### Blacks in the News

#### YOUNG BLACKS CAN MAKE IT

Emmitt Hayes

There's no doubt about it, the city of Lubbock draws many outstanding Black brothers and sisters here each year. The caliber of these individuals are outstanding. Many of them stay a while and make outstanding contributions to our city. For this, the Black community and Lubbock is proud of their efforts.

Our 'Black in the News' this week is a young man who will fit in the category of offering something positive to our community. He is Emmitt Hayes, territory sales manager for General Foods Corporation, Maxwell House Division, a five plus billion dollar

company in sales. In this position, Hayes is the only Black in such position in this part of the country employed in this kind of a capacity.

Although he is headquartered in Lubbock, he supervises five people in the West Texas and New Mexico marketing area. He has been employed by Beech-Nut, Inc. for two and one half years prior to this opportunity.

Under his leadership, he is responsible for one five million dollars in sales annually.

In asking what he thought of the opportunities in West Texas and the Lubbock area, Hayes admits that he sees many opportunities. "Young

blacks must take advantage of those opportunities which are around them. Nobody is going to give you anything, you must get up and make something happen for yourself," he said.

A native of Memphis, Tennessee, he moved his wife, Mona, and children here several months ago. He is a graduate of Barrett's High School in Memphis. He has attended both Tennessee State University and the University of Tennessee. He graduated from the Mason School of Business.

"As blacks, we must arise to the occasion of opportunities in the economic area. Nobody is going to give you anything. It is our responsibility to prepare ourselves in order to compete in the market place," Hayes said.

"Nothing comes easy, but with a lot of hard work, sooner or later, something positive will happen," he said. A veteran of the U.S. Army where he served for three years, he advises young blacks to get involved with themselves and not fall for the games in life.

"They too, have opportunities, even here in Lubbock if they would only take advantage of them," concluded the young man from Tennessee.

Emmitt Hayes is a young man making things happen for a large corporation in our city. He is a Black in the News we should be proud.

### BLACKS SHOULD TURN REPUBLICAN

By JESSE JACKSON  
Los Angeles Times Syndicate

There is no better time than now, the season of hope and giving, for American blacks to decide to give themselves real clout and to come of age politically.

It is simple enough to do. First, the more than six million black men and women who do not vote must be registered. Second, those who are politically uncommitted, and as many as possible of the new black voters, must make themselves Republicans.

Yes, Republicans. The reason for taking both steps is the same: political power is cut into two parties and blacks cut themselves out of their full share of power as long as they only vote for one party, or don't vote at all.

If the nation's unregistered blacks in 1976 had voted Republican, Jimmy Carter might still be in Plains, Ga.

When there are significant numbers of blacks in both parties, presidential candidates will have to keep the promises they make or lose votes that make the difference between victory and defeat.

If you really wonder whether black votes can make a difference then you have forgotten how Jimmy Carter managed to slip past Gerald Ford in 1976.

Blacks--voters and nonvoters alike--worry too much about the costs of being Republicans. They worry about the stigma of it. They consider Republicans too conservative, too racist and more worried about inflation and interest

rates than jobs and broken lives.

And there is no doubt about it, today's GOP flies on its right wing most of the time--but then they've never had to answer to millions of black allies before.

As for the pain of sharing the same party with racists and hardcore right-wingers, blacks and whites alike know full well that the number of right-wing racists standing under the Democratic Party's umbrella probably is more than the total membership of the Republican Party, which, incidentally, includes the only black in the U.S. Senate, Edward W. Brooke of Massachusetts.

Even in Democratic strongholds like Chicago and in some key states, blacks have discovered it really doesn't hurt to pull the voting-machine lever beside a Republican candidate's name. Rebellious blacks that the Democrats took for granted have been the difference when favored but racist Democratic candidates were dumped and surprised Republicans elected.

Democratic strategists everywhere are beginning to sense how fragile their grip on black voters is becoming. They know the moment of truth may be only a realization away.

They are beginning to

One blazing hot summer in 1877, about twenty-one soldiers of the 10th Cavalry, in hot pursuit of Indians, were camped at Double Lakes near present-day Tahoka, Texas. For several days, the troopers had been experiencing difficulty in obtaining water on the arid West Texas Plains. Finally, in an act of desperation, after three and one-half days without water, the troopers were forced to drink the blood and urine of their horses to survive.

Eight young men of the Roots Committee, an historical society comprised of black citizens of the city of Lubbock, plan to don calvary uniforms, mount and relive that ill-fated July of 1877, where the troopers were without water. The men will reenact as closely as possible, what historians have dubbed, "The Lost Nigger Expedition of 1877."

The reenactment is scheduled to leave before sunrise, July 28. This expedition would take place at a point in time when the city of Lubbock is trying to establish itself as a cultural and historical center in the state.

The director of the Roots Committee, Eric Strong, said many black people in the West Texas area feel that this is not the place for black persons to be. "We have a lot of history, just as much history as a lot of other people in this area," said Strong. "We're just trying to draw attention to what we have."

Right after the Civil War, the United States began to recruit blacks into its Army. People protested. They said blacks would turn and run when faced with danger. They said it was too soon after Slavery to give blacks guns. Some said, no, they just wouldn't serve in the same Army with blacks.

