## Patterson Library's Staff Adopted Family For Christmas Holidays

Instead of exchanging gifts between each other, the Bobbie Gean & T.J. Patterson Branch Library staff, along with two librarians from the Mahon Library, adopted a family for Christmas.

Not only did the staff join in giving but many of the staff's family members joined in giving as well.

The names of the adopted family members are: Minister Connie Moore Williams; her daughter Criste Moore, and Criste's children.

Minister Williams' grandchildren are: Cyrah, age 8, Camar age 6, and Calieb age 5.

The family said that they were extremely blessed and surprised to know that someone thought of them and shared with them when times are hard for everyone was a true blessing. When the family arrived at Patterson Branch to receive their gifts joy and love filled the building. To hear the exclamations of thanksgiving and happiness coming from the children, their mother, and grandmother demonstrated the true essences of what we celebrate when we celebrate Christmas, the gift of life.

This is not a first for the Patterson Branch staff. In the past, for two years in a row, Patterson

Branch staff brought items for babies and donated them to the Stork's Nest. The Stork's Nest is a program geared to help women get early and regular prenatal care. It was established in 1971 in Atlanta, Georgia, and is a cooperative national project of the March of Dimes and of Zeta Phi Beta Sorority,

Inc. The Stork's Nest provides help for women of low-income and in need of encouragement to keep prenatal appointments. Stork's Nest is one way to help teach women the health of their baby starts long before its birthday.

This is such a rewarding experience for the Patterson Staff!

## Griffin Announces For State Rep. District 84

Mark Griffin

Monday, December 28, 2009, Mark Griffin announced his candidacy for State Representative, District 84. He says he will pledge to continue the example of principled, conservative leadership provided by retiring Representative Carl Isett.

He said, "My focus will be to give my best efforts to the citizens in District 84 with effective and solid conservative leadership in Austin."

As a lifelong resident of Lubbock, he said, "I am humbled by the enthusiastic support and encouragement I have already received from my family, friends and many others in Lubbock, and I look forward to meeting and listening to the voters in District 84 during this campaign. I want to earn your vote."

"Education is a priority. At both the Public and Higher Education levels, quality and accountability are essential. We must continually explore ways to fund our children's education in ways that are economical, efficient and reward achievement in the classroom. My fourteen years on the Lubbock Independent School District Board, provided me valuable insights into what works and what doesn't in the delivery of education to our children," he said.

He will face Ysidro Gutierrez in the Republican Primary in March.

## Statement from Texas Tech on Suspension of Football Coach Mike Leach

Texas Tech University recently received a complaint from a player and his parents regarding Red Raider Head Football Coach Mike Leach's treatment of the athlete after an injury.

At Texas Tech all such complaints are considered as serious matters, and as a result, an investigation of the incident is underway. Until the investigation is complete, Texas Tech University is suspending coach Leach from all duties as Head Football Coach effective immediately. The investigation into this matter will continue in a thorough and fair manner.

The decision to take these actions was made in consultation with the Texas Tech University president, and the Texas Tech University System chancellor, and Board of Regents chairman and vice chairman.

Businessman Percy Sutton served as an intelligence officer for the famed Tuskegee Airmen in World War II.

## Percy Sutton, trailblazing businessman, dies at 89

(CNN) - Civil rights attorney Percy Sutton, who represented Malcolm X and became an influential New York politician and broadcaster, has died at age 89, associates said Sunday.

As a businessman, Sutton was credited with leading the revitalization of Harlem, including the restoration of the famous Apollo Theater. In a statement issued after Sutton's death Saturday night, New York Gov. David Paterson called the former Manhattan borough president "a friend and mentor."

"Percy was fiercely loyal, compassionate and a truly kind soul," Paterson said. "He will be missed, but his legacy lives on through the next generations of African-Americans he inspired to pursue and fulfill their own dreams and ambitions."

And in a statement issued by the White House, President Obama called Sutton a "true hero to African-Americans in New York City and around the country."

"His life-long dedication to the fight for civil rights and his career as an entrepreneur and public servant made the rise of countless young African-Americans possible," Obama said.

