### Suspect Held In Lieu of Bond Here

Dean Elson Nash, one of two armed youths captured last week in a burglary attempt, was in county jail late Friday in lieu of bonds totaling \$5,500.

Nash, 18, of 3515 Ute Avenue, and a 14-year old companion were arrested after a K-9 squad discovered the pair hiding on a shelf in the T G & Y store at 1716 Parkway Drive.

Each was armed with loaded .22 caliber revolvers, and were apprehended about midnight Thursday.

According to officers, the front door had been knocked out and 22 boxes of ammunition were stacked at the front of the building for loading.

Nixon - Agnew Question

by Leon L. Lewis—Negro Press International There are two generally accepted and nationally observed spectres that besiege us every four years...One is that our second month takes on an extra day—Leap Year. The other is that our political system takes on an extra effort to fool the people, via a National Election.

When the English philosopher, George Bernard Shaw, declared, "Any man who runs for public office is a scoundrel," it is not concluded that he meant that literally. His parable implied that a man could not be honestly purposeful and win even the opportunity to seek public office.

Let us take a "look-see" at our "four-year" spectra.

Every four years, the adage is the woman pursues the man and takes his place as the coxer and suitor. She has her opportunity once in every four years to really hook the guy she wants, and every-thing goes in love and war. But this is more or less just a legendary fable and discarded custom in social life.

On the other hand, every four years political bigwigs dust off their idle craniums, brighten up their smiles, oil up their windpipes and begin shaking hands with those little ragged fellows in the ghettos, the tattered and torn rural inhabitants, buys a little barbecue for those who have existed on fatback and molasses for three years, promising to better everything that they didn't get after the last big campaign circuses.

For nearly 200 years, all the people of the United States—except a little over a dozen—have been victims of this democratic hoax. And although we knew it many, many years ago, Barnum Bailey is still the greatest prognosticator of all times, when he said a sucker is born every minute.

While the voters of this nation are the biggest suckers, those that don't vote are a little bit better—they didn't become emotionally upset in the process...they sought nothing and got nothing.

Going back a generation we ousted Herbert Hoover from the presidency, and elected FDR. We got out of the so-called depression, but after 13 years under the leadership of Roosevelt, we were transformer from a national galaxy of moonshine consumers and racketeering serfs to a horde of doles and soup kitchen maggots.

Then came along Missouri's retired gangster, Harry, who boasted that they had to burn down the school to get him out of the fifth grade, but he held the biggest position in the world.

In 1952 and 1956, we rejected the bid of Adlai Stevenson, a man of high repute and training to elect a soldier for president, who did nothing administrative but take army orders all his life... and most of the time form Harry.

In 1960, the American people woke up, rejected the California boy that made good, and elected a President of stature, but they killed him off in Dallas in short order...

Lyndon comes along, and tried hard to carry on in memory of John Kenndy. He couldn't get to first base. A anarchic Congress couldn't stomach a man with determination and forthright leadership. The wolves are running him out of the White House.

Of all the men in the GOP with strength and character, political fortitude, administrative experience and background, they selected a presidential candidate who only build a reputation for dodging rotten eggs and tomatoes when he visited other nations as Ike's VP. But the Republications hail losers as heroes—Goldwater, Dewey, and now, Nixon.

As Chester Gillespie of Ohio says, Nixon won't get the approximately 12 million Negro and Jewish votes, even if he did duck big-hearted qualified men for his running mate, to choose Agnew, who is not known outside of Baltimore. But politics make strange bed-fellows.

In previous columns, I advocated that the Negro, in particular, should go Republican this year. But, —As it Looks From Here— that would be jumping out of the frying pan into the fire.

At the Republican Convention in the plush city of Miami several weeks it was learned that 43 Negro Delegates and alternates attended this convention. Aside from this, it is most interesting to note that this is only a partial list of black delegates.

Looking again, nearly twenty Black GOP candidates are bidding for office come November 1968. In this number, is Joe Kirven of Dallas, seeking the post of State Assembly, Place 9.

We know, too, that a Negro was named to one of the four highest offices at the Republican National Convention. This man was Massachusetts Senator, Edward W. Brooks, who served as the Convention's Temporary Chairman, presiding over the opening sessions and the seating of the state delegations.

This, in a mild way, is the new role of the Republican Party throughout America. But on the local level, it would appear as though this type of programming is non-existence because of the non-involvement role displayed thus far by the Lubbock GOP's.

We are sure that many are aware the Republican Party Chairman of Lubbock County, Terry Condrey, made this year's convention. But did he, too, capture this new movement of his fellow peers in regard to Black America?

