BIG SPRING, TEXAS, TUESDAY, JUNE 23, 1942

Eight Pages Today

**Crater On West Coast**—A craft believed to be a submarine dropped nine shells north of this point, but did no damage. Lt. Col. F. T. Gregory, right, is searching for shell fragments in one of the craters.

## Shipping Problems Talked By Roosevelt, Churchill

### Glider School Staff Now At Park Barracks

Enlisted men assigned to the U. S. Glider School here have been moved into permanent quarters at the community center barracks in the city park area, officers said Tuesday.

The buildings, originally used on Scenic Mountain by the CCC and later moved to the city park for a community center and subsequently utilized by NYA for resident center purposes, have been leased from the city by Art Wintelsner, whose Big Spring Flying Service is contractor for the glider school.

Necessary improvements have been made at the buildings, said Lieut. Arthur L. Eaton, adjutant. Operations at the training field, 14 miles north of here, are now proceeding smoothly. Additional students are arriving from time to time.

### Welders Sent To Shipyards

Seventeen men have been assigned by the United States Employment Service office here to report for shipyard employment at Orange, C. R. Hodden, local manager, reported Tuesday.

WASHINGTON, June 23 (AP)—President Roosevelt and Prime Minister Churchill of Britain centered their attention today on the vital problem of shipping as they went ahead mapping plans for the United Nations war strategy.

Their summation of shipping experts of the two governments to a White House conference which was described as one of the most important of the series the chief executive and prime minister have been holding for the last five days.

The White House permitted the disclosure also that Mr. Roosevelt and Mr. Churchill had conferred yesterday with Dr. T. V. Soong, China's foreign minister, who has been in this country for some time. Presidential Secretary Stephen Early said it was "quite an extended conference."

### Libyan Loss Ires Commons

LONDON, June 23 (AP)—Disaffection with British military leadership flared openly in the house of commons today as it received its first accounting of the defeat in Libya.

Although the heartening news came that Britain's desert fighters have been reinforced and that more reinforcements are on the way, the house learned that the naval side of the Libyan struggle cost Britain seven warships, including a light cruiser, and 50 planes.

## Priority May Be Handicap To Housing

### Remodeling, Rather Than New Building, Is Emphasized

Rosy pictures were lacking at a housing meeting Monday evening when more than three score persons listened to discussions of federal housing restrictions and explored the possibility of constructing units here to relieve housing pressure.

Permission to build, warned Forrest W. Gregory, field representative for the Fort Worth district FHA office, and Willard L. Lowry, staff architect for the Fort Worth office, carries with it no guarantee that materials may be had.

Under the "critical" designation, such as Big Spring now has, said Lowry, an A-2 priority rating may be had. In the field of critical materials, particularly involving metals, the A-2 rating might not draw much water behind a flock of A-1 ratings for military construction.

Gregory and Lowry stressed the possibilities of remodeling, because of the materials pinch, they said, so that additional families could be accommodated by space converted to apartments. Business property could even be made into apartment space with FHA help, said Gregory.

However, there were no general restrictions on the type of new buildings if materials could be had, the speakers said. Single dwelling or multiple apartment units (no limit on the number of families to be accommodated) may be constructed.

### 294th Sinking Brings Heavy Loss Of Life

By The Associated Press  
Possibly the heaviest loss of life in a single sinking off the Atlantic coast since the United States entered the war was disclosed today with the navy's announcement that a medium-sized American freighter went down June 15 and that 88 persons were missing, two of whom were known dead—the 294th ship sunk in the western Atlantic since Pearl Harbor.

The sinking was revealed less than a day after the navy had announced that it had been conveying merchant shipping along the east coast for approximately 30 days.

The freighter, hit by two torpedoes 75 miles off the United States coast, sank so rapidly that none of its lifeboats were launched and many of those missing were believed trapped in cabins below decks.

# Big U. S. Bombers In Action Against Germans In Africa

**Germans Near Egyptian Border**—German columns (1) (black arrow) driving ahead after capture of Tobruk, were reported to have clashed with the British northwest of Ft. Capuzza, near the Libyan-Egyptian border. Some British commentators thought defenses near Sidi Barrani would be of little use so long as Axis had tanks enough to try flanking drive (2) (broken arrow) through Giarabub and Siva oases. Axis planes, following up land forces' gains, bombed the Egyptian coast between Sidi Barrani and Fuksa (3).

## Oil Allowable For July Set At 1,209,482

AUSTIN, June 23 (AP)—The Texas Railroad Commission today issued a statewide oil production order covering the entire month of July and allowing a total estimated production of crude and natural gasoline of 1,209,482 barrels daily.

Commissioner Olin Culberson, who with Commission Chairman Ernest O. Thompson signed the order, said that Federal Oil Coordinator Harold L. Ickes had recommended the production of 1,214,400 barrels of petroleum liquids in Texas daily during July.

Culberson stated the order, by fields, differed little from current allowances.

### Argentine Vessel Sunk By Germans

WASHINGTON, June 23 (AP)—Secretary of State Hull declared today the sinking of the Argentine freighter Rio Tercero 120 miles off of New York was one more instance illustrating the policy of frightfulness and terrorism the German high command is undertaking to carry on in the Atlantic.

### BOMBINGS IN BURMA

NEW DELHI, India, June 23 (AP)—British headquarters announced today that "RAF bombers carried out three raids on Japanese concentrations in Burma yesterday. Akyab was attacked twice."

## Sevastopol Still Blocking Germans

MOSCOW, June 23 (AP)—The garrison of embattled Sevastopol has stopped the Germans who drove a wedge into the defenses of the fortress, the Russians reported today.

Military dispatches said the axis, holding great superiority in manpower and machines, succeeded in penetrating frontline positions by throwing in new tanks and fresh troops, but failed to reach the depth of defense of the big Black Sea base.

A Soviet summary of the first year of the war against Germany asserted meanwhile that the Germans had suffered 10,000,000 casualties against 4,500,000 Red losses, and that the Germans no longer were able to launch a general offensive.

### Record Army Supply Bill Up To House

WASHINGTON, June 23 (AP)—A \$42,820,000,000 army supply bill—largest in history—was sent to the house by its appropriating committee today to finance an army with a strength of 4,500,000 by July 1, 1943, and to send war material to other United Nations.

### Fugitive's Cache Of \$10,000,000 Is Uncovered

WASHINGTON, June 23 (AP)—A \$10,000,000 cache of securities and cash owned by Henry M. Blackmer, fugitive Teapot Dome scandal witness, has been uncovered by the treasury in its search of all assets belonging to persons living abroad.

## Our Boys Join RAF In Raid On Bengasi

### Battered Britishers Looking For Push On Egypt At Any Time

CAIRO, June 23 (AP)—The United States army has hurled its big four-motored Consolidated bombers into the defense of Egypt with a damaging raid on the Axis supply base of Bengasi, Libya, it was disclosed today.

With the battered British Eighth Army expecting a drive eastward into Egypt at any time by the German-led troops who captured Tobruk and moved up to the border, the U. S. fliers joined the RAF in a heavy raid Sunday night on Bengasi's pier and railroad, an RAF communiqué reported.

Many fires were started in the damaging assault. The RAF alone raided other Libyan points, shooting up air-dromes and transport, and reported torpedo hits on a merchant vessel in an Africa-bound convoy.

Constant aerial patrol is being maintained, in addition to the bombing and strafing, in the American and RAF bid to keep the Nazis' and their Italian satellites from getting set for the expected quick thrust against Egypt.

Royal air force observers reported that "large numbers" of German-Italian vehicles, presumably carrying troops, were in the vicinity of Sidi Azeza, 12 miles west of the border, where they were attacked by fighters and bombers, but it was reported here that the great bulk of the enemy strength still seemed to be some 50 miles west of the border.

### Mesa Killing Case To Trial

PHOENIX, Ariz., June 23 (AP)—Victor F. Smith, Mesa, Ariz., tourist camp operator, went to trial today on a charge of murdering Owen Brummett, 19, Mesa high school football player, and formerly of Big Spring, Tex., who was accused by Smith's 16-year-old daughter of attacking her.

### Housing Shortages Affect Production

WASHINGTON, June 23 (AP)—Army and Navy officials told a house committee today there would be "serious lags" in the production of aircraft, shells and power use less immediate housing was provided in many industrial areas of the nation.

## Mrs. Wilkerson Honored With A Shower

Mrs. Olan Wilkerson and Mrs. A. L. Cooper were hostesses in the Wilkerson home Monday afternoon for a pink and blue shower honoring Mrs. O. H. Wilkerson.

Refreshments were served and others present were Mrs. Grady Jones, Mrs. H. G. Bettis, Mrs. A. A. Glaser, Mrs. A. L. Franklin, Helen Franklin, Mrs. F. A. Childers, Mrs. E. C. Evans, Mrs. J. D. Dudley.

## Coahoma Auxiliary Has Circle Meetings In Homes of Members

COAHOMA, June 23 (Sp.)—The Presbyterian Auxiliary met in circles Monday afternoon with Circle One holding session in the home of Mrs. B. R. Lay. Mrs. Lavelle Stamps led the program on "When Christ Saw."

