

# Dunbar Choir to be Presented In Concert Sunday Afternoon

The Dunbar Choral Department will present a "Gospel Sing" Sunday in the Dunbar High School Auditorium at 3 p.m.

Through the year, the choir has been awarded numerous opportunities to sing and entertain under the leadership of its directress, Miss Charlotte Green and its choir officers.

The year started with concerts and public outings. In November came the musical "Bye, Bye Birdie", which was the first musical ever presented by a Dunbar group. In December several Christmas concerts were given to various church and civic groups. During March, the choir received a Sweepstakes Trophy in U.I.L. Competition. This trophy is given to choirs who receive superior ratings from all judges. Presently of the 51 choirs in contest, only 7 choirs from our region received this outstanding award. As a result of this event, a specialty group, named the "Panjammers", was formed, when the entire choir was unable to attend various programs. The Panjammers has received numerous requests for programs and many complimentary letters. They are an outstanding group of young people dedicated to their

job as ambassadors of Dunbar High School.

The the present time the choir is raising money for our annual tour, where we will compete in the Southwest Music Festival in Galveston, Texas, May 1 thru 4. As a fund raising project and also as a means of making our community and general public aware of our activities, we are hosting a "Gospel Sing", April 20th at 3 p.m. in the Dunbar High School. We are hosting a car wash, April 19th, at Town and Country Shopping Center (across from Jones Stadium) from 9 a.m. to 6 p.m. Each car is \$1.50.

Appearing on the program will be such talents as Mrs. Katti Dawson, Rev. Levi Lendley, the Quigley Sisters, and Joseph

Jones, along with many other fine soloists, ensembles, and church choirs. The public is cordially invited. Tickets may be purchased from any choir member or at the door. They are \$1.00 each. On Saturday, April 26th the Dunbar choir will appear on "Black Concepts" on Channel 28.

Last but not least, the Music Dept. will present a "Spring Concert" on Thursday, April 24th at the school auditorium. It will consist of the acapella and mixed choirs, the band, and the orchestra. Each group will perform individually and they will join for the finale.

This will end a great school year, but we believe it's only the beginning of a new and improved part of Dunbar High School.

### Dunbar Graduate Makes Good

Charles F. "Ricky" Cooke, III, son of Mr. and Mrs. C.F. Cooke, Jr. of 1836 Manhattan Drive, who is a student at McPherson College in McPherson, Kansas, has received notice from the Federal deposit Insurance Corporation (F.D.I.C.) in Washington, D.C.'s director of personnel that confirms his appointment as a GS-3 bank examiner (student assistant).

He will report for duty Monday, June 2, 1975, at 9 a.m. to Mr. Robert V. Shumway, 720 Olive Street, Suite 2909, St. Louis, Mo. Mr. Cooke is expected to be in the Regional Office approximately a week for orientation training and then be assigned to an examination team, headquartered in Springfield, Mo.

Mr. Cooke was a member of the Dunbar High School graduating class of 1973, and entered college the following session.

After his tour of duties with the F.D.I.C. in December, 1975, he will return to McPherson College. Aside from his GS-3 rating, he will receive sixteen (16) hours of college credit for participating in

this program and will be an advanced junior student.

This tour will offer a great deal of travel experience for Mr. Cooke and a substantial financial assistance for his remaining years in college. According to his parents here, he has been cordially welcomed to the governmental organization, and he hopes to find the new endeavor truly satisfying.

He has a younger sister, Jackie; and a small brother, Gerald.

### Community Wide Bell Ringing Ceremonies Scheduled Here Tomorrow

The Youth Organizations Subcommittee of the Lubbock Bicentennial Committee is sponsoring a community-wide bell

ringing from 10:00 to 10:10 p.m. on April 18, 1975 to commemorate the two hundredth anniversary of Paul Revere's ride to warn the people of Massachusetts' countryside that the British troops were leaving Boston to seize ammunition and arms stored at various points throughout the colony. Seven hundred troops crossed the Charles River from Boston to Concord on the way to Concord on April 18, 1775, and the Boston Committee of Safety sent Paul Revere and William Dawes by different routes to alarm the countryside. Revere left Lexington, but he, Dawes, and Samuel Prescott were stopped on the way to Concord. Prescott escaped and warned Concord.

