### Public Service Open House Today

HARRY VOGT

Southwestern Public Service Company is inviting all their customers and friends in the Earth Springlake area to attend an open house program which is being planned for Friday, April 1. The newly opened office is located in the Messer Building, just south of the city hall in Earth.

Company officials state that there is to be no formal program but they promise refreshments and favors to every member of the family who visits their open house program anytime between the hours of 9: a.m. and 5:00 p.m.

The complete bookkeeping office was established in Earth in order to keep pace with the rapidly expanding use of electrical service in the Earth and Springlake area according to Howard Horne, district manager for the company in Littlefield. Horne says that the number of electric service customers has increased by 138 per cent in the past ten years from 284 in 1945 to 675 at the present time.

Local personnel in charge of the new Public Service office are Harry Vogt, serviceman-manager and Mrs. Clyde F. Knight, cashier-bookkeeper.

Vogt has been employed by the Southwestern Public Service company for the past six years. He moved to his present position from Clovis in August of 1954. Vogt is married and has two children, Daniel John and Patricia Ann.

Mrs. Knight was employed in February to fill the newly created position of cashier-bookkeeper. She is a native of this area, where she was graduated from Muleshoe High School and attended Texas Technological College. Mrs. Knight received special training in company accounting procedure at the division office of Southwestern Public Service in Plainview prior to the actual opening of the new accounting office late in February.

There will be no change in the company accounting procedure except that more complete records will be kept in the local office. Office hours are to be from 9:00 a.m. to 5:00 p.m. Monday through Friday and 9:00 a.m. to 1:00 p.m. on Saturday.

Earnestine Gary, home service advisor for the Clovis area will assist with the open house program. In addition to assisting with the refreshments, Miss Gary will be available to answer questions on the use and care of electric home appliances, prior to her employment by Southwestern Public Service, the home economist taught vocational home-making and was for many years County Home Demonstration Agent in Swisher County. Other company officials who will be on hand for the program include Max Houk, local manager for the company in Olton and Earth, and Howard Horne, district manager from Littlefield.

This is a part of the group that attended the Lions Club Ladies Night Tuesday night.

VOLUME NO. 1

NOSIN'...  
WITH POLLY

This is a Texas "duster". Many folks tell different stories about how they feel about a dust storm. (Me I just cry.)

LOOKED out the windows all wondered where all this was coming from, and since I was in both Kansas and Texas I just wondered if some "stomping ground" was passing by today.

ALL heard the old expression covered a lot of ground (when someone had really worked). Well today with this I feel like a lot of ground has covered me.

VOTE SATURDAY—

Texas has dust, it also has with "it" - I - G hearts the state of Texas. Cause I've had a sick boy all Earth people have all in t-shirts, because they tried to do so much for us. OUR little gal with a nose (she), worked extra Thursday to help us get the paper for boy Rod got excused school as we were behind Phil was sick. Inez gathered Wednesday morning here at house by telephone to stay little man while I went Meadows called to offer her school and Springlake. Mrs. used to work in a printing shop, and Mrs. Garretson on the job almost perfect since Phil has a high fever had him to a doctor in Littlefield, and tonight I feel Nancy has helped him. So if I have been a little envious all you people who have never here now all I can say is NONE HAS MIGHTY GOOD LIVES LIVING IN EARTH.

VOTE TUESDAY—

dropped in to see the Bill in their new store building, some were moving shelves, others painting and in between, taking time to welcome customers and take care of needs. (They looked so busy, I had been a good painter, mover or good at fixing dishes, I would have been tempted to join in), cause the Pope's even got rested up from going into their new house.

VOTE SATURDAY—

at the Earth News, hate to "Bud" Irvine, Minister of the Church of Christ leave for four weeks in Oregon and California. I imagine the kids he's been going to start a ball team, hate to see him leave lots worse than (I know), I think he is to be depended on helping the town's entertain themselves in this beautiful American way.

VOTE TUESDAY—

Scout leaders are putting in 803 plea, for more help from parents. Scouts and Brownies say they need more adult leaders. (That more girls are coming to join but they don't have enough adult help to accept members.)

I think the plea boils down to this, To ask ourselves this question, "what can I do to help?" It's join hands with the present leaders and help push this fine organization.

VOTE SATURDAY—

Mr. Eldon Parish had a recent reminder of the old saying "a friend in need is a friend indeed" with this old saying, "a friend in time saves nine," and she's sure she has two real friends who are ready to act on an AS call from a friend.

VOTE TUESDAY—

Mr. and Mrs. Jess Gooche visited the Woodroe Shipleys in Littlefield, Sunday.

