PRICE: FIVE CENTS

Dedicated to Informing the Negro Citizens of West Texas

### Youth Takes Money From Child

Mrs. Frances Dunlap, of 2907 Teak Avenue, told police that an 18 year old boy had taken some money from her five year old daughter. She went on to tell officers that the money had been taken from her daughter who had gone to the store for her.

A clerk in the store told police that the child had brought in a ten dollar check along with her mother's drivers license as identification. She said the check was cashed and the money and license placed in an envelope.

Several witnesses told police that the youth was in the store and saw the envelope handed to the little girl, and that the 18 year old left immediately. The child identified the youth as the one who had taken the money. He was being held in the city jail last week pending filing of charges.

### World News Digest

—From Negro Press International

#### INDUSTRIAL ADVISER

Maseru--The government of newly-independent Lesotho (formerly Basutoland) will depend upon the head of an international tobacco empire and a South African to guide its industrial affairs for the next two years. Anton Rupert, 50-year old former Pretoria University chemistry teacher who now heads a sprawling tobacco combine which accounts for more than one out of every 10 cigarettes in the world, has taken the post on a no fee basis.

\*\*\*\*\*

#### TOO EFFECTIVE

Tunis--There's one spot where birth control programs have been too effective. Tunisia has exchanged its curb on population explosion and is now advocating wholesale marriages and births. One of the first countries in North Africa to practice birth control, Tunisia discovered from a recent census that the birth rate was only 2.2 to 2.3 per cent instead of 46 per cent as had been envisioned.

\*\*\*\*\*

#### IN ABSENTIA

Accra--The current Ghana regime is seeking to nail down its plans for ridding the country of the influences of the 57-year old Kwame Nkrumah, who was deposed from the presidency last February by an army coup. Nkrumah is to be tried in absentia on charges of having used a government firm—National Development Company—as a clearing house for bribes.

\*\*\*\*\*

#### BAN STILL ON

Los Angeles--Les Ballets Africains, the African dance group from independent Guinea in West Africa, has once again run into the ban on bare-bosoms performances. The police commission has invoked the ban during the two-week performance of the troupe at Huntington Hartford, which ended last week. The same ban was imposed when the troupe appeared in the city in 1961.

\*\*\*\*\*

#### WOULD YOU BELIEVE

Washington--According to the Bureau of Indian Affairs, the American Indian is not a "vanishing American" as is popularly thought. The bureau says there are more Indians in the United States today (about 600,000) than there were when the Pilgrims landed.

\*\*\*\*\*

#### MAIL PLANS

Bamako--Two African nations have received approval of credit from the international Development Association (IDA), a World Bank affiliate to rehabilitate and modernize their railways. Mali, formerly French Sudan, won \$9.1 million for its 400 mile line from the Senegal border via Kayes, Bamako and Koulikora on the Niger River. Senegal received \$9.0 million for its 645 route-miles from the Dakar-Thies area to Kidira on the Mali frontiers.

\*\*\*\*\*

#### NEW PENNY

Lusaka--Shortage of old Central African federation pennies, has led Zambia to put in an order for a new Zambia penny, which will make its debut some time soon. Although it is the first Zambian penny, the coin will be similar in appearance and size to existing pennies.

### Rites Read Here For Nute Tanner

Funeral services were conducted for Mr. Nute Tanner, a long time resident of Lubbock, Monday afternoon at 3:00 p.m. at the Mount Gilead Baptist Church, where he served as deacon many years. He suffered a stroke more than two years ago and was a patient at a rest home in Denison, Texas, for awhile. About a year ago he was removed to Lubbock. He passed away Thursday morning at a local rest home.

Among the survivors is his wife Mrs. Katie Tanner, a daughter and stepson, several sisters and other relatives.

Rev. S. R. Roberts officiated with South Plains Funeral Home in charge of arrangements, and burial in City of Lubbock Cemetery.

Lubbock Cemetery. Active pall bearers included Marshall Stilwell and James Jamison, Anderson Young, Charles Williams, Tommy Williams and Joe Anderson.

### Rites Read

Funeral services were held last Saturday afternoon for Sidney Diamond, 75, at the Birch St. Church of Christ with South Plains Funeral Home in charge, and George Harris officiating.

