Dunbar - Estacado Meet Here Saturday Night

Program Launched in Washington to Deposit \$100 Million in Minority Banks

Participating in the recent announcement of a program to increase the deposits of minority banks by \$100 million during the next year were (from left): William Hudgins, President-elect, National Bankers Association (NBA), and President, Freedom National Bank in Harlem, N.Y.; Department of Commerce Secretary Maurice H. Stans; Donald E. Sneed, President, Unity Bank & Trust, Roxbury, Mass.; Paul Johnston, President, Glen Alden Co.; Dr. Edward Irons, Executive Director, NBA, and Samuel Beard, Chairman, Capital Formation, Inc.

Washington, D.C.—Three officials of the National Bankers Association said a newly announced government-private sector program to increase deposits in minority banks by \$100 million during the next year will have "tremendous social and economic impact" in the minority community.

The program is warmly endorsed by President Nixon who has pledged that "encouraging increased minority group business activity is one of the priority aims of this Administration."

Announcement of the special campaign to increase the deposit balances in Black and other minority banks was made at a press conference hosted by Department of Commerce Secretary Maurice H. Stans.

Also participating in the press conference were: Treasury Under Secretary Charles E. Walker; Dr. Edward D. Irons, Executive Director, National Bankers Association (NBA); William Hudgins, President-

elect, NBA, and President, Freedom National Bank, Harlem, N. Y.; Donald Sneed, President, Unity Bank and Trust Co., Roxbury, Mass.; Paul Johnston, President, Glen Alden Co., and Samuel Beard, Chairman, Capital Formation, Inc.

Sneed and Johnston are co-chairman of the Subcommittee on Minority Bank Deposits of the President's Advisory Council.

Secretary Stans indicated that a minimum of \$35 million will be deposited by government agencies, and that the remaining \$65 million in deposits will be obtained from the private sector—corporations, educational institutions, religious organizations, foundations, labor unions and state and local governments.

The private phase of the program will be carried out by Capital Formation, Inc., a national non-profit foundation which is involved in minority enterprise development, and the National Bankers Association.

Dunbar Falls To Lamesa

By Harold Gentry

Last Friday night, the Dunbar Panthers left their lucky piece home when they met up with the Lamesa Tornados. The Panthers took the game to the Tornados in the early minutes of the game, The Dunbar team took the ball for the first time and Glenn Davis completed a bomb to Anthony Wilson, Dunbar's big end, on the 15-yard line of the Tornados. On the next play, Gentry took the ball to the four-yard line and then Kenneth Burrows plowed in to score for the Panthers. Davis missed his conversion try and the score was 6-0 up until the last few minutes of the first half when Lamesa went ahead with a score and a successful conversion try.

In the second half the Panthers came out ready, but could not get their work together. The Tornados took advantage of this failing and the game ended 19-6.

The scene will be set Saturday night, October 17, at 7:30 when the annual inter-city rivalry will be held between the Panthers of Dunbar High School and the Estacado Matadors. Thousands of Lubbockites are expected to be on hand at kick-off time to witness the game.

Those fighting Panthers of Dunbar will take a three lost-one win record into the contest against the Matadors, who sport a two win-two lost record this year.

The history of this game shows that Estacado has not only won both previous games, but has dominated the contest to the point of blanking the Dunbar teams on both occasions. The Panthers have been blanked 28-0 and 10-0 in the only two meetings between these teams.

Dunbar was defeated by South Oak Cliff of Dallas in their open-

ing game 16-13, defeated by Vernon 16-0, came back to beat Hereford 17-14, and then dropped their last game against Lamesa 19-6. On the other hand, the Matadors have defeated Plainview and Colorado City while falling before a very impressive Monahans team and dropping their only inter-city game so far to Coronado.

The game should be an evenly matched contest this year, despite the records of both teams, although the Matador tutor, Coach Pete Murry states, "Coach Louis Kelly has done a splendid job with the Panthers and their potential is dangerous in any given contest."

