

Berlin Celebrating End Of Long Blockade Today

Trains, Trucks Set To Cross Border

By DANIEL De LUCE AP Staff

BERLIN, May 11.—The last hours of the Berlin blockade ticked away tonight in a spirit of celebration and deliverance from events which brought the East and West almost to the brink of war.

The end of the 327-day siege of Berlin was set for one minute after midnight, 4:01 p. m. CST. Trains and trucks lined up near the border between the British and Russian zones of Germany. The dropping of roadblocks will start them along the 100 miles of Russian-controlled territory that makes an island of Germany's greatest city.

Acheson Hints Meet Success Up To Russians

WASHINGTON, May 11. (U.P.)—Secretary of State Acheson indicated today that success of the coming big-four conference on Germany will hinge on how far the Russians will go along with plans already laid out by the Western Powers.

He held a news conference the United States intends to demand full guarantees of civil rights for the German people and will not accept any proposals which do not provide for such guarantees.

Whether solutions can be reached, Acheson declared, depends on whether the Russians will make or consider proposals that will not retard in any way the successful agreements already made by the Western Powers for lifting Germany into the family of free European nations.

In setting the limits of American maneuvers at Paris, Acheson went further than any top American official had gone to suggest publicly that if major compromises are to be made for agreement on Germany they will have to be made by Russia.

Acheson praised to the limit the accomplishments of the Berlin airlift pilots and credited their efforts with defeat of the Soviet blockade of Berlin.

But he declared that while everybody is delighted that the airlift brought an end to the blockade, no one should regard this development alone as having solved the problems of Germany.

Actually, Acheson said, the end of the restrictions on Berlin merely restores the situation to what it was 10 months ago and makes renewed negotiations possible.

Vets' Pension Bill Approved By House Group

Measure Would Add About \$10 Billion To Existing Benefits

WASHINGTON, May 11. A disension-split House Veterans Committee today approved a modified pension bill adding about \$10 billion to existing veterans benefits over the next 50 years.

The new bill in effect liberalizes and writes into law regulations of the Veterans Administration already in force for disabled and needy veterans. It is a follow-up to a hundred-billion dollar measure which failed to pass.

The final committee product contained an amendment by Rep. Teague (D-Tex) barring pensions for veterans able to work more than half time.

The unemployment requirement was hotly opposed by Chairman Rankin (D-Miss.).

Emerging from the committee room, where members drew up a final draft behind closed doors, Rankin told reporters:

"The Teague amendment cuts out six-sevenths of the World War I veterans aged 65 or over. It is the worst blow they have received to date since the Economy Act of 1933."

The Economy Act reduced veterans pensions. As the bill now stands, it establishes pension benefits totaling approximately a billion dollars a year through the year 2,000.

In brief, the latest bill would provide \$72-a-month pension benefits for needy veterans of both world wars at age 65. It also would set up benefits ranging from \$60 to \$72 in cases of total disability. Actually, the bill would do little more than write into law discretionary regulations already in force in the Veterans Administration in cases of non-service connected disabilities.

Record Cotton Crop For County This Year Is Probability

If the elements cooperate all the way, Howard county farmers will probably put a record cotton crop into the ground this year.

Young cotton in the sandy land was blown out in the recent windy spell and will have to be replanted. Farmers in the black land to the north and east are still waiting on the ground to dry. If the weather were to get hot and remain that way, chances are most of them would get their seed in the ground by the first part of next week.

The big thing throughout the county this year, as far as crops go, will be cotton. Most of the growers are counting on concentrating on it. The shortage of livestock, and the lessening demand for feed, plus the reliability of the crop itself will have a lot to do toward influencing the record planting.

Last year, an estimated 100,000 acres of cotton were planted. This year, much more will go into ground. How much more, not even agricultural authorities care to estimate at the moment.

At any rate, West Texas, with any luck, could produce more cotton than it has in years.

4,000 Left Homeless

TOKYO, May 11. (U.P.)—Kyodo News Agency reported from Sapporo, Hokkaido, today that 4,000 persons were left homeless by fire that destroyed 600 homes in the village of Furuhiira.

POLICE BUST UP 'PRIVATE RODEO'

Two youths who allegedly contributed to vast damage to a green at the Municipal golf course were picked up by city police last night.

Officers said the pair apparently had conducted a sort of "private rodeo." Markings on the green indicated that horses had been ridden across the grass carpeting several times. Evidently the animals were galloping at full speed and the riders brought them to skidding stops on the green, officers said.

The youths agreed to repair the damages, police said.

CLEAR WAY FOR CONSTRUCTION

Contracts For Air Terminal Approved

Formal contracts for construction of a \$40,019 terminal building at the Big Spring Municipal airport were authorized Tuesday by city commissioners, virtually clearing the way for starting actual work on the new structure.

The work order will be issued as soon as a special account for terminal building funds is set up in a local bank. The city plans to establish the account within the next day or two.

Tentative contracts were agreed upon immediately after bids were opened two weeks ago, but formal documents were delayed until approved by the Civil Aeronautics Administration since federal funds will finance half of the construction costs. The general construction contract went to B. F. Horn, Abilene, on a low bid of \$39,179, while A. P. Kasch was awarded the plumbing and heating contract for \$6,050 and electrical work is to be performed by Abilene Service Co. for \$3,790.

In other business Tuesday the city commission extended the Buecher Bus Lines franchise until Dec. 9, 1959, and heard the second reading of a new taxi-cab ordinance.

The city manager was authorized to offer \$16,000 in sewer bonds for sale. The bonds were voted in 1942, but were left unissued during the war. At present there is an acute need for funds to finance extensions to sanitary sewer lines in the city, commissioners observed.

Commissioners had called the hearing after requests were made to open all of 11th Place to community business establishments. Earlier the commission failed to reach a decision on a similar proposal for one lot on that street.

DEATHLESS DAYS In Big Spring Traffic 514

DENVER, Colo., May 11. (U.P.)—Lt. Joseph R. Manosky, 24, son of Andrew Manosky, Overton, Tex., was killed and a companion injured in the crash of a helicopter near here yesterday.

Texan Dies In Crash

DENVER, Colo., May 11. (U.P.)—Lt. Joseph R. Manosky, 24, son of Andrew Manosky, Overton, Tex., was killed and a companion injured in the crash of a helicopter near here yesterday.

County 'Old Timer' Has Memory Of Sandstorms

One of Howard county's old-timers, in sending a registration coupon for the "centennial" list of pioneers, has remarked: "The sandstorms caused many early settlers to move on."

Nevertheless, a lot of them have remained. Probably the longest-remaining one is David A. Rhoton, Sr., 706 Johnson street, who lists Aug. 20, 1879, as the date of his arrival. By the time the spring's centennial rolls around in October, Mr. Rhoton will have been in Howard county for more than 60 years.

Other recent registrants: A. Knappe, 1898; Mrs. David A. Rhoton, 1891; John W. Miller, 1894; B. F. Logan, 1898; Mrs. Della K. Agnell, 1900; Mr. and Mrs. John R. Hull, 1903; Jack McKinnon, 1904; Mrs. Annie Polacek, 1905; Ross Hill, 1905; Mr. and Mrs. D. B. Armistead, 1905; Mr. and Mrs. H. F. Taylor, 1905; M. H. Morrison, 1906; R. L. Cook, 1906; Dock Wallace, 1907; Jones C. Lamar, 1907; Mrs. H. B. Arnold, 1907; W. A. Miller, 1908; Mrs. R. L. Cook, 1908; Mrs. W. A. Miller in 1909.

Names of all those who have been Howard countians since 1909 and before are requested. Please use the coupon.

BOY BROUGHT BACK FROM 'DEAD' — The anxious parents of four-year-old Lawrence Page of Mojave, Calif., watch him breathe oxygen two days after he apparently died from serious traffic injuries. The youngster stopped breathing for ten minutes shortly after he was hit by a car, but doctors revived him with a stimulant injected into his heart. The parents are Mr. and Mrs. Francis M. Page. (AP Wirephoto).

Big Spring Centennial Machinery Humming

The massive machinery which will operate the "big spring centennial" celebration in October was being geared up this week, and organizational efforts are to continue on a regular schedule until some 25 committees are assigned. Over-all administrative setup was completed at a meeting of the Centennial Association's executive board Tuesday night. Each vice president of the association will head up a general division of the celebration, and each has selected an associate. The lineup is like this:

Special events division, Lewis Price, with Matt Harrington as associate; finance division, Douglas Orme, with Carl Blomfield as associate; publicity division, Har-

old P. Steck with Joe Pickle as associate; spectacle division, Herbert Whitney, with Neel Barnaby as associate; hospitality division, Mrs. L. A. Eubanks, with Schley Riley as associate.

All these divisions are being correlated through a central office with R. W. Whipkey as executive chairman, K. H. McGibbon, vice chairman, and H. J. Morrison as executive secretary. Shine Phillips, president of the Centennial Association, and Neil Brown, its secretary, serve in a general supervisory capacity.

Phillips, in accounting the divisional personnel, stressed the fact that final committee organization "is going to reach to everybody in town who wants to work and who will be interested in helping put over a celebration that will be a milestone in Big Spring's history."

These committees already number about 35, and there may be more. Selection of personnel for many of these committees is underway.

Each of them has important work to do, Phillips said, and he urged full cooperation. Arrangements were made at the executive meeting for opening of a

Court Rules Ross Must Die In Chair

AUSTIN, May 11. (U.P.)—The Court of Criminal Appeals ruled again today that Dr. Lloyd I. Ross, San Antonio surgeon, must die in the electric chair for murder in the slaying of Mrs. Gertrude York.

The court on Nov. 3 had rejected Dr. Ross' appeal from the death sentence. Today's action was refusal of his motion for rehearing.

Ross was found guilty of murder by a Fayette County jury in the rifle killing of Mrs. York, one of four members of a prominent San Antonio family slain on a Comal County country road May 25, 1947.

In the York automobile that Sunday morning en route to church were Willard York; his wife, Gertrude; their son, John 9; their daughter, Ann, 13; and Mrs. Mary York, York's 67-year-old mother.

The Ross and York families had been friends for years. The defense sought to show during Dr. Ross' trial that he had "cracked up" after he lost his savings, about \$150,000, which he had entrusted to York for investment.

Patrolman Advises Caution In Picking Up Hitch-Hikers

Persons starting on summer vacation trips by automobile should be especially wary about picking up hitch-hikers along the way, F. D. (Red) Williams, local state highway patrolman, warned today.

An increasing number of violent crimes are being committed by criminals wearing the disguise of the innocent hitch-hiker, Williams pointed out.

Such a person will not hesitate to kill to rob, Williams added.

Many persons seeking rides from passersby resort to that mode of transportation because they cannot afford passageway, the officer stated. However, the few who board automobiles with malicious intent make it increasingly hard on the others, Williams said.

