Black Faculty Member Appointment Announced At Texas Tech University Last Friday Afternoon

Charles E. Henry of 2623 E. Auburn, Lubbock, has been appointed instructor in the Department of Health Communications at the Texas Tech University School of Medicine.

Assuming his new duties June 1, Henry will become the first Black to join the full-time faculty at either Texas Tech University or the School of Medicine.

Henry's appointment brings to 33 the number currently appointed to the School of Medicine's faculty in preparation for its first classes in the fall of this year.

John A. Buesseler, M.D., vice president for health affairs and dean of the School of Medicine announced Henry's appointment Friday, April 14th.

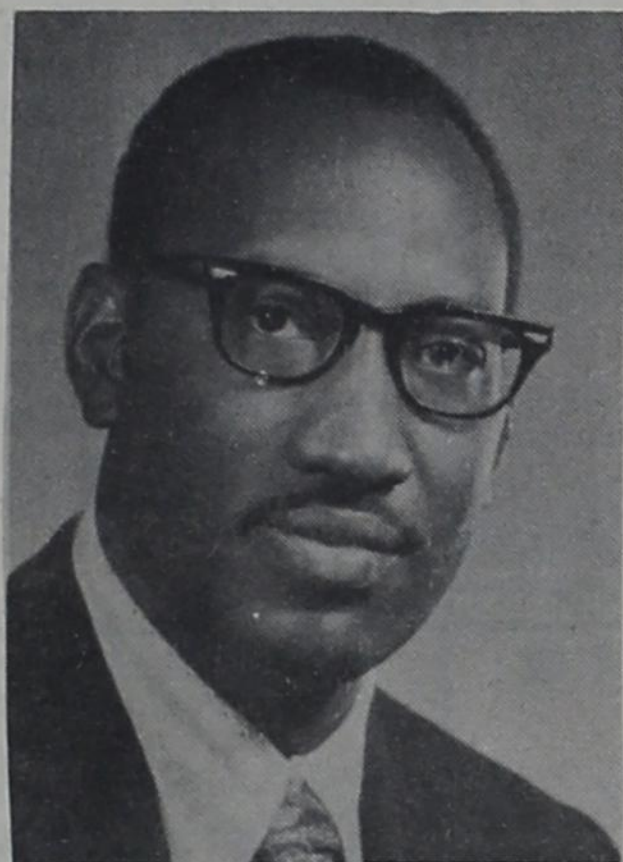

Henry is presently a biology teacher at Coronado High School.

In addition to his appointment as instructor, Henry was also appointed as coordinator of curriculum and health careers development for the medical school.

A native of Palestine, Texas, Henry earned his B.S. degree in biology from Texas College in Tyler in 1956, where he graduated "cum laude" and was voted the most outstanding science student. He received his M.Ed. degree from Texas Tech in 1971.

The new faculty member received service awards for teaching in Lubbock Public Schools and for Project Upward Bound at Tech. He has been active in Y.M.C.A. programs in Lubbock and assisted in the Adult Basic Education programs of the Lubbock Public Schools.

Commenting on his appointment, Henry said, "My position with the School of

Medicine is another step toward allowing me to fulfill my philosophy to live happily as a result of my experience and make some worthwhile contribution to mankind."

He studied at Prairie View A&M College in 1960, the University of Texas in 1962 and Howard University in Washington, D.C. in 1965.

He is a member of Alpha Phi Alpha Fraternity and was honored by the Classroom Teachers Association of Lubbock for being a certified professional educator.

He is the son of the late Rev. E.W. Henry, Sr., and Mrs. E.W. Henry of Palestine, Texas.

Henry and his wife, Janice, a nurse at Methodist Hospital, have two children, Melvin, 17 and Carolyn, 13.

Lubbock Chapter NAACP Delays Report of Crosbyton School District Discussion of Firing

The executive committee of the Lubbock Chapter of the National Association for the Advancement of Colored People (NAACP) met in a closed session last Saturday afternoon to discuss the firing of the coach of Crosbyton High School and a resolution to President Richard Nixon on the busing issue, at Mount Vernon United Methodist Church.

The Legal Redress Committee, with Reverend M.T. Reed as chairman, Harold Chatman and Tom Burtis; met with Supt. S.T. Hawkes, Principal Roger Carter, Crosbyton Review publisher Billye Stockton and Mary Frances Harris at the Superintendent's office in Crosbyton last Tuesday morning to discuss the matter of the firing of the coach. The Redress Committee's report was given to the executive committee.

The local chapter, according to Dr. F.L. Lovings, president, would not release any information concerning the committee's report until a later date. A spokesman for the local chapter told a Times' reporter that no statement would be released until further action had been taken.

Also discussed at the Crosbyton meeting last week were two other items. They were:

- (1) Not enough blacks are employed by the Crosbyton School District; and
- (2) The hiring of a white home econo-

mics teacher over a black who reportedly was more qualified for the position.

