# Fate Of Polio-Stricken Child Lies In Hands Of Specialists

NEW YORK, Aug. 5 (U.S.)—When your child gets polio—infantile paralysis—his fate passes out of your hands.

All you can do is to turn him over to specialists, doctors and nurses, and there are not many of these specialists in the entire United States.

That's where the dimes you and the children gave last winter come to your aid. They produced more than \$20 million now ready to do the incredible medical job of making this scarce aid ready everywhere.

Your community has a local chapter of the National Foundation for Infantile Paralysis, one of 2,800 in the United States.

Call the community or nearest national foundation office. They have plans ready. For those unable to pay the full expenses, the foundation expects to pay the balance. And this is a lot of money, about \$1,000 being an average expense for a single case. Some run far higher.

Local chapters of the foundation keep half of the March of Dimes funds collected, and most of this goes to pay patients' bills, the policy of the foundation is to pay all or part of the expense, depending upon each family's need for help. When local funds are exhausted, the national headquarters advances money to help meet the costs. Last year the foundation and its chapters spent \$17 million for patient care, including \$8,700,000 from the national headquarters.

Where cases are numerous, the

foundation maintains teams of expert doctors and nurses to go to that area and train nurses and medical doctors. These teams are top men in polio, in the leading medical institutions of the United States.

Some things which the experts will do can later be done at home by you. That will be in the cases where it takes years of training to learn to do.

Where children are unable to move a muscle, nurses or parents or apparatus built for the purpose does this exercise. Some day the weakened muscles get able to do some of their own work. Results sometimes look like miracles. The reasons are intricate, but there is little guess-work.

Bulbar polio, the kind that comes from damage to the "bulb" at the top of the spinal cord, has lost some of its death-dealing power. Bulbar kills in several ways. It may paralyze swallowing muscles, or breathing muscles or interfere with heart action. In the swallowing trouble, the child chokes to death. Opening the windpipe saves most of these, and that was discovered only two years ago. Iron lungs keep them alive in the breathing paralysis and pure oxygen helps tide over the heart crises.

The doctors say give the sufferer myofascia of prisol to relieve pain, but not because they think there is any curative effect. They use surgery to loosen muscles that insist on tying themselves into knots. They have tried new remedies like d-riavul and gureomycin. There are

swimming pools, rocking beds and other devices for mild exercises.

There are more than a score of medicines being used on animals, with hopeful effects, and 'no vaccines, again for animals. Whether any of these will work for human beings is unknown.

The best and only remedies go under the broad name of physical therapy, which means long, patient, understanding and affectionate care and painstaking direction in teaching stricken muscles to make a comeback.

## Wheat Price Rise Forecast

WASHINGTON, Aug. 5 (U.S.)—The Agriculture Department predicted today wheat prices will advance gradually after the summer peak in market movement.

The advance, the department said, should take prices to or slightly above the level at which the government is making price-supporting loans. That level averages about \$1.55 a bushel at the farm.

Prices of winter wheat now were said to be running around 20 cents a bushel below the loan rate. In the period of heavy market movement of winter wheat last month, prices dropped as much as 25 cents

a bushel below the support rate. The low point last year was about 19 cents under the loan.

The price of spring wheat, on the other hand, is still above loan rates for that class, largely because new crop supplies are not yet available in any quantity.

The department said U. S. wheat supplies for the 1949-50 season are now estimated at 1,482,000,000 bushels. Only in 1942 and 1943 were supplies significantly greater.

It said domestic use may total about 700 million bushels. That would leave 780 million available for export and reserves. It exports total 450 million bushels, the carry-over reserve on July 1, 1950, would be about 230 million compared with 280 million on July 1 this year.

Most of the inhabitants of Newfoundland live by fishing, forestry or mining.

## Barkley Rules Out Loans To Spain

WASHINGTON, Aug. 5 (U.S.)—Vice President Barkley today ruled \$30 million in loans to Spain out of the European Recovery program.

Barkley held that an amendment sponsored by Sen. McCarran (D-Nev.) violates Senate rules against writing new legislation into an appropriation bill.

Spain has not adhered to the basic requirements of the act, the vice president said, and to admit Spain into the program would be a violation of the terms of the act.