Mr. Condrey, what are you and your constituents going to do in regard to the move which is being made by many of the states throughout America? It would be interesting to know what actions the local chapter will undertake.

Several years ago, during the campaign of U. S. Senator John Tower on his stop-over here, he was asked by the West Texas Times what will the future hold for the Negro in the Republican Party? His answer was the Negro has more to gain by embracing the GOP than any other Political party. The forementioned facts would seem to prove that out.

On the other hand, in looking at the situation on the local level it would appear as though the GOP members here could care less.

Flowers For All Concerned

Congratulations are in order to Mrs. Peppers on her appointment to the position of Multi-Service Center Director. It should also be noted that time and space is taken to congratulate all of the other applicants who expressed a desire for the position. According to some reports, the choice was a hard one to make, in that all of the applicants were well qualified and presented good arguments toward their seeking the post.

So to all involved, the Times extends its congratulations and best wishes to all involved. And a special best wishes and good luck to Mrs. Peppers as she begins her new position.

LOOK AFTER KIDS

I can't help Mom and Dad, but everytime I find some of young people getting into some type of trouble I wonder what will the outcome be for the rest of our young. One thing is for certain, we must become more involved with what they are doing.

I don't mean to preach about this problem, but we need to consider that these young people need our advise. We must start now setting the right example for them.

Wouldn't it be wonderful if everyone of us parents would start something new in Lubbock beginning today. Let's call it: "Operation Find Them." In other words, let's start asking where they are and what they are doing.

These young people are tomorrow's adults and we must start today helping them so they will make a constructive contribution to our society. I know this is a national problem, but we can at least start at home helping our young people.

If you have any comments in regard to how I feel about the welfare of our young people, then drop me a few lines C/O Police Beat, Box 225; Lubbock, Texas.

THEFT

Rudy Jason, 206 18th Street, reported to the Lubbock Police De-

partment that he had been out to a party and having a real dandy time until he started home with a few friends. According to Jason, he was riding with his so called friends when they stopped at 19th and Avenue B. and told him to give them his money. Of course, Jason was surprised and thought it was all in fun until one of the men drew a knife on him.

This made Jason know that this was for real so he obliged the men and left missing a cut from the knife.

The so-called friendship ended earlier than expected. Jason was minus some so-called friends plus his eight dollars he gave them.

It goes to show Jason and others that you have to be awful careful with the people you call your friends.

HOUSE BURGLARY

Annie Mae White, 1514 East 15th Street, came home the other day and discovered that her house had been burglarized. She learned that entry was gained through the west side of her house.

Taken from her house was a portable television valued at \$50 and a watch which cost \$10.95.

She has no idea who could have done such a bad deed to her.

Gunshot Victim

Last Saturday morning a 22 year old man was shot as he walked home from a neighborhood cafe and was placed on the critical list at Methodist Hospital.

The victim, Roy Lee Jones, 605 Avenue B, who is an employee of Coop Compress, underwent surgery after he was shot in the neck about 7:15 p.m. as he walked east on 16th Street from the Washateria Cafe.

According to police—a bullet, believed to be fired from a .22 pistol, struck Jones in the upper neck.

Jones, bleeding badly, was taken to Methodist Hospital by Joe Travis Mays and Marvin L. Perry. They said they saw Jones stagger and slump beside the street.

Lubbock police were busy trying to search for a lead to the identity of Jones' assailant. Jones was unable to identify the gunman and both witnesses said they didn't see anyone near the scene.

KSEL VEHICLE LOOTED

Paul Beene, radio announcer at KSEL, reported to the Lubbock Police Department that someone unknown broke into the KSEL vehicle which was parked at Meadow Brook Golf parking lot one day last week.

It was learned that some took \$230 worth of radio equipment which was lodged in the car. The damage to window which was used for entry to the car was valued at \$7.00.

One thing is for certain, TTO is back on the air and Bill and Lew could very well find out something about this incident. How about that, Paul?

Ceiling for G. I. home loan guaranty was raised recently from \$7,500 to \$12,500 to ease down payments for veterans.

17 Year Old Jailed For Death Of 15 Year Old Brother Here

Last week a 17 year old boy was held without bond in Lubbock County Jail after being charged with shooting to death a younger brother while their parents were at church.

Samuel Charles Deary was arraigned last Friday before Justice of the Peace Wayne LeCroy on a charge of murder with malice in the last Thursday slaying of 15 year old Marvin Deary at the family's home at 1310 East Main Place.

According to Tom Purdon, assistant district attorney, it was recommended that Deary be held without bond.

Marvin Deary was found dead shortly after 11 p.m. Thursday night with a gunshot wound in the right chest.

Police learned that Marvin and his twin brother, Melvin, were alone in the house when their older brother and two friends arrived.

