Alpha Morgan Chosen Lubbock's "Miss Civic Improvement"

Two of Lubbock's charming young ladies are all smiles as they posed in the chamber of the City Council last Tuesday evening. The reason for the smiles was the crowning of "Miss Civic Improvement." Last year's title holder, Jean Jenkins, a student at Monterey High School is shown at left presenting flowers to the new queen, Alpha Morgan, daughter of Mr. and Mrs. Ben Morgan.

Alpha Morgan, sixteen-year-old daughter of Mr. and Mrs. Ben Morgan of 1709 East Auburn, was chosen "Miss Civic Improvement" Tuesday evening in a contest held in the City Council chambers at City Hall.

Alpha, who will represent the Lubbock Chamber of Commerce at functions related to civic beautification throughout the year, was picked from five finalists—one from each of the schools. Each school winner, however, will receive a wardrobe by the Chamber of Commerce.

A kick-off program is planned in early May to focus attention on the month as Paint-up, Fix-up, Clean-up month in Lubbock.

Jean Jenkins, last year's title holder, was on hand at the affair and crowned Miss Morgan. Mrs. Freda McVay was in charge of the program.

Alpha was chosen on the basis of personality, academics and participation in school activities.

Alpha is a member of Bethel A.M.E. Church where she is an active member in the Sunday School department as secretary. Alpha is a junior at Estacado High School.

Founder of Saints Junior College to Speak in Lubbock Sunday Afternoon

Mrs. Arenia C. Mallory, L.L.D., a native of Jacksonville, Ill., and founder of Saints Junior College in Lexington, Mississippi, will speak at the Church of God in Christ, 15th and Oak Avenue, Sunday afternoon, May 4, at 3:00 p.m. This special effort is being sponsored by Bishop W. D. Haynes and Presiding Bishop J. E. Alexander.

Mrs. Mallory has been selected by the National Council of Negro Women as one of the nine "Outstanding Women in America in 1940" and again in 1956. Citing her contribution as an "educator and leader of women," the Utility Club of New York City designated her as "Woman of the Year." Sharing honors with Congressman Adam Clayton Powell, Jr., the Utility Club's "Man of the Year," Dr. Mallory received her award in the presence of 1,500 assembled guests at ceremonies in New York's Waldorf-Astoria Hotel.

In 1963, Dr. Mallory was appointed by the Department of Labor to serve as a Manpower Specialist and Consultant for the Labor Department in Washington, D.C. Her assignment involved minority group problems in unemployment.

In 1967, Dr. Mallory was selected as a member of the International

Platform Association. In January, 1969, Dr. Mallory's biography appeared in the "Royal Blue Book," Leaders of the English Speaking World—London, England.

The public is cordially invited to come out and hear this great speaker.

Noted Speaker, Lola Belle Holmes, to Appear at LCC Friday Evening

Miss Lola Belle Holmes, a veteran of seven years' undercover work for the FBI, will speak on "The Revolution Is Planned!" at Lubbock Christian College Auditorium, Friday, May 2nd, at 8:00 p.m.

Lola Belle Holmes infiltrated the Communist apparatus for the FBI in 1956. While working within the Communist Party in Chicago she helped the Communists carry out their orders to use the so-called civil rights movement as the torch to light a fire of revolution in America. She rose to positions of prominence in the Communist-created Negro organizations and in the Party itself. For seven long years she took orders from Communist bosses and reported all to the authorities.

In 1963 she surfaced to give testimony before various government bureaus. The Illinois Department of the American Legion awarded her the Citation of Distinguished Service to the United States in 1964 for her bravery and patriotism.

Now Lola Belle Holmes is speaking out to her fellow Americans whom she maintains "... are in the midst of a revolution of such magnitude that it is like a giant octopus with its tentacles spreading into every walk of life." From

her past associations, from continuous knowledge of the strategy of subversion and from an awareness that comes only from personal experience, she has pinpointed the source of the revolution—"The revolution, with its bombs, riots, fires and death, is being financed by the War on Poverty." Her documented presentation gives ample reason for concurring with this startling statement.