### SUNDAY SCHOOL LESSON

## 'It Is A Good Thing To Give Thanks Unto God'

Scriptures — Psalms 82:103; 126:1-5, 25, 26.

By NEWMAN CAMPBELL

This lesson is about thankfulness—more especially, praise to God for all His goodness to men.

It is good in these days, when our hearts are largely concentrated on the ills of the world, to remember our blessings and to give thanks for them.

This is a lesson which should be taught to children from the time they are able to say "thank-you," so that they may remember it all their lives.

Adults are not always gracious in their appreciation of what others do for them. We have all experienced ingratitude in those for whom we have done favors. Possibly we have not always shown those who have been good to us how much we value their kindness. We should be reminded of these remissions and correct them.

During the reigns of David and his son, Solomon, the Hebrew people enjoyed the highest peak of well-being. The nation was triumphant in battle—renowned for its feats of arms and for its prosperity and the wisdom of its kings.

David, when he was alone, pondered these things and burst forth into praise for all the goodness of Jehovah. He had been a humble shepherd lad. Now he was a powerful king reigning in splendor over a people who loved and admired him. Thus he bursts forth:

"It is a good thing to give thanks unto the Lord, and to sing praises unto Thy name, O most High."

"To shew forth Thy loving kindness in the morning, and Thy faithfulness every night."

"Upon an instrument of ten strings, and upon the psaltery; upon the harp, with a solemn sound."

"For Thou, Lord, hast made me glad through Thy work; I will triumph in the works of Thy hands."

"Oh Lord, how great are Thy works! and Thy thoughts are very deep. A brutish man knoweth not; neither doth a fool understand this."

The members of the Sunday school class might be asked to write down a list of their blessings. They probably would be surprised what a long list it would be. Surely we should take time not only to think of all the things for which we should be thankful, but to give praises and thanks for them.

The psalmist mentions every instrument of praise that a temple could furnish, and then adds the music of a thankful heart to them.

"Bless the Lord, O my soul; and all that is within me, bless His holy name."

"Bless the Lord, O my soul, and forget not all His benefits; Who forgiveth all thine iniquities; who healeth all thy diseases."

"Who redeemeth Thy life from destruction; who crowneth Thee with loving kindness and tender mercies."

"Who satisfieth Thy mouth with good things; so that Thy youth is renewed like the eagle's."

In spite of the horrible cruelties that have been practised on thousands of people in recent years, there are those who have escaped in miraculous ways and now are living happily—and we hope thankfully—renewing their lives in friendly lands.

We would like to quote all this great Psalm (103) but space forbids it. It can be read aloud in a short space of time, however.

The 126th Psalm "was known in the liturgical language of the Jews as the Great Hallel... At the laying of the foundation stone of the second temple it is recorded that the priests and Levites answered one another in giving thanks to Jehovah, saying, For He is good and His loving kindness endureth forever toward Israel."

"O give thanks unto the Lord; for He is good; for His mercy endureth forever."

"O give thanks unto the God of gods; for His mercy endureth forever."

"To Him that by wisdom made the heavens... To Him that stretched out the earth above the waters; To Him that made great lights: The sun to rule by day; the moon and stars to rule by night; for His mercy endureth forever."

## McCarthy Will Assist Drive

WACO, Aug. 5 (AP) — Baylor University's half-million dollar stadium fund drive was off to a roaring start today.

Houston Oilman Glenn McCarthy gave the 100 Waco businessmen working on the plan a boost yesterday.

"We in Houston will do our best to help underwrite these bonds, and I'll make a substantial part of them myself," he said.

The stadium would be financed through tax, license and stadium bonds.

The campaign was opened yesterday with McCarthy and State Atty. Gen. Price Daniel leading a parade. Then came a luncheon honoring the two—and McCarthy's encouragement.

Edwin H. Nash, general chairman of the Waco campaign, predicted the \$200,000 goal would be reached in a week.

A group of Houstonians have requested \$75,000 worth of seat options. Walter G. Lacy, Jr., general state chairman, said.

## Man Drowned When Entangled In Line

BEAUMONT, Aug. 5 (AP) — William Hudson, 30, was drowned near here late yesterday when he became entangled in his fishing line.

The sawmill worker dived in to loosen his snagged line and never came up.

When rescuers found the body, it was entangled in the line.

