25th Wedding Anniversary Observed

Would you believe that an interested fact was determined by the Meat Board experts that 190 million people consume hot dogs measuring 1.3 million miles yearly. That is enough mileage to make two round trips to the moon (955,428 miles) and 14 trips around the earth (350,000 miles).

The average hot dog is five and one-half inches long. The average per person consumption is 80. Paper and pencil, anyone? What will people think of next?

Rev. A. W. Wilson returned last Saturday evening from Los Angeles, California where he had been visiting with his son, Charles, and wife.

Mrs. Minnie Jackson is home from the hospital and is doing nicely.

Miss Zettie Mae Lewis of Waco who has been visiting with her sister, Mrs. Willie Cox, has returned home.

Mrs. A. W. Wilson received a message last Sunday that her nephew at Waco, son of Mr. and Mrs. J. W. Walker, was critically injured in a bicycle-car mishap.

Mr. Charles Sedberry, Jr. has returned home from summer school at Texas Southern University, Houston, Texas, where he has been doing graduate work.

Mr. and Mrs. Don Nelson and daughter, Donna, and Mrs. Nelson's mother, Mrs. Carrie Young, returned home last week after spending a two week vacation in Houston and Louisiana. While at Houston, the Lubbock family had an opportunity of seeing one of the Astro games. They also attended the funeral services of one of their cousins who was a fatal victim of a stabbing.

Newcomer Lubbock families last week totaled 121 to bring the year's figure to 2,035 new families at the end of July.

At comparable date last year, 1,642 new families had been recorded.

There will be a second attempt for an election for a representative of this area, Census Tract 11, to the Community Action Board (CAB) of the City of Lubbock tonight, Thursday, August 4, 1966, at 7:30 p.m., at Lyons Chapel Baptist Church, 24th and Quirt Avenue. Please be among those attending, because it is for your benefit.

TOWER BLASTS 'NEW' INFLATION

Last week in Fort Worth, Sen. John Tower (R-Tex) declared that the Democratic administration is "how bringing us interest inflation" a first creating inflation in goods and services.

Tower who is a candidate for re-election in November, spoke to the Society of Telephone Engineers.

In his address, Tower said, "Many borrowing rates are at the steepest levels ever." "If it were not so damaging, it would be profoundly ironic that governmental policies aimed at fighting government-induced inflation are instead progressively drying up sources of credit."

"Tight money is hurting lots of Americans," Towersaid. He went on to add, "It's high time the federal government quits picking

Mr. and Mrs. John D. Jaushlin of 3311 East 14th Street pose for a portrait at their home on their 25th wedding anniversary, July 24, in the presence of their three daughters, two sons, and twenty-two guest.

Mr. Johnnie Lee Jaushlin was host of this occasion.

Mrs. Jaushlin, a member of St. Luke Baptist Church, was given a beautiful silver tea set, service for eight, by her husband.

The beautiful table was decorated in colors of pink, white, and silver. The center piece included a beautiful pink cake with silver leaves.

Mr. and Mrs. Jaushlin wish to thank their many friends for the nice gifts which were given them.

Student at Camp

Julius Caesar Graves, III, son of Mr. and Mrs. Julius Caesar Graves, II, 1834 Manhattan Dr., enrolled in Lubbock Christian College's eighth annual Music Camp which began on last Sunday afternoon.

Julius, a senior at Mary & Mac Private School, will lodge on the campus during the entire period of the camp.

Many types of vocal and instrumental instruction will be available for all students who will attend, including three choruses, two bands, theory and sight-singing classes, song directing. Bible classes, devotionals and directed recreation.

Being very much interested in making a livelihood of music, Julius is very much concerned about preparing himself today for his major field tomorrow.

For the past two years, Julius has attended the music camp at Texas Tech where he occupied the first chair playing the saxophone.

Boarding students, like Julius, will be under supervision while living on campus. College counselors will assist in the dorms and in various activities.

Those students attending the music camp-which will conclude on August 12, will use the school cafeteria, post office, classrooms and recreational facilities.

While at Mary & Mac, Julius has participated with the Student Senate, Explorer Scouts, music department, school paper, and Science Club.

He is a member of the St. Paul Baptist Church where he is the organist.

on its citizens and got its own fiscal house in order. It's time we attacked inflation, not people."

WHAT IS WRONG?

EXACTLY WHAT IS WRONG with you people? On last Thursday evening, July 28, at 7:30 p.m. a meeting was held in your interest at Lyons Chapel Baptist Church, but unfortunately YOU were not there.

