Groom Tigers Defeat Follett In Homecoming Game

The Groom Tigers were greeted with a cheering crowd Friday night as the boys ran on to the field. The "Fighting Tigers" took time to recognize their mothers just minutes before kick-off. Each player, coach and manager presented their mothers or wife with a long stemmed rose in celebration of homecoming.

Local Girl Scouts and Brownies posted the colors and conducted the flag ceremony, under the direction of Karen Brown and Donna Burton.

The "Pride of the Tiger Band" marched around the field lifting the enthusiasm and played the national anthem and fight song. The high school band was joined by junior high players for pregame festivities.

Brother Eddie Hogan, pastor of the First Baptist Church, lead the crowd in the opening prayer. Steve Hutsell was the announcer for the evening.

Senior back Jay Britten rushed 132 yards on 25 carries and scored three touchdowns, as Groom posted a 38-26 win over Follett.

Teammate Robert Miller added 88 yards on 22 carries while scoring twice for the Tigers, who evened their record at 1-1.

Groom's passing attack also blossomed as Brian

Baker drilled three touch-down passes.

Groom totaled 341 yards, compared to 220 for Follett.

Groom built a 32-12 half-time bulge.

The Tiger Band entered the field at halftime with over 40 members marching and six flag girls. The band was under the field direction of Andrea Payton and Phillip Vaughn. Those serving on

the flag team are: Tisha Burgin, Krista Burgin, Kim Fields, Rebecca Conrad, Leslie Brinkley and Staci Fields. The band director is Steve Thomas.

The Tigers travel to Bovina this Friday night. Game time is 7:30 p.m. Bovina beat Groom last year 16 to 12, but like Groom did not make the play-offs in District 2-A football.

Game Preceded By Queen Crowning

"Tonight's The Night" was the theme of the 1989 Homecoming. Tiger stadium was enhanced with red and black streamers and the football field took on a look of glamour and pride during pre-game festivities, which were prepared by Groom's ISD Student Council.

Queen candidates were presented to fans in formal attire and were escorted by equally handsome escorts.

Sharolyn Kay Chandler, escorted by Robert Miller, was crowned as 1989 Homecoming Queen. Sharolyn is a junior at GHS and is the daughter of Mr. and Mrs. Glen Sain. Her escort, Robert Miller, is also a junior at GHS. He is the son of Mrs. Judy Miller. Moving to Groom last year, Sharolyn is currently a cheerleader and also plays basketball. Athletic Boosters

Groom Athletic Boosters are working hard this year to spark enthusiasm throughout the community.

Boosters met recently and painted yard signs for each of the players, which are proudly displayed, as you can see when you drive through Groom.

Town's people were asked to dress in red and black on Fridays to support the Tigers. Response has been seen, along with posters being hung by local merchants. Wheeler-Evan's window is an example of local support.

Judy Miller came up with an idea to make flags to fly on game days. Flags were painted with Tigers and were hung last Friday in front of many

businesses.

The latest of the Booster's attempts was a sausage supper served on Thursday night, following the Junior

Rabies Confirmed In Carson County

Panhandle Animal Control Officer Lucinda Mann received word from the Texas Department of Health on Friday, September 8, that rabies tests on an animal from Carson County had been returned "Positive." According to TDH records, dating back to its beginning in 1961, this is the first rabies case in Carson County.

"We must get the word out to County residents and ask their help in curtailing the spread of this fatal disease," Mrs. Mann said. "One case can easily become two and that is called a 'coincidence'; however three cases is considered an epidemic."

Mann offers the following precautionary measures to be taken by all owners of domestic animals (dogs and cats):

1. Have each pet over the age of 3 months vaccinated on an annual basis.
2. Immediately cleanse the

wound by washing with soap and water. Rinse well and disinfect it with alcohol or other disinfectants.

3. Notify and see a doctor immediately after washing the wound. The physician will decide on the need for treatment to prevent rabies.

4. Report the incident to the nearest animal control officer.

5. If the biting animal is domestic and caught, it is then placed under rabies observation for 10 days. If the animal is alive and normal after 10 days of observation, it was not infected with rabies at the time of the bite.

However, she said the ten-day period is not valid for animals other than dogs and cats, because no information is available as to when virus is excreted in the saliva.