Climate and soil permit only a small amount of farming in New-land.

There were some things he wanted—and he needed money to buy them. What's wrong with that?

Nothing wrong with that. We all want many things that cost money. But most of us learned long ago the difference between earning and stealing. . .this boy hasn't! Oh, he may understand that difference in terms of *method*. But he doesn't understand it in terms of *moral principle*.

And even a prison sentence will probably not teach him the truth he could have learned as a child in the Church.

Wise parents, begin immediately to give your children the priceless gift of religious training in the Church!

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Edwards-Cathey Wedding Vows Are Read In Midland Thursday Evening

Elizabeth Edwards, daughter of Mrs. C. B. Edwards, and Chester C. Cathey were united in marriage at the First Methodist church parsonage in Midland Thursday evening.

The Rev. E. M. Hollowell, pastor, read the informal single ring service in the presence of intimate friends and immediate family members.

For her wedding, the bride chose a street length ensemble of sandal-wood crepe and brown accessories. The dress was fashioned with eowl neckline, fitted bodice

and straight skirt, featuring side drapes effect. A filigree clip caught the belt in front. She wore a small brown off-the-face hat. Her corsage was an orchid.

In carrying out the bridal tradition, she chose a handkerchief made by Mrs. W. K. Stelzer of Midland 30 years ago. This served as something old and borrowed. Something new was her wedding ensemble. She wore blue garters made by her mother, Mrs. Edwards, as something blue.

Mrs. Merrill Cathey attended her sister as matron of honor.

Mrs. Cavighan wore a brown tulle dress, designed with low neckline and small collar. The skirt was full and flaring. Her accessories were brown. She wore a corsage of pink carnations tied with a brown ribbon.

Harold Canning was best man. Mrs. C. B. Edwards, mother of the bride, was dressed in navy blue. Her corsage was of white carnations.

Immediately following the ceremony, a reception was held in the home of Mrs. E. M. Watkins in Midland. Those in the receiving line included the bride and bridegroom, the bride's mother, Mrs. Edwards, the hostess, Mrs. Watkins and members of the bridal party, Mrs. Cavighan and Harold Canning.

## INGRID BERGAN TO DIVORCE HER DOCTOR HUSBY, QUIT THE MOVIES

ROME, Aug. 5. (U)—Ingrid Bergman announced today she will divorce her husband, Dr. Peter Lindstrom. She also said she will quit the movies.

The beautiful Swedish star made the declaration in a deeply emotional statement issued to reporters by her personal representative, Joseph Steele.

Sources close to the actress reported she intends to marry Italian Director Roberto Rossellini after her divorce.

Miss Bergman's statement said: "It was my desire not to make any statement until the conclusion of the picture I am now making ('After the Storm')."

"But persistent malicious gossip, that has even reached the point where I am made to appear as a prisoner, has obliged me to break my silence and demonstrate my free will."

"I have instructed my lawyer to start divorce proceedings immediately. Also, with the conclusion of my present picture, it is my intention to retire into private life."

Miss Bergman expects to file her suit in either Italy or Sweden, according to Steele.

Rossellini, who is directing Miss Bergman's picture, was not available for comment. A member of his family said he could not be disturbed at the Ecclester.

In Hollywood, Dr. Lindstrom's publicity representative said the doctor had not heard directly from Ingrid and would not comment until she notified him personally of her action.

Steele told newsmen Miss Bergman intends to wind up her present film within the next month or so.

"She wants to lead a private life," he added. "She has yearned to get away from the bright glare of publicity. She has made her decision in good faith."

The star arrived in Rome yesterday from the seaside resort, Amalfi, and now is in seclusion with friends here.

Rossellini and Miss Bergman reached Amalfi Tuesday from Stromboli, volcanic isle where most of their movie has been filmed.

Steele said Miss Bergman probably will claim incompetibility in her suit and that she does not expect her husband to contest the divorce.

He declared that Miss Bergman will not seek exclusive custody of her 11-year-old daughter, Pia.

"That should be worked out satisfactorily later," he said.

Steele stated that Lindstrom was informed of the impending divorce on his recent flying trip from Hollywood to Sicily. He added that

Miss Bergman had contemplated divorce before she met Rossellini in Hollywood last year.