According to witnesses, Samuel loaded a .22 caliber pistol with two live rounds, then went to the back door where he fired once. They told officers, Samuel began spinning the gun's cylinder and clicking the trigger while it was pointed at his younger brothers.

Melvin told investigators that he hid in the bathroom and that Samuel spun the cylinder and pulled the trigger every time he peeked out the door.

Witnesses told officers that Marvin, who was sitting in a chair in the living room, was only a few feet from Samuel when the grim game finally ended.

Graveside services for Marvin were held Sunday in Old Providence Cemetery in Brachville, Milam County, under direction of Jamison Funeral Home.

Survivors include his step-father and mother, Mr. and Mrs. Lidge Phylow; a sister, Johnnie Mae Deary of Lubbock; and his brothers, Tony Dale, Wilburn Lee, Samuel Charles, Joe Arthur, Odell and Melvin, all of Lubbock.

DO-SI-DO WITH DOUGHNUTS AND PUNCH

Whether you are planning a square dance in the driveway or a holiday dance in the town fire house, set off the gay evening with refreshments of old-time flavor and goodness - made with ease.

You'll reap a bounty in raves with Holiday Doughnuts. These yeast doughnuts take their time in rising to airy puffs - they require more patience than real work on your part. When fried and drained, fill them with easy, creamy lemon cheese or even easier cherry preserves or apple butter. Toss in a paper bag for the sugar coating that adds the final touch of good taste.

To go with doughnuts, a pitcher brims with slices of red apple and cubes of ice, topped with apple juice and gin. This is quick and easy to stir up, and smooth sipping as the music goes round.

Holiday Doughnuts

- 3 1/2 cups sifted flour
- 1 teaspoon salt
- 1/4 cup butter
- 1/2 cup warm water
- 1 envelope yeast
- 1/2 cup warm milk
- 1 egg, beaten
- 1/4 cup sugar
- lemon cheese, apple butter or cherry preserves
- Deep fat or oil for frying

Cinnamon or confectioners' sugar

Sift flour and salt into a bowl. Blend in butter with a pastry blender. Add warm water to yeast. Soak 5 minutes to soften. Then add milk, egg and sugar. Mix with flour and salt, and beat until smooth. Knead 5 minutes, on a lightly floured board, until smooth and elastic. Cover and set in a warm place to rise until double - about 1 1/2 hours. Punch down, cover and let double again for about 30 minutes.

Roll out on floured board 1/2 inch thick, and cut in 1 1/2 inch circles. Put doughnuts on a greased cookie sheet and leave uncovered (to form a crust) in a warm place to rise, 30 to 45 minutes. (Hint on rising: Place doughnuts over pan of warm water, for extra lightness.) Heat fat to 350°, lay in a few doughnuts at a time and fry until golden. Drain well on crumpled paper towels. Cut a small slit in the side of each doughnut and thrust in 1 teaspoon lemon cheese, apple butter or cherry preserves. Toss in a paper bag with cinnamon or confectioners' sugar and welcome your guests with old-fashioned favorites. Yield: about 2 1/2 dozen.

FROM MY SCRATCH PAD

By George Parrish  
Amarillo, Texas

Things are beginning to shape up around Amarillo and I mean as far as work is concerned. The business man is becoming more aware of the problems of the minority groups and their needs and as a result of this we are placing more people on better jobs and in training for future job placement.

The writer of this column and his family worshiped with the New Hope Baptist Church on Sunday and enjoyed the service. The pastor, Rev. David Hill, has just returned from what he calls a vacation, even though he was conducting a revival and stated that he was able to sleep late each morning.

Mr. and Mrs. Oscar Brinkley of Mineola, Texas are visitors in Amarillo. They are visiting their daughters here.

Mr. and Mrs. Jerry Hyman have returned from East Texas, while in that area they visited relatives in Mineloa, Lindale and Dallas.

Mr. and Mrs. Amos Dixon were visitors in Amarillo Sunday, the Dixons are from Lubbock. They were guest of the Parrishes briefly while in the city.

All church services are being well attended now that everyone is back from vacation.

The Neighborhood House Board held its monthly meeting at Our Community House Sunday evening at 3:30 p.m., the meeting was well attended and many plans were made for the future, they are asking that more will join this group later or may I say sooner.

Mr. and Mrs. L. L. Haywood and family of Baytown, Texas, was house guest of Mr. and Mrs. J. C. Jones, 1509 N. Washington and of his mother Mrs. Annie Haywood, 1400 N. Washington. ### Young Adults Progressive Club Set Plans for Coronation Dance

The Young Adults Progressive Club members met last Sunday afternoon at 6:20 p.m. with Jean Harvey, president, presiding.