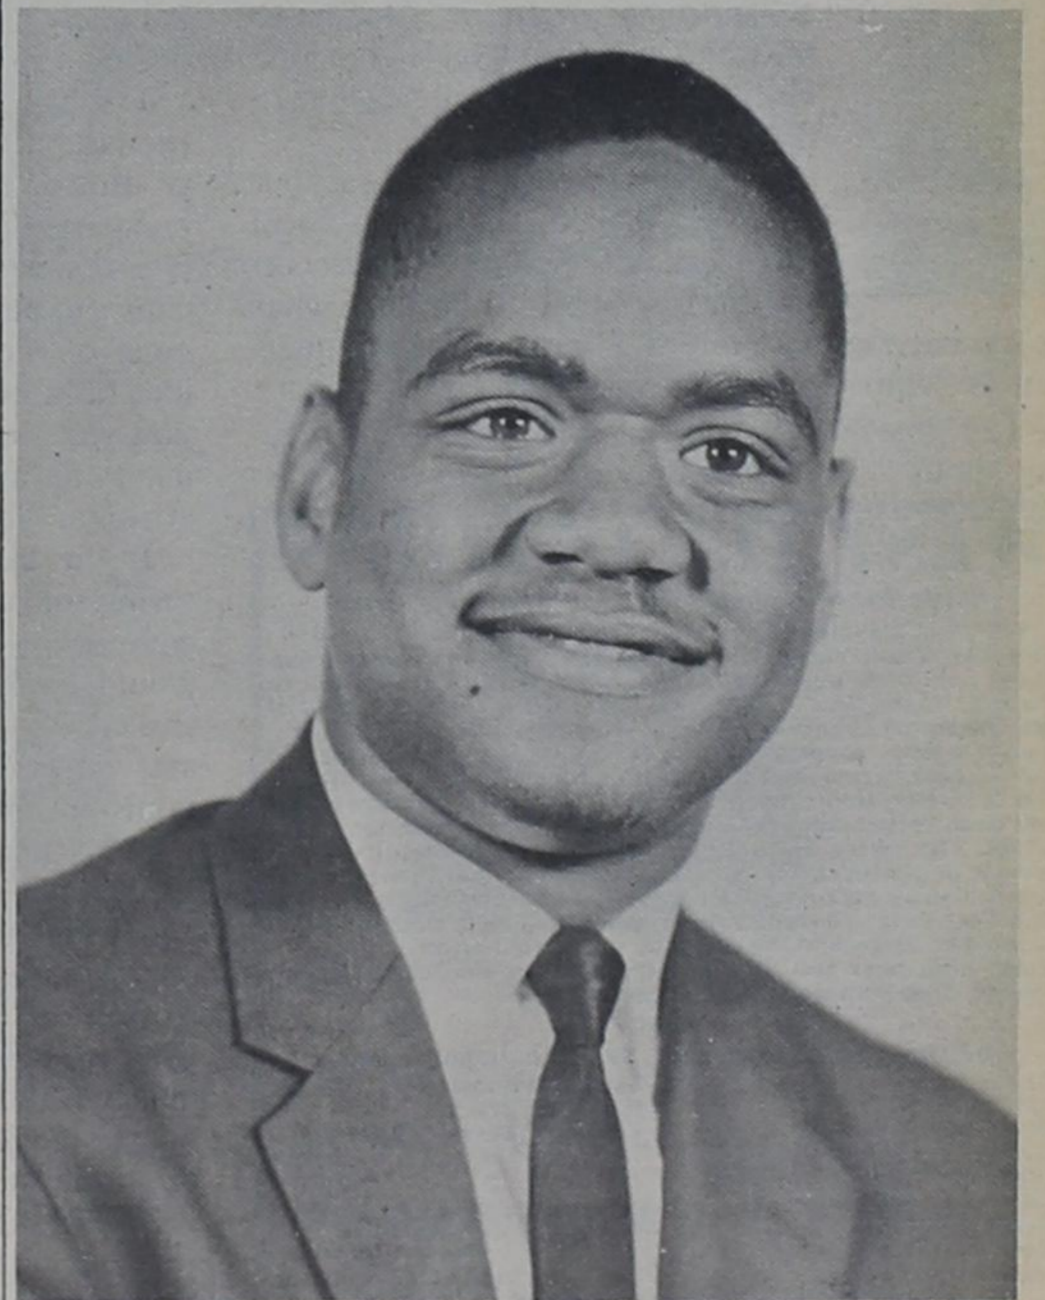

Coach Kelly, who replaced Prentiss Williams when he moved to Ector High School in Odessa, is at the helm for the first time against the Matadors and is expected to use any means necessary to win. But Coach Murry is also looking forward to exemplifying the talents of the blue and white Saturday night at Lowery Field.

The stage is indeed set and the outcome should be one of great interest to all concerned. No matter who you are rooting for, the Matadors or the Panthers, everyone will certainly have an opportunity to witness a great contest Saturday evening at Lowery Field.

It's Time for Everyone to Be Involved

By T. J. Patterson

It what happened to Mrs. Deloris Tobe is true about being mistreated by Lubbock police, then we as black people must get involved in order to find out what is going on in our community. I guess one might say that it's time to have an operation on the system.

Perhaps, if this is true and we become involved, some people in the city might say that this involvement makes us militant and that all of this started from the acts of black militants throughout the country—especially the group called the Black Panther militants. Also, some will say, any black person who speaks out against the system will be considered a black militant. And of those who wear the "Afro", Dashikis and use the words "Brother or Sister" in public to people other than blood relatives—they also should be referred to as militant. That's okay; call us what you may, but we still want to know what's happening.

Now to really get involved, we can't afford to get caught in a political spider web. The thing most people can do to avoid getting caught in any political mental trap is to train oneself to do more than just look at the news—understand it. If you find people trying to say something against a brother or an entire group of people, nine chances out of ten, what he is saying is a lie. If you find them trying to blame a whole group of people for the action of one person from that group, the information (news story or what have you) is a lie. One of the things these people have going against them is that they can't get too complicated when they want to work a trick on people, so they will rely on using the same old groups of words and people that they have used in the past. Sometimes we allow ourselves to fall into the trap that people with weak minds set for us. We become so use to the same old words and the same old ways that we find a safe little cubby-hole within an unjust system, and we joyously accept the one dollar the system gives us and fearfully ignore the fact that this same system gives some of us a hard row to hoe.

These things are to be considered before one becomes concerned about being involved in the cases like Mrs. Tobe's. For once in our lives, let's remember that what happens to one of us affects all of us some time in our lives. Several weeks ago, the City Council was given a proposal to form a committee to investigate charges when they were made against the local police department. At the offset I had not been to enthusiastic about this idea. But if the above mentioned case is normal, as some people have charged, and there is no better communication or cooperation than we received in attempting to check out the charges, then some sort of action to establish a review committee, composed of concerned citizens, must be considered by the City Council.

All over this country we find young people trying to change many different things. In many cases,

the over 30-year-old group has not done what they were charged with. They have not done their part to see that these problems don't become prevalent. Maybe it's a feeling of jealousy on our part that we have criticized those young people. Maybe their righteous energy makes many of us feel all the more weak and impotent, and cause us to resent the young. Maybe we really do hate these young people, our children, because they have the determination that we were afraid to show. In any case, as long as we continue to let things happen that we know are wrong, the generation gap will get a lot wider before it gets any narrower.

