50 Red Divisions Wiped Out In South, Nazis Say

Heavy Losses By Germans Also Reported

By The Associated Press Red army troops battling to save Leningrad were reported today to have stemmed the German onslaught in bitter fighting around Lake Ilmen, south of the old czarist capital, and hurled the Nazi invaders back seven miles in fierce bayonet charges elsewhere on the Leningrad front.

Picturing the War - Nazis claim capture of former Estonian islands Oesel and Muhu under Leningrad (1). Admitting Kiev lost, Russia claims recapture of 33 villages in central sector (2), but German dispatches today say Soviet central advance falling back 'east of Smolensk' under heavy fire. Germans also claim encircling and capture of many divisions of four Russian armies (3), and that a Nazi column has reached the sea of Azov (4).

Stettinius Opposes Ban On Red Aid

Senator Norris Says Neutrality Repeal Will Mean War WASHINGTON, Sept. 22 (AP)—Informed members said Edward R. Stettinius, administrator of the lend-lease program, urged a house appropriations subcommittee considering the \$5,000,000,000 lend-lease appropriation bill today to reject any prohibitions which would bar aid to Russia.

Storm Nears Texas Coast

Lowland Residents Prepare For Severe Blow; Some Move Inland NEW ORLEANS, Sept. 22 (AP)—The U.S. weather bureau said in a special bulletin at 12:30 p. m. today that the Gulf storm, approaching the Texas coast near Matagorda, had caused tides of seven to eight feet and was buffeting the coast cities with winds reaching hurricane force (75 miles per hour or more) at Port O'Connor.

The maritime commission offered to sponsor conferences at Washington in an effort to end a dispute over war bonuses on various sea trade routes—and brought in reply an appeal by the New York unit of the Seafarers International Union (AFI) to President Roosevelt to investigate the commission's "anti-labor activities."

Negro Tried For Car Theft

Oscar Thompson, negro, was assessed a two year suspended sentence in the penitentiary Tuesday morning by a jury in district court, after he had entered a plea of guilty to automobile theft.

Adolf Hitler's high command today reported the destruction of 50 Soviet army divisions — about 750,000 troops — and the capture of 380,000 prisoners in the bloody trap 125 miles east of Kiev, while Italian dispatches pictured scenes of chaotic retreat by Russia's armies in the Ukraine.

Nazi military dispatches also asserted that advances by the Red army counter-offensive east of Smolensk, on the central front guarding Moscow, "have collapsed under German fire."

In London, Russia Ambassador Ivan M. Malsky declared that in three months of war Germany has lost 3,000,000 men in killed, wounded or missing — one-third of the entire Nazi army.

The 11-day-old strike spread to three more vessels in the Atlantic and Gulf last night and Secretary-Treasurer John Hawk of the SIU said 23 ships were idle. Chairman Emory S. Land, sending the commission's offer of aid to unions representing unlicensed personnel unions as well as to ship operators, said the strike was disrupting "shipping so vitally needed for national defense and all-out aid to democracies."

The union has sought unspecified bonuses for its men who go in to war zones and has demanded \$60 bonuses for trips to the West Indies.

At the same time, an SIU official said Atlantic and Gulf port units would vote on a resolution authorizing a general strike referendum.

The International Longshoremen's Union meanwhile strove for a quick settlement of the dispute between the Alcoa Steamship Co. and the SIU.

At San Diego, AFL machinists, announcing the strike "vote," said that a conference with Maj. E. H. Fleet, president of Consolidated Aircraft Corp., had failed to settle the union's demand for a flat 10-cent-an-hour wage increase for workers not covered by a minimum pay raise for beginners.

Several character witnesses testified to Thompson's good reputation after Cliff Wiley, Lons Star Chevrolet company owner, and peace officers testified to the loss of a car from the motor company's used car lot.

Thompson was arrested in Tulsa and the car recovered there.

This afternoon the court was to take up the case of Lafayette Hamble, negro, charged with theft by bailer of an automobile.

Clear Skies Lessen Danger Of Major New Mexico Flood

Flood Covers 200 Blocks In Roswell

ALBUQUERQUE, N. M. Sept. 23 (AP)—Flood waters of the Hondo river slowly inundated a large part of the Pecos valley city of Roswell today but the threat of a major flood appeared to have been dissipated by gradually clearing weather in valley watersheds.

Meanwhile, eastern New Mexico worked to bring order to disrupted highways and utilities in the wake of three days torrential rains which poured tons of water down rivers and draws the 400-mile length of the state.

It was estimated that some 200 city blocks were under water in Roswell by mid-morning, with the swollen Hondo showing a slow rise but with the flood crest due to pass by mid-day.

Weather bureau observers reported the water a foot deep at the Roswell postoffice.

A flood crest on the Pecos, moving slowly downriver from Alamogordo dam, reached Roswell during the morning and was due to pass the city and reach Carlsbad late tomorrow or early Thursday.

Roswell, at the junction of the Pecos and Hondo rivers, was at the alert throughout the night as flood crests moved down the Hondo and sent muddy waters through deserted streets in the western section, where state guardmen stood watch.

CALAMITY: Circus Appearance Cancelled

Junior will be disappointed—but not half so badly as his Pappy. The circus isn't coming. Track washouts on the Southern Pacific at McNary, in the mountain regions of far western Texas, blocked transit

The only way the "greatest show on earth could get out of El Paso to the east was to swing up through New Mexico and down to Abilene for its scheduled appearances there Wednesday afternoon and evening. Of necessity the circus management announced that it was "forced" to cancel the Big Spring performance scheduled for Tuesday evening.