A native of Texas, Sutton served as an intelligence officer for the famed Tuskegee Airmen during World War II before becoming an attorney. He represented Malcolm X until the onetime Nation of Islam leader's 1965 assassination, and continued to represent his widow, Betty Shabazz, until her death in a 1997 fire. He then defended Shabazz's 12-year-old grandson, who admitted to starting the fatal blaze.

In the 1970s, Sutton was a member of the Harlem circle dubbed the "Gang of Four," which included U.S. Rep. Charles Rangel; Paterson's father Basil, who became New York's secretary of state; and future New York Mayor David Dinkins. He served as Manhattan borough president from 1966

to 1977, and New York Mayor Michael Bloomberg ordered flags at city offices to fly at half-staff on Monday.

It's hard to capture in just a few words how important Percy's contributions were -- and just how unique an individual he was. He helped move African-Americans and all of New York forward," Bloomberg said in his declaration.

After public office, Sutton became an African-American broadcasting pioneer by purchasing radio stations WLIB and WBLS, launching the first radio chain aimed at black listeners, civil rights leader Al Sharpton said Sunday.

"He was at the forefront of everything you can think of in black America," Sharpton told CNN. "He was the quintessential black American. He pioneered black business, black media and black politics. He opened those doors and he kept them open."

Sutton also reopened the Apollo, the Harlem landmark credited with launching the careers of performers from Ella Fitzgerald to Michael Jackson, "when it was boarded up -- when the only ones here were the rats and the roaches," Sharpton told reporters Sunday.

"He was suave and eloquent and debonair," Sharpton said. "He had a coolness about him that I think that we will never see the likes of. There was a grace about Percy Sutton that was hard to describe."

And Rangel said Sutton "never stopped fighting for our rights and building community, especially in his beloved Harlem."

"Percy Sutton wrote his own story, and in doing so, he leaves behind a remarkable legacy of achievement and social justice that will serve as an example and inspiration for generations of leaders, now and forever," the veteran congressman said in a written statement.

pecially the trip, the TV and the Laptop, but he refused each offer.

Ramirez, a resident of East Lubbock, has established a reputation for giving back to his community and continued that

tradition by giving the watches and the dinner back to the Council. The watches were awarded to runner-up Velma Zapata and the dinner was purchased by Roots board member Dorothy Dent.

**After Christmas Sells**

Ladies this is the time to just go crazy! Sells are everywhere. If you are serious about saving some money, this is what you been waiting for. Items to look for, non seasonal clothing is really the way to go. Fashions that you can wear all year, pieces that are lightweight and comfortable. Stick to the basics and limit yourself to fashions that are in today and gone tomorrow. Take time to really search for accessories that will give your already wardrobe a different twist. A simply scarf, maybe a wider stretch belt, long long chain necklaces are just a few ways to enter the new year looking a better and feeling a whole lot more fashion sharper...**NOW YOU TELL ME LADIES, HOW GREAT IS THAT!**

The sells are out there, you just have to know where to look. **EVERYWHERE!**

# Church News

From the Desk of Parson D.A. Smith  
"Thoughts From A Senior Citizen"

The Ole Parson Smith would like to take this opportunity to thank all of you who have continually read his thoughts and opinions on a weekly basis. It is people like you who have the intellect to read and read and read and gain knowledge that enrich your total being. It is people like you who will help change the thought processes of those who would politically, economically, socially, racially and yes religiously an American way of life to one that will destroy the very fabric of our being.

I love America and I love Texas. The Ricky Perry's, Tea Baggers, and other misfits residing in America and the great state of Texas need to understand that it is people like you and your forefathers who help built this country and Texas on the back of slave (seen and unseen) labor. It is because of the many of you who are senior citizens who have had to take a back seat to white people so that the young African American of today could have a better way of life.

