Rebecca Conrad And Johnny Carl Turvaville Are Library Winners

Congratulations to Rebecca Conrad and Johnny Carl Turvaville as winners of the summer reading program's bookmark design contest, "Celebrate Texas" as the theme. Librarian Bertha Knight reports that 38 children have

been reading in the program at the Groom Branch Library. Most of them have completed their 20 books to receive their reading certificates.

Sherri Koetting is the star reader of the season with a total of 50 books.

Child Nutrition Program Approved By School Board

The Board of Trustees of Groom Schools voted to maintain meal costs at the level of 1985-86 at their regular August meeting. In addition, the same process of paying for student meals in advance will remain in effect. The child nutrition department will be serving meals from the first day of school, so parents should make arrangements to send money with the student. Students may pay for one meal as the meal is served or may prepay as many meals as desired.

"We are publishing the guidelines for eligibility for free and reduced-cost meals, so that parents may plan in advance if their children are

going to be eligible," says Joyce Hutsell, business manager of the School.

"Parents should make arrangements to come by the business office prior to the starting of school if they believe they meet the qualifications," she continues. "In addition," she explains, "the program is maintained in strictest confidence in accordance with Federal guidelines. No one except the parents know the status of the student's meals."

"A letter of application for participation in the Federal school meals program will be sent with each student at registration for the parents' convenience. However, to avoid paying full costs while

Carson County Taxes Due To Increase To Cover Budget

The 'white oil' issue little understood by the average citizen will soon mean much more as Carson County taxes rise to offset losses in revenue from the concerns of 'white oil'.

County Judge Jay Roselius says the county, by estimates from the Carson County Appraisal District, lost \$257,500,000 in tax value due to the situation brought on by the "white oil" issue. According to the values set for this tax year, the county will need 26.189 cents to generate the same monies collected last year to fund the budget. County taxpayers paid 18 cents per \$100 valuation last year.

'white oil' and falling oil prices. "Attorneys hired by the county will file on all delinquent taxes they feel can be collected, but no decision has been made on what legal action to take on delinquent taxes due from those involved in the 'white oil' issue."

On the bright side, the county has \$657,570 fund balance. The surplus funds are spread into three accounts. Farm-to-market maintenance and operation, \$85,070; Public Road maintenance and operation, \$172,145; and General Fund maintenance and operation, \$399,355.

Judge Roselius also attributes the major increase to be charged to fund the budget to the 10 percent required from the budget to fund indigent care. The figure will be an additional \$113,000 for the county to pay hospitals and health care institutions for residents of the county unable to pay. "In the past, residents of the county with medical needs have requested help from the commissioners court, and on an individual basis, the

commissioners have decided whether to help out and by what amount. The new system to be placed into effect Sept. 1 by the state will help only the poorest of the poor," says Roselius. Persons must first be certified indigents of the county according to their annual income. The state reimburses payments by 80 percent for qualifying individuals. Any other aide given the poor will be strictly funded by the county.

Commissioners will request only an additional \$213,921 to fund the budget over last year's figure. The 1986-87 budget is set at \$2,205,065. Taxpayers will be asked to pay 8 cents more per \$100 valuation than last year to cover county expenses according to Roselius.

The commissioners will meet August 25 at 10:00 a.m. at the courthouse in Panhandle to set a tax rate to fund the budget. Judge Roselius stated anyone interested in the budget hearing or setting of the tax rate may appear at the meeting to make comment or comments may be sent in a written review.

Even bleaker are the figures explained by Tax Collector Lloyd Sterling. During the past three years, uncollected taxes have taken a steady rise. In 1984 uncollected taxes amounted to \$11,000, last year in 1985 the figure rose to an all time high of \$67,000 and in 1986 as of August 7, the figure rose to a staggering \$304,214.98. Sterling attributes the large uncollected amount to conditions brought about by

Class Of 1971 Reunited August 3 At School

What better way to conclude a fantastic Groom Day than to get together on Sunday with old friends—old memories—and lots of fun? That's what classmates from 1971 did.

Sunday, Aug. 3, the doors to the GHS patio and pool were opened for a pot luck dinner, an afternoon in the pool, and homemade ice cream for members of GHS Class of 1971 and their families.

