Southern Rolling Plains to be Declared Eradicated

A major milestone in the boll weevil eradication effort will be reached September 20 when Agriculture Commissioner Susan Combs declares the Southern Rolling Plains Eradication Zone to be functionally eradicated.

The SRP is the first zone in Texas to attain this status, which indicates there is no evidence of reproducing weevil populations within the zone.

The declaration will be part of a celebration held at the Saint Ambrose Parish in Wall at 11 a.m. A barbecue lunch, provided by Rep. Rob Junell, D-San Angelo; Sen. Robert Duncan, R-Lubbock; Sen. Jeff Wentworth, R-San Antonio and the Southern Plains Cotton Producers Association will follow the declaration.

"The growers in the Southern Rolling Plains put an incredible amount of effort and dedication into achieving eradication in their area and are to be congratulated on having reached their goal," said Lindy Patton, executive director of the Texas Boll Weevil Eradication Foundation. "This would not have been possible without the leadership of the zone's steering committee, the commitment of the growers, a tremendous group of dedicated employees, and of course the support of our friends in Austin and Washington."

Cotton producers in the SRP took a leap of faith back in 1994 by being the first in the state to initiate an eradication program. While the program was proven in other states, there were still

Criminal cases in County Court

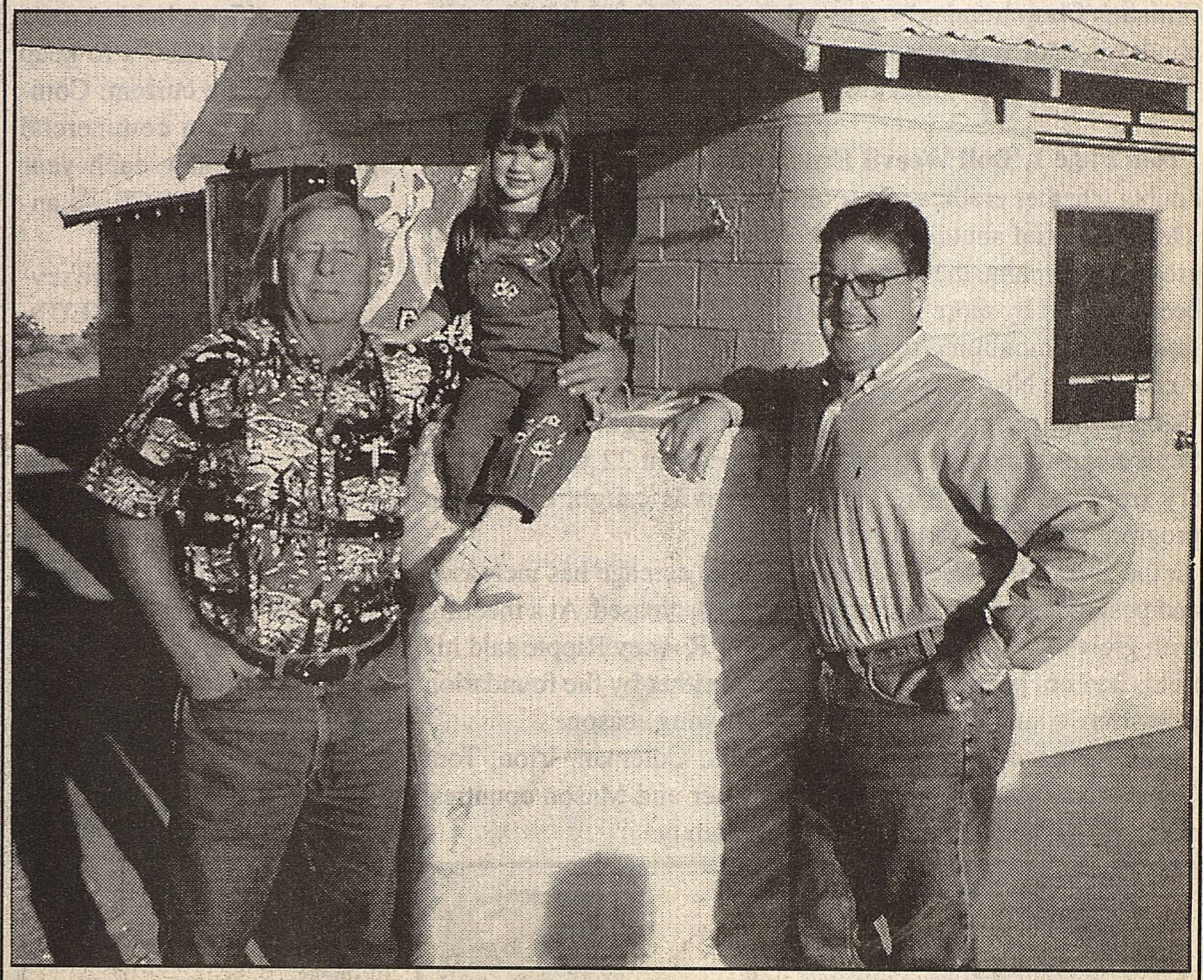

Four criminal cases were heard in county court September 13, with County Judge Dallas Brewer presiding.

Ray Lopez Cirilo pled true to the state's motion to revoke community supervision resulting from a prior DWI case. He was sentenced to 90 days in jail, with credit for 33 days served.

Salvador M. Aguirre Sr. pled guilty to a first DWI offense, BT .153/.149. A 90 day jail sentence was suspended and probated for 12 months. He was fined \$500 and must pay \$225 court costs with time payments. He will serve 72 hours in jail with credit for 12 1/2 hours served. He must attend weekly AA meetings, complete

First Yoakum County Bale

Local producer Terry Davis, on left, with his 3 year old granddaughter Arista, is shown with Sun Cot Gin owner Ross Hilburn and the first county bale of year 2000 cotton. Sun Cot ginned the bale at 11 A.M. Tuesday, September 12. The 405 pound bale was grown across the highway from Sun Cot, and was produced from Paymaster #2379 Round Up Ready seed. Davis also won first county bale honors in 1998, also ginned at Sun Cot.

Hilburn told CCN his gin produced 37,482 bales of cotton in 1999, and despite drought, irrigation wells pumping off and insect infestations, expects to produce about the same number of bales this year.

Funds awarded to Plains Library for computer technology

You need accurate information in a hurry, so where do you go? In years past, the most efficient and resourceful place to visit may have been the public library. Today, many people jump online to do their research through the internet.

The Yoakum County Library in Plains has just received a technology advancement grant of \$29,979 from the Telecommunications Infrastructure Fund (TIF) Board, a state agency in Austin.

