CHATMAN HILLS CORNER

by Clarissa Jay

This writer has received many positive comments on the recent Lubbock Emancipation Juneteenth Celebration which was held here last week. Nothing else could have been added to make it any better. From the crowning of the 2003 Miss Juneteenth to the religious services in the park were outstanding. The parade has been talked about by many of you as it was a very good one if not the largest ever as we have learned there were more than 100 entries in the parade.

Keep up the good work, Juneteenth Committee, It appears as though you are on a roll. May God continue to bless you in your efforts!

We've received word of the illness of a former Lubbock resident and

graduate of Dunbar High School. She is Dr. LaTowalla Gibson-White who remains a patient in St. Francis Hospital in Tulsa, Oklahoma, in ICU. She has been in a coma, but is doing much better.

Your prayers are appreciated.

Something new in the community as the St. John Baptist Church will be sponsoring a Teen and Adult Vacation Bible School from July 8th through July 11th, beginning at 6:30 p. m. to 8:00 p. m. each evening.

The theme is "And God Said Go!"

If you have any news from your church, organization or anyone who is visiting you during the holidays. Let us know so we can advise the community of what's going on. You may call this writer at (806) 744-4127 or send it to: Chatman Hill Corner, P. O.Box 2553, Lubbock, Texas 79408.

Don't forget school is out, and it has been for several weeks. So please take a closer look when you are driving in the neighborhood as these young people are like we were when we were younger. Drive careful!

Congratulations are in store for the three winners in the Juneteenth Parade. They were Linda's Closet, Lyons Chapel Baptist Church, and Talk of The Town.

These were voted as the best floats.

If you are a member of a church, then think seriously about becoming a member of a church family. For one, there is the New Hope Baptist Church, 2002 Birch Avenue. Rev. Billy R. Moton is pastor.

The doors of New Hope are open for you anytime. Come and see!

Let's not forget our sick and shut in citizens who are ill at this report. There are many. Remember God is able. He knows all and he sees all. Your prayers are precious. If you get an opportunity, then go by and visit with someone who is ill and can't get out. Today, they are down. Tomorrow it could be you. Think about it!

Also, don't forget those who lost loved ones. God is able.

This writer would like to ask you a question. Are you a registered voter? If you are not, then do so this week. There are some very important issues coming up later fall, so get registered and when it is time to vote, then vote!

WE THANK GOD FOR JESUS

"WHERE THERE IS TWO OR THREE"

"THIS IS ONE OF THE BIGGEST MISUNDERSTOOD VERSE IN THE BIBLE!"

2 TIMOTHY 2:14. OF THESE THINGS PUT THEM IN REMEMBRANCE. CHARGING THEM BEFORE THE LORD THAT THEY STRIVE NOT ABOUT WORDS TO NO PROFIT, BUT TO THE SUBVERTING OF THE HEARERS.

IN MATTHEW 18:20, JESUS SAID, WHERE TWO OR THREE, ARE GATHER IN MY NAME THERE I AM IN THE MIST.

BUT MAN HAVE TAKEN THIS OUT OF CONTEXT, AND THE TRUE MEANING IS MISSED.

2 TIMOTHY 2:15. STUDY TO SHOW THYSELF APPROVED UNTO GOD, A WORKMAN THAT NEED NOT TO BE ASHAMED, RIGHTLY DIVIDING THE OF TRUTH.

YOU MUST START READING IN V.15, TO GET THE UNDERSTANDING OF THE TRUE UNDERSTANDING OF WORD.

IF A BROTHER TRESPASS AGAINST YOU, GO TO HIM. LET YOUR CHARGE BE HEARD.

UN OTHER WORDS IF A BROTHER HAS DONE YOU WRONG, GO TO HIM IN PRIVATE, IF HE WILL HEAR YOU; AND HE REPENT, BUT NOW IF HE DON'T WANT TO.

REPENT, THEN YOU TAKE 2OR 3 WITH YOU. THIS IS TALKING ABOUT PUTTING A BROTHER OUT OF THE CHURCH. JESUS IS TALKING ABOUT BRINGING HIM BACK.

