U. S. Offers Ireland Ships And Foods

WASHINGTON, May 20 (AP)—President Roosevelt disclosed today that the United States had offered to sell or charter two ships to Ireland and to supply \$500,000 worth of food for the Irish civilian population.

Mr. Roosevelt said the vessels could be placed under the Irish flag and that they probably would carry much more than \$500,000 in food, indicating that Ireland intended to make purchases of her own.

Nothing has been done, he said, about supplying military equipment to the Irish.

The Eire government for several weeks has been seeking maritime commission approval for the purchase of two ships in this country for transporting supplies to Ireland.

Robert Brennan, the Irish minister, said it was planned to purchase about a dozen ships in all if the maritime commission indicated approval.

Frank Aiken, Irish defense minister, has been in the United States for several weeks in connection with his government's efforts to purchase both food and defense supplies.

Nazi Navy Sinks Passenger Liner

BERLIN, May 20 (AP)—The 8,229-ton Egyptian passenger liner Zamzam has been sunk by the German navy—presumably by a surface raider—and the 322 passengers and crewmen, including 138 Americans, are safe in German-occupied territory, authorized Germans reported today.

(The sinking, seemingly, occurred many days ago—the Germans did not say when—the trip from the South Atlantic lane she was following to the nearest German-held territory is a long one of itself.)

(The Zamzam left Recife, Brazil, for Capetown, Union of South Africa, on April 8, expecting a 14-day crossing. Her departure from New York was on March 20.)

(France, it appeared, was the likeliest territory for the landing of passengers and crew. Presumably they were taken there by the victorious raider or an auxiliary.)

Authorized sources said simply that those from the Egyptian motorship were "safe" and well cared for in German-occupied territory.

"The vessel was destroyed with the most exacting regard for all international agreements," a spokesman said.

"The ship carried contraband intended for the enemy. German naval units observed every regulation in meeting the situation. "It might be called a perfect

Showdown In Ship Strike Appears Due

AFL Votes To Send Men Through CIO Picket Lines

By The Associated Press
A showdown appeared imminent today in the West Coast shipyard strikes, while another walkout held up work on six submarine net tenders being built at Lorain, Ohio.

John Frey, president of the AFL metal trade department, indicated that two of the building yards in the San Francisco Bay area might be reopened today, and the other nine tomorrow. Both CIO and AFL machinists walked out of the yards in what AFL officials declared was an unauthorized strike. The strikers sought a wage boost from \$1 to \$1.15 an hour, and continuation of double pay for overtime.

The Bay Cities Metal Trades Council has voted to send, if necessary, its 15,000 affiliated workers through the "illegitimate picket lines" of the 1,700 striking machinists. Half a billion dollars worth of ship construction is being held up.

The Ohio shipyard walkout occurred at the Lorain yards of the American Shipbuilding company, which has a \$7,000,000 order for navy minesweepers as well as for six net tenders.

The Lorain strikers were reported to have asked for an increase of 12 cents an hour over an undisclosed current wage scale.

Another strike which developed yesterday involved 900 CIO members at the Apollo Steel company at Apollo, Pa. The strike, which halted work on \$100,000 worth of national defense orders, was occasioned by the strikers' demands for a 10 cent hourly increase in the minimum hourly scale of 53 cents, and restoration of a 6 per cent wage reduction ordered in 1938.

Business Men Urged To Take Part In School

How many businessmen are willing to give an hour's time to learn some new ideas on "How to Build Big Spring?"

Special committees of the chamber of commerce today expressed the hope that there would be a large number interested enough to participate in the first of two evening sessions designed as a tourist trade school and merchants institute, scheduled to start at 8 p. m. in the Crawford ballroom.

Lloyd P. Bloodworth, executive secretary of the El Paso chamber of commerce, will be instructor at the school, which features a lecture on the one-hour program. It is, of course, entitled "How to Build Big Spring."

J. H. Greene, chamber of commerce manager, said that this lecture was the one which would be of particular benefit to merchants. Stress was being placed upon attendance by businessmen.

Concluding lecture will be Wednesday at 8 p. m. when Bloodworth will direct his ideas principally toward those who often come in direct contact with the visiting public—service station operators, attendants, waitresses, cafe operators, hotel employees, police officers, etc.

There are no fees attached to the school since it is being offered as a service of the chamber of commerce.

Churchill Says Situation In Hand

LONDON, May 20 (AP)—A German air-borne army which includes 1,500 troops disguised in Anzac battle-dress has invaded Crete by troop-plane, glider and parachute, Prime Minister Churchill announced today, and British imperial and Greek troops are engaging them in a stern battle.

So far the defense force has the situation "in hand," the prime minister told the house of commons; the Germans have failed in an attempt to capture a British airdrome and the British and Greeks have recaptured a military hospital which for a time had been in the hands of the 'chutists.

A fairly strong attacking group on the Canea-Malemi road has not yet "been mopped up", Churchill went on, "but other parties have been accounted for."

The Germans flew approximately 100 miles from the Greek mainland in great strength to invade the big island of Crete, last Greek territory to be held by the Anglo-Greek allies, and one which Churchill had declared will be defended to the death.