There are approximately 800 boys and girls enrolled in the Crosbyton School District with only one black employed as a teacher's aide.

According to reliable sources, the superintendent of the district has names of minority members (Black and Mexican-American) who are qualified to teach in the school district.

A new coach, Odis Summers, was hired last week by the school board at \$2,100 per year above state schedule. Summers was the assistant coach of football at the high school and will also be track coach.

The previous coach, who was fired recently, was "discharged because of insubordination" and not because of racial reasons, as had been previously reported to the Lubbock NAACP, it was pointed out in the meeting between parties last Tuesday.

The only Black employed by the school district at the present time apparently was hired with Title I funds.

In the firing of the coach last season, there was a 3-3 tie and the vote was broken by the president of the school board, on recommendation of the superintendent.

PARTICIPANTS ON THE "CROSS TALK" Program tonight, at 9:00 p.m., on KTXT-TV, Channel 5, are Mrs. Becky Hamilton, a math instructor at Alderson Junior High School; Abel Acosta, community relations representative; and William Powell, tri-ethnic coordinator for the Lubbock Public Schools.

Local School Program to Be Aired On KTXT-TV's "Cross Talk" Tonight at 9:00

KTXT-TV, Channel 5, educational television at Texas Tech University, will present a special program on the newly formed Human Relations Program of the Lubbock Independent School District Thursday, April 20th, at 9:00 p.m., called "Cross Talk." The program is one of a series produced by Channel 5 for the purpose of improving communication between local government officials and the citizens of Lubbock.

Featured guest panelists on the program will be Mr. William Powell, tri-ethnic coordinator, Mr. Abel Acosta, community relations representative of the Lubbock School District and Mrs. Becky Hamilton, a math teacher at Alderson Junior High School in East Lubbock.

The Human Relations Program in its first year, originated from the Emergency Assistance Program set up to assist Lubbock schools in desegregation activities. It was not funded this fiscal year by federal money and derives its own programs and funds through the Lubbock Independent School District. Both Acosta and Powell work closely with teachers and school

principals seeking to help them in their interests and concerns. Currently they rely on teaching experience and human experiences to aid teachers in multi-ethnic schools. Acosta and Powell visit Lubbock schools holding cultural awareness seminars and where possible shed light on problems faced by teachers working with minority children.

Mrs. Becky Hamilton is a new teacher in the Lubbock school system. She has attended several of the Human Relation Seminars and has had the opportunity to put the program's ideas to work. She should prove to be a valuable source to the effectiveness of the work of the Human Relations Program of the Lubbock Independent School system.

During the "Cross Talk" Program, the viewing audience will be able to telephone in any questions they might have about the human relations subject as it deals with Lubbock schools.

Other "Cross Talk" programs in this series will include the school tax question, job discrimination, welfare for the elderly, V.D., and the Grievance Committee.

Local Delta Chapters Entertain East Lubbock Cub Scouts Here Saturday

DELTA ENTERTAIN Cub Scouts last Saturday at Mackenzie Park. It was a windy cool afternoon, but the Sisters of Delta Sigma Theta Sorority, shown above, shared an afternoon with approximately 50 Cub Scouts of Packs 132 and 139.

The Lubbock Alumnae Chapter of Delta Sigma Theta Sorority, Inc. and their sister chapter, Eta Lambda Chapter of Texas Tech University, an undergraduate chapter, entertained approximately fifty young fellows in two Cub Scout packs here last Saturday afternoon at MacKenzie Park.

Pack 132 of Wheatley Elementary School and Pack 139 of Ella Iles Elementary School were the recipients of the lovely picnic presented by the sisters of Delta Sigma Theta.

The young fellows helped themselves to

plenty of goodies and drinks, furnished by the organization. There were games aplenty, including racing some of the Texas Tech sisters—who did give the young Cubs a run for their lives in the racing events.

Pack 139 hiked from Mae Simmons Park—through tall brush—to the Saturday afternoon picnic. They were supervised by Jeff Joiner and T. J. Patterson; while Pack 132's Cubmaster is Charles Birmingham.

Mrs. Mildred K. Lusk is president of the the Lubbock Alumnae chapter and Stephanie Williams is prexy of Eta Lambda chapter.

EDITORIALS

Important Elections Around the Corner

This media would like to take this opportunity and remind our many readers of the upcoming elections next month. It is important that each of us get busy now deciding exactly how we will vote.

The City Run-off Election will be held Tuesday, May 2nd. This election will determine who will be mayor for the next two years, plus the election of two city councilmen, or women, for the next four years.

Four days away, to be exact, Saturday, May 6th, the Democratic and Republican primaries will go up for grabs. This will include the casting of a vote for the Governor of Texas down to and including the County Commissioner.

