City Resident, Harry Stokley, Jr., Receives Promotion to New F.H.A. Position Here

Harry Stokley is shown being congratulated by Don Earney, new director of the Lubbock F.H.A. office. In his new position, Stokley will supervise a staff of three persons and handle all mortgage servicing in a 71-county area of West Texas.

Harry Stokley, Jr., with the Lubbock Insuring Office of the Federal Housing Administration has been promoted to Specialist in charge of Mortgage servicing for the F.H.A. office. The announcement comes from Don D. Earney, new director of the Lubbock office, who commented, "In his three years with F.H.A., Harry Stokley has compiled an impressive record of achievement and he is most deserving of the new responsibilities given him."

In his new position, Stokley will supervise a staff of three persons and handle all mortgage servicing involving the 71-county area of West Texas covered by the Lubbock Office. Stokley will be

dealing primarily with mortgages on multi-family dwellings. Of his job, Stokley says, "I consider my new position a great challenge and I hope to put my past experience in housing management to good and rewarding use in providing new F.H.A. projects that will improve the living conditions of as many West Texans as possible."

Stokley, 38, is a native of Kaufmann County, Texas, near Dallas. He came to Lubbock in 1960 to work with the Urban Renewal Agency of Lubbock and later became manager of the Green-Fair Apartments in Lubbock, before joining the F.H.A. staff in March of 1968.

There were fourteen grievances presented to the Citizens Grievance Commission Tuesday evening at Rogers Community Center, 3200 Amherst Street. The meeting involved more citizens than previous meetings held at City Hall.

One of the citizens appearing before the group, Mrs. Thomas Sanders of 3504 Vanda Avenue, said, "Chief Alley said he had never heard any complaints. But," she went on to add, "I for one have been to him twice with complaints."

She told the group of several complaints, one which involved a white policeman who allegedly struck the megaphone a Dunbar High School cheerleader was holding to her mouth, jamming it into the girl's face. She said, however, that the officer apologized in her presence for the act.

Mrs. Sanders spoke of chemical Mace which was sprayed on children in a melee initiated by two Negro girls fighting after a basketball game. She claimed that policemen have also threatened to use the chemical on adults.

"I know Mace was sprayed," she told the commission and an audience of about 75 persons present, "I saw it." She went on to add that one youth was left unconscious by the chemical in an incident.

Girl Scout Badge Workshops Set

Two Girl Scout badge workshops have been scheduled for the month of July at Mae Simmons Community Center. The Troop Dramatics Badge Workshop will be held July 12-16, 9:30 to 11:30 a.m., at the Mae Simmons Center. The Health Aid Badge Workshop will be held July 19-23, 9:30 to 11:30 a.m., also at the Mae Simmons Community Center. These workshops are open to all Girl Scouts completing the third grade. Texas Southern University in Houston, Texas, where he studied Sociology and History. He is also a decorated veteran of the Korean conflict where he served one and one-half years as head of the emergency medical section of the 115th medical battalion with the 40th Infantry Division.

While a resident of Lubbock, Stokley has been quite active in civic affairs. He is a former member of the Lubbock Day Care Association, past president of the Planned Parenthood Educational Committee of Lubbock, active member of the Men's Civic Club of Lubbock and an active Army reservist.

In addition, Stokley has been a guest speaker at the home economics, speech, and sociology departments of Texas Tech, Operation Head Start gatherings, and various public schools and churches.

Stokley and his wife, Florinaz, have two daughters, ages 11 and 15, and reside at 2318 Cedar Avenue here in Lubbock.

Christi, Texas, policeman, Gus Guzman, told the commission he was present at the police station when officers struck Mexican-Americans who had been arrested and were handcuffed.

A commissioner, Joe Trujillo, asked if police officers here are pressured to give a certain number of traffic tickets. Guzman replied: "When I was on the force, the quota was 40 per month and I was always in trouble because I never met it."