PL—  
Mrs. Walter Harrison and Jerry Muleshoe visited her parents, and Mrs. Joe Simpson Thursday.

# Reclining Chair Gives Comfort to Homemaker

BY EDNA MILLS

THE relieving of tension is a problem handled in various ways by people caught up in the complexities of modern living. There are the outdoor sports types, the massage enthusiasts, the lovers of classical music, the believers in the calmap.

Whatever the method, the fact remains that more and more people recognize tension as a factor in their everyday lives, and are trying to do something about it. Generally, the homemaker is supposed to have the softest spot.

She is, after all, her own boss. She makes her own hours. Actually, she's at the beck and call of everyone in the family, from the baby on up. It's true, too, that she hasn't any hours. They stretch from early morning to late evening.

That's why it's essential for the housewife to relax a bit every day. A reclining chair will turn the trick because it eases tension at five points of strain: Shoulders, back, hips, knees and ankles. Then, too, it relaxes all muscles of the body.

This homemaker is really sitting pretty. Reclining chair which is designed to ease strain at five key points helps to relieve tension. Chair modeled in simulated leather (plastic) that's stain resistant, easy to clean.

## Bible Comment

### Easter Has Special Meaning In the Soul

EASTER in the soul may often be something different—something more—than Easter in the churches.

On Easter Sunday many churches that ordinarily have a single service conduct two services to accommodate the crowds. The following Sunday, the crowds may be even less than usual.

What lies back of this discrepancy? Is the abnormally large church attendance at Easter a recognition of the Resurrection of Jesus and a rejoicing in the supreme event? Or is it a matter of custom?

The name "Easter" has its origin in a pagan festival of Spring. Is the joy of Easter, for many, little more than a pagan bow, decked in spring bonnets, to spring after the grimness of winter?

Even for many of the sincerely religious there is a difference between the celebration of the Resurrection of Jesus as a far-off event in history, significant as that may be, and the celebration and recognition of the fact of an ever-present and living Christ.

If Easter were truly in the souls of the many for whom church-going on Easter Sunday is a formal matter, one cannot but reflect that their lives would be different in relation to the church, the Christ, and their fellow men throughout the year.

Everything we celebrate in connection with the life, death and Resurrection of Jesus is not to be limited to one day or season, but should be extended to every day and every season.

This is true of the Resurrection. Its vital message is not only that Jesus rose from death, but it is also, in the words and promise of Jesus: "Lo, I am with you always."

## Let Us Reason Together

By W. E. IRVINE

### WHAT DAY?

...times, and years, I am afraid of you, lest I have bestowed upon you Gal. 4:10, 11.

Especially this time of the year it is important for us to study the Bible relative to "days" and celebration of them. Only one day is mentioned in the New Testament after the ascension of Christ, and the establishment of the system of Christianity, as being of special significance to the Christian.

The New Testament is silent in regards to many of the religious holidays of today, such as: easter (as is celebrated), Lent, Palm Sunday etc. But what is the day that is of special significance to the Christian?

"And upon the FIRST DAY of the week, when the disciples came together to break bread, Paul preached unto them, ready to depart on the morrow: At 20:7. Here we have early Christian and Apostolic authority and example of meeting on the first day of the week to break bread. In 1 Cor. 11th chapter Paul gives admonition to the Corinthian church regarding the Lord's supper. He tells them to "come together" to commemorate the Lord's death till He comes again.

Some ask, "Is this to be EVERY FIRST DAY of the week? The Bible says the Christians met on THE FIRST DAY of the week. If THE FIRST DAY of the week does not mean every, how many does it mean, and which FIRST DAY of the week does it refer to? I pay my car payment the first day of the month. Do you understand me to say I pay it every first day of the month? Of course you do. So does the FIRST DAY of the week mean EVERY, till HE comes again.

Christ's death is the only event that is to be commemorated in a special way. All the events of Christ, His birth, resurrection etc., are to be remembered constantly, not just once a year. His death is to be commemorated "upon the first day of the week," by the partaking of the Lord's supper. Let us do away with the observance of "days and months" not in the New Testament.

### GOLDEN-CRUST OVEN-FRIED CHICKEN

For one of the tastiest and most easily digested fried chicken dinners you can prepare, try this recipe for "fried" chicken that actually is baked. The pieces of chicken are coated for frying, but instead of being placed in deep fat, they are dipped in margarine and baked in the oven.