After dinner, classmates were handed "Who's Who" scavenger hunt game sheets. Everyone was to see just how

many memories after 15 years, they could answer correctly. The questionnaire proved to be more difficult than expected! And many memories were confused but brought back when the correct answers were read.

Prizes were given to Margaret (West) Hardin for getting 26 out of 36 questions correct, and to Jerry Britten, who with a little help, came in second.

Many old and forgotten memories were reminisced the remainder of the afternoon. And many new

ideas and plans were discussed for the 20th reunion.

The kids and men enjoyed refreshing swim in the pool. Two kiddie pools were filled for the little tots with splashes of cool water hitting the moms.

A special treat of homemade ice cream was served before the gathering ended. Those attending were Jim and Donna Burton, Melody and April, Groom; Jerry and Pam (Ollinger) Ashford, Nick, Tami and Cassie, Groom; Jerry and Leslie Crowell, Bryan, Sean, Evan and Lauren, Groom; Mark and Nancy Britten, Christina, Sammy, Jennifer and Lindsay, Groom; Billie Ruth (West) Lewis, Steven, Stephanie and Jennifer, Panhandle; Jerry Britten, Jeremy, Ryan and Lori Jayne Amarillo; Bobby and Mary Nell (Britten) Crowover, Amarillo; Geneva (Miller) Maddox, Whitesboro; Rodney and Margaret (West) Hardin, B.J. and Mandy, Llano; Butch and Pam (Treadwell) Nicholson, Marty and Kristy, Canadian; and Matt and Janie (Britten) Street, Pampa.

Larry and Nancy Britten, Skeet and Billy Jo, Canyon and Marcia (Blackwell) Conrad and family visited with many of the classmates during the Groom Day festivities but were unable to attend the class reunion on Sunday.

Immunization Guidelines Listed For School Enrollment

State law requires the verification of the age of all 5 and 6 year-old children who are entering Texas public schools so the parents of such students should present their birth certificates when they register for school.

Kenneth Sweatt stated that parents unable to obtain birth certificates should check with him concerning other proof that can be used to determine age.

School districts may bar students from classes until proof of the immunizations required by state law have been obtained. The following record of immunizations are required:

Three injections of combination DPT vaccines, with one given since the fourth birthday, or if applicable, a tetanus-diphtheria booster within 10 years.

Three polio vaccines, one since the fourth birthday.

possible," says Hutsell.

"The Federal government, in cutting programs, has reduced the availability of these Federal funds over the past two years. For instance, last year a family of four could have a yearly income of \$19,703 and still qualify for benefits. This year, the family of four will not qualify over \$20,350. The sliding scale makes it slightly more difficult to qualify in the smaller families.

"Groom School benefits from this Federal program in being able to continue to serve nutritious meals for all students. It would be difficult for the school to fund the entire program locally, and this is one instance of a Federal program which really delivers the benefit in a direct manner to the child," she concludes.

Prices for the meals are set at \$1.00 lunch for kindergarten through 6th grade, \$1.10 for 7th through 12th grades, and \$0.50 for each student breakfast. Reduced cost meals are \$0.30 breakfast and \$0.40 lunch. For adults, breakfast is \$0.75 and lunch is \$1.50.

BRAVO®
Flowable Fungicide
For gardens, turf
and ornamentals.

First-rate protection
against 60 diseases on
35 food crops.

How many times have you asked yourself, "Why are my tomatoes rotting on the vine?" "How come my cucumbers and melon leaves are turning brown?" "What are those spots on my peaches?"

What you're looking at are the signs of fungus disease. The problem is that these visible symptoms appear long after disease infection has taken place. And by then it's too late. Your vegetables, fruit and melons are lost for the season.

But it doesn't have to happen. Not if you use BRAVO Flowable Fungicide. Because BRAVO gives you the most effective, broadest-spectrum disease protection money can buy.

No other fungicide does so much or works as well as BRAVO... delivering unsurpassed control of 60 major diseases on more than 35 food crops. Which explains why commercial farmers all across America have made BRAVO their fungicide of choice.

Use BRAVO as directed on the label, in a preventive spray program and you'll stop damaging diseases from ever getting started. Plants will be more vigorous and healthier. Harvests will be bigger and of better quality with the use of BRAVO.