It is held by New Zealand, British and Greek troops under the command of the New Zealander, Major General B. C. Freyburg.

The Germans preceded the invasion with intense aerial bombardment of Suda bay, the Crete naval base, and various airdromes on the island.

Then, early this morning, the 1,500 German troops in New Zealand battle dress landed by glider, parachute and troop plane on the Canea-Malemi area at the western end of the island, Churchill said.

They failed, however, in their attempt to take Malemi airdrome, the prime minister went on, and by forenoon the British considered they had the situation in hand.

Fighting, however, continued. The British evaluated the sudden invasion not only as an axis attempt to gain a stepping stone for passage to the Near East mainland, but also as a possible dress-rehearsal for an air-borne invasion of the British Isles.

Successful invasion of Crete might be followed by a similar attack on British Cyprus, which lies off the Syrian coast. Thus the

LaGuardia To Head Civilian Defense Unit

WASHINGTON, May 20 (AP)—President Roosevelt established by executive order today an office of civilian defense to be headed by Mayor Fiorello LaGuardia of New York.

The president separated the new civilian defense agency into two general divisions. One will be a board of civilian protection with LaGuardia as chairman and on it will be representatives of the war, navy and justice departments, the Federal Security Administration, the Council of State Governments, American Municipal Association, and United States Council of Mayors. It will advise and assist in formulating civilian defense measures and attempt to provide "adequate protection of life and property" in the event of emergency.

The second division will be made up of a "volunteer participation committee" which the president said would have not more than 50 members representative of various regions and interests of the nation.

LaGuardia, Mr. Roosevelt said, will draw no pay in the defense post and will retain his position as mayor of New York City.

He will arrive in Washington tomorrow, however, to take charge of setting up the agency designed to give every American citizen an opportunity to help on the defense effort.

500 Leave Homes In Flood Area

ALBUQUERQUE, N. M., May 20 (AP)—Evacuations in the Frijoles Socorro flood sector of the Rio Grande mounted past 500 today as floodwaters leveled levees were threatened over a 20-mile stretch.

Crumbling dikes at Polvadera early yesterday sent 150 persons out of inundated areas, while more than 300 additional residents were evacuated today by the state guard below Socorro in the San Antonio area.

Ten-Cent Crude Price Raise Expected To Become General

Commissioner Promises Help In Road Problem

Reuben Williams, junior member of the state highway commission, told 285 West Texans gathered at a banquet here in his honor Monday evening, that his desire was to help with West Texas road problems.

Responding to tributes paid him by E. L. Bobbitt, senior member of the commission, and by Judge Walton Morrison, who introduced him, Williams said "I want you to know that I am one who knows West Texas problems, is sympathetic with them and who is interested in helping you."

Expressing deep appreciation for attendance from such a wide area, the new commissioner alluded to his boyhood days here and said that it was the spirit of "being just another Howard county boy" that he wanted West Texans to let him help with their problems.

Bobbitt, in an impromptu talk, said that highways, like army camps and other defense units, should be sought only when they could be of maximum benefit to the state as well as to the locality.

Recounting that it has always been a commission policy to maintain honest, efficient employees and to deal fairly and squarely, Bob-

bitt added that "the governor, through the appointment of Reuben Williams, has succeeded in continuing and promoting that policy."

Judge Morrison referred to Williams' record as a young attorney and as a casual commissioner before being appointed to the highway commission and declared that it was the governor's confidence in "the ability of Reuben Williams as an executive" which led him to make the appointment.

Messages of regrets that they could not attend the affair were read from Sen. Marshall Formby, Rep. Dorsey Hardeman, from Charles Cotten and William Holden of Fort Worth, from Max Bentley of Abilene. Both Williams and Bobbitt expressed regrets on behalf of Brady Gentry, chairman, that he was unable to attend the banquet.

Introduced as the leader in the front line, D. C. Greer, state highway engineer, in turn introduced other department members including Mack Hodges, head of the maintenance division, Hugh Wallace, assistant maintenance engineer, and district engineers A. F. Morsund at an Angelo, Bob Lerner at Pecos, George Garrett at Lubbock and S. J. Treadway at Abilene.

Mrs. A. Williams and Miss Ruth Williams, mother and sister of the commissioner and who were also guests at the occasion, were recognized by E. W. Whipley, chamber of commerce president, who presided. Bobbitt also lauded Mrs. Williams as mother of the high official.

Dave Duncan, chairman of the highway committee, issued a welcome to visitors and expressed the hope "that you will go away from here to speak a good word for this young man who has come a long way in his 32 years."

Representatives were present from more than 30 West Texas cities. Tuesday the officials left for a quick swing through West Texas to get an "on the ground" picture of some road problems.

Storm Sweeps South Plains

LUBBOCK, May 20 (AP)—Dashing rain, accompanied by lightning and hail, battered Lubbock and the South Plains today, flooding streets, filling basements of business houses and causing heavy damage to merchandise, gardens and crops.

Reports before noon indicated the fall was confined mostly to central Lubbock county with this city bearing the brunt of the "flash" storm.