The speaker is being brought to Lubbock by the "Lubbock County Support Your Local Police Committee" which was formed to encourage local law enforcement personnel in their difficult assignment, and to help guarantee that the local police remain independent of any centralized control. Local sponsors include: Reverend Bert Homer, Dr. Patrick Pappas, Olen Beard, Reverend Wesley Davis, Dr. Cadman Chaffin, Hilton Sherrod, Dr. Melville Monte, John Chezem, Dr. George Beck, and C. A. Porter.

They were accompanied on the one-day trip by Theodore Phea, director of the South Plains Lions Branch.

Employed By Methodist Hospital Here

Luther Chambers, a native of Panama, who has been in Lubbock since January of 1967, was recently hired by the Methodist Hospital as receipt clerk. Prior to this position, he worked as a custodian in the housekeeping department.

He is the son of Mr. and Mrs. Charles Chambers of the Republic of Panama.

He has attended Mary & Mac Private School and was a student at Draughon's Business College.

Luther plans to enter Texas Tech in the fall semester of this year. He is happy about his present position and is willing to put forth a great effort in order to exemplify his talent.

Law Day to Be Observed Here Friday

Law Day, U.S.A., will be celebrated by attorneys and citizens of Lubbock on Friday, tomorrow, May 2nd.

This day, which was first proclaimed by President Dwight D. Eisenhower in 1958, is set aside to foster respect for law and understanding of its essential place in American life; to encourage citizens to support observance and enforcement of law; to advance equality and justice under the law; and, last but not least, to show the contrast between freedom under law and tyranny under communism.

The theme for 1969 Law Day, U.S.A., is "Justice and Equality Depend Upon Law - And You!"

It is up to us as citizens as well as officers of the law to live by this theme each day of the year - let's all try.

City Man Receives Five Year Prison Term in Guilty Plea

James Earl Woods, 31, of 130 East 15th Street, accused of breaking in to a home near Idalou was sentenced to five years in the state penitentiary after pleading guilty last Wednesday to a charge of burglary.

Woods was sentenced in Judge Howard C. Davison's Court, 99th District Court.

He was one of four men charged with the burglary on March 7th of the E. H. Nance residence. A television console and a typewriter were taken in the burglary, and officers of several agencies joined in an auto and foot search that led to two arrests.

Clifford Conner, 25, of Slaton, another of those charged, is to go to trial this week in the same court, according to Assistant District Attorney Robert Wilson.

Also Sentenced

Also sentenced in court last Wednesday, James Henry was Buchanan, 22, of 1515 Avenue C, who pleaded guilty to a charge of aggravated assault and was sentenced to six months in the county jail. The charge, however, was reduced from one of assault with intent to murder.

The complaint in this case was made by Albert Walker, who said he was slashed on the back of the neck last November 25, at his car outside a cafe.

New Law on School — A Good Move

Last week the Governor of Texas signed into law a new state technical-vocational education act which made Texas the first state in the nation to fully implement federal guidelines set down several years ago.

Of course, technical-vocational education is needed badly to erase many of the shortcomings of our citizens. With this fact in mind, local establishments should get behind an effort to make finances available for those looking for something in life, by hard work.

Let's hope that the 21-member advisory committee, to be appointed by the Governor, will do the job as far as determining the needs of the unemployed and improving their future as well as that of the state of Texas.

Consideration Should Be Given to All Issues

Special interest on the part of the total community should be given toward all major issues facing the city of Lubbock. The time has come when the public should look at our City Charter in more ways than one.

In the past, when bond elections have been staged within the City of Lubbock, only a small number of the residents of the city participated or voted. At the same time, every resident of the city was involved personally in all of these bond issues—whether they knew it or not.