"Of course, they can't really enforce such a rule," he went on to add, "but there is definitely pressure."

A negative response from Father Curtis Hoffman of Our Lady of Grace Catholic Church appeared when he asked, "What good is this commission?" The Catholic priest was answered by the chairman of the commission, Virgil Johnson, when he said, "If I didn't think anything would be done about our recommendations, I wouldn't be here."

The next meeting of the commission will be held Tuesday evening at 7:00 at the Mae Simmons Community Center. Citizens with complaints are advised to come before the commission at that time.

Emergency School Assistance Program Underway Here

The Emergency School Assistance Program is looking for high school students interested in chicanos and black histories and cultures, according to Julio Llanas, director.

The students are meeting at St. Elizabeth Church Hall, 2305 Main, Monday through Friday, from 1:00 until 8:00 p.m.

"There is a chance to make museum displays about our culture," says Llanas, "and to prepare seminars, speeches and theaters to educate all who need education, children and parents of all races, but especially the Anglos."

"We need students interested in working hard for their people with facts," he continued. "ESAP aims to create understanding and respect between all three races."

Also included in the program is a door-to-door survey of parents about education; and the World of Work, an introduction of students to employment opportunities in Lubbock.

"Most parents want their children to finish high school, but we have found that many do not see that their kids can go to college," he stated. "After we talk to enough parents, we will encourage them to organize, not only to help individual students, but also to be involved in the schools," he concluded.

The World of Work requires registration even though it is free. Lasting from July 26th to 30th, it will give thirty students tours of different types of businesses and institutions and furnish information on how to succeed.

If you are interested in any of these programs, Llanas asks that you please call 763-1784.

It's Time to Make Preparations for 1972

It's time for us, as black people, to start making preparations for the 1972 city, county, state and national elections. It's not too early to begin putting "our thing" together and being the ones to make the critical decisions.

On the local level it's highly possible for a black to be chosen on the City Council and the Lubbock Independent School District Board of Trustees. We've made it to the School District Board of Trustees, but we must continue our efforts if we are to hold representation there. A great bid was made in a City Council race several years ago, but we failed. The upcoming election year should prove to be a different story, especially if we do our homework now.

With the ratification of the constitutional amendment last week, making it legal for 18-year-olds to vote, much change can be seen, once again if we do our homework. In the Lubbock proper, community, there are many blacks who are between the ages of 18 and 21 that could help bring the black image home in any city contest, as well as county elections, for the first time.

The new constitutional amendment, which has given 18-year-old that precious opportunity to exemplify their place at the polls, is one which will challenge each of them. They, too, along with others who have become qualified voters will have a challenge in 1972. Perhaps our voices can't be heard loud on the state and national level elections, but in the city, county and at the state representative and senate bids, all black people can be heard loud and clear.

There's no doubt about it, the establishment knows for sure that there are black people who are concerned about the welfare of their community. Their image has been frequently seen since the last election, especially the last city and county elections. The track record of the black community is becoming a very positive one, or we might say, one of concern to those in the political arena.

The younger blacks, especially the group that calls itself the Black Majority Council, will find themselves full of challenges during the upcoming elections. For they, too, must put their "thing" together and help elect persons who will be representing their peers in all upcoming elections. These young people must realize that their contribution in the last few weeks is being watched by many. Let's hope that their energy will not go down the drain. As one politician has already stated, "They have put up a good smoke screen." Come on young black brothers and sisters, prove to the system that you are for real and can improve and rework parts of the system, within the existing framework and guidelines. Prove to everyone that

your efforts are more than just a "smoke screen."

New interest on the part of the City Charter Commission, which was appointed several years ago, to look at the idea of dividing or "districting" the City of Lubbock may make it possible for a black and a brown to be elected in the near future to the City Council.

We, as black people, must start thinking big about 1972. If we don't necessarily put a black in a state position, we can surely let the "powers that be" know that this is the way we are thinking. We can be positive, and at the same time, work now to place blacks on the City Council and begin now laying plans for the County elections.