Mrs. Leroy Echols gave the Bible meditations. Others present were Mrs. Phil Smith, Mrs. Percy Shive, Mrs. H. Noble Read, Mrs. Cora Echols, Mrs. Truett De Vane, Mrs. Sam Hicks, Mrs. Elsie Elliott and the hostess.

Circle Two met in the home of Mrs. Kate Wolf with Mrs. Frank Loveless as leader. Mrs. Read gave the Bible lesson and others present were Mrs. Charter Hale, Agnes Barnhill, Mrs. Oscar Smith, Mrs. A. E. Johnson, Mrs. Charles Read, Jr., Betty Lou Loveless and Mrs. A. D. Shive.

Mr. and Mrs. M. H. O'Daniel were honored Sunday with a picnic at the city park on her birthday anniversary and in observance of Father's Day.

Present were Mr. and Mrs. Gene O'Daniel and family, Mr. and Mrs. Oscar O'Daniel and family, Mr. and Mrs. A. C. Bass of Big Spring, Mr. and Mrs. J. E. Brown and family of Knott.

Mr. and Mrs. R. V. Guthrie are spending several days in Kilgore this week in the home of their son, the Rev. Shirley Guthrie and family.

At least two-thirds of all motor vehicles in the world are in the United States.

## DRIVE OUT BOWEL WORMS Before they cause trouble

Learn the truth! Anywhere can have roundworms without even knowing it! And these creatures feed on your child can cause real distress. Watch for the warning signs: uneasy stomach, broken sleep, itching parts.

Get JAYNE'S VERMIFUGE! If you've seen scientific roundworms! JAYNE'S is America's leading proprietary worm medicine! Scientifically tested and used by millions for over a century. JAYNE'S expels stubborn worms, yet sets very easy. When no worms are there it is just a mild laxative. Be sure you get JAYNE'S VERMIFUGE!

## Teacher From Nanking, China Is Guest Speaker At Christian Council

### New Officers Installed At Meeting

Telling of conditions in China and the occupation of cities by the Japanese, Miss Lillian Abbott, teacher in the Nanking, China, University, was guest speaker Monday at the First Christian Council luncheon at the church.

Miss Abbott, who has taught in the University since 1919, told of the rice kitchens operating solely from the China Relief funds sent by churches in the United States and pointed out that in many cases, the rice distributed to war refugees was the only food available.

She appealed for more garments needed by the stricken people and of the efforts of the Chinese Relief funds sent by churches in the United States and pointed out that in many cases, the rice distributed to war refugees was the only food available.

## Monahans Guest Is Honored With A Dessert-Bridge

Dessert-bridge was held to honor Mrs. J. C. Rhadar of Monahans in the home of Mrs. Holt Eastland Saturday evening. Mrs. Rhadar is the houseguest of Mrs. Eastland.

High score went to Mrs. D. M. Penn and second high to Mrs. Ike McGann. Mrs. Rhadar was presented with a gift from the hostess.

## Blue Bird Troop To Have Hike And Party

Discussing plans for a swimming party and hike next Monday at 10:30 o'clock, members of the Blue Bird troop met Monday afternoon at the First Methodist church.

Games were played and a program held. Mrs. Clyde Thomas, Jr., sponsor, attended with 11 members.

## Calendar Of Weeks Events

WEDNESDAY  
MOTHER SINGERS will meet at 2 o'clock at the First Methodist church for practice.  
CHILD STUDY CLUB will meet at 12 o'clock at the Settles for luncheon. Members are to call Mrs. J. E. Brigham or Mrs. H. E. Clay for reservations.  
AIRPORT WIDOWS will meet at 12 o'clock at the Crawford for luncheon followed by a theatre party and swim. Mrs. W. K. Edwards, Jr. is hostess.

THURSDAY  
ROYAL NEIGHBORS will meet at 2 o'clock at the W.O.W. Hall.  
FIRST BAPTIST RUTH CLASSES will meet at 10 o'clock at the church for a business meeting.  
YOUNG MOTHERS SEWING CLUB will meet at 2:30 o'clock with Mrs. R. E. Bridwell, 1008 Gollad.

FRIDAY  
WOODMEN CIRCLE will meet at 8 o'clock at the W.O.W. Hall.  
LADIES GOLF ASS'N will meet at 1 o'clock at the country club for luncheon.  
SATURDAY  
COUNTRY CLUB members will be entertained with an Open House at the clubhouse.

Not High Taxes—Just A Bee Sting  
COFFEYVILLE, Kas., June 23 (AP)—Other taxpayers stood aghast. One man entered the office of the County Treasurer Jack Pohl and asked the amount he owed. Learning the figure, he fled screaming loudly.  
Hidden inside his shirt, a bee had chosen that moment to sting.

## Miss Laneous Notes

By MARY WHALEY

Tearing along at breakneck speed, as travelers have done in the past, telegraph poles looked like fences, and small towns were just a blur. With one eye on the speedometer and the other on the rear view mirror, looking for the highway patrol, the average American judged his own speed by the number of miles covered in the least amount of time.

## Royal Service Program Given For East 4th St. Baptist Women

Royal Service program was given for the East 4th St. Baptist Women's Missionary Society at the church Monday with Mrs. A. W. Page in charge.

Mrs. Otto Couch had the devotion. Mrs. E. L. Patton talked on "Whatsoever Things of Good Report" and Mrs. R. J. Barton on "Christian Graces in Women." Mrs. R. Elmer Dunham told stories of Christian graces and Mrs. Elmer Rainey gave "Good Report of the Margaret Fund."

## Business Reports Are Given For Methodist Women's Society

Reports on the second quarter were given at the business session held Monday afternoon at the First Methodist church by the Woman's Society of Christian Service.

## VISITS AND VISITORS

Omar Jones left Saturday for Fort Hill, Okla., for induction into the army. He was accompanied to Lubbock by his wife, Mrs. Jones and sister, Mrs. S. W. Age.

Sybil Dean Oliver is visiting her aunt, Mrs. Paul S. Graham, in San Angelo.  
Mrs. R. L. Michael has as a guest her mother, Mrs. J. G. Fletcher of Ardmore, Okla.  
Bertie Mary Smith left Sunday for Dimmitt to visit Cella Frances Hicks, Sue Shaffey, Alorah Burns, Mr. and Mrs. John G. Davis and Mrs. C. L. Richardson for two weeks.

## Calendar Of Weeks Events

A sandwich course was served for refreshments. Mrs. Roy Green was present as a guest and others included Mrs. H. J. Whittington, Mrs. Mary Edwards, Mrs. W. W. Colson, Mrs. J. E. Nix, Mrs. E. Cawthron, Mrs. J. L. Low, Mrs. J. W. Tabor.

## Bible Study Given On Two Chapters Of Book Of Luke

Bible study on the fifth and sixth chapters of Luke was held by the Presbyterian auxiliary at the church Monday afternoon with Mrs. O. L. Savage in charge.  
Attending were Mrs. D. A. Koons, Mrs. C. L. Wason, Mrs. A. A. Porter, Mrs. Julia Beacham, Mrs. L. S. McDaniel, Mrs. T. E. Currie, Mrs. G. D. Lee, Mrs. L. G. Talley, Mrs. E. O. Ellington, Mrs. R. V. Middleton.  
American Independence Day has been observed in Denmark every July 4 since 1812.

## Over Seas Kits Prepared By The Local Red Cross Chapter Due To Be Popular With All Soldiers

When Johnny Doughboy leaves for Ireland, England, or any of the other points where United States troops are stationed, he'll carry along an extra over seas kit, made by the volunteer workers of the Red Cross.

This morning workers at the Howard-Glasscock county chapter completed pecking 800 of the kits made here as the local chapter's quota.  
The kits, which are made of khaki colored cloth, include a deck of cards, cigarettes, shoe polishing cloth, pencil, envelope and paper, chewing gum, shoe laces, razor blades, a book, and a housewife. And this housewife is bound to become the soldier's best friend.  
It is made of blue denim and contains needles, thread, safety pins, buttons. Advance reports from the soldiers indicate that these housewives are really all right.  
In the Howard-Glasscock county kits, there will also go a card of greetings from the chapter. These cards were made by Mrs. O. M. Waters and colored by hand.  
After over seas kits were made, other government officials requested such a gift be made by the Red

# U. S. Bombers Add Strength To Defending Chinese Army

## Japs Said To Be Checked At Some Points

By The Associated Press

Giant four-motored U. S. Army bombers, winging 500 miles across one of the world's toughest flying routes, were reported bolstering Generalissimo Chiang Kai-Shek's armies in China today amid indications of a slightly improved but still critical outlook on the Chinese fighting front.

"The Japanese have taken a number of cities from us," a Chinese army spokesman said, referring to the campaign in east China.

"But our troops are penetrating the enemy flank and rear and the battle is anything but decisive, despite preposterous enemy claims."

The spokesman said that Chinese troops had stopped Japanese invasion columns along vital routes in Kwangtung and Kiangsi provinces and that even with reinforcements brought up from the South Sea, the enemy had been unable to narrow the 50-mile gap held by the Chinese along the strategic Chekiang-Kiangsi railway.