The club members heard reports from the various committees of the club.

Members will attend a luncheon at Johnson House Restaurant Sunday, September 1, 1968. They will be accompanied by their most admired counselors.

The luncheon will be of great importance to the club members, because it portrays the great progress the club has made in the past several months. It includes the growth in finance and popularity.

The long planned "Miss Progress" contest is well underway as the contestants battle to reach the finish line. This function will conclude September 6 when the lucky young lady is crowned. Like any beauty pageant, it will be well arranged for our queen.

It will be held at the Community Pleasure Garden. If you enjoy good music and singing, you will cer-

tainly not intend to miss "Robert the Organ Man."

Robert will play the organ and sing at intervals during the pageant. As special attraction for the young men who like beauty and talent, you will be given a rare opportunity to feast your eyes upon the talented "Jean the Flame."

Jean will be singing along with Robert.

For those guys and dolls with fast hot feet, we will present a fun-filled coronation dance following the "Miss Progress" crowning. There will be music for the fast at heart and the slow in mind.

Two of the contestants who attended the meeting Sunday are Misses La Gloria Lewis and Jossie Harris.

Both young ladies have made improvements in themselves as a result of being members of our organization. We are the ladies of tomorrow, all of us Young Progressive Club members.

Miss Lewis is a very enthusiastic and ambitious member of the organization. She is a 1967 graduate of Dunbar High School and plans to attend Texas Women University in September where she will major in Art.

She is also a licensed beautician and was an active member of many clubs and organizations at Dunbar. Aside from this, she was previously employed at the Pyramid Beauty Salon where she intelligently applied herself as a young lady of great knowledge.

Miss Harris is club reporter and is an active member in the organization. She tries to bring best of her ability to the club.

She is a 1966 graduate of Dunbar High School and is also a licensed beautician. Aside from this, she has attended Draughn's Business College where she trained in secretarial work.

She is presently employed at Texas, New Mexico and Oklahoma as a billing clerk.

### Black Families' Media Income Rise Set At \$4,900 A Year

Austin, Texas-(NPI)-The median income for the nation's black families has risen to \$4,900 a year, according to the Council of Economic Advisors.

The overall median family in-

come is scaled at \$8,000 a year.

In the South, the median income for black people is only 54 per cent of that for whites, but the percentage is 73 per cent in northern states. Of the 25.9 million poor people in the country last year, one third were non-white. This gives black people three times their share of poverty, as they make up about 11 per cent of the nation's population.

Some 600,000 families moved out of the poverty category in 1967 it was reported. This leaves 5.3 million families in the hole, out of the national total of 49.8 million families.

In citing these figures, President Johnson noted that, "in the past two years, more Negroes and other non-whites rose above poverty than in all the previous six years combined."

He added, "Almost unnoticed, large numbers of American Negroes, for the first time an all American history, have now begun to enter the middle class."

### YOUR HEALTH CONTROLS YOUR LIFE

#### SINUSITIS

When the aches and pains of a sinus infection hit, the victim knows without a shadow of a doubt what is wrong.

The difficulty is that, in most cases, the victim does not know what to do to relieve the excruciating pain which accompanies the "attack."

Sufferers from the sinus infection know the aches and pains result when the tiny passages which connect the sinuses with the nose and throat become obstructed and the membranes lining the sinuses become inflamed.

It is true, as in so many other instances, that the nervous system plays an important part in the proper operation of the sinuses and the channels through which the sinuses drain.

The chiropractor, through his knowledge and understanding of the nervous system, is in a position to provide fast and lasting relief for stubborn cases of sinusitis. He provides the scientific adjustment which will allow the body to cure itself.

This has been a Health and Life Article from the office of Dr. Don Johnson, Chiropractor.

Persons interested in better life through better health should contact Dr. Johnson, at 3411 Knoxville Avenue in Lubbock or call Swift 2-3081, today.

**Prayer**

Dear Lord I want to first thank you for all of our lives. Thank you, Jesus for the food that was placed in our mouths. I ask you, O Lord, to have mercy on us all. Then I ask you, Jesus, to please send our boys home to us from Viet Nam. I know you are able, Jesus, and I am putting all my trust in you. Jesus, I know you will send our boys back home to us. This is why I ask, for I know it shall be given. Take the boys up in your arms and hide them in your bosom. Keep them ever close to Thee. I pray that you will do for them What you have done for others. I ask Thee, O Lord to be their light in dark places and their shield in time of danger. Have mercy on them and their poor souls. Guide them around the danger that they are unable to see. Keep our boys ever close to Thee. I ask these blessings in your name, Jesus, for I know they shall be given. Amen. Elsie Henry.
