

MOST TALKED OF SPOT in this area today is a point on the Colorado river, some five miles north-west (airline) of Colorado City. It is at this spot that a dam has been suggested to impound a lake as a cooperative water supply project for Big Spring, Colorado City, Snyder, Midland and Odessa. The proposal was brought to light here Thursday in a conference of representatives from five cities. According to preliminary engineering, such a dam, as indicated by the black line just above the terrain and the white lines to either side, would impound 110,000 acre feet of water in a long, narrow lake

which would back up in the river channel into southwestern Scurry county. Estimates are that it would be a source of supply for 26,000,000 gallons of water daily. Participating towns have authorized Colorado City to file as trustee for authority to construct the dam with the understanding that if granted the rights would be assigned to a water district. Cost of the over-all project, should it ever materialize, was pegged at nearly \$10,000,000, covering pipelines, filtration plants, etc.

Russia Not Yet Ready To Convoke Peace Conference

PARIS, June 22 (AP)—Russia rejected today another American attempt to convoke the general European peace conference July 15 on grounds that the conference of foreign ministers was not yet far enough along in its work, an American informant said.

The ministers then decided to set next Friday as a deadline for work on the Italian and Balkan treaties, and to speed up their activities by meeting twice daily instead of once.

Soviet Foreign Minister V. M. Molotov said he would be ready at the end of next week to size up the council's progress to date, French informants added.

US Secretary of State James F. Byrnes appealed to the ministers to send out invitations now to the 21-nation peace conference, to keep in session right up to July 15 if necessary, and to let the larger conference pass on any differences which still remained, British and American sources said.

By tacit consent the conference did not consider the keystone question of Trieste and the Italo-Yugoslav frontier at today's session, which was devoted mainly to issues of procedure, informants said.

It was believed that the ministers were awaiting further developments in Washington and Moscow on last night's private dinner talks between Byrnes and Molotov, which were followed today by a transatlantic telephone conversation between Byrnes and President Truman. Molotov was expected to consult with Moscow.

Byrnes declared that if they delayed too long there would be no peace conference at all.

Fate Of Hobbs Bill Undecided By President

WASHINGTON, June 22 (AP)—President Truman was reported today as undecided what to do about the Hobbs labor "anti-racketeering" bill although many of his friends on Capitol Hill said they believed he would let it become law.

Officials who discussed the matter with the president after the senate unexpectedly passed the measure yesterday said they gained the impression Mr. Truman would like to sign it but remains dubious about its effect without an amendment labor organizations had suggested.

Denouncing the bill as "anti-labor" in its existing form, the CIO proposed last week that it be amended to provide specific exemptions from the measure's felony penalties for legitimate labor activities such as picketing.

But a surprise move by Senator Hatch (D-NM), long-time friend of Mr. Truman, put the "anti-racketeering" proposal through the senate Friday without any amendment on an apparently unanimous voice vote.

Hatch told a reporter he is confident Mr. Truman will sign it as it stands. Another senator, who asked not to be quoted by name, said he was informed the justice department is recommending that the president permit it to become law.

Developments came in rapid-fire order.

(1) A negro veteran filed an affidavit in which he swore that he was flogged and threatened with death when he attempted to register at Brandon, Rankin County, June 2.

(2) A survey of 48 of the 82 counties in the state showed that few negroes have registered.

(3) T. B. Wilson, negro president of the progressive voters league, declared that "many reports have come in that circuit clerks by ruse and intimidation are keeping negroes from registering."

(4) Senator Theo G. Bilbo, who is seeking renomination, prepared a campaign speech in which he called upon "every red-blooded Anglo-Saxon in Mississippi to resort to any means" to keep negroes from voting.

Maritimers Approve \$64 Minimum Wage

SEATTLE, June 22 (AP)—The important wages and hours committee of the world maritime conference today approved \$4 to \$5, a \$64 monthly minimum wage for seafarers, then authorized a subcommittee to draft a report to the plenary session Monday on what the committee recommends.

There was a feeling among some delegates that some of the committee's actions could not be ratified unless "watered down" through action of the subcommittee in making the formal report.

Mrs. Sprouse, Spouse To Appear In Show

LOUISA, Ky., June 22 (AP)—Mrs. Delbert Sprouse, 79, and her husband, "Shorty," 18, will turn "professional" tomorrow. Married two weeks ago today, the couple from backwoods Gladys, Ky., 20 miles southeast of here, will appear in a show with a hill-billy orchestra at a Huntington, W. Va., amusement park.

Mrs. Sprouse — "grandma" — rejected for herself and young husband two offers to appear in New York in favor of the 100-mile round trip to Huntington, on the promise that it would be made in a "jeep."

Intermittent Showers Fall; Farmers Needing More For Crop Planting

Encouraged by intermittent slow rains Saturday afternoon, farmers and ranchers looked hopefully to low clouds to bring additional moisture sufficient for planting and range support.

The showers, falling mostly in slow drizzles, averaged upwards of a quarter of an inch over most of the county.

At the US weather bureau at the airport, missed by a brisk shower Saturday morning, only .07 of an inch had been measured to 8 p. m. Light showers fell after that time, however. The US Experiment station north of town had .33 of an inch.

Stanton estimated around a quarter of an inch with heavier amounts south of town. The northern part of Martin county, for the most part, had little rain. Garden City reported a good shower with the amount increasing to as much as an inch south of there. Northern Glasscock county received less but from a quarter to a half of an inch fell all the way into Big Spring with the exception of one strip south of Lees. West from US 87 to Elbow peppering showers poured out an estimated inch in a narrow belt.

Forsan had around a quarter of an inch in drizzles. Coahoma had about the same amount and Vincent reported slow rain falling there Saturday evening.

Ackerly got only light showers and little moisture was reported north of that point. However, to the south toward Big Spring the drizzle was heavier.

The weather bureau forecast was for continued cloudiness with possibilities that intermittent rains might continue in this area through Sunday.

Generally speaking, the rain thus far, with the exception of isolated spots which received heavy showers Tuesday, is short of ample moisture for successful planting. Ranges were looking up, but reserve seasoning is not ample to sustain forage.

Sino-Peace Seekers Are Pessimistic

NANKING, June 22 (AP)—China's peace-seeking committee of three met today in an atmosphere of pessimism unrelieved by extension of the Manchurian truce to June 30.

It was generally expected that the committee — of which US General Marshall is the neutral member — might reach agreement on some points. But the mutual distrust strongly voiced in Chinese Communist and government quarters dampened hopes of a general settlement of China's internal strife.

They were further dampened by word from Changchun that the American branch of executive (truce) headquarters had been flatly refused permission to send cease-fire teams into eight Communist-held areas of central and northern Manchuria.

The matter did not suddenly bud at the Thursday meeting of representatives from the five cities. Press reports have revealed that J. B. Thomas, president of Texas Electric Service company, concerned about the deterrent of inadequate water on potential development for this area, had preliminary surveys made and called to attention of the representatives. Should it prove practical, the company, like any other business institution, would stand to participate in the continued growth. A lot of detailer work and study now lies ahead.

Trucker Reports Seeing Huge Snake

WICHITA FALLS, June 22 (AP)—Amateur snake experts were engaged in speculation here today after James H. Hankins, driver for a lumber company, reported he saw a snake about 20 feet long and 10 inches in diameter on the Wichita Falls-Seymour highway.

Rankins said when he attempted to run over the snake it coiled and reared as high as the cab window of his truck. He said it definitely was not rattlesnake.

We hope to live to see two things come to pass—a soaking (See WEEK, Page 2, Col. 4)

PLEASANT FELLOW TO HITCHHIKER

FREDERICK, Md., June 21 (AP)—The Marine was trudging along the road about five miles from Washington today trying to hitch a ride.

Finally, a long, shiny automobile with its top down stopped and a bespectacled man in the rear seat smiling beckoned him to hop in.

For the next 30 miles they rode along together. The man seemed interested in the Marine's war record so the devil got him how he helped take Iwo Jima — and was wounded there.

The two hit it off in fine style. When the car stopped on the outskirts of Frederick and was met by a special detail of police and other men of official bearing, the Marine finally realized who it was who had given him a ride.

The Frederick News identified the man in the spectacles as President Truman.

Two Kidnapped Britons Released By Abductors

JERUSALEM, Sunday, June 23 (AP)—British military authorities disclosed last night that two of the five British officers who were kidnapped from an officers' club in Tel Aviv June 18 had been released.

The announcement said the two officers were freed within a few days after they were abducted by an armed gang. The hotel housed the officers' club.

Reports from Tel Aviv quoted Russell and Rae as saying "the other three are in good health and doing fine." However, the army would divulge no other information concerning the three officers still, apparently, in custody of their abductors.

Meanwhile, military sources here said that the Jerusalem house in which Maj. H. P. Chadwick, a sixth British officer who was abducted under different circumstances, was held and from which he escaped Thursday night by leaping from a window, had been located and identified by the officer.

The officers were believed to have been seized by members of Irgun Zvai Leumi, an underground Jewish movement, as hostages for two members of that organization who are under sentence of death.

Bidault Announces Cabinet Formation

PARIS, Sunday, June 23 (AP)—President Georges Bidault announced last night that a new coalition government in which members of the communist and socialist parties would serve beside members of his own Popular Republican Movement (MRP) would be formed today, thus ending France's governmental crisis.

The communists, after conferring late last night with Bidault, indicated their willingness to compromise on the issue of trade union wage demands.

Spectators Wounded When Criminal Shot

BUDAPEST, June 22 (AP)—Seven male spectators were injured by ricochets today when a convicted war criminal was shot in Marko jail courtyard.

Many spectators, especially women—who are not allowed legally to witness executions—became hysterical.

Relief Predicted Within 30 Days For Acutely Scarce Meat, Bread

By The Associated Press

Meat and bread — two main staples in the nation's diet—were harder to find yesterday than at any time during the war. Prospects were that the tight supply would continue at least the remainder of the month.

In July, trade sources believe, things should start getting better.

Economic Stabilizer Chester Bowles predicted more meat would be available for a few months after July 1, regardless of how congress decides on the question of future price ceilings.

The department of commerce reported Bowles' contention that some of the current meat shortage was caused by some shippers holding back livestock to see if price controls are removed after June 30.

The Millers' National Federation, a trade association of millers, echoed Bowles' prediction of an improved bread flour outlook in 30 days for parts of the country.

A federation spokesman said a bumper winter wheat crop harvest is well under way in Texas and Oklahoma, but added that OPA price regulations prevent millers in other parts of the country from buying this grain.

Although relief was forecast, a spot survey of cities across the nation showed butcher shops either had no meat to offer or could meet only a small percentage of the demand.

The Baltimore Evening Sun said meat supplies had reached the lowest level in that city's history, with "practically no beef or pork" obtainable.

In Chicago and Kansas City, two of the nation's major packing centers, slaughtering operations were at a record low. Most plants maintained skelton working crews.

Serbian Testifies Against Chetniks

BELGRADE, June 22 (AP)—The commander of the Serbian volunteer corps told a military court today that the corps had fought alongside the Germans against Marshal Tito's partisans, and at one time had been put under command of Gen. Draja Mihailovic.

The corps commander, Kosta Musicki, said arms for the corps were supplied by the Germans, and admitted under questioning that his first units were formed from followers of a Yugoslav fascist party.

He said he put himself and the corps under Mihailovic's command in the Julian March area on the Istrian peninsula.

Musicki, on trial with Mihailovic and 22 others on charges of treason and collaboration, pleaded innocent at today's session of court, as did Djuro Dokic, former minister of communications in the wartime Yugoslav puppet government.

Plans For Rocket

WASHINGTON, June 22 (AP)—The army hopes to send one of its captured Nazi V-2 rockets to a record altitude of 100 miles, in the New Mexico desert on Thursday, Maj. Gen. Everett S. Hughes, chief of ordnance, announced today.

Plans for the rocket were announced today by the chief of ordnance, announced today.

Hotel Blast Due To Gas, Investigators Decide

DALLAS, June 22 (AP)—Dallas Fire Marshall B. C. Hilton said late today that gas accumulations of an undetermined type probably touched off the Baker hotel basement explosion which killed eight persons and injured 41 others.

Hilton said a closed investigation, attended only by witnesses and fire and hotel officials, had developed the belief that gas accumulations caused the blast yesterday which rocked the 700-room, 18-story structure and trembled skyscrapers throughout downtown Dallas.

"Our investigation has just started," Hilton said. "It will take days and it could take weeks. All we know now is that an undetermined type of gas probably started the explosion. We may never know exactly what happened. The persons who could give us the most valuable information are dead."

The eighth death was listed this afternoon when James Thomas, 28, hotel wine clerk, died at a hospital from severe burns. He was in the hotel's sub-basement when the blast occurred.

Doctors at local hospitals are battling to save the lives of several others seriously injured. Firemen worked throughout the night clearing away wreckage after it had been erroneously reported that one victim was still pinned beneath the debris.

Three Lamesans Hurt In Wreck

Three Lamesa youths were injured, one of them seriously, early Saturday night when their automobile left the highway and turned over about three miles south of Ackerly on highway 87.

H. W. Cutler was believed to be suffering from a concussion, and Jackie Vaughn and Harley Myers sustained cuts and bruises. Myers sustained one severe cut about the head and a severe ear cut.

All three were carried to a Lamesa hospital for treatment. One of the group said the car went out of control after the machine hit a soft shoulder, and then turned over.

Negro Candidate For Commissioner

HOUSTON, June 22 (AP)—A third negro has filed candidacy for a Harris county precinct chairmanship, Chairman M. L. O. Andrews of the county democratic executive committee said today.

He is Moses Leroy, a negro employee of the Southern Pacific Railroad, who filed for Precinct 47. He opposes Mrs. E. F. Bussard, chairman of the precinct for many years, Andrews said.

Service Restored

NEW YORK, June 22 (AP)—Passenger service on the Hudson and Manhattan railroad was restored at 7 o'clock (EST) tonight, four hours after settlement of the 24-day strike of 700 operating employees.

WEATHER COOLER

By The Associated Press

Showers cooled temperatures in many sections of Texas Saturday and thundershowers were predicted for both the eastern and western sections of the state today.

SHIPBOARD COLLEGE CAMPUSES SUGGESTED TO EASE BOTTLENECK IN EDUCATION FACILITIES

WASHINGTON, June 22 (AP)—Opening his assignment to "smash the educational bottlenecks," Marine Gen. Graves B. Eskine today studied proposals for turning big army and navy installations—and even ships—into college campuses.

"The idea of shipboard colleges doesn't appeal to some land-lubbers," the resourceful two-star veteran of Pacific fighting told a reporter. "But it may be one answer to our problem."

He was appointed "bottleneck smasher" for John R. Steelman, new director of the office of war mobilization and reconversion. His government property, both through donation and sale, to schools. He is head of the retraining and reemployment administration, department of labor.

Government authorities have estimated a record-smashing total of 2,080,000 students will seek admission to colleges next fall and that about 500,000 may be turned away, including 290,000 war veterans.

Eskine said today abandoned army and navy training centers, including some air fields, "are perhaps our greatest hope for expanding college campuses and making education available to a more people next fall.

Erskine said today abandoned army and navy training centers, including some air fields, "are perhaps our greatest hope for expanding college campuses and making education available to a more people next fall.

Odessa Triumphs Over Cosden, 6-3

Odessa's All-Stars took advantage of a leaky enemy defense to shove across three runs in the ninth inning and defeat the Cosden Oilers, 6-3, in a softball game played here Friday night.

The Cosdens unleashed their heavy artillery in the fourth and fifth rounds to take a 3-1 lead only to lose it in the first part of the seventh round when Reynolds counted on a safety by Pope.

Then, in the ninth, Pope, Gabriel and Doty scored for the visitors on a nightmarish inning started when Pat Stacey fumbled a ball hit to the outfield.

Stacey's miscue was the first of three made in the round. Jackie Neel, ace hurler of the Odessans, struck out 14 Oilers and gave up four hits. Jim Tidwell and Conn Isaacs found him for the most solid blows in the fifth round.

Leon Glenn Bredemeyer went the route on the hill for the locals and came within a couple of outs of victory. A long fly by Herman, which scored Neel from third base, enabled the invaders to deadlock the count.

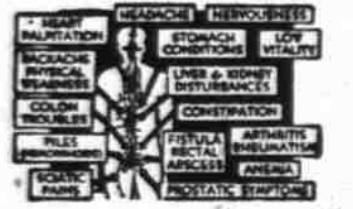

The two clubs are re-matched to play in Odessa later in the month.

Strike Nears End

SALT LAKE CITY, June 22 (AP)—Utah's long non-ferrous metals strike apparently was nearing a close today with the signing by six of the nine striking unions of contracts with the companies.

CONSTIPATION

Free Book—Explains Dangers

Stomach and intestinal troubles, Piles and Rectal Disorders are some of the chronic ailments often caused by constipation and colon disorders. Such common symptoms as frequent headaches, dizziness, nausea, abdominal soreness and pain are often nature's warning of a diseased colon. Write today for an informative 40-page book on these ailments. The Thornton & Minor Clinic, Suite 1809, 926 McGee St., Kansas City, Mo.

Amateur All-Star Group To Be Named

FORT WORTH, June 22 (AP)—Selection of Texas' top-notch 16-year-old amateur baseball player, who will receive a 16-day all-expense trip to Brooklyn, will be made following a game here July 9.

Rules specify that to be eligible for the "Brooklyn" against the world" series tryouts, players must be high school graduates, must not be playing American Legion ball this summer and must not reach their nineteenth birthday until after August 5, 1946.

Lou Wejaj Adds To Batting Lead

DALLAS, June 22 (AP)—Fort Worth's Lou Wejaj bettered his lead in Texas league batting the past week, moving 20 points ahead among players going to the plate 100 or more times. Other top sluggers, however, slumped.

Wejaj had a mark of .360 in 178 times at bat, averages through July 19 show.

Henry Schenz of Tulsa still was second, with .340, and Jess Newman of San Antonio was just two points back of Schenz.

The Tulsa Oilers continued to pace the circuit in club batting with an average of .272—six points better than Fort Worth, which was a single point ahead of San Antonio.

Tulsa stayed out in front with 298, in hits with 587, doubles with 113 and runs batted in with 266. Fort Worth led in triples with 32 and Dallas in homers and stolen bases with 22 and 50 respectively.

Eddie Chandler of Fort Worth boasted the top pitching average with 10 wins against one loss but Hank Ona of Dallas had the most wins—11.

The charges were made after officials received, by telephone, a report from the Department of Public Safety, Austin, that indicated the stomach of the dead man contained a large amount of arsenic poisoning.

Mrs. Compton Billed In Husband Slaying

PADUCAH, June 22 (AP)—Mrs. R. G. Compton, 39, has been charged with murder in connection with the death of her husband, R. G. Compton, 40, whose body was found on a blazing mattress in the Compton home here May 31.

The charges were made after officials received, by telephone, a report from the Department of Public Safety, Austin, that indicated the stomach of the dead man contained a large amount of arsenic poisoning.

Stimson's Evolution Revealed In Documents

WASHINGTON, June 22 (AP)—The first step in Henry L. Stimson's evolution from a cautious diplomat to an outspoken leader who tried to mobilize the democratic world against Japanese aggression was charted today in hitherto secret documents.