These black men became the 9th, 10th, 24th, and 25th regiments of the United States Army. They chased cattle rustlers, horse thieves, and especially Indians throughout the American West. They even got into it a time or two with the Texas Rangers.

In their time, there were no better fighting men in the world. Their attitude is reflected in the motto of the ninth; "we can and we will." They were called all sorts of names--Niggers, Darkies, Ju Ju's, Moacs, and Brunetts by various groups. The Indians

# "THIS 'N THAT" — ABOUT — People Places Things

"THIS 'N THAT" would like to welcome all the delegates here in town for the Convocation of the Church of God in Christ, with Bishop J.E. Alexander as presiding bishop. It is good to see all these brothers and sisters in town and making a positive contribution. After knowing of the leadership of Bishop Alexander, a great deal will come from this convocation. We wish them well

and hope there will be a great deal accomplished here during the week. It will also be a great pleasure to see Black people, in large numbers, at the Lubbock Memorial Civic Center, the site of this summer convocation.

We hope many of our out-of-town guest will inquire about the "Lubbock Digest" while they are here.

Speaking of other

meetings coming here shortly, there are two others during the first week of August. New Hope Baptist Church will host the 75th Annual West Texas Session Association. During the same week, Bethel African Methodist Episcopal Church will host the Annual Conference with Bishop John Hurst Adams presiding. These meetings are on tap August 7 through 11. Rev. A.L. Dunn and Rev. A.W. Wilson are host pastors. We wish these fine

people much success. More will be said about these meetings in the near future.

Another meeting will take place the week following these two. Rev. Kado Lang, pastor of the St. James Baptist Church, as host minister. At first, his meeting was scheduled for the same as New Hope and Bethel, but he, with kindness, moved his meeting up a week. This is concern for your fellow ministers. This is also love for your Black brothers and sisters.

With all these sessions taking place in our community, it should let us know that Black people have money to spend. It's something for all of us to start thinking about. We need to utilize our

economic clout when we decide on major issues in our community.

For your information, the Children's Theatre will be entertaining with a short play or two on Friday. The public is invited to come out and encourage these young people on Friday, July 28, at Wagner Park. Remember it is free to all.

Ms. Ruby Jay is enjoying her twin sister, Ms. Ruthy Oliver, and daughter, James Booker, this week. They are residents of Morgan, Texas. Ms. Jay hasn't been feeling too well this week.

Mr. and Mrs. E.C. Parker of Houston, Texas is house guest of her sister, Mrs. Harvey Demerson, this week. She is having a good time in the "Hub City."

Mary Mitchell is home from Disneyland. She reports a wonderful time on the West Coast seeing the various sights.

Mr. Jessie Hemanas is improving nicely. He is still a patient at Methodist Hospital. He is in room 569.

Mrs. Vassie Ball and family are enjoying her sister from Mineral Wells, Texas this week.

Mr. and Mrs. John Hunter were in Lubbock last weekend. They were here to attend the birthday party of their son, Timothy, who was seven years of age Sunday. The Hunters are residing in Odessa, Texas.

Mrs. Lillis Curry of 1015 South New Mexico Street has just returned from a vacation in Houston, Texas where she met her youngest son, Donald Ray Johnson, who is a drummer with the internationally known group, "The Taste of Honey." The group was in concert in the "Big H" along with the Commodores, another group who is also rocking the "Hit Charts." Ms. Curry and close friends of the family attended the

dubbed them "Buffalo Soldiers." Among the Indians, the buffalo was held in high esteem. It was a sacred animal. The Buffalo Soldiers were feared and respected by Indians wherever they went. The men accepted the title and wore it with pride.

That July of 1877, Captain Nicholas Noland and about 20 10th Cavalry soldiers were camped at Double Lakes Noland, their white commander, sent his guide out 15 miles to Dry Lake to see if the guide could find any fresh signs of Indians or if he could locate a source of water. For seven days, Noland and his black troopers had been experiencing difficulty obtaining water on the West Texas Plains. The guide returned and informed the group that he had seen forty Indians.

The group saddled up and at 3 o'clock that afternoon and took out in hot pursuit of the Indians. When they reached Dry Lake, the water was too acidic to drink. They found the Indian's trail and followed expecting to find water in the fifteen miles ahead. The guide was wrong. They made a dry camp.

The next day the temperature was one a hundred. It was their second day without water. They headed back toward Double Lakes 55 miles away. Their throats were so dry they could not dissolve sugar or swallow bread. After 3 and one-half days without water, they were forced to drink the blood and urine of their horses to survive. They finally reached Double Lakes and found life-giving water.

established in Lubbock by Gene Haines.

According to Haines, president, BRIC brings the consumer and the seller together without wasting energy.

BRIC works when a consumer calls the consumer hotline, 745-2260, asks where a certain product is located, or how much it will cost. The person at BRIC will go through files and either give the reply at that time or find the product and give the consumer a call back.

Haines said he has received calls for all types of things, hired help, real estate, skunks, water-melons and alligators.