1 CORINTHIANS 14:33. FOR GOD IS NOT THE AUTHOR OF CONFUSION, BUT OF PEACE, AS IN ALL CHURCHES OF THE SAINTS.

AND IF HE WILL NOT HEAR V.16. TAKE WITH YOU 2 OR 3, THEN GO SPEAK YOUR WORDS, SO THEY ALSO MAY SPEAK TO HIM, AND KNOW (THE BROTHER HAVE HEARD).

DEUTERONOMY 17:6. AT THE MOUTH OF TWO WITNESSES, OF THREE WITNESSES, SHALL HE THAT IS WORTHY OF DEATH BE PUT TO DEATH, BUT AT THE MOUTH OF ONE WITNESS HE SHALL NOT BE PUT TO DEATH.

AND IF HE WILL NOT HEAR THE 2 OR 3, THEN TAKE BEFORE THE CHURCH. IF HE WILL NOT REPENT BEFORE THE CHURCH, PUT HIM OUT, THAT HEARS!

MATTHEW 18:17. JESUS SAID, AND IF HE SHALL NEGLECT TO HEAR THEM, TELL IT UNTO THE CHURCH; BUT IF HE NEGLECT TO HEAR THE CHURCH, LET HIM BE UNTO THEE AS AN HEATHEN MAN AND A PUBLICAN. WHEN YOU PUT HIM OUT OF THE CHURCH, YOU HAVE DONE HIM NO SIN, JESUS IS SAYING, WHEN YOU DID IT, IN THE MIDST OF IT ALL, I WAS WITHIN!!!

V. 20 JESUS SAID, FOR WHERE TWO OR THREE ARE GATHERED TOGETHER IN MY NAME, THERE AM I IN THE MIDST OF THEM.

THERE IS WISDOM, WHEN YOU'RE IN THE SHOWER, IS GOD THERE? WHEN YOU'RE WALKING ALONG, IS GOD THERE? WHEN YOU'RE RIDING ALONG IS GOD THERE? AND THERE IS NO TWO OR THREE THERE WITH YOU; BUT IS THE HOLY SPIRIT WITH YOU? YOU HAVE JESUS LIVING WITH YOU YET??

JOHN 16:7. JESUS SAID, I TELL YOU THE TRUTH, IT IS EXPEDIENT FOR YOU THAT I GO AWAY. FOR IF I GO NOT AWAY THE COMFORTER (THE HOLY SPIRIT) WILL NOT COME UNTO YOU; BUT IF I DEPART, I WILL SEND HIM INTO YOU.

WRITTEN BY EVANGELIST BILLY B. MORRISON, III. YOUR BROTHER IN CHRIST JESUS, ALWAYS.

Hispanics No. 1 - Blacks No. 2

It's official! As of July 2002, Hispanics numbered 38.8 million making them the largest minority group in America. Available data states non-Hispanic black population rose 3 percent in a 27-month span to 36.6 million.

The federal government defines Hispanic as an ethnicity, not a race. People of Hispanic ethnicity can classify themselves as any race. A person of Asian descent can make the claim to be Hispanic.

This writer has a problem with the word "ethnic - ethnicity." The word is a 15th century word and its first sense in the Merriam-Webster's collegiate dictionary mean "HEATHEN." The second sense of the word relates to large groups of people classed according

to common racial, national tribal, religious, linguistic, or cultural origin or background. Could this sense be described as of heathen actions?

It appears that the government calculations throw people and their descendants who come from nations that speak Spanish such as Mexico, Puerto Rico and Cuban background in the Hispanic category. This does an injustice to the people who comes from Mexico and their descendants who are of the Caucasian or white race. Mexicans are as of the same white vein as any other white person and should be counted with the whites. Mexicans of African or black descendants should be counted as black. This was true up until 1954. Haitians speaks French, but they have to check the "black" census box.