Centennial headquarters about June 1. This space will be in the chamber of commerce office, will have its own staff, phone, informational material, etc., and will serve as a clearing house for the whole 100th birthday effort.

Work also is underway in compiling a complete list of the county's pioneers, who will play a prominent role in the week-long celebration.

Arrangements are being completed toward getting engraved souvenir certificates, which will be distributed as "shares" in the Centennial association on an underwriting basis.

An official Centennial Association seal is to be obtained, and a special contest for selection of the design of this seal is being formulated. A special committee to work on that contest will have full announcement about it later this week.

A group also is to initiate activity looking toward development of the site of the old "big spring" — by arranging pathways, roads, parking space, etc., since that site —officially "discovered" by an army group on October 3, 1949— will be a key point in the centennial celebration.

Clay Outlines Gains To West From Red Blockade Of Berlin

BERLIN, May 11. (U.P.)—Tested by the Russians blockade of Berlin, Germans showed their willingness to fight for their freedoms, Gen. Lucius D. Clay said today.

The retiring American Commander in Germany listed that as one of nine technical and political gains for the West in reviewing blockade developments on the eve of the lifting of transport restrictions.

Clay said in an interview that he considered the following developments gains which probably would not have accrued to the West if the Soviet had not blockaded Berlin.

1—"The definite stand of the Germans for the first time since 1933 against efforts to interfere with their freedoms in Berlin was the most outstanding development. Its effect was felt throughout Germany."

2—"Another gain in a negative sense was that the Soviet effort to dominate Berlin by oppression

brought Communism to its lowest political strength in Germany in many years.

3—"In a broader political significance, the West's stand showed the determination of the free nations not to yield in the face of pressure. This undoubtedly resulted in renewed confidence of the people seeking a free way of life everywhere in Europe."

4—"The airlift demonstrated that air transport can be run on schedule just as any form of transport. It has developed a technique comparable in its exactitude with the long-established railroad and steamship systems."

5—"It (the airlift) advanced by many years experimentation in various forms of equipment such as ground control landings, etc."

6—"It demonstrated the value of definite traffic patterns over an entire route instead of just at airports, to achieve maximum cargo use."

BES STILL CONTROLLING CITY TRAFFIC AT THIRD AND RUNNELS

A swarm of bees still retained part control over a swinging traffic signal at the intersection of Third and Runnels streets this morning despite efforts to lure them into a hive.

The bees descended upon the traffic light Tuesday afternoon following a brief period of uncertainty during which they zoomed by business establishments in that area. Herschel Petty, operator of a nearby service station, produced a beehive and succeeded in coaxing the most swarm into the box late yesterday afternoon. Petty had banged a chisel against a piece of iron to encourage the bees to discontinue their flight.

The bees responded promptly by settling on the traffic light, virtually obscuring the signals on the west side.

The hive, which now houses most of the swarm, was located on the sidewalk corner near the Settles Drug store this morning. Some bystanders predicted that the remainder of the swarm would enter the hive as soon as they discovered that their queen was there. There were still enough bees at large this morning, however, to blot out the red lens on one side of the traffic light.

Managers of business firms and their employees watched the Tuesday afternoon proceedings with some apprehension, especially before the bees decided upon the traffic light as a landing point.

Clay Outlines Gains To West From Red Blockade Of Berlin

7—"Experience in these and other techniques will be of the greatest value in both civil and military operations in the future."

8—"The United States and Britain have developed from this experienced staff officers who have the know-how to run vast air operations with confidence and skill that did not exist before."

9—"It demonstrated the air ability to support airborne armies on a scale not envisioned before and opened new eras for exploitation in this field."

Clay said last night the U. S. wants to see Germany united provided all sections have the same guarantees of freedom as are contained in the West German constitution adopted at Bonn last Sunday.

He spoke at a farewell ceremony in the German bi-zonal economic council at Frankfurt.

He told the Germans: To understand liberty, to have the will never to give it up and to use their liberty properly.

SLAIN IN CHURCH KITCHEN — Pretty Dana Weaver, 16, Jefferson High School student in Roanoke, Va., was found beaten to death in the kitchen of the Roanoke Christ Episcopal Church. (AP Wirephoto).

# Senate GOP, Demo Foes Of Taft Bill May Join Forces

WASHINGTON, May 11. (U.P.)—Senate Republican and Democratic foes of the Taft substitute for the administration's labor bill talked cautiously today of joining forces.

But the two groups faced this big obstacle: They are, in general, still far apart on what any new labor law should contain even if they agree they don't like Taft's ideas.

A hint of how the wind is blowing, however, came from Sen. Douglas (D-Ill.), a Senate Labor Committee member who voted in that group for the administration's Taft-Hartley repealer.

"If," said Douglas, "we can hold the southern moderates and also pull the small but gallant band of Republican liberals, we will get a pretty good labor bill."

The administration bill would replace the Taft-Hartley law with

a modified version of the old Wagner Act.

The bill got sidetracked in the House last week when that branch of Congress came within an ace of passing the substitute Wood Bill. The substitute finally was sent back to the House labor Committee for further study. The committee plans to get to work on a compromise in a few days.

In the Senate, three Republicans—Sens. Taft (Ohio), Smith (N.J.) and Donnell (Mo.) have offered another substitute for the administration. It would make 28 changes in the T-H law and retain about 20 provisions.

Taft is trying to line up some Democratic co-sponsors for the substitute. Sen. Ellender (D-La.) has predicted from from 14 to 22 southern Democrats will vote for it.

Douglas' remarks indicated that foes of the Taft substitute also are thinking of getting together. Those familiar with that thinking said privately they figure it would be necessary to pull at least eight "Republican liberals," to use Douglas' phrase. And when they talk of winning the support of "southern moderates," they reportedly have in mind such senators as Sparkman (D-Ala.) and Long (D-La.).

**WHOOPIING CRANES** — This rare picture of the almost extinct whooping cranes was taken on the Aransas National Wildlife refuge on the Texas Gulf Coast last December by Lon Fitzgerald, staff photographer of the Texas Game, Fish and Oyster Commission. C. A. Keefer, refuge manager, said only 33 of the cranes are known to be alive. Recently he found the nest and two eggs of two captive whooping cranes on the refuge, the first ever made by the cranes in captivity and the first found in the U. S. since 1890. (AP Photo).

# Texans Want Mohair Included In Long-Range Price Support Plan

By TEX EASLEY  
 AP Special Washington Service  
 WASHINGTON, May 11.—Texas goat raisers want Congress to include mohair under the long-range farm price support program it is now drafting.

Ernest L. Williams of San Angelo, secretary-treasurer of the Texas Sheep and Goat Raisers Association, Monday made the request to the House Agriculture Committee.

Explaining that mohair growers had not needed aid when the wool price support program was initiated several years ago, Williams added: "Abnormally high postwar importation of coarse wools were able to come into this country under a tariff reduction of nearly 50 per cent."

"The Angora goat industry is one that is very vital to the economy of a considerable section of the grazing area of the Southwest and the Northwest."

He said that the number of Angora goats in this country had dropped from 4,544,000 in 1941 to 1,700,000 this year.

Jake Mayfield of Del Rio, vice president of the association, and Reps. Fisher and Thornberry, Texas Democrats, also testified, urging action to relieve the depressed mohair market.

# Big Snake Found Under Pavement

HENDERSON, May 11. (U.P.)—A rival for Old Rip, the Eastland horned frog that was found in a courthouse corner stone, is a six-foot king snake discovered beneath the pavement of a business street here.

An unidentified passerby pried a peculiar looking object sticking through a crack in the pavement. When he pulled up a piece of pavement and saw the snake, he departed hurriedly.

Mayor L. H. Reed said he had no idea how long the snake had been there, tightly wedged between the pavement and the concrete base of the busy thoroughfare.

# Judy Garland Is Suspended By MGM

HOLLYWOOD, May 11. (U.P.)—Judy Garland remains suspended today by Metro-Goldwyn-Mayer studio, for failing to report for work on one of her most important pictures, "Anna Get Your Gun."

A studio spokesman said the actress reported two hours late for work yesterday and did not reappear on the set after lunch. Then she was suspended and her salary stopped.

Studio officials said they didn't know what happened, but declared they have no plans for replacing her in the cast.

They said Miss Garland has worked hard on the picture and has been rehearsing since January. Recently, Busby Berkeley was withdrawn as director after a difference of opinion with the actress over how the picture should be filmed. He was replaced by Charles Walters.

# Dement Assigned

Bill W. Dement, army recruit from Knott, has been assigned to the Fifth Armored Division for eight weeks of basic training. He has been assigned to Co. A, 34th Medium Tank Battalion, at Camp Chaffee, Ark. He is the son of Mr. and Mrs. Ira Dement of Route 1, Knott.

# NO HOT DOGS, ICE CREAM SEEN BY SAVANT IN WORLD OF TOMORROW

NEWARK, N. J., May 11. (U.P.)—There'll be no hot dogs and ice cream in the world of tomorrow. They are too expensive on a "geochemical" basis.

That's the prediction of Prof. Eugene G. Rochow of Harvard.

But there will be compensations. There may be machines that build your house with earthenware bricks as it digs out the foundation.

When you wake up in your new adobe house, you'll pull off your pajamas and eat them for breakfast.

The professor was awarded a \$1,000 prize Monday for his research in sand derivatives. The ban on hot dogs and ice cream must come, he said, because the world is eating up its resources too fast.

Prof. Rochow said meat and eggs must disappear from man's diet because the animals producing them consume too much food.

So that leaves tenderloin steak out of the picture too in Prof. Rochow's bright new chemical world.

Clothes must come from synthetic materials, he said, and must be made so they can be turned into sugar and eaten.

The mainstay of man's diet, he told the North Jersey section of the American Chemical Society, would be trees.

He suggested they could be made digestible by converting the cellulose in them into sugars.

Prof. Rochow has a name—geochemistry—for the science that can turn us away from our present "suicidal trend."

# Ex-Red Says Moscow Planning War With U. S. For 20 Years

WASHINGTON, May 11. (AP)—A former Community Party member says Moscow has been planning for a war with the United States for 20 years.

And Paul Crouch, now a mechanical department employee of the Miami Daily News, says further that 25,000 Reds in the United States would help Russia with sabotage if war came.

Crouch spent 17 years in the party. His statement that the Kremlin has been planning for war for two decades appears in a series of newspaper articles on his inside activities in the party.

The articles have been added to the evidence the House Un-American Activities Committee has been getting from Crouch.

While the House group collected information about Communist activities in general, a Senate judiciary subcommittee delved into alleged subversive activities among Slav elements in this country.

It called William H. Smyth, described by investigators as an American business man who spent many years in Yugoslavia, and Bogdan Raditsa, former Yugoslav information officer in this country who broke with Marshal Tito, to tell what they know about such activities.