I'm sure they'll want us to get involved with matters like the Tobe case. Perhaps, only then, can we begin to work closer together as brothers and sisters.

More Thought Needed on Ordinance

Our congratulations to Mayor James Granberry and Councilman Deaton Rigsby for having the courage to vote against a recently proposed ordinance prohibiting the sale or distribution of wares to motorist in traffic lanes.

Although the ordinance passed on the first reading by a vote of 3-2, more consideration should be given to the proposal before it is passed and put into effect.

Admittedly, it is dangerous for young children to use the streets and medias in heavily traveled streets to vend newspapers or other wares, as has been the case with several newspapers in the city of Lubbock for many years. But it is just as dangerous for any governing body to allow itself the liberty of repressing in any manner the flow of news material in a free society.

It has never been the policy of this newspaper to encourage youngsters to "hawk" their papers on the streets, or through-fares of this city or any other in our circulation area. It has always been our idea that a "common sense" approach to such a problem was the best way to attack it, and we felt we had the obligation to see to it that our people did not endanger themselves as they sold their papers. In this respect we can only say that common sense on our part, and the responsibility

of the parents to keep their children off of streets is what we tried to do. We didn't discourage street sales, we just didn't allow it.

But in our opinion, this is only part of a problem that will be laid open if the new ordinance is passed. What will be the opinion of the local courts if tickets, under the new ordinance, are issued to motorists who have doubled parked in order to distribute newspapers to vending machines and news-stands? What will happen at some of the local banks when patrons back up at the drive-in windows into traffic lanes, waiting for room to drive on to the bank lot? And what will happen when some of the local food establishments, with drive-in facilities, are forced to loose business because their windows are full and people wishing to purchase their wares are backed up into the traffic lanes of the streets?

Probably what will happen is that the city will not enforce the new ordinance except in certain cases! Probably the city will take the stand that it is not good business to enforce the ordinance on down-town businessmen, while it follows with great zeal the enforcement of the ordinance against certain newspapers in town. We can only hope that someone down-town doesn't decide they want to ask the city council to put the West Texas Times out of business also.

my views

By Eddie P. Richardson

Why can't we think? And if we think, why can't we act or react? We do not think for ourselves or act on our own at all. It seems to me that we always have someone else think for us or tell us what to do and when to do it.

The editor of this newspaper has been called on by the local ministerial alliance, pulling his coat-tail because "they" didn't like what he has been saying lately in his editorials. My question is "Who the hell is 'they'?"

The preachers have been so busy lately worrying about "they" that only one preacher, Rev. R.

S. Stanley, has inquired about the reported case of police mistreatment here in Lubbock week before last. Only one preacher has seen fit to show any interest or concern about the matter and try to investigate what happened. May I say here that I take my hat off to Rev. Stanley—a real concerned preacher in my estimation.

For two hundred years the black preacher has been the major spokesman for the black community. But in the last thirty years, most of the black preachers I have witnessed only emerge when there is a praise or honor to be received, yet when it comes to putting their neck on the chopping block, most of them are not around. When a project or idea fails, most of them are on hand to say "I told you so," but when there are bows to be taken, many are at the head of the pack, expressing the attitude, "look what I did!"

If the black preacher spent half as much time saving souls and being a humanitarian as he spends compromising and planning, the black community would be 20 years ahead of its present position and many of our people would be able to think and do for themselves. It is my hope that local ministers really have "seen the light" as they claim!

Black people you must wake up and think, and stop waiting for someone to tell you what to do and when to do it. The older generation has let our younger people observe you being told what to do, and when to do it, and now we wonder why youngsters have been led to believe that they must go along with the black militant idea. Who do you think taught them to be led—yes led—down the primrose path to self destruction?

This past Saturday I had the opportunity, along with our editor, to attend a few sessions of LaRaza Unida at Tech. These people are taking care of their business, joining forces, and forcing out the Vendidos, or Uncle Toms, as they go about the business of making for themselves a better world in which to live. They have reached a point of maturity where they no longer allow any one person to go forward proclaiming they are the only leader of the community, and they also have reached the point where they will not allow the people down-town to hand pick leaders for their community. Wouldn't it be wonderful if we had the same idea here in the black community?

TEXAS PRESS ASSOCIATION

Austin, Tex.—State employees want a 17-per cent pay raise within the next two years. They served notice of their desire at the annual meeting of the Texas Public Employees Association.

TPEA's legislative program for 1971 seeks a three-step (10.2 per cent) raise effective next September; and a two-step (6.8 per cent) hike the following September; plus a 3.4 per cent merit raise for half of the employees.

Also requested are "career incentive" benefits—a \$10 a month automatic raise after three years of service, ranging up to a \$60 a month supplement for employees with 30 years' service.

Substantial pension benefits also were included in TPEA's far-reaching legislative package which would give retired employees with 30 years' service 50 per cent of their base pay.

State employees also want their travel allotments boosted to \$16 a day per diem and 12 cents a mile.

Social Welfare Changes—Continuing growth of welfare will bring changes in basic operating methods of the State Department of Public Welfare after January 2.

Welfare Commissioner Burton G. Hackney says that the key procedural change would require welfare applicants to fill out their own "declaration forms." This would replace face-to-face interviews with overworked caseworkers. This method already has been tested in Corpus Christi, Austin and Nacogdoches regions.

Another change would reduce social services to that which can be quickly provided and for which specific goals can be defined.

Hackney predicts that legislators will be called on for \$96 million annually in state funds, just to keep the financial assistance programs at present levels. This is \$16 million above the constitutional ceiling. Some \$291 million in federal funds would match the state outlay.