TIF reaches out to Texas public libraries, some with existing Internet access and some without any modern technology, and gives them the opportunity to enhance their connection from the library to the world via Internet.

The library will be purchasing high-speed computers, laser printers and software so the public will have access to modern equipment and current information, at the click of a button. The grant project will officially begin October 2, 2000.

"These days technology plays a major role in the lives of many people. We know many residents do not own computers, nor do they have high-speed Internet access. The grant money we receive from TIF will allow us to further incorporate public access

work stations into our library so citizens can take advantage of the Internet and the modern equipment purchased with these grant funds," said Yoakum County Librarian Opal Roberts.

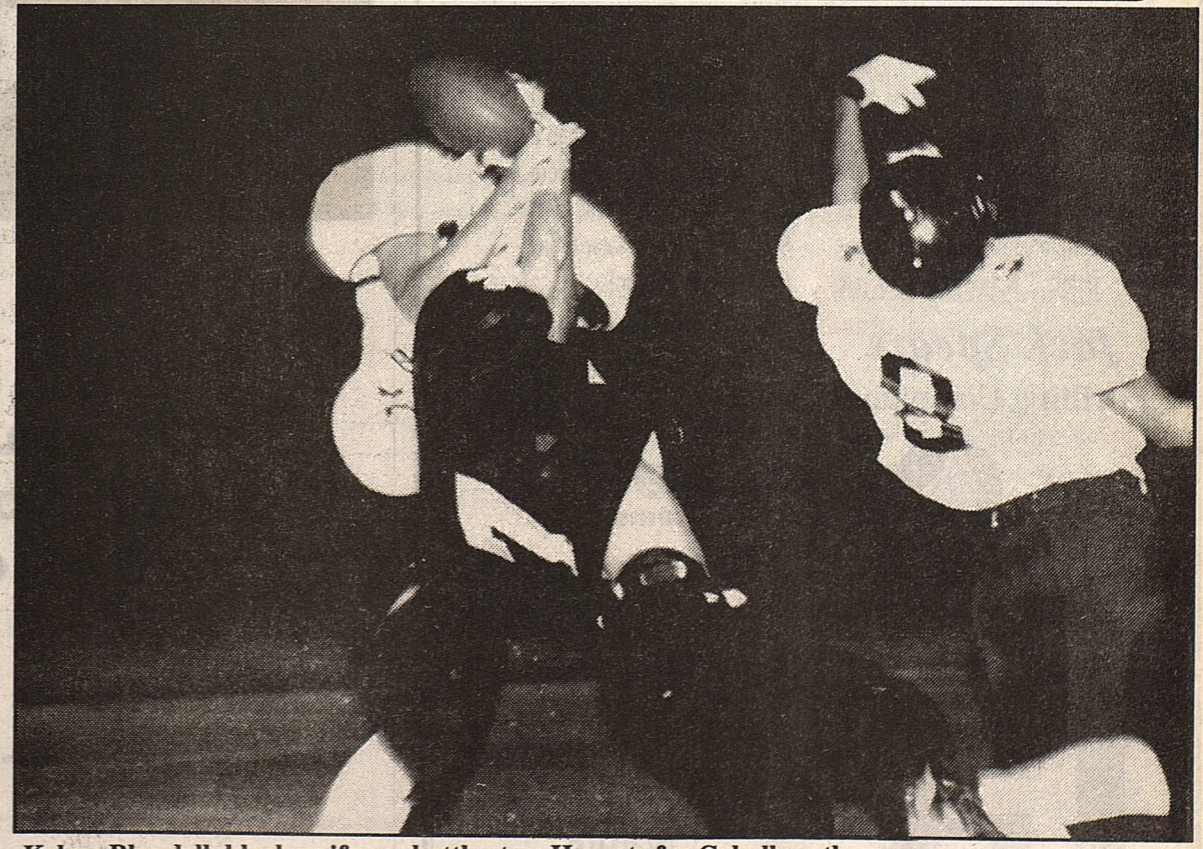

Since its creation by the 74th Legislature in 1995, TIF has awarded approximately \$487 million in telecommunication infrastructure grants to its four constituents - public schools, libraries, institutions of higher education, and public, non-profit healthcare facilities. The agency receives some \$150 million per year in revenues from telecommunication assessments to disburse over a ten year period.

County peanut harvest underway

This photo shows the last dumping of Valencia peanuts harvested from the Tracy Welch farm some seven miles south of Plains. Other Valencia fields are currently being harvested, while Runner and Spanish variety harvesting is some weeks away.

Hornets lack sting, fall to Cowboys 27 - 0

Kelsey Blundell, black uniform, battles two Hornets for Caballero thrown pass.

Long time nemesis Sudan visited Cowboy Stadium last Friday evening, but failed to bring the potent offense the Hornets have been noted for in years past, and were shutout 27-0.

The Cowboys took the opening kickoff, and Jared Bell gained 12 yards and a first down in three carries. Stan Caballero passed to Bell for 11 more yards. The right side of the Cowboy line opened a hole for Bell's carry to the Hornet 25, and Bell then followed his blockers around the left end to the 17, where the drive sputtered to a halt.

Sudan ran one play and then Aaron Cain fell

on a fumble to give the Cowboys the ball on the Hornets 19. Three plays later Caballero found a wide open Israel Moreno and the pass went 29 yards for the Cowboys first score, and Cains kick put them up 7-0.

The Hornets managed a first down on a pass, but Brett Squyres made a big sack of their quarterback for a 13 yard loss, to end the first period.

In the second quarter, the Cowboy ground attack meshed for big gains by Bell, but successive penalties stalled the drive. The Cowboy

Services Held For Doyle C. 'Hoss' Newsom

Services for Doyle C. 'Hoss' Newsom Jr., 72, of Plains were held Thursday, September 14, 2000 at 10:00 am. in the First United Methodist Church in Plains with Rev. Tom Carter officiating.

Burial was in Plains Cemetery under the direction of Head Family Funeral Home.

He died Tuesday, September 12, 2000, in University Medical Center in Lubbock.

He was born June 27, 1928, in Freestone County. He married Odie LaVerne Lusk April 12, 1953, in Plains. He moved to Wilson in the early 1940's. He saw active duty in Korea and moved to Plains in 1953.

He was a member of First Christian Church and served as Sunday School Superintendent.

He owned and operated

Newsom Gin in Plains. He retired from the gin to farm and to operate the award winning Newsom Vineyards.

He was past president of the Lions Club and the Chamber of Commerce. He was a member of the Plains City Council and a Grandmaster of Odd Fellows. He also served the American Veterans Legion and was a board director of Plains Cotton Growers as well as past president of Plains Booster Club. At the time of his death, he was director of the Texas Wine and Grape Growers Association.