Mrs. Mann said some things to watch for in animals that might give a hint of rabies infection are bold, friendly or apparently tame wild animals, or night animals, like skunks, raccoons, etc., that are seen in the daytime. Bats that are unable to fly are also potential carriers of rabies.

In early stages of rabies, the personality of pets may change, Mann said. A normally friendly pet may stay alone, while others may begin to seek more attention. "Pets that have difficulty walking or drinking should be taken to a veterinarian," she advises. Other signs of potential trouble are animals that tear at or scratch an old wound until it bleeds, or signs of excitement or viciousness in normally quiet animals. Cattle men should watch for members of their herds that "strain" for long periods of time.

Later symptoms follow a "furious" pattern, a "dumb" (paralytic) pattern, or a combination of both. "Furious" symptoms include excitement, viciousness, roaming, unusual noises and a tendency to attack anything attracting the animal's attention, including themselves. "Animals

in this stage may drool and their saliva may be mixed with blood," Mann added. "They may even swallow objects like stones and sticks. These symptoms progress into paralysis and

eventually death." "Dumb" symptoms include difficulty in chewing, swallowing and drinking, or trouble walking. The animal may not even be able to close its mouth. "This is a very dangerous sign, because people will often try to help the animal and become exposed to the virus when they try to clear the throat of a presumable choking pet," She warned. In this stage, paralysis will spread throughout the

Animals body until it dies. "We tend to think of paralysis as a condition that makes body parts rigid or stiff," she went on, "but in rabies-caused paralysis the body parts are limp."

If any of these symptoms show in pets, the owners

should not hesitate to contact their veterinarian. If symptoms are observed in wildlife, the local animal control agency is the place to contact.

Groom has an ordinance to control animals in the City Limits, saying in part, that animals must be vaccinated and licensed. Furthermore, tags must be displayed on the animal, on a collar or harness at all times.

Compliance with these laws helps the animal control officer, local pets and their owners. When an animal is found, through the number on the tag, the owner can be contacted through the identification number so that the animal can receive the necessary care and treatment.

A City tag costs \$2.00," said the officer, "and that's very small compared to the cost of a court citation and costs that could run up to \$200."

Although it has been noticed by local officers that

few cats in the City are licensed, those who are licensed are protected when they are caught in a trap and are taken home. "It's difficult to keep cats as contained as dogs," Mrs. Mann observed, "So we strongly advise license tags to assure them a 'free ride' home if they should get in unwanted places."

"We cannot over stress the importance of all Carson County residents being aware of the potential danger they and their animals face since the confirmed rabies case," Mrs. Mann repeated. "City ordinances can help somewhat in protecting pet populations inside the cities, but more emphasis needs to be given to animals living in outlying areas where they are more often near wildlife."

"We can prevent a rabies epidemic with complete cooperation from everyone. One case of rabies in a human would be a sad way to get the attention of our citizens," she concluded.

McLean Tigers

Beat Rule 52-32

McLean pulled off a stunning 52-32 upset of highly regarded Rule in six-man action Friday night at Afton.

Rule was ranked number 7 by the Associated Press in the latest six-man rankings, but someone forgot to tell the Tigers, who are off to a 2-0 start.

"It was just a good team effort by everybody," said Coach Jerry Miller. "We played a good physical game."

The score was tied 20-0 at halftime, but McLean broke loose for 24 third quarter points, while the Tigers defense held Rule to a long touchdown.

Tres Hess rushed for 155 yards on 23 tries and scored three touchdowns on runs of five, twenty-seven and two yards for the Tigers. Team mate Dennis Hill chalked up

two scores and rushed for 143 yards on 23 carries.

McLean travels to Miami for a 7:30 p.m. game this Friday night. Miami has two games under their belts thus

far. Miami beat Follett 12 to 6 their first game and came back this week to beat Whitharral 26 to 23. Clay Mercer, the Warriors top defensive player, seems to be one of the main players to look out for. In the Follett game, Mercer chalked up two of the touchdowns and was Miami's top rusher. During Friday's game, Mercer again scored and covered 30 and 46 yards. Mercer's final tally, with two minutes left in the game, gave Miami the winning edge.

Auction Items Needed* For Country Fair

Pampa Chamber of Commerce workers are busy gathering auction items and selling tickets for the fifth annual Country Fair, slated for October 21 in the M.K. Brown Auditorium, in Pampa. The event, which is the Chamber's only fundraiser outside of membership dues, will feature a silent auction and a live auction with more than \$25,000 worth of merchandise, several food booths, drinks and a dance, according to Chamber officials.