Police Beat

Church Broken Into

Lubbock police investigated a break-in at East 20th Street and Birch Avenue Church of Christ last week. The unknown intruders kicked in a back door and ransacked the pastor's study.

The thieves also rifled a vending machine of about \$7 in change and took a tape recorder valued at \$200.00.

Burglary

John Tunstall, 1515 Avenue C, Apt. 18, reported to the Lubbock Police Department that someone did take \$80 from his cabinet in the restroom.

He admits that he has an idea who was responsible for the incident and would file charges.

Vandalism

Eugene Gentry, 1822 East Auburn Avenue, reported to the Lubbock Police Department that someone broke out the rear window of his car. There was nothing in the area of the car which could have been used for a weapon.

There was also nothing missing from the automobile.

Burglary at Posey Elementary

Persons unknown broke into Posey Elementary School last week by breaking out a window on the lunchroom side of the school building.

It was learned that a number of lunch tickets, and an undetermined amount of change from two candy machines, were taken.

There was approximately \$425 total damage done to the building, including the items taken.

Estacado Wrench Stolen

E. W. Reed, principal of Estacado High School, told police that a student in the auto mechanics department reported that he had seen an air wrench in a local pawn shop. Not knowing if the wrench was missing, the principal checked the school storage area and found that the wrench was gone.

The cost of the wrench is estimated to be over \$50.00.

Bessie Mason motored to Houston to pick her up.

Paul Hemanes remains ill at home. Mrs. L. M. Knowles is home from the hospital and is recuperating nicely. Mrs. Hallie Mae "Lil Sug" Lockhart is a patient at Methodist Hospital. Willie Turner has just recently undergone surgery.

Little Darrell Edward Barry celebrated his third birthday Sunday, October 11th, at the home of his mother, Mrs. Judith Ann Berry. Although he has been in a cast since September 23rd when he was struck by a car, he is recuperating nicely and enjoyed his day very much. A few friends were invited and he had the "works", including cake, ice cream and gifts galore.

Darrell is ready to admit that being bound by a cast still can't stop birthday fun.

Annual college night is scheduled Monday, October 19th, at Monterey High School. This annual event will provide an opportunity for Lubbock and area Junior and Senior high school students and their parents to confer with some 45 representatives of major college and universities, including vocational schools.

First hand information, regarding costs, requirements and aspects of campus life and special opportunities will be provided in the interviews.

Mrs. Mary Clark, of 1010 East 29th Street, Apt. D., has recently returned from a trip to the west coast where she visited relatives in Los Angeles and Pasadena, California. She reported a most welcome stay with her daughter, Mrs. Tommie Lee Booker.

Mrs. Larry Young and her daughter, Laralyn Necal, recently traveled with her husband to England, where he is scheduled to serve a three-year tour of duty with the United States Air Force.

Mrs. Young, the former Maryland Hobdy, is a graduate of Dunbar High School and graduated from Texas College at Tyler, receiving her B. S. degree in elementary education.

Before her departure, she taught Special Education at Bean Elementary School here in Lubbock.

Airman Young, who is a member of the 48th Combat Support Group, had just recently returned from a tour of duty in South Vietnam. He is a former resident of New Orleans, Louisiana and had been stationed at Reese Air Force Base.

Before the couple left, they were honored with a party given by Mrs. Matthew Rider, Mrs. John Rainwater and Mrs. Young's mother, Willie Hobdy.

from my scratch pad

By George D. Parrish

Mr. and Mrs. Edward Watkins of Denver, Colorado, spent a few days in the city visiting in the home of Mr. and Mrs. Hubert Thompson of 1316 N.W. 16th Street. Mrs. Watkins is a sister of Mrs. Thompson. They say they had a wonderful time.

Mr. and Mrs. Jessie Spencer, of Lubbock, spent the week-end in the home of Mr. and Mrs. Albert Wofford, of 116 N.W. 5th. Mr. Wofford has been quite ill in St. Anthony's Hospital. He is recuperating at home now. Mrs. Spencer is a niece of Mrs. Wofford's.

Mr. George Ingram, of 1501 N. Washington, was called in Dallas to be at the bedside of his son, Robert L. Ingram, who underwent surgery in St. Paul Hospital. Mr. Ingram has now returned home after leaving his son up and doing nicely.

Mrs. Eva Cooper of 1632 N.W. 15th was smiling and beaming with happiness lately and she had every right to be. Why? Well it went something like this; a few months ago Mrs. Cooper was visiting her son and he gave her a hand-carved stagecoach, complete with driver, shot-gun rider and six horses.

Mrs. Cooper entered this magnificent piece at the Tri-State Fair this year and won a beautiful Blue Ribbon, or First Place. Now isn't that enough to beam and smile about?

If you haven't been by Mrs. Cooper's home, you should go by sometime and see some of the paintings her son has done. You certainly would enjoy talking with Mrs. Cooper.

Mrs. Charles E. Warford of 601 Arnold is recuperating nicely in her home after spending some time in the hospital. Mrs. Warford is the wife of Mr. Charles E. Warford, owner of Warford's Mortuary at 409 N. Hughes.

Mrs. Velma Sayles of 1641 N.W. 17th entered North West Texas Hospital Tuesday where she will undergo surgery.

Mrs. Ida M. Warner of 919 N. Washington, has been shut-in for four weeks recovering from an accident.

Mr. Grover W. Martin of 1914 N.W. 19th left Sunday to return to his job in Mississippi after spending a week with his wife, son and daughter.

In the October 1 issue of the Times I wrote about the Opportunity School being held in the Opportunity Neighborhood Center. It was printed that I said they were not held up this year, as in the past due to non-compliance with HEW. What I was trying to say is that this school is fully integrated and has never been held up, not that it would be. Hope we have this straightened out.