The City Charter requires that changes in the Charter or repeal of any part of the Charter, must be submitted on a petition signed by not less than 25% of the qualified voters within the City of Lubbock, as determined by the number who voted in the last Municipal Election. Five citizens of the city may submit proposals to the City Commission for study and action but the 25% figure still stands in regard to the calling of an election.

Although it was in regard to the State Elections laws, "wets" found out last fall that the 25% figure is not only required but very hard to reach at times.

Yet, bond elections may be called by the five members of the City Commission, as it very well should be. Our only contention is that after such bond issues have been called there should be some stipulations in the City Charter requiring that a representative number of people be required to vote in such election.

After all, if 25% of the people must sign a petition before any election can be called in certain instances, it only stands to reason that a certain number be required to vote on any issue that will mean increases in taxes or other means to support the issue.

This newspaper would suggest to the responsible citizens of the City of Lubbock that some change be made in our City Charter, thereby making it a law that at least 45% of the registered voters within the city be required to vote on all issues prior to that issue becoming effective. Exclusion of any election requiring petitions with at least 25% of the people signing would be possible along with all other elections, State, County and National, naturally. The provision could also provide that any election that was not voted on by at least 45% of the eligible voters must be null and void. The election on the issue could be recalled at any time in the future, also.

The important thing, in our estimation, is not the merit or demerit of any issue, whether it be bonds, school board recommendations or what-ever, but rather the fact that the people—the citizens of the community—be required to voice their opinions prior to allowing these ideas to take effect.

This, by no means, is meant to imply that everyone would vote in any election, but we do mean to imply that the time has come for the citizens to be made to vote—after all it is still this newspaper's contention that the

Some more interesting "tidbits" that the reader might enjoy concerning Negro history—American and World.

On March 17, 1836, the Republic of Texas abolished the slave trade and from 1619 to 1670 Negro slavery in the United States rested on custom rather than law. Alonzo Pietro "il Nigro" (the Negro) was one of Christopher Columbus' pilots on the voyage to America in 1492. On March 31, 1871, Jack Johnson, first black heavyweight champion of the world was born. He died in 1946. St. Benedict the Moor, Negro Saint, died at San Fradella, Sicily in 1589. He was born in 1526. On April 15, 1896 Harvard University announced that Booker T. Washington would be awarded an honorary degree. It was the first ever offered a Negro by an American University and by April 25, 1860 there were over 500,000 free Negroes in the United States. In 1822, Shiloh, the first Negro Presbyterian Church formally recognized and taken over by New York Presbytery and in 1821 Lott Carey, missionary and Baptist minister, sailed for Liberia to aid country growth and in 1950 Negro church property was valued at two hundred and fifty million dollars.

In March of this year, the Negro Press was 142 years old. Among the oldest and most influential for the past fifty years are: *The Kansas City Call*, the *Chicago Defender* and the *Pittsburg Courier*. For many years, Negroes looked upon these big three publications as their word insofar as their spokesmen were concerned in the struggle to be "free and equal."

For nearly three fourths of this half-century, yours truly has served on the staff of at least one or more of these big three national hometown newspapers as a paid correspondent and "agent" (dealer). Readers who would like a free sample copy of any of the above publications as of this date, may obtain either one, by sending twenty-five cents in postage to me in care of this newspaper.

The oldest Negro periodical in the U. S. today is the *A.M.E. Christian Recorder* and is edited by one of the nation's top black journalists; B. J. Nolen. The Recorder is one hundred and nineteen years old. The *Christian Index*, official organ of the Christian Methodist Episcopal Church is next, having celebrated its 100th anniversary two years ago.

The Index is edited by Dr. John Exum, a staunch churchman and former lay leader, who is being pushed for Episcopal honors in 1970, I have learned.

It was in 1940 that John Sengstacke founded the black National Newspaper Publishers Association. Since then it has grown from a humble beginning of some 15 members to more than three-fourths of America's 174 Negro-oriented publications including *Ebony* and *Jet*.