We would encourage young

African American males to stand on their feet and be men that their women can be proud of. There is no life in the selling of illegal drugs. When you sell drugs you become a prostitute and a whore for the drug cartels of the world. Not only do you become a prostitute in this manner, you make the life of some white man's son easy by being your lawyer. You drive a \$60,000 vehicle that you cannot put in your name nor buy insurance on and have to shack in a housing project with someone's daughter while the white man's son lives in West Lubbock in a house with 5 air condition units outside, a \$175,000 Mercedes, and is not shacking but married to a woman who will give birth to him a son that will keep your son living in the project and a continued downward spiral.

My prayer is that in 2010 young black males of Lubbock will pimp some books and gain knowledge of how to become leaders in this community. Killing another brother should be a NO! NO! among the black male community. For the broth-

ers who mistreat others, justice can be founded in the legal system. That is why it is important to register and vote and obtain a District Attorney for the good of all people.

We would encourage African Americans to register and vote. An article in the USA Today, by John Fritze should put African American on notice to register to vote because of the upcoming political shift in population. Fritze wrote: Although a decades-old population shift favoring Sun Belt states slowed this year, the South continues to seize political power once held by the Northeast and Midwest, Census Bureau estimates released show.

Eight states, including six in the South and Southwest, would gain seats in the House of Representatives if apportionment were done today rather after the 2010 Census, according to an analysis by the non-partisan Election Data Services.

Texas would be the biggest winner, adding three seats. In line to add a seat: Arizona,

We Thank God for Jesus  
"It's Praying Time, Have You Seen The Signs"

Written by Evangelist Billy "B.L." Hightower, III - Your brother in Christ Jesus always.

**Matthew 9:37-38** - Jesus said, the harvest truly is plentiful, but the laborers are few. Pray you, therefore, to the Lord, that he will send forth laborers into his harvest.

As I look around this country, the whole harvest is out of control. Even some doctors are taking their own lives as if there is no hope!!!

**Matthew 11:28** - Jesus said, come unto me all you that labour and are heavy laden, and I will give you rest.

The man kills his girlfriend, and cooks her body to eat. America gave him rights. Other countries are the heathens we want to teach.

**1 Corinthians 5:6** - Your glorying is not good. Know you not that a little leaven (Sin). Leaven the whole lump?

America is gone down hill when the Devil took prayer out of schools. She's going down fast now, and I ask who's the fool???

**Romans 1:21a-22** - Because that when they (The Churches) know God. They glo-

rify him not as God. Professing themselves to be wise, they became fools.

A twelve year old boy beat his 17 month old cousin to death over a TV. He uses his rights. But, Saints, that's the sign for you and me!!!

**James 5:16b** - The effectual fervent prayer of the righteous man availeth much.

\*\*\*\*\* **CHURCHES, ARE YOU PRAYING???** \*\*\*\*\*

Man takes his four children, and tosses them off the bridge to die. Church, that's a sign of the Devil. It's praying time for you and!!!!

**Isaiah 1:4a-5** - The Lord said, Yes, a sinful nation. A people laden with iniquity, a seed of evildoers. Children who are corrupted. They have forsaken the Lord. Why should you be stricken anymore? You will revolt more and more. The whole head is sick, and the whole heart faint.

\*\*\*\* **CHURCH, HAVE YOU SEEN OTHER SIGNS???** \*\*\*\*\*

A 25 year old teacher was ar-

rested. Having sex with a 13 year old is her crime. Just another trouble. Our children are in Church. It is praying time!!!

**Proverb 15:29** - The Lord is far from the wicked, but he hears the prayers of the righteous.

\*\*\*\*\* **WHAT SIGNS HAVE YOU SEEN???** \*\*\*\*\*

In Houston, Texas, parents were arrested. Drugging children is their crime. That's for you and me to know. Church it's praying time!!!

**Matthew 24:11-12** - Jesus said, many false prophets shall rise, and shall deceive many. And because iniquity shall abound. The love of many shall wax cold.

Home-invading is taking over everywhere. You've seen the signs??? Next one may be you and me. So let's get ready Church. It's praying time!!!