Rossellini has directed such smash hits as "Open City" and "Paisan." A family source said he had divorced Marcelle de Marchese several years ago in Budapest. The divorce was declared final in Italy only recently.

Lindstrom, his wife and Rossellini had a long conference in a Messian hotel last May. After the meeting Miss Bergman announced she would complete the current picture, then join her husband in either America or Sweden.

At that time she said she had issued a statement "for the protection of my family."

Miss Bergman was born in Sweden in 1917.

She and Rossellini frequently were linked in romance but neither of them confirmed the reports.

Last spring they formed a company and with RKO studio's financial backing, started work on "After the Storm."

For years, Miss Bergman and Lindstrom had been considered one of Hollywood's most happily married couples.

## Another Massive Corn Crop Seen

By WILLIAM FERRIS  
AP Staff

CHICAGO, Aug. 5. — In the Midwest, corn is busting out all over. Another national crop in excess of 3 billion bushels—the fourth in history—appears assured.

Some sections have poorer prospects than a year ago—notably the northeastern states. But the crop is in splendid condition in the main Midwest producing belt.

Latest estimates on the crop range from 3,500,000,000 bushels, made by C. M. Galvin of the grain firm of James E. Bennett and Co., to 3,750,000,000 bushels, made by H. J. Gramlich, general agricultural agent of the Chicago and North Western Railway.

Last year's record totaled 3,600,548,000 bushels.

This new crop will fall upon a left from previous years than ever before. On July 1 there were 1,230,444,000 bushels of old corn still on farms—three times as much as a year earlier. The new crop thus raises a big problem: Where to store it.

Corn must be stored if farms are to get a government price support loan.

## France May Be Penalized For Hitting Yanks

WASHINGTON, Aug. 5. (U)—The Senate threatened today to slap a multi-million dollar penalty on France for alleged mistreatment of 37 Americans in French Morocco.

A quarrel over the rights of Americans doing business in Morocco pushed aside any quick vote on the \$5,647,724,000 Foreign aid bill.

A majority of senators appeared in the mood late yesterday to penalize France for giving the Americans what was described as a rough deal in their efforts to do business.

The foreign aid measure carries an amendment which would deny the use of counterpart funds to any Marshall Plan nation violating an American treaty.

These funds—in the case of France—are francs put into a special account to match the dollar funds received from the Economic Co-operation Administration. The ECA has control over the funds.

The amendment was designed especially to try to end alleged discrimination against ex-soldiers who went into business in French Morocco after the war.

They report the French authorities use unfair methods to block their efforts to do business—and refuse to give them the rights enjoyed by French businesses.

Sen. Russell (D-Ga.) said ECA Chief Paul Hoffman had conceded Americans were being discriminated against but "there were only 37 involved."

"Something in that statement galled me," Russell said.

Police have sought a couple with whom he registered and have questioned and released a number of suspects.

Stebens is being held in Garden City, Kan., on a charge of murder in the death of John Walter Mooney near Garden City.

Potter County Deputy Sheriff Ed Watson has taken four witnesses from Texas and New Mexico to view Stebens, the sheriff's office said.

Speakers refused to say if any had identified the man in connection with Thornton's death.

## RIBBON RAMBLINGS

By Mildred Young

What does it take to make a good executive?

Some people seem to find no trouble at all when it comes to getting a well-paying, top-management position, but the most of us continue along day after day without seeming to make much progress.

A vocational expert has suggested several routes to top-management positions and how to hold one after you get there.

He says that a good executive, desiring to get things done through people, is interested not only in major problems of company policy, but also in the little things which are often the determining factor of good spirit in an organization. Many executives forestall abuse of any office privileges, such as coffee drinking or rest periods, by a policy of good example by the executive themselves. In other words, if the boss observes the rules their subordinates will do likewise.

Many successful executives adhere to the sound administrative principle of letting employees know the whys and wherefores of every company action that affects them.

A good executive never stops learning. This can be confined to reading or exchanging ideas with other executives at luncheons and clubs, or may even go to the point of actually returning to school. Several universities have special courses in advanced management, and one of the most unique is the one conducted at the Harvard School of Business Administration.

One of major secrets of being a good executive is "don't really do anything yourself, but get other people to do it."