The spokesman said a Japanese move to invade the coastal province of Fukien from Kiangsi had also been frustrated.

But the Chinese again appealed for more arms, and it appeared that the call was being heeded on a rising scale.

Dispatches from New Delhi, India, said huge American army bombers, medium bombers, fighters and freighters were moving now from India to China despite the increasing fury of the monsoon rains and the alertness of Japanese fighter squadrons in Burma.

These dispatches said the planes—flying through fog and storm, dodging Jap fighters, skirting poorly-charted mountain peaks, and skimming jungles infested with tigers and headhunters—were delivering supplies and aerial striking power to the sorely-pressed Chinese armies, who never have had an adequate air force to combat the invaders.

## Crude Production Gains During Week

TULSA, Okla., June 23 (AP)—Daily crude oil production in the United States increased 1,250 barrels to 3,743,060 for the week ended June 20, the Oil and Gas Journal said today.

California production was up 1,750 to 872,250; Illinois, 2,845 to 279,950; Kansas, 100 to 279,850; Oklahoma, 1,950 to 377,600; Texas, 14,200 to 1,280,700, and East Texas, 150 to 82,750.

Michigan declined 4,600 to 65,200; eastern fields, 8,350 to 98,400; Louisiana, 785 to 307,850; and the Rocky Mountain states, 1,645 to 122,995.

## Sugar Stocks Said To Be Below Normal

WASHINGTON, June 23 (AP)—Even though warehouses are congested in certain areas, the sugar surplus throughout the nation is below normal, the office of price administration said yesterday.

The OPA comment was elicited by a report that the Imperial Sugar Refinery at Sugarland, Tex., had so much sugar its warehouses that it had closed down and probably would not re-open until July 8.

Uncertainties of shipping will prevent any major change in rationing regulations at present, OPA officials added.

Indiana was discovered by La Salle in 1671 and constituted part of New France.

## Kilday Case To Go Before High Court

By Associated Press

The legally-complicated question of whether the state democratic executive committee should recognize James E. Kilday of Austin as the only candidate for one of the two railroad commission places at state in the July democratic primary goes next to the state supreme court.

The second court of civil appeals at Fort Worth yesterday in a tentative decision held that Kilday was entitled to injunctive relief in

a lower court.

The court reversed a district court denial of an injunction in which Kilday sought to keep the names of ten other candidates for the railroad commission off the democratic primary ballot.

The case was certified directly to the state supreme court, Chief Justice Atwood McDonald and Associate Justice John Spear of the appeals tribunal explaining that the decision was not effective until the higher court either passed the case or declined to consider it.

In the latter event, the second appeals court could after two weeks take up the case and write a final opinion.

Beauford H. Jester of Corsicana, one of Kilday's opponents for the post vacated by the resignation of Jerry Sadler, called upon Attorney General Gerald C. Mann to institute quo warranto proceedings to

determine whether Sadler is still a commission member.

After announcing his resignation to accept an army post, Sadler informed Gov. Coke Stevenson that he had withdrawn his resignation.

The state democratic committee contends, however, that Sadler's resignation created a vacancy. Kilday asserts that he was the only candidate to file for the railroad commission within the legal time limit.

was reliably reported the attack was both heavy and successful.

The scale of the attack was indicated by the report that six planes were missing from the operation.

Bad weather had grounded British bombers Sunday night, but on the two previous night RAF squadrons had attacked Emden.

One well-informed source said the naval base "probably looks very much like Cologne, Roetock and Luebeck now."

Britain was free of Nazi raids last night.

BRISBANE'S CURVING WATERFRONT—This is the circular quay of Brisbane, eastern Australian port and capital of the state of Queensland. The city of about 200,000 in peacetime was busy trade center, but is now in critical position as Japs threaten Australia. Across docks went large exports of wool, meat, maize, sugar.

### Wheat, Cotton Are Plentiful

WASHINGTON, June 23 (AP)—Housewives may look forward to unlimited wheat and cotton under today's estimates of the Army. Major General E. B. Gregory, quartermaster general, told a house appropriations subcommittee that the outlook for those two commodities was good. Testifying on the military establishment appropriation bill for 1943, reported to the house today, the quartermaster general said the country produced sufficient wheat to feed the Army. "Without rationing the civilian population?" asked Representative Starnes (D-Ala.). "Yes, sir," was the reply. "Does it produce sufficient cotton to clothe the Army without rationing the country on cotton goods," Starnes inquired. "Yes, sir," General Gregory replied.

Some New Orleans streets are named after muses of Greek mythology. Belgium has three times as many factory workers as farm workers.

The chart room in which the skipper holds sway, is only about five feet square and in that confined space there are the navigation maps, the ship-to-shore radio, the compass, engine control and hatch leading to his quarters just off the kitchen. It's so confining you have to turn "by the numbers." Most grade-crossing accidents occur between midnight and one o'clock in the morning.

### Victory Garden Pays Dividends, As Vegetable Prices Go To High Levels

CHICAGO, June 23 (AP)—Swing deners, ranged up to double those a year ago in some cases. Virtually every vegetable is higher and in instances the highest on record. Typical examples: cabbage is up about 60 per cent compared with a year ago; cauliflower, 30 per cent; celery, 23 per cent; sweet corn, 19 per cent; lettuce, more than 50 per cent; some potatoes, almost 80 per cent; cantaloupe and watermelon, more than 25 per cent; asparagus and beans, 25 per cent; beets, 20 per cent; green onions, about double; peas, 65 per cent; radishes, 25 per cent; tomatoes, 70 per cent; turnips, 25 to 30 per cent; rhubarb, 50 per cent, and spinach, 100 per cent.

### There's No Space To Waste On U.S. Navy's Speedy Sub Chasers

By J. NORMAN LODGE  
ABOARD A SUBMARINE CHASER WITH THE ATLANTIC PATROL (Delayed) (CP)—If you suffer from claustrophobia don't ship aboard one of the U.S. navy's 83 foot submarine chasers. It's a brutal life. These small craft, manned by a crew of 12 sleeping in relays because of lack of bunk space, speed over the waves, and many times out of the sea altogether, at a maximum of 20 knots. Two 600 horsepower motors, brooding like a dotting mother, sing a snug song to the mechanically inclined ear. Everything is compact. The galley would be termed "cute" by the average housewife. Everything is electric, but—you couldn't bake a cake because the rolling and pitching would be dis-

astrous to anything leavened. It's almost impossible to cook anything liquid because most of it would be on the floor. It's a cast of sneak up on the electric refrigerator for if you don't, everything in it will hit the deck when you open the door. But withal, your boys aboard are well fed. That is, well fed if the duty tour doesn't stretch into several days over what was expected. Then it's a case of no bread, no fresh meat, no fruits, and no milk. I have just had that experience. At sea five days convoying tankers and merchantmen from a southeastern port to a point farther north preparatory to their going overseas, I found life aboard these chasers far from being beer and skittles. These craft are confining. Only 83 feet from stern to stern there

is about 20 feet forward of the navigating cabin and chart room and an equal distance aft. And aft there are four depth charge racks, a life raft and life boat, two companionways leading into the engine room and two machine guns. Not much space there for stretching legs. The chart room is protected by a bulging armor plating leaving only a foot between its sides and the rail. The decks are flush and oft-times under water. The craft draws only about six feet and usually you are walking uphill going from stern to bow. The crew stands watches of four on and four off because of the submarine menace. Cat naps on deck are the usual thing, for the six bunks below are cramped into the bow of the ship where the pitching is felt the worst.

To Relieve Misery of COLDS Take 666

### How to Make Your Appliances Run Smoothly and Last Longer\*

Your electric fan, and other motor-driven electric appliances, will run more smoothly and last longer if oiled according to the recommendations of the manufacturer. Now that the manufacture of fans has been restricted and many other motor-operated appliances are out of production due to the war, every needed attention should be given them to make 'em last.

A complete cleaning and oiling by a qualified electrician should make your fan operate more quietly and prolong its life. This attention is particularly important after a fan has been idle all winter.

\*This message is one of a series designed to aid you in getting the maximum benefit from your present electrical equipment.

TEXAS ELECTRIC SERVICE COMPANY C. S. BLOMSHIELD, Manager

### TO SURVIVE, an industry must serve the people and serve it well.

There are many ways in which advertising serves, but here are three of great benefit to you.

Advertising constantly operates to improve our standards of living by lowering prices.

It does this by making the economies of mass production possible.

You can make 300,000 of an article for much less per article than if you made only, say—100. So you can sell it for less.

With these lowered prices, more people can buy things and the standard of living of all the people goes up.

In other countries automobiles are almost unheard of in middle-class families. But, today over 20 million automobiles are driven by our people because with the aid of advertising their prices have been brought down within the means of more people.

Advertising makes possible free competitive enterprise.

Through advertising a small business man can expand to the full limits of his value to society. He can take his case before millions, whereas without advertising only a few hundred could be reached.

This creates healthy competition between business.