Something is wrong with

this whole picture. Why would the politicians and social scientists want a minority group based on ethnicity in America? Demographic and socioeconomic data shows that two-thirds are of Mexican descent. About two in five Hispanic ages 25 and older have not graduated from high school. Those of Puerto Rican and Cuban backgrounds were more likely to have a high school degree than Mexicans. The poverty rate of 21 percent was nearly three times greater than whites. What's the deal on re-classifying people who belong to the white race? Is this a form of sophisticated slavery? Scientists have determined that there is negligible distinction between races, but the majority of these people belong to the same race.

This week news also includes actions by the Bank

of America based in Charlotte, North Carolina. Because of the rapid growth of Hispanic population nationwide and especially in Texas, California and Florida, they are targeting this so-called minority group. The bank is reducing charges and fees to customers sending money back to Mexico. We wonder if this will create a paper trail that the government can tap into? Homeland Security is very sophisticated now.

Someone has said, "Slavery and genocide coexist with democracy and freedom." Leaders of the so-called Hispanics should keep their guard up and take lessons from blacks in America. You could be setup by the "powers to be" of the Anglo-European, traditions for a great fall in the future. They have what it takes to make the merry-go-round turn.

The Outreach Prayer Breakfast

The members of the Outreach Prayer Breakfast are talking about Intercessors

Prayer Intercessors are not little old retired ladies who have nothing else to in order to past time. So they get together and pray a little. NO! NO! The whole body of the Church is Intercessors. The word said: "My house shall be called a house of prayer for all nations." This includes young people as well who have a prayer life.

The Doctor's Report is "truths but." God's Word is the truth. We have found out what he says he will do. It's never over until we "win." When one is

attacked, we go to war immediately, because that fellow the enemy attacks to kill. We're the defense for our congregation and all other groups and advise them that there is hope in Jesus.

For those who are going through problems of all sorts, we are going for the the best for you, according to God's Report, and what does it say. Matthew 10:1; Mark 16:15-18 and Isaiah 54:5. You might say, "Well, the Old Testament don't apply today." Oh, yes, it does! 1 Peter 2:24 There's victory in Jesus. When you are in battle, you have to be careful what you hear. Faith comes by hearing.

Faith is our battle ground. You can be praying and your mind at the mall, praying things that sound good to your hearers. This is not a fervent prayer. We are not Tweety Birds. We are Intercessors for all of God's people!

We will not talk anymore about prayer, we're going to do it. Put action to our belief.

Your Pastor can't do it all by himself. He is only a human being. If you stomp your toe, pray over it with the anointing. Only fervent prayers should be offered in faith, Don't get angry, because he can't anoint every toe and sit by every sick bed.

We thank God fro all the Intercessors out there. Pray for us, and keep those drive by prayers going. Hope you prayed for the March Against Drugs, Gangs and Violence on Last Monday evening, June 23, 2003. We are all affected by this Demon Drugs one way or another. If not you, then it's somebody in your family or relative or a neighbor or even a friend.

Thank you, Saints for reading. Have a God fearing holiday is our prayer to each of you.

Strength for Today hope for Tomorrow

by Gerald Jackson

Black women taking care of black men (Continued)

"Settle for settling" is the term I use when people do not attempt to reach for God's best for their lives. Instead of giving their very best effort and expecting the results of hard work, they settle for whatever comes along. When black women give in to the idea that they will never find a meaningful relationship with a real man they "settle for settling". They settle for the first male that comes along with a flattering word that causes them to lose sight of the goal of having a real man in their lives. This male does not have the woman's or the children's best interest at heart. He is interested in satisfying his own physical or financial needs. Once he has satisfied his needs he no longer feels obligated to be there.

If a child is conceived as the result of the male's sexual gratification the male does not become a father. He becomes, "baby's daddy". He shows up usually every "Mother's Day", the 1st and the 15th of the month, to see what funds he can squeeze out of the mother's assistance check and then he is gone until his next need arises.

