It's In The Bag, Earth to Have Pool

Johnny Collins Winner In Corn Production

The little red school house may be a nice modern brick building now, but it's what's inside that building that counts.

To help arouse us, in this fast modern day pace, are the XIT Study Club members of Springlake. This group of ladies are trying to bring about a bond of closeness and understanding between parents and teachers. Let's all adopt the XIT Study Club's urge to become "teacher minded." In showing our love and appreciation for our Springlake teaching staff, might help to create a better love and understanding between our children and teachers.

Our congratulations to the XIT Study Club in helping to name a "Teacher of the Year" from the Springlake School, (which will be announced at a later date). We feel sure we have teachers who are capable of going to state, district and the National contest.

This is that time of the year when everyone seems to be trying to get all the information together to work out income tax returns, and after several weeks of this, outer space may look invitingly calm compared to this Planet.

In trying to figure out a good Circulation Campaign for the News-Sun, our Boy John with puzzled expression wanted to know just who we were going to sell subscriptions to, since, as he put it, the paper blankets the area. Quickly though he came up with a fine suggestion, and simple too, just merely sell "His and Hers" subscriptions.

Seems, everyone in and around Earth were fed royally Wednesday, by the Dent Farm Supply clan, in connection with the John Deere Day. Everyone seemed to enjoy it and if any strangers were present, I'm sure they guessed we were all friends and acquaintances, because friendly conversation broke finally after about twenty minutes of speedy exercise for arms and jaws we began to slow down on eating and speake to those about us.

Jarvis Angeley, though busy eating, spoke to Freddy Maxcey, and Freddy barely spoke. About 20 minutes later, after hearing Freddy's friendly greeting to a bystander, Jarvis pointed out he hadn't been recognized by Freddy with half that emotion. Explanation: Freddy was practically on the last bite and could well afford to be his friendly self, his stomach was filled to capacity, funny too, Jarvis hadn't taken time to notice Freddy's greeting until he was almost through eating himself.

Bill Mann, came racing in, having to drive from school, had somehow put a double cramp in his hunger pains. First thing he saw was Bud Irvine who has never displayed more speed and enjoyment in sports, than he does in eating. (How Bud had succeeded in gaining his position in the line remained a secret to his wife Margaret and daughter Nancy, who was far to the rear of the line).

Harold Britton, who was manning the dipping spoon, observed that hungry look in Bud's eyes, and was so overwhelmed by this, he ran his plate over the sides. Bud forgot all, and became real engrossed in devouring his food. Someone back in the line had never met Bud, and he was pointed out, however this person doesn't stand a Chinaman's chance of recognizing Bud in the future, because a full view of his face was never possible. Both hands were in motion constantly, while the spoon hand was busily scurrying about scooping up the delicious food, the other hand didn't tarry. It was busy

(Continued On Page 10)

Johnny Collins, a Castro County 4-H Club member and Springlake High School Student has been named the 1958 state winner in the Annual Texas Hybrid Corn Production Program. His yield of 256.1 bushels an acre set a new record for the program. The former record of 251.5 was set by Royce Turner, Lamb County 4-H Club member in 1955.

Collins is the son of Mr. and Mrs. Forrest Collins of the Big Square community.

Collins' outstanding record was made under irrigation. He irrigated four times and used 225 lbs. of Anhydrous Ammonia an acre. He planted Texas 39.

In addition to the area award of \$50, he will receive a plaque and another \$50 as the State award. The program is sponsored by the Texas Certified Seed Producers, Inc. in cooperation with the Texas Agricultural Extension Service. Ben Spears, Extension Agronomist, released the list of winners. Young Collins was second in corn growing last year and first in grain sorghum.

Top winner in the dryland division was Austin DeLaughter of Bowie County with a yield of 129.5 bushels an acre. DeLaughter is a three time winner in this division and is the holder of the state record of 175 bushels an acre on dryland. In 1958 he used the same Hybrid which has won for him in previous programs, Texas 39. He used 400 lbs. of 12-12-12 fertilizer and side dressed later with 130 lbs. of Anhydrous Ammonia an acre. He will receive \$50 and a plaque.

Other winners listed by Spears for the West Texas Area included, besides Johnny, his brother Leon Collins with a yield of 234.9 bushels an acre; Jerrell Young, last year's winner from Hale County, 229.5 and Royce and Doyce Turner, Lamb County 4-H Club members of the Pleasant Valley community, with 178.1 and 141.9 bushels an acre, respectively. Leon planted Texas 32 while Jerrell and Royce planted Texas 39 and Doyce, Texas 17W.

The area awards where five winners are listed will receive cash awards of \$50, \$35, \$25, \$10 and \$5. All participants who produced 100 or more bushels an acre will receive certificates of membership in the 100 bushel Corn Club of Texas and the three with more than 200 bushels will receive 200 bushels memberships.

Spears credits this continuing program with playing a major role in establishing the practice of planting Texas developed corn hybrids. Hybrids are now used to plant more than 80 per cent of the acres devoted to corn production in Texas, Spears said.

Awards To Be Given On Cotton John's Television Program

Congratulations were received from Cotton John Smith of Amarillo to Johnny and Leon Collins on being selected state winners in the Texas Hybrid Corn Production.

The awards will be presented on a live telecast at KGNC-TV in Amarillo. The presentation will be a feature of Cotton John's Farm and Home Show at 12:30 to 1:00 p.m. Saturday, January 17.

ENTHUSIASTIC JAYCEES AND CHAMBER of COMMERCE members, counting cards and money at a meeting held at 7:30 p.m. Monday. The Jaycees have played an important role in heading

the drive to secure a swimming pool for Earth. Not giving up but still hoping to reach their goal that was set at an earlier date

Contract Signed, Be Completed May 15

Springlake Baptist Brotherhood Announce Revival

The First Baptist Church of Springlake invites the public to the Brotherhood sponsored Revival January 23-24-25.

Principal speakers for the revival will be Weldon Goar of Muleshoe and C. J. Humphrey of Amarillo.

Prayer meeting services will begin at 6:30 p.m. and evening services at 7 p.m. and regular Sunday services.

A Brotherhood breakfast will be held at 7 a.m. Saturday and Sunday mornings.

A contract was signed Tuesday with the Seahorse Swimming Pool Corp. of Lubbock for Earth's new Swimming Pool.

Marvin McLarty, representative of the Company said the pool would be completed within 60 days from time the construction begins, if weather permits.

The pool is scheduled to be completed by the 15th of May.

The planned pool of 35'x50'x75' will be constructed at a cost of \$12,500 excluding the heater.

The depth will be 2 feet at the shallow end and 19 feet at the deep end of the pool. A six unit filter system will be installed to filter the water once every six hours. This unit is required by the state for all municipal pools. Other features included in the contract was a diving board, three tiered ladders and three underwater lights.

The 1,050,000 BTU heater recommended can be installed at a cost of \$2505. MORE FUNDS MUST BE RAISED IF WE GET THE HEATER!

Approximately \$13,000 was donated to this project and another \$1900 is needed.

At a recent meeting of the Earth City Commission, the Council voted to take over the construction of the bathhouse, concession stand, fencing, decking and lighting at a cost of approximately \$4000 to \$5000.

The new pool will be located in the northwest corner of the City Park in the north part of Earth.

The west fence will be constructed of pumice blocks. On the north side will be the boys and girls dressing rooms, concession stand, basket checks and small storage room.

ERVIN ANDERSON WITH EXPRESSWAY IN CANYON

Ervin Anderson accepted a position as truck driver with the Expressway from Canyon to Amarillo last week.

Mr. and Mrs. W. H. Parish visited relatives in Kermit, Bridgeport and Abilene during the holidays.

Purchase Fire Truck

NOTICE

COMMUNITY BASKETBALL TOURNAMENT

The women and men's community Basketball Tournament will be held Tuesday, Thursday and Friday, January 20, 22, and 23 in the Springlake High School gymnasium.

TO PARENTS

Due to Mid-Semester examinations, Supt. Bill Mann has announced that school will dismiss at 2:20 p.m. today (Thursday) and Friday, January 15-16. Busses will run at this time.

SIGN YOUR CENSUS CARDS NOW.

Mrs. Marvin Sanders urged all parents who have not signed the census cards which students brought home are urged to do so now and returned to the school. This must be done at once to get the necessary count of school students.

The film "Tenderfoot In Europe" that was postponed recently, is rescheduled for 7:30 p.m. Tuesday, January 20 at the Pleasant Valley community building, sponsored by the Farm Bureau.

The public is invited to attend. Cotton John of Amarillo will be in charge of the program.

A Fire Truck for the City of Springlake and the surrounding area, became a reality this week after members of the City Council voted immediately.

Donations, which stand at approximately \$2700 were applied on the purchasing price of the truck. The balance of the cost is being financed through a local bank.

Delivery date of the new Fire Truck will be approximately 60 to 70 days.

Donations at present time total \$3300 with the approximate cost of has been financed by a local bank. The truck being \$7000. The balance Delivery date of the new truck will be approximately 60 to 90 days.

A trailer load of hose was purchased recently by the city and a new siren has already been installed at the new city fire station.