Survivors include his wife; a son, Neal Newsom III of Plains; a daughter, Denise Johnson of Levelland; a brother, J.W. "Dub" Newsom of Lubbock; and four grandchildren.

From Page 1, 'Boll Weevil Eradication'

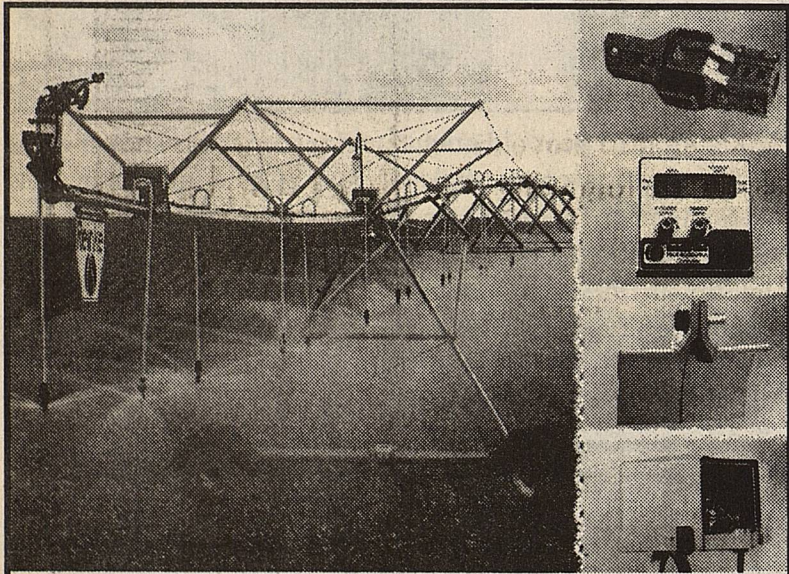

doubts whether eradication could be achieved in Texas.

Despite a brief shutdown in 1997 because of legal challenges, growers overcame the setback, and in 1998 weevil numbers had been reduced by more than 99.9 percent. The next year the area was closely monitored to confirm that it had indeed managed to eliminate the No. 1 cotton pest.

Monitoring continues in the area, and through the middle of September, foundation traps had only caught 22 weevils, a far cry from the more than 3 million weevils caught during the program's first full year in eradication.

In the absence of weevil damage, cotton acreage has increased and pesticide use has been dramatically decreased. At a meeting with growers in Plainview, SRP grower Rodney Ripple said his fields had not been sprayed for insects, either by the foundation or by him, a single time during this growing season.

The SRP encompasses Coke, Runnels, Coleman, Irion, Tom Green, Concho, McCullough, Schleicher and Mason counties, along with a small portion of Taylor County.

Better Value.

It's a proven fact that Reinke repair components cost less than those of our competitors. Reinke systems also are designed so less costly components act as "shear points." Nobody likes to talk about the fact that systems sometimes need repair, but it's good to know that when a Reinke Irrigation System needs work, it will cost less. See your Reinke Dealer today for more information!

Check Your CEU's

Pesticide applicators should check to see if they have the necessary continuing education units to renew their license. Many private applicators, as well as all commercial and noncommercial applicators, face a February 28, 2001, renewal date. Private certificate holders face a December 31, 2000, renewal date.

Applicators should provide TDA with any change of address to avoid a delay in getting their license renewed.

Private applicators must renew their license every five years and obtain 15 CEU's during that period. Applicators must self certify their credits by listing them on the renewal form. Private certificate holders must also obtain 15 CEU's to keep their certificate current. Commercial and non commercial applicators renew each year and must earn five CEU's annually.

Pesticide applicators have several options to obtain CEU's, including traditional classroom courses. Self study and Internet courses are also available. Applicators can obtain a list of approved courses or other information on CEU courses by calling 1-800-TELL-TDA or (512) 463-7622 or by logging on to TDA's website www.agr.state.tx.us

When God decides to deliver a message to humanity, His messenger will NOT be a person with a poor hairdo.

Cottage Village Assisted Living

Assisted Living is caring for individuals in a residential setting. It combines the features of independence, dignity and privacy found in traditional apartment settings with personal care found in medically oriented nursing homes.

Cottage Village is NOT a nursing home. We offer...
 ...traditional apartment and private handicapped-accessible residential suites.

Cottage Village does offer similar SERVICES as nursing homes...
 ...assisted with activities of daily living such as arranging transportation, meals, housekeeping, and personal laundry services.

...which may be furnished with the resident's furniture and decorated as the resident wishes.

...medication supervision, dressing and grooming assistance.

...a comfortable, homelike environment.

...and a full range of scheduled activities to keep each individual as active as possible.

Cottage Village is the reasonable alternative to full-time help in the family home - at approximately 50% of the cost!

Part-time help in your house costs approximately \$5 per hour for 8 hours a day, or \$40 a day and \$1,200 a month. And...you are still alone 16 hours each day. If you increase to 24-hour care, the cost is \$120 a day or \$3,600 a month.

Even though the house is paid for, there are still groceries, taxes, utility bills, repairs, lawn care, and other expenses...even theft.

True costs of care in the family home can amount to as much as \$5,000 per month.

Cottage Village has created your opportunity to remain independent for a longer period of time - the opportunity to improve the odds that you may NEVER have to enter a nursing home.