The bells of Lubbock will ring again on April 19, from 8:00 to 8:10 a.m. in commemoration of the Minute Men of Lexington and Concord. It was at the battle of Lexington and Concord that the "shot heard round the world" was fired, and the movement toward active armed resistance to the British began.

The Youth Organizations Subcommittee of the Lubbock Bicentennial Committee has arranged to ring many of the large bells throughout the community. They are encouraging all persons owning bells to ring them with the group at 10:00 to 10:10 p.m. on Friday, April 18, and from 8:00 to 8:10 a.m. on Saturday, April 19.

Mayor Roy Bass has suspended the noise ordinance for these periods, and the entire community is urged to commemorate the actions of Paul Revere and the Minute Men on April 18 and 19.

### Lubbock Independent School District's ESAA Application Public Hearing Set

A public hearing on the Lubbock Independent School District's application for a grant under the Emergency School Aid Act (ESAA) will be held at 7 p.m., Monday, April 21, 1975, in the materials center of the school administration building, 1628 19th Street.

The funds, if approved, will be used to provide services for students at four schools affected by the 1970 federal desegregation order—Dunbar and Lubbock High and Slaton and Struggs Junior High Schools.

Public hearings are required by

### Student Fair to Be April 21 - 26th

The annual South Plains Industrial Arts Student Fair will feature an estimated 700 projects Monday through Saturday, April 21-26. The fair will be held in the South Plains Mall, and will display the work of junior and senior high industrial arts students from 22 Lubbock and area schools.

The entries will be judged Sunday by persons selected by the sponsoring organization, the South Plains Industrial Arts Teachers Association. Projects will include the areas of woodworking, metal working, drafting, electricity, and combinations.

The display items were selected by teachers as "cream of the crop" of student work from throughout the region, according to David Hill, coordinator of industrial arts for Lubbock schools and fair chairman for the sponsoring group. Brownfield High School teacher Clifford Niles is president of the teachers' association.

The high schools to be represented include those from Brownfield, Kress, and Littlefield, in addition to Lubbock Christian High School and the five public high schools in Lubbock. Ten Lubbock junior high schools will have projects, in addition to junior high schools from Brownfield, Kress, and Littlefield.

Hill has extended an invitation to the general public to view the exhibits.

law to give local citizens an opportunity to make recommendations and hear discussion about the application, school officials said.

Warner Sims, director of special projects for the school district, said the application will be submitted to the Department of Health, Education and Welfare (HEW) May 15, 1975. The application will request a grant of approximately \$125,000, according to Sims.

Sims indicated that the application seeks funds for teaching communication skills through basic programs of reading, listening, speaking, and writing. The grant would also provide individualized and small group instruction in math at Slaton and Struggs Junior High Schools. Another area of instruction included in the application is development of more adequate interracial, social, and cultural experiences in the school and community.

An advisory committee of 12 adults and three students is making periodic recommendations about the operation and administration of the program in Lubbock for 1975-76, as well as to review the application for funds, according to Sims.

### National YWCA Officers Visit In City Recently

Visiting in the hub city this week were two visitors from the city of Atlanta, Georgia. The two ladies were Carolyn Swearingen (National Board Member of YWCA) and Barbara Neal (National Staff officer of YWCA).

These ladies were interviewing individuals concerning the YWCA in Lubbock involvement with the total population.

If you have any information that you think they would be interested in write them at National Board YWCA, 40 Marietts #520 N.W., Atlanta, Georgia 30303.

The facts on what happened is not known here at this time. Mrs. Lyons attended the services which were held Tuesday.

A full report of the incident will be reported later by the West Texas Times.

Friends of Mrs. Lyons are grieved and in sympathy with her and her family.

A well prepared youth leader, Mrs. Terrell has served as youth director for the O.W.T. for 24 years and has done a great job.

"It would be beautiful if all parents of Mount Gilead would send their children to the youth activities of this church," said Mrs. Terrell.