The documents, contained in a 1,000-page volume on American foreign policy in the Far East in 1931, cover the period from August 20, a month before Japanese and Chinese troops clashed in the South Manchuria railway "incident" to Jan. 6, 1932. Made public by the state department, the volume will be sold by the government printing office.

At the end of the period, Stimson—President Hoover's Secretary of State—still has not emerged as the leader of a move to halt Japanese conquest of Manchuria by imposing an embargo. That came later.

But in the four months, Stimson did develop from a man who bent over backward to avoid offending Japan to one who told Nippon what he thought of its treachery in Manchuria and pledged at least silent cooperation if the League of Nations slapped sanctions on Tokyo.

At the start, Stimson told China

the United States was "not taking sides" and was "playing no favorites."

"For the moment, we are concerned with the question of peace," he said.

Although he made recommendations to the League of Nations Council on its course of action, Stimson warned the American consul in Geneva not to give the appearance of collaborating too closely with the league.

The story of the period covered by the volume is one of Japanese deceit, treachery and aggression; Chinese humiliation, pathos and patience; and big-nation (including American) apathy and procrastination.

Farm Income Figured

WASHINGTON, June 22 (AP)—Farmers jingled as much, if not more, cash money in their jeans this mid-year as last, when their six-months' receipts totaled \$8,710,000,000, the Department of Agriculture estimated today.

CHIEF—Lt. Gen. Hoyt S. Vandenberg of Milwaukee, Wis., has been named new director of central intelligence for the United States, succeeding Adm. Sydney W. Sora.

The Week

(Continued from page one)

three-inch rain and all the letters in our hotel signs burning at once.

Telephone officials have explained that the system is overloaded and 548 patrons are on the waiting list. Necessarily, they report, service will be substandard until additional equipment can be obtained. The people will be patient—but they would like to know that as soon as possible that a new system will be installed.

A safety campaign is in progress in Big Spring under the direction of the police department. There is a definite need for this, as witness the growing number of crashes within the city. The picture is equally bad on highways, where a 38 per cent increase in accidents has been noted for the year.

A faculty is being assembled for the Howard County Junior college. Still to be solved is a housing problem—we've got to have some place to put the college since building at the moment is out of the question for this year at least. College officials are seeking to gain use of the hospital buildings at the bombardier school.

In this connection, hopes have been revived that the FPHA will announce shortly that buildings, other than permanent ones, at the post will be turned over to the city for veteran housing purposes. Contacts to this end were made during the week.

Bill Conn announced after his bout with Joe Louis that he was hanging up his gloves for good. Not a few of the brethren are so sure that he didn't hang them up before the fight, if it could be called that.

Law Governs Ads For Political Race

WASHINGTON, June 22 (AP)—Watch out what you do for your congressman—or the fellow you'd like to see beat him.

Your enthusiasm might cost you \$1,000 or a year in jail or both.

There's a 1944 law, although apparently few members of the House or Senate know it exists, which prohibits advertisements or circulars for presidential or congressional candidates signed merely "by friends of" the candidate.

It also prohibits printing or distribution (watch what you pass around too) of "any printed, multigraphed, photographed, type-written, or written pamphlet, circular, card, dodger, poster, advertisement, or any other statement" by an association, club, committee or corporation unless "there shall be attached the names of the officers x x x."

What is more, the law specifically applies to primary, as well as general elections.

Maine Potato Festival

AUGUSTA, Me.—The potato growers of Aroostook county have extended an open invitation to visitors to attend their six-day Potato Blossom festival the last week of July.

Starting July 22, Aroostook towns will take turns in staging local celebrations. Outstanding potato growers will compete for honors in producing unusual potato plants.

The gala festival will be climaxed with the selection of the Blossom Queen and her attendants at Houffton.

DAM IMPRACTICAL
McALLEN, June 22 (AP)—Construction of a dam across Los Olmos creek, from which a flash flood recently inundated part of Rio Grande City, would be impractical from an engineering viewpoint, Charles P. Seger of the US Reclamation Bureau told a Starr county delegation today.

The cloth in one handkerchief and the paper in 15 grocery bags are sufficient to manufacture a book.

BIG SPRING

Universal Wage Scale Needed For Cotton Farmers, Pickers

Majority of Howard county farmers who experienced difficulties in getting help to harvest cotton crops during the war years do not expect to pay any more for the labor they did in 1945 but would like to see a universal wage scale in effect before the year is out.

Cotton pickers demanded—and got—anywhere from \$1.50 to \$2 a hundred for gathering crops in this area last year. Most of the help was migratory and came at a premium. Latin-Americans by the hundreds came up from the south to help with the harvest.

It is estimated they took upwards of \$600,000 in wages from Howard county land owners alone. A bale usually grossed the owner something like \$100. Of that, a minimum of \$30 went for labor. His profits were certainly not astronomical.

The migratory worker came into

his own during the war years. In 1931, Howard county growers of the labor was local. Families of proffered as low as 25 cents a hundred to crop gatherers and most the farmers took a big hand in the harvest.

When the war came on, the male members of those families went into uniform in great numbers and the growers faced a dilemma. Transportation of labor was stepped up. Ofttimes they had to go all the way to Mexico to get it.

The laborers came. As the demand for them increased, the price for their services went up. They organized, brought trucks with them. They bargained to haul the cotton to market for added recompense—and won that right.

Cotton prices continue upward and the farmers feel they are not losing money but they want the wage scale introduced as guarantee that the help problem will not get out of hand.

Present estimates place the Howard county cotton acreage at something like 30,000 acres, as compared to 65,000 acres planted in a normal year. What the yield on that crop will be depends a lot on the weather during the summer months.

Farmers in the dry belt who lost everything may replant in grain. The land owners are looking optimistically to the Office of Price Administration to grant an increase in the ceiling price on cotton seed, which was pegged at \$55 a ton last year.

That agency recently jacked up the cost of cotton protein meal from \$55 to \$72 a ton, a fair sign that the selling price limitations on seed would be eased.

The growers feel certain that the government will not call upon them to bear the added expense.

Paraffin waxes, first made from petroleum in 1868, now are being produced at six times the prewar rate as a result of increased demand for food packaging for overseas shipments.

Kennedy Chosen Forsan Principal

G. D. KENNEDY

FORSAN, June 23—(Sp)—G. D. Kennedy has been elected principal of the Forsan schools, it has been announced by the school board.

Kennedy has been principal of schools at Perryton for two years prior to his election to the Forsan position. Both he and his wife are attending North Texas State college during the summer session where he will complete work on his masters degree. Mrs. Kennedy is reviewing elementary work, and will assume her duties as an instructor in the elementary grades next fall. The Kennedys have a six year old son.

Also elected to the Forsan faculty are Mr. and Mrs. O. S. Clark who will fill positions as grammar school teachers. Clark, recently discharged from the armed service, will act as principal of the school.

There still remain five vacancies in the Forsan school faculty, including a coach, industrial education instructor, a high school Spanish teacher and a teacher for the grade school. The school is seeking a band instructor to reorganize the school band which has been discontinued for the past two years.

Levelland Completes Rodeo Grandstand

Levelland has completed a new all-steel grandstand that will triple the seating capacity for its annual rodeo, which is set for July 3-5.

Over \$1,650 in added prizes will go to contestants, and there will

be both junior and senior cowgirl sponsor events. Levelland boasts the largest arena in West Texas. Booster trips will begin Monday advertising the shows, which will be held at 2 p. m. and 8 p. m. daily.

US consumers use more than 50,000,000 quarts of fresh milk and cream a day.

Little Local Cotton Affected By Recall

Only a small amount of Howard county cotton will be involved in the July 1 recall of all bales placed in the government loan in 1944.

Most farmers who drew loans on their 1944 cotton crops either have retired the notes themselves

Big Spring (Texas) Herald, Sun., June 23, 1946 3

or have sold their equity and mortgaged the cotton to market. The Commodity Credit Corp. will take the remaining 1944 loan cotton and send checks to the owners for amounts received on the market above the value of the loan notes.

Bert Fields, who fell and injured his hip three weeks ago, is still confined to his home.

Among former residents of the Big Spring area who were back here for a visit during the Lions convention last week were King Sides, who was assistant superintendent here and now is principal of the high schools in El Paso; and Leland Martin, former Forsan superintendent, now head of schools at Crane. Sides reports that Pascal Buckner, diversified occupations coordinator here before heading El Paso vocational departments, is in an army hospital, suffering from a severe attack of arthritis.

Mrs. Preppis Bass has returned from a visit of several weeks with relatives in California. Her cousin, Bob Nolen, returned with her for a visit in Big Spring.

Mrs. Oliver Goodman is slated to return from Guthrie Center, Iowa, today. She has been visiting in that area for the past 15 days.

College Officials Named To Committee At Austin Conference

Three officials of the Howard County Junior college have been named to a committee for discussing various points in organizational work at a special junior college conference in Austin July 2.

The conference, which is scheduled to continue for a full week, will mark the opening of a combination conference-laboratory to be conducted under the supervision of C. C. Colvert, professor and consultant in junior college education at the University of Texas.

R. T. Piner, chairman of the board of trustees, Mrs. J. E. Eigham, board secretary, and E. C. Dodd, president of the Howard County Junior College, have been selected for active parts on the program.

Livestock

FORT WORTH, June 21—(P)—(USDA)—Cattle: compared close last week: good and choice grades in all classes steady, others unevenly weak to 50 lower. Week's tops: beef steers and yearlings, including mixed steer and heifer yearlings 17.35; cows 14.00, beef bulls 13.25, heavy calves 17.35, stocker calves 16.50, stocker yearlings 16.25; week's bulks: good beef steers and yearlings 16.00-75, medium 13.50-15.50; good cows scarce, common and medium 8.75-11.50, good and choice killing calves 15.00-16.50, common and medium 10.50-14.50; good and choice stockers 15.00-16.25, common and medium 12.00-14.50; stocker cows 8.50-10.50.

Hogs: compared week ago: all classes steady; top 14.65; sows and stags 13.90; stocker pigs 14.75.

Sheep: compared close last week: all classes firm week's tops: spring lambs, 15.00, clipped lambs 13.00, shorn ewes 8.50; week's bulks: good spring lambs 14.00-50, medium and good 12.00-13.50; medium and good clipped lambs 11.00-12.50; good and choice shorn aged ewes 8.00-50, medium and good 7.00-75.

Montgomery Ward

Methodists Will Open Building Fund Campaign At Kick-Off Breakfast

Members of the First Methodist church, institution of 63 years service in Big Spring, will open the fourth major building campaign in the institution's history with a "kick-off breakfast" at 7:45 o'clock Monday morning.

Early Fruit Crops Plentiful, Good

One of the best early season fruit crops in recent years is being harvested and placed on the market, and according to first reports the quality ranks high.

Increasing shipments of peaches and watermelons are arriving from the Parker county fruit belt, where a bumper crop is moving, and other fruit growers in this immediate section report large yields of peaches.

Available now are several varieties of early cling peaches, adaptable for preserving, etc. The fruit farmers also are expecting to harvest plenty of the free-stone varieties, especially Elberta's, next month.

Reports from over the state indicate that the heavy yields are general, which is expected to increase the volume of home canning.

breakfast affair, which will open a "Dawn to Dusk" campaign to get the program before the membership and others.

Eventually, members hope to raise approximately \$100,000 for the building, which would be undertaken when materials are available.

First Methodist lay leaders pointed out that the church, first one to be organized in Big Spring, has followed a policy through the years of staying abreast or ahead of community needs. The first church erected in 1884 was replaced in 1907 when it became inadequate, and in 1924 work was started on the present plant again to care for increasing demands on the church's facilities.

Today the congregation has grown and activities increased to the point that more class room and other space is needed. General chairman is M. E. Golley. Group leaders are Mrs. N. W. McClesky and Mrs. H. N. Robinson. Captains, who will have workers at the breakfast, are J. D. Jones, L. E. Coleman, W. L. Meier, J. W. Burrell, K. H. McGibbon, Clyde Waits, W. A. Underwood, Murph Thorpe, H. G. Keaton, and R. W. Thompson. Publicity committee is composed of Mrs. G. T. Hall, McGibbon and Keaton. In charge of the breakfast are Henry D. Norris and Charles Watson.

Dr. G. H. Woods will speak to the campaign briefly at the 11 a. m. worship today, and E. C. Dodd at the evening service.

Sweetwater Athlete Killed in Accident

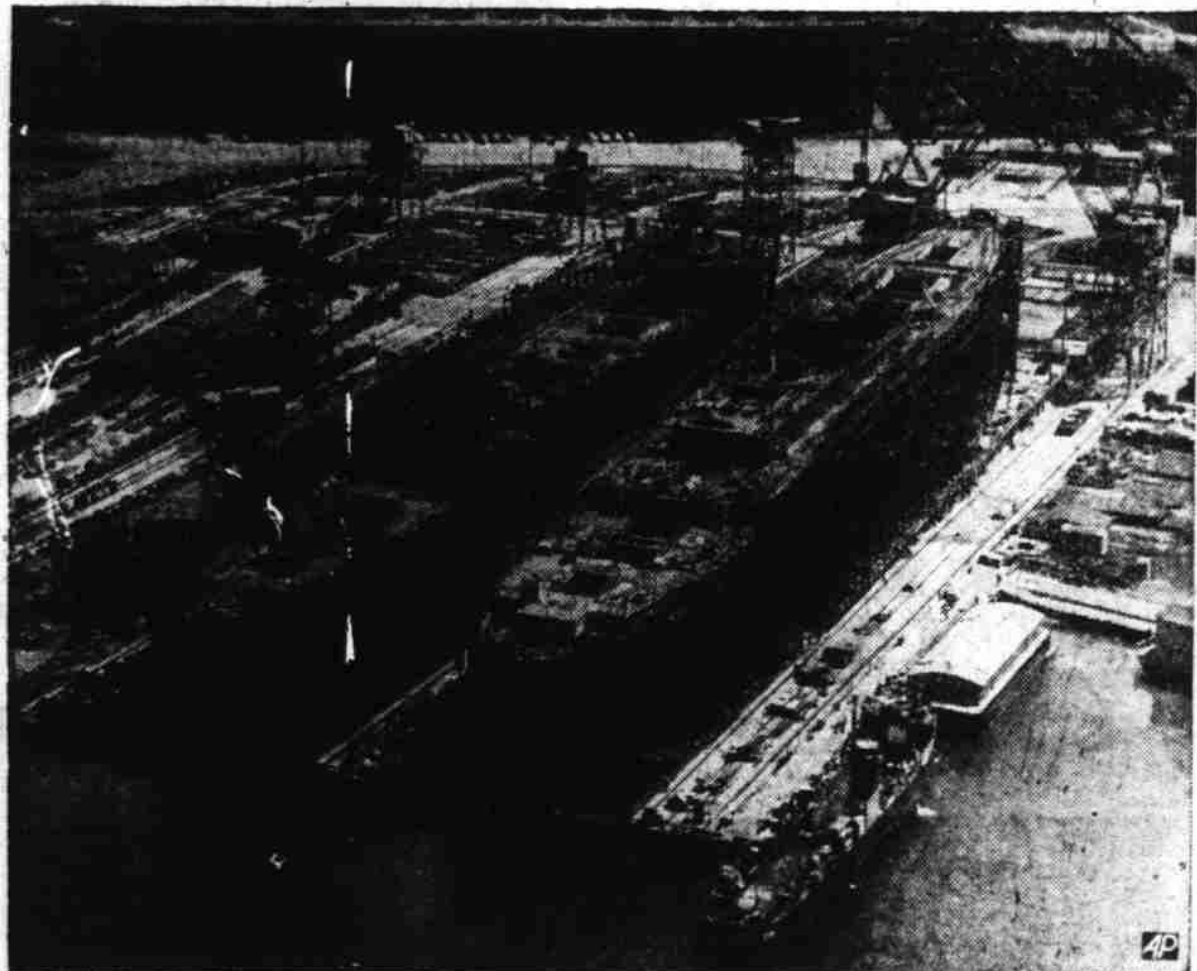

SWEETWATER, June 22—Randal Brown, 22, former Sweetwater high school football star and veteran, was killed instantly Friday evening in a traffic mishap three miles west of here.

He was a passenger in a pickup which was in collision with the rear of a gasoline truck, causing both to overturn. Locke Tuttle, driver of the pickup, may have saved his life by chewing and swallowing his lighted cigarette when gasoline spilled all around him. Alvin A. Bishop, driver of the transport, was injured but not seriously.

Water Consumption Drops After Rain

After holding a three million-gallon-a-day clip for almost two weeks, water consumption dropped slightly after thundershowers fell during the past week.

The decrease was first noticed on June 19, after a Tuesday night shower. From June 8 through June 18 the figures remained steady at approximately three million gallons a day.

BIG MERCHANT VESSELS.—The two largest merchant ships ever built on the Pacific Coast near completion at Alameda, Calif. They are 610 feet long with 75-foot beams.

Bridge, Dancing, Archery, Crafts Instruction Added To Y Program

New groups in bridge and dance instruction, archery classes, and crafts and skills courses have been added to the YMCA to expand the activities to include the interest of more of the 750 adults and young people enrolled in the organization, Bill Dawes, executive secretary, has announced.

The program now affords participation in tennis, swimming, softball, archery, public speaking, dancing, bridge, and handwork besides the regular recreation to be found in the headquarters above Wacker's on Main street. Membership in the general organization is required for participation in the group activities, Dawes said, but arrangements are made to care for those who cannot afford to pay dues. Anyone from 9 to 80 may join.

Lawn Planning Program Topic Of HD Club

Lawns should be so located and of such size to give a pleasing setting for the home, but not large enough to make their care burdensome, Mrs. G. W. Webb told members of the Fairview home demonstration club Thursday.

The club met in the home of Mrs. Hollis Webb for a program of lawn planning and walks for the home. The entrance to the homestead from the road or highway should be arranged to make the approach seem natural and easy, Mrs. Webb continued, and its surroundings must be attractive in order to create a pleasant atmosphere for the family and visitors.

A long, straight drive is made more attractive by a row of trees on each side, she pointed out. Walks have become something more than just a means of keeping feet out of the mud. They give a clean and orderly appearance, and lend an atmosphere of friendliness if built of concrete or flagstone.

Devotional at the meeting was given by Mrs. J. W. Wooten, reading the 23rd Psalm, followed by the club prayer.

Mrs. W. H. Ward gave a report from the council, and also presented an exhibit of Mexican handwork from a New Mexico club.

A refreshment plate was served by the hostess to Mrs. Gabra Hammack, Mrs. W. A. Langley, Mrs. Robert Hill, Mrs. Frank Wilson, Mrs. Jim Skalleky, Mrs. D. F. Bigony, Mrs. J. G. Hammack, Mrs. Ward, Mrs. Wooten and Mrs. Webb.

Water Department Prepares For Paving

The city water department has started installation of permanent lines on Runnels street between 11th Place and 18th in preparation for paving.

Actual work on the paving project probably will begin within two weeks, City Manager B. J. McDaniel said.

Showers Saturday slowed concrete work on East 15th, where final curbing was being poured. However, only a half block remains to be finished before the caliche base can be started.