It's time to start making preparations for all elections in 1972. Organizations like the United Black Coalition have proven, without any doubt, that something constructive can be accomplished in the East Lubbock community. The local chapter of the National Association for the Advancement of Colored People (NAACP) must start utilizing their talents in preparation for voter's registration now in order to be ready when the season for voter's registration open in October of this year.

State Representative Curtis Graves said several weeks ago while in Lubbock, as a guest speaker for the United Black Coalition, "Let's get some black faces in other places, other than the school board." Why not prove to our brother from Houston that we can and will have some symbols in more political sub-divisions in 1972. We've got plenty of time to start making preparations. What about now?

Pass the word on to your church, fraternity, sorority, social and civic club. We must get ready.

Commission Member Complains of Mis-quote!

To The Ladies and Gentlemen of the News Media:

I am respectfully asking that any statement that you choose to print, which is made by a member of this Commission, be clarified for the benefit of your readers and of the person making the statement. For example: a statement which I made was printed in the Avalanche-Journal and in essence it was what I said. However, it was printed out of context and the specifics were not printed and by leaving out the specifics, in my opinion, gave the readers an entirely different interpretation. Mr. Alley made a statement prior to my statement that the courts prove policemen wrong every day. The statement printed in the Avalanche-Journal read: "But going through the court process doesn't accomplish anything," lamented Commissioner Caviel."

This in my opinion would indicate that regardless of what the case might be, nothing can be accomplished by going through the courts. This is definitely not what I meant. Going through the courts is the American way and being an American, I strongly believe in the due process of law. Many things can be accomplished by following the proscribed legal procedures, but it is useless and frustrating to appeal to our court system when one is beat before he ever reaches the courthouse.

However, when a person is in the right but can't prove that he is in the right, it sometimes helps to make a complaint to the department head... and enough complaints against an individual or individuals will hopefully call for an investigation.

Brothers, That's Not The Way!

One of the most disgusting things I have seen in a long time happened last Thursday, July 1st, at the Eastern Little League Park about 8:00.

A lot of hard-working and concerned people were on hand, trying to teach our youngsters sportsmanship, leadership, team work and how to get along and respect each other, also had to witness what I was subjected to that evening.

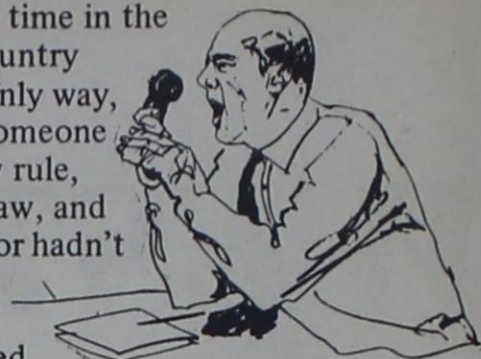

While these concerned people were hard at work trying to be helpful, there were some brothers, in their same old negative bag, holding one brother down on the ground, while two or three others were kicking and stomping him on the head. Brothers, that's not the way. Let's stop destroying each other. That's just not cool!

I know a lot of our frustrations come from lack of constructive activity, not enough decent jobs, improper training opportunities and poor wages. But these things are being worked on, especially the job training and job development ideas by the local O.I.C. people. And the employment aspect is being worked on by individuals, groups of people and a number of businesses; as well as this newspaper, which has worked along these lines since its inception.

Destroying each other defeats everything that's going for us. Let's stop destroying each other and band together and exert our energies in a positive, organized, constructive and dynamic manner. If

From The Business Desk

More than one time in the history of this country confusion is the only way, usually because someone has written a new rule, or passed a new law, and either had forgot or hadn't had time to get around to letting the people affected know what the new rules or laws really mean.