Occasionally, he may come in contact with some money (usually that he has conned another woman out of) that he brings over to the

"baby's momma" just to keep her on his side. We call this tactic, "Tending the line". He does just enough to make sure the woman and her resources are available for his use. If necessary, the male will take by force and/or violence whatever he wants and then successfully convince her that the beating was her fault. He swears his love to her, she forgives him. She remains accessible to the male, he gets what he wants, and the children learn how men and women are to treat one another as they observe the interaction between the two.

Husbands, love your wives, just as Christ loved the church and gave Himself up for her.

Now tell me that this scenario makes any sense at all. Ladies stop putting up with this kind of abuse. Black women have been the strength for our culture throughout our history in America. Summon up the strength that enabled our women to sustain our black families through slavery. If you are presently allowing a man like this to be your dictator, throw the bum out. He is not helping you, he is hindering you. You have "settled for settling". You have believed the lie that you can't get a good man so you will settle for any male, but as this writing has pointed out, he is not a man, he is a male. Do not mistake the two. Compare this male to the man that the apostle Paul describes: "Husbands, love your wives, just as Christ loved the church and gave Himself up for her."

(Ephesians 5:25). The man in this verse did not come to the relationship asking what can the woman do for him, he came giving himself up totally for the benefit of the woman he loved. Ladies, when homeboy comes sniffing around for what he can get from you, lips all white, financially embarrassed, no job, no house, no car, the only thing you should offer him is a clear path to the door. Your struggle is difficult enough, you don't need to carry him as well. Wait for God's best, he will prepare for you the right kind of husband. Your responsibility is to work on being the right kind of woman. Then you will find strength for today and hope for tomorrow.

Grace and peace,
Gerald P. Jackson

TDH Offers Tips for Surviving Texas' Long, Hot Summer

TDH offers tips for surviving Texas' long, hot summer. Heat-related deaths and record-breaking high temperatures in Texas began earlier than usual this year, alerting health officials that the summer of 2003 could rival the heat waves and droughts in the 1990s.

In 1998, temperatures soared to record highs for nearly three months in most of the state and were linked to the deaths of 98 people. Since 1995, at least 427 deaths caused by hot weather have occurred in the state.

Recent tragedies, including the deaths of a 2-year-old child left unattended inside a hot van outside a suburban Dallas day-care center, a homeless man found in an El Paso arroyo, three people found in a sweltering railroad hopper car in Baytown and at least 18 smuggled immigrants enclosed in a tractor-trailer near Victoria, are reminders that heat can kill.

"Heat — specifically hot weather combined with high humidity — is more deadly than people realize," said David Zane, an epidemiologist at Texas Department of Health (TDH).

While anyone can suffer the deadly effects of heat, Zane said people most at risk of death or illness in extremely hot weather are the elderly, the very young, the sick and those without access to air conditioning. "A prolonged heat wave increases the danger," he said. "Victims become steadily weakened as the skin's natural cooling system — perspiration — works overtime."

When your body is unable to cool itself through perspiration and if fluids are not amply replaced, you can die.

Profuse sweating, muscle cramps, weakness, dizziness, nausea, weak but rapid pulse and headaches are symptoms of heat exhaustion, an early stage of heat illness. People with these symptoms, which are related to dehydration and the accompanying rise in internal body temperature, should seek shade or air conditioning and drink plenty of water.

If efforts to cool a person with heat exhaustion fail, heat stroke — a medical emergency that can lead to disability or death — can follow. Symptoms of heat stroke are extremely high body temperature, red or dry skin, failure to perspire, rapid pulse, confusion and unconsciousness. Immediate medical help is critical for victims of heat stroke.

Most heat-related illnesses can be prevented by following some simple guidelines. Staying in air conditioning and drinking plenty of water are the most efficient ways to combat heat. If you do not have air conditioning, shade windows if possible and use fans to create cross ventilation. In prolonged high temperatures and high humidity, aim fans out the window to blow hot air out. In addition, try spending time each day in air-conditioned environments such as libraries, shopping malls and other public places.

Keep an eye on children playing outdoors on very hot days because they can become dehydrated very quickly. Give them plenty of fluids, especially water, and dress them in light, loose clothing.