So great a catastrophe had not befallen since the days of the tornado. Telephones at the newspaper offices, the chamber of commerce offices, and other assorted places rang incessantly. Long distance calls from a radius of more than 100 miles were commonplace. Always it was the same question—"will the circus be there?" Always the answer was the same—"No."

Of course, those with the "sweet lemon" complex, stood up and offered thanks. It was, they said, a blessing in disguise. Circuses all might be added in passing that those thus relieved usually are to be found on the front row when the big top show gets underway.

Many irreplaceable souls, openly downhearted, were figuring how to get to Abilene. It was no longer a case of sacrificing to make the kiddies happy. It was a plain case of—well, you know what a circus does to you.

Oh, well, it's not coming. Just as well get these visions of floating acrobats, pretty equestrians, roaring lions, lumbering elephants, and awkward camels, big balloons and an unbelievably huge tent out of mind. Just forget about the whole business.

CAA Official Tells Of Spy Activities

NEW YORK, Sept. 23 (AP)—A German-born official of the Civil Aeronautics Administration testified today that one of 16 men now on trial charged with espionage once offered to help him send messages through the British blockade to Germany.

The witness, Albert A. Vollmecke, assistant chief of the CAA engineering division, said he never took advantage of the offer.

He said he was suspicious of the defendant, Heinrich Carl Eilers, a former pilot steward on the U.S. liner Manhattan, from the time he first heard of him.

Postmaster General To Visit Dallas

WASHINGTON, Sept. 23 (AP)—Postmaster General Frank C. Walker accepted today an invitation to attend the Texas state fair in Dallas on October 15, designated "Postal Day."

Burris Jackson, Hillsboro, Tex., postmaster, who invited Walker on behalf of Texas postmasters and the fair association, said the cabinet member would spend October 17 and 18 in Fort Worth, and on Oct. 19 would address a Catholic charities association in Houston.

From Houston Walker will go to New Orleans.

High Catholic Official Honored

GALVESTON, Sept. 23 (AP)—The Most Rev. John J. Glennon, archbishop of St. Louis, paid tribute to the Most Rev. C. E. Byrne, bishop of Galveston, at solemn pontifical high mass at St. Mary's cathedral today.

Distinguished prelates and laymen of the Catholic church gathered to honor Bishop Byrne on his golden sacerdotal jubilee. Bishop Byrne was consecrated to priesthood by Archbishop Glennon at St. Louis 50 years ago.

At the end of the course, those satisfying the work should be able to qualify as aviation cadets. Young men interested should contact either Sgt. Gibson or the chamber of commerce.

Courses to be covered would include English composition and grammar, arithmetic, algebra (including quadratics), plane geometry, plane trigonometry, U. S. history and general history.

NEGRESS POISONED CORNICIANA, Sept. 23 (AP)—Four negroes are dead and seven others ill from poison believed to have been in water accidentally delivered in a barrel which had contained insect poison. Sheriff Cap Currence said today.

Storm Nears Texas Coast

Lowland Residents Prepare For Severe Blow; Some Move Inland NEW ORLEANS, Sept. 22 (AP)—The U.S. weather bureau said in a special bulletin at 12:30 p. m. today that the Gulf storm, approaching the Texas coast near Matagorda, had caused tides of seven to eight feet and was buffeting the coast cities with winds reaching hurricane force (75 miles per hour or more) at Port O'Connor.

Approximately 100 persons spent the night in the brick schoolhouse at Port O'Connor, planning to hold out during the blow. Another 400 had moved inland to Fort Lavaca. Elsewhere along the Texas coast, where unusually high tides prevailed and higher water was forecast, lowland residents had moved out and houses and stores were battered down against the savage fury of the storm.

Knox Asks Repeal Of Neutrality Act

QUINCY, Mass., Sept. 23 (AP)—Secretary of the Navy Frank Knox today watched the huge 35,000-ton battleship Massachusetts slide down the ways of the Foe river ship yards and then declared to a crowd of thousands attending the launching that the neutrality act was "crippling" the efforts of this country and should be immediately repealed.

There should be no handicap on those who are trying to keep us away from these shores," the navy secretary shouted into a loud-speaker system that carried his words throughout the vast ship-building yards.

"We must waste no time in repealing the neutrality act," the mighty Massachusetts was launched without a slip-up.

The keel of a new cruiser, the U.S.S. Flint, was laid on the spot just vacated by the Massachusetts before the bow of the battleship had entered the water.

Knox asserted that recent events on the Russian front had made "the prospect of victory dim."

He did not elaborate on this, except to say that the casualties in Russia were greater than in any other conflict in history, and that the fighting in Russia had a "direct bearing on our own situation."

He said it was possible that the battleship just launched might have to "participate in another fight for human liberty."

The Massachusetts and other battleships recently launched or building would carry the heaviest guns afloat, he said, and would participate in the job handed to the navy of "seeing that the sea lanes between this country and Great Britain are kept free."

Students May Get Draft Deferment

WASHINGTON, Sept. 23 (AP)—Local draft boards received permission from selective service headquarters today to postpone the military service of college students in cases where immediate induction would cause "undue hardship."

A student, for example, might be permitted to complete a semester before being called. Officials said, however, that if a student knew in advance of enrollment that he was due for induction, he could expect no postponement.

Free French Say Revolution Latent LONDON, Sept. 23 (AP)—The people of France are "in a state of latent revolt" against the Germans, and "every day blood flows in Paris," General Charles De Gaulle declared today in announcing organization of a new national council for his Free French movement.