Such was almost the case this past week in relation to the new state sales tax. We've checked, and had everyone else we know checking, and still have not been able to get an understandable explanation of how the new law affects our door-to-door newspaper salesmen, your paper boy or girl.

So far we have been offered three alternatives. First, we can continue charging 10¢ to our customers each week for the paper, which means that all the little boys and girls who buy the paper from us will have to get a tax receipt from the state and report their taxable sales, a penny on each sale, to the state comptroller each quarter (making the price of the paper to our readers 10¢ + 1¢ tax, or 11¢ each week). Second, we can discontinue direct sales to the many people in West Texas each week that the youngsters call on, requiring that everyone who wants a paper mail in a year's subscription payment, and let all paper deliveries be through the mail, (which certainly will make a number of youngsters in the black community unhappy, since they will lose a means of making spending money for themselves). Or, third, we can drop the price of the paper below the 10¢ level, making everything alright, satisfying the people in the state capitol, and lining things up.

The third choice is the one I decided to take since it seemed to me to be the one of least resistance. What it means is that from now on, until further notice, the price of the West Texas Times will be 9¢ per copy. The youngsters that you purchase the paper from will be the one who absorbs the penny loss, since everyone else has been taking a loss, or just barely breaking even in the circulation department for several years. At any rate, I'll be willing to bet that your newspaper is the first business in the country to try to help the President out in his drive to curb inflation. Believe me, when the politicians raise taxes, most people are always in a hurry to raise their price, but this newspaper will just have to pay the additional tax, and at the same time, lower its price.

Incidentally, I'll have more to say on our new 10% state sales tax in next week's paper.

we can get everyone to do this, the results would be amazing to many of our so-called "negative" people.

Brothers, that's not the way to do it, the way you behaved last Thursday evening. Think about the young lady who came up and asked you to stop beating the brother on the ground, and you chased her. How would you feel if it was you on the other end; and your wife, mother or sister had asked someone to stop and they had chased her?

I hope the whole thing stopped there, although rumor had it that the young lady went to Canyon View Apartments to get a pistol. I don't know what happened after the brother that was on the ground got up when the rest of the group ran after the young lady. But I do know one thing—we need to cut that kind of bull-shit out because it is degrading on every black person and as long as some of us blow our cool, we are all affected. We need to quit footshuffling, shucking and jiving, and raising up broken black fists, and get ourselves together and get some green power (money).

Brothers, we wear our sandals, dishevels, naturals, Afros and shout black power but as Dr. Leon Sullivan says, "Black power without green now, isn't any power at all."

Dr. Sullivan also says, "we can't deal in dreams. The time for dreaming is done, this is the time for realism. We're going to realize first that we've got to get ourselves together so that we can utilize the resources we have collectively to help build the common cause of all."

We still have a lot of emancipating to do, first our minds, and then ourselves—economically—and then we can create jobs, businesses, productive capacities so our community will no longer have to be stagnate and negative.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
 TEXAS PRESS ASSOCIATION

Editor's Note—Bill Boykin replaces Vern Sanford as columnist of this weekly Texas Press Association feature. Sanford retired July 1 after serving TPA for almost 24 years. This column solicits questions about state government news and information. Address your questions to this newspaper, and they will be forwarded to the Austin office.

Austin, Texas—July 1 turned out to be a costly date for Texans. Not only did the nearly \$1 million-a-day (\$604 million biennially) tax bill take effect, but property owners got notice of hikes of up to 25 per cent in their insurance rates. And just the day before (see below) the State Insurance Board staff recommended an average 2.8 per cent increase in private auto insurance coverage effective September 1.

Tax bill raises the general sales tax from 3.25 per cent to four per cent statewide (five per cent in many cities which also levy a local sales tax); adds three cents a pack to cigarette taxes; increases liquor tax about seven cents a fifth; raises beer tax a fraction of a cent a bottle; jumps sales tax on new cars to four per cent (bringing in car rentals) and jacks up corporate franchise levy \$1.25 per \$1,000 of capital.

