OIC's Rev. Sullivan Supports Nixon Economic Plan

Numerous Shootings - One Death Mar Labor Day Weekend in Community

A 38-year-old Lubbock woman, Mrs. Willie Mae Hereford of 1014 Avenue A, was dead on arrival at West Texas Hospital and a man was wounded in the same incident at a parking lot near the Thunderbird Lounge, East 23rd Street and Fir Avenue here early Labor Day.

Emmitt Dedrick, 27, of 2304 Fir Avenue, was treated and released from Methodist Hospital. He was wounded on the left side of his back, according to Lubbock Police.

Authorities said they were informed that Mrs. Hereford arrived at the lounge by taxi and approached an automobile occupied by her husband.

Several other women, standing at the car, departed, one of them followed by Mrs. Hereford. It was learned that shots rang out, and following this Mrs. Hereford was found lying on the ground across the street from the Thunderbird Lounge.

It is believed that Dedrick was accidentally shot. He told police that he was inside the lounge when he heard the shots. Dedrick admitted

Lubbock Resident Shot Here

A Lubbock man was shot in an altercation at the Thunderbird Lounge early Saturday morning.

Lubbock policemen were investigating the incident at the lounge, located at East 23rd and Fir Avenue, in which James Montgomery, 41, of 1800 East 25th Street, was shot in the back about 12:30 a.m. Saturday. According to police, he was in serious condition early this week at Methodist Hospital.

ted that he went outside and walked to the street, where he viewed the victim. As he turned back toward the lounge, he said, he was struck by one of two gunshots.

At this report, there were no arrests made in regard to Mrs. Hereford's slaying, or in regard to another incident which occurred at the same lounge the previous night, involving James Montgomery, of 1800 East 25th Street.

Services are pending at this time at South Plains Funeral Home for Mrs. Hereford.

Lubbock Home Explodes Wednesday Morning

Many things happen this day and time, and the incident which happened Wednesday morning was no exception. An explosion which shook houses for several blocks in all directions, and completely destroyed a home at 2810 E. 8th Street, did not seriously injure any of the members of the family inside at the time.

A mother, Mrs. Pearl Dean of 2810 East 8th Street, and her children, Chester, Brenda, Michael, Sharon and Jesse, and Mrs. Inell Hodge all were inside the house at the time of the tremendous explosion.

According to Fire Marshall A. C. Black, a son of Mrs. Dean smelled gas in the kitchen, lit a match to find out where the leak was and the whole place blew up about 7:30 a.m. Wednesday morning.

A neighbor who resides at 2808 East 8th, Mrs. Iris Whitehead, said, "It really shook me real bad. I didn't know exactly what happened until I saw three of the kids in the yard. The explosion knocked a window out of my house and all the pictures off the wall." It was Mrs. Whitehead

who called the fire department.

The four walls of the house were blown down, and two by four boards were pierced through the side of the house as if shot from a bow and arrow.

The family was taken to St. Mary's Hospital by Aid Ambulance for treatment. Mrs. Dean and one child were pinned in the house. All but one member of the family was released from the hospital following treatment.

Labor Critized for Opposition

New Orleans, La.—Rev. Leon H. Sullivan told a press conference at the 72nd National Elks Convention in New Orleans that President Nixon's price-wage freeze action was "a good move."

Meeting the press with the Grand Exalted Ruler of the Elks, the Honorable Hobson Reynolds, Rev. Sullivan said: "We had a runaway economy, a wild horses economy. We had to put on the reins or we would go slam bang over the cliff."

Dr. Sullivan was in New Orleans to receive the Lovejoy Leadership Award from the Improved Benevolent & Protective Order of Elks of the World.

At the press conference, Dr. Sullivan surprised his listeners by charging that Mr. George Meany, President, AFL-CIO, "should get his own runaway horses straight as the unions have contributed to the poverty of Black Americans by keeping them out of jobs and out of craft unions."

In response to a reporter's question about Mr. Meany's opposition to the Nixon Plan and the implication that Blacks would be hurt more than other working men, he stated: "The Black man can't be hurt any more. He has nothing to hurt. The masses on welfare and below the poverty level can't even get into the unions. White businesses haven't given them jobs and for that reason I have boycotted businesses. But Meany's unions have been hurting Black people for years. Keeping them off building trades jobs and other jobs with segregated, racist discrimination."