Chalk used for marking on all sorts of surfaces is actually calcium carbonate.

700 participations a week are covered by the various groups. Monday night the Toastmasters club, a group of 30 men interested in current and civic affairs and how to improve their ability to speak, will meet at 8:30 in the Episcopal Parish House.

Earlier in the day, Mrs. Wayne Pearce will give instruction in tennis at the city tennis courts at nine o'clock and Arsh Phillips will conduct a swimming course at the Municipal pool at ten o'clock. Tennis is also offered at 6 p. m. Wednesday and Thursday evenings, same place, same teacher; swimming lessons are continued at the same time Wednesday and Saturday mornings.

Twenty teams participate in the softball league, games of which are played beginning at 6:30 on Monday, Tuesday, Thursday and Friday evenings on diamonds belonging to the city, the Salvation Army, the Airport Baptists and at South Ward school.

Archery instruction under the direction of Jack Thompson is scheduled for each evening Monday through Thursday at the Retention Dam on Gregg Street for girls and boys over 13. Bows and arrows will be provided for those unable to provide their own. The class begins at 6 p. m.

A religious film of interest to all members and church members will be shown Tuesday at 8 p. m. in the Y headquarters. A short hymnology will feature a choir and church organ singing a hymn and will give some background material on the song, all in moving picture from the Y film library in Dallas.

Wednesday features only the several-times-weekly programs of softball, tennis, archery and swimming.

Craft and skills night is held each Thursday at the Y with Mrs. Ann Houser, Mrs. E. B. McCormick and Mrs. Betty Penn in charge.

Square dancing and folk dancing provides the entertainment at the Y on Friday Social Nights. Instruction in dancing and bridge, the latter under the charge of Mrs. Pancho Hall and Mrs. Ray Clark, are new attractions to begin this week.

Dancing class was instituted when plans for a program dance for young people fell through because so many boys — and some

girls — failed to respond, admitting they felt their dancing was not up to ballroom standards. At their suggestion, the class is being arranged. Teachers are as yet unannounced.

The Co-Ed club takes over headquarters on Saturday night for fun and frolic at the weekly party. All young people who join the YMCA are eligible for the Y Co-Ed club and invited to attend.

Martin To Open Service Station

Formal opening of a new service station at 6th and Gregg streets will be observed Monday, Preach Martin, manager, has announced.

Housed in a large, new building, the station will offer complete lubrication service as well as gasoline, oil and other related items. In addition, the new firm will specialize in brake lining, Martin said.

Martin, who is well known in Big Spring, has been in service station work here for 17 years and for 12 years he has operated his own business. At the 6th and Gregg location he has all new and modern equipment.

The new station is a retail agency for Magnolia Petroleum products and a complete stock of tires and other accessories will be added as soon as they are available.

The barn owl, whose diet consists mainly of rats and mice, will eat its own weight in food in a single night.

Year's City Budget To Be Submitted

A complete budget for the current year will be submitted to the Big Spring city commission at its meeting Tuesday afternoon.

The budget has been prepared in new form, as recommended by the state city managers association and the Texas league of municipalities in efforts to complete standardization over the state. Figures have been based on expenditures by the various city departments during the past few years, City Manager E. J. McDaniel said. A further discussion of the proposed block paving project and

several other routine matters are due to be taken up by the commission.

SHERWIN-WILLIAMS FINDS SURE-KILL WAY TO USE DDT

IT'S PESTROY DDT LIQUID COATING

(Destroys Pests)

KILLS: flies, ants, mosquitoes, roaches, crickets, moths, bedbugs, wasps, silverfish, gnats, beetles, fleas, lice, many other insects.

BRUSH ON screens, around doorways, window sills, plumbing, garbage cans, drains, basements, many other surfaces.

Here's how PESTROY DDT kills and keeps on killing! After application, PESTROY DDT particles rise to top of coating, form crystalline film. This DDT film kills insects that touch it. DDT is absorbed through nerves in the bug's feet, causes paralysis, sure death. And PESTROY keeps killing, day after day. A new type of synthetic resin binds PESTROY to any surface, keeps the DDT from brushing off, blowing away.

PESTROY 10% DDT ACTIVATED POWDER

Special chemicals in PESTROY DDT powder drive bugs from hiding places to certain DDT death. Handy Press-cap container whisks PESTROY into cracks, crevices, under carpets, etc.

Four Outposts Staked Around Andrews Well

By JOHN B. BREWER
SAN ANGELO, June 22— The Texas Co.'s No. 1-P University in southwestern Andrews county, which last week indicated discovery of lower Clear Fork production, has drawn locations for four outposts at the well's close. A Security county wildcat and an outpost to the Strawn strike in the White & Baker field in Pecos county were staked.

The Wolfcamp, basal Permian, was added to the multiple pays in the TXL field in west central Ector county, and Cooper Gas Co. No. 1-A Jess Koy, Schleicher county's first major oil producer, rated 24,700 cubic feet of dry, sweet gas daily from an upper Strawn zone at 5,350-5,410 feet after acidizing.

The Texas Co. staked No. 1-Q University in Andrews, C NW SW 15-12-U, south offset to its No. 1-P University, and No. 1-R State, C SW SE 15-12-U, 3-4 mile farther southeast. Atlantic spotted No. 1-C "Texu," C NE SW 10-12-U, slightly more than one mile north, and a few degrees east of Texaco No. 1-P, and Superior staked No. 12-A-3 University C NW SW 22-12-U, 1-1/4 miles south of the prospective Clear Fork strike.

Drilling ahead to explore the Devonian, Texas Co. No. 1-O University (formerly Atlantic No. 1) recovered 153 feet of oil and gas-cut mud on a 2-1/4 hour drillstem test of the lower Permian from 7,625-7,717 feet. It indicated Clear Fork pay by showing an estimated 60 barrels of oil hourly in two hours from 7,727-7,269 feet. Location is the C SW NW 15-12-U.

Lion Chemical Co. of El Dorado, Ark., subsidiary of Lion Oil Co., is due to start Monday a slated 3,000-foot, cable tool wildcat in western Scurry county. Its No. 1 Storm will be in the C SE SW 19-97-H&TC, 11 miles west and slightly south of Snyder.

H. W. Snowden No. 1 O. J. Kee, northwestern Dawson county wildcat C NW NW 74-M-EL&RR, three miles west of the Welch pool, was abandoned at 5,100 feet in lime. Northern Ordinance No. 1 Walker, proposed 3,500-foot wildcat in Garza county, 330 feet out of the southeast corner of section 45-6-H&GN, spudded 100 feet and cemented surface pipe.

Humble No. 1 P. Crespil, Midland county wildcat testing acidized Devonian, flowed 34 barrels of fluid—60 per cent salt water and 40 per cent oil—in 24 hours. It continued testing through liner perforations at 11,420-50 and 11,470-540 feet. Location is the C NE NW 19-38-28-T&P, 3-4 mile northwest of the opener of the Midland (Strawn) pool.

Masons To Install Officers Monday

Installation of officers elected for the ensuing Masonic year will be conducted by the Staked Plains Lodge No. 598 at the Third and Main street hall in a ceremony beginning at 7:30 o'clock Monday evening.

Lee Porter will pass his duties as Worshipful Master to Bert Shive. Eugene Gross succeeds C. C. Balch as Senior Warden. Paul Attaway replaces Shive as Junior Warden.

Other newly elected officers and their predecessors include: G. W. Dabney, Treasurer, successor to C. R. McClintey; M. B. Thomas, Senior Deacon, successor to Eugene Gross; C. R. McClintey, Junior Deacon, successor to John Lee Parker; and T. R. Morris, Tiler, successor to Glass Glenn.

Arrangements have been made to have the hall kept open throughout Monday. W. O. Low is to be on duty during the day.

Local Firm Will Have Free Booklets On Repatriation

An authoritative booklet on the Repatriation program, signed into law last month by President Truman, is being released to members of the National Selected Morticians, Inc., and a sample copy of the 16-page question-and-answer booklet, entitled "Return Of Our Gold Star Heroes," has been received by L. Wiley Curry of the Eberley-Curry Funeral Home.

Curry said that a quantity of copies has been ordered, and will be distributed from the funeral home as soon as they arrive.

"Our profession has rushed accurate information on this subject into print as quickly as possible in order to thwart racketeers who might plan to wring profits from Gold Star families by selling repatriation information 'services,'" Curry said.

"The return of the bodies of heroes fallen overseas is a tender and sacred subject.

"Our booklet neither advocates nor disparages repatriation. This belief, that repatriation should be decided exclusively by the next-of-kin to those who gave their lives overseas, is the official stand of the NSM and our staff."

The booklet answers, Curry said the questions most frequently asked about repatriation by the next-of-kin and the general public.

The wartime Burma pipeline over the high ranges of the Himalaya mountains from India to China has been sold for scrap for a little over \$100,000.

Local Entries Win In Sonora Show

Howard county entries brought home three ribbons, first, second and third place awards, from the 19th annual Sonora wool and mohair show which ended Thursday.

J. W. Overton of Forsan took a first place award with a registered Rambouillet yearling buck entry, and his son, Jesse, won third place in the boys club division with a registered Rambouillet yearling ewe.

A county group entry by local 4-H club boys took second place. Raymond Phillips had two fleeces in the group showing and Jesse Overton, Harold Simpson and Bob Simpson had one each.

Howard county entries ranked comparatively high in several of the classes which had large entries. County Agent Durward Lewter said. Stress in judging was placed on staple, preparation and fitness. Stanley Davis was official judge for the show.

Receiving Wolf awards were Tommy Hammond and Alvin Moore; Bear awards, Billy Mack Sheppard and Haley Hodnett.

ANIMAL AWARDS, ARROWS GIVEN CUBS AT END OF CAMP

Bear and Wolf awards and gold and silver arrows were presented to several cub scouts at the climax of a three-day camp which ended Friday morning in city park.

The three-day camp was one of the most successful affairs ever conducted in the district. D. M. McKinney, cubbing commissioner said. Attendance averaged 40 a day, and no accidents were recorded during the entire program.

H. D. Norris, local scout executive, presented awards at a special program attended by cubs and their parents Thursday night. McKinney addressed the group briefly, explaining to the parents how the camping program is carried out and pointing out its advantages.

Slave trading was declared illegal in Africa in 1807.

Hammond and Moore also received Wolf gold and silver arrow points, while Bear gold and silver arrow points went to Ronald Farquhar, Haley Hodnett and W. C. Garver.

Several contests and athletic events were included on the camp program. Two teams, labeled Lions and Bobcats, battled for supremacy on the softball diamond, with the Lions gaining the edge. In broad jump competition, Harris Wood won first for the nine-year-old division, Jerry Harris, 10-year-old and Lloyd Hale, 11-year-old, Donald Anderson, Don Brigham and Lloyd Hale won first, second and third, respectively in the ball throwing contest, and Bobby Bloom, Don Brigham and Jack Garner took honors in boat racing. Arlen White and Lloyd Hale won in washer pitching doubles, while Bill Gilbert was top man in singles.

C. V. Warren was in charge of the camp.

White Hat Herefords Moved To Panhandle

Top end of the registered Anxiety Herefords from the White Hat ranch at Blackwell will be moved to the Eskimo Ranch in Deaf Smith county, in the Panhandle, it has been announced by Percy Luncford, aide of Jack Frost, who heads the Frost interests.

Around 100 head of registered stock will be taken to the Panhandle four-section spread on Terra Blanca creek as soon as rains fall in that area, and some 50 head will be retained at Blackwell. Part of the Nolan county spread will be devoted to increased goat production.

MEN! GET PEP.. Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

Edwards, Miller Fastest Ropers In Matched Contest Friday Night

With low score from the first little doggie he lassoed and tied, Sonny Edwards, Big Spring, defeated Troy Fort of Lovington, N. Mex., in a matched roping event at the rodeo grounds Friday night. Edwards needed only 222.7 seconds to tie the 12 calves; his opponent 243.2.

In a second match, Vernon Miller, Gall, won by less than the time to tie an extra loop around the little Brahma's kicking legs as he eased out E. P. Driver, Big Spring, on six calves. Miller's time was 145.4; Driver's 147.

Toots Mansfield, Big Spring and Rankin, world's champion calf roper, did some fast looping to show best time for the night to win the jackpot contest with a 12.4. Homer Hart, 13.1, and Monroe Tumlinson, 14.1, came in second and third respectively in a field of 23.

Jan Dickerson, Big Spring, and Jeannette Hightower, Garden City, each went after the flag and returned it in 16.4 seconds to tie for first in the girls' flag race.

Gulla Bettis was close behind with 16.5. Paul Wasson's 13.7 was good for first in a field of 13 for the Howard County calf roping. E. P. Driver was second with 16.6, Glenn Fargas third with 16.7.

Fort came in for a stroke of bad luck, having to rewind his rope for two calves, picking up a 10 second penalty for his fifth calf who just wouldn't stay tied, and breaking the leg of his third calf. He recorded best time for the feature event with a 14.3 on his seventh calf, and the worst with a 29.9 on his second.

Edwards, missing only one loop during the contest, did his best work on his final calf in 15.1 seconds; his longest time was 23.2 on the sixth when he chased the animal around and around at the far end of the arena.

Miller incurred a 10 second fine on his first time out for roping on the barrier, an accident which nearly cost him the win. Both he and Driver suffered on the third calves, both taking three loops to toss the calf, wasting 52.8 seconds and 50.9 seconds respectively. Both turned in fastest times on the sixth calves, Driver with a 13.8, Miller with a 12.6.

North Howard Tests Spudded

Surface pipe has been set in the Dave Duncan No. 1 B. M. Newton, northern Howard county wildcat seeking pay developed in western Howard county in a series of tests by the Northern Ordnance company.

With 10-inch string set at 165 feet, rotary will be moved in for drilling to contract depth of 3,200 feet.

The test is two miles east of the one drilled by Bert Clardy on the George O'Brien farm, and which had shows which fell short of production levels. Location is 330 feet out of the northeast corner of section 9-31-2n, T&P.

Klan Plot Denied

ATLANTA, June 22. (AP)—Dr. Samuel Green, Grand Dragon, said today he had "thoroughly investigated" and found to be "wholly false" reports of the origination in an Atlanta Klavern of the Ku Klux Klan of a plot on the life of Governor Ellis Arnall.

Subsidy Removals Should Have Little Effect On Incomes

Indications are that removal of livestock subsidies at the end of June as currently planned by the government would have little effect on stock raisers incomes, with possible exception of some sheep, according to the local ACA office.

Sheep subsidies paid here now amount to approximately \$10,000 a month, M. Weaver, ACA administrator, said. However, if the subsidies are discontinued, ceiling prices are likely to be either raised or discontinued, local officials believe.

The ACA office here has instructions to continue the subsidies through June 30. The course after that date depends on congress, and if ceiling prices on livestock remain unchanged, the subsidies probably will be continued or re-instated.

Subsidies paid through the ACA directly to farmers for cattle have remained small in comparison to the sheep subsidies. Animals moving to market before they attain the 800 pound minimum weight account for the difference.

For Pilot Safety

WASHINGTON, June 22. (AP)—The Navy is testing a "deceleration harness" shaped like a fencer's vest to save pilots from being killed in crash landings. The announcement said the light harness has not been tried in planes, but in tests has withstood over 10,000 pounds of impact—the equivalent of flying straight at the ground at 100 miles per hour.

CHEW FOR CHARITY—Mayor G. W. Dabney, Capt. Olvy Shepard of the Salvation Army, and T. A. Thigpen, commander of the American Legion post, pose back of a gum machine model of the type that the Legion will seek to place in approximately 100 business houses here. The Legion will get 20 per cent of the gross proceeds to be applied to its welfare fund, separate from other Legion funds. Among the first beneficiaries will be the Salvation Army playground. Members of the Legion will this week begin canvassing business houses with the view of installing the gum machines, which carry the Legion emblem. Efforts will be made to bring existing machines under Legion sponsorship. Mayor Dabney has given the project, directed by Culin Grigsby, his support.

Junior College Vote

CORSICANA, June 22. (AP)—The commissioners court today called an election in Navarro county July 16 to determine whether the county shall become a junior college district and also whether a ten-cent levy on the \$100 valuation will be made for support of the college.

Airport In Stanton

STANTON, June 22.—This town has an airport—and one close to town. Houston Woody, Gordon Stone and Bob Whitaker leased a tract of land near Stanton, put up a small hangar building and purchased a new two place plane for their use. There are three runways of approximately 2,500-foot length and an underground gasoline tank for refueling.

Oil is being sought in Ethiopia by an American company. Sugar is one of the purest chemical substances known to man.

Sadler To Speak Here Monday

JERRY SADLER

Jerry Sadler will be the first gubernatorial candidate to bring his campaign formally to Big Spring when he makes an appearance here at 11 a. m. Monday.

It will be the second week of campaigning for Sadler, a former member of the Texas railroad commission. He is swinging through West Texas, going as far into the Panhandle as Amarillo, Borger and Pampa before swinging back to Wichita Falls, Seymour, Haskell and Stamford.

Accompanying him will be Sadler's "Grand Ole Opry" gang, headed by Lew Childre, known as "boy from Alabam." Others are David Akeman (known as String Beans), and Johnny Weems, and Travis Oswald (Rusty and Dusty).

At San Angelo Saturday evening, Sadler expressed great satisfaction at the reception accorded him during his first week of active campaigning, asserting he is drawing larger crowds than other candidates. Sadler goes to Tahoka at 2 p. m. Monday and at Lamesa Monday evening.

SHARE A MEAL— SAVE A LIFE!

ONCE AGAIN free people are called on to help in the name of humanity.

500 million persons are hungry—pathetically undernourished. Millions will die of starvation unless we pitch in QUICKLY, and rush more food abroad.

President Truman's Famine Emergency Committee has prepared the way. The need is known. The transportation is available. Now we need the food!

And we have the food. If you'll just cut down on WHEAT products, FATS and OILS—millions of lives can be spared. These are the foods that do most to stave off starvation.

You won't even be hungry. We have more food than ever before. You can eat potatoes, fruits, vegetables, eggs, poultry, fish. These are plentiful.

Herbert Hoover, Honorary Chairman of the Famine Emergency Committee says:

"There is thrust upon us one of the greatest obligations of these troubled years . . . The American people will respond again as they did after the last war. And we cannot fail!"

3 ways to share a meal and save a life!

1. SHARE WHEAT AND FAT PRODUCTS

Go light on all foods that take wheat, fats and oils. Conserve bread, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Conserve salad oil—use boiled dressings instead.

2. BUY AND SERVE MORE PLENTIFUL FOODS

Balance diets with the more plentiful foods such as potatoes, fruits and vegetables, eggs, fresh poultry and fish.

3. WASTE NO FOOD

Dress up today's leftovers for tomorrow. Make every crust count, as melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in every drop of unusable fat to the fat salvage program.

In addition, you can help by keeping your Victory Garden producing, and by contributing to your local emergency food collections.

SHARE A MEAL EVERY DAY

Prepared by the Advertising Council in cooperation with the President's Famine Emergency Committee and sponsored by

REMODELING SKATING RINK—This used to be a skating rink in the New York City building at the world's fair. Now it's being turned into U. N. assembly headquarters.