A 10 per cent tax on mixed drink sales went into effect last month.

A new kind of "surtax" takes effect September 1. It will cost moving traffic law violators \$2.50; other misdemeanor violators tried in county court, \$5.00, and those convicted of felony, \$10.00.

Raise in homeowners' and other kinds of property insurance came without formal announcement other than notices to local agents.

Homeowners' rates rose 25 per cent along the seacoast (hit by Hurricane Celia last August) and in tornado-struck north-northwest territory of the state. Central area homeowners' rate jumped 22.1 per cent, too.

Extended coverage of all classes went up 25 per cent on the coast, 24.5 per cent in north-northwest and 19.7 per cent in the central area. Extended coverage for dwellings is up 25 per cent on the coast and north-northwest, 19.3 per cent in central part of the state.

Fire insurance coverage increases 5.2 per cent — or 7.1 per cent for dwellings.

Auto Insurance Up Again?—State Insurance Board staff recommended an average 2.8 per cent statewide passenger car insurance rate hike effective September 1.

Board heard recommendations at a public hearing here June 30 and indicated a decision will be made about mid-August.

Industry, which won a 14 per cent boost in rates January 1 after asking 27.7 per cent, is asking 9.8 per cent increase (average statewide) on passenger car coverage.

Seven state legislators and the state AFL-CIO president argued that a decline in accidents justifies lowering rather than raising rates. Since rates are fixed by territories, not statewide, some areas under Board staff recommendations would receive reductions in certain lines of coverage.

More Welfare Woes Loom—A top court decision declaring needy non-citizens eligible for assistance, threat of increasing finance burdens from federal legislation and rising medical costs put the State Board of Public Welfare on red alert again last week.

Board was told the federal bill would "save" the state \$57.1 million in existing payments—but might double the number of Texans eligible

for medical care benefits (which will cost \$137.5 million next year).

Supreme Court decision on aliens would add 20,000 to state welfare rolls overnight at a cost of more than \$10 million a year, Deputy Welfare Commissioner Herbert Wilson estimated.

New Welfare Commissioner Raymond Vowell said negotiations are underway to place limits on runaway medical care costs, while maintaining adequate services.

Brother of Local Resident Receives Medical Degree

Mrs. Rose Lincoln and her daughter, Shelia, left for Washington, D.C. where they attended the graduating exercises for her brother at Howard University.

Mrs. Lincoln's brother, Jake Edward Davis, received his M.D. (Medical Degree) and was also a recipient of a meritorious award at the ceremony for faculty, parents, relatives and friends.

Linda LaVern Scott, daughter of Mr. and Mrs. Edwin N. Scott of 2409 Globe Avenue, and Freddie Lee Roberson, son of Mr. and Mrs. Oscar Roberson of Kilgore, Texas, exchanged wedding vows last Saturday at Bethel A.M.E. Church. The double ring ceremony was officiated by Rev. A. W. Wilson, pastor.

Given in marriage by her father, the bride wore a gown of white peau de sole, designed with an empire waistline.

Attendants in the wedding were Miss Jimmie Theresa Walker, cousin of the bride, maid of honor; and Lustus Flax of Houston, cousin of the bridegroom, best man. Miss Walker wore a formal lavender gown, designed with an Aline silhouette.

Maurice and Edwin Toines seated the guests. Lisa Ann Walker was flower girl and Alex Kevin Hunt was ring bearer. Musical selections were presented by Mrs. E. C. Struggs.

Linda was a graduate of Dunbar High School in 1967 and is attending Texas Southern University at Houston. She is a candidate for graduation in August with a degree in sociology. She is a member of Bethel A.M.E. Church.

Roberson attended Jarvis Christian College in Hawkins, Texas, where he majored in business administration. He is employed by

Mission Manufacturing Company of Houston, Texas. A reception followed in Fellowship Hall of the church. The couple will reside in Houston, Texas.