## The Awful Cost of Vietnam

As South Vietnam's forces lose their grip on more of that country and it becomes obvious that western-baked, western-religion President Thieu does not command the support of most of his fellow countrymen, the awful cost of America's misguided effort in Vietnam becomes agonizingly clear.

It all began when President Kennedy committed U.S. troops to the fighting in 1961, partly in an attempt to convince then-Russian boss Nikita Khrushchev he was not the young, soft man Khrushchev judged him to be in Vienna, and because President Lyndon Johnson after him, greatly escalated the American effort without insisting a really Democratic regime be installed in Saigon, headed by a Buddhist (ninety per cent of the Vietnamese are Buddhists).

Fourteen years later (to Dwight Eisenhower's everlasting credit he refused repeatedly to order U.S. troops into the Vietnam shooting) we have these results to look back over:

- (1) The tremendous dollar expenditure destroyed the value of the dollar worldwide.
- (2) The unpopularity of the war at home caused division, rioting, draft evasion. It thereby brought an end to the draft—which upped the cost of obtaining armed forces personnel so much we cannot now compete with Russia in weapons procurement. (That could mean a U.S. defeat in future major-power war.)
- (3) The U.S. effort alienated Washington from many of its European and other allies and much of the world, diplomatically.
- (4) Inflation directly caused by tremendous financial outlays on Vietnam has cost every American dearly, especially the elderly, and fixed income Americans.
- (5) Worst of all is the awful cost in blood—the death and injury and drug addiction of so many young Americans.

## Simon, Ford on Economy

Treasury Secretary William Simon and President Ford have both predicted the economy will show signs of recovery by the second quarter of the year. The President predicts an upturn in July, the first month of the third quarter.

If these forecasts are accurate, the stock market rise of recent months is partly explained; if not, a sharp drop in stock prices is likely; also likely are major difficulties in holding the 1976 budget deficit to the President's already liberal goal of \$60 billions.

Simon believes inflation will be a new threat in the second half of the year and that if Congress doesn't limit spending in a responsible manner the nation will suffer new agonies from another high annual inflationary rate—now reduced to something over seven per cent from a high of over twelve per cent in recent months.

Spending in the next few months, then, by Congress, is the key to the economic future of the nation; current predictions of recovery from the Ford Administration should help our politicians resist the temptation to vote more costly programs than the country can afford.

## It's Garden Time

Now is the time for early plantings in your 1975 garden. With so much emphasis on frozen, canned or packaged foods these days (often with chemicals or preservatives added), one sometimes forgets that garden-fresh fruits and vegetables are invariably more healthful and usually better tasting.

Even the U.S. Department of Agriculture has slipped into the pitfall of promoting packaged commercial food preparations, in some instances; yet fresh produce from one's garden deserves the highest recommendations for the family table.

Gardening is good exercise. It saves money, if prudently pursued. It promotes the entire family's health, interest and cooperation. It brings satisfaction in ways other than in the eating—but that reward alone is often enough to justify the effort involved.

## As I See It!

Without any doubt, the 15th annual Gridiron Show had to be one of the better ones since the beginning of this effort. The Greater Press Club is to be commended for a job well done. The skits, from my point of view (not because I was in one), were timely and to the point.

Of course, politicians and newsmakers for 1974 got roasted. That's what it was all about. This type of a situation is healthy in Lubbock, and we should be proud to see the Greater Lubbock Press Club doing a positive thing for our city.

A new addition was added this year, **The Griddle** newspaper. This was good and it should prove to be a most interesting newspaper in the years to come. Now, there's a means to document what the Gridiron Show is all about.

Next year's effort should prove to be more exciting than the one this year.

While at the Gridiron Show, I had an opportunity to talk with two state legislatures, State Rep. Bill Clayton of Big Lake and Speaker of the House, and State Rep. Pete Laney. Both expressed their comments over the success of the show.

It is good to talk with men in Austin who are part of the legislative branch of government of our state. It is also interesting to share some experiences with men who are in the news at Austin.

It is time for the City of Lubbock to have someone or a department to determine when city officials, such as mayor or city councilman, should be present when there are special guests in our city.

Recently, Georgia State Senator Julian Bond was in Lubbock and there were no city officials present at his speaking engagement at Texas Tech to make him an honorary citizen. It would have made more sense if an elected official would have been there to make the presentation.