Most younger Bellringers are not aware that the Negro press (NNPA was the original black civil rights group lobbying in Washington, D.C.) In 1941, Negro publishers frequented the White House, although black journalists were barred from White House Press Conferences as well as the Congressional Press Galleries. It was the NNPA that unitedly insisted upon such legislation as a Federal F.E.P.C. Anti-Lynch Law and the abolishment of the poll tax. Since then, all the world remembers; it is so easy to forget.

Bellringer Registers Retort: Dear Bob—Look forward to meeting you each week with your newsy and informative column. I am a member of a small mission church located in the black belt of the Tall City. Although we try hard to meet our bills when due, many of us feel that the local gas utility company has not dealt fairly with us in recent months. Our gas has been cut off several times during the past winter months and one time when the check arrived at the company the same day, it was cut off. . . Is the company facing a financial crisis? Why the grand rush? On one time, the gas company threatened to cut off a member of the church gas supply if the bill was not paid by a certain date. Is that a usual practice of the gas company? Other utility companies do not act like this. How can we lodge an official complaint? Signed: Mrs. S. S. of Midland. Our reply: *We will do it for you. The company's reply will be published here. Are there others? Send them in.*

+++++

To Mrs. A.T.M. of Abilene, Texas—We have hopes that your local daily will be using some form of our column (it's varied) in the near future. The *Odessa Daily American* gave us our first opportunity to sell our ideas on the racial problems facing our country more than a year ago. Since then some 20 or more publications in the Southwest mostly and elsewhere buy this stuff. U can know that we can never forget the *Odessa American*. That's where we got our start. Of course we have been with black newspapers (only two dailies) for more than twenty five years.

voter does not mean to infer that five people know more about what is good for Lubbock than the entire citizenry.

Certainly, this type of proposal would ungarble the communication lines between neighborhoods and also between City Hall and the voting public. It only stands to reason that proponents of any proposition would be more inclined to move out into the areas and explain their reasons for wanting something if they knew that 45% of the people must be informed and required to vote before the vote would be legal and binding.

As an example, taking previous bond elections only, of

Highlights

Sidelights

 TEXAS PRESS ASSOCIATION

Austin, Tex.—After a slow Monday-Wednesday, legislators wound up last week in a blaze of speed, turning out more than 100 bills on climatic Thursday.

Senate passage of a much-amended \$1.25 an hour minimum wage bill, with a push from Lt. Governor Ben Barnes, highlighted the action. Bill survived Senate filibusters. Now it goes to the House where Speaker Gus Mutscher reports its fate will be decided in a floor battle.

Also triumphant over filibusters was the bill to set up Texas State Technical Institute under a separate governing board with authority to operate facilities in Waco, Harlingen and Amarillo areas. It now is known as James Connally Technical Institute and is under the Texas A & M University System. Only those courses which area junior colleges can't or won't offer could be taught in this job preparation field. Bill goes to Governor Preston Smith for signature.

House earlier voted to split the Parks and Wildlife Department into separate agencies regulating parks and game and fish. Senate apparently is cool to the "divorce" plan.

House also voted to create University of Texas of Permian Basin near the present Odessa College campus and agreed the name of the Liquor Control Board should be changed to Texas Alcoholic Beverage Commission.

Both houses agreed on bills to provide for misdemeanor action against corporations charged with air and water pollution.

A Senate-passed bill would permit admission of oral confessions as evidence in criminal trials.

Water Plan Adopted—Nine billion dollar Texas Water Plan has been formally adopted by Texas Water Development Board, and implementing legislation is moving fast.

Water Development Board accepted the plan, which includes a proposal to import some 12 to 13 million acre feet of surplus water annually from the lower Mississippi River to meet state requirements to the year 2020.

Water Rights Commission set the stage by entering an official finding that the plan "gives adequate consideration to protection of existing water rights and takes into account modes and procedures for equitable adjustment of water rights to be affected."

Bottle Club Rules—Texas Liquor Control Board has set May 9 for a public hearing on a new proposal for private-club rules and regulations, drawn up after a previous hearing.