Most of streets in all parts of the city were filled to the curb within a few minutes after the downpour started. Stalled automobiles were common.

In east and northern portions of the city, water overflowed into business houses. Fire department received numerous calls to pump out basements.

Lucyle Richards Trial Postponed

HOUSTON, May 20 (AP)—The trial of Lucyle Richards, pretty rodeo star accused of murder in the shooting of Frank Y. Dew, widely-known South Texas cattleman, was continued today because of the absence of important witnesses for the defense.

The case was carried over to a later term of court, which probably means it will not be called for trial again until the fall.

Gasoline Due To Rise Cent

Cosden Petroleum Corp., a heavy purchaser in this area, was expected to follow Shell Oil Co., Phillips Petroleum Co., and Skelly Oil Co., in a 10-cent-a-barrel rise in crude oil prices.

Although R. L. Tollett, president of Cosden was out of the city and could not be reached immediately, it was expected that the lead of Shell and others would be followed on local purchases. Usually Cosden follows Humble and Gulf postings in this area and executives of this company indicated they would observe the 10 cent rise.

Leaders in the petroleum industry pointed out that price increases had been expected for some time because of labor and material costs.

At the same time it was pointed out that thus far this had been a record-breaking year for consumption of petroleum products.

Demand had been increased by 15 per cent due to the national defense program and increased private and commercial motoring. First upward price trend occurred in April after a static three-year condition. The hike was five cents on the barrel.

Gasoline prices over the nation have strengthened and generally range one cent higher than 60 days ago. Big Spring experienced increases of from half to a cent. Another rise, possibly one cent, was being contemplated, according to reports and was held off only due to lack of unanimity among stations.

Army Plans Two Recreation Camps

WASHINGTON, May 20 (AP)—Two recreational areas—one at Fort Arthur, the other at Galveston—will be established for Texas troops.

A 500-man unit will be established at Fort Arthur and a 1,000-man camp at Galveston to provide weekend facilities for the troops, the army announced yesterday.

FDR Moves Thanksgiving Again--Back To Old Date

WASHINGTON, May 20 (AP)—President Roosevelt declared today that the experiment of moving up the date of Thanksgiving day by a week to improve retail business had not worked and the next day Thanksgiving would be on the customary last Thursday in November.

This year, however, it will fall on the next to the last Thursday by presidential proclamation.

For the last two years, the date of Thanksgiving has been advanced by presidential proclamation a week ahead of the traditional last Thursday in November. Numerous states, nevertheless, adhered to the last Thursday holiday.

Mr. Roosevelt announced the decision to go back to the old date and joined with members of his press conference in a chuckle.

VFW Memorial Event Planned

Veterans of Foreign Wars of the local Ray Fuller post Tuesday were mapping plans for a Memorial Day service at the city cemetery.

Program details were in the formative stage, but one phase is certain to be the decoration of veterans' graves.

Already the post has on hand a gross of flags which will place over the graves of ex-service men, and it appeared that practically all the flags would be required to go around.

Plans, however, revealed the need of a general clean-up of family lots at the cemetery, and more particularly those of veterans. Those who have veterans buried in the local cemetery were asked to clear the lots before Memorial Day. It was suggested that this would be an opportune time for others to join in the removal of weeds at the cemetery.

In another activity, the VFW will observe Poppy Day here Saturday. Several young women will assist in the sale of the famous Buddy poppies made by disabled veterans.

House Passes Bill To Require Resignation Of Public Officials Seeking Election To New Posts

AUSTIN, May 20 (AP)—The house of representatives today sent the senate a bill to prevent a person holding an office with a term of more than two years to run for another office without first resigning his old job.

An amendment to make the regulation apply to all officials whose salaries exceed \$1,000 a year—but not until after the present election for U. S. senator—was voted down.

The bill passed last night by a vote of 103 to 17.

Opposing the measure, Rep. L. W. Hafritz of Whitney asserted it is poor legislative policy to pass a law "just because you didn't like a railroad commissioner who was running for governor last summer."

"A few days ago," he added, "we invited the governor to resign and run for senator. Well, he's running, but I don't know about the resigning."

"This evil as you call it is merely an exercise of a privilege by a Texas citizen. I think you're making a mistake."

Authorised by Rep. Price Daniel of Liberty, the bill would not apply to state senators or judges, and it would not affect persons running for re-election or for an office with a term beginning after the term of their old office expires.

Daniel said it was designed to prevent a recurrence of the situation in 1940 when two members of the railroad commission and one member of the highway commis-

Midland Due Army Field

Indications that perhaps Midland was a step nearer designation as an army bombardier training center were seen Tuesday in reports in the "Army Times," published in Washington.

The publication carried a chart which showed Midland in the same bracket as Ellington Field, located near Houston.

Monday it was announced in San Antonio that Brig. Gen. Gerald C. Brant would forward to Washington early this week his recommendations for establishment of additional army flying schools for the Gulf training center.

A number of proposed sites for new army flying fields have been surveyed by a board of army officers under direction of Gen. Brant for additional basic and advanced flying schools.