There are at least 8,000 or more young people, between the ages of 18 and 20, who have the opportunity of voting in both elections. Many of these young people are college students who will be in finals at Texas Tech University or Lubbock Christian College during the city election run-offs. On the other hand, come May 6th, many will have gone to their summer destination.

With this in mind, this newspaper would like to encourage our young voters to vote absentee, NOW. It is your duty, young people, to vote now for the person you think should represent you. You have a great responsibility in deciding who will sit in what chair the next few years.

There's no doubt about it, there are important elections around the corner. We can't afford to let Mr. Joe Apathy sit in and keep us from doing our duty as Americans. Let's get out and vote on May 2nd and again May 6th. If you think you'll be out of the city or county, then go down now and vote absentee. Your vote means a great deal.

Let's Act Now

It's time for the city council to do something about the upcoming employment of personnel for the Human Relations Commission. We admit that there is a run-off election coming up shortly, but something must be done soon after this election toward the hiring of those necessary employees.

There will be an executive director and several other employees for this newly created office. Let's hope the person chosen to "man this ship of hard work" will be someone who is capable of contributing something constructive to the City of Lubbock and not someone who is concerned about fighting symptoms as has been the case in the past.

We must admit, however, that in order to get such a person there must be a reasonable salary for the position. If this is to be a positive office, then it must be well put together.

It's time for us to act on this matter, NOW!

Must Meet Dateline

It is important that all news for each issue of this paper be in the office by noon Tuesday of each week in order to be in the following Thursday's edition.

We appreciate the letters we receive from time to time, but please sign all letters so they can be published. It is against our policy to print letters which are not signed, although we will print letters and leave off the name at the request of the writer.

It is also important that all news items be mailed in when possible and not reported by telephone unless they are of great importance and very timely.

As I See It

by T. J. Patterson

As I See It the Ghetto Choir of Tulsa, Oklahoma is about a lot of things in this country. To hear these young people sing songs they have written and composed, makes one glad he's an American—as well as being Black.

Those young people—who travel over this land—sing because they want to sing. They do a splendid job in making one feel as though he is something special in America and must continue doing things for his community.

A group such as the Ghetto Choir has had many experiences. They tell of one in which the group was singing in a northern city and when they arrived by bus found people with guns, pointing them at the youngsters. The kids kept their cool and continued to sing in the church, even though gunshots were fired through the windows.

These young people have been around. They sing about freedom for all people. They carry their colors (Red, Black and Green). They salute both flags, American and ours, plus they give a Negro Pledge.

These young people sing of revolution of the mind and they encourage Black brothers and sisters to "get up" and be somebody. They make it very clear that they are not entertainers, but they are ambassadors of goodwill for America.

Their director, Mrs. Shirly R. Scoggins, works hard with these young people and helps them in many ways. She's a beautiful person in relating to the young people.

Let's hope the seeds dropped by these young people will grow into something big for our young people of Lubbock and West Texas.

For Your Information: "I pledge allegiance to the flag of the Black people in this country, the

red for our blood shed for this nation; the green for land in changing hands and the Unity of our Brothers and Sisters through God and power to the people." (Tulsa Urban League, Tulsa, Okla.)

There has to be something done about the pollution of water in east Lubbock. It's getting hot and the runoff water located northeast of the overpass (East 24th Street) has to be taken care of if we're going to have an odorless neighborhood.

The water is apparently running off of some unsanitary system and it needs to be taken care of immediately. We can't say if its rainwater, although it hasn't rained in Lubbock for some months.

I advise the City of Lubbock to look into this matter at once. We can't very well clean up our community when there is a cesspool found in our backyard. It's a ridiculous situation and let's hope the City Fathers look into the matter this week.

Let's give our young people our support in setting up a Saturday each month for a Youth Rally. Approximately 150 youth got together last Saturday at Bethel A.M.E. Church for a Festival of Songs and Oral Demonstration.

There's a lot of talent in our community. Our young people can do a lot of things if we give them the opportunity. I would advise every Black preacher in Lubbock, Texas to get behind these young people and help them in their efforts.

Not only the ministers, but any organization who's concerned about the welfare of our young people. They're looking for something, so let's all get in there and help them.

As I See It, our young people are beautiful. They need our help now. If we don't help them, they'll find other ways of getting help and it may be the wrong kind of help.

Don't you think a monthly Youth Rally in our community would make a lot of sense?

Think!