New draft includes major changes to allow the use of computers in record-keeping; more detailed regulations on record-keeping for tax collection purposes; definitions of "guest", "member" and "member's family"; a definition of food service required at clubs and more detailed rules on the locker system.

LCB also agreed to ask the Legislature for an additional \$834,523 in appropriations—over what the Senate-passed money bill would give the LCB.

That extra money is needed, Board says, because of passage of a bill revising the Liquor Control Act, recent increases in licenses and permits and "the further fact that there are now three ports of entry on the Mexico border which are presently not manned with. . .tax collectors."

Courts Speak—State Supreme Court has held that Orange-Bridge City retired machinists cannot collect unemployment compensation unless they actively seek work.

High Court also found an Amarillo couple entitled to damages from Ford Motor Company as a result of an accident caused when a truck with faulty brakes hit their car.

Court of Criminal Appeals sustained a new law directing motorcycle riders and passengers to wear prescribed helmets.

Same Court upheld death sentence for a Houston man charged with beating a baby to death.

AG Opinions—Although the Legislature intended ballots may be prepared so as to be compatible for use in automatic tabulating equipment, those used with electronic devices must be similar to ordinary paper ballot, Atty. General Crawford Martin has concluded.

Martin also held that: Baptist hospital parking lots can be exempt from taxes if local tax authorities find they are an essential part of the hospital operation.

There is no authority to use county funds for purchasing volumes of a county history.

Vista Program Signed—Governor Smith announced signing of a VISTA (Volunteers in Service to America) project to benefit aged in a 16-county Central Texas area.

Counties which have highest percentage over-65 population in the state include Coleman, Callahan, Concho, Mc Cullough, Runnels, Brown, Blanco, San Saba, Mason, Mills, Llano, Hamilton, Eastland, Erath, Bosque and Comanche.

Teacher Shortage Grants—U.S. Office of Education has awarded the Texas Education Agency six grants totalling more than \$600,000 to attract and qualify teachers to meet the critical teacher shortage.

Police Beat

Theft
Mrs. Mary Collins, of 1711 Avenue E, reported to the Lubbock Police Department that a man took \$15.00 from her. She told police that she knew who the man was and knew where to find him.

Mrs. Collins took the police officers to where the man was and identified him. As could be expected, the man denied the charges.

Evidently there were witnesses to the incident. The officers advised Mrs. Collins to see the County Attorney in regard to the matter.

Burglary
Charles Butler, of 2701 Quirt Avenue, told police that he had been home for several days due to illness. One day last week a neighbor told him that he had seen the front door to his barber shop standing open.

Charles took the advice of his neighbor and decided to look into the door being open at his business. When he went to the concern and closed the door he didn't pay any attention to the inside of the building.

After going back to work, he noticed that there was an unknown chewing gum machine inside the building and that a radio and tape recorder were missing. The approximate value of the items was believed to be between \$60.00 and \$70.00.

Theft of Bike
Wesley Garner, 2537 East Baylor Avenue, reported to the Lubbock Police Department that someone took from his front porch a dragster bike.

The bike has a gray fender and a basket on the front. There was no estimate of the cost of the vehicle.

Theft
A service station attendant at 1712 Southeast Drive was an unhappy fellow one night last week. The man told police that a car with two ladies and two men, with a child in the back seat, came into his station for some gas.

As any man in that business would do, he obliged the customers. He was truly surprised when the car drove off without paying him for the fuel.

It was learned that the cost of the gasoline was \$2.00.

Theft
Nettie Curtis, of 2604 Weber Avenue, Apartment C, told officers of the Lubbock Police Department that someone entered her car. Actually, the car was unlocked. She admitted that someone took \$41.50 (most of it in cash) from a purse which was in the front seat of the automobile.

However, she did notice a youth of about 17 years loitering in front of her apartment. She came outside and questioned the fellow. This questioning ended up in a chase throughout the area.