Whatever differences once existed among the French people, the one aim of the vast majority now is "the liberation of France," he said, so the council is being formed as a temporary administration, ready to hand over the reins when a French republic is restored.

Weather Forecast WEST TEXAS—Cloudy with increasing rain in south portion tonight and Wednesday; partly cloudy in north portion, becoming cloudy with occasional rain Wednesday. Warmer in Panhandle.

EAST TEXAS—Shifting gales over southeast portion, reaching hurricane force in middle and upper coast in vicinity of tropical hurricane and dangerous easterly gales on extreme upper coast this afternoon and tonight with gales continuing into Wednesday. Fresh to strong northerly to westerly winds south of Corpus Christi on lower coast. Rain tonight and Wednesday.

EXTENDED FORECAST for West Texas (6:30 p. m. Tuesday to 6:30 p. m. Friday): Continued cool temperature with precipitation above seasonal average.

Mexico To Expand Naval Facilities

MEXICO CITY, Sept. 23 (AP)—Expansion of Mexico's naval facilities was hinted in an official bulletin which reported the ministry's budget next year would be "far greater" than this year's \$0,000,000 pesos.

One of President Avila Camacho's first acts after taking office was to raise the navy administration from the status of a department to a cabinet ministry. A large port improvement program is now under way as part of Avila Camacho's program to build up Mexico's defenses.

was elected president of the local unit of the Future Homemakers of Texas at the Big Spring high school for this year. The unit, composed of homemaking major students, meets once a month. Over 200 girls this year have chosen homemaking courses, representing about half the girl enrollment of the school.

Miss Laneous Notes

The worst has happened! You might think it couldn't happen here, but it did. You may say you never heard the like before, but you have now. The circus isn't coming to town!

For days we've been avidly reading the stories about the circus, the trapeze artists, the hundred and one things that go to make up the "greatest show on earth." And now we aren't going to get to see it.

We feel like a child that's been promised a lolly pop only to find the lolly pops all gone, just when we were about to reach for one.

Of course, there are some things that are inevitable so the knowalls say. And flood and storms aren't small hurdles to take a circus over. But nobody is going to be as disappointed as we are.

Maybe the lions will relish an extra day of rations without having to work for them. Maybe the trapeze artists are going to get a day to catch up on their reading. The elephants may like eating their hay without a crowd around to watch. But as for us—well, it's a sad day.

We never thought that things would go this far. In the back of our mind we thought surely somehow the show would go on. But they did and it won't. Ain't it awful!

Soldier Dies In Ft. Worth Scuffle

FORT WORTH, Sept. 23 (AP)—An investigation was being made of the death of Sgt. Norbert Lindgren, Camp Grant, Ill., who collapsed last night after a quarrel with another non-commissioned officer near a railroad station.

Lindgren was one of a group of nine sergeants who were to have taken a late train for Camp Grant. They came here Saturday on a troop train bringing selectees to Camp Wolters.

A heart attack may have caused his death. He was struck a glancing blow by the other officer, who said Lindgren had been creating a disturbance in a cafe.

General Will Tell Faults Of War Games

WITH THIRD ARMY, Sept. 23 (AP)—A thousand officers, who have directed the greatest peace-time force of American soldiers ever placed in the field, were summoned today to Camp Park to hear the man who has headed the training program of the new army explain what was wrong in the first week's war game between the Second and Third armies.

The lecturer was Lieut-General Lesley J. McNair, chief of the army general headquarters staff, who wastes few words. Through the year he has visited camp after camp, checking the instruction of the million-odd men who have been enlisted or inducted into national service.

The war department has frankly said that the status of most field officers would depend on their records in the fall maneuvers. Already scores have resigned because of the prospect of reclassification and others have been reshuffled to jobs that do not involve field leadership or tactical ability.

Already the maneuver, in which Lieut-General Ben Lear ended virtually trapped by the Third army led by Lieut-General Walter Krueger, had been discussed in staff meetings over the weekend. Meanwhile the half million men participating in the vast field exercises enjoyed a cool, gusty night on the fringe of a tropical storm that swung from the gulf into Texas west of the maneuver area. Wind velocity at times reached 40 miles an hour and some tents were blown down.

Couple Is Wed In San Angelo Saturday

The marriage of Maurine Rowe and L. D. Chrane, Jr., Saturday night in San Angelo is announced by her parents, Mr. and Mrs. H. M. Rowe.

The ceremony was read in the home of the Rev. E. O. Wood, Presbyterian minister. There were no attendants.

The bride wore a Kona wine wool suit with soldier blue accessories. She carried a gardenia corsage on a black suede purse.

The couple is at home at 1710 Main. Mrs. Chrane was graduated from the Big Spring high school and attended T. S. C. W. at Denton for two years.

She was a member of the Big Deb and Post Deb clubs and also one of the Lions club sweetheart. She and Wanda McQuinn sang as a duo for club meetings.

Chrane is the son of Mrs. L. B. Chrane of Abilene. He was graduated from dental school in Galveston and owns the Dental Laboratory here.

The couple spent a short honeymoon in San Antonio.

LEARN THE TRUTH ABOUT BOWEL WORMS

The signs are misleading. Nobody is sure to escape. Worms can make real trouble. Anybody, anywhere, can "catch" roundworms! So watch out for these signs in your child or yourself: uneasy stomach, unequaled loss of weight, body heat, nervousness. Get *Jay's Vermifuge* if you even suspect roundworms. It expels stubborn worms, yet acts very gently. If there are no worms, it works just as a mild laxative. *Jay's* is America's best known proprietary worm medicine; scientifically tested and used by millions for over a century. So, play safe! Insist on *Jay's Vermifuge*.