For the benefit of the Springlake citizens the signals are announced as:

1 Continuous Long Signal — Storm or Tornado Warning.
2 or More Signals — Fire Warning.

Donations on the newly purchased truck can still be made by leaving your donations with Mayor Ralph Rudd at the Texaco Station or mailing your checks to Mrs.

The Springlake Citizens express their thanks for all the donations received on this pro-

ject, which might save a life or someone's property.

Other business announced following the City Meeting held Tuesday, January 6, was the appointment of Arnold Washington to fill the unexpired term of Z. T. Byers, City Alderman, who has recently moved from Springlake.

The City Council voted to purchase the necessary office furniture for the new City Office which is near completion.

The City recently purchased the new Fire Station building located on Main St., and all will be in readiness on the date the new truck is delivered.

Talk Back Program Begins Over KGNC TV Next Sunday

Beginning January 18, KGNC-TV in Amarillo will begin a telecast of Methodism's "Talk Back" program at 3:30 p.m. on Sundays.

"Talk Back" is a presentation of local churches in cooperation with the National Council of Churches of Christ in the United States of America. It is a contribution of the Methodist Television Ministry.

OPENING SOUTH THIRD STREET — Grading from the Amherst High W. F. (Dunk) Williamson is pictured on the city maintainer.

Essay Contest To Be Sponsored By XIT Study Club

An Essay Contest for the Springlake High School English Department is being held in connection with the Teacher of the Year Award Program now in progress.

Local English teachers are in charge of details of the contest in cooperation with the XIT Study Club.

The finalists will be judged by the Awards Committee and an award will be given for the best essay by the XIT Study Club. All High School English Students will participate.

MIKE SIMMONS EMPLOYED AT STEPHENS AND SONS

Mike Simmons has recently been employed in the parts department at Stephens and Sons Hardware this week.

Simmons was formerly employed at the Earth News-Sun.

District Governor Bill Hunter To Speak To Earth Lions And Their Ladies

Earth Lions Club Ladies night will be held in the School cafeteria at 8 p.m. Tuesday, January 20.

Guest speaker will be W. F. (Bill) Hunter, District Governor of District 2T-1 Lions International, which includes 93 clubs in this section of the state.

Lion Hunter is in the insurance business with offices in Amarillo. He is a member of the Amarillo Downtown Lions Club, having served in all offices with the exception of secretary-treasurer. He has also served as president of the Broadway-Florence Lions Club in Los Angeles, Calif. and Zone chairman of District 4A in California. His past district offices in Texas include deputy District Governor District 2-T1, for two years and Public Relations Director, District 2-T1.

In addition to his Lions Club activities, Lion Hunter has served as president of the South Los Angeles Chamber of Commerce and is presently a member of the Amarillo Chamber of Commerce. He is a member of the San Jacinto Methodist Church, Khiva Temple, and Masonic Lodge 731. He is mar-

ried and has one daughter and three sons.

The purpose of Governor Hunter's visit will be to advise and assist President Bill Mann; secretary Phil Raught and all other officers and directors of the club in matters pertaining to Lions administration and the Lions great program of Humanitarian Service. PTA ladies will be in charge of the food and decorations. Proceeds will be applied to PTA Founders Day program.

GFWC Sponsoring Teacher Of Year

Because of the imperative need for attracting more people of outstanding ability and personal characteristics suited to teaching into the teaching profession, the General Federation of Women's Clubs is sponsoring the selection of a Teacher of the Year from local schools. There will be two categories of awards: (a) one teacher selected from those submitted by States and District of Columbia. (b) One International teacher.

This selection is being sponsored locally by the XII Study Club of Springlake.

It is their desire to give honorable recognition to teachers for exceptional work. Therefore let us get appreciation and friendship to all our teachers of the Springlake School. Make friends of those who you are entrusting your children with.

Nominations will be made by the school faculty. Standards to be made by the school faculty. Standards to be considered in making nominations will be in part spirit of cooperation, professional attitude and growth, loyalty, character, citizenship, teaching ability and personality. Secret ballots will then be referred to the club.

An award panel representative of the entire community will select from these nominations the Teacher of the Year, to represent our school in the district, State and National contests.

There just isn't any finer in a teacher, nor is there a more worthy project for a teacher to have for his or her pupils than that in the old time hymn, *Dare To Be A Daniel*, the first verse which is:

Dare to be a Daniel,
Dare to stand alone,
Dare to have a purpose firm
and Dare to make it known.
The XII Study Club by this movement hopes to not only elevate the teaching profession, but also to promote in the community a sympathetic understanding of teachers problems and create a closer bond of friendship and appreciation with our teachers.

Morning Party Held In Rudd Home

Mrs. Raymond Rudd entertained with a Stanley Party in her home Monday morning with Mrs. Tena Davis in charge of the demonstration.

Refreshments of cookies, coffee and Cokes were served to Mesdames Raemon Cole, Wayland Schellars, D. M. Allen, Sarah Clark, Ralph Rudd and Bazel Glascock.

NOTICE

BRIDAL SHOWER

A bridal shower honoring Mrs. Eugene Griffin, nee Molly Inglis, will be held from 4 to 8 p.m. Friday, January 16 in the home of Mrs. Leiford Enloe, one half mile north of Embury Gin on Springlake and Littlefield Highway.

Bibby - Fennell Nuptial Vows Read January 3

Miss Laverne Bibby became the bride of Dolan Fennell in a quiet ceremony at 6 p.m. Saturday, January 3 in the Springlake First Baptist Church with Rev. Clifford Jester, pastor of the Springlake Baptist Church officiating.

Parents of the couple are Mr. and Mrs. C. O. Bibby of Springlake and Mr. and Mrs. R. K. Fennell of Earth.

The bride chose a beige wool suit with brown accessories for the ceremony and a wedding trip to Juarez, Old Mexico.

The bride is a graduate of the Springlake High School. She attended Jessie Lee's Hair Designers' Institute in Lubbock and is now employed at the Springlake Beauty Salon.

The bridegroom is also a graduate of the Springlake High School and served four years with the U. S. Navy. He is engaged in farming.

The couple are at home in Earth.

Springlake HD Club Has Planned Program

The Springlake Home Demonstration Club met Friday, January 9 in the community building.

Members answered roll call by telling which Christmas gift they enjoyed most.

The program for the meeting was to 1. Appoint leaders for training meetings. 2. Study and fill yearbooks. 3. Study THDA recommendations. 4. Plan club goals.

Mrs. Hilbert Wistan served chocolate cake and coffee to Mesdames Robert Akins, Dee Lott, Albert Gabehart, Floyd Bills, James Cooper, C. D. Higgins and Hilbert Wistan.

The next meeting will be held Friday, January 16 in the home of Mrs. Robert Akin. Mrs. Lady Claire Phillips, HD agent will be in charge of the program which will be clothing.

INK AND ALL OF THIS — To make a NEWS-paper, Cub Scouts of Den II visited the Earth News-Sun office and back shop last Wednesday, January 7. The Scouts toured the shop to learn more on their project which is NEWSpapers this month. Coots were presented clippings and mats for their scrapbooks by John Achee.

Garden Club Holds First Meeting Of The New Year

Mrs. W. H. Braden and Mrs. Melton Welch were hostesses to the Good Earth Garden Club in the Braden home Tuesday evening, January 6.

A business meeting was held, with Mrs. Bill Stockard, club president presiding.

Committee reports were also given. Culture of roses was given by Mrs. L. T. Smith.

A holiday flower arrangement by Mrs. Wayne Rutherford centered the serving table.

Dainty sandwiches, congealed salad, fudge, coffee and ea was served.

Members present included Mesdames L. T. Smith, John Welch, B. Campbell, R. E. Barton, Wayne Rutherford, J. A. Littleton, Sr., L. Z. Anglin, C. O. Taylor, Marvin Sanders, Bruce Higgins, Billy H. Hodge, Ray Kelley, A. E. Wheatley, Arnold Shelby, Clarence Kelley, Bill Stockard, one guest, The sea Glascock and hostesses.

Party Line.....

Guests over the weekend and Sunday in the home of Mrs. Bill Rudd, were Mr. and Mrs. Russell Weems and girls of Clovis; Mr. and Mrs. Oscar Rudd of Muleshoe; Mr. and Mrs. Oliver Rudd of Hereford; Mr. and Mrs. Ralph Rudd of Springlake, Opal and Donna Rudd.

Tips on Touring

By Carol Lane
Women's Travel Authority

The Right Attitude

Some people drive for decades and never have an accident. Other drivers are in one accident after another. Why?

Much of any driver's record depends on his attitude. Here are a few questions you can use in checking yours.

When you see a child standing

near the curb, do you mentally prepare to stop, or do you keep going because you know no child would be foolish enough to run into this busy street?

When you round a curve, do you keep your car under control and in the right lane — just in case a car coming the other way should "cut" the curve a little?

An intersection is coming up. You have the right of way. The other fellow would be "asking for it" if he did not stop. What do you do?

In general, is your attitude one of anticipation or competition?

The Automobile Mutual Insurance Company of America, in a recent editorial on this subject, said: "... expect the worst and be prepared to meet the emergency. Forget the unrewarding competition; leave that to the foolish, the smart. Be ready for whatever is over that hill, around that curve or crossing the street. Anticipation can keep our driving records accident free."