Asked about Mr. Nixon and the 1972 election, the founder and Board Chairman of OIC of America was even more emphatic. "I am pleased that the President is taking a trip to China and hope that he will help them get into the United Nations. I also hope that he can take a trip to Mississippi, Louisiana

and Alabama and help get Black American citizens into the United States.

"I am neither for nor against Mr. Nixon. I am for America. I am for helping poor people get out of poverty and hungry people get food to eat and freedom for Black people. I am for helping Mexican-Americans, American Indians and poor whites get a fair share of the American economy."

"Mr. Nixon seems to be moving in the right direction. I hope he will continue. We will be watching and judging him in the next year."

"He will need two million Black voters to be elected. The Democrats will be united against him as never before. The unions will be united against him as never before. Most of the 18 to 20 year old votes will go Democratic. He will need Black votes to get elected."

Honorable Hobson Reynolds, who joined in the conference with Dr. Sullivan, told the press that his convention of 50,000 delegates, representing more than 500,000 members, was throwing its considerable strength and 100% support behind Dr. Sullivan and his job development, economic development program, OIC of America (Opportunities Industrialization Centers).

Dr. Sullivan gratefully acknowledged this support and expressed appreciation for Mr. Reynolds' national leadership, calling him "one of the greatest leaders our race has produced."

Calling on the Elks to urge President Nixon to help OIC to get \$100 million to train and place on jobs 100,000 unemployed and underemployed persons in 100 cities, Dr. Sullivan said: "I want to emphasize the fact that Mr. Nixon has already begun to move in the right direction, but not enough and not fast enough. Ninety percent of the Blacks are in labor and service unskilled jobs and need training to get into technical jobs and off of welfare."

"Training is a matter of survival for my people because in 20 years most of the unskilled jobs and many of the semi-skilled jobs will no longer exist," Dr. Sullivan said.

Charged With Forgery

There is A Great Deal of Black Political Power in West Texas

If we look around us and begin to put our thing together, we'll soon discover that the Black community in West Texas certainly has a great deal of potential in the political arena.

When we talk about the power of the Black community in West Texas, we're talking about the area which includes Midland and Odessa, Lubbock, Amarillo and all other small communities.

There is no reason in the world why the year of 1972 can't be a great one for the Black community if we start now doing things together. We don't have time to be negative about what has happened in the past. We only have time to start putting something constructive together for the year of 1972.

We've got plenty of time to start organizing a hell of a voter registration drive which could definitely benefit the more than 65,000 Black people in West Texas. This may not be the true picture in regard to who is qualified to become a bonifide voter, but there are at least 25,000 or 30,000 Blacks who could elect anyone in their district per se or even affect the state and national election for the State of Texas.

Time has gone when we continue to be "do gooders" for the sake of appearance. We must continue to look at the idea of political power, as well as developing an economic base in the West Texas community. These two basics would apply to any Black community in the United States of America today.

The Black community can really start something going if we hook our powers up together. This will require positive thinking on the part of all of us. We've all, perhaps, made mistakes in the past, but we can't afford in this day and time to tarry over spilled milk. We've got too much in our favor if we really want to do something that will benefit every Black person in the area. The year of 1972 has to be programmed in the minds of all Blacks that we're important people and we won't move backward, regardless of the consequences.

The powers that be may as well start making up their minds that we have this potential political power. To really make this come about, all we have to do is start working toward that goal now. In any community, regardless of size or population, there is some type of political race coming up. All we need to do is start getting our Black brothers and sisters together and key them in on what's happening—and how we can all benefit from working together.

No matter if we have Black candidates running for the office of mayor, city councilman, school board trustee, state representative or what have you, it's time now to start doing something about it. If we are not running anyone from our own

area or race, let's still do our homework and utilize our power so the system can understand us, and our needs, loud and clear. It's conditioning time and we ain't got long to get together. Let's use what time we have left constructively.

There's a great deal of Black political power in the West Texas community. We can use it to our advantage in 1972—let's get cracking! Right On!