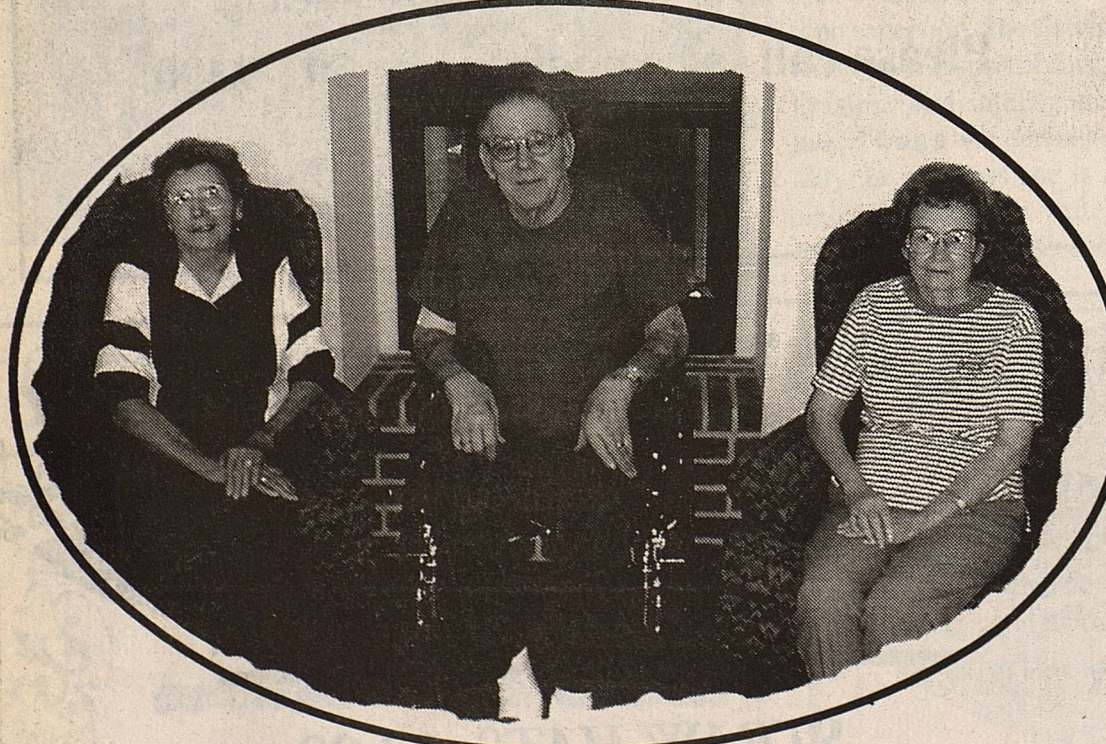

There are three good reasons for moving to Cottage Village:

- (1) You will have fewer worries.
- (2) You will remain more independent.
- (3) You will experience greater security than now.

These residents also enjoy the Cottage Village Lifestyle

Willie May Newsome, Faye Phillips, Esther Ruth Henson, Mercedes Pearson

Claudine Williams, Jesse Brooks, Ann Dugger

How do our resident friends feel about us?

"I'm happy there is such a nice place to live, and still so close to friends and family in Plains."

... Hattie Brantley

"Cottage Village is a nice place to live if you need a little help. I have friends here, and it's a nice place for other friends to come visit."

... Wilma McDonnell

"The staff here are friendly and very helpful."

... Marie Snodgrass

"I'm very comfortable and relaxed here."

... Romalee Elmore

Not Ready Yet?

"I'm not ready yet" is the most common excuse offered in delaying a decision to move to Cottage Village. Please consider the following:

1. We are continually faced with the fact that Assisted Living may *not* be considered a positive alternative to one's own home, and *decisions are often postponed too long.*
2. All our residents came here from their own homes, where they were living independently and getting along nicely - until that fateful "*something*" occurred requiring them to seek assistance. Exactly like you!
3. People who are planners choose to make the decision to move while they are *eligible* rather than risk waiting until a later time when they might not be. *Don't wait too long and have to go to a nursing home.*
4. Most people who live at Cottage Village are planning ahead. They have a realistic view of the limitations they now face and will continue to face. Having made their decision, their family can experience "*peace of mind.*"
5. Tell us your needs - let us assist you. Concentrate on the things you *are* ready for, not the things you aren't ready for!
6. *The issue of cost is, of course a major one. Yes, everything costs too much today, but fees can be less than half the cost of home care and nursing homes.*
7. Can you continue to stay in your home where you are having trouble taking care of the property and yourself? Do you want to continue "fighting" this battle, staying at home, until you *have* to go to a nursing home?
8. Just as every new experience we have encountered during our lives has given rise to apprehension, this experience will also. But, as with all life's other new experiences, we gain new insights and life progresses to a new level.
9. We offer Level I Cottage Apartments for active seniors desiring an independent lifestyle. Accommodations for this level care are one-bedroom Classic Cottage Apartments.
10. Out Cottage Inn suites are for Level II-V Assisted Living care and are appropriate for more frail individuals. We present this as the gracious alternative to nursing home care. It is residential in character and is approximately 60% of the cost of private accommodations in a nursing home.

Jared Bell turns right corner for good gain.

Israel Moreno on the way to a touchdown.

Brett Squyres and an unknown Cowboy bury Sudan runner.

Cowboy defense jams up Sudan offense.

Other PISD Football Results

8th Wranglers:

The Wranglers found Sudan a bit too tough last week, going down 22-6. They could muster only 14 players on the field. A couple of bright spots in the game found Jacob Mullins scooping up a Sudan fumble and running it 65

yards for the only Wrangler score. Breck Hamm intercepted a 2 point conversion pass to help hold the score down. They face Sundown here Thursday.

JV Cowboys: The younger Cowboys had a great outing against Brownfield last week,

From page 1,
'Cowboy's'

defense held the Hornets in check, forcing a punt. Bell gained 13 yards, a pass from Cain to Adam Garcia fell short, and then Brett Squyres burst through a huge hole over his left guard to race 41 yards for 6 points. Cains kick gave the Cowboys a 14-0 lead at the end of the second quarter.

Early in the third period, a Hornet drive was stopped when Squyres intercepted a pass at the 41, and some good down field blocking allowed him to go 59 yards another six points, and kicked his third extra point and a 21-0 Cowboy lead. With less than three minutes remaining in the third period, Caballero found Kelsey Blundell open for a 20 yard gain to Sudan's 29, then hit Squyres with a pass to the 13. Adam Garcia rushed the ball to the 10, but a Cowboy fumble ended the drive as the quarter ended.

In the final period, Both teams were unable to move the ball in their possessions. With 7 minutes remaining on the clock, The Cowboys took the ball at Hornet 44 yard line. Jonathan Peppin gained 5 over the left guard, and on the next well executed play, Bell took the pitch from Caballero, then tossed a 32 yard pass to Blundell. Bell gained two on the ground, and Peppin then dashed ten yards for the Cowboys fourth touchdown, and the final 27-0 score.

