WHICH IS THE GREAT COMMANDMENT?

r to the above question as asked by a Pharisee Jesid, "Thou shalt love the Lord thy God with all thy heart, with all thy soul and with all thy mind. This is the first and est commandment. And the second is like unto it; Thou shalt thy neighbor as thyself." Matthew 22:37-39.

Love is the most precious of all human emotions. With it is happiness, peace of mind. Without it misery and final peration from God. God loved us to the extent, He gave His son to die for our sins, which had separated us from God. Jess loved the world by living in it in perfection for our example,

Love the Lord thy God . . . What does that mean? What would ast cause us to do? Jesus said, "If ye love Me, keep my corn-andments," John 14:15, Also He said, "If a man love me, he will keep my words" John 14:23. Many say they love the Lord; but do they? Do you?

You know the Lord has asked you to worship God "in spirit nd truth" John 4:24, do you? Or do you worship according to one denominational teaching of men? Jesus said, "This people travelh nigh unto me with their mouth, and honoureth me with heir lips; but their hearts are far from me. But in vain they me. teaching for doctrines the commandments of en." Matt. 15:8,9. Do you have the doctrines of God as your ttern of worship? If you love God you will worship according

You say you love Jesus, but have you obeyed His gospel? Jesus said, "He that believeth and is baptized shall be saved; but be that believeth not shall be damned." Mark 16:16. Did you do hat, or were you baptized, but not saved as Jesus said, but bese you thought you had already been saved?

If you love Jesus you'll keep His commandments. It would well for us to compare our religion to New Testament relijon to see for certain whether or not we are keeping the Lord's indments, thus showing our love for Him

Come study with us the Lord's commandments at the Church

Inexpensive lamp kit, put together at home, looks good and plenty of proper light for reading, sewing, studying and other close

Gataing the correct lighting for reading, aswing or studying is easy with an attractive lamp kit which you can assemble at home and to suit your decorative tastes.

Many 4-H'rs have found fun in the project, and only recently Mrs. Harriet Brummett, County Home Demonstration Agent in Floyd County, Texas, assembled one of the kits in less than one afternoon.

"My husband thinks it is the best reading lamp in the house," says the proud Mrs. Brummett, who adds, "the amazing part about this quality lamp is the low cost. The kit and the approved R-40 bulb cost only about \$4.00."

Your Home Demonstration Club, 4-H Club or other groups can set up a craft lump-building project with the help of your County Extension Agent, It's not only fun, but the kits come in a variety of colors permit.

base is large enough to prevent the help of your County Extension Agent. It's not only fun, but the kits come in a variety of colors permitting the homemaker to choose lamps which harmonize with the motif of the home. The Floyd County Home Demonstration Cluba are already planning similar craft lamp projects for this winter.

Important is the fact that although the lamp is extremely attractive, it still entails the design