If you recognize that as good advice, your attitude and your record are probably all right.

Bonnie Crosby Dinner Sunday, January 18

The Bonnie Crosby Memorial Dinner, sponsored by the Littlefield Boosters Club of Lubbock Christian College, will be held Sunday, January 18 at the High School Cafeteria in Littlefield. Proceeds from the dinner are added to a loan fund which enables a worthy student to attend Lubbock Christian College.

Dinner will be served between the hours of 12 noon and 2:30 p.m. Sunday. Adults tickets are priced at \$1.50, children's 75cents. These may be purchased from Billy Maples at the Shamrock Service Station in Earth.

Awards Made To B. T. U. Members

Members of the Training Union of the First Baptist Church were awarded Y. P. Seals for completing the Study Course entitled "Eches of Indonesia."

Those who received seals were Tracy Angeley, Judy Wood, Edward Wuerflein, Linda Lawrence. Teachers were Mrs. Eldon Davis and Mrs. Clarence Kelley.

Mr. and Mrs. John Tidwell of O'Donnell and Mrs. D. M. Underwood of Snyder were dinner guests in the home of Mrs. Sarah Clark Tuesday.

Town and Country Study Club Texas Local Associates Of LCC Attend Day Program Held Monthly Meeting

A Texas Day Program was presented at the Town and Country Study Club meeting held Thursday evening in the home of Mrs. L. Z. Anglin with Mrs. Ted Haberer as co-hostess.

Mrs. Ray Axtell gave an intellectual review on "The Raven," by Marhuus James, a biography of Sam Houston.

Mrs. Ted Haberer, president presided at a short business meeting. The club voted Mrs. H. M. Secord in as a new member. Prayer was led by Mrs. B. Campbell. The serving table was laid with a white linen cloth, centered with a New Year motif centerpiece by Mrs. J. A. Littleton, Jr.

Refreshments of ham potato salad rolls, cranberry sauce, prime cake topped with whipped cream and coffee was served.

Members attending were Mesdames C. W. Terry, B. Campbell, John Laing, Ray Kelley, J. L. Hinson, J. A. Littleton, Jr., Ted Haberer, M. H. Been, H. M. Sanders, Homer Hodge, M. E. Kelley three guests, Mrs. Ray Axtell, Mrs. H. M. Secord and Mrs. Little of Sunnyside and the hostesses.

Party Line...

Rev. Cecil Meadows is attending the Texas Baptist Evangelism Conference in Dallas this week.

Frances Cole of Lubbock spent the weekend with her parents, Mr. and Mrs. Raemon Cole. Frances is

Five members of the Associates of Lubbock Christian College from this community were in attendance at the regular monthly meeting Thursday, January 8 at the Lubbock Christian College Auditorium. They were Mrs. Frank Bozeman of Springlake and the following from Earth: Mrs. Chubby Dent, Mrs. Elvis Clayton, Mrs. Mike Dent and Mrs. Lewis Faver.

Speaker for the occasion was Dr. Faye L. Bumpass, assistant professor at Texas Tech. Dr. Bumpass, who spoke on the topic, "Cultural Exchange: Important Key to Inter-American Understanding" is the author of 12 textbooks on the teaching of English as a foreign language. She has spent 13 years in South America as a traveling consultant for the English teaching program for the State Department and received a decoration from the government of Peru for her contributions in the field of education.

A tea was held in the reading room of the Lubbock Christian College Library.

employed at Cicero Smith Lumber Co. in Lubbock.

Mrs. Raymond Rudd and Mrs. Raemon Cole and Regina visited with Mrs. R. W. Huckabee and Mr. and Mrs. G. E. Thommarson in Springlake Monday.

AN IMPORTANT QUESTION

By W. E. IRVINE

Many times, in our work contacting people with the Gospel of Christ, we hear this question, "Is it possible for me, an average person, to understand the Bible?"

In order to be saved from our sins by God, we must know God. If the meaning of the Bible is completely beyond man's grasp, how could one expect to know God and be saved eternally?

Doesn't it stand to reason that the God who gave the revelation by which one is drawn to Him (John 6:44, 45), and by which he will someday be judged (John 12:48), would enable man to understand that revelation? Else, where is the hope of salvation for the average person?

"Whatever things were written aforetime were written for our LEARNING that we through patience and comfort of the Scriptures might have hope." (Romans 15:4) Only through study can one "show himself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." (2 Timothy 2:15).

There is no royal road to learning. One must study. There is no substitute. This doesn't mean one must become a scholar, but it does mean that he, with an open heart and receptive mind, must become a diligent, sincere SEARCHER for the truth.

"Blessed are they which hunger and thirst after righteousness; for they shall be filled." (Matthew 5:6. This is God's promise to all men everywhere.

If in Jesus' day the "common" people "heard Him gladly," surely the average person today can hear and understand His message. In fact we MUST hear and understand His word; for the Bible says, "So then faith cometh by hearing, and hearing by the word of God." (Romans 10:17). And, "without faith it is impossible to please God." (Hebrews 11:6).

Cold A Foe Of Battery

Your car's battery works extra hard in winter. Take care of it and it will serve you well. Neglect it, and you may be one of the millions of motorists who call for help in cold weather because of electrical failure.

Here are some things smart motorists remember about batteries.

The starting load is much heavier when it's cold. Even when the engine's off, the battery may be called on to work the radio, heater blower, cigarette lighter, power windows, horn and lights. According to General Electric, there are more lights in the average late-model car than in the average home.

With the engine running, your generator must supply current for all these things—plus electricity for the motor and other power equipment.

So keep an eye on the ammeter on your instrument panel. It shows whether or not the battery is being charged by the generator. Normally it should show some "charge" except at very low engine speeds.

When you stop for gasoline, have the service station attendant check the battery. How's the water level? Are the connections firmly anchored and corrosion-free? Does the battery need charging? Do you need a new battery? Any Shell service station dealer will be glad to help you.

This winter, take care of your car's battery and it will take care of you—in any weather.

Pork Production Is Completed

The Texas 1958 pig crop totaled 1,777,000 head the Texas Crop and Livestock Reporting Service advised Postmaster Kelley. This is based on livestock surveys cooperatively made by the Post Office and Agriculture Departments. A pig crop this size will boost potential pork production on Texas farms and ranches 24 percent above last year, but is still below the 10 year annual average of 1,867,000 pigs. Fall farrowing, estimated at 127,000 sows, were 27 percent above farrowing a year earlier. Fall litters averaged 7.0 pigs, which is a new record. Bulk of these fall pigs will reach slaughter weight during the spring of 1959.

Further Expansion Planned For Spring 1959 Farrowings

Breeding intentions for 1959 spring farrowings in Texas point to a 40 percent increase above the 1958 spring season. An unusually favorable ratio between grain costs and finished hog prices stimulated renewed interest in hog production. Bulk of this sharply increased spring farrowed pig crop

early Saturday as the temperature dropped to as low as 11 degrees below zero in Amarillo and to zero in the Lubbock areas.

Pioneer's new sources of gas supply and additional pipeline capacity resulting from recent pipeline construction have so strengthened the company's system that the unusual demands created by the sub-zero temperatures were met without difficulty throughout the area by Pioneer.

Numerous additional lines and ties have been provided specifically for the purpose of handling loads as they occur. Evidence of the effectiveness of this advance planning was shown by Pioneer's capability to handle the record load.

will reach market weights during the fall of 1959.

Postmaster Kelley pointed out this information on prospective pork supplies was made possible by voluntary reports from farm and ranchmen along mail routes served by Star Rt. 1, and Star Rt. 2 combined with reports from all parts of Texas and the Nation.

The Nation's pig crop totaled 94.8 million head—8 percent larger than the 1957 crop of 88.0 million. Reports on breeding intentions indicate 8.3 million sows to farrow in the spring of 1959. This will be 12 percent more than the number farrowed last spring, but slightly larger than the 1949-56 average.

HELLO WORLD!

IT'S A BOY!

Mr. and Mrs. Truman Lewis proudly announce the arrival of a son, at 9:30 a.m. Saturday, January 10 at the West Texas Hospital in Lubbock.

He has been named Gary Wayne and weighed 7 lbs. and 14 ozs.

Grandparents are Mr. and Mrs. Wayne Goodpasture of Lubbock and Mr. and Mrs. Virgil Lewis of Earth.

Party Line...

Mr. and Mrs. Jay Winders accompanied his father, L. D. Winders to Temple this week, where he will receive a checkup at Scott White Clinic. They will return Friday.

For An Afternoon Sweet

By Betty Barclay

RICH with unsweetened chocolate, crisply delicious... this cookie is perfect with a glass of cold, sweet milk or a bracing cup of tea. Every member of the family is sure to love

Chocolate Oatmeal Crunch
2 squares unsweetened chocolate; 1/2 cup butter or margarine; 1/4 cup light corn syrup; 1/2 cup sugar; 1/2 teaspoon salt; 1 1/2 teaspoons vanilla; 2 cups quick-cooking oatmeal; 1/4 cup chopped nuts.
Melt chocolate and butter in top of double boiler. Add remaining ingredients and blend well. Pack firmly into greased 8x8x2-inch pan. Bake in hot oven (450°F.) 12 minutes. Let stand until thoroughly cold. Then loosen edges with knife or spatula and turn out of pan. Cut in 1x1 1/2-inch bars. Makes about 40 bars.