A good executive knows how to listen. When faced with a problem he calls in subordinates and asks for opinions, and, what's more, he pays attention to them.

In closing his article, our expert quoted the Chinese philosopher, Lao-tze, who said:

"A leader is best when people barely know he exists.

Not so good, when people obey and acclaim him.

Worse when people despise him.

Fail to honor people, they fail to honor you."

But of a good leader, who talks when his work is done, his aim fulfilled.

They will all say, "We did it ourselves."

## South Favored In Win Game At Beaumont

BEAUMONT, Aug. 5 (AP) - A powerful South team - it averages 185 pounds - was favored today to beat the North in the fifteenth annual all-star football game of the Texas Coaching School.

Tutored by Don Faurot of Missouri, the South aggregation has a line averaging 200 pounds - some 12 pounds heavier per man than that coached by Carl Snavely of North Carolina. In the overall, the South averages 185 and the North 155.

The game tonight will be the climax of the Texas Coaching School. A capacity crowd of 10,000 is forecast.

The South, using the Split T formation, has its offense geared to the passing of Claud Kinemnon, the Waco all-star, and its running game built around the Big Tom Stohanske of Raytown and Lightning Fast Gahlan Dinkie of Marshall.

Anchoring the South line will be stout Bill Albery of Waco. Keyman in the North will be Bill George, the Arlington Heights (Fort Worth) great.

The North may be superior on the ground with its versatile T. Jones of Childress and Waldo Young of Monahan along with power men Darrow Hooper of North Side (Fort Worth) and Mal Fowler of Van.

Both squads have players on the injury list. Don Carpenter of Midland (Houston), a fine passer and punter, may not play for the South because of a leg hurt. Bob Rooker of Lubbock, an end, will be out of the North line-up because of a knee injury.

Bob Eitz of Cameron, Big South tackle, also is doubtful. He is nursing a head cut.

Aside from the weight advantage and what looks to be a superior passing attack, the South also is favored because it took to the T formation easily while the North, made up mostly of boys who have been playing under the T, has found it difficult to adjust itself to Snavely's single wing-back style.

Probable starting line-up (kick-off 8 p.m.):  
**NORTH**  
Teague, Texasiana, LE; Lizon, Wichita Falls, LT; Droad, Dallas, LG; Williams, Phillips, C; Thompson, Odessa, RG; Georges, Fort Worth, RT; Bell, Bowie, RE; Jones, Childress, QB; Daniels, Denison, LH; Young, Monahan, RH; Graves, Stephenville, FB.

**SOUTH**  
Sexton, Aldine, LE; Dixon, Ingleside, LT; Athey, Waco, LG; Reed, Fort Worth, C; Barrow, Temple, RG; Davis, Palestine, RT; Saxe, Beaumont, RE; Kincaannon, Waco, QB; Dinkie, Marshall, LH; Nagurski, New London, RH; Stohanske, Baytown, FB.

## Frank Perez Stops Odessa Oilers With Three Hits

### Lopez Drives In Two Runs

Francisco (Pancho) Perez showed a return to pitching form when he set the Odessa Oilers down with three hits in leading the Big Spring Broncs to a 3-1 triumph before a sparse turnout of 300 fans here Thursday night.

The tall right-hander, in fashioning his ninth win of the campaign compared to three reversals, lost his shinned in the ninth when Waco Willis Wynns crashed out a home run with one away. Wynns recently came here from Berge.

Outside of Wynns' blow, only Lou Palmer and Marshall Epperson touched Perez for safeties, both of them singles.

Epperson, a recruit for Denver City who now boasts a 9-3 record, gave the Oilers only eight hits but three of them were by the chief wrecker, Jorge Lopez. Lopez drove home what proved to be the winning runs in the eighth with a single that plated Felix Gomez and Ace Mendez.

Gomez and Mendez had walked after Perez had led off the mound with a single. Perez was out at home, trying to leg it in on a passed ball.

The Hooses picked up their first run in the fourth when Carlos Pascual led off with a double, went to third on Bill Murphy's error and dashed in on Bert Bass's fly.

Julio Ramos will probably see the slab for the Hooses in the second game of the series here tonight. Jess Grimes is lined up to hurl for Odessa.

Both squads are scheduled to meet again on Sunday at Odessa.