## Do you know the three great services advertising renders You?

The consumer is always the gainer because competition forces quality and service to be better and prices to be lower.

Consider the automobile, radio, mechanical refrigerator or almost any product of 15 years ago and these products today. In every case you'll find quality improvement along with the lower prices.

Advertising helps vitally to perpetuate our Bill of Rights—our Freedom.

It does this by helping newspapers, radio stations, magazines, and other means of expression to remain solvent from the advertising revenues received. Without a free press our Bill of Rights would be next to

worthless, because we would never be sure of what was going on. This would leave us wide open for the dictators—much the same as in Germany, Russia and Italy today.

### WHAT TO DO

Mention these points if you run across an uninformed fellow, who misunderstands the importance of advertising in our American Way of Life.

And make advertising your daily buying guide—because if you see a firm or product consistently advertised you can be pretty sure that firm or product is delivering you the greatest value for your money in quality, service and price.

COMMITTEE OF CONSUMER FACTS In Cooperation with The Daily Herald

# Whirlaway Due To Become Top Winner

NEW YORK, June 23 (AP) — Sharp as a tack on teacher's chair Whirlaway sat around and munched his oats today and studied a schedule that he figures will make him the world's leading breadwinner of the turf in exactly 22 days.

He proved his fitness for those festivities by smashing Aqueduct's mile and an eighth track record to 1:59 2-5 yesterday in an ordinary overnight allowance. Although this was worth only \$2,375, it boosted his bankroll for two and a half years of racing to \$380,850.

This left him still \$56,894 short of Seabiscuit's mark, but the schedule that Owner Warren Wright and Trainer Ben Eanes have mapped out could give the Blue Grass Bullet the difference in just three more starts—the Brooklyn handicap at Aqueduct Saturday, the Butler at Empire City July 4 and the Massachusetts City at Suffolk July 15.

# Medwick, Reiser In Hot Scrap For Batting Honors

NEW YORK, June 23 (AP) — The National league at last has produced a rivalry for the batting leadership to equal the hot scrap Joe Gordon and Bobby Doerr have been having in the American league for so many weeks.

The only difference is that the struggle for honors in the senior circuit is between two members of the same team—Pete Reiser and Joe Medwick of the Brooklyn Dodgers.

Reiser at present is on top with an average of .356, six points above Medwick, but the latter managed to get in front for one day last week and may maneuver into the lead again at any time. Both have been slugging at a fast clip and have shown their ability to maintain a sustained pace.

Medwick won the league batting title in 1937 and Reiser, of course, captured the crown last year as a rookie.

Gordon and Doerr both slipped last week, but held their respective positions in the American league race with the Yankee star on top at .367 and Doerr second at .351.

# South Siders Win In Baseball Game

Reversing sandlot baseball in Big Spring, the South Side Robins walloped the West Side Hummingbirds 21 to 2 Monday afternoon. The winners had seven men with a perfect day at bat.

Playing for the Robins were Robert Miller, catcher; Bodie Neill, pitcher; Jimmie Ray Smith, first base; Durwood Carnett, second base; Wesley Rogers, third base; Roster Brooks, short stop; B. E. Lee, left field; Robert Hallbrook, center field; and John Tom Lewis, right field. The Robins will meet the Hawks Sunday.

# Goodman Back In Trans-Mississippi

KANSAS CITY, June 23 (AP) — Facing a strong field of challengers, Frank Stranahan of Toledo defends his trans-Mississippi golf championship over the Blue Hills course here today.

Returning to the tournament for the first time in several years will be Johnny Goodman, former national amateur and open king, and a three-time trans-Mississippi champ.

# College Golfers Due To Play Soon For Uncle Sam

SOUTH BEND, Ind., June 23 (AP) — The next stop for many college golfers after the national intercollegiate tournament ends will be in Uncle Sam's armed forces.

A third of the 135 players competing are seniors. They figure the next rounds they shoot will be in the form of ammunition.

Veteran Chick Evans, Jr., chairman of the N.C.A.A. golf committee, believes that because of this the competition is especially keen.

"Some boys are having a last fling at tournament golf for awhile and they really are hungry for the championship," he observed.

Dick Haskell, former Seattle, Wash. caddy who was graduated from Northwestern University Saturday after completing a Chick Evans scholarship, led yesterday's qualifiers with a 69—two strokes under par for the roller-coaster

# Beaumont Gets Back In The Win Column

By The Associated Press

If you've been worrying about the Beaumont Exporters, you can take a good long breath and relax. The Shippers broke a four-game losing streak last night by pasting a 5-3 defeat on the Oilers at Tulsa, thereby remaining at the top of the Texas league by quite a few games.

The Exporters broke loose with four runs in the second inning and scored the final tally in the ninth, keeping comfortably ahead of Tulsa all the way and finishing without breathing hard.

The Rebels fastened an appealing record of losses by dropping a 2-1 decision to the San Antonio Mission at Dallas, the Cats edged out the Houston Buffs 4-3 at Fort Worth, and the Shreveport Sports snapped the Indians' winning streak by winning 4-0 at Oklahoma City.

John Whitehead, recently sent down to San Antonio by the St. Louis Browns, was the winning pitcher against Dallas last night. He fought a tight duel with Clyde Humphrey until the seventh, when Shortstop Bubba Floyd tossed the ball away and the game with it. Jim Lucas reeled home for the winning score.

The Buffs tied the score in their half of the ninth, but Frank Matka squeezed out a single with the bases filled to give the Cats a win. Fort Worth scored once in the first frame, again the fourth and the third run in the eighth. The Buffs tallied twice in the fifth.

Floyd Speer hurled his third consecutive shutout for the Sports in defeating Oklahoma City. It was the first loss for the Tribe under the leadership of John Kroner, the team winning six straight after he took charge.

# Girls Aren't Fighting For Golf Title

CHICAGO, June 23 (AP)—Betty Jameson, the San Antonio, Tex., Miss who has won four major golf titles in six years of competition, says none of the other tournaments had the informality and luck of Tennessee which marked the first day of the women's western open.

"I don't know what it is," she said with a faint touch of Texas drawl, "but the girls didn't seem so keyed during yesterday's qualifying round. It was real fun playing in a field like that."

To back up her assertion Miss Jameson pointed to the lone par 78 registered, by Eleanor Dudley of Chicago who thereby won medalist honors, and the spread of scores on up above par. The Texas girl had a three-over-par 79.

Miss Jameson, national champion in 1939 and 1940 and trans-Mississippi title holder in 1937 and 1940, also suggested the girls might be relaxed because the women's western is the only major tournament this year since the war-time cancellation of the national and the Trans-Mississippi.

"I guess we figure it's our only big meet and we might as well have a good time," she said.

# Yankee 'Slump' Not Serious Enough To Worry M'Carthy

By JUDSON BAILEY

Associated Press Sports Writer

The New York Yankees are in the sharpest sort of a slump. They have lost six of their last eight games, five in a row last week-end, yet Manager Joseph Vincent McCarthy professes that he is not even annoyed.

There is no real reason why he should be. After losing all these games to first division clubs the world champions remain seven full games in front of the second place Boston Red Sox in the American league.

"I'm not worried at all," Marse Joe told writers with the world champions yesterday. "Our pitchers held up all right, didn't they? And you know these fellows can hit, don't you? We hit slumps just like any other club and we come out of them, too."

This is all too true. The Yankees' pitching has held up beautifully. In two of the games they lost the New York pitchers allowed only five hits; in two others they gave up only six safeties, but were beaten.

The hitting has been notable for its absence, but no one doubts that Joe DiMaggio, Charley Keller, Bill Dickey, Joe Gordon and the rest can hit and will hit. As an aftermath of their recent batting streaks Gordon went hitless in four consecutive games and Buddy Hassett didn't connect in 23 times at bat.

It must be some consolation for the rest of the American league, though, to have McCarthy admit that the Yankees are just like other clubs even if the standings don't show it.

The Yanks finish off their western invasion this week with series against the struggling St. Louis Browns and Chicago White Sox while the Red Sox are running into Detroit and Cleveland in succession.

In the National league the Dodgers are leading the St. Louis Cardinals and will devote this week to repulsing the Pittsburgh Pirates and Cincinnati Reds. Whether they will be able to do it with as much

vigor as they displayed in carving out four victories in a five-game series with the Cardinals remains to be seen. Yesterday was an open date for both major leagues.

# All-Americans To Compete In Corpus Meet

CORPUS CHRISTI, June 23 (AP) — At least three members of the 1942 All-America intercollegiate track team are expected to be on hand next Saturday for the naval air station invitation track and field meet.

The meet, a twilight affair which opens at 6:30 in Buconeer Stadium, is expected to attract a near-capacity crowd of 12,000 South Texas sports fans.

Competing in the event, the first of its kind in this part of the country, will be prominent runners in the collegiate track world and ex-college stars now serving in the nation's armed forces.

Heading the list of headline performers is Campbell Kane of the University of Indiana, one of the country's leading middle distance runners throughout his college career.

Also entered in his specialties, the high jump, high hurdles and javelin, is all-American Kendrick (Pete) Watkins of Texas A. & M. His high jump mark of 5' 8" set in a quadrangular meet with Bay-

lor, S.M.U., and T.C.U. established him as the top man in that event for the 1942 season.