Party Line...

Mr. and Mrs. David Cearley and children visited with her aunt and uncle, Mr. and Mrs. W. T. Criswell in Plainview, Sunday.

Mrs. Kenneth Leonhart and Mrs. Pat Montgomery were in Lubbock Monday on business.

Mr. and Mrs. L. M. Camp and Margaret of Friona visited in the home of his sister, Mr. and Mrs. Carroll Blackwell, Sunday.

Mrs. Carrie Walker of Plainview visited over the weekend with Mrs. Annie McCool and other relatives.

Mr. and Mrs. Bill Beasley and girls visited in Amarillo Saturday.

Mr. and Mrs. Pat Montgomery, Dewayne and Dale visited with Mr. and Mrs. J. E. Montgomery in Muleshoe, Sunday.

These specific common sense features are the big reasons why Ford is the best seller:

1. Six passengers, not just four, ride in comfort. Yes, even the man in the middle. Because Ford's full-depth seats are extra thick all the way across—there's no hard spot in the center as in some cars.
2. The doors are wider for easier entry. Compared with Ford's major competitor, they open wider... and have two-stage front door checks.
3. Ford's styling is sensible. It's clean and simple like the Thunderbird. No useless wings that are easy to dent.
4. Ford's frame is safer. In its field, only Ford has a wide-base frame that seats all passengers within the protection of its husky side rails.
5. Ford's spacious luggage compartment is easier to load and unload. High rear trunk wall on Ford's nearest competitor makes loading difficult.
6. Ford's got the most sound and weather insulation—everywhere. No other low-priced car compares.
7. Ford is economical. You save up to a dollar a tankful with Ford's standard Six or Thunderbird V-8 engines—for they thrive on regular gas. You need change oil only after each 4000 miles. The muffler is aluminumized to last twice as long as ever. And Ford's new Diamond Lustre Finish never—ever—needs waxing.

IN TEXAS

What's behind the big switch to FORD?

And here's good news for the economy-minded...

With all these exclusives, and with the usual optional equipment, Ford prices are as much as \$100 lower* than the nearest major competitor.

*Based on comparison of manufacturers' suggested retail delivered prices

Come see the world's most beautifully proportioned cars...

Corner on Cotton

BY BOB COLLINS

Why does price of raw cotton make a difference when there is only 30 or 40 cents worth of cotton in a \$4 garment???. . . the answer is simple but often not understood . . . first, the mill that buys cotton doesn't make the garment . . . it makes "grey goods", an unfinished fabric sold to the garment maker in a very competitive market . . . one-eighth to one-quarter cent per yard determines who makes the sale . . . in this example let's say that the cotton cost per yard to the weaver is 10.25 cents (this includes purchase price, cleaning, etc.) . . . now, the weaver can buy enough rayon for a 50% blend at about 3.5 cents . . . so he mixes 3.5 cents worth of rayon with 5.12 cents worth of cotton and the material cost is 8.62 cents per yard . . . if you aren't lost by now you can see that the weaver has saved over a cent per yard and cotton has immediately lost one-half its market . . . in other words, cotton first meets its competition at the mill . . . if it doesn't compete here, it never gets a chance to compete at the retail counter.

Foreign Cotton
Record growth of cotton in foreign countries has hit a hard blow

U. S. exports of cotton are low, far down from last year and it looks like there is more cotton being grown in the world than there is being used . . . about a half-million bales more . . . and we can expect the foreign production to keep on as long as the price of U. S. cotton is held so high that farmers in other lands can sell their cotton at a price just under ours and still make a profit.

Hybrid Cotton?

How long will it be before there is a hybrid cotton seed on the market? . . . we'll guess that the next three years will see a hybrid offered and that six years from now there'll be an excellent seed with yields you just won't believe . . . right now a new hybridizing method promises to raise yields by 25%.

New Tax Angle

In figuring taxes don't forget possibility of a 20% depreciation on certain property used in producing your crop . . . new and used machinery may be eligible if the useful life is six years or more . . . full deduction is possible if the item was bought any time in the tax year . . . there's a maximum purchase level and buildings don't qualify . . . it's a new angle so you better talk to an expert . . . all we know about is cotton.

Free To Farmers!!

Would you like to have the work sheet used by a leading agricultural service for figuring whether it is best to go "A" or "B" next year? . . . we'll be glad to send you one free . . . just send name and address to: Corner on Cotton, P. O. Box 1022, Memphis 1, Tenn. . . it may help.

Annual Financial Statement Asked By Dun-Bradstreet

Each January business concerns in all parts of the United States receive from Dun and Bradstreet requests for their annual financial statements. This year the number of requests with over 450 going to Lamb County businessmen.

The Lamb County section of the current issue of the Dun and Bradstreet Reference Book contains listings of 485 local names comprising manufacturers, wholesalers, and retailers. It does not include some of the service and "professional" businesses, such as barbers and beauty shops, real estate and stock brokers. Thus the figure for businesses in Lamb County would actually be higher than the 485 quoted above.

Better than 95 per cent of all commercial transactions in the United States are made on credit terms and the buyer and the seller are brought together by means of credit information.

When the owner of a business or his accountant returns his financial statement to Dun and Bradstreet, the owner has taken the first step in establishing his responsibility as a seeker of credit.

The statement becomes a part of the credit report on his business along with a financial analysis, a description of what the business does, and a record of how it pays its bills.

On the basis of the information in the report, a rating is assigned and the businessman is listed in the Dun and Bradstreet Reference Book. This makes it possible for his suppliers and insurance underwriters, who use the book, to look him up and in this way he is assisted in getting his goods and insurance.

In other words, should a manufacturer or wholesaler receive an order for merchandise from a merchant in Lamb County the listing and the rating of the merchant can be checked in the Reference Book. And it makes no difference where the seller is located. The listing of the Lamb County businessman appears in every issue in

My hands get red and chapped in cold weather and look gruesome. What can I do?

As Never go outdoors in harsh weather without wearing gloves or mittens.

Always remember to dry your hands thoroughly after you wash them.

The Reference Book in the United States.

A Reference Book listing contains the name of the business and the rating. The rating consists of two symbols. The first, a letter of the alphabet, indicates financial strength or capital. It is the

difference between what the business owes and what it owns. The second symbol, a numeral, reflects a composite of financial stability and payment record.

The address is Dun and Bradstreet, Inc., P. O. Box 31, Amarillo, Texas, or phone DRake 2-4359.

Corner on Cotton

BY BOB COLLINS

A lot of things must be decided by the CCC before the new cotton crop of Choice "A" and "B" starts to move . . . "A" cotton must be supported at 80% of parity, cataloged and offered for sale at 110% of "B" support and the law says the CCC must "own" it before it's sold . . . what'll this mean to the cotton buyer???. . . especially the country buyers and ginners who traditionally buy much of the cotton passing through their gins . . . taxpayers would have a sizeable saving, we're sure, if the present marketing system were utilized by the CCC . . . officials of the CCC seem to agree . . . but it does present problems . . . however, since the current marketing system was developed by stiff competition over many years and shows cotton to manufacturer at an unbelievably low cost, it's an excellent bet that the government won't be able to devise a system that's any better . . . or half as good . . . as both farmer and taxpayer you better hope the present marketing system will be retained.

New Grader

A leading cotton merchant is trying out an electronic cotton grader . . . anyone can operate it with five minutes instruction . . . you just offer it a sample of cotton . . . the machine looks at it and prints the result within 10 seconds . . . tells you everything you need to know except staple . . . however, don't look for one in your neighborhood any time soon . . . it's still experimental . . . but it is the shadow of things to come . . . mass use could be another step in reducing cost of cotton to the manufacturer.

Better Off?

The Agriculture Department says the farmer will have the highest income in history by the time the new year rolls in . . . if the figures are right (and we'll get some argument here) the annual per capita income of farmers will top \$1000.

How Much "A" and "B"?

A couple of editors we know have completed polls among farmers as to how much Choice "A" and "B" cotton will be planted next year . . . results of one showed, roughly, 35% favored "A" and 65% favored "B" . . . other poll indicated, roughly, 65% favored "A" and 35% favored "B" . . . this information helped us make up our mind on the question: You just can't tell.

Wolverines Have Big Week of Basketball

Springlake played five basketball games within the past week, and came out on the short end, winning but one. Though not winning, Springlake came close a couple of times, and perhaps with the return of Tom Messer, who has been out of the lineup due to a broken finger, the Wolverines can get into a winning streak.

Springlake started the week by barely losing to Amherst 42 to 40 in the opening round of the Amherst tournament. Then the Wolverines came back to whip Pettit easily Thursday 45 to 21. Hal Hudson was high point man of the game with 14 points. That put Springlake in the consolation finals of the tournament, and the Wolverines bowed to Shallowater, one of the better teams of the area, 52 to 44 Saturday night. Hal and Sandy Sanders were high point men for Springlake with 12 points, followed by Joe Neal Ellis with 11. Gene Stephens made 5 and Dick Evans 4.