From My Scratch Pad

by George Parrish

Monday before last, June 21st, Mr. and Mrs. George Howell of 1911 NW 19th entertained a few friends on the lawn of their home with an out-door picnic, in honor of their house guests, Rev. and Mrs. J. W. Johnson and their children, James, Jr., Jacqueline and Lydon Baines, and Mrs. Effie L. Johnson Smith, all of Greenville, S.C.

Those enjoying the Howell hospitality were: Rev. and Mrs. I.S. Neal, Rev. and Mrs. Jonah Parker, Rev. and Mrs. David Hill, Mr. and Mrs. Melvin King and children, Melvin Howard and Eyvette, Mr. and Mrs. Tom Rabb, Mrs. Isebell Brown, Mrs. Henry Lee McCoy, Miss Mattie Cribb, Miss Mildren Anderson, Mrs. Dorothy Carter, Mrs. Lena Mitchell and Mrs. A. F. Holloway.

A wonderful time was had by all present. The Howell's guests left Wednesday before last morning for their home in Greenville, S. C.

Mr. and Mrs. Elbert Perry of 1608 NW 12th have as their house guest, Mrs. Luella Perry, of Clarksville, Texas. Mrs. Perry is the mother of Mr. Perry.

Little Miss Thelma Katrina Thomas of Seattle, Washington, is in the city to spend the summer with her grandparents, Mr. and Mrs. John Chandler, of 1300 NW 14th.

Mrs. B. L. Alexander of 602 Arnold Place, was home from the hospital to spend week-end before last, and she attended morning services over the week-end.

Mr. Mormon Tyson of El Centro, California, is visiting his sister, Mrs. John Warf, of 1909 North Washington. They had not seen each other for 5 years. While he is here, they plan to visit relatives in Oklahoma.

Mrs. Will Knapp of 107 North Jefferson has returned from El Paso, Texas, where she spent several days visiting with friends. While there Mrs. Knapp had a chance to visit in Old Mexico. What Mrs. Knapp had to say when asked about her trip? "I had a ball."

Mr. and Mrs. Knapp were missed at church Sunday, and upon inquiry, it was learned that Mr. Knapp got his hand caught in the car door as it was being closed and had to be rushed to the hospital. We have no further news concerning his condition at the time of this writing.

Mrs. Mable Kindrick had to rush home to Clarksville, Texas, last week after receiving word that her mother was very ill.

Rev. and Mrs. A. J. Davis, Sr., will leave Tuesday morning for Tuscon, Arizona, where they will spend their vacation with their daughter. This I am sure, is a much needed rest as well as a vacation, for the Davis. Elaine, their daughter, will accompany them on the trip.

Rev. and Mrs. Davis have just returned from El Paso where they attended the Sunday School Convention. They have a son living in El Paso.

The trip will also mean they have to give up their grand-baby for a while, which they have been keeping for a while this summer.

Mr. and Mrs. Earl Gunter of Ft. Worth, Texas, spent the week-end in the home of Mr. and Mrs. Albert Wofford, at 1116 NW 5th. Mrs. Gunter is the niece of Mrs. Wofford. They are in the process of moving to Denver, Colorado.

Harold Branch of Oakland, California, is spending the summer with his God-mother, Mrs. Mable Brown, of 1503 N. Washington. Harold, along with his mother, Mrs. Laura Branch, and his brother, Larry, moved to California two years ago.

Mrs. Millie Bland, of 1402 N. Washington, entertained a few friends Saturday, July 3, with an outdoor picnic.

CHURCH SERVICES

Social Sponsored by Mt. Gilead Women's Missionary Union

The Mount Gilead Women's Missionary Union had a lovely social entertainment event in fellowship hall Monday before last evening from 8:00 until 10:00.

An assortment of sandwiches, dips, salads, snacks and cakes were served. A very delicious punch was also served to the Brotherhood, women and youth departments.

