Mr. and Mrs. Marvin Sterling and family spent several days in Waco, Texas visiting with relatives. While there Mrs. Sterling's family had a family reunion which brought relatives from throughout the United States.

The parents, Mr. and Mrs. Cyrus Jackson, were proud of the fact that they were able to see most of their children. Those who attended this joyous affair included: Edward Lee Jackson and family of San Diego, Calif., Cyrus Jackson, Jr. and family of San Francisco, Calif., Mrs. Thelma Black of Houston, Mrs. Mary Quess and Mrs. Virginia Meadors and families of Houston, Mrs. Ellie B. Taylor and family of Waco, Earling Jones and family of Ft. Worth, and Mrs. Addie Sterling of Lubbock.

There were three sisters, Mrs. Lucille Anderson and Mrs. Bertha Washington of San Francisco, Calif., and Mrs. Alma Hibbler of Los Angeles, Calif., and one brother, Irvin Jackson who passed in 1960, who were absent at this reunion.

Charles Sterling attended the reunion, but left the following Saturday for his duty station in the United States Air Force, Lorean Air Force Base.

GANG FIGHTING NEEDS CHECKING

Several weeks ago in this area of town an incident was reported to the "Times" in regard to the enormous population of "Wood Rats" which are lodging in East Lubbock. Last week and the week before something else happened in the Manhattan Heights addition. Our young people, adults of tomorrow, are displaying their ignorance by participating in street fights.

Perhaps your young teenage son was not involved in the fights which occurred less than two weeks ago, but he could have so easily been.

It was reported that the son of one of our most prominent citizens received lacerations on his arm which required over sixteen stitches. On another occasion which occurred the following Friday, July 1, the same boy was injured again.

It was also reported by some of the neighbors that a rabble of young teenage boys used bricks and big league baseball bats as their weapons to infiltrate into the neighborhood. A funny thing about this type of action is that the entire neighborhood, at least the majority was not phased by this type of action portrayed by our younger peers.

Some of the people residing in this area have made remarks that it is not their duty to investigate, much less inform the parents or authorities about such actions. What they don't know is that those who take this type of "Care less attitude" are only fattening the participants for a crippling life tomorrow.

In looking into the matter more thoroughly, it seems as though each fight begins after an evening of recreation, either a party or after a little league baseball game.

This type of action is going on all over town and it seems as though no one is concerned about the welfare of our younger people. It so happened that Manhattan Addition was the only area to have reported such incidents to the proper authorities. Some of us are guilty of watching our young people become engaged in such activities but you refuse to open your mouth. WHY?????

The security around the Eastern Little League baseball park is ridiculous. It is hard for anyone interested in watching a little league game to actually enjoy it because of the profane language and fighting among our young people.

Another true fact, I'm sure you'll agree if you have attended some of the Little league games, the boys and girls seem to have the tendency of going behind the school house, lodging in automobiles in dark places, and many other conspicuous areas. You, the parent, are so confident that your little Mary or Jim is at the baseball game, but some of them are only fooling you.

Something has to be done about the welfare of our younger people as well as your community. We should start first in the home, and keeping in mind that without cooperation from the home the other two institutions of learning, Church and School, can not exist.

The gang fighting which happened several weeks ago here can lead to greater wars unless we do something about it today. It is up to each of us as parents and adults to correct our children today, so that tomorrow they will be prepared to fill the shoes of a great society.

Lubbockites Return from Summer Camp

Four members of the 413th Civil Affairs Company of Lubbock, Sfc. Harry Stokley, Sgt. W. Petty, Sgt. T. J. Patterson, and Sp/4 W.E. Roberts, attended their annual Summer Camp with the 811th Station Hospital of Houston at El Paso, Texas, June 19th through July 3.

The 811th Station Hospital, a reserve unit from Houston, was under the command of Lt. Col. Isham Kimbell.

The 200 bed reserve hospital

unit included 47 enlisted men and 11 officers, and was assigned 60 additional enlisted men from the 8th Control Group for on the job training with the personnel of the 811th.