Diamond was a former resident of Houston, Texas, and resided in the city of Lubbock for some time.

Survivors are his wife, Mrs. Mary Diamond, a step-son, Wilbur Hill of Dallas; five grandchildren, other relatives and friends.

Burial was held in the City of

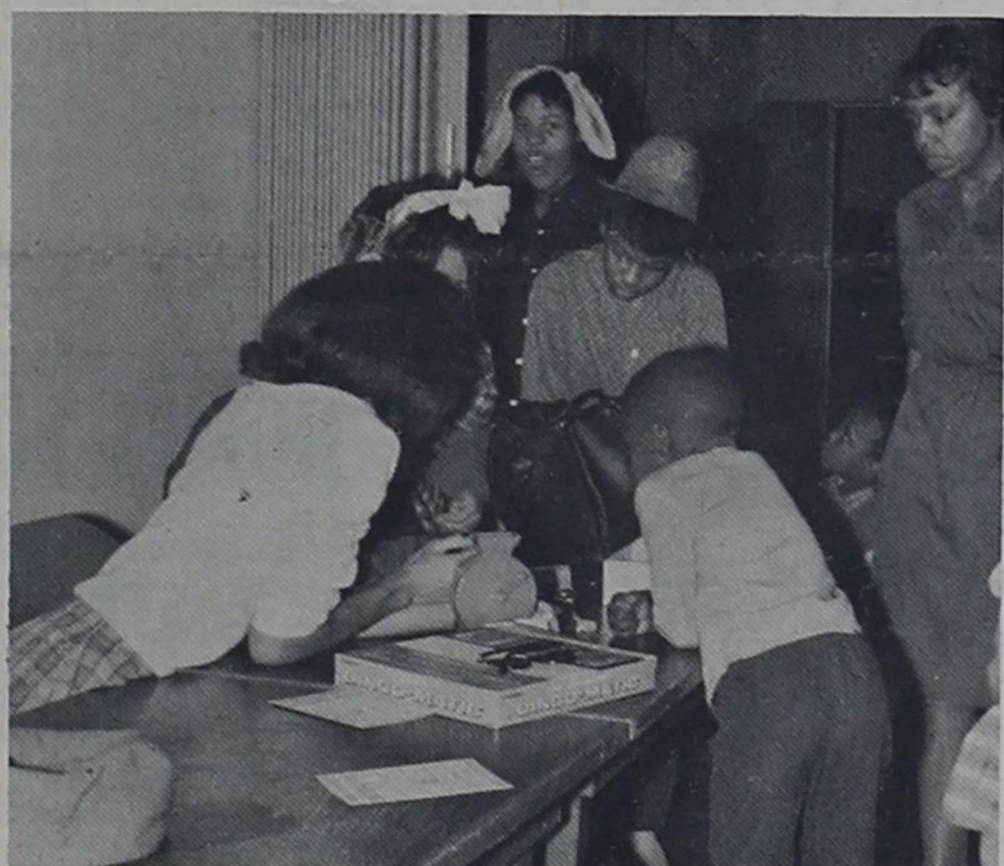

The members of the Tiara Social Club presented its annual social event Friday before last at the American Legion Hall and several hundred Lubbockites attended the gala affair.

The officers of the organization include Pearlina Chase, president; Betty McQuiren, vice-president;

Doris Cotton, secretary; Willie Floyd, assistant secretary; Dimple Sandford, treasurer; Margaret White, critic; Tessie Compton, business manager; Vera Ross, assistant business manager; Roberta Hightower, Mary Smith, Connie R. Green, and Johnnie Hicks all on the sick committee.

### Community Center Now Open For Everyone

It's a darn shame that we are not supporting the new modern community center which has been recently opened for the convenience. Look here people, the cen-

ter is not designed especially for the youth, it is as it says—a community center, a place of education and recreation for the entire family. It was learned that a special program for adults is being offered, and apparently, you adults are not cooperating with this program. Don't you think it is about time that you started supporting something that is on the constructive side?

Thinking about a Federal job for next summer? Well, then this is your lucky day, because an examination for Office and Science Assistant positions—Grades 1 through 4—for the summer of 1967 (May through September) will be given.