It's time for this kind of thing to be looked into by those in a position to deal with the situation. Special guests to our city, white or black, would have a better impression about Lubbock. Let's hope the city fathers look into this soon.

Would you believe that five more blacks have been elected to serve on the Democratic National Committee. This marks the second time, under Chairman Robert S. Strauss, that the party has added such a large number. It makes one wonder what is going to happen in 1976.

Those persons appointed to the Democratic National Committee were Hazel Dukes of New York City; Pearl

Carey of Seaside, California; Evelyn Richardson of Pittsburg, Penn.; Mayor Maynard Jackson of Atlanta, Georgia; and Anna Scott of Urbana, Illinois.

It's worth noting that there were no Texans appointed. That's really nothing to get upset about, because local blacks in the Democratic or Republican Parties are suffering from the same situation. Unless it's election time and there needs to be a "fly in the buttermilk" on the stage or platform.

Both parties, as well as independent efforts, had better take note to the black voter. On the other hand, black voters had better pay attention to what kind of involvement blacks are into in the various parties.

Would you believe that Dr. Heenan Johnson was approached after the 15th Annual Gridiron Show last Saturday and indirectly asked to get involved potentially. The conversation went like this: "Dr. Johnson, I want to be your campaign manager," said the prominent Lubbockite. It shocked Dr. Johnson, but it was a good shocking. Could it be that Dr. Johnson is thinking about getting involved in 1976. Could it be local politics?

As I See It, some person from the black community must get involved and win in 1976. Who will it be? Maybe, Dr. Johnson?

open heart operation. Then she turned around and posed as the heart patient and collected for paying her phony doctor bill. Finally, she submitted a bill for an additional \$16 a day as the heart patient's private nurse.

The investigators turned up similar schemes all across the country. But only one in 10 cheats is caught, they say. Congress is now being asked to provide more money for policing the Medicare and medicaid programs.

**Bilked Again?** The Federal energy Administration has ordered oil companies caught overcharging to roll back their prices and reimburse their customers.

But the question now arises whether the consumers will be bilked out of the reimbursements. Sources high in the Federal Energy Administration tell us that they're afraid the rebates will never reach the consumers. Here's why:

The oilmen overcharged the utility companies for fuel. The oilmen, therefore, must reimburse the utilities. The Federal Energy Administration does not have the power to force the utilities to pass the savings along to their customers.

When fuel costs went up, of course, the utilities always added the increases to their customers' fuel bills. But now that the overcharges will be paid back, the utilities are less anxious to share the rebates with their customers.

Our sources are worried that the utilities will find some excuse to pocket the reimbursements.

**Good Dope:** The CIA has been caught tapping telephones, opening mail and spying on American citizens in violation of the law. But behind the scenes, the agency is carrying on its intelligence activities as usual.

Each day, it produces the most accurate, best written intelligence reports available in Washington. The first thing President Ford does when he gets up each morning is read the CIA's intelligence summary. And CIA chief William Colby leads off each National Security Council meeting with an intelligence briefing.

The intelligence that comes out of the State and Defense Departments is usually slanted to support the policies that those departments advocate. CIA intelligence, on the other hand, is usually straight.

**Washington Whirl:** An April Fool's jokester telephoned federal energy czar Frank Zarb's office and asked him to call "Mr. Oily" at Atlantic-Richfield. A Zarb assistant dutifully returned the call....Exxon officials recently asked their rank and file employees to identify any politicians they knew personally. The relationships apparently will be exploited to gain entrance to the politicians' offices where energy policy can be discussed in private....Federal narcotics agents and administrators were forced to stand in a downtown Washington street for more than four hours a few days ago. The reason: a telephone bomb threat. The narcotics officials rushed out and called the local police and the FBI to comb the buildings....FAA officials recently flew to a ritzy resort in Georgia for a "convention." The resort is not especially known for its convention facilities but it did offer horseback riding, tennis, fishing, golf and biking.

## JACK ANDERSON'S WEEKLY SPECIAL

### HOUSE PROBE OF CIA FLOUNDERING

by Jack Anderson with Joe Spear

From United Feature Syndicate, Inc.