"Oh, we get some crank calls," Haines said, "but we've helped a number of businesses already."

Haines added that there doesn't seem to be any method to what the consumers ask for.

BRIC operates on a volume principle. Twenty three businesses in Lubbock advertise with BRIC at 49¢ per day.

About 40 calls are received each day from all sorts of people, Haines said. The hotline is open at no charge until 10 p.m.

BRIC once received a call for a skunk and a crow. Finally, the workers found a crow for sale in Lleveland. Haines said he thought the call might be a prank, but after further investigation, it turned out that the animal was a gag gift for a retiring colonel.

Haines said he got the idea for the unique service when he was going to school in New York and wanted to find a hot dog cart so he could make some extra cash.

Eventually, he found a cart in Ohio, but only after searching without any help.

Haines said he hopes to extend his services to the rest of Texas. Already, he has his office in Seminole as well as Lubbock and is working into the Midland-Odessa area.

"I feel justified in doing this," Haines said. "All I ask is that people use us."

Besides locating elephants and crows, the service will also locate the nearest movies and the latest sports equipment.

By the way, there are 13 places within the southern United States where you can purchase an elephant.

**Police Happenings**

**ASSAULT  
JEANETTA LUCILLE BRANDON**

1220 18th Street, had a problem one day last week. The nineteen year old sister stopped a police car in the 1400 block of Ave. E. She was bleeding in the back of the head when police saw her. She told police that she was arguing with a man when he grabbed a wooden broom handle and started to hit her. She told the man that if he hit her, he would pour a hot cup of coffee on him.

This apparently made the man angry, so he brought the broom handle back, as if the strike the young lady, and she poured the coffee on him and ran. She didn't get too far, according to the police report, because the man caught her in the front yard and hit her with the broom handle. This blow knocked her down.

When she got up, she got a piece of glass and cut the man on the finger. Then she ran pass some empty buildings where she got a brick to defend her from the man. She

had also attempted to get the man's father to help her, but he refused to do so.

Police found her with the brick in her hand. She was taken to West Texas Hospital for treatment. She didn't say if she would file charges this week.

**HOUSE BURGLARY  
LARRY JAMES CARSON**, 1515 East 28th Street, 5, reported to Lubbock police that someone unknown took advantage of him one day last week. You see, this brother's house was broken into by breaking of a lasp on the front door to gain entry.

Once inside, the unknown persons took a color television set, a portable turntable, a bed, and a vacuum cleaner.

These items were valued at about \$250.

Exit was apparently by the same door.

You know, when people start stealing your bed, then we had better be careful on how we secure our properties.

**HUSBAND ASSAULTS WIFE**

A young Lubbock woman, who resides in East Lubbock, reported to Lubbock police that she had been beaten at her residence by her husband one day last week.

It appears, according to the police report, as though she was beaten real bad. The young woman did spit up blood and was having severe pains internally.

It is believed that the woman was beaten because her husband had gotten drunk and wanted something to do.

The lady was advised that she could file charges this week in the Criminal District Attorney's Office.

Surely, Black brothers can find something better to do aside from beating up on our sisters when we become drunk with wine, whiskey or beer. Beating up on our sisters (or wives) doesn't mean we are big men. This brother should be filed on by this sister. We hope she will do just that!

**BURGLARY OF VEHICLE  
ROBERT L. RAY**, 1806 East 25th Street,

reported to Lubbock police that persons unknown had pried open his pick up truck one night last week while he was attending church services at the Ford Memorial Church of God in Christ, East 16th Street and Quirt Ave.

The unknown burglar took approximately \$300 worth of tools. These tools included carpenter and mechanic ones. Most of them were hand tools. It appears as though a working man can't go to church and worship without wondering, if someone will rip you off.

**ATTEMPTED BURGLARY  
WALTER W. SMITH**, 1738 East Darmouth Ave., was a very unhappy

young man when he arrived home from a trip one day last week.

He noticed that someone unknown had broken his bedroom window, and evidently tried to gain entry.

After cutting the

screen, the burglary was unable to remove the bars which were on the

window. There was approximately \$40 worth of damage done to the residence.

There's no future in

### NOW IS THE TIME FOR ALL GOOD MEN AND WOMEN TO COME TO THE AID

BY TONY DAVIS

No, this is not a practice phrase for the typewriter as once we thought of it...but rather a CALL TO ARMS...MENTAL ARMS AND ACTION because a good offense is the best defense...according to the best of generals.....!!!

The passage of the BAKKE THING and the PROPOSITION 13 RIPPLE effect on many state's action...is ample reason and proof to this writer that we need to get set for a FIGHT...like Now. No compromises, no long periods before anything takes effect, no 'half a loaf'...no time for something that ever QUITE HAPPENS NO JIVE AGENCIES... no more reams of paper work...no STUDIES that lead to nothing...ACTION NOW...no preventative action but AGGRESSION OF THE HIGHEST ORDER...OF THE STRONGEST KIND...LIKE A CLOSE ENCOUNTER OF THE FIRST KIND...

