melon, the prison sys-
tem will get an extra \$10 mil-
lion, and hospitals and special
schools of the state will crack
a new \$27 million nut . . . all
over the next two year period.

That's where a big hunk of
our pennies are going.
We're to shell in during the
next two years, \$319 million
in sales tax pennies. Corpora-
tions in the state were tapped
for an extra \$20 million, gas
reserves will cough up another
extra \$3 million, a hike in driv-
er's license fees from \$2 to
\$3 will yield a tidy extra \$7
million, and a \$2 tax on mem-
bers of private clubs will put
\$4 million in the state treas-
ury.

Only in the boy's eyes could
the long-suffering, the mental
anguish, be detected.

Outwardly, the slender lead-
er of the group of boys appear-
ing in pantomime before the
Lions club here Tuesday, ap-
peared relaxed, comfortable in
his role as the mayor of Boy's
Ranch of West Texas. But in
talking to him at close range,
his eyes gave him away.

His eyes mirrored a man-
nery, a history of pain and suf-
fering few adults will ever ex-
perience . . . Dewey Vanstoy
and his younger brother,
Robert, are happy now at Boy's
Ranch . . . but it was not al-
ways thus . . .

Young Dewey was walking
along a sidewalk in Brownfield
several years ago when an early
morning explosion of a butane
truck startled all of the resi-

dents of the town. Dewey, a half-
brother from the explosion, re-
ceived burns over 90 per cent
of his body. He was rushed to
a local hospital where he linger-
ed between life and death for
days and days.

As the weeks went by, his
young body responded to treat-
ment and finally, young Dewey
was sent to John Sealy hospital
in Galveston for the long,
drawn out process of grafting
skin to cover the burned areas.

After a solid, long year of
treatment the young boy was re-
leased. And he came home to
find that his family was split
up. At the time of the ex-
plosion, there were 15 mem-
bers attached to the Vanstoy
family. Welfare workers split
up the family and Dewey and
his younger brother Robert
were sent to Boy's Ranch of
West Texas.

For months, it was touch and
go for the supervisors at the

camp as they tried to get past
the emotional hurt of the
youngsters . . . and a drama
club finally gave them the out
they needed. The boy responded
as chief of the drama club and
as such has been elected mayor
of the Boy's Ranch.

As Lions club members found
out Tuesday, now the boy is
happy, mature, and does a
wonderful job in the pantomime
skits presented by the boys of
the Ranch to groups all over
the country.

Next, a few more words on
the tax by Dwayne Dennis, from
his column, "Around Town."

The new general retail sales
tax that goes into effect Sept.
1, will be like an atomic bomb
exploding in Texas.

The fun will begin when the
consumer as well as the re-
tailer learns of the many prob-
lems that he will face with the

Farm Facts

Milk production per cow has
increased from 5,314 pounds in
1950 to 7,004 pounds in 1960.
This is an increase of 31.8%.

An indication of the poten-
tial for future gains is given
by the performance of cows in
herds where the level of man-
agement is above average. In
1959, output of cows in the
Dairy Herd Improvement As-
sociation averaged 10,300 lbs.
of milk per cow.

The U. S. Department of Ag-
riculture says that revolution-
ary advances in producing
and marketing milk have re-
sulted in some rapid changes
on dairy farms.

The size of dairy herds has
been increasing and the num-
ber of farms producing milk
has been declining. The re-
markable increase in produc-
tion per cow and relative
stability of the demand for
milk mean that the supply can
be produced by fewer cows on
fewer dairy farms.

The world's milk production
in 1958-59 totaled 239.5 million
metric tons, according to the
Food and Agriculture Organi-
zation of the United Nations.
Milk production in the United
States accounted for an esti-

mated 56.8 million metric tons
—about 23.7% of the total
world output.

Milk consumption averaged
287 pounds per person in the
United States in 1960. Wages
for an hour's work would buy
126% more milk than in 1929.

THE Heripatetic VIEW

What Price Security

The most disgusting part of our ever-increasing philosophy of a "cradle to grave" government is the effect its having on the young people emerging from college and going into business. I talked a long time a few days ago with a person who has been a good friend of mine for many years. We parted ways when we graduated from high school and went to separate colleges. This friend graduated from Tech, and went to work with a large firm. When I saw him the other day I ask about his job etc., and here is the report I received. He stated that they furnished him a car, and he had a rather lenient expense account. He told me of the length of his paid