**Washington**—The House investigation of the Central Intelligence Agency is floundering.

Two months ago, Rep. Lucien Nedzi, D-Mich., was named chairman of a select committee that will probe the intelligence community. As the head of an Armed Services subcommittee which oversees the CIA, Nedzi had already gained some reputation as a toothless watchdog.

Now, critics say, he is living up to his reputation.

To this date, he has neither named a chief counsel for the special committee nor hired a staff. At first, say our sources, he wanted to transfer the staff chief of his regular subcommittee to the new panel. That suggestion, however, was dropped when it met with criticism from some of Nedzi's colleagues.

Since then, insiders say, Nedzi has been searching for a staff director who will not project a "prosecutorial image." He wants a man "in the mold" of John Doar, the lawyer who headed the staff of the House impeachment panel. Indeed, Nedzi has met with Doar to seek his recommendations.

So far, Nedzi's search has proven fruitless. Watergate prosecutor Richard Ben-Veniste, for example, turned down the job to pursue other "interests." Library of Congress official Lester Jayson has been asked, but he can't decide whether to accept. And two prominent Michigan jurists, Otis Smith and Ted Souris, have also rejected Nedzi's offers.

The special Senate committee, in contrast, is deep into its probe of the CIA.

**Medicare Fraud:** The Medicare and medicaid programs are being ripped off to the tune of \$3 billion a year.

Chiseling doctors, cheating patients and even the Mafia have been pocketing federal money intended for the poor and elderly sick. In all, congressional investigators estimate, about 10 per cent of Medicare and medicaid money is being paid out to flim-flam experts.

Disreputable doctors have been inflating their bills, the investigators found, to collect more from the government. In Chicago, the Mafia has apparently moved into an illegal bill-collection racket to exploit the welfare system. And, of course, patients can file false claims to collect Medicare money.

Perhaps the most incredible case is that of the "Welfare Queen" of Illinois. Investigators have found that she first posed as a surgeon and billed the state for performing an

## Police Beat

### Aggravated Assault

Terry C. Adams, 2107 East 30th Street, reported to Lubbock police that someone he knew shot him outside a local establishment one evening last week. The incident, according to the police blotter, happened outside the Checkerboard Lounge.

Adams told police that the shooting occurred over a pool game inside the club. He told police that he knew who shot him and would file charges this week.

It is believed that Adams was shot with a .22 or .25 caliber pistol.

### Threatened To Kill

A Lubbock woman told police that a man forced his way into her apartment one evening last week. She said the man used to go out with her several weeks ago. She went on to tell police that she and her husband were separated, but they are now back together.

"I told him I didn't want him and he keeps coming around to see me at my apartment," she said.

According to the police report, the man did drag her into the bedroom and told her that if she didn't leave her husband he would kill her.

She did, however, tell police that she would file charges. This is one of the several incidents she has had with the man since she has gone back to her husband.

### House Burglary

Neal Williams, 2623 East Bates Avenue, reported to Lubbock police that persons unknown broke into his house while he was away one night last week.

Williams reported that an \$80 radio was taken from the house. Entry was apparently gained by prying open the back door.

### Burglary of Insurance Co.

C.F. Cooke, manager of Atlanta Life Insurance Company of 504 East 23rd Street, reported to the Lubbock Police Department that persons broke into this business one night last week. Entry was apparently gained by prying open the doors to the establishment.

Once inside the building, the unknown person did pry open one of the file cabinets and removed a metal box. Taken from the box was approximately \$64.00 in cash and \$2.50 was taken from a desk drawer.

### Overdose

A woman told Lubbock police one day last week that she had taken an unknown quantity of Dalmane (30 mil.). She told police that she and her husband had been having fights and that he had been beating her up. Because of that, she took the overdose.

She decided to take the Dalmane because of what was happening to her.

If you really want to check it out, it is easy to say that love is a

### Struggs Attend Funeral of Relative

Mrs. L.C. Struggs received message last week that her first cousin, Mrs. Bernice Mark, passed away at Lufkin Memorial Hospital in Lufkin, Texas while attending a meeting there with her husband, Rev. J.B. Mark.