The subcommittee is taking testimony on a bill by Sen. McCarran (D-Nev.) to tighten immigration restrictions and prevent an influx of foreign agents coming here under diplomatic immunity.

Yesterday it heard a former Polish military attaché here describe the Polish embassy as "the center of spying apparatus and subversive activities directed against the United States."

The House committee has not made public the testimony obtained from Crouch last week by its investigating staff.

One of his articles says that years ago in New York, Mrs. Juliet Poyntz was killed by the Communists for

squealing on them and her body thrown in the East River.

Once a leading Red, Mrs. Poyntz disappeared in 1937. She was declared legally dead in 1944. New York police still carry her on their list of missing persons.

Crouch did not testify about Mrs. Poyntz. The committee may seek more information from him about the case, but when it will do so is indefinite.

It had subpoenaed him for hearings scheduled for May 24. Then it heard the Justice Department wants him to appear before a New York grand jury investigating subversive activities. The grand jury undoubtedly would be given first claim on him.

Crouch's newspaper articles which are being syndicated, say among other things that:

1. The Communists have people in key jobs with Pan-American Airlines at Miami to provide liaison with party agents in Havana, Miami and Havana were centers from which the Reds planned to expand through Latin America, with particular designs on the Panama Canal.

2. At one time the Communists got a man into the Army artillery corps in the Canal Zone.

## Electra May Get Some Aid In Fight Against Indignity

FORT WORTH, May 11. (AP)—Electra may get some help in its fight against being a "whistle stop" for a streamline train.

Mayor R. T. Ferguson of Chillicothe yesterday said he planned a city council meeting for action on an ordinance like Electra passed—an ordinance he hoped would be in effect by Friday.

When the Railroad Commission gave the Fort Worth & Denver City Railroad permission to make Electra and several other small towns conditional stops for its crack zephyr, Electra passed a town ordinance.

This ordinance makes the train slow down to a creep, has a clause that provides for inspection of sanitary facilities on the train and a couple of other points.

Just in case the railroad doesn't get the point—that Electra gives a big toot about being a whistle stop—citizens there plan a demonstration when the train stops Friday.

Will it stop? Sure, Electra has arranged for one of its citizens to ride it from Fort Worth to Electra.

## Charged With Murder

HOUSTON, May 11. (AP)—Johnnie Lee Bryant, 28, yesterday was charged with murder following the death of Telmon Askson, 20. Askson died of knife wounds in the chest, police said.

# Chancellor Of Chicago U. Weds Ex-Secretary

ROBERT HUTCHINS

CHICAGO, May 11. (AP)—Robert Maynard Hutchins, chancellor of the University of Chicago, went honeymooning today with his bride, formerly his secretary.

Hutchins, 50, and his bride, Mrs. Vesta Sutton Orlick, were married yesterday in a surprise ceremony. They left immediately afterward for an unannounced destination in the south.

The candlelight ceremony was performed by Hutchins' father, Dr. William J. Hutchins, formerly president of Berea College in Kentucky. There were no attendants.

Both the bride and Hutchins have been divorced. Hutchins and the former Maude Phelps McVeigh were divorced last year after 27 years of marriage. They had two daughters. Mrs. Orlick was the wife of Raymond I. Orlick, was divorced in 1943. She has one daughter.

## Rent Controls Lifted

# BIOGRAPHY COMES OUT

## Lewis Painted As Affable Guy

WASHINGTON, May 11. (AP)—John L. Lewis' official biography comes out today. It speaks highly of him.

It says that—regardless of the popular impression—Lewis really is a modest, affable, big-hearted man who likes to play with children.

The five-and-half page biographical sketch was prepared by Allied Syndicates, Inc., a company hired by Lewis' union, the United Mine Workers, to help it with its press relations.

The sketch begins: "John L. Lewis, undoubtedly the world's foremost labor executive, was born in Lucas, Iowa, on Lincoln's Birthday, Feb. 12, 1889."

The last page is devoted to Lewis the man:

"In private life, Mr. Lewis is by no means the 'gruff soupuss' that many cartoonists and writers have endeavored to depict.

"He is one of the most affable, big-hearted men on the American scene.

"He possesses an old-fashioned courtliness that is too often lacking in other great leaders."

The sketch says that Lewis probably is the most photographed man in the U. S. except for the President.

John was the oldest of six sons of Tom Lewis, an active union man.

In his early days John was a good ball player, liked amateur theatricals, read everything from the Bible to Shakespeare, the sketch says.

Lewis credits his wife, a former schoolteacher who died in 1942, with much of his success.

"Mrs. Lewis was a constant intellectual spur for her husband, and she helped him polish up the dramatic rhetorical style which has so often aided Lewis in his battles with both mine operators and government bureaucrats."

Somewhere along the line Lewis picked up a hobby that may be useful when he starts figuring what to do during contract disputes:

"A keen student of Napoleon and

military strategy in general, Lewis was once found down on the floor of a conference room with the late Gen. Hugh Johnson.

"The mutual friend who saw them reported that the two men were heatedly discussing how this flank and that battalion should have been moved in the battle of Gettysburg."

Exactly 701,243 spectators have witnessed Santa Clara-California football games since the rivalry began in 1898.

## 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!  
Business & New York doctors now have proved you may break the laxative habit. Establish your natural powers of regularity. Eighty-three per cent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead: Every night for one week take 3 Carter's Pills. Second week—one each night. Third week—one every other night. Then—nothing! Every day drink eight glasses of water, set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.  
How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contain no habit-forming drugs.  
Break the laxative habit... with Carter's Pills... and be regular naturally.  
When your overeating, overwork makes you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 35¢ today. You'll be grateful the rest of your life.

WHY THE MOST MODERN of America's Four Finest Automobiles COSTS \$875 TO \$2,428 LESS\* TO BUY

Only Nash can build this finer value in luxury automobiles, because only Nash has the Girder-built Unitized body-and-frame, the all-welded, integral-braced unit.

It increases rigidity 50%, eliminates rattles and squeaks, expands interior space, lowers weight for better roadability.

It makes possible the first truly streamlined car with all wheels enclosed.

Powering the Nash Ambassador is the only American high-compression, valve-in-head engine with 100% counterbalanced, valve-in-head engine with 100% counterbalanced 7-bearing crankshaft—so efficient that, compared with the other three finest cars, it delivers as much as 30% more gasoline mileage.

You must drive a Nash Ambassador to appreciate the difference in handling ease, comfort and performance. Your Nash dealer will gladly place a car at your command.

\*Based on prices reported in Automotive News, April 25, 1949

## Bikes And Scooters Also Can Be Hazards At Public Exits

In the press of this area we have noticed some warnings from officers that automobiles are not to be parked in front of theatres.

Fortunately, we haven't had that problem in Big Spring, but we do have one that is in a similar vein, and one that needs correcting.

Reference is to the habit of youngsters parking their bicycles—and motor scooters—in front of theatres.

The reason state law requires that the space in front of theatres be vacant is obviously one for safety. If an emergency ever should arise to occasion a sudden and complete exit of the building, there must not be anything to bottleneck the exit flow.

Pressure of a crowd cannot move an automobile. It could trample bikes and scooters, but what is more likely is that these contraptions would enmesh the vanguard of the crowd and create a situation about as difficult as a barbed wire entanglement.

No doubt it is mighty handy for a youngster to drive right in front of a theatre and leave his bike, where ostensibly it can be watched, while he takes in a couple of hours of entertainment. But as against potential public safety and convenience for youngsters, we think the public's safety ought to have preference.

## Gen. Clay Leaves Sound Record In Retiring As Administrator

While not overly-enthusiastic, German nationals have been having some solid tributes for General Lucius Clay, who is retiring from his task as administrator of the American zone of western Germany.

This is, within itself, quite a compliment to his handling of a difficult situation, for at the outset he made it clear that he had come to administer, not to tattle. Although his policy was modified in some degree by the necessities of international politics, he never took the soap-box to announce any fundamental change.

Moreover, he did not become a goodwill and back-slapper. Again as the administrator he maintained a dignified

gulf between himself and the conquered. Certainly he had no sense of frustration, for he was quite successful in wielding a free hand in affairs surrounding the overall occupation and the Berlin situation.

Not only in maintaining a firm attitude toward the Russians and securing acceptable terms for the Allies in lifting the blockade, but in his dealing with western officials did he achieve success. His job was tremendous, for it was little short of impossible. Rather than placating and "holding on" he turned adversity into a victory of no mean proportions. And, realizing that he is not indispensable, he is entitled to a well earned rest.

## Affairs Of The World—DeWitt MacKenzie

### New German Constitution Is Unprecedented For Vaterland

WESTERN GERMANY'S NEW REPUBLICAN constitution—modeled on the American and British governments—is truly the product of our new era.

This constitution provides on paper, at least, the greatest degree of democracy Germany has known. It provides virtually the only democracy Germany has experienced, because the short-lived Weimar Republic (1919-33) died an unnatural death before it could fulfill its promise.

Even more striking is the fact that Germany—twice the instigator of world wars within a generation—not only outlaws aggressive war but provides for the transfer of the Reich's proud sovereignty to a United States of Europe. And Germans who only a short time ago were bowing the neck to the Hitlerian dictatorship are given a sweeping bill of rights which declares that "the dignity of man shall be inviolable."

THE OLD KAISER WAS THE EPI-tome of Prussianism. Under his "me and God" rule, aiming at expansion, there was a rapid rise in taxation because of the cost of armament, and a large class of the pop-

ulation was dissatisfied with the militaristic organization of the country. It was this period that saw the great expansion of the abdication of the Kaiser. The of the Krupp armament works in the Ruhr.

Then came the World War which resulted Weimar republic tried to inaugurate democracy, only to be overtaken by the Hitlerian regime, which represented one of the most terrible dictatorships of all time.

Now we get the violent revision to all this in the new constitution. German political leaders claim it is the most progressive in existence.

WELL, THEY ARE GOING TO HAVE their chance to prove that claim. They still will be under Allied supervision until such time as they have demonstrated their fitness to walk alone, but the Allied purpose is to encourage them to stand on their own feet.

The constitution, of course, can only apply to the three zones of western Germany at the outset, but it has been drawn up so as to include Soviet-controlled eastern Germany as soon as a united nation can be achieved.

## Matter Of Fact—Joseph Alsop

### It's High Time To Consider End Of U.S. Military Rule In Japan

TOKYO—In the early days of the occupation, General of the Army Douglas MacArthur was wont to remark to visitors that after about the third year, any military occupation begins to collapse of its own weight. Japan today, in the fourth year of the occupation, is a tribute to MacArthur's presence.

The end of military government of this unhappy nation should now be urgently considered, if grave future consequences are to be avoided. This is so, and MacArthur was right, because the course of all military occupations is determined by three simple, dispelling rules.