Chamber members are selling tickets to the event for \$15 per person, or \$25 for a couple. Members are also selling drawing tickets, which will entitle the ticket holder to participate in drawings for \$5,000, \$1,500 and \$1,000, according to Mike Keagy, chairman of the drawing ticket sales. "We have many groups who

pool their money to buy one of the \$100 tickets," she said. "Anyone wishing to buy a ticket should contact the Chamber office or any member of the Chamber's board of directors. We will only sell 200 drawing tickets and they're going fast," she said.

According to general chairman Jim Morris, the live auction will feature fashion models this year to exhibit some of the items donated. A special surprise has been planned for the live auction, he said.

Plans for the dance have also been completed, Morris said. The Tiny Lynn Band has agreed to play for the dance which begins as soon as the live auction concludes.

Anyone wishing tickets for the event should contact the Chamber of Commerce office at 669-3241.

Don't Blame Your Age For Poor Hearing.

Chicago, IL—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the most popular canal hearing aid in America today will be given absolutely free to anyone who sends for this free model now.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. For your free sample, send your name, address and phone number today to: Department 00000, Beltone Electronics Corporation, 4201 West Victoria Street, Chicago, Illinois 60646.

Permit To Be Issued For Overweight Vehicles

Beginning September 1, a new annual permit allowing certain vehicles to exceed the maximum allowable weight will be issued by the highway department. The permit was authorized during the last regular session of the Texas Legislature.

The new law applies to vehicles carrying loads that can be "reasonably dismantled." Loads that cannot be broken down into smaller units are covered by current permit classifications.

Weight limits are set to protect Texas roadways from damage due to heavy loads. Permits allow heavier vehicles to travel designated routes upon payment of a fee, which helps cover road repair costs.

The new permit costs \$75.00 a year and requires a \$15,000 bond. It allows vehicles to exceed the maximum axle weight by up to 10 percent and the maximum gross weight by five percent. It applies to trucks operating on state highways, on county roads and bridges, and on other roads designated by the counties. It is not valid on the Interstate system.

This law also allows agricultural commodities, shipped in their natural state, to exceed axle weight by up to 12 percent and gross weight by five percent without a permit or bond.

Application for this permit will be by mail only. Further information and applications are available at highway

district offices and tourist bureaus.

Rules to implement this new law were passed by the highway commission August 29 and will be posted in the Texas Register for public comment.

Square House Museum Celebrating 24th Anniversary

The Square House Museum in Panhandle is celebrating its 24th Annual Museum Day and 32nd Annual Pioneer Day on Saturday, September 23, 1989.

The featured exhibit in the Opal Weatherly Purvines Annex will be bronze pieces cast by the lost wax process, by Carol Thornton. Using the tools of her trade, a welding torch, hammers, sanding equipment, plaster and wax casts, the former school teacher creates impressionistic bronzes of indians, women and children. Carol, who works in her Olney, Texas studio, is married to District Judge Robert Thornton and has marketed her work through the Carol Thornton Gallery in Sante Fe, New Mexico. Describing the creative process, Carol says, "My head swirls with visions that I long to make realities. The thrill of the capture of a poignant moment justifies the pain and uncertainties during the creation." Carol will exhibit 15 sculptures at the Museum.

Also appearing Museum Day will be Jo Epping, "the story lady" from Ballwin, Missouri. Jo's humorous performances are liberally spiced with authentic props and surprising costume changes as she recreates a housewife's washday, a girl's gym class, or young lady's first appearance in her new swim suit. Jo's original concept and unique presentation style grew out of years of experience as a social worker, teacher and seminar leader. For this special day Jo will evoke the lives and lifestyles of that generation born in the early 1900's and breathe new life into this exciting time period. The program will begin at 2:00 p.m. in the Panhandle High School Auditorium Saturday, September 23, 1989.

Finally, the Museum will showcase an art/history exhibition entitled "Anasazi World". This exhibit, prepared by the Maxwell Museum of Anthropology at the

University of New Mexico, will present the history and lifeways of the ancient Anasazi culture, and its modern counterpart, the Pueblo culture of the Southwest. The exhibit consists of 38 large cibachrome panels, with text, and will be in the Senator Grady and Andrine Hazlewood Education Center through mid-October.