This particular meeting--which was designed for you in more ways than one--could have become a major step in a move for progress in our community. You see our community has been lacking leadership for a good while and with this type of disinterest it will, and I'm sure, remain in the same status for many years to come.

CAB, Community Action Board, had its representative present in order to present the facts to YOU and also conduct an election so that WE would have a voice on the board.

CAB, as many of you may know, is composed of 30 members, some appointed and some elected, to direct local efforts in the President's War on Poverty. A third of the board (10) is composed of members from the target areas, specifically Census Tracts 8, 11, and 12.

If you are not familiar with the tract systems, well, you, my dear unconcerned people, at least the majority of YOU, are residents of Census Tract 11.

It's a damn shame that we place parties and social functions over meetings, as such, that is primarily given in the interest of US. Perhaps last Thursday was a misfortunate time for the majority of US, but at least we could have had more than FIVE people in attendance. On the other hand, if there had been a dance, featuring one of our favorite artist, the dance hall would have been overflowed with dancers.

The announcement about this meeting was announced over several medias, such as, local television, radio, local newspaper, and the "Times". Our ministers, let's hope they got the message and announced it from their pulpits, were to have expressed the necessity of such an important meeting to their congregations. EXACTLY what does it take to get US to attend something constructive.

It is up to each of us, whether our profession or livelihood be doctor, lawyer, minister, teacher, maid, yardman, or the like, to contribute to our city. In doing so, I am sure, our "Hub City" would be a better place in which to live.

There are many problems growing in our city. Now, they are small, but without attention, they will surely grow into larger ones. For instance, the vandalism which is occurring in our neighborhood. Would you believe that several thousand dollars of damage has been attributed to the construction of our new community center which is presently under construction? This type of action only effects US. Our area is, and has been, in the process of establishing shopping centers for several years, but with this type of attitude, no developer would be interested in establishing complex buildings for our use.

It is up to all of us to make a contribution. And we can start tonight by attending the second of two meetings designed for electing a representative for Census Tract 11. This would be a giant step---and believe me---Don't you think it's needed?

Something is absolutely WRONG with the attitude here, come out tonight, and perhaps we can "CHIT CHAT" and see a little of what is WRONG.... SEE YOU TONIGHT....

The Eastern Little League All-Stars will journey to Levelland tonight, Thursday, to play in the sectional Little League Tournament, August 4-6.

The Easterners defeated the Southerners last week in order to advance to the sectional.

Lubbock Eastern hurler Henry Easter belted a two-run homer in the bottom of the first inning and then hung on to claim a 2-0 win over Lubbock Southern in the finals of the Little League Tournament last Friday.

Southern loaded the bases in the fifth and sixth frame but could not score. Greg Bowling took the loss.

Lamesa also fell to the hard-hitting Easterners by a score of 9-4. Donnie Moore's two run single in the fifth broke the game wide open. Moore collected three hits in the game. David was credited with the win and Robert Hardberger took the loss.

Before moving to the district tournament, they proved themselves of playing in the district tournament by defeating the Northeast Little League by a score of 12-2, and came back the next evening and defeated the Slaton Little League Stars by an unbelievable score of 32-6.

Once again, Henry Easter shows his talent with the bat by blasting two homers. The Easterners also collected 23 hits and Slaton committed 16 errors.

This is the first year that the Eastern Little League has ever gone this far, and there is a great possibility that they can go all the way--State.

Jackie Clark, manager of the champion Dodgers, is manager of the little league squad, while Baldwin Wilson, manager of the Monarchs, is the coach.

The Eastern Little League team consist of fourteen members; namely, Lee Earnest Badgly, Jr., David Childs, Henry Easter, Jr., Connie Ray Harris, Alvin Harris, Larry Don Isaac, Garner Jordan, Jr., Robert Earl Kindred, Lemuel Levels, Olda Dene Louis, Kenneth Ray McGee, Donnie Ray Moore, Louis Van Witherspoon, and Charles Kelsie Hobby.

Why not drive down to Levelland this evening and watch our Eastern Little Leaguers in action. With the support you can give them, they can surely go over big.