Taking WHATEVER STEPS to assure that nary a single GAIN is lost...from CITY AND COUNTY COURTHOUSE TO THE WHITE HOUSE...to the STREETS ...to THEIR STREETS...to their BUSINESS SECTIONS...to their AREAS...AND INTO THEIR SACRED HALLS...if there are any...

BLACKS AND ALL MINORITIES must make sure that nothing happens to TAKE AWAY A SINGLE GAIN...sunny...they took just months to find that REVERSE DISCRIMINATION is wrong...took them YEARS TO FIND OUT THAT DISCRIMINATION was also wrong.

If, the BAKKE HAPPENING was an evil and corrected THAT FAST...WHAT THE HELL TAKES SO LONG TO CORRECT THE EVILS THAT HAVE BEFALLEN US...and why did those that have been corrected take so long to correct...

Now, we shall have to watch to make sure that men and women of evil intent DO NOT GET THEIR WAY IN ANYTHING without their ALSO GETTING HURT...BUT BAD...no matter their position or turned collar...or color...nuf sed!

## BLACK EVENTS QUIZ

(This quiz is designed to accompany History-Making Black happenings. It can be used for classroom discussion or to help you focus your own thinking on current issues.)

1) As the "one man-one vote" majority rule principle seems to be approaching some semblance of a reality in Zimbabwe, open warfare between black factions also seems certain. What new ingredients do you feel are necessary for peace and justice without bloodshed in Zimbabwe? (You might send your ideas directly to Ambassador Andrew Young, United Nations Plaza, New York, N.Y. 10017.)

2) In any possible major armed conflict in central Africa, do you feel that Cuba and Russia will cooperate with the United States or

serve as adversaries. There are good reasons for either position as of the present moment. What do you feel will be the outcome and why?

3) The possible division of the Department of Health, Education and Welfare has major consequences for black people. What do you feel should be done? (You may write directly to Congressman August Hawkins at the Congressional Office Bldg., Washington, D.C. or to Congressman Parren Mitchell at the same address. Your views may be very important in this controversy.)

4) What do you feel may be the long and short term effects of Minister Louis Farrakan's final split with Wallace Muhammad? Are moves like this generally helpful or damaging, as you see it?

### PARENTS AND OUR SCHOOLS

Almost a dozen years ago, I wrote a chapter in my book *Black Power and Urban Unrest* specifically concerning some of the mounting problems in our schools. The chapter was appropriately entitled "The American Education Battleground." Our schools throughout our cities and suburbs remain battlegrounds today. Regardless of the often muted and possibly "face saving" statistics, upheavals have probably increased in almost all of our schools. Most significantly, however, the battles have changed from those over theoretical approaches to education to physical battles and encounters between pupils and teachers.

The problem pointed to here is a tremendously serious one; and far too often at the center of the problem we find not so much attitudes originating within the school but problems originating in the home.

I spoke recently with a long time secretary of a suburban school board who told me of some of his personal experiences and woes in this regard. The most alarming—and immediately relevant—incidents which he related involved hearings held concerning alleged student in-

fractions in which parents, teachers and school board officials were present.

The school board secretary said that time and again students would freely admit to having engaged in wrongdoing. Whereupon one or both parents would rise to their feet and threaten their child for lying! It was not to be publicly admitted by the parent or parents that their child could ever do wrong.

Some might call such behavior parental "permissiveness." But it is doubtless much more—and worse—than that. Such behavior comes through to many in our society as nothing short of being criminal.

Our teachers and our school boards and administrators may be rightly accused of many things. If I were to add to the long list of accusations, I might facetiously charge our school personnel with an utter failure to instill a due sense of responsibility into the parents of the children whom they teach.

We complain of indications that our young people are failing national standardized tests more frequently than in the past partly because of "insufficient homework." But the teach-

ers complain—and most probably with some good cause—that it is the parents who must supervise the homework; and the homework simply is not done.

Time was, and in the not-too-distant past, when relatively poorly educated parents not only saw to it that their children studied for a proper amount of time at home but also actually helped them with problems which they encountered.

Complaints that teachers were using some "new methods" were not always relevant in those days because often the parents had been exposed to practically no method at all. It is fair to say at this point, however, that there has been an admittedly undue amount of experimentation in some of our schools. School officials have been known to advise parents specifically not to help their children, since such help might simply confuse them.

Fortunately, the period of most of those experiences is behind us. But the fact remains that far too many parents simply could not care less if their children did their homework or not. Even worse, there has been a growing trend toward parental over-protection and over-

indulgence both in and out of school.

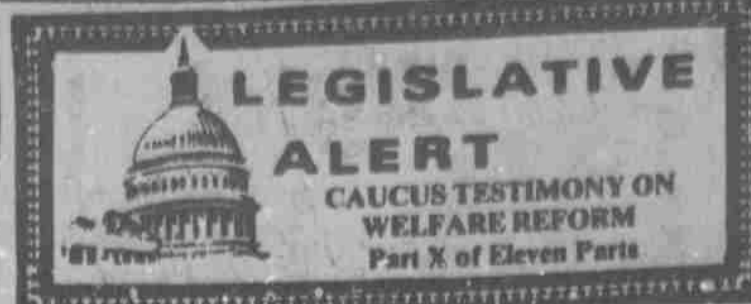

What is said here calls for a far higher priority on our scale of community-wide

concerns. If our children can do damage, in any way, to property or to persons or to a misuse of valuable time paid for by our beleaguered taxpayers, and go away scot-free, then perhaps our parents should pay in some appropriate and telling way.