Sinking Of Another Ship Challenges U. S. Sea Patrol

Panamanian Vessel Sunk Off Iceland

WASHINGTON, Sept. 23 (AP)—The sea was added another American-owned merchantman to its toll today, and the capital wondered whether this latest sinking was meant to be an open challenge to President Roosevelt's shoot-on-sight order which barred the "defensive waters" of the United States to all axis raiders.

The newest victim was the freighter *Pink Star*, owned by the U. S. Maritime Commission but operating under Panamanian registry. The sinking took on great potential significance, for it was the first such incident reported since Mr. Roosevelt proclaimed the "defensive waters" policy Sept. 11.

The *Pink Star* went down last Friday, the state department disclosed last night, and she met her end southwest of Iceland in the same waters that witnessed the loss of two other American-owned vessels and the unsuccessful submarine attack on the U. S. destroyer *Greer*.

The announcement of the *Pink Star's* sinking was silent on several details — a fact which caused some speculation. Nothing was said about the fate of the 34 men in her crew, and there was no hint as to how she met her end — by a mine, torpedo, an aerial bomb or the guns of a surface raider.

The location of the ship's sinking, however, was definitely placed some 235 miles south of Iceland on the corridor of sea communications which Mr. Roosevelt specifically has ordered the navy to keep clear.

The first ship sunk in those waters was the *Sessa*, American-owned by of Panamanian registry, which was torpedoed and shelled to the bottom Aug. 17, about 300 miles southwest of Iceland, and on Sept. 11 the freighter *Montana* was torpedoed in the same location. The *Montana* was American-owned but of Panamanian registry.

Like the *Sessa* and *Montana*, the *Pink Star* was a former Danish vessel. All three were among the fleet of some 50 foreign vessels taken over by the maritime commission recently under special legislation and returned to the sea lanes after months of war-bound idleness in American ports.

The *Pink Star*, however, bore a cargo destined for a British port, whereas the other two ships were carrying civilian supplies to Iceland. The ship, a 6,850-tonner, had 30 American citizens in her crew.

Under the neutrality act, the freighter would have been prohibited from entering the combat zone around Britain with an American crew and an American flag at her masthead. However, her trans-

Sharks At Work—Farmers Lose Out When 'Lost' Equities Sold

The farmer who sells his "lost" loan cotton equity in subject to being swindled out of a bit of money. AAA officials are reminding cotton producers that they can "find" their "lost" cotton, if they own any, by contacting the AAA office for a check of records.

Some reports have been heard of sharks who approach the farmer, tell him that the cotton he holds an equity in may be "lost" if he cannot find the memoranda showing his title. If the farmer has misplaced this memoranda, then the shark offers to pay the farmer a small amount, perhaps \$5, if he will sign over his interest in the cotton. The farmer is told all the while that the "lost" cotton may never be found.

But straightway the shark can and does "find" the cotton and sells the equity for \$15 or \$20. Saturday at a meeting of cotton farmers the AAA office gave 75 or 80 farmers papers showing their

ownership of 1938 and 1940 loan cotton. The farmers' equity in this cotton once amounted to \$28, although the price has dropped now.

Another word of warning is that the government is not "foreclosing" on loan cotton when loans mature October 1. It is placing this loan cotton in a pool, and as fast as it is sold, the farmer will be paid the difference between the sale price and the amount he has borrowed on the cotton.

Crude Production Rise Continues

TULSA, Okla., Sept. 23 (AP)—Daily crude oil production in the United States increased 35,085 barrels to 4,062,735 for the week ended Sept. 20, the Oil and Gas Journal said today.

Illinois production was up 15,500 to 407,415; Kansas, 14,750 to 258,500; Oklahoma, 4,950 to 422,250; eastern fields, 500 to 112,000; Michigan, 241 to 82,101, and the Rocky Mountain area, 6,500 to 11,700.

California declined 4,900 to 548,550; Texas, 4,350 to 1,462,250; East Texas, 150 to 369,600, and Louisiana, 805 to 334,940.

Annual production of table cutlery, scissors, razors, pocket and butcher knives, and edge tools—axes, hatchets, adzes, augers and bits, sythes, grass hooks, etc.—is valued at more than 60 million dollars, according to the census.

Even If Over 28—Men Advised To Keep Touch With Draft Board

Registrants with selective service boards were advised here Tuesday by the Howard county board that their contacts with the board must be maintained even though they have attained the age of 28 years by July 1, 1941.

Attainment of the age of 28 years on that date alters their status with the board to the extent that they are no longer being called into training, and most of that age or over in training are being discharged.

Soldiers Removed From Camp Hulen

PALACIOS, Sept. 23 (AP)—All of the remaining 2,000 troops stationed at nearby Camp Hulen, in the indicated path of a tropical disturbance, have been moved to safety at Wharton, Tex., camp headquarters said today.

Most of the 11,500 former national guardsmen, and selectees principally from Missouri, Massachusetts, New Hampshire, Florida, Louisiana and Texas were already miles away in war games in Louisiana.

Only a skeleton force of headquarters troops and officers remained, and they were ready to pull out if high tides threatened. All precautions had been taken to protect buildings and property from the blow.