Many capable young people come into the summer labor market every year. This examination provides those who are interested an equal opportunity to compete for the jobs available. It establishes a nationwide competitive process through which the Federal Government can make temporary summer appointments on a merit basis.

The jobs are located in Federal agencies and installations throughout the United States, including the Washington, D.C. metropolitan area.

Most summer jobs result from the need for the temporary replacement of permanent employees on vacation or for work on a short-term agency projects. The total number of summer jobs is relatively small, and the needs vary from one geographic area to another. In general, most summer appointments will be made in areas where Federal installations are most numerous. In particular, your

chances will depend on several factors: (1) the number of jobs to be filled in the area where you apply, (2) the number of persons competing for the same kind of job in the same area and their qualifications, and (3) your score in the written test.

Anyone interested in this type of program is asked to apply by writing for an application form to the: U.S. Civil Service Commission, Washington, D.C., 20415.

Be sure to indicate on your application the following:

1. The title of the examination, "Office and Science Assistant."
2. The number of the announcement, "No. 401."
3. The city, state and ZIP Code number.

Remember that you must file by October 21st, 1966, for the test will be given on November 26, or you will need to file by December 9th, 1966, for the examination to be given on January 7, 1967. The final filing date is January 9, 1967 for the examination on February 4, 1967.

For further information you need to contact your local postal office or you may contact this paper, at SH 4-9714.

There is also a special class for elementary, junior, and senior high school students, and there is no cost. It is free. You parents need to get on the ball and support something that will help you, your children, and your community.

It has also been called to the attention of Around the Hub City that a beginners knitting class for adults will begin this week at the Mae Simmons Community Center. All individuals interested in the class may register by calling or coming by the Mae Simmons Community Center. The phone number is PO2-6411, Ext. 323.

### ZIP Code Drive On

Postmaster Ohnemus announced last week that October 10-15 had been designated as ZIP Code week for Lubbock, Texas.

Mr. Ohnemus said that Lubbock is one of 302 major cities selected by Postmaster General Lawrence F. O'Brien to participate simultaneously in National ZIP Code Week.

The project will dramatize the need for greater public cooperation in and acceptance of ZIP Code, thus giving the Post Office Department the help it needs to cope with today's record mail volume.

"We hope to get our ZIP Code message across to every facet of our community life," Postmaster Ohnemus said. "This means the home, the schools, the churches and the business and social activity of the community."

"I cannot overemphasize the importance of using ZIP Code in our city," Ohnemus said.

Continued on Page Two

# WHITHER 'BLACK POWER'

All about us are alarm and confusions as well as great and challenging developments. Differences of opinion are sharper, for the first time since several organizations began to function where only two had before, there emerges what seems to be a difference in goals.

Heretofore there were some differences in methods and emphasis, yes, but none in ultimate goals. The end was always to be the inclusion of the American Negro, without racial discrimination, as a full-fledged equal in all phases of American citizenship. There has now emerged, first a strident and threatening challenge to a strategy widely employed by civil rights groups, namely non-violence.

The more serious division in the civil rights movement is the one posed by a word formulation that implies clearly a difference in goals, no matter how endlessly Carmichael and his group try to explain it, the term "Black Power" mean anti-white power. In a racially pluralistic society, the concept, the formation and the exercise of an ethnically tagged power means opposition to other ethnic powers, just as the term "White Supremacy" means subjection of all non-white people. In the black-white relationship, it has to mean that every other ethnic power is the rival and the antagonist of "Black Power," it has to mean "going it alone," it has to mean separatism.

Separatism, whether on the rarefied debate level of "Black Power" or on the wishful level of a secessionist freedom city in Watts, offers a disadvantage minority little except a chance to shrivel and die.

The only possible dividend of "Black Power" is embodied in its offer to millions of frustrated, deprived and persecuted black people of a solace, a tremendous psychological lift, quite apart from its political and economic implications.

Ideologically it dictates "up with black and down with white" in precisely the same manner that South Africa reverses that slogan.

It is reverse Hitler, a reverse Ku Klux Klan. If these were evil in our judgement, what virtue can we claim for black over white? If, as its exponents claim, this concept instills pride of race, cannot this pride be taught without preaching hatred or dupremacy based on race?