Rule one: Military men, with plenty of good will but no sort of training for the job, are unfit to control indefinitely all the delicate, infinitely complicated mechanisms which govern the lives of millions of people. A brigadier general arrived here recently and was subjected to the usual "indoctrination lecture" on the political and economic problems of Japan. Half way through, he slapped the table and cried, "By God, sir, a soldier's job is to shoot guns! What's all this damn nonsense about?"

The general was not typical of the many hardworking and intelligent officers here. But he was right. A soldier's job is to shoot guns. When soldiers are asked, instead, to govern a nation, the result is apt to be the sort of self-strangulation illustrated by one civilian's frank remark to this reporter: "They pay me ten thousand a year in this section because I'm

the only man who knows how to unravel the Army's red tape."

What is really surprising is that the Army has done as well as it has. One is reminded of Samuel Johnson's reply when asked what he thought about lady preachers: "Sir, a woman preaching is like a dog walking on his hind legs. It is not done well; but one is surprised to find it done at all."

Rule two: Military occupation brings into being an alien, privileged class, visibly enjoying all the perquisites of incomparable wealth and unlimited power, with immeasurably pernicious results. Nothing is more striking in Japan today than the heavy colonial atmosphere. It is not merely the contrast in living conditions. Army regulations are necessarily geared to the most irresponsible nine-year-old G. I., but they apply equally to all Americans, civilian and military.

It is illegal to give a Japanese a cigarette, to visit a Japanese friend in a hospital, to go to a Japanese theater, and so on, ad infinitum. The result is to cut the American rulers off from any normal contact with the Japanese ruled. Moreover, in order to enforce such segregation, according to well-informed observers, the American authorities have had to hire Japanese—housekeepers, theater managers, ticket agents—to inform on their American conquerors. The Japanese call the American counter-intelligence the "kempaitai," after their own dread pre-war secret police.

Rule three: The real political life of the country governed is hopelessly smothered under the artificial conditions of tight military control. No one but a second-rater, or a fool, or an occasional, aged, duty-bound patriot will seek office when all real power, the only real reward for political office, is in foreign hands. Thus, responsibility for everything, from balancing the budget to inspecting slaughterhouses, is sloughed off on the conquerors. And everything painful, from high taxes to inadequate rations, is conveniently blamed on the occupying power, a game which the Japanese Communists are playing hard and well.

This has been a benevolent and remarkably peaceful occupation. It has a number of impressive accomplishments to its credit, of which the land reform is the most outstanding. At the time of accomplishment has passed. And the inexcusable operation of the three rules given above has now produced an urgent need for fundamental change. On that point almost everyone in Japan, except the high command, seems to be agreed.

"YOU GUYS ORDER ONE OF THESE?"

## Merry-Go-Round—Drew Pearson

### Pilots, Ground Crewmen Of Berlin Airlift Taking Well-Deserved Rest

WASHINGTON — Today the Berlin airlift is suspended and the pilots and ground crewmen who performed the greatest air feat in history at long last get a rest.

What they and the nation may not know, however, is what intelligence reports from Russia say about their work. They say that the Berlin airlift has done more to increase American prestige in Europe than anything else.

Even behind the Iron Curtain, the facts of the Berlin airlift are known. The Russians couldn't keep the news out. The feeding of a city of 2 million people by air, day in and day out, was too staggering a story to suppress. It was a great human story, spread not by newspapers, but by word of mouth.

The Soviet government not only couldn't suppress it, but was worried about it. So the pilots and ground crewmen, as they ease up on their labors today, may never really know how much they have done for their country.

EDGAR HOOVER SCHOOL. During the 25 long years he has been director of the FBI, J. Edgar Hoover has received all kinds of tempting financial offers.

Various corporations have invited him to leave the government and join them. Movie companies have asked him to serve as their crime-story adviser. Big detective agencies sought his services. But Hoover has said no.

When you compare this with the general field of ex-government officials, Hoover's sacrifice looms much bigger than the public realizes. Most top government officials serve a few years, then go out and make big money in private industry. In Washington and New York, the woods are full of lawyers who once worked for the government and now lobby against the government.

But Hoover was satisfied to work for years on less than \$10,000; only recently got a salary increase to \$14,000. He is truly devoted to public service.

Therefore, it was appropriate that Tuesday — the 25th anniversary of Hoover's directorship of the FBI — a bipartisan group of senators and representatives introduced a bill establishing a model school for rejected boys outside Washington in honor of Hoover. For work among boys has been one of his greatest contributions.

ENTERPRISE. Already, a group of private citizens have secured a 530-acre farm near the Upper Potomac in Maryland as a gift to the J. Edgar Hoover Foundation. They also plan to raise money privately to help build and finance the school.

The bill, introduced in Congress by Senators Thomas of Utah, Morse of Oregon and Ives of New York and Congressmen Walter of Pennsylvania and Case of New Jersey, provides that the government will match private contributions, and that the school will be governed by a board composed of an equal number of government officials and private citizens. This would give the school some of the freedom of enterprise which the government itself lacks.

Hoover, himself, would be the guiding genius behind the school. And, though his days of retire-

ment are still some time off, the day might come when, instead of taking a tempting offer from private business, he could devote his talents to the thing he enjoys most—improving the youth of the nation.

And in view of Hoover's long service at a modest government salary, nobody in Congress is going to object to putting up part of the money for a boy's school dedicated to him.

UNDERNEATH HIS BELLOW. Bellowing Bill Langer, the unruly senator from North Dakota, likes to size up a man before voting to confirm him for office. That's why he blocked the confirmation of Adm. Paul Mather to succeed Jess Larson as War Assets Administrator.

Finally Larson called the senator and asked what he had against Admiral Mather. "I just want to look him in the eye," roared Langer.

Larson hurried Mather over to Capitol Hill for Langer's inspection. The big, friendly senator threw an arm around the Admiral and said: "You look like a two-fisted guy. We'll confirm you this afternoon."

ACHESON TO GERMANY. Secretary Acheson has decided to visit Germany while in Paris for the four-power conference. In fact, Acheson already has a

## Hollywood—Bob Thomas

### Disney Declares War On Movie Double Features

HOLLYWOOD, (AP)—The movie double features gets a formidable foe—Walt Disney.

As Mark Twain didn't say—it was Charles Dudley Warner—everybody complains about the weather. But nobody does anything about it. The same goes for double features.

Patrons beef about paralyzed posteriors, but they continue to buy the 2-for-1 bargain shows. To those who would really like to see something done about it, Disney offers some hope.

The cartoon wizard has started a series of half-hour films called "True Life Adventures." The first is an exciting hunk of nature study, "Seal Island." Coming up: "The Life of the Beaver" and "The Atom." Says Disney: "I claim the public would rather see 30 minutes of exciting entertainment than two hours of million dollar boredom."

"I often run two or three million dollar pictures at my house and do you know what my kids do after some of them? They run to the television set and turn on Hopalong Cassidy for some real entertainment."

## Historian Injured In Cattle Stampede

GALLUP, N. M., May 11. (AP)—Author-Historian J. Evetts Haley, 43, was badly trampled in a cattle stampede yesterday. He received emergency treatment for a lacerated face and planned to go to San Antonio for plastic surgery. Haley, biographer of southwestern personalities, owns several ranches in West Texas and New Mexico.

## Around The Rim—The Herald Staff

### Comic Strip Creators Rely More On 'Message' For Pace Change

Recently, when Leslie Turner had Capt. Easy and Penney hitting it off so well that his soldier of fortune was in danger of being married off in London, the comic artist had to do something to save his bread and butter. Enter Kathy, a war orphan. Having wrung most of the pathos out of Kathy, Turner got her and Easy across the pond.

Then he hit the jackpot. Instead of a gangster, as everybody had begun to surmise, her father turned out to be an alcoholic. Turner had tapped a gold mine of material. So now Easy is carrying Gig, the father, through the tortures of an alcoholic in the process of recovery. For his story, all Turner has to do is turn the pages on the AA program.

He's no pioneer in voicing a "message," however. The second major discovery of strip creators was the message. The first, of course, was continuity, or the day to day continued story. Outside of the Joe Miller bon mots which Bud Fisher still employs as stock and trade for Mutt & Jeff, and the ill-tempered, puttin'-on Maggie by George McManus, most artists stick to the story technique.

Now more and more are relying on the message for a change of pace. Occasionally, these esteem to be mild crusades, for caustic ridicule is employed. One of the most adept in this field is Al Capp, who turns out Lil' Abner, the simple oaf who hasn't enough sense to perceive (except during Yoakum moon) that Daisy Mae is quite a dish. Capp doesn't play favorites. Just as all the conservatives are about to call him a Red for his portrayals of J. P. Porkingham and the burping Van Uppingham and assorted stuffed shirts and robber-barons, he turns his guns on the uncouth Commies and dips

his pen in caustic solutions for fellow-traveler characters. His shimoo, recently became a national institution in a not too delicate satire against the something-for-nothing boys.

Harold Gray has been carrying the torch for years with Orphan Annie. His Oliver Warbucks, once a naughty and haughty capitalist in Grry's younger days, turned out to be, under the spell of Annie, the epitome of all that is good and fine and generous about American free enterprise. There was a time when Gray saw capitalism gasping its last breath and he killed Warbucks. But he had to resurrect him because the public still believed in the Warbucks story. All the while Annie has been unreeling gems of wisdom so far advanced of her age (although she's been around long enough) that one hearkens back to the days when the priests were amazed in the temple.

Lank Leonard uses his Mickey Finn to plug for juvenile delinquency reform. Ham Fisher likes best to expose the dame with a naughty but a pretty face. He got so nasty with his Cong. Wredebottom that he had to retire this repulsive character from public office. Lichty gets pretty pointed with his Senator Snort. Kling has been telling the story of a young GI in business through Gasoline Alley, a strip that actually lets its characters grow up normally. H. T. Webster, who happily learned to sketch with his left hand when his right became useless, has several favorite targets, but none is so fresh as his "Unseen Audience," wherein the radio copy writers are lampooned.

Sometimes the technique of the message is sophomoric, but it's good to know we have a few latter day Swifts and Carrolls around.—JOE PICKLE

## Nation Today—James Marlow

### Little Guy Sorely Perplexed By International Developments

WASHINGTON, (AP)—THE LITTLE GUY, any little guy on this 11th day of May, 1949, wet his finger and held it up to see which way the wind was blowing. He couldn't tell.

High in the sky he saw a bird flying. "The Dove of Peace—maybe, maybe," he said to himself. He wanted to think it was. He couldn't be sure. He trudged along, eyes straight ahead.

Russia and the West were going to end the Berlin blockade and talk of settling things. But they had been talking of that off and on since the war and things hadn't been settled yet.

Knowing the nature of man, he couldn't be sure they ever would be and he thought: "I wonder if they'll ever be settled in my lifetime or anybody's lifetime, now or hereafter."