Mrs. Mark was stricken while seated at the piano in the church and was rushed to the hospital where she never regained consciousness.

She was the only daughter of the late Bishop Henry Porter, who was a retired principal of the Consolidated Public School system in her hometown of Chester, Texas, for thirty-three years.

Rev. Mark is the pastor of a church in Nacogdoches, Texas.

Services were held Wednesday in Nacogdoches. The E.C. Struggs left Tuesday.

Final rites were read last Friday afternoon, April 11, for Leo W. Sedberry, a longtime resident of Lubbock who died instantly, at Bethel A.M.E. Church with Rev. Don Coleman, pastor of Messiah Presbyterian Church, officiating and assisted by Rev. A.W. Wilson, pastor of Bethel, and Rev. Sam B. Laine, pastor of Westminister Presbyterian Church.

Burial was held in the City of Lubbock Cemetery with Franklin-Bartley Funeral Home handling arrangements. Leon Melton and other funeral directors of Lubbock and the South Plains assisted.

He was born at Meridian in Bosque County, and came to Lubbock as a youth with his parents in 1922. The Sedberry family is one of the pioneer families of Lubbock.

Mr. Sedberry was a member and ruling elder of Messiah Presbyterian Church and a representative of the area Presbyterian council. He was a member of the Masonic Lodge, American Legion Post No. 808, and Knights of Pythias. He was a veteran of World War II.

Mr. Sedberry collapsed at his home Sunday, April 6, while trying to get to bed after complaining with a back ache. His sister, Mrs. Maude Hamilton, was present and summoned an

Myers. The play will be presented at the Theatre Center on April 25, 26 and 27.

Coffee is furnished by the library and persons attending may bring sack lunches to eat during the program. The program concludes at 12:45 to allow persons who work time to return to their offices by 1:00 p.m.

## Ronald Knighten Wins Tennis Title

Ronald Knighten, the son of Mrs. J.E. Knighten, won the 3-AAA Tennis Title in the district playoffs by defeating David Walington of Snyder, 6-2, 3-6, 6-2. He was the only Lubbock netter to win a championship.

Ronald plans to play tennis for Prairie View in the fall, since he is a senior at Dunbar High School this year.

# Sports of The Times

by Joe Kelly

Low key is the only way you could describe the annual Red Raider Club all sports dinner and the talk by Steve Sloan. It was a complete success, though, in every sense of the word.

The new head coach was the main attraction and, partly because of curiosity and partly to show him that he had their support, a record throng was in evidence. Those who were there didn't go away disappointed.

Sloan may not have kept them spellbound by the heights of his oratory. Instead, he displayed a warmth of humor, empathy with the crowd and a recital of his coaching beliefs.

I liked what he said. There was nothing fancy about it, but the gist of his remarks was that education was the most important thing, a reason why any athlete should be in college. Along with that, development of self, someone who was well rounded.

\*\*\*\*\*

I have no bone to pick with anyone about the Coaches All America game that is coming up soon—less than two months away. It is valuable to Lubbock, the South Plains and West Texas and many worthwhile charitable causes are aided by the venture.

At the same time, no one has put cotton in my ears and I've heard what appear to be justified complaints. The complaints come from Lions Clubs of the region that sell tickets.

For instance, one Red Raider Club member, and a Lion, was in charge of his club's selling tickets. This area town man, which has supplied athletes to Tech, said that, insofar as he was concerned, no more. Someone else could have the job.

His reason? He was sent only tickets in the poorest seating and end zone. He pleaded with local (Lubbock) officials for better—and reserved seat—tickets, but was refused.

The particular Lions Club did a good job, sold its tickets and only wished that they could have had better seats to offer people who wanted them.

Then, about a week before the game, Lubbock called to say that they had several thousand good reserved seats and how many did his town want?

"Not many," was his reply. Then, he observed, it was obvious Lubbock was in trouble and wanted us to bail them out. I'm all for the game and the causes, he said, but if this is going to be a Lions Club effort, let's all share the same.

The businessman went on to say that his city was a strong supporter of Tech athletics, that fans went to football and basketball games, spent the night, often, and left a lot of money in the Hub City.

