## Route 66 Memories Turn Back The Clock

*If Route 66 could talk, oh, what a tale it could tell! Just about everything that can happen has happened along that stretch of road. Many stories have come in, but some of the most interesting may still be out there. Be sure to bring your "Tale of Rt. 66" by the news office.*

**The Little Lost Kuehler**  
By Alice Kuehler

There is no telling how many children that have been left behind, accidentally, at gas stations and restaurants along old Rt. 66. I remember hearing of one couple who got all the way to Tucumcari after getting gas in Groom before realizing that one of their brood was missing. It's hard to say who was the happiest to see each other! Strange as this may sound it can happen right here at home, too.

After attending Church one Sunday morning in 1960, I stopped to see my mother-in-law, Mary Kuehler. The children were getting tired of waiting, and Roseann, who was about 3, decided that she would just walk home. When I came out to the car the search was begun. Roseann had already walked about 4 blocks to the highway. Nancy Blackwell saw her and tried to pick her up, thinking she was a tourist's child who had been left behind. The traffic along the highway in 1960 was

much too brisk for a 3 year old. Roseann ran away from Nancy. Finally with the help of dear George Latta, they corralled her at Bill Algo's Phillips Station. George gave her a candy bar which she was too scared to eat.

Later, George said that that's why he didn't recognize that she was a Kuehler... "cause he never knew a Kuehler not to eat their candy immediately."

With the help of Deputy Grady Stapp, I soon found Roseann unharmed... the "harm" part came later.

*Another memorable Sunday in Groom history made news around the world. Many people thought that the world was coming to an end.*

**The Day The Sky Fell**  
By Shirley Lamberson

It happened on a beautiful spring morning, a gentle breeze that spread the scent of lilacs in bloom all over town, just as people were going to church.

Those who did not attend church, were working in their gardens. (Just about every one had a garden in 1935.)

As church let out, the breeze had picked up a little and there was the smell of dust in the air. This was not unusual for it had been a dry year. Dust storms were becoming a way of life.

Around mid-afternoon an ominous black streak began to show on the horizon. To

*The Longhorn Cafe in its hey day! Employees were (left to right) John Garmon, Wilma Hickox, Ruth Knight, owner; Shirley Lamberson, Novella Burgin, Mary Dell Holland, Miss Evans, Ruby Denton and Mrs. Box. When the Rock Island Railroad did away with their diner car, the Longhorn Cafe took over the job of feeding the passengers during a thirty minute stop.*

some it appeared to be a oil-field fire. As the cloud advanced neighbors began to call one another, watching it come closer and closer. Some even fell to their knees thinking Judgement Day had come.

Soon the wall of dust hit. It was more than a thousand feet high. As the town went into the blackness, people gather their families, children and pets inside, trying to escape the silting black haze. The storm blew for over an hour, and when it was over residents were left with the grim task of trying to clean up what was left of farms as far away as Nebraska and Colorado.

*Shirley tells another story that really made an impression in her mind.*

**Bandits Hold Up The Longhorn!** By Shirley Lamberson.

In the spring of 1958, the Longhorn Cafe was an exciting place to work. Owned by my parents, Ruth and Nell Knight, I was working the morning shift. At 6:00 a.m., we were making coffee and getting things ready for the customers when I noticed a car drive slowly by the front of the restaurant. Soon, two men, in leather jackets come in and ordered coffee. When one asked for a pack of cigarettes, he pulled a gun, pointed it at me and

told me to give him all the money from the register. the other man went into the kitchen and ripped out the phone.

Gene Wade was the customer who come in shortly thereafter for breakfast. He alerted the sheriff and the men were later caught in Dumas. About \$121.00 was taken.

Nell Knight had another interesting thing happen to him working at a grain elevator along Rt. 66 in Vega.

While standing on top of an elevator 62 feet in the

air, the elevator exploded. 1600 bushels of wheat went with him. The explosion was caused by dust. A train which was about a mile away was flagged down before it ran into the wheat which was strown across the tracks. Nell was not seriously injured.

*Rt. 66 is also a story of success, such as trying out that long waited for new car of pick up. Irene Kotara tells of new sights though the eyes of innocents.*

Greg and Dena

Thanks to everyone for the birthday greetings. Nobody seems to know who planned the party--my relatives and in-laws all deny doing it--so thanks to the outlaw who did it...

...and thanks to all of you who helped to make these past 50 years so pleasant.

### STORIES

In 1940 Sam and I bought a new Chevy and decided we wanted to see the western U.S.A. They were having the World's Fair in San Francisco on Treasure Island. So we started out. That night we arrived in Hot Springs, New Mexico where we took some baths as Hot Springs was noted for its Hot Health Baths then.

The next night we drove to Phoenix, Arizona. At 10:00 pm we were leaving a cafe after eating supper and looked up to see a thermometer. It was 115°. I had never been in 115° before. But Phoenix was a beautiful place.

The next day we went through Blythe, California at the border. They searched our car and luggage thoroughly.

The third day we headed for Santa Monica. As we neared Santa Monica we began to see the ocean. I had never seen an ocean. It was breath taking. We sat there for thirty minutes just staring. We spent the night in Santa Monica. The big trucks kept us awake all night and sounded like they were coming through the motel. We rode the roller coaster in Oceanside, which was one of the first I had seen.

The next day we headed for the World Fair. We made it to San Francisco

the next night and stayed in a tourist home. We had family style meals. That first morning we went to breakfast there were four or five Japanese across the table. I was scared to death. They were rough looking! That day we crossed the Golden Gate Bridge to the Fair. I was having the time of my life. We drove on up into Oregon. In Portland I left my purse and we had to go back and get it. I found it.