The highest military award for bravery that can be given any individual in the United States is the Medal of Honor, first presented in 1863.

Since the award of the first coveted medal, a total of 3,228 has been presented through March 1969, with 77 resulting from heroic action in Viet-Nam.

One privilege that accompanies the Medal of Honor is a special payment of \$100.00 a month.

According to the Veterans Administration, \$340,800 a year is paid the 284 current recipients.

Laborious nights and hectic days will be the order of business in the Legislature until June 3rd. What the big three, meaning Governor Smith, Lt. Governor Barnes, and Speaker Mutscher, do concerning the settlement of the one year verses two year appropriation. Donney Brook will have a lot to do with the plans for us Legislators during the next twelve months. Horseback opinions are not worth much at this stage but one fact remains. Governor Smith, in the number one position, is still going to hold the "Ace in the Hole" on this judgement.

At our prayer coffee this week Jack Hawkins, the Sage of Groesbeck, offered a meditation from W.

Around The Hub City

It's been another long wait, but at last we are on Day Light Saving Time. *Around the Hub City* had an opportunity in talking to many citizens concerning the "set your watches up one hour situation." Many interesting responses were received.

Anyway, regardless of how you feel about the hour we are ahead—which will give us an opportunity of working longer in the yard or shooting more holes of golf—we will gain this hour back in the fall.

Two sisters, Mrs. Sarah Wadley and Mrs. Bobbie Jean Patterson, are celebrating their birthdays this week. Happy birthday to both of you.

Mrs. Mary Paul's mother expired last week at Bryant, Texas. Mrs. Paul left last weekend for Bryant to make arrangements.

It was learned last week that Mr. and Mrs. Roy Simmons will be moving to Fort Worth, Texas this summer. From time to time the Hub City loses some real good citizens.

Mr. and Mrs. Wilson Baldwin and infant son made a trip to Phoenix, Arizona on business last week. He returned by early flight Sunday morning. Mrs. Baldwin and her son continued on to Los Angeles for a visit with her daughter.

Mrs. Myrtle Wright motored to Houston, Texas last Friday. Mrs. Hattie L. Stiggers and her children

E. Dirden, I will repeat it for your benefit.

"Lord thou knowest better than I know myself I am growing older, and will someday be too old. Keep me from the fatal habit of thinking I must say something on every subject and on every occasion. Make me thoughtful but not too moody, helpful but not too bossy. With my vast store of wisdom, it seems a pity not to use it all, but thou knowest Lord that I want a few friends at the end.

"Keep my mind free from the recital of endless details; give me wings to get to the point. Seal my lips on my aches and pains. They're increasing and love of rehearsing them is becoming sweeter as the years go by. I dare not ask for grace enough to enjoy the tales of other's pains but help me endure them with patience. I dare not ask for improved memory, but for growing humility and lessening of cock-sureness when my memory seems to clash with the memory of others. Teach me the glorious lesson that occasionally I may be mistaken.

"Keep me reasonable; likeable, I do not want to be a saint—some of them are hard to live with—but a sour old person is one of the crowning works of the Devil. Give me the ability to see good things in unexpected places and talents in unexpected people. And give me Lord, the grace to tell them so." Goodby, let us hear from you.

accompanied her. She will stop with her niece, Mrs. Mollie Ola Williams. Mr. L. V. Jackson drove for Mrs. Wright.

Mr. and Mrs. W. B. McGee returned from Caldwell, Texas after driving their grandmother home. She has been in Lubbock for several weeks due to the illness of her daughter, Mrs. Elva Carroll.

Mrs. Pinky Reed has two other daughters here and a son. She was honored with a party at the home of her daughter, Mrs. Ivey Graves. About thirty guests were present for the party.

Mr. W. B. Hamilton is a patient at Methodist Hospital. Mrs. Hunter Williams is yet on the sick list at her home.

The high school department of Mary & Mac School has just returned from a week-end visit to Six Flags Over Texas. Each year this department finds a means of raising funds in order to make an educational trip throughout the state.