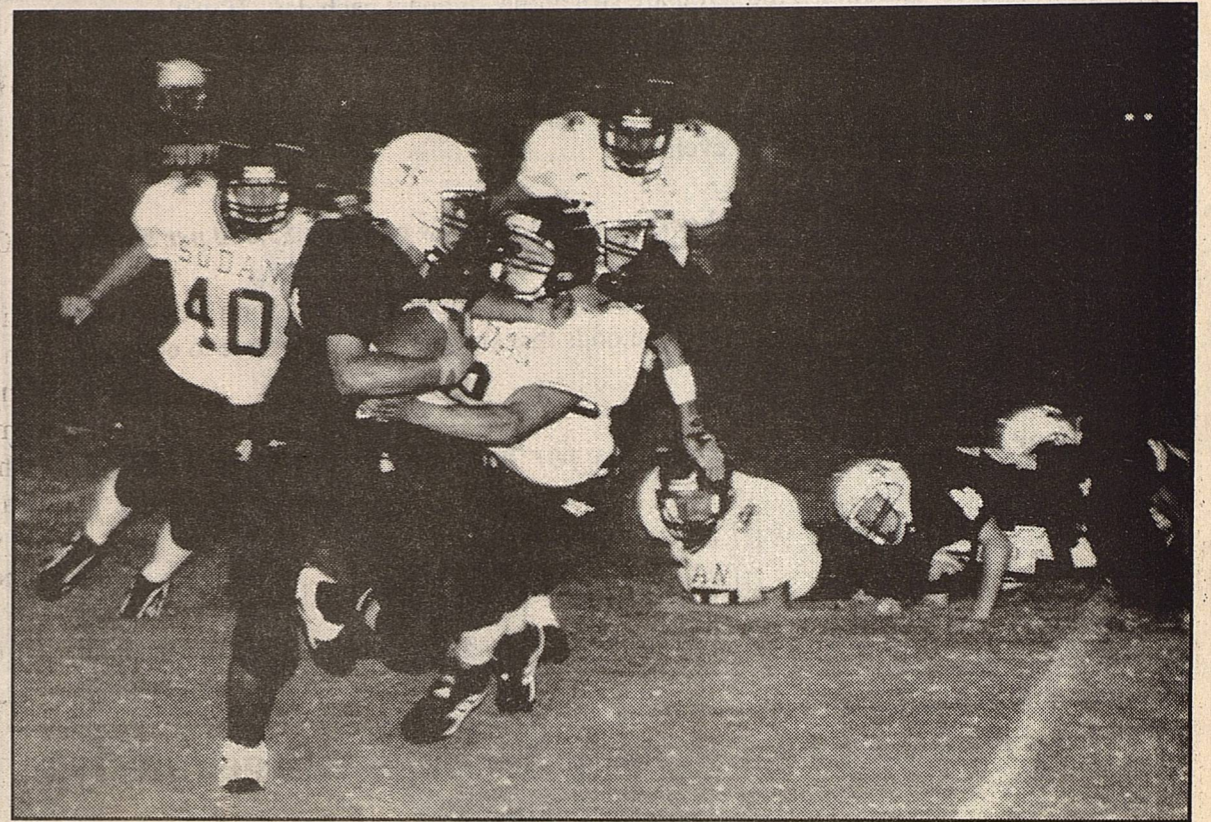

The Cowboys racked up 277 total offense yards, 172 on the ground, 105 passing. Joseph Rodriguez averaged 40.2 yards on 5 kickoffs. The Cowboys sacked the Hornet quarter back five times for a loss of 49 yards, and allowed no sacks while on offense.

The Cowboys meet former district opponent here this Friday night at 8 P.M.

winning 30 to Zip. Getting in the scoring column were Zach Broome on a pass from Richard Diaz; Arnold Cordova, Manuel Ramos, Nick Hays all scored running the ball; Arnold Cordova caught a 2 point conversion pass from Diaz, Justin Chambliss caught two 2 pointers.

Israel Moreno and an unknown Cowboy hammer Hornet runner.

Adam Garcia stopped after good gain.

Student's of the Week

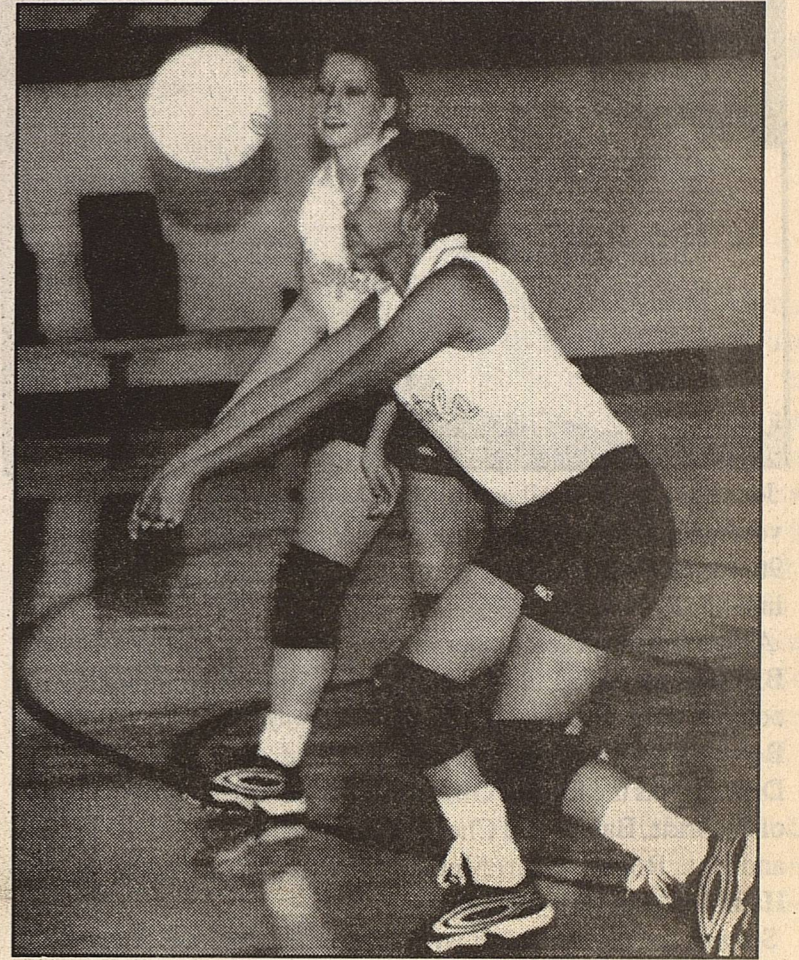

Second Student of the Week is Nicole Haynes, a senior and the daughter of Mr. and Mrs. Jim Haynes. She was nominated by Mrs. Dorsett, who said, "I feel very fortunate to have the opportunity to work with an outstanding group of students who are dedicated to improving the environment. Each student council officer is in charge of a committee for a state project. Nicole is a dedicated officer and committee chairperson, and is an outstanding student in class. She has proven herself as a model student and excellent officer. She has taken on a tremendous chore of conservation and recycling."

PHS student of the week is Annaliesa O'Quinn a junior and the daughter of Mr. and Mrs. Steve O'Quinn. She was nominated by Mrs. Dorsett, who said, "Being Student Council Sponsor, I see students develop into leaders as they grow throughout their years in school. Annaliesa is no exception. She shows great amounts of responsibility, compassion, and intelligence, all mixed with a wonderful personality. In my class she is an insightful reader and writer, and contributes to every discussion."