City of Lubbock "On the Ball"

There is something that the City of Lubbock has done for the Black community recently and the West Texas Times would like to congratulate them on their efforts.

Several months ago the United Black Coalition (UBC) submitted a handful of needs in the Black Community. Several mentioned involved the safety and welfare of the Black citizens of East Lubbock.

Before school began last month, two of these needs had been taken care of by the City of Lubbock. The overpass on East 24th Street has a

safety screen, or fence, installed to prevent our little tots from crossing the lane of traffic. Another improvement is the placing of a flashing school crossing light which has been placed on Quirt Avenue for the benefit of the students crossing there on the way to Posey Elementary School.

May we give those responsible for the two needed items their flowers while they live. Thanks City of Lubbock. Let's hope this type of cooperation will be continued in the future.

Sports a New Twist for Times

Many of our readers have asked from time to time, about a broad range sport's page in the paper. We're happy to say that because of the demand and interest this week we will begin to keep our readers abreast of the Black sports world.

A new sports editor has been put to work, most of the Black colleges in the South and Southwest have been contacted and we are presently working on the professional ranks for information.

It's just another attempt on our part to provide the type of newspaper that our readers desire.

Myths In A Space Age

by Jodie C. Sanford

In this space age, where a popular dance is "The Moon Walk", one dares to talk about something the Greeks made famous years ago—the myth. My country boy concept of a myth is "when people act like something is real when it ain't." It may be about a certain segment of the population within a state or country while on the other hand it may be about a race or nation. A myth may be projected in many forms, including songs, drama, movies and hero stories about individuals. In the absence of facts a myth is frequently born. The myth may also reflect a specific period in the life of a people.

The danger is not in the myth, but rather when we act and make policies and decisions as if the myth is a fact. The situation from which the myth sprang forth sometimes does have a degree of truth but becomes twisted out of proportion to its merits. The railroads had their Casey Jones, the lumberjacks their Paul Bunyan and there was that story about the little boy who cut down the cherry tree.

We tend to develop myths about people whose cultures are not the same as ours. There was this thing about people south of the border being lazy and taking several naps a day. On a trip into Mexico some years ago there were two things that impressed me the most. The very attractive and assorted handicraft and the fact that most of the hawkers on the street were 12 years of age or less and spoke English well enough to sell their wares and give strangers in their land directions. In what

city in this country could one find youngsters on the street speaking a language other than the native tongue?

There is some concern about the possibility of a new relationship with mainland China. Could this have anything to do with the fact that for a long time we believed the myth that mainland China was a country full of backward, primitive people? In recent weeks responsible sources have indicated that we are dealing with sophisticated, tough people—especially the leaders. It would appear that we should know more about one-fourth of the world's population. What was acceptable during frozen relations with China may very well be unacceptable in a thaw.

Despite the fact that so much has been written about poverty and related subjects such as welfare and health care; there remains a conglomerate of myths about people in poverty. To give a few; "I made it, why can't they?" "People in poverty are there because they are lazy." And everyone has heard this one, "Every individual in America can make it if he works hard." Or the final myth "If he had some get up and go he could lift himself by his own bootstraps." There are many others but the point is made that such ideas suggest that poverty is an individual problem.

Poverty is a condition that frequently involves an entire generation of a segment of our population. The vast majority of the population falls at the extreme in age. They are too old or too young to work and this is compounded by the fact that because of the cycle of poverty brain damage often

Black Struggles and Gains

The Black Americans' battle for freedom today has its roots in centuries of injustice. Black struggles have accompanied the Black man throughout America's history in his fight to gain full citizenship, freedom and the right to be a human. The history of Blacks from the early beginning in Africa right up to the headline making events

of today is filled with Black's struggles. These struggles include injustices, discrimination, prejudices, the oppression and cruelties of slavery, the humiliation of segregation, and the imprisonment of urban ghettos. Yet in the same light, the Black man has a story of heroism, the daring exploits of our soldiers, the determination of slaves in revolt, the bravery of the underground railroad escapees and the courage of our civil rights martyrs.