Other heat precautions include:

- Never leave anyone in a closed, parked vehicle during hot weather, even for a short time.
- Drink plenty of fluids, avoiding alcoholic beverages or

beverages with caffeine, which cause the body to lose water, and drinks with excess sugar, which can impede water absorption.

- Plan any strenuous outdoor activity for early or late in the day.
- Take frequent breaks when working or exercising outside.
- Wear light, loose-fitting clothes.
- Stay in air conditioning as much as possible.
- Eat frequent light, balanced meals.
- Avoid dressing babies in heavy clothing or wrapping them in blankets.
- Check frequently on people who are elderly, ill or disabled.
- Check with a doctor or pharmacist before using medications such as diuretics and antihistamines if you're going to spend much time in the sun or be exposed to high temperatures for any length of time.

At first signs of heat illness — profuse sweating, dizziness, nausea, headaches, muscle cramps — move to a cooler place, rest and begin drinking fluids. If these measures do not lessen your symptoms, seek immediate medical help.

Pets need special attention during summer as well. Provide outdoor pets with shade and plenty of water. Never enclose animals in cars or in unventilated buildings.

Villa de Gloria - Home of MBC Chairman & CEO, Featured During Local Television Sweeps

SEWALL'S POINT, FL (May 30, 2003) - Prominent attorney and cable television executive Willie E. Gary recently welcomed television cameras into his palatial 25,000-square-foot, 50-room waterfront mansion providing a first-hand tour of "Villa de Gloria" during the May sweeps for an news feature about the rich and famous who call South Florida home.

NBC affiliate WPTV, based in West Palm Beach, produced the piece as a part of its "Behind the Gates," special, detailing the homes and expensive toys of a few of South Florida's most recognizable residents. The special aired during the May sweeps.

The chairman & CEO of MBC Networks took time out of his busy travel schedule to provide a personal tour of "Villa de Gloria" including stops in the foyer, living room, kitchen, master bedroom and bathrooms complete with thousands of dollars in gold fixtures. Along the way, Gary pointed out several unique features about the home he shares with his wife, Gloria.

at several rare pieces of art and furniture - many of which had been shipped from Europe - including a dining room table that Gary says took some 10 people to carry into the home and later assemble. Gary estimated the dining room table settings cost him

approximately a quarter of a million dollars.

Gary said the security and safety of "Villa de Gloria" is always at the top of his list. He demonstrated how he can call from anywhere in the country and activate storm shutters, security alarms and other equipment. Gary then showed the pool and patio area, which he said has more than paid for itself by helping raise more than \$5 million dollars in scholarship and political fund-raisers.

"One day you'll see a yacht out there," Gary said as he pointed to the boat dock behind his lavish home. "Right now, I'm just too busy traveling five and six days a week for me to really enjoy any quality time on a yacht, but it's coming soon."

Gary, known in legal circles as The Giant Killer, is best known for taking on some of America's most powerful corporate giants and winning billions of dollars in verdicts and settlements on behalf of his clients. In addition, he is now the chairman & CEO of the Major Broadcasting Cable Network (MBC); the nation's only African American owned and operated 24-hour cable TV network, as well as MBC News, a 24-hour cable news network devoted to African Americans.

In 1994, Gary and his wife, Gloria, founded The Gary Foundation to provide college scholarships and educational support to at-risk students, who wish to attend college. The Gary's have also supported many of our Historically Black Colleges and Universities by donating hundreds of millions of dollars to more than a dozen colleges and universities throughout the country.

Now That is Over!

by Eddie P. Richardson

JUNETEENTH Freedom Celebration 2003 has come and gone as an Official Holiday in Texas. Yes, the Celebration is over but it must not stop and we must remain in solidarity freedom 365 days a year as Americans. America, with all of its problems and faults, is by far a liberty and best place in the world to live. Our problem is that we all must learn to work collectively to make it a much better place to live and respect its life and stop sitting on the sidelines complaining. We must all do our part to fight for it. Now that the State Holiday

has come and gone, we need to settle into everyday life again and start planning for next year. This writer wants to personally thank God, the many volunteers who worked so hard and gave so much of their services, the sponsors, supporters and even the non-supporters, because they made all of it work harder to make this Celebration a success.