(5-6 Servings)  
1 3-pound frying chicken, cut up  
1 cup sifted flour  
1 teaspoon salt  
1/4 teaspoon pepper  
1/2 to 3/4 cup margarine

Mix flour, salt, and pepper. Roll pieces of chicken in flour mixture. Melt margarine in saucepan. Dip pieces of floured chicken in margarine, coating all sides. Lay chicken in single layer in baking pan 1 1/2 to 2 inches deep. Bake uncovered in moderate oven (375° F.) 45 minutes to 1 hour, until meat can be pierced easily with fork but not until meat falls from bones. Spoon or brush melted margarine over chicken 3 or 4 times during cooking. When chicken is done, remove from pan to hot platter. Keep hot while making gravy. Measure 6 tablespoons of the margarine from the baking pans into saucepan and add 6 tablespoons flour. Stir until smooth. Gradually add 3 cups milk, stirring constantly. Season to taste with salt and pepper.

For other tasty and nutritious kitchen-tested recipes, write the National Cotton Council, P. O. Box 76, Memphis, Tenn., for your free copy of "Make It With Margarine," an attractive new booklet in two colors.

**"MY ELECTRIC CLOTHES DRYER IRONED OUT MY IRONING PROBLEMS!"**

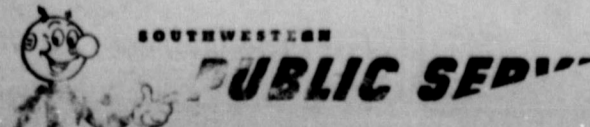

says Mrs. C. T. Shropshire,  
 4503 West Third, Amarillo, Texas

"The dryer changed my method of buying clothes for my five children. Now, I just buy the kind of materials which need no ironing."  
 "I remove the clothes from the dryer before they are completely dried out, and hang them on a hanger. They need no ironing, as all the wrinkles fall right out."

Any time you can save ironing time is a good time, especially when you have five children, and want to spend as much time with them as you can. Try the convenience of electric clothes drying and reap the dividend Mrs. Shropshire enjoys — more time with her family.

The world's greatest wife saver — that's an electric clothes dryer. Stops lifting and lugging, cuts ironing time in half. See a demonstration at your Reddy Kilowatt Dealer.

#### Bible Comment:

### Daily Living Is the Test Of a Christian

THE man with compassion was the one whom we call "the Good Samaritan," the man whom the parable of Jesus has made famous, and the outstanding type of all who have devoted themselves to human need and the service of their fellow man.

That a Samaritan, despised in his time as belonging to a people of a corrupted religious belief, should become that type is in itself a striking thing.

But the Parable is also in every way striking for its contrasts and its plain insistence that religion in its outward form and profession is of little account or significance, if the reality of genuine goodness, humanity and mercy be lacking.

It often happens that some non-church member displays qualities of character and goodness in action that puts to shame many church members and professing Christians. But that is not the general rule.

There is no particular evidence that there were many good Samaritans, and there is plenty of evidence that there were many Jews whose lives were marked with the qualities of that particular Samaritan. It was a Jew, Jesus Himself, who told the Parable.

But the standard of Christian good living is set in such character and conduct as the Good Samaritan displayed. One cannot be a good Christian without being a good neighbor, and there is no such thing as faith in God, and love of God, that is not associated and reflected in love toward one's fellow man.

"If a man love not his brother whom he hath seen, how can he love God whom he hath not seen?"

Mr. and Mrs. E. S. Griffin and son Larry are visiting the O. T. Loftis family in Neosho, Missouri this week. They also plan to visit in parts of Oklahoma before returning home.

### VIENNESE POTATO SOUP

There is nothing so tempting as a steaming bowl of hot soup for lunch on a cold winter day. Here is a new idea for soup that combines appetite-appeal and nutrition value in equal parts. Men will go for this rich Viennese potato soup, for it's made with meat and potatoes.

- (Six Servings)
- 1/2 cup margarine
- 1/2 cup chopped onion
- 1 pound lean ground beef
- 1 tablespoon paprika
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 2 tablespoons flour
- 4 cups sliced peeled potatoes (6 to 8 potatoes)
- 2 1/2 quarts water
- 1 tablespoon Worcestershire sauce, if desired

In large, deep sauce pan melt margarine. Add onion and fry gently until pale yellow. Add ground beef and stir to separate meat. Cook gently 5 minutes, stirring several times. Add paprika, salt, and pepper. Cover and cook 2 minutes. Dust flour over meat, stirring well. Add potatoes and water. Cover and cook 15 to 20 minutes, or until potatoes can be pierced easily with fork. Add Worcestershire sauce, if desired. Serve hot.

For other tasty and nutritious kitchen-tested recipes, write the National Cotton Council, P. O. Box 74, Memphis, Tenn., for your free copy of "Make It With Margarine," an attractive new booklet in two colors.