Several games were played for entertainment. The adults and youth participated. Prizes were given to the winners. Sister Saul Williams baked a large coconut cake. The one who guessed what extra ingredient was baked in the cake was to receive a prize. No one could guess that the secret ingredient was a strawberry so the cake was served to the group, and was enjoyed by all.

Mrs. Rosie Lee Smothers of Grand Prairie, Texas, and Mrs. Zelma Morse of Fort Worth, Texas, were house guests of their son and brother, George Smothers, and his wife. They also visited their grand-daughter and niece, Mrs. Judge Menton and husband, of Shallowater, Texas.

The group also displayed a sample of a style show which will be presented July 23. Anyone who would like to participate is asked to contact Mrs. J. M. Roberts at 762-1664.

The style show will include the early teens, twenties, thirties, forties, fifties and sixties until the present time.

Those who participated in the effort last week were E. Woods, who's attire was worn in the teens, including dress, hat and boots; Mrs. J. M. Roberts' attire was in the late forties and fifties. This included flat hat, middle dress, pointed toe shoes and crocheted purse. Little Marcia E. Holmes styled her great, great, great-grandmother's

bonnet. Yola Montgomery did the mini skirt thing, and the hot pants "thing" by Gayle Foster proved to be great fun.

Mrs. L. T. Thornton is president of W.M.U.; and sponsors are Sisters Fannie Titus, Jessie Evans, Helen William and the Dorcas Circle.

Mount Vernon United Methodist Church

Our pastor, Rev. M. T. Reed left early Tuesday morning for Southwestern University in Georgetown, Texas, where he will attend the annual ministers study and conference.

Last week, a Task Group set up a plan for our Church Anniversary. The date for this affair will be in the last week of July and will continued until the first Sunday in August.

Prayer Corner
The Eagle's Nest

by Sister Berta L. Dixon
The sweetest earthly home in which we may find shelter here is bound to perish. Farms, shops and business enterprises which hold our interest and yield profit will someday be occupied and operated by others, for we shall be gone.

The 11th Chapter of Hebrews gives the account of worshippers whose earthly pleasures, comforts and other things were destroyed. We must set our hearts on things above "others worldly" things. Make poor citizens and neighbors the same as we are. We should command our religion by living happy lives, regarding ourselves as pilgrim Christians and to have trials, hardships over-rate the present and under-rate the future.

This may be what is meant by the figure of the eagle stirring up her nest. When the young eagles ought to fly into a larger world and if the nest continues too comfortable, may prove to help then they are to leave. "Old sins" or new sins are a strange classification. Peter in his second Epistle abounded in grace mentioned; "Virtue, knowledge, doubt and unrest from the soul makes one sure of an abundant entrance into the everlasting kingdom, set free to serve God."

Let us pray: "For brothers, ye have been called unto liberty; only use not liberty, for an occasion to the flesh, but by love serve one another." Galatians 5:13. If we live in the spirit, let's walk in the spirit, we must be obedient. Amen.

ANNOUNCEMENTS

Thank You Note
Mrs. Gerald Glenn wishes to express profound gratitude to the many wonderful friends for their kindnesses shown during her stay in the hospital. The beautiful cards and the personal visits meant more than words can ever convey. May God bless and care for each of you from day to day. Thank you so much. Mrs. Carolyn McWilliams and Gregory say, "Thank You", too. Mr. Glenn joins in appreciation and thanks, also.

We were all glad to have our pastor back home. He has been on a two-week vacation.

Our congregation had the little Reverend Franklin with us. He brought the morning message. His message was taken from First Samuel, 16:7. His subject was "Man Look on the Outside; But God Looks at the Heart."

Let everyone of us forget ourselves and think about the sick and shut-ins and pray for them. It doesn't hurt to also visit them.

We were fortunate to have visitors from Spur, Texas, and New Light Baptist Church of Lubbock with us last Sunday.