vacations. He told of the number of years he would need to put in with the company before he retired, and how much per month he would receive after retirement. He explained that he and his wife had calculated when the house would be paid for, and exactly how they would be able to "get by" after he retired. In the whole length of the conversation he never mentioned exactly WHAT he did, or whether he ENJOYED it, or whether he was ever PROUD of what he did. He's a 28 year old man living for age 65. If he would stop and think, he would know that he will never accomplish anything. He will never achieve personal satisfaction in the strength of what he does. He will die knowing he spent a specified number of hours at a designated desk, and in turn received a guaranteed pittance. To this end of a human being has our liberal government led us. It has taken over our welfare, set it at a low, low standard, and has made it impossible for youngsters to build things for themselves that they have ceased to even ponder the idea. The old breed of empire builders is rapidly becoming as extinct as the dodo bird. The powerful men who crawled out on a limb with no money and a

lot of courage are few and far between. The individuals are decreasing. With a government becoming so powerful and centralized as to run everybody's business, the youngsters are developing the attitude that so long as the government promises a soup line and then makes it virtually impossible to do anything else, why not join them? Consider a young man who would like to blaze a trail. He needs capital but there is no capital when banks loan it to the centralized government at a guaranteed rate of interest. He needs to keep what profit he can to keep enlarging, but there is no profit because the government takes it from him. Consider the fact that a young man finds capital, and pays it back at \$8,000 per year. He then keeps \$2,600 to live on. Yet he pays the government an income tax on \$10,600. Try taking personal income tax out of \$2,600 for this, and you know why we're losing our individuals. J. Harold West, when commenting on this situation, stated: "We worked all day, slept in the straw stacks and maybe took a bath once a week. We didn't know we were mistreated transit workers that were supposed to have certain kinds of housing, ride in a certain kind of truck and we thought everyone smelled like we did." Mr. West today is not only a success, but is also a man. Sid Richardson went broke twice. So broke he left unpaid bills behind him while he hitchhiked to another oil field. But he later paid his bills back and he died a billionaire. If J. C. Penney and C. R. Anthony had thought more about retirement at 65 than they did in building their own businesses, then we might be buying from a government dispensary already. A powerful centralized government can give citizens a guarantee of almost everything that it takes to exist. And all they take in return is the soul and the ambition and the cre-

ativeness and the individuality. When England was not powerful enough to keep a handful of individuals from carving a republic out of wilderness, it's ridiculous to think that the voters of the nation are too weak to gain back a few inalienable rights. When the most powerful nation on earth was built by the ideas and innate courage of individuals, what logic is there to say that the same type system won't sustain us? And when we depend upon a central power to run everything, even our very households, then we are a huge, rutted, unthinking mass of bodies. We are then a socialistic state. We will no longer be Americans, in the same meaning that tradition has endowed the word. When this happens, my friends, we are finished!

Grim Prediction For Deaths Over Labor Day Week End

AUSTIN--Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced the official prediction that 30 persons in Texas will be killed in traffic

accidents during the Labor Day weekend. In making the prediction, Garrison warned motorists that records show this three-day period to be one of the most dangerous times of the year on the highways.

P. M. Monday, September 4: During the 72-hour period, safety agency will tabulate all traffic deaths in the state and issue bulletins at 10:00 A. M., 3:00 P. M. and 9:00 P. M. each day.

often. No man ever evens a score with his enemy until the adversary is winner in the last round. Love must be used to serve the wealth of its purpose; the warmest blanket is wasted in a trunk. Biscuit dough is a primitive adhesive, one used extensively and successfully by brides to prevent loss of their wedding bands. Scientists often wonder whether splitting the atom was a wise crack. A sailor's wife approached the pastor of her church just as he was stepping into the pulpit and handed him a note which read, "Albert Morse, having gone to sea, his wife requests the congregation to pray for his safety." The minister hastily unfolded the note and with his mind on the sermon he was about to make, he announced--"Albert Morse, having gone to see his wife, requests the congregation to pray for his safety." Make thy study a regular thing; say little and do much; and meet every man with friendliness.--The Talmud. When men are rightly occupied their amusement grows out of their work as the color-petals out of a fruitful flower.--Ruskin.

The highest Labor Day holiday toll since World War II was in 1951 when 46 persons were killed in 33 accidents. The lowest was in 1949--23 killed in 19 accidents. Figures prove most fatal accidents are caused by traffic law violations. The DPS, in an effort to focus public attention on the hazards of holiday traffic and to compile data which will be helpful in improving the state's traffic management program, will conduct "Operation Motorcycle," from 12:01 A. M. Saturday, September 2 through 11:59

"Driving" is always a full-time job, and driver concentration and alertness are especially essential during holiday periods because crowded highways increase driving hazards," Garrison said. "An all-out effort will be made by DPS enforcement personnel to remove traffic violators from the highways. The Texas Highway Patrol force will be augmented by some 150 patrolmen from the other uniformed services of the Department of Public Safety. All available radar units will be in operation.