In addition recommendations for additional civilian elementary flying schools to provide primary training for the 30,000 pilot training program and selection of those fields by the war department is expected soon.

House Passes Bill To Require Resignation Of Public Officials Seeking Election To New Posts

By The Associated Press
First repercussions of Governor W. Lee O'Daniel's announcement he would run for the U. S. senate seat left vacant by the death of Morris Sheppard came today with the withdrawal of Hal Collins of Mineral Wells from the race.

Collins, who has been considered a close friend of the governor since O'Daniel first went into politics, said "I will have to take it and like it."

"Until he (Governor O'Daniel) announced last night I had it won," he said.

"But with him in there I'd be an also ran and so I've just got to get out."

Other major candidates, for the most part, held their peace regarding O'Daniel.

At Houston, Rep. Martin Dies, who announced at his campaign with an statement that his appeal for votes would not be based on personalities, had no comment.

Likewise, Gerald Mann, also at Houston for a series of appearances in that thickly-populated area, said he had nothing to say regarding the governor's announcement.

Lyndon Johnson was under treatment at a Temple hospital, and no statement was forthcoming from his headquarters at Austin.

AUSTIN, May 20 (AP)—Reaction to the announcement of Governor W. Lee O'Daniel for the U. S. senate seat and house of representatives today.

In a floor speech, Senator Joe Hill of Henderson charged that if O'Daniel were elected the president would have to deal with another Wheeler, Nye or Lindbergh.

In the house, Rep. Clayton Bray of Longview offered 8 resolutions endorsing other announced candidates.

Referring to a resolution adopted by the house and endorsing the governor for the senate, Bray said he wanted all candidates to receive similar treatment from the house.

Before action could be had, the time for considering resolutions expired, and a motion to extend the resolution period failed, 9 to 10.

WASHINGTON, May 20 (AP)—President Roosevelt said today he had no news on the issue of convoying supplies to Great Britain and further declared there was nothing to reports that he would submit a special message to congress soon.

Mr. Roosevelt touched only lightly at his press conference on the argument whether American warships should escort the supplies but did question whether Senator Barkley (D-Ky) had asserted that war materials were reaching Britain satisfactorily.

Told of this, Barkley said he had not known that reporters would quote him when he said that American war equipment seemed to be reaching Britain satisfactorily.

"Of course," he said, "I have no expert opinion. I was just talking casually, and I was basing my statements on figures by Admiral Land (Chairman Emory S. Land of the maritime commission) that only four per cent of shipments had been sunk."

Mr. Roosevelt was informed that Representative Fish (R-N.Y.), who represents his home congressional district, had said he was about to proclaim a state of full national emergency. The president dismissed this by asking who told Fish.

The Kentucky Senator said that the government would keep a close watch on the progress of Franco-German "collaboration," and added that "of course it would be necessary for us to take some action if Germany sought to establish herself on Martinique or other French possessions in this hemisphere."

He said that although the original armistice terms between France and Germany had prevented Nazi control of the western hemisphere possessions, this arrangement might be superseded by the new "collaboration" agreement.

As long as there is no change in the status of the possessions, Barkley observed, then there would appear to be no need for the United States to seize them.

Army Leases Land For Maneuvers

JASPER, May 20 (AP)—An estimated 5,000,000 acres of land will be leased in East Texas counties for army maneuvers starting about Aug. 1, it was announced here today at the headquarters of Gen. Col. R. E. Louden, president of the Eighth Corps area, rents and claims board.

The task of obtaining leases and agreements for use of acreage in Jasper, Newton, San Augustine, Orange, Sabine, Shelby, Panola, Tyler, Harrison, Angelina, Hardin, Jefferson and Neacoches counties has begun.

Lobos Take Spudders To Camp, 6-4

LAMESA, May 20 (Sp)—Lamesa's Lobos took the first of a three-game series from the Wichita Falls Spudders here in one of the fastest engagements of the current season with a 6 to 4 book.

Lobos' Trees struckout nine Spudders and scattered seven hits to keep in front all the way. Wichita Falls' Kanagy was walloped for ten hits over the route.

S'West Bests East In Number Of Nat'l Open Trial Entries

Dallas District Contributes 126 Of 1,010 Listed

NEW YORK, May 20 (AP)—The Southwest is getting ready to support its first National Open golf tournament in a big way and as a result Dallas, Houston and Tulsa have supplanted New York, Chicago and Philadelphia as the principal centers for the sectional qualifying rounds next Monday.

Dallas is the qualifying location for the section where the big tournament will be played — at Fort Worth's Colonial club, June 5, 6 and 7. This district contributed 126 entrants to the total of 1,010 who will try to qualify in 27 different locations. Chicago, always a hot spot in golf and looking after a big territory, is second with 104 entries and Pittsburgh third with 90. Then come Tulsa with 69, Detroit with 68 and Houston with 67, all ahead of New York's metropolitan district which generally is first or second. New York's total this year is 65.

The total entry list for the 1941 open, announced yesterday by the United States Golf Association, is 1,063. Of these 33 are exempt from the sectional qualifying rounds because they were among the low 30 scorers and ties for 30th place last year. Eight former open champions who didn't rank high in the 1940 tourney also were granted exemption under a ruling made this year, and the home club pro, Bob Byrnes, also is exempt.