Now we were starting home. We went through Reno and Hoover Dam and Las Vegas on to Kingman where we picked up Route 66 again on to Albuquerque where we felt like we were

# Brown Honored By 4-H

Fred Brown was honored recently with the "Friend of 4-H" award.

Brown has been showing and raising cattle since the age of 12. He and wife Juanita have raised five children who all have been very active in 4-H. Brown is now working with the next generation, Kori Brown, his granddaughter.

His caring spirit, however, has not been limited to his

own family. There has always been room for one more in his pick-up. He has helped 4-Hers all over the country at one time or another. Mr. Brown has been known to find just about everything you need in his show box from a halter to a sandwich.

Brown was honored at the ceremony held earlier this week.

Kindergarten teacher, Pam Hutsell will be purchasing all supplies with the \$10.00 fee the students bring.

## 1994 Property Tax Rates in Carson County

This notice concerns 1994 property tax rates for Carson County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm to Market/ Flood Control Fund	Special Road/ Bridge Fund
<b>Last year's tax rate:</b>

## Carson County Sheriff's Report

By Loren Brand, Sheriff

There were fourteen persons booked into Carson County Jail during the past week. We are currently holding sixteen persons in our facility. One prisoner was transferred to a neighboring county when she became assaultive to other prisoners. Persons currently incarcerated are awaiting trial on the following charges: Auto Theft, Probation Violation, Assault on a Peace Officer, Felony DWI, Sexual Indecency with a Child (2 counts), Aggravated Sexual Assault of a Child, First Degree Sodomy (Fugitive Warrant - Oregon), Failure to Identify as a Witness, DWI, Public Intoxication, Possession of a Controlled Substance, Warrants - Potter County, Randall County. We currently have two persons awaiting transfer to the Texas Department of Criminal Justice.

Our deputies were kept busy with a number of complaints of cattle on the roadways and other calls for assistance (fire and medical emergencies). We are currently investigating a report of unauthorized entry into a

home in White Deer. Our department also responded to a domestic disturbance in Groom at a convenience store and a report of suspicious persons in the Skellytown area.

Carson County deputies are working with the Sheriff's Departments in Donley County and Wheeler County to develop leads in our recent burglaries and attempted burglaries of businesses in all three counties.

Our officers joined the White Deer City Marshal, Skellytown City Marshal, Texas Highway Patrol and Texas Alcoholic Beverage Commission in patrolling the rodeo grounds for the White Deer Rodeo this past Friday and Saturday. While the rain put a halt to the festivities on Friday, there were an estimated 2,000 people at the Saturday dance. Thanks to the efforts of the rodeo sponsors and the additional law enforcement personnel, there were no serious problems reported during the celebration.

Deputy Larry Mendez was in Austin this week attending specialized training in Investigation of Sexual Assault and Death at the Department of Public Safety Training Academy.

Commerce Bank Building No. 5 Thursday August 4, 1994 779-2141

The Ford van slid 250 feet on its roof after crashing into a guard rail and overturning.

## "Blood Alley" Claims Life Near Alanreed

Blood Alley, as the stretch of road between Alanreed and Jericho is known, claimed another victim last Monday afternoon when a California woman fell asleep at the wheel. The mini van she was driving, heading west, struck a guard rail, crossed the highway striking another guard rail, rolled over and skipped 250 feet

on its hood. Of the 8 people in the van, 6 had to be transported to Northwest Texas hospital.

One person, a seventeen year old girl was sent by MediVac helicopter, she later died. Another of the victims was a baby.

Two ambulance units from McLean, two units from Groom as well as

several fire and rescue units were on the scene. The professionalism and the cooperation of the ambulance teams was commended by the DPS officers. At presstime, the condition of the other injured passengers was unknown.

## Windom's Named Home Of The Month

The Chamber of Commerce has had their committee out looking at all the yards in McLean and have selected the yard of Jr. and Doris Windom at 101 E. 7th Street for the month of July.

The Windom's home is a white early American type home that sits on a lot next to Main Street. It has a fresh white painted look trimmed in yellow and they have several barrels with an assortment of flowers to add to their yard.

Congratulations Windom's on your beautiful yard!

McLean volunteers and some passing Good Samaritians do what they can to make the victims comfortable while they await transport.

Jeremy Thomas and Bill Thomas work with Randy Johnson of Groom and MediVac staff to get the patient aboard.

Sunday afternoon, July 31st more than two hundred friends and relatives attended a reception congratulating Casper Smith on his appointment as Postmaster for McLean.

Former Postmaster, Ginger Rawlins, returned from Panhandle to wish Casper many more years of service to the post office and the community.

### 1994 Property Tax Rates in City of McLean

This notice concerns 1994 property tax rates for City of McLean. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

**Last year's tax rate:**

Last year's operating taxes	\$	41,059.40	
Last year's debt taxes	\$	0.00	
Last year's total taxes	\$	41,059.40	
Last year's tax base	\$	11,218,415	
Last year's total tax rate	\$	.366	/\$100

**This year's effective tax rate:**

Last year's adjusted taxes (after subtracting taxes on lost property)	\$	41,036.15	
+ This year's adjusted tax base (after subtracting value of new property)	\$	11,284,434	
= This year's effective tax rate	\$	.36365	/\$100

x 1.03 = maximum rate unless unit publishes notices and holds hearing	\$	.37455	/\$100

**This year's rollback tax rate:**

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for transferred function)	\$	41,059.40