Lollar-Blessing Exchange Vows

Jennifer Dyanne Lollar and Drew Malcolm Blessing exchanged vows in a double ring ceremony at 2:00 P.M. on Saturday, Sept. 9th in the First Baptist Church, with Bro. Bill Wright officiating.

Amye Crass served as her cousin's Maid of Honor and Cliff Blessing served as his brother's Best Man. Also attending the couple were Cristin Corley and Brandon Rogers. The Ring Bearer was Brandon Proctor, cousin of the bride, and Katie Dearing was the Flower Girl. Ushers were Jeffrey Lollar, brother of the bride, Baylor and Chester Blessing, brothers of the groom, and Ross Rogers. Shari McCravey, Shelley Carter, and Patrick Hamilton provided the music.

Servers for the reception were LaShonda Diamond, LaCresha Johnson, Cheryl McKinzie, and Liz Wilmeth. Birdseed bags were handed out by Grace Blessing, sister of the groom, and Brian and Brent Crass, cousins of the bride.

Cecilia Knight served as wedding coordinator and made all of the flowers for the wedding.

Jennifer is the daughter of David and Jerri Lollar of Tokio. Drew is the son of Andy and Carol Blessing of Abilene.

The couple is residing in Abilene where the groom is a current student at Hardin-Simmons University and coaches gymnastics at Cats Gym.

Senior Citizens Corner

Hello all of Yoakum County and part of Gains County. Here is another week that will be gone soon - then another month.

People are still walking in the halls and walking on the treadmills.

We have several new ones at the center. '42' tournament yesterday were Mola Moorehead and Jean Poage. Next week is the pool tournament on Wednesday starting at 9:00 am.

Speaking of pool tournaments - Monday night winners were Mary Gibson for 8 ball and Billie M. for 9 ball. Sorry, men I didn't get who won in the men's two categories. The craft room is looking a lot like Christmas with snow covered houses and ceramic trees and Santa Clauses in different

stages of being finished. We had a real good turn out for birthdays and anniversaries. Therman Meyers, Duncan Ashmore, Willie McCubbin, Alice Lehnart, Rhuey Edwards, Jerry Gordy, Wilma Turner and Billie O'Neal. Congratulations to all.

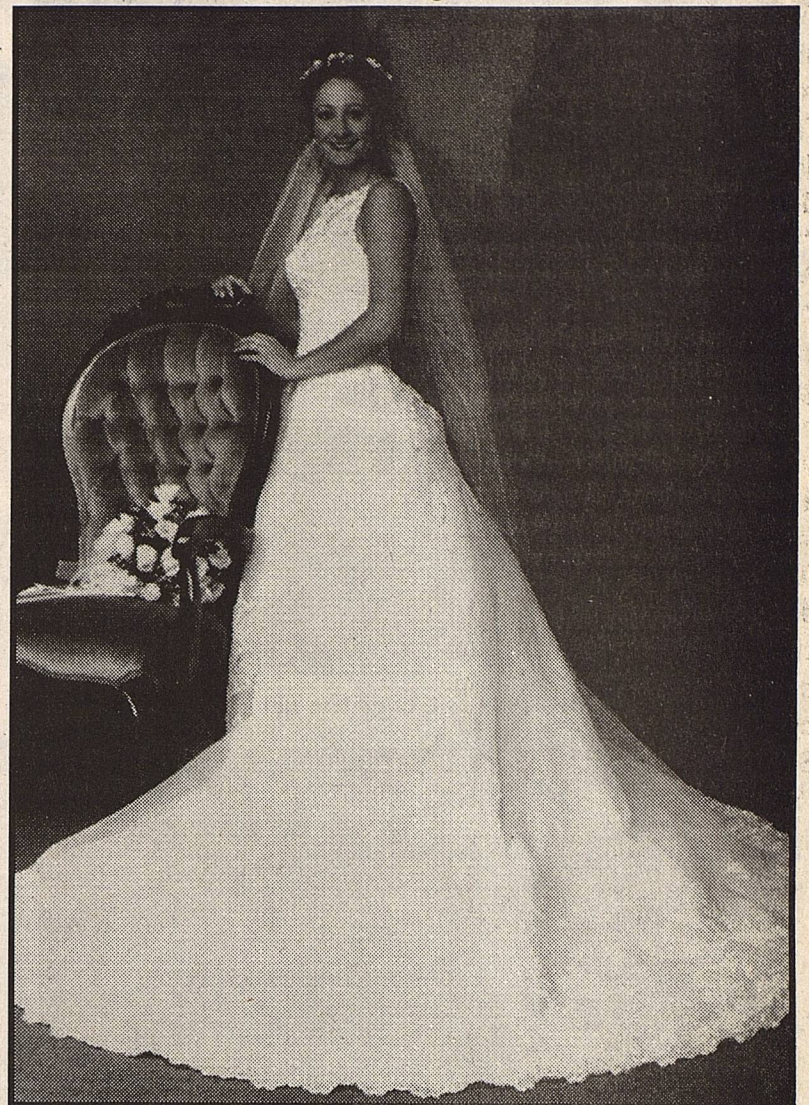

Anniversaries were Duncan and Lucille Ashmore and Elmer and June Hanneman. Congratulations to two very nice couples.

Don't forget our Pot Luck Supper Thursday the 28th at 6:30 pm. Thursday the 28th is also Memorial Home Health at 10:30 am. to take blood pressure. Gail Ballou will be at the center from 11:00 am. til ?

Will try to have more next week.

Wanda B.

Cobb-Mayes Wed

Miss Kemi Jacquita Cobb and Joe Holbert Mayes, II were united in marriage in an afternoon ceremony Saturday, Sep. 2 at the Watson Building in Lubbock. Bill Wright, pastor of First Baptist Church in Plains, performed the double ring ceremony.

The bride is the daughter of Jack and Janelle Cobb, and the granddaughter of Mary Lou Parks and Louise Cobb, all of Plains. The groom is the son of Linda Mayes, of Ruidoso, New Mexico, and Dr. Joe H. Mayes, of Lubbock, and the grandson of Ann Mayes, of Crane, and Mittie McDanal, of Hurtsboro, Alabama.

The guests were greeted and registered by Amber Bryan, of Lubbock, cousin of the bride. Serving at the brides table were Carol Warren, Michelle Warren, and Treon Ortega, all cousins of the bride. Serving at the grooms table were Anjanette Osborne and Carissa Nevill, also cousins of the bride. Guests entered and were seated to selections played by the Classical Strings Quartet, who performed all of the music prior to and during the wedding.