"I don't have to be a math wizard to figure out how much money is left in Lubbock by fans of this city," he stated. "We don't begrudge Lubbock the money, because we're Tech fans. But we do want to be treated fairly."

\*\*\*\*\*

Mike Wallace and Morley Saffer had quite an article Sunday on the Olympic committee and the frustration athletes feel due to treatment they receive.

Anyone with a memory recalls the criticism during the last Olympics. It's not new. The criticism has been growing for years. What probably brought it to a head more than anything is the fact that U.S. athletes did not fare well.

Selection of coaches is one area of dispute, and apparently justified.

The question is, are coaches chosen for their record, their ability, their ability to communicate with an extraneous group of athletes, or because "they're good old boys who have been active for a long time and this may be their last chance to coach an Olympic team?"

Is the hierarchy composed primarily of "Eastern Establishment" figures, who draw a lot of money, in salaries and/or expenses, for meeting and eating occasionally?

The powerful AAU has long sought domination of Olympic teams and, from personal experience, it has bent rules to cater to executives in authority.

No matter what it is, the situation needs to be studied, carefully, and some changes made before this nation sends another team to the Olympics. Another disaster like 1972 and we'll have government intervention, the last thing we need.

\*\*\*\*\*

Frank Robinson made his debut as a major league manager last week and it was, appropriately enough, a winning one. Unfortunately, through the first week, it was his lone victory.

There is no question that the eyes of baseball fans were on Cleveland, waiting and watching what the first black manager would do. On the basis of his first start, there was nothing wrong. All went well, but it's a long season. Robinson probably will do like any manager—as well as his material.

The no longer young West Texas-New Mexico Baseball Assn. is stirring again. Most of the time the association lies quiescent, until about the time for spring training. Then it comes to life.

The old timers are stirring again. A couple of meetings have been held already to plan events for this summer. Another meeting will be held this week. Out of it will come plans for a reunion here in July of all former WT-NM League players who want to attend. It's good to see these former players active and successful.

\*\*\*\*\*

**The Roundup**—Bishop Keeling, a good friend to Tech athletics ever since he was a student and his brother Ray a star tackle at Texas, is rustling the sheets in Cook Memorial Hospital. A note from his many friends would cheer him.....Congratulations to Gerald Myers and staff for picking up two outstanding basketball recruits. And they fill positions where help is needed.....Ran into former Raider Ken Kummer the other day. The former Gator Bowl member is general manager of Tri-Matic, Inc., in Brownfield, has been there 12 years.....Good to see Bob Blake at the Gridiron Club Show Saturday night. Bob used to be one of the big boxing backers here, but he, like many, is disenchanted with the way boxing has gone of late.....Seen on the wall of an NFIB member: "A chip on the shoulder indicates that there is more wood higher up!".....Peace.

### Triumph Baptist Church

**Slaton**—If you don't have a church home feel free to worship with us.

The Lord has blessed many of us to see another Sunday to get together to praise his name. There was a beautiful crowd at the 11 a.m. service. Devotion was led by Bro. Jefferson and Bro. Scott. The junior choir sang three songs, the youth choir followed with two numbers. The pastor called the altar prayer for anyone who desired prayer. The senior choir was responsible for the music of the hour. Rev. Brown delivered the morning message. His topic was "A Servant God Brags On", Job 1:8.

The pastor is asking the members and all of the choirs to go and be with Rev. Dunn and church of Lubbock Wednesday night, April 16. And Rev. C.C. People and church of the city on Thursday night, April 17.

The Usher Board is sponsoring a musical Sunday, April 20. The president, Sis. Franklin, is asking the members and many friends to attend.

Let us continue to pray for the sick and shut in. On our sick list is Sis. Lillian Marton, Sis. Gladys Thomas, Sis. Sally Gooden, Mother Lee Hurd of Denton, and Bro. L.E. Bailey is in the hospital in Big Spring.

The Triumph Baptist Church is located at 1255 E. Geneva, Slaton, Texas. Rev. M.A. Brown is pastor.