Sounding Board--

poultry operation is not taxable. How will the electric bill be divided and who will determine the amount used in each place? Will it be necessary to install a separate meter for the "poultry operations"? If so, who will foot the bill on this little item--the state, the farmer, or the electric company? Furthermore, it is going to take a master mind to give a workable interpretation of the exemption of "work clothes costing less than \$10 and consisting of articles of outer wearing apparel. What constitutes "work clothes"? Just khakis and levis? What about the work clothes of office workers, clerks, and teachers and other professional people? And what is to be construed as outer wearing apparel? A blouse when worn without a jacket or sweater is "outer apparel," but who is to say what it is when worn "under a jacket or sweater? The same thing goes for a man's shirt--with a coat is it "outer" or what? There must be an easier way to raise needed tax money--but what. And lastly, from Douglas Meador's "Trail Dust," in the Matador Tribune: About the most tragic class of poor losers are those who did not have sufficient courage to bet on themselves. Hoping for appeasement with the Russians as a means of peace has about the same ratio of chance as if President Kennedy carried a rabbit's foot for the same purpose. A rancher of my acquaintance has little confidence in Social Security. He thinks it is like chain letters and that when the top names on the list have won, the others will merely have the memory of their contributions. It would be difficult to hear opportunity knock if the television is turned too high and too

often. No man ever evens a score with his enemy until the adversary is winner in the last round. Love must be used to serve the wealth of its purpose; the warmest blanket is wasted in a trunk. "The Second Mile"

"And whosoever shall compel thee to go a mile, go with him twain." Matthew 5:41. These words were spoken by the Lord in His sermon on the mount. We are told that after He finished His sermon, the people were astonished at His doctrine.

It would seem that these words in verse 41, though they are not many, are to teach us a very important lesson. Surely there are many times when we need to go the "second mile."

We know that each mile is the same in the number of feet etc. However we all know that every mile does not seem the same. For that reason, we would say that there are some that think they have gone more than a mile, when to others it would seem as though they have just started. It is hard many times to tell when the first miles ends and the "second mile" begins. It depends a lot on the one we are with. If the company is pleasant and we like the one we are with, the miles seem short.

We read from the book of Genesis chapter 5:24 "And Enoch walked with God--" No doubt the way seemed short because of the fellowship they had the one with the other. Jacob served Laban seven years for Rachel; and they seemed unto him but a few days, for the love he had for her. Gen. 29:20.

This brings us to the very heart of the "second mile." We note that the first mile may have been traveled because we were compelled to. We go the "second mile" because we desire to, in order to help another and because of love. It is easy to help and love those who are close to us. Where we really show our love and a real desire to help is when we go the "second mile" with someone who is not close to us. We note again that Jesus said in Matt. 5:46 "For if ye love them which love you, what reward have ye? Do not even the publicans the same?"

The easy way out is not always the best way. It is easy to walk off from a problem when we do not have to stay and face it. It is easy to walk away when no one would feel ill toward us if we did not stay. It is when we are willing to go the "second mile" that we really show our love and devotion to others. When you will do so, you are the last

one to think that you are doing something special but to you it is only the natural thing to do. We seek no praise for helping our own children, neither should we seek praise for helping others. Remember we are in the "second mile" because of love.

Perhaps you heard the story of the youth that fell over the side of a ship. After he was pulled back on board, a doctor tried to revive him. After he had worked a good while, he stood to his feet saying that it was hopeless. He could do no more. As they turned the youth over on his back the doctor saw that it was his own son. After that he labored until there was no strength left in him. His efforts were rewarded. The youth began to breath again. This doctor was willing to go a mile when he saw a need. He was willing to go the "second mile" when he saw it was his son. We are many time like that. Can we really say that we have done our best? We have not unless we have gone the "second mile."

In Luke chapter 10 we are told the story of the good Samaritan. After this man had been beaten and left to die a priest and a Levite came, they saw, they departed. The Samaritan could have done likewise and no one would have condemned him for it. But he was willing to help someone he did not know that was in need. In this case, I would say, he went the first and the "second mile" because of love. He carried him to the inn and promised to pay and additional charges that might come up.

There are many of our youth that would not wind up in a court of law if someone had been willing to go the "second mile" with them.

Gain asked the question in the beginning, "Am I my brother's keeper?" The fact is, WE ARE. The Word of God teaches that no man lives to himself and no man dies to himself. If there is something that each of us can do, it is to help others from time to time. If someone had not helped us, if someone had not gone the "second mile" -- and the third -- and the fourth, where would we be today.

So if we are going the "second mile" it will be because we desire to. Compelled to? No. Only as we are compelled by love.

Tree Seedlings May Now Be Ordered By All Landowners

West Texas landowners, from the Panhandle to the Gulf, should begin making plans for ordering tree seedlings for windbreak planting.