As a result there will be just 128 places in the main tournament for the 1,010 golfers to shoot at Monday. The field at Fort Worth will be limited to 170 starters, the same as it has been since 1936.

Kanamuch as the number of qualifiers for each district was determined on the basis of the quality as well as the number of entrants, New York and Chicago each will have 13 places to fill, only four fewer than Dallas' top total. Detroit and Houston each will qualify eight, Tulsa and Pittsburgh seven; Birmingham, Ala., with 48 entries, gets six and Cleveland, with 47 entries, will have five. The other districts each will qualify from one to four players.

The complete entry lists and groupings for play in each district will be announced Friday.

Layden's Homer Tangles SW Race

AUSTIN, May 20 (AP)—The Southwest conference baseball race was tied up again today as a result of a 3 to 2 win scored by the University of Texas over Texas A and M, yesterday.

The hero role was assumed by Pete Layden, Texas centerfielder, who homered in the tenth inning to score the winning run.

Both teams have won 11 and lost 3 in conference competition. Each of the teams is scheduled to play another game today, Texas taking on Texas Christian at Austin and the Aggies going to Waco to try their luck against Baylor.

Cities' Tags Phillips', 10-4 To Grab Loop Lead

Cities' Service softballers, recently bloodied but lacking a great deal of being down, moved to the head of the class in Big Spring's Major city league last night as they took a 10 to 4 decision over their ex top-place bunkmates, Phillips' Tremen, at City Park.

American Business club's crew edged their proteges, the Sea Scouts in a nightcap tussle that remained in the nip and tuck classification to the final stanza.

In tonight's rounds, NYA and Stags Automen open the proceedings and the finale matches Phillips' and Montgomery Ward's crews. According to advance dope and past performance standings, Stags hold a top-heavy advantage over the NYA lads and Phillips', smacking from the spanking received last night, are odds-on favorites over Ward. The Wardmen, although on the little end of the plank, have shown a bang-up brand of recuperating power and any show in which they have a role is a bit on the maybe-or side to the last stanza.

Cities' took the lead last night and never relinquished it, despite a start in the fourth round and another in the sixth that accounted for Phillips' quartet. L. D. Cunningham gave Horace Bostick and Frank Barton a pair of strolls that put in scoring spot Harvey Morris and R. H. Weaver ditted the count in the final frame, bringing up Phillips' count.

Morris was nicked for seven hits by the Cities' sluggers, killing off a quintet of would-be hitters most while Cunningham allowed a slim three-hit mark by the Tremen and kept up his hurting par with 11 strikeouts over the route.

Garden City To Close School In Program Tonight

GARDEN CITY, May 20 (Sp)—Seventeen young men and women will be graduated from the Garden City high school in ceremonies here this evening.

Unique among commencement exercises, the program will not include the traditional speaker. Rather it will consist of an all-student affair, planned as a court trial of youth. The courtroom setting will afford an opportunity for youth to present the case by showing what the various departments of the school have been accomplishing.

Sunday evening the baccalaureate service was held in the school auditorium with the Rev. W. O. Kelly, pastor of the Methodist church, delivering the senior sermon. Invocation was by the Rev. Blair Morris, Baptist pastor, and benediction by J. W. Cox. Gracia Ross was at the piano for the processional and recessional. Members of the graduating class are Beth Berryhill, Ray Jean Hightower, Bobbie Bogard, LeNeil Cox, Isabel Cox, Margaret Bell Dozier, Lolita Reddell, Carol Aepus, Earl Baker, Tommie Cook, Russell Hobbs, Harper Bedell, J. T. Woods, Dan Houston, David Hardy, Donald Cauble, and W. E. Chaney.

Brooks Enter Protest After Two Losses

Claim Cubs Failed To Pare Club To 26 Player Limit

By Associated Press
First-place jams in the National league, are as common as traffic tie-ups in Times Square, but the senior circuit has one now that only President Ford Frick can untangle.

The Brooklyn Dodgers have lost two games in a row at Chicago and yesterday slipped out of the percentage lead although remaining half a contest ahead of the St. Louis Cardinals on won-lost reckoning.

However, the Dodgers complicated this otherwise commonplace mixup by protesting both games on the grounds that the Cubs had 26 men on their squad, one over the limit that went into effect May 15.

The player in question is outfielder Charley Gilbert, whom Brooklyn traded to the Cubs in the Billy Herman deal. He was playing under option at Montreal and the deal provided that the international league club turn him over to the Cubs June 1.

In the meantime he sprained an ankle and went to Philadelphia to get repairs. He never has been any closer to Chicago than he is right now—roughly 800 miles.

President Frick says it may be a week before he can make a ruling. During the interim the protest not only will reflect on the first-place struggle between the Dodgers and Cardinals, but also on the Cubs, who moved into the first division yesterday.

Even if Brooklyn wins the protest it won't erase the humiliation of yesterday's 14-1 walling. The Cubs climbed on chubby Hugh Casey, who had won five games without a defeat, and kayoed him with nine runs in the second inning.