Though it be clarified and clarified again, "Black Power" in the quick uncritical and highly emotional adoption it has received from segments of a beleaguered people can mean in the end only black death. Even if, through some miracle, it should be enthroned briefly, the human spirit, which knows no color or geography or time, would die a little, leaving for wiser and stronger and more compassionate men the painful beating back to the upper trail.

We must have none of this, it is the rageing of a race against a race on the irrelevant basis of skin color. It is the father of hatred and the mother of violence.

It is the wicked fanaticism which has swelled our tears, broken our bodies, squeezed our hearts and taken the blood of our black and white loved ones.

"Black Power" should not and shall not, on the basis of intelligent thinking, poison our forward march.

CONTINUED FROM PAGE ONE  
the Florida Gold Coast—Miami, Hollywood, Hialeah, Fort Lauderdale, Pompano Beach and West Palm Beach. Five cities in the San Francisco Bay area—San Francisco, Berkley, Richmond, Oakland and San Mateo—participated in the third test beginning May 2.

Lubbock and all other cities observing National ZIP Code Week will submit "Before and After" reports to the Postmaster General's office to indicate the extent of increase in individual ZIP Coded letters, Mr. Ohnemus said, "I hope all the citizens of Lubbock will join me in showing the rest of the country that we can do a better job than any other community," he commented.

The diverse observational tools available for the study of space was the subject of discussion at the Planetarium of the West Texas Museum last Sunday afternoon.

The program entitled "The Eyes and Ears of Space," was given some explanation of various tools ranging from small telescopes to staelites costing millions of dollars.

Celestial X-rays, cosmic rays, light rays and ultraviolet rays give scientists 'windows' for peering into space and provide further exploration than is possible with the telescope alone. The science of astronomy has become allied with the sciences of physics, mathe-

atics and engineering to obtain data and to coordinate their efforts toward seeking answers to the more perplexing problems.

More programs like the above mentioned will be held weekly during the remaining year.

# The Police Beat

By: T. J. Patterson

**CASH REGISTER LOOTED**  
An attendant on duty at a service station on East 19th told police that two young males, between the ages of 12-14, entered the station while he was waiting on a car. He said that when he returned to the cash register and noticed that thirty-five dollar bills were missing, and after further check-

ing on the money, it was learned that a roll of nickels was also taken.

**THEFT**  
Ethel Clemons, 2410 Weber Drive, Apt. A, told police that a 24 inch girls bicycle, white and red, was stolen from in front of her residence last Friday night, at approximately 9:00 p.m. She said that the same bike was stolen several weeks ago, but the thief was so kind as to return it after a few

days, but as of this date the bike has not been returned this time.

If the thief is reading this column, please return the bicycle for Mrs. Clemons.

**THEFT OF DOGS**  
Would you believe that people are now stealing dogs? Yes, dogs! Johnny Hayden, 2402 East 7th St., told police that someone unknown did break into his back yard and take two German Sheppard dogs. The dogs were described as one male and one female, both black and brown. It is believed that the dogs are about nine months old and were valued at \$12 each.

I wonder what will people next steal.

**VANDILISM**  
Robert H. Smith, 2910 East Main Street, told police that someone did destroy the windshield of his 1953 sedan which was parked on the curb in front of his home last week. It appeared to have been broken with either a beer or pop bottle. He, too, like Grimes, in an above story, is employed at the Farmers Cooperative Compress and is employed there at this time.

This week is National School Lunch Week and it is being observed by the Lubbock Public Schools. The theme for this particular week is "School Lunch Serves the Nation."  
The cafeteria employees are observing the week by displaying posters in local business firms and entertaining special guests during the week which will end Saturday.  
Cafeteria director for the Lubbock Public Schools, Mrs. Nerinne Stage, has extended a cordial invitation to parents, teachers, and

The value of the windshield is believed to be about \$25.00.

Ruby Eveline, 616 Avenue E, told police that someone had broken into her place of business. The police entered her business and discovered that her juke box had been pried open. It was further discovered that entry was gained to the business by removing a window in the rear of the building. She told police that approximately \$70, mostly dimes and quarters, was taken from the juke box. A man who resides in the same neighborhood told police that he had observed a man, in his early 20's, prowling around the place of business.

Pry marks were found on one of the vending machines, but apparently the thief did not take time to open the machine.