Third star on the list is Pete Owens of Howard Payne, outstanding 100-yard dash runner, who has chalked up several 2.5 second attempts this spring.

At the time the Spanish-American War broke out the U. S. Army consisted of 2,000 officers and 25,000 men.

# THE WAR TODAY: Ours Is Still A Defensive Battle

By DE WITT MACKENZIE

Wide World War Analyst

John Bull's defeat in Libya has brought from readers two questions which are so important that I think they should be answered through this column, and they are these:

# SPORTS ROUNDUP

By HUGH FULLESTON

Wide World Sports Columnist

NEW YORK, June 23.—When little Otey Crisman shot that 65 in the Hale America golf and then blew himself right out of the picture, he didn't surprise his pals back home, who remembered his clubthrowing records. In the days of the pee-wee golf craze, Otey tried to collect a \$100 prize offered to anyone who would make par on one layout and he busted up a half dozen putters in the attempt.

Speed Wilson, Cornell's new baseball coach, never lost a debate as a member of the Denison college forensics team. Page Jimmy Dikyas.

Today's Guest Star

Troy Gordon, Coffeyville (Kas.) Journal: "I suppose Ben Hogan's 62 in the Hale America tourney qualified him for title of 'Golf Course Ghandi'—He goes around in practically nothing."

Aged By Age

Seo Taylor of the Des Moines Register is responsible for the yarn about the 15-year-old kid who appeared at the Polo Grounds and asked Mel Ott for a tryout with the Giants. . . . Mel told him to come back when he was a few years older, but two days later the youngster reappeared. . . . I told you to come back when you're older," Mel said. . . . "Mr. Ott," the boy replied, "I watched your Giants against the Dodgers yesterday. That aged me ten years."

Service Dept.

Two of the early entries in Houston's war bond softball tournament, to be played over July 4 week-end, were from Fort Sam Houston, Texas, and Camp Polk, La. . . . The marines apparently are all set for any kind of fighting overseas. Among those already on the other side are Joe Temes, veteran Florida featherweight; Jimmy Tygh, Philadelphia lightweight; Maynard Daniels, a heavyweight; Sid Fischer, who once managed Georgia Abrams, and Lieut. Harry Volkman, a first-class referee.

Papa Knew Best

When Dave Koslowski took up professional baseball, he couldn't get his name into the headlines no matter how well he played. Finally his father advised him to drop four letters and as Dave Koslo he got both the headlines and a big league job with the Giants. . . . Back home in Menasha, Wis., Papa Koslowski is a printer.

1. Why do the British continually suffer reverses?

2. In view of the Libyan set-back is there danger of Britain losing control of the eastern Mediterranean and middle east, and if so what would that mean?

Answering Number One: In the first place it's a distortion of fact, for the British have great achievements to their credit. Indeed, they've had some fine victories on that same blazing desert. However, let's not labor that point.

The fundamental answer—though there may be various contributing causes—is that the British and the Allies (apart from Russia) have been suffering defeat because they are still in process of getting armed to meet enemies who had spent years building up powerful war-machines. We have had to start from scratch to get prepared, and John Bull has had to work his mills with one hand and with the other ward off the greatest military force ever created.

All of us know that if we stop to think, we've been told time and again by our military leaders that 1942 was to be a year of perils and bloody trial. Our trouble is that a few defensive successes like the Coral Sea and Midway and the British bombing triumphs over Germany make us forget the warning.

What we've got to do is remember that during our period of preparation we are fighting a defensive war, to stand the enemy off until we are capable of handling him. Our task is to work like blazes to get set so that we can deliver the knockout blow.

We are getting set mighty fast now, and we can rest assured in the long run we shall win.

Question Number Two: Defeat in any engagement which is an integral part of a major operation is a potential breeder of disaster for the loser. Rommel's Libyan offensive is part of what Soviet Ambassador Litvinoff described last night in a New York speech as Hitler's "final throw of the dice."

The Rommel show is one arm of the pincers which the Nazi chief is trying to clamp on the middle east and Egypt.

Yes, it's possible for the Allies to lose this strategically vital position, but it isn't probable as things stand. While the danger does exist, it's one of those threats which can be overcome.

As remarked in yesterday's column, I believe much will depend on air power, and if that is so Britain and America will have to reinforce the middle east heavily and quickly. Hitler is likely to throw a great aerial fleet into the action, and one of the gravest perils is the chance that he may invade Syria by air and thus secure a new base from which he could strike both east and west with land forces.

What would the loss of this vast theatre mean? It would be a disaster of the first order, and might easily mean that Hitler would win the war.

# Lookin 'Em Over

By WACIL McNAIR

As players on the ill-fated Albuquerque and Big Spring West Texas-New Mexico league clubs began mapping future plans this week, Joe Pickle offered the timely suggestion that some of them might get on with the Philadelphia Phillies. In fact the Spudder-Bomber Pirate team was well on its way toward taking some laurels from the Philadelphiaans. Had they not withdrawn from the league there is little doubt that they would have broken the losing streak record, and in the very shortest time possible, too. At the time of their withdrawal they had dropped 24 consecutive games, and were so far down in the cellar that the Japanese could have bombed the entire state and they probably would not have heard it.

There is one consolation for a Big Spring fan. The Bombers lifted their winning percentage to its season peak while the team was here. They even went up past .500 during their short tenure under the Bomber banner, but it dropped immediately after they left. Of course we're not saying that it wouldn't have dropped anyway, but figures are figures.

It would be no surprise if Dixie Howell, manager of the Albuquerque Dukes, should go into some branch of the armed service in the near future, probably as an instructor in physical training. He quit his post as head coach at Arizona State of Tempe to become manager of the Dukes, and since the Albuquerque club folded he is without connections.

It looked quite natural Monday to see Chubby Dean listed as the winning pitcher over the Yankees. The big southpaw dealt the New Yorkers plenty of misery at Philadelphia before moving to Cleveland. . . . Ted Lyons finally got his 250th major league victory Sunday, although he gave up nine hits compared to seven garnered by his mates. . . . Have you ever stopped to consider what the war may do to bowling? Bowling shoes are already scarce here and there are no more new balls to be had. . . . The Oklahoma City Indians are doing right well under the leadership of their new manager. Their winning streak has been at the expense of the league leading Beaumont Exporters, two of them in a Sunday doubleheader. . . . A group of youngsters have organized a sand lot baseball league in Big Spring and now have five teams entered, although they gave up nine hits compared to seven garnered by his mates. . . . Have you ever stopped to consider what the war may do to bowling? Bowling shoes are already scarce here and there are no more new balls to be had. . . . Sugar Rationing--If Needed

Rumors that sugar restrictions may soon be eased somewhat appear to be mere deductions from the set of circumstances. One circumstance is that rationing was put in effect in the first place because it was planned to convert huge quantities of sugar into alcohol for the production of explosives. This plan has now been modified by changing from sugar to surplus grains—a step that was not taken without a great deal of roof-lifting argumentation in and out of congress. Another circumstance is the release of sugar for canning purposes, leading to the belief that there may be still further liberalization of the rules. The public has accepted sugar rationing in the finest spirit, but if it becomes evident that conditions will permit of liberalization there should be no hesitancy in modifying the restrictions.

The Nation's Business for June says that sugar is on an honor system in Canada. The housewife does not have to tell her age, weight or color of her eyes. She can buy three quarters of a pound a week—50 per cent more than her United States cousin. There are no cards, no registration, no snappings. "The sugar reserve is now in a much better position than it was before the new system went into effect," concludes the magazine. All rationing should be modified or removed entirely when it becomes apparent that it isn't necessary for successful prosecution of the war. The expense, trouble

and annoyance of administering it should be avoided wherever possible. The sound commonsense of the American people can be depended upon to police itself. For every chiseler there are a thousand honest citizens who play the game straight. The only excuse for sugar rationing in the first place was that it would be needed for manufacture of explosives. Since surplus grain can take care of that without difficulty, that excuse no longer exists. We can get along without sugar entirely if we have to, so the threat of a possible famine doesn't carry as much weight as would be the case with beef, pork, cotton or almost any other product you could mention.

Hollywood Sights and Sounds—

Filmdom Doing Better In Making War Pictures

By ROBBIN COONS HOLLYWOOD—Glamour factory at war: The movies of World War II already are radically different from those of World War I. It has been a matter of frequent comment that the first global holocaust inspired no films worthy of note until nearly a decade after the Armistice. During the war period Hollywood turned out only a series of blatant melodramas so earnestly devoted to propaganda as to survive now, if at all, as mere curios. The pieces were typified by a gem called "The Kaiser, the Beast of Berlin," in which the man with the withered arm was depicted as the arch-villain of his age; the man behind all the carnage, the man you loved to loathe. The great pictures of that war came after the hatred had died. "The Big Parade" did not recreate the emotional and spectacular phase of the struggle until 1925; "What Price Glory?" came in 1926; "Journey's End" and "All Quiet on the Western Front," both reflecting futility and disillusionment as well as courage, came in 1930.