All-Day Affair Planned At Cattle Dip Demonstration

There'll be "big doin's" at the I. B. Cauble ranch 10 miles southwest of Big Spring October 13.

Occasion will be a demonstration of cattle dipping to eradicate a new pest in these parts—the short nose ox louse, which has migrated down from the north—but to make the affair festive, Mr. Cauble has agreed to fix up a big dinner for the crowd.

The dipping demonstration will be conducted by George Barnes, A. & M. extension service beef cattle husbandman.

An all-day affair is being planned, with a tour of Cauble's extensive feed crops during the morning, the big dinner at the ranch house at noon, and the dipping in the afternoon.

Previously, ranchmen had been able to control louse by arsenic dips, sprays and other treatments. But arsenical dips do not kill all the new type lice. A dip used last year

on Wilkinson ranch cattle was so strong the arsenic peeled hair off the cattle, but the louse were not all killed.

Experiments, meantime, had been made with sulphur and rotenone, resulting in perfection of a formula, which will kill the northern lice.

A hundred pounds of wettable sulphur and 10 pounds of cube powder or darris powder for each 1,000 gallons of water comprises the dip, which must be used twice. It can be used in any kind of water, regardless of minerals, and in any kind of weather. It is non-poisonous, even if the cow drinks it. Expense is less than that of arsenic, and on small herds it can be put on with a rag or spray, if a vat is not available.

The dip will also kill ear ticks. At the demonstration, methods of spraying it in the ears will be demonstrated as the cattle move through the chutes to the vat. It will also kill ox warble grubs in the back.

Unbiased Grid Fans Have Rough Time In Picking Top Crews In SW Predictions

SAN ANTONIO, Sept. 23 (AP)—In this neutral zone, the unbiased football fan who follows the fortunes of all Southwest Conference teams from afar with an open mind and no love of alma mater to color his convictions, is having a horrible time rating the boys for the 1941 scramble.

Even the coaches, his weather-vanes of long standing, are crossing him up. Dana Bible at Austin comes right out and admits his University of Texas Longhorns should be the favorites.

Lookin' 'em Over

With Jack Douglas

Obie Bristow and D. A. Watkins are currently deadlocked in the Big Spring Country Club's ringer tournament. Both are riding high with a 30 count, six under par.

Coaches Dell Morgan and Burl Berluffman opined that they were well satisfied by the showing made by the Texas Tech Raiders in their 24 to 0 victory over Abilene Christian college Saturday night—and well they might be.

Tech is looking forward to its greatest year in the football world. It's going to take more than a bit of coach-firing to put the Raiders in the Southwest conference but they can add to their national fame during the next year or so.

Of course, it is a known fact that Tech would give its eye teeth, and maybe toss in a pair of tackles and an extra school regent to mix it up in the top class of Texas football—eventually the Raiders will be in where they want—in the meantime gnashing of teeth will continue as ardent Techans and ex-Techans look at the creamy Southwest circuit.

Hardin-Simmons University is another school that has climbed high in gridiron circles during the past few years. It has returned to the Border conference this season and is touted to do a bit of pace-making over the season.

There'll be an abundance of drama as the Cowboys teach against the Baylor Bears at Waco Saturday afternoon. Frank Kimbrough, former HSU mentor, will be making his debut at the helm of Baylor's football efforts. The Cowboys welcomed their new coach, Warren Woodson, last week, when they soundly whipped Texas Wesleyan, 51 to 7. As an added touch on the Cowboy-Bear drama, Woodson is a former Baylor cage and net star.

The census bureau reports the annual production of raw motion picture and camera film at a factory value of \$65,900,000.

For 2nd Time Dallas Drops 6-1 Decision

Nashville Sluggers Have Piled Up 24 Hits Thus Far

DALLAS, Sept. 23 (AP)—The Dallas Rebels and Nashville Vols parted toward the heart of Dixie today where they resume their series in the battle to determine the minor league champion of the South.

But Dallas' miracle men of the Texas league must cook up a potent batch of legends if they expect to return home next Saturday still in the running and holding a chance for the Dixie series title.

Nashville pulled out with two decisions in two times, each by the staggering score of 6-1, and it seems nothing Dallas can push up to the plate is capable of halting the slugger Vols.

Little Sal Giliatto, ace of the staff, tried it Sunday night. Otto Nitcholas, star of the Shaughnessy play-off, attempted it last night.

The result: 24 hits and 12 runs. Manager Wally Dashiell has nominated Gordon Matzberger, right-hander—and to right-handers the Vols are poison—for pitching duty Wednesday night, when the series is resumed in Nashville.

The Vols will use Russ Meers, a left-hander who was the leading Nashville hurler over the regular season route with sixteen victories and five defeats, and who won three games in the Southern association Shaughnessy play-off.

Nashville used its two former big leaguers to squeeze the Rebels in the opening games. Eddie Lawson, taming Dallas Sunday night and Vito Tamulla, late of the Brooklyn Dodgers, southpawing the Rebels into submission with a six-hit masterpiece last night.

Hank Helf, husky Vol catcher, was the batting star, driving in three of the runs with a triple and single.

Dallas must win two out of three games at Nashville to stay in the fight for the title. Should the teams need more games after the three, they will return here for battles Sunday and Monday.

Final Plans Made For Thursday Opening Of C-Club Women's Meet

Qualifying play for the 1941 edition of the Big Spring Country Club ladies' golf association tournament gets underway Thursday, with starting times to be according to the entrants' convenience, Jimmy Gamewell, golf pro has announced.

Match play starts Friday, another round goes on the boards Saturday and final matches go over the course Sunday.