Some say that if laws were passed affording discretion for a parent, who is clearly over-protective, to pay for

the misdeeds of one's children, doubtless far different parental attitudes would be developed. I seriously doubt that such is the proper route to go. But the hard and serious fact of our times remains that "the crime of over-protectiveness" on the part of parents has increased. It has compounded the problems of both our schools and our communities as a whole.

Not only our schools but also our larger communities have become a fresh kind of battleground in which we are all victimized and besieged by offensive irresponsibility originating in many of our homes.

(This series is designed to share the fullest views of the Congressional Black Caucus on the President's comprehensive welfare reform proposals. We trust that our readers will make concrete suggestions to the Caucus as to how Welfare may be truly reformed or, if feasible, effectively abolished in a "guaranteed work opportunity society.")

The Congressional Black Caucus is particularly concerned about the plight of the single-parent family, most of which are female-headed. The proposal fails to recognize the social value of raising children. Yet raising children is hard, and important, work. By classifying most single-parent families as "not expected to work," the Administration is saying that child rearing is not an activity which is as important as work in the labor force. The Administration's proposal indicates this most clearly by the very low grant levels of assistance. An individual, for example, would get only \$4,200 a year, or \$350 a month. This is 35 percent below the poverty level. Thus, unless these families have outside income, or live in a state which provides substantial supplements, they are permanently relegated to poverty. Further, there must be a permanent cost-of-living adjustment provision built into the cash assistance section.

For those single-parent families who are expected to work, there are no support services provided for child care or after school activities.

The proposal requires single parents with children from 7 to 13 to work part-time during school hours, for example, but does nothing to facilitate moving these parents into full-time work. Programs that will provide adequate training—especially in non-traditional areas—are simply not there.

You may write to your Congressmen and Senators at Congressional Office Building, Washington, D.C. 20515 or Senate Office Building, Washington, D.C. 20510. Please congratulate them for their important work and let them know where Black America stands on crucial issues.

## HISTORY-MAKING BLACK HAPPENINGS:

(For your continuing calendar of major black events. Please cut out this column and keep it in your own notebook. Please mark the date of each entry.)

On The International Scene...

Tanzania — In what some political observers felt to be a "last ditch" effort on the part of Great Britain and the United States to bring all contending parties into negotiations regarding the future of Zimbabwe, Tanzania hosted a series of meetings toward effecting a unified transitional posture toward black majority rule.

The core of the problem has been said to be that any modification in an approach to majority rule would effectively nullify the already existent coalition of blacks and whites put together by former Prime Minister Ian Smith. Smith, true to "divide and conquer" techniques of colonial domination, brought together a "united front" omitting the most militant of the Zimbabwe black majority forces. This latter move has been seen by Ambassador Andrew Young and others as almost guaranteeing civil war.

Factionalism and bloodshed among blacks has been seen as having the almost certain effect of keeping the white minority in a position of strategic dominance. The major question before the world powers remains that of just how long Mr. Smith may continue to play trump cards in a black and white power game which has immense importance for the future of African political stability and the credibility of the United States and Great Britain in black world affairs.

Ethiopia — With the "final" admission that the Russian military advisors and Cuban military technicians have almost "saturated" Black Africa, at least in terms of being placed in most of the strategic military posts of the Sub-Saharan Continent, the United States and Great Britain may be said to have lost out in seeking to force these communist allies of black Africa to downgrade their influence. Aiding or complicating the picture has been France which has courted the friendship, sought the continued economic gains from and promised and delivered on increased military assistance of some of its former colonies.

Africa thus seems destined to join South America, Asia, the Middle East and Central Europe as a weapons arsenal. If political solutions to African affairs are not worked out amicably and in a reasonable time span, Africa might well explode into a bon fire forecasting new balances in world power relationships.

America's best trump card, in the minds of many, is cool headed and plain spoken U.N. Ambassador Andrew Young who has stated repeatedly that the U.S. might do more to redeem its world moral authority in Africa than on any other place on the globe.

On The National Scene... Washington, D.C. — President Carter's plans to create a separate department of education have met not altogether unexpected opposition from the Roman Catholic hierarchy. The Roman Catholic Bishops fear that a separate Department of Education will make it more difficult to fund non-public education.

Further, a growing number of bishops, along with leaders of varying shades of political opinion, are of the conviction that welfare should be abolished in favor of guaranteed opportunity. Rough statistics indicate that 51 percent of those on welfare are white; and that 47 percent of those on welfare are black.

Atlanta, Georgia — Representatives of the major black religious groups in higher education met recently to map strategies for blacks to begin to take the reins of the religious leadership in America. "White religion is said to bless things as they are," said one conference leader. "Our purpose is to make this world a place of peace, prosperity, plenty and justice for all."