Despite the past we are forging ahead with our progress. Despite the window dressing of a relatively few Blacks in prominent positions in government, business, industry and the professions, the vast bulk of the Black population has made very little progress. The former eminent civil rights attorney, Mr. Justice Thurgood Marshall, once dubbed "Mr. Civil Rights," is highly qualified for his position on the United States Supreme Court, and Nobel Peace Prize Winner, Dr. Ralph Bunche, Undersecretary at the United Nations, has served that organization with rare

distinction. But their achievements can be of little help to the exploited Black people struggling to keep body and soul together from day to day, and meanwhile being subjected to the indignities of a pariah.

In 1965 then President Johnson announced that . . . "between 1949 and 1959, the income of Black men relative to white man declined in every section of the country. From 1952 to 1963, the median income of black families compared to whites actually dropped from 57% to 53%."

In 1968 there were two million Blacks with incomes so low they were classed as in poverty—almost half of the black population. Yet even now, very little effort is being made by those in positions to help, to eradicate economic injustice, the taproot of the whole so-called "Negro Problem."

The Equal Employment Opportunities Commission was set up ostensibly to fight job discrimination but congress left the commission toothless. Along with this, the anti-poverty program has degenerated into essentially a relief program.

For decades the National Urban League was the principal agency, if not the only one, doing anything meaningful about housing and employment for Blacks. The League has been of great service in helping rural Blacks adjust to an industrial life in the cities by finding jobs and housing for them, along with setting up programs of vocational guidance for them. Believe me, the national anti-poverty programs went far astray when they turned their efforts from vocational guidance and self-help to relief ideas.

Later I will go over the other Black accentuated movements in detail. Explaining how S.C.L.C., C.O.R.E., the N.A.A.C.P. and S.N.C.C. worked toward helping the Black man and the Black areas.

Spectator Catches Football—And Keeps It!

Everything happens on the Police Beat, and last week was no exception to the rule of crime.

Virgil L. Johnson, coach of the E. C. Struggs Vikings football team, reported to the Lubbock Police Department that one day last week while his team was practicing someone kept the football.

According to Coach Johnson, the football players were practicing when one of the players threw a long pass. It was caught, not by a Viking player, but by a man standing on the sideline—who ran for a touchdown, or was it a home-run, with it. At any rate, the fellow took the football home.

Destruction of Private Property

A Lubbock man, who resides at the Starlite Motel, 2304 Fir Avenue, reported to the Lubbock Police Department that his sister-in-law came to his room at the motel and broke out a window.

Theft Under \$5.00

Katie Wright, 1526 East 2nd Street, who works at the 7 to 11 store at Parkway and Zenith, told police that a young man came into the store and got a pint of orange drink, only 17 cents total price.

According to the lady, the young man walked around inside the store with the drink. He then left, without paying for it.

Assault

Lilie Mae Jordan, 2436 East 29th Street, reported to the Lubbock Police Department that a lady did strike her on the back of the head with a hammer at a local establishment, Lucky Corner at East 37th and Ute, one day last week.

The lady, according to Lilie, also cut her with a knife on the right forearm prior to hitting her with the hammer.

Theft Over \$5.00

Wayne Speegle, 1815 East 1st Place, was an unhappy man last week. He told police that someone took a battery from his '64 model automobile.

The value was believed to be \$35.00. The cables were not cut, they had been taken off of the battery.

Theft

Deloris Sharon Newton, 3313 East 15th Street, reported to the Lubbock Police Department that she was walking one day last week,

on the way to the bus station, when two men pulled up and asked her to get in the car. She reported that she declined their offer.

At that time, they approached her and took her purse and clothes from her. The purse had \$30.00 in it (two \$5.00 bills and two \$10.00 bills) and an undetermined amount of clothing was taken, including a pair of shoes.

Vandalism

Lonnie Gaston, 2706 Teak Avenue, reported to the Lubbock Police Department that someone did throw rocks and hit his 1970 model automobile.

His windshield was broken and dents were made in his hood. The damage to the car was believed to be \$500.00.

Black History Notes for Busy Newspaper Readers: Elizabeth Taylor Greenfield (1808-1876), "the black swan of the concert stage" was born in Natchez, Mississippi. She was taken as a child to Philadelphia by a Mrs. Greenfield, a Quaker lady who discovered that Elizabeth had a gifted voice. In 1844, Elizabeth went to Buffalo, where she achieved recognition. Her voice had flexibility as well as an unusual range; and her control was phenomenal for an untrained vocalist.