## Slumping Yanks Now Only 2 1-2 Games Ahead Of Cleveland Tribe

### By JACK HANB AP SPITS WRITER

Cleveland's flair for winning extra inning games may mean the difference in the American League pennant race.

While the leading New York Yankees have blown eight of 11 overtime decisions, the 1948 world champions have capped 12 of 13. As a result, the Indians today are only 2 1/2 games out of first place.

Not since mid-May have the Yanks faced such a direct threat as both Cleveland and Boston now present. The Red Sox, winning nine of 11 since returning to Fenway Park, now are only five games behind New York.

That old extra inning trouble faded the Yanks again yesterday when they lost to Detroit in 11 innings, 7-2. Pat Mullin, who murders New York pitching, broke up the game with his fourth single of the day, scoring Eddie Lake.

Yankees, who have lost only six while winning 13, suffered his latest setback by Detroit, a club he hasn't beaten.

Cleveland pulled another long game out of the fire, trimming Washington, 6-3, in 12 innings to take the first of their twilight-eight doubleheaders.

Gambling all the way, Manager Lou Boudreau used Bob Lemon, his pitching ace, in relief and Lemon picked up his 13th win on a three-run surge in the 12th. Then the Indians proceeded to humiliate the Senators, 14-1, for a clean sweep on Bobby Feller's six hits.

The slugging Boston Red Sox didn't have to go overtime, smothering the St. Louis Browns, 12-0 with 14 hits. Don Dillinger, still on a consecutive game hitting spree that has reached 11 contests, took over the league hitting lead at 347 with two hits.

Both the St. Louis Cardinals and Brooklyn Dodgers went on double-figure hitting sprees to keep step in the National League race where the Cards still hold a half game margin.

St. Louis routed Boston, 10-3, to make it three out of four over the defending champs. Ron Northey homered and Stan Musial and Ted Kaczmarek each had three hits in the 11-hit barrage.

## Ask To See The "Feature Lock" Diamond Rings AT NATHAN'S

Slider and Tommy Brown led Brooklyn's 14-hit attack in an 11-2 romp over Pittsburgh. Don Newcombe, although tagged for 11 hits, hung up win No. 16.

Chicago Johnny Schmitz ended two streaks, the New York Giants six-game winning string and the Cubs' eight-game losing slump, with a 7-0 shutout victory. Andy Pafko provided the lone run in the second inning with a homer off Larry Jensen.

Schmitz had a no-hitter going up to the eighth when Red Grooms, first man up, beat out a slow roller toward third. The Giants had three hits in all.

Cincinnati made it four in a row, a new high for the Reds, this season, by taking a pair from the ailing Phillies, 6-3 and 5-1.

Cincy knocked out Russ Meyer with a four-run blast in the first inning of the opener and continued to hang out 11 hits including homers by Danny Litwiler and Ted Kluszewski.

Johnny Vander Meer threw a five-hitter at the Phils in the second game, being his shutout on Del Rums' 14th homer in the ninth.

Home runs by Gil Hodges, Duke Snider and Tommy Brown led Brooklyn's 14-hit attack in an 11-2 romp over Pittsburgh.

## Tulsa Advances On Loop Lead

By The Associated Press  
The fourth-place Oklahoma City Indians defeated the first-place Fort Worth Cats last night 4-2 to allow the second-place Tulsa Oilers to climb to within two and a half games of the top in the Texas League.

Tulsa downed the third-place Dallas Eagles 11-4 to put the losers seven games from the top. Dallas now holds a game and a half margin over Oklahoma City.

The Shreveport Sports beat the San Antonio Missions 7-4. And Houston whitewashed the Beaumont Exporters 4-0.

Oklahoma City's Al Olsen scattered six Fort Worth hits to notch his fourth win of the year over the Cats.

Tulsa's Russell Burns hit two-run homers and Eddie Knoblauch smashed out two triples to pare the attack on five Dallas pitchers.

San Antonio's Don Leonard hit his 22nd homer of the year with a heavy blow in the seventh in the tie score against Shreveport. But Al Mann doubled in the eighth to score Andy Bush to give the Sports the verdict.

Jack Creel hurled four-hit ball for Houston.

## Bennett Plans For Matches

Dr. M. H. Bennett plans to leave for Colorado Springs, Colo., next week where he will play with the San Angelo team in a polo tournament there.