Chicago, Illinois — In what came more as an unseemly delay than as a surprise, black Liam's brilliant and outspoken, Louis Farrakan broke an unexpectedly long period of silence (or of patient waiting) and announced an open breach with Minister Wallace Muhammad's apparent forsaking of his father's tenets.

### THE ELEMENTS How They Relate To The Signs Of The Zodiac

(Continued from last week.)

**TAURUS, The Fixed Earth Sign Of Spring**  
Last week we discussed Capricorn, one of three Earth signs. This week we will discuss Taurus, an Earth sign of "Fixed" temperament (firm) and the other three fixed signs, which are of different elements and will be dealt with in a later column.

All of the fixed signs have deep determination in terms of dealing with life's obstacles and represent nature's deepest concentration within each season. Where the Cardinal signs use a driving force to achieve their ends, the Fixed signs use the inner force of tenacity. Each, as with the Cardinal, uses a different method as designated by nature. Of the three Fixed signs, Taurus is the firmest, being of the Earth element, and Taurians move slowly, but in the end they move with the decisiveness of a rising Sun.

Those born with the Sun in Taurus, April 20-May 20, have the greatest vision of the material world known to mankind. They have often been described as the salt of the Earth... and as salt is necessary to enhance flavor of food, the Taurian Fixed Earth element is constant and steady to the world of realism. Taurians are equipped to stand up to life's challenges and work with unwavering determination to surmount any and all their problems.

Of course these fine attributes represent the evolved of this sign. When negative influences are present in the character, the unwavering determination turns into a diabolical stubbornness that can reach the point of self-destruction. One of the greatest examples of Taurian strength is ex-heavyweight

boxing champion Joe Louis who stood up to every obstacle life could offer and who once made an ideal Taurian statement that can serve as an example to many of us: "You can run, but you can't hide."

### ROMANCE AND SOCIAL ACTIVITY

**ARIES — March 21-April 19** Expect your social life to improve during this period after a rather slow start early this summer. For those interested, fortunate influences prevail for forming lasting friendships. This is also a good time to think of marriage for those with someone in mind. Saturn in your romance sector offers a chance to clinch the deal... and what Saturn gives it does not take away. It is possible that this will be one of the best romantic periods of your life.

**TAURUS — April 20-May 20** You are in control of your life in the romance depart-

ment as in other areas this month. Stability and harmony are the key words to describe your love life now. Involvement with another may build towards the fulfillment of a dream you've had for some time. Ride your time and this dream may become a reality as Saturnian rays in this sector of your chart promise a harvest of steady admirers. You are in the midst of whirlwind changes in social and family affairs during this period.

**GEMINI — May 21-June 21** You may be tempted to look for love relationships someplace other than on the home base during this period. Romantic escapades, lost weekends and secret rendezvous may be all a part of the scheme of your romantic life now as Jupiter and Pluto bump their heads together in your romantic sector and you attract a batch of new admirers. Try not to let this trend produce bitterness with steady relationships or cause

you to neglect family and work.

**CANCER — June 22-July 22** Love usually tends to be an all-or-nothing relationship with you; a difficult dream to realize in this age of openness and freedom. So it is surprising that a temporary attraction outside of home might tempt you during this period. As you seem to attract an odd assortment of admirers of late, romantic opportunities are all around you now. Singles of your sign could be suddenly swept off their feet.

Take every opportunity to expand your horizons through travel and social activity; you may be kept busy receiving and entertaining visitors.  
**LEO — July 23-August 22** You can find romance and affection with that special someone now as romance beckons and it may be hard for you not to heed its call. This is an especially good period of Leo's to enjoy amorous adventure, enter-

tainment and travel as your disposition becomes sunnier while the Sun is transiting your sign until August 22. You feel free now from the restrictions of Saturn since it moved from your sign into Virgo July 26. And with Jupiter in your personality sector, there is no limit to the new excitement in your life now.  
**VIRGO — August 23-September 22** There are hints of sparkling romantic overtures for you during this period as social occasions and new and interesting relationships open up to you. Plenty of action July through September relating

to travel and entertainment. Love can be found in the most unexpected places. During this period you can bask in the social spotlight; so polish up your appearance even if Saturn, which is now in your sign, has put a damper on your spirits.  
**LIBRA — September 23-October 23** You should sparkle in the social department now as Jupiter throws her benevolent rays your way enhancing your chances at meeting new and exciting prospects for romance. To begin with, the Sun shining in your sector of

Dedicated to Freedom, Justice and Equality

As PUBLISHERS of this weekly newspaper, we owe to YOU, the reading public, to be factual and fair. You may be critical of some things that are written, but at least you will have the satisfaction of knowing they are truthful and to the point.

People will react to that which is precise, and we will publish these articles as precisely and factually as is humanly possible; and we will also give credit and respect to those who are doing good things for the Lubbock Area and the people. We will be critical of those who are not doing as they have said they would do. And this we think is fair.

So this is our resolution to you: Feel free at any time to call this office for information concerning this newspaper or any other matter that is of concern to you.

This isn't a propaganda sheet made to chastise or vilify. This is a newspaper made to educate and not to agitate.