Main Street Checking Lane Maintained In City's Traffic Safety Program

Climaxing a traffic safety campaign launched Wednesday, the Big Spring police department will maintain a checking lane for motor vehicles Monday and Tuesday in the 500 block Main street.

Motorists are being asked to enter the lane on a voluntary basis, Chief A. G. Mitchell said, in calling for full cooperation of automobile drivers in the city. The program is being carried out as an effort to correct mechanical defects of local automobiles, and to emphasize the importance of making corrections, Mitchell said.

Accidents, many of them involving fatalities and permanent injuries, occur constantly throughout the country as a result of mechanical defects, the police chief added, and this is one cause of street and highway mishaps which can be combated by thoughtful car-owners and drivers.

Roy Reeder, chairman of the chamber of commerce safety department, urged local motorists to participate in the traffic lane check. With cooperation of the driving public this emphasis on elimination of minor defects might preclude serious accidents in summer driving, he said.

Officers have been distributing "Check Your Driving" and "Check Your Car" pamphlets since Wednesday night. Motorists observed in minor traffic violations have been given the pamphlets instead of regular tickets, and officers have made surveys of defects.

been checked, with a majority of them defective in some respect. Of the last 76 cars checked 32 had no tail lights, 21 defective headlights, nine defective windshield wipers, 12 defective brakes, eight defective horns and two defective tires.

Smith Toastmaster At Monday Meeting

Jack Y. Smith will be toastmaster for the third meeting of the newly-formed Toastmaster's club to be held Monday night in the Episcopal Parish House at six o'clock.

Dr. R. B. G. Cowper, B. M. McKinney and Wayne K. Williams will make five-minute talks and B. J. McDaniel a ten-minute one. Capt. Olvy Sheppard will be topic master and J. T. Johnson grammarian.

Dan Conley will be general critic for the program with Elmo Wasson, C. J. Staples, G. H. Hayward and Ted Groebel to be assigned for particular criticisms.

Bill Dawes, executive secretary for the YMCA which sponsors the club, will make the educational speech.

Others of the 26 members will take part in the discussion of the topic introduced by Capt. Sheppard.

Angola, oldest European colony in Africa, was colonized by Portugal in 1482.

Eighth Governor Was Secessionist; Fought Two-Front War During Term

(Editor's note: This is the eighth in a series of articles about Texas governors. Others will appear in The Herald later.)

AUSTIN — As he should have been, Texas civil war governor was 100 per cent secessionist.

Elected eighth governor by the slim margin of 124 votes, Francis R. Lubbock carried on the tasks which fall to a war-time governor with a domineering force that made him a great war governor but few friends.

He gave all of his administrative ability to draining the last possible ounce of strength from his sprawling, sparsely settled state. From a population of not much more than 800,000, he drained nearly 100,000 wearers of the gray, men with such leaders as Albert Sidney Johnston, John B. Hood, Tom Greene, Pat Cleburne. Practically every man who could walk was in the army. Lubbock urged the drafting—they called it conscripting—of every male between the ages of 16 and 60. Accused of being tyrannical, he did raise the men.

As if the civil war were not enough, Texas also had to fight the Indians. A full scale war was carried on against savage tribes so in a very real sense, Lubbock had on his hands a two-front war.

To solve the problem, Lubbock proposed that 25 counties on a line from the Red River to the Rio Grande form companies of one captain and 20 men, with the captains to draw \$750 a year and each man \$500. Texas historians record that without these "on the spot" rangers, the Texas frontier might have wavered and given governor Lubbock stepped down as governor, a strange document was presented to him by members of the Southern cause seeking foreign aid. In brief this document asked the governor to ask Emperor Napoleon of France to intercede in behalf of the threatened property rights of Texas citizens.

To justify this conclusion, the framers of the document contended: That the right of slavery was a right of property protected by the treaty under which Louisiana territory was sold to the United States. Therefore France had a right to stop the war as a violation of the treaty.

Of course Texas was not a part of the Louisiana purchase, and Governor Lubbock's disposition of the petition was to order the person bringing it to him to get out of Texas.

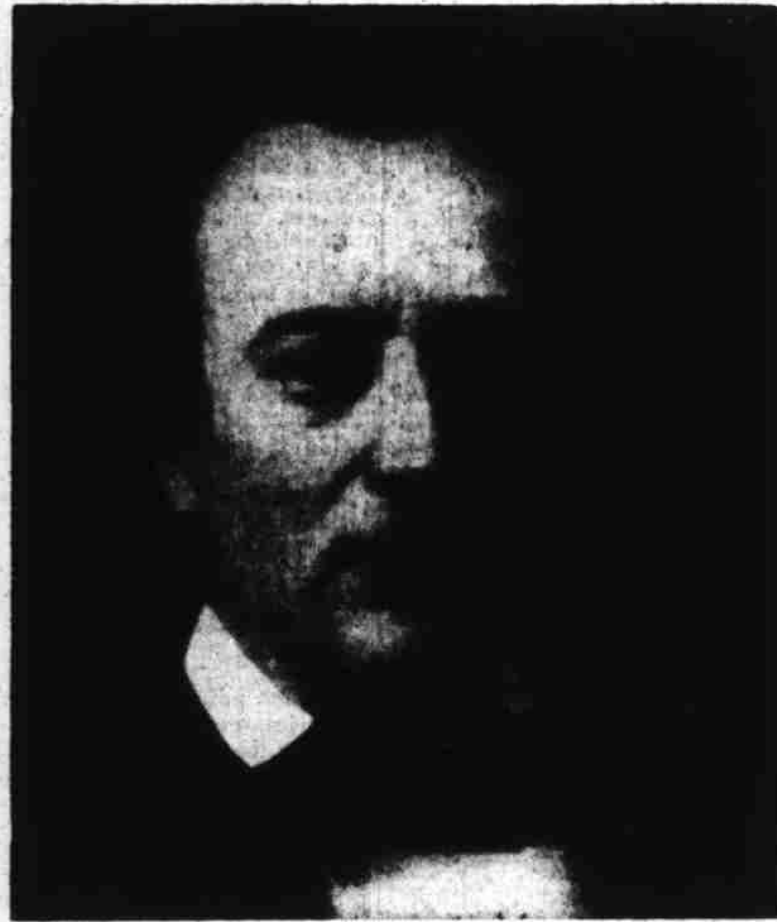

Perhaps thinking his rigid conscription laws had made him unpopular, Lubbock didn't choose to run for re-election. Instead, he went to Richmond and became aide de camp to Jefferson Davis. He was with Davis when the confederate president was captured in Georgia, after Lee's surrender.

Prior to his service as governor, Lubbock had held other positions. He came to Texas in 1835 after hearing of his brother's part in the capture of Bexar. Landing at Galveston, he just missed the battle of San Jacinto. Houston appointed him comptroller in 1838, and the same year Lubbock fought Indians with a ranger company.

Following the war, Lubbock returned to Texas and became state treasurer in 1878.

He was holding the post in 1883 when Texas acquired a surplus of several millions. A legislator suggested to Lubbock that the bond of the treasurer be increased. Lubbock replied, if such a law were enacted, he would "resign the damned office in 15 minutes."

Lubbock spent his last years writing his memoirs which covered Texas' history from the Republic to 1905. Just short of 90 years old, he died June 22, 1905. He is buried in the state cemetery at Austin.

Tourist Courtesy School Slated For Monday

A courtesy school for employees of all types of business who deal with tourists will begin Monday at 4 p. m. in the city court room on the second floor of the city hall.

Final plans for launching the course were completed Thursday afternoon at a meeting of bulk distributing agency managers called by Wiley Curry, chairman of the chamber of commerce tourist development department, and Cliff Wiley, chairman of the chamber's publicity department.

Idea for the course was originated by the chamber of commerce, and it will be the first of its kind ever offered by the University of Texas extension service. Thelma Boone, representative of the state board of vocational education and the university's extension service, who has been conducting classes in retail selling under chamber of commerce sponsorship, will be instructor.

Class hours will be from 4 p. m. to 5:30 p. m. each day. The time was voted unanimously at the request of Police Chief A. G. Mitchell, who said about 15 members of the police force will be able to attend classes at that hour.

Tourist courtesy is being given special emphasis in many cities and towns on main highways throughout the country, reports indicate. The courtesy idea, carried to Denver on June 6 by a Big Spring delegation, developed into the key note of the US Highway 87 Association's convention.

School Program Creates Problem

SANTA FE, N. M., (AP)—Bones of old-time Santa Fe residents—some of them descendants of the Spanish conquistadores—which have lain at rest for more than 100 years soon will be disturbed in the interest of education.

Rosario cemetery, used from 1820 to 1894, has been acquired by the Brothers of the Christian Schools who maintain St. Michael's college here, in a \$500,000 expansion program. Schools will be established on the grounds.

College officials, who issued a public notice to any relatives of the dead to remove the bodies, say it is "virtually impossible" to identify occupants of most of the approximately 1,000 graves.

In 1562 Sir John Hawkins, the first Briton to engage in African trade, captured 300 Africans whom he sold in the New World as slaves.

Big Spring (Texas) Herald, Sun., June 23, 1946

The kangaroo is a broad jumper. He can broad jump over 30 feet par excellence, but when it comes to high jumping he's not so hot. I foot fence.

FACTS ABOUT—

Business Representation

On Your County

Commissioners' Court

1. In 1945, Howard County's total taxable valuation was \$16,700,000. Of this, the Oil Industry Valuations were \$6,259,000, or nearly 40 percent.
2. In the Forsan-Chalk school district, the Oil Industry pays approximately 90 percent of the tax funds, contributing to the education of our children.
3. In the Coahoma Independent school district, the Oil Industry pays taxes in the amount of 72 percent of the district's total, helping again in education.
4. In Precinct 2 of Howard County, the Oil Industry's taxable valuations represent 90 per cent of this precinct's total for revenue taxation purposes.

Howard County's Oil Industry never has had representation on the Commissioners Court. In all fairness, this important business should be entitled to such consideration.

As an oil man, I pledge my best efforts toward giving Howard County an efficient, business administration.

River Association Meeting Called

A meeting of the Colorado River Basin Association to be held in Lamesa on June 29 has been called by Sam Cooper of Coleman, chairman of the organization.

A directors' meeting is the first of two intervening sessions before the annual meeting in October, planned at a previous gathering in Brady.

All county agents, AC9 committees, soil conservation leaders, bankers, farmers and ranchers and other business men have been invited to attend the Lamesa meeting.

Coker Family Has Reunion This Week

Mr. and Mrs. Donnie Coker, Mr. and Mrs. Leonard Coker and Mrs. Palma Hamill have been hosts to their sisters and nieces and nephews at a family reunion here which ends today.

Out of town guests present include Mr. and Mrs. E. P. Turner and daughter of Taft, Calif.; Mrs. Nellie Stringer of Dallas, Sgt. and Mrs. Harold Auld of San Antonio, Mrs. Joe Breck and family of Borger and Mrs. C. E. Golden and sons of Chillicothe.

At a Cardinal's death his pontifical hat is usually placed at the foot of his bier. It is carried at his funeral and finally is hung from the roof of the choir of his cathedral until it falls to dust.

It's PIPER CUB... The World's Top Choice

FREE FLIGHT DEMONSTRATION

Your Piper Cub Dealer will gladly arrange a free flight demonstration in a new Piper Cub. See him now!

LEARN TO FLY NOW!

If you're not ready to buy your new Piper Cub just yet, see your dealer for inexpensive flying lessons in one of those good, safe planes.

YOU'RE ahead right from the start with a new Piper Cub . . . the plane that has outsold all other light planes combined. You save on its cost—only \$665 down—lowest of any airplane on today's market. You get there faster, with better gas mileage than the average car. And you learn to fly in your own plane, because a flying course goes with every purchase of a new Piper Cub.

Enjoy a flight demonstration now. Take the controls, yourself. Easy, isn't it? A light touch . . . you're turning gracefully. A slight pressure . . . you're climbing . . . or gliding in for a leisurely landing. And safe—you can feel the built-in safety of the Piper design from the moment you leave the ground. No wonder most of today's pilots learned to fly in a Piper Cub.

Your Piper Cub Dealer is listed below. See him—learn all about these good, safe planes you can afford to buy and fly.

McKenley Leads Nation's Tracksters To San Antonio's NAAU Show Friday

Trojans Beaten By Illini Team At Minneapolis

MINNEAPOLIS, June 22. (AP)—Coach Leo Johnson's "tired" Illinois squad, propelled by four firsts including a double triumph by Jamaica-born Herb McKenley, today galloped off with the National Collegiate Athletic Association track crown with an overwhelming total of 78 points.

McKenley, romped to victory in the 440 and 220-yard runs. Southern California, dilled as a co-favorite with Illinois, flopped miserably for an unimpressive second-place bag of 58 points. It was one of the poorest NCAA showings by the Trojans, who were seeking their 15th title.

A stadium mark fell when Harrison Dillard of Baldwin-Wallace, the meet's only other double winner, skimmed the 220 low hurdles in 23 seconds flat. The record was 23.3 set by Fred Wolcott of Rice in 1938.

Southern California which barely edged New York university for second collapsed when the Trojan distance ace, Roland Sink, was soundly whipped by Illinois' Bob Herzberg in the mile.

New York university, with two-miler Frank Martin emerging as one of the two successful defending title holders and Bernie Mayer winning the shot-put, was third with 40 points.

The rest of the contingent of 40 schools which scored points was scattered far behind, headed by Baldwin-Wallace, with 20 points on Dillard's double win.

The Southwest's only first came in the broad jump won by John Robertson of Texas with a leap of 24 feet, 10 1/2 inches.

Dillard, who bobbed over the 120 highs in a creditable 14.1, de-throned defending champion George Walker of Illinois in both hurdles events.

The other successful defending champion was Ken Wiesner of Marquette, co-titlist in the high jump, who won with a leap of 6 feet, 8 3/8 inches.

McKenley and Dillard shared scoring laurels with 20 points each, while La Beach had 17 points in the 100 and 220 and a sixth in the broad jump.

Pampans To Test Lamecans Today

LAMESA, June 22.—Lamesa's baseball Lobos, who returned home Saturday night for an eight-day stand, come to grips with the Pampans Oilers in a do-or-die header starting at 2 o'clock this afternoon.

The improved Clovis Pioneers come to town Monday for three games. Albuquerque's Dons set up shop here for three days starting Thursday night.

Veeck, Hope Buy Cleveland Indians

CLEVELAND, June 22. (AP)—The Cleveland Indians, home-owned for 19 years, shortly after noon today became the property of a syndicate headed by grinning, slightly nervous Bill Veeck of Chicago and including radio and film comedian Bob Hope.

Veeck, 32-year-old ex-marine and former owner of the Milwaukee Brewers, immediately announced he would be president of the new club and Harry Grabner, former vice president of the Chicago White Sox, would be vice president.

They succeeded President Alva Bradley and Vice President Roger T. Peckinpaugh, whose resignations were accepted as all of the club's stock changed hands.

The amount involved in the sale was not announced, but was reported to range between \$1,750,000 and \$2,000,000. The purchase involved League park and the club's minor league interests.

Named as new directors were two Chicago bankers, President Philip R. Clarke and Senior Vice President Lester Armour, both of the City National Bank; Sidney K. Schiff, Chicago attorney; Newton P. Frye, of the Central Republic Co., Chicago investment concern; Veeck and Grabner. Hosteler remained a director.

Unanswered was the question of whether Lou Boudreau would be replaced as manager of the Tribe, currently tied with St. Louis for fifth place in the American league.

"We can't say anything about that now, we haven't talked to the manager," Veeck commented. Grabner added that "we want to feel our way around for a while."

Quakers Subdue Reds In Pair To Gain Sixth

PHILADELPHIA, June 22. (AP)—The Philadelphia Phillies moved into sixth place in the National league today, taking both ends of a doubleheader from the Cincinnati Reds, 3 to 2 and 5 to 2. Ben Northey homered in the third inning of the second and doubled in the sixth when the Phils scored four runs.

BALCH'S MODERN SHOE SHOP

108 W. Third Across From Court House

Watkins, Coffman And Martinson May Show Well

SAN ANTONIO, June 22. (AP)—In big Texas, where the folks do a lot of running but get only exercise and occasional national acclaim out of it, they will stage the National AAU track and field meet next week-end.

Track always has been pretty much of a dead loss financially in Texas and with San Antonio coughing up \$15,000 for the honor of being the first city in this state to hold the National track carnival probably will come off second best at the box office again.

But it's going to be quite a show with 600 to 700 of the greatest on cinders, in the pits and in the circles coming south for the second time in history. The first time was New Orleans in 1910 but no negroes competed. Here next Friday and Saturday negroes will be among the men to watch.

Erich Pohl, chairman of the registration committee, today listed 14 defending champions and the team champion—New York A. C.—who will be here to show these loud-talking Texans a thing or two about running, jumping and throwing.

One of them already has smashed a world's record this season. He's Herb McKenley, University of Illinois sprint ace, who has leaped a quarter-mile in 46.2—two tenths of a second under the record. McKenley was National AAU 400 meters champion last year, the world record for which is 46 seconds flat.

Other defending champions who have entered the meet are: Barney Ewell, Shanahan Catholic club, Philadelphia, 100 meters; Elmore Harris, Shore A. C., 200 meters; who will run the 400 meters here; Roland Sink, University of Southern California; 1,500 meters; Henry Dreyer, New York A. C., 16-pound hammer throw and 56-pound weight throw; Charles Morgan, New Orleans A. C., 110-meter high hurdles; Ted Vogel, Boston A. A., 10,000-meter run; David Albritton, Dayton, O., and Joshua Williams, New York, co-champions in the high jump; Herbert Douglas, Pittsburgh, broad jump; Wilfred Bangert, Purdue, shot put; John Donaldson, Rice, discus throw.

Several of those fellows will have their hands more than full defending their championships. For instance, Donaldson goes against Bob Fitch of the University of Minnesota, who already has bettered the world's record in the discus throw with 180 feet 2-3/4 inches. Donaldson got 153 feet 7 inches in the Texas AAU last week. Sink meets Lennart Strand of Sweden, conqueror of the great Gundar Haegg and Arne Anderson in the mile run and who has done 1,500 meters in 3:46.6, more than a second under the National AAU record.

Few Texans look like first place winners but the little army of athletes from this state should take many places. Bill Martinson of Baylor, who has raced 100 yards in 9.5, is a fair bet for a championship although facing the veteran Ewell in both the 100 and 200-meter dashes. Pete Watkins, former Texas A. and M. star who was national AAU high jump champion in 1943, and Henry Coffman of Rice have soared around 6 feet 6 this season and might take this title.

Garland Adair, former University of Texas athlete, is throwing the javelin over 200 feet and Bill Cummins of Rice, former National hurdles champion, is making a comeback after three years in the service during which time he is severely wounded.

Some 4,300 exploratory oil wells were drilled in the United States last year, of which 11.6 percent produced oil.

Schedule Committee In Session Today

A committee composed of Sam Burns, Ocie Henson and Pete Womack meets at the Settles hotel at 9 o'clock this morning to work out a schedule for second half play in the Munny softball league.

The new schedule will begin Monday night, July 1, and is expected to run through late August or early September. The Munny league will henceforth use the city park diamond four nights weekly, League Prexy Dewey Collum announced.