Flashback

The memory is a peculiar phenomenon. The past week I have had reason to engage in the process of recollection, and as a result I came up with a few important memories that have occupied a great part of my subconscious. I remembered a hot summer day, in the early sixties, when in front of the Paramount Theater in Amarillo, Texas, a beautiful bouquet composed of black, brown, and olive complexioned young ladies surrounded by several young men of various sizes and hues were determined to implement their rights to attend the cinema by engaging in a peaceful stand-in. These young people were braving the danger of being maimed or killed by some bigoted white. A cold December day, five degrees below zero, flashed across my mind. A group of young people most of whom had been in the above mentioned crowd but this time they were joined by several white young people, male and female, were picketing two supermarkets in order to encourage the owner to hire black checkers. I saw one young girl about fourteen sitting on the ice covered curb of the street putting newspapers in her tennis shoes in order to keep her feet warm. There also came to my mind one cold night in front of the City Auditorium—the weather below zero—and the same group of young people a few years older picketing an unfavorable speaker—Julia Brown. The last memory was of an event that happened in Louisiana, March, 1968, when several of the same young people departed from a bus to use the rest room and were confronted by a "red neck" wielding a shotgun daring them to take one step forward. I could hear one of the bus drivers crying in despair and the other bus driver trying to get the youngsters back aboard the bus.

Most of the young people who were mentioned above, and the bus drivers, took part in the campaign for Reverend Perry during the month of March to April 1, 1972. They have proven their sincerity, and it is a certainty that they can be depended upon to champion any cause for justice and equality. The old saying, "Hypocrisy is the tribute that vice pays to virtue" could never apply to them.

A person meditates in order to cleanse his mind

and recall all past mistakes in order to rectify them and to avoid repeating them. However, in order to get peace of mind it is almost impossible to do because so many bad images counteract any solace that might be obtained.

A lot of veterans of the military services would like to forget some of the training that they were taught in the services, but it is rather difficult for this to happen. Many people who are afflicted with autism will make us recall our training in machination and cause us to bring forth every method available in case we might need them in the future.

When the theories of personalities are practiced some interesting facts can be learned or discovered. Some people are so obvious until their actions and thoughts can not be hidden because they are so outstanding and glow like a neon sign.

How many citizens of Amarillo, black or white, can truthfully say that the city is not a typical racist town? Evidence is all around the town. The town is slowly dying and the governing bodies are grasping at straws like a drowning man.

It should be obvious at this time that in order to keep a man in a hole you will have to stay in that hole with him.

Letters to The Editor . . .

He Wants to Share His Views!
Letter to the Editor:

Dear Mr. Richardson:

As executive director of LOIC—even you should know—the remarks you made at Trinity Church during the performance of the Ghetto Choir—Friday night—concerning black ministers as being "so-called black leaders" and "uncle tom" while applauding a white minister is deplorable, unnecessary, unwarrantable, and not becoming a person in your position.

As executive director of a "self-help" organization like LOIC, you should be knowledgeable that blacks people of Lubbock do not have the necessary facilities nor financial means to support a magnificent group as the Ghetto Choir without finance. As a result, you took it across town. Many blacks drove all the way across town to a "white structured community, white structured church building" and paid \$3.00 per person to have you criticize the black people of Lubbock. Your action did not represent that of a leader, especially a black leader.

The performance was tremendous, may I compliment you and your staff for this effort but may I also apologize to the black people of Lubbock and especially to black ministers for your conduct. Criticism will not bring the black people of Lubbock together nor help you in your fund raising efforts. Perhaps when your fund raising campaign is over, you will know one of the problems faced by the black minister.

May I ask you a question? Why does a "self-help" organization like yours deplore and criticize black minister for taking "bribe" from the white citizenry and yet you applaud a white minister for letting LOIC use his facilities "free" (without charge) and "giving the first donation." Isn't this bribery? Or are you really a "self-help" organization? Surely, even you must know that percentage speaking more black ministers attended the performance than white ministers and I am sure you can count. More blacks attended the performance than whites, yet it was held in a "white setting", and the blacks were criticized for not attending. I think you owe the black citizens of Lubbock an apology. Perhaps you did consult some black ministers for their facilities but not all. Even you must know that Morris Sheats has done little or nothing to aid the black community in its struggle for equality of opportunity.

Sincerely,
Raymond Campbell

Police Beat

Vandalism
Magaret Stokes, 2407 Colgate Avenue, Apartment A, reported to the Lubbock Police Department that someone unknown did vandalize her car. She reported that her front door window was broken. It caused damage of approximately \$25.00.

After investigation, it was learned that someone unknown had shot the window with a BB gun. There was a small hole, resembling that of a shot from a BB gun.

Assault With Deadly Weapon
Leon Charles Hall, of 1313 East 15th Street, reported to Lubbock police that a 32-year-old lady came into his place of business at 507 East 23rd Street, one night last week. He said the lady took a .22 caliber pistol from a man in the building when all the trouble started.

Both got into an argument, according to Hall, when the trouble started. He proclaimed that she took the pistol and fired it two or three times.

Theft Under \$50.00
Lois Boyd, 1004 East 28th Street, Apartment 2, reported to the Lubbock Police Department that a lady did take from her apartment, a black wig which was valued at \$25.00.

She told police the lady had words earlier in the evening and she did come back and carry off her wig.

She said she would file charges this week.