Cleveland's American league leaders also were bumped off again by the Philadelphia Athletics, 5-4. Although Al Milnar, the Indians' southpaw ace, homered with one on.

Dennis Gaiheuser, who had pitched a one-hit shutout his last time out, held the New York Yankees to four safeties as the St. Louis Browns forged a 5-1 victory with the help of a couple of Yankee fielding misuses.

Young John Gorman pitched four-hit ball for the Detroit Tigers to beat the Boston Red Sox, 4-3, missing a shutout in the seventh when Ted Williams homered with one on. It was Detroit's fifth straight win and kept the American league champs right on the heels of the second-place Chicago White Sox, who whipped the Washington Senators, 8-2. Fat Ed Smith gave Washington 1 hit, one more than the Sox obtained, but Chicago took advantage of seven walks and a hit batsman in wrecking Vernon Kennedy's debut in the capital.

The day's best pitching duel was in the National league where Pittsburgh ended the New York Giants' four-game winning streak, 2-1. Max Burtcher of the Pirates allowed only four hits while old Carl Hubbell gave up six.

The Cincinnati Reds ripped off 14 hits to beat the Boston Braves, 7-3, behind Johnny Vander Meer.

Coachless Team Calls Tutor Back

SEATTLE (AP)—Give the game back to the kids.
That was the hunch of Lou Hull, Roosevelt high school baseball coach, when the 1941 diamond season started with the Wenatchee baseball club of the Western International league wound up with something like 700 new owners.

So he tried it—for two games. Roosevelt won the first one in extra innings. His team lost the next one. Team members conferred, and decided to ask Hull to take over the bench again. He did, and the team resumed winning ways.

Baseball Club Owners Become Peanut Vendors

WENATCHEE, Wash. (AP)—Run through the reorganization winding up the Wenatchee baseball club of the Western International league wound up with something like 700 new owners. Demonstrating the democratic viewpoint of the new moguls, many of them, including some of the region's more wealthy individuals, got out on opening night and sold peanuts to the crowd.

Big Spring Raps Lubbock, 5-2

Mohrlock Has Mound Job For Tonight's Tilt

Big Spring's Bombers extended their winning streak to seven games last night in Roberts Field and maintained their West Texas-New Mexico baseball lead as they rolled over the visiting Lubbock Hubbers, 5 to 2. Tonight at 8:30 the three-game series goes into its second round. Andy Mohrlock is slated to go on the mound for Big Spring.

Last night was Ladies' Night and according to President Tink Rivera, it was a banner evening so far as attendance was concerned.

Big Spring grabbed the lead in the engagement in the first inning. Blaine Peterson and Hayden Greer took strolls, Peterson advanced to third and Greer took second as the Hubber catcher, Castino, muffed the pitch. Then, Eddie Stevens brought the score across with a wobbly drive to the Hubbers' first baseman, Kauslarick, and a single by Hank Poitras put Greer over for the tally.

In the second frame, Charlie Wheelock, Big Spring hurler, added the clincher when, with Art Shilling on base per walk, he blasted out a homer to make the count 4-0 for the hosts.

Final tally for Big Spring came in the fifth when J. L. Haney singled to be advanced to third by Peterson's walk plus fielder's choice by Greer and was put across for the score as Stevens flew out to left field.

Big Spring held the edge over Lubbock by virtue of close and fast fielding. Lubbock Pitcher Hyma managed to keep his heavens in the groove fairly well but slipped up when the slipping was worst. Hyma held the Big Springers to a weak total of four hits and struck out five.

Guldahl Sets Up Enviably Open Record

FORT WORTH, May 20 (AP)—Over the last five-year stretch Bulgy, methodical Ralph Guldahl has put together a National Open championship scoring record that pales into insignificance the performances of any golfers before him.

Only the great Bob Jones and Gene Sarazen can boast of a better average finishing position and neither can approach the big Texan's score.

Since 1935 Guldahl has won the open twice (in successive years), has set a new winning total, 281, and has finished no worse than eighth.

His all-time low of 281 was made in 1937 when, despite the strain of those final holes under the knowledge that he must better Sam Snead's 283 to win, Guldahl turned on a blistering pace on the last nine holes.

Here are his scores for those years: 290-281-284-288-290. And here are his finishing positions: 8-1-1-7-5.

With one exception Jones never finished worse than second for nine straight years. That time, in 1927, he was 11th. Here are Jones' finishing positions, including ties and disregarding results of play-offs, starting in 1922: 2-1-2-1-1-1-1-1-1.

Sarazen had one five year stretch, from 1926 through 1930, when his average finishing position was better than Guldahl's best. Gene finished this way in those tournaments: 5-3-2-2-2. Guldahl will be one of the several standout stars originally from Texas who will seek this year's crown at Fort Worth, starting June 5.

Week's Crude Output Hiked

TULSA, Okla., May 20 (AP)—With the heaviest increase in Kansas, daily crude oil production in the United States rose 45,670 barrels to 3,794,405 for the week ended May 17, the Oil and Gas Journal reported today.