### Committed To Christian Growth

Acts 20:17-21

17 And from Miletus he sent to Ephesus and called to him the elders of the church.  
18 And when they came to him, he said to them: "You yourselves know how I lived among you all the time from the first day that I set foot in Asia,  
19 serving the Lord with all humility and with tears and with trials which befell me through the plots of the Jews;  
20 how I did not shrink from declaring to you anything that was profitable, and teaching you in public and from house to house,  
21 testifying both Jews and to Greeks of repentance to God and of faith in our Lord Jesus Christ.

Acts 25-28

25 And now, behold, I know that all you among whom I have gone about preaching the kingdom will see my face no more.  
26 Therefore I testify to you this day that I am innocent of the blood of all of you,  
27 for I did not shrink from declaring to you the whole counsel of God.  
28 Take heed to yourselves and to all the flock, in which the Holy Spirit has made you guardians, to feed the church of the Lord which he obtained with his own blood.

Acts 32-38

32 And now I commend you to God and to the word of his

grace, which is able to build you up and to give you the inheritance among all those who are sanctified.  
33 I coveted no one's silver or gold or apparel.  
34 You yourselves know that these hands ministered to my necessities, and to those who were with me.  
35 In all things I have shown you that by so toiling one must help the weak, remembering the words of the Lord Jesus, how he said, 'It is more blessed to give than to receive.'  
36 And when he had spoken thus, he knelt down and prayed with them all.  
37 And they all wept and embraced Paul and kissed him,  
38 sorrowing most of all because of the word he had spoken, that they should see his face no more. And they brought him to the ship.

### BETHEL A.M.E.

Services were well attended last Sunday morning with our assistant pastor, Rev. Jack Robinson, delivering the morning message. He talked about the difference between "Religion and Religious."

Senior Choir Number Two, under the direction of Mrs. Bobbie Patterson, was responsible for the music of the hour.

Our pastor, Rev. A.W. Wilson, was present and walked to the pulpit where he made observations of the church. He continued to encourage the membership to keep on doing a splendid job for Bethel.

Plans are still being made for the upcoming Annual Conference which will convene at our church for the Northwest Texas District August 8 through 11. The Rt. Reverend John Hurst Adams is Presiding

Bishop. Rooms for our delegates are still being requested. If you would like to keep a delegate, please advise either Mrs. Ruby Donaldson, Charles Terrell or T.J. Patterson.

Women of the church are asked to bake deserts, cakes or pies, for the meals during the conference. If there are ladies who would like to do so, then contact Mrs. A.W. Wilson by Sunday.

Among our visitors last Sunday morning were Mr. and Mrs. Emmitt Hayes and family. The Hayes have just moved to our city from Mississippi.

Let us continue to pray for and visit our sick and shut in members of the church and community. Those on the sick list include Mrs. Doris Dickens, a patient at Highland Hospital, Room 141; J.L. Wilson, who was able to attend church services last Sunday, and Sam Crawford.

Senior Choir Number Two participated in the monthly meeting of the Federation of Choirs last Sunday afternoon at Mount Gilead Baptist Church. St. James Baptist was host.

Our pastor and wife's 26th anniversary will be observed on the first Sunday of August. There are four captains coordinating this effort. They are Mary Jordan, Mary McGraw, Rose Wilson, and Richard Rollison. Let us do our part for our pastor and wife.

Members of the church were urged to write letters to the mayor and city council members concerning the upcoming budget cuts. Let us all write letters and let our elected officials know our feelings about the transit program in our city. Let them know that Black people contribute a great deal to this system and it is needed badly here.

The 'Ma Jones' Missionary Society meets each Monday evening at the church at 5:30 p.m.

Let us all come out and take a part in this weekly inspirational meeting.

Youth Choir Number One meets at the church each Tuesday evening at 7 p.m. All young people interested in singing in the choir are asked to come out and join up with us.

Prayer meeting is held each Wednesday evening at 7 p.m. This is a needed service for all of us.

Senior Choir Number Two practices each Thursday evening at 8 p.m. in the church auditorium.

Senior Choir Number One practices each Wednesday evening in the home of Mrs. L.C. Struggs.

**MOUNT VERNON UNITED METHODIST**

Services were well attended last Sunday morning with our pastor, Rev. Nathaniel Johnson, delivering the morning message.

Church School begins

each Sunday morning at 9:30 a.m. You are invited to attend.

Prayer meeting is held each Wednesday evening beginning at 5:30 p.m.

The choir meets at the church each Wednesday evening at 6:30 p.m. All members are requested to attend.

Inform your neighbors that the children, from age 3 to 7 years, may be left at the church while mothers go shopping. Please remember the Mother's day out program is held every Saturday from 1:30 p.m. to 5:30 p.m.

If you have an announcement that you would like to have appear in the weekly bulletin, we would be happy to include it. Just call us at 744-0777 no later than Thursday of each week.

Let us remember our sick and shut in members of the church and community.

**20TH & BIRCH ST. CHURCH OF CHRIST**

We had a good time

last Sunday. Our congregation hosted the monthly area fellowship. It was also the beginning of a week of gospel meetings which are being conducted this week by Brother Winter I. Johnson of Wichita Falls, Texas. These services will continue through Friday of this week. We had a wonderful time having lunch together.