Other members of the quartet, which won the regional meet in San Antonio several months ago, are Marty and Joe Merritt, both of San Angelo, and John Mother of Morris.

The team will carry an 11-goal handicap onto the field.

**'GOP BEHIND EIGHT-BALL'**

**Dewey Urged To Make Senate Race**

NEW YORK, Aug. 5. (AP) — Rep. W. Kingsland Macy (R-NY) was reported today to have told Gov. Thomas E. Dewey he had "placed the Republican Party behind the eight-ball" in the U. S. Senate campaign in New York State.

The New York Herald Tribune said Macy—demanding that Dewey run for the Senate in November—told the governor in a letter:

"You have shaped things in such a manner as to make your own candidacy the only possible solution. Now it is up to you to make good."

The Herald Tribune said Macy, GOP leader of Suffolk County on Long Island, wrote the letter to Dewey under date of July 26 and sent copies to the other county party leaders.

Macy's letter, as quoted by the newspaper, said Dewey had "impeached the candidacy of your own appointee" to the Senate, Sen. John Foster Dulles, by saying Dulles would not run in the fall.

The letter, predicting Dewey could win, said, however:

"Even if doomed to defeat, you would have no moral right to run away from this nomination."

Dewey has said he will not be a candidate to fill out a little more than a year of the unexpired term of Robert F. Wagner, the aged and ailing Democratic Senate veteran who resigned recently. Dulles is filling the seat temporarily until the man elected in the fall takes over.

Paul Lockwood, Dewey's secretary, said here today that he himself had not seen the Macy letter and did not believe the governor had seen it. Lockwood noted that the governor had not been in Albany recently.

The letter from Macy, a former GOP state chairman, told Dewey that "the Republican Party has been very generous to you," and declared:

"You have accepted the titular leadership of the Republican Party; in fact, asserted it. You have set many policies, using your power in many instances to lead the party in the state of New York as well as the nation at large."

"Upon your own responsibility you selected John Foster Dulles to fill the vacancy arising from Sen. Wagner's recent resignation. When making this appointment you clearly stated that some one other than he should run this fall."

"You thus impeached the candidacy of your own appointee by indicating his lack of availability for the race. Your appointee has publicly subscribed to this decision. You alone can remedy this situation by becoming the candidate."

**Reds Threatened With Jail Terms**

NEW YORK, Aug. 5. (AP) — Jail terms have been threatened for defense witnesses at the Red conspiracy trial who get tight-lipped when quizzed on certain subjects.

Federal Judge Harold R. Medina says he has no alternative but to hold in contempt and send to jail witnesses who refuse to answer relevant questions.

So far in the seven-month-old trial, at least half a dozen witnesses have balked at giving certain information, especially the names of Communist Party associates in their home communities.

Most of the witnesses have claimed that giving the names would jeopardize the jobs of the persons whose names were sought.

Only one witness, John Gates, editor of the Communist Daily Worker and a defendant, has been punished for such refusal. He spent 30 days in jail.

But the judge admonished defense counsel yesterday:

"If a witness is directed by me to answer a question and refuses, I would have no alternative but to send that person to jail—as I did in the case of Mr. Gates—which is precisely what I will do if the occasion arises."

The judge said previous witnesses have "deliberately and in sequence refused to answer questions."

"It's a most extraordinary thing that both they and their counsel persistently pick the questions they will end and will not answer," he said.

The judge's remarks came on a day that saw a quickening in the tempo of the trial, in which 11 top Red leaders are accused of conspiring to advocate forcible overthrow of the government.

The speed-up pace resulted, at least partly, from new restrictions clamped by the judge on defense testimony, limiting it to material pertaining to the charge.

During the day, cross-examination of Mrs. Geraldine Lightfoot, a Chicago Negro Communist, was completed.

Another witness, Samuel J. Hall, Jr., a regional party organizer of Birmingham, Ala., was questioned by both the defense and the prosecution, and dismissed.

**Mrs. FDR Willing To Talk Over Issues With Cardinal Spellman**

HYDE PARK, N. Y., Aug. 5. (AP) — Mrs. Franklin D. Roosevelt says she is willing to meet with Cardinal Spellman to discuss their dispute over federal aid to parochial and other private schools.