House Burglary
George Maudlin, 618 Avenue C, reported to Lubbock police that a man approximately 5'6", 130 pounds, wearing a dark coat and light trousers did pry open the rear screen door and wooden door to gain entry into his home.

He told police he was in his bed asleep and the noise from the entrance woke him.

There was nothing taken from the house, but approximately \$5.00 worth of damage was done.

House Burglary
Otis Phillips, 2419 East 9th Street, reported to police that someone unknown did break in-

to his house. Three different screens were taken off the house before entry was gained.

A neighbor next door did state that someone was knocking on the front door to distract attention while the person in the rear entered the house.

There was nothing taken from the house—possibly because they were scared off.

House Burglary
Hardy Wynn, of 1512 East 14th Street, reported to the Lubbock Police that someone unknown had broken into his house. Entry was apparently gained by breaking a glass in the rear door.

Taken from the house was a television set which was valued at \$175.00.

Assault With Deadly Weapon
A 17-year-old youth was taken to Methodist Hospital one day last week after being wounded with a pistol.

While talking to the youth at the hospital, he told them he refused to say anything and did not want to file charges.

They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really

came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Now E Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

With heartfelt sincerity I say thank you to all the wonderful people in Lubbock who worked so hard and helped so much in the recent campaign. I will certainly work as hard as possible to make Lubbock a better place for us all.

Local Group to Continue Working

Amarillo—According to Mr. Victor Smith, the group that handled the campaign for Rev. V.P. Perry will continue their work as a community group. Mr. Smith said, "we are concerned with not just the Black community, but all of Amarillo." Smith further stated that their aim will be to help people.

I am not sure, but I hope the writing that I did about this group when I ask the question, "Where do we go from here?" had something to do with them continuing on. I hope the members of this dedicated group have built up an immunity against the criticism from the public for their artistic works. When the going really gets rough, remember that the greatest man ever to be on earth, was criticized and finally put to death. So if this happened to God Almighty, what do you expect?

Watch this paper, the West Texas Times, for announcements of community meetings of this group, which at a future time will adopt a name for itself. When you are asked to attend one of the meetings, please do so, because as the song goes, "We have only just begun."

I returned Friday via T1 Airlines from Houston where I attended the Governor's Committee on Aging. The meeting was held in the beautiful Shamrock-Hilton Hotel. There were some 400 people in attendance there.

The keynote address of the Friday session was given by the Honorable Lloyd Bentson, U.S. Senator from Texas.

It is very interesting to see the many people that are concerned about the senior citizens of our country and also the senior citizens who are concerned about themselves and who are willing to work in some type of volunteer programs. I would urge you as citizens to help them find a way to be useful.

Upon my return to Amarillo last Friday, I continued on to Lubbock to see and hear the Youth Ghetto Choir of Tulsa, Oklahoma. For those of you that haven't heard this group, do so if you can, they are what's happening. I would also urge any interested group to get together and bring them to Amarillo. Contact me for more information if you are interested.

Mrs. George Howell of 1119 NW 19th was called to Pedimont, S. Carolina to the bedside of her mother, Mrs. Susie Jackson, who was critically injured in an automobile accident. Mrs. Howell was accompanied by her son, George, Jr. After a week stay, her mother seemed to be improving and they returned home. On April 12th, she received a message that her mother had suffered a heart attack and had passed away quietly. The shock of her mother's death was so great that Mrs. Howell was unable to return to S. Carolina for the funeral. The services were held Sunday, April 16th, at 1:00 p.m.

Mrs. Jackson was a life-long resident of Pedimont. She was an L.V.N. and was still active in this line of work. She was also active in church work. Mrs. Jackson lost a brother on the 2nd of March. She and her husband visited in Amarillo several years ago and she had quite a few friends here.

The Howell's were looking forward to a visit from her here this summer. She leaves her husband, ten children, a number of grandchildren and great grandchildren, two sisters, a brother and a host of relatives and friends.

Let's put government into hands we can depend on

When scandal rocks our state government, as it has for more than a year, it is time for Texans to take the reins of government and place them once again into the hands of an honest, capable man. This is a time when Texans need a man to believe in. A man like Dolph Briscoe. His successful experience in business and agriculture, his work in government to provide farm-to-market roads and to eliminate the screw worm have

proven him a man Texans can depend on when solutions are needed. His unquestioned reputation for honesty and integrity stand him head-and-shoulders above his opponents. Never has Texas been offered such unacceptable candidates for the office of governor. And never has Texas so urgently needed a man like Dolph Briscoe. May 6, elect Dolph Briscoe governor.

Along with a lot of other Lubbockites, last week I lost a friend of longstanding, C.W. Ratliff, a newspaperman to the end even though he ended his career in the electronic media.

A somewhat gruff exterior hid a heart as big as Texas. He had a ready smile for everyone and he knew everyone, from the biggest to the smallest. He was methodical in his actions, and he always had time to stop for a visit.

