AWAKE CITIZENS...

It is inconceivable that in this day and age of an enlightened and sophisticated society, that the ugly face of prejudice and discrimination has shown itself WITHIN OUR OWN RANKS.

For years, petty differences, jealousy, envy, indifference, and complacency has rendered our community to the position of a small boat upon a hostile sea. The leadership within the community has been un-

nited, uncooperative, and short visioned. It has been divided into so many cliques until those who were depending upon it for guidance, were in fact caught between Gibraltar and Charybdis.

In the process of breaking through into new areas, it is obvious that mistakes will be made and the general procedure will not follow the smooth pattern of those who have gone this way long before. It is regrettable that loyalty and support for a political candidate from our community is more enthusiastic from without than within. Many persons within the community have remained indifferent and complacent. We will be the first to admit that all candidates should stand on their own merits, but we do deplore the intervention of petty differences and personality clashes in such an important venture.

Within the past week another regrettable ex-

KING'S RELEASE CLAIMED BY MAYOR

The respect which integration leader Dr. Martin Luther King Jr., enjoys even in the South was emphasized last week when former Atlanta Mayor William Hartsfield declared at a meeting here that it was he and not the late President John F. Kennedy who had freed Dr. King from jail in 1960.

In his belated statement, Hartsfield said he wanted to correct the general belief that it was Mr. Kennedy who freed Dr. King from imprisonment for participating in a Civil Rights demonstration here just before the 1960 presidential election.

Some political observers have credited the freeing of King with swinging the election to Kennedy.

Hartsfield told the group of journalists last week that after King was jailed he had received many telegrams throughout the nation, urging that he be released. The ex-Mayor said he tried to reach Kennedy, who was at the

One Of Our New Churches

Here is another picture of our new churches several weeks before the completion of its construc-

tion. This church is located at 28th and Redbud. This is the St John Baptist Church, Rev. Toins,

Classes sponsored by the Citizen Registration League were given on last Thursday, Feb. 27th, at the Mt. Gilead Baptist Church. These classes were designed to instruct voters on how to mark a ballot correctly. About twenty-five people attended the first in a series of classes. The next instruction period will be March 12th at the St. Luke Baptist Church.

A mock election was held with old ballots of the 1962 election being used. The purpose was to find the most common errors in the marking of the ballots. The discussion then led to the mistakes made on the ballots. The most common one was the leaving of two or more names unscratched. Second was the drawing of lines through the person's name they did not want, but letting the line tread on to the name they wanted to vote for.

It was brought out that on all proposals for amendments one should read thoroughly the proposal before voting FOR or AGAINST it....

It was also brought up in a discussion that the best way to mark the ballot was by shading or drawing a single line through names not wanted and that the greatest number of errors occurred when the use of the (X) or cross was used.

The pleasures of the Lenten table are not restricted to those whose religion requires the observation, for Lenten fare are tempting dishes for everyone. And the simpler dishes are a pleasant change from the rich foods of the winter season. It's a good time, too, to balance the budget with low-cost menus, but not to the sacrifice of nutrition.

Canned salmon is one convenience food that combines all the elements of good nutrition with a delicate flavor that appeals to every palate. Try this delicious salmon macaroni loaf, which makes hearty servings for 8. It's good hot or cold.

SALMON MACARONI LOAF

1 cup elbow macaroni
3 cups milk
1/2 cup butter

1 1-pound can salmon
6 eggs, lightly beaten
1 4-ounce can pimiento, drained and chopped
2 tablespoons chopped onion
2 cups soft bread crumbs
2 teaspoons salt
Dash cayenne
1 cup grated American cheese

Cook macaroni in 6 cups boiling water for 10 minutes. Drain and rinse. In saucepan combine milk, butter, and liquid from can of salmon. Heat until hot and butter is melted. Stir into beaten eggs. Add pimiento, macaroni, onion, crumbs, salt, and cayenne. Flake and stir in salmon. Turn mixture into an oiled loaf pan, 11 1/2 x 4 1/2 x 2 1/4 inch, and sprinkle with cheese. Bake in a preheated 350° F. oven for 50 to 60 minutes. Serve hot or cold with favorite sauce, if desired.

Mrs. W. J. Sedberry, Girl Counselor at Dunbar High School; A. W. Lincoln, also an instructor at Dunbar; and Charles Brown, Principal of Ellal Elementary School, attended a special committee meeting at San Angelo, Texas on last Sat.

The West Texas District Association will co-

vene at San Angelo Friday March 6th. Mr. Lincoln a member of the panel will appear on the program. The subject of his address will be "The Problem of Drop Outs". Mrs. Sedberry is the Secretary-Treasurer of the Association.

They returned to Lubbock late Saturday evening.

Mr. Colvin was asked several questions. One was: What is the attitude of the people? He answered by saying, "In the beginning they knew nothing about the Urban Renewal; therefore there was a great deal of a mixed emotion, now they know more and see what it is to do. The people receives it better and are more content with the Urban Renewal progress".

Another question directed to Mr. Colvin was: What was the attitude of the children now that better homes are available? He stated, "Better housing conditions have reflected in the attitude of the children. It has made a great difference in the children. One of the factors is in the raising of the daily attendance in the schools. Ninety-five out of one hundred students are in school daily".

"What I feel now is needed would be some means by which they could live and maintain the better housing conditions. An educational program