Collum has advised all team managers to have their all-star team lists on file with him by Monday. Team winning the first half title will play the all-star lineup in an exhibition Thursday night.

Trinity Delays Gridiron Return; Local Tilt Off

SAN ANTONIO, June 22. (AP)—Trinity University will be missing from the rolls of intercollegiate football squads for another year. Frank Murchinson and C. W. Miller, members of the board of trustees, said tonight.

Conditions over which the university has no control, namely the current building campaign, swayed the board in favor of an intramural only policy for the gridiron sport this fall. Murchinson stated. The school will be represented on the basketball courts and baseball fields if present plans are completed.

Coach Bob Coe, engaged as athletic director in January, 1946, will remain in his present capacity, Miller said, adding he did not know what would become of Jack Sanders, recently engaged line coach.

Trinity university's decision to delay intercollegiate football competition for another year automatically erased Big Spring's scheduled college game for next fall. The Trinity aggregation was slated to meet Sul Ross here on Oct. 12 in a charity game under sponsorship of the American Business club. Bob Coe, Trinity coach, was head tutor for the Hono AAF eleven which won 19-7 in a similar match with Southwestern here last November.

Ruffing Bridges Bengals, 5 To 3

DETROIT, June 22. (AP)—Forty-two year old Red Ruffing, with a bit of help from relief pitcher Johnny Murphy, downed the Detroit Tigers 5 to 3 on five hit pitching today as the New York Yankees squared their series at a game apiece.

Murphy hurled the last 1 and 2-3 innings, after Ruffing had given up all the Detroit runs.

Charley Keller hit a home run for the Yankees while Joe DiMaggio broke a hitting drought with a double and single.

A crowd of 38,900 looked on to see the New Yorkers break loose for a three run uprising in the fourth round.

New York 100 310 000—5 13 2
Detroit 100 000 020—3 5 1
Ruffing, Murphy and Robinson; Hutchison, Overmire, Caster and Tebbets.

Bengals Tangle With Midland

Two of the strongest independent baseball teams in West Texas tangle at 3 o'clock this afternoon on the Midland diamond when Elias Gamboa's Big Spring Tigers do battle with the Midland Colts.

The home club has won five of six contests. The Colts' only other game at the hands of a Colorado City club.

Twice within the past two weeks, the Tigers have copped extra inning duels. Last week they edged the Anson gang, 1-0, in a crackling 12-inning bout.

Either Tony Ruiz or Pete Paredes is due to assume pitching chores for the Big Springers.

Playoff Possible In Munny Softball Loop This Week

LOOKING 'EM OVER

With TOMMY HART
If the sons and daughters of Texas are ever to take esteemed places in the tennis world, there must be more emphasis placed on the sport. . . . This commonwealth annually produces great golfers, football players, baseball athletes and has done reasonably well in the lesser sports, in all, that is, except tennis. . . . Ninety-five percent of the nation's great netters come from California, and there's a reason. . . . The youngsters out that way are encouraged to get the feel of a racquet from the moment they enter primary school. . . . To our knowledge there's only been one netter developed in this state who could hold his own in national competition. That would be Wilmer Allison, who won the National singles two years running. . . . We should have a tennis league formed among West Texas towns for summer play. There would be very little expense involved and the experience the players would gain from such competition would begin to pay dividends later on.

Bob Savage Or L. D. Cunningham?

Bobby Savage, Big Spring's stellar athlete of other years, is said to be returning soon for the summer. . . . If he puts in here, he'll probably do his softball pitching for the Cosden Oilers. . . . Savage is top-drawer. . . . In fact, it's long been debated whether or not he's the best that ever performed here. . . . Of course, the alling L. D. Cunningham has his supporters, too. . . . They say when L. D. had it, no one could touch him. . . . Bobby might have had better control than Cunningham. . . . A former player who endorses Savage as the blue ribbon best is John Tucker, who was active here in 1943. . . . John says he never had any trouble banging hits off Cunningham. . . . On the other hand, the Savage boy gave him fits at the plate. . . . If Savage does return and signs with Cosden, the Oilers will automatically become overwhelming favorites to cop the second half flag in the Munny league.

Roy Weeks Native Of Stamford

Roy Weeks, who has kept the Stanolind softball Oilers of Coahoma in the Munny league title chase with his sterling mound work, operates a shooting gallery in Stamford. . . . He is not from San Angelo, as some people think, though he does perform in the city leagues there occasionally. . . . Frankie Womack, San Jacinto hurler, is Texas' second representative in the All-American boys' baseball game to be played at Wright Field, Chicago, August 10. . . . He already has a no-hit, no-run game to his credit this year. . . . Malcolm Stevens, former WT-NM leaguer and a brother to Big Spring's Eddie Stevens, was one of the players penalized for hurling insults at spectators in an Evangeline league game the other night. . . . Mal is now playing for Houma, or was until Prexy J. Walter Morris suspended him indefinitely for his verbal barrage at the boys who pay the freight. . . . A \$50 fine was tied onto the punishment. . . . They say Joe McCarthy will wind up at another managerial post in the American league. . . . That could be the Cleveland Indians, where

Fem Archers To Have Range In Near Future

Persons who have a yen to master the bow-and-arrow can enroll in Jack Thompson's YMCA classes, which are currently being conducted at 5:30 p. m. on Mondays and Wednesdays.

A range has been set up in the basin immediately north of the Cowper clinic on Gregg street.

A set of targets will be set up in a sunken area north of the Church of Christ as soon as equipment arrives.

More Y Activities Are In Prospect

Something like 650 persons are engaging in YMCA activities weekly, which include such things as tennis and swimming schools and the softball leagues.

Ping-pong and dart throwing classes will get underway shortly under Y auspices and a photographers' club is in the process of being organized.

Foy Fanning, golf pro at the Munny course, has agreed to start a links class for beginners Tuesday morning. Students must furnish balls and clubs.

Browns Trim Nets

ST. LOUIS, June 22. (AP)—The St. Louis Browns won a 14 to 8 slugfest tonight from the Washington Senators, getting 18 hits off four hurlers while Tex Shirley and Stan Ferens, credited with a victory, gave up five apiece. Washington made four errors, the Browns three.

Golfers Invade Big Spring Tuesday For Pro-Amateur

Rain Puts Country Club In Top Shape For Tournament

Farmers weren't the only parties to benefit from the week's moisture, such as it was.

The weeping skies were especially beneficial to the greens of the Big Spring country club golf course, over which Tuesday afternoon will be conducted the June version of the West Texas Pro-Amateur tournament.

Pro Shirley Robbins, after taking inventory Saturday, said the layout was in tip-top shape for the invasion of the linksmen, who will come here from all over West Texas for the one-day show. Professionals, some 16 to 20 of them, and amateurs alike will compete for the money and prizes to be proffered. Such play-for-pay headliners as Warren Cantrell, and Red Post, both of Abilene; Shorty Howzuckle, Odessa; Jimmy Gamewell, Hobbs; N. M. Lloyd Watkins, Odessa; and J. T. Hammett, Colorado City, are expected to tee off here along with the top-drawer simon pures of this area.

In all, something like 150 mashie wielders are due to be in the running for the numerous awards. Robbins will give the field the high-ball sometime around 12 noon.

Hammett played the course Friday along with E. B. Lovvern, Sweetwater. Both men reported their respective clubs would be represented by at least half a dozen players.

Lubbock To Face Cosden Poloists

Idle last weekend, the Cosden polo team returns to action on the Lamesa field at 2 o'clock this afternoon when they square off with the Lubbock All-Stars. Dr. M. H. Bennett, Big Spring, is scheduled to be in the Oilers' starting lineup along with Gus White, Jr., and the Barron boys, Spencer and E. E.

This week's schedule: **Senior Boys** Monday—First Baptist vs. First Senior boys' teams of the Airport Baptist and the Salvation Army will tangle on the Airport

Brook Stopped By Red Birds

BROOKLYN, June 22. (AP)—Howie Pollet's lefthanded pitching kept the Brooklyn Dodgers in check today to give the St. Louis Cardinals a 5-1 victory, witnessed by 30,110 cash customers, reduced the Dodgers' first place lead in the National league to one and a half games.

For six innings, Red Barney kept pace with Pollet as neither team scored but the roof fell in on the Dodger righthander in the seventh as 11 Redbirds went to bat, five hit safely, three walked and five scored.

The Dodgers scored their run in the eighth on a double by Ed Stanky and Pee Wee Reese's single. St. Louis . . . 000 000 500—5 8 1 Brooklyn . . . 000 000 010—1 9 0 Pollet and Garagiola; Barney, Gregg, Behrman and Sandlock.

CUBS TAKE PAIR FROM NEW YORK

NEW YORK, June 22. (AP)—Breaking loose for six runs in the seventh inning, the Chicago Cubs came from behind to defeat the New York Giants 8-5 in the second game for a clean sweep of their double header today. Hank Wyse pitched shutout ball for the first eight innings to win the opener for the Cubs 5-2.

Bill Stringer hit a home run for the Bruins with a man up front in the opener. Frank Secory accounted for two more with a double.

The double defeat plunged the Giants deeper in the National league cellar. First game: Chicago . . . 200 100 200—5 7 1 New York . . . 000 000 002—2 9 0

Second game: Chicago . . . 000 020 600—8 11 2 New York . . . 110 120 000—5 8 0 Passeau, Fleming (5), Bithorn (6) and Scheffing, McCullough; Voiselle, Trinkle (7), Kennedy (7) and Lombardi.

Baptist diamond Thursday evening in a game that will go a long way toward deciding the first half championship of their division of the Church softball leagues.

The Baptists copped their sixth consecutive decision Thursday by romping on the East Fourth Baptists, 15-4, on the Salvation Army Christian, Airport diamond at 6:30 p. m.

Tuesday—First Baptist vs. Salvation Army, city park, 6:45 p. m.; Methodist vs. YMCA, city park, 8:30 p. m.; East Fourth Baptist vs. First Christian, Salvation Army field, 6:30 p. m.

Thursday—East Fourth Baptist vs. First Baptist, SA field, 6:30 p. m.; YMCA vs. First Christian, SA field, 6:30 p. m.; Salvation Army vs. Airport Baptist, Airport diamond, 6:30 p. m.

Friday—Methodist vs. Salvation Army, SA field, 6:30 p. m. **Senior Girls**

Monday—East Fourth Baptist vs. Methodists, 5:45 p. m.; Prairie View Baptist vs. First Baptist, 5:45 p. m.; YMCA vs. Catholics, 7 p. m.; Prairie View Baptist vs. Church of God, 7 p. m.

Wednesday—Methodist vs. Catholics, 7 p. m. Thursday—East Fourth vs. First Baptist, 5:45 p. m.; Methodist vs. Prairie View Baptists, 5:45 p. m.; Church of God vs. YMCA, 7 p. m. All girls' games will be played on the South Ward diamonds.

Stanolind Slugs Redcaps, 10-7

Breaking loose with a five-run uprising in the third round, the Coahoma Stanolind Oilers went on to spank Doc's Redcaps, 10-7, in a softball exhibition played on the Foran diamond Friday night.

Rube Baker and Charles Graves collected home runs in the 13-hit barrage directed at two Redcap hurlers, Morris Crittendon and Bill Grieder. Crittendon gave way to Grieder in the midst of the third inning uprising, who went on to whiff 11 men in four rounds.

The Coahomans raced to the fore in the first stanza with a three-tally outbreak and added another in the second.

John Stanley collected two blows for the losers. He would have had a home run the second time he binged had he touched all the hasecks. An arbiter called him out for neglecting to dent the keystone sack.

A gam between the Coaha Pipeliners of Foran and Manhattan Club was called off due to the failure of the Manhattan team to arrive. A vehicle breakdown stymied part of the Manhattan players.

Score by innings: Coahoma . . . \$15 01—10 13 Redcaps . . . 021 13—7 8 Grantham and Miller; Crittendon, Grieder and Henson.

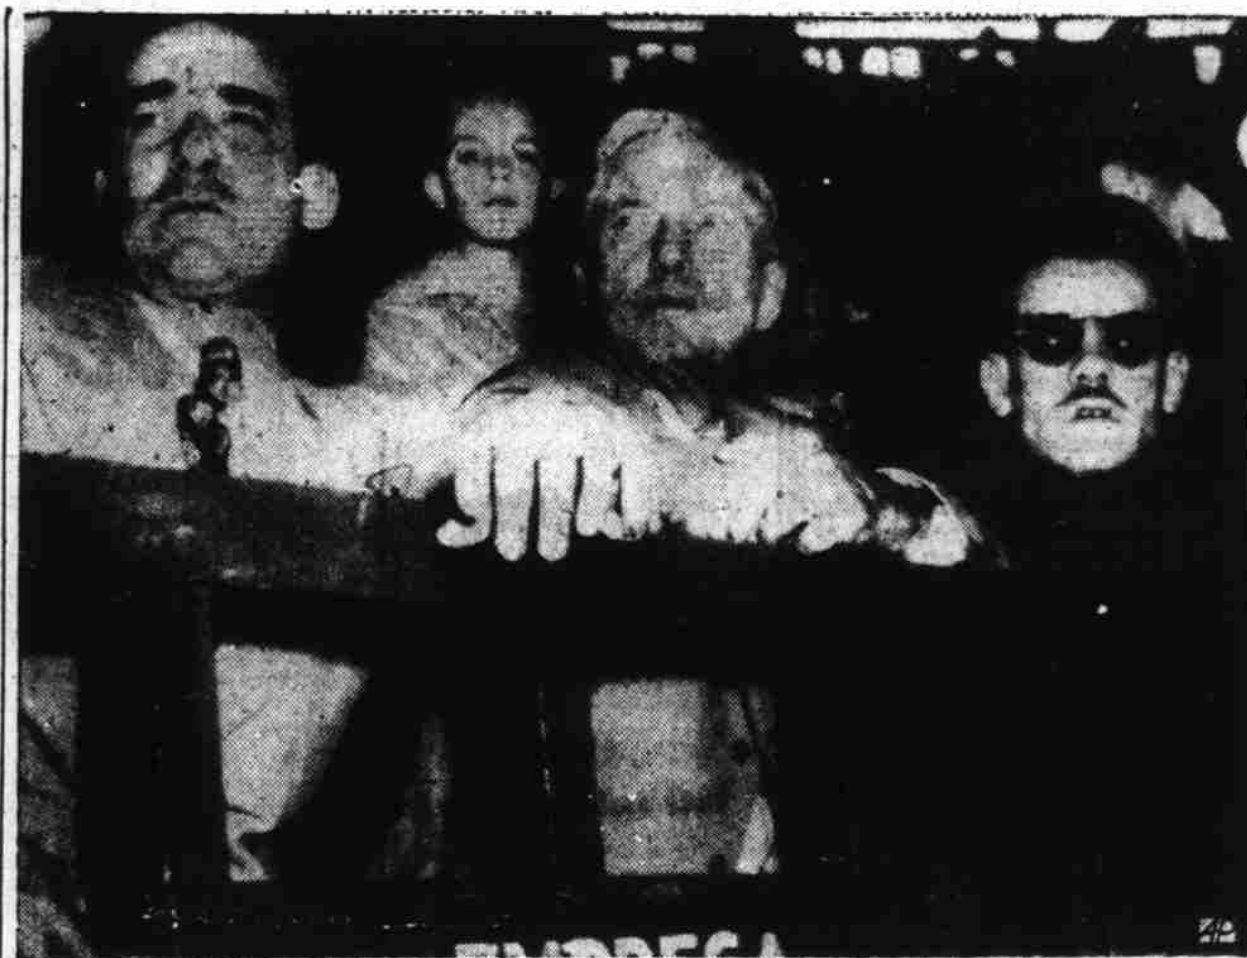

Parker Defeats Angelo Netter

LOUISVILLE, Ky., June 22. (AP)—Frankie Parker of Los Angeles, national champion, and Billy Talbert of Wilmington, Del., No. 2 player in the US, blazed their way into a final of the Southern Tennis championships here today.

Parker eliminated 18-year-old Bernard Barzen of San Angelo, Tex., 6-1, 6-4, in a match witnessed by more than 1,200 persons.

Barzen, No. 2 in the national junior ranks last year, passed the national champion in the second set to take a 4-3 lead. Then Parker, taking the net, won the next three games for the match.

Talbert had an easy time with his national doubles partner, Gardner Mulloy of Miami, winning 6-1, 6-0.

CARDINAL BOSS IN MEXICO—Sam Broadon, St. Louis Cardinals (center) with Bernardo Pasquel (left) and Mario Pasquel, watch a Mexican league baseball game in Mexico City. The Cardinal president is in Mexico to discuss international baseball with the Mexican baseball magnates. (AP Wire-photo).

Nelson Team Resumes Lead In Toledo Play

TOLEDO, O., June 22. (AP)—Byron Nelson of Toledo and Harold (Jug) McSpaden of Sanford, Me., Jockeyed out in front today in the neck and neck race with Ben Hogan of Hershey, Pa., and Jimmy Demaret of Houston, Tex., for the top money of \$3,000 in the ninth Inverness Invitational golf tournament.

Nelson and McSpaden, turning in a best ball score of 62, nine under par, gave the defending championship team of Lawson Little of Monterey, Calif., and Lloyd Mangrum of Los Angeles, a five up drubbing in the fifth round of the tournament after dropping a one-hole decision to Sam Byrd of Birmingham, Mich., and E. J. Harrison of Little Rock, Ark., in the fourth round.

Hogan and Demaret also had a best ball score of 62 in licking Toney Penna of Cincinnati and Herman Baron of White Plains, N. Y., four up after squeezing past Chandler Harper of Portsmouth, Va., and Herman Keiser of Akron, O., one up in the fourth round.

China, India, and the United States could be spread out like carpets over Africa and there still would be enough space to accommodate the whole of Europe minus Russia.

Tal Smith Leading Field In Utah Open

SALT LAKE CITY, June 22. (AP) Tal Smith, 26-year-old Alameda, Calif., amateur, showed his rivals something about accuracy with golf tools today, taking the half-way lead in the \$5,000 Utah Open with a 36-hole score of 138, six under par.

He held a three-stroke lead over John Geertsen, home professional, who needed 74 after his brilliant 67 yesterday.

John Schneider, Ogden, Utah, pro who has won this tournament three times, bagged a second straight 71 for a steady 142.

Ramsdell Tames Missions, 3-1

FORT WORTH, June 22. (AP)—The Fort Worth Cats swept their short series with the San Antonio Missions by taking the second game here today, 3-1.

Willard Ramsdell, held the Missions to six scattered hits. The Cats, held to five hits by Charles Wagener and John Whitehead, scored enough to win in the second inning when Barney White and George Pfister spaced singles around Boris Woyt's triple.

San Antonio 000 000 010—1 6 0 Fort Worth 020 000 10x—3 5 3 Wagener, Whitehead and Serltich; Ramsdell and Pfister.

Swimming Class In Third Week

YMCA summer swimming school begins its third week at the municipal natatorium Monday at 10 a. m. with 81 boys and girls enrolled in the three classes.

Instructors dedicate Mondays and Wednesdays to giving lessons to the students. Enrollees participate in such games as water football and polo on Saturdays.