We are always glad to have our many visitors with us each Sunday. We sincerely hope each of you enjoyed your visit. Among those visiting with us recently were Gwendolyn Baker of Sherman, Texas, Debbie Baker and Janie Baker, also of Sherman; Jim Johnson, and Ralph Jennings, both of Lubbock. Do come and be with us again.

Let us continue to pray for and visit our sick and shut in members and friends of the community. Among those on the sick list is Sister Betty Marie Jackson who was admitted to Methodist hospital. She was scheduled for surgery

this week. She is in room 668.

**"Fellowship"**

The night is dark and growing darker. This is why you must not go alone. This is why you have a need to stand together, to pray together, to encourage each other and to be in communication with those like-minded. You need to be in contact with as many as possible of these, My 'peculiar people.' Think not that you are overextending yourself. You have not even begun to enter into what I have for you by way of associations and Holy Spirit fellowship. Move, and I will order your steps as you go, and I will give you a rich ministry. Progress of another Pilgrim.

### Lyons Chapel Baptist

We felt very proud and pleased to have as our guest speaker the Honorable Virgil Watson, Mayor of Arkansas, City, Kansas, to deliver the message on Sunday morning. We found Rev. His lovely companion, Ms. Cecilia Watson, also was one of our guest.

Michael D. McGraw, son of Mrs. Mary McGraw of 1833 East Brown Avenue, became Lubbock's first Black Emergency Medical Technician last Thursday evening.

### POSTMASTER REED OFFERS ADVICE

Making arrangements for holding or forwarding mail prior to leaving home for vacations can save customers a lot of misery and inconvenience, Postmaster Elmer J. Reed, Jr. said.

"An overflowing mailbox can be an open invitation to burglars," Reed said. "Letting mail or newspapers pile up is advertising the fact that the house or apartment will be empty and unguarded."

Householders should ask a friend or neighbor to check their mailbox daily and to hold their mail until vacation's over. Or, if they prefer, they can ask the Post Office to hold their mail for up to 30 days, or to forward it to the vacation address.

The postmaster offered these additional tips for taking some of the worry out of vacation planning:

Vacationers should buy enough stamps for scenic postcards and other correspondence before they leave.

ally-pitched arguments with overly-emotional people during this period.

CAPRICORN — December 22-January 19

This may be one of the happiest periods of your life,

friendships during July and August gives stimulus to your present circle of friends and to your chances for new associations through business or professional contacts. You may find yourself caught up in a whirlwind of social activity now that can only improve your status.

SCORPIO — October 24-November 22

You seem to have a special glow about you now. Your famous mysterious magnetism is stronger than ever. Romance is likely to come through group activity, as you devote your time to community social activity during this period. The strong power of Uranus in your personality sector will definitely attract new people into your life who respond with romantic readiness. There may be some challenges to be met where marriage partners are concerned.

SAGITTARIUS — November 23-December 21

Neptune continues to cast her illusive spell over your Sun sign and you will be the attraction for many through a busy social season. Mars is urging you to get out and meet new people. You have excellent chances for new social contacts through business associates. Your social calendar will be filled during July. Try to avoid emotion-

romance wise. Jupiter in your sector of partnerships promises supreme harmony in personal relationships. Marriage is in the air for many of your sign. The al-

feel the power of a hard truth that blacks must grasp: party isn't the issue for blacks. Being black, that is the bottom line.

What keeps blacks from their full share of American political life is race, not party. Blacks don't own the Democratic Party, it owns them. The Democratic Party doesn't protect blacks, blacks protect it.

This is not a call to turn on the Democratic Party. Black voters who have made a commitment to the party need to keep working for it and for themselves. The changes and power they have already won are impressive.

All Americans owe the Democrats much for the measure of social justice we have won so far. But don't forget that we've won because we made our votes count, and Republicans know how to count, too.

Those blacks who merely vote to be voting and those who don't vote to be voting and those who don't vote at all can make their votes count more than once if they consider adding their strength to the Republican's thin ranks.

Ronald Reagan doesn't speak for most Americans. The only reason he seems to speak for so many Republicans is that there are so few of them. You can change that.

ready wed are also in the good book of destiny with much harmony between you. Venus in your friendship sector now through the end of the year invites you to socialize with new associations and stimulating encounters. All in all, this should be a beautifully cooperative and together period.

AQUARIUS — January 20, February 18

This may be a mixed-up romantic time for you water-bearers, but when isn't it for those of your sign? Jupiter on your ride in this sector for most of this cycle is

profligate pursuit of romantic pleasures. A word of caution: keep your cool in July and August when your inherent independence may clash with your wifely or husband-

ly duty. A point in your favor is Jupiter's fine aspect to your social zone. Friends and influential contacts help further social status. Include your spouse in your activities.

PISCES — February 19-March 20

With parties, dates and other social occasions on your calendar during this period, there is no doubt that you will become involved in romantic affairs. Jupiter in Cancer, your sector of speculation and romance, indicates that much of your romantic activity will involve old or former flames. Your love-life takes off in earnest during this exciting period. Whether the relationships are new or re-established, they will include greater understanding which will be rewarding.