The bridal aisle was marked with a white aisle runner and large white satin bows filled with greenery. The altar was centered on a square stage flanked on either side by large silver candelabras atop four foot columns. Curving away from each back corner of the stage was a series of six columns descending from nine feet down to the smallest columns which were also crowned with smaller silver candelabras. A swag of tulle connected one pair of nine foot columns to the other two pair opposite them across the back of the stage.

Escorted to the alter by her father and given in marriage by her parents, the bride wore a white satin and organza sleeveless gown. The bodice, made of satin, was lavishly adorned with pearls, sequins, and opaque beading. A full organza skirt trimmed with sequin and pearl embellished lace and edged with a pearl beading swept back into a cathedral length train. To complete her attire the bride chose a tiara encrusted with lace and pearls. Flowing from the back of the headpiece was an elegant two-tiered veil. Her bouquet was filled with fresh white roses, oriental lilies, alstromeria, limonium and baby's breath, backed by tree fern and leatherleaf. The bouquet was finished with a white organza bow edged with pearl beads and the stems wrapped in white satin.

For "something old" the bride carried a white linen handkerchief belonging to her maternal great, great grandmother. Her "something new" was the dress. For "something Borrowed" the bride wore a gold ring belonging to her paternal great, great grandmother. The "something blue" was a blue satin and white lace garter made by her maternal grandmother.

Kristi Swinnea, of Littlefield, sister of the bride, served as matron of honor. The bridesmaids were Karen McMinn, of Tahoka, also sister of the bride, and Geton Hathaway, of Lewisville. The bridal attendants wore sleeveless, silver satin, two piece, A-line, ankle length ensembles that were created by Janelle Cobb. The bridesmaids also carried bouquets of fresh flowers in shades of pink, purple, and white tied with satin bows. The flower girl, Jordan Morris, niece of the groom, wore a white satin bodiced dress with a tea-length organza skirt. The skirt was trimmed with satin bows and pearls. The fitted waist was covered with sequin and pearl embellished lace. A large sheer bow adorned the waistline at the back of the dress. Brailey McMinn and Emily Swinnea, neices of the bride, were attired the same. All of the girls' dresses were fashioned by the mother of the bride, Janelle Cobb.

Jeff Snuggs, of Lubbock, served as best man. The groomsmen were Scott Camp and Monte McLean, both of Lubbock. The ushers included all of the groomsmen as well as Stephen Warren, nephew of the groom. In keeping with a long standing tradition, Barron carried a pillow, fashioned by the bride's mother, embellished with lace and pearls from the wedding gown of Lela Warren, aunt of the bride. Brighton McMinn and Easton Swinnea, nephews of the bride, were also in the wedding party.

The groom and his attendants were attired in black three button tuxedos. The groom wore a white high buttoned vest and matching European four in hand tie. The groomsmen wore the same style vest and tie in charcoal and silver. Father of the bride, Jack Cobb, Brighton McMinn, and Easton Swinnea were similarly attired.

Janelle Cobb, mother of the bride, wore a deep plum long crepe column dress topped with a matching lace jacket. Mother of the groom, Linda Mayes was attired in a pale yellow crepe suit. Both mothers wore corsages of oriental lilies.

The photographer, Robert Suddarth, and his wife Jean, both from Lubbock, aided in the organization and coordination of the wedding and the reception. Following the ceremony, a reception was held at the Watson Building. The bride's cake was three tiered and each layer was adorned with Fresh oriental lilies.

The groom's cake was two tiered chocolate cake with fresh strawberries and fresh flowers.

Following a wedding trip to Cabo San Lucas, Mexico, the couple will live in Lubbock.

Happy 90th Birthday Frank Whitlock

SPC Sets Fall Enrollment Record

South Plains College has enrolled a record 7,490 students for the 2000 fall semester, according to official data tabulated by the Office of Admissions and Records. The headcount exceeds by 336 students (4.7%) an enrollment record of 7,154 students set last fall, according to Bobby James, vice president for student affairs. "We've had a very successful fall registration," said James. "We are very pleased SPC is continuing a pattern of steady growth and expansion. Topping 7,000 students the second year in a row is a significant accomplishment for the college and our faculty and staff. It points to the work we have done to partner with other educational entities and the community to expand college opportunities for residents in the South Plains area." Since 1995, SPC's enrollment

has grown 32 percent. Fall enrollment is up at all SPC locations. The Levelland campus registered 4,061 students, topping the 4,000 mark for the first time in the school's 43 year history. The SPC Lubbock campus has registered 1,802 students, a 6.6 percent increase over last fall. Enrollment at SPC's Reese Technology Center campus is 1,186 students, a 9 percent increase. 980 more students are enrolled in other off-campus courses, primarily dual credit college courses being taught at 25 area high schools. Off campus enrollment is up 16.9 percent. James pointed out the breakdown of enrollment by campus reflects some duplication where students enroll at more than one campus, but the 7,490 headcount is an unduplicated count.

Doug Green earns ITT Associate's Degree

ITT Technical Institute in San Antonio has announced the graduation of Douglas Green, formerly of Plains, earning an Associate's Degree in Applied Science, a degree in the Electronics Engineering Technology program. The program is designed to help graduates begin to prepare for a variety of entry-level positions in various fields involving Electronics Engineering Technology. Green is a 1988 graduate of Plains High School, the son of Barry and Jonnie Green. He is a member of the National Vocational Honor Society, and served in the U.S. Navy.

Established in 1989, the San Antonio ITT Technical Institute offers educational programs in computer aided drafting technology, electronics engineering technology, and information technology-computer network systems. The San Antonio ITT Technical Institute is operated by ITT Educational Services, Inc. (ESI). ESI operates 68 ITT tech institutes in 28 states, providing educational services to more than 2,700 students.

Agencies release crop estimates

Both the TELCOT Report and Texas Agricultural Statistics Service released predictions of the nation's and Texas' year 2000 cotton and other crop production figures at the end of last week. TELCOT reported the USDA estimates U.S. cotton production at 18.3 million bales, down from an earlier 19.1 million bales. The estimated production would come from some 14.12 million acres, down from an earlier 14.18 million acres reported in August. The expected average yield per acre was pegged at 622 pounds, down from the earlier 648 pound estimate. They also estimated the Texas cotton crop at 5 million bales, down from the 5.5 million bales in August. The Texas Agricultural Statistics Service agreed with TELCOT on the state's Upland cotton production, also predicting 5 million bales. The service estimated Texas cotton fields would average 453 pounds production, down from last year's yield of 475 pounds per acre. Corn production in the state is forecast at a record 244.2 million bushels, up 7 percent from last year's production, but down 2 percent from last month's prediction.