Jean Pearce, Donald Phillips and Lex James team to handle the non-swimmers and qualify them for the beginners' class. They usually succeed inside of two weeks.

The beginners' group is taken care of by Eddie Houser, Don Wilkes and B. B. Lees, drilling the students on technique in elementary strokes and kicks.

From there, the youngsters report to Bobo Hardy, who endeavors to polish their strokes and kicks.

Hugh Cochran stands by to handle the novice divers while Roy Rodman helps in a general capacity with Arah Phillips, director.

A new class for beginners is expected to get underway around July 15, three days after the present group is graduated.

YMCA buttons and minnow badges will be awarded on promotion day. A swimming class for women will be started Monday, Miss Phillips announced.

Sewell's Wild Toss Gives Braves Win

BOSTON, June 22. (AP)—A wild pitch by Rip Sewell with the bases loaded enabled the Boston Braves to defeat the Pittsburgh Pirates, 4-3, today in 10 innings at Braves Field.

Steve Roser, who pitched the tenth inning for the Braves received credit for the victory. Elbie Fletcher hit a home run for the Pittsburghers.

The Braves' big three, Billy Herman, Tommy Holmes and Johnny Hopp, accounted for six hits and three runs between them. One of Holmes' blows went for three bases.

Pittsburgh 010 000 002 0—3 9 1 Boston 000 010 020 1—4 7 1 Sewell and Camelli; Johnson, Roser and Masl.

Softball Game Halted By Rain

Rain forced a halt in the third inning of the softball setto between Big Spring's American Legion girls and the Sewell V-8 contingent of Odessa Saturday night on the Munny park diamond.

The bout has been re-scheduled for the night of July 13. The Saturday night game was shaping into a real battle, with the score tied 1-1 at the end of the first half of the third when play was stopped. The Odessa girls scored in the first stanza on hits by Hart and Kessler, and the Legionettes tied the count in the second on a triple by Trotter and a one-base knock by Reid.

Mahon Club Opening Offices In First Natl. Bank Building

A local clearing house of activities for all those who are working for the reelection of George Mahon as 19th district congressional representative will be open the first of the week, it was announced by officials of the Howard County Mahon Club. Quarters have been obtained on

the second floor of the First National Bank building, and services of a professional stenographer have been engaged, it was said by R. L. Cook, chairman of the Mahon organization.

"The many friends of our congressman who want to make some contribution, in the way of letters to others over the district, distribution of informational material, etc., are invited to make use of the Club's headquarters in the First National Bank building," Cook said. "Facilities there will be available for any Mahon supporter, and we invite their assistance."

Cook revealed that several hundred dollars has been raised by the Club through voluntary contributions, and said that any others who want to assist in the local campaign are welcome to leave checks with R. T. Piner, secretary-treasurer of the organization. "This money is for our own work, and is raised on our own initiative," he said. "George Mahon has not asked for such help, but many of his friends have volunteered it, to help in getting a commanding vote for our representative in the July 27 primary."

Several Shriners Attend Festivities

Several persons from Big Spring attended Shrine festivities at Abilene Saturday evening. Among those who were scheduled to attend were Mr. and Mrs. Joe Flock, Mr. and Mrs. Wiley Curry, Mr. and Mrs. Ray Godfrey, and Bill Green. Fort Worth Shriners dispatched a special train to Abilene for the conclave and upon its arrival a parade was due to have been held, followed by a barbecue and dance.

This Week's Business

Residential Construction On Increase

A slight increase in residential construction was noted in building permits during the past week, as the total inched upward close to the weekly average for the year. Four new dwellings on the list of 17 permits issued during the week accounted for most of the \$25,340 total. Others were for repair work and moving. The June total reached \$55,815, and the aggregate for the year is now \$793,906.

A decided lull kept warranty deeds at the lowest figure of the year for a full week's recording. Eight instruments were filed, involving only \$8,596. The total for the year is \$2,072,243.

Livestock receipts were off slightly at local markets, compared to the previous week's figure. However, auctions still experienced runs considered heavy for the season, and the market for all types of cattle was steady. An estimated 2,500 head were moved during the week.

Planting Begins After Showers

Crop conditions improved slightly in the county last week, with showers in some sections prompting farmers to get long delayed planting operations underway.

Although the territory where rainfall was sufficient to bring appreciable benefit was scattered widely, the moisture is expected to increase the cotton acreage. Some planting started immediately in the Center Point and E-Bar communities, where from a quarter to half an inch fell. Some who had dry-planted earlier reported their crops were coming up, and where they were able to get only part of a stand before, improvement was noted as a result of showers.

Other parts of the county which received no rain or showers too light for benefit are faring no better than they have all season.

The county-wide outlook remains problematical, with considerably more moisture needed to give the crops a good start, despite the temporary sectional relief.

Hammons And Sparks Volunteer For Army

Jarrell Warren Hammons and Daniel Ray Sparks, who volunteered for the US Army through the local recruiting office last week, have been sent to El Paso for further processing.

Hammons re-enlisted in the AAF for three years as a staff sergeant. He served as an aerial engineer during the war. Sparks volunteered for 18 months' service.

Their departure brings to 26 the number enlisted for military service here since June 1. Quota for the month is 70.

Funeral Directors Will Meet Here

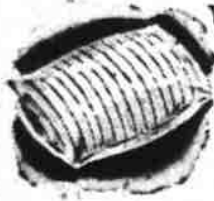

Members of the West Texas Funeral Directors association will meet Tuesday at 3 p. m. in the Settles hotel to begin their annual convention.

Speakers for the affair will be Victor R. Landig of Houston, Horace Griggs of Amarillo, M. C. McMurry of Amarillo and Clyde Blandon of Lamesa.

At 7 p. m. Tuesday a dinner will be held to be followed by a dance at 9 o'clock. Approximately 80 directors are expected to attend from cities in this area.

Mrs. William Schweitzer Complimented At Bridal Gift Party In Home Of Mrs. W. A. Underwood Friday Evening

Former JennEtta Dodge Feted After June 2 Wedding

Mrs. W. H. Schweitzer, the former JennEtta Dodge, was honored at a gift reception in the home of Mrs. W. A. Underwood Friday evening, with Mrs. Bob Eubanks, Mrs. James T. Brooks, Mrs. Jay Johnson and Zollie M. Rawlins as co-hostesses.

Those in the receiving line were Mrs. Underwood, Mrs. Schweitzer, Mrs. H. H. Schweitzer and Frances Schweitzer of Matador, and Mrs. Joe Best of Wink. The honoree was attired in a frock of black marquisette over pink.

Mrs. Kathleen Freeman registered guests in a book decorated with a large single white dahlia.

The refreshment table was laid with a cloth of ecru linen which L. Schweitzer had sent the bride while he was overseas. The centerpiece was of Peruvian lilies, rainbow asters and corn flowers placed in a vine-shaped crystal container, set on a mirror reflector. Mrs. James T. Brooks and Mrs. Jay Johnson poured punch, and Lt. (jg) Winnifred Woods of Lubbock served cake.

In the house party were Mrs. Thomas J. Williamson, Mrs. Don Burk, Mrs. Zollie M. Rawlins and Mrs. A. J. Cain.

Guests called from 8 until 10:30 o'clock.

Family Gathers In Lamun Home

A minor family reunion was held in the Bernard Lamun home Friday evening when several members of the family gathered there.

Present were Mr. and Mrs. John Lamun, Jean, Patsy Ann and Johnny Bob of Canadian, Mr. and Mrs. C. W. Moore of Odessa, Mr. and Mrs. Tom Johnston of San Francisco, and Mr. and Mrs. Bill Hill-gers of Austin.

Mrs. W. T. Brown has returned to her home in Wallis after visiting in the home of her nephew, Albert Smith and Mrs. Smith.

MRS. WILLIAM SCHWEITZER

Baptist Youth Encampment Registration To Begin

Registration at two o'clock Monday afternoon in the city encampment for some 800 boys and girls of the Baptist churches in this area.

The boys of Royal Ambassadors

will begin their two days of camp-sing sessions, campfires, roll call park in Big Spring under the supervision of Mrs. J. M. White of Midland, camp director. The camp is an annual affair sponsored by the WMS. At the conclusion of the boys' outing, members of the Girl's Auxiliary will begin their period of camping activities and study.

Activities for each camping day include study of selected lessons, swimming, camp care, assembly, song sessions, campfires, roll call and chapter meetings. There will be slight variations in the camping routine for boys and girls, but the general plan is the same, leaders said. There will be handicraft, and a system of ranking has been established for camp accomplishments. Each encampment will have a camp pastor who will direct inspiration.

The camp staff will include Mrs. Vernon Yearby of Midland, district WMU president, business manager; L. Verne Ashby, state approved worker; secretary for RA, Rev. Bill Haverfield; George McLellan, recreational director; Rev. Raymond Hall of Midland music; Lex James, pianist for RA; Dr. P. D. O'Brien, in charge of morning watch; Mrs. Stanley Erskine of Midland, secretary and treasurer; Rev. Edwin Spears, soft drinks; Mrs. S. L. Alexander of Midland, Mrs. Bill Arnett of Greenwood, dining room hostesses; Rev. Vernon Yearby, kitchen manager; Rev. Bill Arnett, district missionary, camp police; Rev. W. R. Harrison of Odessa, camp inspector; Dr. C. A. Morton of Lamesa and the Rev. Roy Clayton will be camp pastors.

The study curriculum for boys includes "The Westward Way," Rev. J. H. Lloyd; "A New Day Begun," Rev. Fred McPherson; "March On," Rev. James Roy Clark; "Heroes of Home Missions," Rev. W. H. Jackson; "Lilly Mae and Dan," Mrs. Fred McPherson; the RA Manual, Rev. Haverfield.

The girls' classes include, D. T. B. Maston's "Of One," leaders course, Miss Ashby; YWA Manual, Mrs. Clarence Morton; "A New Day Begun," Rev. E. R. Powell; "The Westward Way," Rev. E. W. Wyman; "March On," Mrs. R. F. Goin; "Heroes of Home Missions," Rev. C. J. Smith; "Lilly Mae and Dan," Mrs. McPherson.

Social Calendar For Monday

CHURCH GUILD — St. Mary's Episcopal church meets at 10 a. m. and each member will bring her lunch.

FIRST-METHODIST WSCS will have a business meeting at 3 p. m. in the church parlor.

WESLEY METHODIST WSCS will have a joint social and spiritual life meeting at the church at 3 p. m.

PRESBYTERIAN AUXILIARY will have a meeting of both circles at the church at 3:15 p. m. for a Bible study conducted by Mrs. Harry Hurt.

FIRST BAPTIST WMS will meet at the church for a business meeting at 3 p. m.

CHURCH OF THE NAZARENE WMS will meet at 8 p. m. in the church.

Items From Knott

Mr. and Mrs. Darrell Shorter have moved to Big Spring to make their home.

Ruby Fae and Travis Wood are in Odessa to spend a few days with their father.

Mrs. Webb gave a Stanley Brush demonstration at the home of Mrs. Ham Peugh.

Coahoma Auxiliary Studies Isaiah

COAHOMA, June 23. (Spl) — Members of the Presbyterian Auxiliary had circle meetings Monday afternoon with Mrs. Glenn Guthrie entertaining the Sarah McQuary circle, and Mrs. A. C. Hale was hostess to the Naomi Shive circle.

In the Guthrie home, Mrs. C. H. DeVaney directed the Bible meditations taken from Isaiah 58. Mrs. Charles Read brought information on home missions.

A refreshment plate was served to Mrs. A. D. Shive, Mrs. H. T. Hale, Mrs. Cora Echols, Mrs. Sam Hicks, Mrs. C. H. DeVaney, Mrs. Charles Read, Miss Agnes Barnhill and Mrs. Guthrie.

Mrs. Ellie Elliott was in charge of the Bible lesson for the Naomi Shive circle, and Mrs. Frank Lovelless explained the article on home missions as presented in the Presbyterian Survey.

Attending were Mrs. E. G. Cullley, Mrs. Leroy Echols, Mrs. R. V. Guthrie, Mrs. Frank Lovelless, Mrs. Ellie Elliott, Mrs. A. C. Hale and a visitor, Miss Susan Ruman.

BIG SPRING DAILY HERALD

SOCIETY BIG SPRING, TEXAS, SUNDAY, JUNE 23, 1946 CLASSIFIED

Melva Ray Chapman, Grady L. Hodnett Wed In Double Ring Ceremony Read By Rev. H. Clyde Smith Friday Morning

Bride Wears White Frock For Rites In Smith Home

In a double ring ceremony performed Friday morning in the First Methodist parsonage, Melva Ray Chapman, daughter of Mr. and Mrs. M. G. Chapman, was married to Grady L. Hodnett.

The marriage vows were read by Rev. Smith under an archway which was flanked by baskets of Picardy gladioli.

For the ceremony the bride wore a two-piece waffle pique frock designed with a high neckline and gold button trim. The shoulder line was accented with embroidered open-work, and featured cap sleeves. The skirt was of simple gored style.

All accessories were white, and the bride wore a large picture hat of white straw ruffled with lace. Her corsage was a gardenia surrounded by shattered red carnations. For something old she carried a handkerchief belonging to her niece, Mrs. Tommy Newman, something borrowed was a locket belonging to Wynelle Franklin, and something blue was a ribbon placed in the locket. Something new was a ruby ring, gift from the bridegroom.

Maid of honor was Oneta Chapman, sister of the bride who was attired in a street-length frock of pale green, fashioned with a simple round neckline and short sleeves. She had a corsage of peach gladioli, and wore a large black straw picture hat, with black accessories.

Robert Brown was Hodnett's best man.

Following the ceremony the couple left on a wedding trip to Carlsbad, N. M. For traveling the bride wore a tailored gray striped frock with white accessories and a calotte of starched lace. Her corsage was of Picardy gladioli.

The bride was graduated from Lomax high school and prior to her marriage was associated with the Settles Beauty Salon. Hodnett was recently discharged from the army after serving in England for two years.

Following the wedding trip the couple will be at home near Knott.

Attending the ceremony were Mr. and Mrs. T. E. Newman, Tommy Newman, M. G. Chapman, Mrs. Fred McGowan, Ahrita Ray McDaniel, Mrs. Bill McIlvain, Opal Chapman, Mrs. Robert Brown and Wynelle Franklin.

Mrs. George Pruitt has returned following a visit with friends in Chicago and a tour of St. Louis and Springfield, Mo. She also made a short cruise on Lake Michigan. She was away for three weeks.

MRS. GRADY HODNETT (Bradshaw Photo)

Sandridges Have Family Reunion

A reunion of the J. L. Sandridge family is being held in the Sandridge home this week.

Children attending are Guy Sandridge of Upland, Calif., W. L. Sandridge and Curtis E. Sandridge of Big Spring, Mrs. Ala Mae Foster of Paul's Valley, Okla., and Mrs. Morris Sneed of Big Spring, Mrs. M. E. McBee of Lansing, Ill., was unable to attend the reunion.

A dinner honoring the two out-of-town guests was held and attending were Guy Sandridge, Mrs. Foster, Mr. and Mrs. W. L. Sandridge, Hollis and Doretha, Mr. and Mrs. Morris Sneed, Vernon, Dolores and Lynda, Mr. and Mrs. Curtis E. Sandridge and Larry, Mr. and Mrs. Barney Wallace, Tommy Ruth and Larry and Mr. and Mrs. J. L. Sandridge.

Karen Huddleston Has First Birthday

Mrs. W. N. Huddleston entertained with a party Thursday afternoon at her home honoring her daughter, Karen Kay, on her first birthday.

The party was held in the Huddleston back yard, which was decorated with pastel crepe paper streamers. The table was laid with a damask cloth and centered with the decorated birthday cake.

Attending were Sandra Lea Richardson, Tex Evans, Charles Johnson, Kenny Johnson, Beverly Nichols, Claudia Nichols, Deanna O'Brien, Mrs. Huddleston was assisted by Mrs. Eva Bryant, Mrs. D. W. Evans, Mrs. Roy Richardson and Mrs. Bledsoe O'Brien.

Park Sunday School Classes Entertained

Mr. and Mrs. G. C. Graves and Mr. and Mrs. W. D. McDonald entertained their Sunday school classes at the Park Methodist church with a watermelon feast at the city park Friday evening.

The hostesses were assisted in the party by Mrs. H. N. Robinson, Mrs. R. A. Eubank, Mrs. W. A. Laswell and Richard Laswell.

Mrs. H. H. Squyres Hostess To TEL

Mrs. H. H. Squyres was hostess to the TEL class of the First Baptist church Friday afternoon when members met for their regular business and social meeting.

Mrs. C. E. Read opened the program with prayer, and Mrs. S. A. Ritter gave the devotional taken from Matthew 6 and Psalm 91. The class packed a box to be sent to Norway.

During the social hour Mrs. Ritter presented piano and vocal selections.

A salad plate was served to Mrs. C. E. Read, Mrs. W. J. Alexander, Mrs. C. T. Tucker, Mrs. C. G. Varnell, Mrs. S. A. Ritter, Mrs. R. D. Ulrey, Mrs. J. E. Monteith, Mrs. Roy Green, Mrs. A. T. Lloyd, Mrs. Nora Copeland, a visitor, and the hostess.

Mrs. E. M. Preston and daughter, Mary Lou, of Tulsa are visiting her parents, Mr. and Mrs. C. W. Scherrulle.

Capt., Mrs. Church Parents Of Girl

Capt. and Mrs. Leon F. Churchill are the parents of a daughter, Lee Anne, born in Dayton, Ohio, on June 15. She weighed seven pounds, four ounces.

Mrs. Churchill is the former Dorothy Matthers, a sister of Mrs. B. L. LeFever.

"Kitty" Shows On Ritz Screen

"Kitty," the story of a beautiful little gutter-snipe who became one of England's most scandalous ladies, has a measure of fascination quite its own apart from being what many reviewers call the most glamorous study of unalleviated sordidness that has yet been filmed.

This lavish production, into which a great amount of research went to make the costume period authentic, is starring Paulette Goddard and Ray Milland. It is showing at the Ritz Theatre today and tomorrow.

It contains several fine performances, notably those of the two top stars, and the dialogue is racy, plus being authentic. Portrayals by Reginald Owen, Cecil Kellaway, Constance Collier and Dennis Hoey are especially outstanding.

In the story, which compares directly to none seen on the modern screen, Miss Goddard plays the title role and Milland a titled person, but nonetheless a bounder. Pulling a Pygmalion, Milland teaches her to be a "lady" and marries her off to a wealthy iron-monger while he lands in debtor's prison. The plot races through her two husbands, and subsequent widowhood, her affairs, her involvement in murder and theft and, throughout, her developing romance with Milland, who doesn't, of course, realize it until the last scene. When he does, they go into a clinch, which seems to prove it anything that a gal can get away with anything, if she's pretty

enough and her luck holds, and that a bounder who triumphs over all the instincts of decency there are in the book of rules can't miss winding up on the top rung of the British nobility in the gorgeous and loving arms of a gutter-snipe.

It is a Mitchell Leisen production, directed with all the Leisen attention to detail and emphasis upon splendor, and the script, based on a novel by Rosamond Marshall, is by Darrell Ware and Karl Tunberg, who are also down as associate producers.

