Are We Ready For Integration?

"Are we ready for integration?" This question has been brought up many times. It is not such a bad question after all. Daily we are seeing more and more of our responsible citizens answering the question without hesitation or fear of business or social reprisal. Probably years ago this question was an anathema to the ears of those who deemed themselves the Divinely appointed guardians of our social institution.

Today it is indeed gratifying to read and see responsible citizens in our local community answer this question over the radio, television, and in the newspaper without any fear.

No longer will the unpopular word "Segregation" linger in the minds of the Negro. It is falling in the classification of a "has been". Integration is our destination, and Segregation is merely a waystation.

You as a citizen in your community have the right to stand up for what you think is right. The more you analyze the following words Se-

gregation, Discrimination, and Integration, if you will accept them in that order, but there is an important phrase we must not forget, "Civil Rights". Each word and phrase has had their day in court.

On the local scene the question of integration is in our favor, but we must not neglect or misuse the opportunity. We must be able to conduct our selves to the highest degree of self control.

Thanks to many of our local citizens who are in sympathy at heart in making Lubbock a better place in which to live.

We tender our gratitude to Mayor Jack Strong, and the City Council for agreeing to set up an Inter-Racial Commission in our city. Let us work together with this commission. Remembering at all times together we live & divided we fall. With all of this in mind I am sure we can answer this important question without a doubt in our minds.

EXPRESS YOUR OPINION NOW..

One prominent citizen in the city of Lubbock sent in a question to the editor of the Manhattan Heights Times and asked that it be passed on to the citizens of the city. The question is in regard to the disagreement of the Minister's Alliance

and the Reverend M. T. Reed.

It was stated by this individual that by observing the membership of the five largest Negro Churches in the city the

membership would not exceed 2,000. According to the Negro population this would not be one-tenth. Therefore, what voice does the Negro minister hold in his community? Are they really qualified for speaking or

representing the citizens of Lubbock?

As a reader of the Times, feel free to write in your answer to these questions. Maybe you would like to express your opinion to the editor on this and other questions.

CARD OF THANKS

for the next school term-summer jobs are wonderful. Some teen-agers manage to get jobs that will not interfere with their leisure time activities. Part time jobs can be educational, interesting, exciting and will help prepare some teen-agers for the future.

Some teen-agers may spend the summer making up a course he failed in school. Some will find a lot of enjoyment in reading. Reading can be very beneficial and exciting. It can be profitable to develop hobbies.

"JUST FOR TODAY"
 Just for today I will live one day only, forgetting yesterday and tomorrow, and not trying to solve the whole problem of life at once.
 Just for today I will be unafraid of life and of death; unafraid to enjoy the beautiful and to be happy. Lincoln said that people are as happy as they make up their minds to be.
 Just for today I will adjust myself to what is, and not try to make everything over to suit me. If I cannot have what I like I will try to like what I have.

Just for today I will be agreeable, cheerful, charitable, do my best, praise people for what they do, not criticize them for what they cannot do; and if I find fault, I will forgive it and forget it. I will not try to improve or regulate anybody except myself.

Just for today I will get people off my nerves and not get on theirs, I will appreciate them for what they do and what they are.

Just for today I will not show if my feelings are hurt.