## THINK ABOUT IT!

"Barack Obama President Of The United States Of America"

Edie P. Richardson

Barack Obama, a first term United States Illinois Senator, announced in front of the Illinois State Capitol that he was running for President of the United States. Many people took this as a novelty. Many said it was just a waste of time but on the other hand, just a few citizens of Illinois believers took it very serious and longed ahead. They did not let non believers and doubters detour them. Then along came Iowa, and a strong grass roots effort, and every thing changed. Then after that snowball effect from a small beginning. The race was on with Hillary Clinton, John McCain and others all the way to the White House.

The most overwhelming factor was that Obama did not run as a Black president, but as a president who happened to be

Black. He never denied the fact that he was Black, but that was just a part of the program.

Tiger Woods tried to deny his racial status, but our president did not deny or try to deny his heritage which is American. None of us are a pure race in America, why don't you check your family tree. Really truly, check it. A lot of you will truly be surprised. There is so much more Blackness than most of you would believe.

Let's look at agendas. Man just listens to conservative radio. Please have an open mind, please listen to what they are saying 24-7. One would think it would be an anti-American program. They are telling Al Qaeda and TeleBan how to beat America all day and all night are saying what our president is doing wrong. It's like a brain

washing. Can the ultra right so called hurt and hate our President. that we would try to hurt him from within. We are all Americans. May it please to know you, conservatives. Please I know you love America, but please do not destroy us from within with your racism and false patriotism. We know you do not want to admit your racism and patriotic is because we know you are loyal Americans and love America. This is Edie P. Richardson's Plea to my personal friends and acquaintances. Please check your conservative 24-seven with an open really, open mind and pray to God to bless America, because they, the conservatives are giving us on the air 24-7 Amen.

May God continue to bless America all the time!

## LET'S PUT A PERIOD ON THIS MESS!!!!!!

By BROTHER ASKARI

YES!!!! That's what I said and as always, I say what I mean and mean what I say. I was taught not to ever be coward down by the odds against me. I've been told that the people in the community that I grew up in don't CARE about what happens in the community in this new school era! I was told that the best thing I can do is look out for myself and don't worry about nobody else! Well I'm addressing EVERYBODY THAT LIVES, VISITS, WORKS OR HAVE A BUSINESS in east Lubbock "THIS MESS IS FIXIN' TO BE

CHECKED!!!!!!" The few businesses we have in our community are being robbed, houses are being burglarized, even the homes of our senior citizens are being broke into and how many more of our young people have to die in the streets before we put a period on this "MESS!!!!!!" The PESTS who are robbing the businesses in our community are committing "ECONOMICAL HOMICIDE" These same PESTS are committing "GENOCIDE" by burglarizing the homes in our community and making our community un-safe. This is GENOCIDE because the patterns of these PESTS, who are responsible for this MESS let's us know that they live right here in the community with us! It is "COMMUNITY SUICIDE" for us to allow these PESTS TO CONTINUE TO

RAPE OUR COMMUNITY AND ROB US OF THE OPPORTUNITY TO RESTORE THE PRIDE AND DIGNITY OF THIS COMMUNITY THAT HAS BEEN BURIED UNDER ALL THIS MESSY A%#\* Bu!! S\*#! that's been going on far to long! I AM CALLING A EAST LUBBOCK COMMUNITY MEETING TO SHOW EVERYBGDY THAT LIVES VISITS OR HAVE A BUSINESS IN EAST LUBBOCK, INCLUDING THE PEST THAT ARE DOING THIS MESS, HOW WE ARE GOING TO PUT AN END TO THIS MESS! FLIERS WITH PLACE, DATE AND TIME WILL BE PLACED IN EVERY BUSINESS AND CHURCH THAT SUPPORTS THIS VERY NECESSARY MOVE. I BROTHER ASKARI WILL STAND AGAINST THIS MESS WITH ONLY GOD ON MY SIDE EVEN IF EVERYBODY THAT SUPPOSE TO TAKE THIS STAND WITH ME PUNKS OUT.

anything can tell you that but the Medicare cost in-

has attempted to set up a committee or board as a watchdog and has found that some of the banks are not doing what they should.

New Years is also a time when we as individuals, attempt to make new starts in the New Year. Many of us decide to take hold of our financial situations and pare down those items which we really do not need and

make room for a more meaningful lifestyle. We have been encouraged to go green. Going green may mean a complete turnabout for some of us, but there are many of us who just need to be more attentive to the things that we are already doing, to help to preserve our environment.