And C.W. was a sports lover. When I first came to Lubbock, C.W. was in New York. My first introduction to him came when an envelope, bulging at the seams, arrived. It was from C.W., who was visiting the World Series and wasn't too busy to sit down and write about his experiences for "his" paper.

Time has erased memory of what he wrote and specifically the things he said, but one. During the course of walking around Yankee Stadium, C.W. had come upon the fabled Connie Mack.

C.W. wasn't about to lose this opportunity. He introduced himself and managed to get an interview with the baseball genius, not the easiest thing to do. And his copy made good reading, too.

C.W. also was a photographer, and a good one. He ran the sidelines during Tech football games and he came up with some of the great pictures of the sport. For years he snapped shots that were outstanding, because he knew the game, he knew what to anticipate and he loved the sport.

He also knew the photographers in other cities. In those days no photographer went to out-of-town games, but we always tried to get pictures through the courtesy of other cities. And there was no Wirephoto in those days.

It was nothing unusual to visit a newspaper plant, make arrangements to pick up pictures after the game and bring them back on the team plane for Sunday morning. On at least one occasion, the engraving even was lugged back. In every case, C.W. knew who to see to make arrangements.

I can think of no greater tribute to C.W. than was paid by another reporter. He happened to be the managing editor of a large Washington newspaper and I had gone to him for his signature on a petition supporting a commemorative stamp for my college.

After he signed his name, he added his profession, writing "newspaperman." I chided him gently about not writing his title, managing editor. In reply he said:

"I'm a newspaperman now, I'll be a newspaperman to the day I die. The highest title a man in our profession can attain is to be called a newspaperman."

C.W. earned that title. He was a newspaperman.

The baseball strike is over, play has started and all seems to be well now. But the scars from the strike, which really gained little and cost a lot, will remain.

If nothing else, the strike shattered the last remaining tinsel and glitter that surrounded professional sports. Until the strike the public insisted, in its mind, on setting athletes on a pedestal. Sure, they made errors, they made mistakes and, at times, they appeared human. But they were still demi-gods.

Now that status has been threatened, if not erased. The pro has shown that he is no different from the blue collar worker. He has disillusioned adults and youngsters alike. He is being weighed as a human and, as time goes on, he will be found wanting if he doesn't perform up to standard.

The high winds and sand of the past few days has slowed, if not stopped, fishing in these parts. The drought is drying up watering holes and the wind is driving the fish to the bottom of the lakes.

Still, this is no new problem in West Texas. It seems as though much of the best fishing weather is spoiled by adverse conditions. The only answer is to be patient—or go somewhere else to do your fishing.

West Texans in large numbers are doing the latter. With excellent reports coming in, more and more anglers are going to Toledo Bend, Amistad Dam, Lake Texoma and other places. If you know where to fish, Oak Creek is productive and the reports from Lake Hubbard indicate that it is a gem. Don't despair; it's bound to get better if you'll just wait.

An Open Letter

Rev. John Exum, Editor
The Christian Index

Dear John:

Is there "a conspiracy of silence" on the great issues of the day that face us as a denomination in the columns of the Christian Index and if so, by whom has such a 'conspiracy' been ordered and for what noble purpose?

Our news service subscribes to practically every major black and white official church organ in the United States today and most of these publications feature articles and news that relate to the important issues and forces that challenge the individual and the Christian Church in general.

For example, the Christian Index is the only official publication we know that fills its columns mostly with teas, rallies, baby contests, etc. That some might be of news value to our readers can not be doubted, but not to the extend carried in the Index today.

What about the great issues of dedication, committment, racism, quality education, busing, black unemployment and economics?

Is it any wonder that our young people and general membership have little respect for or confidence in our Christian leaders and editors when they continue to "major in minors and minor in majors"?

That the black media, especially our religious factions of same, which supposedly striving for viability—not only with our people, but with the reading public at large—has not pointed these factors out, is simply ludicrous!

Our youth are frantically searching for meaning and hope in our dark world today to help them try to continue the struggle.

For God's sake, and our unborn children, let our official organ stop being more interested in teas, rallies and beauty contests, than we are in the integrity of our stance as Christian leaders and spokesmen for those who look to the black press in church and state to tell it "like it is" and what we as a people can do about it.

Fraternally yours, Bob Tieuel, Jr.

Footnote: Recently a group of some thirty-four noted Roman Catholic theologians stated that their church was in a state of "stagnation and resignation," adding that "Pope and bishops remain for all practical purposes exclusive rulers of the church." They said further: "Do not remain silent. . .take a stand. . .Do something yourself. . .Act together. Whenever ecclesiastical authority acts in a way that clearly authority acts in a way that clearly fails to correspond to the Gospel, resistance is permitted and even required. . .Don't give up. . .The credibility of the church. . .has decreased to a disquieting degree," End of quote.