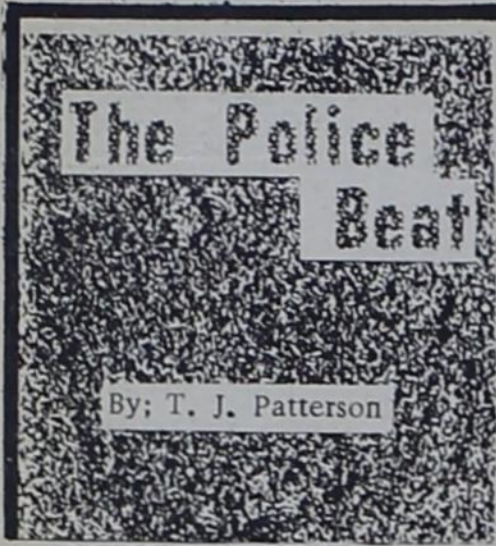

ALLEY CLEANUP PROGRESS REVEALED

According to the assistant superintendent of public works of Lubbock, Joel Locke, the city's alley cleanup program, which started on May 4, has been covering 81 blocks each work day and averaging 28 loads a day.

Locke admits that 1,448 blocks were cleaned in June, resulting in 493 truck loads of debris being carried away. The first cleanup started on May 4 and was completed in six weeks. The second one started on June 14 and was completed in five weeks. The current cleanup started July 20 and is expected to be completed in three or four weeks.

As many of you may recall, the City Council approved the accelerated alley cleanups, with a goal of cleaning and raking all alleys every 30 days. Prior to this action, the alleys had been cleaned and raked every three or four months. The council voted unanimously to appropriate \$110,000 to conduct the speedup program on a five-month trail basis beginning in early May.

COLOR TELEVISION STOLEN
Wanda Hobbs, 4804 Ute Ave., told police that someone entered her residence last Thursday night and took a color television set valued at \$300.

HOUSE BURGLARY
Ethel Brown, 2612 Railroad Avenue, reported that someone entered her apartment and took \$15 in cash. She had no idea who could have done such a thing.

CLOTHES TAKEN
Mrs. Vera Edwards, 1801 Main Street, named three suspects to police officers following a burglary at 1805 Main Street, where two suitcases and a box of clothing were reported missing.

BROKEN WINDSHIELD
Ollie Jones, 2410 Date Avenue, complained to police that while he and wife were driving on East 24th Street, crossing the overpass, an unknown person threw a perfect strike with a rock into the wind-

shield of his car. The rock knocked the windshield completely out of pocket. He told police that he stopped his car but the pitcher of the rock could not be found.

THEFT OF HORSE TRAILER
A horse trailer was reported taken from the grounds of the Co-op Oil Mill, 3000 Ave. A.

BURGLARY OF COIN MACHINES
Burglars looted a coffee machine at Lubbock Auto Auction, 1122 East 34th Street, and four soft drink machines were tampered with. No coins were taken from either one. It was discovered that a tire tool was used in attempting to break open the soft drink machines. Entry was gained by breaking a small window in the rear of the building.

Certain combinations of circumstances almost inevitably result in a kind of chaos that affords reactions ranging from dismay to stupefying horror.

The combination of an employment office for maritime workers, a quiet middle class neighborhood, and a dormitory for nurses, is now giving second-guessers broad room for tongue-clucking and "they should have known better" nods of supposedly prescient criticism.

It appears that an employment agency for such workers should be located in a business or factory district—not one approximating skid row, where the accused murderer in the recent nurse massacre sought refuge when tracking detectives made him panic—but not in a family area either. And certainly not near a school for girls.

You might consider the areas adjacent to your home neighborhood. Long have we deplored multiplying taverns and liquor stores—but are there other possible sources of scum level vermin? If there are, be aware of them, and take steps to protect your neighborhood from the drifting loner who may stay just long enough to wreak terror and heartache.

year old boy being locked in a bus at 17th and Avenue C. It was learned that the boy was attacked by three boys. The victim was unable to give the last names of the boys who assaulted him.

RAPE
A 17 year old girl told police that on last Sunday morning, a 21 year old man entered through the rear window of their house and raped her while she was sleeping on a mattress on the floor. She told police that her mother was sleeping in the same room in the bed. She went on to say that the man raped her at knife point. According to the young lady, the man threatened her life if she made any noise. He left by the same means.

The lady is Ruth Waddy, and she is the Los Angeles delegate for the exhibit of Negro American artist which Mrs. Burroughs organized under the joint sponsorship of the State Department's Bureau of Education and Cultural Affairs along with the Russians' Institute of Soviet-American Relations.

Unlike many diplomats who travel abroad as visiting dignitaries, Mrs. Waddy is neither moneyed nor titled. Her income is \$103 a month, dispensed by the Los Angeles Bureau of Public Assistance.

She has been known to do washing and cooking chores to raise money to finance the mounting and framing for a one-man show, although a heart condition prevents her regular employment.

However, her work as a patron saint of the arts makes her an important member of the touring delegation. She has traveled extensively, compiled a published book of prints by Negro artists, and has earned deep respect and wide influence among American art lovers.