Mrs. G. I. Phillips, 1940 champion, will defend her crown, despite illness that has kept her off the greens for the better part of a year. Monday she chalked up

50-43 over the course to set the club's top mark for women.

The matches have been so arranged that eight players will be in each flight, Gamewell explained. Competition will be among club members. One dollar entrance fee for one or for all branches of the tournament, including bridge and ping pong in addition to golf.

Committee heads are as follows: Mrs. Harry Staleup, golf qualifying; Mrs. George Oldham, ping pong; Mrs. C. J. McIver and Mrs. Elmo Wasson, bridge; Mrs. Shirley Robbins, entertainment.

Six S'West 11's Leave Rumor Stage Saturday

By The Associated Press
Southwest conference teams will emerge from behind a thicket of rumors and show something of what they've got this weekend.

Six of the seven teams will get into action next Saturday and how much they'll have to exhibit, of course, depends upon the opposition. Perhaps the toughest test will be encountered by Texas Christian, which plays Tulsa at Fort Worth, and the highly touted University of Texas Longhorns, who will go up against the University of Colorado Buffaloes at Boulder.

Both teams should come through, but in an early season contest you never can tell. Tulsa reportedly is capable of upsetting the Horned

Frogs, and Colorado might turn the trick, but if it did the Flatiron Mountains which overlook the Buffalo stadium probably would quake in amazement.

Southern Methodist should have an easy time with North Texas State at Dallas, and so should Texas A. and M. with Sam Houston State at College Station. Baylor is expected to have no very hard time of it with Hardin-Simmons at Waco and there is no reason to suppose that the University of Arkansas can't beat Central Oklahoma State at Fayetteville.

Rice won't tackle its first opponent until the following Saturday, when it meets Sam Houston at Houston.

Jews, Communists Shot In Zagreb

NEW YORK, Sept. 23 (AP)—Fifty Jews and communists have been executed in Zagreb charged with being the "intellectual originators" of a bomb attack in the Croatian capital, the German radio reported from Berlin today.

The prisoners were sentenced to death by a court martial in Zagreb Sept. 19, the radio reported, quoting an announcement by the ministry of interior affairs of Croatia. The bomb attack was said to have been against the Zagreb telephone exchange in which more than 12 German soldiers were wounded.

Transportation May Bottleneck Defense

WASHINGTON, Sept. 23 (AP)—A defense research official expressed the opinion today that an imminent serious shortage of transportation facilities may become one of the most serious bottlenecks in the arms program.

Steers Hold Pre-District Test Thursday

Comparison With Ponies To Be Made As Herd Meets Brownwood

Thursday night Big Spring's Steers have a chance to compare their football strength with that of Sweetwater, heavily touted to take the district 3-AA title from the Big Springers this year.

Last weekend the Brownwood Lions were beaten, 28 to 6, by Sweetwater's Mustangs—and Big Spring clashes with Brownwood Thursday.

One thing was brought out by the Brownwood-Sweetwater engagement—the Lions have a weak defense against running plays as well as aerial attacks. This might act in Big Spring's favor, since the Steers did show potential strength and scoring punch in both these departments.

As for the Big Spring defense, it was not up to 1940 standards—the same applied to Sweetwater in the Brownwood contest. What happened was that the Mustangs did most of the ball-handling throughout the game, keeping the Lions with their backs to the wall. But, in those few instances when Brownwood was in possession of the pigskin, Sweetwater encountered difficulty in holding the fort.

It all adds up to the conclusion that what happens Thursday night will be a pretty good indication of how Big Spring will stack up against Sweetwater.

The Big Spring-Brownwood fracas is being played on a Thursday, instead of the usual Friday, in order to avoid a conflict with games matched by the Brownwood colleges, Howard Payne and Daniel Baker.

On Friday Abilene visits Thomas Jefferson of San Antonio, Sweetwater enters Graham, Midland hosts Austin of El Paso, Lamesa journeys to Plainview, and San Angelo receives Lubbock.

Odesa and Colorado City open the conference race at Colorado City. The contest will be the Colorado City Wolves' district 3-AA debut.

Moore Prepares For Cage Season

MOORE, Sept. 23 (SpI)—Junior basketball play will be inaugurated next week, according to Anna Smith, coach. Prospects for the boys' and girls' teams are far from bright, however. Three of last season's lads will report Tuesday.

Billy Leatherwood, Vernon Fields and Billy Hayworth were all considered first teamers last season. Other positions will be filled by green players. Hopefuls include Howard Engle, Jerry King, Willis Burchett, Billy Hamneck and Lee Donald Hayworth.

Last season the girls were champions in the Howard County Inter-scholastic league meet, and runner-up of the Howard county rural league.

This season holds no such hopes for a club. Only two players with experience, Gladine Fields and Basalia Gonzales, are returning to the squad. Others reporting for workouts include Frances Phillips, Dorothy Cell Wilemon, Eula Faye Newton, Florence Gonzales, La Vern Fuller, Bellam and Virginia Ellibal.

Hash Once Held Respect
SALT LAKE CITY, Utah.—According to an 1850 menu recorded here by officials of the U. S. Gravel Service, hash was once more respected than it is today. According to the menu of a cafe in "Old Hangtown," now Placerville, Calif., hash sold for \$1 a plate.

Hogan, Demaret Paired In Top Money Match

DETROIT, Sept. 23 (AP)—Little Ben Hogan, who finally slipped out of the money last week-end at Philadelphia, gets a chance at a \$2,000 golf purse today when he pairs with Jimmy Demaret in a 36-hole best ball match against national open champion Craig Wood and Byron Nelson.