But pictures have grown since 1930, along with the awareness of their customers. Faster communication, widespread and developed interest in the background and roots of World War II, keenness in Hollywood for research, authenticity, and documentation, are giving us movies some of which may survive beyond the brief span of exhibition. Six months after America's entry into the fight, Hollywood had ready "Mrs. Miniver," a film so sound in entertainment value as to point the way for future "propaganda" efforts. It is quiet, unhyberbolic, courageous. It preaches no hate. And its very restraint, which makes for good drama, has a hundred times more inspirational or "propaganda" effect than a carload of "them-dirty-Huns" essays. This may be said in lesser degree for "This Above All," which is better as a love story than as the social document it promised to be.

Use Common Sense About Rumors

(Second Of Two Articles) By JACK STEINMETZ WASHINGTON—There is only one thing to do about the kind of rumors floating around in our war effort. The enemy would like to have us get hysterical about them. Therefore apply a little common sense to every one. If they aren't absolutely authenticated statements from government and war officials, give them the raised eyebrow. And don't repeat them. From the vast store of case histories which the Federal Bureau of Investigation is collecting as a result of digging into practically every one that comes their way, there are many to which this caution can be applied. Over the south Atlantic coast recently went the story that a big naal submarine, operating three miles off shore, had hijacked a 45-foot diesel motored yacht of its fuel oil. Common sense: How far would the fuel oil from a 45-foot yacht carry a big sub? What kind of a system would it be to sink tankers and diesel-motored ships of high tonnage and hijack little yachts for their thimbleful of fuel? The New York waterfront is supposed to be alive with Axis agents who ply stevedores and sailors with drinks to find out sailing dates and destinations of our war cargoes. There's no doubt that there is some information to be gathered from stevedores and sailors, but Common Sense: A stevedore may know what's in a cargo and when the ship is loaded, but he can't know when it will sail, or where it's going. A sailor may know approximately when a ship will sail, but in this wartime he never knows the destination until he's on the high seas, perhaps not until dawn of the day he lands.

There was the case of the unsquares of salt pork on them—not bacon, mind you... that's too strong... salt pork's the best... Then slip them gently under the broiler... That's all, Brother. Fred Carley said, "Too bad Chic couldn't make it. He meant Chic Johnson ('Sons O Fun'). But Chic, to his immense sorrow, couldn't make it. He had to rehearse a new girl (Wynn Murray) who was replacing Ella Logan in "Sons O Fun." "It's probably just as well, though," Fred added as an after thought, "this is a day for real fishermen, not actors."

fortunate west coast farmer who was suspected for weeks because he was supposed to have plowed a message to enemy bombers into his land. Common sense would have resulted in the accusers waiting for the first sign of green in the "fifth columnist's" field. If they had, they would have discovered that the poor fellow, probably in a burst of springtime joy at having paid off the mortgage, had taken a leaf from Hollywood advertising and plowed his won first name into his hillside acres. The "message" consisted of the three-letter word "J-O-E."

MRS. MURDOCK TAKES A CASE by George Harmon Coxe

Chapter Eight Confession Joyce lit a cigarette and passed it to her. She sat down on the divan, far enough away so that she could curl one foot under her and watch her caller. "Now," she said, "what is all this?" "I want to see Perry Clarke." "Della!"

"I did." The girl sucked hungrily on the cigarette and Joyce could see her hand trembling. "I've just come from there." Joyce swallowed hard, her smoky-blue eyes troubled but steady. "And what was that about being arrested?" "Maybe I will be. I stole something."

"You stole something?" "From his bedroom." Joyce let her breath come out and made her voice patient and very calm. "Perhaps," she said, "you'd better start at the beginning."

Scrap Rubber Always Has Been Important

(This is the second of three articles on the scrap rubber situation, released by the Division of Information, Office of Emergency Management). Scrap rubber has long been a factor in the American rubber industry, although in the past we made no determined effort to save rubber. This characteristic conduct may be our salvation in the end, because if we had used our scrap rubber more completely in the past our chances of finding enough scrap to meet this crisis would be slimmer than they are. Nevertheless, reclaimed rubber has always been important to the manufacturer of all sorts of rubber products, not excepting tires. The ratio of reclaimed rubber to new crude rubber in automobile tires has been determined by the relative cost of the tires. Average prices tires in the past have contained from ten to fifty per cent reclaimed rubber. As a matter of fact, in the case of tires, some manufacturers claim that a proper mixture increases the durability of the tires. Figures on the percentage of reclaimed rubber used in the rubber industry over the period 1908-1941, inclusive, are interesting when compared with figures on the importation of crude rubber during that period. In 1938 our reclaiming plants produced 121,000 tons of reclaim, while we imported 457,900 tons of crude rubber. In 1939 we produced 170,000 tons of reclaim, imported 592,000 tons of crude; in 1940, 190,000 tons of reclaim, 648,000 tons of crude; and in 1941, 270,000 tons of reclaim, 775,300 tons of crude. Taken cold, these figures do not do full justice to the importance of reclaimed scrap rubber in our rubber economy. After 1938 there was a growing spread in the margin between crude rubber imports and the amount of reclaim, but this does not represent a decline in the use of reclaimed rubber by manufacturers. It merely reflects a growing fear of war in the Far East, the fear which brought mild efforts to create a reserve of crude rubber against an uncertain future. The Germans always have made efficient use of scrap rubber than we. Their powerful mechanized and armored forces plunged forward on rubber which contained a large proportion of scrap. But just because we weren't making full use of our rubber scrap, we piled up during the years when we were the world's greatest consumer of rubber, a tremendous reserve of scrap rubber. This reserve, unlike the great stockpiles of rubber on the wheels of America's 28,000,000 privately owned passenger vehicles is not visible. It is hidden away in attic and cellar. It is piled in odd corners of garages, it is oxidizing on the battered jalopies in the auto graveyards, it is a part of the litter on the town dumps. We must have all of this reserve—all the wornout tires, all the hot-water bottles and overshoes and girdles and mats and nipples and balls and fly swatters, and all the other now useless items among 80,000 different articles of common use which contain rubber. Our immediate need is for scrap rubber enough to keep the rubber reclaimers' plants operating at capacity, and that we can do. The mixture of a wide variety of kinds of scrap rubber will bring new problems to the reclaimers, but they will rise to the emergency. If we give them the scrap, they will turn out the rubber on which our armies will roll to victory.

Invitation For Perry "Oh, I do," Della said. "I do." She continued to regard the end of her cigarette, her voice a long ways off. "But he said we couldn't. There were things to straighten out first. And I was hurt and—silly. I guess. Something happened to us. We didn't quarrel then though. Not until today." "Oh," Joyce said. "In the library." "While you were talking to Uncle Dean, Perry Clarke and Ward went off by themselves. I saw them go through into the hall and when they didn't come back I went out. I didn't see them so I went into the other room. That was empty too. I walked over to the far end and was looking out the window when the library door opened and they came in. It shielded me, I suppose, and they didn't see me, although I heard what they said." She stopped to take a breath, went on slowly. "I could tell by the sound of Ward's voice that he was furious. I've told you how it is, he said, 'and that's the first time I could hear them talking away and then Perry Clarke said, 'You're making a mistake, Allen. I've got what you want and you can have it cheap because I'd like to get things cleaned up before I go out to the coast.' 'I couldn't hear all that Ward said,' Della went on, 'because his voice was so low and bitter, but it was something like, 'Not a dime.' Then what sounded like, '—but have them ready because I'll be around.' 'You goose,' Joyce said. 'You told him you'd been in the room.' 'I shouldn't have, should I?' Della said. 'But I didn't tell him when I'd heard about it. I only said I'd seen him with Perry Clarke and knew that something was wrong and couldn't I help. He said I couldn't, and would I please stay out of his private affairs and after that, well'—she shrugged—"It was rather awful, I guess. I said he didn't trust me or he'd tell me the truth, and he said if I trusted him I wouldn't ask."

Man About Manhattan— There's Something About Fishing To Excite A Man

By GEORGE TUCKER NEW YORK—I sneaked off fishing the other day. It was the best fishing trip I ever had. I went with Fred Carley, of the Danbury (Conn.) Bethel Gas & Electric Co. Mr. Carley is a man who is loaded down with fishing savvy. He can read water the way you read a newspaper. He can stand on the boat dock, scan the shoreline, and tell you how many fish you'll take. I once saw Babe Ruth point to a spot in the distant bleachers during a world series game with the Chicago Cubs and then drive a home run into that very spot. I thought that was tops at calling your shots until I stood on the shores of China Lake with Fred Carley the other day. Fred looked at the water. The shoreline was a lush belt of blue spruce and mountain laurel. There was no sun. He said, "I figure we'll take eight the first time around the lake."