A Pioneer reception will start at 3:30 p.m., Saturday the 23rd at the War Memorial Building, in Panhandle, and the barbecue will begin at 4:30 p.m. at the Carson County Agriculture Building. Tickets to the barbecue are \$5.00 for adults, and \$2.00 for children under 12.

Baptist Women Held Program For Missions

Baptist women held their program for State Missions last week. The theme was "God's Church = Love Extended." They learned about key churches, each of which is challenged to start six new churches a year: a man who walks the streets of Houston sharing Christ with the homeless he meets; partnership missions between Texas and foreign countries; Mission Service Corps, made of volunteers. Care and Share program which provides funds for church buildings after \$7,500 is raised by the church or mission; and urban allies, language and T.V. chaplaincy. Part of the program was presented to the Wednesday night prayer meeting group.

Participating in this program were: Marion Hogan, Juandell Ritter, Billie Bivens, Carole Fields, Stella Patterson, Mildred Burgin and Bro. Eddie Hogan.

The needs are staggering, but the successful ministries are very encouraging. Items being collected by the Baptist Church to meet some of the needs are: health care kits, baby blankets, English and Spanish Bibles, art supplies, pencils, envelopes, stamps, personal hygiene items, craft supplies for children's ministries.

Commissioners

employee who will probably work over 900 hours or more for the county will have retirement withheld from his/her paycheck.

It was also noted that beginning January 1, 1990, 16 hours of continuing education will be required for each commissioner and will need to be completed annually. Several other laws recently passed by the State Legislature concerning County government were also reviewed.

Permission was granted for precinct 1 to advertise for bids on a new motor grader.

Robert Counts and Frank Simms were appointed by the Court to represent the County on the District Appraisal Board.

The Court discussed a cancer plan that could be set up on a payroll deduction basis if employees are interested, and set a meeting for the first week in October to further study the program.