Mrs. Susie Foster Neal of 1633 N. W. 15th has a way of doing things for the sick and shut-ins that I really do like, especially since I was on her list.

Mrs. Neal baked some very beautiful and delicious cakes Saturday for some of us who were sick. Thank you Mrs. Neal, for being so thoughtful toward so many.

The Amarillo Christian Council of United Church Women held their annual tea in the home of Mr. and Mrs. M.N. Mallory of 617 Arnold Place.

The home was beautifully decorated throughout with ivy and red geraniums.

Members attending the tea were; Mrs. Roberta Jenkins, president; Mrs. Lola Plant, secretary; Mrs. Mrs. Lenoria Shorten, Mrs. Mamie Williams, treasurer; Mrs. Cerillo Mayberry, Mrs. Bertha Huff, historian; Mrs. Jimmie Lawrence, Mrs. Helen Thomas, Mrs. Bernice Mitchell and the hostess Mrs. M. N. Mallory.

Refreshments were served and receipts for the evening was \$60.

Saw this the other day and thought it was cute.

Receipt for a secretary:

Take a sweet smile and mix with good typing skills, add dictation and ability to make appointments and help congenial boss be on time. Flavor with nice voice and garnish with desire to work. Serve into office for happy results.

City Wide Mission

The members of the City Wide Mission had its regular meeting last Monday in the home of Mrs. Mary Sterling. Mrs. C. E. Fair is president of the organization and announced that the group welcomes new members and visitors at their meetings.

Congratulations to J. P. Potter, Jr. of Abilene, Texas for being the most outstanding producer for the week of October 12, for Atlanta Life Insurance Company's fine family of agents.

When you need insurance, feel sure the Atlanta Life Insurance Company, 504 E. 23rd Street here in Lubbock, can fulfill your needs in Health and Accident, Hospitalization and all types of Life Insurance—including Mortgage and Educational. All the many policy holders of Atlanta Life Insurance Company should watch each week for their favorite agent.

Black Coalition Sets Reorganization Plans

Members of the United Black Coalition met last Thursday evening at the Mae Simmons Multi-Service Center to discuss the future plans of the organization. Rev. Adolphus Cleveland, president, resigned and Eddie Richardson was elected to act in the vacant capacity.

Richardson was charged with the responsibility of working with the executive committee and coming up with a plan which could benefit the organization as well as the black community.

"There is a lack of general public interest in the organization (UBC)," explains Richardson. "Whenever there is some major issue like the recent Bond Election to be decided, there is heated interest, but when there is not a public interest, enthusiasm dies," he continued.

An executive committee member, Dr. F. L. Lovings, said, "We could function well, we need a complete and bonified reorganization and let the public know who we are and what we stand for."

One of the first steps to be considered in the very near future is to contact all black organizations and set up a speakers bureau.

The organization will meet each Thursday evening at Mae Simmons Multi-Service Center until the broad-based membership desired is actually reached. Residents of East Lubbock are invited to attend these 8 p.m. sessions at the center.

American Medical Association was organized in 1847.

The Business and Professional Women's Club has selected five girls from Lubbock high school as B & PW Girls of the Month for the month of September.

Lillian E. Lincoln, selected from Dunbar High School, is the daughter of Mr. and Mrs. A. W. Lincoln of 1829 Manhattan Drive.

Her activities include membership in the student government, National Honor Society, Texas Youth Conference, Lubbock Music Club and Future Teachers of America. She is also a member of Carter Chapel C.M.E. Church where she serves as organist.

Her honors include "Outstanding Teenage of America" for 1970 and United Fund Flame Girl. She plans to be either a medical technologist or professional model and intends to attend North Texas State University.

Newspaper Boys and Girls Honored by Times

The first annual West Texas Times Newsboys and Parents banquet was held last Friday evening at 8 in the meeting room of the Plains Co-Op Oil Mill with the young people who sell the West Texas Times each Thursday afternoon being honored. A special salute was also made to the parents of these young people.

Norman Williamson, publisher of the Times, spoke words of encouragement to all newsboys and newsgirls present and saluted them for a job well done. He told them how important the job they did each week was to the many readers in West Texas.