Without all of you, the program would not have been a success. My special thanks to all of you from the Texas Juneteenth Historical Cultural Commission, Al Edwards Juneteenth USA, and even Al Edwards a heart felt thank you!

Juneteenth as an official state holiday, since 1979, has grown and progressed to a year round activity focusing on freedom for all Americans, health, education, and economics. Now that's a pretty full plate. One of our first anticipated major undertakings is to have a major banquet featuring the well-

known Anthony "Tony" Williams, Mayor of Washington, D.C. who is also Second Vice President of the National League of Cities, a member of the Home Land Security Task Force appointed by President George W. Bush, and many other endeavors.

Our number one goal is to make a positive impact in Lubbock, West Texas. Even though we are not political, any positive impact will help all of us get looked at in a very positive manner with the upcoming Congressional Redistricting effort in Texas as the outcome will affect Lubbock and West Texas. So, here we are, working for all citizens who too are a part of the Lubbock Emancipation Juneteenth Celebration Committee.

service is our passion.

Cynthia Trevino is a supervisor in UMC's Radiology Department. She's committed to her work and has never been one to back down from a challenge. Cynthia even took on the daunting task of organizing and restructuring the Radiology Department's filing system. That single accomplishment helps her team interact more efficiently with the doctors, nurses and patients who rely on her department for crucial information. And when a powerful storm tore the roof off her home two years ago, she faced the challenge with the same "can-do" spirit and the support of her coworkers at UMC. There's never a dull moment for Cynthia, but she always makes sure she treats everyone the same way she'd treat her own loved ones. In the fast-paced world of healthcare, you could say Cynthia is the "calm in the eye of the storm." That's her way of making sure that at UMC, you come first.

In Cinque

by Renetta W. Howard

It has finally attracted the attention of national lawmakers that states should do something about the use of devices that detract a driver's attention while on the streets, highways and hopefully, the bicycle paths of America. It has finally been acknowledged, not discovered, that the driver use of cellular telephones is a major cause of traffic accidents and deaths in America.

The research has shown, according to the national media, that in-experienced and youth drivers make the most accidents while using a cell phone while driving, and would make their use of the cell phone while driving, illegal in other words, a driver's license would be issued at various levels wherein certain issue levels would not permit the use of a cell phone.

Driver's license are now issued to indicate that they are for commercial use with regards to certain weights and/or capacities or for regular operation of a vehicle such as a car or truck which is not in the commercial category. These license may have certain restrictions such as corrective lenses for eyes, insulin dependency if you are diabetic, daylight driving only, speed limits within which you can drive, and many more, but these codes are shown somewhere on your license.

Unlike codes for restrictions, states are being urged to issue a license itself which has certain restrictions about your driving

habits which has nothing to do with your current physical or social habits in your vehicle, but will affect whatever you do because you fit into a certain class of driver, either by age or experience. This new form of discrimination will also be extended to senior citizens as well.

Although I am personally against discrimination, I, too, must admit that if it saves lives then there is not too much to grip about I have been an opponent to drivers using the cell phone while driving ever since I had a close encounter with one, years ago, before I was sure what they really were. Everywhere you go or look, there is someone talking on a cell phone. It makes you wonder when did everyone suddenly discover that they had something to talk about? For years, we stood at a public telephone and made emergency or necessary calls at a cost of 5-25 cents. Why can't we sit or stand and use that cell phone that we make that monthly payment on? Pull off the road and talk. Then go on with your journey.

Be aware that some policeman are leery about cell phones and may mistake them for pistols. A couple of summers ago, a talented young lady, while a passenger in a vehicle which had been stopped by a Chicago policeman was shot and killed because when she pulled out her cell phone, to call a lawyer, according to the driver, the police thought it was a pistol. It is time that we get 'in cinque' and seriously evaluate our uses of the cell phone, especially while driving. We do not need tickets: DWCP (Driving While Cell Phoning).