Last Thursday Springlake opened district 3-A play against Anton at Anton and lost to the district favorites 69 to 28. Anton is favored to win the district title and perhaps go quite a way toward state title. The Wolverines just couldn't hit that night, scoring just four points in the third quarter. High point man for Springlake was Joe Neal Ellis with 7.

Springlake dropped their second game of district play to Kress Tuesday night at Kress 56 to 42. It was a very close game until the third quarter. In the second quarter Springlake had a 8 point lead, but couldn't hold it as Kress came back to tie it up 20 to 20 at the half. Then in the second half Kress ran away with it, scoring 36 to Springlake's 22 points. Freeman was the big gun for Kress, pouring in 29 points. Incidentally, this Freeman boy is a brother to Bill Freeman, Earth barber. Joe Neal Ellis hit on mostly long shots for 20 points, followed by Gene Stephens with 8, Hal Hudson 6, Sandy Sanders 5 and Dick Evans 3.

Springlake takes on Sudan in a district game tomorrow, (Friday night), 8 p.m. at Springlake gym. The girls play at 6:30.

The girls fared a bit better in the weeks play. After losing to Amherst 46 to 34 in the first game of the Amherst tourney, Springlake came back to beat Pettit 33 to 7 on Thursday, then lost to Shallowater in the consolation finals Saturday night in one of the most thrilling games of the year, 38 to 37. Shallowater had a 6 point lead at the half, but Springlake came back in the third quarter to tie it up 24 to 24. It was nip and tuck throughout the final quarter of play with Shallowater finally pulling it out. Minnie Wheat scored

HIGH COURT JUDGE SWORN IN—Supreme Court Chief Justice John E. Hickman, right, is shown administering the oath of office to Associate Justice Joe Greenhill of Austin at January 1 ceremonies at the State Capitol. Judge Greenhill was elected by the voters of Texas to complete the term (ending Dec. 31, 1969) of the late Judge Few Brewster. Judge Greenhill has been serving on the court by appointment since October 1, 1957.

15 points to be high point girl for Springlake. Other girls scoring were JoAnn Odum 10, Linda Lewis 6, Eleanor Riley 4, and Kay Wheat 2.

Springlake girls opened their district 3-A season successfully last Friday against Anton with a fine 44 to 35 victory. The guards especially played a fine game. In fact, the guards, led by Pat McLeod, have been playing fine ball

wards aren't able to make the points necessary. Minnie Wheat was high point girl of the Anton game with 25 points. Scorers for Eleanor Riley 4, JoAnn Odum 4, Springlake were Linda Lewis 8, and Kay Wheat 2.

The girls lost their game to Kress at Kress Tuesday night 42 to 21 to give them a one and one season record. Springlake was without the service of their starting forward Linda Lewis, who was out with a cold. Free throws were a major factor in the Kress defeat. Springlake made only 3 out of 12 attempts, while Kress cashed in on 14 out of 25 tries. Minnie Wheat was high point for Springlake with 14, followed by Eleanor Riley 4, Kay Wheat 2 and Pat McLeod 1.

The girls will take on Sudan here Friday, (tomorrow night at 8:30).

were elected and a chemical garden was made by the girls.

Brownies present were Glenda Condren, Debra Parish, Joyce Starkey, Patricia Bryant, Susan Britton, Terry Meeks, Linda Barden, Elizabeth Good, Gayle Cannon, Vicky Wade, Beverly Miller, Melodie Brock and leaders Mrs. Harold Britton, Mrs. Frank Condren and Mrs. S. L. Meeks.

Clean - up, Let A Boy Scout Haul Your Trash

The local Boy Scout Troop 114 announced Saturday that they will pickup trash around trash barrels in the rural area, Saturday, January 31.

Charges will be \$2.00 and \$4.00 accordingly.

The Boy Scouts are helping to raise funds for the troop needs.

Those who need trash picked up and hauled are asked to phone Earth 5211 or YOUNG 8-3393.

O. K. Angeley was reported to be in good condition after undergoing major surgery at the South Plains Hospital and Clinic in Amherst Tuesday morning.

Brownies Make Chemical Garden

Brownie Troop No. 234 met Tuesday afternoon, January 13 in the American Legion Building. Officers

Tips on Touring

By Carol Lane
Women's Travel Authority

When The Mercury Dives
When the weatherman's theme song is "Baby, It's Cold Outside," you can use these clues in coping with the climate.

The quickest sign of a frozen radiator is engine overheating. The water temperature gauge reads high, then steam comes out

of the radiator vent line. Ice in the tubes stops the water from circulating, so the liquid near hot engine parts quickly boils. If practical, get to a heated garage quickly so the car can thaw out. If you keep the engine running, add hot water to the radiator, but be careful. Don't get burned taking the radiator cap off!

Even batteries can easily freeze if they are run down. Low-gravity batteries for 12-volt ignition systems are especially vulnerable. If your battery's low, have it recharged.

Have your car washed frequently in winter. This is to protect the finish from corrosive road dirt and from chemicals that may have been put on the road to melt ice.

Keep your door locks from freezing by lubricating them with powdered graphite. Make sure the covers are closed completely, or cover the holes with adhesive tape. If the lock is frozen, try heating your key with a match.

If you need permanent anti-freeze, don't fill the radiator beyond about two inches from the top. Otherwise, the coolant will expand with the heat and cause the radiator to overflow. Be sure a tag is put on the radiator cap so service station attendants will know that antifreeze is in the radiator.

Letters to the Editor...

EDITORS NOTE: Remember the World Famous Hitchhiker who visited Earth in July? This letter with a Christmas card was received recently to inform Earth folks of his future plans.

Hi Ross and Polly:

Hope you all have a very merry Christmas.

I am back at the old grind at General Motors saving up money. I already have my next trip planned. It will be a Global Good Will Trip to cities all over the world that our cities are named after. Moscow, Idaho - Moscow, Russia; Paris, Texas - Paris, France; Odessa, Texas - Odessa, Russia; Berlin, Pa. - Berlin, Germany; etc., carrying official letters of greeting from the mayors to the foreign cities.

I sure would appreciate it if you have any of my papers left if you would send some more collect I have only one left.

Thank You
DeVon Smith

Springlake Junior High Basketballers Split A Pair

Springlake Junior High girls' basketball team dropped Anton 28 to 12 Monday night in the Springlake gym, while the boys lost to a strong Anton club 27 to 19.

The girls completely dominated their game with Carolyn Gregory high point girl with 14 points. She was followed by Frances Wheat with 8 points, and she made all of them in the last quarter. Linda Oden had 4 points and Julia Chance 2.

The boys did not fare so well as Anton got off to a 10 to 3 half time lead. Springlake held Anton to only four field goals, two in each half, but couldn't score itself. The game was marked by a great many fouls. Anton made 11 free throws out of 17 tries, and Springlake had 11 tries at the free throw

Mrs. Wanda Shelby To Speak At PTA Meeting Tonight

Community Health Needs will be given by the Springlake School nurse, Mrs. Wanda Shelby at the regular monthly meeting of the PTA tonight (Thursday).

A program will be presented by the Junior High School, directed by Mrs. Cecil Slover.

All parents and teachers are urged to attend.

DATE LINE . . .

by Sharon Hay

(Continued From Last Week)
Well Pat McLeod has really had a wonderful time over the holidays. She and Larry Kirk of Muleshoe went to Clovis after the banquet. They were also in Clovis one Thursday and one Sunday not to mention New Year's Eve. Did you two have lots of fun? Pat and Larry were in Earth and Muleshoe several times over the holidays. One night they ate supper with the new Mr. and Mrs. Harvey Kendrick. Pat was another very happy girl at Christmas time. Lar gave her a beautiful watch. Lucky, lucky Pat!

Now this Darlyna Morris has just got to slow down! She and Buddy Nicholson were really out on the town several times over the holidays. They were together after the football banquet Saturday night. They were seen at the show Sunday, December 21 and several other times. Also they were at dances at Linda Murrell's house and at Darlyna's house. These two were together a lot during the day-time also. They double dated with Kay Wheat and Hal Nicholson a lot. When we asked Darlyna what she got for Christmas, she said that everyone already knew — but it's something like Kay's! And we sure think that's nice Darlyna. New Year's Eve Darlyna and Buddy Nicholson went to Lubbock. They ate Mexican food.

Tom Messer and Yvonne Leoder are two more that really exchanged nice Christmas presents. Tom got a turquoise and tan shirt and Yvonne's still talking about the bath powder and cologne set and the jeweled powder, lotion and Kleenex holder set that Tom gave her. These two started the holidays with the football banquet, climaxed it New Year's Eve at Lubbock and are still going strong!

Janice Prather and Gene Stephens really made good use of the holidays. They exchanged pictures for Christmas and are really happy and proud of them. They ate Christmas dinner with Janice's grandmother. They spent a lot of time with Sue Neal, home from SMU for the holidays and Kenneth Lowe. Also Janice and Gene spent a lot of time with Gene's old friend, Buddy Murrell, former

Stock Market Round-Up

Prepared by The Investment Research Department of Hemphill, Noyes & Co. Members of the New York Stock Exchange

January 14, 1959

OUTLOOK FOR BUSINESS AND THE STOCK MARKET FOR 1959

It is generally agreed by most economists that the business recession ended in the first half of 1958, that the recovery now under way will continue through 1959 and that 1959 will be a better business year than 1958. Studying the trend of family formations it appears to us that they will accelerate in 1960 and 1961. Consequently the long term trend of the economy for the next three years or so should be very satisfactory.