Mrs. Greenfield appeared in Boston in 1852 and was highly praised by the critic of the Boston Evening Transcript. Subsequent tours by the Northern states brought her into contact with many people who extolled her artistry. She appeared in London in 1853 and at the same time Harriet Beecher Stowe was in the city.

Mrs. Stowe and the Duchess of Sutherland arranged a concert for Mrs. Greenfield which was quite successful. The following year, she sang at a command performance at Buckingham Palace for Queen Victoria. She was accompanied by Sir George Smart, the organist and composer of Her Majesty's Chapel Royal.

When Mrs. Greenfield returned to America in 1854, the New York Herald wrote: "The Black Swan now sings in true artistic style and the wonderful powers of her voice have been developed by good training." Her talent and the critics commendations substantiated the claim of the abolitionists of the period that the Negro was capable and gifted.

Some of our bellringers will remember the difficulty President Johnson had in pronouncing the word Negro, often times slipping into the use of the highly offensive designation for blacks "Nigra." On close advise from friends, the ex-President used the term blacks most often.

Some eight thousand or more delegates and messengers to the 68th annual session of the National Sunday School and B.T.U. Congress in Jackson, Mississippi recently were incensed when the president of the Mississippi Economic Council used the term "Nigra" several times in his prepared text, reports Bob Churchwell, a black reporter.

"We love to be called black," replied Dr. T. B. Boyd, Jr., director of the Congress said in response to the welcoming address by the official. "We don't like 'Nigra', he added. "If you can't say N-E-G-R-O, just call us black."

Dr. Walter Washington, Vice Chairman of the Commission on Secondary Schools of the Southern Association (rating group for Texas area) has been inaugurated as President of Alcorn A.&M. College at Lorman, Mississippi.

Some of the Texas black institutions hold "correspondent" status with the Southern Association (rating agency) include Southwestern Christian College at Terrell, Texas (Church of Christ) Jack Evans, president and Paul Quinn College of Waco (A.M.E.) S.E. Rutland, president. Also included in Western Texas College at Snyder with Robert Clinton, president. Correspondent denotes formal relations with the commission until the institution is ready to seek accreditation.

Rev. Mr. W. H. Blacn, who formerly pastored Baptist Churches in West Texas is now pastor of Mt. Olive Baptist Church of Carlsbad and a full-time deputy sheriff of the county (Eddy). He says law enforcement is everybody's business, including the church. Friends may contact him at 506 West Lea Street in the Cavern City.

Aside from this, Mrs. Terrell has always been concerned about the welfare of her fellow brothers and sisters. Let's all pray for Mrs. Terrell and all others who are on

Hillyer's Prairie View Panthers, Hardy Malvo Set for Angelo State Rams Saturday Night

by Joe Booker

Prairie View (Special)-The Prairie View Panther football team will open its 1971 season Saturday night, September 11, at San Angelo against the rugged Angelo State Rams.

Hardy Malvo, a cool 6-4, 210 pound sophomore from Beaumont Pollard will get the call as the Panthers' starting quarterback. Malvo has been impressive in all of the Panthers' scrimmages. He possesses the rare ability to run and pass with equal facility. In the Panthers' first scrimmage he showed the Panther coaching staff that he's the man for the job by completing 12 of 17 passes for 179 yards and throwing three touch-down aeriels.

If Malvo falters, Hillyer has Curtis Ceasar, a 6-3, 212 pounder on standby. Ceasar was the Panthers' starting quarterback the last of last season. He possesses a strong arm, but an uncanny way of releasing it, but his receivers haven't complained.

The Panthers have an ample running attack in Jerry Jefferson, Randolph McGraw, Otis Pointer, James Harris and Roy Davis. Jefferson, a senior from Houston-Wheatley will probably get the call at halfback, while McGraw, a brusing type may start at fullback. Jefferson gained 134 yards in the Panthers first scrimmage. McGraw is an all around back who runs and place kicks as well. Otis Pointer, a former Yates star is beginning to show his old form that made him a threat at Yates. James Harris is the MVP of the 1965 East-West All-Star game and is making a come back after being out four years.