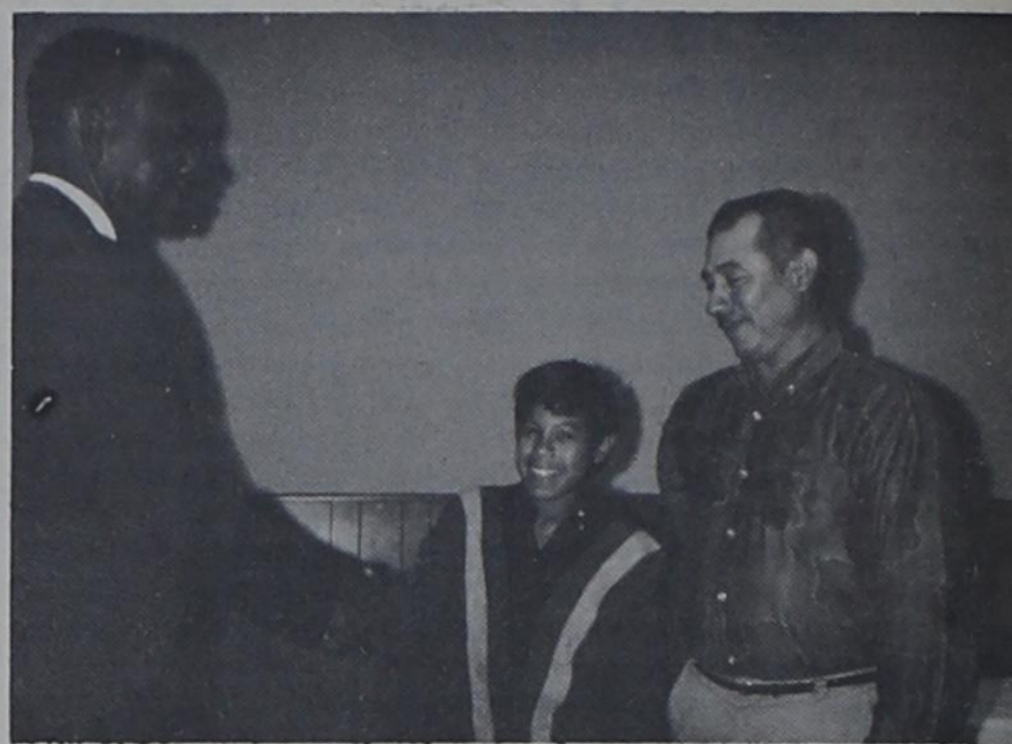

He stated, "Without your help, all the news turned in by our reporters and the editorials written by our staff would not reach a single reader."

Hubert Alexander, circulation

T. J. Patterson, editor of the Times, is shown here visiting with Mrs. Ernestine Harris and her daughter, Johnrice Steen, of 2104 B-Date Avenue, during the Friday night banquet staged for the newsboys and newsgirls.

Johnrice Steen has been selling the Times since its beginning and was a weekly salesgirl for the old Carver Heights News.

Victor Garcia, newsboy in the Thunderbird Addition, is being congratulated by Hubert Alexander, circulation manager of the Lubbock area, for his feat of selling 60 Times each week. Victor's father, Jessie is looking on.

Lubbock Ministerial Alliance Vows Plans for Local Improvement this Week

"We must set up a structure in order to work on the problems which are seen in our community," said Supt. M. J. Alexander, pastor of Alexander's Chapel Church of God in Christ, who is president of the Lubbock Ministerial Alliance, in a meeting Monday at Lyons Chapel Baptist Church.

The ministers heard from T. J. Patterson, editor of the "Times", and Eddie P. Richardson, author of "My Views" column in the paper point out some of the problems facing the black citizens of Lubbock.

Reverend Alexander guaranteed that some moves will begin Monday, October 19th, when a drastic plan will be put together in order to gain support from the ministers that "organizations is a must" if

of the community, as well as the residents of east Lubbock.

Many problems were discussed at the Monday noon meeting, but the major conclusion reached was the ministers were to address the problems at hand.

One key problem discussed at the meeting was the reason for blacks not being hired by the various political subdivisions (city and county), and what approach might be taken to correct the situation.

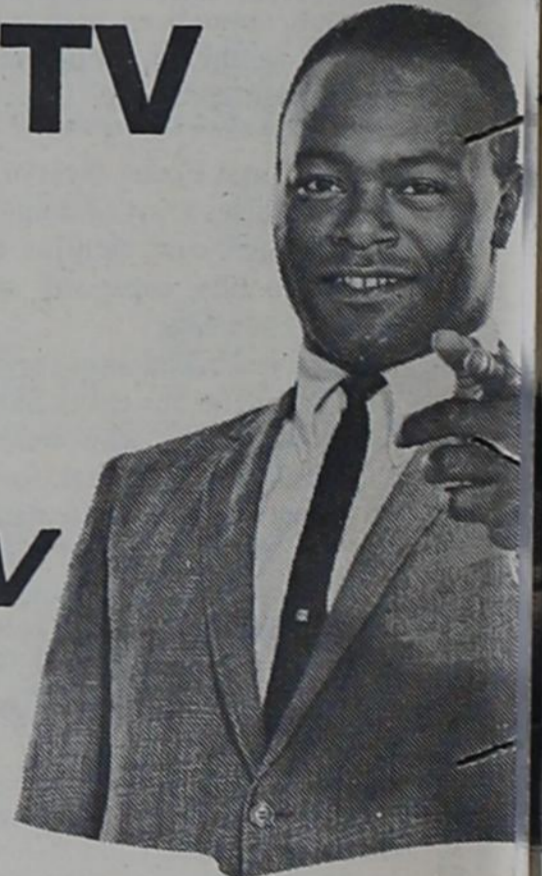

Also discussed was the recent alleged mistreatment of Mrs. Deloris Tobe by Lubbock police. A report from Rev. R. S. Stanley, minister of St. Matthew Baptist Church, is expected to be presented to the body at the next meeting.

Rev. A. W. Wilson, minister of Bethel A.M.E. Church, expressed his concern and called for documentation of facts in regard to "blacks being left out in Lubbock".

La Raza Unida Confab Here Calls for Chicano Ballot Boycott November 3rd

With Chicanos from throughout the state of Texas, Michigan, California and other places across the United States, attending a La Raza Unida conference last Saturday here in Lubbock, a call was made for a ballot box boycott by Mexican-Americans November 3 and an open attack was made on Lubbock and two of its favorite sons.

There were approximately 750 persons present at the day-long meeting which held its opening session in the coliseum and workshops in the Business Administration Building of Texas Tech.

The meeting featured a surprise visit by Raymond Tijerian, brother of New Mexico's militant land grant claimant Reies Lopez "Tiger" Tijerina.

Also present was Bexar County Commissioner Albert Pena of San Antonio who called for Mexican-Americans to stay away from the polls in the general election November 3rd if the La Raza Unida party was not allowed a place on the ballot in several South Texas counties.

"If La Raza Unida is not allowed on the ballot, I hope all Chicanos will declare a moratorium against voting November 3rd," said Pena.