Miss Patricia Murphy, director of Posey Multi-Service Center, presented her resignation to the Community Action Board last week. Her resignation goes into effect Friday, May 2nd.

Directors and staff of the Multi-Service Centers will attend a Neighborhood Workshop at Abilene, Texas Friday and Saturday of this week.

Linda Wheeler, daughter of Mrs. Dorothy Wheeler of 1506 East 16th Street, has been elected social co-chairman for Lottie Jean Mabee Hall, a women's dormitory at the University of Tulsa. The freshman is majoring in medical technology.

Consideration Should Be . . .

 how voters participate show these figures: In September of 1959 there were 5,332 votes cast in the city with a total of approximately 18,488 qualified voters in the city; or less than 30% of the qualified voters went to the polls. In September of 1963 there were 4,958 votes cast in the bond election compared to a total of approximately 20,114 qualified voters in the city or less than 25% of the voters went to the polls. In the last bond election, held in 1963, the record is a little better, but not much. Of an approximate total of 37,843 qualified voters in the city, only 11,797 voted or 32%. It might be noted here that the reason we had to give approximate voters in the three figures above is because the County Clerk could not give us the exact figures and reported to us that the only way for us to figure the totals in the city was to take the County figures and figure the city would be 80% of that. They did cooperate to the extent of giving us the total registered voters for the County in the three years mentioned above.

This newspaper is most concerned about every citizen participating in important issues which concern the future of their city. Maybe with a constructive approach to the problem, some consideration could be given to a complete look at our City Charter, which is long overdue.

How to Get A Raise

From the book, *Manners at Work*, by Robert H. Leob, Jr., to get the raise you want to follow these ten commandments for office manners:

1. Thou shall not be late.
2. Thou shall not abuse the coffee break.
3. Thou shall not stretch the lunch hour.
4. Thou shall not treat the office phone as thou doest the one at home.
5. Thou shall not feel wretched when closing time is stretched.
6. Thou shall not rend thy garments or don sackcloth and ashes when asked to stay overtime.
7. Thou shall not covet thy vacation before it is due.
8. Thou shall not feign illness.

9. Thou shall not cart thy personal emotion problems to the office.

10. Thou shall not be a money changer in the office.

We could add a few other commandments such as: Get it right the first time so thy fellow worker will not do thy work and his, too: and be productive.

Readers, if you have any news My Scratch Pad would like to have it while it is still news. So come on and call me at 373-9460 or 372-7031. So until next week I'll put away My Scratch Pad.

For Better Living Make Coronado Apartments Your Home

HERE YOU CAN LIVE ECONOMICALLY,
CONVENIENTLY AND COMFORTABLY FOR
CORONADO LIVING IS A GOOD WAY OF LIFE!

At Coronado you get away from high land cost, high 7% to 7½% interest rates on Home Mortgage Loans with 30 to 40 years to pay and high maintenance costs on privately owned property.

Sometimes people feel they are getting bargain rent in low income projects at \$18.00 per month. BUT when they receive their gas, water and light bills that mount up to as high as \$90.00 per month, the \$18.00 per month rent gets pretty high. And, when a plumber charges \$7.50 as a service call to make a \$1.50 repair to a leaky faucet that really runs the rent up!

You Don't Have to Put Up With Conditions Like These

CORONADO APARTMENT LIVING IS BETTER AND LESS EXPENSIVE

- * We have two (2) beautiful parks and playgrounds for you and your children to enjoy.
- * You may choose between a 1, 2, or 3-bedroom unit, furnished or unfurnished, all with large rooms and ample closet space.

Both talks were designed to aid all ministers. In contrast to Bible description, success is measured today, with things like wealth, popularity, etc. But questions were answered on why these things are not proper standards for judging success in the ministry. What part skill plays in a successful ministry, and how young, old, shut-in, and those with limited education and ability can successfully preach the final witness as a warning of Jeho-