Potables Problem Perturbs Polish

WARSAW, (AP)—Proposals from Polish dry organizations that the sale of vodka be restricted with "vodkaless days" have drawn the fire of the state alcohol monopoly. A statement said such action would cause an increase in production of "moonshine vodka"—in Polish, "bimber," made principally of rye flour and sugar. Monopoly alcohol is produced from molasses and potatoes regarded unfit for public sale.

Unlike most active volcanoes, Hawaii's are relatively harmless, because the lava flows as slowly as molasses and the streams can be controlled.

COSTUME PICTURE AT THE RITZ — Paulette Goddard, in the title role of "Kitty," wins over Ray Milland, one of her ardent suitors in the lavish Paramount picture showing today and tomorrow at the Ritz.

CLARK GABLE—Back again after three and a half years Army service, Clark Gable, outstanding at the box office for many years, is starred with Greer Garson in "Adventure," playing today and tomorrow at the Lyric. The old army man does a merchant marine uniform for the role.

HOME TUTOR—Edward G. Robinson runs through their school lessons with Margaret O'Brien and "Butch" Jenkins in this scene from "Our Vines Have Tender Grapes," the attraction at the State Theatre today and tomorrow.

Margaret O'Brien Stars With Butch Jenkins In State Attraction

Hollywood has a new starring team.

Margaret O'Brien, the screen's youngest star, and Jackie "Butch" Jenkins, one of the most appealing juvenile actors in pictures, are now united in Metro-Goldwyn-Mayer's "Our Vines Have Tender Grapes," a warm human story which opens today at the State Theatre co-starring Edward G. Robinson with Margaret O'Brien. Robinson as Margaret's father, a Wisconsin farmer, has one of the most unusual roles of his long and brilliant acting career. His role of an unemotional but warm-hearted farmer is a complete departure from his tough gangsters of the past.

Seven-year-old Margaret for the first time is portraying a country child, about whom the story revolves, and it is the biggest assignment of her astonishing career.

"Butch," he of the tousled hair and freckled face, cast as Margaret's cousin and companion, comes from important roles in which he

has revealed his fine dramatic ability.

James Craig, teamed so effectively with Margaret again, has the romantic lead as editor of a country newspaper.

Auburn haired Frances Gifford, as the small town schoolma'am, is Craig's romantic vis-a-vis.

Ideally cast as Margaret's mother, the tight-lipped but likeable farm woman, is able actress Agnes Moorehead. Dorothy Morris has the brief, but poignant role of a half-wit farm girl, and others in important supporting roles include Morris Carnovsky, Sara Haden, Connie Gilchrist and Arthur Space.

Roy Rowland, who directed Margaret in "Lost Angel," and Robert Sisk, producer of the same film, again are associated with the child star as director and producer, respectively, of "Our Vines Have Tender Grapes."

Dalton Trumbo wrote the screen play from George Victor Martin's novel of the same name.

Vaudeville Show Due Here For 3 Days This Week

WITH ROAD SHOW

Three nights of vaudeville and variety shows are scheduled with Road Show for Big Spring June 24, 25 and 26.

The Plunkett Shows, largely what is termed a family show, has a good road record of long standing and formerly provided most of the vaudeville bill with the Harley Sadler troupe, having played here in 1940 and 1941.

This show is being sponsored by the VFW.

There are ten brothers and sisters in the family and most of them will be in the group to be seen here. The company consists of 25 persons, and a complete change of program will be offered here nightly.

The Plunketts have a new and beautiful flame-proof tent that seats 1,000 people.

A copy of their ad in this newspaper entitles any lady a free pass when accompanied with one adult admission for the first night's performance June 24, it is announced.

Gable And Garson Together Spell "Adventure"

Clark Gable and Greer Garson together for the first time spell "Adventure!" That's the title of MGM's drama which unites two of the greatest box-office names of all time on the Lyric screen today and tomorrow.

Not only does the picture bring these two great stars together, but it has Victory Fleming for the director, Joan Blondell and Thomas Mitchell in the featured roles and Tom Tully, John Qualen, Richard Haydn and Lina Romay in the cast.

The film has everything—stars, romance, adventure, humor, tragedy and laughter, combined to make the most exciting drama of the year.

Louis-Conn Fight Films At The Ritz Tues.-Wed.

Action films — a blow-by-blow account—of the recent Joe Louis-Billy Conn heavyweight championship setto, will be shown at the Ritz theatre Tuesday and Wednesday, as an added attraction.

The Ritz management Saturday announced quick scheduling of the fight, which ended in the 8th round, when Louis let loose a barrage of blows to retain his title.

Mrs. Autry Fetes Mrs. Joe Chapman
Mrs. H. L. Autry honored Mrs. Joe Chapman with a pink and blue shower in her home Thursday. The room was decorated with various arrangements of mixed pink flowers.

Attending were Mrs. Dee Sanders, Mrs. Herbert Moore, Mrs. Asie Chapman of Fort Worth, Mrs. Walter Reed, Mrs. S. H. Newberg, Mrs. H. L. Autry, Minnie Darwood, Mrs. Ale Cipirava and Mrs. Joe Chapman.

Methodist Youth Fellowship Caravan Arrives To Begin Weeks Study Series

Regular Sunday school services with the Methodist Youth Fellowship Caravan in charge will begin Caravan week at the First Methodist church.

With Irene Stewart as counselor, the group of young people which arrived Saturday afternoon include Janet Barron of Harrisville, Miss., Laura Lee Behrens of Copperas Cove, and Earl Johnston of Louisville, Ky. Miss Stewart is from Stamford.

On Sunday Johnston will lead devotional exercises in the intermediate department, and Miss Barron and Miss Behrens will teach classes in the young people's department.

First of the week's series of study and recreation will be held this evening at 7 p. m. and there will be classes for youth of the church, and Miss Stewart will direct classes for adult leaders. Miss Barron will direct recreation, Miss Behrens will teach a class in world friendship and community service and Johnston will teach intermediate "Ways We Worship."

Regular classes begin each morning at nine o'clock and will last until 11. Each evening further instruction will begin at 8:45 and will be followed by inspiration and recreation.

All young people and adult leaders were urged to attend the first session.

The galliwasp is a lizard found in Jamaica and Central America.

Caravaners, left to right, Laura Lee Behrens, Janet Barron, and Irene Stewart, Earl Johnston, standing.

Mrs. Gerald Pardue Honored At Gift Shower In First Baptist Church Parlor

Honoring Mrs. Gerald Pardue, the former Mildred Watson, Mrs. Floyd Hull and Mrs. L. E. Hutchins entertained with a bridal gift party Friday afternoon in the parlor of the First Baptist church.

Guests were received by the hostesses, Mrs. A. A. Watson, mother of the honoree, Mrs. Pardue. Guests were registered by Martha Hobbs.

The refreshment table was laid with a lace cloth and a basket of white and picardy gladioli centered the table. Other floral arrangements decorated the entertaining rooms. Wanda Watson of Rotan and Helen Joyce Engle of Coahoma presided at the refreshment table.

During the receiving hours Mrs. C. W. Norman played piano numbers, and Mrs. Ernest Hock sang several selections.

Those on the guest list included Mrs. Inez Lewis, Mrs. W. J. Alexander, Mrs. Hock and Barbara, Mrs. Dick O'Brien, Carl Phillip and Johnny Haynes, Mrs. Lena Greer, Mrs. Ruth Aisen, Mrs. Martelle McDonald, Mrs. Theo An-

draws, Mrs. Della Angell, Mrs. Lina Lewellen, Mrs. R. D. Ulrey, Mrs. J. E. Hardesty.

Mrs. Ann Gibson Houser, Mrs. M. E. Anderson, Mrs. G. H. Hayward, Mrs. Charles Kee, Mrs. A. C. Kloven, Mrs. J. H. Greene, Mrs. Coy Nalley, Mrs. Robert Lee, Mrs. Nat Shick, Lillian Shick, Mrs. Covert, Mrs. F. E. Bryant, Mrs. C. W. Norman, Mrs. W. C. Rogers, Mrs. Tom McCann, Mrs. C. J. Engle, Mrs. C. V. DeVaney, Mrs. Charles Engle, Mrs. Ida Collins, Julia Boyce and Mrs. Ernest Rainey, Mrs. R. A. Marshall, Mrs. Ralph White.

Daily Bible Schools Held In Coahoma

COAHOMA, June 23—(Sp) — Methodist and Presbyterian Bible school got underway last week with an enrollment of 50 children, with attendance growing daily.

The school is under the direction of Susan Ruman, religious educator from Waco. Teachers and their assistants are Mrs. A. C. Hale and Mrs. Melvin Tindol in the beginners department, Mrs. W. T. Barber and Mrs. Glen Guthrie in the primary department, and Mrs. L. Wood and Bill Wood in the junior department. Rev. Cockrell is teaching the intermediates.

Betty Jean Graves is serving as pianist, and Ray Nell Hale, Frances Eartlett and Jane Echols are in charge of recreation. Rev. E. G. Cullley is directing handicraft. On the refreshment committee are Mrs. C. H. DeVaney and Mrs. Jimmy Brooks.

The school will continue through this week, and will close on Friday, June 28, with an evening program with all children participating. The affair will be held in the Presbyterian church at 8 p. m., and the public has been invited.

Coahoma News

Mary Lee Logan Wed To Leon Patterson June 15 In St. John Church In Lubbock

COAHOMA, June 23—(Sp) — Big Spring were visiting Mrs. Mary Lee Logan, daughter of Mr. and Mrs. Frank Logan, former residents of Coahoma, became the bride of Leon Patterson of Lubbock on June 15. They were married in the St. John Methodist church, with only relatives and close friends present. Mrs. Patterson graduated from Texas Tech College this spring. The couple plans to live in Lubbock.

Mr. and Mrs. J. L. Adams and granddaughter Shirley Ann left this week for points of interest through New Mexico and Colorado.

Mrs. Ione Williams of Fort Worth is spending the week end in Coahoma with her parents, Mr. and Mrs. John C. Adams.

Mr. and Mrs. Roger Newsels and daughter of Odessa, stopped for a brief visit here this week with Mr. and Mrs. J. D. Miller. They were returning from a vacation spent in East Texas and Mississippi. Mrs. Newsels is a former teacher in the school here.

T. W. Farris returned home Friday after spending the week in Brownwood with his son, Buster, and daughter, Mrs. W. E. Milam. Dennis Turner and Winston Hall left this week for Pampa, where they plan to work.

Betty Pearl Kidd, June Stamps, Louis Loveless, Wayne DeVaney and Ray Echols returned Thursday from Kerrville where they attended a ten day Conference for Presbyterian Young People.

Mr. and Mrs. T. W. Farris spent last Sunday in Odessa where they attended the wedding of their niece, Helen Farris to Burrell Ballard.

Mr. and Mrs. Marshall Childree and family are again making their home here. Mrs. Childree moved from here two years ago when Childree was called to the army.

Mr. and Mrs. C. L. Carter, and son Truett, left this week for Hobbs, N. M., where they will make their new home. The Carters have made their home here for the past fifteen years.

Mrs. G. C. Farris is spending the week in Odessa visiting with her son, C. R. Farris and family. Mrs. J. D. Falkner left this week for Midland where she will spend several weeks visiting with her daughter and son-in-law, Mr. and Mrs. S. C. Dougherty.

Mrs. Palmer Evans of Midland has been visiting here with her parents, Mr. and Mrs. G. W. Graham this week.

Mr. and Mrs. R. B. Hood of

Local Girl To Marry

Mr. and Mrs. J. H. Tompkins announce the engagement and approaching marriage of their daughter, Doris, to Terry Lowrey of Henderson.

The wedding has been set for July 12 at 10 a. m. in the parlor of the First Baptist church.

Miss Tompkins attended Big Spring high school. She was a member of the High Heel Slipper club and was its president at one time. She was employed at the city hall for some time, and is now employed at J. M. Radford company.

Lowrey, son of Mr. and Mrs. Frank Lowrey of Henderson, was graduated from Henderson high school. He attended Kilgore junior college and received his degree from the University of Texas. He served in the Army Air Corps for four and a half years and saw overseas service with the ground forces in the South Pacific. He was a lieutenant at the time of his discharge.

Mrs. Thomas Hosts Merry Wives Club

Mrs. George Thomas was hostess to the regular meeting of the Merry Wives Bridge club Thursday evening.

Mrs. Howard Stephens made high score, and Mrs. Joe Black, a guest, made second high and bingoed.

Refreshment plates were served to Mrs. C. E. Johnson, Mrs. Durwood McCright, Mrs. James C. Jones, Mrs. William Dehlinger Jr., Mrs. Steve Baker, Mrs. Black, Mrs. Stephens and the hostess.

Mrs. Clyde Thomas Jr., will be the next hostess.

Hawaiians expressed a desire to become the 49th state of the United States as early as 1896.

TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no troubles at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grape-fruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barconate home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Barconate way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barconate doesn't show you the sensible way to lose weight, your money will be refunded.

Joe Scotts Announce Marriage Of Daughter To Travis West

Mr. and Mrs. Joe W. Scott have announced the marriage of their daughter, Ann, to Travis West on June 15 in the home of the bridegroom's sister, Mrs. J. D. Clark.

The simple ceremony was read by Rev. B. R. Howze of the Primitive Baptist church before a gathering of only close relatives and friends.

The bride was attired in a frock of bride's blue with white accessories, and a corsage of white roses. She carried a small white Bible.

Mr. and Mrs. Robbie Godwin are in Ranger on vacation.

Mr. and Mrs. Alvin Long are guests of the Frank Nells. Alvin was recently discharged from the army.

R. L. Butler left Monday for Kermit to work there.

Mr. and Mrs. S. J. Huestis are on vacation.

Spooky Green is working in Welch.

Mrs. W. T. Conger Sr. of Sterling City, Mrs. John Cole and daughters Joanne and Judy of McCamey and Mrs. Annie Barnett of San Diego, Calif., visited the Bill Congers Tuesday.

Mr. and Mrs. Rayford Lyles and daughters are vacationing in San Diego, Calif.

Mr. and Mrs. Arthur Barton are visiting in Brownwood.

Mark E. Lett of Brady is the guest of his grandfather, Mark Nasworthy.

Mrs. Nell Harvey is the guest of Mr. and Mrs. Gene Buckner in Eunice, N. M.

Webb Hudson of Sterling City was a business visitor in Forsan Wednesday.

Mrs. C. L. West and Aquilla were in San Angelo Tuesday.

Methodists Have 100 Enrolled In Daily Bible School

The first week of a two-week Daily Vacation Bible school at the First Methodist church ended Friday with 100 enrolled, the largest enrollment ever recorded for such a school at the church. Mrs. H. N. Robinson, superintendent, declared.

Average attendance was 85 for the first week. Each day's program of activities included a movie, Bible and community life lessons and projects. Boys' projects include the fashioning of wooden toy animals, and the girls are making stuffed figures.

Graduation exercises will be held next Friday and the concluding feature of the school will be a picnic.

Instructors in the school are for the juniors, Mrs. Ed Williams, Mrs. J. T. Baird, Mrs. Joe M. Fetcutt, Richard Laswell; primary, Mrs. C. Y. Clinkscales, Mrs. Rogers Hefley, Mrs. Clyde Johnston, Mrs. Clara Waters and Jane Northing; kindergarten, Mrs. L. A. Webb, Mrs. L. R. Mundt, Mrs. W. A. Robinson and Mrs. A. E. True.

Church Women, ABC Fete Children

Through the cooperation of the American Business club and the Federated Council of Church Women, 55 children were entertained with a party at the ABC park Friday afternoon.

After the children had played outdoor games, refreshments of ice cream and cookies furnished by the two agencies were served to the children. Mrs. Gould Winn, and Mrs. P. Marion Simms, Sr., served from a table centered with pink roses. Other floral arrangements were of perennial sweet peas and pink and purple larkspur.

Mrs. W. G. Wilson, Jr. was in charge of the party, and was assisted by Mrs. Winn, Mrs. H. W. Smith, Mrs. Simms and Mrs. Sylvan Daimont.

Visits And Visitors

Mrs. E. O. Ellington left this morning for Glendale, Calif., where she will visit her daughter, Mrs. E. C. Bowe, and her family.

Mrs. Wallace Cataldo, Mrs. Ben F. Smith, Mrs. W. T. Brown and Mrs. Albert Smith were visitors with relatives in Abilene and Sweetwater last week.

Dr. and Mrs. C. W. Deas, Wesley and Richard left this week end for Ruidoso, N. M., where they plan to stay for about 10 days.

Mrs. Nora Copeland of Dallas is visiting friends in Big Spring. She was formerly a resident of many years here.

THE TEXAS POLL—

East, West Parts Of State Split Over Negroes Voting In Primary

By JOE BELDEN
Director, The Texas Poll

AUSTIN, June 22.—The United States Supreme Court recently ruled that the negro has the right to vote in Texas Democratic primary elections. But the State of Texas is split, east and west, on the issue, a recently-completed Texas Poll demonstrates.

In the eastern half of the state, where most of the negro population is concentrated; a majority of whites will tell you it is opposed to the colored voting in the primaries.

In the western half, where there are relatively few negroes, the vast majority of people has no objections to the colored taking part in the Democratic party nominations, which in Texas are tantamount to election.

Hitherto the party has barred negroes from its nominating primaries in Texas and other Southern states. The Supreme Court's decision that the Democratic party has no right to exclude anyone because of race, thus gives the

Cosden Chatter—

Refinery Employes Have Visitors; Go Vacationing

The Cosden softball team dropped an exciting game Friday night to Odessa with a score of 6-3.

Jack Reed came by the office this week to tell us he was going to Fort Worth for what he hoped would be his final check up since his operation.

Jeanine Stubblefield, of Colorado City, was a guest in Sarah Kelley's home the early part of last week.

J. D. Stiehler is on his vacation this week which he is spending in Big Spring.

Cecil Tveit and Huff Peters, credit department employes, have announced that they plan to leave the company July 15, to enter school, taking advantage of the GI Bill of Rights.

Averil McClain and George Zachariah are spending the week end in Fort Worth and Dallas visiting with friends and relatives. They will be guests of Mr. and Mrs. McConnel of Dallas this evening and plan to attend the opera.

Mr. and Mrs. W. H. Shelley, Mr. and Mrs. J. K. Alyford, Mr. and Mrs. F. F. Estes, and Mr. and Mrs. J. H. Reese of Colorado City and Mrs. H. M. Hovis of Beaumont are weekend guests of Mrs. Mammie Mayfield.

Rube J. Barton was taken back to the hospital Monday for further observation.

There was an addition made to the Vernon McCoilin home yesterday at 7 a. m. when they became the parents of a new 7 pound girl.

Word has been received that Darene Tindol, former I. B. M. department employe, became the bride of Billy Hayworth at the First Baptist Church in Coahoma yesterday.

R. L. Tollitt returned to the office late Friday afternoon from a business trip to New York, Washington and Chicago.

M. M. Miller left late Thursday on a business trip to Fort Worth, Dallas and Houston. He will be away about a week.

Mr. and Mrs. D. T. Evans are in Austin where they will attend the graduation of their son, D. T. Evans, Jr., from the University of Texas Monday.

Evelyn Merrell was out of the office the latter part of the week due to illness.