La Raza Unida officials, led by Crystal City School board chairman Jose Angel Guitierrez, are currently fighting in federal court to have the party listed on the

The pros and cons of the 2-month and 9-month Head Start programs will be discussed and parents will be asked to express their opinions concerning their choice.

This is considered a very important meeting for the youngsters of our community, and parents are urged to attend.

Final rites are pending at Jamison Funeral Home for Willie Cage following his death Tuesday afternoon at 4:30 in Methodist Hospital.

ballot in LaSalle, Dimmitt and Zavala counties. Hidalgo County's ballots will carry it.

The Texas Supreme Court denied the party's bid last Wednesday, sending the matter to the Federal Courts.

Pena, who replaced Guitierrez as the day's main speaker, spoke out at Lubbock, Texas, when he referred to it as "the most racist city in Texas," and attacked Governor Preston Smith and former Attorney General Waggoner Carr for alleged discrimination against Mexican-Americans.

Pena said the Mexican-American has two enemies—"gringos" and "vendidos". Gringos is a term applied by Mexican-Americans to Anglos they do not like and vendidos refers to a Mexican-American who has "sold out" to Anglos, the equivalent of a black "Uncle Tom".

ringing the bell

With Bob Tieuel

Afro-American History: Lost, Strayed or Stolen? Dr. I. Diggs has prepared a most comprehensive chronology of notable events in the life and struggle of the black man from the dawn of history to now. It is most significant because it embraces not only the United States but also the Americas, Africa and all the world where black people lived and achieved.

Diggs' chronology spans the ancient and medieval world from 3500 B.C. in Ethiopian history to 1888 in Brazil's abolition of slavery. Dr. Diggs is a faculty member of Morgan State College, receiving the degree of B.A. from the University of Minnesota, M.A. from Atlanta University and PhD from the University of Havana. Research editor of books like: **Black Reconstruction; Black Fold, Then and Now; The Dusk of Dawn; The World and Africa and Colonies and Peace**, she has conducted field research in Cuba, South America, Africa and Australia.

From 744 B.C. to 710 B.C. Piankhy reigned over Egypt. He inherited from his father, Kashta, dominion over Egypt as far northward as Thebes, and perhaps for 200 or 300 miles farther. He served as governor or viceroy over Egypt under the Ethiopian crown before the conquest.

Our Mail Bag: To Mrs. O. L. Benson of McCamey: Please say thanks to Mr. and Mrs. Wolfe for me for the very fine donation given to the starving children of BiAfria Fund. Understand, too, that they are most active co-workers with you and the other McCameyites in the Museum project.

To C. T. of Odessa: This column appears in the **Christian Index**, official organ of the Christian Methodist Episcopal Church, the **Christian Recorder** of the A.M.E. Church and the **Star of Zion**, official organ of the African Methodist Episcopal Zion Church. It also appears in a number of black weekly newspapers over the nation from time to time. We are in communication now with your **National Baptist Union Review's** editor and bellringers may be able to join me there soon.

To Mrs. R. W. of Midland: The Board of Christian Social Concern of the United Methodist Church has requested Congress to use the government's own definition of low-standard family consumption costs of \$4,862 as the official level for calculating needs of the poor instead of the "unrealistic administration proposal" of a \$1,600 per year minimum support standard for a four person family. It also supports the proposals to aid the working poor and to allow the retention of more earned income before welfare eligibility is reduced or lost.

To Mrs. R. R. of Monahans: The editorial you speak of appeared in the **Odessa Daily American** and received much comment from the Interdenominational Ministers organization. It stated that the 14th Amendment to the U. S. Constitution was not legally passed. For clarification write the editor of that paper. A number of bellringers disagreed. There has been much discussion in many circles on the 13th, 14th and 15th Amendments (civil rights) here of late, but they are still part of the U. S. Constitution.

New Books In Midland County Library: **I'm Okey—You're Okey** by Harris; **Positively Black** by Roger D. Abrahams; **Writing for Newspapers and News Services** by Brier and Heyn and **The Year of the People** by Eugene J. McCarthy, which we finished in one night.

A Negro Preacher's Prayer: "Lord, we ain't what we oughta be. We ain't what we wanna be. We ain't what we gonna be. But thank God, we ain't what we was". From **Positively Black**.

According to Gerry Tyler, black newsman of the Chicago press, "a study finished in 1958 proved beyond a doubt that at least thirty-six million 'white' persons in the U.S.A. are descendants of persons of African origin. Added to 25 million acknowledged blacks, this means 61 million of 200 million U.S. citizens are black."

Rev. Andrew Young of Atlanta, Georgia, and an official in the Southern Christian Leadership Conference forced a runoff with Wyman C. Lowe. Young defeated Lowe in the runoff election and will face Georgia Republican incumbent Rep. Fletcher Thompson in November. If Young defeats Fletcher, he will become the first black U. S. Congressman from the South since Reconstruction.

Dr. Marc Moreland, PhD, teacher, educator and writer of New Jersey (also a columnist) has been invited to be the guest speaker at the Permian Basin's Fourth Annual Negro History Exhibit and Tea. Confirmation is expected shortly.

Censorship Plans

Free Press of Future May Dance To Government Tune

By Sam Archibald, Director
FREEDOM OF INFORMATION CENTER
Washington, D. C. Office
(Last of a series)

Washington, D. C.—(NNW)—The evening edition of the *Daily Government Press* came out of the slit below the television set and plopped on the living room rug. John Smith ignored the newspaper and merely glanced at the smiling newsman on the three-dimensional screen.

"The same good news tonight," John Smith said. "The same as yesterday, the same as last week. Production is up, peace is wonderful, the government is great — all's right with the world. And I don't believe a word of it. I get more real news from my friends at the office than I get from the *GovPress* and the teevee."