Strong words but it shows that the church still contains leaders who do not believe God is dead. Indeed, we add, this is no time for silence—Speak Up Church!

Within the next several weeks, we will be covering national church meets of the C.M.E., the A.M.E. Zion and several of the regional and national black Baptist bodies for West Texas Times readers. U B with us!

STATE Capital NEWS

By BILL BOYKIN

Austin, Texas—An ancient legal dispute involving Texas' sovereignty over its tidelands is in court again.

The U. S. Justice Department has filed a suit against Texas, challenging the state's regulation of fishing within the farthestmost two leagues (six marine miles) of the historic three-league (nine-marine-mile) boundary.

Atty. Gen. Crawford Martin has requested President Nixon to intervene in the latest federal attack.

The Attorney General further requested an opportunity for the state to present its position to the State Department and Justice Department. The state, he noted in a letter to Nixon, was not notified prior to filing of the action.

Martin claimed the new action is contrary to the position taken by the Eisenhower-Nixon administration in 1953 and 1957.

He submitted to the President excerpts from the state's brief filed in the original boundary suit which was decided in Texas' favor by the U. S. Supreme Court in 1958. He also included a 1957 letter from the late President Dwight D. Eisenhower to then-Gov. Price Daniel. Eisenhower expressed the opinion that Texas should "have the right to explore and exploit the submerged lands extending seaward of (its) coastline for a distance of three marine leagues into the Gulf of Mexico."

Martin urged Nixon to inform him if his position as president is the same as that expressed by President Eisenhower.

Court Revision Urged—A Supreme Court justice and president of the Texas Civil Judicial Council says it's time the legislature submits to voters a constitutional amendment on judiciary reform.

Associate Justice Tom Reavley said Texans are demanding "major surgery" on the court system. Suggested Reavley:

+The State Supreme Court and Court of Criminal Appeals should be merged into a single court of last resort.

+Fourteen Courts of Civil Appeals should be given jurisdiction over criminal as well as civil cases.

+There should be fewer levels of lower courts with less overlapping jurisdiction.

+Appeal procedure should be "simpler and speedier."

+Judges and cases should be transferred to match resources with needs in keeping with better management of the court system.

The 63rd Legislature, Reavley said, should be asked next year to submit the constitutional amendment proposing court reorganization and modernization.

Special Training Approved—The State Board of Education approved contracts for special training next school year of 2,611 children in non-public schools.

Largest single group involved in the trainable mentally retarded category, with 1,887 youngsters.

Pupils, from pre-school age through high school level, will attend 12 schools operated under the Texas Department of Mental Health and Mental Retardation and 35 independent non-public schools.

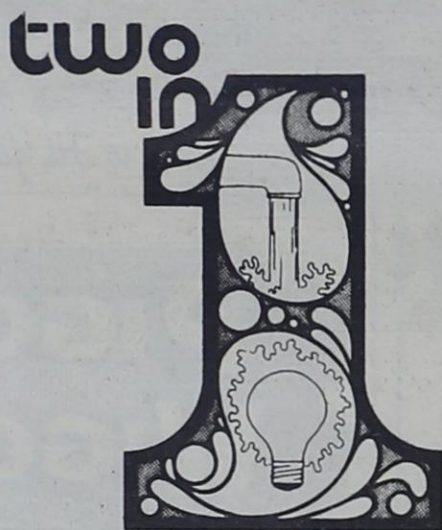

The State Board of Education also reviewed a \$1.1 million research program supported by 90 per cent federal and 10 per cent local funds.

Board members voted to uphold orders of Education Commissioner J. W. Edgar sustaining local school board "haircut rules" and dress codes.

June 1 Pupil Transfer Deadline—Texas Education Agency has held parents who want to transfer their children from their home school to a nearby district must submit requests by June 1.

Once approved by the receiving school board, the request must also be cleared by T.E.A. State approval is a term of a U.S. District Court order filed in Tyler relating to desegregation of schools. Under the order, transfers are not to be permitted to reduce or impede desegregation or encourage discrimination.

Ghetto Choir of Tulsa Termed "Something Else"

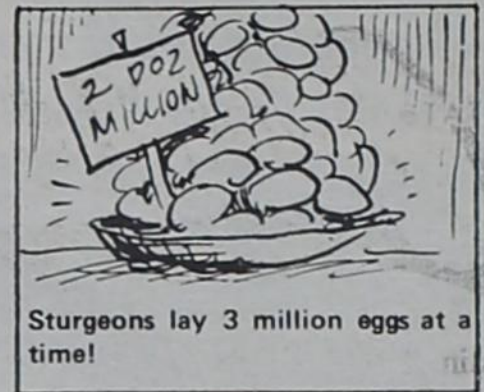

If you ask those who heard the Ghetto Choir of Tulsa, Oklahoma in one of their appearances at the Trinity Church, they probably say "they're something else." The 65 member group, under the direction of Shirlie Scoggins, started three years ago and has grown stronger with each appearance. The group has traveled over 30,000 miles together singing of how beautiful America is and what each of us can do to make it a better place in which to live. Their rendition of "My Country Tis of Thee," "America," and the "Negro National Anthem" will

make one shed tears. These young people, ranging in age from 13 to 18, have known poverty, rejection and racism. They have been disappointed and frustrated. But they decided to do something about it

in 1969, by means of message and song.