The fact that 1957-58 recession came at a time after World War II comparable to the spacing of time between 1929 and World War I and the fact that many circumstances were the same, such as excessive inventories, excess productive capacity and production at a rate in excess of consumer demand led many people to believe that a post-war depression was in the making. Actually other excesses, such as over-speculation in the stock market with low margin requirements, were lacking and the government's so-called built-in controls were put into effect and were successful in reversing the downward trend in business. This event was very encouraging as it indicated that the fluctuations in the business cycle can be modified to a great degree under most circumstances.

In forecasting the extent and duration of the present recovery it should be considered that plant and equipment expenditures which started the 1950-54 recoveries are not likely to reach their 1957 levels for at least two or three years due to current ample productive capacity. Furthermore, auto production is not likely to reach the 1956-57 levels for at least a couple of years. Finally, family formations will not be especially favorable to new households until 1960 and with a possible government policy of tight money to curb in-

flation, housing starts may not rise too rapidly.

In the final analysis, 1959 is likely to be a year of gradual rather than sharp recovery.

Some of the industries that are expected to make the best recoveries are those which were very depressed in 1958 including the automotive, textile and steel industries. The oil, chemical, coal, railroads and other industries allied to the overall business picture should show modest improvement in 1959 while consumer goods durables, such as drugs, food and clothing, along with retail sales and services, are expected to continue their improvement of the past year.

The rise in the stock market over the past year has confounded many of the experts. On a statistical basis many stocks appear overpriced. This rise is primarily attributable to investors anticipating a recovery in business, and those hedging against inflation and mandatory purchases by institutional and pension funds creating a shortage of investment-grade stocks. Nevertheless, there are some groups which have been neglected and these could be profitable to investors in 1959. Some of the best values appear to exist in the better grade auto equipment stocks. As a whole, however, it does not seem likely that the 1959 stock market will rise as much as it did in 1958.

To summarize, the outlook for the economy over the next two to three years is especially promising and although stock prices may consolidate until earnings reach a point where a further rise is justified, they should eventually advance once again. **INS**

Springlake student and his girl friend, Louise from California. New Year's Eve, Janice and Gene, Lin Beasley and Earl Kellar and Sharon Hay and Dean Jones all went to Clovis. They all had a wonderful time but does Dean always spill something?

Linda Kay Lawrence and Edward Wuerlein had a nice time over the holidays even if Linda Kay was in Oklahoma eight days.

Judy Kay Wood says she had more fun these holidays than she ever has had and we can see why. She and Tracy were together every night and almost every day.

They spent their time with Mary Jane Shirey and Terry Green, at each other's homes playing in the snow, watching TV, playing cards and visiting with Hemphills. Judy got a watch for Christmas and she sure is happy with it. Another very lucky girl.

One of our newer students, Jay Meeks, seems to have really had a nice time. Jay and Ronnie Vernon of Ft. Carson, Colo. went to Whiteface to see his parents. While there they went bowling. They also went to Sudan with Jay's folks and to a family reunion at Farwell. Jay got a picture of Ron-

nie for Christmas and he's a good looking boy.

This Lin Beasley has really been on the go. She went to the football banquet with Gaylord Latham. They double dated with Sharon and Dean. It seems that both girls got a Christmas present that Sharon got a beautiful watch from Dean and Lin got a box of candy and a picture of Gaylord. Lin and Gaylord were together again Friday and Saturday before school started. Sharon and Dean were with them Friday night. Earl Kellar and Lin were together a lot over the holidays also. They were together Sunday, 21st, Tuesday 22nd, Friday and Saturday of the next week and New Year's Eve in Clovis. Lin and Larry Tunnell have been together the last two Sunday nights and we all went to church.

THIS WEEK ON DATE LINE

Well everyone to start this week off, Doug Jones has a beautiful new turquoise and white '58 Ford and, boy, did he get around this week. Doug and Linda Murrell were in Earth together Wednesday, Friday, Saturday and Sunday nights.

Stanley Irvine and Linda Lewis are another little couple that we sure see a lot of. They were together Tuesday, Thursday, Saturday and Sunday nights.

Peggy Stansell and Myers Mullis of Littlefield were seen bowling Saturday night. By the way Peggy who was the bluebird? ? ?

Kenny Hamilton and Linda Sanderson were together a lot, as usual they were in Earth Saturday, Sunday and Wednesday nights.

Billy Taylor, who is Sheral? ? This Lin Beasley has flat been on the go this week, as always. Tuesday night Lin was with Gaylord Latham and they double dated with Sharon and Dean. Those four went to Otton and had a big disappointment when found the drive-in closed! Lin and Bobby Sanderson were together Friday, they doubled with Mary Jane Shirey and Gaylord Latham a while and then with Earl Kellar and Norma Hamilton a while. Saturday Lin and Earl were out on the town. Sunday night Alvin Upchurch was the lucky boy. Lin and Alvin doubled with Bobby Sanderson and Norma Hamilton. Very full week, Lin!

Norma Hamilton is another little girl that really gets around. She and Bobby Sanderson were together Saturday and Sunday nights, then she was with Earl Kellar Friday and Glenn Bulls on Tuesday night. Say Norma, you and Lin both had better slow down!

Howdy! Howdy! you wish Friday night. Howdy! Howdy! you wish Friday night. Howdy! Howdy! you wish Friday night.

Dewitt Kelley who were you with so much this past week?

Hal Nickelson and Kay Wheat were out and about even if the ballgames did come awfully close this past week. They were seen Thursday and Sunday nights.

Leon Collins and some other girl from Muleshoe were riding around

IN THIS WORLD

FIRST MANNED SPACESHIP

WILL RE-ENTER EARTH'S ATMOSPHERE AT SPEEDS THAT WILL MAKE NOSE AND LEADING EDGES GLOW RED FROM AIR FRICTION. TO KEEP IT FROM MELTING... BURNING UP, ITS SKIN IS MADE OF HIGH-NICKEL INCONEL "X" ALLOY FOR HIGH HOT STRENGTH.

A STITCH IN TIME SAVED MISS LIBERTY!

IN 1959, WHEN OUR STATUE OF LIBERTY ALMOST FELL APART, THEY REPLACED THE OLD CORRODED RIVETS WITH 65,000 MONEL NICKEL-COPPER ALLOY SCREWS. TODAY THESE "STITCHES" ARE STILL LIKE NEW.

UNDERWATER TV CAMERAS, EQUIPPED WITH SPECIAL NONMETAL NICKEL ALLOY SHEETS TO BLOCK OUT STRAY MAGNETIC FIELDS, NOW "SEE" OCEAN BOTTOM SCENES AS CLEAR AS DAY.

An Angel for Your Tree

By Betty Barclay

IT'S fun for all the family to make Christmas tree decorations, and inexpensive too, when you use simple kitchen supplies and colored paper. This little angel is easy enough for a child to make, using an S.O.S. scouring pad, paper, saran wrap, and a ribbon bow.

Directions for Angel

Cut 2 pieces of pink paper, the size of an oval scouring pad. On one make a face with colored stars, using one for each eye, the nose and mouth. Place the face on one side of pad and the plain pink "oval" paper on the other and wrap with saran. Draw a pattern for wings and cut out wings from gold paper. Fasten wings at back with cellophane tape. For a hanger, cut a short length of ribbon and also

with envy and no wonder. Cynthia is just beautiful. Oh yes, I forgot to say who Cynthia is — She's Earl's new Impala! ! !

Well, everyone that's about all for this week — see you next time.

SHOP THE CLASSIFIED WAY AND SAVE!

in Earth. Did you two have fun? Billy Jean Watson and Don Sanderson were seen at the Amherst basketball tournament Tuesday night and after that they were at the show. These two were also at church and at the show afterwards Sunday night.

Jenna V. Brock and Delvin Walden certainly didn't let Jenna V's basketball playing interfere with their dating — they just went to the game! This happened Tuesday, Thursday and Saturday nights. But they really had a wonderful time Sunday — They went frog hunting. Yes, FROG hunting!

Here's a couple that we used to hear a lot about, but college is slowing them down quite a bit. Gary Bulls and JoAnn Oden were together Saturday night and Sunday afternoon. Saturday they were riding around in Earth and having very nice time. Sunday they were in Muleshoe.

Say, Earl Kellar you really get around don't you? Earl and Lind Watkins were really having a good ole time Sunday night!

Darlyna Morris and Buddy Nickelson of Otton sure were on the go a lot this week. They were together Thursday, Friday and Sunday nights that we know of and knowing them it was probably

a lot more! Darlyna and Kay Wheat were both wearing very pretty Christmas presents Tuesday. I believe you two are very lucky to have such nice boy friends! Judy Upchurch and A. C. George of Otton were double dating with Darlyna and Buddy Fri-

day night. Did you all have a good time?