Going on a diet to lose weight is usually a priority for

many of us, as we are prone to overeat during these happy holidays. Holidays are not happy to many of us unless we can get our fill of nut cakes, fruit cakes, chocolate, coconut, German Chocolate and lemon cakes; sweet potato, pecan, lemon meringue, chocolate and chess pie. These items alone pack a great number of calories that add fat and cholesterol to our diets, but we say, "It's Christmas; it comes once a year, so I'm eating this now!" So we do, and January 2, we start the new diet because the New Year's menu is not too much different from the Christmas menu. Regardless, let us have a wonderful, blessed and peaceful 2010, NEW YEAR!

Christmas has come and gone, but the spirit lingers on. That same spirit will carry us into the New Year, 2010. Many of us are happy to see 2009 passing on as it may very well have given us some memories which we do not wish to dwell upon. Then there may have been some good times, events and memories which we will hold dear to our hearts and wish to cherish forever.

Very few of us alive today will forget the tough economy which has encircled our lives for the past couple of years. We do however, put new faith in the New Year to make a brighter future for us all. One ray of hope at the end of 2010 has been the passage of a health care bill by both houses of Congress, which if true to its intentions, should make one aspect of our lives better when the bill goes into effect, either in 2010 or 2011.

Aside from the dragging economy, especially in the housing domain, economists are saying that there is an increase in building and the purchasing of homes. Time will tell, as it has been apparent that the banks are not lending the money which the government loaned them to make it possible for borrowers to purchase home. Our President

## 2009 Had Most Hate Crime Cases Since 2001

WASHINGTON (AP)—The Justice Department has brought more federal hate crimes cases this year than in any year since 2001, and an Obama administration official said Thursday he was "shocked" by the dropoff in prosecutions during the Bush years.

A total of 25 hate crime cases were filed for the budget year that ended in September, encompassing most of President Barack Obama's first year in office and the last few months of the Bush administration.

In 2001, there were 31 such cases filed. The number fell to a low of 12 in 2006, before starting to rise again, reaching 23 in 2008.

"I was rather shocked to see the downturn in prosecutions of hate crimes," said Tom Perez, head of the Justice Department's civil rights divisions.

Speaking to reporters, Perez noted the number of hate crimes did not fall significantly during that period, but refused to say why he thought the federal prosecutions of such cases dropped.

Democrats harshly criticized the civil rights division during George W. Bush's presidency, saying lawyers there were not aggressively investigating hate

crimes, housing and employment discrimination, or police misconduct cases.

An internal Justice Department investigation found the division at that time was plagued by improper, politically motivated hiring and personnel decisions.

Perez spoke two days after his division announced federal indictments in its investigation of the fatal beating of a Mexican immigrant in Shenandoah, Pa.

In that case, authorities charged two teenagers with the attack, and four police officers were indicted on a variety of charges. Three of the officers were accused of conspiring to obstruct the investigation of the case, and a fourth was charged in a separate case, accused of extortion.

Perez would not say if authorities were aware that two of the police officials they have charged were also named in a 2006 civil lawsuit that claimed police beat to death a Hispanic teenager, then made it look like a suicide. That case has yet to go to trial.

Florida, Georgia, Nevada, South Carolina, Utah and Washington. In addition to affecting how more than \$400 billion in federal money is distributed each year, the changes reflected in the Census are also reshaping the nation's political landscape. If the trends had been accounted for last year, President Obama's Electoral College margin over Republican John McCain would have been 12 votes smaller.

In Congress, larger delegations mean more committee seats, more lawmaker requests for pet projects known as "earmarks" and more clout when working together on issues vital to their states. Rep. John Carter, R-Texas, said Lone Star lawmakers have been able to win more federal transportation money partly because they are a growing group.

We would encourage all African American to not only register but VOTE! YOUR VOTE COUNT! Also be careful if your preacher start talking funny and want you to vote a certain way when you know in your heart the candidate is not good for the African American community.

Have a great 2010!