Eight steelheads. They came out of the blue depths in jagged streaks, and it seemed as if they had been freshly painted a glittering silver. It was like taking pure silver from a mother lode. The pure silver splashed all over the bottom of the boat. "Brother," said Fred, "you want to slit these babies up the back. . . . Not up the front, the way you do ordinary fish, but up the back. . . . Gently, easily. . . . Then lift the backbone out. . . . Then spread 'em open, and put some salt and pepper on them, and lay little

What You Buy With WAR BONDS

Equipment in clothing for our American flyers costs about \$260 for every aviator, so it takes a lot of money for our rapidly increasing air force. This clothing is especially manufactured of horse-hide jackets and trousers, fleece lined. The kit also includes a "p-37" which is a complete jacket and trousers slipper suit, also made of horsehide and is fleece lined. Two pairs of shoes, helmet, goggles and other lesser equipment complete the ensemble. Your purchases of War Bonds, at least ten percent of your income every pay day, will help buy these outfits for our flyers everywhere, for our Army and Navy needs thousands of them. U. S. Treasury Department

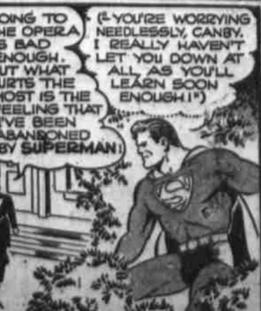

Tyler Man Honored By Canadian Bar TORONTO, June 22 (AP)—Aircrafterman William M. Bowlen of the Royal Canadian Air Force, son of Mr. and Mrs. P. D. Bowlen of Tyler, Texas, has been called to the bar in Alberta by the benchers of the law society of upper Canada. It is believed he is the second member of the armed forces so honored. When Bowlen was graduated with honors from the University of Toronto in 1939, he received a special prize as the outstanding graduate of the year. He was a member of the varsity football team. He was born at Banff, Alta., and his parents moved to the United States when he was a youngster. He attended the University of Oklahoma. A brother, Paul, is an officer in the United States Navy.

ROMMEL STRAINED BERLIN (From German Broadcasts), June 23 (AP)—The German press unanimously devoted front pages today to praise of General Field Marshal Erwin Rommel, at 50 the youngest holder of that rank in the German army, and to the victory of his African corps at Tobruk. RAMSGATE SHELLED LONDON, June 23 (AP)—The Berlin radio said today that naval guns yesterday shelled Ramsgate, on England's channel coast east of the narrow Dover Strait.

#### Story

Continued From Page 6

"You saw me when I came out  
of the library," she said. "I was  
furious. I wanted to do something  
mean and spiteful. When I saw  
Perry Clarke playing the piano I  
sat down with him. Before he had  
finished he asked me to stop in  
at his place for a drink sometime.  
I was still angry and said when  
He suggested I stop by tonight  
and I told him I might. But after  
I'd gone home I began to think  
about that invitation. I wasn't  
spiteful then. I was worried and  
upset. When I remembered something  
I'd heard Perry Clarke say, I de-  
cided I'd go."

"But why?" Joyce asked.  
"He had something Ward want-  
ed." Excitement was beginning to  
lay hold of her again. "I have a  
little money of my own. I thought  
if I could buy whatever it was  
Ward needed why then everything  
would be all right and there just  
couldn't be any more trouble. And  
I didn't see how it could do any  
harm. . . Was that so terrible?"  
Joyce uncured her foot and  
stood up.

"You nut! But go on. I'm pre-  
pared for the worst now."  
Della smiled wryly. "So I went.  
That was about ten-thirty. I was  
at the door when I knocked for fear  
that someone would be there but  
no one was—no one else, that is."  
She made a face. "It was rather  
griety at first. Clarke was so  
suave and solicitous. I told him  
I'd overheard his conversation  
with Ward—he had something  
Ward wanted—and I had come for  
it. He grinned at me and admitted  
it. A few papers. . . He had them  
in an envelope in one of his travel-  
ing bags."

She stopped and Joyce sat down  
again and waited. When several  
seconds ticked by without a word  
she said: "Well, what did he say  
then?"  
"Nothing," Della replied. "Be-  
cause someone knocked on the  
door."

#### To Be Continued

#### Derrick In Gulf Is Boarded Up To Comply With Dimout

PORT ISABEL, June 22 (AP)—  
Shore lighting regulations issued  
for the gulf coast area recently by  
the war department have brought  
about one of the strangest looking  
oil derricks in the industry.  
A derrick being built for a new  
deep oil test seven and half miles  
northwest of Port Isabel, is being  
boarded in on all four sides so that  
lights cannot be seen at sea and  
the drilling can go on day and  
night. It is being built by the Pure  
Oil company.

#### Big Spring Hospital Notes

Mrs. W. E. Bolling was admitted  
Monday for medical treatment.  
Mrs. E. E. Maddox was re-ad-  
mitted Monday for treatment.

**Texas Setting The Pace In Traffic Death Reduction**

AUSTIN, June 23 (AP)—Texas is leading the nation in traffic death reduction.

State Police Director Homer Garrison announced today that patriotism, curtailment of traffic and stronger law enforcement reduced traffic fatalities 19 per cent during the first five months of 1942.

Houston led the state among cities with more than 100,000 population in city motor vehicle traffic fatality ratings for the first five months of the year. Galveston was first among cities between 50,000 and 100,000 population, and Fort Arthur led in the 25,000 to 50,000 bracket.

Commented Garrison: "It is encouraging that Texas is leading the nation far and away in traffic death reduction, but Texans have done so many outstanding things in this war that Texas leadership is taken for granted."

"But that's not enough," the director added. "It's not enough that 158 lives have been saved in five months. We must think of the 574 lives that were lost in that period. We must forget any notions that the traffic problem has solved or will solve itself."

Garrison cautioned that "this needless loss of human life will not stop until pedestrians and motorists alike accept their patriotic responsibility to be careful for the sake of the war effort."

Last month the state highway patrol arrested or warned 25,624 persons, against 20,125 in May, 1941, for traffic law violations, he stated, saying "this was a 22 per cent increase and it may be larger in June."

**Wool Supply Is Adequate**

WASHINGTON, June 23 (AP)—Enough wool is available to take care of the program laid down by Army supply branches for wool products and provide a reasonable amount for civilian purposes.

This report was made by Maj. S. J. Kennedy of the office of the quartermaster general during a house appropriation subcommittee hearing on the military establishment appropriation bill for 1943, introduced today in the house.

The quartermaster corps has undertaken a wool conservation program, Major Kennedy said, involving steps to reduce wool content wherever practicable without injuring military requirements, also consideration of changes which might be made should the situation become critical.

At another point in the hearings, Maj. Gen. E. B. Gregory, quartermaster general, when asked by Representative Starnes (D-Ala.), about possible necessity for rationing civilian use of wool for clothing replied:

"I do not know whether it will come to a rationing stage or not. It probably will come to a stage where the civilian population will have to accept substitutes, such as wool combined with rayon, or wool combined with cotton, or wool combined with various grades of shoddy and reworked wool."

**Prairie Fire Hits Two Sections In North Howard Co.**

A dry weather prairie-bred fire destroyed approximately two sections of range cover in pastures along the Howard-Borden county line north of Luther Monday afternoon.

Grazing areas in the S. L. (Roy) Lockhart, Claude Collins and Mrs. Minnie Smith pastures were damaged and fire gnawed some out of the Rawlings pasture before being brought under control. In response to appeals broadcast by radio station KBST, several Big Spring people as well as neighbors to the ranchers rushed to help control the blaze, first serious prairie fire in recent months.

**Local Demos Delay Ballot Placement**

Howard county's democratic executive committee had to postpone its scheduled drawing for places on the ballot Monday.

Ruling by a higher tribunal that James Kinney was entitled to injunctive relief in courts on his plea that he be certified as the sole candidate for railroad commission brought a telegram from the state executive committee, asking that drawing for names on the ballot be delayed, said L. S. Patterson, county chairman.

**Selectees To Leave For Lubbock Friday**

Selectees to leave in response to the current quota call will depart Friday afternoon instead of Saturday, as previously announced.

Bruce Frazier, chief clerk of the local board, said Tuesday.

The change in departure time was made in order to avoid holding them in the induction center at Lubbock over the weekend.

**New Zealand Makes Dehydrated Butter**

CHICAGO, June 23 (AP)—Dehydrated butter is being produced in New Zealand, trade circles learned today, and the British government has contracted to purchase up to 20,000 tons this season and next.

Information on the product was contained in the June issue of The Dairy News letter of the Canadian department of agriculture. It caused much interest in trade circles because, as far as is known, no similar development has taken place in this country.

**Bomb Shelters To Be Taxed**

SAN DIEGO, Cal. — The war has developed a new field for taxation, County Assessor Crowell D. Eddy has ruled that property owners building steel and concrete bomb shelters on their property must pay taxes on them.

**MODEST MAIDENS**  
Trademark Registered U. S. Patent Office

... but we CAN'T go back to the city yet. I've got another week's supply of film!

**Keep 'Em Rolling**—Typical of how rubber stock piles are growing in response to the Humble Oil yard here, C. E. Rowan, bulk agent, holds a rubber glove and "plumber's friend" as examples of items besides tires which are being turned in. Below, another transport rolls into the yard with piles of scrap rubber aboard. Tabulation of the salvage results here showed 230,969 pounds Tuesday morning, which H. O. Starke, Amarillo, district chairman, wired Henry Edwards at Howard County Refining Co. as "outstanding... your country is out in front of all others in the district." To keep it that way, local collectors piled in 45,240 pounds Monday. (Kelsey Photos).