HE DIDN'T FEEL BLUE OR GAY OR happy or depressed. He was living from day to day, wondering about next week and next year, hoping he could just live out his life quietly.

But deep tides were running all over earth, tides of people and ideas, changing the lives and ways of people, tides that were lapping closer to the shores of the world he lived in.

In China Communism was rolling over 450 million people, over 190 million people in Russia and Siberia, over more millions in eastern Europe, trying to get through the edges of western Europe.

## Notebook—Hal Boyle

### It Takes Chrysler Just Hour And 20 Minutes To Make Auto

DETROIT, (AP)—AUTO TOWN SIDELIGHTS. This metropolis of the motor car has been one of the most swiftly changing cities in America.

And the reasons workmen give for going on strike here have changed, too. Some 65,000 Ford Company workers walked out last week, charging the management had instituted a "speed up."

But Detroit's first strike, called 112 years ago by carpenters, sought labor's classic goals—shorter hours, more pay.

Their slogan: "Ten hours a day And two dollars for pay."

HAVING NEVER SEEN AN ASSEMBLY line—that web of standing men and moving steel which lies at the heart of American productive genius—I rode out to the Chrysler Plant to inspect one.

It wasn't as much like Charlie Chaplin's "Modern Times" as I had expected. It was quieter.

## Home Repair Cost Is Estimated In Millions

NEW YORK, (AP)—Keeping the nation's non-farm houses in prime condition will cost American home owners between \$2,500,000,000 and \$3,100,000,000 during 1949.

That sum is being spent on roofing, painting, carpentry work and other repairs this year, according to estimates by the Tile Council of America.

Painting and redecorating, inside and out, are expected to account for about \$300 of every \$100 of home repair expenditures, the report revealed. Repair and replacement of heating equipment will take \$25, and roofing about \$15, on the average.

Installation of showers, tiling of bathrooms and replacement of piping will take \$6 out of each \$100, and carpentry work will account for the same amount. Miscellaneous repairs will account for the rest of the theoretic \$100, according to the report.

And here and in western Europe people were banding together to build dikes of steel and planes and men in uniform to stop the Eastern tides.

And while the tides moved and the dikes were being built the statesmen in their natty Homburg hats were getting ready to sit down together to find some way of living side by side without explosions.

WHAT WOULD HAPPEN IN THE END, he didn't know, since he wasn't a prophet himself and didn't know anyone who was, although plenty of brash characters bob up, claiming to know truths, present and future.

But struggle, struggle, struggle. He had read in books that man is an animal and struggles to survive and this is a natural thing. But couldn't they struggle without eating one another? All he wanted was less shoving.

Even here at home, the struggle. But here it was a struggle of words between Democrats and Republicans in Congress, arguments, wrangling, denunciations, politicking, promises of "I can do it better." Show me, the Little Guy thought.

The Little Guy ambled along, thinking suddenly of "Lippy" Durocher of the Giants and he began to grin:

"People go to baseball games to have a good time, and even there there's struggle. Think of all the scrapes Lippy's been in. And the fans pay their good money so they can call people names."

NOW, BY AN INTRICATE SYSTEM OF coding and assembly of special parts, each car is built to the individual buyer's desire as it moves along the line. That is, in terms of model, color trim and seat covering material.

Employees remember two cars that required special customizing. One was for the late Edward Bowes, radio maestro. He had a built-in bar. The other was for an Oklahoma oil heir who wanted a car to match the color of her favorite hair ribbon.

It was orchid.

## Today's Birthday

SLVADOR DALI, born May 11, 1904, at Figueras, Spain, son of a notary. This surrealist painter of melting watches and weird desert scenes was destined by his father to be a notary. At 14 the boy rebelled and entered the Academy of Fine Arts at Madrid. He worried his teachers with ability to copy great masters with touches of personal satire, and was expelled for "doodling." Going to Paris in 1927 he found himself in the midst of the surrealist vogue. He was introduced to New York with a Dali ball where he wore a glass case containing a brassiere on his chest. He crashed through a Fifth Avenue window when the store changed his display. He was arrested in Spain for Bronx-cheering a Franco rally and fled again to the United States.

## North Ward Parents-Teachers Hear Address By L. B. Moss On Tuesday

In concluding activities for the current year, the Rev. L. B. Moss spoke on the subject, "Finding Permanent Values," at the tea and program meeting of the North Ward Parent-Teacher Association at the school Tuesday evening.

"That the harmony of the home, school and church is the lasting factor that impresses the individual."

Mrs. L. B. Moss brought the devotional, "Woman, The Mother," from Proverbs 31. The resignation of Mrs. W. C. Bell, vice-president, was accepted.

Students from the first and fifth grades presented the program. Janice Phillips served as program announcer and the first grade class gave a musical safety skit, accompanied by Mrs. Garnett Miller. The fifth grade class was heard in three musical numbers entitled, "Climbing Jacob's Ladder," "Steal Away," and "Swing Low, Sweet Chariot," accompanied by Mrs. Velma Grise.

Mrs. Lila Baird, seventh grade teacher, was presented with a gift and Mrs. Earl Hollis was given a past president's pin.

Following the program, a tea was held in the school room. The table was laid with a lace cloth and centered with an arrangement of spring flowers. Mrs. W. C. Bell poured and Mrs. Earl Hollis cut the cake.

Attending were Mrs. K. J. Neilson, Mrs. George Hill, the Rev. and Mrs. L. B. Moss, Mrs. Alvin Vierege, Mrs. C. E. Suggs, Mrs. O. H. Derington, Mrs. W. N. Wood, Mrs. E. T. Scott, Mrs. W. H. Denton, Mrs. Jeff Grant, Mrs. Fred Wilson, Mrs. Brown Rogers, Mrs. Avery Deel, Mrs. Bert Matthes.

## Girls Forget Fears, Thanks To 2-Way Help

What to do for women's oldest problem, functional monthly pain? Many a girl and woman has found the answer in GARDOL 2-way help. You see, GARDOL may make things less painful for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periods pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. GARDOL is scientifically prepared and scientifically tested. If you suffer "at those certain times", get GARDOL today.

## Wedding Plans Are Announced

Mr. and Mrs. A. C. Wilson announce the engagement and approaching marriage of their daughter, Gertrude, to James H. Morgan, son of Mr. and Mrs. J. T. Morgan.

Wedding vows will be exchanged in the First Presbyterian Church on May 20 with the Rev. R. G. Lloyd, church pastor, officiating.

## Former Big Springers Have New Daughter

Mr. and Mrs. Hugh Spears, former Big Spring residents, announce the birth of a daughter on Sunday at Pico, Calif. The baby weighed six pounds and has been named Cecelia Elizabeth. Mrs. Spears is the former Virginia Burns and her mother, Mrs. Nellie Burns, is with her in Pico.

## Enlists in WAC

Betty Harvey left today for Camp Lee, Virginia as a new recruit in the WAC. Miss Harvey has enlisted for three years.

## Athletic Council Sponsors Variety Show; Lions Club Sponsors Campaign

STANTON, May 11. (Sp1)—A variety show was presented in the local city auditorium Friday evening under the sponsorship of the Athletic Council. First prize was won by Joe Puga, Jr. and second prizes were won by Juanita Howell, Elizabeth Hildreth and Jan Nichols, and third prize was won by Bobby Carlisle. Those on the program included George Whitaker, Martha Baugh, Evelyn Coggin, Sandra Martin, Virginia Ory, Jerry Baugh, Glenna Reed, Johnny Stroope, Betty Berry, Janelle Jones and Larry Clements, Jo Anne Jones, Ivana Puckett, Jeanette Howell, Elizabeth Hildreth, Jan Nichols, Linda Bess Bryan, Joe Puga, Jr., Billy Jean Carlisle, Anita Shankie, Peggy Ross, Becky Bentley and Betty Bennett, Bobby Carlisle, Earl and Geri Koonce, Kenneth Hanson, Patsy Pollock, Janie Standefer, Billy Faye Everett, Ima Joy Williamson and Anna Bell Heckler.

Members of the Lions club are sponsoring a campaign to number the houses and to place street markers here. Club members will canvass the city distributing house number pledge cards to the residents.

The Stanton Memorial hospital staff was entertained with a Mexican supper at the El Patio in Big Spring recently. Those attending were Mr. and Mrs. Jack Arrington, Dr. and Mrs. Ernest J. Nelson, Mrs. Jackie Finnie, Mrs. Lelia Shankie and daughter, Anita, Mrs. Ruth Bartlett, Mrs. Henry Minton, R. S. Higgins, Leslie Jean Tom and James Eiland.

Mr. and Mrs. Claud Houston entertained the members of the Wesley Fellowship Sunday school class of the Methodist church and their guests at a chicken barbecue Thursday evening. Present were Bob Lee, Lois Standefer, I. T. Graves, Travis Graham, Dorothy Renfro, Mr. and Mrs. Aaron Alexander, Gwen Graves, Ralph Jones, Mattie Fiansgan, Louise Graves, June Mary McClesky, James Bulard, Mr. and Mrs. Lamin Baker, Billie Thomason, Sammie Houston, Bob Davenport, James Nichols and Mr. and Mrs. Finley Rhodes.

## Class To Meet

The Mary Martha class will meet in the Adult Assembly room of the First Baptist church Thursday at 7:30 p. m. Announcement is made by Mrs. Wayne Williams, teacher.

## NOT HALF-SAFE

GREENSBORO, N. C. 1949—Joyce Winthrop of Greensboro and Atlanta, Georgia, says: "A girl who's half-safe stays home—and misses out on all the fun and parties. So I don't take any chances—I use a deodorant that stops my perspiration 1 to 3 days. Kills perspiration odor instantly, safely, surely, better than anything I've found. Safe for my skin and clothes."

How about you? Don't be half-safe—be Arrid-safe! Use Arrid to be sure. Buy new Arrid with Creamogen. Arrid with Creamogen is guaranteed not to crystallize or dry out in the jar. What's more, if you are not completely convinced that Arrid is in every way the finest cream deodorant you've ever used, return the jar with unused portion, and we'll refund the entire purchase price. Our address is on every package.

Get a jar of the new Arrid with Creamogen today—only 39¢ plus tax.

# Gyselman Leads Sweetwater Into Cayuse Fracas Here

## Rodriguez May Go To Mound

Dick Gyselman, one of the great hitters in minor league baseball, brings his Sweetwater Swatters into the Cayuse for an 8:15 p.m. tonight with Pat Stacey's rambling Broncs.

The Swatters haven't been faring so well in Longhorn league play. In 4 starts, they've succeeded in breaking the tape first but twice.

Still and all, the Hosses had best be especially watchful. There's nothing as dangerous as a wounded lion and the local management figures the guests will be scarp hunting in a big way.

Chances are Gyselman will lead with his pitching ace, Lou Lockhart. Lou is the boy who tamed the Hosses in a previous start at Sweetwater. The Swatters won that one with yards to spare, 13-2.