Kansas production was up 21,350 to 218,200; California, 3,225 to 341,100; eastern fields, 1,510 to 110,800; Louisiana, 4,240 to 314,320; Michigan, 580 to 38,405; Oklahoma, 2,950 to 415,400; Rocky Mountain States, 2,540 to 103,160, and Texas, 5,850 to 1,408,300. Illinois production declined 1,945 to 322,100, and East Texas was off 100 to 373,700.

Boa Constrictor Found In Bananas

MEMPHIS, Tenn., May 20 (AP)—"Look, a bird's nest!" exclaimed Grocery Clerk Aubrey Whittley, cutting bananas from a stalk.

Exhibit Of Chinese Articles Is Feature Of Tea Held At Church

Methodist Women Entertain To Conclude Study Of Missions; Films Are Shown

A Chinese tea with an exhibit of articles from China was held Monday afternoon at the First Methodist church in connection with films about China by the Woman's Society of Christian Service. Members of other churches were invited as guests.

The tea preceded the program, in Chinese style, and the table was laid with fine-linen cloth made in China. The centerpiece was a native bowl holding red poppies. Red tapers in brass candlesticks were on either side of the bowl.

Articles displayed included a "Missy chest" over 300 years old belonging to Mrs. G. W. Dabney, whose brother, Sgt. R. B. Chesney, got it for her in China. The chest of teakwood was inlaid with pearl, ivory and colored stones. Other articles of Mrs. Dabney's were lacquer cups, trays and saucers, kumans, chests and pictures.

Other members of the society contributed articles from China for the display. The rooms were decorated with flowers.

Mrs. J. F. Minter talked on China and Mrs. J. B. Pickle had the devotional. Films of modern China as it is surviving the war, were shown.

Refreshments were served. Among those present were Mrs. J. C. Pittard, Mrs. J. L. Low, Mrs. T. M. Young, Mrs. Cecil Nabors, Mrs. E. J. Whittington, Mrs. W. D. Lovelace, Mrs. Mary Edwards, Mrs. T. V. Cotton's History Is One Of Social And Economic Importance

Cotton has been in history a stick of economic and social dynamite; whenever man touched it, it has changed his life.

The first steam-driven machine to be invented was contrived for the purpose of spinning cotton. The first spool-making invention in the United States was the cotton gin. The adaptation of cotton processing to the factory system ushered in the industrial revolution.

For three-quarters of a century and more, England's commercial supremacy among the nations of the world was drawn largely from her trade in the manufactures of cotton. The first efforts of the United States toward industrial independence from the mother country were centered upon cotton manufacture. Since that time the industrial beginnings in most other countries have followed the same course. Cotton more than silk is responsible for the world economic power of Japan.

For more than a century cotton, together with its products, more consistently than any other single commodity has been the most valuable article of human consumption and the most important item in international trade. Wherever soil and climate have permitted, its growth has been fostered both by individuals and by governments, just as its manufacture has been one of the major objectives of all industrially minded countries.

Mrs. E. King had the devotional. The group attended the Chinese tea at the First Methodist church following the program.

The next meeting is to be a social in Oshama in the home of Mrs. J. W. Woods.

Others present were Mrs. Cecil Nabors, Mrs. J. E. Nix, Mrs. W. W. Coleman, Mrs. H. J. Whittington, Mrs. Mary Edwards, Mrs. J. I. Lowe, Mrs. H. D. Drake, Mrs. E. R. Cawthron, Mrs. T. M. Young, Mrs. J. C. Pittard, Mrs. M. O. Hamby, Mrs. J. D. Stenbridge, Mrs. C. V. Sipes, Mrs. W. M. Ashworth.

NOSE PICKING May be a Sign of WORMS

Don't blame your child if he looks like just a nasty habit, but it may mean that ugly, crawling roundworms are starting to nibble inside the child's nose. Other warning signs are: "itchy" appetite, dizziness, uneasy stomach, itching seat.

Anybody, anywhere, can "catch" roundworms! If you even suspect your child has them, get Jay's Vermifuge right away! It's America's leading proprietary worm medicine. Scientifically tested, and used by millions for over a century.

Jay's expels stubborn worms, yet acts gently. If no worms are there, it is just a mild laxative. Demand Jay's Vermifuge.

A Brazilian Good Neighbor party was held by the First Presbyterian Auxiliary Monday at the church with the birthday objective theme, "Pioneer Evangelistic Work in Brazil."

A map of Brazil and flags of America and Brazil decorated the rostrum. Yellow and green balloons were around the rooms and contained bits of information about the country of Brazil.

Mrs. C. W. Cunningham greeted guests and registered them. Yellow and green ribbons were pinned on each guest. Mrs. R. V. Middleton presided and the devotional was given from John 3:16 by Mrs. W. C. Barnett.

Mrs. E. J. Brooks was program leader. Mrs. D. A. Koons talked on "Introducing Our Neighbor." Mrs. Sam Baker described the map of Brazil and Mrs. Porter told about "Our Neighbor's Flag," and told the meaning of its colors.

Others on the program were Mrs. W. G. Wilson, Jr., Mrs. J. C. Lane, Mrs. Cecil Wason, Mrs. E. C. Boatler, Mrs. F. H. Talbot, Mrs. J. O. Tammit.