Don Young, head of the Forest Management Department, Texas Forest Service today urged landowners to place their orders early before the February 10 deadline. Shipments will begin in mid-January.

Three new species have been added to the list this year—Russian olive, enonymus and buffaloberry. Other species include black locust, black walnut (stratified nuts), catalpa,

Chinese elm, cottonwood, mulberry, osage orange, red cedar, rosa multiflora, sycamore, Austrian pine, ponderosa pine, loblolly pine, and slash pine.

All seedling orders are packed in moss and moisture-proof paper and shipped prepaid direct to the purchaser. The delivered cost of all species is \$1.50 per hundred. Orders must be in multiples of 50 and orders for less than 100 seedlings will not be accepted.

Landowners who apply for Texas Forest Service seedlings agree to plant the trees in Tex-

as; protect them from fire, cattle and destructive insects; and to refrain from using or reselling the trees for ornamental purposes.

Application forms can be obtained from county agents and Soil Conservation District Offices in the West Texas area or by writing the Director, Texas Forest Service, College Station, Texas.

Young Lady: "What made you decide to become a parachute jumper?"

Young Man: "A plane with three Coad engines."

Happy Birthday

AUGUST 31: Phillip Brasfield, Jan Bownds, Mike Brake, and Mrs. Clyde C. Walter.

SEPTEMBER 1: Howard Swanner, R. H. Todd Sr., Leo Henzler Jr., Lawrence Schwertmer, Bill Clark, Leonard Morris, Mrs. Bill Burton, and R. L. Simpson.

SEPTEMBER 2: Judy Eblen, William Kahlch, Robert Hall Davis, Mrs. F. M. McAnear, Mrs. W. A. Fields, William Jones, Otto Heinrich, and Audrey Weaver.

SEPTEMBER 3: Mrs. R. P. Henson, Andra Burton, Roger Kitten, Henrick Perkins, Mrs. Raymond Buxkemper, Velma Willis, Glenna Sue Jones, Charles Wayland Hampton, and Mrs. Gary Ward.

SEPTEMBER 4: R. D. Parise of Seattle, Wash., Bill Layne Jr., Freddy Townsend, Dale Wimmer, Linda Brown, Jane Harrell, and Mrs. Dayle Nelson.

SEPTEMBER 6: Norbert Kitten, Mrs. Agnes Black, Charlotte Wells, Jay McSween, Truman Ford, Delma Hodge, M. E. Cagle and Mrs. Hayden Jones.

Flying over the Rocky Mountains, an airline hostess distributed chewing gum to the passengers.

"It's to keep your ears from popping at high altitude," she explained.

When the plane landed, one of the passengers rushed up to the hostess and said: "I'm meeting my wife right away. How do I get the gum out of my ears?"

EFFORT - Shown above are three Texas Highway men who will join this week-end drive to prevent highway fatalities over the Labor Day holiday. At left is C. A. [unclear] officer for the area, in center is patrolman Max Knox, and at right is patrolman [unclear]. Remember - Drive Carefully!!!!

and School Opens New Monday, August 28th

school year at registration exercises Monday, Aug. 29.

members this year are: [unclear] R. Bennett will teach science, [unclear] and Tom

Buchanan, who will teach the 7th and 8th grades and coach basketball.

Other teachers are: Mrs. Peggy Wheeler, 1st grade; Mrs. Claudia Monk, 2nd grade; Mrs. Dixie Roberts, 3rd and 4th grades; Mrs. Ruth Hall, 5th and 6th grades; Mrs. Irene Kuykendall, English, and Duane Locke, social sciences and football coach.

COMING EVENTS

THURSDAY: Rotary, Club House, noon.

FRIDAY: Senior Citizens, Club House, 10 a.m.

SATURDAY: Visit shut-in friends.

SUNDAY: Attend Church of your choice. Catholic Daughters, 2 p.m.

MONDAY: Centurettes, 7:30 p.m. Lions Club, Bruce's Cafe, noon.

WEDNESDAY: Jaycees, Bruce's, noon.

IT'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

You just can't beat August buys for saving. It's the time of year when dealers traditionally pull all the stops. You'll find sweeter-than-ever buying for you on every '61 Chevy truck—from the nimble Corvair 95's, to the mighty medium- and heavy-duty jobs. Come in and save a bundle!

You just can't beat Chevy trucks for working. With Chevy's easier riding front suspension, loads ride easier, drivers stay fresher, the truck lasts longer. You get more work, more hauls, for your truck dollars!

And for the frosting on the cake—you just can't beat Chevy trucks at trade-in. The latest official industry reports prove that Chevrolet trucks lead in trade-in value after week, over every major competitor in Chevy's price range.*