Big Spring will probably count with popular Freddy (Trompolco) Rodriguez on the hill. Roddy has notched but one victory this year but he looks good and is bound to get started, with hot weather coming on.

Back to Gyselman, he's been around on the baseball map. He was in big show at one time and spent several years with the Seattle club in the Coast league. He's a third sacker and, though he's slowed down somewhat, can still cover a lot of ground. The left side of the Bronc infield had best be wearing shin guards, too, when Gyselman comes to the dish. He hits them that hard.

The Swatters will stay over for a game Thursday night, after which the Cayuses will head for Ballinger and three contests.

## Eagles, Cats Chalk Up Wins

By WILBUR MARTIN Associated Press Staff

There's no place like home—especially if it's profitable.

Every one of the travel weary Northern clubs in the Texas League won last night in first appearances after an 11-day southern road trip.

Dallas concentrated its power in one inning to beat Shreveport, 6-3. Fort Worth defeated Beaumont, 7-1; Tulsa edged Houston, 3-2, and the Oklahoma City Indians scored out San Antonio, 3-2.

Eddie Chandler held Beaumont to four hits as his Fort Worth mates ran up the score.

Dallas scored six runs in the sixth inning to give Tommy Finger his fourth victory.

Big Spring (Texas), Herald, Wed., May 11, 1949 7

## Looking 'Em Over

by Tommy Hart

Our Town's baseball Broncs would probably be a shoo-in for the Longhorn league championship if Pancho Perez, their 21-game winner last year, were back this season.

The good-looking Francisco recently hurled his second shutout in a row for the Orlando, Fla., team. It was a glossy one-hitter, which came at the expense of Sanford. Leadoff man Johnny McManus singled in the first inning. After that, Perez was invincible.

Several days before, Pancho hurled a five-hitter against Palatka while blanking that club.

Elmer Bolen, who performed in the outfield for the Odessa Oilers last year, is now earning his keep as caretaker of the Odessa baseball plant.

**WILL RAMSDALL FARMED TO HOLLYWOOD STARS**

Willard Ramsdell, the one-time Big Spring who was in spring training with the Brooklyn Dodgers, is now with the Hollywood club in the Pacific Coast league.

Ramsdell decorated the Dodger staff in same only. He was rarely used, either in relief or as a starting pitcher. He should work regularly for the Stars.

**BALLINGER CATCHER STARRED AGAINST YANKEES**

Bart Burleson, the strapping youngster who belted two hits off Gil Guerra while appearing as a relief catcher for Ballinger here last Sunday, is the same fellow who banged out three blows in an exhibition game for Houston against the New York Yankees several years ago. He was trying out with the Buffs at the time.

Dick Kralogine, who started in the box for Ballinger against the Big Springers Saturday night, was picked up by Manager Charles English at the Rogers Hornsby baseball clinic in Hot Springs, Ark.

Incidentally, English wondered aloud while here why more pro ball players don't take to umpiring while in the twilight of their careers. He added such boys had a big advantage over fellows who had never been associated with the game before in that they know (or should) the rules.

Jim Prince, the ex-Midland first sacker, was hitting a robust .371 for the Lubbock Hubbers when the latest WT-NM averages were released.

**BASEBALL CLOWN TO APPEAR AT SWEETWATER**

Johnnie Jones, one of the younger baseball clowns touring the country, will make an appearance at a Sweetwater game within a week or so.

Jones is on his fourth annual cross country tour. Up until he decided to become a comic, Johnnie was a member of the House of David team. He toured in 24 states last year.

**KNOTT PILOT IS BUSY AS CRANBERRY MERCHANT**

O. L. Raven, pilot of the Knott Tri-County league baseball entry, keeps in baseball because of a consuming passion for it, though he keeps as busy during the week as a pitehman peddling balloons in a high wind.

Raven farms in the northern portion of the county and runs a grocery store in Big Spring. In between, he's a trader, buys and sells cattle, pigs or anything else he might swap off.

O. L. got into the grocery business here in an odd way. He walked into a store several months ago with the thought in mind of buying a loaf of bread. The owner-manager asked him what he'd give him for the store. Raven, who didn't know whether or not the man was serious made an offer and his petitioner snapped it up, handed him over the keys and walked out.

When Lefty Shelton, the Forsan flinger, set down 21 HCJC batters on strikes Sunday last, he set not only a Tri-County league mark but a new mark for himself, as well.

The old standard was 20, established by Bill Brown of Coahoma last season. Shelton's best previous mark was 19, set several years ago in Orza.

## Julio Ramos Fashions Fourth Win As Broncs Throttle Odessa, 3-2

ODESSA, May 11.—Little Julio Ramos limited the Odessa Oilers to two hits, both of which came in the fourth inning, as he led the Big Spring Broncs to a 3-2 triumph before some 1,200 fans here Tuesday night.

Ramos struck out ten while fashioning his fourth victory of the 1949 Longhorn league campaign. The victory was the Broncs' fourth straight over Odessa and served to protect their game and a half bulge over second place Vernon.

The Hosses collected all their runs in the first two innings. Ace Mendez singled with one away in the first and went all the way around when Dick Bayman, center fielder, led the ball get through him. Bert Baez then hit a one-baser, went to third on Pat Stacey's double and came home on a wild pitch by Pete Armendariz.

In the second Al Valdes singled and eventually found his way home on Felix Gomez's infield drive.

Odessa escaped a shutout when Manager Alex Monchak hit his third home run of the year in the fourth with Pat Proulx up front. Proulx had climbed aboard on a

scratch hit that bounded into second base as Cookie Vasquez was waiting for it.

In all, the Hosses banged out nine safeties off Armendariz and his successor, Howard Hesse. Baez led the parade with a double and single.

## School Leaders Deny Rebellion Against NCAA

ATLANTA, May 11 (AP)—Heads of the Southern, Southeastern and Southwest Conferences say no revolt against the National Collegiate Athletic Association's Sanity Code is in the offing.

Two Southern sports writers predicted in their columns yesterday that resentment against the code in the south might bring an open break with the NCAA this month. The writers were Johnny Bradberry of the Atlanta Constitution and William Keefe of the New Orleans Times-Picayune.

The code is a sore spot with many southern college officials, but presidents of three Dixie Conferences said withdrawal from the NCAA is not the answer.

Representatives of Southern colleges will meet here May 28 to discuss amendments to the code, adopted in January, 1948. The amendments are to be submitted to the NCAA.

Before the code was adopted SEC colleges gave grants-in-aid to promising athletes—principally football players—graduating from high schools. The grants consisted of tuition, room and board, books, laundry and \$10 a month spending money.

Southwest Conference coaches and officials have no intention of joining a reported "revolt" against the National Collegiate Athletic Association Sanity Code.

The comments came after newspaper reports that rebellion might flare among Dixie colleges.

L. R. (Dutch) Meyer, coach at Texas Christian and president of the National Football Coaches Association, said "count the Southwest Conference out of any rebellion against the NCAA's Sanity Code."

## Ex-Card Chief Is Death Victim

ST. LOUIS, May 11 (AP)—Sam Bredon, the David Harum of the baseball world, is dead.

The 72-year-old former St. Louis Cardinal owner died of cancer at St. John's Hospital last night. His wife and their daughter, Mrs. Robert E. Goss, were at his bedside. Funeral arrangements were not announced immediately.

In 27 years as head of the Red Birds, including some lean ones in the old days, Bredon led the club to nine pennants and on six occasions went on to a world championship.

From a \$200 initial investment in 1917, Bredon built up the club to a \$2,000,000 organization—the amount he is reported to have received from Robert Hannegan and Fred Saigh in 1947. Saigh later bought out Hannegan.

Bredon became president of the Cardinals in 1920 after he had purchased a majority of the stock. He replaced Branch Rickey who had been president. Rickey held his other job of manager.

In 1925 Bredon brought Rickey into the front office where the pair made the best office team the sport has seen.

Together they started the farm system under which minor league clubs were helped financially or bought outright. Through this system the Cardinals got the players who carried them into so many pennants and the money that put the club on a sound financial footing.

## Swimming Fees Remain Same

Admission fees at the Municipal swimming pool this summer will be the same as last year, city officials have announced.

The pool will be opened on May 23.

Rates for adults will be \$10.20 for season tickets, \$2.40 for 10 swims and 36-cents for a single swim. Season tickets for children will be \$6, with \$1.20 for 10 swims and 24-cents for a single swim. All of the rates listed include tax.

In addition, organized groups, such as Cub Scouts, church organizations, etc., who request permission to use the pool during morning hours, may obtain special rates of nine-cents per person. Such groups will be required to furnish their own supervisors, however.

**TOURNAMENT OPENS ALBUQUERQUE, N. M., May 11 (AP)—Fifty-five golfers tee off today in the qualifying round for the Women's Southwestern Golf Tournament.**

## Coahoma Hosts Forsan Oilers Sunday At 3:30

Coahoma's youthful Bulldogs get the unenviable job of trying to stop the Forsan fast express in Tri-County baseball league play Sunday when they meet Wes Robertson's Oilers in Coahoma. Game time is 3:30.

The Forsan club has now won four consecutive decisions, the last three by shutouts. Last time out, the Oilers blanked the strong Howard County Junior college Jayhawks, 5-0, to take a full game lead over that contingent.

Coahoma has yet to win a decision this season but Earl Reid's scrappy Canines are bound to experience a change of luck sooner or later. They're too aggressive to take their lumps and do not anything about them.

Noble Walker pitched a superlative game against Knott last Sunday but the Bulldogs were the victims of some excellent pitching on the part of Alton Chapman and Bobby Beal and were white-washed, 2-0.

In other games next Sunday, Knott plays at Ackerly while Cosden meets Howard County Junior college here.

Standings:

TEAM	W	L	Pct.
Forsan	4	0	1.000
HCJC	3	1	.750
Knott	2	2	.500
Ackerly	1	2	.333
Cosden	1	2	.333
Coahoma	0	4	.000

## 8th STRAIGHT

## Amazing Nats Upset Tribe In Cleveland

By JOE REICHLER Associated Press Staff

Bill Veeck, dynamic head of the world champion Cleveland Indians, may have pulled "the boner of the year" when he preferred Early Wynn to Mickey Haefner in the Tribe's five-man winter deal with the Washington Senators.

Haefner didn't add to Veeck's joys yesterday when he pitched the Senators to a brilliant 1-0 shutout over the Indians in Cleveland. The little lefthander allowed only one hit—a first inning single by Larry Doby—as the amazing Nats rang up their eighth consecutive victory and their third in a row over Cleveland.

Haefner would be pitching for the Indians today had not Veeck been scared off by his advanced age of 36 and his unimpressive 1948 won and lost record of 5-13.