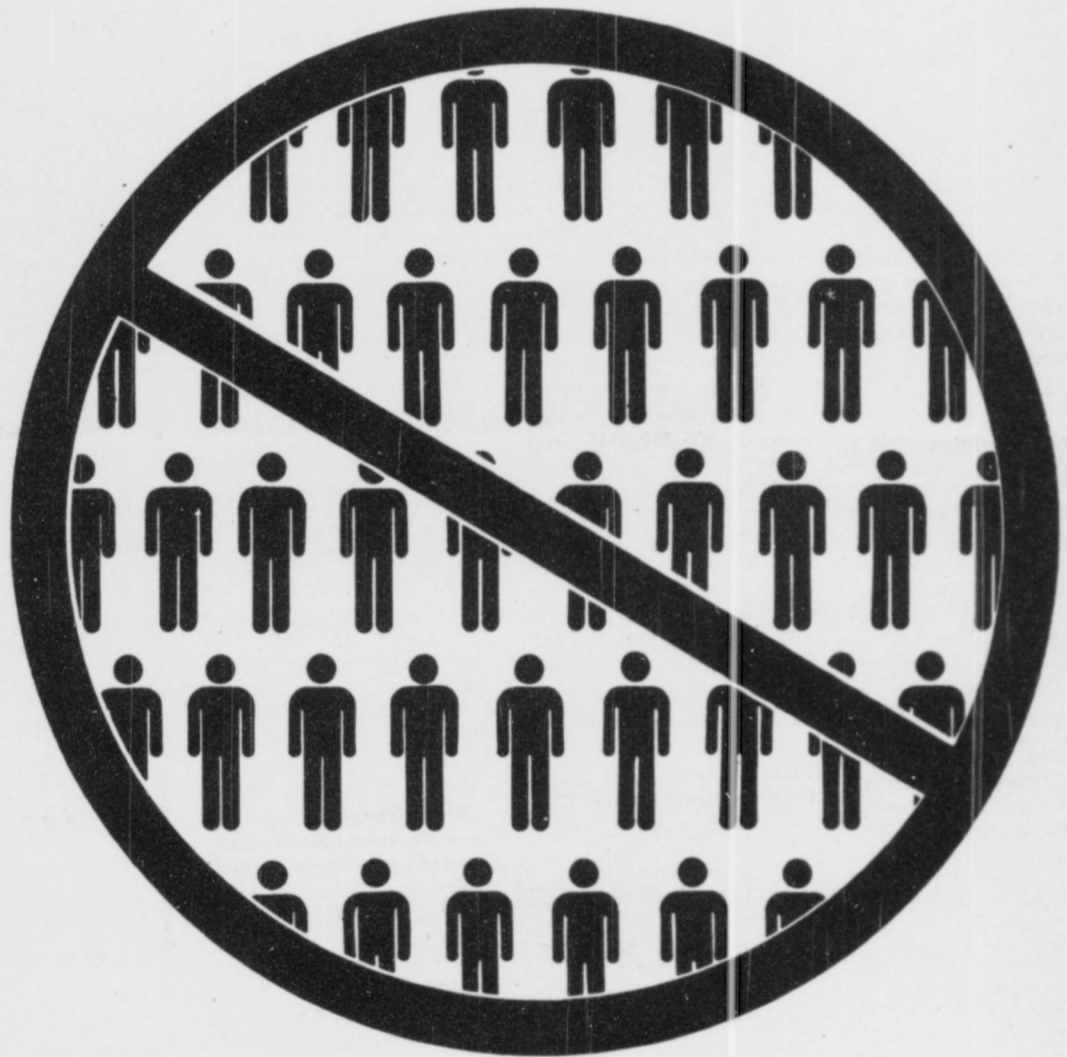

Community Leaders Met With Board Of Education

Community leaders met with the Groom Board of Education on Tuesday, September 12, 1989 regarding alcohol awareness in Groom. In addition to the school board and school personnel, representatives were present from the city council, county law enforcement,

justice of the peace, churches and other concerned citizens.

It was decided that we hold a community forum to give citizens a chance to speak about their concerns. This will be organized as a joint effort by the school

board, city council and the churches. The meeting will be held on Monday, October 2 at 7:30 p.m. at the community center. Any additional information can be obtained by calling Shirley Fields or Judy Babcock at 248-7474.

Help Stop Your Kids From Joining The Crowd.

Let's face it, drugs are everywhere. They're a part of growing up and a part of the crowd.

And it's our children's decision to experiment with drugs or turn them down.

So, what can we do?

-We can teach standards of right and wrong, and demonstrate these standards through example.

-We can help children resist peer pressure to use drugs by supervising their activities, knowing who their friends are, and talking with them about their interests and problems.

-We can learn about drugs and signs of drug abuse.

As concerned parents, it's our responsibility to educate ourselves and our children about the dangers of drug abuse.

In fact, educating our children to refuse drugs is the surest way to fight the problem.

Talk to your kids.

The Importance Of Advertising

Why is it an otherwise very smart man awakens in the morning to an advertised alarm, from sleeping under an advertised blanket, on an advertised mattress, wearing advertised pajamas.

He takes a bath in an advertised tub, washes with advertised soap, enjoys an advertised shampoo, shaves with an advertised razor using advertised shaving cream. He uses advertised cologne after brushing his teeth with an advertised brush using advertised paste.

He puts on his advertised shorts and advertised socks, ties his advertised shoes, wears an advertised suit, with an advertised shirt and advertised tie.

He sits down to an advertised cup of advertised coffee with advertised sugar, enjoys a bowl of advertised cereal with advertised cream and a serving of advertised bacon on advertised toast.

He rides to work in an advertised car, using advertised gasoline and advertised oil, on advertised tires.

He rides an advertised elevator to his lease-advertised office where he sits on an advertised chair at an advertised desk, on an advertised rug, answering an advertised phone, while making notes with an advertised pen on advertised paper.

His secretary for whom he advertised leaves her advertised typewriter to bring him his advertised morning journal.

Then he refuses to advertise his own products or services, saying, "THIS HERE ADVERTISING STUFF AIN'T SO GOOD NO MORE. DON'T WORK. WASTE OF GOOD MONEY. COSTS TOO MUCH. PEOPLE DON'T PAY NO ATTENTION."

Then when his business fails, he turns it over to an advertising auctioneer who advertises it for sale.

In the classifieds, where else!

"Advertise" comes from Latin. "Ad" means "toward." "Vert" means "to turn to." So to advertise means to turn people toward you, your products and services.

You do this "turning toward you" best in the classifieds of your newspaper.

Call your newspaper today. Get started before you need to call that advertising auctioneer.