A slice of science fiction from the world of tomorrow? Maybe not. The machinery for the programmed world of tomorrow is here today—both the electronic marvels and the government systems.

If some of the political leaders in office today have their way, tomorrow's newspaper will be as bland as a government release. In fact, some of the plans for the future would replace the free—and often controversial—press with a government sponsored—and always dull—information program. In effect, there would be a Ministry of Truth similar to the government agency described in George Orwell's futuristic novel, **1984**.

Is this too pessimistic a picture of the future of our free and responsible press? Let's look at the record — the plans which the Federal Government has prepared for information control in some future "national emergency."

The government has set up a "Stand-by Voluntary Censorship Code" and has planned all the bureaucratic trappings necessary to enforce the Code. It would become effective either in wartime or in some un-defined "national emergency."

—Who would run the censorship system? That is a military secret, classified to protect the national security.

—Who would staff the censorship headquarters? There are 26 stand-by reservists but only five of them are working newsmen. The rest are public relations men, businessmen, government employees, college professors or are listed merely as "retired".

—Who has approved the censorship plans? Representatives of eight news organizations have seen the plans drawn up by a government agency. They have been shown to one Congressional committee but have never been sent to the newsrooms throughout the nation which would be controlled by the censorship system.

During World War II an Office of Censorship was set up under Byron Price, a nationally known newsman who established the voluntary censorship principal, with newspapers cooperating to make sure no vital information was given to the enemy. Since then, the rules of war have changed and the censorship system is ready to be applied in all kinds of less-than-war situations.

Until the mid-1960's Byron Price still was designated as the stand-by director of the Office of Censorship if it should be established in a "national emergency". He had been retired for many years and had urged many times that an active newsman take over his stand-by censorship job.

Finally his recommendation was heeded. The Johnson Administration designated a new stand-by director of censorship—and immediately classified his name as a military secret. The Nixon Administration has maintained the secrecy in spite of repeated requests to declassify the information—to tell the public who will be responsible for controlling the news in a "national emergency".

The names of the stand-by staff for the future Office of Censorship have been made public, but only after pressure from the University of Missouri Freedom of Information Center with the help of some Congressman. Very few of the stand-by staffers of the Office of Censorship are currently active newsmen and very few are recent appointees. Most were designated in the 1955-65 period and could be expected to bring the techniques of yesterday to the information problems of tomorrow.

The Office of Emergency Preparedness, which is responsible for updating information control plans, has historically ignored the changing problems. No top-level consideration was given to the problems of a free press in a national emergency until the Government Information Subcommittee under Congressman John E. Moss (D., Cal.) called the agency on the carpet in 1963. Then the agency added a few members to the stand-by censorship staff and also asked a few news organizations to look at its plans for emergency control of information in the United States.

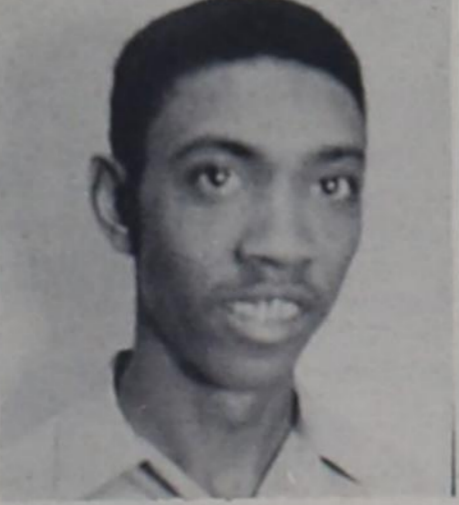

The six and one-half page Stand-by Voluntary Censorship Code is designed to guide editors and broadcasters the minute the President declares that a national emergency exists or as soon as Congress declares a state of war. But the only current copies of the Code are stored by the Office of Emergency Preparedness. If war comes in this nuclear age there will be no time to mail the Codes on to the newspaper offices and broadcasting stations which are expected to follow the guidelines.

Thus, the information media of tomorrow will most likely be controlled by generalized "thou shalt not" directives from some government official if war comes—or even if Federal officials decide that some political or economic catastrophe qualifies as a "national emergency".

Who will issue the directives? That is classified as a military secret. What will the directives say? Nobody—not even the reporters and editors whose jobs give them stewardship of freedom of the press—can be sure. The current stand-by censorship code would be a meaningless document in a less-than-war emergency, yet even that document has been kept from the working press.

Will the newspaper of the future be a bland and biased government publication put out by a Ministry of Truth similar to the agency described in George Orwell's **1984**? A small chorus crying for a press which tells the government side of the story has been led by Vice President Spiro T. Agnew who has a good chance of re-election as vice president if President Richard M. Nixon runs for a second term and has a chance of election as president in his own right for the Constitutional two term limit. Eight years of Agnew as vice president and eight years as president will bring us to 1984.

OF THE
READING SPIDER

During Mark Twain's days as a newspaperman, he was editor of a small Missouri newspaper. One day he got a letter from a subscriber, stating that he had found a spider in his newspaper and asked if this was an omen of good luck or bad luck.

Twain wrote: "Finding a spider in your newspaper is neither good luck nor bad. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

You will find no spider webs across the doors of the merchants who advertise in your local newspaper.

rest and there would be fighting in our streets. Hate between the races is world wide. Until we accept that these things are happening in our homes and streets, then we are lost. Each of these bring about heartache and tears.

The announcement is true. There will be peace on earth, goodwill toward men, but not until Jesus comes again as King of Kings. He will then put down sin and iniquity. His righteousness will cover the earth as the water now covers the sea (Isaiah 11). Practice what we teach, go out and do your best to bring someone to the House of the Lord and then we can say we have done our best.