Although Mickey's lifetime record is below .500. He is a .667 pitcher against Cleveland. Including yesterday's triumph, he has beaten Cleveland 16 times while losing only eight.

Doby was the only Cleveland batter to reach third. In addition to his single, he got on base in the ninth when he was hit by a pitched ball. Four others reached base, all on walks. Haefner did not strike out a batter.

The victory, coupled with Philadelphia's triumph over the Chicago White Sox, left the Senators and Athletics tied for fourth place in the American League race at an even 500 percentage.

Hal Newhouse, Detroit's sterling southpaw, had a no-hitter until the fifth when the New York Yankees raked him for two runs and went on to knock him out of the box in the ninth inning to defeat the Tigers, 6-1. The victory increased the American League leaders' margin over the Tigers to four games.

Allie Reynolds went to the route for the Yanks to register his third victory against one defeat. He received strong batting support from Tommy Henrich, who blasted a two-run triple, and Jackie Phillips, who hit a bases-loaded single. Johnny Groth of Detroit went hitless for his third straight game.

The Athletics got only three hits but drew 11 bases on balls off loser Billy Pierce. Marino Pieretti, Bob Kurayva and Matt Surkont to defeat the White Sox 5-0 in a night game in Chicago. Joe Coleman pitched the shutout, doing out five hits for his second straight against three losses.

## Blue Sox Gain 11th Straight

By The Associated Press

The amazing Abilene Blue Sox won their eleventh straight West Texas-New Mexico League victory last night, 9-5 over Lubbock.

Albuquerque and Berger, tied for the top, were idle because of rain.

Abilene is just one game back of the leaders.

In other games last night, Lamesa handed Pampa its ninth straight licking, 10-2, and Amarillo won, 16-5, over Clevis.

## Game Tonight

The T&P Shops will tangle with the Big Spring Merchants in a Mury softball league game scheduled for 8 p. m. tonight. Scene of action is the city park softball diamond.

**WINNING SMILES — Washington Senator pitcher Mickey Haefner (left) receives the game-ending ball from first baseman Eddie Robinson in Cleveland after he hurled a one-hit 1-0 victory over the Cleveland Indians. Robinson lashed a single in the fourth inning to drive in the game's only run. (AP Wirephoto).**

## END SEASON

## Steers Beaten By Flock, 3-0

ABILENE, May 11.—Abilene's Eagles blanked the Big Spring Steers, 3-0, here Tuesday afternoon to remain in the running for the District 3AA baseball championship.

Tom O'Bar, Abilene hurler, rationed out two hits for the Longhorns. He walked three and struck out seven.

Only Wilmon White and Ray Walker found the Eagle flinger for safeties.

Howard Jones, on the mound for Big Spring, gave up but three blows. Scottie Holland scored the initial Abilene run on a squeeze play in the second round. In the

## ODESSA LEADS OPENING GAME GATE TURNOUT

Crowds totaling 15,215 turned out for the opening night game in the Longhorn league, despite threatening weather in at least four of the cities.

Odessa led with 3,130 while Midland was second with a paid turnout of 2,697.

First game crowds at other cities were: San Angelo, 2,527; Roswell, 1,809; Ballinger, 1,715; Big Spring, 1,275; Sweetwater, 1,175; and Vernon, 887.

The total represents a healthy increase over the 1948 figure.

## Lamesa Gains Title Clincher

LAMESA, May 11.—Lamesa's Tornadoes clinched the District 3AA baseball championship by trouncing the San Angelo Bobcats, 5 to 4, here Tuesday afternoon. The Tornadoes scored their winning run in the seventh inning.

MIDLAND, May 11.—Midland defeated Sweetwater, 7-1, in a District 3AA baseball game unrec'd here Tuesday.

# Brannan's Program Leaves Out Large Westex Farms, Ranches

This is the first of four articles on the new farm bill introduced by Secretary of Agriculture Charles F. Brannan.

By HOUSTON HARTE

WASHINGTON, May 11.—The Administration's "bold new farm plan" is loaded with dynamite for much of the ranch economy of West Texas. Secretary of Agriculture Charles F. Brannan, a westerner himself, is the advocate.

Brannan comes from Colorado where he grew up in the rank and file of the Democratic party. There he found out that his party did not get many votes in the counties controlled by the big ranch operators of that state. He knows his farm plan will not appeal to them, but apparently he does not care.

It is to his credit that in his original presentation of his new farm program he frankly admits it does not take care of the two per cent of so-called farmers who operate the big ranches and the mass production farms.

This unfortunate two per cent consists of the cotton farmers who raise more than 250 bales of cotton, the wheat farmers in the Panhandle who raise more than 15,000 bushels of wheat and the ranch operators of this section who run more than 200 mother cows or 2,500 ewes. All those engaged in agricultural pursuits who operate farms or ranches producing more

than these amounts are the forgotten men of the Brannan plan. Of course there are many farmers and ranchmen who do produce more than these amounts. There is nothing in the Brannan plan to keep them from continuing to operate on their present scale—except that they will have to sell all in excess of this amount in the open market.

The open market is the world market. On the average, the Brannan plan proposes to support the farmers' products at a little more than the present parity price, so long as the total value of all the produce marketed from any given farm is not more than \$26,000 a year.

When the value of the subsidy puts the total sales of any farm over this figure, all produce marketed over that total sells for whatever it brings in the open market and receives no subsidy from the federal treasury.

West Texas as a whole is a big ranch, big farm section. The average farm or ranch investment in this section is almost eight times the average for the whole United States and is five times the average farm investment of Texas. West Texas represents a big part of the forgotten two per cent.

Congressman O. C. Fisher of the 21st District is aware of the changes in the ranch and farm operation which this bill would create, should it become law. He is also aware of the fact that it is the first farm bill ever proposed which offered relief to consumers, while at the same time providing a subsidy to the farmers. He knows this fact may swing a number of votes in support of the bill.

Meat—plenty of meat—is a major objective of the Brannan plan. Cheap beef, pork and mutton is to be the legalized policy of the government. The administration has now gone on record as advocating the use of livestock as a means of using up the surplus wheat and corn now owned by the

Commodity Credit Corp.

Beef cattle, lambs and hogs are three of the ten farm products listed by Secretary Brannan as "of prime importance" in keeping "our resources permanently productive as well as to meet consumer needs." He says further that "meat will improve the diet of our people" and "encourage conservation farming."

This can only mean that every acre of land diverted from the production of wheat, corn and cotton is going into grass. Livestock raising is the only possible method of marketing anything from a field of timothy, blue grass, kudzu, clover or other legumes.

Cattle, sheep and hogs will become the principal means of utilization of the millions of acres of land which will be taken out of the production of grains and cotton. This will present the large West Texas rancher with a new and subsidized competitor.

Under the Brannan plan the average farmer can raise his livestock, sell it at the world market price and then collect the difference between the market and the parity price from the United States Treasury. The large rancher sells at the market price but cannot collect any subsidy for any product sold over the average farm income of \$26,000. On the small farms of the South and the Middle West, cattle can be produced and sold at any price, because the farmer has a government guarantee that he will collect the parity price for his livestock.

Under these conditions, how can the West Texas rancher or large farmer compete with the subsidized "average farmer"?

Tomorrow—How the Brannan Bill Works

**Ft. Worth Musician Succumbs Tuesday**

Dr. Isham E. Reynolds, Fort Worth, founder of the School of Sacred Music for the Southwestern Baptist Theological Seminary, died in Fort Worth Tuesday following a long illness.

He was well known here, having conducted a week's special religious music school in Big Spring three years ago. He founded the special music school in 1915 and headed it for 30 years before retirement in 1945 due to ill health.

**To Present Operetta**

Tickets will be on sale at the door Thursday at 8 p.m. when the Big Spring High School eighth graders present the operetta, "White Gypsy," on the stage of the high school gym.

**Hanson To New Job**

Howard H. Hanson, member of the faculty of the Howard County Vocational school, will assume charge of the vocational agriculture department of the Big Lake high school on July 1. He plans to continue his work here until time to assume his new duties.

**KBST To Present Sketch Of HCJC Play Thursday**

A brief sketch from "The Light Eternal" will be presented at 3 p.m. Thursday over Station KBST in advance of the showing of the production under sponsorship of the HCJC freshman class.

Frank Medley, class sponsor, will preside, and on the program will be J. C. Mittel, Martha Sue and Frank Medley, Jr., Milton Casey, Joyce Howard, Mary Louise Hendricks, accompanist, and Ruth Lewis, director.

First showing is set for 8:15 p.m. Thursday with the doors open at 7:30 p.m. at the city auditorium. There will be a 2:30 p.m. Friday matinee and a final performance Friday evening.

Effectively staged and authentically costumed, the three-act drama will tell with gripping realism the story of Joseph and his brothers—a Marshall plan of 4000 years ago—and the story of Moses and the Ten Commandments. Gently it will move into the scenes of the Nativity while a chorus of Big Spring church choirs will form a musical background. The climax will be the Manger Scene with

shepherds, wise men and others adoring the Infant King.

A grandfather (J. C. Mittel) who is presenting "the most exciting story ever told," to his grandchildren (Frank and Martha Sue Medley) will introduce and close the drama.

W. G. Hank is cast as Moses, Reid Herring as Joseph, Bill Bob Watson as the Pharaoh. The role of Mary is played by Betty Mason and Milton Casey is the Angel.

Others in the cast are: Judah—Roy Utt; Simeon—J. B. Moss; Levi—Jeff Jenkins; Reuben—Rollyn Homer Seawell III; Chief Steward—Rafael Garcia; Guards—Jerry Williams and Kenneth Barnes; Court Girls—Marilyn Carmack and Sherry Lee Walker; Benjamin—Bill Killingsworth; Aaron—Otto Havins; Hannah—Irene Reagan; Nebulon—Ray Winn; Esther—Wilma Allen; Rachel—Eva Smith; Victim—Lois Reagan; Shepherds—Robert Ross, David Levya, Joe Fortson; Wise Men—Herbert Keaton, Arnold Marshall, David Elrod; Parents—Mr. and Mrs. Nile Bail-

# Painter Reburial Services To Be Held Here Today

Final tributes were to be paid at 3 p. m. today at the East Fourth Street Baptist church for Pfc. Tom Henry Painter, who died of wounds July 5, 1944, one day after being wounded in action on Saipan. He had seen service on Guadalcanal and Tarawa.

Born in Denton, Pfc. Painter came to Big Spring in 1933 and worked here until his entry into the Marine Corps in 1942. Rev. James Parks was to officiate and the American Legion was to be in charge of graveside rites.

# Former Big Spring Resident Succumbs

M. I. (Pat) Murphy, former Big Spring resident, died at the home of a daughter, Mrs. B. R. Thomas, in Oklahoma City on May 3. He has been learned here. He had been ill of pneumonia for one and a half weeks.