Aside from the on the job training, an Army Training Test in the field for a duration of five days were in order to determine its ability to carry out its mission under combat conditions. This unit was faced with realistically simulated assaults from aggressor forces, including air, CBR, and guerrilla attacks.

The quartet from the 413th Civil Affairs were among those chosen to perform the duty of the aggressor forces.

Annual Thanksgiving Services

Hub City Lodge No. 2100 and the Pride of Marshall Chapter No. 697 Order of Eastern Stars worshipped with the Lyons Chapel Baptist Church on Sunday, June 26, in their annual Thanksgiving Service. This is a service in which all Masons and Eastern Stars attend on a set date to give special thanks to God for the many blessings that He has bestowed upon them in the past year.

We as members of both the craft and chapter wish to thank Rev. Hollis and his members for opening their doors and welcoming us to worship with them. The service was highly enjoyed by all who attended.

LUBBOCKITES VISIT IN MINNESOTA

"I love to travel", acclaims Mrs. Mary Lee Robertson, 3604 David Street.

As many of you may recall of the exciting trip taken by Mrs. Robertson on last year as she and her husband were caught in a flood as they were leaving Denver.

This year her trip was a little bit different.

Mrs. Robertsons spent two wonderful weeks in Minneapolis, Minn. visiting with her daughter, Ruby, and four children, Wanda, Lynn, Maggie, and Vernon, Jr.

Not only did Mrs. Robertson visit with her daughter, but she had an opportunity of seeing her brother, Raymond McKinney.

She has always loved to fish, and while visiting in a new part of the United States, she had an op-

portunity of trying her skill at fishing in deep blue water. She caught a fish which weighed over five and one half pounds.

Since she had hit pay dirt at her first excursion of fishing, she decided to try her luck in the Mississippi River. As one could have expected, Mrs. Robertson's luck continued, for she nicked many types of fish, including Bullheads.

During her stay there, she was given a picnic in her honor by her brother, Raymond, and his lovely wife Pauline.

Mrs. Robertson admits that one of the most interesting sites she encountered was to visit the capitol city of St. Paul.

I am sure that there are other Lubbockites like Mrs. Robertson who love to travel around these United States. If so, then please inform the West Texas Times of your adventure.

CITY RESIDENT'S FATHER SUCCUMBS

Mr. James Butler, father of Mrs. Ina Page of Lubbock, was found dead in his home on last week by his wife. Butler who was residing in Angleton, Texas, was well-known in his community.

Funeral services were held in Angleton.

Mrs. Page is a member of Bethel A.M.E. Church.

'Around the Hub City'

Now that the Fourth of July celebration is over, many of us will look back over the year of the many lovely sites and friends that we visited on this holiday.

Mr. and Mrs. Solone Cunningham and family will leave early Sunday morning for a two week vacation in Ohio and Michigan.

Mrs. Ovella Fagan of Seattle, Washington arrived here on last Sunday afternoon for a visit with her mother, Mrs. Carrie Sanders, and other members of the family.

Rev. and Mrs. Robert Childress and family left last Saturday, July 2, for their home in Phoenix, Arizona after several days of vacationing in the "Hub City" with Mrs. Childress' mother and other relatives.

Mrs. Ruby Smith attended a family reunion in Hillsboro, Texas on last week. She reported that the occasion was a very happy one. She was accompanied on the trip by Mrs. Winnie Washington.

Mrs. Lucretia Lester and sister, Mrs. Bertha Coward, and granddaughter spent the week-end here with their sister, Mrs. Lena Goldstein. Also visiting in the home of Mrs. Goldstein was Mr. and Mrs. Dorance O'Neal and a little cousin of Dallas, Texas.

Funeral services were held in Albuquerque, New Mexico for Mrs. Ella Dawson on last Saturday afternoon, July 2. Mr. and Mrs. A. B. Mitchell and the Kilpatrick girls attended the rites. Mrs. Dawson was the great grand mother to the Kilpatrick young ladies.