Mr. and Mrs. J. P. Eggert are the parents of a six pound ten ounce girl, Susan Margot, born June 3, Mr. Eggert is a former Cosden employe.

We received a change of address from Capt. A. F. Bostick. His new address is: 305 N. Washington Street, P. O. Box 65, Odessa, Tex. We have presumed that Capt. Bostick is on terminal leave.

Norma Henry spent Monday and Tuesday in Abilene visiting with friends.

Mrs. Mamie Mayfield received a telephone call from her son, Dann Mayfield, S I-C, who was in San Francisco at that time and had just returned from Salpan. He stated that he would be home in a week or ten days, after receiving his discharge.

The following refinery employes are on their vacations: C. B. Long, Pat Sheedy, H. McCluskey, O. C. James, Thomas A. Slaughter, J. W. Bennett, Harry A. Loving, J. W. Hemby, D. O. Cummings and George D. Coats.

We would like to welcome Albert E. Stevenson who is a new employe in the marketing department.

CUNNINGHAM AND PHILLIPS

Equalization Board To Meet July 10

Howard county Board of Equalization, which met with representatives of oil companies, the railroad and utility concerns earlier in the month, will re-convene July 10 to adjust tax levels on all local properties within the county.

The board is expected to be in session for two weeks or longer, since all taxable property must be considered.

Knott School Building Under Construction

Work on Knott's \$90,000 school project is scheduled to be started sometime during the coming week, according to J. D. Jones, contractor.

The job has been held up pending the arrival of steel girders.

Jones says the building, a one-story brick and tile structure, could probably be completed within six or seven months.

Idea Worth Exhaustive Consideration

On the lips of many people today is the proposal of a big lake on the upper Colorado river as a source of vastly increased water supplies for five West Texas cities — Big Spring, Midland, Odessa, Colorado City and Snyder.

In a nutshell, the proposition is this: Impounding of sufficient water to supply 26,000,000 gallons daily, based on reserves to carry over for a period of three years if necessary.

The course of action is to create a district composed of member towns to undertake, finance, and operate the project.

It is a startling proposal.

No one yet can say with finality that it is feasible. That is a matter for thorough investigation and engineering, sound legal procedure, practical financing and other angles to develop. As Mayor G. W. Dabney pointed out in the first session of interested cities here Thursday, it will be well to analyze the proposition from the most dire eventualities. Then if it seems practical (and preliminary information offers great hope that it might), there will be ample grounds for proceeding.

Primarily, there will be three factors to consider: 1) Adequacy of supply, 2) quality of supply, 3) economic soundness of the program.

Once these are established with reasonable assurance, other problems such as costs, prices, delivery, apportionment (if

ever necessary), and many others may be worked out in a spirit of cooperation and understanding.

The idea is worth exhaustive consideration. A fundamental truth is that no community can grow beyond its water supply. It is equally true that this area of the state has been confronted a long time with a dreary water outlook. Although our own supply is in fair shape at the moment, we in Big Spring have learned the hard way that precarious water supplies are detrimental to progress, and that individual expansion is expensive.

With this thought in mind, Big Spring should be able to appreciate the importance of cooperative action to meet the problem. Manifestly, a \$10,000,000 (or even half that amount were the matter to devolve to this and communities nearer the proposed lake) program is beyond the anticipated means of the city. Men who have looked realistically at the issue have talked lately of someday even going to the mountains in New Mexico for a West Texas water supply.

While there is nothing of such revolutionary proportions about the current proposal, it is keeping with the acknowledgement of water's key role in development. Should this projected supply become a reality within a few years, there is little doubt that participating cities would be among the favored spots of West Texas for growth and industrialization.

THE LAW OF SUPPLY AND DEMAND

Broadway—Jack O'Brian

Not What It Seems To Be

NEW YORK. — The New York City visitors know, Manhattan, Times Square, the Statue of Liberty, Grant's Tomb, Chinatown, the theaters, night clubs, Fifth Ave. and all the glittering, hectic tone of this fabulous town, isn't really New York City even though it is the easiest portion to write and dream about.

Visitors are aware, of course, of Brooklyn and the Bronx. They usually think of the former as a community of toughened citizens who cut their teeth on broken pop bottles hurled at Ebbets' Field umpires and who call out "er!" and "oil!" The Bronx is, to occasional tourists, a place connected with the rest of the world only by the express subway.

No one seems to understand or care that there are real farms right in New York City proper that Staten Island has all the flavor of a collection of little villages, or that almost 3,000,000 citizens live in Brooklyn.

To the inveterate Manhattanite, who thinks the rest of the world is just a lot of wasteland surrounding several dozen blocks in mid-Manhattan, New York is made up, in about equal parts, of Park Ave., the Club Room of the Stork, Fifth Ave. stores, Jack and Charlie's, walks in Central Park, an occasional Carnegie Hall concert, frequent parties and weekends in Connecticut or Bucks County, Pa.

This particular breed of Manhattanite who hunts sophistication and entertainment like a highly-trained falcon, doesn't even recognize the existence of anything west of Fifth Ave. except Twenty-one and Toots Shor's, and an excursion of the west Forties to see a play or musical.

Just the same, these so-called sophisticated New Yorkers are outnumbered by astroscopic numbers if we were to start comparing the stay-at-homes with the

social butterflies, or moths. Of Manhattan's total population of 1,902,000, only a few hundred frequent the places "that really matter." The rest go to their neighborhood movies and ice cream parlors and taverns just as the folks in the small towns do.

Of New York's entire population of 7,730,000, all but a few live quietly, without social pyrotechnics. Many of the neighborhoods are like separate small towns; Douglaston, for instance, is a community just inside the city line on Long Island which has every possible suggestion of the hinterlands. Except for those who work in New York, the residents seldom come to town, or the Broadway version thereof. The big Fifth Ave. stores have small suburban editions of their elegant salons within short motoring distance.

And where do I live? In a mid-Manhattan hotel. And would I like to live nice and quietly and comfortably in some suburban community?

Not on your life! Exclamation point.

US-Backed Paper Is Austria's Biggest

VIENNA, (AP)—The Wiener Kurier, a German-language afternoon newspaper published in Vienna by the American occupation forces, is Austria's largest daily.

The eight-page newspaper in its 76th issue recently marked attainment of a 285,000 circulation by launching a 16-page Sunday edition. Preparations were made for a circulation of 400,000 within a few weeks although distribution still was hampered by limited trucks and gasoline.

Virtually all of the personnel is Austrian, under an American managing editor, H. J. Burns, former Portland, Me., newspaper-

Washington Merry-Go-Round—Drew Pearson

Truman's Cabinet Flies To Fight

WASHINGTON. — A group of cabinet members and White House advisers were gathered at the home of Undersecretary of the Navy John Sullivan the other day, comparing notes as to who was going to see the Louis-Conn fight in New York.

It turned out that the following were going, and all taking the same airplane to New York: Secretary of the Treasury John W. Snyder; Secretary of Agriculture Clinton A. Anderson; OPA administrator Paul Porter; reconvert John Steelman; White House Press Secretary Charles Ross; White House Personal Secretary Matt Connelly.

"What a chance for the pilot to pull the plug!" wise-cracked ex-Congressman Joe Casey of Massachusetts, now vice president of TWA.

"Yes," shot back OPA's Paul Porter, "and become another Colin Kelly!"

Race Tracks vs. Vet Housing

Biggest scandal in the veterans' housing program is the way non-essential race tracks, roller coasters, and bowling alleys divert thousands of feet of precious lumber and carpenters' time, which could be used on home for veterans.

Among the new or refurbished race tracks are those at Atlantic City and Monmouth, N. J., with the Arlington, Ill., track also attempting to wangle some new reconstruction, and quite a battle raging over the Tanforan tracks near San Francisco.

The fight over rebuilding Tanforan is an illustration of how energetic race track owners and sleepy-eyed CPA officials cooperate to give veterans' housing the go-by.

On April 26, a San Francisco contractor filed a complaint with CPA (Civilian Production Administration) that the Tanforan race track was getting carpenters by advertising overtime and, as a result, his veterans' housing projects were at a standstill.

CPA, however, ruled that Tanforan was merely demolishing former Navy construction, which it ruled was permissible. About this time, however, Tanforan applied for a new construction permit, and, according to Guy Standifer, president of the track, he was encouraged to go ahead by E. W. Halloran, regional CPA construction manager.

Halloran denies this, but Standifer testifies that Halloran was very sympathetic and virtually told him to go ahead with the work pending action on the permit.

Gambling Joint Gets Lumber

Meanwhile, this columnist, on June 2, publicly called attention to the reconstruction of Tanforan and asked CPA Administrator Jack Small why he was permitting it. Next day, June 3, Gilbert Kneiss, district CPA construction manager, claimed that the Tanforan application had been denied on the previous Friday, May 31.

His superior, Mr. Halloran, however, knew nothing about this

stop-order and, as of Monday, June 3, had not made up his mind regarding the Tanforan construction permit.

This illustrates one inside reason why CPA lets race tracks, bowling alleys, and roller coasters get built, while veterans' housing is sidetracked. Kneiss, who wanted to stop the Tanforan reconstruction, is an engineer and former district manager of the War Production Board. Halloran, his boss, who wanted the race track built, is a contractor. Contractors usually are sympathetic to the desires of other contractors, and many of the CPA local committees are from the building industry.

However, three days after public comment by this commentator and after CPA allegedly issued its denial of a permit, a CPA inspector found that Tanforan was continuing work on stables, grandstand, clubhouse, and paddock to the tune of about \$132,000.

Furthermore, it was found that excess lumber obtained by dismantling temporary war buildings at the race track went to build a new gambling house at Lake Tahoe, Nev., owned in part by E. W. Heple, Tanforan's contractor. The Tanforan people claimed all this lumber went to veterans, but this was not true. Actually, part of it went to the gambling joint in direct violation of a CPA order.

This is just one illustration of how and why the boys who lived in foxholes are still looking for homes.

NOTE 1 — CPA officials say that veterans' housing is also handicapped in part by some federal judges who don't cooperate in helping to enforce CPA regulations, among them Judges Adolphus St. Sure, Michael Roche, and Martin Welsh in Northern California. In contrast, Judge Louis Goodman, in San Francisco, gives vigorous cooperation in enforcing CPA construction permits.

NOTE 2 — One race track which went out of its way to cooperate with the veterans' housing program is the Southern California Jockey club. Its president, A. J. Unlack, released all his building material, ordered many months before, to veterans.

NOTE — Should the Senate OK Byrnes' appropriation bill while he is in Paris, it would greatly strengthen his hand at the international conference table. (Copyright, 1946, by the Bell Syndicate, Inc.)

The Age Old Question Of Age

By FRANK GRIMES
Herald Special Writer

One of Dr. Gallup's recent pulse-feeling forays asked the question, "At what age does middle age begin?"

By sex, men said 40 years and women said 45, which is not surprising. What did surprise the questioners was that the youngest group of the questioners gave the same answer as those fifty and over, contrary to the popular belief that youth is incapable of distinguishing between middle age and old age. The median answer of all age groups was 40 years. Professional and business men, as a group, picked 45, while farmers and manual workers said 40.

None of the groups seems to have been influenced by the Biblical formula of three score years and ten, for none selected 35 as the ideal middle-age beginning.

The dictionary defines middle-age as "being about the middle of the ordinary age of man." The average life-span has lengthened amazingly in recent years until today it stands somewhere in the 60's, a circumstance attributable to a lower mortality rate among infants. Apparently those interviewed by the Gallups consider eighty the end of the road.

Actually, the business and professional men and the women who placed the beginning of middle age at 45 were nearer right than the majority groups who picked 40. That is about the normal time of "change," a period mistakenly attributed only to women, whereas men inexorably pass through less pronounced and violent in their case, being psychological. It is then, if ever, men start "running around" and doing crazy things. It is

The Nation Today—James Marlow

Veneral Disease Rate Climbing

WASHINGTON. (AP) The Army did well in keeping down venereal disease among its troops during the tough war years.

But, gonorrhea and syphilis have climbed since the shooting stopped.

In 1945 venereal disease in the Army hit its highest peak in 25 years.

In 1945 the rate of infection was 69 men out of every 1,000. The previous high for any recent year was 1920 when the rate was 78 out of every 1,000.

This information was given Congress by Army officials who told the House appropriations committee.

The rate of disease varied with the location of troops. Example: In the United States, 45 per 1,000; in the Mediterranean theater, 132 per 1,000 in Europe, excluding Iceland, 98 per 1,000.

But during the full war years the rate per 1,000 men was: 30 in 1942; 28 in 1943; 37 in 1944.

Those figures do not include 200,000 men drafted into the Army with gonorrhea or syphilis. They were drafted and then treated.

The simple lesson, apparently, is this: During tough campaigns men are kept busy and don't have opportunity to contract disease; when the war ends and they have more leisure, the rate goes up.

The Army says it does what it can to prevent disease among the soldiers but it isn't always able to gain control over conditions in civilian communities which are the main source of infection.

On this point the Army officials told Congress:

"This is particularly true at the

present time in foreign theaters, where prostitution is considered an inevitable social evil by the inhabitants, thus contributing a highly infected civilian population and where the moral standards are lower than in the United States.

"Added to this is the breakdown in moral and spiritual values that accompanies all wars, particularly in areas where the

The Army took a crack at writers who have written glowingly about quick cures for venereal disease.

The Army officials, frowning on this, said it helped increase the rate by "minimizing the seriousness of venereal disease."

Hal Boyle's Notebook

\$25,000 To Save A Life

FRANKFURT.—(AP)—"I could be going home with 25,000 bucks and all I'm carrying is my barracks bag," said the corporal.

"They tell you the army offers you lots of opportunities—but I sure missed mine. All because I didn't want to see another dead man," he added.

This two-striper was bowing out of service in a style that bore no relation to his position in the so-called army caste system. He had surplus allied marks and was spending them in a farewell champagne party for his buddies.

"All the time he was pushing across France chasing the Krauts we always used to hope we would catch up with a Jerry paywagon," he told the audience of inexperienced privates.

"We heard a lots other outfits that would catch up with a paywagon in a column the air guys had knocked out. They was hundreds of thousands of francs in them. But it never happened to us—leastways not until we hit Germany."

The corporal opened another bottle and spilled it over the glasses of his friends.

"We come into this place to clean it up after the first battalion had already pushed through," he said. "It was just another small town all beat to hell with dead krauts laying around and scared old people yammering in the cellars."

"It was only seven of us in the squad, and we wasn't in any hurry. One guy thought he saw somebody jump into a big house at the end of a street, so we moved in to give the joint a lookover."

"They wasn't nobody there. I dropped a grenade in the cellar and we took the other three floors slow—the place was empty."

"We figured it was a Nazi hang-out and decided to give it a real going-over. We didn't find nothing

ing till we got to the kitchen. They was an old beat up trunk by the stove with a lotta clothes sticking out. It wasn't even locked."

"One of the boys flipped back the lid and pulled out the clothes. I All he thought he would find was maybe an old watch that we could throw away the works from and sell the gold case. But — watcha think we saw?"

"Nothing but a trunkful of American dough! The top layer was fulla bundles of ten-dollar bills. We all looked at it and nobody said nothing. Then one guy said, 'Let's take a bundle apiece.' Then another guy said, 'Jeez, let's split the whole damned thing — there's at least a quarter million there.'"

"But the sergeant said real quiet, 'No, we're going to turn every penny of it in.'"

"You're kidding," said one chunky little guy.

"I am like hell," said the sergeant. "We turn it in — all of it."

"I'll kill you first," said the little guy, and he upped his carbine. The sergeant's forty-five was in his holster, and he didn't move.

Only stood there. I didn't have time to do any thinking but I was tired of seeing dead people, so I stuck my carbine in the little guy's back, and that stopped him.

"Why I did it I still don't know — the surge was a jerk from another outfit. We didn't even know him and nobody woulda missed him."

"So we turned in all that dough. I woulda got 25,000 bucks out of it easy."

The corporal emptied his last bottle. "Oh, well," he said, "my boss wrote me he was gonna give me a five-buck raise, and I guess you can still get along pretty well out in the states on forty-two-fif-

Farm And Ranch News

By WACIL McNAIR
A Howard county delegation moved in on the real sheep country down Sonora way Thursday, and although they were short in numbers entries of the local group withstood the judging in surprising strength at the 19th annual wool and mohair show. As result of the trip to Sonora, the county will be represented at the Denver show in July, since the Sonora Lions club, sponsor of the event in Sutton county, plans to send all blue ribbon entries to Colorado. J. W. Overton of Forsan took a first prize with his entry from a registered Rambouillet buck. The Overton family, incidentally, accounted for two of the three ribbons won by Howard countians, with Jesse coping third place in the boys division with a registered Rambouillet yearling ewe entry.

The trip to Sonora reported good rains at Christoval, Eldorado and on into Sutton county. In fact it rained most of the time during the wool show. The Sonora Lions club furnished sleeping quarters and meals for visitors during the show.

J. D. Prewitt, vice director of the extension service reports that this year's potato crop may be the largest in history. The government originally asked farmers to produce 52 million bushels, but the acreage and crop conditions far overshadowed the goal and current prospects are that between 70 and 75 millions bushels will be harvested, with a large portion of it in Texas.

The 4-H club grass judging team met again Saturday for a final instruction and practice session before they depart for the district camp. About 25 Howard county club members will leave Thursday morning for the three-day event at Tankersley.

By next spring and summer, when the probable small pig crop of this fall comes to market, a decrease in the supply of pork is likely to be evident, the extension service reports. Cattle numbers seem likely to continue the down swing, with fewer cattle for slaughter this year than last and fewer next year than this. Farmers and ranchers have been cutting down their sheep flocks for four years now. If farm labor gets plentiful enough and sheep and lamb prices rise, they may halt the downsizing in sheep by sending slaughter and keeping more at home for breeding stock. All in all, the total expected output of pork, beef, and lamb next year may be about one billion pounds less than this year.

In Hollywood—
Harry Truman
Sends Queries
To Press Agent

By BOB THOMAS
HOLLYWOOD, June 22—(AP)—Imagine, if you can, walking onto a Hollywood stage and finding Harry Truman talking to a press agent.

The Truman, in this case, was a St. Paul, Minn., actor named Roman Bohnen who is portraying the president in the atomic "The Beginning or the End." He bears a fair resemblance to the chief executive, especially at a distance.

"I can't see the likeness at all," he said. "My agent looks more like the president than I do."

Bohnen said he is a Democrat, having "voted myself into this job."

The actor was performing his role in an exact replica of the president's office. The scene called for him to make the decision for the Hiroshima bombing.

"When I was senator, I didn't know anything about the bomb," Bohnen told me, lapsing into character. "They told me the big plants were bubble gum factories. Whenever I tried to investigate one I would get a note saying: 'Dear Harry, please stay away. I'll tell you about it later. FDR.'"

Bohnen observed that he was getting more for impersonating the president than the president actually earns.

"How much?" I asked.

"See my agent," he answered.

Now would the president say that?

Overheating Radiator Service

Truck, tractor, caterpillar or passenger car—if its radiator is overheating, leaking or injured, we can make the radiator function properly. If necessary, we can replace the core. Have a specialist shop do your work.