Those wearing the green ribbons punctured the yellow balloons and vice versa to obtain facts about Brazil. A gold pot that had held information about the country was also used for the birthday offering. Hymns were sung with Mrs. D. F. McConnell at the piano. Mrs. H. W. Caylor had the prayer.

A social hour followed and the tea table was ice-laid and centered with a punch bowl surrounded with honey suckles. A birthday cake with "Brazil" laid on top was decorated in yellow and green. Mrs. F. H. Talbot presided at the punch bowl and Mrs. Middleton at the cake.

Mrs. D. F. McConnell, who is leaving soon for Kentucky to make her home, was surprised with a handkerchief shower. The gifts were presented by Mrs. Baker.

Others present were Mrs. R. L. Suttie, Mrs. T. K. Rutherford, Mrs. R. L. Carpenter, Mrs. J. M. Woodall, Mrs. J. E. Fort, Mrs. D. W. Webber, Mrs. Jerry Wall, Mrs. G. D. Lees, Mrs. L. E. Edwards, Mrs. B. J. McDaniel, Mrs. J. B. Mull.

Mrs. L. E. Farnley, Mrs. E. L. Barrick, Mrs. James Currie, Mrs. J. E. Pritchett, Mrs. Pat Sullivan, Mrs. H. G. Carmack, Mrs. Noble Kenemur, Mrs. Ellen Gould, Mrs. James T. Brooks.

Liquor Question Quotations Given By Local WCTU

"Alcoholic admissions to Bellevue hospital increased 300 per cent the first year of repeal."

"When America's keenest minds are using the newspapers, magazines, movies and radio to entice youth to drink whiskey, smoke more cigarettes and make heroes of criminals, these youths should hear the other side of this argument from someone."—Roger W. Babson.

"The liquor traffic would if it could, destroy the churches; the churches could if they would, destroy the liquor traffic."

"The primary idea of prohibition is not to prevent anyone from taking a drink, but to prohibit the distillers and vendors of liquor from destroying America's greatest natural resource—our young people."—Roger W. Babson.

"The fight against the liquor traffic is not for ten days or ten years. It is an eternal fight. There will be no going backward upon the efforts of the human family to control this evil which has been torturing and tormenting them for 2,000 years and more..."

"This never has been a law placed upon the statute books of any civilized nation on earth with reference to liquor that the liquor forces did not undertake to break down, to violate, to undermine, and to corrupt the officials."—The late William E. Borah's Views delivered in the U. S. Senate in the course of one of the great historic debates, February 18, 1920. — (Submitted and published at the request of the W. T. C. U.)

Life's Darkest Moment

Not a trace remains of these dogmas except anti-Semitism, which is merely a useful crutch for spreading unrest among superstitious masses. Anti-Semitism as racialism is completely discarded. Actually, the new revolution is engineering an uprising of the Arab world, racially a much purer Semitic world than that of the westernized Jews whose Semitism has been diluted for generations...

Story

(Continued from Page 4)
As he moved round the shabby room rearranging the furniture. Molly shot in, unbreathed from the stairs, but full of excitement. "Was it time I got here?" she demanded rhetorically. "What do you suppose was happening?" She whisked her hat and coat methodically, and had them hung in the little closet.
And his brother Nick says, "Well, of a Rie had decided that it was too much of a risk to take out notes to swing his half of the shops. And his brother Nick says, "Well, Molly, you know how he is. I couldn't swing it alone. I sure am grateful to you." Nick says, "You're the only person I know that can build a fire under Rie."
"How did you come to know Rie and Nick?" Ellen inquired curiously.
"Went to school with them. Pop and Mom split up when we were kids Pop went to New York and took two of us along." Molly explained casually. "After a while he went back to Flute, but by that time I was sort of holed-in in the big city. Once you get used to it you hate to leave. What shall we do, go out or get something in? Does the gas ring work?"
She investigated, found it did, and they decided on getting something in. Ellen thought with a certain amusement of Molly, and her habit of ambition—cashier in a delicatessen, wife to a small farmer."
Well, being happy was what counted, after all. And if happiness, to you, meant a dreamy-eyed young Greek in an ill-fitting dress coat who had to be driven into earning his living, instead of a laughing gray-eyed man in flying clothes, well, it was just the way you felt.
Ellen had money enough to carry her a while, as she looked for work. Next morning, on the tide of excitement at living in New York, she took her letters of introduction and started out to storm the city.

O'Daniel Announces He Can Better Serve Texas People In Washington

AUSTIN, May 20 (AP)—Declaring he could better serve the common people in Washington, Texas' radio-organizing governor W. Lee O'Daniel, formerly a crack flour salesman, today crashed into the middle of a free-for-all campaign for the United States Senate.

he derelict in duty if he did not make the race, asserted he would take to Washington the ten commandments and the Golden Rule, told listeners "we have got the job done" in Texas, and asked their support to succeed the late Senator Morris Sheppard.

could also do some good in Washington along the same line? As a third duty, he pledged cooperation with other senators and the president.