The receiver spot could be a weakness, after a pre-season bright spot. John Moore heads the pack along with Lewis Neal, John Lewis and Enoch Morgan. Sammy Lee starts his fourth year at tightend.

The offensive line is improved with the likes of people like Jackie Harrold, Joe Boden, Wendell Jones, Jerry Wallace, Ernest Jones and Willie Kirkland. Byron Briggs, is

another bright spot in the line. "The Purple People Eaters" the Panther defensive unit who are usually hard to penetrate will be as tough as ever. Dewey Rogers, an All-SWAC end heads the pack along with Leslie Hudson, Jessie Wolf, Maurice Gindratt and Luther Gentry, in the line. Talmadge Sharpe, Nathan Owens, James Wolf and Henry Tennessee, head the linebacker crew.

Only two-time All-American Bivian Lee is missing from the secondary and with talent such as Luther Hudson, Hise Austin, Daniel Simmons and Lester Morgan, receivers and passers should find it stingy in this area.

**Family Reunion
Opens on Tragic Note**

Mr. and Mrs. George Woods and family left Lubbock last Friday evening and joined the Rev. Melvin Montgomery and family to meet in their home town for a family reunion with the entire Montgomery family at Gilmer, Texas.

Upon their arrival, they were met with very sad news. A carload of relatives, coming from Los Angeles, California, was involved in a car wreck in Abilene, Texas. A cousin, Mrs. Willie Mae Montgomery Brooks, was killed instantly. The others were hospitalized in the Hendrix Hospital in Abilene. Another cousin, Ruby Lynn Montgomery, is yet in critical condition. She is still unconscious. The others are doing fairly well.

Funeral services for Mrs. Brooks were held in the Gilgal Baptist Church of Gilmer, Texas. Her pastor, from Los Angeles, Rev. Lott, delivered the eulogy.

The family had planned this reunion for the Montgomerys to get together for some time and sadness has always occurred throughout the years.

Rev. Montgomery was to deliver the sermon on Sunday at the Gilgal Baptist Church, which was founded by the family's great, great-grand father a hundred and four years ago, Rev. John D. Baptist.

Mrs. Brooks is survived by her husband, Odell Brooks; three sisters, Mrs. Theola Holland of Ft. Worth, Mrs. Valree Joshua, Vancouver, Canada, Mrs. Blanche Turner, Gilmer; and four brothers, Leon of San Francisco, Charles, Earsel and Oscar Lee of Gilmer, Texas; an aunt, Mrs. Vishola Cuba, Gilmer; three uncles, Richard White, Houston; Andrew Dixon, Rockwall and Rev. R. H. Dixon, Dallas; and many other relatives and friends.

Burial was held in the City of Lubbock Cemetery under direction of South Plains Funeral Home. The youth had been ill for some time with a heart ailment.

He was born in Ector County and had lived in Lubbock for seven years.

Survivors include his mother, Mrs. Viola Davis of 2214 A Redbud Avenue, his father, Willie Dean Davis of Odessa; two brothers, Willie Earl and Elvin Lynn Davis, both of the home, and his grandparents, Mr. and Mrs. Arvre Lee Jones and Mrs. Maggie Johnson, all of Mexia, Texas.

Mr. Ward was employed at the Herring Hotel for more than 30 years and was superintendent of services at the Capitol Hotel at the time of his death August 31, 1971, in the Northwest Texas Hospital.

**Mrs. Olga Hemanes
Honored Here**

Pastor A. L. Dunn and members of New Hope Baptist Church honored Mrs. Olga Hemanes with a short program and reception last Friday, September 3, at 8:00 in Fellowship Hall of the church.

The occasion was to tell Mrs. Hemanes, in a small way, "Thank You," for her untiring, faithful and willing service to her church.

Mrs. G. H. Davis was mistress of ceremonies, Mrs. Willie M. Cox gave the opening remarks and Mrs. Lena Sheffield was spokesman. Mrs. Katie Thomas sang "Remember Me," and was accompanied by their organist, Rev. Joseph Ferguson. He also sang "The Lord's Prayer."

Rev. Dunn appointed this committee to arrange the program and the refreshments: Sisters G. H. Davis, Callie Howard, Lula Virden and Brothers George Francis, U. Kelley and Mrs. W. B. Lewis.