Mr. Murphy resided at Big Spring with his family for about 16 years, leaving in 1942 for Houma, La., where he was with the Naval Air Base during the war.

His body was returned to Houma for services and burial beside the graves of his wife and son, M. I. (Dick) Murphy, Jr., in the Magnolia cemetery.

Surviving are his daughters, Mrs. Thomas, 1429 S. W. 37th, Oklahoma City, Elizabeth Murphy, Houma; two sons, Berry D. Murphy and W. S. (Bill) Murphy, Houma. He also had nine grandchildren.

**Baptist Workers To Meet Here Thursday**

Baptist workers of district No. 8 will be here Thursday for an important conference, dealing largely with summer camp plans.

The meeting, under direction of the Rev. J. W. Arnett, district missionary, will be held at the encampment grounds adjoining the city park. The parley is slated to start at 10 a. m. and will continue to about 3 p. m.

# Mud Brought Up By Drillstem Test In Borden

A drillstem test in the Pennsylvania section of Sinclair-Prarie No. 1 Sterling Williams, north-west Borden deep exploration, returned only 1,000 feet of water cut mud Tuesday.

The tool was open for two hours from 8:10-8:20 feet. It was deepening to 9,045 feet in lime and shale. Location is in section 45-32-6n, T&P.

Completion was slated in north central Scurry county for J. L. Collins No. 1 G. E. Parks, section 442-97, H&TC, a mile and a quarter east of North Snyder production. Packer was set at 7,313 feet and the test run to 7,322. Return in 48 hours flowing was 1,110 barrels of 39 gravity oil. Previously the test had made 512 barrels in 25 hours.

Hiawatha Oil & Gas company No. 1 L. M. Wilson, a southeast extension to the Diamond M. pool and in section 183-97, H&TC, set 5 1/2 inch string at 6,727 feet and on a drillstem test for 80 minutes to 6,745 recovery was 6,200 feet of oil. Gas was to the surface in three minutes.

# Mayor, Mrs. Dabney To Celebrate Their 40th Anniversary

Mayor and Mrs. G. W. Dabney are planning on an open house from 7 p. m. to 10 p. m. Friday on the occasion of their 40th wedding anniversary.

They were married on May 12, 1909 at Monahans, where Mrs. Dabney then lived. Mr. Dabney, who was a telegraph operator for the Texas & Pacific Railway company, had worked in Monahans but at that time was stationed in Toyah.

Subsequently he became T&P passenger agent at Toyah and later transferred to Big Spring, where he served since.

Three of their six children, Jack Dabney, Ray L. Dabney and Mrs. Josephine Raoul reside here and will be on hand for the reception. Three sons, Chesney Dabney, Seattle, Washington, Bobby Dabney, Chicago, Ill., and George W. Dabney, Jr., Kingsville, will be unable to attend.

# Big Spring-Odesa Water District Bills Passed By House

Both bills surrounding the creation of a water district for Big Spring and Odesa and to permit citizens to do business with it have now passed the House.

Rep. Peppy Blount advising any city or town within the state to enter into a contract with any district or authority for supplying water to such city and authority has this date favorably passed the House of Representatives without a single dissenting vote.

This measure also permits the Eastland district, the Sabine River Authority, as well as the Colorado Municipal Water district (Big Spring and Odesa) to contract with municipalities.

Previously the measure creating the Colorado River Municipal Water district had been passed in the House. Both measures, essential to the next step in surveying the possibilities of a joint water supply for Big Spring and Odesa on the upper Colorado, are now in the Senate awaiting action.

# Legislators' Pay Drops From \$10 To \$5

AUSTIN, May 11. (AP)—Pay of legislators dropped from \$10 to \$5 a day today.

The 51st Legislature yesterday completed the 120 days suggested by the constitution as the length of time sessions should last. The pay cut was automatic.

**SPANISH CLUB TRIPPERS**—Members of the Big Spring high school Spanish club paused for a picture before they left during the weekend for a trip to Eagle Pass and Piedras Negras, where they bargained in the market, inspected palatial homes, and were feted to a round of entertainments by the border cities Rotary clubs, Jaycees and 20-30 clubs. Using funds raised by sales and a fiesta, the students had reduced the individual cost of the trip to less than \$3. (Jack M. Haynes Photo).

# Open House Marks Hospital Day Here

Open house between the hours of 9 a. m. and 11:30 a. m. at Malone and Hogan Clinic-Hospital will mark observance of National Hospital Day in Big Spring Thursday.

During the open house event the public will be afforded an opportunity to inspect facilities of the hospital. The event will be conducted, however, without interference to operation of the hospital.

Other hospitals in the city will take note of National Hospital Day, but none has announced plans for any special public observance.

# WEATHER

**BIG SPRING AND VICINITY:** Partly cloudy, not much change in temperature this afternoon, tonight and Thursday. High today 80, low tonight 58, high tomorrow 82.

**You can say that again... "Lubri-tection!"**

**Lubrication plus protection—that's why motorists keep asking for Phillips 66 Premium**

Why is it that more and more motorists are saying again and again, "Make mine 'Lubri-tection'?" Must be they have learned the value of Phillips 66 Premium's plus protection!

They've learned that this great oil gives them all the lubricating qualities you'd expect from fine base stocks, expertly refined. And they also know that Phillips 66 Premium Motor Oil has the added protective qualities of special additives that help guard against the ravages of sludge and varnish! How about you? At your next oil change just say, "Make mine Phillips 66 Premium Motor Oil!"

## Doctor Spends 28th Birthday In Jail

CEDAR RAPIDS, Ia., May 11. (AP) — Dr. Robert C. Rutledge, Jr., will spend his 28th birthday in jail today—except for the time he is in the courtroom.

The St. Louis specialist in children's diseases is on trial on a charge of first degree murder in connection with the fatal stabbing of Byron C. Hattman, 29, in a hotel room last Dec. 14.

Two witnesses testified yesterday they heard sounds of a struggle in Hattman's hotel room on that date. The state alleges Rutledge stabbed Hattman, St. Louis aircraft instrument designer, in a quarrel over the latter's attentions to Mrs. Rutledge.

HE FOUND THE PRESIDENT "A RELIGIOUS MAN" — Dr. Isaac Herzog, Bible in hand, leaves the White House in Washington. He said he found the president a "religious man" and that Mr. Truman "knows his Bible." Dr. Herzog, chief Rabbi of Israel, is in the United States for a speaking tour in behalf of the United Jewish Appeal. (AP Wirephoto).

## Banker Fears Red Politics, Not Military

WASHINGTON, May 11. (AP) — James P. Warburg, former New York banker and writer on international affairs, said at the Senate's Atlantic Pact hearing Monday that the real threat from Russia is political and not military.

"There has been and is a very definite Soviet threat to peace," he said. "But this Soviet threat has been and still is primarily a threat of Communist penetration, of subversion and only secondarily a threat of military conquest."

The foreign relations committee heard Warburg as the first witness on a speed-up schedule mapped out with the aim of getting Senate approval by July 1 of both the pact and a \$1,300,000 arms-for-Europe program.

This stepped-up schedule was arranged by Secretary of State Acheson and Sens. Connally (D-Tex) and Vandenberg (R-Mich).

The pact would pledge the United States, Canada and 10 western European nations to mutual aid in opposing aggression. Signed here April 4, it will become binding on the United States only when approved by a two-thirds Senate vote.

## Bonds For Texas Schools Slated For Marketing June 23

NEW YORK, May 11. (AP) — Bonds totaling \$15 million for two Texas institutions probably will be marketed June 23, Dudley K. Woodward, Jr., chairman of the University of Texas Board of Regents, said yesterday.

Proceeds of a \$10 million issue would go to the University of Texas and of a \$5 million loan to Texas Agricultural and Mechanical College.

An amendment to the Texas Constitution authorized the two bond issues.

Woodward came to New York to attend to preliminary details in connection with the University and Texas A&M loans, which are to be sold by competitive bidding. He was accompanied by Jack G. Taylor, the University's investment officer, and Clarence Crowe, a member of the Dallas law firm of McCall, Parkhurst and Crowe.

Details of the third bond issue for the 14 institutions still is in the planning stage, Woodward said.

## Eisenhower Will Return To Capital

AUGUSTA, Ga., May 11. (AP) — Gen. and Mrs. Dwight D. Eisenhower will leave Augusta by plane today for Washington, an aide announced.

The general and his wife have been vacationing at the Augusta National Golf Club for the past month. Gen. Eisenhower has been convalescing from an illness.

He came to Augusta April 12 from Key West, Fla., where he went when he first became ill. Maj. Gen. Howard Snyder, his physician, and other members of his staff have been with him here.

## Frankie Layne Out Of Harmony With Spouse

LOS ANGELES, May 11. (AP) — Frankie Layne, 23, who swoons bobby-soxers with his crooning, can't harmonize with his wife.

He sued her yesterday in superior court for divorce, charging cruelty. Layne, whose real name is Frank Paul Lo Vecchio, said his wife, Nellina Gidlund Lo Vecchio, 24, has already entered into a property settlement. Layne's counsel said she will receive "reasonable maintenance" out of the singer's \$5,000 weekly income.

## Wiggins Calls For Greater Emphasis In U. S. Education

LUBBOCK, May 11. (AP) — The fifth president of Texas Tech College called for greater emphasis in the education of both youth and adults.

Dr. Dossie M. Wiggins in his inaugural address last night said this is needed "in order to better understand the nature and operation of modern social institutions."

The inauguration of Dr. Wiggins climaxed a day-long program. Representatives from 114 institutions and societies were in the procession which marched under floodlights at Jones Stadium.

Gov. Beauford Jester paid tribute to Dr. Wiggins at a luncheon, saying:

"I thought it important that the governor of Texas be here when this great institution makes another mark in its milestone of progress."

## 11 Persons Injured

FORT WORTH, May 11. (AP) — Eleven persons were injured, one critically, in a church bus-gravel truck collision near here last night.

## Bond Issue Voted

TEMPLE, May 11. (AP) — Approval for a \$1 million bond issue to buy right-of-way for super Highway 81, through Bell County, was voted, 2,359 to 853, here yesterday.

**MOM'S A HONEY**

When We Kids Need A Laxative, She Gives Us Syrup of Black-Draught

Wouldn't you rather have your children smile than cry when you have to give them a laxative? SYRUP OF BLACK-DRAUGHT was designed to put laughter on a child's lips instead of tears in his eyes. You see, SYRUP OF BLACK-DRAUGHT is so pleasant-tasting, so easy-to-take, that most children actually like its sweet, spicy flavor. And you will like SYRUP OF BLACK-DRAUGHT'S usually prompt results when given according to directions. What a comfort it is to know that the purity and quality of your child's laxative is safeguarded by the care and manufacturing skill for which the makers of BLACK-DRAUGHT have so long been famous. Get a bottle of SYRUP OF BLACK-DRAUGHT today!