Hogan, the torrid Texan who is top money winner among the touring pros, is unbeaten in four previous matches in Detroit and he accepted this as an omen in four-ball play over the country club or Detroit course where 18 holes are to be played today. The match will be completed tomorrow.

Post-Season Tilt Planned Between NMU, Mexico U.

MEXICO CITY, Sept. 23 (AP)—A post-season goodwill game in Mexico City between football teams of the National University of Mexico and the University of New Mexico is being planned tentatively, United States Senator Chavez of New Mexico said last night.

Details must be worked out between President W. F. Zimmerman of the University of New Mexico and Rector Mario De La Cereva of the Mexican institution, the senator said.

Steer Debut Has \$945.50 Gate

Notwithstanding gloomy predictions concerning the financial hopes of football this season, Big Spring high school opened its hometown showing last Friday night with a bigger and more lucrative crowd on hand than last year.

For the opening game, there were 1,964 paid admissions, bringing in a \$945.50 gate. Big Spring made its home debut against the Mineral Wells Mountaineers in 1940. There were 1,785 paid admissions and an \$849.50 gate.

Of the receipts Friday night, \$672.75 went to the Austin Panthers of El Paso. Big Spring's share was considerably depleted by the cost of operations.

Edmund Notestine, Big Spring business manager, pointed out that so far as financial returns were concerned it was more profitable for the Steers to play away from home than in Steer Stadium. The home club must pay for all incidentals connected with putting on the game, such as lights, officials, etc.

Dodgers Increase Lead; Cards Meet Tough Bucs Today

By The Associated Press
There is a guy named Frankie Frisch in the National league, known up and down the senior circuit as "Onkel Franz."

Now, Onkel Franz doesn't care much for Leo the Lip Durocher who manages the Brooklyn Dodgers. Onkel Franz said as much when he was boss man of the St. Louis Gas House Gang and Leo the Lip was just a St. Leo hired hand.

Well, Leo the Lip and his Dodgers had a game and a half edge over St. Louis this morning as the Cards moved into Pittsburgh for a four-game series with Onkel Franz's Pirates in the tightest National league race in the memory of the oldest inhabitant.

Onkel Franz, if he so desired, really could make it softer for the Cards, than he could for the Gowanus Galleons, but the old flash is still playing up the hit shoving no favorites. He has nominated Ken Heintzelman as his savior in the first game of a twin bill with the Cards this afternoon and Ken has given the warriors from St. Louis plenty of trouble.

The Dodgers are idle today after adding a half game to their margin yesterday with a 5-0 trimming of the Phillies as the Cards had an open date.

The only other action in the National league found the New York Giants splitting a twin bill with the Boston Braves. King Carl Hubbell served a steady nine-inning in the opener for a 5-3 decision. Phil Masi's ninth-inning two-bagger enabled the Braves to break a tie and cap the nightcap, 2-1.

One of two games on the curtailed American league card saw the 1940 champions, the Detroit Tigers, move into a fourth-place tie by moving down the Chicago White Sox, 11-0.

Johnny Niggeling blanked the succumbing beauties from Cleveland with seven hits for a 5 to 0 St. Louis victory.

Editorial - Mr. Lindbergh Goes Too Far

Not that Mrs. Barrington ever was guilty of over-indulgence, but cocktails had an unpleasant tendency to add curves to a figure already inclined to plumpness.

Man About Manhattan - 'The Wookey' Really Looks Like Success On Broadway

By GEORGE TUCKER NEW YORK—There is no magic formula for reading a play and predicting its success on the stage. If there were, all producers would be rich and there would never be any failures. A manuscript that looks like it can't miss frequently turns out to be as flat behind the footlights, and you can verify this easily enough by counting the little white crosses on Broadway street corners that mark the spot where theatrical producers have guessed wrong.

I've seen him insist that boys who were teasing a helpless mouse put it out of the way quickly and mercifully. He has kindness, but so little else that I've always thought I must demand of a man I might marry. And you, Leo, have everything.

Ginning Ahead
Of Last Year
 WASHINGTON, Sept. 23 (AP)—The census bureau reported today that cotton of this year's growth gained prior to Sept. 18 totaled 2,092,614 running bales, including 131 round bales counted as half bales and excluding linters.
 A year ago 1,908,025 running bales including 460 half bales, had been ginned to Sept. 18, and two years ago ginning totaled 2,675,703 running bales, including 53,958 half bales. Ginnings to Sept. 15 by states, with comparative figures for a year ago, follow:
 Oklahoma 28,142 and 17,323; Texas 282,714 and 93,516.

Workers' Militia
Planned In Mexico
 MEXICO CITY, Sept. 23 (AP)—A plan for formation of a nationwide system of workers' militia was announced yesterday by the Confederation of Mexican Workers, the largest labor organization in the country.
 The workers will not be issued arms, but will be trained by regular army instructors. The confederation already maintains workers' infantry battalions in five states, the plan now being to extend the system to the whole country.

Harlem [Indirectly] Crashes Hollywood

Ward Kimball, supervisor of a crew of Walt Disney animators and a fervent lover of swing music, was overjoyed when he was given plans for "Dumbo The Elephant," the forthcoming Disney cartoon feature. The script included a jam session by a flock of crows, and this gave Kimball a good reason for a trip to the famed Savoy ballroom, in New York City's Harlem. There he and a photographer watched the Harlem Conga, Jitteroo and Lindy Hop as performed by experts. They brought back a big file of pictures, and from them Kimball drew the crows. Also enlisted were the services of Kimball's cook, who invited a few friends to Kimball's Hollywood home for an atmosphere. For the occasion, a piano was installed in the witch.