**Here 'n There**

A variety of cases, including two for hot checks, one for fighting, three for disturbing the peace and one for speeding, were filed in justice court over the weekend.

The county board of equalization met Monday morning with property holders of the county on valuations for the coming year.

Mrs. Loy Acuff reports that about 150 feet of garden hose was taken from her home Sunday afternoon, and also a large wrench.

The staff of enlisted men, assigned to the office of Col. Sam L. Ellis for detached service from the Midland Army Flying School, numbered one less here Tuesday.

Tech. Sgt. Louis A. Foreman received his orders to report to Miami, Fla. for the administrative officers candidate school starting June 28.

Mr. and Mrs. Bennett Storey have had word from their son, Lieut. Jackson E. Storey, with the quartermaster corps, that he is somewhere in the Hawaiian Islands. Lieut. Storey entered the army 13 months ago as an enlisted man. The Storeys, incidentally, have as their guest her sister, Mrs. G. F. Lowry, Meeker, Okla.

**Oil Man Found Dead In Car**

GLADEWATER, June 23 (AP)—Nathan Lynch, Jr., wealthy Dallas oil man and refinery operator, was found dead in his automobile near Big Sandy today and a coroner's verdict said he died of natural causes.

Physicians said he had either suffered a stroke of paralysis, or died of heart disease.

Since the early days of the East Texas oil boom, Lynch had dealt widely in leases and other oil matters, and was owner of the Lynch Refining company at Kilgore.

Lynch had been hunting with a Kilgore game warden earlier today. The men separated, and when the warden returned to the automobile, he found the oil man's body.

Lynch is survived by his widow and two sons, Nathan III and Pat.

**Livestock**

FORT WORTH, June 23 (AP)—(USDA) — Cattle salable 2,600; calves 1,100; common and medium slaughter steers and yearlings 8.09-11.50; good and choice grades 11.75-13.25; short load long yearlings 13.50; beef cows 7.25-9.50; odd head to 9.75; bulls 7.25-9.75; good and choice fat calves 11.00-12.25; good and choice stocker steer calves 12.00-14.00, load 372 lb. 14.75; most heifer calves 12.50 down; yearling stocker steers mostly 10.00-12.50.

Hogs salable 1,600; top 14.10, packer top 14.00; good and choice 175-280 lb. mostly 14.00-10; good and choice 150-170 lb. 13.30-90.

Sheep salable 6,000; choice spring lambs 13.50, medium and good grades 10.75-13.50; good short horns lambs scarce, medium grades 10.50 down, shorn aged wethers 6.25 down, mixed feeder and fat lambs 9.25 down.

Two youngsters thought it would be fun to swipe candy and gum from a drug store. They hooded 50 cents worth from the Ritz Drug but were seen trying to hide their ill-gotten gain in the alley. Tuesday they believed they had had their lesson, police said.

O. F. Clark paid a \$50 fine in corporate court after entering a plea of guilty to a charge of dangerous driving.

Vernon Crawford, Corpus Christi, and his sister, Mrs. Cecil Reid, natives of Big Spring who have almost become strangers, are visiting here this week. Mrs. Reid's husband, also a Big Spring man, but were seen trying to hide their ill-gotten gain in the alley. Tuesday they believed they had had their lesson, police said.

The city's dog catching campaign, started Monday, was creating a mild sensation. In the first place the dog tag business boomed. In the second place somebody chose that moment to start a mild wave of dog poisoning which city officials hit with the declaration that they were out to "catch dogs and not poison them." The catcher, incidentally, rounded up half a dozen strays the first day.

Two youngsters thought it would be fun to swipe candy and gum from a drug store. They hooded 50 cents worth from the Ritz Drug but were seen trying to hide their ill-gotten gain in the alley. Tuesday they believed they had had their lesson, police said.

O. F. Clark paid a \$50 fine in corporate court after entering a plea of guilty to a charge of dangerous driving.

Vernon Crawford, Corpus Christi, and his sister, Mrs. Cecil Reid, natives of Big Spring who have almost become strangers, are visiting here this week. Mrs. Reid's husband, also a Big Spring man, but were seen trying to hide their ill-gotten gain in the alley. Tuesday they believed they had had their lesson, police said.

**Youth Charged In Automobile Theft**

Bond was set at \$750 this morning for Joe Middleton Kirby, Jr., 17 year old youth charged with car theft. Justice of the Peace Walter Grice set the bond after young Kirby waived examining trial.

Kirby told officers that he was already under suspended sentence in South Texas on a similar charge.

**Well Completed In Hunt County**

GREENVILLE, June 23 (AP)—Hunt county's first oil well was brought in today at 2761 to 2773 feet in the Woodbine sand.

Earl Hollandsworth, driller, and W. F. Nenny, one of the owners, said there was "a good showing of high gravity sweet oil. The well is being cleaned and the quantity of production is not known as yet."

**Ft. Stockton Man Killed In Mishap**

DEL RIO, June 23 (AP)—Clarence Lee Butler of Fort Stockton was killed early today when his truck crashed into Peecos canyon. Butler, driver for Phillips Petroleum Co., at Amarillo, failed to make the first turn into the canyon.

**WOW, Methodist Teams Beaten**

Vaughn's handed the W.O.W. its second setback of the season in the city softball league by a 10 to 9 margin Monday night in an extra inning game.

The Vaughn team had a big inning in the fourth, when they counted six runs which put them back in the game after the W.O.W. had taken a 6 to 1 lead. Crossing the plate with another run in the fifth and one more in the sixth, Vaughn's held a 9 to 6 lead going into the seventh. However, W.O.W. scored three times in the final stanza, and an extra inning was required for Vaughn's to push across the winning tally.

In the second game at City Park the ABC-Lions scored all their runs in four innings to turn back the Boy Scouts 12 to 8.

First Methodist suffered its first loss of the season in the church league as the new recreational department team took a high scoring contest 23 to 14.

Games in the city league tonight are Big Spring Hospital vs. Radford's, and W.O.W. vs. ABC-Lions. Wesley Methodists will meet the North Side Baptist Mission in the church league.

**Life Saving Course Gets Under Way**

A Red Cross life saving course for instructors, taught by County Judge Walton Morrison, opened Monday afternoon at the Municipal swimming pool. Several enrolled for the course on the opening day, and others may still join the class today, Morrison said.

This course is for instructors only and is not to be confused with the regular life saving courses. A number of those reporting for the class Monday were of opinion that it was a regular life saving class. All present instructors and those who wish to become instructors are urged to join the class today.

**Weather Forecast**

U. S. Department of Commerce Weather Bureau

WEST TEXAS: Warm again this afternoon and tonight; widely scattered thunderstorms.

EAST TEXAS: Little temperature change tonight, occasional thundershowers on lower coast today and in lower Rio Grande valley tonight.

**Navy Expansion Bill Endorsed**

WASHINGTON, June 23 (AP)—The senate naval committee arranged today for final congressional action on a projected \$8,500,000 naval expansion program by endorsing a house-approved bill authorizing a 1,900,000-ton enlargement of the fighting fleet.

The expansion, which naval officials estimated will boost the nation's combat ships to a total of 5,619,000 tons, would authorize construction of 500,000 tons of carriers, 500,000 tons of heavy and light cruisers and 900,000 tons of destroyers and escort vessels.

**Govt. Will Order Rent Reductions In Some Areas**

WASHINGTON, June 23 (AP)—Price Administrator Leon Henderson made public today a list of 60 defense-rental areas, embracing a population of about 28,000,000 persons, in which he said voluntary efforts had failed to control the rent problem, and in which the government probably will order rent reductions effective July 1.

The 60 were among 302 such areas designated by OPA April 28 as ones in which rents had been inflated by the war boom. All were ordered to cut back charges for housing accommodations to levels prevailing on various dates in 1941 and 1942.

The 60 areas in which action probably will be taken July 1 and the date to which rents must be restored, include:

Brownwood, Mineral Wells, Abilene, Beaumont-Port Arthur, El Paso, Texarkana, and San Antonio, Texas.

**Navy Also To Have Women's Auxiliary**

WASHINGTON, June 23 (AP)—The feminine question soon may be: "To be WAS or a WAAC?"

Those tens of thousands of disappointed candidates for the Women's Auxiliary Army Corps of office training school can take renewed heart. The navy shortly may be signing up volunteers in a women's auxiliary service.

The senate naval affairs committee today begins considering a bill introduced by Senator Walsh (D-Mass.) to place women in non-combat shore jobs, thus releasing men for more active duty.

This bill, which makes the auxiliary a branch of the naval reserves, does not go as far as a bill sponsored by Rep. Maas (R-Minn.) and already passed by the house, which would take women right into the navy.

While the two branches of congress seek agreement on whether the future blue-jackets are to be "in the navy" or "with the navy" the navy department went ahead with discussions and plans setting up the corps so as to be ready when it is created.