Commenting on a statement by Mayor William O. Dwyer that he hoped the two could be brought together to reconcile their differences, Mrs. Roosevelt said last night:

"I have never said that I have any objection to talking with Cardinal Spellman about our differences. But it seems to me that it is up to him to propose such a meeting. I have always enjoyed talking with the Cardinal."

The Cardinal could not be reached in New York city for comment.

The dispute started when he accused Mrs. Roosevelt of "anti-Catholicism... unworthy of an American mother" in opposing federal aid to church-operated schools.

Mrs. Roosevelt later replied that she had no anti-Catholic feeling, but still contended public funds should not go to private or sectarian schools set up by various groups.

Meanwhile, Dr. John H. Norton, Columbia University professor and official of the National Education Assn., praised the mayor's peace-making efforts.

But he said the dispute is not "superficial or personal" and that if the reconciliation is "to be more than a sham" it should cover these points:

1. "The tactics of name-calling... should cease. Americans should not be called bigots, atheists or Communists merely because they differ with ecclesiastical officers as to the proper relation of church and state."
2. "The apparent feeling on the part of some high officers of the Roman Catholic Church that any disagreement with them is an attack on them and their religion should be revised. Free public discussion upon public issues is not an infringement of freedom of religion."
3. "The attacks on the institutions of public education—both open and covert—should cease. The great mass of American citizens believe in public education."
4. "There is need for clarification as to what the ultimate objective of the Roman Catholic hierarchy is as to the appropriation of public funds for denominational organizations."

**Hereford Ends Strike Attempt**

HEREFORD, Aug. 5. (AP) — The first strike attempted here since cowboys walked off their jobs in 1905 came to an abrupt halt Wednesday.

An angry group of 150 Hereford citizens, confronted an Amarillo labor union official who wanted to organize common laborers on the Hotel Jim Hill construction job here.

The group, which included stockholders of the four-story hotel, farmers, ranchers, businessmen and laborers, asked John H. Henzlee, business agent for Construction and General Labor Union, Local No. 688, to discontinue a picket line thrown up at the construction job.

Some six hours working time was lost on the hotel job when Henzlee posted a picket. Eight union steel workers refused to cross the line and the work was halted.

"This hotel is a community project, sponsored and being paid for by the people of Hereford," spokesmen for the citizens group told Henzlee. Henzlee agreed to leave with his pickets, after telling local laborers his only reason in coming was to secure them a union wage scale.

The controversy had been on for about a week. Dr. L. B. Barnes, president of the hotel corporation, said Henzlee's leaving involved no wage agreement but was an agreement that contractors on the job could use any common laborers they want to hire.

**Canadian Dam Bill Passed**

WASHINGTON, Aug. 4. (AP) — The House Thursday passed and sent to the Senate a bill by Rep. Worley (D-Tex.) to authorize an \$85,000,000 development on the Canadian river in West Texas.

The measure provides for construction of a \$27,000,000 reservoir near Sanford and a \$54,000,000 aqueduct to carry water to eleven cities and towns throughout the Panhandle and High Plains areas.

The House passed the measure by unanimous consent of all members.

Chairman Peterson (D-Fla.) of the House Public Lands committee explained briefly that 83 per cent of the government funds would be repaid within 30 years by water users.

**Benzedrine Is Replaced By New Nasal Inhaler**

PHILADELPHIA, Aug. 5. (AP) — Withdrawal of Benzedrine inhalers from the market and their replacement by a new nasal inhaler called by Smith, Kline and French (S.K. & F.) by Smith, Kline and French laboratories.

The pharmaceutical company said the new inhaler cannot be "misused" for stimulation purposes and gives relief to sufferers of head colds, hay fever and sinusitis.

The company announcement yesterday said Dr. Glenn E. Ulyot, head chemist of the firm, discovered "1-cyclohexyl-2-ethylamino-propane (benzedrex). It was described as capable of shrinking the nasal membranes as well as or better than benzedrine but does not stimulate the user."

Reports of misuse, particularly in penal institutions throughout the country, recently caused Rep. George Grant (D-Ala.) to submit a bill to Congress, the effect of which would be to require a physician's prescription in order to obtain a Benzedrine inhaler," the company said.