Well, back to Earl again. But this boy has really done a lot this week. Maybe this is the biggest — Earl was seen with Cynthia Saturday, Sunday, everyday at school and every night. These two are together all the time! But really we don't blame Earl, why half of the boys at school are just green

Ask Yourself 2 QUESTIONS

Is it valuable? Would it be hard to replace?

If the answer is "yes" your valuable papers should be behind solid steel and concrete in a safe deposit box in our vault. Get one!

Cut Your Car Costs

You can cut way down on big repair bills for your car if you spend a little now and then for preventive maintenance.

How does the maintenance help, and which parts of the car need it? Here are tips from men who know — Shell Oil Company's automotive experts:

1. A well-tuned engine may go 50,000 miles without needing major work. A neglected engine may need costly repairs in 5,000 miles, or less. So have the engine tuned regularly.
2. Nearly 50 per cent of engine wear occurs in the first minute after starting. So never race a cold engine. Don't speed. The faster the car goes the faster the money goes — for gasoline and oil.
3. Well-treated tires last longer. So keep them properly inflated. Rotate them, including spare, every 5,000 miles. Have front wheel alignment checked twice a year.
4. Clean, top-quality lubricants hold wear to a minimum and help save fuel. Have lubrication checked regularly.
5. Overfilling the battery leads to spills and damage. Have battery checked at least twice a month.
6. A good cooling system means a more efficient engine. Have the system checked, spring and fall. Keep it clean and protected with rust inhibitor. Remember antifreeze for winter.

Simple? Yes. But sure-fire tips for saving money and avoiding trouble with your car.

by MRS. BUD MATLOCK

HONORED WITH SHOWER

Mrs. Ho Sanders was honored with a miscellaneous shower Thursday afternoon in her home. The Doris class of the Baptist Church were the hostesses. Orange punch and white cake squares were served to Mesdames Leon Sanders, Hershel Sanders, Jack Ebeling, Jimmy Coleman, Dean Borden, Bill Clayton, B. V. Padon, Thelma McClanahan, Ernest Green, Herbert Miller, A. B. Smith, Ralph Rudd, Donald Kelley and Connie of Earth, Janie Way and Elma Criswell.

Many sent gifts who were unable to attend.

Mr. and Mrs. Hershel Sanders and Jerry were dinner guests of Mr. and Mrs. Jimmy Banks Sunday.

Mrs. Ashley Davis was in Pleasant Valley Monday afternoon.

Bill Bearden of Olton suffered another heart attack Sunday and was rushed to Lubbock Methodist Hospital where he is still a patient.

Mrs. Mae Washington of Tulla visited with relatives here Sunday.

Mrs. Roy Byers on the sick list the first part of this week with the flu.

Mr. and Mrs. J. B. James attended a White Auto Show in Wichita last week.

Mr. and Mrs. Bo McClure, Connie and Toni of Lubbock spent the weekend here with their parents.

Mr. and Mrs. F. V. Dodson and Frances Ann of Olton ate dinner with Mr. and Mrs. B. V. Padon Saturday.

Stump Washington, Kenneth Boone, Rev. Cliff Jester, Don Watson and Lowell Waklon and Lester Kelley left Saturday for Dallas where they attended the Evangelistic Conference this week. They will have a chance to hear Rev.

Billy Graham preach.

Among those enjoying a steak supper for members of the Earth Roping Club and their wives at the Steak House in Earth Thursday night were Mr. and Mrs. Robert Riley, Mr. and Mrs. Bill Matlock, Mr. and Mrs. Harlon Watson and Mr. and Mrs. John Bridges.

Mr. and Mrs. Charles Hedrick of Lubbock; Mr. and Mrs. Cliff Adams and family of Whitharrell visited their parents, the Jess Matlocks.

Mr. and Mrs. Ernest Baker and Mr. and Mrs. Ernest Green left Saturday to attend the Evangelistic Conference in Dallas.

Mr. and Mrs. Z. T. Byers and children of Bovina visited with friends and relatives here Saturday. Debbie Barton and Anita O'Hair spent Friday night with Dalpa Banks.

Mr. and Mrs. Jack Sanders and children visited Friday and Sunday at the Littlefield Hospital with here sister, Mrs. Lois McClanahan.

Mr. and Mrs. Bill Matlock and Jeff and Mrs. Thelma McClanahan and Charlie Dodson visited in the F. V. Dodson home at Olton Friday night.

W. O. Watson, Sr. had surgery last week at the Littlefield Hospital. We hope he continues to improve each day.

ENTERTAIN WITH STANLEY PARTY

Mrs. Bill Matlock was hostess to a Stanley Party Thursday afternoon in her home. Coffee, doughnuts and Cokes were served to Mesdames, Velma Baker, Sid Taylor, Beck Bridges, Evelyn Bridges, Betty Matlock, Juanita Blackburn, Jess Matlock and Tena Davis.

Jeardean Matlock spent Saturday night with Jeanette James.

Debbie Jester and Susan Parish spent Sunday with Jenna and Jimma Banks.

Mr. and Mrs. Larry Mack Harding and family of Olton visited Saturday night with Mr. and Mrs. Roy Byers and family.

Mrs. Edna McClure returned home last week from an extended stay in California and Washington State visiting with the Bobby McClures and Tracy COWells.

Mrs. James Packard and Mrs. Edna McClure were in Clovis Monday.

Party Line.....

Mr. and Mrs. Pat McCord, Jill and Jane attended the Rose Parade in Pasadena, Calif. New Year's day. They also visited other points of interest.

Tips on Touring

By Carol Lane
Women's Travel Authority

Fact of Physics

Your car is 366 feet long when it is going 60 miles an hour. That's no built-in stretch. That's just a fact of physics. If you are going 60 miles an hour and slam on the brakes, your car goes 366 feet before it stops.

This is important anytime, but

especially at night. The headlights of most cars can illuminate an object about 350 feet away. That means if you are doing 60 at night and suddenly see something in the road ahead, you will be lucky if you stop before you get to it.

So — with dark coming earlier as winter sets in, and most of us doing more night driving, a little extra caution is in order. Here are some safety tips for driving after dark.

Watch your speed, especially on winding roads. Don't look at the lights of oncoming cars. Look more to the right of your own lane.

Be sure your windshield is clean and your lights are aimed properly. If they are not, have them checked. Dim your lights for oncoming cars and for cars you overtake.

Keep your reflexes sharp. Always have some ventilation. Never over-heat the car. Stop for coffee and a stretch if you feel tired. You'll be a safer driver if you're always ready to stop in time.

URAN® Nitrogen Plow-down Pays Off!

It pays to plow-down straw, corn stalks and other crop residues with URAN Nitrogen Solution. This nitrogen helps soil organisms speedily break down coarse residues into nitrogen-rich, water-absorbing organic matter to feed your next crop better and to improve your soil. Liquid ARCADIAN® URAN supplies quick-acting and long-lasting nitrogen the fast, easy way.

Use liquid ARCADIAN URAN before you plow for fall crops and spring crops alike. There's no faster, easier way to give your crops the extra nitrogen they need to build big yields and profits. Just pump ARCADIAN URAN into your applicator, and spread it on many acres per day the easy, economical way. Or have us do the application for you. It pays to use ARCADIAN URAN!

Corner on Cotton

BY BOB COLLINS

Slow in coming and even now barely scratching the surface, research is paying off for cotton in finding new uses and improving cotton's qualities in present markets . . . by the time you read this a new cotton fiber will be on the market . . . a special chemical treatment changes the molecular structure of the fiber and the change is permanent . . . it causes the treated fibers to "iron themselves" . . . we've seen the fabric and compared it to the resin treated drip dry cloth . . . to us it looked like a 100% improvement . . . the new fabric may be washed and dried in any manner and still looks as if it has been ironed . . . scheduled to go on the market this month, it will first be offered in the form of sheets, dresses, diapers, etc. . . a new-type cotton suit for men is also slated for spring sales . . . suit is made from fabric treated with resin . . . it's not wash and wear but designed to compete with mid-priced wool suits . . . we've also seen this suit and

if we're any judge, it's going to take a sizeable bite out of a traditionally wool market . . . has all the advantages of cotton and the resin treatment gives it a wrinkle resistance that cotton hasn't had before . . . maybe cotton isn't dead after all!

More Competition?

It may not be long before corn will be competing with cotton in the clothing field . . . a new variety of corn has a chemical similar to cellulose . . . it can be made into a fiber like rayon . . . but doesn't have sufficient fiber strength and may not dye satisfactorily . . . however, if research licks the technical problems the cotton farmers will have one more competitor.

Tax Guide

The government publishes a Farmer's Tax Guide which might prove helpful to you in figuring your income tax . . . cost is 35 cents (coin or check) . . . write to Superintendent of Documents, Washington 25, D. C. . . ask for publication number 225.

Maid Of Cotton

This year's Maid of Cotton is an Oklahoma lass . . . Malinda Diggs Berry of Stillwater . . . she's 20 years old and you never saw a better representative for cotton . . . under the sponsorship of the National Cotton Council she'll make a round-the-world tour promoting the finest fiber.