Mrs. Hemanes was the recipient of a lovely silver tray with her name, the name of the church and the pastor's name inscribed. Mrs. Wynnetta Ball made the presentation. Mrs. Hemanes made remarks in which she expressed her thanks and appreciation for it all. She prepared meals during a recent meeting held at her church during August and would not accept any pay for her services.

Among her duties at the church is one as a member of the usher's Board. She is the wife of Brother Jesse Hemanes.

Pastor Dunn gave the closing remarks and complimented Mrs. Hemanes for the services she renders to her church and community. A delicious repast was served to all in the Fellowship room. The guest table seated the honoree and her

From My Scratch Pad

by George Parrish

Mr. and Mrs. C. W. Wilson of 1101 NW 21st spent their vacation this summer visiting the children, namely Mr. and Mrs. Charles Wilson and son of Phoenix, Arizona. While there they attended church at the Wesley United Methodist Church, Rev. F. Parks, minister. They also visited Rev. and Mrs. H. J. Johnson who live in Phoenix. Reverend Johnson is a former pastor of Johnson Chapel A.M.E. Church here in the city.

From Phoenix they traveled on to Edwards AFB to visit Capt. and Mrs. Isaac Payne and their two daughters, and continued on to San Francisco, California, to visit with Mr. and Mrs. Nehemiah Clark. There they attended Bethel A.M.E. Church, Rev. J. Austell Hall, minister.

Last, but not least, they visited Los Vegas. They had a chance while there to see the Ink Spots and "cousin" Minnie Pearl. The Wilsons reported having a very nice and enjoyable trip.

Mrs. Eva Cooper of 1632 NW 15th is back in the news this week. You see Mrs. Cooper is a volunteer at Our Community House Neighborhood Center. She reported that she and a group of "old women" as she calls them, had quite a trip up there last week—making flowers and to prove it she brought one of the flowers down to my house to show to my wife and I, and I must say that it was very nice.

Some of the ladies that Mrs. Cooper remembered being on hand included Mrs. Jessie Moore, Mrs. Laura Harris, Mrs. Carolina Vaughns, Mrs. Osie Lee Jackson, and Mrs. Earnestine Dawson.

Mrs. Dawson and Miss Reed served coffee and donuts to all the ladies there. Mr. Charles Horton is the coordinator of Our Community House Neighborhood Center.

Mr. John Warf of 1909 N. Washington is vacationing in Memphis, Tenn. John, "Brother" as he is known to all of his friends, is having quite a time there I am sure. I told Mrs. Warf Saturday that we just may have to go and get him. He is quite a guy.

Miss Lena Arthalia Wilson visited briefly with her mother, Mrs. Zelma Majors of 917 N. Washington recently.

Lena is a law student at Ann Arbor, Michigan. She arrived here Thursday and left Sunday at 8:15 a.m. She is asking for your prayers.

Elder James Williams delivered a dynamic message to the members of our congregation last Sunday morning.

Plans are still being made for the annual conference which will begin the last week in September. Delegates from throughout the state of Texas are expected to participate in this annual fete.

Sunday School was well attended with teachers and students being at their respective positions. Mrs. Ollie Coleman will be instructing the Intermediate Class.

Mount Vernon United Methodist Church

A unique bulletin was passed out last Sunday for the church members. The title of it was: "The Celebration of the Lord's Supper;" its cover had the words of "The Sunday Service of the British Methodist Church."

Time and time again, we call for meetings of various groups of the church. Each has important responsibilities in the church. For some reason, unknown to the pastor, it is almost impossible or it seems that way, to get those people to hold their meetings. I (Rev. M.T. Reed) have been informed by Dr. Boyd that every officer receives the "Interpreter" also the monthly resource packet from the Conference Program Council. I am wondering just how long can a congregation exist without the Task Groups functioning. I am sure not very long. If you are a leader of any group, why not give it the best that is in you, at least try.

New Hope Baptist Church

Let us not forget the Special Men's Day program on Sunday, September 19th. Let us all look forward to making this a great day. Annual Usher's Day will be observed by our church on October 19.

Let us continue to pray for our sick and shut-ins.