Make your fungicide BRAVO and you won't be asking yourself questions about disease symptoms. More likely you'll be asking yourself what you're going to do with the extra fruit and vegetables you've harvested.

Flea Market Changes Considered

The McLean City Council met in its regular session last Tuesday night. Members in attendance were Mayor George Terry and Aldermen Brian Pohlmeier, Miro Pagan, Dr. Harold F. Fabian, Martha Jo Bailey and George Green.

Others present were Bob Glenn, Stella Lee, Mr. and Mrs. Vernon Turner, M.L. Fennell, Randy Kennedy, Clifford McDonald, Robert McDonald, Gerald Johnson, Brad Dalton, Mary Grover, Wanda Bailey, Davie Gipson, Sam Green and Jerry Cook.

Among the major items of business, Councilman Brian Pohlmeier submitted his resignation, effective Sep-

tember 1, 1986 (see related story). The council now has the option of leaving the position vacant or appointing someone to complete the term of office. At this time, no decision has been made.

In other business, the council:

-Discussed several matters pertaining to the Flea Market including security and putting the restrooms into working order. A suggestion was made to lower the price of booth rental. The council agreed to try this to see if it helps create more interest. A motion was also made stating that the City will subsidize the Flea Market up to \$200 and review the costs on a month-to-month basis and

that the VFW Auxiliary will receive 10 percent of the gross from the market for its help. The motion passed.

-Approved a motion to buy three air packs for the Fire Department at a cost of \$908 each, using Revenue Sharing Funds. Purchase of a heater for the station was tabled until the next meeting.

-Voted to retain the Employee Retirement Fund at the Bank of Commerce.

-Considered bids for leasing grassland at the disposal plant and the landfill. The bid of J.C. McAnear was accepted.

-Set the 1986 ad valorem tax rate at 5.2792 per \$100.

-Approved the first reading of Ordinance #225, setting gas rates.

Pohlmeiers Moving to Plainview in September

Brian Pohlmeier and his family will be moving to Plainview around the first of September, where he will assume new duties as Senior Vice President at the bank there. He will be working in the Commercial Loan Review Department.

Although Pohlmeier will be living in Plainview, he will continue to keep his position as President of the McLean Bank of Commerce. He said that he will work three days in Plainview and 2 days in McLean, probably Wednesday and Thursday.

Last Tuesday night, he submitted his resignation to the City Council. He said that, at the time he ran for office, he did not know he would be making the job change.

He added, "I have enjoyed the council and wish I could have completed my term. My wife and I remain committed to McLean and will be available to help in any way we can. I will be in constant contact with the bank here. If anyone ever needs me, I am only a phone call away. The McLean Bank will remain my first priority."

Second Flea Market Draws Crowd of 550

The second McLean Flea Market was held Saturday and Sunday at the factory building. Although attendance was down, 550 as compared to over 1200 last month, coordinator Sam Green said that she would still call it a success.

According to Mrs. Green, "Every exhibitor reported that business was good and they were all pleased with the outcome. Several made

Benefit Dance at Country Club Friday

Tomorrow night, a benefit dance, on behalf of the Charles Milam family, will be held at the McLean Country Club from 8:00 p.m. to midnight. Recently, Mr. Milam suffered a heart attack and has accumulated substantial medical expenses. All proceeds from the dance will be used to help the Milams in paying these costs.

Since the Milams moved to McLean, about 10 years ago, they have been extremely active in the community. He has served on the City Council, is a dispatcher with the city, and has been an active supporter of various school activities. Mrs. Milam serves on the Ambulance Service and is a secretary at the High School. In that capacity, she has worked extensively with the students and has been a coordinator or participant in almost all school-related projects.

According to Lisa Patman, one of the people promoting the dance, "The Milams have been strong supporters of the community for many years. This dance is just our way of saying thank you."

For those who can't attend the dance, a special fund for the Milams has been set up at the Bank of Commerce. Those wishing to make a donation can stop by the bank during business hours.

Darryel Herndon is donating the services of his band, Country Comfort, for the occasion. He summed up his attitude about the benefit by saying, "If we can't help somebody in our community in a time of need, then we are living in the wrong kind of town."

Please show your support for the Milams by either attending the dance or making a donation at the bank.