The statewide yield is expected to average 132 bushels per acre. Texas peanut production is also up from last year, 1.14 billion pounds. The statewide yield is estimated at 3,100 pounds per acre, down 210 pounds from last year, and down 100 pounds from last month.

On top of the tech

Smaller Texas cities ranked fairly high in high-tech growth in the 1990s. The Milliken Institute based the rankings on the growth of high-tech output.

DPS Warrant (2), \$220 and \$350 bond.

Parole violation- held until transported, no bond. Driving while licenses suspended, enhanced, \$1000 bond. DWI, first, \$1000 bond. Purchase/Furnish alcohol to minor, \$500 bond. Aggravated robbery, \$40,000 bond. Aggravated assault, \$30,000 bond. Unlawful consumption of alcohol by minor, \$500 bond.

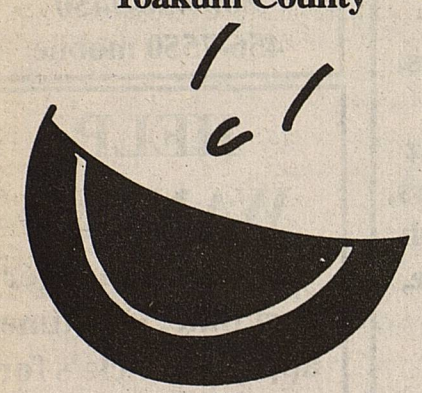

Funds Available For LEPA Conversion

The Yoakum Soil and Water Conservation District (Yoakum SWCD) has cost share funds available for converting older high pressure irrigation systems to new LEPA (Low Energy Precision Application) systems for crop year 2001. The amount for each producer will depend upon the number of applicants that are selected. Approved producers, after received a certified Water Quality Management Plan through the Texas State Soil and Water Conservation Board (TSSWCB), will receive 50 percent of the cost of convert-

ing to LEPA up to the maximum approved by the District. To be a LEPA system, rows must run in a circle, furrow diking must be implemented and, if drag hoses are not used, nozzles must be no more than 18 inches from the ground. Management standards are also in place to assure proper crop rotations, crop residue use, etc. as per the signed conservation plan by the producer, the TSSWCB, NRCS and the Yoakum SWCD Directors Don Burgess, Dan Wall, Cindy Gray, Danny Bell or Larry Nelson.

From the hours of
1:00 p.m. until 3:00 p.m.

Guided tours of the facility will be provided, and key staff will be available to answer questions regarding our programs.

Refreshments will be served.

Please come and join us as we embark on our second decade serving Terry and Yoakum Counties and the People of Texas.

From The Hack

Let's start off on a serious note. The services at FBC Sunday AM were superb! There was no preaching. Now, before Brother Bill chastises me severely next Sunday, I should explain. The Choir presented a superb, almost hour long program entitled "My Utmost For His Highest."

Almost thirty choir members accompanied the taped music, and were joined by a bright, exuberant group of very young, youngsters in singing praise songs.

I know, most of you reading this are saying, "WHAT? He's talking church in his column?" Not really, I'm not talking church stuff, I'm talking GOD inspired stuff. Anyone in that audience unmoved by the 50 some minute production must have been internally made of Vermont granite or chopped liver.

I know I witnessed this; people I thought had no heart were wiping eyes, dobbing Kleenex to noses, and I even saw a few of the choir members doing the same. When it was over, Brother Bill came forward and said, "Praise the Lord, wasn't that the greatest sermon you've heard in a long time?"

For some reason, I wanted to shout, "You bet, Bill, the best in a long, long time!!" Fully well knowing his ability to fully understand the true meanings of my words, and even more aware of his very public wrath on following Sunday morns, I kept my mouth shut and swabbed my eyes one more time. A great experience.

By time most of you read this, the Bride and I will be frantically trying to entertain our guests from Pecos, Bill and Jo Cooksey. I told Bride, "You do the very best you can do to wine, dine and entertain them. In real true fine style. Here's \$27, that should cover it. Remember when you go shopping, lots of cheap Sam's specials like Salami, Wurst and the artificial Swiss cheese. They like the gourmet stuff. If you go by the Strip, load up on Mannischevits 1999 vintage stuff. She's a real wine afficiando. And, don't forget, Bill's got a diet problem 'cause of his blockage problem."

That caused me to pause and ponder. I rethought my request and asked, "Hey, Hon, which part of him is blocked the upper or lower?"

The Bride glared at me and snarled, "You lower posterior, you know it's an artery, or vein, or capillary blockage something to do with his heart, we

DUE NOTICE OF ELECTION

Notice of election of Director to represent Subdivision No. Four of the Yoakum County Soil and Water Conservation District No. 150. The Yoakum County SWCD will hold the election at the Yoakum County Community Center at 9 A.M. on October 4, 2000 with Representative Gary Walker as the speaker. Subdivision No. Four includes all lands in the Northwest 1/4 of Yoakum County with boundaries the same as Precinct 4, except for lands included in Subdivision No. 5.

must be very careful what we feed the poor thing."

I jumped right on her and said, "Poor thing my lower posterior, we're going to play golf, and last time we played at Pecos he abused me to the tune of \$17. It can't be a heart problem because he doesn't have one when it comes to friends."

By time they are gone and the next issue comes around I may not be so kind to either of them.

From Page 1, 'Court'

the first offenders program, forfeit a 9mm Luger pistol, and serve 24 hours community service.

Isaac Ray Asebedo pled guilty to minor in consumption of alcohol, 3rd enhanced offense. A 60 day jail sentence was suspended and probated 12 months. \$225 court costs and a \$250 fine will be met with time payments. He must attend

weekly AA meetings, complete the DWI first offenders program, and serve 24 hours community service.

William Lowery Williams pled no contest to a first DWI, breath test refused. A 90 day jail sentence was suspended and probated 12 months. He was fined \$500 and must pay

\$225 court costs, attend weekly AA meetings, complete the DWI first offenders program. A 72 hour jail sentence was waived because of medical history. His attorney was Barry Crutchfield.

Richard Clark, CDA, represented the state in all cases.

Denver City ISD is accepting applications for the position of Mechanic/Transportation Supervisor. Applicant should have high school diploma or GED, knowledge of diesel and fuel engine maintenance and repair, and ability to direct and manage operations of a large fleet of vehicles. Applications can be picked up at the Denver City ISD Administration Building located at 501 Mustang Ave., Denver City, Tx. Denver City ISD does not discriminate against any employee or applicant for employment because of race, religion, sex, age, national origin, disability, military status, or on any other basis prohibited by law.

What the jobs are