This is an artist's sketch of Southwestern Public Service Company's twelfth electric generating station, now under construction north of Amarillo. With a generating capability of 150,000 horsepower, the new station is part of the company's five year construction program which will see an investment of approximately \$90,000,000 in new equipment and facilities.

Former Residents Husband Receives Promotion in USN

Richard H. Fulfer, USN, husband of the former Miss Mary D. Burton, was recently promoted to the rank of Lieutenant (jg) at ceremonies conducted at San Diego.

The ceremonies were conducted by Captain Walter J. East, USN, commanding officer of the Enlisted Personnel Distribution Office, U. S. Pacific Fleet to which Lt. Fulfer is attached.

Mrs. Fulfer is the daughter of Mr. and Mrs. Murry R. Burton, formerly of Earth.

A native of Plainview, Lt. Fulfer is a career naval officer who rose through the enlisted ranks to receive his commission as Ensign

in July 1957. He is assigned to the Navy's vast, multi-million dollar electronics installation as the Deck and Ordnance Distribution Officer.

The veteran Texas naval officer enlisted in the Navy at Dallas in November 1942 and rose through the enlisted ranks to the rate of Chief Yeoman in July 1957. It was also in July 1957 that Lt. Fulfer received his appointment to the Officers Candidate School at Newport, Rhode Island.

During World War II, Lt. Fulfer saw extensive combat action as a radioman aboard the fleet oiler USS Rio Grande, with the Third Amphibious Force and as a member of the Seventh Fleet staff.

Prior to enlisting in the Navy, Lt. Fulfer graduated from Plainview High School and attended Lippert's Business College in Plainview.

The Fulfers and daughter, Grega Lynn, 8, reside at 6022 Ranger Road, San Diego, Calif.

Springlake, 5.8 miles to seal coat, an estimated cost of \$6400.

US 70 from 2.7 miles west of Oilton to the County Line, 5.9 miles to seal coat at an estimated cost of \$6600.

Rev. and Mrs. Ellis Todd of Sudan visited with Rev. and Mrs. H. M. Secord, Tuesday.

Attention Mr. Farmer Report Income For Social Security Benefit

Farmers must file income tax returns to report self-employment income for social security purposes, even though they have no income tax to pay. According to John G. Hutton, manager of the Lubbock district social security office, any farmer who has a net profit of \$400 or more in his tax year must file an income tax return to show income taxable under the Social Security Act.

Mr. Hutton emphasized that tax returns showing income subject to social security tax must also show the taxpayer's name, address and social security number. When any of these items are omitted, the taxpayer might not get social security credit for the income on which he paid the tax. Since future social security benefits are computed on reported earnings, omission of identifying information on the tax return can seriously reduce a future social security benefit paid to a self-employed person, Hutton said.

Farmers who have less than \$400 net farm profit, but who have \$600 or more gross farm income can report earnings toward social security coverage. If the gross income is not over \$1800, two thirds of the gross can be reported if greater than the true net if the farmer wishes to increase his future benefit payment. Also, if a farmer's gross farm income is more than \$1800, but the net is less than \$1200, he may, if he wishes, report \$1200.

Farm income of farm landowners who lease out their land to someone else is covered by social security only if they participate materially in the management or production of the crop by arrangement with the lessee. Farm landowners who are not sure their income is covered by social security should consult their local social security office, Hutton said.

Sunnyside News -

by MRS TEENA BOWDEN

Mr. and Mrs. Cecil Curtis and family returned from Brownsville last Sunday after spending the Christmas holidays with her parents there.

Mr. and Mrs. John Bridges and boys from Earth and Mr. and Mrs. Bill Matlock and Jeff from Springlake were supper guests of Mr. and Mrs. Howard Bridges last Sunday night.

State To Rehabilitate 2385 Miles Of State Highway System

The State Highway Commission recently announced a program to rehabilitate 2385 miles of the State Highway System.

Marshall Formby, chairman of State Highway Commission, stated that the \$20 million program is for the principal purpose of protecting the investment that has been made by the taxpayers of Texas in the State Highway System.

"We will be working on 350 projects under this program, and the work will be done during 1959. We must always have programs of this type in order to keep our present highways in the best possible state of repair until they can be rebuilt completely. The volume of traffic generated by Texas' 4.3 million vehicles is tremendous, and a road-rehabilitation program helps to increase the carrying capacity of the road. A very important aspect of the program is that the work done on these highways will make them safer, too . . . a goal we are constantly striving for," Formby said.

The commission chairman stated that the work under the program would be in road widening, shoulder work, and surfacing of the highway.

Lamb County projects are State Highway 51 from Littlefield to Hockley County Line, 5.9 miles of reconstructing, grading, structures and surfacing at an estimated cost of \$190,000.

Eighteen Cases To Go Before Lamb County Grand Jury

The Lamb County Grand Jury convened Monday at 9 a.m. with 18 cases to be considered by the jury, according to County Attorney Curtis Wilkinson.

Two cases of assault with intent to murder and another of armed robbery will be the major cases brought before the Grand Jury.

The two assault cases are Al Thornton who is charged with a shooting in the Flats, the Colored section of Littlefield in October and Ray Trevine who was involved in a shooting at a Mexican Dance in early December.

The armed robbery is the one which occurred in Littlefield Thursday night, involving an attempted holdup at the Palace Theatre and the armed robbery of a 26 year old woman at her home in Littlefield.

Other cases to be taken up by the jury include (with names withheld where suspects are not in custody) Unlawful sale of mortgaged property, Polo Cantu of Earth and one other case.

Possession of marijuana, Jimmy DeLuna of Earth.

Forgery, M. C. Brown of (Olton Joe Milligan of Cuero and five other cases.

Theft, William Grant Leslie of Littlefield; Eddie Edwards of San Juan.

Child desertion, Manuel Villarreal, Sr. of Hereford and one other case.

Violation of check law, one case.

District Judge E. A. Bills will preside, with sessions tentatively scheduled in the County Courtroom. Judge Bills has also called a week of Civil Trials starting January 26.

appearing, by feeding him crackers. Therefore hating his pleasing countenance from full view at any time, (It took self discipline for those of us back down the line to smile and look happy in the face of such odds, it looked as if he'd get seconds before we made it to the table). Mrs. Bill Beasley was busy conversing on several subjects, in fact I was surprised when she pointed at one of the large John Deere tractors. (Which by the way were placed about the shop in such a manner that the farmers couldn't hardly enjoy their food for fighting down the desire to purchase one) and pointed out those bucket like deals were planters for cotton seed which showed she was a farmer's daughter, who had some knowledge of machinery.

I was a farmer's daughter too, but for some unexplainable reason never was introduced to such complicated machinery, my chief concern on the farm was the less mechanical devices such as the hoe and pickaxe. These two farm accessories will long remain in my memory.

My Kiddo's think that surely I spent those long days in the sunshine primarily for the suntan. However my Dad could clue them in on the real reason I spent my days aiding little growing plants to grow up uncrowded by those powerfully healthy weeds, and later harvesting that white fleecy fibre, Jean, and yours truly decided that we could be a real Lou Lou at entertaining our future grandchildren, if the world makes as many changes in the next 20 years as it has the past 20. We'll sure have some yarns to tell those kids that will lay Little Red Riding Hood in the shade.

Interest Rate To Private Lenders Increased by FHA

Farmers Home Administration has increased its interest rate to private lenders under the insured farm loan program from three and one half to 4 percent. Walter McKay, the agency's State Director, advised that this change was made to encourage more lenders to advance funds for insured loans in order to meet the needs of qualified applicants throughout the Nation.

The insured farm loan program encourages the use of private capital in place of direct Government loans, through this program private lenders can advance funds to eli-

gible farmers for the purchase of land, for building and land improvement, and for domestic and irrigation water systems. In addition to the 4 percent paid the lender, the borrower pays the government 1 percent for insuring and servicing the loan.

Although the amortization period of the loan may be up to 40 years, depending on the purpose for which the loan was advanced, the lender, at his option, may have the note redeemed by the Government at any time after five years. The note, held by the lender, is negotiable and may be assigned to another investor at any time.

"The insured farm loan is an attractive investment for private lending institutions and individuals and has been well received here in Texas," McKay stated. "In fact, 92 of our more recent real estate loans totalling \$8,926,000 were made from funds provided by private credit sources. We anticipate that raising the rate of interest to lenders to 4 percent will re-

Have You Paid Your Poll Tax?

THE BIG QUESTION, HAVE YOU PAID YOUR POLL TAX?

You only have until January 31 to do so. Voters must be constantly reminded that Voting is a freedom, which we often take for granted.

Most of the people have witnessed two World Wars showing us that a foreign power could take away our liberty.

Everyone should pay his Poll Tax and have a voice in his government.

result in a substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit needs of more farm families."

Mrs. Haberer Appears On Cotton John's Farm And Ranch TV Show

Members of last summer's Farm and Ranch European tour appeared on Cotton John's Farm and Ranch KGNC-TV telecast show at 12:30 p.m. Saturday, January 10.

Mrs. Bonnie Haberer, a member of the group appeared on the program.

The premier of "Tenderfoot in Europe" was shown at the Stephen-

F. Austin Auditorium. Guests attending were Mr. and Mrs. Russell Haberer and Mrs. Ted Haberer, all of Earth.