20,299 missing. Advances reaching London said the Red armies were successfully pressing counter-attacks in a new sector, around Glukhov, in the northwest Ukraine 140 miles southwest of Gomel.
 The fighting here was described as separate from Soviet counter-blows in the Smolensk sector, 230 miles to the northwest, and possibly indicated an attempt to rescue the four battered Red armies trapped 125 miles east of Kiev.
 Stefani, official Italian news agency, said in a front-line dispatch that Red troops hurried back from the Dnieper river were fleeing in disorder, without artillery, toward a new defense line on the east bank of the Don river.
 If true, this would mean a huge-scale retreat and the abandonment of the great Dnieper river industrial basin.
 Stefani added that Red army prisoners reported the Soviet command was sending reserve units southward from the Moscow area as well as from the Don and Volga zones to bolster a new defense front.
 The news agency quoted prisoners as saying that Marshal Semeon Budenny, commander-in-chief of the Ukraine forces, had been relieved of his command and temporarily replaced by Marshal Semeon Timoshenko, who commanded the central front.
 Authoritative military quarters in London, acknowledging that the Soviet armies in the south faced "an uglier situation" than ever before in the 94-day-old struggle, declared nevertheless that a more optimistic outlook was developing on the northern front.
 Around Leningrad, the British said, the situation was not unfavorable, and north of Leningrad, on the Karelian Isthmus, the Russians were said to be holding the German-allied Finns on approximately the line of the pre-1940 frontier.

CARDS LOSE AGAIN
 PITTSBURGH, Sept. 23 (AP)—The St. Louis Cardinals were dropped two full games behind the first-place Brooklyn Dodgers today when they lost the opening game of a doubleheader to the Pirates, 4-0. Ken Heintzelman shut out the Cards on six hits as Pittsburgh made the most of its five.

Markets At A Glance

NEW YORK, Sept. 23 (AP)—Enough specialized rallying fuel was pumped into stocks today to keep the market rolling on four wheels.
 Stocks in the favored division most of the day included Douglas Aircraft, Boeing, Consolidated Aircraft, Lockheed, Glenn Martin, General Motors, Chrysler, U. S. Steel, Crucible, Santa Fe, Great Northern, Eastman Kodak, J. I. Case, National Dairy, J. C. Penney, Texas Corp., and U. S. Rubber common and preferred.
 Consolidated Edison and Public Service of N. J., slipped to new lows for the year. Lacking recovery stamina were North American, Anaconda, American Smelting, Westinghouse and Du Pont.

Wool Market

BOSTON, Sept. 23 (AP)—(USDA) Moderate quantities of domestic wool were selling today in the Boston market at steady prices. Combining three-eighths and quarter-blood bright fleeces wools were bringing mostly 48 to 50 cents, in the grease. Fine delaine bright fleeces wools were selling at 41 to 44 cents, in the grease. An occasional sale of graded French-combing fine territory wool was closed with prices ranging 1.02 to 1.07, scoured basis. Spot fine Australian wools were receiving some demand at steady prices.

Mississippi Votes For New Senator

JACKSON, Miss., Sept. 23 (AP)—Two veteran Mississippi congressmen today sought to fill the 15-month unexpired term of the late U. S. Senator Pat Harrison in an election in which less than half of the state's 350,000 voters were expected to participate.
 The candidates are Rep. Ross Collins, 61, of Meridian, who has served ten terms in the house, and Rep. Wall Duxey, 49, of Holly Springs, a member of the house since 1923.

Voluntary Wage Control Studied

WASHINGTON, Sept. 23 (AP)—Price Administrator Leon Henderson today told congress today that voluntary agreements to prevent wage increases were "the next step" in the administration's effort to avert inflation.
 Testifying before the house banking committee on the administration's price control bill, Henderson said such agreements with labor were not only feasible but "highly likely."

Two drivers of parcel post trucks out of the Big Spring post-office were honored Tuesday when Postmaster Nat Shick presented them with their 2-year pins for safe driving. They earned the awards by not having had a mishap in two consecutive years of delivering parcels in Big Spring. Cornell Smith, who previously was assigned to a truck but who now is a carrier, once attained the two year record.

The views of men in various walks of life on conservation were expressed in a radio program presented over KBST at 1 p. m. Monday. Participating were Dudley Mann, head of the Soil Conservation Service office here, E. W. Whipkey, chamber of commerce president, T. S. Currie, banker, L. E. Thomas, chairman of the county A. A. committee, and Joe Poindecker, Stanton, chairman of the board of supervisors for the Martin-Howard county soil conservation district.

Pat Allen, formerly of Big Spring, is visiting here for a few days. He now is located at Marshall and travels over three states, not to speak of frequent trips to headquarters offices in the east and north.

BETTER LIGHT + BETTER SIGHT = BETTER GRADES!

USE BIGGER BULBS FOR BETTER LIGHT

You want your children to get ahead in school, but you may be making their work more difficult by neglecting to furnish a good place to study at home and to provide the right kind of light for easier seeing. Experiments have proved that light has a definite effect on a student's grades.

Why not make their school work easier and their home work more pleasant by giving them a study lamp designed to provide just the right amount of glareless light? And if you have a lamp that needs repairing, take it to an electric shop today.