With 81 families moving to Lubbock last week, total newcomer families for the first half year adds to 1,655, compared with 1,389 for comparable period last year.

Mrs. Maunita Terrell, 208 East 22nd Street, is doing fine after suffering from a foot discomf.

Washington--(NPI)--John R. Pinkett, Jr., 52, one of the first Negro pilots in the Air Force, is dead. Pinkett, a real estate broker, formed syndicates of Negro investors who bought apartment houses and properties in Washington.

EQUALIZATION

United Nations--(NPI)-- A move is underway in the United Nations to counteract the challenge of the flood of new African members to the existing leadership provided by the original white nation membership. Fighting defensively to block further successful steamroller tactics by the 36-man African bloc to get their resolutions adopted, many of the 51 founding states are thinking about forming a bloc of their own. The African bloc, soon to be increased by the addition of Basutoland and Bechuanaland, accounts for almost a third of the total membership.

Korean War Turncoat Says Freedom His Reason for Returning Home

Honolulu--(NPI)--Korean War turncoat Clarence Adams revealed what caused him to change his mind again and return home from Communist China, where he has lived for 15 years: American freedom of expression.

The Negro ex-GI told of his disillusionment with the Communist man, but did say that she could remember his voice if she heard it again. Carter suffered several bruises from the fight.

He said, "Democracy has more to offer." he said, "more space to maneuver, more freedom." "I want the same things most Americans want out of life," he said. "Everyone likes to have freedom of expression."

AD BIAS

Lusaka--(NPI)--A charge of bias in advertising for a "European" nurse, was injected into the current probe on racial discrimination in mines practiced by the Rhodesia Selection Trust Group of companies. According to inquiry commission chairman Roland Brown, the ad "is inconsistent with their (RST's) general case that they have turned their backs on any form of racial discrimination." Brown said the mining group could have advertised for "fully qualified black South African nurses."

TEXAS CAPITOL LIFE INSURANCE COMPANY GETS STATE SANCTION

Fort Worth, Texas--(NPI)--The Capitol Life Insurance company, brainchild of Dapper Joe Terrell, local financier and bail bondsman, as well as hotel and motel proprietor, was given a go-ahead edict by the Texas Insurance Commission last week.

The company was organized several years ago as a stipulated

premium company, qualified to merge other companies, licensed to do any phase or classification of insurance, into its fold.

Texas Capitol will be the first Negro company operating in the state with such charter.

Terrell is one of Texas' most progressive young men, and has a broad knowledge of business and investment operations.

Your Good Health

By SAMUEL L. ANDELMAN, M.D., M.P.H.

(Negro Press International)

Leukemia is a form of cancer that affects the blood and the blood forming organs--the marrow, spleen, lymph nodes and liver. Although the cause is unknown, there is mounting evidence that it may be a virus.

If it can be proved that a virus is, in truth, the cause, a great step forward will have been taken, because this will open the way to control it through a vaccine or other measures.

Meanwhile the treatment is limited to relieving symptoms. Blood transfusions are often needed because, although the disease is characterized by a superabundance of certain types of white blood cells, there is usually a destruction of red blood cells. Transfusions, however, can give only temporary relief.

If the liver or spleen is enlarged, it may be treated with X-rays. This may halt the progress of the disease, but will not produce a permanent cure. Drugs may also help to control this disease.

Nitrogen mustard and its de-

rivatives effectively attack the abnormal tumor cells but these drugs must be given with extreme caution because the effective treatment dose is only very little less than the dose required to kill normal cells. In other words, the so-called factor of safety is very narrow.

One of the difficulties in trying to study the cause and treatment of leukemia is that we now know that this is not a single disease but a group of half a dozen or more diseases that have some but not all features in common.

A great deal of research is being done, and we have every reason to believe that of all the forms of cancer at least one of the types of leukemia will be the first to yield to specific control measures.