### Mt. Olive Baptist Church

**Snyder**—Sunday School was opened on time by Sis. Rose Walker. The Supt. took over. Sis. Bertha Willis, Sis. R. Walker gave the high points. The lesson was very good.

The morning service was enjoyable. The pastor's message was full of the spirit. Scripture reading was from the book of St.

Luke, chapter 15:1,3,5,6. Subject was "The Lost Sheep". Singing was good. Both choirs sang from their hearts. Sis. P. White assisted the junior choir and Sis. R. Lewis assisted the senior choir.

The afternoon program was sponsored by the Usher Board and was very uplifting. We had visiting with us Mrs. A.D. Burton from Alamogordo, New Mexico. From New Zion Baptist Church, the pastor is Rev. Hollis. Mrs. Burton is staying with the Tippens, 810 33rd St. She is Mrs. Tippens aunt. We want her to know that she is always welcome as is everyone.

Mount Gilead Baptist Church

"The Mount Gilead Baptist Church, the friendly church where the soul and spirit meet. The church where everybody is somebody. The church extends to members and public a cordial and clarion call to worship with us each week."

The Junior Ushers and its sponsors invited all the participants in their recent Easter program to fellowship with them in the fellowship hall this week. These young people did a splendid job and the Junior Ushers want to express their appreciation.

The Young Matrons of our church, known as the Rosa Henry Circle, surprised Mrs. Estelle Loggins with a baby shower last

Thursday evening in the fellowship hall. Mrs. Loggins is a teacher for the organization.

A lovable matron and well prepared, the organization wanted to do something for her. A delicious meal with punch was served. The entire Mission Society was also invited. This organization wants to thank everyone for helping in this lovely affair. We pray that Mrs. Loggins will be successful with her first child.

We are asking everyone to look forward for a coming event of the Rosa Circle which will be published in the West Texas Times.

Aside from the lovely food and lovely gifts. Mrs. Loggins received, Mrs. Henrietta Clark supervised the group with a game called "Scramble". It was enjoyed by all.

Mrs. Lillian Jones is president of the Rosa Circle.

Rising Star Baptist Church

Services were well attended last Sunday morning. The devotion services were led by Brother J. Morris. Our pastor, Rev. L.T. Ward, delivered a wonderful sermon. This message was enjoyed by all and the spirit was very high.

Let us continue to pray for the sick and shut in. On our sick list this week is Sister Jewel Henderson, the sister-in-law of Mrs. Opel Phillips. Mrs. Henderson is very ill. She is in the Colonial Nursing Home, West 19th street, Room 318. Please pray for her.

A garage sale, sponsored by Boy Scout Troop 139, will continue this Saturday, April 12, at 3308 East Baylor Avenue. The public is cordially invited to come by and share. You are also asked to donate any article that may be sold and purchased for something.

"Do you have a boy? If so, help us to help him. If not just help a boy who is trying to make his own niche in our world. He'll make you proud if you do, and we all will thank you very much.

### Annual Women's Day Scheduled

The Missionary Society of Lyons Chapel Baptist Church is having an Annual Woman's Day Program, Sunday, April 20th.

Promptly starting at 2:30 p.m. Mrs. Louise Perry will be the speaker for the afternoon session.

The theme will be "Christian Women Determined To Go Forward." Theme song is "I Have Come Thus Far by Faith."

Our goal being \$1,000 (one thousand dollars) for this day seems to be an amount of money to raise, but is really no problem when everyone works together, such as the women of Lyons Chapel.

"Old Ship of Zion" will be the special treat of the evening beginning at 7:30 p.m. A pageant presented by Mrs. O.D. Hollins and others is truly something to see, hear and enjoy for yourself.

Everyone is cordially invited to attend.

### Food Stamp Information Easily Available

All groups and interested individuals have easy access to information relating to the food stamp program.

According to Jerry Wallace, the supervisor of the local food stamp program, the State Department of Public Welfare is happy to make this information available and is looking forward to receiving requests for presentations in the local communities.

### Writing Their Wrongs

San Rafael, Calif.—Marin County Judge Gary Thomas has sentenced a few dozen petty offenders to write such things as "I will not steal," a thousand or more times on paper. The judge says that the writing punishment is as good a deterrent as any.