Although no two performances are exactly alike, the central theme is always the same: an evangelical appeal for understanding the love of God and all mankind and an end to racism.

The group from Tulsa was sponsored by the Lubbock OIC.

Sickle-cell and Blood Trait Hereditary in Blacks Being Studied by V. A. Hospitals

Sickle-cell and a second blood trait hereditary in Black Americans—deficiency of an important enzyme in red blood cells—are being studied cooperatively at Veterans Administration hospitals, the agency reported recently.

About 17-percent of the veterans hospitalized by VA are Black, and in any given year about 116,000 Blacks are examined in its hospitals.

Previous research at West Side Lubbock Symphony. . .

Continued From Page Eight
ville, and Mike Patterson of Dallas, will arrange special orchestration for symphony and chorus.

Tickets for the 8:15 p.m. concert at the Lubbock Municipal Auditorium on the Texas Tech campus, may be ordered by writing or calling the Lubbock Symphony Office, 1416 Avenue Q (79401), telephone (806) 762-4707. Prices are \$5.00, \$3.50, \$2.00 and \$1.

VA hospital in Chicago has shown that about eight-percent of all Blacks have the sickle-cell trait inherited from only one parent.

Few with the double trait—inherited from both parents—will be found in VA hospitals. These usually have health problems as children and do not qualify for military service.

VA doctors plan to investigate whether the smaller amount of sickling of blood cells that occurs in those with the single trait may also weaken them and make them more subject to other diseases.

The cooperative study will be a careful, scientific evaluation of several diseases that often occur in conjunction with sickle-cell trait to determine, if because of sickle-cell trait, there is a greater degree of risk, morbidity, or mortality. Particular diseases that will be studied include blood clots, heart attack, diabetes, and kidney and other infections.

Patients found to have G-6-P-D

(glucose-6-phosphate-dehydrogenase) deficiency will be studied in a similar manner.

This enzyme deficiency has no relation to the sickle-cell trait. It occurs in about 12-percent of Black Americans.

But infection or administration of certain drugs may precipitate sudden anemia in otherwise normal, healthy persons with red blood cells deficient in G-6-P-D.

The VA hospitals participating in the study are Allen Park, Mich., the West Side Hospital in Chicago, Little Rock, Ark., Jackson, Miss., Memphis, Tenn., Miami, Fla., New Orleans, and Tuskegee, Ala. Others are expected to join the study as it progresses.

Youth Rally Held at Bethel

Approximately 150 young people of the Lubbock community met at Bethel A.M.E. Church last Saturday morning and displayed their talents in singing.

The host for the two and one-half hour program was the Blessed Tonation Singers who made the Festival of Songs and Oral Demonstration a success.

Although the Ghetto Youth Choir of Tulsa, Oklahoma was under previous contract, they were asked to sing a number by Rev. A. W. Wilson, pastor of the church.

The young people from Tulsa did a splendid job in singing three songs for the youth of Lubbock.

According to an official of the Blessed Tonation Singers, "More youth rallies will be held on Saturdays for the youth of Lubbock."

As one of the youngsters who sang with the Ghetto Choir put it, "Anybody can sing, but you have to feel what you sing to be successful."

"This is what we want to do with our local youth," declared Mrs. Mary Nelson.

Major Crime Suppression Grant Announced Here

The grant was approved on recommendation of the Criminal Justice Council Executive Committee. The Criminal Justice Council oversees statewide law enforcement planning and administers funds from the U.S. Department of Justice for crime control programs in Texas.

During its first six months of full operation, the major crime suppression unit claimed a nine percent decrease in business bur-

CHURCH SERVICES

Bethel A.M.E. Church

Services were well attended last Sunday morning and afternoon when Evangelist Rev. L.E. Moore, of Dallas, Texas, delivered two dynamic sermons. There were seven young people who joined our congregation during the week-long revival.

The youth choir, under the direction of Mrs. Ruby Tucker and Mrs. Elsie Young, did a splendid job in singing God's songs for those in attendance at both services.

Youth choir rehearsal is held each Tuesday evening at 7:00 in the auditorium.

Sunday School attendance was 81 persons last Sunday morning and the lesson was reviewed by the Senior Department.

Plans are underway for the trip in July to the Northwest District Sunday School Conference in Amarillo, Texas. Two buses are to be used to take young people from our congregation.
